Church under the domination of the civil power. As for ourselves, it has been to us a bitter sorrow to see the State thus encroaching upon what should be the exclusive domain of the ecclesiastical power; and we are all the more grieved because, disregarding equity and justice, it has created for the Church of France a situation hard, harassing, and oppressive in respect to the most sacred rights. The provisions of the new law are contrary to the constitution according to which the Church was founded by

to the Holy See by bonds too close us, and the tradition of the Fathers confirms the teaching, that the Church is the mystic body of Christ, a body ruled by the pastors and doctors (Ephes. iv., 11, etc.)-a society of men, in whose bosom are leaders having full and perfect power to govern. teach, and judge (Matt. xxviii., 18-20; the world" (Allocution to the French xvi., 18-19; xviii., 17. follows that the Church is by its essence an unequal society, that is to say, a society comprising two categories of persons, THE PASTORS AND THE FLOCK, those who occupy a rank in the different degrees of the Hierarchy, and the multitude of the Faithful. And these categories are so distinct that in the pastoral body alone reside the right and authority necessary to guide and direct all the members towards the end for which society exists; as to

the multitude, its only duty is to allow itself to be led and, as a faithful flock, to follow the pastors. St. Cyprian, martyr, expresses this truth in an admirable manner when he writes: "Our Lord, Whose precepts regulating the episcopal dignity and the mode of life of His Church we ought to revere and observe, says in the Gospel, addressing Peter: Ego

dico tibi tu es Petrus,' etc. So through the vicissitudes of ages and events the framework of the episcopate and the constitution of the Church are discernible in such a manner that

RIVERSIDE, N.B., CAR.

RIVERSIDE, N.E., CAR. About three years ago my mother had the grippe, which left her body and mind in a weak-eacd condition. At first she complained of sleep lesaness, which developed into a state of melan-cholia, then she could not sleep at all. She dida't care to see anybody, had no peace of mind at any time, and would imagine the most horrible things. We employed the best physicians but she became worse; then her sister-in-law recom-mended Pastor Koenig's Nerve Tonic. After using it a change for the better was apparent and mother became very fleshy on account of a voracious appetite, and got entirely well. We at thanked God for sending us the Tonic.

ST. PATRICK'S DAY.

The annual feast of Erip's Patron Saint was celebrated in Toronto with even more than the usual fervor, the number of gatherings in its honor being unusually large and the enthusiasm proportionate.
