

**New Process Coffee**  
Easy To Make

Don't bother again with any coffee that must be "stuffed." The new process by which RED ROSE COFFER is prepared crushes the fragrant, fresh-roasted bean into even little grains, removes all husk and the yellow chaff that makes other coffees bitter so that in a few minutes the boiling water extracts this coffee's full, rich flavor, and it pours out bright, clear, and being "settled"—nice to see and fine to drink. Get a tin of Red Rose and do as the simple directions say.

You will be captivated by

**FLASHING MESSAGES UNDER SEA; ACROSS THE CONTINENT**

Winnipeg, April 15.—Another milestone in the history of the progress of international communication was passed yesterday morning when Winnipeg, by means of a clever invention by one of the engineers of the Postal telegraphic department, was connected with London, England, and many messages of a congratulatory nature were dispatched and received.

The first message flashed across the continent and over the sea to the mother country was sent, and replied to, at 12:25 Winnipeg time. The message and the reply only occupied a few seconds of time. The text of the message was as follows:

"Winnipeg, the hub of Canada, soon to be the center of the continent, sends greetings to the ancient capital."

To which London promptly replied: "Thanks and London, the hub of the world, looks with admiration at the hub of Canada."

J. McMillan, superintendent of telegrams of the C. P. R. in Winnipeg, was present in the operating room, but the message was sent by Operator J. Holmes and Chief Operator Thomson.

At 12:10 yesterday, the operators in the room at the Victoria Hotel, London, and the message which had been established communication had been established between Victoria, B. C., and London and the message which had been sent through the wire in this city.

The first message from London read: "London sends you greetings and congratulations on this circuit."

"We heartily reciprocate your greetings," was the reply.

The next message to pass over the circuit was from Premier McBride of British Columbia, to H. Turner, agent general in London:

"Greetings from Victoria, B. C., by direct telegraphic communication with London."

A message was also passed from British Columbia to Lord Strathcona from the Daily Province:

"Daily Province extends best wishes on the occasion of this direct communication from Vancouver to London by wire."

Winnipeg then put in direct communication with the metropolis, and the message exchanged.

Shortly before the communication was opened with the old country, the daily "time wire" was received from the "time wire" in the west at four minutes to twelve by one time every day, and the "time wire" is sent from the astronomer royal sends out the time every day, which can be received by Mr. McMillan, in a short interview yesterday, expressed his satisfaction with the achievement, and stated that messages would now be transmitted direct, without the necessity of retransmission at the eastern terminus of the trans-Atlantic cable.

The letters, or rather the Morse symbols which make up the letters, were heard sharply, and it was hard for the ears but appreciative audience who watched the operation yesterday to believe that the mechanism and reproduction of the sounds transmitted had been carried so far as the many thousands of miles land and sea, which separate Winnipeg from London actually represent.

**Seven Race Horses Burned**

Moose Jaw, Sask., April 15.—Early this morning it was learned that seven of the sheds at the exhibition grounds had been burned to the ground, and that seven crack race horses owned by John Taylor, the well known local horse owner and ex-detective had been burned. The blaze very unfortunately happened to be in the very sheds occupied by the horses, and in spite of the strenuous efforts of the firemen and seven valuable horses belonging to Taylor were consumed.

It is not known whether Alectra, the little mare who holds the Canadian mile record over a half-mile track was consumed among the seven, but it is just about taken for granted that she perished. The cause of the fire is at present unknown but it is expected big endeavors will be made to determine it.

**Japs To Test Immigration Laws**

Tokio, April 15.—The Japanese cabinet reported to the emperor today that President Woodrow Wilson's decision not to interfere with the California land ownership legislation makes it necessary for the Japanese to present a test case before the supreme court of the United States, proving that the Japanese are not of Mongolian origin and therefore are entitled to assume citizenship of the United States.

**ROGERS' METHODS CORRUPT THE ELECTORATE**

Many Are Said to Be Working in Vermilion Riding, Among the French-Canadians and Ruthenian Voters, Against the Premier's Candidature

**WILFRED GARIPEY MAKES PROTEST TO AUTHORITIES**

Asks That Government Take Steps to Protect legitimate Election Workers and Citizens; Several Arrests Are Expected

EDMONTON, April 15.—As election day approaches, the efforts of the Rogers gang of politicians to corrupt the electorate are more and more apparent throughout the province, and it is probable that during the coming week a number of arrests will be made by special constables sworn in by the provincial government to prevent election fraud.

Reports today from Vermilion and St. Paul show that the Rogers gang is maintaining in these constituencies, where they are directing their energies to the coercion of the French Canadian and Ruthenian voters.

Wilfred Garipey, who is contesting Beaver River constituency in the Liberal interest, wired from St. Paul today stating that Rogers' methods are being used in the Vermilion and Lac La Biche, and appeals to the provincial authorities to send immediate protection to legitimate election workers and citizens.

C. W. Cross, attorney general, intervened in regard to the matter said that necessary steps to protect voters were being taken, and he expected that some arrests would be made in Beaver River today, or on Monday.

The following is a copy of a letter from G. Mackay, from Garipey, and Mackay at once communicated with the attorney general.

"St. Paul, April 13.

"To A. G. Mackay, Edmonton:

"Rogers' methods being adopted in Vermilion and Lac La Biche, and you get provincial government to send through Athabasca Landing immediately to legitimate election workers and citizens?"

(Signed) "WILFRED GARIPEY."

Vermilion, April 14.—Several well-known Conservative heeler are working in this constituency. Two of the men have made themselves so obnoxious that voters who attempted to vote were being harassed by the Liberal headquarters, and asked that steps should be taken to prevent them from being harassed by the Liberal headquarters. Some of the men have been dismissed from their employment on instructions from the Conservative party, but they declared that in this election as a protest against the underhand methods of workers on the Conservative side, they will cast their vote for Liberal candidates.

Edmonton, April 14.—With the last few days of the election campaign, charges of disreputable conduct are being made. According to instructions from the attorney general's department, two arrests were made of Conservative workers on Saturday. As Carmanagay a man named Schaffer was arrested, and in the Acadia riding a Manitoba worker named Stevens was taken in charge. Both are charged with offenses under the election law, and the latter is also accused of giving liquor to interested persons in the riding.

W. Garipey in Beaver River, has asked the attorney general to send him detectives and detectives were forwarded today to that point.

**TRAGEDY OF STREET LIFE IS TOLD IN ASSIZE COURT**

Vancouver, April 15.—A tragedy of street life took place in the assize court in which a young girl related the story of how she had been lured to a shameless life in the hands of a man who had lured her to an added tragedy of self destruction in the case of one of the principals who was charged with having preferred death to appearing in the witness box to tell of his part in the affair.

The girl in the case was said to have been betrayed by Gary Ames, the convicted highway driver. Some time later he indicated her to accompany a man calling himself "Joe Smith" who announced that he had a deal of money. Smith missed a roll of \$100 and communicated with the police. Ames part in the business came to light. At the preliminary hearing in Colmar, a town in Alaska. One day another girl in the house fell ill with typhoid. A fortnight later two other members of the family were stricken with the same complaint. In the few weeks that followed there were eleven other cases.

The doctors were completely baffled for a long time, and then found in Ames a terrible example of a "bacillus carrier." Without the slightest ill-effect to herself she carried in her digestive system innumerable millions of typhoid microbes. The unfortunate girl, after being avoided like a medieval leproser, was isolated in a fever sanatorium. The Pasteur Institute, on hearing of the case, wrote asking her to come to its Paris headquarters for treatment; but only with the greatest difficulty were the railways persuaded to take her as a passenger.

Since her arrival here Dr. Metchnikoff and his assistants have made a thorough examination and have found her system saturated with the protoplasmic microbes, which is one of the chief causes of infant mortality, and which serves as a cover for the Eberth typhoid microbes and colon bacilli.

By careful treatment the protoplasm was eliminated and the Eberth typhoid microbes were sterilized after four and a half months.

At the Pasteur Institute, where Miss Jansen now has employment as assistant librarian, it is feared that the typhoid microbes, which will all ways probably remain in the girl's system in a latent condition.

The impression on the public of the case has been heightened by the slandering announcements of the well-known analyst, Dr. Reminax, who last year showed that the so-called antiseptic block passed over the chin by barbers after shaving simply served as an untried microbe vehicle.

Dr. Reminax has now carefully selected a barber noted for his scrupulous cleanliness and has made bacteriological tests of the various instruments of his trade. Although the barber was in the habit of washing his hands in hot water and every night the following results were obtained: 5,000 bacteria were found on a razor

**EUROPE, TOO, HAS HER GERM CARRYING INDIVIDUALS**

Paris, April 15.—It seems that Europe, too, has its "Typhoid Maria's," who, while themselves in perfect health, spread all around the contagion of typhoid fever.

A short while ago Miss Jansen was the secretary of a business man at Colmar, a town in Alsace. One day another girl in the house fell ill with typhoid. A fortnight later two other members of the family were stricken with the same complaint. In the few weeks that followed there were eleven other cases.

The doctors were completely baffled for a long time, and then found in Miss Jansen a terrible example of a "bacillus carrier." Without the slightest ill-effect to herself she carried in her digestive system innumerable millions of typhoid microbes. The unfortunate girl, after being avoided like a medieval leproser, was isolated in a fever sanatorium. The Pasteur Institute, on hearing of the case, wrote asking her to come to its Paris headquarters for treatment; but only with the greatest difficulty were the railways persuaded to take her as a passenger.

Since her arrival here Dr. Metchnikoff and his assistants have made a thorough examination and have found her system saturated with the protoplasmic microbes, which is one of the chief causes of infant mortality, and which serves as a cover for the Eberth typhoid microbes and colon bacilli.

By careful treatment the protoplasm was eliminated and the Eberth typhoid microbes were sterilized after four and a half months.

At the Pasteur Institute, where Miss Jansen now has employment as assistant librarian, it is feared that the typhoid microbes, which will all ways probably remain in the girl's system in a latent condition.

The impression on the public of the case has been heightened by the slandering announcements of the well-known analyst, Dr. Reminax, who last year showed that the so-called antiseptic block passed over the chin by barbers after shaving simply served as an untried microbe vehicle.

Dr. Reminax has now carefully selected a barber noted for his scrupulous cleanliness and has made bacteriological tests of the various instruments of his trade. Although the barber was in the habit of washing his hands in hot water and every night the following results were obtained: 5,000 bacteria were found on a razor

**Recalls the Great Constantine**

Athens, April 15.—Constantine, the new ruler of Greece, four years ago and before that time, was most unpopular in his own kingdom, where today he is a hero classed with the ancient warriors of the heroic land. The ruler for whom the Greeks all over the world, as well as in Greece, have been buying chaletas, swords, jeweled wreaths, as the liberator of the land from the thraldom of the Turk has heard outside the palace walls at Athens and at his own chateau of Thessalonica, the cry of the mob that he and his royal abdicate in favor of his own eldest son, Prince George; he has had the military leave of his own army and navy against him to the extent of mutiny; he has been impeached against in the parliament and publicly scored in the newspapers for political reasons.

Constantine, Duke of Sparta, eldest son of King George, was born at Athens, August 2, 1883. He was educated by tutors who were brought from Leipzig and one of the accusations against him has been that he was the effect of German influence. Tall, solidly in appearance, quiet, reserved.

Watch Repairing of All Kinds—American, English and Swiss. Moderate charges, work legally guaranteed. Dickens, working watchmaker, 231 Eighth avenue, near "Just below the Queen's." Phone 2440. Open till nine every night. Issuer of marriage licenses.

FOOTMARKS OF THE TRUST

Look at the footmarks of R. B. Bennett and the elevator trust. On March 7, before the writs were issued, oats in Winnipeg closed at 35 cents a bushel.

Every day the elevator trust is bidding up the price of oats. And then who will say that the elevator trust is not conducting the campaign against the government?

FORECASTS OF ELECTIONS

Election predictions by election prophets are not often of very great value when the prophets happen to be election workers. Frequently the predictions are made for the effect they will have upon the elector.

Of course party men, keen at the work, also get strange ideas. There were people in the last Dominion election who really believed that I. S. G. Van Wart would be elected and were willing to produce their proofs.

And that last sentence is the truth and about all that is definitely known about it. It is difficult to go further into details. It is unreasonable to suppose that a party without very much of a leader and without anything of a policy can go up successfully against a government which has given good administration, excellent legislation, and has been clean and free from graft.

It is likely that some opposition candidates through their own personality, or superior organization may capture some seats or hold those they have, but the idea of anything like a general upheaval, under the circumstances, is too unreasonable to consider.

OPPOSING THE MACHINERY BILL

It appears evident that R. B. Bennett does not place a very high estimate on the abilities of six of the seven Conservative members of the last legislature, according to a remark he made in his speech at Olds Monday evening.

Mr. Bennett was dealing with the Farm Implement bill which he is opposing very strenuously. He told his audience the bill is all that is vicious and dangerous. When a farmer in the audience inquired why all the Conservative members of the house supported the bill if that was true, Mr. Bennett replied:

"They did not all support the bill, though six did. The lawyer among the opposition was not present and the others did not know enough to oppose it."

Obviously, Mr. Bennett has a poor opinion of six-sevenths of the Conservative members of the last house which includes the man he is asking the people of Alberta to place in charge of all the

business of the province. Apparently, also, there is not complete harmony of opinion among Conservatives regarding the Farm Implement bill. It is noteworthy that Harold Riley has sent letters to the farmers of Bow Valley constituency, telling them he supported the measure and approves it and that not a member of the opposition in the last house has raised a voice against it, not even the lawyer himself, that not a candidate of the Conservative party is criticizing the bill except the Rev. S. Bacon Hillocks, who says it is negative legislation because it depends entirely upon the courts, yet that Mr. Bennett is opposing the bill and is declaring it vicious to the farmers he is now addressing.

Really, it seems as if the central Conservative organization should call Mr. Bennett down for going about the country dividing their forces by preaching a doctrine directly opposite to the position taken by all the rest of the party in the province, including its leader. A most presumptuous thing, it would seem, for one man to set up a claim to greater wisdom than the rest of the party combined. That is just the sort of thing that spreads dissension in a party. It ought to be looked to by the party organization.

The circumstance clearly illustrates two things. One is, that R. B. Bennett, who is now trying to tell the farmers what is good for them, is a corporationist before anything else, so much so that he is willing to imperil the chances of his party by opposing a measure, which apparently everyone else in Alberta considers to be in the interest of the farmers, in order to be faithful to his corporationist instinct.

The other, is that the influences that are trying to prevent the return of the Sifton government, are prepared to do anything which they think will gain votes.

LABOR AND LIBERALISM

A good sign of the times is the fact that labor and the government of Alberta are beginning to work together. It is one auguring of much good for the province.

In each of the Lethbridge and Rocky Mountain constituencies, the laboring people and Liberals are supporting the same candidates, which insures their election and which will for the first time give labor direct representation in the legislature. The province will realize direct benefit from the circumstance.

Labor has become a very large part of the social fabric in Alberta and is all the time becoming a larger factor. There must be legislation in behalf of that branch of society the same as others. It can be fashioned with greater sureness of meeting the needs of labor, if labor is represented in the law-making body by men who know exactly what labor wants.

It will be said, in fact, is said, that the government party is supporting the labor candidates in the hope of catching the labor vote generally but that is not true. The fact is that the government has passed a great deal of legislation to promote the interests of people who work. It recognizes that much more will have to be passed and that much assistance could be had from members who are workers themselves and it welcomes that assistance.

On the other hand, the labor forces recognize that the government has given labor much useful and beneficial legislation, so much that the labor of the government to deal fairly by labor has been demonstrated, and realizing that the interests of labor can better be served by working with the government than by opposing it, labor has decided to join with the government in its efforts to adequately serve the interests of working people.

That is what is behind the joint support of labor candidates. It is the thing any government ought to do but it is the first instance in Canada of the ideal relationship between labor and government having been arrived at.

RECKLESS STATEMENTS

The Albertan refers to the leading editorial in The Calgary Herald of last night just as an example of the reckless statements that are being used in this election.

The Herald says that during the three years that Premier Sifton has been in office the debt has been increased by \$17,400,000. As the total debt is less than fourteen and a half millions, the inaccuracy of the statement is apparent.

"Through the error of Premier Sifton, Alberta is now paying five per cent. interest on \$7,400,000." It was not through the error of Premier Sifton but his predecessor's whose policy was supported by Leader Michener, and the province is not paying a net interest of five per cent. but a net interest of one and a half per cent.

The Herald says that by the end of the year the province will be paying interest approximately of \$1,340,000. The present interest account is less than \$750,000. The province is authorized to borrow five millions more. The public can figure it out themselves.

Those are just a few mistakes in a short article. And The Herald forgets to tell its readers that the opposition has not objected to a single item of expenditure authorized by the government, but complains that the expenditure should be greater still.

Editorial Notes

The Calgary Herald predicts a sweeping defeat for the present mayor in the last municipal campaign. Then the mayor got 75 per cent of the votes. As an election prophet, The Herald is not a success.

The Albertan makes no prediction of the result, except that it expects that the government will win by a majority

CANADIANS WANT DRINKING PLACES FOR CAPITAL OF AUSTRALIA

OTTAWA, April 15.—Canadian architects, in common with members of the profession in all parts of the world will shortly be given an opportunity to compete in the selection of the principal public buildings for Canberra, the capital city of Australia, which was officially designated a few weeks ago.

Canadian Trade Commissioner H. H. Ross has forwarded to Ottawa from Melbourne, Australia, a report on the subject, in which he states that the sites for the principal buildings for the capital have been determined. It is proposed that competitive designs should be invited from all parts of the world.

Instead of inviting designs for each separate building, the intention of the government to offer plans which are to embody the whole official block—parliament, the capital administrative offices, public library, etc., as by this means it is hoped to secure a harmonious architectural treatment. It is desired by the government that all the buildings be architecturally harmonious. In the case when competitive designs were invited for the laying out of the site, the plans and specifications relative to the competition for the designs for the parliament buildings were forwarded immediately they are available to the department of trade and commerce. Ottawa, where they may be inspected by Canadian architects.

Sidewalk Sketches

THE VACUUM CLEANER

The vacuum cleaner is an agile device which has sounded the death knell of the broom, the carpet sweeper and the reversible back ache. It is a greater boon to the housewife than any other household appliance. It is used often without causing the family to reprobate in an indignant tone.

For several hundred years women who wanted to remove the microbes and germs from their rugs have had to lean against it heavily with a broom and take up several inches of rug along with the dirt. This treatment caused the spine of the sweeper to assume a neat, hump which she carried with her for the rest of the day. After a woman has used several of these sticks in succession, she can see a microbe crawling across the floor without moving out of her chair.

R. B. B.—The Great Illusion.

Saturday night of all nights gives the hard-worked man a unit of time which he can devote to himself. With his mind at rest after drawing his wages, he is in the mood to enjoy himself. There are 48 consecutive hours of rest ahead before his job calls him again. He is in the mood to enjoy himself. There are 48 consecutive hours of rest ahead before his job calls him again. He is in the mood to enjoy himself. There are 48 consecutive hours of rest ahead before his job calls him again.

"The first time I had heard R. B. was about ten months ago at the Odd Fellows' anniversary parade when he delivered a speech on the 'Brotherhood of Man,' with special emphasis on the Golden Rule. 'Do ye unto others as ye would be done by.' So impressed was I, that to a friend in the old country I wrote, 'There is a rumor here that this Great Orator is likely to seek a seat in the Imperial Parliament, and is looked on as a probable star in the next Conservative government. It strikes me when I think of the constitution he will carry with his Socialistic ideas to the old-fashioned aristocratic Tory. I can imagine him being readily accepted as a member of the B.S.P.' He would be a find to them."

At the opening of the university at the library his eloquence again extolled itself. Very appropriately he impressed his hearers on the need of a better education. "Mark you, what will it profit to build the finest city in the land, and to have its streets crowded with an uneducated rabble?" Again as chairman at the city planner's meeting we flew high in the heaven as he described the "city beautiful" and the duties all citizens owed the community and the less fortunate of their fellow men.

So far, good! But scenes and subjects change. November, 1912, Sherman's Grand Trunk had Pacific Great West. Had we forgotten this? Or was it that politics instead of being the thing that gave them their wealth, reminded the aristocrats in the old country of the duty they owed the country that gave them their wealth, and of his intention to deny appointment the burden of adversity according

HUDSON'S BAY COMPANY

Silk and Satin Stylish Coats—Just When They're Needed

Ribbons In a Bargain Today

THERE are a dozen and one uses for which women will want these pretty ribbons on sale today at a fraction of their usual worth. We can't guarantee how low quantities will last, but we advise morning shopping if you would share.

400 Yards Rich Silk and Satin Ribbons—Particularly adapted for Millinery trimmings; in light medium, and dark shades; 6-12 inches wide. Regular standard qualities at 30c and 35c a yard. Today 17-1-2c

Linen Table Napkins

Housekeepers, hotel and boarding house proprietors will look long and far before they will get a more generous offer than this sale extends to them today. For no other reason than the mere fact that stocks are a little too heavy for the amount of room here, have they been reduced to such proportions. And at their regular price they represent splendid value. We don't expect the quantity to last long after the doors open.

Pure Irish Linen Damask Table Napkins—Size 22x22, in a very neat design; nicely hemmed and ready for use. Our leader value at \$2.25 dozen. Today \$1.90

Again Today, Verandah Mat Samples at Half Price

YOU'LL remember the remarkable values this store offered some weeks ago in richly colored Japanese Rugs and how they were "snapped-up" by eager buyers. These Verandah mats were included in that consignment, which came to us direct from our own representative in Japan. And now we bring them forward for quick clearance at the very time they are most needed, and at prices we can never hope to better. You see, we bought them as samples, and as such bought them at a great advantage in price. Furthermore, as samples, they passed the customs. Hence our position to offer them at such ridiculously low figures. Though quantities in each size are limited, there is generous choice, size and price, a few of which we quote below:

- Size 18 by 36 inches. On sale today 35c
Size 27 by 54 inches. On sale today 65c
Size 30 by 60 inches. On sale today 85c
Size 6 feet by 9 feet. On sale today \$3.75
Size 8 feet by 10 feet. On sale today \$5.50

Corset Covers Splendid Values at 50c

Women who appreciate generous values in such articles as these will be down bright and early to supply themselves with these at such a price. Not to our recollection have we offered better values in Corset Covers of such splendid quality. 125 Dainty Corset Covers, beautifully made of a fine quality Nainsook, in dozens of different styles and designs, some prettily trimmed with Valenciennes lace, others with embroidery and ribbons, all finished with beadings and ribbons; sizes 34 to 44. Today 50c

Floor Covering

"What in the world shall we cover the bedroom floors with?" "Rugs are nice, but I can't quite afford them just now, and linoleums are rather cold looking." You often hear such remarks by housekeepers who are in doubt. Now, let us suggest the new and very appropriate "Colorfast Floor Covering" for we believe it will fill the bill admirably. This wonderful material comes in artistic shades of blue, brown and green, and is fully guaranteed to hold its original color, even should it be rubbed on the floor, or left for months. It can be scrubbed like linoleum, yet has the appearance of a carpet. And you'll wonder at the prices, for such desirable floor coverings, 36 inches wide. Per yard, 55c and 65c

A Noteworthy Display of Home Furnishings

Which Will Provide for the Furnishing and Refurnishing of Homes as They Should Be Furnished. TO THOSE who have planned, or perhaps are planning right now, on furnishing a new home or refurnishing the old one, an hour or so spent in this new Carpet section will provide almost endless suggestion to the newest and best ideas, and will probably impress most forcibly the fact that prices, too, are a little lower here than in most stores. There's scarcely a day passes that does not bring to this big Carpet Section so new and beautiful production in handsome floor covering. One of the new arrivals, unpacked as late as last Thursday, is a beautiful carpet looms yet invented. This clever machine weaves a rug, the like of which would defy an expert to tell it from a genuine hand-tufted rug. The artistic and bewitching blending of color is to be found only in rare Oriental rugs costing about ten times the price. These wonderful rugs, produced on a more wonderful machine, come in small but desirable sizes only of a very rich, long pile and decidedly distinctive in appearance. And best of all, these new rugs cannot be judged by their prices, as they have been marked to the level of much more commonplace productions; sizes 27x54 inches, selling as low as \$7.50, with other sizes priced in like proportion.

A Special Shipment Just In and Specially Priced for Wednesday

JUDGING from the many inquiries of late for low priced and fashionable coats for ladies we look to an enthusiastic selling response and hearty appreciation of such news as this. They represent a very special lot we bought direct from the makers and at a considerable price advantage. Strikingly handsome garments women are bound to fall in love with at first sight. Carefully made in every detail, assuring lasting satisfaction.

Don't look for better values, for it would be well nigh impossible.

- AT \$7.50—A shipment just opened out, consisting of wonderfully attractive tweed Coats, in lengths of 50 and 52 inches, and made with an inserted belt at back, finished with two large buttons; has regulation collar and revers, with three-button fastenings; new set-in sleeves with cuffs; collar, cuffs, button holes and button centres are finished with a contrasting shade in broadcloth to blend effectively with the material in coat. The colors shown are fawn and tan, mixed tweeds, grey, green, and brown. Both Misses' and Ladies'. You have often paid \$12.50 for a coat and not got one as good as this for the line at \$7.50
AT \$10.00—Here we have on sale some excellent values in more than a dozen different styles to select from. One particularly attractive coat is a strictly Norfolk style, in 38 and 50 inch lengths, made in a beautiful quality of heavy wool serge, in colors of French grey, light fawn and tan. This is a very smart coat for Misses' wear, and would be a good buying at \$10.00 each. Special value \$10.00
AT \$10.00—This special coat is shown in a beautiful quality of soft Zibeline tweed, in two tones of tan, green and brown; has regulation collar and revers, with cuffs on sleeves, held in back with box pleat down the centre; has side pockets with flaps. Specially good coat for Misses' and Juniors. Regular value \$13.50. Only \$10.00

Mothers! Pretty Dresses for Children, \$1.75

Here is a gathering of the prettiest little dresses we've shown for the new season, being a "Special Purchase" by our own representative while in New York recently. They represent wonderful value and come in the most becoming styles for girls from ages 4 to 14. Beautifully made of fine percale and ginghams, in a variety of styles, some stripe effects and others perfectly plain, nicely piped with plain and self materials. Bring the little one down this morning for one of them. Today \$1.75

New Linoleums

Three very important features, apart from the immense showing of splendid Linoleums here, and important to every home planning new coverings for their floors are, First: We are showing an Inland Linoleum that not only keeps its pattern to the last, but will wear clean and bright throughout. Second: We are showing Linoleums in Parquetry designs that are wonderful resemblances to hardwood floors, and fill a long felt want. We have Printed Linoleums, the patterns of which are printed in specially prepared oil color, that resists the hardest wear. And yet the price is no more than you would expect for such superior qualities elsewhere. Per square yard, 45c, 55c and 60c.

an editor or otherwise. He is anxious to admit a little sunshine into the lives of the people that live in the heart of this great empire, and to accomplish which he knows well that monopoly has to be broken and the great trusts smashed. Put it down, Mr. Workington, put it down when you vote on Thursday next. R. B. B. asked you to vote for his friends to save himself being discredited when he went back to Ottawa. He leaves nasty taste in the mouth, eh? Reputations come and go, like all other things. But the limelight should never be fearful of a tarnished name, though the true some chance that it

**Sweeping Victory in Southern Alberta is Predicted**  
(Continued from Page 1.)

In the early part of the campaign these seats were regarded as Conservative, but as a result of the splendid fight put up by the Liberal candidates in these ridings, there is every probability that they will be landed in the Liberal column.

The fight in Claresholm goes merely on. It looks like a neck and neck race between the three candidates. From latest reports it would seem to be anybody's victory, but the Liberal organization there claims they will carry the broom on the night of the 15th.

In Bow Valley and Gleichen the contesting parties are engaged in a most interesting struggle for supremacy. The veteran, George Lane, has his fighting clothes on, and, as he has a strong record, it will be no surprise to learn that he will be a good safe lead on his opponent, Riley. The same is true of Marthur of Gleichen, who is bound to defeat McElroy.

The only other seat to be accounted for is regarding Fincher Creek. Final returns are not complete. The Liberal forces there are, however, working splendidly together and the result, they state positively that they will have a majority of at least 150.

**Pat O'Keef Won**  
London, April 15.—At Blackfriars this evening the American fighter, Frank Moran of Pawtucket, R. I., was beaten on points by Pat O'Keefe, of London, in a 20-round contest.

**Students Need Discipline**  
Belfast, April 15.—Addressing a meeting of the Belfast Students' Union club recently, Major McCalmont, the new member of parliament for East Antrim said that, speaking more as a soldier than a politician, he wanted to tell them that they must have organization and discipline. Above all things, they wanted to avoid disorder, and elicited enthusiastic response from the entire audience. The speaker was at his best in his account of the principal issues of the present contest in so clear and incisive a manner that he was the recipient of constant cheers upon the conclusion of his remarks. Special mention was made of the fact that the Liberal party in Belfast was not only a political party, but a social one, and that it was the duty of every member to be a credit to the party.

**GEORGE LANE AT BIG BASSANO MEETING**

Mr. Lane Ably Reviews Record of the Sifton Government in Promoting Legislation Advantageous to the Farmers; Notably the Elevator Bill.

**LANE IS CALLED "THE TREE WITH THE BARK ON"**

John McDougall, Pioneer Albertan, Urges Bassano Electors to Vote for Lane; and is Recipient of Rousing Cheers; Lane's Victory Certain.

**High Rate of Interest**  
Sir Edmund Clark has had noticed that the average rate of the Great West Life was 7.5 per cent. Mr. Mackenzie pointed out that the western mortgage companies showing average earnings of 17.4 per cent, and paid 10 per cent.

Arthur D. Foster asked if Mr. Mackenzie considered the banks were treating the wool growers and how. Mr. Mackenzie thought they were. The banks collected reports and they were sent east and used to help finance the big corporations in the east.

Mr. Foster wanted to know if the banks did not loan more to the farmer than the farmer deposited. The answer did not know. He insisted seven per cent should be the right rate. It should not be higher.

Couldn't Do Banking.  
Major-Beattie asked why the grain growers did not start their own bank. Mr. Mackenzie said they could not get the power from parliament. When they asked for a charter for the Great Western Grain company they wanted banking privileges. This was refused. A number of members pointed out that if they had asked for a bank charter they would have gotten it. Mr. Mackenzie said they could not get the power from parliament. When they asked for a charter for the Great Western Grain company they wanted banking privileges. This was refused.

**Good Crops Down Under**  
Sydney, N. S. W., April 15.—Latest mail advices from New South Wales indicate a splendid harvest. The rains have fallen. Some remarkable harvests are being reported from different localities, and holdings returning over 50 bushels to the acre in the Silverdale district where the average is expected to reach from 20 to 30 bushels. This evidence a marvelous recovery since June last.

The Chubb district also chronicles a splendid season, with some magnificent paddocks of wheat returning 42 bushels to the acre. The harvest is now anticipated to equal last year's, and is estimated to yield 24,000,000 bushels of wheat.

Production is reviving in dairying, and there is a good yield of hay. The outlook for 1913 is very good.

**GRAIN GROWERS GIVE INFORMATION TO THE MEMBERS**  
(Continued from Page 1.)

physical impossibility. Most farmers must hold it. It was usually the case that the bank should take steps to assist the farmer by encouraging him to build granaries and hold his grain.

Mr. McCraney asked if the bank loan to any one who did not loan to now, if this clause was inserted. Mr. McKenzie said that the bank might not want to give them a loan, but it would not hurt to give them a chance.

Advantage to Western Farmers  
"Would this clause be a boon to the farmers of the West?" asked Mr. Ames. "It would not be a boon, but it would be a decided advantage," replied Mr. McKenzie.

"Would you enthusiastically endorse this proposal?"  
"I am heartily in favor of it," replied Mr. McKenzie.

"If I am heartily in favor of it," replied Mr. McKenzie, "I thought banks prefer to loan on live stock rather than grain. Mr. McKenzie thought they would. He would include live stock in the clause. Another thing which would encourage farmers going into mixed farming would be of advantage to the West."

Banks and Mixed Farming  
W. H. Sharpe asked if banks were not now encouraging farmers to go into mixed farming.  
Mr. McKenzie had not heard of it.  
Mr. White asked if he thought secured lien would prejudice other creditors.  
Mr. McKenzie said no doubt business interests would object. He did not think the storekeeper would be injured. He saw no advantage of having a revision of the bank act too frequently.

Limit to Seven Per Cent.  
"He was in favor of not allowing the banks to charge more than seven per cent."  
"Supposing the banks should come here and say if they were not allowed to charge more than that amount they might have to close many branches," said Mr. Ames, "what would you say?"  
"I would call their bluff," replied Mr. McKenzie.

"Would you regard 8 per cent as too high?"  
"No," replied Mr. McKenzie.

"Hon. Mr. White pointed out that the bank stated the rate depended upon the character of the borrower. Would it be wise to make a hard and fast rule?"  
Mr. McKenzie thought those who were willing to pay high rates were unskilled speculators. Mr. White pressed the point home as to whether there should be a hard and fast rule as to the rate.  
"There should be a line drawn somewhere," replied Mr. McKenzie. "A farmer who pays more than a loan is better off without the loan."  
"What are the mortgage rates?" asked Mr. White.  
"Seven, eight or nine per cent," he replied.

"No, I had not heard of it. But I know they are deeply interested in it." (Laughter.)  
Mr. Green opposed taking bank notes, as he felt the tax would only be passed on to the customer. He would tax the banks for the "crime" of sending money out of Canada. The witness explained that at some length the recurrent shortage of money to handle the crop every year. Something had to be done for the farmers, or they will continue to leave the farm for the city.  
Mr. Green, to explain the methods of Western farming, told the committee about his own operations. He and his sons had 1,200 acres under cultivation, with 400 under summer fallow every year.  
"You are right on the job farming," said Mr. Measitt, "but you would run against some snags in banking."  
"In closing," Mr. Sharpe asked if he had told them of all the Western grievances.  
"Nothing further," he added. "We don't expect to have you jump at the proposal for agricultural banks. We expect, though, to get the minister arrested."

Late last night articles were signed
by Micky McIntyre of Saskatoon to
meet Micky Griffith of Cincinnati, O.,
in a battle for the welterweight cham-
pionship of the world. The bout is
to be held in the Burns arena on May
1. Last week Griffith sent word to
Tommy Burns requesting a match and
he was told that if he defeated Ray
Brosson, or got a draw with him, he
would be given the date. The brief
dispatches which have been received
of the affair indicate that Griffith de-
livered the goods, and, although there
was no decision given, it appears that
Griffith had the better of the affair.
The welterweight division of the
scrap heap has been in a big muddle
of late. At present there is no recog-
nized champion, and there are a num-
ber of contenders. Mike Gibbons gradu-
ated to the middleweight class. It is the
purpose of Tommy Burns to settle this
dispute to some extent, and the match
which is due for May 1 will go a long
way toward settling it. The winner
of this bout will be matched with Ray
Brosson, provided that gentleman
wishes a match.
However, if the hoodoo which has
apparently been following Tommy
Burns continues its work, there is a
chance that the bout will not take
place. Micky McIntyre was sent to
Griffith last night and an answer is
expected today.
Micky McIntyre is a Canadian. He
was born in Nova Scotia, and it will
be quite an honor for Canadians if
McIntyre can be turned out on the
stage of this welterweight scrap heap,
which is in such a muddle at the present
time.
The May day bill may be a double-
header, as it is quite possible that
McIntyre and Griffith will also
appear on the program for a 12-round
contest.

Right now there are several more
schemes hanging in the balance.
Tommy Burns and Micky McIntyre
are in a battle for the welterweight
championship of the world. The bout
is to be held in the Burns arena on
May 1. Last week Griffith sent word
to Tommy Burns requesting a match
and he was told that if he defeated
Ray Brosson, or got a draw with him,
he would be given the date. The brief
dispatches which have been received

The May day bill may be a double-
header, as it is quite possible that
McIntyre and Griffith will also
appear on the program for a 12-round
contest.

A meeting of the Calgary and Dis-
trict Football League was held in the
Y. M. C. A. last night. President Bob
Matheson presided. The delegates
present were Messrs. Matheson (Collieries),
Ingles (City), Atkins (Postoffice),
Altwood (Lyneders), Woods (Lancs),
Avery (Y.M.C.A.) and Rees, repre-
senting the Intermediate section. Some
lengthy discussion took place regard-
ing the affiliation of the Commercial
League with the City League.
Messrs. Morris and Miller, repre-
senting the Commercial League, were
present and asked that they be al-
lowed to play on their teams as many
intermediate men as they wished, but
would stipulate only two senior men
on any one team. They also stated
that the teams would play only bona-
fide employees of the firms or corpora-
tions they represented.
The chairman did not see how they
could affiliate with the City League,
as a playing pitch being laid out in
the main any other way to foster the
game. It was finally decided, on a
motion by E. Altwood, that the league
be re-named the "City League" and
the secretary write, stating that their af-
filiation could not be accepted and
that all clubs concerned govern their
own players.
Mr. Matheson said that on behalf of his
club he has secured information from
E. J. Richardson, manager of the Ex-
hibition company, by whom he has
been received most courteously re-
garding securing a portion of Victoria
park for playing games this season.

MAJOR LEAGUE BALL
AMERICAN
Boston, April 15.—Hits for extra
bases gave New York a 4 to 2 victory
over the world's champions today.
Keating, the Highlander, recuti-
plicated in the first inning, driving
and giving passes to six. Jackson,
Cleveland's slugger, was hit on the
hand by a pitched ball and sustained
for a moment. Falkenberg pitched
hard ball, only one Detroit player
reaching third base.
Cleveland ..... 601 051 02x—3 11 1
Detroit ..... 000 000 000—0 2 2
Batteries—Falkenberg and Carlich;
Bohler and Stange.
See Best Browns.
St. Louis, April 15.—Chicago defeated
St. Louis today 5 to 2. Walsh, al-
though hit rather hard at times, held
the leaden maw when the big oppor-
tunity to tie the score. Chicago
scored in the third on a base on balls
and Williams' error on 15th. Chicago
scored in the fourth on a base on
fly. In the fourth Chicago added two
more on two infield errors, an infield
hit and Schalk's double. Chicago
brought their total up to five in the
fifth on Ralston's walk, Collins' single
and Barton's double. Williams' double
and Pratt's single in the fourth scored
St. Louis' first run. In the seventh
St. Louis scored on a base on balls,
a double and Johnston's single. In
the ninth Walsh struck out the next
three men. Score:
Chicago ..... 001 220 000—5 10 2
St. Louis ..... 000 100 000—2 2 2
Batteries—Walsh and Schalk; Mit-
chell and Alexander and Agnew.

Senior Football League Schedule for 1913
The following is the schedule of the
league for 1913. The first game is
drawn up at the meeting of the
league executive last night:
May 2—City vs. Lancs.
May 7—Y.M.C.A. vs. Hillhurst.
May 7—Y.M.C.A. vs. Post Office.
May 7—Calles vs. City.
May 14—Hillhurst vs. Y.M.C.A.

Substitute Beats Pirates
Chicago, April 15.—Wilbur Good, a
substitute who ran for Clymer Good,
the tenth inning, and Ward Miller, who
had replaced Mitchell, secured a
double today, and Chicago won the
final game of the series from
Pittsburgh, 5 to 2. The pitcher of
the tenth, Clymer was given a
base on balls. Good then taking Cly-
mer's place. Schalk's error on
Brosson's error and Good was held at
second. Miller, batting for Mitchell,
scored Schalk at second; Miller then
stole second and Good, who was held
at second when Miller started, crossed
the plate before Young, who threw
the ball, could get his bearings.
There was no chance to catch the
runner and the game was over. Chi-
cago used a total of 19 men. Score:

son; Lavender, Cheney and Brostbahn.

Los Angeles, Cal., April 15.—Bud
Anderson, of Medford, Ore., light
weight, knocked out "Knockout"
Brown of New York in the fifteenth
round of their scheduled 20-round bat-
tle at Vernon arena tonight. Just a
month ago today the same boys fought
12 rounds to a draw in the same arena.
Anderson had Brown all but out in
the eleventh round but the contest
was stopped. The New Yorker recovered
and pounded Anderson into a state of
collapse. The final moment of the bat-
tle of supremacy that the battle of
tonight was arranged, with a match
between Anderson and Brown in May
or July as the added prize to the win-
ner.
Kilbane vs. Dundee
Several telephone calls were received
last night regarding the featherweight
bout between Johnny Kilbane and
Johnny Dundee. This bout will not
take place until two weeks from last
night, April 28, at Vernon arena.

TYRUS COBB IS RESIGNED
TO HIS PUNISHMENT
Augusta, Ga., April 14.—"Ty" Cobb,
holdout of the Detroit American team,
gave out a statement today regarding
his resignation from the Detroit man-
agement in which he said:
"I will go to Detroit whenever I am
asked, and I am anxious to confer with
officials of the club. I have advised
them of my desire to amicably adjust
my resignation. I suppose the punishment I
will get for demanding more money will
be a suspension from the team. I
Cobb said nothing about a report that
he would become the Chicago agent for
automobile tires.

SIX MERCANTILE TEAMS
Six baseball teams will play in the
Mercantile league this season, that
many applications having been received
at the organization meeting of the
league, which was held last night in
the Ashdown Hardware company's of-
fice.
The following teams will play:
Nelson Furniture Co., Ashdown
Hardware Co., Hudson's Bay Co., John
Dear Pipe Co., Scotland Woollen Mills
Co., and Robin Hood Milling Co.
It was decided to have the games
played at Mewata Park if dates can
be secured.
The following officers were chosen
for the season: President, Curley
Noden; vice-president, D. T. Kemp;
secretary-treasurer, G. C. Rice.

**BETTER THAN SPANKING**  
Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 251, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send 50c package securely wrapped and prepaid Absolutely Free to any reader of The Albertan. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House; write to them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

### Theatrical News

**GUS EDWARDS HEADS BILL AT ORPHEUM TOMORROW**  
A most important headliner will be the attraction at the Orpheum this evening, when Gus Edwards presents his "Song Review of 1912." When it is remembered that he is the composer of popular and catchy songs, such as "School Days," "By the Light of the Silvery Moon," "I Just Can't Make My Eyes Behave" and others it can be assured that a treat is in store for young and old. An added feature to the act will be the troupe of talented boys and girls, who will have an important part in the performance. Gus Edwards has chosen the best songs from his output, and the act is one of the most enjoyable features that has visited the city. Of course, there are grown-ups and big boys in the production, as well as Georgie and Cuddles, the youngest members of the cast, are the favorites.  
Another feature of the bill is William H. Lytell, who creates no end of laughs in his funny faros. One of the variations is a father who has been through the same himself, and he too, provides much of the comedy of the play.  
Dave Kramer and George Morton also provide much mirth for the new bill and present one of the funniest and liveliest black face acts on the stage. Both characters are geniuses at negro impersonations, and their singing and dancing are sure to make hits.  
Those who have seen Jesse Laakey's Phenomenal Minstrel will be pleased to find this evening by General Pineda, the famous Italian sharpshooter, and his "Bombardeiro Tripoli." His staging effect and fine marksmanship make the act an interesting one, and besides he does some "clever trick shooting."  
The bill is completed by Lee Alvarez, a duo of trapeze performers, whose act is both thrilling and daring. It is certainly one of the best acts of its kind ever offered to vaudeville patrons.

### BENNETT'S ELEVATORS CAMPAIGN ISSUE AT PONOKA

PONOKA, Alta., April 14.—In Ponoka R. B. Bennett has become a campaign issue, and the farmers of the district have determined first to return to power the government which brought in the elevator bill and then to take advantage of the act, but an end to Bennett's elevator prices.  
At the big meeting tonight in the town hall in support of Dr. Campbell, the crowd cheered loudly and longed at the references made to this measure which they declare will mean economic salvation to the district. Other subjects were discussed lucidly and effectively by Dr. Campbell himself by Hon. Charles Stewart and a Conservative farmer, W. E. Christman, who is supporting the Liberals, because he fears the Bennett monopoly and believes that the whole program of farmers' legislation should be endorsed by the elevator question now uppermost in the minds of all. The farmers of the district are determined to fight the father of the trust with the new weapon formed for them by the government.  
Liberals workers find Bennett's speeches excellent campaign literature. Their only regret is that he has not been brought in to speak for the Tories. Because of this enthusiastic acceptance of the legislation of the farmers' session of the houses, because Dr. Campbell is intensely popular, and highly respected both personally and on account of his work in the legislature, and because of slanderous attacks, which have been made upon him by the irresponsible third candidate, Baker, the Liberal candidate will be returned with a large majority.  
Baker has been repudiated by the temperance people as a whole tonight. One of the strongest prohibitionists of the riding, N. A. Donaldson wrote an open letter repudiating Baker. Direct legislation has provided a new channel in which the temperance movement will shortly be directed.

**Lightning Injured 25 People**  
Independence, La., April 15.—There were twenty-five people injured, nine dangerously, by a bolt of lightning which swept through a hotel lobby, Richard Edwards, of Pierce City, Mo., was paralyzed in the lower limbs; N. Hoover of Pierce City, Mo., was burned on the body and his silk underwear completely destroyed. Martin Donald, St. Joseph, Mo., was affected by the shock mentally. Seventeen of the party were unconscious for an hour.  
For Election News Thursday Night, Call Up Number 8.  
METROPOLITAN OF THE GREEK CHURCH WHO WAS MURDERED  
Four tarosks about to be hanged by the Turkish authorities at Smyrna were rescued while being taken to the gallows, according to the latest reports. The charge against the Greeks was that when the Greek forces took the island of Mitlene they abused a young Turkish woman. It is alleged that the testimony made by the Greek Church and the Greek community of Smyrna were ignored.  
Because of the interest taken on behalf of these men by the Greek Church of the Greek Church and the Metropolitan of Smyrna, a man of high position, who was formerly Metropolitan of Drama, Macedonia. He was transferred from that place because the Turks objected to his activities on behalf of the Christians living in Macedonia.

## The Smith, Barnes and Strohber Co. Piano Manufacturers, Offer:

# \$14,500 In Valuable Prizes and Cash Values to be Given Away Free \$14,500

### FOR THE NEATEST and MOST ARTISTIC CORRECT SOLUTIONS OF THE FAMOUS GEOGRAPHICAL PROBLEM

Costs nothing to try. Open to all. No concealed conditions. Great publicity contest inaugurated by the Smith, Barnes & Strohber Co., of Chicago, one of the largest and wealthiest high grade Piano Manufacturers in the World.  
Below the names of twelve prominent Canadian cities are mentioned—each line, or dash representing a letter. Where dashes appear, supply the necessary letters to spell out the name of each town.

### Can You Solve It?

Looks Easy, Doesn't It? But Be Careful!

—U—L—H  
Q—E—E—  
W—N—E—L  
M—T—E—L  
L—N—O—

The Population of Each City is at Least 15,000  
Send in a complete list of the above, properly arranged, stating province in which each city is located. For the neatest and most artistic correct answers, we will give absolutely free the prizes here mentioned. Winners will be notified by mail. It is not necessary to use any member of a family can enter. The winner of the first grand prize in this great publicity contest will receive absolutely free, the \$475 Smith and Barnes piano. The other prizes to be awarded in order of merit.  
In case of ties, identical prizes will be awarded to all contestants. Contestants receive no consideration if any of the above rules are violated.  
IN ADDITION, write on separate sheet of paper giving name of town you wish that you think most desirable location for branch piano factory, and give your reasons.

Several carloads of these High Grade Pianos are now in transit for advertising purposes and will be placed on sale with reliable dealers located in the principal cities of Alberta where prize winners can make their selection at a special low introductory price.

- This Is First Prize** →
- First Award—Handsome \$475 Smith & Barnes' Piano.
  - Second Award—Ladies' Diamond Ring.
  - Third Award—Gentleman's 20 year Gold Watch
  - Fourth Award—Handsome Diamond Locket.
  - Fifth Award—Beautiful Violin and Case.
  - Sixth Award—Handsome Silver Mesh Bag.
  - Seventh Award—Pair of Opera Glasses and Case.
  - Eighth Award—Fancy Locket.

The above is to be given by the Smith, Barnes and Strohber Co. for the neatest and most artistic correct solutions.

In addition to the above awards every prize winner will receive according to merit of solution a bona-fide draft for an amount from \$35.00 to \$125.00. These drafts will be honored at face value only toward purchase price of any new Piano or Player Piano (that has been shipped to Alberta and which we manufacture) we are introducing throughout Western Canada through this mammoth advertising plan. These drafts will be issued in denominations as follows: One at \$125; five at \$110; ten at \$105; thirty-five at \$100; thirty-five at \$98; thirty-five at \$85. A draft will voluntarily be issued for \$35 to the next sixty-three contestants sending us a correct solution as a reward for their efforts in this contest.  
Think of it! If you solve the above correctly you will receive, in addition to one of the above elegant prizes—which you get absolutely free—a bona-fide draft as explained above. Smith, Barnes & Strohber Pianos are well known in the States from the Atlantic to the Pacific as strictly high-grade and we believe the quickest and most effectual way to introduce and create a demand for them is in making special offers direct to Piano buyers—for whose benefit this contest is run—and eliminating the customary marketing expense of high salaried salesmen, magazine advertising, canvassing, paying teachers' commissions, etc. In order to do this they have inaugurated this great contest in which each contestant has an equal chance to win one of these valuable prizes. Any thinking person will readily appreciate that we as Manufacturers can well afford to make the above liberal offer, if by so doing we can make our Pianos as well known throughout Western Canada in three or four weeks as would take three or four years by ordinary methods of advertising.

The grand prizes will be awarded by a board of judges of selected, representative business men so as to guarantee absolute squareness to all contestants and the decision of these judges will be final. Try for one of these valuable Prizes that are to be given free to successful contestants. Solutions must be in our hands or bear postmark not later than April 24th.

Mail your answer today, and write your name and address plainly.

## SMITH, BARNES AND STROHBER COMPANY

R. L. PETTIT, General Advertising and Sales Mgr. 611 TEGLER BLDG., EDMONTON, ALBERTA.

**CHAS. STEWART TALKS ELEVATOR TRUST TO PONOKA FARMERS**  
Ponoka, April 14.—Hon. Chas. Stewart delivered a fine, forcible and convincing speech. "Have no fear," said the minister. "When the organizer of the Elevator trust tells you that the government hasn't made provision for the raising of money to finance the bill, he knows what he states is incorrect. He knows full well that the bill itself makes provision for financing and that in the estimates is an item of \$4,000,000 for construction which will be available for the building of elevators."  
Threats to Implement Men.  
Something of the inside history of the new machinery bill and the government's attempt to coerce the government to drop the measure was revealed by Stewart. It was in an interview between the implement concerns' representatives and Mr. Stewart, the minister, that the most brazen threats were uttered. These men told us, said Mr. Stewart, that if we allowed the bill to pass we should be driven out of power. He said we have a \$1,000,000 interest in Alberta today and we shall raise a million more next year. He said that if we fight against you with this money, all through the provinces," Mr. McKenzie told them to be ready to go to a stock of papers on his desk relative to the fraud and influence inflicted on some of the Alberta farmers, had remarked, "We cannot allow this sort of thing to go on. It is the interests which disapproved it the government faced defeat."  
Mr. Stewart went exhaustively into the record of the government and the details of public expenditures. He pleaded the cause of wider markets, pointing out that the Dominion issue was inextricably involved in this provincial election. "Don't you suppose," he queried, "that Borden and Rogers, and the Ottawa cabinet as a whole, are dead anxious to show the interests that Alberta is capable of driving a nail into the coffin of wider markets?"  
"I am very glad to see the three Calgary Liberal candidates pledged to women's suffrage." The minister went on, "I for one have no fear as to the ultimate result."  
Vote Against Bennett Trust.  
W. E. Christman, who is one of the many Conservative farmers who have been forced by the logic of the political situation to go over to the Liberal side in this election, then presented the case for co-operative elevators, and against the Bennett combine and from his own experience as a member of a farmers' elevator company at Oxbow, demonstrated that only through co-operation could the farmers secure a first price for their grain.  
"If you support the government which is ready at the present time to give you support and assistance before three years are passed you will be in an infinitely better position," said he. "The farmers who are in a position to do this were passed last season places in your hands a weapon which assures for you a final victory for the government." Bennett is fighting the government," Dr. Campbell.

**WILSON EXPLAINS HIS ATTITUDE; FAVORS THE CONSUMER**  
With newspaper men, President Wilson explained his reasons for insisting on a 15 percent reduction in the tariff on sugar for three years, and then free sugar. "The benefit of these reasons was the benefit that would accrue to the consumer."  
President Wilson said he did not believe there would be an immediate benefit from the reductions in the tariff on the other, but that in the present bill. He called attention to the fact that in some of his speeches made during the campaign he said that he did not expect tariff revision to bring about an immediate reduction of the cost of living, but that he did expect it to bring about a competitive situation that would make it impossible by combination to sustain the present artificial level of the prices. The president expects a reduction of the cost of living as a result of re-awakened competition. It is competition, the president said, that the Democrats are seeking.  
The president said that if the reciprocity feature of the bill should be enacted, he would attempt to negotiate certain reciprocity treaties as soon as possible. Confidence was expressed by Mr. Wilson that the tariff bill, as now before congress, meets the approval of the people. He alluded to would have the maintenance of it as probably quite numerous, but said he would have the maintenance of it as public with no axes to grind, would regard it as a fair bill.  
Business depression will not follow the enactment of the Underwood bill, in the belief of the president. He said he saw no reason why there should be any business depression; that he was confident business would go on without interruption. He added the opinion that if any sugar mill closed down it would be for effect and that the factories would reopen later on.

**Bell Denies More Story**  
Washington, April 15.—General J. Franklin Bell, commanding the Philippine division of the army, advised the war department today that every-thing was quiet on the island of Zolo. He said there was no justification for alarming reports about Moro outbreaks.

**Farmers Busy at Tofield**  
Tofield, Alta., April 15.—J. H. Olson completed forty acres of wheat seeding Saturday night. The land is in excellent condition for satisfactory seed-bed. Farmers everywhere are busy on spring operations.

**TORONTO MAY ACCEPT SAVINGS ACCOUNTS**  
Toronto, April 15.—At today's meeting of the board of control, Controller Foster moved that the treasury board be requested to consider the advisability of taking immediate measures to provide the requisite machinery, seeking legislation if necessary, for inaugurating a system whereby the city can accept savings deposits from citizens and also provide protection at the rate of, say, four per cent, per annum. It was carried.

**Telephone Co. Raises Wages**  
Boston, Mass., April 15.—A general increase in the wages for its operators in the Greater Boston district and in other large cities in which it operates, was announced tonight by the New England Telephone and Telegraph Co. The increase was announced slightly less than \$1 a week. June 1 is the date upon which the schedule goes into effect in Boston, and probably elsewhere, according to a company official.

RED DEER CATTLE MARKET DEFEAT LEADER OF OPPOSITION

Rousing Rally Addressed in Red Deer City by George P. Smith, of Camrose

Red Deer, Alta., April 15.—Mr. G. P. Smith, M. P. of Camrose, addressed a rousing rally to a crowded house in the Empire theater here this evening in the interests of the local Liberal Candidate, Mr. R. B. Welliver, M. P.

Mr. Smith dwelt at length on the A. & W. Y. question in all its details and he showed clearly how the opposition in the local legislature had made any suggestion as to how this matter should be handled.

He also gave an exhaustive outline of the financial position of the province, showing how the debt of the province, with its half a million people, did not equal the debt of either the city of Edmonton or Calgary, also comparing our debt of \$14,000,000 under a Liberal administration to that of the postage stamp provision of \$10,000,000 under Conservative rule.

He also dealt generally with all the other questions taken up by the opposition, showing up the weakness of the Conservative position in connection with these matters.

The meeting was also addressed by Mr. W. Robertson, of Red Deer, one of the younger workers of Mr. Welliver. Mr. Robertson received an exceptionally good hearing and made a very able address on the questions of the day.

ALDERMEN APPROVE OF THE SALE OF DEBENTURES

No further information is available as to the negotiations of Mayor Sifton in the East, where he was recently sent by the council on the recommendation of the Finance committee.

Mr. Hagg, manager of the local branch of the Bank of Montreal, has, however, furnished the following statement to the press in which he sets forth the exact relations of the bank and the City of Calgary.

MGR. HOGG'S STATEMENT

Mr. H. Hogg Gave Out the Following Statement Yesterday.

As the bank's position has been grossly misrepresented in the newspapers, it ought to be made clear to the public, and I will therefore give a brief history of the conduct of the bank's affairs by the bank since the agreement was entered into.

The agreement was dated November 12, 1911. The paragraph which has special bearing on the present case is No. 4, and reads as follows:

"Except with the written consent of the bank, the city shall not in any way exercise control, shall it permit any other person, persons or corporation to exercise control, or to exercise control of the city otherwise than through the agency of the bank."

It has been stated in the press that the bank has done nothing, and is doing nothing, to help the city in financial matters. The following list of securities sold for the city by the bank will show the injustice of this statement.

Debentures sold—February, 1912, \$2,000,000 at 1-1/2 per cent; July, 1912, \$2,000,000 at 1-1/2 per cent; March, 1913, \$1,000,000 at 1-1/2 per cent; April, 1913, \$1,000,000 at 1-1/2 per cent.

Buy It This Week That Refrigerator

and have the full season's service from it. The advantages to be gained are many. You have no foodstuffs spoiling from the heat and everything comes to the table in a most appetizing condition.

SEE OUR STORE REFRIGERATOR Extra large enamel lined, glass doors, and built for hard usage. \$125.00

Receipts of Street Railway for March Equal First Year of Operation

THE earnings of the street railway for the month of March, this year amount to almost exactly the same as during the whole of the first year of operation.

In 1909 Calgary street railway earned \$7,000 in March, 1912, the earnings amounted to \$7,187.91. This is more than for the same month last year, when \$6,201.62 was received.

A summary of the statement just issued by the superintendent is as follows:

Table with 2 columns: Revenue per car mile, 1912, 1913; Operating expenses per car mile, 1912, 1913; Gross surplus per car mile, 1912, 1913.

Total securities sold in one year and two months, \$2,167,000, or \$1,548,000. The price obtained for the February issue was the highest price obtained by any Canadian municipal bond since 1912.

Regarding an issue of debentures of approximately \$4,000,000 which the city had to issue in the beginning of January, the bank reminded the city in November that it was not ready to issue the debentures.

On December 5 the bank again wrote urging them to be ready at an early date, and on December 31 asked the city to negotiate any form of debt its debentures would be ready, stating that it was not ready to issue the debentures.

The \$1,200,000 debentures above stated as being sold in March were sold at a price of 105 per cent, and the bank effected a sale of these securities to the city.

Mr. Williams attempted then to pin the blame on the bank for the delay in the sale of the securities.

Mr. Williams attempted then to pin the blame on the bank for the delay in the sale of the securities.

Mr. Williams attempted then to pin the blame on the bank for the delay in the sale of the securities.

NEW BOOKS TAKES AT SUNNYSIDE

Says It Is Not the Business of Political Opposition to Attempt to Create Legislation

It is not the business of a political opposition to attempt the creation of legislation, according to the views of Rev. S. B. Hillocks, expressed at a Conservative meeting held in the Sunnyside school last night.

The total operating expenses for March this year are \$2,659.92, as compared with \$2,457.71 last year. The net profits are \$1,914.91 for the month, and \$2,824.69 passengers carried. This is the only line where the receipts are above \$10,000.

MAN THOUGHT TO BE W. G. S. HOOLEY DIES IN OTTAWA

SOME ISSUES IN THE CAMPAIGN

NO REAL POLICY

The second feature in the campaign was the absence of any policy or platform on the part of the opposition.

It is not the business of a political opposition to attempt the creation of legislation, according to the views of Rev. S. B. Hillocks, expressed at a Conservative meeting held in the Sunnyside school last night.

MAN THOUGHT TO BE W. G. S. HOOLEY DIES IN OTTAWA

Death of Muriel Campbell is Believed to Have Been Beyond Prevention According to Word of Witnesses Who Say Chauffeur Was Not Speeding

MANSLAUGHTER CHARGE WILL LIKELY BE DROPPED

Jack Munch is Said to Have Made Every Effort to Prevent Collision, Attempting to Turn to One Side, but Did Not See Child Quickly Enough

The inquest held yesterday afternoon over the body of Muriel Campbell, the four-year-old daughter of Wm. J. Campbell...

A Revelation of Real, High-Class Quality. "SALADA"

TEA, used by Millions Daily. Sealed Packets Only. Black, Mixed and Green.

It is the next best thing to be a cabinet minister at Ottawa, so he liked there to give Premier Borden a colorful imitation of young Lochinvar who came out of the west and through all the best border his gal was the best.

Naturally this took the skin off R. B.'s nose and he joined hands with James Altkins of Winnipeg, another tumbledown orator, and formed a cabal to break into the Borden cabinet through the cellar window, since they were denied the front door.

It is expected that the company will be able to make this time for the whole trip. The calculation is based on the following estimate: an average speed of 50 miles an hour for 40 hours, and 15 hours allowed for stops.

FROM MONTREAL TO THE COAST IN 72 HOURS IS OBJECT OF THE C. P. R.

Winnipeg, Man., April 15.—From Montreal to Vancouver in 72 hours is the objective of the Canadian Pacific Railway, according to a statement made by C. B. Foster, general passenger agent, regarding the fastest transcontinental train on the continent.

A meeting of the scrutineers and workers of the C. P. R. will be held tonight at the committee rooms, Crown Block.

THE INTRUSIONS OF BENNETT

his left and his faithful, unbridled dictionary on his right, he wears the smile of the victor, a statement of himself, in his mind, a lot of pet names—envoy extraordinary, ambassador plenipotentiary, minister plenipotentiary, and other high-sounding words to effect that R. B. Bennett is it, and that the Conservative party in Alberta is just his long tail. A handy tail at that.

One's mind runs on this cat metaphor because R. B. is like the justly celebrated cat in the comic scene—always comes back. R. B. may stray away from dear old Alberta, but he never strays so far that he can't come back inside a month. When there's no other place to go to there's always home.

Whether it's a Sectional Filing Cabinet or a Map Drawer, a series of cabinets or a letter file, "Macey" should always be looked for before you purchase. It's your safeguard against the inferior makes of unscrupulous manufacturers.

Macey YOUR Office Complete Is Here

The Name That Makes For Efficiency

Whether you prefer mahogany, golden or fumed oak, mission or other material, it's here for you—been waiting for the last two weeks. Four big carloads displayed so that you can see them. Fifteen minutes of your time here is spent and spent well. Invest in a quarter of an hour NOW!

It instructs! READ THIS NEWS It Helps!

of salt to take with it. R. B. Bennett has about as much western patronage at Ottawa as the Rev. Edward Michener. He is about as far in the confidence and affection of the Borden government as a latch key can go into the time-lock of a burglar proof safe.

R. B. is like Old Bill, the geyser in Yellowstone Park. Chuck a very small pebble into Old Bill and he spews all over. R. B. is just like that. It takes very little to start him spouting. His chatter resembles the Boy telling the Elbow his troubles about the time of the spring floods. There isn't much food for thought in his telling.

R. B. has made his one speech so often that he begins to believe it. Year after year he had added and emended until now it is as great a work of art as the square's gun-room story mentioned by Goldsmith. But, alas, fashions change, and twenty years is a long time for one speech, even if it is R. B. Bennett's. When he came to his own time his own were blamed for receiving him not. Hundreds of them walked out in the middle of his speech. They were bored. They said Bennett had lost his punch. What they really meant was that they had grown tired of him.

If R. B. wants to come back again he will need to frame up a new speech. The old one is getting shiny at the elbow.

For Election News Thursday Night, Call Up Number 8.

An action, which more or less a test case under the thresher's lien act, came for hearing yesterday morning at the supreme court, before his lordship, Mr. Justice Stuart.

The defendants, Morden and Jones and the Roblin Hood Milling Co., threatened some fax for the plaintiff, Marcel Etienneau, who owns a farm near Beaumont, but the settlement as to the defendants thereupon took possession of the fax under the thresher's lien act, and sold the plaintiff's grain, the damages amounting to \$1400. James Short is appearing for the plaintiff and F. Mayor, of Beaumont, for the thresher's lien act, and L. Smith is appearing for the defendants.

**Sure Enough Dog Days**

For Election News Thursday Night, Call Up Number 8.

### CALGARY IN BRIEF

**For Election News Thursday Night, Call Up Number 8.**

S. T. Tivy was fined \$100 and costs by Magistrate Sanders yesterday for violating the sanitary bylaw.

J. Lombard, general agent of the Fort Mann Development company, arrived in the city yesterday from the west.

A meeting of the scrutineers and workers for Dr. John McDougall will be held tonight at the Central Committee Rooms, Crown Block.

Special services of prayer are being held in St. Mary's church every morning to Mark the solemnity of the Pope.

Thos. MacDonald was fined \$2.00 and costs by Magistrate Sanders yesterday morning for being drunk and incapable.

Peter Nazar appeared before Magistrate Sanders yesterday morning charged with cruelty to animals. He was fined \$20 and costs.

Mrs. Mary Moons got full again for which she was fined \$5.00 and costs for day imprisonment when she appeared before Magistrate Sanders yesterday morning.

J. B. Hammond, who recently underwent an operation, left Monday night for a short trip through the Okanagan valley, and must return at more rapidly regaining his health.

The Associated Charities report a heavy demand for labor consequent upon the advent of spring. The jobs are open and may be secured on application to the Associated Charities.

William Coburn, accused of the theft of a dozen fountain pens from Wilson's bookstore, was arraigned before Magistrate Sanders yesterday, but the case was remanded for a week upon request of Coburn's counsel.

Tomorrow night the regular meeting of the Alberta Encampment No. 1, L.O.O.F. will be held in Odd Fellows Temple. Royal purple degree will be conferred.

Natalie Zagary, the Italian charged with kidnapping a girl, from Montreal for immoral purposes was discharged yesterday morning by Magistrate Sanders.

Black Bros., a Vancouver concern, have asked the industrial bureau to reserve 15,000 square feet of floor space in the proposed small industries building, the erection of which is now being considered.

The C.P.R. detectives are being forced to move a little more lively each day in an endeavor to round up the ever-increasing number of hoboes alighting from trains pulling into the city.

Although no fine was imposed on Diana Ratchsky when she appeared before Magistrate Sanders yesterday morning charged with keeping for sale a dog, she was cautioned by His Worship to avoid recidivism.

An order for first class transportation and sleeping car accommodations to Quebec for Cadogan, the counsel of Watchman has been received by Dr. A. M. Scott, superintendent of schools, from Col. Crutchbank. These two cadets have been selected to go to England for the cadet shooting competition.

Cobbler Zukac, said of about \$200 by representing himself to be a collector for some religious organization, was arrested in Montreal. A man has been dispatched to Montreal by Chief Cuddy to bring the outfit back to the city who charges have been preferred against him.

Six months' imprisonment with hard labor was the sentence imposed on William Watson, an employee of the C.P.R., by the department, guilty of stealing some bottles of whiskey from a case that was being transported in a freight car. Magistrate Sanders, before whom the case was tried yesterday morning, discharged Watson, charged with being a party to the theft, and also Alex. Crutchbank charged with receiving the stolen property.

As was anticipated, in view of the coroner's jury's verdict, exonerating Charles Carlin from blame in connection with the death of C. C. Zwicker in an automobile accident Monday morning, Carlin was yesterday heard, following a preliminary hearing before Magistrate Sanders, in police court. The verdict of the jury was that the accident was due to the poorly lighted condition of the boulevard on the north of the Bow river.

Under the direction of Fire Chief Smart, a great accumulation of ice was yesterday morning blasted from under the supporting piers of a bridge in the vicinity of the P. C. Lowe's estate. The water had risen to an alarming extent, and after midnight Monday Chief Smart visited the lower house at Beddington, returning with a quantity of explosives. The work was continued until 6 o'clock yesterday morning, by which time the ice was entirely broken, allowing the high water to recede.

Marcus Drumm, the celebrated election authority and expert political writer of the Morning Herald, was yesterday hospitalized following an attack of appendicitis. By good hand work and hit in the kitchen, Mr. Drumm seems to have gotten the best of the doctor, who has permitted him to install a telephone by his bedside. Home to rest he is, however, busy listening to the political heartbeats of the province. If any person in the city has information of the whereabouts of the doctor, please call him and he can bank on what he receives.

The Bijou Theatre, which promises to be one of the finest motion picture houses in the city, will be open to the public soon under the management and direction of Mr. Edmondson. The winter front is now being removed and all that remains for its completion is the installation of the fittings.

D. Hope, president of the Progressive league, is advocating the adjournment of the vacant spaces in the city, temporarily as "rest spots." A meeting will be called immediately after election for consideration of this question, and although Mr. Hope proposes to work independently of the Progressive movement, any scheme evoked will be referred to the city planners.
