J. H. BELL, M.L.A. The new Liberal premier of Prince Edward Island.

POLICE OF LONDON AGAIN ON STRIKE; DISAPPROVE BILL

London, July 31.—An immediate strike of the London police was decided upon tonight at a mass meeting held in various places. The significance of the police in the bill before parliament re-organizing the department. This provides for the organization of a police union, but prohibits it from affiliating with labor unions, and prohibits policemen from going on strike under any circumstances, with heavy penalties.

Industrial Unrest in Britain Menaces Commerce of Country With Disaster—May Mean Downfall of Government—Bakers May Strike.

London, July 31.—The general industrial unrest in Great Britain, which has been seething ever since the armistice, seems at the present hour to have reached a point which menaces the commerce of the country with at least a temporary disaster. It is considered possible that it may mean the downfall of the Lloyd George government.

ALCOHOL KILLED TROOPER WILSON

Infamous and disgraceful were the terms applied by coroner W. A. Young to the practice of supplying men in his majesty's uniforms with alcohol for use as an intoxicant, at the morgue last night, where a jury investigated the circumstances surrounding the death of Pte. K. W. Wilson of the Royal Canadian Dragoons, who was found dead in his bed at Stanley Barracks on July 13.

CHICAGO STRIKE SETTLEMENT LIKELY

Chicago, July 31.—Resumption of traffic Saturday morning on Chicago's elevated and surface car lines seemed assured tonight, according to reports from union leaders which came to the headquarters of W. D. Mahon, international president of the street car employees' organization. Mr. Mahon, who addressed meetings of the car men this afternoon and tonight, expressed confidence that the 15,000 strikers would vote tomorrow to accept the terms offered by the companies.

LIBERAL LEADERS ARE NOW GATHERING IN GREAT NUMBERS

Race for Leadership Narrows Down to Fielding and McKenzie.

Ottawa, July 31.—The lobby of the Chateau Laurier at noon today looked like the opening of parliament. There were many Ontario Conservative M.P.'s, including H. C. Hocken, Captain Thomas Wallace, J. A. Sexsmith and Dr. J. W. Edwards attending the national Liberal convention. There were also present Ernest LaPointe, Hon. Jacques Bureau, Arthur Graham, Joseph Archambault, Joseph Deniers and other French-Canadian members from Quebec, who protested they were not here as members of the Grand Lodge, but as delegates to the national Liberal convention.

CHICAGO RACE WAR GREATLY ABATED; TROOPS CONTROL

Chicago, July 31.—Race war terror and bloodshed had abated tonight after four days and nights of rioting, but violence continued to occur sporadically, notwithstanding a force of 6500 troops and thousands of policemen were on active duty in the southside negro quarters.

WESTERN CROPS ARE MUCH VARIED

Ottawa, July 31.—Enough western men are here to attend the Liberal convention to give a fair idea as to the prospects for the wheat crop in the prairie provinces. They report a good crop in Manitoba and fair crops in parts of Saskatchewan and Alberta. There is almost a total failure in the western half of Saskatchewan and in southwestern Alberta.

Winnipeg Labor Temple Owners Favor International Union

Winnipeg, July 31.—The Trades Hall Co., owners of the labor temple, shattered the hopes of the O.E.U. leaders that they would obtain control of the temple when at a meeting Wednesday night, they decided that unions with international affiliations should have precedence in the use of the building and it would continue to recognize all bodies with international affiliations. As a result of the labor split two union directly affected had two headquarters, one for international followers and the other for the one big union.

Western Crops Are Much Varied

Ottawa, July 31.—The government is considering appointments to the wheat purchasing board. Hon. T. A. Cregar, former minister of agriculture, has, it is understood, been asked to serve on the board. But it is doubtful, owing to business pressure, if he will be able to accept.

LIKE TWO BROTHERS, SAYS FOCH OF HAIG

French Marshal Pays Remarkable Tribute to the British Commander.

London, July 31.—Marshal Foch paid a remarkable tribute to Field Marshal Haig during the course of his address after the freedom of the city of London had been bestowed on him yesterday. The generalissimo said: "He spared more than any other the lives of his men. What interviews we had during those last six months, he from the north and I from the south, despite great distances and fatigue sought each other like two big brothers in order to live in closest intimacy and ensure by absolute community of ideas the more and more rapid march of our armies. We had to do so to force events." "On that November 9th I sent Field Marshal Haig the following telegram, feeling certain I should be loyally followed by him and his armies: 'The disorganized enemy, owing to repeated attacks, is giving way along the whole front. It is essential to maintain and accelerate our operations. I call upon the energy and initiative of the commanders-in-chief and their armies in order to secure a render decisive the results obtained.'"

BRANDED AS COWARD, EX-KAISER IS PUNISHED

London, July 31.—Marshal Foch, submitting to photographers at his hotel in London yesterday, said to a reporter of The Mirror: "For me the terms of peace are worse than those of war. I hate all this posing. Major-General Maxime Weygand, who is accompanying Marshal Foch, said it was for Great Britain to decide what should be done with the former German emperor. "He is cowardly with shame and ignominy and branded as a coward," the general declared. "The French people think that that is enough punishment."

MUST RAISE PRICES IF COAL GOES UP

British Federation of Industries Issues Statement Showing Increased Scale.

London, July 31.—Surprised and shocked by the government announcement that coal is to cost the consumer \$1.50 more a ton because of increased wages, shorter hours for the miner, and steadily decreased production per workman, British manufacturers have been calculating just how much they must add to the price of their products in order to maintain the accustomed level of profit. The Federation of British Industries, representing well over \$5,000,000,000 invested capital, has made public the following statement of increased prices under the new coal charge: Engineering products, 3 to 10 per cent.; textiles, 3 to 4 per cent.; metal trades, 2 to 6 per cent.; chemicals, 10 per cent.; gas and electricity, 10 per cent.; paper, per ton, 2; salt, per ton, \$1.50. In the building trades increased costs will be: For steel, \$5 per ton; bricks, 5 per cent.; glass, 5 to 10 per cent.; drain pipe, \$1.50 per ton. The steel trade took immediate alarm and when the announcement was made promptly withdrew all quotations, pointing out the difficult position in which their industry was placed, as already British manufacturers were being undersold in the home market by American steel makers. Grimby fishermen also made their position very plain, declaring they could not operate their steam trawlers with the new priced coal and sell fish at old prices. In Manchester it was pointed out that the smaller industries would be the most seriously affected, while leading coal operators said they would receive nothing from the advance. The public generally also took alarm when it was pointed out that with coal at the new price it would have to consent to increases in gas prices that would make up a deficiency every year of some \$25 per million.

Consider Further Reforesting Of Vacant Land at Guelph

Special to The Toronto World. Guelph, Ont., July 31.—Mayor Carter and City Manager Moore were consulting today with respect to the further reforestation of some of the vacant land owned by the city on the water works property. There are some 15 acres of vacant land on the Carter and Stone properties which could be easily reforested at a comparatively small expense to the city, and it is not at all unlikely that all this ground will be planted with small trees next year. The Scotch and white pine trees which were planted several years ago have done remarkably well, some of them being 10 to 12 feet high at present, and the effect they will have on the water supply will be felt during the years to come. Mayor Carter also suggested that it might prove a good thing to reforest the property surrounding the sewage plant.

AUSTRALIA TO STICK TO UNIVERSAL TRAINING London, July 31.—Gen. Monash, commander of the Australian Expeditionary Corps, in the course of an interview here, says that Australia will adhere to her old system of universal training. Future training, he says, must conform strictly to that of the British home army, and every unit of the British overseas forces must be interchangeable with the British home army. The Australian authorities announce that any soldier without leave after Aug. 15 will forfeit his return passage. About 30,000 Australians still await repatriation.

GERMANS THEMSELVES PROVOKED The Versailles Demonstration Paris, July 31.—The judge advocate attached to the second permanent court-martial who investigated the incident connected with the departure of the Germans from Versailles finds that there is no case. It has been established that the Germans aroused the protests of the crowd by sticking out their tongues at the spectators and shouting "hoch," and the charges that stones were thrown rest upon the unsupported testimony of Dr. Theodor Melchior, one of the German financial delegates to the peace conference, and Frau Greta Dorlish, one of the secretaries to the delegation.

referred to were inserted by them as a safeguard necessary to partnership of this kind.

Therefore, he resolved (1) that this meeting of representatives of municipalities in this district appeals to the citizens of Guelph to defeat the proposed bylaw in the agreement with the Grand River Railway Company, as any such agreement if entered into would seriously injure the other municipalities in this district.

Many Were Present

Mayor Mercer in opening the meeting remarked that the large attendance was proof of the interest of the radicals. He said the Hydro radicals came to their district they would all be benefited.

Clean Cut Business Proposition

Stewart Scott, M.P., said Galt would be glad to see the Hydro radical movement. He wanted to hear Sir Adam Beck discuss this most important question.

Guelph Alone in Refusal

Mayor Carter of Guelph, he said, had made a speech and taken the position that he would block and destroy the will of the people with regard to Hydro in this part of Ontario.

Convincing Figures

The commission paid \$25,000,000 for the Ontario Power Co. and the revenue from operation is sufficient to pay for it in twenty-five years.

Sir Adam Speaks

Sir Adam Beck was received with applause. He said he was very glad to be in Galt. He would prefer to come to Galt when a fight is not on; when there is work to do he wanted to be in Galt.

Got Your Home Mortgaged?

Then, of course, you'll pay off the mortgage in time. But suppose you should die suddenly—will the mortgagee foreclose? Or will your wife be able to meet the payments?

Even if she can pay off the indebtedness won't it make a big hole in her resources?

Well then, why not ensure its repayment, whether you live or die, by means of an Endowment policy for the amount of the mortgage?

Hundreds of men have adopted this method. It is the surest way yet devised for protecting the home.

There are still critics. Papers like The Financial Post depend on their existence upon the corporations of the country and it is their business to believe that the people do for themselves.

I don't think anyone is talking much about Grit or Tory now," said Sir Adam. "There seems to be an independent air about the Canadian Liberals, since they get a new leader, don't talk of party. They are talking for the people."

He proceeded to say that personally he would be glad to see the Hydro radical movement. He wanted to hear Sir Adam Beck discuss this most important question.

GENERAL INVEST IS GIVEN AS CAUSE OF WINNIPEG STRIKE

Witnesses Declare Disturbed Conditions Were Factor Fifteen Months Ago.

Winnipeg, July 31.—Two statements setting forth causes leading up to the general labor unrest which manifested itself in the recent sympathetic strike were made at today's session of the Robson royal commission by James Wining, president of the Trades and Labor Council, and Aid. Ernest Robinson, secretary of the council. A more complete statement of those conditions will be made at the next session, but it is probable that both witnesses will be cross-examined. At the request of defence counsel, the evidence took the form of simple statements and questions.

Both statements covered the ground of the general unrest present in the mass of workers in Canada which commenced as a noticeable factor some fifteen months ago, and had grown steadily until in the Winnipeg district it had resulted in the general strike. Confined his evidence largely to disputes between building trades workers and their employers, one of the causes of the sympathetic strike, James Wining, told of meetings between building exchange officials and workers when, in response to a request, he contended that if an increase were granted building operations would cease and the men would be in a worse position than before.

After several further attempts to reach a settlement, Mr. Wining testified, it was decided to bring employees in the building trades into a council. The building craftsmen earned only \$900 a year, while the lowest possible amount on which to support a family of five children could live was \$1500, he said; but employers maintained that the wages were insufficient, the industry was not, and that the government should make an order of a five-cent increase, the men demanding 30c, 20c and 15c, which they later decided to scale down to a blanket increase of 10c. The best they could get was 10c, which was refused, and a strike called May 1, following a vote overwhelming in its favor.

Metal workers had also decided to strike, but made a last effort at a fair adjustment, he stated. This failing, they struck on May 2. A conference then took place between the iron masters, Mayor Charles F. Gray, Premier E. C. Norris and representatives of the workers, but failure of the employers to grant collective bargaining proved a stumbling block, he declared. Knowing the fight they had before and realizing the sternness of the one ahead of them, the builders and ironworkers appealed to the Trades and Labor Council to represent them in support, he said, and the council complied, asking all affiliated unions to vote, which resulted in favor of a sympathetic strike.

Mr. Wining told how the council sent a statement to the press announcing its intention to promote law and order, how, owing to danger of food shortage, representatives were sent to the city hall, where a joint conference of the trades and employers took place, and how the committee gathered all sorts of incorrect data as to the form of collective bargaining demanded. Labor leaders dispelled these incorrect views, and the witness, and the committee drafted a form of collective bargaining which suited labor but not the employers. The situation was further complicated, he thought, by the determination of the police commission to have policemen sign an agreement making it impossible to affiliate with unions.

"This measure in connection with public utilities may be right or wrong," Mr. Wining said, "but it was a wedge driven into our front."

ARE NOT RESPONSIBLE FOR LOSS OF STEAMER

London, July 31.—The Standard Oil Company, owners of the American steamer O. B. Jennings, were relieved today by an admiralty court of responsibility for \$1,000,000 damages asked by owners of the British tank steamer War Knight, lost off the British coast on March 24, 1918. Thirty-seven men were drowned or burned to death. The owners of the War Knight charged negligence on the part of the O. B. Jennings.

Impending Coal Shortage is Real, Railway Board Says

Montreal, July 31.—Immediate action is urged by the Canadian railway board in connection with next winter's supply of coal for Canada.

"The impending shortage is real. Its seriousness cannot be exaggerated," said an official of the Canadian railway board this morning. "We are satisfied on that point, and the railways of Canada are themselves acting in accordance with the advice here given. Rumors that the coal famine talk in the United States is a scheme of the mine owners to bring about high prices are not borne out by the facts. Our western coal situation is not satisfactory, owing to the present low rate of production there. It is imperative to order coal at once if great losses and great suffering are to be avoided next winter."

DUKE TO TAKE CRUISE.

Quebec, July 31.—The Canadian naval service steamer Hochelaga is expected here Saturday to embark the Duke of Devonshire, governor-general of Canada, who will leave for a cruise in the gulf and the Straits of Belle Isle.

QUEBEC JUDGE WOULD GIVE SPOTTERS WHIPPING

Quebec, July 31.—Arthur Vermett, this city, charged with sedition at the time of the anti-conscription agitation a year ago last spring, was today discharged, Judge Choquette stating that the charge of sedition as laid had not been proved. "I rather blame the spotters," said the judge. "These spotters came here to incite people to drink and talk and then arrested them. Such men deserve a whipping in jail, for if, in this instance, there was sedition it was committed by these spotters rather than by Vermett."

APPRECIATION OF TEMPERANCE ACT

Guelph Rural Leaders Also Gratified at Dental and Medical Work in Schools.

Guelph, Ont., July 31.—Appreciation of the great benefits of the Ontario temperance act, and a firm belief that an honest attempt is being made to enforce it, despite opposition, was expressed strongly in a resolution passed by the rural leaders' movement convention, which has just concluded its sessions at the Agricultural College here.

The resolution also expressed the opinion that the coming referendum should not be taken at the same time as the provincial general elections, owing to the possibility of the introduction of political change.

Another resolution expressed gratification with the work done in rural schools under the dental and medical inspection acts but regretted that the interference of local authorities had sometimes militated against the working of the plan to realize upon these sessions at the Agricultural College here.

PROBING FINANCES OF ARCHBISHOP

Bank Pays on Cheque With- out Knowledge of Garnishee Issued.

Kingston, July 31.—The question of how much money placed in local banks by Archbishop Spratt can be attached in order to realize upon the judgment obtained by Sister Mary Basil against Archbishop Spratt and Sister Mary Regis for the sum of \$20,000 was taken up before Judge J. C. C. Cunningham, but was adjourned without judgment being given till Friday at the request of A. B. Cunningham, counsel for Sister Mary Basil.

The archbishop's account in the Bank of Montreal is at present \$934.77, but Mr. Rigney, counsel for Archbishop Spratt, refused to afford an affidavit declaring that this amount belonged to the estate of the late Rev. Father Dufus, of which estate he was one of the trustees. Mr. Rigney said that this motion be adjourned till he could examine the archbishop regarding the affidavit.

Since that time, the archbishop's account in the bank, which stood at about \$300, had been lessened by payment of \$100 on the mortgage, and Mr. Rigney submitted an affidavit to the archbishop to explain. The archbishop had issued a cheque to Mr. Ohagan, setting off the amount of \$100 on the mortgage, for \$100 early in July. Mr. Rigney explained that Mr. Ohagan cashed the cheque at the bank on July 2, but that the local bank had not been notified of the garnishee orders had been received by the bank.

SIR ARTHUR CURRIE WILL SAIL AUGUST 7

Montreal, July 31.—Sir Arthur Currie, commander of the Canadian expeditionary force, today called the attention of the British War Office to the committee appointed to prepare a civic reception for him at the time he was sailing for Canada on the Caronia, which leaves Liverpool for Halifax August 7.

ALL CONSCIENTIOUS OBJECTORS RELEASED

Ottawa, July 31.—Practically all conscientious objectors to military service have been released from jail. The policy has been to take each case on its merits. Investigations were made and reports obtained. Where a man was found to be a bona fide conscientious objector, a maximum sentence was served of about six months. Where a man was shown to be "slacking," the sentence was longer. In April there were twenty-four and fifty cases under inquiry by the solicitor-general. Since then twenty-five of the men have been liberated.

WHAT DOMAINS DID DURING WAR

Under-Secretary for Colonies Emphasizes Immensity of Their War-Time Efforts.

London, July 31.—Lieut.-Col. L. E. C. Amery, under-secretary for the colonies, speaking on the colonial effort during the war, emphasized the immensity of the war-time patriotic efforts of the lowly subjects overseas. It might be judged by the sum total of military efforts in the field before armistice day either measuring by the number of lives sacrificed, the numbers of the great military units, or the total number of hours spent in the trenches. Both Canada and Australia individually contributed greater military efforts than the United States with a population of over 100,000,000 people.

Moreover, the efforts of the crown colonies were not lessened by the fact that in every part of the empire the whites contributed as high a quota as any community in the world. Over two-thirds of the masses of East Africa and Rhodesia also took the field. All the colonies substantially contributed to the cost of the war from revenue, declared Col. Amery, incurring liability larger than prudence allowed. Therefore, he hoped this would be remembered under the judgment and reconstruction in the colonies was being considered.

Col. Amery declared that British colonial administration was the best in the world before the war, and stated that in the east it was greatly improved on, especially as regards large territories assigned to Great Britain as mandatory. To accomplish this, a colonial office service must be brought to the highest state of efficiency.

RUSSIAN MUST STICK TO RAILWAY PLEDGE

London, July 31.—The inter-allied railway commission here dispatched a formal protest yesterday to the Omsk government of the Kolchak against violations of the inter-allied agreement regarding the operation of railways. The commission demands that the Russian government sign-up to the agreement and that it should be a party to the inter-allied agreement. The removal of Gen. Semenov from the zone which he can interfere with railway operation is demanded.

CHURCHILL PRAISES THE LOYAL RUSSIANS

London, July 31.—Speaking at a meeting of members of the house of commons, at which General Denekin, chief of the anti-Bolshevik forces, was present, Lord Churchill, secretary for war, said that the British would advance or they might be driven back, but they would continue to fight until they were free. Colonel Churchill reminded the meeting that Denekin and Kolchak had from the first declared war on the Germans and had never swerved from the policy of freedom and honor which Britain has held since the war began.

STRIKE MORE SERIOUS ON PORTUGUESE RAILWAYS

Lisbon, July 31.—The strike on the Portuguese railways, which has been in progress since the beginning of the month, is developing more serious incidents. Strikers have fired on the Campolide station in the suburbs of Lisbon, to which the troops of guard have been sent. Several on both sides were wounded. The government and the city police authorities are taking measures to preserve order.

The Law Against Prices, Combines and Nickel Seizures.
 The Globe of yesterday pays attention to what The World has been saying in regard to federal enforcement of Federal law, and especially the enforcement of the law against combines; also in the matter of the new law creating a court of commerce in Canada, with jurisdiction over prices and over combines. We pointed out that such as these were federal laws they ought to be enforced, as they are in the United States, by federal officers, in federal courts and by the attorney-general of the federal government.

In a previous article The Globe was indiscreet enough to contrast the lethargy of Canadian authorities in enforcing the law against combines here with the activity which prevails in the United States. And we had to tell The Globe that the difference is due to the fact that federal law was enforced by federal courts and federal officers in the United States and that in Canada the side-tracked law in the case of combines and in the case of the new court of commerce, by placing the enforcement of the law on the provincial authorities!

To this The Globe says that the provincial authorities now enforce the ordinary criminal code, and why, therefore, should they not enforce our federal laws against combines? All we say is that they don't and they never have been!

The Globe says that the Attorney-General Lucas and his predecessor have their attention called to some glaring cases of combines no action was taken, notwithstanding a rather caustic remark by one of the judges on the bench. We condemn the inaction of Attorney-General Lucas of Ontario which The Globe complains of, and if the attorney-general of Ontario is lax in duty there must be a dozen other attorneys-general in other parts of the country who would listen to The Globe. But they do nothing other than to sit quiet. And because this state of affairs obtains all over the country, the Board of government is bold enough to pass a law against combines and creates a court to investigate them, but most carefully puts the enforcement of the federal law on the provinces! We cannot imagine any other reason than that they wish to have the law harmless. Time after time it has been suggested in the house at Ottawa that federal laws ought to be enforced in federal courts and by federal officers, but the newspapers, the members of parliament, avoid this issue every time it has been raised. Neither The Globe nor Sir Robert Borden desires to see federal enforcement of federal law, as in the States. It gets after the combines. The Globe admitted the success of the enforcement of laws of this character in the United States by the federal authorities. That's the reason.

Does The Globe remember how the late Sir Wilfrid Laurier said in our house of commons that the law against combines should be enforced by the attorney-general of Ontario? When he said that much he washed his hands of any responsibility! Sir Robert Borden proposes to do the same thing; but if the enforcement of the laws were put on the attorney-general of Canada, who is a member of the federal government, we have no doubt that action and results would follow. He can be recalled in parliament for his inaction; how he pleads that it is up to the provinces.

But let us leave The Globe and its federal laws and let us ask The Globe if it has yet read the answers made since the war was over, in the British house of commons, as to the seizures of nickel on Canada on the high seas, destined for Germany? Also whether The Globe has anything to say about the inaction of the Ottawa government and the inaction of the Toronto government in the matter of these seizures of Canadian nickel? The World very much suspects that The Globe is trying to kick up a dust about the enforcement of the law against combines while it runs away from the much greater issue, that of German ownership and German control of our Canadian nickel mines, and the still more glaring and treasonable fact that any amount of Canadian nickel got into Germany during the war and was used to shoot down our soldiers on the battlefields.

For four days we have published this thing in The World and challenged The Globe to say where it stood on the issue, but it seeks apparently to evade the nickel issue by kicking up a dust about the non-enforcement of the law against combines. For the edification of The Globe we again reprint from The London Times of May 13 last, as we have already reprinted for several days, the story of the seizure of Ontario nickel going to Germany during

the war from the States where it was refined from our ore:
 The London Times: Dr. Macnamara informed Br. gadier-General Croft, M.P. (Bournemouth, N.P.) that information was not available as regards seizures placed in British Prize Courts overseas or seizures by our allies, but it had been ascertained from the admiralty material that nickel was seized on board 12 ships and put in the London Prize Court. Of these 12 cargoes 11 came from New York and one from New Caledonia; and as regards destination, five of these cargoes were intended for Dutch ports, six for Swedish ports and one for Antwerp.

Nickel is an Issue.
 The Telegram has a poor memory, and no doubt the excuse of age and brainstorm is a good one. It revives the idea that The World did nothing to bring the Ross rifle into disrepute. The Telegram was the author of this idea, the editor grudgingly admitting the facts. But The Telegram has great faith in the old saw, "any wick to beat a dog with," and so the ancient invention has been exhumed. The soldiers who read The World and so frequently wrote congratulating The World on having spoken the truth, are the best judges of our stand against the Ross rifle. The Telegram is anxious to convey to those who do not read The World the false impression that The World supported the Ross rifle and it is not over-scrupulous about facts in such a case. Just how The Telegram in this false impression in the first place we do not know. Just why the editor revives it after having been corrected we do not know, except that he must be feeling crowded, or as we have charitably surmised, got weak in memory.

The crowding is obviously in connection with the nickel exposures that are coming slowly to light, about which The Telegram has always been both credulous and sceptical, credulous of German nickel trust yarns, sceptical of The World's assertions that are now being substantiated. We do not think The Telegram needs to apologize. It was misled by The Globe and The Star and anybody can make a mistake. It now blames Lloyd George and Sir Robert Borden for having arrayed their sovereignty against Sir William Hearst. But even their sovereignty could not have prevented the Ontario government exercising its sovereign power and confiscating the enemy property in the nickel trust. This would not have stopped the production of nickel, which is the rather childish plea the German trust put forward and The Telegram still adopts. Nickel would have been produced, but it would have been produced under the auspices of the Ontario government, just as other metals were in Australia. If Sir William Hearst was not a strong enough man to face the arrayed sovereignty of Lloyd George and Sir Robert Borden, The Telegram is not doing its best for Ontario by trying to conceal the fact. If Sir William Hearst is the strong man why then does not Ontario possess the enemy holdings of the nickel trust today?

Instead of moving in that direction as Australia did, Ontario sat quiet in the spider's web of the nickel trust, bitten behind the ear perhaps by the chief spider, and did nothing. The protests of The World were denounced by The Telegram and met, not as at present, with assertions that Lloyd George and Sir Robert Borden had overruled Sir William Hearst with their sovereign army, but with assurances that the British government and the United States government and the Ontario government and everybody else except The World, knew exactly what to do, and how and why to do it, and that no nickel could be shipped out of the United States to anyone-so-ever except to our allies. And now it turns out that The World was right after all and Sudbury nickel was going out in ship loads for German consumption. We thought The Telegram in its usual kind hearty, generous and amiable way would have been the first to congratulate us on being right. Instead, the peevish tone of the editor and his still harping on the Ross rifle inclines one to fear that he has missed his usual summer rustication, or that the years are telling on his temperament.

The Telegram should feel consoled that it got right on one war issue, and we hope to see it keeping the Ross rifle issue alive, as The World did until the British rifle was served out to our men, and that The Telegram will hold responsible at the next federal election everyone who helped to maintain the Ross rifle fable. It is not a federal but a provincial election that is now approaching, and Ontario nickel is an absorbing provincial issue. The World cannot be accused of springing a surprise on anyone in copying the information given in the imperial parliament on this important matter. We have been discussing the nickel question from every point of view since the war began, and were constantly anxious to get the facts established which are now admitted. The Ontario government cannot evade the issue, for it repeatedly told us that we were trying to stir up trouble without any basis to justify us. Now that the justification is evident, many explanations will be in order. We might remind The Telegram that abuse about any other matter whatever will not wipe out the nickel record, but will only emphasize the importance of the nickel

SHARE THE JUVENILE COURT

By IDA L. WEBSTER.
 If the saying, which runs "It is a long road that has no turning," is true, then, indeed, must the bend in the road of the juvenile court be almost at hand. Those who have had the experience of traveling the weary path which leads to Commissioner Boyd's demicelle know only too well that something must happen, or the children of this city will have lost their right to citizens.

Not is it a case of one person complaining of the unfair treatment he has received, but it is a case of many persons with the same story. Knowing that, it is possible for the Hon. J. B. Lucas to defend his choice? However, thanks to the coming of Premier Hughes of Australia may we not expect to see a change of mind?

But that doesn't quite mean that there will not be some kind of conference between Conservatives from all over Ontario. The World hears of a number of prominent Conservatives now members of the legislature who will announce that if they get nominations and run again, it will be as independent Conservatives. There are hints of a widespread feeling in favor of a revision as to the leadership, and as to new planks on a number of public questions. Some big man may be induced to offer a new lead. At least, that is the talk of some of those who were insurgent last week, and who would save the Whitney tradition from a possible disaster.

As for federal politics it is likely that Sir Harry Drexler will leave the chairmanship of the Board of Railway Commissioners to join the Borden government, probably as minister of finance. The decision of Sir Harry ordering the express companies to widen their zone in cities of free collection and free delivery of parcels points to something. The judgment is full of effort to iron out a somewhat tangled piece of washing in the laundry. And the chairman was as obliging as any wash lady could be who was about to take a new place. Not that the citizens and their organization hadn't a good case for relief, but the relief looked as if intended for another reason. And if the chairman goes into the ministry he must find a seat, and North Toronto, likely to be vacated by Sir George Foster, might be worth putting in order. Of course there may be other grievances than those of express services.

The Liberals are to select a federal leader and a federal platform at their convention at Ottawa, now assembling from all over. Again Nova Scotia seems to supply the two most likely candidates for the leadership in Fielding and McKenzie.

The United Farmers of Alberta are getting ready to organize as a straight political party, practically against both Liberals and Conservatives. They threaten to supply the two most likely candidates for the leadership in Fielding and McKenzie. "It is the most significant political event to get into the Weekly Court since the time there seems to be a lot of milkmen throwing some kind of scare into the western M.P.'s that have put in two seasons at Ottawa. The chairman of farmers have already shot a quick harpoon into the chairman of their Grain Growers' Association, Mr. Handers, for supporting Sir Thomas White's budget speech. To use a word of Cromwell's time there seems to be a lot of milkmen coming to the front these post-war days.

BETTER FEELING TOWARDS ITALY

Tittoni Has Carefully Refrained From Discussion of Adriatic Problems.
 Paris, July 31.—That Signor Tittoni, Italian foreign minister, and a member of the Italian peace delegation, has brought about a much better feeling among the British, French, American and Italy's aspirations, seems apparent from discussions that are heard in peace conference circles and articles appearing in the French newspapers.

It is said that Signor Tittoni has studiously refrained from discussion of the Adriatic problems, and has confined his efforts to looking after Italian interests elsewhere, with the result that much of the irritation created by the long controversy over Fiume has disappeared, as the way apparently is being paved for a more temperate consideration of Italy's claims in the Adriatic, notwithstanding the conflict which recently took place at Fiume between Italian and French soldiers.

Through the gaining of advantage elsewhere, it is said, that Signor Tittoni evidently is planning to satisfy the Italian public in such a way that the Fiume question can be compromised in a manner that will save the conference from a repetition of a threatened break over Fiume.

POLITICAL NOTES

The Hearst government has come to the conclusion to set a date near October first for taking the referendum on the liquor law, and holding an election of members to the legislature—both on the one day. The urgency that had brooked on the Central Conservative Association, and was to have come to a head today, has been quieted for the moment. A representative delegation from the stalwarts in every ward in the city was to have waited on Sir Williams today, as per resolution at the meeting last week, and present an ultimatum that if he went to the voters with both the referendum and the election of members to the legislature on the one day they would call a convention to revise the leadership and the program! But at the picnic at Queenston on Wednesday a lot of special solicitation was made to the faithful not to cause more trouble so critical a stage. The appeal was successful, and the ward chiefs agreed to hold back the ultimatum for a month—until the government could bridge the chasm. This means that the government will complete their arrangements for a joint election within the next two months. The government think that an army of women can be induced to go out to vote for the maintenance of the Ontario temperance act, that is, for the four straight ones, and that when they are at the polls they are more likely to vote for the Hearst candidates for the legislature!

But that doesn't quite mean that there will not be some kind of conference between Conservatives from all over Ontario. The World hears of a number of prominent Conservatives now members of the legislature who will announce that if they get nominations and run again, it will be as independent Conservatives. DON FLATS SUGGESTED.

Editor World: The suggestion of the president of the Riverdale Ratepayers' Association that a proposed stadium be placed on the Don Flats, seems to me to offer the best solution yet given of a vexing problem. Roadside residents evidently do not wish the stadium. Dr. McDonald, doubtless, speaks with the concurrence of members of his electorate, and probably of a number of ratepayers generally, which would seem to indicate that Riverdale residents are agreeable to having the stadium, and that it means negligible consideration in choosing the site.

In addition to car lines mentioned, there are railroads, particularly the so that the transportation difficulty is pretty well met. Riverdale is a great and popular rendezvous, the location of the stadium would enhance its attractiveness, and, no doubt, incidentally suggest and lead to its improvement. Our zoo is admittedly long and narrow, but its present position or layout of a city like Toronto. The existence in its proximity of a practically provincial and even national sporting plant, particularly the present dimensions and character permit, now is a centre of attraction, pleasure and education, not only to the residents, but to all visitors to the city.

Peace to Exist Officially When Ratification Published

Paris, July 31.—The French cabinet approved today the proposal that peace should be considered to exist officially from the date of publication in the official journal of ratification of the German treaty by the chamber of deputies, when completed. It was decided that the ratification of the German treaty should be considered to exist in a state of peace, from the date of the completion of ratification by other powers still at war with France.

POLICE OF LONDON AGAIN ON STRIKE

whereby the men can retain their hard won freedom as citizens, and continue.

Would Destroy Union

"The passage of the police bill will mean the complete destruction of your union, the existence of which is fully agreed to by the prime minister on August 31, 1918, and again by Lord Cave in behalf of the government on September 12, 1918.

"Every possible constitutional and peaceful channel has been traversed in search of a satisfactory solution. An interview with the premier on the night of the 30th and again on the 1st that provided only union bakers to be employed by a deputation of your executive committee elected for that purpose, who waited for a reply. Even this procedure has been ignored. Therefore you are driven to the final argument—'You must act, or lose your freedom for ever.'

The appeal is signed by all the members of the union are to withdraw their services immediately, such withdrawal to remain effective until 'the gross injustice done by the provisions of the police bill is remedied, and a full and frank recognition of the union conceded.'

The appeal concludes: "The members of your executive committee have already withdrawn their services and are prepared to sacrifice all for the cause. This appeal is signed by J. H. Hayes, general secretary.

Strike the Only Weapon

The Daily Herald, a Labor organ, in an article printed yesterday, will declare that if the police bill is carried the government will possess only the police union, but any trades union or private individual who takes up or gives publicity to any police grievance, will have forever forfeited the right to strike, the threat of striking and the power to strike are the only things which the government fears.

The editorial emphasizes the statement that the union which the government is so discreditably attacking, is the union the government itself has recognized.

"The police union," says the editorial, "is represented by the industrial council set up by the government."

Correspondence With Premier.

The Daily Herald publishes the correspondence of the police union with Premier Lloyd George in the union's attempt to obtain an abridgement of the bill. The correspondence concludes with a letter from the premier's secretary which states that support from time to time "they have signified their readiness to render to the police union in its fight against repression."

"We are convinced," continues the appeal, "that if any trade union is permitted to be utterly destroyed by an act of parliament, it would be dangerous and a menace to the whole trades union movement. We also appeal as a young trades union fighting for right of existence and doing as we feel that the ranks of organized labor will move to our support at their earliest convenience."

The appeal is signed by Secretary Hayes.

Few Respond This Morning.

London, Aug. 1.—4:30 a.m.—Early this morning few policemen had responded to the strike call. The night patrolmen start their shift at 10 o'clock at night, and all but a small number of them, which the authorities describe as negligible, went on duty to remain at their posts throughout the night.

It seems that the majority of the policemen were not aware of the intention of the union to call them out, and many learned that the strike had been ordered only thru being asked by newspaper reporters whether they intended to join the men who had already refused to believe that a strike had been ordered. Some of these expressed disapproval of the action, fearing that the move was decided upon secretly by the union executives.

Strike May Prove Fatal.

Some doubt has been expressed that the strike will prove more than partial. The men recently got a substantial day and other concessions, and it is said of the conduct of the union by its existing officials.

The assertion is made that some of the police were particularly offended at Secretary Hayes publishing on behalf of the union an appeal to the riotous crew which the police some time ago dispersed outside the parliament building. Moreover, it is said that when their trouble with the authorities was settled the police were told that any member of the force who struck in the future would

Union Has Strong Hold.

On the other hand, the union apparently has a strong hold on a section of the force, some of whom support its action today when the action of the counter to the union's orders, fearing pressure from their comrades. The union's strongest influence is among the constables belonging to the east end contingent, and tonight's strikers are chiefly among these.

It remains to be seen what will develop today when the action of the executive of the union is fully canvassed. The London city police, which is a separate unit controlled by the city council and not by the government, like the metropolitan police force, has not been affected by the strike up to the present.

STRAY DOG BITES CHILD.

John Walker, aged six, living at 245 North Lissgar street, was badly bitten while playing in the yard at the rear when a dog bounded over a fence and bounded over the fence, and before any move could be made to stop it, had fastened its teeth in the lad's hand. Johnny was taken to the Sick Children's Hospital.

Neighbors have been complaining for some time over the large number of stray dogs which are hanging about the district.

OPINION PREMIER ON PROVISIONAL REVENUE OF DEPART

Sir William Hearst Clings to Government Record in Speech at Mitchell.

Mitchell, July 31.—At a convention of South Perth Conservative Association, held here this afternoon, at which Premier Hearst spoke, P. T. McLean of St. Mary's was nominated to contest the riding for the provincial house. Mr. John Bennettes, the present member, declined to again be a candidate.

Premier Hearst in his address did not mention Hartley Dewar but gave an exhaustive recapitulation of the work accomplished by his government. The last five years, he said, were the most difficult that any premier has had to face. "I have endeavored to give you strong, clean, honest administration of the affairs of the province all the time. I boast that I have made good my pledge to bring to you a clean record of the late Sir James Whitney." He referred with pride to his cabinet, which he described as "a cabinet of young and vigorous men, not excelled by any in the history of Ontario."

Judged on its Record.

Sir William wanted his government to be judged on its record, he said, after asserting that more advanced legislation and reforms had been placed on the statute books during his term of office than in any period of eleven years previously. He cited a host of facts and figures suggesting such a record of the province in proof of his assertion.

The prohibition issue occupied a large part of the premier's address. He reviewed the history of the prohibition movement, making very careful explanation in the federal and provincial houses. The law, as it stood in 1916, made it possible for a man to secure liquor for use in his own home," the premier stated, "but it did do away with the bar and all its influences. It also did away with the liquor stores with their tempting array in the windows, and with the habit. It also abolished drinking in clubs and public houses, and in fact, practically no one who wants to see the old conditions restored. No one champions the bar or the old-fashioned liquor store. Even the brewers and distillers say that they do not want the old conditions."

Ridiculous Suggestion.

In view of these facts, and the situation as it stands, he said, the granting of licenses again after having once abolished them, all more ridiculous suggestion than to demand a return to the old license act, the premier declared.

In criticism of the Ontario temperance act, it had been said that there was no mandate for it from the people, but he pointed out that the act was true. "But we had a mandate from a practically united Ontario to do anything possible to win the war," he said.

Sir William then drew attention to the unfair attempt to deprive his government by saying that their rights had been taken away. "I have a right to say similar assertions. Nothing could be further from the truth, he declared. When in 1917, he proposed taking a vote on the question, both prohibitionists and anti-prohibitionists declared that they did not wish a vote until after the war was over.

Gave Soldiers Chance.

Men at the front, the premier pointed out, would not have had a fair opportunity of voting on the question and he felt that men fighting and dying to maintain the law of the country should most certainly have a say in making them. "Therefore, he said, "the question of whether to permit public opinion being freely expressed on the issue of the province must be by their votes the policy is a matter of the will of the people as expressed in the ballot, will be given. "I come before you with a record that is honest and fairly carried out."

Record of Government.

The speaker then dealt in illuminating fashion with the record of his government in 1917, mentioning the war, war movements, agriculture and other allied topics. He appealed to all farmers for support in the coming referendum. "What charge have you against my government?" he asked. "Has any request not been granted or any promise not been carried out?"

In conclusion he said, "I come before you with a record that is honest and fairly carried out."

GRAND MISTRESS IS AGAIN ELECTED

Mrs. Akерley for Fifth Year of Office—Toronto Woman as Chaplain.

Ottawa, July 31.—Evincing strong confidence in their leaders, the delegates to the grand lodge meeting of the ladies' Orange Benevolent Association at a lengthy session this evening, re-elected Mrs. G. O. Akерley, John N. B. as their most vocal and shipful grand mistresses, this being her fifth year of office. Mrs. Jennie Gordon of Toronto, was re-elected grand secretary, and Mrs. W. J. Kiseick, of Ottawa, as grand treasurer. Other elections resulted as follows: Deputy grand mistress, Mrs. Flora Burrows, of Hamilton; junior deputy grand mistress, Mrs. D. Alton, of Edmonton; chaplain, Mrs. Thompson, of Toronto.

Tomorrow morning the chief item of business will be the formulation of plans for the care of Protestant members of the Grand Orange Lodge. Mrs. Alton, of Edmonton, is the convener of the committee in charge of this scheme.

HALF-INCH LOWER WOULD HAVE KILLED

Taxi-Driver Identifies Alleged Assault Arrested by Police.

Alfred Lee, alias Gordon Bennett, of 37 Condon avenue, was arrested by Detectives-Winters and Crowe yesterday after a chase of lasting nearly a week, on a charge of wounding Charles Higgins, last Saturday, according to the taxi driver, Lee hailed a taxi driven by Higgins near the Union station, and informed him that he had just been paid off by the G.T.R. for whom he had been working and he wanted to go out on a "regular time."

After being driven around in the taxi with a girl for nearly the whole day, having been as far as Cooksville and back, Lee called on Higgins to the side of the road and informed Higgins that he wanted to go home, and for the taxi to meet him again after he (Lee) had had his supper. Higgins, of course, demurred, insisting that his fee be paid immediately.

Where Mother Lives.

Lee then said that he did not have the necessary money with him, but if he were driven out around Danforth avenue to where his mother lived he would secure the money. After they had passed the Thorncliffe race-track, and were still going, the matter was brought up again, and Higgins, who was white cotta in the office, "There's where my mother lives," he said, Higgins stretched out over the side of the house, when, it is claimed, Lee struck him over the side of the head with an iron bolt, inflicting a scalp wound about two inches long. Lee, as soon as he had slugged Higgins, leaped from the car and made a get-away. Higgins, after an ineffectual attempt to pursue his assailant, returned to his car, and when he was recovering from the shock of his fall, he saw the taxi with the man who had struck him, and the taxi driver immediately reported the matter to the police, medical men who attended Higgins stated that if the blow had been one-quarter of an inch lower the results would have been fatal.

CALGARY CONVENTION WAS PACKED WITH "REDS"

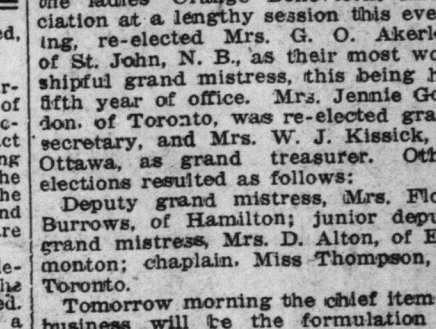

Winnipeg, July 31.—The Calgary labor convention last March, at which the One Big Union was given form, was packed with "Reds," as the members of the Socialist party of Canada are known in labor circles. The plans of the "reds" were to organize riots to start in every city, town and village of Canada, at one time, with the definite object of taking over the reins of government.

R. E. Russell saw in the coming unemployment situation a "glorious opportunity to show that the only solution to the question is the situation in Russia."

A veritable flood of propaganda, including distribution of banned literature on Socialism and Bolshevism was distributed by Russell and other members of the Socialist party of Canada.

This is the substance of letters seized by the Royal Northwest Mounted Police in Vancouver, Edmonton, Calgary and Winnipeg, and read in court this afternoon at the preliminary trial on charges of inciting to seditious conspiracy.

VOTE IN JANUARY RE METROPOLITAN

Mayor Suggests Two Controllers Negotiate to Fix Fair Price.

Regarding the Metropolitan Railway question, Mayor Church stated last night: "I have no objection to the people voting next January and suggesting Controllers McBride and Cameron should be appointed to act as negotiators to see what price is required to eliminate the county and the railway claims. I have never made any promise to the effect of stopping district, but I am anxious to help that district out of the condition it is in at a fair and not a fancy price. Sir Adam Beck will have to be consulted as a matter of law."

"In the meantime I am in favor of going on with the Mount Pleasant line. Mount Pleasant is a necessity in any case."

ACTION TO REDUCE HIGH COST OF LIVING

Conference Held With High U. S. Officials to Discuss Best Methods.

Washington, July 31.—Governmental machinery was set in motion today in response to the demands of the public that some official action be taken to relieve the high cost of living.

Prices, as they affect the average citizen, assumed first place in interest in the capital. At the White House President Wilson was said to be giving "deep and very thoughtful consideration" to problems presented to him and the railroad administration by members of the railroad brotherhoods, who represented that prices would have to come down or wages go up if social unrest was not developed into upheaval. In the senate and house the situation gave rise to several resolutions to investigate the cause of the existing price levels, another to reduce the volume of currency in circulation as a means of deflating prices, one to request the attorney-general to stop speculation in foods on exchanges, and another to sell this year's wheat crop at market prices instead of at the government guarantee, the difference to be made up by the government.

Let today Attorney-General Palmer met eight high government officials, whom he had summoned to his office for a discussion of high costs and the best methods to pursue to effect a reduction. After a general talk, lasting nearly three hours, the conference dispersed to meet again, probably next week, for further counsel based on additional information to be collected in the meantime.

VETERAN ELEMENT GETS OBSTRUCTIVE

Winnipeg, July 31.—Because of alleged tactics on the part of a certain element of the G.V.V.A., the local executive last night formally decided to place the affairs of the association in the hands of the Dominion executive. This action was considered necessary because of what were described as efforts on the part of radicals to use the association for furthering their own particular aims, instead of the interest of returned soldiers as a whole.

It was pointed out that the radicals are in the minority, as was indicated by a recent referendum vote on the policy of the executive, which was endorsed three to one, but they have nevertheless managed to obstruct business at several special general meetings by continuing to be in the majority at such gatherings.

Arrangements are being made by the association for the round table conference suggested by the executive during the strike for discussing the alien question and the high cost of living. All public and semi-public bodies in the city, including labor, will be invited.

Hundred Great Lake Vessels Sold for Eighty Million

Washington, July 31.—One hundred steamships built on the great lakes during the war have been sold by the shipping board to the Anderson Overseas Corporation of New York for approximately \$80,000,000. This is probably the largest ship sale on record, the board said in announcing the deal tonight, and the vessels will eventually be sold to French and Italian owners.

VETERAN ELEMENT GETS OBSTRUCTIVE

(Continued From Page One.)

Where Does Money Come From? In these circumstances words of revolution and Bolshevism crop up in the newspapers and are used by conservative men to describe the present movement. Some of the newspapers are asking where the money comes from to finance all the propaganda being put forth.

The government regards the police strike as the most dangerous feature of the present unrest. It may prove a critical test of the labor campaign.

The home secretary, E. Shortt, has declared that the government is firm, and will consider no compromise or yielding to the politician's demands to have the status of an ordinary labor union.

Lord Askwith, formerly Sir George Ranken Askwith, who has had more experience than any man in England in settling labor disputes, has denounced the premier bitterly as responsible for the present conditions of the policy of "political interference in industrial business."

Lord Askwith, who has been chief industrial commissioner since 1911, says: "The premier has impressed every trade, sometimes the employers, more often the employed, with the belief that they only had to push hard enough to receive their demands from the bottomless purse of the nation."

Taxpayers Foot the Bill.

The taxpayers are footing the indirect bills from the miners' strike, all the workers thrown out of employment thru the coal shortage, setting in the case of men with families amounts to more than two pounds a week, and the number of unemployed men in the Midlands is steadily increasing.

Direct action by the workers is denounced by many public men as an attempt to usurp the powers of parliament, and govern the country by a dictatorship of labor unions. Labor's answer is that the present parliament does not represent the country, and has gone back on its pledges to labor. Minister of Pensions Hodge said in parliament tonight: "It looks as if we are approaching a general election."

All Leaders Doing Their Best.

Premier Lloyd George's famous policy of compromise, so long successful, appears to have reached the breaking point, and certainly is undergoing its severest test. No sooner is one eruption cleared up than a new one breaks out. The old leaders of labor, men of the type of J. H. Thomas, William Adamson, spokesmen of the Labor party in the house of commons, John Hodge and Will Thorne are preaching restraint and patience while reconstruction from the war is being arranged, and are warning the workman that Great Britain's future is imperilled unless she can restrain her foreign trade. Mr. Thomas has held up the picture of American competition and American enterprise.

But the old leaders seem to have lost their temper. A new and younger set, a majority of them outspoken Socialists, some of them not even workmen, but Socialistic theorists, are in the saddle.

Will Be Handicap Affair, Permitting Machines of All Kinds to Compete.

New York, July 31.—Establishing what is said to be an innovation in aeronautical racing, the American Flying Club announced here tonight that the "round trip" competitive air race between New York and Toronto, to start at 6 a.m. on August 23, will be a handicap contest, in an effort to put machines of various sizes, speeds and types on an equal footing.

The unique formula upon which the handicaps are to be based was given out as follows:

"Total useful load multiplied by the total distance flown divided by the horse power of the machine multiplied by the time of flight; this result to be multiplied by the 'index factor' of each individual type of machine."

The route of the race will include Albany, Buffalo and Syracuse, N. Y., where stations will be maintained as that which will have to undergo a deep inspection by members of the racing and technical committee.

Where it is found machines are not provided with spare parts, they will not be allowed to proceed.

The time limit spent at the authorized control stations, which will be provided with spare parts, will be counted against the pilot's time, but any forced landing en route save at the obligatory stations will be included in the total flying time.

The Prince of Wales will start the fliers at Toronto and Brig.-Gen. William Mitchell, United States Air Service, will start the contestants at New York. The distance of the "round trip" is 1,076 miles.

The contest is for the Hotel Commodore prize of \$10,000, and American Flying Club, Canadian National Exhibition and Aero Club of America trophies. The race is being held under the sanction of the joint army and navy board of aeronautics cognizance, appointed during the war for federal direction and supervision of civilian flying in the United States.

The mission has been granted by the war department to army aviators to enter the contests, although regulations will compel them, if winners, to accept trophies in place of cash prizes.

JUMPED FROM CAR IN FRONT OF AUTO

Murray Franklin, aged 12, living at 1804 Huron street, was struck by a motor car on King street near Frederick street last night and received severe abdominal injuries. The driver of the motor car, John T. Dunn, 4 Enderby road, after removing the lad to St. Michael's Hospital, reported immediately to Court street, where where doctors insisted a man to investigate the occurrence. It was found that the boy had jumped from the car directly in the path of the oncoming motor car, and before he could get out, the car struck him. It is stated that the boy had passed over his body. Mr. Dunn was therefore not detained.

R. C. WOOD TELLS WHY G.A.C. EXISTS

Managing-Editor of Soldier Journal Speaks at Hamilton.

AGAINST GRANTS

Association Self-Supporting and Boldly Out for Politics.

R. C. Wood, managing editor of the "Grand Army of Canada Weekly Journal," speaking at the Lyric Theatre, Hamilton, yesterday made bold and inspired appeal for personal liberty and a sane Canada free from bigotry.

Mr. Wood's speech was as follows: It was with genuine pleasure that I accepted the invitation of the Hamilton branch of the G. A. C. to come here on this auspicious occasion to outline to you some of the salient principles which the Grand Army of Canada hold dear.

At the forthcoming provincial election which promised to be held in October next, to place in the field candidates who will carry the standard of the Grand Army of Canada. Naturally Toronto will be the place where we expect to make our influence felt the most.

Two or three seats will be aroused to state why some of these salient principles are as necessary, the man in the street asks why are so many soldiers' organizations in existence and if fair question, this then is the reason: We differ from all the rest, first, because we have a wide open membership; we do not make nor do we permit distinctions of membership.

Equality of Pensions. As to pensions we were the first body to bring to the front the great democratic principle of equality of pensions. We hold the view that it is perpetuating a snobbish standard that is quite unequal for in times of peace, difference in rank there has to be in war, but any sacrifice made was equal.

Political Platform. We now come to the most important of our principles, namely, our entry into the political life of this country. I wish it to be clearly understood at the outset that in the political arena we stand alone and unfettered.

make it a boast that they try cases at the rate of 60 an hour, likening the disposition of Breckenridge to the speed of an automobile. Were it not so awful in its results it would be a great joke, yet innocent people are robbed of their liberty, bread and butter. Then down the line the same spirit goes, no respect for the right, the sacred right of the individual, so the men in blue, the constables on their backs take innocent individuals and look them up for the night in the cells because they may happen to have a suspicion of guilt for some trifling offence. We are opposed to the Prussianism in our own camp, we need to be up and doing.

There are those who are opposed to all interference with personal liberty. We are opposed to narrow-mindedness, we are opposed to intolerance and bigotry. In any case, we are opposed to prohibition and sabbatarianism. We are opposed to anti-democratic legislation and legislation by order in council, or by the line of a dictatorial to the courts and influence in our judges. Moreover, we are opposed to Bolshevism or anarchy under the name of Socialism. Much then for what we are opposed to.

Constructive Policy I now come to our constructive policy. Following are the Highland Inn, Algonquin Park, Mr. and Mrs. Kilpatrick, Miss Florence M. Smith, Mr. A. Roberts, Mr. H. Macdonald, Mr. and Mrs. A. K. Bunnell, Mr. and Mrs. Louis Barber, Mr. D. L. Gordon, Mr. J. S. Kinney, Mr. H. Proctor, Mr. and Mrs. J. T. Jenkins, Mr. and Mrs. F. H. Lorimer, Mr. and Mrs. F. C. Ashbury, Mr. A. C. Second, Mr. G. W. Hawke, Mr. and Mrs. Fox and their children, Mr. C. M. Abbott, Mr. W. S. Shinn, Mrs. E. M. Davis, Mrs. C. E. Moyle, Mr. E. G. Mack, Mr. A. W. Macdonald, Mr. E. G. Fox, Mr. and Mrs. H. D. Brown, Mr. and Mrs. H. V. Tyrell. Mr. and Mrs. H. Miller are at Cedar-mere.

Mr. Arthur Murray gave a luncheon at the Cobourg Golf Club this week. About 100 guests were present. The general and Mrs. W. St. Pierre Hughes have left for Ottawa, B.C. and expect to be away for six weeks. Mr. and Mrs. J. Campbell is in Peterboro this week. Miss Frances Cartwright is leaving on Saturday to spend a few weeks with Lady Cartwright at The Maples, Kingston. Mr. Harry Sifton spent a few days at the Chateau Laurier, Ottawa, this week. Mr. W. E. Cairns is on a business tour, has just returned from a two years' stay overseas at the Canadian hospital at Buxton. Mr. and Mrs. Walter Haynes have returned from a prolonged stay in Atlantic City.

Capt. A. Ferrier, M.C., has returned to Montreal after an absence of four years. He was attached to the Royal Engineers. Mr. W. R. Austin has announced the engagement of his daughter, Mary Roberts, to Mr. Thomas H. Parker, of the Dominion Observatory staff, Toronto. The marriage will take place on August 2 at Mr. Austin's country house, The Wilderness, Niagara-on-the-Lake. Dean of Ontario spent a few days in town from Kingston lately. Capt. G. J. Gagnier and Mrs. Gagnier (formerly Miss Aileen Devaney) are expected in town from New York to visit the latter's mother, Mrs. J. A. Devaney, in Sunset Villa, High Park. Miss Winifred C. Bunker, East St. Clair avenue, is visiting her mother in Chicago. Mr. and Mrs. Herbert Gillis are spending a few weeks with friends in Newcastle.

Miss Long of the Red Cross flower committee wishes to express her thanks for flowers and vase for the military hospitals from the following and to ask for still more of both flowers and holders: Lady Fellat, Mr. Chambers, park commissioner (it took three people to carry with her sent); J. B. MacLean, Miss Jessie Macdonald and her friends, Mr. Greenfield, Richmond Hill; Mrs. Greenfield, Humber, Richmond Hill; Ormsby, Mimico; Col. the Hon. Frederick W. Ames, Miss Isabelle Brown, collected at Oakville; Mrs. James Ince, Mrs. Davies, Mrs. J. Boyd, Mrs. Howard, Mrs. Goldman, from the island.

Never was an officer so popular as "Officer 666," who this week has been not only renewing old friendships but gaining new ones at the Royal Alexandra Theatre under the guiding hand of Edward H. Robins and his players. So popular has he become that it has been decided to hold him in Toronto one more week at the same theatre, commencing next Monday matinee. The David Belasco comedy.

Whereas the responsible authorities of the Dominion and provincial legislatures have given the matter referred to in the press that Canadian nickel was not reaching enemy countries, and whereas Dr. Macnamara, secretary to the British admiralty, in reply to General Page-Croft in the British House, stated that 12 ships containing nickel were seized and put in prize court, 11 of which were from New York and destined for Dutch and Swedish ports;

It is noteworthy that other branches of the G. W. V. are likely to follow the lead of Riverdale in this respect, and place themselves on record regarding the matter. The executive of the G. A. gave this resolution (as propounded by the Riverdale mover) favorable consideration, and President Brown, of the Grand Army, Heart is called upon by this broad, and it is believed that the G. A. C. would be glad to co-operate with the other associations in the furtherance of such a resolution. He believed that the war emergency cooperation elicited by General Page-Croft in the British House. Heretofore there had been rumors of such operations, but until the last two or three days nothing had been found upon which to rely.

Comrade Wilkes, of Parkdale G. W. V. A. believed the matter should receive the serious consideration of his branch in the very near future. The fact is that when date gave rise to the worst misgivings. Comrade Hawkins, secretary of Riverdale G. W. V. A. believed that it was time that action was taken in

the matter. There was very apparent collusion between forces in two American countries which were inimical to the best interests of the British flag. That in itself was a very grave fact to realize, and called, undoubtedly, for strong measures upon the part of those in power.

Comrade Gustar, of West Toronto, stated that in his opinion this was a matter which called for the most earnest investigation. While it was acknowledged on all sides that proceeding in itself a criminal offence against the laws of common decency, the addition of the factor of contemptible disloyalty which was so seriously involved, warranted the most vigorous treatment. The owners of the Canadian Sudbury nickel mines, if proven guilty of assisting the shipment of nickel from Sudbury to Germany, and in that case naturally back to the individual Canadian soldier, should be the penalty reserved usually for traitors.

The originals may also take the matter up. In fact there is a disposition to show the line of a dictatorial to the courts and influence in our judges. Moreover, we are opposed to Bolshevism or anarchy under the name of Socialism. Much then for what we are opposed to.

ANGER OF VETERANS AT DETROIT PAPER

Windsor, Ont., July 31.—The entry into Canada today at the port of Windsor, of the Detroit Free Press carrying another Costello article has so incensed the veterans that the executive of the Windsor Soldiers' and Sailors' League, learning that organized resistance no longer is a possibility but a certainty, despatched a telegram to Sir Robert Borden protesting the government's delay in taking action. The veterans' resolution reads: "We as members of his majesty's force demand that the yellow sheet known as The Detroit Free Press be banned from Canada forever as a paper inimical to the United States, and that it be barred from entry here as a publication not conducive to law and order in this country. It contains further articles, editorials, alleging drunkenness, cowardice and immorality be allowed to pass, we as returned soldiers of His Majesty the King, as determined to remove the scurrilous sheet by force from this part of the Dominion." The next instalment of Costello's is due to appear in Sunday's edition of the paper.

BRANTFORD VETERANS SEEKING CLUB QUARTERS

Special to The Toronto World. Brantford, Ont., July 31.—A campaign is being conducted by the Army and Navy Veterans' Association, Brantford branch, to secure club standing quarters for the association. The association includes veterans of the army and navy who fought in every war from the Crimean to the great war. Of the 75 per cent of the total membership served in the great war. Fourteen were "old contingents."

WILL GET GRATUITY SAYS COMRADE WATSON

Comrade John Watson of the Earlscourt branch of the G. W. V. A. gave an account of his recent visit to the G.W.V.A. already mentioned, covering this scandal up for debate at the next meeting. This is Riverdale G.W.V.A., which will, on Thursday night, August 14th, discuss the decision to request that the authorities responsible for the shipment and the owners be brought to book. That, whereas there has been much unrest and suspicion among members of the C.E.F. and their dependents relative to the Canadian nickel mines in Sudbury, from which nickel was exported to the United States during the war, and found its way into Germany, where it was used for war purposes, and whereas the responsible authorities of the Dominion and provincial legislatures have given the matter referred to in the press that Canadian nickel was not reaching enemy countries, and whereas Dr. Macnamara, secretary to the British admiralty, in reply to General Page-Croft in the British House, stated that 12 ships containing nickel were seized and put in prize court, 11 of which were from New York and destined for Dutch and Swedish ports;

NEUTRALITY OF BELGIUM MUST BE FURTHER ASSURED

Will Present Case for Revision of 1839 Treaty—Must Be Placed in Position to Defend Herself Behind Meuse and Scheldt.

Paris, July 31.—Next Monday Belgium will present her case before the commission of fourteen which is discussing the question of the revision of the treaty of 1839 under which her neutrality was guaranteed by Great Britain, Austria, France, Prussia and Russia.
The commission is composed of two delegates from each of the five great powers and two each from Belgium and Holland. P. Segers, minister of state, and M. Orts, minister plenipotentiary, will put forth the claims of Belgium.
Belgium in the statement that is to be submitted does not seek any territorial expansion, but asks to be placed in a position that should there be a repetition of the war, aggression of even another invasion from the north, that Belgium will be properly defended, thus protecting Liege and permitting the Belgian armies to concentrate behind the Meuse.

The proposal of Belgium does not insist upon the relinquishment of the Limbourg key to Liege and the left bank of the Scheldt to Antwerp, but asks that guarantees be given even in the event of another invasion from the north, that Belgium will be properly defended, thus protecting Liege and permitting the Belgian armies to concentrate behind the Meuse.
Concerning the Scheldt, Belgium desires free passage on the river in times of peace or war (the last four words are underlined in the Belgian statement). Belgium, the document continues, must receive guarantees that her defence of Antwerp and the Scheldt will not be made impossible by the fact that she does not own the left bank of the lower river.
No Transfer of Territory.
It was pointed out to the correspondent at Belgian headquarters to-day, that even if Belgium wished to demand the cession of these territories she would be prevented from doing so by the decision of the five great powers on June 4, when authorization to create the commission of fourteen was granted and its scope defined. The five powers ruled that the commission of fourteen could not submit for the approval of the commission of seven, which will have the final say in the matter, measures concerning the transfer of territory.
The Belgian statement of Belgium's claims calls the commission's attention to the decision of the council of five on March 8, when the revision of the treaty of 1839 was first agreed upon.
The cause for revising the treaty was that the treaty of 1839 was a matter of European interest, and it was decided that it was especially territorial and fluvial clauses of that treaty which proved to have greatly reduced Belgium her possibility of defence.
To Ask New Agreements.
Thus, the Belgians say, Belgium was placed in the position of removing the inconveniences the above clauses caused, which geographically is less territorial solutions. Belgium will ask new agreements regarding the Termeuzen-Ghent Canal, passing through ten miles of Dutch territory.
The statement will conclude that Belgium's security is of paramount interest to Europe. France, it will declare, which geographically is less exposed than Belgium, has been made secure by the Franco-British-American treaty. Belgium, it says, believes in the league of nations, but even the league covenant provides for future wars, and Belgium feels that in case she is attacked she should be placed in a position where she might defend herself effectively pending the arrival of the league's forces.

TREATY ISSUES IN U. S. SENATE

Seven Republicans Have Agreed to Definite Group of Reservations.

Washington, July 31.—Developments shaped up today for a sharper definition of the senate issues raised by the league of nations and the Shantung agreement, while another and hitherto obscure section of the Versailles treaty relating to alien enemy property was brought to light in the foreign relations committee.
To the league controversy seven Republican senators, all friendly to the treaty, added a definite group of reservations whose wording they hope will furnish a middle ground attracting enough members of both parties to insure the league's acceptance by the senate.
Regarding Shantung, it became known that in the very near future a declaration throwing light on Japan's intentions is definitely counted on by administration senators. It may come, it is said, from Tokio, but falling that, from the White House.

SHANTUNG QUESTION

Declaration is Immediately Expected, Throwing Light on Japan's Intentions.

ALLEGED B.O.U. PART OF THE CONSPIRACY

Only Those Struck Who Were Big Union Advocates, Witness States.

Winnipeg, July 31.—At the preliminary trial of the eight strike leaders to-day, the crown alleged that the one big union, to which a large section of Winnipeg labor is now committed, is part of the seditious conspiracy charged against the accused, and parts of speeches made by W. A. Pritchard, chairman of the so-called "Big Five" of the O. B. U., and one of the defendants, were read. The constitution of the one big union, seized in a raid, was put in exhibit.
When A. J. Andrews, K.C., crown prosecutor, examined Sgt. R. Waugh, of the R.N.W.M.P., secret service, Calgary, who raided the Calgary office of Edward Brown, O.B.U. delegate, defense counsel objected, asking if the one big union were on trial.
Crown counsel contended that such was the case, and Magistrate R. M. Noble said: "I thought we had thrashed this out a few days ago; some of the laws were at Calgary convention and were members of the O.B.U."
Aim of the O. B. U.
Sergeant Waugh told of a conversation with Edward Brown, Calgary, when a copy of the Western Labor News, bearing a circular of the government, was handed to him. Holding the paper in his hand, Brown called Waugh to his side, witness testified, and said:
"This is the aim of the One Big Union, the devil form of government as we are going to have it."
Referring to strikes in sympathy with the soldiers, he said:
"Sergeant Waugh said it was noticeable that only those struck who were advocates of the sub-committee on resolutions. Hon. Dr. Beland named as chairman of the sub-committee to prepare a report on the first ballot was George P. Fielding and Judge D. D. Mackenzie. Mr. Fielding has a strong following in nearly every province, but the supporters of Judge Mackenzie did not give up the fight. Nova Scotia, the home of both candidates, is divided, but Premier Murray is said to be leaning towards Mr. Fielding. In Quebec the elder statesmen like Lapointe, Lemieux, Beland and Bureau, are for Fielding, while the young forces, like Cannon and Chamberlain, are for Mackenzie. Few western delegates were to arrive, but it is stated on good authority that the weight of Premier Martin's influence is in favor of Fielding. Little is known about the Ontario delegation and the complimentary vote of the province on the first ballot may be given to Hon. George P. Graham. Some votes on this ballot will also be cast for Hon. Mackenzie King, and it seems to be generally admitted that more than one ballot will be required to settle the contest.
The fight is large, one between the moderate Liberals and the die-hards. A moderate Liberal and the new political party, the Progressives, are candidates for 1917 as supporters of Sir Wilfrid Laurier. They are declining to accept Mr. Fielding as their leader because of his support of the league of nations in the political contest of 1917. The Ontario provincial premiers supported Union government at that time, and their endorsement of the league of nations in the convention. It will be observed that a number of the province have not yet arrived. Hon. T. C. Harris of Manitoba is not likely to be here, and there is talk of Premier Stewart of Alberta absenting himself from the convention. It is expected that the United States now amounts to close on 40c on a ton of coal."

HOTEL MAN WINS IN LIQUOR CHARGE

Government Analysis Shows Different Tale From Accuser's Percentage.

Montreal, July 31.—Judge Choquet, in the court of sessions, dismissed the case against Felix Roncarli, charged with selling wine containing more alcohol than the percentage allowed by the law. Roncarli did not deny having sold the liquor, but he claimed that the wine was below maximum percentage of alcohol permitted by the law. The crown alleged that the one big union, to which a large section of Winnipeg labor is now committed, is part of the seditious conspiracy charged against the accused, and parts of speeches made by W. A. Pritchard, chairman of the so-called "Big Five" of the O. B. U., and one of the defendants, were read. The constitution of the one big union, seized in a raid, was put in exhibit.

Sergeant Waugh told of a conversation with Edward Brown, Calgary, when a copy of the Western Labor News, bearing a circular of the government, was handed to him. Holding the paper in his hand, Brown called Waugh to his side, witness testified, and said:
"This is the aim of the One Big Union, the devil form of government as we are going to have it."
Referring to strikes in sympathy with the soldiers, he said:
"Sergeant Waugh said it was noticeable that only those struck who were advocates of the sub-committee on resolutions. Hon. Dr. Beland named as chairman of the sub-committee to prepare a report on the first ballot was George P. Fielding and Judge D. D. Mackenzie. Mr. Fielding has a strong following in nearly every province, but the supporters of Judge Mackenzie did not give up the fight. Nova Scotia, the home of both candidates, is divided, but Premier Murray is said to be leaning towards Mr. Fielding. In Quebec the elder statesmen like Lapointe, Lemieux, Beland and Bureau, are for Fielding, while the young forces, like Cannon and Chamberlain, are for Mackenzie. Few western delegates were to arrive, but it is stated on good authority that the weight of Premier Martin's influence is in favor of Fielding. Little is known about the Ontario delegation and the complimentary vote of the province on the first ballot may be given to Hon. George P. Graham. Some votes on this ballot will also be cast for Hon. Mackenzie King, and it seems to be generally admitted that more than one ballot will be required to settle the contest.
The fight is large, one between the moderate Liberals and the die-hards. A moderate Liberal and the new political party, the Progressives, are candidates for 1917 as supporters of Sir Wilfrid Laurier. They are declining to accept Mr. Fielding as their leader because of his support of the league of nations in the political contest of 1917. The Ontario provincial premiers supported Union government at that time, and their endorsement of the league of nations in the convention. It will be observed that a number of the province have not yet arrived. Hon. T. C. Harris of Manitoba is not likely to be here, and there is talk of Premier Stewart of Alberta absenting himself from the convention. It is expected that the United States now amounts to close on 40c on a ton of coal."

OPEN BRIGANDAGE AGAINST COMMUNITY

Dean of St. Paul's Says Trades Unions Are Now Huge Capitalistic Concerns.

London, July 31.—In a speech to-night at a meeting of the people's league, which was instituted for the protection of the unorganized classes, the Very Rev. William Ralph Inge, dean of St. Paul's, said:
"We are making for national bankruptcy, which will result in anarchy."
He declared he was not hostile to trade unions, but that they had become huge capitalistic concerns, which were engaged in financing raids upon the rich and poor.
"With them it is not a struggle between rich and poor," he continued, "it is open brigandage against the community. They are a privileged class, determined that those privileges shall not go outside them themselves. They are shutting down employment, not only against discharged soldiers, but wounded men."
Francis M. B. Flaher, director of the Imperial Association of Commerce, said that if the labor party continued its present tactics it would ruin not only itself, but the country.

ADVANCE IN COAL HIGHLY PROBABLE

Representative Coal Dealer Expects Immediate Rise in Price.

While nothing definite could be obtained as to the likelihood of an advance in the price of coal is probable in the near future. Interviewed regarding a rumor that the price of hand-sorted street coal would be raised to \$12.25 per ton, J. Herbert Milnes of the Milnes Coal Company seemed to have little doubt in his mind that the price of coal would be raised. That would be looked into in the course of a day or two.
"The price has been \$11.50," said Mr. Milnes. "We have not been bookkeeping orders for the last few weeks, having more orders on hand than we can carry. It is going to be a matter of shortage and higher costs were factors to be considered, and an important item was that 'exchange on our money' was going up, but he was not declared a lockout because of the demands of the dockers' union.
Motor car No. 6761, driven by the owner, Wilfrid Pyley, of Chippawa, Ont., was badly smashed up at the corner of King and Simcoe streets last night when Mr. Pyley made a sharp turn while rounding the curve and smashed into a Hydro-Electric pole on the corner. Mr. Pyley escaped uninjured.

LIBERAL LEADERS ARE NOW GATHERING

Committees to Deal with the Flood of Resolutions that have Poured in from all Parts of the Country as Prospective Planks in the Party Platform.

Committees to deal with the flood of resolutions that have poured in from all parts of the country as prospective planks in the party platform. Hon. Sydney Fisher was named as chairman of the sub-committee on resolutions. Hon. Dr. Beland named as chairman of the sub-committee to prepare a report on the first ballot was George P. Fielding and Judge D. D. Mackenzie. Mr. Fielding has a strong following in nearly every province, but the supporters of Judge Mackenzie did not give up the fight. ACUTE WEAKNESS IN GRAIN MARKET

Welcome Rains and Rumored Action to Cut Cost of Living Are Factors.

Chicago, July 31.—Acute weakness developed in the cereal and provision markets today, owing largely to bearish reports, and to new attempts at a substantial reduction in the cost of living.

Peter-Duncan had tomatoes at \$1 to \$1.25 a bushel. Cantaloupes at 90c to \$1.10 a bushel. Cucumbers at 30c to 40c a bushel.

WANT WOMEN BACK ON PRE-WAR JOBS

London Policemen Say That Female Drivers Make Traffic Duty Harder.

According to official records Hyde Park corner is the busiest traffic spot in London, and the squad of police ordinarily on duty there are resarded by their fellows as among traffic experts.

It would greatly help us if the many women now driving motor cars and other vehicles would take up some of the pre-war jobs.

SUBSTITUTE FOR COAL

NEW PRODUCT OF GARAGE GIVES MORE HEAT AT LOWER COST.

Not so many years ago flying machines were spoken of as the province of a crack-brained inventor, but the practicability of the heavier-than-air craft has been demonstrated.

This new product is known as Oskool. It is a success because it represents the solution of the vital problem faced by those who would provide a substitute for coal.

Those who stand sponsors for Oskool claim for it that it gives less heat to the consumer about \$4 cheaper than coal, \$9 as compared with \$13, but that from 23 per cent to 27 per cent more heat is produced.

New Victor Records for August

The August list is small, comprising only five English records, but every record is excellent. To hear the two records by Ruthven McDonald, the Toronto baritone is to want them. "Father O'Flynn" and "Chip of the Old Block" (the above double record is both comical and good). "Building For Eternity" and "In the Shadow of His Wings" are two fine sacred songs.
