

# Watford Guide-Advocate

Volume XL—No. 41

WATFORD, ONT., FRIDAY, OCTOBER 9, 1914

IN UNITED STATES, \$1.50 IN ADVANCE  
ELSEWHERE, \$1.00 IN ADVANCE  
Single Copies 5 Cents.

## LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

### ALVINSTON Fair to-day.

A NUMBER from Watford attended the Forest fair on Friday.

CHOICE hyacinth, sacred lily, tulip and narcissus bulbs at McLaren's.

WE want to get rid of a bushel of kisses on Saturday. 20c per lb. at LOVELL'S.

DON'T FAIL to hear the Old Southland Sextette in the Lyceum Wednesday night next.

WHEN you feel "business blue" swap places with the business man in the war area.

SPECIAL SALE of ladies' nightgowns, \$1.00 goods for 79c.

THE nickel show has had its day. In future it will cost 15 cents to see the movies.

THE assault case heard before Magistrate Taylor and Brown on Saturday last was settled out of court.

A WARWICK farmer reports that in his district the Russian thistles have rapidly driven the German millet from the fields.

THE WATFORD HIGH SCHOOL commencement exercises will be held on Wednesday, October 21st. Particulars later.

A MEETING of the Lambton County Medical Society will be held in the Odd-fellow's Hall, Watford, on Wednesday afternoon next.

NEXT Monday is Thanksgiving Day and a public holiday. Were it placed a couple of weeks later it would have given better satisfaction to most people.

ALL the schools in the East Lambton Inspectorate were closed yesterday and to-day on account of the annual meeting of the Teachers' Association at Petrolia.

SPECIAL satin undershirts, accordion pleated, all colors, \$4.00 for \$2.65.

SAV, girls, if those fellows of yours don't enlist on the war game just present each of them with a white feather. You can get plenty of them around the barn yard.

IT is gratifying to note that with war the supreme topic of conversation our biggest fairs were filled with creditable exhibits. Canada has faith in herself and her future is assured.

On Sunday evening next, Rev. F. G. Robinson, of this town, will preach at the re-opening services of the Methodist church, Arkona, which has just been thoroughly renovated.

NEXT Sunday morning, Oct. 11th, in the Methodist church, Rev. F. G. Robinson will preach specially to children and young people. In the evening Rev. S. V. R. Pentland will preach.

THE weekly prayer service in Trinity church will be held on Friday evening this week, on account of the rector being away from home Thursday. Choir practice also on Friday night.

AND to think of it! Here we have been sending our young men and maidens to Germany to "finish their education." If it were to learn atrocities the Kaiser's land would be the right place.

A COPY of the Carrot River, Sask., School Garden Journal is to hand. This paper is published in the interests of school gardening, and is edited by Mr. Arthur A. Brown, formerly of Watford.

J. SHARP wishes to thank the neighbors for their assistance at the time of the fire on his premises, also De fiance Fire Co. for their prompt and efficient work in extinguishing it.

NOTICE—Young men and boys are cautioned not to congregate in the Bell Telephone central office. Only those having business with the company will be allowed on the premises in the evening.—BELL TELEPHONE CO.

THE official board of the Watford Methodist Church have decided to make extensive improvements in the church building. The contract has been awarded to Mr. J. E. Fowler who will commence the work at once.

THE G.T.R. will issue cheap fare tickets for the Thanksgiving holiday as follows:—Single fare good going and returning on Monday; fare and one-third, good going Saturday to Monday, good to return Tuesday.

SPECIAL Thanksgiving sale of ladies' coats starts Saturday morning.—SWIFTS'.

A BURNING straw stack at rear of J. Sharpe's stable gave the company a run Wednesday afternoon. The chemical engine was promptly on the spot and kept the fire from spreading until the water engine got into action, when the fire was quickly extinguished.

IS it not funny that everyone accuses the farmer of making too much money when prices are high, surely forgetting that when such is the case the farmer has very little to sell? If he had plenty of the high-priced articles they would be cheap.

THE fair night concert in the Lyceum attracted a big crowd and every inch of room in the hall was taken up. The show put on was well received, Floyd McPhail keeping the audience in roars of laughter. Miss Ethel Thompson and Miss Short also were not slow in gaining the good will of their hearers.

REGULAR MEETING of Watford council of Chosen Friends will be held in their hall here next Tuesday evening, October 13th. A full attendance is kindly requested. Visiting members also welcome. Lunch supplied by the members to be partaken after business part of meeting is over.

THE United Hay Fever Association is an organization in the east whose purpose is to wage a war of extermination upon the daisy, the wild carrot, the rag weed and similar plants which irritate the noses of its members. Such an organization is not to be sneezed at.

SPECIAL SALE of ladies' suits—\$25.00 suits \$15.00, \$15.00 suits for \$10.00. See our ad. in this week's paper.—SWIFTS'.

THE meeting called for the Army Thursday night to consider the matter of insuring the Watford members of the overseas contingent was called off. The action of the Council regarding the matter will be seen in the council minutes elsewhere in this issue.

THE regular meeting of the Woman's Institute will be held at the home of Mrs. J. Miller, 4th line, on Wednesday afternoon, Oct. 14th. All members wishing to go will please meet at the home of Mrs. T. Dodds at 2 o'clock sharp, where the bus will be in readiness. Please remember the date.—SAC.

MISS ROSIE F. REID has received a communication from Major D. Hutchinson Hogg, stating that she has been appointed on the Army Medical Corps as a nursing sister, and will be called on to go to the front should more nurses be required. Her appointment dates from Aug. 1st.

A RECENT copy of the Moose Jaw News gives a list of prize winners at the School Field Day there. We notice that Richard Gibson, son of Dr. Gibson, pretty well cleaned out everything in sight in the running and jumping line, making 22 points out of a possible 24. He was first in 100 yards and 440 yards run, first in running jump, high jump and standing jump, and second in hop, step and jump and pole vaulting.

THE Old Southland Sextette, America's Premier Colored Jubilee Concert Co., will give one of their popular entertainments in the Lyceum on Wednesday evening next, October 14th, under the auspices of the Epworth League of the Methodist church. Their program is a varied one of solos, harmony choruses, plantation jingles and humorous quartets. They are all capablings, well trained, and put on an exceedingly fine concert. All should hear them. Reserved seats 35c., general admission 25c., children under 12, 15c.

Dr. Geo. Mitchell, one of the best known physicians in Kent County, died at his home in Wallaceburg on Friday, following an illness of some duration, at the age of 78 years. Born in Walsford, the late doctor, after graduating, settled in Wallaceburg in 1866, and since that time he had taken an active part in municipal and political matters. For years he served in the Council as reeve and councillor, and at one time he was warden of the County of Kent. On one occasion he ran in the interests of the Conservative party in East Kent, and was defeated by Hon. David Mills, by 12 votes.

### A Handsome Store Front

Watford business section is noted for its handsome plate glass store fronts, but the one just put in by J. W. McLaren, druggist, is more elaborate and costly than anything heretofore attempted in that line. The front is what is termed the Kawneer system, and its elaborate finish and extensive snow space attracts considerable attention. The store is entered through a vestibule, 8 feet deep, with oblong island show case in the centre. The side windows run in L shape, and there is also another show window in the centre of the vestibule at the rear, with entrance to store on each side. The entire front is of plate glass and burnished copper and is topped with prisms over three feet deep, with name and business in gilt letters. The rear of the windows is finished in quarter-cut oak veneer board. The vestibule floor is ceramic tile, with "J. W. McLaren, the Rexall Store," inlaid. The 250 feet of display frontage is equipped with electric bulbs and the brilliant illumination commands attention at night. The inside of the building has also been remodelled and much improved.

The extensive changes made in the building show that Mr. McLaren not only desires to keep abreast or even ahead of the times, but in going to such enormous expense he acknowledged the fact admitted by advertising experts that an elegant store front with goods properly displayed stands next to newspaper advertising in bringing returns.

Spend a few minutes examining the windows and the goods displayed therein for the first time you have the opportunity, for the store is not only a credit to the proprietor, but an excellent advertisement for the town.

### Bible Society Meeting

The meeting of the Bible Society on Friday evening was fairly well attended. Rev. R. J. Bowen, in connection with his address, presented some new illustrations lately obtained from the government, showing the classes of people now have to deal with in connection with the work in Canada. Collection for the evening amounted to \$5.26. The

following officers were elected for the ensuing year: Pres. Rev. F. G. Robinson; Vice Pres. John McKeercher; Sec. Geo. Hicks; Treas. J. W. McLaren; Committee: all the Ministers of the town with Messrs. Wm. H. Shrappell, Jno. White, Jno. McKeercher, Wm. Marwick, S. W. Louks. Collectors are appointed to begin at once, calling on the public for subscriptions for the work of the present year. Contributions last year amounted to \$108.75, as follows:—Collection at public meeting 7.10; Watford west by M. Reid and E. Hume 23.10; Watford east by S. Keller and C. Williams 31.25; 6th line east by V. Newell and M. Long 13.25; 6th line west by J. Leach and Mrs. Acton 5.10; 4th line east by V. Eastabrook and L. Morgan 7.00; 2nd line east by M. Sullivan and E. Moffet 9.35; 12th line west by Misses Holbrook and Carroll 12.75.

### PERSONAL.

Mr. James Glass returned from a trip to the West on Saturday.

Miss Rossie Kirkpatrick, Detroit, is visiting her friend Winnie Fowler.

Mrs. Kerfoot went to the London Home for Incurables on Thursday.

Mrs. Vernon Stevenson, of Strathroy, is visiting at John Bryson's this week.

Dr. Frederick Sangster and Miss Irene Mavity were married in Sarnia Oct. 6th.

Mr. Will Alexander, Emily, Mich., renewed old acquaintances here this week.

Reeve Stapleford was in Sarnia this week attending the special meeting of the county council.

Mr. and Mrs. Sexton and family, of Wheeler, Enniskillen, are the guests of Sgt. and Mrs. Davies.

Mrs. A. K. Wanless, Mrs. James C. Barr and Miss Jessie Barr, called on Mrs. Carl A. Class, Wednesday.

Mr. W. B. Cross, of the Merchants Bank staff, is spending a couple of weeks holiday at his home in Chesley.

Mrs. D. H. Howden, Mrs. Eckert, Miss Essa Howden and Mr. Norman Howden visited relatives here this week.

Rev. S. P. Irwin preached harvest thanksgiving sermons in the Anglican church at Port Dalhousie on Sunday.

Lieut.-Col. Kelly was in Sarnia on Wednesday conferring with the local officers there regarding the second overseas contingent.

Mr. Geo. N. McKenzie, of Clinton, is now on the staff of the Sterling Bank here, having taken the place of H. M. Hinkson, who has been moved to Toronto.

### BROOKE

Don't fail to hear the Old Southland Quartette in the Armory, Wednesday, Oct. 14th. One of the treats of the season.

The regular monthly meeting of the Brooke Women's Institute will be held on Thursday afternoon, October 15th, at the home of Miss Minnie Willoughby. A musical program will be given, also a paper on "Books we should read and why we should read them," by Miss Eva Watson, and "Cheerfulness in the home" by Miss Ada McGugan. Roll call—jokes. All ladies are invited to be present at this meeting.

### CHOP STUFF.

Glencoe's Patriotic Relief Fund now amounts to \$420.

Alvinston young men will give a dance Thanksgiving night.

Parkhill barbers charge 25c for a hair cut on Saturdays, 15c on other days.

Exhibits at East Lambton great fair were as large, as attractive and as educational as ever.

Robt. Prout, formerly of Plympton, was accidentally killed at Drinkwater, Sask., last week.

Petrolia Wagon Co. shipped 100 wagons to Quebec last week for the overseas contingent.

Col. Kenneth Goodman, K. C., for 41 years a barrister in Parkhill, has retired from active practice.

Mr. C. Maston, who was in business in Petrolia for forty years, has sold out and gone to California.

The farmers of Caradoc township have decided to offer the Militia Department a gift of 20 horses suitable for war purposes.

Elijah Armstrong, of Aughtim, reports a remarkable yield of potatoes. From half an acre he got 200 bus. of very fine quality potatoes.

The little two-year-old daughter of Albert Hodgins, Plympton, was slightly poisoned from chewing the tips off a dozen matches last Wednesday evening. She is now recovering.

Mr. and Mrs. David Evans, Strathroy, announce the engagement of their daughter, Mabel Gertrude, to Mr. Fred Austin Nettleton, Strathroy, the marriage to take place quietly in October.

The wives and families of volunteers from Sarnia who have gone to the front are not wanting for anything. Stated amounts commensurate with the circumstances of the particular families are meted out every week from the patriotic fund. This fund continues to increase daily, and it is likely that a surplus will be left in case a second contingent is called for.

## IT WAS A HUMMER

The East Lambton Fair a Success

BIG CROWD; SPLENDID EXHIBIT; GOOD RACES

The thirty-ninth milestone in the history of the East Lambton Agricultural Society has been passed, and the directors, exhibitors, and all others connected with the event may feel proud of the success achieved.

The weather on Monday and until about 3 o'clock on Tuesday was delightful, when light showers somewhat marred the pleasure and thinned the crowd in the park, but not to an extent to injure the show or curtail the interesting items on the program. Probably the approaching clouds prevented a few hundred people from venturing to the fair grounds and thus lightened the gate receipts, but the crowd in town was one of the largest ever seen here on a fair day. The fact of Canada being in a state of war was not evident, for the people, with faces bespeaking thankfulness for the past and present and quiet confidence in the future, took all the instruction and pleasure possible from the occasion.

The exhibition hall contained as fine a collection of ladies' work, etc., as could be found in many larger places. The flower department was excellent, showing that great care had been bestowed on both growth and management.

The fruits and vegetables were also of exceptionally good quality, and the quantity far in excess of last year.

A large number of horses were shown and in each class the competition was keen. The display was as good as can be seen anywhere, and the exhibitors should feel proud of animals shown. If Lambton is not now the premier county in Ontario for heavy horses it should win that distinction in the near future.

The display of cattle in each class was exceedingly good and the entries numerous. Sheep and hogs also showed well-filled classes.

The poultry exhibit, though probably not as large as some previous years, was a good average, and some exceedingly fine birds were shown.

Dairy and cookery was a light display, the falling off in the latter department probably being caused by the fair being held so early in the week, the good cooks finding difficulty in having baking ready to exhibit early on Monday morning without doing the work on Sunday.

There was the usual quota of the paraphernalia which the "midway" suggests—teddy bears, ossified man, hit the nigger, hoop-la, cool cider and lemonade, refreshment stands, etc., etc., the promoters of all of which seemed to do a thriving business.

The races were the source of much interest, and were well conducted. They resulted as follows:—

2.50 CLASS, 1/4 MILE		
Angus Dillard (Crummer).....	1	1
Lady Tartar Bars (McManus)....	2	2
Capt. Green (Bosbury).....	3	3

FREE FOR ALL, 1 MILE		
Greatest Heart (Peters).....	1	1
Monital (Curry).....	2	2
Craig Toga (Curry).....	3	3
Peach Bars (Bosbury).....	4	4

Judges—John Lowry, Sarnia; Chas. Anderson, Forest.

### NOTES.

Entries 1770.

Total receipts \$1055.50.

The prize list will appear in full next week.

The surrounding towns and cities sent good delegations.

The officers and directors spared no pains to make the fair a success.

Several visitors were here from Michigan, and Sarnia sent a large delegation.

The special prizes were largely completed. These prove a great attraction.

The refreshment booths were well patronized, and the owners were well satisfied with the business done.

The Women's Institute had a tent on the ground which was a great boon to tired mothers and children.

A new feature this year was a display of Ford cars, made by the hustling agent, Ray Morningstar, of Arkona.

Secretary Kenward and his assistant, H. Laird, were kept hustling all day and had some knotty points to settle.

The Kilites Band gave a good supply of inspiring music. Strange how popular the pipers are with the Irish.

An Irish crochet collar was taken from the hall by mistake. Person having it will please leave it at this office.

The ladies' work attracted a lot of attention from the fair sex, and the quantity and the quality surprised everyone.

The decorations of the business firms were very creditable, but this is flag year, and everyone who has a bit of bunting displayed it.

Auld & Matthews' special for the span of horses coming the longest distance and winning a prize was taken by B. C. McNoe, of Glencoe.

The little McGregor sisters, of Sarnia, charmed all with their graceful dancing. People seem never to tire watching these

graceful little performers.

President Farrell presided in his usual urbane manner. The East Lambton fair without Mr. Farrell as president would lose some of its attraction.

The officers of the Society wish to thank those who gave cash subscriptions and special prizes. These helped much to keep up interest in the fair.

The directors will meet on Saturday, October 17th, to examine the prize list and make any necessary changes. After that date the prize money will be paid by the Secretary-Treasurer, at the Merchants Bank.

The young ladies representing the Daughters of the Empire did a land office business selling flags. Their endeavors realized a good sum for patriotic purposes. Nearly everyone approached gave willingly.

A new and popular feature this year was the entertainment of the lady exhibitors on the first day, when the Society, at President Farrell's suggestion, tendered them luncheon, which was much appreciated.

R. Brock & Son's special for best single driver, driven by lady, was won by Miss McNeil, Brooke. W. J. Copeland's prize for best single driver went to J. Lowry, and J. McKeercher's, for best sucking colt, to Wallace Spalding.

The officers and directors are to be congratulated on the success of their attempts to make the fair attractive in every department. The fair as a whole was a great credit to those in charge and many complimentary remarks were made on the manner in which the fair was managed.

Swift, Sons & Co. had a magnificent display of furs, fur coats, etc., which attracted considerable attention. It was presided over by Mr. R. D. Swift, who explained to enquirers the fine points of the goods shown. J. McKeercher had a fine display of stoves, and the balance of the space in the lower hall was taken up by piano and sewing machine firms.

Harper Bros' special prize to the farmer bringing in the greatest number of people in one load for a distance of over two miles was a strong drawing card for boosting the attendance. The prize was won by Jas. A. Thompson, whose load, when culled of people living within the prescribed distance, contained 59 souls. Thomas Saunders came a good second with forty-three on his wagon.

Probably the most interesting and exciting attraction was the contest for farmers' daughters to hitch up a horse to a buggy in the shortest time. There were four entries, Miss Maggie McNeil, Brooke, taking first prize, and Miss Pearl Taylor, Brooke, the second. The contest was much hindered through failure in keeping the admirers of the contestants from crowding too close.

The baby show was well contested, despite the drizzle of rain at the time it was called. Members of the Kilites band acted as judges and their decision seemed to give general satisfaction. Mrs. McLaughlan's (Bosnquet) little girl took first prize, Mrs. W. Ginnis, of Arkona, 2nd, Mrs. R. Moore's, Warwick, 3rd. A consolation prize was given to Mrs. R. Kayfey's baby, as it about tied for the third prize.

There was a constant crowd around the large section of the hall reserved by Harper Bros. for their display of the noted Mason & Risch pianos and piano players. Interested inquirers were seeking information about the merits of the instruments manufactured by this old and well-known firm, and they went away fully satisfied that the firm's claim that their manufacture "a piano with a soul" was fully sustained.

The concert given under the auspices of the Society in the Armory was well attended and a really high class entertainment presented. Harry Bennet, the old favorite, has not lost any of his power of charming and his humorous songs kept all in the best of spirits. Mr. and Mrs. Workman are musical artists of a high order and their numbers were well received. The Misses McGregor gave several dances which delighted the audience.

Visitors to Watford Fair who did not visit the Public School tent missed one of the most interesting features. Exhibits were to be seen of work done by pupils from the lowest to the highest grades of the Public School. The specimens of writing, drawing and map drawing were excellent, as were also the collections of weed seeds. Particularly interesting were the sewing and weaving done by the little folks. The exhibition was made picturesque by the splendid bouquets and luscious looking vegetables grown by the students. There was also a splendid display of drawing and painting done by High School students of the Lower School. These are the unaided efforts of the students and reflect great credit upon the school.

Swifts' display of coats and furs was the centre of attraction on fair day. It was without doubt a wonderful collection. The artist who looked after the exhibit showed marked ability. Intending buyers of coats and furs should not fail to visit the store of this enterprising firm.

C. F. Neelands, son of J. C. Neelands, 12th line, Plympton, has been appointed to the office of Superintendent of the new Ontario Prison Farm, near Sudbury. He has had a long experience at the Cuelph Prison Farm, and is well qualified for the position.

### THE CHARM OF MOTHERHOOD

#### Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Most of these articles are produced in Canada and might in the opinion of the trade and commerce department be exported to France.

It is reported that large numbers of horses are being bought in the United States for the British army. A paper states that an Illinois firm of importers and breeders have received a contract from the French government to supply 15,000 horses at once, the prices ranging from \$175 to \$200. The same paper makes an estimate that altogether it is expected that upwards of 100,000 horses will be contracted for in the United States for foreign governments, to be used in the present war.

#### It's Great to be a Farmer

It is a great thing to be a farmer—just a farmer. No matter what happens the farmer. No matter what happens the farmer's work will always be needed. As far as the necessities of life are concerned he need not worry, and after all, does anyone need much more? He can be sure of food, shelter and clothing at all times, and in all ages that has proven the soundest kind of wealth. Unless war over-runs his fields and destroys his crops, cattle and buildings, he is beyond the reach of want, and even if this does happen he can soon recover what he has lost. Another seedling and harvest will put him on his feet again. It is well to have these facts in mind at the present time when governments and business organizations are so completely bewildered by the calamity that has overtaken them. Whoever may be worrying the farmer need not worry. He may rest secure in his lowly position.

The farmer of to-day is to all intents and purposes an educated man. He can read, write and think for himself. Moreover, he is a free man, jealous of the rights of freedom.—Peter McArthur, in Farmer's Advocate.

#### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

#### A Lesson in Imperialism

One of the great object lessons of the present war has been the alacrity and eagerness with which the self-governing colonies of Great Britain, even including her Dutch subjects in South Africa, are prepared to cross the seven seas to fight for the Empire. It connotes the sense of citizenship that spreads through all her government. In the days of Ancient Rome the words "I am a Roman citizen" stood for all was best and greatest in liberty and freedom. It is even so with the empire on which the sun never sets. "I am a British citizen" is the talismanic phrase that carries its magic influence to the four corners of the earth.

Before the South African war Boer and Briton were traditional enemies. Today, while they may still have their political differences as to matters of internal economy, they are one in sympathy and purpose when the old flag is assailed, and the spectacle of a Botha and a Dewet, the one as premier of the South African Union, and the other as Minister of Agriculture of the Orange River Colony, is a striking illustration of British administration and its power to leaven the lump of apparently discordant elements into one patriotic, loyal and harmonious whole. It is the genius of Anglo-Saxon civilization and the secret of a world-wide domain.

Canada, Australia, New Zealand and the larger dependency of India, though their history is different from that of India, though their history is different from that of the Union, are at one with the motherland in the struggle against the hydra-headed monster of German autocracy and militarism, and will vie each with the other and with the home country in deeds of prowess and self-sacrifice.

It is a sight for the nations and must add tremendously to Britain's prestige and power.

#### British Marching Song

"It's a Long Way to Tipperary," has become the marching song of the British Army, according to London despatches. It is not widely known in this country. Up to mighty London came an Irishman one day.

As the streets were paved with gold, sure singing songs of Piccadilly, Strand and Leicester Square, Till Paddy got excited, then he shouted to them there—

Chorus: It's a long way to Tipperary, It's a long way to go; It's a long way to Tipperary, To the sweetest girl I know.

Goodbye, Piccadilly, farewell, Leicester Square, It's a long way to Tipperary, But my heart's right there.

Paddy wrote a letter to his Irish Molly O' Saying, "Should you not receive it, write and let me know; If I make mistakes in spelling, Molly dear," said he.

"Remember, it's the pen that's bad, don't lay the blame on me." Chorus.

Molly wrote a neat reply to Irish Paddy O' Saying, "Mike Maloney wants to marry me, and so Leave me and Piccadilly or you'll be to blame, For love has fairly drove me silly, hoping you're the same."

#### War Events

Now that news is filtering through regarding the prowess of British troops at the front, the record is entirely favorable. German experts admit that the British expeditionary force as absolutely ineffective and as practically negligible. They are now disillusioned, and are by circumstances compelled to admit that the British troops, small though they may be in numbers, have been a determinative feature in this pan-European war.

Where German militarism has fallen down, and fallen down badly, is its notion that unity can only be reached by force. The exponents of militarism have been, in the schools, taught to believe that the German army had before it only a continuous series of victories. The reaction will be all the more disastrous when that army realizes that its clay is just the same as that of its opponent.

This war is early in its progress when the German invaders met the serried ranks of the allies. Germany had the advantage at the start. German armies swept over Belgium like a cyclone and rolled down to the very gates of Paris. Just at the moment of investment a sudden change came—how or why is a matter that the annals of the war will reveal.

Why does a fat man when squeezed compliment the ladies? Because the pressure makes him flatter.

Why do quadrupeds are admitted to balls, operas and dinner parties? White kids.

Why does a sculptor resemble a tippler? Because he is everlastingly soaking his clay.

What instrument of war does an angry lover resemble? A cross bow (beat).

Why are cats like unskilful surgeons? Because they mew-till-late and destroy patients (patience).

Why are gymnastics like the tide at low water? Because they develop the muscles (mussels).

About Earth and Sea. The volume of the saline matter in the ocean is a little more than 4,500,000 cubic miles, or enough to cover the entire surface of the United States, exclusive of Alaska, 1.6 miles deep.

The volume of the ten mile rocky crust of the earth, including the mean elevation of the land above the sea, is 1,633,000,000 cubic miles.

One per cent of the contents of the oceans would cover all the land areas of the globe to a depth of 200 feet.—United States Geological Survey.

Cat to the Quick. In this phrase "quick" is a substantive meaning vital part and is derived from the Anglo-Saxon "cwic," meaning "living."

The expression signifies literally "hurt in a vital part" and is used to denote acute distress of mind caused by unkindness in word or act.

A Joke. Small Johnny's father said that he considered that most boys were little firecrackers—they are so filled up with noise.

But Johnny said his pa was wrong; that he had always found himself more like a plowheel that is always whirling round.

An Oil That is Famous.—Though Canada was not the birth-place of Dr. Thomson's Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far ahead enough to attest its excellence, for in all these countries it is on sale and in demand.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Kellogg. In Use For Over Thirty Years CASTORIA. THE CERTAIN COMPANY, NEW YORK CITY.

### WATFORD PLANING MILL PRODUCTS

A busy plant in a lean year, is a sure sign, that some one is delivering the goods. Consider the advantage of buying from a concern, that manufactures all the different lines that you require. That concern will give you service. We handle all the different kinds of wood material, used in building houses, and manufacture same at our mill, for this reason, we can sell you at rock bottom prices. Our mill is complete in every respect, there is nothing too large or too small for us to manufacture and no order too large or too small for us to handle.

### SEE US FOR SILOS GEORGE CHAMBERS

ESTABLISHED 1870. FIRST ANNUAL Fruit, Vegetable, Flower and Honey Exhibition UNDER THE AUSPICES OF THE Lambton County Fruit and Vegetable Growers' Association WILL BE HELD IN THE ARENA SARNIA, OCTOBER 28, 29, 30, 1914 \$700 SEVEN HUNDRED DOLLARS IN PRIZES \$700

Commercial Displays of Fruit, Vegetables and Honey by Local Associations. Special Classes for Individual Exhibitors, Consisting of Baked Apples, Baked Apples, Plate Exhibits, Single Specimen Exhibits, Grapes, Pears, Preserved Fruits, Jams and Jellies. In connection with the Exhibition will be held a Convention of Fruit and Vegetable Growers of Lambton County for which the best fruit experts available are being secured. ORCHESTRA EACH EVENING. Boost your County by sending an exhibit and being present yourself. For Prize List and full information apply to the Secretary. G. G. BRAMHILL, Sec'y., Petrolia. DR. A. J. GRANT, Pres., Theford.

### CANADIAN PICTORIAL

Canada's Most Artistic and Popular Magazine. Its pictures pertaining to the war are alone worth the money. This elegant magazine delights the eye while it instructs the mind concerning the picturesque doings of an interesting and highly entertaining world. Each issue is literally crowded with the highest quality of photographs, many of them worth framing. It is the most popular "Pick-me-up" on the waiting room tables of the leading doctors throughout the Dominion, and in the big public libraries it is literally "used up" by the many who are attracted by its entertaining and beautiful pages. It's a "love at sight" publication and it has departmental features of great interest to the young woman and the homemaker. Of it—just to quote one man's praise from among thousands—the late Rt. Hon. Lord Strathcona, wrote: "I may be permitted to say so, is a credit to Canada." (Signed) STRATHCONA. On trial to New Subscribers—Twelve months for only 65 cents. The "CANADIAN PICTORIAL" is published by THE "PICTORIAL" PUBLISHING CO., "Witness" Block, Montreal, Canada. Try it for a year.

Women have colds in their heads much less frequently than men because they are not accustomed to heavy head coverings. Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy to-day.

## Human Churn

WHEN the food reaches the stomach it is subjected to a peculiar churning movement by the muscular walls of the stomach. (See Dr. Pierce's Medical Adviser, page 45). In the liver, kidneys and skin, the blood is purified of its waste materials—these organs act as human filters, leaving the blood pure and clear—unless liver, digestive tract and kidneys are clogged.

## Dr. Pierce's Golden Medical Discovery

is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of lousy, dull and heavy. The "Discovery" stimulates the stomach, increases action of heart and arteries and is a most satisfactory alternative in blood-taint of any character. The refreshing influence of this extract of native medicinal plants has been favorably known for over forty years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form; or send 50 one-cent stamps to Dr. Pierce, Buffalo, N. Y., and a trial box will be mailed you.

## LIVE STOCK HUSBANDRY

### URTICARIA IN HORSES.

Causes and Treatment of This Disorder of the Digestive Tract.

Urticaria is a frequent form of skin disease in the horse, and is manifested by the sudden appearance of irregular lumps, roundish or oblong in shape, and varying in size, says the American Cultivator. Some are like hemp seed, others as large as beans and flattened upon their surface, accompanied by heat and intolerable itching, but not always affecting the general health. The animals most subject to it are fat, coarse, overfed ones, and they are

The Belgian horse, according to the admirers of this breed of drafters, surpasses all others in uniformity of type. Probably no draft breed has made such progress as has the Belgian in the past twenty-five years. Rigid selection, good feeding and general care have been the dominant factors in bringing this about. The horse pictured is a pure bred Belgian stallion and a prize winner in France.

generally attacked in hot weather. Sometimes it assumes a general form, in which case it constitutes what is known as true "suffert." Sometimes the swellings are confined to particular parts, in others diffused over the body, and may in unhealthy animals terminate in abscess, attended with more or less fever.

The trouble is caused by some disorder of the digestive apparatus and is sometimes preceded by colic and diarrhea. A sudden change of diet will frequently produce it, and it is not uncommon when horses are first turned out to grass. It is supposed that poisonous herbs, a draft of cold water when the animal is heated, sudden exposure to cold and damp and stones or worms in the intestines are also causes of it. It is probably due to the detention in the system of deleterious matters, which ought to be got rid of.

Give a mild dose of physic and one ounce of bicarbonate of soda twice a day in the food for a few days. Keep the horse on light laxative food, and give a linseed mash every night. The bicarbonate of soda has a most soothing effect on the mucous membrane of the intestines, while the good effect of the linseed in the cases of irritation of the skin or mucous membrane is well marked. In obstinate cases tartar emetic or liquor arsenicalis may be used, the former in doses of a dram and a half in the corn or mash once a day for a week or ten days, the latter in doses of one ounce a day in the water or as a drench for a similar period. Should there be much itching—the animal rubbing itself—the skin must be bathed with warm water and dressed with the following lead ointment: Solution of acetate of lead, two drams; rectified spirit, four drams; distilled water, one pint; mix.

### SHEEP ON THE RANGE.

Bedding Out System More Profitable Than Close Herding.

As a result of experiments during the past few years the department of agriculture is now advocating the use of the bedding out system of herding sheep on open ranges instead of the old close herding system which has heretofore been in use.

This system gets its name from the fact that the herder who attends the band camps and beds his flocks wherever the sheep find themselves at nightfall. Under the old plan he established a fixed camp and bed ground and drove the sheep back to the same place each night.

From experience on the national forest ranges last year the department states that lambs from bedded out bands were five pounds heavier on an average at the end of the season than those which were trailed to and from established bed grounds and that the range can carry from 10 to 25 per cent more sheep than when so much is trampled out in traveling back and forth. The disadvantages of the old system, according to the department, were twofold, those to the forage and those

to the sheep. The forage suffered by being trampled badly and being actually destroyed at and near the bed grounds; the sheep lost weight in going to and from the camps, and in dry weather suffered not a little from dust and from crowding.

### Foundered Horse.

Let the horse run barefoot on low pasture and twice a month blister the hoof head (after removing the hair) with a mixture of one part of powdered cantharides and three parts of lard. Tie the horse up short when the blister is acting. Wash the blister off in two days; then apply a little lard daily.

### ROLL AFTER HARROWING.

Do not use a heavy roller to settle the land and then leave the land untouched after rolling, as this will hasten the rapidity in evaporation of soil moisture. Water rises to the surface by capillary attraction, and the closer the particles of soil are together the higher it will go. This is plainly and frequently seen as one walks over a field and notices where the horse has placed his foot and settled the soil particles. The ground is usually moist on the surface unless covered again with a loose mulch. The same principle applies again in the case of the roller. Therefore follow the roller if needed in preparing the seed bed with the smoothing harrow and keep a mulch on the surface to prevent a loss of water. Also follow the plow with the harrow immediately for the same purpose. In July and August this moisture will be needed.—American Cultivator.

### FIRE BLIGHT RAVAGES.

Wisconsin Orchards Are Suffering From an Epidemic.

One of the worst epidemics of fire blight that ever visited Wisconsin is gaining headway throughout many sections of the state this season, according to J. G. Moore, horticulturist at the University of Wisconsin College of Agriculture.

The presence of the disease is first indicated by the dying back of the leaves, which turn reddish or dark brown, while the bark is shrunken and shriveled. In many cases if the bark at the lowest portion of the infected area is peeled off the disease will be found extending internally far below the point where its presence is made known at the surface. In this manner it makes rapid but insidious headway before the true extent of its damage is realized.

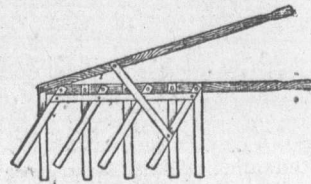

Different varieties of apples vary in their susceptibility to fire blight. In Wisconsin the Yellow Transparent, Wealthy, Tetofsky and Transcendent Crab are most seriously affected. The disease is caused by bacteria which gain entrance to the plant tissues through the flowers or by means of wounds on the surface, particularly those made by insects. The method of the development of the disease is such that spraying cannot control it. The only way of fighting the trouble is the removal of infected parts.

These are usually removed once or twice during the season—once in summer and again in the fall before the leaves are frosted. Mr. Moore states that it is not advisable to leave the infected parts on the trees until the annual spring pruning, as it is then difficult to detect all infected twigs. In cutting out the blight it is advisable to go at least four to six inches below any signs of the disease and burn all parts removed.

Blight canker or fire blight starting in small twigs and buds, causing the death of tissues at the base of such points, may be removed with the pruning knife. In removing dead tissues it is well to dip the pruning knife in strong formalin or corrosive sublimate solution in order not to spread the disease to other trees. Wounds caused by cutting out blight canker may be disinfected with formalin and the surface painted with white lead.

### A Hedge Trimmer.

Hedge cutting or trimming with a sickle or with hand snips is very slow and tedious work. Here is a trimmer

TRIMMER WITH SEVERAL KNIVES.

with several sets of blades similar to a regular trimmer. The blades are attached to a wood handle and operated with a wood lever, as shown in the sketch. The operation is the same as when using the regular hedge trimmer.—Popular Mechanics.

### "For God's Sake, Let Me Stay!"

He pleaded with all the intensity his weakened body and soul could master. His voice trembled. Tears lurked in his strained, anxious eyes. "I have traveled for two days on the train," he said. "I have been turned out of my boarding house. I have been turned out of a hotel in my own town. The local hospital refused me admission. Nobody wants me. For God's sake, doctor, let me stay."

This man had been a railway conductor. He had money to pay for his needs; so he applied to the Muskoka Cottage Sanatorium for treatment of the disease which held his life in its grip—consumption. But those sufferers without money and without friends, what of them? With their hopeless knowledge that people shun them, they believe it futile to seek relief. If their lives are to be spared they must be sought out and supplied with nourishment, medicine, and treatment. To do this costs money. Will you contribute a trifle to help in this effort to save lives? Please act quickly. Winter has brought keen suffering.

Contributions to the Muskoka Free Hospital for Consumptives will be gratefully acknowledged by W. J. Gage, Chairman Executive Committee, 84 Spadina Avenue, or R. Dunbar, Secretary - Treasurer, 347 King Street West, Toronto.

While Mayor Bauer, of Lafayette, Ind., was attending a convention in another city, Mrs. Elizabeth Yonkers assumed the duties of mayor and was in full charge of all departments of the city government.

Miller's Worm Pills are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring all worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

### SOME HORSE SENSE.

Don't neglect to commence feeding the colts some grain before they are weaned.

The mare should be fed at all times with a liberal ration of clean and nourishing feeds and should have an abundance of pure water.

Raise the type of colt that sells best in your community. Select the sire and dam that will bring this type of colt.

Keeping the colt's feet level and balanced makes all the difference in the soundness and strength of the legs. Watch them!

There is no trouble about working the brood mare on the farm if she is the right kind of a mare and is handled by the right sort of man.

Whenever a horse is pushed out of his natural gait he works at a disadvantage to himself.

A horse that leads well is a pleasure. Begin on the colt and train him to step right up.

A good pair of draft mares will perform more work on a farm than a light team and at the same time grow a pair of good colts.

An Always Ready Pill.—To those of regular habit medicine is of little concern, but the great majority of men are not of regular habit. The worry and care of business prevent it, and out of the irregularity of life comes dyspepsia, indigestion, liver and kidney troubles as a protest. The run-down system demands a corrective and there is none better than Parmelee's Vegetable Pills. They are simple in their composition and can be taken by the most delicately constituted.

WARWICK.

Miss Margaret Callaghan, Strathroy, spent Sunday with her friend, Margaret Campbell.

Hear the Old Southland Quartette at the Watford armory on Wednesday night, Oct. 14th.

Mr. Franklin J. James, who spent the summer here, returned to his home in Tampa, Florida, last week.

Mr. and Mrs. Joseph McCormick, Medicine Hat, are here on an extended visit with relatives and friends.

A company of young people motored from Strathroy last Sunday and were guests of Misses Meryl and Grace Luckham.

Mr. and Mrs. C. N. Richardson, 4th line, who spent the last two weeks with friends in Leamington, returned home last week.

Mr. Elmer Thompson, who has been holidaying at his home on 18 sideroad for some weeks, went to Toronto last Wednesday to resume his studies at the dental college.

J. E. Armstrong, M.P., Mr. and Mrs. Alex. McQueen, Mrs. Fairbanks and Mrs. Perkins, all of Petrolia, motored to Warwick last Sunday and called on the Luckham families.

Annual Thanksgiving services will (D.V.) be held next Sunday, Oct. 11th, morning and evening in St. Mary's church, Warwick, and afternoon in St. Paul's church, Wisbeach. The Rev. H. R. Diehl, of Adelaide, will be the special preacher.

Mr. and Mrs. D. F. Carter, of Armada, Mich.; Mr. J. F. Spalding, of the Toledo Railways & Light Co., Toledo; Mr. and Mrs. T. R. Spalding, and Mr. W. A. Spalding, of the Pullman Co., Buffalo, have returned to their respective homes after spending the past few weeks with their parents, Mr. and Mrs. Jas. Spalding, 2nd line south.

On Sunday next at 7.30 p. m. the monthly evening service will be held in Zion Congregational Church. Rev. R. Stevenson, the pastor, will preach on the following subject—"The Present Great War and its relation to Armageddon." All interested in the prophetic study of the Bible are cordially invited.

Table with 2 columns: School No., Tax rate. Includes rates for schools 1 through 18.

19.....2 8/10 "

While engaged in filling a silo on the farm of Albert Goodie near Wyoming, on Saturday, the cutting box flew to pieces, sending portions of broken blades in every direction. No one was injured.

An example of brevity is the will of Donald McAlpine, formerly an undertaker at Glencoe, who takes just 18 words to give an estate of \$9,645 to his wife, Mrs. Mary McAlpine. The will is as follows: "I give, devise and bequeath all my said real and personal estate to my wife, Mary McAlpine absolutely."

While working on his car in the Sarnia Garage on Thursday night, Mr. J. E. Armstrong, M.P., had the misfortune to fall down a cement pit in the floor, severely twisting the cords in his left leg. His injuries were attended to by Dr. Logie and after several days spent in recuperating he again is able to attend to his duties.—Petrolia Topic.

Archie Taylor, aged 55, a bachelor farmer, died very suddenly at his home at Aberarder early on Sunday morning from the effect of a stroke. He had been plowing all day on the previous day, Saturday, and retired apparently in his usual health. About 4 o'clock on Sunday morning his sister heard him moaning, but when she reached him he was dead.

A young daughter of Mr. and Mrs. John Hampton, of Sarnia, was quite badly injured by the explosion of a railroad torpedo on the tracks of the street railway. The child with her parents was standing in front of the Bertram store, waiting for a car up town. Just as they stepped out to board the car the torpedo exploded, hurling the child to the ground. She received a deep gash on the side of her head and her ear was torn, besides other injuries. She was picked up and carried into the store.

Newspaper Laws

- 1.—A postmaster is required to give notice by letter. Returning the newspaper does not answer the law, when a subscriber does not take his newspaper out of the office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.
2.—If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.
3.—Any person who takes a paper out of the post office, whether directed to his name or not, or whether he has subscribed or not, is responsible for the payment.
4.—If a subscriber orders his paper stopped and the publisher continues to send, the subscriber is bound to pay for it if he takes it out of the post office. This proceeds upon the ground that a man must pay for what he uses.

BIG PURCHASE OF LADIES' SUITS AND COATS

We have purchased, at about sixty cents on the dollar, the overmakes of a wholesale garment manufacturer, and have the entire lot of the Finest Suits and Coats ever shown in Watford on sale now.

War Summary

Oct. 6.—"On our left wing the struggle is in full swing," an announcement in the official bulletin, issued by the French Field Marshal, epitomizes the situation in the field of battle in northern France, for it is at this point that the real struggle for supremacy is being fought out. Field Marshal French's men have evidently been in close action again for in the region of Soissons, on which rests the western end of the British line, some of the German trenches have been captured.

The Russian victories at Angutowo and Drusseniki have not only resulted in forcing the Germans back to their own border again but has enabled the Russians to begin their second invasion of East Prussia. Ottawa, Oct. 6.—The Canadian minister of militia, Col. Sam Hughes, left tonight for New York from where he will sail on Wednesday for Europe to receive the Canadian force and hand them over to the British war office and to General Alderson, who has been appointed to command them.

London, Oct. 7.—Submarine E-9 of the British navy, under command of Lieutenant-Commander Max. K. Horton, yesterday made another raid into German waters off the mouth of the River Ems, and succeeded in sinking a German torpedo boat destroyer. It was this same submarine, under the same commander, which made a similar dash and sank the German cruiser Hela, off Heligoland, on September 3. As on the former occasion the former occasion the E-9 has safely returned to her home port.

Dr. Williams' Pink Pills for Pale People build up the blood and enable it to cast out the rheumatic poisons with the natural secretions of the body. Thousands have tried this treatment with the most beneficial results. That every sufferer who does not try Dr. Williams' Pink Pills is neglecting the most helpful means of recovery is shown by the following statement. Mrs. Emeline Smith, St. Jerome, Que., says: "I was attacked with what the doctor said was inflammatory rheumatism. The joints of my hands, feet and limbs were badly swollen, and I suffered the most excruciating pain. Notwithstanding medical treatment the trouble became so bad that I could not go about. My appetite began to fail me and I was growing physically weak. A neighbor who had been benefited by Dr. Williams' Pink Pills advised me to try them and I decided to do so. In the course of a few weeks I noted some improvement, and my appetite began to return. Then the swelling in my joints began to disappear, and it was not long until I was perfectly cured and I have had no return of the trouble."

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

RHEUMATIC MISERY

Can Only Be Cured Through the Blood. Liniments of No Use

In no disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin but it is loaded with impurities—rheumatic poisons.

Without the proper treatment these poisons increase, the inflamed joints swell and the patient becomes a cripple. There are a number of methods of treating rheumatism, most of them aiming to keep down the rheumatic poisons until nature can build up the blood sufficiently to overcome them.

But unfavorable conditions of cold or dampness may give the disease the advantage and a relapse or renewed attack follows.

Dr. Williams' Pink Pills for Pale People build up the blood and enable it to cast out the rheumatic poisons with the natural secretions of the body. Thousands have tried this treatment with the most beneficial results. That every sufferer who does not try Dr. Williams' Pink Pills is neglecting the most helpful means of recovery is shown by the following statement.

Mrs. Emeline Smith, St. Jerome, Que., says: "I was attacked with what the doctor said was inflammatory rheumatism. The joints of my hands, feet and limbs were badly swollen, and I suffered the most excruciating pain. Notwithstanding medical treatment the trouble became so bad that I could not go about. My appetite began to fail me and I was growing physically weak. A neighbor who had been benefited by Dr. Williams' Pink Pills advised me to try them and I decided to do so.

In the course of a few weeks I noted some improvement, and my appetite began to return. Then the swelling in my joints began to disappear, and it was not long until I was perfectly cured and I have had no return of the trouble."

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

WATFORD COUNCIL.

BORN.

In Brooks, on Thursday, Oct. 1st 1914, to Mr. and Mrs. Joseph Douglas, a daughter, At High River, Alberta, on Sept. 23rd, to Mr. and Mrs. H. S. Sweet (nee) Addie Richardson, a son.

In Warwick, on Wednesday, Sept. 23rd, 1914, to Mr. and Mrs. Melvin Kelly, a daughter. In Alvinston, on Tuesday, Sept. 29th, to Mr. and Mrs. T. Allison, a daughter. In Brooke, on Wednesday, Sept. 30th, 1914, to Mr. and Mrs. Peter McNeil, a daughter.

In Brooke, on Sept. 22nd, to Mr. and Mrs. Walter Brown, a son. In Kerwood, on Sunday, Sept. 20, to Mr. and Mrs. J. W. Harley, a son.

MARRIED.

At the residence of the bride's mother, on Wednesday, Oct. 7th, by the Rev. R. Stevenson, Pearl Marjorie, daughter of Mrs. Wm. Fowler, to Mr. Peter Garson, all of Watford.

DIED.

In Plympton, on Tuesday, Sept. 29th, Margaret Douglas, wife of Robert Douglas in her 30th year. In Strathroy, on Saturday evening, September 26, William Wray, aged 51 years.

In Adelaide Township, on Tuesday evening, Sept. 29, Elizabeth Hughes, widow of the late John Morgan. In Brooke, on Sept. 22nd, infant son of Mr. and Mrs. Walter Brown.

In Regina, Sask., on Sept. 18, Donald Lorne McGibbon, son of Mr. and Mrs. Alexander McGibbon, of Theford, aged 29 years, 4 months and 19 days.

IN MEMORIAM BOWIE, WILLIAM.—In loving remembrance of my beloved father and children's grandfather who departed this life Oct. 10th, one year ago.

We loved him so, we loved him, But Jesus loved him more And he sweetly called him To yonder blissful shore. The golden gates were open, A gentle voice said "come" And with a farewell unspoken Calmly entered home.

From his loving daughter, Mrs. J. Sax and family, Cleveland, Ohio.

Over fifty young men of Wallaceburg have enlisted as volunteers for home defence.

A Letter to the Ladies

The following letter appears in the Orillia Packet:—Whether your husband is a working man or a business man every time you purchase an article made outside of Canada you hurt his income and of course your own too.

The women in Canada every day purchase one million dollars' worth of goods made by foreign workmen. Whether it is a pair of shoes, a bottle of pickles, a piece of carpet or any other articles which is made in Canada you are injuring your own prospects if you do not insist upon getting the article which is made in your own country.

If your storekeeper has not got it try the next one and make them show you the name of the makers. If this extra million dollars a day is spent in Canadian made goods, in a short time there will not be a man out of work in Canada, nor one empty house. In rests with the women of Canada, generally, whether or not they shall improve their own positions financially.

Lambton County Council

Sarnia, Oct. 7.—Not only did the county council pass a resolution granting \$10,000 to the patriotic fund to-day, but the members also contributed their pay and railroad allowance to the Belgian relief fund.

The special session of the council was called to discuss patriotic matters and the appropriation was divided up as follows:—For the patriotic fund, \$2,000; for Red Cross, \$2,000; for the Belgian relief fund, \$2,000, and for the Imperial Government, \$4,000.

The last two amounts will be used to purchase food supplies in this county to be sent as contributions.

The council also unanimously decided to insure all volunteers from the county for \$1,000 apiece. This includes those who went with the first contingent and those who will go later.

Forest's flag day and the proceeds of the patriotic concert amounted to \$563.

The Phantom Ship Another Version of This Common Sea Yarn

By MAY C. ETHEREDEGE. One visiting the National Hospital for Seamen at Greenwich, England, any clear day will see a lot of old seadogs sunning themselves in the grounds. They resemble the vessels they sailed in—old hulks laid up in some shipyard waiting for the scrap heap.

"THE PELICAN" EXCLAIMED MOLLY. "I'm coming to you, my dear, I'm coming to you." "I'm coming to you, my dear, I'm coming to you." "I'm coming to you, my dear, I'm coming to you."

together on the shore one day, and Molly unfurled a flag in her cheek, and it wasn't no skull and crossbones rag neither. If ever there was a signal of true love it was the one Molly ran up on that occasion.

"I found it hard to part with Molly, but she didn't find it hard to part with me. You see, Jim was cruising 'round Cape Horn, and it made 'er feel good to think I was goin' into her waters. She asked me if I was likely to meet Jim's ship down there, and if I did, could I signal him a message from her?"

"Jim come ag'in one day while I was layin' up for repairs this second time, and I was mighty pleased to see 'im. Even if 'e 'ad other sweethearts in other ports his heart was true to Molly, for 'e 'adn't been back long when the two of 'em went off and got spliced. After that I felt easier about Molly's comfort, for, to tell the truth, mates, I ain't got any faith in sailormen confidin' themselves to one sweet heart when they've got a string of 'em all the way 'round the world."

"I promised to do as much inventin' as my knowledge locker would stand. "This way Jim went eastward through the Mediterranean and the Suez canal on 'is way to India. 'E was gone six months when 'e wrote to 'is wife that 'e was goin' to sail for 'ome, and 'is vessel would come straight through with only a few stops."

Jim's ship. "Molly, not bein' a sailor, didn't notice, as I did, that there wasn't no wind and the ship was sailin' dead agin what there was. Furthermore, there seemed to be a commotion on her decks, as if some'n had happened. We didn't get more'n a glimpse of her before the fog closed in on her again, and we lost her."

"Molly turned white as the sheet. "Molly turned white as the sheet. "Molly turned white as the sheet. "Molly turned white as the sheet. "Molly turned white as the sheet."

"The speaker paused and relighted his pipe, which had gone out. There was a solemn stillness among his listeners for awhile. Then the recital seemed to have roused others of the party of phantom ships they had seen or heard of, and other yarns on the same subject were reeled out."

"The Pelican" exclaimed Molly, clapping her hands. The Pelican was a ship that was built for the purpose of carrying mail and passengers between the East and West Indies."

THIS TRAGIC LETTER— How would you answer it? Between the lines of this short letter, can read grim tragedy. If its author made to you, personally, how would you answer it? Suppose you held the power to receive this poor woman or to turn away, which would you do?

W. H. Hearst Succeeds Sir John Whitney as Premier. Toronto, Oct. 1.—Hon. William Hearst is the new Premier of Ontario, succeeding the late Sir James Whitney. The Minister of Lands, Forests and Game, and the youngest member of the cabinet, was today summoned to lieutenant-governor and called upon to assume the duties of the office.

Some of the occupations now open to women are laundry overseer, landscape gardener, dieticians, social secretaries, farm managers, interior decorators' photographers, chemists and bacteriologists. No child should be allowed to suffer from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Expeller.

# AFRAID SHE WAS DYING

## Suffered Terribly Until She Took "Fruit-a-tives"

St. JEAN DE MATHEA, JAN. 27th, 1914.  
"After suffering for a long time with Dyspepsia, I have been cured by "Fruit-a-tives". I suffered so much that I would not dare eat for I was afraid of dying. Five years ago, I received samples of "Fruit-a-tives". I did not wish to try them for I had little confidence in them but, seeing my husband's anxiety, I decided to do so and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick, I lost several pounds, but after taking "Fruit-a-tives", I quickly regained what I had lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to "Fruit-a-tives".

MADAM M. CHARBONNEAU  
"Fruit-a-tives" is the greatest stomach tonic in the world and will always cure Indigestion, Sour Stomach, "Heartburn", Dyspepsia and other Stomach Troubles.

## THIS TRAGIC LETTER

How would you answer it?

Between the lines of this short letter you can read grim tragedy. If its appeal were made to you, personally, how would you answer it? Suppose you held the power to receive this poor woman or to turn her away, which would you do?  
"Will you kindly give me information concerning admission of a very needy woman near me. Her husband is dead, and she is in consumption. She has two small children, at present in an orphan's home, as the mother is not able to care for them, and their only income is what an aged mother earns. They live in one small room."  
It is easy to say, "Why, of course, I would offer relief, if it were in my power!" But, think! Are you sincere when you say that? Are you in earnest? Do you really want to help poor, suffering consumptives? Then here is your chance to prove your sincerity.  
Contributions to the Muskoka Free Hospital for Consumptives will be gratefully acknowledged by W. J. Gage, Chairman Executive Committee, 84 Spadina Avenue, or R. Dunbar, Secretary-Treasurer, 347 King Street West, Toronto.

## W. H. Hearst Succeeds Sir James Whitney as Premier

Toronto, Oct. 1.—Hon. William H. Hearst is the new Premier of Ontario, succeeding the late Sir James Whitney. The Minister of Lands, Forests and Mines, and the youngest member of the Cabinet, was to-day summoned to Government House and called upon by the lieutenant-governor to form a Government.  
This he agreed to do. Later he announced his Cabinet, which is as follows:—  
Premier—Hon. W. H. Hearst.  
Attorney-General—Hon. J. J. Foy.  
Education—Hon. R. A. Pyne.  
Secretary—Hon. W. J. Hanna.  
Agriculture—Hon. J. S. Duff.  
Treasurer—Hon. I. B. Lucas.  
Public Works—Hon. F. G. MacDermid.  
Without Portfolio—Hon. R. F. Preston.  
Women engaged in the cocoa, chocolate and sugar confectionery work in Great Britain earn on an average of \$2.75 a week.

for a week or two.  
Dark stables are frequent causes of weak eyed horses. Let plenty of light into the stables.  
Concrete feeding floors for hogs are becoming popular in many sections. There is practically no loss of feed where these are used.  
Fattening sheep must be made to eat as much as possible, but must never be made to turn from their food.

## THE OXWARBLE FLY CAUSE OF TROUBLE

[Prepared by Ohio agricultural experiment station.]  
Cattle grubs, where infestation is heavy, seriously interfere with gains in fattening cattle and reduce the flow of milk in dairy cattle. Cases demonstrating this fact are numerous each spring during the "grubby" season. On a Wayne county farm ninety-one grubs were extracted from the back of a fifteen-months-old Hereford heifer. The heifer should have weighed 600 to 750 pounds at this age, with average care and feed. Instead it was weak and emaciated and weighed only about 325 pounds.

The fly (*Hypoderma lineata*) that causes this grub is known as the ox warble fly, the heel fly, or the ox bot fly. The eggs are deposited upon the hairs during the spring and summer, and the animal on licking them carries the eggs or larvae into its mouth. The young maggot passes into the gutlet. From the gutlet it migrates to the back, where it causes a lump or swelling noticed in late winter or early spring. In the spring or early summer months

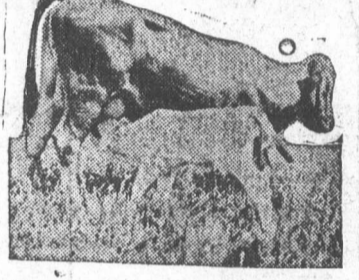

Shorthorn bulls are noted for prepotency, and when crossed with cows of a coarse description they improve the quality of the meat produced by cattle which are descended on the female side from inferior live stock. While classed as a beef breed, many families of pure bred Shorthorn cows have possessed in a high degree both milk and beef producing properties. Certain strains of Shorthorns are famous for their milk producing qualities. The bull shown is a fine type of the Shorthorn breed.

the grub emerges from the back of the animal through a small hole previously used for breathing purposes. Falling to the ground and burrowing in it the grub enters the pupal state, which covers a period of from three to six weeks. At the end of that period a two-winged fly emerges. Thus the complete life history covers almost a year.  
The most effective means of combating the cattle grubs is to squeeze them out and destroy them. This method has been tested by several co-operative dairymen's associations in Denmark and resulted in a substantial reduction of the number of grubs. The French Association for Grub Eradication recommends the removal of the grub by means of pressure with thumb and fingers when the warble is "ripe." When the warble is smaller and firmer to the touch, the grub may be extracted by inserting a pair of small forceps into the opening of the tumor. If the opening is too small to permit the removal of the grub with the forceps, it may be enlarged by a small incision with a sharp knife. Strong pressure will then force the grub out through this artificial opening. Care should be exercised to destroy all grubs that are removed, otherwise they may pass into the pupal stage and ultimately develop into adult flies. After the removal of the grubs an antiseptic should be applied to the affected portions of the hide.

## DAIRY and CREAMERY

### PURE BRED DAIRY CATTLE

Breeding of Little Value If Feed and Care Are Neglected.  
Not long since we met a dairy farmer who complained of the success he had achieved following the purchase of a herd of pure bred and large producing cows, says the editor of the Kansas Farmer. We chanced to know that the animals bought by this man were good ones and should have made him money. We also knew that some ten years ago, when we were intimately

The various dairy cattle associations are paying more attention to record work. The latest and one of the greatest strides that has been made in progress of this kind has been made by the Brown Swiss breed. People have not paid much attention to these cattle from the dairy standpoint, but the men who have been breeding them have been striving to do the best that they could in their own herds. The yearly records which these cows have made are really creditable. The Brown Swiss heifer pictured made a record with first calf of 9,000 pounds of milk containing 32.5 pounds of butter fat in ten months.

acquainted with this man, that he was one of the poorest feeders and care takers of stock in his community.

At the time we felt that the purchase of these cows would prove to him unsatisfactory unless he had seen a new light in the matter of caring for and feeding stock. We are inclined to the belief that common cows have a natural capacity to make the best of their surroundings and feed supply. Such were the cows formerly kept by this man.

When his pure bred cows were placed on the same basis as were his common cows they failed to respond to the anticipated extent and proved, according to his statement, not much better producers than his common cows. He failed to realize that the cows he bought had for centuries been developed under a condition which provided not only good care, but also an ample supply of good milk making feed. He failed to understand that the cows he bought were highly developed animals capable of using large quantities of feed and converting that feed into milk and because they could not convert such feed as they were able to get at his hands into a liberal milk flow he was naturally disappointed.  
The pure bred cow, the cow which is likely to yield the most profit from the feed consumed, needs a feeder and a caretaker who also has had some experience along dairy lines.

## THE TOMB OF TUSITULA

Samoa Natives Keep Stevenson's Grave Buried in Flowers.

It was in December, 1894, that Stevenson died at Vaillima, near Apia, on the Island of Upolu, in the Samoan group. Lovers of this quaint character—the modern who was an ancient, the ancient who was a modern, the contemporary who became a classic because he translated new things into thoughts for all time—will be glad to know that since then he has slept in a distant grave, but not in a neglected one. For the natives of that island

### For Headaches

Here's the Reason and the Cure

Most people at some time or another suffer from headaches—disordered stomach, liver or bowels is the cause—any one can be cured—one woman says: Chamberlain's Tablets did more for me than I ever dared hope for—cured headaches—biliousness—and toned up my whole system—I feel like a new woman." No case too hard for these little red health restorers. 25c. a bottle. Druggists and Dealers, or by Mail.

Each of these sets of Debentures will be divided into five equal payments, one of each with accrued interest will be payable at the Treasurer's Office on the first day of November, 1914, for the years 1915, 1916, 1917, 1918 and 1919.

W. G. WILLOUGHBY, Clerk.

### Warwick Boy Unheard From

Rev. T. B. R. Westgate, D.D., a Canadian missionary, and an old Warwick Township boy, who is stationed at and around Kungwa in German East Africa, has not reported himself since last July and his brother, Rev. H. P. Westgate, formerly assistant rector of Trinity church, at St. Thomas, and his many friends in Canada are wondering how he is faring in the enemy's territory. Nothing has been heard of him since the outbreak of the war. Dr. Westgate, who has been stationed in German East Africa for twelve years, when last heard of was principal of the Huron Training School at Kungwa. He was in Canada in 1913. While here he was appointed field secretary of the Missionary Society of the Church of England in Canada. He was due to leave German East Africa on October 17th, 1914, and assume his new duties January 1st, 1915.

### Farmers Free Offering to the British Government

The following telegram, from the Minister of Trade and Commerce to Dr. Fairbank, warden of the County of Lambton, speaks for itself:—

Ottawa, Oct. 3, 1914.

Dr. C. O. Fairbank,  
 Warden County of Lambton,  
 Petrolia, Ont.

The farmers of Ontario, having expressed desire to show their loyal cooperation in the present great struggle imposed on the Empire, by making a free offering to the British Government of the fruits of their labor, the British Government have gratefully accepted the proffered gift, and arrangements have been made for transport of these offerings from the point of shipment without cost to the donors. It is hoped that municipal authorities will organize and supervise the collection of these at convenient points of railway shipment, and see that all are properly packed and loaded. These should be directed plainly and shipped to Department of Trade and Commerce, Montreal. Oats, beans, potatoes, apples, cheese and butter are acceptable. Oats and beans should be securely bagged, cheese and butter adequately boxed, apples boxed or barrelled, and potatoes barrelled for ocean transport. Shipments should be made before the end of October.

G. E. FOSTER,  
 Minister of Trade and Commerce.

### The National Patriotic Relief Fund

Thirty-two collectors have been appointed to collect for this fund in the Township of Warwick, and the following letter has been sent to each:—

Dear Sir,—A national project has been put forward in this country, in consequence of the serious distress occasioned by the present disastrous war, resulting in the formation of "The National Patriotic Relief Fund." This fund will be chiefly used for the relief of those who suffer from the effects of this war, and for the benefit of the families of our soldiers who may be killed or disabled.

At a meeting held in Warwick in September a committee was appointed and it was resolved that the whole township of Warwick be canvassed and subscriptions solicited towards his Fund, so that everyone may be given an opportunity of showing his sympathy by the material help which is so urgently needed.

You have been respectfully requested to show your own patriotism and earnest sympathy by co-operating with your

committee in this cause. You are earnestly asked to be one of those who will readily canvas and collect subscriptions in the district which you are assigned. Yours respectfully, H. F. Kennedy, R. J. McCormick, W. G. Hall, B. B. Dunn, W. M. Shore, committee.  
 Warwick, Sept. 21, 1914.

### Motion Picture Announcement

A heavy departure in motion pictures in Watford and circuit will take place after this week. Now that the season has come when the evenings are cool and the farmers are through with their hustle, the young people are looking for some amusement for the long evenings, and as the motion pictures is the only weekly entertainment that Watford has, the management realizing the importance of establishing a weekly entertainment of such a reputation as to draw from the surrounding country and villages, the films shown must be of a higher standard, as when the people drive in from a long distance they want to see a first-class long show.

In order to gratify the public in this respect the management have discarded the smaller villages and have taken six live towns in the circuit, namely, Glenora, Alvinston, Watford, Forest, Bothwell and Thamesville, giving one exhibition in each town each week. By so doing the standard of the pictures is to be raised to the highest grade, which is nearly one-half more expensive than the present service, and together with this high grade film service there will be occasional illustrated songs and vaudeville. The price of admission will be 15 cents for adults and 10 cents for children.

This higher price and service will take place next week. Beginning Oct. 21st, we will have our first war film and the British Navy film. These films are being shown in the Toronto opera house this week and in Hamilton opera house next week.

The public have been anxiously waiting to see pictures of some action at the front and we look for these films to draw a crowded house.

### The Forest Fair

The weather was ideal for Forest's fair last Friday and a record-breaking crowd was in attendance. The fair itself was a good one, the display of fruit being especially fine. Vegetables, grains and roots also showed up fine. Horses and cattle were not very numerous but the quality was good. The Armory building makes an ideal place for the show of fruits and other small stuff. The rates included a 2.25 pace or trot for a purse of \$100, this being won by Patchen Wilkes, owned by S. G. Hodgins, Lucan; H. Bossenberry's Peach Bars won second money, and Poppy, owned by F. Fisher, was third. The half-mile trot or pace was won by Dr. F. Chalk's Paddy C., and Tom Roche, of Watford, got second money.

MRS. KERFOOT'S sale was well attended and everything was disposed of house and two lots was sold to W. Vail, G. T. R. Agent. Cost \$900.

The anniversary services in Watford with the Watford Methodist Church held in the Lyceum on Sunday Oct. 19th, when Rev. H. D. Moy, M.A., will preach.

PRIESTLY'S dress goods at a doubt the finest dress goods put in the money. Blacks and blues the new shades. Prices 75c, \$1.50. Ask for sample card.
