The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Library
General Reference Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUE"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library
General Reference Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

 **A PRICELESS MANUAL OF HEALTH.** 

New and Complete Edition of

DR. CHAVASSE'S MEDICAL MANUAL

Nearly a Quarter of a Million Copies Sold.

MANUAL FOR WIVES AND MOTHERS.

The most serviceable Cyclopædia in the interest of Wifehood and Motherhood, embracing "Advice to a Wife on the Management of her own Health," and on the treatment of some of the complaints incidental to pregnancy, labor and suckling, with an introductory chapter especially addressed to a Young Wife. And "Advice to a Mother on the Management of her Children," and on the treatment of some of their more pressing illnesses and accidents. By **PYE HENRY CHAVASSE**, M. D., Fellow of the Royal College of Surgeons of England, Fellow of the Obstetrical Society of London, formerly President of Queen's College Medico-Chirurgical Society, Birmingham, etc.

Complete in one volume, crown 8vo., 630 pages. Price in cloth, \$1.50; or half bound, in red roan, \$2.00. Mailed to any part of the Dominion free of postage. The two sections of this valuable work may be had separately. "Advice to a Wife," price, 75c. "Advice to a Mother," price, 75c.

Messrs. Williamson & Co. have pleasure in announcing the publication (by arrangement with the great English publishing house of J. & A. Churchill, Medical Publishers, London,) of a Canadian Copyright Edition of Dr. Chavasse's World-famed Medical Manuals, which have been translated into many modern languages, and whose sale in all English-speaking countries has been simply enormous.

There are no better books of the kind published, and the high standing of Dr. Chavasse as a physician is a sufficient guarantee that the task he has undertaken has been adequately performed. They are not designed to supersede the regular physician, but rather to help him; and being written in the form of question and answer, in plain untechnical language which cannot be misunderstood, convey an amount of useful information which every woman who has become a wife and every wife who expects to be a mother, should know for her own health and safety's sake, and for the well-being of her offspring.

"Every wife should, and every Mother must, have a copy of this indispensable volume," is the opinion expressed by physicians and the press everywhere the book is known.
