

MORE INDIAN OUTRAGES.

Mrs. Delaney Horribly Done to Death.

Edison Ray Stern Plundered by Whites.

Winnipeg, May 19.—A despatch from the west states that there is no insanity about Riel but that he is a crank of the worst type.

Scouts are still scouring the country between the two Saskatchewan rivers in search of Gamot and other fugitive rebel ringleaders.

The body of Moore of the Grenadiers will be interred and sent to Toronto.

Riel was photographed this afternoon by Capt. Peters of A battery.

The reported death of Sergt. Major Watson, 90th battalion, is now contradicted, he having only been slightly wounded in the hand.

The main hospital is now going to be located at Moose Jaw as Saskatchewan has no limited facilities for the purpose.

Poundmaker encamped on Tuesday night where the Swift Current trail enters the Stony reserve, thence he went along the Duck Lake trail. Scouts brought in seven ponies and saw fourteen cattle.

There is one month's provisions stored at Battleford.

Dr. Rolan, who has just arrived from Battleford, pronounces Poundmaker an arch-melancholic and says he should, with the other Indian chiefs associated with him, be at once shot or hung in peace if ever to be restored in the country.

They were not hung the white people in or around Battleford would soon kill them off, as many of them had sworn to shoot Poundmaker.

Gen. W. H. D'Almeida, who has just returned from the west, has stated that the Indians needed food. They needed nothing of the sort, but wanted a good thrashing to teach them a lesson.

Surrender of Leprie.

Hemlock, May 19.—A courier from the generally camp at Otago's agency's evening reports that shortly after the capture of Riel Maxine Leprie gave herself up.

The general expected to get troops and supplies across the river to-day. He will march to Battleford afterwards with a portion of all of his men.

The Dumont has probably escaped to the Birch hills.

Salmon reports state that nine of our men were killed at Batoche and forty-two wounded, the majority slightly. The rebels had 81 killed and 173 wounded.

Rev. Mr. Whitcomb, the chaplain to the Grenadiers, has arrived at the front.

The body guards are still encamped here, doing very little in securing camp convoys, etc. Some of the outfits brought in an armed Indian yesterday who proved to be one of "White Cap's" band.

It is reported that the Whites Cap with several well mounted Indians and whites was camped out on the prairie near Col. Denison has sent out a detachment of Grenadiers to capture him.

All quiet at Battleford. Scouts have been sent out to find the whereabouts of Lemont. He is supposed to be at Eagle Hill.

Gen. Middleton and his Prisoners.

Gen. Middleton's Column, May 19.—Gen. Middleton has strictly forbidden the holding of conversation with Riel, who talks to nobody but the general or his aides-de-camp, except on religious subjects. A statement is attributed to him that his force all told at no time exceeds 700.

Maxine Leprie, who surrendered yesterday, expresses the utmost disgust both at his present situation and at the conduct of Riel, with all his bravado he pronounces a coward and a schemer for his own ends. He admitted that he was in the fight at Batoche and that he was one of the rebel council.

All the prisoners are kept under a strong guard and Gen. Middleton is awaiting further advice from Ottawa as to their disposal.

While everybody in camp is delighted at the surrender or capture of Riel, and his leaders, there appears now to be a general stultification abouting the men are talking of the prospects of a speedy return home.

A sharp looking man being kept for Gabriel Dumont and other Riel's principal supporters, but it is feared they have escaped to the Birch hills. In a few days, however, everything will be known. In the meantime Gen. Middleton will endeavor to relieve Prince Albert.

Lord Selkirk at Ottawa.

Ottawa, May 19.—Lord Selkirk arrived to-day from the Northwest and met an enthusiastic reception on reaching Rideau hall. There is a good deal of speculation as to the cause of his lordship's return at just this particular moment.

It is thought that he has been instructed to place Col. Otter's conduct in proceeding against Poundmaker without definite orders before the House of Commons. Col. Otter's instructions were given to relieve Battleford, but Gen. Middleton entertained no idea of his engaging the big Cree chief unless the Indians made an attack. It is also thought that he is here to explain the exact situation of affairs in the Northwest and to get further advice from Gen. Middleton's guidance in his future actions, his original mission having been merely to suppress the halfbreed rebellion and rid the beleaguered places, no Indian massacre having been reported when he started out; also as to what shall be done in punishing the redskin depredators.

The Poundmaker's Camp.

Ottawa, May 19.—Some speculation was awakened in portion of the city to-day by the publication of catch-penny extras announcing the capture of Poundmaker after a severe engagement in which a large number of his men were reported to have been killed and wounded. Later on, another extra announced the thing a month.

Herbivore Atrocities by Indians.

Winnipeg, May 19.—News has been received of further extensive depredations by Indians to the north. All the Hudson bay posts at Lac la Biche, near the Athabasca River, Green Lake, on the Beaver river, and other points have been plundered and destroyed.

A telegram from the Hudson bay agent at Edmonton says:

"A good Young" writes on the 4th inst. that the company's store at Lac la Biche was burned, and that the men were taken away. All the oxen from the store were killed. The place, if not relieved

by troops, will be starved, as there are no provisions of ammunition. News from the mission and other settlers have gone on an island in the lake.

It is supposed that the employes had or are prisoners with the Indians.

News has also been received via Edmonton that Mrs. Dismore was a victim of a quick outrage on the part of Indians, and that she was killed.

There is terrible excitement among the men composing Gen. Strange's column and hopes are expressed that the campaign will be prosecuted until every member of Big Bear's band is exterminated.

A telegram from Lacombe, Tex., which is with Col. Osborne Smith's battalion, contains the report of a man named Galt. He states that he was horribly ill-treated by Indians, passed around from one band to another, and finally died from abuse. The squaws cut her into pieces.

Mrs. Gowenlock is said to be owned by a buck and to be still alive.

Poundmaker's Recent Raid.

SASKATCHEWAN, LINDSAY, N. W. T., May 18.—Three of the escaped prisoners, have arrived, and report as follows:

"Twenty-one or twenty-two horse teams left Miller's on the 11th, and when within eight miles of Battleford were suddenly pounced upon by over one hundred Indians, all mounted, who completely surrounded the men, and as the men were too numerous to stand a fight, the only thing left was to enter their horses loose and let them run.

EVACUATION OF THE SOUDAN.

DONGOLA, May 19.—The British evacuation of the Sudan commences on Thursday. Merchants and civilians are leaving today to avoid the departure of the troops. The thermometer averages 114 in the shade.

The Bulletin is right in saying that Canada intends to have at least two railway corporations in the Dominion, and it is a good sign that the fact is being recognized in London. We may add that the benefits of having two corporations is particularly well appreciated in this province...

What is to be Done. Riel's worst crime was inciting the Indians to take the warpath. We are only entering on a fierce and bloody struggle with them. The despatches of yesterday tell us that all the Hudson Bay posts to the north and west are being pillaged and atrocities committed.

Gen. Middleton never promised Riel that he would be tried by the courts—he said he would protect him till the Government decided upon his case. The Government is free to order Middleton to try him by court-martial.

The London Press on the Canadian Pacific. Times are changed since the days when nearly the whole financial press of London was on the side of the Grand Trunk, and opposed to the Canadian Pacific. The former had the Grand Trunk to speak for it; and Sir Henry Tyler, who the latter and apparently wanted, while the latter could scarcely get in a word edgewise. The Canadian Pacific's proposal for a new arrangement with the Government naturally brings up the whole question, and the London financial papers are having their say about it.

The reverberating echoes of the denunciations so freely made on the 10th of May (Frank's meeting) are still being heard. A plain statement of the facts of the case is all that is needed to show that the Government is not in the wrong.
