BOARD OF EDUCATION IN THREE-HOUR SESSION CUTS $30,000 FROM ESTIMATES

Ignore Request From No. 1 Committee of the City Council Asking for $100,000 Reduction—Teachers Will Get Salary Increases Promised by Trustees.

After being in session for over three hours this morning, the board of education decided that in the interests of the city of London and the maintenance of efficiency of its schools, no cut was possible in the salary schedule as prepared by the board and included in its estimates presented to No. 1 committee of the city council last week. A cut of approximately $30,000 was, however, made by dint of much paring here and paring there in the general expenditures of the different committees.

This paring was done in committee of the whole, each of the committees having asembled at 9 o'clock at the board rooms for the purpose of trying in some way to meet the request of No. 1 committee that about $100,000, or approximately two mills, be cut off the expenditures of the board.

The reductions made in the estimates of each committee were as follows:

	1918	1919	1920
No. 1 committee	$3,000	$3,500	$4,500
No. 2 committee	6,215	3,500	4,500

"The fire chief apparently got the least increase," remarked Trustee Wright, "perhaps because he didn't save the Collegiate last year."

The demand of the council apparently is that we cut the teachers' salaries," said Trustee Wright.

city schools by $1,500, and to cut the amount set aside for auxiliary classes by $2,000, leaving the amount available for this purpose at $1,000.

A chance remark from Trustee Eggett that many people claim there are too many frills in the schools today, was warmly countered by Trustee Mrs. Tanner, who declared: "These classes are not frills, they are necessities." Both the women members of the board were unanimous in declaring a suggestion to do without these auxiliary classes for another years was "a disgrace."

During the discussion of the public school estimates, a letter, signed by sixteen principals, protesting against any cut in the grants made to the teachers, was read. The letter contained a detail of increases granted to civic officials during the past two years amounting to from 35 to 100 per cent, as follows:

Public School Estimates.

In the discussion on the public school estimates it was decided to reduce the amount set aside for insurance on the

PARLIAMENT IS SLOWING DOWN; AWAITS BUDGET

Little Legislation of Important Character On Order Paper.

OPPOSITION WIDE AWAKE

Will Not Permit Any Part of Estimates To Pass Unchallenged.

[Special to The Advertiser.]

Ottawa, March 14.—Rumors of an early adjournment of the House until fall are not believed here to be well founded. While it is not anticipated that the present session will be memorable for the amount of importance legislation transacted therein, it is the full intention of the Government at the present time to complete what business there is and to prorogue in the usual manner. It is quite probable, however, that the next session will be called in November so that the House can dispose of the address and get down to business early in the New Year. The census returns will be available before Christmas and the committee on redistribution might well be struck before Christmas. Thus no time would be lost in preparing for the new Federal representation.

Little Legislation.

The order paper is a very meagre document so far as Government legislation is concerned, and private members appear reluctant about speaking to the various resolutions, serious and semi-serious, which they have placed upon its pages. Since the vote on the address little business of a useful character has been transacted. In fact parliament is awaiting the chief item of the session, namely the budget. With regard to this important subject Sir Henry Drayton, who is now puzzling over it, has declared that it will be down in due course and without adjournment. Round it and the railway estimates will rage the main controversy of the session. It is not believed, however, that the promised tariff revision, will provide many changes of an important character.

Easter Recess.

In view of the meagreness of the order paper, there is a fairly strong feeling in favor of a fortnight's adjournment over Easter. This may be granted inasmuch as no shorter adjournment is of much use to the western, or maritime province members.

The usual custom of fermitting one-sixth of the estimates to pass without protest will not this year be adhered to. The opposition will not permit it.

PROROGUE IN JUNE.

Ottawa, March 14.—Canadian Press.—The probable length of the session is causing much discussion about the corridors of Parliament at present. No definite indication has yet been given, but it is expected in some quarters that the Government may make a drive to have things terminated in time to allow the prime minister to attend the conference of premiers in London during June. The order paper is rather thin in regard to controversial legislation at present, and it has been intimated that outside of the budget and the estimates, there will be little on which to base a real fight. When the budget will be brought down is not yet known, for its provisions have not yet received the Government's final O. K., though the cabinet council is busy wrestling with problems it contains.

LEGISLATURE SESSION IS EXPECTED TO LAST TO END OF APRIL

Toronto, March 14.—Premier Drury has given up all hope of closing the present session of the Legislature at Easter, as originally anticipated. The prime minister's own view is that the session will last about two weeks after Easter. More experienced legislative hands think the session will last until the end of April.

ALL WORK IN DUBLIN CEASES AS SIX DIE ON THE GALLOWS

Twenty Thousand Gather Outside Mountjoy Prison DURING EXECUTIONS

Priests and Women Lead in Prayers for Condemned Men.

Dublin, March 14.—Six prisoners convicted of complicity with the murder of British intelligence officers and members of the crown forces in Ireland were executed in Mountjoy prison in this city this morning. The men were hanged in pairs at intervals of an hour.

Twenty thousand people gathered outside the prison during the hours that the executions were going on, and all work in the city stopped until 11 o'clock. Even the postoffice was closed and telegraph service was suspended.

Join in Prayers.

The crowd began assembling in front of the prison at dawn, and by 6 o'clock the prison yard was packed. An hour later the crowd had filled the roadway leading to the prison and all the abutting streets. An altar had been improvised near the prison doors, and on the walls and trees in the prison yard sacred images and pictures had been placed.

Everywhere candles were burned, scores of persons in the heart of the dense throngs holding them aloft throughout the long vigil.

Here and there priests or women led in prayers or hymns in which everyone joined earnestly.

Two of the men executed, Patrick Moran and Thomas Whelan, were found guilty of complicity in the killing of intelligence officers in Dublin on November 21 last. The other four—Frank Flood, Bernard Ryan, Thomas Bryan and Patrick Doyle—were convicted of participating in an ambush near here in January, in which one member of the attacking party was killed.

FIVE KILLED IN VIRGINIA FIRE

Firemen Are Buried Beneath Debris of Falling Wall.

EXPLOSION OCCURS

Conflagration at Richmond Worst in Many Years.

Richmond, Va., March 14.—Five are known to be dead, two are missing and over a score injured; six of whom are in hospitals as the result of one of the most destructive fires in this city in years. Four of the dead were members of the fire department.

They were on the roof of a building adjoining the six story establishment of the Charles C. Jurgens furniture company when a back draft caused an explosion which blew out the wall between the two buildings and crumpled the roof of the adjoining building. The fire fighters were thrown to the street, being buried beneath the debris. Their bodies, charred and, in some instances almost unrecognizable, were dug from the ruins by their comrades.

SAFE STOLEN, $800 SECURED.

Worcester Mass., March 14.—A safe weighing 400 pounds was removed from the Wachusett Creamery Company's office in this city yesterday, taken over the road to Millbury and blown open. The safe contained $800, officers of the company say.

Young Woman Is Beaten To Death Near Her Home

Perth Amboy, N. J., March 14.—Attacked by an unknown man late Sunday night during a heavy fog, Mrs. Edith Wilson, 26, was strangled and beaten to death with a blackjack in an open lot within a short distance of her home here.

The young woman, who was a church organist, left a girl friend after 8 o'clock saying she was going to her home, a short distance away. About 10 o'clock her mother became alarmed when she did not return and asked neighbors to organize a searching party.

The body was found by the searchers about midnight. The girl's skull was fractured and her skin lacerated in several places. The body was still warm when the searchers stumbled over it in the soft mud, which bore evidence of a terrific struggle.

BRITAIN NEGOTIATING PACT WITH AFGHANS

Mission Has Been Sent by the British Government.

Washington, March 14.—Great Britain has entered into negotiations with the Government of Afghanistan, looking to the drafting of a treaty which shall take into consideration the relations of the latter Government and India with particular reference to the influence of Russian soviet propaganda, according to advices received here in official circles.

At the invitation of the Emir of Afghanistan it is understood that the British Government has lately dispatched a mission there and meetings have already been held between representatives of the two governments.

YOUTH OF SIXTEEN COMMITTED FOR TRIAL ON ASSAULT CHARGE

Jacob Wolfe Swears That Sylvia Sansone Attempted To Rob His Store On Evening of March 3—Prisoner States Evidence Is Untrue.

Sylvia Sansone, aged 16, was committed for trial by Magistrate A. H. M. Graydon in police court this morning on a charge of attempting to break into Ward's cigar factory, 19 King street, and one of assaulting Jacob Wolfe, 629 Dundas street, being armed. He did not plead in either case. On the first charge he elected to be tried by jury, and on the second one, elected summary trial. However, Magistrate Graydon would not separate the cases, and decided to commit him for trial on the second charge.

Thomas Hodkinson, 14 King street, said that on Sunday he saw Sansone trying some of the windows and doors at Ward's cigar factory, so he called the police.

Detective Thomas Bolton, Constable George Pilgrim and Constable John Parker responded to the call. They found Sansone walking away from the building. They overtook him and searched him, finding a screwdriver. Marks on the windows showed that this instrument had been used, Detective Bolton swore.

"This will mean a ride for me," he reported Sansone to have said, and added that the prisoner asked him to play square and not exhibit the tool in court.

Entered Store.

Jacob Wolfe swore that on Thursday, March 3, about 7:50 p.m., the prisoner and another man entered his store and asked him if he had any overcoats in stock. He replied that he had. Then the two men said, "Hands up" to him. He did not obey. They then attempted to tie him to a post in his store. The prisoner, he said, carried the gun. When Wolfe realized that if he was tied he would be unable to do anything, he showed fight. They locked the door and he attempted to open it. Then a tall man, who, he said, accompanied the prisoner, struck him on the head. He was dazed for a short time. The two men hurried out of the store, the tall one going out first. Wolfe gave chase. He grabbed the prisoner's cap, he said. When shewn the cap which the police had in their possession, he identified it. He swore positively that Sansone was one of the men who entered his store.

When asked if he had anything to say, Sansone said that he did not know Wolfe, had never seen him before, and did not even know his business.

During the hearing of the evidence Sansone became quite boisterous, and was told that if he did not desist he would be sentenced at once for contempt of court.

SIR GEORGE FOSTER TAKES OPTIMISTIC VIEW AS TO FUTURE

Predicts Day Will Come Soon When Revolution Will Cease.

RECOGNIZES CRISIS

Many Parts of British Empire At Present Threatened.

Ottawa, March 14.—Recognizing the fact that such a crisis as at present exists had never before and might never again threaten the unity of the British Empire, Sir George Foster took an optimistic point of view in addressing an overflow audience at the Army and Navy Veterans' concert here last night.

"Never," Sir George declared, "had the devil's propaganda been so strong, so shrewd, so imbued with anarchy and revolution as at present. The lid had been lifted from the door of hell, and the imps loosed from captivity had spread red rebellion, putting clan against clan, community against community, class against class, and country against country. Many parts of the British Empire were threatened—Ireland, Egypt, India, and even England herself. But England's troubles were not confined only to the Empire. The war had not ended when the kaiser abdicated, and the international alliances made during the course of the struggle were still necessitating expenditure of men and money in the effort to attain a lasting peace. Never had a nation contracted such enormous financial obligations. Never had such gigantic sums been spent by any one nation during the same period of time as by England in the great war.

"But England would come through. There would come a day when the dark and lurid clouds of war would give place once more to the sun of happiness, prosperity and contentment."

EASTER RECESS TO HOUSE FROM MAR. 23 TO 29

Official Announcement Is Expected in Few Days.

Ottawa, March 14.—Canadian Press.—The Government is expected to decide within the next couple of days on the length of the Easter recess and to make an official announcement in that regard to give the members time to make their plans. It is expected that the Easter adjournment will be from Wednesday, March 23, to Tuesday, March 29, which is the day after Easter Monday.

A resolution to provide for this period of adjournment will be placed on the order paper about Wednesday or Thursday, it is expected.

NEW SYSTEM OF ASSESSMENT IS NOW IN FORCE

Full Details Made Public by Commissioner.

FIVE CLASSES OF HOUSES

Size, Construction, Design, Plumbing, Heating and Locality Considered.

Full details of the new system of assessment now in force here were made public by Assessment Commissioner Stephen Grant today. His department, with the assistance of J. G. Richter, has been working on the plan since last year. It is devised with the intention of bringing about an equalization of assessment. Tables appended indicate that the percentage of assessment was higher on lower-priced properties than on the more valuable ones before the new system was applied, and that this condition was changed considerably by the new system.

Under the new plan, houses are divided into five classes, taking into consideration their size, construction, design, plumbing, heating and locality. Rooms are also placed in five classes, varying from small at 100 square feet to large at 200 square feet. Reasonable allowance is made for the age of a building and its state of repair. Deductions ranging from 10 to 50 per cent may be made on these accounts. Deductions of 5 per cent is made when there is no furnace and 5 per cent when there is no plumbing. If there is hot-water heating instead of hot air, 10 per cent is added. Necessary deductions are made when the building is not suited to the locality or is otherwise undesirable.

In the first class, "A," rooms are valued at $500 to $750. In class "B," $400 to $500; class "C," $250 to $400; class "D," $300 to $350; class "E," $275 to $300. Halls and pantries are not counted, but bathrooms are.

Special directions to the assessors state that:

"While the foregoing classifications are typical of a large percentage of city dwellings, differentiations will no doubt be met with requiring special consideration. For example, a dwelling

WILL REQUIRE SEVEN WEEKS TO PRESENT WORKERS' ARGUMENT

Railroad Wage Controversy Again Before U. S. Government Board.

Chicago, March 14.—The railroad wage controversy and the rail executives' plea for the abrogation of the national agreements, governing working conditions in the shop crafts were again before the United States Railway Labor Board Today.

The board was prepared this morning to continue hearings on the rebuttal of labor chiefs to the rail manager's plea for the nullification of the national agreements on the ground that they imposed wasteful practices upon the raods, and constituted a financial burden which headed the transportation systems of the country for insolvency. B. M. Jewell, president of the railroad department of the American Federation of Labor, Frank P. Walsh, counsel, and W. Jett Lauck, economist, were to present labor arguments against the proposal. Presentation of the workers' reply will require seven weeks, according to the union chiefs.

Seven officials of rail labor organizations, includng Mr. Jewell, last night wired United States Senator Cummings chairman of the Senate inter-state commerce commission, indorsing the senator's proposal for a congressional investigation of the United States transportation system and requesting that railroad labor organizations be given a hearing in the event of such an inquiry. The message charged that nine men control and have indicated the policy of all the railways of the United States in the wage question.

Enlisted With Militia When 13 Years Old

Ottawa, March 14.—The distinction of enlisting the youngest soldier to serve in the great war, which has been variously described, belong to Ottawa.

Pte. James Leo Thompson, son of John and Angelina Charlebois Thompson, of 89 Balsam street, enlisted with the forestry corps on April 27, 1917, and, according to a certificate of birth signed by Father M. J. Whelan, St. Patrick's rectory, Thompson was born December 14, 1903. This would make the lad at the date of enlistment only 13 years and 4 months old. It is even claimed that he enlisted previous to the date named with the 235th Battalion. At that time he would be only 12 years and 9 months old.

WOULD RESIGN SEAT TO GIVE GRIFFITHS ANOTHER CHANCE

London, March 14.—Canadian Associated Press.—Col. Dennis Boles has offered to resign as a member of parliament for the division of Taunton, in order to give Sir Arthur Griffiths Boscawen, the recently appointed minister of agriculture, who lost the by-election in Dudley, another opportunity to find a seat.

The coalition caucus has not yet, however, accepted the proposition of trying to elect the new minister in Taunton. James Lunnon, organizing secretary of the Agricultural Workers' Union, has already been selected to contest Taunton under the banner of the labor party, and if the new minister opposes him the embargo on Canadian cattle again will be a big issue.

In the last election in Taunton, Col. Boles polled 12,619 votes, and the Rev. G. Woods, Labor, 4,816.

REV. J. O. L. SPRACKLIN NOT TO SPEAK IN TORONTO DURING THE REFERENDUM CAMPAIGN

Influence From Within Methodist Church Has Been Brought To Bear To Cancel His Engagements in Queen City — Plans To Bring "Pussyfoot" Johnson From the United States Not Likely To Be Carried Out.

Toronto, March 14.—Rev. J. O. L. Spracklin of Sandwich will not speak in Toronto in the referendum campaign. He was to have spoken in Elm Street Methodist Church, but influence was brought to bear from within the church which resulted in his not appearing.

It is also likely the plans to bring "Pussyfoot" Johnson from the United States will also be interfered with.

The matter was discussed with the Canadian Press this morning, but the referendum committee issued a statement to the effect that it did not intend to invite outside speakers to come to Toronto at this juncture in the prohibition campaign.

Questioned this morning regarding the statement of Rev. Mr. Spracklin at Paris yesterday, that his life had been threatened by the Determination League, Chairman J. D. Flavelle of the Ontario License Board said today he had never heard of the threat nor had the attorney-general's office heard of it. Opinion is that the threat was the work of some fanatic acting for himself.

No such league is known here.

SANG CHILDREN TO SLEEP, THEN MURDERS ONE

Chicopee, Mass., March 14.—After singing her two children to sleep last evening, Mrs. John Wewierski, aged 26, took an axe and beat their heads as they slept, according to the police. IRISH FACTIONS PLAN DIFFERENT CELEBRATIONS

De Valera's Supporters Not To Be in New York Parade.

New York, March 14.—Canadian Press.—The St. Patrick's Day Parade this year will be a test of strength between two Irish factions in New York, the adherents of Eamonn De Valera, "president of the Irish Republic" and the "Friends of Irish Freedom," who rally to the leadership of the United States Supreme Court Justice Daniel F. Cohalan.

De Valera's supporters will not boycott the parade. Instead they will hold meetings and entertainments for the benefit of the Irish Relief Fund.

The friends of Irish Freedom, however, have let it be known that they will not weaken and predict the numerical turnout will prove a shock to their opponents.

CAPITAL SHIPS IN NAVY TO BE REDUCED TO 16

"ONE POWER STANDARD"

Lord Lee Explains Estimates to British Parliament Members.

London, March 14.—The British naval estimates for 1921 1922 call for 91,186,850 pounds gross and 82,479,000 pounds net, it was announced by Lord Lee of Fareham, first lord of the admiralty, today.

In a statement explaining the estimates, Lord Lee said they were based on the Government's policy of maintaining a "one-power standard."

"It is the duty of the admiralty to carry out that policy as economically as possible," Lord Lee's statement continued, "giving full weight to the special geographical, international and other considerations which have arisen since the war. This they are doing—in no mechanical spirit nor with insistence upon numerical equality—and recognizing to the fullest the necessity of reducing expenditure to the lowest limits compatible with national security. The admiralty have effected drastic economies and have agreed to assume risks which in ordinary circumstances they would regard as difficult to reconcile with full maintenance of the Government's declared policy.

Lord Lee pointed out that the economies included a reduction in the number of capital ships in full commission from twenty to sixteen, as compared with thirty-eight in 1914.

"This is the smallest number that will enable the essential sea-going technical training of officers and men to be carried out properly," the statement asserted.

REPRESENTS LABOR AS MUCH AS HEVEY, DECLARES ASHPLANT

Defeated Mayoralty Candidate in Attack On Organizer.

REPRESENTS LARGE BODY

Of Organized Labor, Which Does Not Intend To Be "Wretchedly Represented."

The following letter has been received by the editor of The Advertiser from H. B. Ashplant:

To the Editor of The Advertiser:

One of the regrettable features of what is called the "labor movement" is the crudity and gross ignorance of vital moral principles, which is so often in evidence in the acts and policy of some of those who are given a "job" as local organizer, in order to help out in times of distress.

A case in point is the crudity of the ignorant and impertinent attack upon myself, which you have seen fit to feature as a headliner on the front page of your issue tonight, March 12.

It seems to me that, in view of the well-advertised fact, in every your columns, that for the past two mayoralty campaigns Henry B. Ashplant has been voluntarily elected by a large majority of votes, cast by duly-accredited delegates in conventions of organized labor in London, to head the municipal ticket, that you should yourself be conscious of the libel on myself so boldly scattered abroad in your issue tonight. I do not appreciate your own policy in this regard.

I desire to ask, Mr. Editor, that you

ADVERTISER PUZZLE CONTEST CORNER

Important Questions Answered by Contest Manager and Matters of General Interest Discussed—Contestants Should Watch This Corner

ABOUT SUBSCRIPTION PAYMENTS.

All those taking part in The Advertiser's Contest are, or should be, aware that the value of the first five prizes depends to a very considerable extent on the amount the subscriber pays when giving in his solutions to the puzzle. This is fully illustrated under "First Prize" in the prize list.

It is not our desire to urge contestants to go in any deeper than they feel inclined, but those who, from lack of due consideration, have paid in a smaller amount than they feel they should have, may if they desire to increase their first payments without turning in another solution. In this way you may increase your prize money from the minimum to the maximum if you should win one of the first five prizes.

To do this fill in your name and address on the regular solution blank, together with the extra amount you wish credited on the solution you already have sent, and attach to it a slip of paper on which you will mark the amount previously paid, date sent, the edition subscribed to, and the answer formerly submitted. Remember you cannot submit another solution with this payment if it is to be treated as an extension of your former payments.

The solution blank properly filled out and attached to the puzzle chart, with your chain of circles across it, must be sent in with your remittance. If you secure any new subscribers, each one must submit a blank separate from yours. If a new subscriber does not wish to participate in the contest he may note across the face of the chart "No Solution."

No solution unaccompanied by cash to apply on subscription will be accepted. Solutions and the money should be sent together, not separately. No solution may be changed after it is once submitted. If you want to submit something different send another solution accompanied by any amount you wish to pay, from $2.75 to $10.00. It will all be credited on one continuous subscription, and you will have the satisfaction of knowing your paper is paid for that far in advance.

If the paper is already being sent to your residence, but in the name of some other member of the family, and you do not wish an addtional copy, merely answer, "yes" to the inquiry if you are already a subscriber, and attach a note to the blank stating in whose name the paper is being delivered to.

Your solution blank must state correctly the sum totals of your odd and even numbers as well as the difference, otherwise, your solution will be void and ruled out of contest.

THEOSOPHISTS HEAR TALK ON 'EVOLUTION'

A. E. Roberts of St. Thomas Speaks At London Lodge Meeting.

An interesting lecture was given by A. E. Roberts of St. Thomas before the Theosophical Society on Sunday evening on the subject of "Evolution."

Mr. Roberts endeavored to show that the evolution of one kingdom above another is due to the spiritual energies within the outward forms of matter, and that the refinement of matter is due to vibratory activity reaching up until it attains a degree of fineness, when it is possible for a higher kingdom to take a hold upon it.

From the earth in its nebulous state, the speaker traced the growth of life, through the different kingdoms until the struggling cone reaches up to God.

In speaking of the condition of society, Mr. Roberts stated that the organizations for reform must engage themselves with social problems if they would obtain their objective in the brotherhood of man.

WEEKLY COURT HEARS LAND CONVEYANCE CASES

Before Chief Justice Meredith at the weekly session of the supreme court at the courthouse on Saturday were only two cases of interest.

Re Charles W. Furley to F. Huston. An application was made under the vendors' and purchasers' act to determine whether the wife of the vendor is a necessary party to a conveyance of lands. The court directed that the wife be served with the notice of motion, which is to be brought in again in one week. R. A. Bayly for the vendor, M. P. McDonagh for the purchaser.

In the matter of the sale of certain lands by Percy Honsinger to F. W. Smith, an application was made by the purchaser under the vendors' and purchasers' act, asking that the vendor be required to prove a certain will in order to make a good conveyance. It appears that the vendor's title is derived through the will of a testator, which had not been proven, but has been registered. Conveyance by the executor and the beneficiaries under the will having been given before three years elapsed, under which condition the property might have been vested in the devicee under the will. IRISH STARVING BY WAYSIDES; RELIEF APPEAL MADE HERE

Monsignor McKeon Says the Newspapers Publish Cooked and Censored Reports.

About 500 members of the Holy Name Society received Holy Communion in St. Peter's Cathedral at the 8:30 mass Sunday morning.

The preacher was Right Rev. Monsignor McKeon, who congratulated the men on their large attendance. He also read a letter from Bishop Fallon regarding the distress in Ireland caused by the present troublous times in that country, intimating that the collection at the masses on St. Patrick's Day would be devoted to the relief of this distress.

Bishop Fallon said that the sufferings of the people were very great, and that many of them were in extreme want.

Reports Are "Cooked."

Monsignor McKeon declared that the priests of the diocese had been waiting for just such a letter, in order that they might make known to their people the terrible state into which the country had fallen. Men and women were starving by the wayside for want of food and shelter.

"The newspapers in this country," declared Monsignor McKeon, "are not receiving true accounts of affairs in Ireland. These reports are 'cooked,' as they are all censored before being allowed to pass for publication."

Widows' Sons Shot.

He painted a harrowing picture of the happenings in Ireland, stating that widows' sons had been dragged from their beds and shot as rebels. He quoted from the Manchester Guardian in order to show that Ireland had its sympathizers among the English people, referring in particular to an editorial, in which that newspaper had branded Lloyd George as a hypocrite.

Lloyd George had assented that he was willing to discuss peace terms with any man who truly represented the Irish people, but the British prime minister knew quite well that all the Irish leaders had been exiled or were in jail.

Monsignor McKeon appealed to the congregation to do their utmost to help in the cause of Ireland on the day devoted to its patron saint.

MARRIAGE ETERNAL, IS MORMON BELIEF

In Tangible Heaven, Lovers Will Be Reunited, Says Missionary.

Nephi Jensen, former lawyer of Utah, now president of the Canadian Mission of the Mormon Church, spoke to a large audience in the Star Theatre last night. "The Mormon Idea of Man and Marriage" was his theme. He said in part:

"The divinity of man and the divinity of marriage are two of the peculiar doctrines of Mormonism. When Jesus prayed, 'Our Father who art in heaven,' he meant literally what he said. God is the Father of our spirits, as Paul declared. As organized, intelligent spirit personalities, we lived with God before we came to this earth. We were in the happy throng that rejoiced because of the completion of the creation of the earth.

"We came into this world with the stamp of divinity upon our spirits. It is possible for us to attain to the perfection of God. Jesus taught this beautiful doctrine in the Sermon on the Mount. We accept as literally true his words, 'Be ye therefore perfect as your Father which is in heaven is perfect.'

Real Tangible Persons.

"In the hereafter we will be real tangible persons with flesh and bones. This earth in its perfected state will be our future home. We will know each other. We will eat and drink, work and play, and study and pray. For those who enter in at the straight gate, the story of love will have no end. The noble pair whose hearts first beat as one in this vale of tears will walk hand in hand, and heart in heart, through eternity. The doctrine of the eternity of marriage is taught in the New Testament. Paul said: 'The man is not without the woman in the Lord.' Even if the apostle had not made this statement, you would have known that the doctrine of eternal marriage is true. For heaven could not be heaven for those who are separated from those they loved most dearly in this life."

CHURCH UNION MAY MEAN CORRUPTION OF PROTESTANTISM

Fear Expressed by Rev. A. C. Bingham in Egerton Street Church.

Expressing the fear that Protestantism may become corrupt like other great religions of the past, Rev. A. C. Bingham, preaching at Egerton Street Baptist Church last night, reviewed in an interesting manner the growth of Protestantism and briefly outlined the dangers which he foresees.

Against Corrupt Times.

"Protestantism," he said, "commenced in Germany 400 years ago under the protection of a Saxon prince and through the instrumentality of Martin Luther. Through the mystical and mighty influence of the Word of God Luther was encouraged and enthused to take his stand against the corruption of his time.

"The two factors that led to that corruption were the ambition of the church to be big, and the wrong method of collecting money for church purposes.

Fears Church Union.

"Great religions, like rivers, snowballs and glaciers, when they become big pick up a lot of foreign substances which only corrupt them. History repeats itself, and I am in fear for the future of Protestantism. Denominationalism has in my estimation kept Protestantism as pure as it is today.

"I am afraid," concluded Mr. Bingham, "that church union, like other big religious movements, will through its very size tend to corruption and the undoing of Protestantism."

DREAMERS, SINGERS CONTRIBUTE MOST TO HUMAN WELFARE

World's Money-Makers Less Essential To Progress, Says Speaker.

"The hardest and most useless work in the world is resisting God's will," declared Dr. D. R. Drummond of St. Paul's Presbyterian Church, Hamilton, at the morning anniversary service at King Street Presbyterian Church Sunday.

"Every worth while life has a goal and aim," he continued. It was said that in the very forefront of the Master's thought was the Father's will.

Many individuals often planned for years without taking God into consideration, but, he reminded the congregation, it was God, and not man, who had the final say.

"We often come to think that things are the be-all and end-all of life," remarked the speaker.

Some persons were said to bow before money as if it was almighty. However, it was not the world's great money-makers, but the dreamers of dreams and the singers who had been the greatest contributors to higher life. In the hour of trial the people did not say: "Oh, Money, save us," but "Oh, God!"

"It is so easy for us to pass the scrutiny of man. We all wear cloaks. We are applauded by men when God is condemning, and often we are applauded by God when men are condemning. We need a standard higher than ouselves or our fallen fellows, and a standard that embraces us and our fellows."

RUGGLES MOTOR TRUCK COMPANY, LTD., APPOINTS WELL-KNOWN AUTOMOTIVE SALES EXPERT TO IMPORTANT POST.

W. E. Finnegan, Late of Gray-Dort Organization, Made General Director of Sales.

Mr. W. E. Finnegan has resigned from the position of general sales manager of the Gray-Dort Motors, Limited, Chatham, and has been appointed general director of sales of the Ruggles Motor Truck Company, Limited, London, Ont. This latest addition to the executive of the Ruggles Company is indicative of the determination of this company to build up a sales organization that will inspire the same confidence as does the personnel of the factory and production departments.

Mr. Finnegan's record as a sales executive and organizer is well known, and his host of friends in the automobile and motor truck business from coast to coast wish him every success in his new position.

"DEITY OF JESUS," IS SUBJECT OF SERMON

Rev. D. C. MacGregor Says Unorthodox Creeds Fail To Survive.

"It is no evidence that a man is an advanced thinker when he says that Christ was only a teacher," was the statement of Rev. D. C. McGregor in his sermon yesterday morning on "The Deity of Jesus." That men of similar belief existed in Christ's day was proven, with the fact also that through all the centuries the various sects that have not acknowledged the fact that Christ is the Son of God have become extinct.

Were Mushroom Growths.

Emissaries of the different religions of this sort have appeared and disappeared, like mushrooms, a mere growth over night. History justifies the New Testament's claims about Jesus. The greatest intellects of the ages have taken up his challenge to follow him. The church is an institution of Christ, and stands as a great proof of his divinity in its growth and progress, and wherever its representatives have gone in all parts of the world there have gone the highest and purest forms of civilization. Every sect taking a lower view of Christ but that he was the Son of God have done nothing in the way of sending out representatives, and their existence has been brief.

Centre of Conflict.

"Christ is the centre of a struggle and conflict today," said the speaker, "and Christians should have a reason to give the world for their faith that he is the Divine Son of God, and the ultimate proof of Christ must be a personal experience that permits the statement: 'I know whom I have believed, and am persuaded that he is able to keep that which I have committed until him against that day.'"

ADVERTISE CITY THROUGH PAPERS

Ald. Wenige Urges Expenditure of $10,000 for Progressive Educational Campaign.

Commercializing and selling London's activities as a commodity to its citizens is advocated by Ald. G. A. Wenige. A plan for this purpose will be considered this week by No. 1 committee of the city council.

Ald. Wenige recommends that an expenditure of $10,000 be used for a progressive, educational advertising campaign and the employment of a capable man whose duties it will be to sell the proposition to the taxpayers by that means.

He has three principal reasons for making the suggestion. The first is that he believes it is time more than thirty or forty per cent of the voters expressed themselves at the polls. He claims it is impossible for any city council to get anywhere by an expression of opinion from a minority of the ratepayers, and that there are strong reasons to believe that the make-up or personnel of the council in any year would be entirely different if 80 per cent of the people voted. At the present time the council does not truly represent the ratepayer.

"While it may have been considered to be the duty of every taxpayer to exercise his or her franchise, in years past, it must be remembered that modern conditions have changed the thought of the people," Ald. Wenige said. "We have continually coming into existence a new lot of voters who have been taught nothing of their responsibility in civic affairs. If anything, they have been prevented from learning about civic affairs. Some of this has been brought about by the indifference on the part of some of the city officials from time to time. Now we have a large number of women voters who would benefit from an educational campaign of this kind.

"Many efforts of various kinds in past years have been made to get the 'vote out.' Circulars by the tens of thousands have been sent out. Automobiles by the hundreds are used on election day to get the big, able-bodied men and women to the poll and take them back again.

"Spasmodic advertising in the newspaper, a method of newspaper advertising which has proven a failure in every other line of endeavor, is quite naturally a failure in this line as well. An excellent year-book is gotten out annually with a lot of valuable information, but it is not read by the taxpayer, or at least only to a small extent. The taxpayer is not well enough posted in civic affairs to be interested in it, so that none of these efforts have brought any results. On the other hand, our statistics show that these spasmodic efforts have had the reverse effect. The reason is that no definite, worth-while plan has been carried out in the past.

"The plan as proposed in this bylaw will make our city of 70,000 people think by a civic educational campaign through the medium of the newspaper advertising, the one and only method that reaches all of the people all of the time. To the average person, the newspaper is a traveling university, and certainly a sure way in which to put across a necessary campaign of this kind. When you get 70,000 people to think in the right direction, then we will have good civic government, and not until then. In order to do this, however, a definite plan will have to be carried out for at least one whole year."

LENTEN MISSION AT ST. JOHN'S CHURCH

Rev. Canon George C. Hill of Regina Presiding At Services.

The Lenten mission was opened in the Church of St. John the Evangelist on Sunday evening, with a large congregation, by Rev. Canon George C. Hill of Regina, late chaplain of the Royal Northwest Mounted Police, assisted by Rev. A. L. G. Clarke, rector of the church. Canon Hill is one of the outstanding men in the Church of England in Canada, and great interest is being taken in the mission, which will continue for the remainder of this week, ending on Sunday evening next.

Last night's service was characterized by the hearty singing of a number of well-known hymns, led by the choir, under the direction of Sidney G. Martin, organist and choir leader. The fact that the church pipe organ has been rebuilt during the past two weeks has assisted materially in making the musical portion of these services a success.

At the morning service Canon Hill outlined the purpose of the mission, and gave a general idea of the work which he hopes to accomplish. At the opening service last night, which differed but slightly from the regular evensong, his subject was 'A Christian man.' "It is not the eloquence of the missioner," he said, "but upon this congregation that the success of this mission depends. God is waiting to pour out his blessings upon you. Are you ready to receive them? Do you want to receive them? If so, they will take place. God has given you the desire to receive his blessings, and just so far as you exercise this desire will he come to you."

Taking the life of St. Paul, he showed how far the power of God may extend. Paul, though one of the chief enemies of Christianity in his earlier life, had become probably the greatest Christian of all history.

During the week special celebrations of Holy Communion will be held each morning at 7:45 o'clock, when the different church societies of the church will partake. At 4:15 p.m. each day a short Bible study will be held, and at 8 p.m. a mission service. The address this evening will be "The Power of Divine Love." At 7:45 o'clock the choir will render several hymns as a preparatory to the service.

This morning the choir and A. Y. P. A. members attended the special corporate communion service in large numbers, and tomorrow morning at the same hour a similar service will be held for the St. John's Ladies' Guild.

JOHN KAY DARCH, DIES AFTER SHORT ILLNESS

Was Member of Firm of J. Darch & Sons, Manufacturers.

John Kay Darch, 55 years old, 379 Talbot street, a member of the firm of J. Darch & Sons, harness manufacturers, died on Sunday after a short illness. He is survived by one brother, William Darch.

Mr. Darch was a member of St. John's Lodge, 209a, and for years was connected with the Commercial Travelers' Association. Although Mr. Darch had been ill for some time, his death came as a shock to his many relatives and friends.

Poisoned by Thousands

(By L. W. Bower, M. D.)

Backache of any kind is often caused by kidney disorder. Poisonous matter and uric acid accumulate within the body in excess, over-working the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, and lack ambition to do things.

Simply ask your druggist for "Anuric" (anti-uric acid) Tablets if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin the treatment immediately.

The physicians and specialists at Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., have thoroughly tested Anuric and you can send 10c there for trial package.

CHRISTIANITY WITHIN REACH OF EVERYBODY

But Many Pass It By, Says Rev. T. S. Roy.

A very interesting sermon, comparing the selling of merchandise and Christianity, was preached by Rev. T. S. Roy at the Talbot Street Baptist Church Sunday evening, when he took for his subject, "What a Merchant Demands in Religion." "To sell goods the merchant must put on them a price within the reach of his customers; the goods must satisfy, and the merchant must be a good salesman. Without these three things, his business would be a failure," said Mr. Roy.

"In religion the price is within the reach of everyone. Christianity satisfies. But some prefer to buy sin and in return get enslaved wills, distored visions, destructive attitudes, loss of idealism, which renders them incapable of seeing the good. In the end they lose heaven and gain hell.

"Whereas that which they may get for nothing they pass by, the love of Christ, which satisfies, takes away the burdens of sin and provides food for the soul."

HOW TO BEAUTIFY YOUR COMPLEXION

By VIOLA DANA.

That sensational actress, Viola Dana, who is recognized as an authority on beauty topics, says, "The best and quickest method of obtaining a beautiful rosy-white complexion is to thoroughly cleanse the face night and morning, then apply that popular beautifier, Derwillo, which has become a regular fad with over five hundred thousand discriminating girls and women in the United States." Derwillo takes the place of face powder, as it is more life-like in appearance, its use cannot be detected, and it stays on until you wash it off. Perspiration does not affect it, nor will it rub off on clothing, and the wonderful sale it has had proves that it is superior to all other beautifiers and face powders. There is nothing like it for dark, sallow skin, freckles tan, coarse pores, wrinkles and many other facial blemishes. It is guaranteed absolutely harmless, and sold at toilet counters everywhere with the understanding that if you don't like it they will give you back your money. Be sure to read the large article by Miss Dana soon to appear in this paper. It gives a world of valuable information on the care of the skin, something every girl and woman should know about. In the meantime get Derwillo and try it today. You will be astonished at the quick results it gives. For sale by Standard Drug Co., Strong's Drug Store, Taylor's Drug Store. Mch. 14, 16

LETTER FROM MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."—Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

Girls! Girls!! Save Your Hair With Cuticura

DOES NOT APPROVE OF SALARY INCREASE

For Teachers at the Present Time, Says Mayor Little.

SPEAKS TO BOARD

Tells Trustees the City Must Practice Every Economy.

After discussing its estimates for three hours without finding any way of meeting the demands of the city council that they be reduced by $100,000, the board of education this morning at the suggestion of one of the trustees decided to ask Mayor E. S. Little to be present when the chairmen of the various committees presented their reports. The mayor was reached by telephone and immediately responded to the suggestion, bringing with him the city treasurer.

Chairman Coleridge met the mayor at the door of the board room and formally escorted him to a seat on the dais alongside himself, while Mr. Bell occupied a seat on the other side.

After a brief word of welcome and explanation, Mr. Coleridge called on Trustee Smith, as chairman of No. 1 committee, to make his report.

No. 1 committee, said Mr. Smith, after going carefully into its estimates, has made a reduction of $6,425. "In one case, that of the auxiliary classes, we have made a reduction very reluctantly, cutting the appropriation from $3,000 to $1,000. With regard to the teachers' salaries we do not feel at the present time that it would be wise to reduce them. If we want the best possible teachers we must pay a fair salary. The obtaining of efficient teachers being one of supply and demand.

Mayor Little, replying, said: "We cannot very well question the estimates of the board. It would do no good to come here with that purpose, but we want you to realize the city's position. The city's own spending capacity, under Government regulations, is 25 mills, and the board of education is asking for 15½ mills. Even with the increased assessment of $10,000,000, $8,000,000 of which was arbitrarily set, it is necessary if the city is to keep within its allotted tax rate to keep down the expenditures to the limit."

A Black Eye.

"A tax rate of 40 mills on the dollar is a black eye to the securing of more industries," declared his worship. "The 25-mill rate will bring the city $276,000, and of this $104,000 is directly affected by legislation at Toronto. Mothers' pensions call for half a mill; parks, one mill; public library, one mill, etc. There has not been a dollar increase in salaries granted this year."

"We cannot force the board of education to reduce its expenditure, but we want you to realize the serious position of the city and to co-operate with us. We are practically at the end of our borrowing powers. I do think that the increases in the teachers' salaries might have been left till normal times.

Trustee Hayman reported a cut in the estimates of No. 2 committee of $6,215.

The large overdraft carried from last year by No. 3 committee, and the payment of $12,000 as rental for school premises owing to the collegiate building, were given by Trustee Langford as the cause of the high figures of that committee, from which it was practically impossible to cut, but by dint of paring some minor items a reduction of $6,025 had been made.

Reporting for the industrial advisory committee, Trustee Rowe recorded a reduction of $10,370. Apart from the matter of teachers' salaries this was the utmost cut that could be made.

Thustee Wright asked leave to call the attention of the mayor to the fact that during the war the teachers got no salary increases, and referred to the big increases given to city officials during the last two years.

Following the departure of the mayor, the board approved the report of the committees, and ordered the estimates with the revisions named to be sent back to No. 1 committee of the city council.

ALASKA WOOD PULP MILL ADDS NEW INDUSTRY TO FAR NORTH TERRITORY

Seattle, March 14.—Alaska now is manufacturing wood pulp, the department of agriculture announcing today receipt of samples of the first run of a new mill established near Juneau on the Tongass national forest. Forest service officials, after examining the samples, declared that the establishment of the mill marked another milestone of progress in pulp production for the newsprint industry. The mill near Juneau is the first to be established in the territory and is operated by hydro-electric power. It has a capacity of 20 tons of pulp a day.

VETERAN SEA CAPTAIN TO RETIRE THIS WEEK

New York, March 14.—Captain William M. Smith, port captain at New York of the White Star Line, and a native of Halifax, N. S., will retire this week after 43 years' continuous service for the line afloat and ashore, in the course of which he has commanded some of its finest ships. His last official act for the line will be to dispatch the Olympic on March 19 for Cherbourg and Southampton.

CIVIC TAX RATE WILL LIKELY BE AROUND 38 MILLS

Rate Will Be Struck by Council at Sitting This Afternoon.

With board of education estimates revised at a special session this morning the city council will strike the tax rate for all purposes at 4 o'clock this afternoon. As there is only a reduction of one-third in the board's probable expenditures there is every probability of the tax rate being around 38 mills, although desperate efforts may be made to keep it below that mark.

Estimates of the council at their last revision were in the neighborhood of 23½ mills. The board of education estimates with the reductions effected today will be slightly below 15 mills.

FAVOR PASTEURIZATION OF MILK SOLD IN CITY

Chamber of Commerce Members Send in Replies to Question.

The recommendation of the special committee on the pasteurization of milk, except that which is supplied from accredited herds, is being enthusiastically indorsed by the members of the London Chamber of Commerce.

Voting on this question among the members has been going on for the past few days, and every mail brings in a number of returns. The vote up to this date shows an overwhelming majority in favor of pasteurization.

The committee's recommendation has also been adopted by the Municipal Chapter of the I. O. D. E., the mothers' clubs, and the Local Council of Women, also the Academy of Medicine for Western Ontario.

It may be explained that what is known as an "accredited" herd of dairy cattle is one which has been subjected to the tuberculin test, and found to be free from tuberculosis.

At the present time no certified milk is sold in London. Approximately one-third of the milk is pasteurized and the remainder sold raw.

Raw milk, if obtained from tuberculous cattle, almost always contains the bovine type of tubercle bacilli, and many cases of gland, joint and bone tuberculosis, particularly in children under 5 years of age, are directly traceable to this source.

TELLETT'S SENTENCE IS COMMUTED; WILL SERVE A LIFE TERM

Home Secretary Announces Decision in Case of the Canadian Soldier.

London, March 14.—The home secretary has informed the Canadian Associated Press that the sentence of death passed upon Charles Tellett, a former member of the 3rd Battalion, C. E. F., for the murder of his sister-in-law has been commuted to life imprisonment.

TURGEON FOR BENCH.

Ottawa, March 14.—Official confirmation of the appointment of W. F. A. Turgeon to the vacancy on the bench of the Saskatchewan Court of Appeal, is expected in the course of the day. It is understood to await the approval of His Excellency the Governor-General having passed through all other stages.

Dean W. S. W. McLay of McMaster University will be this week's lecturer in the course being presented by Western University extension board. Dean McLay will take as his subject Browning's great poem, "Saul," which he will discuss and interpret. The lecture will be given on Thursday evening, March 17, in the public library.

PRESBYTERY MEETING.—The regular meeting of the London Presbytery will be held in the First Presbyterian Church on Tuesday, morning and afternoon.

CHIMNEY FIRE.—The fire department was called Sunday morning about 10:30 o'clock to 354 Wortley road, where a chimney fire was in progress. The damage was slight.

SUMMONED TO WASHINGTON.—G. R. Taggart, United States Consul in London, has been summoned to Washington, D. C., because of the critical illness of his mother.

CAMPAIGN IN STRATFORD.—Adjutant Martin of the local command of the Salvation Army is in Stratford today in connection with the Self-Denial Campaign which will be launched in that city shortly.

ENTERTAINING CONGREGATION.—The Men's Brotherhood of the Ridout Street Methodist Church is entertaining the congregation to a St. Patrick's tea on Thursday evening from 6:30 until 8 o'clock Tea will be followed by a program.

RECEPTION SERVICE.—A reception service marked the close of special meetings in the Ridout Street Methodist Church on Sunday evening. Baptism of twelve adults followed the service, and 35 were received into the membership of the church.

ADDRESSES MEETING. — O. O. Stanchfield, a Y.M.C.A. secretary from Calcutta, India, spoke to a large gathering of McClary employees at the foundry at noon today. Industrial Secretary R. P. Liddle of the Y. M. C. A. was in charge of the sing-songs.

ORGANIZATION MEETING. — The Victoria Branch of the W. C. T. U. is meeting tonight at the B. M. E. Church, Grace street, for organization in connection with the referendum campaign. At this meeting the speakers will be T. D. McCullough, Mrs. John Jones, and Mrs. Ida Harrison of the local W. C. T. U.

MEMORIAL SERVICE.—The memorial service of Sergeant-Major William "Dad" Ward of No. 2 command of the Salvation Army was held in the London South branch on Sunday evening by Brigadier Alex. Crichton and Staff Captain Ritchie. There was a large attendance.

FINAL PAYMENT ASKED. — The Methodist churches of the Lodon district are asked to make their final payments to the Methodist national forward movement campaign on Tuesday. Rev. B. H. Robinson, who was secretary during the campaign, states that between 70 and 80 per cent of the churches have paid in their allotment to the $121,000 asked for in the London district.

STILL IN HOSPITAL. — The friends of Harry Warner, 340 Lyle street, who was seriously hurt on the 10th of September last, while on duty in the G. T. R. yards, will regret to hear that he is still in Victoria Hospital. Blood poisoning has set in on several occasions, and another operation may be necessary. Mr. Warner has been in the employment of the Grand Trunk for over 34 years.

FIREMEN TO RESCUE. — Firemen from the central station were called upon this morning to unlock a door on the top floor of the Y. W. C. A. building on King street. The door of the room had become locked from the inside, and entrance could only be gained through a window from the outside. A 55-foot ladder was taken to the building, and raised to the window. Once inside the room the door was quite easily unlocked.

RUSSIANS IN COURT.—Fourteen Russians had a drinking bout on Sunday, and the same fourteen Russians paid $10 and costs each in police court this morning. The men answered to the following names: Mike Warabike, John Duschak, Mike Colansnick, John Melyk, John Milulak, Roman Ewinskie, Alex. Goulson, Walter Polisic, Lou Miller, Rumitra Basoraba, George Krulzko, Peter Zubyk, Joe Akansky, and Alex. Vaiper.

PROMISES TO BE SUCCESS.—The London District Live Stock Club, the aims and objects of which were fully stated by The Advertiser last week, promises to be an immediate success. From one school alone it is estimated that twelve children will join, and there are numerous inquiries from other sources. The club offers a unique opportunity for the acquiring of pure-bred stock on easy terms, and for interesting the children of the farm in practical and profitable work.

CONSERVATORY RECITAL. — The regular recital of the London Conservatory of Music was held Saturday afternoon at the Conservatory hall. Interesting numbers on the program were the piano trio by Marjorie Lipsett, Margaret Ross and Willie Shearne, pupils of Miss Munro; also the concertos by Misses Gladys Roedding, Margaret Cook and Rosella Hamilton, who were accompanied on a second piano by Thomas Martin. Other pupils taking part were Marjorie Dolan, Madeline Lankin and Madeline Schrieber, pupils of Miss Kirkwood, Miss Weld and Mrs. Fenton.

MUSICAL ART RECITAL.—The weekly recital of the pupils of the London Institute of Musical Art was held on Saturday afternoon last. The pupils who contributed to the program were Miriam Blackburn, Dora Yeates, Doris Shaw, Edith Brown, Grace Bayley, Betty Farncomb, Marjorie McCormick, Fred Underhill, Margaret Braithwaite, Rosalind Moorehead, Audrey Pring, Eleanor Taylor, Louise Rourke, Mary Ware, Jean Pierce, Douglas May, Ethel Gannon and Elizabeth Fisher. The teachers represented were Mrs. A. D. Jordan, Mrs. McHardy-Smith, Miss Hazel Taylor, Miss Jennie Steele, Miss Edith Irvine, Miss Alberta Tory and Miss Madeleine Simson.

DAYLIGHT SAVING.—The London Chamber of Commerce has received a communication in regard to daylight saving from C. P. Riddell, general secretary of the Railway Association of Canada. In the event of daylight saving being adopted in this city, the chamber is asked to co-operate in the movement to make the hours uniform throughout the country. Last year many cities experienced difficulties through differences in the time in other places, and it is suggested that the daylight saving hours begin at the first hour on Sunday, May 1, and continue until the first hour on Sunday, October 2. Copies of the letter, which brought results in Montreal, are being sent out to the various towns and cities.

LOCAL BILLS ARE POSTPONED.—Neither the London bill nor the City Gas Company's measure will come before the private bills committee of the Legislature at Toronto Tuesday, according to information current in city hall circles today. When they were first brought up they were adjourned for two weeks, which would mean that they would come up Tuesday, March 15. They do not appear on the orders of the day for Tuesday, it is reported. If the City Gas Company bill does come up, Ald. Cameron Wilson will be present to oppose it, while other members of the council may be there in support of it. As chairman of the gas committee, Ald. Wilson was in favor of the plan of settlement, but not of the actual figures named in the bill.

U. S. MINISTER RETIRES.

Athens, March 14.—Edward Capps, United States minister to Greece, retired from his post yesterday, turning over the legation to Barton Hall, the first secretary, who will act as charge d'affaires until the arrival of Mr. Capps' successor.

Universal regret over the retirement fo Mr. Capps is expressed in Athens. In Greek royalist circles, his resignation is interpreted as the first step toward recognition of King Constantine by the new United States administration.

OFF THE RAILS

Local officials of the G. T. R. are pleased because the freight business at the frontiers during the past week showed a decided increase over any time during the past six weeks. According to Superintendent C. Forrester, the number of cars crossing the border at Fort Erie during the week showed an increase of nearly 40 per cent over either of the past two weeks. Business is considered normal for this time of the year.

SOME STUDY.

A study in black and white—the London, Huron and Bruce arriving in London, after a stormy night in the northland.

FIRST AID CONTESTS.

In preparation for the first aid contest for the teams of the G. T. R. system, to be held presumably in Montreal later this year, the first preliminary examination will be held in Stratford on Tuesday. Examinations of this nature will be held in every centre where a first aid team is in training. Although there are two teams in London which have signified their intention of entering the contests, it is not expected that examination will be held here for some time, because of the late start made by the local classes.

NO REDUCED SPEED.

Because of the mild winter, the usual general reduced speed orders which mark the ordinary spring have not been put into effect this year. While there are a few spots throughout the divisions requiring careful driving, the roadbeds as a rule are firm and in excellent condition, according to local officials. In other years, the speed limit at any place in the division was put at 35 and 40 miles an hour, because while the deep frost was leaving the ground the roadbeds were considered unsafe for fast driving.

There have been no washouts caused by the spring freshets this year. In other years washouts have caused many interruptions in the service.

DOING GOOD WORK.

Although the committee in charge has been hindered in its good work to a great extent by the sensitiveness of those in need, the members of the pioneer lodge of the Carmen's Union in the G. T. R. carshops have already relieved twelve cases of suffering resulting from unemployment among their numbers. Some of those who were helped were in dire need.

Without any benefit fund obligation whatever, the 560 members of the union voted a few weeks ago to contribute $2 a month each, for a period of three months, towards the establishment of a relief fund. By this means it is expected that $3,360 will be raised. All those requiring assistance are requested to phone the committee at 3846.

BILL'S WEAKNESS.

Poet Bill is sowing his wild oats. In fact, he has several boxes filled with them. Bill's weakness is chickens. Chickens have been the downfall of many poets.

In eight windows from which he views the flying landscape from his baggage car as it bumps its weary way up the L., H. and B., and back again, Bill has placed three boxes beautifully painted green. In these boxes he has planted oats. They have already grown to the height of four inches, and according to Bill they will be a foot high in another week. When the oats reach the height of twelve inches or thereabouts they will be cut as green feed for Bill's chickens.

ANTI-JEWISH RIOTS IN AUSTRIAN CAPITAL

Serious Situation in Vienna During Demonstrations.

Vienna, March 14.—Anti-Jewish disorders which broke out here last evening threatened for a time to develop into a serious situation, but the police, late in the evening, succeeded in scattering the crowds on the streets and in preventing possible loss of life. Shops owned by Jews were damaged by stones thrown by riotous crowds, and in a few cases Jews were beaten.

The disorder began at the congress of the Austrian Anti-Semitic Association, which has been in session here for several days. During the sitting late yesterday afternoon, the campaign, which is being attended by delegates from 62 chapters of the organization in Austria and a few representatives of Bavarians and Hungarians anti-Jewish societies was addressed by speakers, who urged radical measures. They advocated pogroms, and the organization of Christians in Austria.

Held in Check.

While this meeting was going on, large crowds assembled in the Rathaus Square, where similar addresses were given, speakers declaring that the Jews constituted a menace because of profligate living. Two Jewish students were found in a crowd, and were beaten and driven away.

At dusk, the meeting broke up and a great crowd swept through the streets, singing German songs and shouting "Away with the Jews." Now and then a tinkle of glass told of a stone being thrown through a window. The crowd moved steadily toward a Jewish quarter of the city, but large forces of police had been summoned to bridges across the canal, over which the crowds must move to reach the Ghetto of Vienna. The rioters were turned back, but there was more or less rowdyism and street fighting before the police succeeded in dispersing the mob.

STORAGE WING OF WINGHAM FACTORY DESTROYED BY FIRE

Loss At Plant Is Reported To Be About $2,000.

[Special to The Advertiser.]

Wingham, March 14.—About 7 o'clock this morning fire was discovered in the stockroom of Lloyd & Sons, door factory, on John street. Owing to the inflammable nature of the stock the fire made quick headway and although the fire brigade responded quickly and soon had the fire under control the storage wing was completely gutted. The fire is supposed to have originated from the electric wiring. The loss will be about $2,000 and is covered by insurance. Messrs. Lloyd & Sons announce their intention to commence reconstruction of the destroyed building immediately.

ACCIDENTS COST COUNTRY $7,700,000 LAST YEAR

R. B. Morley Tells Rotarians in Interesting Address on "Safety First."

"Why a Safety League?" was the theme upon which attention was directed at the weekly luncheon of the London Rotary Club. The speaker was R. B. Morley, general manager of the Ontario Safety League, Toronto.

At the outset of his remarks, Mr. Morley referred to the recent deplorable accident in Montreal, by which a little girl lost her life by falling down a manhole.

"The idea of safety," said the speaker, "is as old as man. Every advance made in the condition of man has been brought about by a desire for increased safety or comfort."

The Ontario Safety League was created to put guards on careless habits. They had taken as the keystone of their campaign the education of the rising generation, which produced two results—first, children taught to be more careful on the streets and in the home developed into careful men and women, and, second, through the pupils in the schools their lessons in prevention had been carried into thousands of homes.

Referring to accidents in factories, which cost the country $7,700,000 last year, Mr. Morley said:

"In order to successfully carry on accident prevention in an industry both employer and employee must act together for their mutual benefit. In the long run, the worker who saves his life or limb due to safety education or safeguards is a greater gainer than the employer who saves his costs."

There was a good attendance of Rotarians, over which Vice-President George Tambling presided.

An advance program for the conference of the ninth district, International Association of Rotary Clubs, to be held at Saginaw, Mich., next Thursday and Friday, was submitted.

A number of London Rotarians are to attend.

SENATOR CROSBY'S FUNERAL.

Halifax, March 14.—The funeral of the late Senator Crosby took place this morning at St. Mary's Cathedral here, Archbishop McCarty of Halifax, assisted by Rev. Dr. Foley, rector of the cathedral, performing the services, which were largely attended.

FIRE CHIEF PARTIAL TO WOMEN USHERS IN THE THEATRES

Does Not Agree With Majority of U. S. Smoke-Eaters.

Fire Chief John Aitken, when informed today that a movement is on foot in the United States to have theatre managers forced to employ male ushers instead of women, said that in his opinion the women ushers were much more reliable in every respect than were the men.

Ald. J. O. Kestner, of the Chicago city council, sent inquiries to every fire marshal in the United States asking that they give their opinion on this matter, and the result was that 85 per cent of the chiefs stated that women ushers in theatres lacked judgment in times of emergency, and this is not conducive to public safety. Not one of the fire fighters favored women ushers, while the other 15 per cent of the chiefs were indirect in their answers.

"In an up-to-date theatre where there are plenty of exits women ushers are better than men," said the chief. "Those in the city are very intelligent, and a crowd of rough men, I think, can be handled much easier by women through coaxing than by men and force."

Obituary

DEATH OF MRS. MacTAVISH.

Mrs. Eliza E. MacTavish, 55 years old, died at her home, No. 4 St. George street, Sunday morning. The funeral will be held Wednesday to Wyoming, Ont.

MRS. LILLIAN RUSSELL.

Mrs. Lillian Russell, wife of Charles A. Russell, 121 Mamelon street, died at her home on Sunday evening after a few days' illness from pneumonia.

Mrs. Russell was born in Toronto, but had lived in London for the past twenty-two years. She was an active member in the Hamilton Road Presbyterian Church. She is survived by her husband, her parents, Mr. and Mrs. Sweetman of Toronto; one sister, Mrs. Pudifin, also of Toronto, and one brother, Edward, of Toledo. The Funeral will be held on Wednesday afternoon from her residence to Woodland Cemetery. Rev. Dr. D. L. McCrae will conduct the services.

CZECHO-SLOVAKIA AND HUNGARY TO SIGN AGREEMENT

Budapest, Hungary, March 14.—An economic and political agreement between Czecho-Slovakia and Hungary is expected to be signed in the near future. Premier Teleky and Foreign Minister Gratz are leaving Budapest tonight for the small Austrian village of Bruck, to meet Dr. Eduard Benes, the Czecho-Slovak foreign minister, to settle the terms of the treaty. The approaching accord is the result of French diplomatic efforts, it was said today in well-informed circles.

SENTENCED TO TWELVE YEARS.

Regina, March 14.—Robert Enhart and Van Mulholland were sentenced to twelve years in the penitentiary by Mr. Justice McDonald in the court of King's bench at Estevan, Sask., Saturday, when convicted of shooting with intent and robbery.

The crimes were committed at Northgate last August in connection with rum running, when two men were wounded and two cars stolen.

MONTREAL STOCK EXCHANGE.

Montreal, March 14.—Throughout this morning's session the local stock exchange was strong, practically all the leaders holding their week-end gains. Abitibi retained its earlier advance and closed for the morning at 42. Atlantic Sugar and Brazilian were both unchanged at 30 and 33 respectively. Brompton, however, sagged fractionally and closed at 36. Canada Steamships was slightly stronger at 30, nothwithstanding the president's optimistic statement in London, which was expected to cause some activity in this issue. Laurentide maintained its half point gain and closed at 83½. Breweries was one of the most active stocks this morning; closing on Saturday at 40½, it opened today at 41, rose ¼, sagged to 40¼, and finally closed at 41¼.

INDIAN CHIEF SAYS QUESTION OF MOVING NOT YET CONSIDERED

Six Nations Tribe Have Some Grievances, Though, Regarding Treatment.

Brantford, March 14.—"The application reported as made through an adopted chief at Syracuse, N. Y., to President Harding of the United States for the establishment of an asylum for the Six Nations Indians has been talked about, but has never been officially brought before the Six Nations council," Asa R. Hill, secretary of the Six Nations Council, stated today. He added that the Indians had a number of complaints against the way in which they were being used, but that it was not the fault of the Government, but of the department of Indian affairs.

According to Secretary Hill, the movement back to the States has been chiefly talked of by the Deists (sometimes called "Pagan") element, and it was these old people of the race who wanted to go back to the confederacy to avoid having their rights encroached upon.

In relating the history of the Six Nations, Mr. Hill stated that between the British crown and the Six Nations Indians had been made when the Dutch were driven out of America in 1664. The treaty had never been broken or repealed. The Indians had always adhered to it, and desired that it should be continued. There had never been any ill-feeling or trouble between the crown and the people. It was believed by many of the Indians, according to Mr. Hill, that the crown did not know to what extent the Six Nations were being misused.

BOLSHEVIKI OCCUPY GEORGIAN SEAPORT

Retiring Troops Burn Coal Sheds As They Leave.

Constantinople, March 14.—The seaport of Poti, Georgia, on the Black Sea, north of Batum, has been occupied by the Bolsheviki, says a dispatch received today. The retiring Georgians burned the coal sheds and left the port on steamers in a severe storm. The Turkish Nationalists who recently occupied Batum are said to be disarming all incoming Georgian soldiers, and the town of Kutais, 50 miles east of Poti, has been looted. Georgia civilians have been executed in Tiflis by the Bolsheviki occupying the city, in revenge for the execution of the Bolshevik mission there by the Georgians before the latter retired.

MOSCOW UPRISING AGAINST BOLSHEVIKI REPORTED AS QUELLED

Copenhagen, March 14.—Advices from Helsingfors today state that Krasnaya Gorka has been recaptured from the Russian revolutionaries by soviet troops, and the garrison now consists chiefly of a cadet corps. Leon Trotzky, soviet war minister, has ordered big howitzers to Oranienbaum, on the Gulf of Finland, opposite Kronstadt, after executing M. Kolesov, chief officer of the flying station, and 44 other rebels, the advices say.

The Moscow rising is reported to have been quelled after the severest street fighting. Conditions in Kronstadt are said to be serious, owing to the lack of food. Because of the large civilian population, which includes 700 children, the garrison's rations are extremely scanty.

SAYS BUDENNEY'S ARMY WENT OVER TO REVOLUTIONISTS

Stockholm, March 14.—The Nya Dagliada Allenha yesterday printed from an alleged unusually well-informed source a report that General Budenney, who was marching by order of the Soviet Government from southern Russia to Moscow, on reaching Orel joined the revolutionary forces with his entire army of 120,000 men and assisted in the capture of Orel. The report has not been confirmed.

UNABLE TO FIND BODY.

Montreal, March 14.—Employees of the city sewer department continued their efforts on Saturday and yesterday in the search for the body of 8-year-old Lilly Manning, who fell into a manhole on St. James' street Thursday afternoon. The diver who started work late Friday night to examine the flumes opposite the Craig street pumping station, ended his labors early Saturday morning, but was unable to find the body. Grappling irons were used in other sections of the sewer without success.

REPRESENTS LABOR

give the same prominence on your front page to this statement of mine which you have given to the unwarranted libel from this person Hevey.

It is a little significant that Hevey has seen fit to make this attack and "butt-in" just at the time of an election for the city council in ward 4. Perhaps he thinks my hands are tied in regard to an untold story regarding ward 4 politics. Mr. Hevey's diplomacy may draw the story out, to his discomfiture.

The solicitor of the trades council, who was engaged by myself and others to act professionally in the Murphy gas case, and who is also solicitor for the Street Railwaymen's Union, is now the candidate representing Mr. Hevey and his group in ward 4. This person, from his recent split on a comrade (E. A. Pocock), is perhaps in sympathy with Mayor Little for political strategy, in order to secure "service at cost." It seems that Hevey imagines that his attack on Ashplant will win the campaign for labor. Perhaps it will.

In view of Hevey's slanders, however, I desire to place on record the following, for the benefit of all members of organized labor on the trades council, viz.:

1. Henry B. Ashplant is as fully qualified, by membership, by record, and by selection of the rank and file, to speak in public anywhere as a representative of organized labor as is James Hevey.

2. Ashplant represents a large body of organized labor, which does not propose to have its splendid principles so wretchedly misrepresented, in public policy and action, as they now are by the crudities of such persons as Hevey, who probably do their best, but do not know any better than to act as they do. The working-class movement is a finer and a much bigger movement than Hevey represents. I desire to say in conclusion that I have never played traitor to my comrades and fellow-workers. I have never acted as an agent of the C. M. A., or reported in detail to an employers' organization the minutes or what is done in the London Trades Council, as some traitor is doing at the present time.

Neither have I at any time secured funds under false pretense from my own comrades, or grafted on the labor movement for $500 fees. If Hevey thinks anything of that kind justifies his libel on Ashplant, let him fetch out his evidence and peddle it around No. 4 ward.

Regretting the need for this defence.
HENRY B. ASHPLANT.

BOARD OF EDUCATION

council's bluff," declared Trustee Eggett.

Overworked Nurses.

A suggestion that the additional school nurse decided upon by the board should not be engaged met with little favor, it being understood that for the past two years the nurses at present employed have been much overworked. It was also stated that the new nurse had already been notified of her appointment, and that it would be impossible to discharge her.

Several items of equipment needed by the different schools were, it was decided, items that could be covered by debenture issues, and these were included in the reductions made.

The item providing for purchase of an auto truck for delivery of school supplies was retained, the cost of maintaining the present car, which has been in use six years, being as heavy as the cost of a new car.

Teachers' Salaries.

During the discussion of teachers' salaries, Trustee Rowe pointed out that it could not be said that the teachers had not been given increases this year, and suggested that in view of the situation it might be well to withdraw the promised additional increase, an amount of about $28,000, equal to about half a mill, for this year. "I do not see any other way of getting over the difficulty," he said; "in fact, if I were selfishly minded, having one of my own family amongst the teachers, I might well be expected to advocate the increase."

It was pointed out that even if this were done it would only mean a reduction of about one mill on the tax rate, while the council had asked for a cut of two mills. It was also declared that sixteen cities and towns are paying more to their teachers than London is.

How They Get 'Em.

Mrs. Tanner stated that while attending the meeting of the Ontario Educational Association at Hamilton she had often heard it remarked, "We can always get good teachers from London by offering one or two hundred dollars more than they pay there."

Protest was made against the charge of the city council that the board was extravagant, the trustees maintaining that the board was operating on the lowest possible amount of money to assure efficiency of teachers, buildings and schools.

NEW SYSTEM

may combine distinctive features of two or more general classifications. Whenever this is the case, the classification should be such as will conform most nearly to the circumstances of the case.

"Neither is it imperative that strict attention be paid to the number of stories, further than to state this fact correctly in the report, the determining factor in classification being excellence of construction, appointments, finish and general desirability, rather than the height of the building. For example, a one or one and a half story bungalow may be equally as well constructed, and, in other respects, equal to a full two-story dwelling, and, if so, may properly be placed in the classification to which the essential features most nearly pertain.

"Whenever the rooms in any dwelling are extra large, or the appointments or finish exceptional, an addition to the ordinary valuation factor, in harmony with the exceptional circumstances of the case, will be in order.

"Duplex dwellings, being of greater utility and more costly than ordinary dwellings of the same class, also require special consideration.

"On the other hand, attached dwellings and terraces, as a rule, are somewhat less costly than detached dwellings, and as a consequence, some reduction in the valuation factor, in harmony with the circumstances of each case, may be made.

"In all special cases give reasons for special treatment, under head of "Remarks," when not otherwise detailed."

Business properties are also classified according to their construction. Four divisions are made for banks. A similar number are drawn up for hotels. Office buildings come under two heads, while stores are classified in six sections. Warehouses are valued under three different heads, as well as factories. In the case of stores, warehouses and factories floor space is taken into consideration and assessed at so much a square foot. Appraised factors furnished the assessors do not represent the present abnormal cost of construction, but rather approximately 70 per cent of what may be considered the probable cost under normal conditions.

Equalizing Assessment.

The tables relating to assessment in June and November last year show that during June there were 111 sales, involving less than $2,500 each, and totaling $164,267. The assessment on these was $106,878, or 65.06 per cent. There were 71 sales in which the price was between $2,501 and $4,000, totaling $235,892. The assessment was only $139,525, or only 59.14, as compared to 65 per cent on the lower-priced lots and buildings.

There were 51 sales of property at $4,001 to $7,500, and totaling $268,880. The assessment on these was slightly lower than on the two previous classes. It was $156,730, or 58.28 per cent. Sixteen sales of property at more than $7,500, and totaling $181,225, also showed a slightly lower percentage to previous classifications. The assessment on them was $105,050 or 57.96 per cent.

The sales included 36 vacant lots, the aggregate consideration for which was $38,222, assessed for $32,853, or 85.93 per cent.

Under New System.

That equalization of assessment to a great extent was brought about by the new system is shown by the record for November. This month in the first classification, sales of less than $2,500, there were 46 sales for a total consideration of $68,115. The assessment totaled $44,065, or 64.69 per cent. In the second class, sales of $2,501 to $4,000 there were 48 transactions, involving $159,650. The assessment of these was $92,490, or 57.93 per cent.

In the third class, transactions involving $4,001 to $7,500, there were 36 sales during November, for an aggregate amount of $194,150. The assessment on these was $121,400, or 62.52 per cent. This is considerably higher than the percentage of assessment on the same class in June. The final class, $7,501 upwards, showed only five sales, for a total of $105,450. The assessment was $72,990. This is a percentage of 69.13 per cent, which is noticeably higher than the percentage of assessment for the same classification in June.

Comparison shows that the average percentage in June was 57.96, while that for November, with the new system in force, was 62,75. The average for the two months was 60.91. Vacant lot sold during June and November aggregated 50, for $54,557, with an assessment of $32,853, which was 779.6 per cent.

GRAIN.

Chicago, March 14.—Considerable strength developed in the wheat market today, owing largely to word of export buying at the seaboard. Scantiness of rural offerings tended also to lift prices. Demand here, however, was confined almost altogether to the shorts. Opening quotations, which varied from unchanged figures to 2c higher, were followed by reactions from initial top figures.

Corn reflected the action of wheat. After opening unchanged to ⅝c up, the market steadied, with part of the extreme gain lost.

Oats were firmer with other cereals, starting ¼c off to ½c higher, and hardening all around before beginning to react.

PROVISIONS.

Chicago, March 14.—Provisions showed weakness as a result of free selling on the part of commission houses.

NEW YORK STOCK EXCHANGE.

New York, March 14.—Wall Street, Noon.—Oils rallied during the morning on reassuring advices, Mexican Petroleum covering 2½ points and Panaman 2 points. The rebound was further sustained by short covering in Atlanticulf, Central Leather, American Tobacco, Studebaker and specialties, notably Stromberg Carburetor and Famous Players, common and preferred. Those issues rose a point or more over last Saturday's final prices. Rails were dull but steady for the most part, although reports submitted over the weekend disclosed further reduction of tonnage and earnings. Conditions in the money market were unaltered, call loans opening at 7 per cent, and exchange was firm.

THE BY-ELECTIONS.

The Meighen Government has good reason to feel anxious over the three by-elections for which the writs have just been issued. With its present reduced majority, the Government cannot afford to lose a seat, from the standpoint even of maintaining itself in the House. But there is also the political effect upon the country of future defeats to be thought of, especially when defeats in recent contests suggest the idea of a weakening ministry. Hon. Arthur Meighen inherited a good many handicaps when he took over the leadership from Sir Robert Borden, and a number of the most serious handicaps were within the cabinet itself. The lamentable part of it, from the standpoint of the premier, and, indeed, of the country as well, is that the misfits in the cabinet are still there, and the Government is afraid to start a reconstruction because of the risk of losing yet further seats.

Under our system of government the party in power needs a respectable majority to carry through its program of legislation. If it lacks this necessary majority too much time has to be given to "safety first" tactics, to the preservation of its own life. That is the situation in Canada today. There are departments of government that are being inefficiently managed, and common sense dictates that a change should be made. But it cannot be made today, because the prime minister is afraid to take the chance. So the inefficiency goes on that the party fortunes may be kept secure.

The Meighen Government cannot but be considering seriously the question of an election this year. It has been a tradition in Canada that a government which allows itself to get into its fifth year of office before bringing on an election is apt to fare badly. The old Tory administration before 1896 tried it and were swept out of power by Sir Wilfrid Laurier. There is some advantage to a party in choosing the time of election rather than having it forced upon them, as was the case in 1896.

If there is to be an election this year it may be looked for about September after the harvest. The Government may be hoping that by that time there will be some improvement in general economic conditions, as well as the optimism that a good harvest goes far in creating. If there is no election this year it is because the Government feels its present case hopeless and rests all on the chance that 1922 may offer some new condition that promises better luck.

THAT "HORRORS" MEETING.

New York pro-Germans and Sinn Feiners a few days ago held a meeting in Madison Square Garden billed as "Horrors of the Rhine." The object was to put on the Allied troops atrocities similar to those of which the Germans were guilty during the invasion and occupation of Belgium and Northern France. The strange part of the affair—if the reports carried in all the New York newspapers was correct—was that there was not presented a single definite outrageous conduct on the part of Allied soldier or soldiers. Not one specific instance of brutality towards a woman was mentioned. Neither was there mentioned a specific accusation, trial or conviction. The various speakers, amongst them an American infantry commander, loudly declared they had all kinds of evidence to back up their charges, but not one iota of it was presented to the audience. One would naturally expect these gentlemen, who were "boiling over" with indignation at the "Rhine horrors," would have given some concrete cases. But of dates, figures, names, there was nothing. The charges took the form of general sweeping statements that no reasonable person could accept as conclusive. The whole affair was bunk, pure and simple—a silly attempt to stir up hostility and hatred between America and the Allies. It is worth recording only because it illustrates the desperate, if foolish, attempts being made to stir up strife between the Allies and America, with the object of helping Germany to escape chastisement and the Sinn Feiner to carry on rebellion.

BEARDS OF THE MIGHTY.

Messrs. H. G. Wells and G. B. Shaw have been having some fun with the beards of Karl Marx, Bakunin, and Mr. Hyndman, the English Socialist. So far has this blasphemous generation proceeded. Probably when beards were more fashionable, 50 years ago, no such pleasantries would have been allowed.

Mr. Wells sees something intentional in the godlike beard that Marx grew, and avows that he would like to have shaved him for his presumption. Bearded Wells is more Shavian than Shaw, and perhaps may be envious of even the dramatist's beard, which is dubiously between patriarchal and Mephistophelian. More like Jehovah in Blake's "Job" is Mr. Hyndman, thinks Bernard Shaw; in fact, "it is difficult to believe that he is not the original, and Blake's picture the copy." But Shaw acquits Mr. Hyndman of any intentions in the matter.

Twitting Wells with his lack of whiskers, Shaw is not too proud of his own. "My beard is so like a tuft of blanched grass that pet animals have nibbled at it." So Shaw nibbles at Hyndman, and at William Morris, too, the socialist of the 90's. Morris's beard, he says, was more Jovian than Jehovan. Wonderful, the beards of these socialists; even Nikky Lenin has a nasty, little ugly one. While poets run to top, like Bliss Carman, the revolutionaries rejoice in Spanish moss, "with beards that rest on their bosoms."

BRITISH FINANCES.

Official returns of the British treasury received by the foreign information department of the Bankers' Trust Company of New York, indicate that the chancellor of the exchequer had, at the end of February, approximately £200,000,000 toward the surplus of £234,000,000, which he planned to apply to national debt reduction out of the present fiscal year's revenue. The year will end with the current month, which is a period of heavy receipts and disbursements by the British treasury.

The question, therefore, is whether the final month's returns will add to or decrease the present surplus of revenue over expenditures. Reference to the returns for the final month of the last fiscal year is not a sure index of what may be the result this year. It is interesting, however, as showing the heavy year-end receipts and expenditures by Great Britain. The revenue during March, 1920, amounted to £288,000,000, while expenditures were £319,000,000, thus exceeding the month's income by £31,000,000.

Entering the final month of the last fiscal year the British treasury had received 87 per cent of the estimated revenue for the year, and had expended 82 per cent of the estimated total outlay. In the full returns for the year the revenue exceeded the estimate by 10 per cent, while the expenditures were less than 2 per cent above the estimate. Compared to that showing of revenue and expenses the treasury in the first eleven months of the present fiscal year received 84 per cent of the estimated total national revenue and spent 80 per cent of the amount estimated as the total national expenditure for the year.

MARCH.

[Whitelaw Saunders.]

In rags and tatters, a frowsy old dame,
She rides the wind with mad, wild cries,
Above the seas and bare, brown plains,
In flashes of sun, in cold, grey rains,
She taunts Old Winter, who slowly dies.
With patches of blue in the cloud-sown skies;
She scourges Spring who begs on her knees.
A boon for her children, a soft, warm breeze.
Then off she goes with a delirious laugh,
To her cave in the rugged mountain towers;
A-glee with the blasted hopes of the world,
The world a-smile with the first spring flowers.

EVERYTHING

A SONG OF HOME.

[Florence J. Hadley.]

Here is my kingdom—here within these walls;
Such narrow walls, and yet they bound for me
The whole wide world—north, south and east and west—
The highest mountain top and farthest sea.

A little kingdom, bounded by four walls,
And yet within its narrow space I see
The tender eyes of him my heart calls king,
A little child who waits beside my knee.

A lowly kingdom, yet 'tis set about
With moat and wall and guarded battlement,
By whose strong walls the warder, love, keeps watch
Over my little kingdom of content.

What matters, then, the burden of the day?
Dear heart, what matters anything to me,
If I can touch your hands at eventide
And hold a little child upon my knee?

A THING OF BEAUTY IS A JOY FOR EVER.

[John Keats, in Endymion.]

A thing of beauty is a joy for ever;
Its loveliness increases; but still will
Pass into nothingness; but still will keep
A bower quiet for us, and a sleep
Full of sweet dreams, and health, and quiet breathing,
Therefore, on every morrow, are we wreathing
A flowery band to bind us to the earth,
Spite of despondence, of the human dearth
Of noble natures, of the gloomy days,
Of all the unhealthy and o'er-darkened ways
Made for our searching; yea, in spite of all,
Some shape of beauty moves away the pall
From our dark spirits. Such the sun, the moon,
Trees old and young, sprouting a shady boon
For simple sheep; and such are daffodils
With the green world they live in; and clear rills
That for themselves a cooling convert make
'Gainst the hot season; the mid-forest brake,
Rich with a sprinkling of fair muskrose blooms;
And such, too, is the grandeur of the dooms
We have imagined for the mighty dead;
All lovely tales that we have heard or read;
An endless fountain of immortal drink
Pouring unto us from the heaven's brink.
Nor do we merely feel these essences
For one short hour; no, even as the trees
That whisper round a temple become soon
Dear as the temple's self, so does the moon,
The passion posey, glories infinite,
Haunt us till they become a cheering light
Unto our souls, and bound to us so fast,
That, whether there be shrine, or gloom o'ercast,
They always must be with us, or we die.

THE GENESIS OF A GREAT LINE.

[From Sir Sidney Colvin's "Life of Keats."]

One evening in the twilight, the two students, sitting together, Stephens at his medical studies, Keats at his dreaming, Keats broke out to Stephens that he has composed a new line:

"A thing of beauty is a constant joy."

"What think you of that, Stephens?" "It has the true ring, but it is wanting in some way." . . . An interval of silence, and again the poet:

"A thing of beauty is a joy forever."

"What think you of that, Stephens?" "That it will live forever."

OTHERS' VIEWS

SHOULD BE EMPHATIC.

[New York Times.]

Desirous as must be every good American that the meeting in Madison Square Garden, arranged for the evening of March 18 as an antidote and reply to the abominable "Rhine horror" assemblage of public enemies, should be a great success, it is impossible not to feel a little uneasy about it—to feel just a shade of doubt as to the possibility of filling the Garden for such a purpose.

That is not because of any question as to the sentiments entertained by a huge majority of New York's inhabitants in regard to the British and the French, and especially in regard to the Germans. But most Americans are so sure of their patriotism that they are not much inclined to make public confession of it; indeed, they not infrequently see something approaching affront, or even insult, in a demand that they make such profession.

That probably is super-sensitiveness, but it is entirely natural and too common to be condemned off-hand. This feeling may result in something less than a full attendance at the proposed meeting, but so vehement was, and is, the indignation aroused by the utterances of the German and Sinn Fein propagandists that these apprehensions may turn out to be entirely groundless. It certainly is to be hoped so, for unless the Garden and the surrounding streets are thronged by 100 per cent Americans on the evening selected for the counter-demonstration, our alien residents surely will draw from that fact, and loudly proclaim, the conclusion that they speak for the United States, when they denounce as atrocious the conduct of France, demand the destruction of the British Empire, and exalt the virtue of Germany.

WHY MILK COSTS SO MUCH.

[January Pictorial Review.]

No wonder milk costs so much. The price may be high—but do you ever stop to think, when you buy a quart of milk, that you are paying interest on the farmer's investment in his cows, pasture lands, fences, barns, feed, cans, utensils, cooling equipment, and the cart or truck that carries the milk to market? You are paying the wages of the men who milk the cows, care for the herd, including the calves and bull, clean the stables, haul the feed that is not home-grown, begin work before daylight, and work seven days a week, rain or shine. You are paying for the maintenance of the unproductive part of the herd—the heifers that are to replace the cows lost through old age, accident and disease. The average life of a cow is only 6.7 years, and for approximately three years of this she is not producing milk. In order to protect her health, the state authorities may condemn diseased cows, and the dairyman is only partially recompensed for his loss. You are paying the transportation from the farm to your door. Land close to cities is far too valuable to be used for pasturage, and dairy farms are often as far back as 200 miles from their metropolitan market. So the cost of draying and icing must be added to the price. You are buying protection against impure or sour milk. Pasteurization, sterilization of bottles and utensils, refrigeration, and laboratories where the milk is tested, become items in the cost. You are buying protection against a fluctuating supply. The milk output is greatest in the spring, and the surplus in the dealer's hands must either be wasted and become dead loss or turned into some by-product, such as butter, cheese, ice cream, etc., which cannot hope to compete with the specializing dairies. You are paying for lost and broken bottles—each one costs, six cents—for service to customers who buy small quantities at irregular periods, for accounting, administration, inspectors, and the incidental expense of an organized business; but at that, milk is still a cheap food for the money.

Correctness or Prejudice?

(Contributed)

I once heard an intelligent young mechanic assert that "a considerable part of our school and college education consists in reality of a process of acquiring irrational prejudices." This statement is somewhat astounding, but would seem to have enough truth in it to call for serious reflection.

Take the case of the study of the English language. Now, the purpose of language is the expression of thought and feeling. It would seem reasonable that the simpler the language is in grammatical structure the better it is, so long as it is fully adequate to express thought and feeling with clearness, force and beauty. It will be admitted that the English language of today has this quality of simplicity in a high degree, and fulfills measurably well the aforementioned conditions of expression.

This simplicity of structure results entirely from the fact that our forefathers gradually discarded a host of confused and confusing inflections that characterized the Anglo-Saxon mother tongue. Instead of continuing to use a large and complex set of tags to designate the various relations of words to each other in sentences, they adopted for the most part the far simpler and more rational method of indicating these functions by the position of the related words.

It is worthy of note that this most beneficial change took place during a period when Anglo-Saxon scholarship and Anglo-Saxon education had reached its lowest ebb, that is, in the period following the Norman conquest. If it had not been for that event we should still today probably be suffering the disadvantage of having to use a language made in Germany so far as its grammatical character would be concerned. For it is more than likely that the few Anglo-Saxon teachers and writers that survived after the Conquest fought every change in their beloved mother tongue as being evil and corrupt. Yet the changes came in spite of them. "The common sense of most" was in this case more rational than the prejudices of the few, acquired through their education.

As a result of the persistence of educated prejudice at the present day our children are being taught a number of things that are not so in respect to our language. They are taught, for instance, that "a verb agrees with its subject in number and person," whereas, as a matter of fact, most verbs do not so agree. Take our old friend the verb "love." In the ordinary present tense, for instance, this verb has only two forms to go with subjects of two numbers and three persons; that is, two forms instead of the six that would be needed to constitute this so-called agreement. And in the ordinary past tense the verb has only one form for the six different subjects. Where is the agreement here? Where is the wind when it doesn't blow?

Largely because of the prejudice based upon this alleged rule we see the opposition today to the full adoption of the form "don't" as an abbreviation of "does not." Certain learned persons, and some others not so learned, persist in the statement that "don't" is an abbreviation of "do not," and they assert that "as we may not say 'he do,' so we may not say 'he don't.'" This statement would be conclusive as to which form is right if it were not erroneous in three particulars. For, in the first place, we may and do sometimes say "he do" when the expression is intended to be conditional, and is preceded by "if," "though," or "unless." In the second place, the fact that we do not use the form "he do" in the indicative sense is no proof at all that we may not use "he don't." The cases are not parallel. For while "he do" is not used in the indicative, "he don't" is very much used. Finally, "don't" really is an abbreviation of "does not" if we use it as such. Surely we of this generation have as much right to abbreviate "does not" into "don't" as our ancestors had to make the other abbreviation! Let us look around us and in front of us, and not continually behind us.

In the discussion of matters like this the issue is often beclouded by the use of such terms as "right" and "correct," and by the easy assumption that only those persons are "right" and "correct" in the use of language who assert most persistently that they are right. It would clear the air somewhat if we were to say that such and such usages are customary or conventional with this or that set. Then we could leave the application of the term "right" to usages that are not only common, but also highly rational, as, perhaps, for instance, the use of "don't" for "does not!"

FIRST MAPLE SYRUP BRINGS $4 A GALLON

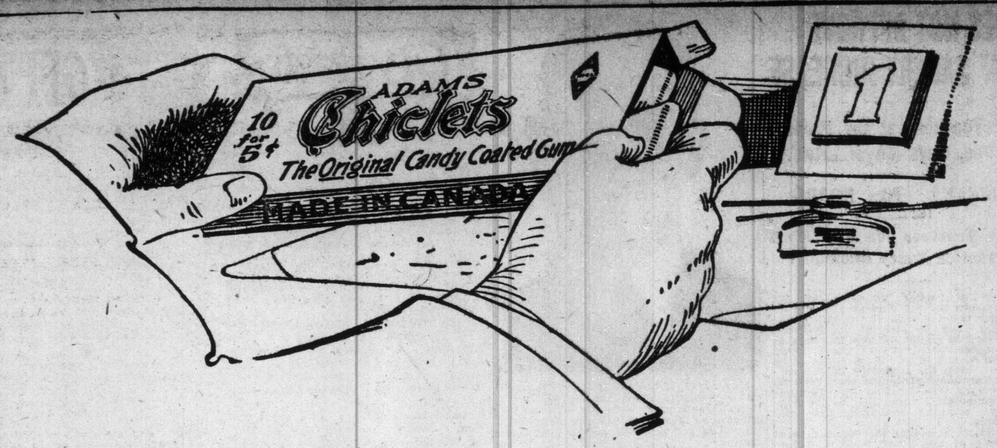

Good Run of Sap Is Reported In Ingersoll District.

INGERSOLL, March 13.—Should the frost remain in the ground for any length of time it is expected that considerable maple syrup will be made in this district. Syrup making is now in progress, and it is reported that there was a heavy run of sap on Friday and Saturday. A small quantity of syrup, the first of the season, it is stated, was sold for $4 per gallon. It is expected the price will be much lower when the supply begins to reach the market.

Under conditions which indicated much enthusiasm a local council of women was organized. All the women's organizations of the town were represented. Mrs. (Rev.) Donald MacIntyre presided, and an excellent address on the work of the council was given by Mrs. Horace W. Parsons, corresponding secretary of the National Council of the Women of Canada. Mrs. W. A. J. Martin, president of the Woodstock Council, and Miss M. Warren, supervisor of the Woodstock Baby Clinic, also addressed the meeting. The officers elected are: President, Mrs. John E. Boles; secretary, Mrs. William Kirwin; treasurer, Mrs. W. C. Johnston.

TRIED TO SUICIDE.

KINGSTON, March 13. — Nathan Ywanofsky, who was arrested in Detroit, on a charge of illegally selling whiskey, and who is said to have been on bail in $2,000, when he left Detroit and came to this city, attempted suicide when policemen went to his boarding house here on Saturday to arrest him. He cut his throat. He was removed to the Hotel Dieu Hospital in a precarious condition.

Try Chiclets Where You Can't Smoke

Where you can't smoke—try Chiclets. They ease the tension—make the day's work smoother. They relieve fatigue and refresh you wonderfully.

Chiclets are now triply delightful because you have your choice of the world's three greatest flavors—tingling Peppermint, luscious Tutti-Frutti, tempting Spearmint—each one prisoned in the crisp candy-coating which made Adams Chiclets famous.

Most stores sell Chiclets, ten for 5c.

IN SOCIETY

Dr. A. T. Stockwell of Aurora, Ontario, visited his mother in London recently.

Mr. and Mrs. R. H. Dowler have gone to the Bermudas for the next few weeks.

Miss Marjorie Flanders of Winnipeg is a guest with Mr. and Mrs. Fred Brickenden.

Mrs. S. V. Cooke, Wolseley Barracks is in New York visiting her mother, Mrs. Boomer.

Dr. Wallace Matthews of the Children's Free Hospital, Detroit, was a recent visitor in the city.

During her visit in the city Miss Magda Coe was the guest of Mr. and Mrs. Harry White, the Ridgeway.

Miss Eva Lancaster and Miss Muriel Lancaster were week-end guests with Mrs. Harry McNaughton of Walkerville.

Miss Sutherland, head of the Y. W. C. A. residence, Wellington street, is in Toronto visiting her sister, Mrs. Dickie.

One of the most popular functions of last week was the dinner dance held at the Hunt Club on Saturday night, under the auspices of the house committee.

Mr. and Mrs. W. H. Darling of Montreal with their two children, have come to London to reside, and will occupy Mr. and Mrs. C. H. Ivey's home on St. James' street, while Mrs. Ivey is in Montreal.

Mrs. Charlie Ivey, accompanied by her young son, Peter, are in Toronto, where Mrs. Ivey will give a recital under the auspices of the Toronto Conservatory of Music. Mrs. Ivey will then leave for the home of her parents in Montreal, where she will spend the next two months.

Dr. and Mrs. H. H. Bullard of the Western University medical staff, entertained the meds of '23 at their home on Princess avenue, on Friday night last. About twenty were present, the Meds bringing their own ukeleles and guitars, and spending a most delightful evening in music and cards, after which a buffet supper was served.

A jolly little farewell party was held on Friday night at the Y. W. C. A. residence, Wellington street, in honor of Miss Jessie Manson, Miss Gladys Harvey and Miss Stella Pierce, who are leaving the residence shortly. During the evening, the girls were presented with farewell gifts, after which a delightful supper was served.

Mr. Wm. Brown was the host of a most enjoyable theatre party on Friday night, when he entertained about fourteen of his friends, taking them to the Grand Theatre, and later for supper and dancing at Wong's cafe. Those present included Miss K. Collins, Miss F. Dudley, Miss A. Malloy, Miss L. Robinson, Miss E. Brown, Miss F. Morgan, Miss M. Bodenham, Mr. P. Docksey, Mr. E. McIntosh, Mr. G. Kilts, Mr. F. Taylor, Mr. B. Bamsford and Mr. L. Fenn.

The Alexandra school was the scene of a jolly Valentine party on Saturday evening, given by the Women Teachers' Guild of the city, this function having been postponed from February. Among the guests were Mrs. W. A. Tanner and Mrs. John I. A. Hunt of the school board, Mrs. A. T. Edwards, ex-trustee, and the resident Middlesex teachers. The splendid arrangements for this party were carried out under the direction of Miss Mary MacPherson and Miss Stewart.

The St. Patrick's Day dance, which the Western University students are holding in the Masonic Temple on Thursday evening next under the auspices of Meds '25-26, promises to be a delightful affair. The following members of the faculty and their wives will act as patrons and patronesses: Dr. and Mrs. A. J. Slack, Dr. and Mrs. Paul S. McKibben, Dr. and Mrs. Nelson George, Dr. and Mrs. J. W. Crane, Dr. and Mrs. K. P. R. Neville, Dr. and Mrs. A. J. Grant, and Prof. and Mrs. A. D. Robertson.

The big reception rooms on the lower floor at the Western University arts building were the scene of an altogether delightful tea on Saturday afternoon, when the women of the freshmen year entertained in honor of the other women of the college. Rose-shaded lights, rose streamers and quantities of spring flowers transformed the rooms, into which had been brought rugs and comfortable chairs and tables, while candles everywhere glowed softly. Mrs. Louis Wood and Miss Mary Manley officiated at the tea table. During the afternoon a delightful musical program was furnished.

ROBINSON—LOCKWOOD.

In this city on January 28, 1921, Rev. J. T. Morris, pastor of Askin Street Methodist Church, officiated at a pretty wedding, when Miss Sadie Alice Lockwood, only daughter of Mr. and Mrs. D. B. Lockwood of Delaware, became the bride of Mr. Frank Harold Robinson, youngest son of Mrs. Wm. Robinson of Toronto. The bride was attended by Miss Cora Smith of London, while Mr. Fred Andrews, a college chum, acted as best man. The young couple will spend their honeymoon in Toronto and points east, and intend to return to Delaware for the summer. After October 1 they will be at home to their friends at Melville avenue, Toronto.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

CLOTH FIBRES.

All cloth is made by the interlacing or weaving, in some way, of yarns, which are made by the twisting of one or more kinds of fibre. The four fibres most used are cotton, linen, silk and wool. These are divided into the two general classes, vegetable, that is cotton and linen and animal, that is silk and wool. The value of a fibre depends upon the four qualities of lengths, strength, elasticity, and curl.

In modern manufacture an almost infinite complexity of materials has been developed from these four basic fibres, and both women who make their own clothes, and those who buy clothes ready made need to know some things about this development in textiles. They should know the names and qualities of the stuffs of which their clothes are made, the methods of production and manufacture, the processes of weaving and the results upon fibres, the possibilities of adulteration and its effect upon values, the names, standard prices and widths of staple materials and such things as tape, braid and the like, and their appropriate uses, and lastly they should know and care something about those who produce, manufacture, transport and sell women's garments. Without this knowledge they cannot buy intelligently, nor protect themselves from both receiving and inflicting injustice.

Our children are learning these things in some of our schools. We elders must make up the deficiencies of our education as we can, and learn cotton, linen, silks and wool which we must use every day of our lives, instead of Latin, of which we may have learned something once, but which we have little occasion to use.

FOR LOVE OF BETTY

[BY MAY CHRISTIE.]

(Copyright, 1920, by the McClure Newspaper Syndicate.)

XXXVI.—AN ANONYMOUS LETTER.

Betty, wandering restlessly about the house next day, as a girl in love will do, could settle to nothing. She was much too happy, too excited.

Ought she to tell Aunt Marion of her engagement? She didn't want to have any secrets from that fond, kindly little guardian who had always been so good to her. But Aunt Marion wasn't quite so well this morning—a little feverish, the doctor said. She mustn't be excited.

Betty glanced surreptitiously at her pearl ring. To do so gave her a delightful little thrill. She had removed it from her finger, for there it would certainly have attracted Aunt Marion's attention and wonder—and made the servants talk among themselves. She had slung it on a slim gold chain round her neck, and it lay, securely hidden, beneath her frock.

But every now and then she took it out and looked at it.

Today she must certainly send the promised letter to the donor of the ring. And the moment Aunt Marion was a little stronger she would tell her the glad news. Aunt Marion had liked Jack Trevor immensely. Ah! but of course everyone must like him! There was nothing unusual in that.

Smiling happily to herself, Betty gathered together writing materials and went out to the garden to a shady little nook beneath a horse chestnut tree. Here and in solitude she would set herself to the glad task.

"Dear Jack," she wrote, then paused, wondering if he would think her cold. She had spoken truly when she told him that love-letter writing was an art she had never previously practiced! How did a person set about it?

But she went bravely on.

"It's a wonderful spring morning, and I'm ridiculously happy. Can you guess why?

"I was thinking of you all last night and couldn't sleep. And when at last I did fall asleep I dreamed a most enchanting little dream. Shall I tell you all about it when we meet I think you would be pleased.

"Jack, tell me, what makes a girl fall in love? Do you know? It's the queerest thing, and the most delightful. Everything seems different, somehow. I can't describe it, but it's there. The grass seems greener and the sky more blue and the whole of heaven and earth has a new meaning.

"I wonder if you think me stupid? That worries me a lot. You're so much cleverer than I am. What you can see in me I can't think. Tell me, Jack, does intellect matter very much in love?

"I've been to college, you know—though I didn't tell you. But I never studied very hard. Just being alive and doing things seemed much more interesting. Well, I'm sorry now. Because—if I were clever—you might love me more.

"I want so much to be a real companion to you. Your very best pal, Jack. I'd hate that you should ever be disappointed in me! But you won't be, if I can help it.

"How is business getting along? The woods somehow seem lonely, without you. I couldn't bear to go near the stile today. And yet I'm longing to go there. Aren't girls queer and unaccountable? And yet—perhaps—that's one of the reasons that you care a little bit for me?

"It's quite against all accepted codes that I should write you first! But Jack, you made me do it.

"I can't realize that you're in love with me. It's the happiest girl in all America, who says this! Because I know you're going to help me realize it.

"Jack, you'll never regret the day you fell in love with me.—Betty."

With a contented sigh she placed the quaint little epistle in an envelope.

His address in New York? What was it? The Bachelors' Club?

Yes, she would send it there. How stupid that she hadn't asked him! But she was almost certain that was his club.

She carried her precious letter to the local postoffice, dropping it carefully into the box.

As she was turning away, the old post-mistress called her back.

"A letter for you, from New York, Miss."

Was it—could it be—from Jack? Betty waited till her home was reached before she opened the mysterious missive.

Her young face whitened as she read it. It bore neither address nor signature and was very curt:

"Jack Trevor isn't true to you," it ran. "Come to New York to Room 14, Astorbilt Hotel, and you will see something that will prove this. Believe me, I am a Well Wisher."

Tomorrow—"No Letter From Jack?"

SATURDAY MARKET SHOWS SIGNS OF AN EARLY SPRING SEASON

Maple Syrup May Be Scarce —Now Selling At $1 Per Quart.

A trip to the market on Saturday and a chat with the farmers would have convinced the most pessimistic of pessimists that spring is here to stay. There was the evidence of the Lobo man who saw wild ducks going north on Saturday morning, and who has already recognized his old friends, the song sparrows and meadow larks, not to speak of robins and blue birds. There was the evidence of the man who brought in his 1st allotment of maple syrup and was selling it at $1 a quart because it was the first run and difficult to secure. There was the evidence of the man who shook his head when questioned about a further supply of this delicious sweet, and mentioned something about the buds being already sprouted in many districts and the sap well up the trees. A more cheerful market man thought that a few cold days and then a warm spell would bring in a plentiful supply of syrup, and that probably next Saturday would be the big day for this product of spring. However, altogether, it would seem that this year home-brewed maple syrup would be a doubtful quantity, but that spring is here in all its glory, whatever the syrup.

Salad Things.

Salad things were also beginning to be apparent on the Saturday market. Scarlet radishes at 8 cents a bunch and spring onions at 5 cents, or three bunches for 10 cents; parsley, in fresh-looking bundles, and even mushrooms, which sold at 35 cents for a small fruitbox, partially filled, were there. Spring plants no longer were afraid of the cold and blossomed forth, great wagon-loads of them—fragrant freight at quite reasonable prices. There were Easter lilies, cyclamens amany, freshly-springing ferns, primroses, jonquils, daffodils and scores of others, all crying out in their beauty to be bought.

Absence of Poultry.

In the dairy house there was marked absence of poultry, but butter went for 65 cents, and eggs at 45, while a whole soup plate full of foamy cottage cheese could have been purchased for the small sum of 25 cents. The City Fish Stall was continually surrounded with housewives, for inside was a quantity of fine-looking frozen fish—whitefish, selling at 16 cents; salmon, at 15 cents; plaice, at 13 cents, and herring at 14 cents.

A further survey of the market found splendidly-kept Spies at $1.25 a bushel and Greenings at $1.20, while potatoes could be bought for $1.10 a bag. Celery was very scarce, and sold at from 15 to 20 cents a small bunch.

Over near King street a lively auction sale in progress put the finishing touch to a typical early spring market.

Club News

TALBOT STREET M. C.

An interesting play to be presented by members of the Wortley Road Mothers' Club will be a feature of the program offered at Tuesday's meeting of the Talbot Street Methers' Club. Another feature will be a booth, at which will be sold marmalade and home-made candy.

WESTERN U. LIT.

Next Wednesday evening's meeting of the Western University Literary Society promises to be exceptionally interesting, as on that occasion four of the students will present Bernard Shaw's "Dark Lady of the Sonnets" preparatory to presenting it before the London Drama League on Friday evening next.

LONDON DRAMA LEAGUE.

The next meeting of the London Drama League will be held in the auditorium of the Ryerson school on Friday, March 18, when four students from Western University will present Bernard Shaw's "The Dark Lady of the Sonnets." Those taking part in this little one-act play are Miss Ann Beckton, Miss Helen Talbot, Mr. Cecil Carrothers and Mr. Webb.

The Drama League committee appointed to arrange for the presentation of a play in the city some time this spring, have practically decided on "Fanny and the Servant Problem," which promises to be one of the finest amateur products yet staged in the city.

TWO MANITOBA WEDDING ANNIVERSARIES RECALL WESTERN ONTARIO DAYS

GOLDEN WEDDING.

Mr. and Mrs. David Potter of Crystal City, Manitoba, celebrated the fiftieth anniversary of their wedding on Feb. 28, a big celebration taking place at their home. Mr. Potter was born in 1846 in Waterloo County, Ont., and Mrs. Potter in 1851 at Clinton, Ont. They were married at Clinton, Ont., in 1871, and resided there until 1882, when the family went to Manitoba and began farming near Crystal City. Years later Mr. Potter retired from farming and entered into the jewelry business. Three sons and three daughters are in the West, and Mrs. Lawrence, a daughter, lives in London, Ont.

67TH WEDDING ANNIVERSARY.

Mr. and Mrs. F. W. Stevenson, for many years residing near Harding, Manitoba, recently celebrated the 67th anniversary of their wedding. The family went from Western Ontario to Manitoba in 1882, the father having preceeded them two years. They settled on a farm two miles south of Harding years before there was a railway in the district. For 30 years Mr. Stevenson has been postmaster of Millview, Man. He is still a regular attendant at the Anglican Church services, although 97 years of age, his birthday being March 1. He spends the winter in British Columbia, but spends his springs, summers and autumns on his farm near Harding. In his early days he was for many years friend of the late Timothy Eaton of Toronto. The number of grandchildren and great grandchildren is now 89.

Cynthia Grey's Mail-Box

Look only at the bright side of life, talk only of good qualities in others and think of those things that are lofty and true.

A Birthday Cake.

Dear Miss Grey,—This is my first visit to your Mail-Box. I will be 10 years old the first day of spring, and mother says I can have a small party. Would you kindly send me a recipe for a small birthday cake, not too expensive? Streak of Misery wants to know why her letter was not published. We enjoy reading your page, and it is the first thing I look for when I open the paper. Well, good-night, Miss Grey.

TIDDLY WINKS.

Ans.—Here is a simple recipe for a cake which I think you might use for your birthday cake: One egg, three-quarters cup sugar, three-quarters cup milk, one tablespoon butter, one cup flour, two teaspoons baking powder. I do not remember Streak of Misery's letter, but possibly she will see it at some later date.

Betty Gordon.—Thank you for the hospital mite. Am mailing pattern and sachets.

Mrs. F. A. W.—Thank you for mite. Am mailing pattern and sachet.

Streak of Kindness.

Dear Miss Grey,—I see by the paper where some of your Mail-Box friends have received help, so I am coming for some too. I know of a family who are very poor; the mother has a very hard time getting things for the two children—a boy two and a half and a baby girl three months. Could any of your readers send a few clothes and I would be very pleased to give her the things. I am leaving my address with Miss Grey.

STREAK OF KINDNESS.

Ans.—If anyone wishes to help this family, they may have Streak of Kindness' address from the Mail-Box.

Hist-o'-Hist.—Am mailing you a sachet. Many thanks for mite.

Folly.—I am quite sure you did not. But I would not make a habit of acting this way. Under the circumstances I think I would have walked.

Robin Redbreast.

Dear Miss Grey,—As it will soon be time to hear me chirping around outside again, I thought I would let you know that I am still existing, and will only be too glad to perch on your window one of these nice mornings and sing you the sweetest song.

Will you please send me one of the sachet bags Thistle has so kindly offered? Also some pansy seed. If you haven't pansy, any other kind you have on hand, please.

Is Ura Kidd really married, Miss Grey? She did not mention it in her letter today. Inclosed find mite to help swell the fund.

ROBIN REDBREAST.

Ans.—Early yesterday morning I heard your namesakes singing their praises, but as yet have not even had a glimpse of them, but I do not think we will have to wait very much longer for these heralds of spring. Am mailing you a sachet and seeds. I think we have been misinformed regarding Ura Kidd's marriage.

A Little Princess.

Dear Miss Grey,—The wanderer has returned just to thank Shepherdess for her mite towards our family, also June Roses for her parcel, which I have not received as yet, but saw she was sending it.

Since I last wrote, a little princess has arrived at our house to play with her little brother. She certainly is a darling—long, black, curly hair and blue eyes.

I will take up no more room this time, dear readers all. Yours as per usual,

PICKLE FACE.

Ans.—I trust the parcel has reached you by now, Pickle Face. Congratulations. I am quite sure your baby is a perfect darling.

After Thistle Housecleans.

Dear Miss Grey,—I am returning the sleeper pattern, for which I thank you very much. I will send another lot of bags in after my housecleaning is done, if they are still wanted. THISTLE.

Ans.—Yes, there still seems to be a great demand for the little lavender bags, Thistle. Aren't they lovely, readers, to lay away in dresser drawers and the hope box? The Mail-Box Corner has the aroma of a linen chest these days, which is a very refreshing change from the former fragrance of my glue-pot. So if you have time, more of the sachets will be very welcome, as there are a number of Boxites waiting for them.

WESTERN ONTARIO BOYS AGAIN VICTORS OVER CRACK BALTIMORE TEAM

Huge Crowds See Big Dual Meet At Armories Saturday Night—Moody of St. Thomas Outstanding Star of the Whole Night With Three Firsts—Western "U" Lost To Varsity Basketball Five.

West Ontario athletes at the armories Saturday night repeated their triumph over the Baltimore scholastic indoor track team, with five points to the good on a 41-36 final reckoning, in a meet that made anything of the kind attempted before in the city's history, and especially in track events, sink into anaemic insignificance.

Moody, the little St. Thomas sprinter, who made the journey to Baltimore as an additional man, but who did not get placed in the events there, came back Saturday night as the outstanding star of the meet, shoving in three first, all against fresh men, as his remarkable share in an all-round wonderful performance on the part of the Western Ontario representatives. Baltimore sent their best—their performance attested to that, and the best they had from 1,500 boys, under constant professional coaching—but natural and almost untutored athletic ability breasted the tapes a winner.

The armories was packed as tightly as it could be packed and still leave room for the athletes, with a crowd that started out to spend a two hours of unenthusiastic watching and twenty minutes of yawns with a cheer here and there, but events moved so fast and the finishes had them so tense, that they shortly turned into a howling, neck-craning mob—a splendid tribute in themselves to the success of Western University Athletic Association's venture in the huge undertaking of consolidating the secondary schools of Western Ontario into one big interest centre for school athletes on the one hand, and on the other raising intellectual standards with widespread competition in literary fields.

Western University and Varsity basketball teams with their intercollegiate fixture, which went to the Blue and White five on a 36-22 score, was the final effort of the night that made the meet the wonderful success it was.

Ahead Early.

The Western Ontario athletes, by taking the 65-yard, 880-yard, 220-yard and broad jump, put themselves beyond the reach of the Baltimore cracks. Moody's performance in the 220-yard sprint, furnished the best thrill of the evening, when he threw off the whole crowd just yards from the tape.

Adams, the Brantford boy, who did well in the spring meet, clinched things with his win in the jump, with a 9-foot 4¾-inch story by the tape line.

Here the program was suspended while Mayor Little presented the relay team members with medals, engraved with the city of London coat-of-arms as a token of London's appreciation of their work in Baltimore in breaking a world's record; rings to Muir of St. Marys, Galloway of Woodstock College, and Moody of St. Thomas, the sprinter, and a ring to Professor Mel Brock, to whose powers of organization and unfailing energy, his worship attributed the whole idea of these meets and the subsequent success they had attained!

Professor Brock replied for the team members and received a tremendous ovation from the crowd.

The mile and the mile relay events, the last two events, went to the visitors, although Cade, the St. Marys boy, kept Western's lead respectable by getting a second place in the mile.

In this affair Baltimore had two out in front until the seventh lap, when Stevens came up to relieve Cade, sticking right to his heels, slightly ahead in the bunch that made second place the only thing not sure about the finish. He had feet to spare at the tape.

Relay Team Patched.

The mile relay, the feature event of the card, found Moody and Cade unable to go any further, and the team lined up: Galloway, Adams, Nunan and Jenkins. It ceased to be the feature event after Galloway, in his sprint, had left Adams with a ten-foot margin against Zellinski, the second Yank. Zellinski stretched the Baltimore lead to a good 30 feet, and the best Nunan could do was hold W. Whiteford to it. W. Whiteford never faltered in his turn, although Jenkins gained ten feet in the first lap and threatened in a 40-foot sprint in the second lap to cut it down still more. The Baltimore lad got some of it back in the last lap and finished in 3:45.

The Results.

55-Yard Dash—Moody, St. Thomas; Deeley, London; Newman, Baltimore. Time, 6 2-5.

880-Yard Dash—Max Muir, St. Marys; Spinney, Baltimore; Lawrence, London. Time 2:21 2-5.

Running high—Zellinski, Baltimore; Clerhorn, London; Adams, Brantford. Distance, 5 feet 2 inches.

220-Yard Dash—J. Moody, St. Thomas; R. Whiteford, Baltimore; Newman, Baltimore. Time, 37 2-5 seconds.

Broad Jump—W. Adams, 9 feet 4¾ inches; H. Deeley, London; Nash, Paris.

440 Yards—R. Whiteford, Baltimore; W. Whiteford, Baltimore; Jenkins, Paris.

WESTERN BEATEN.

Western U. failed to make it a tie group, when they lost to Varsity, 36—22. After Western had scored twice in the opening minutes, Varsity drew even and then ahead, and were never caught for the rest of the game.

The first half was speedy throughout, both fives making an equal number of misses. Varsity scored baskets that made them look either awfully accurate on the baskets or very lucky, and passed well. Western couldn't break away to shoot, but McGeoch scored three times from defence to offset the attack failure of the forwards. The half score ended 22—18.

Western did much the best work in the last half, but repeatedly missed shots after working well in. Varsity contended themselves with shooting from away out, and the breaks were with them at the longer ranges, even more than they were at the close-up stuff.

The line-up:

U. of T.		Western U.
Stewart	L. F.	Cline
Smith	R. F.	Callahan
Burgess	Centre	Wainwright
Code	L. D.	McGeoch
Cosgrove	R. D.	Simpson
McDougall	Spare	Beemer
Capele	Spare	Sifton

Referee—A. T. Taylor.

Baltimore Team Won At Hamilton, Claim

The Baltimore team went back to Hamilton yesterday. Saturday night after the meet they claimed to have split even on their Canadian tour, and that they really had a two-point victory in Hamilton.

"They put the pole-vault among the events down there," said one of the team members, "although our officials had told them that we would be unable to enter the event because of the fact that pole-vaulting is barred by the Maryland State Athletic Commission. Naturally they won all the places in the vault, giving them eight points, and six points' margin on the total."

At any rate, the visitors expressed themselves as well pleased with the treatment extended to them here, both from the citizens and the Western Athletic Association, in the matter of adjustments about the events on the program.

They were a fine, clean bunch of athletes, and London would welcome more indoor meets of the kind staged at the armories.

Holy Name Baseball League Formed Here

Senior and Junior Series in New Circuit—Meet On Wednesday.

The Holy Name Baseball League was formed at an enthusiastic meeting of representatives of the Catholic parishes in the city yesterday at the K. of C. rooms in St. Peter's hall. There will be a senior and a junior series, the junior league to be composed of the younger members of the society.

A meeting of all the players from the various parishes will be held this week for the purpose of selecting captains and managers, after which schedules will be drafted.

St. Peter's St. Mary's, St. Martin's and St. Michael's had delegates at yesterday's meeting.

SWISS TEAM WON GRIND.

NEW YORK, March 13.—Oscar Egg and Peter VanKempen of Switzerland won the spring six-day bike race in Madison Square, which ended at 11 o'clock last night. Maurice Brocco of Italy and Willie Coburn of the United States were second, and the German team of Walter Rutt and Willie Lorenza third.

The German riders were lapped in the last few minutes of the race by the other leaders, and although Brocco and Coburn had a smaller point total they advanced into second place. Egg and VanKempen, who had covered 2,316 miles and 2 laps, rolled up 2,236 miles. The Germans had 1,081, and Brocco and Coburn 877.

The record for 143 hours of racing is 2,625 miles and no laps, made by Depuy and Egg in 1915.

SHOOT IN RAIN.

A few members of the Springwood Gun Club braved the rainy weather Saturday afternoon, and turned in some good scores. The following is the result of a 50-bird event.

HOREMANS BEATEN.

DETROIT, March 13.—Welker Cochran of San Francisco defeated Edouard Horemans, European champion, in a 3,600-point 18.2-balkline billiard match that closed here last night. The final score was: Cochran 3,600; Horemans 3,505.

These Four All Did Bit

Galloway

Nunan

Cade

C. Adams, Brantford.

Galloway, Nunan and Cade all were point-getters Saturday night. Adams of Brantford, who was one of the outstanding performers at the spring meeting, came through well in the broad jump, and then jumped into the relay race when it looked as if it would have to be defaulted.

With the Majors In the Southland

San Antonio, Tex., March 12.—Each springtime in the Tigers' training camp some individual wins the title of barber's cat.

When Oscar Vitt was a member of the Bengal tribe nobody ever came close to him as a magpie, and Oscar was in turn succeeded by Ralph Pinelli, the little pest who did utility work on the infield last summer.

Neither Vitt nor Pinelli ever was quiet unless the heavy hand of Morpheus bore him down, and then it was a tough job to subdue Oscar. For it was conceded that Vitt could snore louder and in more languages than anybody in the big leagues since "Hub" Hart left the White Sox some years ago.

Joe Sargent is going to give everybody a fight for the sobriquet of barber's cat this year, though, if the Buffalo graduate sticks around long enough to get acclimated with his present associates.

Sargent isn't a rowdy in any sense of the word, but just cheery enough to make himself heard wherever he happens to be. Whether it is a plague which afflicts third basemen it is hard to tell, but the last three pests with the Tigers were guardians of the hot corner by their own choice.

In action on the ball field Sargent looks and acts just like Bobby Roth, the oft transplanted outfielder who now is with the Yankees. Only Joe is an infielder and the shrinking violet who started out with the White Sox, and hit every port in the American League but two, plays in the pastures.

Vitt's tactics made him popular with all of the Tigers, while Pinelli was hardboiled and brought down a lot of abuse on his head. Sargent cannot get the laughs like Oscar, but neither does he feel obliged to dodge a fist or avoid a kick, as Pinelli was compelled to.

In spite of his effervescent nature, though, Joe gives promise of developing into a great ball player perhaps not as good at the task of taking care of third base as Vitt, but in a large measure much more able than Pinelli.

EASY FOR RED PITCHERS.

Cisco, La., March 12.—While the Cincinnati Nationals and Columbus (American Association) play their series, Pat Moran will continue the practice of working his pitchers three innings each and two catchers will divide the backstop work. When the Reds play a Ranger next week he expects to leave some of the regular pitchers at Cisco each day to work out under the supervision of Ivy Wingo, taking four pitchers and two catchers with him to the oil town.

PERTICA IN CARD CAMP.

Orange, Tex., March 12.—Bill Pertica, the Los Angeles pitcher, has joined the St. Louis Nationals. Pertica had previously been unable to come to terms.

GLEASON SORTS 'EM OUT.

Waxahachie, Tex., March 12.—The pitching talent of the White Sox Club was lined up for inspection today and Manager Gleason expects to pass final judgment on some. It is said, at least fourteen recruits for the box are to be tested.

NO LICENSE FOR BABE.

Shreveport, La., March 12.—"Babe" Ruth is being heaped with honors in Shreveport, La., where the New York Americans are spring training, it was reported here today. Ruth has been presented with a floral bat by high school students. He rides around in an automobile loaned by citizens and is not required to have a license. The usual license plate is replaced by a small sign inscribed "Babe Ruth."

HOLDOUTS WORRY DUFFY.

Hot Springs, Ark., March 12.—The hold-out situation involving several Boston American players is a cause of increasing anxiety to Manager Hugh Duffy. Unless some of the delinquents appear for practice soon, it is said that H. H. Frazee, president of the club, will make a couple of wholesale trades.

MITCHELL AFTER MILLER.

Galveston, Tex., March 12.—Manager Mitchell of the Boston Nationals, in an attempt to round out his pitching staff, has renewed efforts to induce Frank Miller of Bravo, Mich., former pitcher for the Pirates, to join the Braves' staff. Miller has declared that he is through with baseball and will stick to the farm, but Mitchell hopes to have him reconsider.

INJUNCTION AGAINST CUP GAMES IN 'PEG IS THROWN OUT

Judge Rules Court Had No Jurisdiction Over Rules of C. H. A.

WINNIPEG, March 12.—The Allan Cup games will be held in Winnipeg, Mr. Justice Curran this morning disallowing an application from Brandon for an injunction restraining officials form allocating the games to this city.

The application set forth that it was desirous on the part of the Brandon hockey club to have a decision rendered by the executive of the C. A. H. A. as to when and where the games should be played. It was claimed that the time and place had been set by President Sterling, who was exceeding his authority in so doing.

J. Symington, K.C., counsel for President Sterling, argued that the president was within his rights, and that any action that might be taken by the court would be futile, as other officials could, and would, order the games to be played as already arranged.

Rules of the Canadian Hockey Association were quoted and discussed at great length. Mr. Justice Curran expressed opinion that it would be unwise for the court to interfere in this matter. He considers that the plaintiffs failed to come within the law in the case as presented, and it was plain that they had no standing on which to apply to the premier association.

Lacrosse Meeting On the Boards For Wednesday Night

Intermediate Entry With Junior City League Is Planned.

A meeting of lacrosse enthusiasts has been called for Wednesday night at 8 o'clock at Gurd's sporting goods store.

This year the tide of lacrosse revival is spreading westward in Ontario, to judge by the many towns that have again taken up the game and are now organized and ready to start the 1921 season. London enthusiasts of the national game, which has been undergoing almost an exile for the past decade, have made repeated attempts to place the game here, with only fair success, but this year there is more talent about than ever before, and there is every indication that London will be able, with early organization, to get the game going properly.

Intermediate Entry.

An intermediate entry in the O. A. L. A. is planned, and, if possible, either a junior or juvenile league. With the latter in view, Mr. E. H. Johnston, who has always been the greatest booster lacrosse has had in London, last year was able to purchase a big bunch of sticks from Brantford, so part of the equipment will be available if the juveniles or juniors can be started off. The success of the school boys' league of some years ago would indicate that junior lacrosse could be successfully introduced again.

Stratford, St. Marys and London would be a group that should please all the cities concerned. However, if Ingersoll and St. Thomas break into the game, as it is rumored, these cities might be included in a five-team group, which would lend lots of variety.

Guelph is the latest city to take up lacrosse after a long lapse. Down there they are well organized and have lots of material, according to report.

LOCAL BOWLERS FAIL TO GET IN MONEY AT A. B. C. TOURNEY

Maple Leafs Rolled Better Than Nationals—Fox High With 231.

BUFFALO, N. Y., March 13.—Neither of London's two entrants in the American Bowling Congress tournament was able to roll into the money here tonight, but both teams gave a creditable accounting, the Nationals seeting up a 2,529 total, and the Maple Leafs a total of 2,480.

Innumerable splits bobbed up to hold back the Canadian quintet in all their games. The Maple Leafs hit out the best total of any team on the first squad, getting 939 to finish, J. Fox starring with 231.

Doubles and singles events will be rolled tomorrow afternoon, thus giving the visitors another chance at the money. The team scores:

Nationals—				
F. Wilson	164	165	162—	491
P. Mascarl	187	164	185—	536
D. Catalano	179	219	137—	535

"Jack" Beatty Awarded $500 Bonus From Kitchener Club

Kitchener, March 13.—Former Manager J. W. Beatty of the Kitchener M-O League baseball team, has been awarded his claim before the National board against the Kitchener club, which has been ordered to pay to Beatty the sum of $500, as provided in his contract last season if the team finished in the first division. The order of the National board was a big surprise to the local directors, as they were not notified that an appeal had been entered, nor had the club been asked to put in a defense. The club has entered an appeal against the decision of the board, and will carry it to Commissioner Landis, if necessary. It is claimed by the club that the rules and regulations of the National Baseball Association have not been complied with, and the appeal promises to be an interesting one in baseball circles.

PT. ARTHUR TEAM NOW UP AGAINST BRANDON IN THE ALLAN CUP SEMI-FINALS

WINNIPEG, March 13.—Port Arthur North Ends defeated University of Saskatchewan, 4 goals to 2, Saturday night, thus winning the Allan cup elimination round between these two teams, 17 to 6, and qualifying to play Brandon, the cup holders, here Monday and Wednesday.

Carson Scored Eight Goals For Varsity.

MEET McGILL NOW

Phillips, Former Londoner, Again Good For Northerners.

Story of Round.	W.	F.	For	Agst.
Varsity	2	0	18	5
Soo	0	2	5	18

TORONTO, March 13.—(By Canadian Press.)—University of Toronto, senior champions of the O. H. A., defeated Sault Ste. Marie, senior champions of the N. O. H. A., here Saturday night by a 13 to 3 score in the second of the Allan Cup elimination games to decide who will meet McGill University, Quebec Hockey Association champions, on Tuesday. The ultimate winner will play Brandon for the Allan Cup, emblematic of the Canadian amateur championship. Varsity won the first game Thursday night by a 5 to 2 score, and thus the round, 18 to 5.

Varsity, as the score indicates, were much the superior team, their speed and combination completely baffling the Greyhounds. Varsity outscored the Soo team 5 to 3 in the first period, and added five more in the second frame. In the third period Varsity scored three times. "Bill" Carson, Varsity's star centre player, was the shining light of the game, and scored eight out of his team's thirteen tallies. At times he made the Soo team look extremely foolish by his methods of stick-handling. Carson was ably seconded by "Stan" Brown, who played a most effective game and delighted the fans by his scintillating rushes.

Phillips Stars.

Phillips, Fisher and Cook played effectively for the Soo.

In the first period Sullivan missed a grand chance of scoring immediately from the face-off, failing to intercept a pass right in front of the goal. The Soo team looked dangerous for a while, and it was more ill-luck than bad playing that kept them from scoring. Brown electrified the crowd by a clever exhibition of stick-handling, but his shooting was slightly off. Carson and Brown combined for what looked like a sure goal, but Carson's shooting was very inaccurate. Phillips was penalized for holding Ramsay. Varsity had several chances to score, and were finally successful ten minues after play had commenced on a pretty shot that completely baffled Walsh. Phillips tied the score two minutes later on a shot from a mixup in front of the nets. Thirty second afterwards Carson put Varsity in the lead on a shot from behind the net. Fisher did the same trick for Sault Ste. Marie a minute later, when he intercepted the puck and it dribbled in.

Ramsay a minute later put Varsity in the lead again on a pass from Sullivan. Desjardine was benched for holding "Ted" Wright, and while he was off Carson shoved the puck past Walsh for Varsity's fourth goal.

Both Varsity and Soo scored before the period ended, Carson and Cook doing the tallying. First period score: Varsity 5, Soo 3.

Carson and Fisher were both penalized at the outset of the second period, Sullivan scored Varsity's sixth goal in two minutes on a shot from the side. Carson tallied for Varsity two minutes later. In 30 seconds more Carson counted again, making his sixth contribution. Twenty seconds later he scored his seventh goal. Brown scored Varsity's tenth tally on an individual rush three minutes later. Ramsay was penalized for bodying into the boards, and Carson followed him a minute later. They returned, however, before any damage was done, but Brown paid a visit to the penalty box for tripping Fisher.

In the final period Varsity was again superior, and Carson, Wright and Olson each notched another to the already long score. The line-up:

Sugar Beet Growers Claim That Contract Is Entirely One-Sided

Want a New One Made Or Threaten They Will Not Grow Beets This Season—Question Is Left To the Executive To Make Final Arrangements.

[Special to The Advertiser.]

CHATHAM, March 12.—More than 500 sugar beet growers, representative of the 3,300 growers of the province of Ontario, attended the meeting of the Ontario Beet Growers' Association here this afternoon. The 1921 contract of the Dominion Sugar Company, which was sent out to growers recently, came in for scathing criticism.

The meeting was presided over by Harry French of Dresden, president of the beet growers. He stated that it was the desire of the executive to meet the officials of the sugar company and make an attempt to draft a contract that would be agreeable to both the company and the growers. Failing in this, the threat was made that no beets will be grown in Ontario this year.

Claim It's One-Sided.

Commenting on the contract several prominent growers who together own several thousand acres of beet growing land stated that the contract was all in favor of the sugar company, and left the growers "out in the cold." Other growers condemned the action of the sugar company in reducing the price of beets and increasing the price of beet seed, which is 10 cents per pound in excess of the price charged last year.

It was stated during the meeting that a few farmers in isolated sections have signed contracts for growing beets for the company. None of these farmers have ever before grown beets, it was stated.

Left to Executive.

On motion the entire concourse of growers agreed that the 1921 sugar beet contract was entirely unsatisfactory to the growers, and that the executive of the association be given power to take charge of the situation. Their action as to whether beets shall be grown this year will be final.

During the meeting a representative of a farmers' club made the assertion that when the club was buying sugar wholesale for retailing to the members last fall the price paid was $2 more than the price on which their pay for beets was reckoned. The statement was made the subject of lively discussion.

If the 1921 contract is not made out to the satisfaction of the beet growers there is every indication that the beet crop will be exceptionally small this year, and that it may have a very material effect on the price of sugar next fall.

CHECKER MEETS INSTANT DEATH

Reg Emerson of Owen Sound Is Killed At Woodstock.

[Special to The Advertiser.]

WOODSTOCK, March 12.—Reg Emerson, a G. T. R. car checker, met instant death in the yards about noon today. He had been at work in the east yards, and, it is supposed, jumped from between two freight cars directly in front of an express approaching from the West. Emerson's home is in Owen Sound. He was a member of the Oddfellows, and very popular here. An inquest will be held.

ROBBED THE STATION.

THORNDALE, March 12.—Sometime during the night unknown parties broke into the G. T. R. express office here last night and made off with seven cases of liquor and some merchandise. The robbers acted most liesurely, unwrapping a number of parcels of goods and taking from them whatever took their fancy. In addition they made their way into the ticket office and robbed the till of a small amount of money. From there they went to the shed adjoining and taking out a handcar made their way to a point near Pottersburg, where the car was lifted off the track and left. In addition to the station robbery there have been several other cases reported. W. G. Walters had 35 chickens stolen; Miss Henderson lost her entire flock, and Samuel Pardy lost a number. All of these reside on concession 4.

WOULD FEATURE MORE CANADIAN LITERATURE

Authors Want Less Attention Paid to Crime and Scandal.

MONTREAL, March 12.—Moving the resolution before the authors' convention requesting newspapers to give more attention to current Canadian literature and deprecating the attention given to crime, accidents, scandals, etc., Capt. J. V. MacKenzie, M.C., editor of McLean's Magazine, said there was a certain irony in his being asked to do so as most of his journalistic career had been spent in writing on just such topics as had been specified for curtailment. He had also noticed that these topics formed the basis of the most saleable products of the writers of fiction. Capt. MacKenzie thought, however, that more attention on the part of many newspapers to literary matters would prove of real benefit both to the newspaper and to the reader. A good many papers in Canada already gave worth-while consideration to this department.

FATHER McBRIDE DIES SUDDENLY

TORONTO, March 13.—Rev. Dr. Dennis Joseph McBride, rector of St. Michael's Cathedral, this city, died this afternoon from uraemic poisoning. He conducted masses in the cathedral this morning, and at 12 o'clock complained of not feeling well. The end came at 2 o'clock. Father McBride was born in Hamilton, Ont., and was in his 34th year. He was appointed rector of St. Michael's Cathedral in September, 1920. Previous to that he had been on the staff of St. Augustine's Seminary, near this city.

SAYS NO RELIGIOUS WARFARE IN IRELAND

SARNIA, March 13.—Lord Mayor Donald O'Callaghan of Cork, in an address in Port Huron last night, declared there was no religious warfare in Ireland and that there was no possibility of such a thing occurring as long as the Irish people were under the English yoke. Ireland, he said, wants the United States to recognize the Irish Republican Government.

"Ireland was the first nation," he said, "to recognize the independence of the United States, and we are simply asking you to do today what we did one hundred years ago."

ADMITS KILLING POLICEMAN.

SPRINGFIELD, Ohio, March 12.—James White, a young negro, captured shortly before noon by a posse of farmers, several miles north of Springfield, after a running battle, confessed to police that he was guilty of the shooting of Patrolman Joseph Ryan in last night's racial disorders.

GIBBONS PRESIDENT CANADIAN AUTHORS

London Woman Is Chosen As Member of the Council.

MONTREAL, March 13.—(By Canadian Press).—At the second day's session of the Canadian authors' convention the constitution and bylaws of the proposed association were submitted by the committee appointed for that purpose and were unanimously adopted. Thereupon the convention resolved itself into the Canadian Authors' Association. It was decided at once to establish ten branch centres, each under a vice-president, out of the twelve allowed for by the constitution; nine in Canada and one for Canadian authors in the United States. The central offices of the association will rotate between Montreal, Ottawa, Toronto and Winnipeg, being located at each city for a period of three years. Montreal was chosen as the central office for the first three years.

John Murray Gibbons of Montreal was elected president, and B. K. Sandwell, Montreal, secretary-treasurer.

Miss Grace Blackburn, London; Arthur Stringer, Chatham; Bliss Carman, Ralph Connor and Robert Service are among the two dozen members who compose the council.

Supreme Council Discussing Insurance Question With Authorities at Ottawa.

OTTAWA, March 13.—For the first time in its 39 years of existence, the supreme council of the Knights of Columbus of the United States met on Canadian soil, the meeting taking place here this afternoon. In addition to the visiting Americans many Canadians were present, including Rt. Hon. C. J. Doherty, minister of justice; Hon. George Boivin, deputy speaker of the House of Commons; Frank Cahill, M.P., Pontiac, and Hon. Senator Murphy, Prince Edward Island. The members of the supreme council arrived here today from New York. The meeting was private and was preparatory to the conference which will take place tomorrow morning between the heads of the Knights of Columbus and G. D. Finlayson, superintendent of insurance for the Dominion Government.

After the meeting it was stated that the gathering was of the "get-together" sort. There were certain things which it was desirable in the interests of the order that should be pointed out to the Dominion Government, for there is a large membership now in Canada. There are 750,000 members of the order, 210,000 of whom carry insurance. Of these members, 55,000 are Canadian citizens and 5,300 carry insurance. The Canadian insurance amounts to about five and a half millions. The members of the supreme council felt that the importance of this business justified a sort of round table conference, and the result was their trip to Canada. After the conference tomorrow there will be a luncheon at which prominent members of the order will speak.

The party will leave Ottawa tomorrow afternoon about 3 o'clock and will be guests tomorrow night of the Knights of Columbus in Montreal.

CHARLES K. HAGEDORN DIES AT KITCHENER

KITCHENER, March 13.—Charles K. Hagedorn, president of the Kitchener Suspender and Button Company, died at his home here Saturday afternoon in his 63rd year. He was born near this city.

The late Mr. Hagedorn was a member of the city council for several years and was the first chairman on the light commission of this city. He was president of the Kitchener Board of Trade for two years, and an active member of the Kitchener and Waterloo Manufacturers' Association.

A. C. CAMPBELL IS NOW EDITOR OF HANSARD

OTTAWA, March 13.—(By Canadian Press.)—A. C. Campbell, formerly associate editor of the debates in the House of Commons, has been appointed to the chief editorship, vice Thomas P. Owens, whose death occurred recently. Mr. Campbell has been associate editor of debates for many years, and for 25 years a Hansard reporter. Prior to joining the Hansard staff, Mr. Campbell was correspondent for the Montreal Gazette, Toronto Globe and other papers.

PEOPLE DEMANDING CAPITAL PUNISHMENT

COPENHAGEN, March 12.—There is a growing public demand for the reintroduction of capital punishment in Denmark. Death sentences may be imposed by the Danish court, but no criminal has been executed in this country for the last 30 years. In the past, however, there has been an increasing number of murders, and the people declare that more drastic punishment must be decreed by the Government and courts.

COMMITTEES MEET TOMORROW.

OTTAWA, March 13.—(By Canadian Press.)—Committee work will be taken up in the House on Tuesday, when committees will be convened on railways, canals and telegraphs, and a special committee on pensions and insurance. The banking and commerce committee will meet on Wednesday, and the committee on miscellaneous private bills on Thursday.

LITTLE HOPE OF AVERTING STRIKE

100,000 Employees of Packing Plants Have Their Wages Cut.

CHICAGO, March 13.—With more than 100,000 employees in the packing industry in all parts of the United States balloting on a proposed strike, wage decreases amounting to 12½ and 15 per cent, together with a readjustment of working hours, which were announced last week, will go into effect tomorrow.

Both the packers and union officials yesterday agreed to meet James Davis, secretary of labor, who offered his services as mediator, in the hope of averting a strike. Tonight reserves of both sides said that there was little prospect of agreement at the proposed conference.

Union leaders pointed out that the packers in agreeing to send two representatives to Washington had said that "we assume that the justice and necessity of wage cuts will not be at issue. Nor can there justly be any issue in the matter of hours."

According to representatives of the men this left nothing to be done.

"We know that the packers are hoping that some of the men will engage in a runaway strike tomorrow morning," said Denis Lane of the Amalgamated Meat Cutters' and Butcher Workers' Union. "In fact, we are aware that they are aggravating them in an endeavor to incite them to action. But our members will remain at work until such time as the international executive boards has issued strike instructions."

FARMERS EXPECT TO GET ON LAND EARLY

Fall Wheat Is Looking Good in District Around Arkona.

ARKONA, March 12.—A number of maple trees in this district have been tapped, and a good run of sap is reported. The fall wheat appears to be in splendid shape, and farmers are hoping for continued mild weather, as they are all ready for an early season, and expect to get an early start on the land.

Philip Austin has his greenhouse full of young tomato plants and cabbage plants. They are making rapid growth.

Since the ice moved out of the river great numbers of fishermen are busy, and some nice catches are reported.

John Anderson, aged 77, died on Wednesday and was buried Saturday. Rev. C. L. Couzens conducted the funeral service in the Bethel Church. Interment was made in Bethel Cemetery. He is survived by one son and four daughters, Mrs. Allen Thompson, Mrs. George Thompson of Bethel, Mrs. E. Cooper of Strathroy, and Lella, who is home, and her mother.

At Beamer Faulds' milch cow sale on Saturday a herd of 50 was disposed of. Prices were good, averaging $119 per head.

Mr. and Mrs. Frank Campbell have returned from spending the winter in Florida.

The Morningstar Telephone System here has been sold to W. Perry, who takes over the lines July 1, the purchase price being $15,000.

The Government road is being well prepared for the coming season. Much gravel has been placed on it during the last three weeks.

Percy Lawless, former cheesemaker here, has removed to St. Marys, where he has been engaged as cheesemaker for this season.

Mrs. W. J. Clarke, who was operated on for appendicitis in St. Joseph's Hospital, London, is recovering nicely.

The Women's Institute met at the home of Mrs. H. Rook on Saturday. The grandmothers of the institute gave an excellent program consisting of readings, songs and dialogues. The grandmothers were dressed as old timers with their sunbonnets and mother hubbard aprons. They appointed Messrs. A. Oakes and F. Eastman as cemetery committee for 1921.

STRATFORD MISSIONARY IS DEAD IN JAPAN

Message Tells of Demise of Mrs. G. E. Trueman.

STRATFORD, March 13.—J. L. Hess received word today of the death in Nogayo, Japan, of Mrs. Trueman, wife of G. E. Trueman, missionary representative of the Stratford Y. M. C. A. in Japan.

Death from heartfailure came suddenly to Joseph Irwin, aged 38 years, of Dodsland, Sask., while at the home of W. G. Hyslop, a former neighbor in the West. He was on a visit to relatives in the city and had contemplated returning to the West Monday.

Anniversary services were conducted today at Centennial Evangelical Church by Rev. John Dengis, president of the Canada Conference Branch of the Young People's Alliance.

Rev. W. T. Graham of First Avenue Baptist Church, Toronto, preached anniversary services at Ontario Street Baptist Church.

RETURNED SOLDIERS WILL TAKE CENSUS

TORONTO, March 13.—Census takers in Toronto are to be returned soldiers, whether the patronage system prevails or not in the selection of men who are to do the counting, say the local leaders of the Conservative party. The veterans' organizations have been asked to prepare lists of their men who would be fitted for this work and to submit them. There will be a little army of some 500 for Toronto alone.

TWO ARE DROWNED ON WAY TO DANCE

MIDLAND, March 12.—Two young men, Sidney Reay, a returned soldier, aged 22, and Fred McCaw, aged 25, were drowned here last night. A party of 17 were crossing the lake in a sleigh to a dance at Mayor McDole's cottage, when the ice gave way, and they were thrown into the water. Three men on skates had gone ahead of the sleigh, and it was due to their efforts that 15 of the 17 in the party were saved.

VETERANS RE-ELECT SHUTE AS PRESIDENT

BRANTFORD, March 13.—President J. S. Shute of the G. W. V. A. was reelected to office by acclamation, when the veterans met last night. There were many nominations for other offices, and the election will be held in a month's time.

Corporal A. E. Elliott, Wellandport clergyman, officiated at the unveiling of a beautiful memorial tablet in Calvary Baptist Church tonight. The tablet contained the names of 25 ad. Lieut.-Col. M. E. B. Cutcliffe also took part.

CONSTABLE SMITH ACCIDENTALLY SHOT

TORONTO, March 13.—Police Constable Albert Smith was shot in the left side by Police Constable Solon Kydon in a police station in this city Saturday afternoon and was removed to St. Michael's Hospital in a serious condition. It is said Constable Kydon had just finished cleaning his revolver and had put the cartridges back, when there was an accidental explosion, resulting in a bullet entering the body of Constable Smith, who was standing nearby. Policeman Kydon was arrested Saturday night on a charge of criminal negligence. He was allowed out on $5,000 bail.

The bullet was extracted from Policeman Smith's body, and his condition tonight was reported as favorable.

FINANCIAL AND COMMERCIAL

EGG PRICES ARE STILL DROPPING

Retailing On Market at 40 Cents Per Dozen.

Because of County Engineer Charles Talbot prohibiting any heavy loads to travel the country roads during the months of March and April, only one load of hay appeared at the local market on Monday morning. Officials say this will have a serious effect on prices of hay, hogs and grain. Hay was in good demand today, the load selling for $28 per ton.

Two loads of wheat were sold at $2 per bushel.

Potato prices were somewhat firmer on Saturday. The wholesale price was set at 90c per bag, and the retail at $1 per bag. These quotations are expected to rule for the remainder of the month.

Heavy supplies of eggs on Saturday were responsible for a decline in prices. They are expected to go to lower levels before Easter. Wholesale, they brought 38c per dozen, and retail 40c per dozen.

STANDARD STOCK EXCHANGE.

Toronto, March 14.—Trade was light and fluctuations light this morning. V. N. T., the most active stock of the morning, opened at 19½c, and sales of over 10,000 shares failed to bring down the price. Low-priced silver stocks were freely dealt in. Adanac, Bailey and Hargraves totaled 12,000 shares. Lake Shore, opening at $1 17, closed 1c lower at $1 16, while McIntyre closed the morning with a gain of 1c at $1 97. These two were the only stocks in which there were any price fluctuations during the morning.

[Special to The Advertiser.]

WHEAT AND CLOVER IN SPLENDID SHAPE

FLORENCE, March 14.—Little or no damage has been done to the crops this winter. Wheat in all parts of the district is looking good, while the clover fields are in splendid condition. Those who have tapped their sugar bush are making every day count, as they are expecting the run to be a short one.

Several auction sales of stock and implements have been held in the vicinity and in each case good prices have been realized.

A largely-signed petition for a garage for the village of Florence has been carried by a deputation of interested men to the headquarters of an auto firm. It is reported that this has been entertained and a promise of a garage obtained.

MAY CLOSE SATURDAY.

QUEBEC, March 13.—Prorogation of the Legislature will take place next Saturday afternoon unless anything unforeseen occurs.

The prime minister stated last night that commencing in midweek there would be three sittings of the House every day, in order to clear off the remaining legislation.

Will You Burden a Friend With the Care of Your Estate?
Unquestionably it shows confidence in your friend's ability and integrity in naming him as executor and trustee of your estate, but are you fair in placing such a burden of responsibility upon him?
Have you considered the selection of an executor and trustee as a business matter?
It is the specialized business of a trust company to undertake the duties of trusteeship.
Call in and talk it over with us.

The Perils of Neglect
Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious—chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

IN MEMORIAM.

DAVIS—IN loving memory of our dear mother, Mrs. Susan Davis, who passed away two years ago today, March 14, at Exeter, Ont.

When the shades of heaven are falling,
And we are sitting all alone,
To our hearts there comes a longing,
If she only would come home.
O, how often our hearts do wander,
To a grave not far away,
Where we laid our dearest mother,
Just two years ago today.
—Her Loving Sons and Daughters. b

DECARE ALLIES CANNOT ENFORCE HUN PENALTIES

Reichstag Votes Approval of German Attitude Toward Reparation.

BERLIN, March 13.—Approval of the German Government's attitude toward the Allied reparation demands was voted by the Reichstag yesterday after Foreign Minister Simons made a lengthy explanation of his work at the London conference.

There was a partisan debate over the resolution of approval, which was moved by the coalition parties, but it was finally adopted by a vote of 268 to 12. The Nationalists and Majority Socialists voted with the Government bloc.

Decisively Defeated.

A communist resolution demanding the immediate establishment of diplomatic relations with Soviet Russia was decisively defeated.

The House was crowded to hear Dr. Simons' statement, in which he dilated on the extraordinary difficulty on the part of Germany to make definite proposals under the uncertainty concerning Upper Silesia and the constant exchange fluctuations. He explained that an overwhelming majority among the German experts was impossible of attainment for any proposals; hence, the German counter-proposals were made from political motives, on his own personal responsibility.

After repeating the arguments employed before the London conference, Dr. Simons declared that the idea that because the Allies had torn up the treaty it was therefore void for Germany was all wrong and that "we should not repay wrong with wrong."

This was greeted with laughter and disorder, but Dr. Simons continued: "For Germany there still remains fulfillment of the treaty so far as that is possible, but no further."

Proposes Middle Path.

He then proceeded to advocate the seeking of a middle path to the counter-proposals on a different basis.

"But," he added, "at the moment we are given a slap in the face we cannot offer our hand and say 'we will be friends.' That is impossible. If we renew negotiations we must point out that the basis is altered both psychologically and actually by the imposition of penalties."

The foreign secretary concluded by asking the House to confirm the delegation's final decision to reject the Allies' "impossible" demands, adding amid applause: "Unless the Reichstag does that it will have to look for some one else to represent the country in any future negotiations."

Karl Trimborn, in behalf of all the Government parties, expressed approval of Dr. Simons' action, and also the conviction that the penalties would fail through the inability of the Allies to enforce them.

Other speakers followed in similar strain.

E. C. FOX, who, in an address to the Toronto Livestock Exchange, expressed the view that none present would see Canada very far advanced in the breeding of cattle for either the home market or export. If the British embargo on cattle were removed something else would take its place.

PILES Do not suffer another day with Itching, Bleeding or Protruding Piles. No surgical operation required. TIMBER DEALS WILL AGAIN BE IN LIMELIGHT

Hot Discussion Is Likely in the Legislature On Tuesday.

MAY FINISH BY EASTER

Raney's Bill To Prevent Appeals Promises To Start Fireworks.

[Special To The Advertiser.]

TORONTO, March 13. — Timber affairs, which already have taken up much of the time of the House in discussion, will again be in the limelight when the Ontario Legislature resumes its deliberations. Monday, as usual, will be devoted to odds and ends of legislation, but on Tuesday it is proposed that the House shall take up the motion of Charles McCrea, Conservative member for Sudbury, for a return of all correspondence relating to the much-discussed "over-run."

H. H. Dewart, Liberal leader, will follow Mr. McCrea in the debate and Attorney-General Raney will probably be the third speaker.

Busy Until Easter.

It is expected that the Legislature will be able to put through a good deal of miscellaneous legislation this week, now that the budget debate is off the program, but it is not thought the business of the session can be completed by Easter. While the proposed amendment to the Ontario temperance act allowing appeals to be made to county judges is still before the House, a question that promises to be even more contentious is yet to be dealt with. This is Attorney-General Raney's bill to prevent any appeal to the courts interfering with any investigation commission of the Government.

May Be Opposed.

It is said that the attorney-general's move to nullify the appeal of the Spanish River Pulp and Paper Mills, Limited, has made to the courts for an injunction will be bitterly opposed by the Conservative members. It is understood that they will take the stand that it is an unjustifiable interference with the courts.

E. J. Callahan, who supplied the retainer under which R. T. Harding acted while employed as Government counsel in the timber inquiry, will not be able to appear before the public accounts committee on Wednesday, as had been expected. Mr. Callahan is in a hospital recovering from an operation. The public accounts committee on Wednesday will probably take up charges made by R. R. Hall, Liberal member for Owen Sound, against the administration of the fish and game department.

STEAMER ARRIVALS.

NEW YORK, March 13.—France, Havre.

HUME CRONYN MAY HEAD COMMITTEE ON SOLDIERS' PENSIONS

Organization Meeting Will Likely Be Held At Ottawa Tuesday.

OTTAWA, March 13.—(By Canadian Press.)—The special committee on pensions and re-establishment will meet for organization on Tuesday morning and regular meetings are expected to start about Thursday morning. On Tuesday the committee will probably decide on a plan of action for the sessions this year. It is expected at present that pensions act amendments will be the first phase of the work.

Hume Cronyn, London, will probably be chairman of the committee, and the membership, which is smaller and shows several changes from last year, is as follows: Messrs. Arthurs, Brien, Beland, Caldwell, Copp, Cronyn, Douglas (Strathcona), Edwards, Green, McGregor, McNutt, Morphy, Nesbitt, Power, Redman, Rose, Savard, Spinney, Sutherland, Turgeon, White (Victoria), Wilson (Saskatoon).

TIED IN SACK AND PIERCED WITH KNIFE

Police Have No Clue to Brutal Murder in New York.

NEW YORK, March 12.—The bodies of two unidentified men were found almost simultaneously today on the outskirts of the city. One, a man about 35 years of age, had been tied up in a potato sack and pierced with a knife. The body, still warm when the police came upon it, had been abandoned 200 feet from the eastern boulevard in the Bronx.

The other, a well-dressed man about 24 years old, was discovered by a boy scout in a clump of bushes along the New Jersey palisades, near Englewood. Near the body was found a bottle of poison, and the lips were burned. Inside his hat was stamped "Yonkers, N. Y."

FAKE DETECTIVES FOUND CELLAR BARE

BRANTFORD, March 13.—Cutting the telephone wires before they knocked two men, posing as liquor detectives, paid a visit to a well-known citizen's home last evening. They inspected the cellar, but got no booty, as the cupboard was bare.

HAD GOOD EFFECTS.

BRANTFORD, March 13. — The fact that in Anglican services blessings were always invoked on the king and on the state had brought about a feeling of patriotism among the members to such an extent that when the call for help during the war came three times as many men enlisted from the church as the numbers would warrant, was the statement of Bishop Williams of London, speaking at the dedication services of St. James' Church here today.

TUXIS CONFERENCE CLOSES AT GALT

GALT, March 13.—The combined leaders and older boys' Tuxis conference, which opened Friday evening, came to a close this evening with a session at Central Presbyterian Church. While the 400 delegates, ranging in age from 15 to 20 years, were kept busy with sessions Saturday morning and afternoon, they had their freedom Saturday night and serpentine marches of various groups marked their celebration on Main street. Conference leaders were the speakers in local pulpits this morning, and this afternoon a mass meeting of delegates was held in Central Church.

PRESTON MAY ERECT NEW COMMUNITY HALL

PRESTON, March 13.—The Community Association has taken an option on the Commercial Hotel, and if the scheme goes through the building will be constructed into a community hall, which the town badly needs. It is proposed to use the main building for dormitories, shower baths, bowling alleys, billiard rooms and other accommodation found in community centres, and to build on a lot at the rear a gymnasium, 60 by 100 feet to care for indoor sports.

YOUNG LADIES, READ THIS

If you are bothered with pimples, rashes and ugly blotches on your face, if your complexion is sallow, it's an evidence that you require Dr. Hamilton's Pills to tone up the blood. One of these splendid, regulating pills makes a complexion like peach bloom—cheeks soon become rosy, eyes brighten, you again look the picture of health, look and feel well because you use Dr. Hamilton's Pills of Mandrake and Butternut; 25c at all dealers, or The Catarrhozone Company, Montreal.

BE PRETTY! TURN GREY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or grey. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay grey! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

A Ticklish Point

There is a trifling disadvantage to daily newspaper advertising which those who sell other forms of publicity use for all it is worth, and trust that the prospect will not reason too far to refute it.

That is: the absence of color. They point to certain other forms of advertising and say: "Look, you can show your product big and in color so that he who runs may read."

That's good selling argument from their point of view. But stay! Is the running reader apt to gather the impression which the advertiser intends? May not the impression be too cursory? Will it be seen at all? The fact is that the daily newspaper is the *Great Intimate Human Medium.*

Insofar as the woman in the Home is concerned, it is her only point of contact with what is going on in the outside world. From the birth of a neighbor's baby to the marriage of a King's daughter it is her news mentor—the loom that weaves for her the knowledge of what is going on.

You know yourself when you are away from home how much it gladdens your heart to get a sight of your local paper. Do you read it—you do!

Well, just what your newspaper means to you, other persons' newspapers mean to them. If every paper in this country published a ten-line display advertising paragraph reflecting upon your integrity, do you think you could offset it by using all the billboards, street cars and circular advertising available?

Get the point?

The world could get along without billboards, street car cards, booklets, circulars and a thousand and one other forms of publicity, but it could not get along without its daily newspapers.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man. It is the Alpha and Omega, the Beginning and the End of all successful advertising.

Advice as to the best ways and means of doing Newspaper Advertising will be given to those who inquire of us; or, consult any recognized advertising agency—a list supplied on request.

FIVE DAYS MORE TO WIN THAT $700

Don't Delay in Solving The Advertiser Puzzle.

Five more days remain for solving The Advertiser's $2,500 puzzle. If you don't prepare a solution and submit it by the 19th you will have missed this golden opportunity to share in the awards that will be made very soon.

Solutions of the puzzle may be left at The Advertiser Contest Office March 19, day or evening, or may be mailed so as to bear that day's postmark. The latter will be accepted on receipt through the mails, if properly postmarked.

Solutions should be prepared carefully with the names and addresses of contestants stated plainly. It is unnecessary to accompany the solutions with a letter, unless contestants desire to give some directions about sending the paper that the solution blank does not provide for, or to make some special inquiry.

The chart and blank should be cut out neatly together, if those from the paper are used, and nothing further sent in. Do not detach the blank from the chart. Extra charts with blanks attached may be obtained from the Contest Office of The Advertiser. Contestants bringing their solutions to the Contest Office in person should have the exact amount they desire to pay.

Although the time for solving this interesting puzzle is short, there is still ample time to win, solutions submitted from now on having the same standing as those already registered. It is just as possible to come within the money now as it was a week or two ago.

Those desiring to enter a solution different from one already submitted have the privilege of sending in as many different solutions as they wish, under the same terms as the first, and those desiring to pay up to the limit with any solution already filed—if they did not pay the full amount when submitting it—may do so now.

WARN SPRACKLIN TO KEEP AWAY FROM TORONTO

Not Worrying About Letter From Determination League, Says Pastor.

[Special to The Advertiser.]

PARIS, Ont., March 13.—"I would go back tomorrow if it were necessary and under the same circumstances perhaps do the same thing," declared Rev. J. O. L. Spracklin in the Methodist Church here tonight in opening his campaign on behalf of the referendum.

"I only take my orders from God Almighty," he said, and went on to give a description of conditions as they had prevailed at the border.

"I had shut one road house out of $10,000 a month," he said. "Is it any wonder that I had to go through a tragedy and kill a man?"

He told in vivid language of the threats that had been made against his life, and of the importation of gunmen from New York.

"I have just received a letter from the Determination League in Toronto," he said, "warning me that if I speak in Toronto I will be shot. Well, I am not worrying in any way about threats of that kind."

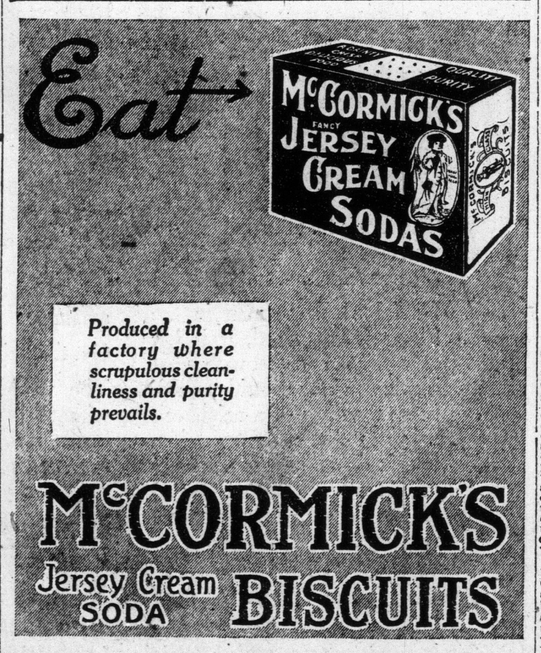

OLD ENGLISH HUNTING SONG.

That rugged old English hunting song, "John Peel," as sung by De Gogorza Emilio, constitutes one of the new Red Seal Records obtainable from Ye Olde Firme Heintzman & Co., Limited, 242 Dundas street, London. The song is half English, half Scotch, and when the singer asks "Do Ye Ken, John Peel?" he is asking if you knew a famous hunter, who lived and rode hard just about a century ago, through many a bitter dawn, over country that had killed many a skilled huntsman and many a great-hearted horse. b

COUNTY TEMPERANCE ORGANIZATION MEETS

A meeting of the county temperance organization was held in the local headquarters on Saturday afternoon to complete organization throughout the county. Posters, other advertising and instructions for the carrying on of the campaign were distributed to the representatives present.

Some discussion was held as to whether or not Chelsea Green and Pottersburg would vote with the county or city; this had not yet been decided.

BRITISH GOVERNMENT DECIDES ON ONE POWER STANDARD FOR NAVY; ESTIMATES ARE REDUCED

Navy Estimates Show a Reduction of About Ten Million Pounds—Four Big New Battleships May Be Laid Down Shortly.

London, March 13.—The navy estimates for 1921-22, to be made public tomorrow, will show a reduction of some millions of pounds on the net estimate from the last fiscal year, which was £84,372,300, according to the forecast of the political correspondent of the London Times. He says there will be a reduction of possibly ten million pounds sterling, and understands that, following upon the findings of the sub-committee on imperial defence, the Government has decided in principle that the capital ship must continue to be the main unit of an effective fleet.

Outlining the present position, the correspondent says there are now 38 capital ships, of which eight are obsolescent, if not obsolete, and adds that it is regarded as uneconomical to man such ships with expensive, highly-trained personnel; consequently, these eight are expected to be scrapped.

One Power Standard.

Adhering to the policy of the "one power standard," enunciated by Walter Hume Long, former first lord of the admiralty, last summer, the Government, says the correspondent, considers that the remaining 30 capital ships constitute for the present an adequate basis for the maintenance of the one power standard.

"But at least four of those ships will presently need to be replaced," the forecast continues, "the construction of four vessels to take their place will eventually be necessary.

After consultation with the Dominion governments next June, it adds, orders may be placed for the building of these four new vessels, "but it is possible that in the meantime a beginning may be made by laying down two."

Moderate Program.

The correspondent refers to the estimates as embodying a comparatively moderate building program, and says it would hardly be possible to spend more than one million pounds on each new battleship laid down. He declares that export opinion tends strongly to the view that delay in the construction of the new "post-Jutland ships" would not be justified, owing to the necessity of ordering the material in advance and utilizing the lessons of the war.

Commenting editorially, the Times hopes that the forecast expectation is "not illusory for nothing is more certain than that this country and the dominions are not able to bear the heavy burden of any new competition in naval armaments. It is clear the decision of the Government, which the navy estimates will announce to the country, is in no wise a re-entrance upon an program of competitive building of warships."

Is Not Final.

The decision to replace obsolescent and obsolete warships of the first class by new battleships and battle cruisers, it adds, is not a final pronouncement on the capital ship controversy.

"It only means," says the Times, "that the case against the great ship is not proven as yet; that there is no certainty about the capacity of either the submarine or aircraft, and that until the relative value of the great ship and her rivals is more certain it would be foolish for any maritime power to suspend indefinitely the normal precaution of providing against the very rapid depreciation of the warship-leviathan."

FORMER KAISER CLAIMS THAT HE WAS A GENUINE DOVE OF PEACE

Tried For Thirty Years To Avert Wars, He Says, in Book He Has Written — Foiled by Perfidious Machinations of Great Britain, France and Russia.

THE HAGUE, March 13.—In the book he has written for private distribution, in an effort to show that Great Britain was responsible for the war, former Emperor William of Germany throughout speaks always of himself in the third person. He paints William II. as a man who tried for 30 years to maintain peace in Europe, but says he was foiled by the "perfidious machinations of Great Britain, France and Russia."

As long ago as 1905, the former kaiser says, he tried to found a league of nations. Although no full copy of the book is yet available, and both the former emperor's entourage and the Dutch and German Governments are worried because of the publication of brief extracts from it, sufficient of the contents of the volume have leaked out to indicate the general trend of the entire work. The leak was principally due to the Berlin correspondent of the Rotterdam Masbode.

Tells of Visit.

The correspondent says the book begins with notes as far back as 1884 (William succeeded his father as king and emperor in 1888). "In some places," says the correspondent, "the document is very interesting, especially notes of August 18, 1891, where he treats of the visit of William to Czar Alexander III. at Narvik, when the czar said he hated the French Republic and wanted to restore a monarchy in France. But already, says the kaiser, a Russian-French military agreement had been negotiated saying that in the event of mobilization of any member of the triple alliance (Dreibund), a mobilization of French and Russian forces would be ordered immediately, and these armies thrown into action at once."

Proposal Declined.

Under date of April 18, 1898, the former emperor wrote:

"A British proposal for an alliance of Germany against Russia is declined in order not to endanger the world's peace.

"At the same time Delcasse (then minister of foreign affairs), proposed to the German ambassador in Paris a German-French agreement in order to prevent the Portuguese colonies falling under British influence. This proposal was not answered."

The former emperor also claims that he drafted a project for a league of nations under date of March 24, 1905.

"A proposal," says the book, "was made by the former kaiser to the czar and to Witte (then Russian foreign minister), to found a league of nations consisting of the Triple Alliance and the French-Russian Alliance, with the understanding also that other groups or separate countries may become members of the league. The proposal was accepted by the czar and Witte. There was no question as to the presidential power over this league."

Regarding the mission to Germany in February, 1912, of Viscount Haldane (then British lord high chancellor), the book says: "German efforts to conclude neutrality with Great Britain failed in consequence of the absurd demand for a cessation of development of the German fleet through the curtailment of the building of new ships."

Began In April.

The former emperor in the book deals with the mobilization of 1914. He says this began as early as April of that year with "the mobilization of the British banks in order to get large stocks of gold." Then the kaiser continues: "June: Beginning of preparations for mobilization in England.

"June 15; Russia: Troops called to arms in April and May under the pretence that they were to serve in manoeuvres are being kept under arms for an outbreak of war.

"July 20: All the Belgian reserve officers have been called to arms."

Regarding the refusal of the suggestion by Russia to submit the Serbian incident to The Hague court of arbitration, the former emperor says:

"The proposal of the czar was not approved. Russia wanted in this way to gain time to prepare for war.

"On August 4, Sir Edward Grey (then British foreign secretary), demands of Germany that Germany halt her offensive march of troops in Belgium or otherwise Great Britain will protect Belgium. This was the British declaration of war."

CORNWALL-DEVON REUNION PLEASES

Five Hundred Natives of England Enjoy Program At Y. M. C. A.

Typical in every respect of nights spent in Greater London, was the Cornwall, Devonshire and Old London reunion Saturday night. Over 500 natives of these two counties and the great city attended the affair in the Y. M. C. A. building, and all voiced their opinions of it as being one of the best reunion evenings that have been held. A decided feature of the program was the showing of all the new points of interest in the European metropolis, for the past residents of this city. Little could they realize how quickly it had grown and how such building engineering could be carried out successfully. Pictures pertaining to this were of a very educative nature. The scenic parts of the counties were shown and it was quite evident that the English spectators wished to be back in their native land.

Little Miss Irene Paddock delighted the audience with a popular English dance. She showed exceptionally fine ability as a dancer. The song rendered by Miss B. Salmond received hearty applause. It might be said that no reunion night can pass satisfactorily without W. J. Way and his concertina. He has appeared on the program of every one so far, and each time he shows evidence of winning the hearts of the people to a greater extent. The humorous songs of J. Morely met with hearty approval. Donald Payne, James McLaughlin, Violet Gillmore and Arthur Greenslade contributed the remainder of the program of songs, dances and tones.

MRS. BEAL, PROMINENT CHURCH WORKER, DIES

After an extended illness, Mrs. Martha Beal, wife of C. J. Beal, died at her home, 431 Waterloo street, on Sunday. She was for many years a prominent worker in the Women's Christian Temperance Union, and for over 50 years a member of Dundas Centre Methodist Church. She was born in Shefford, Woodland, Berkshire, England, and came to Canada with her parents in 1871, residing in this city ever since. Besides her husband, Mrs. Beal is survived by three sons, Carl G. Beal of Toronto; H. B. and Arthur Beal of this city; two daughters, Miss Marion Beal in Baltimore, and Miss Adeline at home, and one sister, Miss Rhoda Shurff of London. The late Dr. Norman Beal was a son.

DECLARES WOMEN ARE TO BLAME FOR CONDITIONS

Ex-President of Provincial U. F. W. O. Scores Immodesty of Dress.

ST. MARYS, March 12.—The local branch of the U. F. W. O. held a pleasant social evening in the town hall in the form of a reception for new members and their wives. Mrs. Vanstone, the president, occupied the chair. The principal speaker of the evening was Mrs. Brody of Newmarket, ex-president of the Provincial Union of the U. F. W. O. She stated that at the present time the blame for conditions throughout the country is placed on the shoulders of the men, but they were not to blame; it was the farm women of Canada who were falling down in their work. "Do not blame the young girls of Canada for going about "dressed," which today practically means undressed, she said. I have seen grey-haired women attending social functions in the city of Toronto dressed far more vulgarly than young girls. We see our daughters go about with their low-necked dresses, pink overshoes, unfastened, and worst of all, dresses up to their —— Here the speaker made a slight pause, which provoked laughter.

Men Are Busy.

Men are looking after the commercial side of national building, so now it is up to the women to look after the social and educational side. Our children should be educated to higher ideals in our schools. At least 93 per cent of our boys and girls never pass public school, then, let us have them educated right there in the proper manner so that when they go out into the world they will feel they have learned something which will be a blessing to them in after years; let us impress upon them the responsibilities that will be theirs. We can reach all the people through our public schools: then let us make it interesting and attractive. Educational legislation cannot come before public opinion makes it necessary; then let us as farm women of Ontario win that public opinion in the interest of the young people of our country.

Praises Drury.

Here the speaker made reference to Premier Drury, saying that there had been more human legislation enacted since Drury took the reins than ever before, simply because he was a farmer and his wife was a good sensible woman. He consults his wife on practically every question, she said, and this has made him the white-haired boy among the women of Toronto.

Mrs. Brody's last appeal to the women of this community was to set a high standard for the growing girl and boy.

"Let us as mothers," she said "impress upon them that ideal of service instead of getting money by hook or crook, a desire to serve the home, community and nation first, then, that money made must be made honestly. Let us make the farm life attractive so that our girls and boys will appreciate it and remain there, for nothing develops the man or woman like living out-of-doors."

BOILS SO BAD HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish, and you should never be troubled again.

Mr. James Fahey, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

B. B. B. is put up only by The T. Milburn Company, Limited, Toronto, Ont.
