With Good Weather, the Different Lines Are Looking for Record-Breaking Business On Wednesday-Traction Company Carried Big Number Today.

All roads lead to London today, and the various steam and electric ines estimate that they brought about 8,000 people in for the Fair. Wednesday, Thursday and Friday are expected to be the big days, and if the weather holds good, the railroad officials are looking for record-breaking

"We have had good starting crowds all morning," said a Grand Trunk official to The Advertiser this afternoon. "We brought in the neighborhood of 5,000 people. All the accommodation trains were well filled. The train rom Huron and Bruce division had a good crowd, but it will be bigger tomorrow and next day. Between 600 and 700 came in on the Detroit train, and were picked up mostly between here and Chatham. Several hundred more came in on each of the trains from Stratford and St. Marys, and on the accommodation from Toronto

BIG CROWDS ARRIVE. The Michigan Central train from St. Thomas at 11 o'clock was well filled with visitors for the Fair, and it was estimated that there were be-

tween 500 and 600 on it. The C. P. R. trains from both east and west carried extra coaches, and added probably 1,000 more to the crowd that was heading for the grounds. Manager Mower of the Southwestern Traction Company stated this afernoon that he would place the crowd brought in by the traction cars at

"Wednesday, Thursday and Friday will be our big days," he said. The morning Pere Marquette train carried probably between 300 and 100 passengers for the Fair.

NEPHEW WAS KILLED IN TORONTO SATURDAY

Mr. Robert A. Carruthers Leaves to Attend the Funeral.

Mr. R. A. Carrothers left yesterday for Toronto to attend the funeral of Mr. R. A. Carrothers, a nephew of his, who was killed by a street car on Saturday last. Mr. Carrothers was foreman of a construction gang for the Bell Telephone Company, and while working on the street was run into by a car and killed. The deceased never lived in London, being a native of Halimore, Ont. He had been in Toronto for six years.

STAMP-SELLING MACHINE MAY BE USED IN LONDON

Postoffice May Get Wonderful Time-Saving Device.

Local postoffice officials are expecting that a stamp-vending machine will be These new machines, which are now in use in the big offices, are wonderful timesavers, and according to reports from Montreal and other places where they are in use, absolutely accurate. There are two compartments to the

machine. The one-cent stamps are released by depositing one cent. To obtain two-cent stamps, it is necessary to de-When the proper money has been placed in the slot, the stamp shoots half way causing much concern, Canada will secure in the near future a new dry-dock, costing in the neighborhood of secure in the near future a new dry-dock, costing in the neighborhood of son should attempt to defraud the Government by pulling more than one stamp at once, it may be explained that it seems altogether impossible to do this. The stamps revolve on a wheel like a W. Wonderful Achievement

DISCOVERY OF "FRUIT-A-TIVES" HAS MEANT HEALTH FOR ALL

Canada's fame does not rest solely on her furs and wheat fields. Her rise in the esteem of the world is not due to her Cobalt mines. It is the work of her great men that has made her great. A graduate of McGill University has won lasting renown for his original researches in the realms

of Physics. Everyone knows that fruit wholesome, when eaten judiciously. Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the It remained for a Canadian physi-

cian to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified juices a wonderful cure. "Fruit-a-tives" is this combination of fruit juices and tonics. Since its introduction to the public, "Fruit-atives" has met with a success accorded to no other medicine in the world.
The reason is plain. "Fruit-a-tives" is the one remedy that is actually made of fruit, and is the only remedy that naturally cures Constipation, Biliousness. Indigestion, Headaches

French Girls Have Faults, Too

Are young girls the world over going to the bad so far as manners are concerned? Or are their fond friends and relatives just awakening to their faults?

In a popular American magazine of recent date there was a long critical, but helpful, article, on the American girl andher faults—an article which should be of great benefit to every girl who reads it.

And now a French woman, Mme. Yvonne Sarcey, has written a book called "The Road to Happiness," in which she tells us just what the French girls are ake. Maybe some of her criticisms, too, would apply over here. Here is her char-

She does not know how to receive guests pleasantly. She cannot write a charming letter.

She can't wear gracefully a dress made at home. She can't listen with discretion nor speak without saying silly things. The system of cramming through which she has passed fits her neither for simple nor intellectual society.

She cannot prepare a dinner, iron a chemisette, decorate and arrange a room, keep house economically, nor balance the budget of household expenses. She doesn't know how to care for a baby. The graces of deportment are neglected.

She will shake hands with her elders while allowing her eyes to smile and She is not in touch with intellectual movements.

At the top of the last flight I stopped, dumb with amazement; the roof had been transformed, enchanted. It was a fairyland of lights and follage and colors. I had to stop and rub my eyes. From the bleakness of a tin roof in February to the brightness and green-ery of a July roof garden! "You were the immediate inspira-

I've a blister on my right palm, and Harbison got shocked while he was wiring the place, and nearly fell over the parapet. We bought out two full-sized florists by telephone.' It was the most amazing transformation. At each corner a pole had been

erected, and wires crossed the roof diagonally, hung with red and amber bulbs. Around the chimneys had been massed evergreen trees in tubs, hiding their brick-and-mortar ugliness, and among the trees tiny lights were trung. Along the parapet were rows of geometrical boxwood plants in bright red crocks, and the flaps of a erimson and white tent had been thrown open, showing lights within, and rugs, wicker chairs, and cushions. CITY COUNCIL

The Man to Succeed Mr. Adam McMahen Is To Be Hunted For High aud Low.

NO NAMES PUT FORWARD

Matter Was Laid Over at a Meeting of the Aldermen Held Last Night -Some Members Protest.

The city council last night formed themselves into a searching party for the purpose of discovering a man for the vacancy on the water commission caused by the death of Mr. Adam McMahen. Diogenes-like, they will search everywhere, and it is expected that by Monday evening next they will succeed in finding the man

The aldermen apparently were not anxious to touch the matter last night. The council was convened for 8 o'clock, but it was not until 8:25 that the members took their seats in the chamber. In the meantime, caucuses were being held to see if the representatives could not agree on some

An opinion from City Solicitor Meredith was read to the effect that the council had the power to appoint a water commissioner.

A bylaw was prepared, and Mayor Beattle called for the first reading. Urgency Required.

Ald. Tancock moved that the matter of appointing a man be left over until Monday, and in the meantime a committee be named to select a suitable man. Ald. Rose seconded the

Ald. Richter wanted to know if the commissioners had written, urging the appointment, but his worship answered that while the commissioners had not sent an official notice, he was in a position to state that there was

There was no further discussion, and the motion to lay it over carried,

Later in the meeting it was necessary to name a committee, and Ald Tancock moved that Ald. Richter, Eckert, Ashplant, Rose, Saunders and Pocock be named. Ald. Eckert Refuses.

"I refuse to act on that committee," declared Ald. Eckert. "If this council is not capable of naming a good man right here, I refuse to go into a house-to-house canvass to get him. There are plenty of good men available, but they will certainly object to having their names peddled about in this manner."

Others objected, and then Ald Saunders moved that the council organize itself into a committee of the whole and settle the matter.

Ald. Stevenson thought the suggestion a good one. In this manner the names of many good men could be brought out, and when the council met an unanimous choice could be made. Ald. Underwood suggested a smaller

committee, but it was not adopted. The whole business has been man iged wrong," said Ald. Stevenson. "No citizen wants his name bandied about. or used as a football. It is not right, and it is not fair. The result will be that if you keep it up, no man of standing will accept."

A few communications were read, but they were of minor importance. Those present were Mayor Beattie. Ald. Richter, Eckert, Underwood, Stevenson, Ashplant, Jeffries, Fitzgerald Rose, Saunders, Morgan, Pocock, Tancock, and City Clerk Baker.

MINOR HEIR PACES MILE IN 1:59 AT INDIANAPOLIS

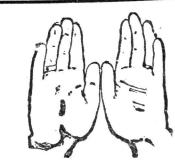

New World's Record For Race Set By Savage Horse, Driven by Hersey Yesterday.

[Special to The Advertiser.] Indianapolis, Sept. 12. — A new world's record for a race was established this atternoon at the Indiana State Fair races. Minor Heir, of the Savage stables, driven by Henry Herzey, paced a mile in 1:59. There were three other contenders, but Minor Heir led the field all the way by a small margin. The time by quarters was: :2934

59, 1:291/4, 1:59. This record beats Minor Heir's mark of 2:00 flat recently made at Galesburg, Ill. The pacer is from the Savage stables, Minneapolis.

A good authority on horses says the grey will live the longest, and that the roans come next in order. Blacks seldom live to be over 20, and creams rarely live more than 10 or 15 years.

Dunlop Automobile Tires Cost Less per Mile

The general utility of any make of Automobile Tires is not decided by the appearance of a sample tire after it has gone one or two thousand miles---the average cost per mile per tire is arrived at by running a car on a particular set of tires, and then making the comparisons of the cost of the tire upkeep. Dunlop Tires have a low average cost per mile, for besides the quality that goes with them, the Dunlop Company is ever anxious to thoroughly satisfy the users of **Dunlop Automobile Tires.**

To Western Fair Visitors

We cordially invite every personvisiting the Western Fair this call at our office if at all interested in farming or in the buying or selling of farms in Ontario. The great productiveness of Ontario farms makes farming in this province one of the most attractive, profitable and independent of occupations. Thousands of these farms are for sale every years. They are owned by men who for various reasons are offering their farms for sale; DR. G. L. CLARKE (RETURNED FROM some on account of advancing age, or on account of their sons having left Europe)—Eye, ear, nose and throat. 394 for the West, wish to sell in order to buy smaller farms; some in order to keep their sons at home wish to sell and buy larger farms in Ontario. Some in order to give their children better school, or other advantages, wish to sell so that they can buy farms which will enable them to secure these advantages; some in order to engage in some other kind of farming, or to farm in some other locality, wish to sell so that they can buy farms suitable for the kind of farming they wish to engage in, or in the locality in which they wish to live. During the last ten years through our method of advertising, selling and exchanging farms, thousands of Ontario farmers have made satisfactory sales and exchanges of their farms, and thousands of purchasers have secured suitable and satisfactory farms, which they never would have heard about except through our method of advertising. The cooperation of hundreds of newspapers and agents throughout the country enables us to accomplish results in selling farms for owners, and procuring farms for purchasers which cannot be obtained in any other way. If you want to buy a farm of any size, or any price, or in any county west or north of Toronto, we can help you and save you time and money. If you have a farm to sell or exchange we can get you a fair price for it, and every dollar it is worth, or we can exchange it for other property which will be satisfactory to you. Over ten million dollars' worth of farm property has

MURDER INQUEST MAY CLEAR DOCTOR

Body of Belle Elmore Contained Much Carbolic Acid.

PREVENTS THE ANALYSIS

Crippen's Counsel Seeking to Free Physician Along a New Line.

London, Sept. 12.-Because an undertaker and a morgue keeper were compelled to use enormous quantities of carbolic acid to counteract the odors of decaying flesh while removing the body from the cellar of the Crippen home, the acquittal of Dr. H. H. Crippen for the alleged murder of

his wife may be forced.

When the inquest over the body taken from the Crippen cellar was resumed today, Attorney Arthur Newton, counsel for Crippen and the Le-never girl, grilled the undertaker and norgue keeper, who took charge of the body, with a series of sharp questions He tried to show that they shovelled the remains into a box, taking little care to keep dirt and stones separate. Both men denied this, saying there was neither stones nor dirt in the coffin when it was taken to the morgue. They admitted, however, that there was a great deal of carbolic acid used, and said they had to use it in order to approach where the body was bur-

It was plain from the questions that Newton put to these two witnesses that he hopes to demonstrate that the testimony of the chemists that hyoscin poisoning caused the death of the person whose body was taken from the Crippen cellar was a conclusion that could not have been reached by an analysis. He apparently was laying the foundation to impeach the possibility that a satisfactory analysis could have taken place, and to show that the carbolic acid used ruined the body for the purposes of analysis. Made the Crowd Laugh.

Questioned on cross-examination by Newton regarding the cleanliness of the remains, Morgue-keeper Robinson said the human remnants were placed in jars and the jars sealed and covered with white paper.

"The paper used was the same kind I used to wrap my children's lunches in," he said. Those in the court room laughed so loudly at this that the coroner threatened to clear the room. Prisoners Not Present.

When the inquest was resumed today, Coroner Schroeder was in charge. The interests of the crown were looked after by Inspector Dew, Detective-Sergeant Mitchell, and Lawyer Travers Humphreys, while Newton looked after the interests of the accused. Neither Crippen nor Leneve was present. After the morgue keeper and undertaker had told of the removal of the body, Miss May, secretary of the Music Hall Guild, told of the disapperance of Belle Elmore, as Mrs. Crippen was best known. Early in Jan-uary, before Mrs. Crippen disappeared, the witness said, she told her of a dream she had at Christmas time. In it. Mrs. Crippen said, she imagined she was being strangled by the doctor.

Crippen's Son Surprised. Miss May told of hearing that Mrs. Crippen had died in California, and asking the doctor about it. Because she failed to get any details of the cause of death, she wrote to Crippe son, O. H. Crippen, in Los Angele asking him to write her about it. reply she received a letter telling her that the report of the death was as much a surprise to him as it had been to anyone else. He had first learned of the matter from his father, he said. The doctor had written him that Mrs. Crippen had died in San Francisco. Mrs. Paul Martinetti stated that she considered herself one of Mrs. Crippen's most intimate friends. She last saw Mrs. Crippen at the party in the Crippen home on Jan. 31. At that time, she swore, Mrs. Crippen was in excellent spirits, and discussed with her the affairs of the Music Hall Guild. At no time did she refer to America, or to any intention of mak-

Western should establish a few records for attendance and exhibits. Everything ran off very smoothly. The exhibits were nearly all in place, and sufficient progress had been made in the judging to give visitors an idea

of the best stock, etc. The day was given over to athletics, to a considerable degree, and there was some fun for all.

The attractions in front of the stand were all given, and it must, be said that they are of a very high order of merit.

There were some speed events, furnishing much excitement, and the fireworks in the evening rounded out a fine day's amusement. The Attendance.

The attendance was larger than the preceding years. The stands were well filled in the afternoon, and a large crowd saw the fun at night. Among the spectators were about 500 patients from the London Hospital for the Insane.

A tug-of-war between a team from London Township and a city team was won by the farmers in two straight pulls. The winners were composed of Messrs. James Robson (captain), A. Westman (anchor), Jack Riley, F. Kennedy, Eldon McRoberts and R. I. Needham. The city team was comosed of Messrs. E. Sovereign (captain), E. Wheeler (anchor), McCoy, Laundry, Richman and Warren. Mr. Dugald Graham was referee.

In the athletic events, Bloodsworth stood out prominently, winning the sprints, and doing magnificent work in the relays. He looks like a real sprinter. Mr. A. E. Sovereign, Dr. Wyckoff and Jack Egan looked after this feature of the work.

The Races.

The horse races were class, there was nothing to it but Knight Onward, a strong-going little pacer owned by Mr. B. McCarty, of Thamesford. Mr. A. E. Sherlock, died at her home, 438 Ontario street, this morning, after a brief illness. She was the youngest daughter of Mr. and Mrs. W. J. Walker, of 420 Rectory street. Besides her husband, one daughter survives. The funeral will be held on Thursday afternoon to Woodland Cemetery.

Death of Mrs. Friend. Mrs. Catherine Friend, for 56 years a resident of this city, died Monday night at her home, 112 Paul street. Mrs. Friend was 94 years old, and came to this city from Germany in 1854. Her husband, the late Anthony Friend, died several years ago. Mrs. Friend leaves three sons and one daughter, Frank and Julius, in California; Jacob, of Barabo, Wis., and Mrs. Amelia Derr. of 112 Paul street. The funeral will be held on Wednesday morning to St. Peter's Cathedral, and interment will be made at St. Peter's Cemetery.

Funeral Largely Attended. The funeral of W. H. Cotton, which took place on Saturday afternoon from his late residence, 184 Wharncliffe road, to Woodland Cemetery, was very largely attended. The services were conducted by Rev. Dr. Sage and Rev. Mr. Tancock. The pallbearers were Messrs. W. R. Bartram, J. Moir, A. Carruthers, J. Stokes, C. Nichols and W. Nichols. Among the many beautiful floral offerings were wreaths from Woodbine Lodge, A. O. U. W., Plumbers' Union, Local 289, Royal Arcanum Council, No. 233, King's Daughters of 824 St. George's Church, Mr. and Mrs.

of Montreal, and four sisters, Mrs. David McRoberts, Mrs. Joseph Berryhill and Mr. Ed. Hobbs, of St. Marys, and Mrs. McRoberts, of Muskoka. The 50 funeral will be held tomorrow afternoon from Ferguson's undertaking rooms to Woodland Cemetery, and the services will be conducted by Rev. Mr. Doherty, of St. Paul's Cathedral.
