## GREAT BRITAIN TO DEMAND THAT PANAMA CONTENTION BE SENT TO ARBITRATION

**Official Announcement Made By Government Removes Any Doubt As to Seriousness of Controversy Respecting Tolls—Vital Interests, Independence or Honor of U.S. Not Affected By the Issue Raised.**

LONDON, Sept. 2.—(Can. Press).—It is officially announced that the British Government will make a formal demand upon the United States Government for arbitration of its claim that the Panama Canal Toll Act, as recently passed by the United States Congress, violates the Hay-Pauncefote Treaty.

Nothing definitely is known here beyond the brief official announcement that the formal demand for arbitration would be made, but it is believed that instructions already are en route to the British Embassy at Washington concerning the situation. The British demand will be made under the arbitration convention of 1903. Great Britain's contention will be that the question at issue does not affect the vital interests, independence or honor of the United States, and that therefore it is clearly within the scope of the 1903 convention, since the matter to be arbitrated is not an act of congress, but an interpretation of Article 3 of the Hay-Pauncefote Treaty.

**Avenue of Escape.**  
Recent advices from Washington indicate that the United States Government should hold firm in its determination not to arbitrate, will take refuge in Article 2 of the Root-Bryce Arbitration Treaty of 1908. That article makes it a prerequisite to actual arbitration that both sides "shall conclude a special agreement defining clearly the matter in dispute," and this must be approved by the senate. So that if that body takes the same view next winter of the predominant rights of America in the use of the canal, as it did last session, it may prevent arbitration by declining to accept any "special agreement" satisfactory to Great Britain.

## KAISER REVIEWS ARMY OF 60,000

**Biggest Military Assemblage Berlin Has Seen in Peace Times, Headed by Aeroplanes and Balloons.**

BERLIN, Sept. 2.—(Can. Press).—Emperor William passed in review today the most powerful army ever gathered in Berlin in time of peace. It is composed of 60,000 men and comprised artillery, cavalry, engineers and auxiliary troops of the Guards and of the Third Army Corps.

The army being corps took part in the parade for the first time since its formation. Eight aeroplanes and two dirigible balloons under the guidance of officer-attendants flew at the head of the marching columns as they passed the emperor. His majesty stood beneath the solitary poplar in the centre of the great Tempelhof parade grounds and returned the salute of the troops as they went by.

## A LONG CHASE

Tom McElroy Caught After Hard Bicycle Race.

Tom McElroy, who lives on Spadina avenue, made an attempt to steal a bicycle which was standing at the curb at the corner of Spadina and College. Just as he took the wheel P.C. McCullough came along. The officer approached another wheel he saw and gave chase. After about fifteen minutes of strenuous pedaling he overtook McElroy and arrested him.

## Less Cavalier Treatment by Law Lords.

OTTAWA, Sept. 2.—(Special).—One direct result of the visit to London of the Canadian ministers will be that the judicial committee of the imperial privy council will give more attention to the consideration of Canadian appeals.

It has been felt for some time that the growing number and importance of Canadian cases, coupled with the recent protests in the Canadian press at the decisions in a number of important Dominion appeals, warranted a somewhat closer knowledge of conditions in this country by members of the judicial committee.

It is understood that the Canadian minister of justice while in London had an informal conference with regard to this matter with Chancellor Haldane, who expressed every desire to do all that was possible to meet the wishes of the Canadian people.

Mr. Doherty, however, heard nothing of the alleged proposal to appoint a special and permanent Canadian representative on the imperial board.

## CLOUDBURSTS TAKE TOLL OF LIVES AND PROPERTY PENNSYLVANIA HARD HIT

**West Virginia Panhandle and Section of Ohio Also Suffered From Floods Following Terrific Electrical Storm—Transportation Service Tied Up by Wash-outs Thruout Wide Area.**

PITTSBURG, Pa., Sept. 2.—(Can. Press).—At least 22 known to be dead and 11 others believed to have perished are the results of a terrific storm which swept Western and Northern Pennsylvania, the Panhandle district of West Virginia and a section of Eastern Ohio last night and early to-day. The monetary loss cannot even be estimated at this time.

After a 24-hour period of excessively hot weather the storm broke last evening. In addition to an extraordinary rainfall, the electrical features were most spectacular. The steady rain caused every stream to leave its banks. Within a short time the water had washed away railroad tracks, in many places and sent tons of earth from surrounding hills, making all thoroughfares in the flood zone impassable.

Latest reports give the following table of fatalities: Colliers, W. Va., nine dead. It is estimated that 20 persons met death. Cherry Valley, Pa., six drowned. Burgettsown, Pa., one drowned. Avella, Pa., three

drowned. Cannonburg, Pa., three drowned.

During the night this city experienced the storm. The suburbs suffered severely, cellars being flooded, street cars crippled and wire services prostrated. In a number of Western Pennsylvania points people became panic-stricken. At Newcastle, Pa., congregations were dismissed by ministers when announcements were made that a flood was headed for the town. At Ford City, Pa., a dozen houses were washed from their foundations. Lightning struck a score of houses, while McGrahn, a suburb, is under three to five feet of water tonight.

Oil derricks were blown down, small streams flooded and scores of persons spent the night in interurban cars while repairs were being made to tracks.

The Pittsburgh Baseball Club were on one of the trains delayed by the Colliers flood and were not scheduled to reach the city until 1 o'clock this afternoon, compelling postponement of the morning game with Chicago.

## CUSTOMS CLERK DIED YESTERDAY

**James Driffell, Veteran of the Toronto Office, Will Be Buried at Newmarket.**

Stricken with cerebral hemorrhage while at his work in the customs house last Wednesday, James Driffell, 70 years of age, lapsed into unconsciousness, from which he never rallied, until death took place at 9 o'clock yesterday morning. Mr. Driffell, who was one of the veterans of the customs house staff, lived at No. 11 Maitland place.

A funeral service will be conducted this evening at 8.15 at the Maitland place residence by Rev. George W. Brown of Sherbourne street Methodist Church. Interment will take place at Newmarket Cemetery upon the arrival of the Grand Trunk train Wednesday morning.

Mr. Driffell was born in Bradford, North York, in 1842, the seventieth anniversary of his birth having fallen on the Sunday before he was stricken. For forty years he conducted a hardware business in Bradford, and he was known and respected throughout the extent of North York and Simcoe County. He leaves two daughters, Nina, who is at home, and Mrs. Walter F. Trivett of Toronto. There is one son, Empey, living in Toronto.

## A Musical Play That Pleases.

An added attraction and a treat that is at hand for visitors to this city during the present week is the beautiful musical play, "The Girl of My Dreams," which is at the Princess Theatre. It is properly described as "a musical play that pleases."

## MEN FROM U.S. AS HARVESTERS

**Alien Labor Laws Being Lifted to Save Situation—Eastern Provinces Poor in Response**

OTTAWA, Sept. 2.—(Special).—The government is endeavoring to get men to harvest the western crops from the United States. The maritime provinces, which in other years supplied armies of harvesters, are not responding as well as expected this year. The same is true of Ontario and Quebec. The immigration authorities are therefore arranging to bring hands from across the border.

Dispensation from the usual regulations governing the Alien Labor Law are being temporarily brought into force and special low rates for harvesters are being secured on United States railways. It is hoped that in this way sufficient harvest hands can be secured.

## Big Downtown Fur Display.

Outside the Exhibition there is at least one very exclusive display worth the trouble of a visit and that is the showing by the Dimeen Company at 140 Yonge street. Anyone in Toronto for the fair should not miss this, as it contains a very superb line of the latest fashions in Parisian designs made from the finest of selected foreign and native furs. Call and ask for the new catalogue and price list.

## HARRIS' OFFER NEW SITE FOR ABATTOIR

**Deny Packing House Combination—In Lieu of City Cattle Market They Would Form Union Stock Yards Company and Make the Mayor a Director.**

Mayor Geary and the city council are given a rigorous, frank and comprehensive view of the civic abattoir and the western cattle market situation in an open letter from the Harris Abattoir Company, Limited. The company points out that the attitude of the packing houses is not one of unfriendliness to the project, but that a public abattoir at an adequate cattle market would be welcomed.

The offer is made of a site at the Union Stock Yards for an abattoir, and a position on the directorate of the Union Stock Yards Company for the mayor of Toronto.

The argument from the point of view of the packing houses is fully set forth in the following letter from the Harris Abattoir Company:

"In the discussion regarding the proposed civic abattoir it seems to have been assumed that the packing houses of the city were likely to be unfriendly to the project. We do not believe this to be the case. So far as we are able to judge, the business of the packing houses would not be affected materially, and in so far as a civic abattoir would insure the sale within the city of only inspected meat, we are heartily in favor of it.

"However, we think it may be in the interests both of council and of the packing houses to call attention to some misconceptions which have passed unchallenged in the public discussions of the past two months.

## Two Considerations.

"In these discussions the two considerations in favor of a public abattoir, which have had most prominence, are:

"(1) The protection of the citizens against present and future oppression at the hands of the alleged beef trust.

"(2) The protection of the city's investment in the Western Cattle Market.

"First, regarding the alleged beef trust. The packing house trade has suffered in the public estimation from the oft-repeated statement in the press, from the platform, and in all manner of public and private deliveries, that the increase in the cost of

## GORDON CALLED TO CHICAGO, ILL.

**Was for Many Years Pastor at Bond St. Congregational Church—Would Get \$6000 a Year.**

Rev. J. L. Gordon, for several years pastor of Bond street Congregational Church, Toronto, and at present occupying the pulpit at Central Congregational Church, Winnipeg, has received a call to the pastorate of New England Congregational Church, Chicago, Illinois, at a salary of \$6000. The news was contained in a letter from Mr. Gordon to a friend of his in Toronto. It is not known whether or not he will accept.

New England Church is one of the older churches of Chicago, and would seem a desirable field, but it is well known that Mr. Gordon is satisfied that he is doing a good work in Winnipeg, and the salary increase is not likely to have much effect on his decision. Central Church is considered the most popular church in Winnipeg to-day. It seats over 2000, and in order to obtain a seat at any evening service when Mr. Gordon is to preach it is necessary to be on hand at 6.30, half an hour before the service commences.

Mr. Gordon has been in Winnipeg now for about eight years. He is returning this week from Eastern Canada, where he has spent his vacation.

## BIGGEST CROWD EVER SEEN AT TORONTO OR ANY OTHER EXHIBITION ON THE CONTINENT

### China Hostile to Britain

LONDON, Sept. 2.—(Can. Press).—Deep resentment is felt in China over the British demand in regard to Tibet. Many of the Chinese merchants in Tientsin and other cities threaten retaliation for what they regard as an insult, and propose to boycott all British goods entering Chinese ports, according to a news agency despatch received here today.

## FIRST MEETING HELD FOR WOMEN

**Object of Work Being Carried on by Daughters of the Empire Was Explained by Mrs. Gooderham, Mrs. Fetherstonhaugh and Mrs. George—Similar Meetings All Week**

At the first of the series of afternoon meetings scheduled to take place in the women's building for the closing week of the fair, three women prominent in Toronto social and philanthropic circles read addresses bearing on the nature and aims of the organization which, under the name of Daughters of the Empire, has become so influential in Canada during the past decade.

Mrs. Fetherstonhaugh traced the history of the I. O. D. E. from its organization in the dark days of the Boer war, when it was founded, in February, 1900, by Mrs. Clark Murray of Montreal. A year later the provincial auxiliary was formed, with Mrs. Nordheim as president, and, by request of the founder, the head office was transferred to Toronto shortly afterwards.

The Imperial Order of the Daughters of the Empire claims, with pride, to be the first woman's organization for patriotic work.

### Care of Graves.

The first work undertaken was care of the graves of South African heroes. Later patriotic lectures were given, prizes offered in schools for essays on patriotic subjects, medals awarded for essays on Canada written in other British colonies, "Made-in-Canada" Exhibition medals, and members bound to encourage the use of British-made goods. Many monuments and tablets have been erected to the memory of soldiers who have lost their lives in the service of the Empire, the latest of which is a beautiful bronze bust and drinking fountain, unveiled during the past month in Brockville to the memory of Sir Isaac Brock. This was the work of the General Brock Chapter.

Quebec has been most active in helping British immigrants, and Montreal is earnestly considering ways of carrying on similar work. The western chapters help in the welcoming and advising of new settlers. In other places other equally good works are being carried on by the order.

### To Prevent Tuberculosis.

The I.O.D.E. has taken an active interest in the prevention of tuberculosis, and Mrs. George addressed the meeting with regard to its aim to erect a sanatorium for dealing with the disease in its incipient stages. Already the Hospital for Sick Children, in co-operation with the Heather Club, has under its care at the island about two hundred children. The problem of how to accommodate these children when the island hospital closes has brought together representatives of the Heather Club, Dr. Pearsons, and some of the officers of the I.O.D.E. Dr. Pearson said that a building could be built at a cost of \$60,000, which would serve the needs of the children, and the I.O.D.E. is about to conduct a campaign for the raising of this amount.

## More Than 175,000 People Were on the Grounds Yesterday and 50 Policemen Handled Them All—Only Nine Arrests Were Made—Million Mark is Now a Certainty.

Never was such a huge multitude seen at any one place in Canada as at the Exhibition yesterday. Labor Day, 1912, stands out as the greatest event in the history of the Canadian National Exhibition, and as far as crowds go, the greatest in the history of the Dominion. It is estimated that 175,000 people passed thru the turnstiles. Even the rain did not have a deterrent effect. The stream of humanity started when the gates opened at 8 a.m. At that time there was a drizzle, but this did not hold the people back. By the time the tail end of the great labor parade had reached the grounds, the largest crowd in the history of the Exhibition at noon hour was sauntering thru the buildings, on the lawns and down the midway. And it was raining then.

On Labor Day last year 151,000 people attended, and the day was comparatively fine. Although no official figure was given out last night, authorities on the matter said that yesterday there was easily an advance of 20,000 or 25,000 over that number. All day long there was a continual procession, a slowly moving mass of humanity. There was no chance of walking in a free and easy manner. It was simply a case of walking with or being shoved along by the crowds. With the Scots Guards and Bees of the Band Bands played there must have been 40,000 listeners, which is surely a record for any musical organization.

The day was not unmarred by serious accidents. The police besides looking after the people in trying to avert jams, had very little else to do except possibly restoring lost children to their parents. The labor element was out in full force. The directors of the association entertained their leaders to a luncheon at noon, after which they the sports and baby shows, for which they were responsible, were held.

30,000 in Stand at Night.

Fully 45,000 people saw the grand

Continued on Page 7, Column 3.

stand performance in the afternoon and evening. The stand was a little more than half filled in the daytime, and at night there was an enormous crush of people. Every seat was occupied and the lawn in front was black from end to end. It is figured that there were more than 30,000 spectators at night. At 1 o'clock when the gates were swung open there was a lone line-up, many deep, and the people literally streamed in without cessation until an hour after the performance had started.

But even with this section of the crowd stored away in the grand stand there seemed to be very little change in the bulky processions everywhere over the grounds during the evening.

All day long there was a terrific jam on the Midway. The people simply had to keep moving or heed the beckoning of the spotters and go into some of the attractions. Truly the Midway shows never did such a big business before. They were always virtually crammed with humanity and the profits to both the Exhibition and show owners must stack rather high.

### Something Doing Everywhere

In every nook and corner there was something to interest those who wished to be interested. There was the baby show, the Labor Day sports, the motor boat races, the swimming, aquaplaning and war canoe contests and much more, and each drew their quota of people. Lined along the sea wall when the motor boat races were in progress was a crowd of about 25,000 people. Thousands visited the baby show, the greatest thing of its kind ever put on by the Exhibition and Trades and Labor Council. And besides all these, every building—and there are seven large ones which will hold many, many thousands—was constantly filled with a slowly moving mass which flowed in one door, added around the aisles and out another.

## WILSON GENTLY RAPS ROOSEVELT

**All Sweating Workers Get From Bull Moosers is Sympathy, He Opines at Buffalo.**

BUFFALO, Sept. 2.—(Can. Press).—Gov. Woodrow Wilson to-day analyzed the third party platform in its relation to the laboring man. The occasion of his speech was a Labor Day celebration under the auspices of the United Trades and Labor Council. It was the first expression from the Democratic candidate on the merits of the Progressive platform.

The governor said that, while on the one hand was to be found there "warm sympathy with practically every project of social betterment," that party was merely a proclamation of sympathy, "while the real program lay elsewhere, where the tariff and the trusts are spoken of."

The governor assailed the minimum wage idea, declaring that employers would take occasion to bring their wage scale as nearly as they could down to the level of the minimum permitted by law.

### Curbing Monopolies.

With the idea of a federal commission to regulate monopoly, the governor took emphatic issue. He declared that the plan suggested not only would legalize monopoly, but give the chief employers of the country a "tremendous authority behind them."

What the employers do will have the license of the federal government, including the right to pay wages approved by the government, declared Gov. Wilson. He pointed out that it always had been the policy of "the masters of consolidated industry" to undermine organized labor in a great many ways, and that a plan of federal control as advocated by the new party, "systematically subordinates workmen to monopolies," and "looks strangely like economic mastery over the very lives and fortunes of those who do the daily work of the nation."

## DROPPED DEAD AT EXHIBITION

**Wm. Blacker of Brantford, 60 Years Old, Expired as He Was Leaving One of the Stables.**

William Blacker, 60 years, a single man, living at Brantford, died while being hurried to the hospital tent in the police ambulance at the Exhibition grounds last night. Mr. Blacker, who was exhibiting a horse, had just left the stables to take a walk at 8.30 when he collapsed at the east end of the grand stand. His body was removed to the morgue by the coroner's order. Death was due to heart trouble.

## REAL LABOR DAY WITH FARMERS

**After a Week's Delay, Binder Was Again Busy—Winnipeg Swept of Idlers.**

WINNIPEG, Sept. 2.—(Can. Press).—The weather map of the Canadian prairie west for last week was ideal, almost every district reporting brighter skies and drying winds, while on neither Saturday nor Sunday, night did the temperature drop below 54. As a consequence, farmers are putting in a busy Labor Day and the whirl of the binder, after practically a week's suspension thru dampness, is again heard in every district. Every indicator points to the weather as set fair, and if this is maintained during the current week, a tremendous hole will be cut in standing grain.

## TORONTO C. C. BIG LEAD ON WINNIPEG WANDERERS

### Challengers All Out for Fifty-Nine Runs—Cup Holders Ahead Ninety-Eight Runs With Nine Wickets in Hand—Play on Soggy Wicket.

Toronto are 59 runs on and have nine wickets to fall as a result of the first day's play in the championship match with Winnipeg Wanderers for the possession of the John Ross Robertson Cup. After the recent heavy rain, the pitch was dead slow, and strokes that ordinarily would have produced boundaries, were limited to 7s and 8s. The three successful bowlers, Price of Winnipeg and Rathbun and Seagram of the Toronto Club, accomplished fine performances, the first named achieving ever bowler's ambition by securing all the wickets of his opponents. He was well supported in the field, Dr. Smith bringing off two fine catches and Broadfoot keeping wicket splendidly. The ball which beat Laver being unchanged and the fast averaging ball of the former proved very disconcerting. Seagram's line at round play was a feature of the match, and he continued his sequence of not out innings, in which he must surely have established a record.

During the last six matches in which he has batted, Norman Seagram has carried out his bat on five occasions, and his batting average was increased yesterday from 53 to 58. Dr. Wright is a wicket-keeper up to the mark, and standard, and Toronto's fielding was of a high order. Henderson at short slip being especially brilliant, Captain Lowmough and Beemer tied with 2s for the highest individual score, and Laver maintained his batting reputation, being the only visiting batsman to reach double figures.

### Toronto's Batting.

Before an attendance of 50, Toronto, having won the toss, commenced to bat 15 minutes after the advertised time, sending in Davidson and Dr. Wright at 11.05, to face the attacks of Price and Vidal. The former is an old Worcester-shire County player, and his ability to maintain a perfect length and break the ball either way was demonstrated from the outset. Seven overs were sent down by Price and Vidal for six runs, when the first wicket fell, Davidson being out to a clever catch by Crofton. Dr. Wright and Hefington took the score to 40, when the latter's defence was penetrated by Price, and Captain Lowmough came in. Dr. Wright survived a confident appeal for lb.w., and the first hour's cricket produced 41 runs. At 12.10 a persistent drizzle caused a cessation of play and lunch was taken. On the resumption at 1.05, Lowmough pulled Dr. Smith to lb for brace, Vidal having been relieved in the attack at 21. The score was taken to 57, when Dr. Wright was cleverly caught in the slips by Dr. Smith off Price, and Henderson failed to score, being out to the second ball. Beemer, partner in the attack, who signalled his advent by cutting Dr. Smith thru the slips for 2, and Beemer followed with a pull to lb for 4, after two hours' actual batting, and seven runs, when Smith took up the attack at the Varsity end. Nine runs later Beemer was caught in the slips by Dr. Smith, and McPhee's skied a ball into the safe hands of Vidal. Rathbun was the ninth man, and he at-

tempted to drive Price, missed the object and was easily struck. J. Wright whipped in and, getting his leg in front, Seagram carried out his leg for an admirable 16, the full score being 134. Price had the wonderful figure of 10 wickets for 51 runs.

### Winnipeg's Batting.

Winnipeg commenced their first innings at 2.25, sending in Broadfoot and Rathbun, the bowling of Seagram and Rathbun, Winnipeg's wicket-keeper placed the left-handed batsman to leg with two, and thru the slips for a like number. At six he touched a rising ball from Seagram into the safe hands of Beemer, and Smith came in. The newcomer despatched the fast bowler to leg for a brace, and Vidal sent ten up with a beautiful cut thru the slips to two off Seagram. Dr. Smith was caught in the slips off Rathbun, and Price had a fine reception on coming out to bat. Only three runs were added, when Vidal was out to a smart bit of work at the wicket, and Dr. Williams left at 23. Laver made some capital strokes, but a swerving ball from Rathbun sent him back when his score was 12, and Cave disappointed his admirers, for at 33 he was cleverly taken at short slip by Henderson off Seagram. Captain Smith was run out in attempting a run for an over-throw, Davidson throwing his wicket down. Rathbun finished off the innings by clean bowling Flint and Crofton with successive balls, the total score of 59 having occupied 100 minutes.

### Toronto's Second Innings.

Enjoying the useful lead of 68, Toronto commenced their second innings at 5.25, with Davidson and Dr. Wright, the attack being entrusted to Price and Vidal. Davidson pulled Price to leg for three, and cut Vidal thru the slips for a couple. At 15 he survived a confident appeal for a catch at the wicket, and he signalled his escape by driving Price to the off for a brace. The score was 21 when Dr. Wright sent the first boundary, but his next ball proved fatal, Vidal holding a hot return, and Beemer came in. At 20, Beemer received an appeal for lb.w. in his favor, and the match was adjourned until 10.20 this morning, Davidson being not out, 20; Beemer, not out, 9, and the score 33 for one wicket.

## BOYS IN BLUE BEAT INDIANS

### Tecumseh First to Score, Making Torontos Go the Limit to Win at Island by 5 to 3.

By the score of 5 to 3, in one of the most strenuous games of lacrosse seen here this year, the Torontos again defeated the Tecumseh at the Island Stadium yesterday afternoon. The champions had to extend themselves to the limit to win from the plucky Indians, who were dangerous at all times. Both teams were in great form, and the play was about equally divided, but the more consistent work of the Torontos, together with their great boring-in tactics, turned the scale.

With rain always impending and the atmosphere cold and damp, a crowd of about 2500 journeyed to the island to witness the contest, and to judge by their enthusiasm and applause the spectators were well repaid for the trip. The field was in an awful condition, especially in the vicinity of the goals, where there was no sod to give footing to the players. As a result the mangled round-up and the players would slip and sprawl in the mud at the end of the game a heavy mist enshrouded the field, and the spectators found considerable difficulty in following the play.

The Tecumseh sprung a surprise at the outset, when, seconds after the face-off they obtained their first goal. Gorman obtained the ball, carried it down the field and beat Gibbons by a pretty shot taking the Scarborough goalkeepers unawares. The same player nearly duplicated the trick a minute later. The Indians displayed little of their usual prowess, and kept the Torontos defence busy. The champions made a few sallies themselves, and were unable to get the ball past Kinman. After 18 minutes play Dolly Durkin added for Tecumseh after a sustained attack by the Indians. The Bennett, lb. b. J. Hill, c. Whitaker, c. Boddington, b. Marsden 10. In the second period the blue shirts started in to overcome their opponents' goal, and the ball managed to get past the net, but was intercepted by Kinman. This occurred after seven minutes play, and four minutes later Longfellow scored by bringing in on the Tecumseh defence and putting a pretty shot past Kinman. The proceedings then grew interesting, and both teams put forth every effort. In the third quarter Dolly Durkin scored in the lead and he did so again in the net a shot from Kalls. Another for the champions added in the prettiest goal of the day, and he did so by a back-hand shot while running away from the net.

## THE GIANTS WIN DOUBLE-HEADER

### Beat Boston Both Games, While Cubs Are Idle—Other Teams Split Even on the Day.

At Boston (National)—The biggest crowd at a National League game in this city in several years saw the Giants take both games of the double-header from Boston, thereby increasing their lead in the pennant race, while Chicago loaded. Doyle's home run with two men on base won the first game in the twelfth inning. The Giants combining hits with Donnelly's wildness for five runs in the third inning. Tyler, who succeeded Donnelly, called in the seventh inning on account of darkness. The scores:

First game—R.H.E. New York 0000101000002-5 11 Boston 000001010000-2 7 Batteries—Marquard, Mathewson and Wilson; Perdue and Kling. Second game—R.H.E. Boston 00000001-1 6 New York 10000000-2 9 Batteries—Donnelly, Tyler and Rariden; Mathewson and Wilson.

At Philadelphia—Brooklyn defeated the home team in the morning game, which required eleven innings, 4 to 2. The visitors tied the score after two were out in the ninth inning on a home run drove by Williams, a pinch hitter, and they won the game in the eleventh inning on Miller's double with two men on the bases. Williams was horn at Turnchapel, Plymouth, 30 years ago, and came to Toronto 10 years ago. Being recently married makes the case all the more sad, as his wife and young babe arrived only ten days ago from his native Vermont. He leaves behind a host of friends, who will miss his cheery disposition, and who will help comfort those whose loss is the greatest to befall.

**THE SUPREME ISSUE.**

Those who discuss freight rates and stock issues can never get to the heart of the matter until they consider and decide by what title the Canadian Pacific Railway Company holds the vast land grants of the Dominion Government and the other assets not connected with the operation of its system. These non-railway assets which are sometimes called aggregate in value several hundred million dollars. Any time to come a melon-patch for the stockholders, or any they be devoted to improving the transportation facilities of the company and to the giving of better railway service and cheaper railway rates? The Montreal Financial Times voices the view of the railway company and of its allies and hired men in the following statement, which we think fairly tends the issue to be dealt with by the parliament and the people of Canada. It says:

The present high price of C.P.R. stock is due to the expectation that shareholders will be allowed periodically to "cash in" on their "hidden assets" by the grant of profitable rights to new stock.

**REPRESENTATION OF RENTERS.**

Now that the assessment system is under fire, it is to be hoped that the old principle of "no taxation without representation" will not be forgotten. We believe Sir James Whitney is heartily in favor of this canon of constitutional government, and we therefore appeal to him the more hopefully to take up the case of the taxpayers in the cities of Ontario who are deprived of all voice in the expenditure of their money.

of old, from everlasting. Life is much in the same category. The problem scientific men hope to solve is the production of forms, however rudimentary, which will embody life, with its self-supporting and reproductive attributes. There is another factor in the problem, however, and until the scientific men include it in their calculations, they are not going to make any advance. They had to put aside many prejudices before they made progress in physics and chemistry, or even such as they have made in biology. They have other prejudices to lay aside, as Crookes, Wallace, Lodge, Mendeljeff and others admit, before great progress can be made in the biological field. They must face the psychological aspect of the problem.

Mr. Peter Ryan has been left to protest against the inequity of assessing the property owners in the vicinity of the Teraulay street improvement. That measure, whether they are benefited or not. The assessment commissioner admits the inequity, but refuses to adopt the remedy, which any real estate dealer in Toronto would jump at, had he the chance.

beef to the consumer is due to combination among packing houses, or at any rate that it results in inordinate profit to the packing houses.

No Combination.

(a) Regarding combination. We desire to take advantage of this occasion to make a public statement. No combination exists, or has ever existed, or is now contemplated between the abattoirs of Toronto. No conferences are held, or have ever been held between the packing houses, either regarding the price to be paid for cattle, or the price to be charged for beef or on any other subject.

The only instrument which society has yet evolved to protect public interests against those of private individuals or of corporations is that of free and unfettered competition. There is no trade in Ontario, or in Canada, or in any other country which is conducted under conditions of fierce competition than the beef trade in Toronto. The only conference, or exchange of views among packing houses that has ever occurred, was in connection with the conditions under which cattle are brought to the market. These conferences are held, or have ever been held, by the drovers and the packing men, as a body.

(b) Regarding profits. The profits of a packing house are highest when the price of beef is lowest. It is easier to make a profit on cheap cattle than on dear cattle. The criticism of the packing houses by the press and the public always comes at a time when they are having a struggle to make ends meet.

But, whether in a good year or in a bad year, the fact is that if the profits of the packing houses are generally eliminated, the cost of beef to the consumer would scarcely be affected.

Rain Marred Labor Demonstration—10,000 Attendance Expected.

MONTREAL, Sept. 2.—(Can. Press.)—Rain and cold weather interfered somewhat with the plans of the labor leaders today and only some 10,000 turned out for the big parade, in which it was anticipated 30,000 would participate. Several of the unions, in fact, were represented by less than half a dozen marchers. The parade was to have started from Viger square at 9 a.m., but did not get away until 10.15, owing to the lateness of the iron molders, who were to head the procession and who postponed their arrival to attend the funeral of a comrade.

The procession wended its way through several miles of muddy streets, after which the marchers dispersed to attend various labor demonstrations.

KNIGHTS OF COLUMBUS OPEN NEW CLUB ROOMS

Building Erected at a Cost of \$150,000 Was Used Yesterday for First Time, After Appropriate Exercises.

The Toronto Council, Knights of Columbus, opened the new addition to their clubrooms at 882 Sherbourne street yesterday, by initiating a class of about a hundred candidates in the order. The proceedings of the day were opened with a high mass sung in Our Lady of Lourdes Church by the pastor, Rev. Father Canning, who is also chaplain of the local council. It was assisted by Father McGrath, Rev. Dr. Roche, C.S.B., of St. Michael's College, preached the sermon, and Rev. Dr. Roche, C.S.B., of St. Michael's College, preached the sermon, and Rev. Dr. Roche, C.S.B., of St. Michael's College, preached the sermon.

NEW RECORD FOR PATIENCE IS MADE Grounds and Buildings Were Packed With People From Early Morning Till Late at Night—30,000 Saw Grand Stand Performance Last Night—Many Lost Children.

There wasn't a great deal of comfort to be found in such a multitude, but everybody knew that Labor Day was the biggest event of the year, and it is supposed that all came prepared. The usual unwise prodder and mother wheedling babies around the grounds were their again. On several cases policemen saved children from suffocation. In the midway a father tried to push a gorging carting a child thru the crush, but the other two that the boy was almost trampled under foot.

As far as arrests went there were comparatively few. Altogether there were only nine arrests, seven of whom were charged with the possession of liquor. Their largest order was in taking care of the crowds which became so dense at times in different buildings, down and around the fair.

Athletics Take Two Games From Washington—American League Scores.

At New York (Am.)—Boston took a double-header from New York on the polo grounds, the home of the New York Nationals, by a score of 2 to 1 and 1 to 0. Boston won the first game in the eighth inning, when Yerkes scored Hooper with a triple and Ford led him home with a sacrifice. The older part of the building contains the usual offices, reception card and billiard rooms, sumptuous equipment of the state was donated by Mr. Jeremiah Shea. On the upper floor is a supper room and cloak rooms, and above that are the caretaker's quarters. The interior finishing is of quarter-oak and the walls are covered with ornamental plaster. The heating and ventilation of the building is by means of a combined steam and hot water system. The total cost of the completed building is about \$150,000.

At Cleveland—By bunching hits off Cleveland's errors, St. Louis scored enough runs in the first two innings of the morning game to win 5 to 1. Cleveland's pitcher, Eddie Plank, pitched a shut-out, but Gregg then scored two runs in two runs with a double. Cleveland defeated St. Louis in the ninth, but Gregg then scored two runs in two runs with a double. Cleveland defeated St. Louis in the ninth, but Gregg then scored two runs in two runs with a double.

At Washington—Philadelphia started in with a lead of 2 to 0 in the first inning of the morning game. They bunched hits in the fourth, but Washington led by three runs. Plank was driven out of the box by Washington after seven innings, but Bender held the game safe.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency for the district, or apply by proxy, by a duly qualified agent, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties--Six months' residence upon and cultivation of the land in each of the years. A homesteader may live within one mile of his homestead on a farm of at least 40 acres, or on a farm occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$20 per acre.

Persons who reside upon the homestead or pre-empt six months in each of six years from date of homestead entry (including the time required to secure homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption right for a purchased homestead in certain districts, may pre-empt a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency for the district, or apply by proxy, by a duly qualified agent, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

**FAROUHAR IS HARRIMAN OF S. AMERICA**

Within the last two years it is evident that the increasing prosperity, both of Argentina and Brazil, has captured the imagination of financiers; and it would seem that a new Napoleon of railroad enterprises, in the person of Mr. Percival Farouhar, has sprung into being. His name is not unfamiliar to Wall Street; and, indeed, rightly or wrongly, it has been hitherto associated in the minds of people here with the means of successful speculation in Rock Island stock some years ago.

**RECORD CORN CROP ACROSS THE BORDER**

Indications are that the corn crop of the United States, which has been more in doubt than any other, will be a good deal closer to 3,000,000,000 bushels than the trade expected early in the season. A yield of 28 bushels per acre would give 2,824,000,000 bushels; and it is not out of line with present expectations that the yield will equal that figure.

**MONEY RATES ARE HIGH IN THE WEST**

The Winnipeg manager of the Western Canada Investment Company, an English corporation, reports: "The demand for money keeps up and \$ per cent. can be obtained on money in city loans and western farm business. Rates for discounts on agreements for sale are interesting somewhat, and there is no reason to expect any advance in the near future."

**INTERNATIONAL NICKEL**

The new stock of the International Nickel Co. in which Canadians are largely interested, is around 137, which makes the market value of the old stock about 230 per share. Within the last year International Nickel common has advanced an advance of very close to 100 points.

**RAND GOLD OUTPUT**

In the seven months ending with July, the gold output from the Transvaal mines was \$112,600,000, comparing with \$88,500,000 in the same month of 1911.

**LONDON STOCK MARKET.**

LONDON, Sept. 2.—Money and discount rates were easy today. The Bank of England secured £1,000,000, now gold offered in the open market. The stock market was moderately active, with decided strength in under-ground rails, gold mines and copper shares. Shipping shares closed weak, but there was irregularity in other directions. **BANK CLEARINGS SHOW BIG GAIN OF THE C.P.R.**

Toronto Stood Tenth in Order — Edmonton Leads Continent in Percentage Increase.

The statement of bank clearings for the past week shows that Toronto stood tenth in order in the list of cities on the continent, thus maintaining its customary position. Montreal regained its lost ground of the preceding week by moving up from eighth to sixth, and Winnipeg held its gain, ranking seventh. During the preceding week it stood fifteenth. The greatest percentage gain in clearings over the corresponding period of 1911 in the leaders was shown by Montreal, which increased its record by 41.3 per cent. The greatest gain of all was shown by Edmonton, where clearings were 155 per cent. greater than in 1911. The detailed statement follows:

City	Aug. 29-31, 1912	Aug. 31-11, 1911	Pct. Inc.
Edmonton	\$1,257,212	\$481,124	155.0
Montreal	1,194,449	845,496	41.3
Winnipeg	1,182,725	832,896	41.3

**RECORD CORN CROP ACROSS THE BORDER**

Indications are that the corn crop of the United States, which has been more in doubt than any other, will be a good deal closer to 3,000,000,000 bushels than the trade expected early in the season. A yield of 28 bushels per acre would give 2,824,000,000 bushels; and it is not out of line with present expectations that the yield will equal that figure.

**FOREIGN EXCHANGES.**

PARIS, Sept. 2.—Closing—Three per cent. rentes, 32 francs 80 centimes for the account. Exchange on London, 25 francs 25 centimes for centimes. Private discount rate, 2 1/2 per cent.

## SIMPSON'S

### -- FUR -- OPENING

The Whole World of Furs has been called upon to contribute to the enormous range of furs that will be laid before your admiring eyes to-morrow in the new Fur Section of the Simpson Store.

This Season's Model Garments and their duplicates, from the great fur fashioners of Paris, London, Berlin and New York, exclusive designs shown by Simpson's only, give almost limitless choice for the coming winter.

Take your way through the well-lighted, many-mirrored department, look at and try on the furs, or even look into our fur window and you will thereafter class Simpson's Furs by themselves for distinction of line and cut, beauty of color and finish.

The invitation is extended with positive certainty of your verdict. They are matchless.

### Ten Splendid China Patterns To Be Cleared at Half Price

In re-arranging our Chinaware Rooms, we found we had a larger range of open sets than we could properly handle.

We have, therefore, selected ten patterns, which we will clear out at half-price. Three of these patterns comprise unbroken sets, while the others lack some of the odd pieces, such as soup, vegetable or meat dishes, but still offer complete sets of plates, cups etc.

This is the last chance for filling out these sets by those who have bought these patterns in the past, as we will not again purchase any of them.

Complete sets are as follows:

"Moscow" Pattern, \$47.70, on Sale at \$23.85. 102 pieces, an exquisite lacy, gold spray pattern, with delicate gold band. A strong, white Limoges china, scalloped edges. On sale at ..... 23.85

"La France Rose," \$88.00, on Sale at \$19.00. A dainty pink rose and spray design, on pure Austrian china. Matt gold edge line and heavy gold handles. A most popular pattern and an able ally in the laying of a beautiful table. Complete set of 102 pieces. On sale at ..... 19.00

Blue Band Silliman, \$20.75, on Sale at \$14.88. Cobalt blue band, outlined in gold, a most suitable set for ordinary family use. Booths' well-known ware. 102 pieces. On sale at ..... 14.88

The Seven Broken Sets Include:

White and gold L. Green band - Grim-moges. Red and gold band - Maple leaf. Limoges. Iron stone. Rose spray - Limoges. Rose festoon - Field Haviland.

The makers are firms such as Maddox, Meakin's, Booths, etc.
