PROBS: Light
MAN ON STAMPS
DRAISES WHITE
"Rather Liked To Be Good Than Otherwise," He Says, But Justifies Own Conduct.

WHITE PLAINS, N.Y., Aug. 5.—More stories related to the memory of the eminent architect, Stanford White, were related to a breathless courtroom at the Thaw sanity hearing today. They were related first by a witness called by Harry K. Thaw's behalf and then by Thaw himself, who took the stand hoping to show that the things he managed against White were not "delusions," as the state contends.

The attorneys will start on Saturday and Justice Mills hopes to render a decision next week.
Charles Morchauer, Thaw's attorney, started and called David Carvalho, a handwriting expert, who told of some connecting White with two young women, whom it is alleged, he tried to ruin. One was Miss McKensie, an actress, the other name was given as "Sue Parker."

Instead of a name the letter was signed with initials. The letter was opened with what looked like a porcupine quill extending from it. Jerome explained that "Sue" was the name of White's regular signature in letters to his friends. The letter read:
"I am the most awfullest friend you have. I have what Peter Dooling calls 'whitephobia,' and a bad case of that. I am glad you are having such a good time. A dose of hope after all you can take. Whatever you do, however, do not come back prettier or more alluring than you were for under those circumstances I could not be responsible for my actions, and there would be real trouble and... that fall boat... seriously, when are you coming back?"

Thaw Takes the Stand.
Mr. Carvalho testified as to an affidavit which he said was signed by White to ruin her when she first came to New York as a young chorus girl. He presented in evidence a number of letters, said to have been written by White to Miss Parker, which she sold to Thaw's attorneys before the first trial for \$500. She was to have received \$500 more if the letters were used at the trial.

When Mr. Carvalho began his testimony about White, District Attorney Jerome was reluctant to admit it, he expressing regret that evidence of this kind should come more mark.
When Thaw himself took the stand, however, Jerome seemed anxious to let him tell all he knew, evidently with the idea that the witness would show him to be insane on the subject. The words fairly tripped over each other as he ran on.

This thing I am going to tell you now," he said, prefacing one of his narratives, "affected me very seriously by the time I described in detail the alleged experience of a girl whom he said White tried to wrong when she was but sixteen. The girl came thru a lucky chance, he said, and later obtained a large sum of money from White under threat of a suit. "During the fall of a certain year, a girl came to New York from Boston," he said, "she was young and unsuspecting."

Good Word for White.
He gave the location of four places he said White maintained for immoral purposes. One was near Baltimore, called "The Blind." The others in New York.
Only once did the speaker say a word in White's favor. "I believe," he said finally, "that White really was kind at times. He rather liked to be good than otherwise."

Runs From Courtroom.
Apparently forgetting for the moment that he was not a free man, Thaw suddenly left the courtroom today. He carried a sheet of paper in his hand and as he rushed out of the door two court officers hurried after him and escorted him into a small telephone room near the courtroom. Thaw wanted his private detective O'Mara.

Payne Tariff Bill Becomes Law To-Day

Signed by President Taft During Heavy Thunderstorm at "5.05 p.m., Aug. 5," as He Himself Notes.

WASHINGTON, D.C., Aug. 5.—In the midst of a heavy thunderstorm, President Taft late this afternoon signed the Payne tariff bill, adding to his signature, "signed 5 minutes after 5 o'clock, Aug. 5, 1909. W. H. T." He used a pearl pen sent from the Philippines for the purpose, and which he presented to Congressman Payne.
The president joked merrily with those who were present.
The new tariff becomes law tomorrow. The president issued a statement to-night declaring that while the measure is not by any means perfect, it is a sincere and honest effort to carry out platform pledges and embody a real revision downward.
The president says: "This is not a free trade bill. It was not intended to make a free trade bill."
The Republican party did not promise to make a free trade bill.
"It promised to make the rates protective, but to reduce them when they exceeded the differences between the duties on production abroad and here, making allowance for the greater normal profit on active investments here. I believe that while this excess has not been reduced in a number of cases, in a great majority the rates are such as are necessary to protect American industries, and in a low enough, in case of abnormal increase of demand and raising of prices, the possibility of the importation of foreign articles, and thus to prevent excessive prices."

Authentic Account of the Revolution in Barcelona City

Dead Number Some 300, But List of Wounded is Great—Disorder Followed Peaceful Intentions

NEW YORK, Aug. 5.—The Herald publishes to-day the Barcelona rioting as told by its own correspondent in that city. He says:
The troubles here have been the most serious in 70 years. Conservative estimates of the killed number 200 to 300. The hospitals are filled with wounded, many include women and children. Many wounded are hidden in the houses. The military losses are slight. Red Cross volunteers, who behaved heroically, were not respected by the anarchists, three being killed and 20 wounded. Some priests were murdered, but you may discredit the killing of religious persons, who were allowed to escape before the burning of their houses.
Early on Monday a general strike was inaugurated. The intention was to have a peaceful manifestation. All the demonstrators were in sympathy with it to the point of armed resistance after interference of the civil guards. The 900 regular soldiers who formed the sole garrison were cheered by the populace, whom they did not prevent from beginning to erect barricades. At noon the civil governor resigned. The captain-general was replaced by a military officer. 4500 MEN AT WORK

Dominion Coal Co. is Increasing Its Output, Too.

SYDNEY, N. S., Aug. 5.—(Special.)—The general situation at the collieries of the Dominion Coal Co. is considered satisfactory by the company, which has now 4500 men at work, all told. These 4500 are at work in the collieries, 2200 being underground. The output yesterday was 9400 tons, an actual increase in the quantity taken from the collieries. The falling off in the amount of coal taken is due to the fact that the output is being held back for the purpose of increasing the output of the collieries. The output is being held back for the purpose of increasing the output of the collieries.

TORONTO LABOR COUNCIL AGAINST CHERRY ST. SALE

To Cawthra Mulock "or Other Proclivities"

Public ownership of the unclaimed land of the city was strongly advocated at the meeting of the Trades and Labor Council last night. The sale of the Cherry-street site to the National Iron Works was under discussion. The resolution adopted is as follows: "That this meeting of the Trades and Labor Council regret that the board of control and the city council should have adopted a short-sighted policy in reference to the exploitation of the waterfront and Ashbridge's Bay. We think it will be in the best interests of the city that the work of reclamation of Ashbridge's Bay should be done by the city, and that the land so reclaimed and all other land owned by the city or near the bay should not be sold under any circumstances, but should be held for public use for commercial purposes, so that the citizens may benefit by the appreciation in the value of the property."
"And, further, we strongly condemn the proposed sale of the site to Mr. Cawthra Mulock or any other persons of capitalistic proclivities."

EARL GREY SAILS FOR YUKON

VANCOUVER, B.C., Aug. 5.—(Special.)—Earl Grey sailed this afternoon for Dawson City, Yukon Territory. He expects to return to Vancouver about August 30th, and remain on the coast a week or ten days, after which he will go to camp in the valley of Upper Columbia River, East Kootenai, where he will be joined by Lady Grey.

EXPRESS DITCHED

Four Coaches Over Six-Foot Embankment West of North Bay—Injuries Reported Slight.

NORTH BAY, Aug. 5.—(Special.)—The C.P.R. Atlantic Express, due at North Bay at 8.55 to-night, was ditched on the West River, two hundred miles west of here, at two o'clock this afternoon.
Details are meagre as yet, but it is known that the express was speeding along at good rate when, without warning, the passengers were startled by terrible shocks and the crash of smashed timbers as the car left the rails, buckled and reared, and then rolled down a six foot embankment.
Two Pullman, one observation car and a first-class car were piled up in the ditch and investigation revealed a number of passengers injured, but none seriously as far as is ascertained.
The names of the injured passengers cannot be obtained yet.
The cause of the accident is unknown here. Traffic will be delayed from five to ten hours.

DEVASTATION BY HAIL

Storms, Traveling Erratically, Do Damage in West.

WINNIPEG, Aug. 5.—(Special.)—The present are anxious days with the western farmer. Mid-August frequently sees night frosts, which occasionally do great damage, but so far the lowest temperatures have been well up in the forties. However, a danger peculiar to extremely high temperatures is violent rain, which is not infrequently preceded by hail. Manitoba and Saskatchewan are being daily visited by these storms, traveling erratically. The areas affected usually are small and individuals are sufferers rather than communities, and the aggregate will not materially suffer from this cause. The heaviest rain of several seasons fell here this afternoon, preceded by hail.

SEIZED CARLOAD OF BEER

Was Intended For Sale in Prohibited District.

PORT ARTHUR, Aug. 5.—(Special.)—Dominion Police Commissioner Quibb has issued a new regulation which is intended for sale within the prohibited territory of the transcontinental railway. The regulation is that no beer shall be sold in the prohibited territory. The regulation is that no beer shall be sold in the prohibited territory.

TWO ARE MISSING

Who Can Locate Wm. Henderson and Fred Arnold?

The absence of Wm. Henderson, aged 35, from his boarding house and place of business since July 25, is giving his friends some concern. They fear that he may have fallen into the bay. Wm. Henderson was on his way to work. He wore a black coat and vest and a straw hat. He was staying at 63 Walpole street, Chicago, one day in Toronto, when he cashed the cheque, Detroit, St. Paul, Denver, Seattle, Victoria, and finally Vancouver. He was there to pass a \$100 cheque when he was caught.

STOCKHOLM, A FAMINE CITY

Strikers Are Living on Fish—Military Escort Funerals.

STOCKHOLM, Aug. 5.—Stockholm today is suffering seriously from a shortage of food, a result of the labor contract. Bread is held at terms practically prohibitive, the restaurant prices for meals are very high.
The strikers themselves are living practically on fish. Thousands of them are camping out and spending their time in angling.
Paupers are distributing milk in limited quantities and supervising the sale from milk carts at the railroad stations. Deliveries of ice have ceased.
Paupers from the state poor houses have been enlisted to replace the striking grave diggers and undertakers, and instead of hearse, stretchers are being used to carry corpses thru the streets to the cemeteries under military escort.

C.P.R. EMPLOYES ORGANIZE AMATEUR ATHLETIC ASS'N

MONTREAL, Aug. 5.—(Special.)—Delegates from sixty departments of the C. P. R. have decided to form an athletic association. The movement has the support of the heads of the company, and it is expected that the association will extend to every center.

Found an Infernal Machine.

VICTORIA, B.C., Aug. 5.—A sensation was caused at the Victoria machinery depot to-day by the discovery of an infernal machine in the tool box where the boiler-makers store their tools. In a yeast tin, powder, rivet heads and iron filings were placed, with matches arranged with the heads so as to be exploded by the discovery of the powder and scatter the missiles.

OTAWA BOY DROWNS

OTTAWA, Aug. 5.—(Special.)—Edmund Normoye, aged 11, son of Patrick Normoye, Cumberland-street, was drowned in the Rideau Canal this evening. He took cramps. His little brother and two other youngsters saw his drown.

PROPOSE GOOD

PROVE SERVICE

Government System in North Land To Be Extended To Mines and Old Line Rebuilt.

Great improvements are being made in the telephone line which is operated by the Temiskaming and Northern Ontario Railway Commission.
Two gangs of men are engaged on the reconstruction of the entire line from North Bay to New Liskeard, and when this is completed, in a couple of months, the service will be of the most up-to-date character to be found anywhere in the province.
In connection with the new passenger depot which is being erected at Cobalt, the commission will install a complete switchboard, which will give a thoroughly adequate service to the mines in the vicinity.
The telephone line is also being extended and a switchboard will be installed in the new Kerr Lake station, for the more convenient connection of the mines in that district.
It is hoped ultimately to extend the telephone service the whole way to Cochrane at the junction of the government line and the T. N. O. R. C.

FORGER ANDERSON BACK TELLS HOW HE PLAYED IT

Toughest Proposition Was a Jew, Who Demanded 10 Per Cent. On Poney Check

John E. G. Anderson, the young bank of Montreal clerk, who was arrested in Vancouver, B. C., charged with forging cheques in various parts of the world, was brought back to Toronto last evening by Detective Alex Murray. To Murray he has admitted having forged two cheques cashed by the T. Eaton Company for \$50 and \$75. Anderson says the toughest proposition he ran up against was a pawnbroker in Chicago. He was pawing some articles and suggested that if he could only find a bank open he'd be alright, as he had a marked cheque for \$200. The pawnbroker and other endorsements satisfied the broker and he said he'd cash it, but insisted on a 10 per cent. discount. After considerable parley, Anderson got \$180 for the paper and bought the broker a cigar in the bargain.

PEOPLE'S MINE TO HIGHEST BIDDER

Ontario Government Will Sell Thirty Acres, With Remaining Portions of Gillies Limit—Royalty to Province.

The sale of the provincial mine on the Gillies limit, which comprises some 30 acres immediately south of the Nipissing mine and Cart Lake, has been decided on by the Ontario Government.

The other portions of the limit, which have not been previously disposed of, about 150 acres in extent, will also be offered for sale at the same time. These have been divided into 20 parcels. Surface prospecting has been done on these areas.

Public tenders will be received for the purchase of the properties up till September 12.

The conditions of sale include the payment of 10 per cent. royalty at the mouth of the pit, which should net a substantial revenue to the province.

An official prospectus of the condition of the mine, with particulars of its operations and the results achieved, is being prepared by Thos. W. Gibson, deputy minister of mines, after conference with Hon. Frank Cochrane for the guidance of intending purchasers.

It is understood that the government experts thus set free from actual mining operations will be utilized to make further explorations on the limit.

Diamond drilling in July on a vein in the provincial mine on the eastern boundary of the property near the Savage claim resulted in a strike of ore to a depth of 25 feet, while a shaft of three other veins were cross cut deeper down. A shaft has been sunk here to a depth of 70 feet.

There is also another shaft 140 feet deep on another vein, with levels at 65 and 125 feet respectively. On the first level drifts have been run east for 350 feet and west for 150 feet. In addition, drilling has been carried on for 270 feet on the other veins cut. Several cross cuts have been made east of the shaft. A raise has been put through several levels to the surface and some stoping has been done. On the second level drifting has been carried east for 110 feet and cross cuts north and south of the vein have been made to a distance of 125 feet.

There are good buildings and a good boiler and compressor plant on the property, with all the other machinery necessary for the working of the mine.

Three cars of ore have been shipped to date, two of cobalt and one of iron, and there is still some ore in stock.

GOLD FINDS NEAR MATHESON

400 Ounces to Ton Reported From Some Claims.

HAILEYBURY, Aug. 5.—(Special.)—We have just received here word of finds of gold quartz in Whitney Township, 12 miles west of Matheson, or about a hundred miles north of Cobalt. Other finds are said to have been made in Munroe and Guilford Townships.

Haileybury men are heavily interested in the new finds, and it is reported here that some of the discoveries assay as high as 400 ounces of gold to the ton.

The Guelph Syndicate property, known as the Munroe mines, have a shaft sunk for 28 feet, disclosing a 12 inch vein, composed of milkwhite quartz with an occasional speck of pyrite.

"Big Peter" Forah, of New Liskeard and associates have paid \$20,000 for the property.

Fall wheat is being threshed in various parts of Ontario and the yields are largely per acre than for several years. The average, tho, is less by several thousand acres in the province. Dawson's Golden Chaff has been the favorite wheat for some years. The yields are also good. R. Guthrie & Sons of Whitney Township report 30 bags from one day's threshing. Samples of seed received in Toronto show a wide variation in quality. Price is opening about seven dollars.

GRAIN PROSPECTS SPLENDID

Encouraging Reports From the West Received by Imperial Bank.

"Our reports show that the present condition in the west is splendid," said the president of the Imperial Bank of Canada to The World yesterday afternoon.

Taking the view that the danger point has not yet been passed, Mr. Wilkie added the comment, "No one can tell what a day may bring forth."

HERE'LL BE CAMPAIGN FOR TEMPERANCE COUNCIL

Cold Water Host Will Have Three Candidates For Board of Control—Kinrade Loses Job.

HAMILTON, Aug. 5.—(Special.)—T. L. Kinrade will not resume his position as principal of the Canon-street school. The committee of the board of education re-engaged all the other teachers. Mr. Kinrade did not apply for re-appointment.

The finance committee this afternoon made grants of \$150 to the Trades and Labor Council for its labor day demonstration, and \$25 to the moulting council will be asked to pass a bylaw to prevent rag-pickers from going over the garbage dumps.

License Reduction Campaign. The temperance people had a meeting this evening to arrange for a campaign for a cut in the number of licenses from 65 to 50. They have not yet decided whether to ask for a plebiscite, but they will have three candidates for the board of control, and will try to elect enough aldermen to carry a reduction. Headquarters will be opened on September 7, and Eric J. Bower was appointed secretary. A finance committee will try to raise funds.

Constable Laughlin McLean has resigned from the force. The police board made arrangements this afternoon to spend some \$700 on enlarging the north end park. Emmett Burke has been appointed manager of the Maple Leaf Park. Judge Monck has quashed the conviction of Hugh Hayes for neglecting on Sunday on the ground that Hayes conducts a bona fide restaurant.

Charge of Bigamy. John Pearson North Macnab-street, a suspicious looking man of 25 years, was arrested this morning on the charge of bigamy. He is charged with No. 1 and visiting No. 2 occasionally. His first wife's maiden name was Mary Viseau, and it is charged that he married nineteen-year-old Bertha Turner on July 27 last.

Rev. H. Britten, rector of St. Matthew's Church, has resigned to accept a position as science master at Trinity College School, Port Hope. Fifteen citizens were fined \$2 for allowing their dogs to roam at large. Andrew Ross, who has started a suit for \$10,000 damages against the city, was acquitted of the charge.

The wholesale drug store of Winer & Company, which joined the merger known as the National Drug Company, will be closed. Some of the employees will be moved while others will be released. Half Ne Nuzio, 86 Chatham-street, closed up his clothing business and disappeared. It is claimed that his flight was caused by the fact that two wives were looking for him.

Some of the journeymen barbers are agitating for an increase of the minimum wage from \$10 to \$12. According to the present scale, the men get half the receipts after taking in \$17 a week.

MUNICIPAL BOND MARKET. High Figures Not Available Now, Says Financial Paper.

The Monetary Times says: The municipal bond market is in a similar position almost as it was three years ago. Prices have been high, and are now sagging a little. Municipalities have waited for high figures; many recognize that these have passed for the time being.

Two municipalities we know have arranged for the sale of their bonds at once, although the securities cannot be dated for several months hence. In one instance, the bonds will be dated January, 1910. The sitting-for-big-prices attitude will no longer do. We recollect a case not many years ago when bids were asked for a block of bonds. All were rejected despite the fact that the highest offer was only \$98 below the figure desired by the municipality.

An Ontario town the other day invited tenders for a fairly large block of bonds. Eight bids were received. Instead of making an award in the usual manner, the town authorities came to Toronto and negotiated with the list of bidders as an instrument for the sale of the debentures. We need hardly point out that this is an improper action, and does not meet with the approval of business men. We know of very few towns who transact their bond matters in this fashion.

MAINLY ABOUT PEOPLE. Hon. G. F. Graham, minister of railways and canals, and Hon. Frank Oliver, minister of the interior, who have been in Europe for some weeks, will sail for Quebec on the Empress of Ireland, Friday, the 13th, and should reach Ottawa about the 21st. Mr. Oliver will then go to Seattle.

Gen. Charles Louis Treméau has been appointed commander-in-chief of the French army, in succession to Gen. De La Croix.

GOING THE WRONG WAY
SAYS DEFENCE DELEGATE

Gloomy Remark That May Be Significant—Sir Fred. Borden Defines Canadian Patriotism

LONDON, Aug. 5.—(C.A.P.)—A colonial delegate to the imperial defence conference remarked to-day: "All we are doing is so far absolutely correct. I can tell you that is things are going the wrong way, and I'm sorry for it."

At the United Service Club dinner to the imperial defence conference delegate Major-General Arbutnot presided. Sir Frederick Borden, Canadian minister of militia, speaking in response to the toast, "The defence of Canada," said that the forces of Canada were an unorganized mob; now they had got their different departments of the army, navy and air force, and in a few weeks another 50,000. They were also going to try to do their duty with regard to the navy at the moment.

When in Canada were convinced that it was dangerous or risk they would do as they did at the time of the South African war. They would come to the aid of the empire with all the money they could get and all the men they could get. It might be necessary in order to help this country to man its fleets. They said in Canada were going to begin at once to do their duty to lay the foundation in building up a navy which could cooperate with and be part with the British navy of the great British navy.

Gen. Smuts of South Africa said blood was thicker than water was something that was thicker than blood. The tie of honor was even greater and stronger. (Cheers.) He hoped that as time went on it would be more and more realized that it was not of blood which held them together, but the tie of community of interests, justice, fair play and equality.

COKE HOUSE WALL FALLS
Too Great Pressure on Inside Causes Collapse.

One of the walls of the coke-house of the Consumers' Gas Co., at Parliament and Front-streets, buckled yesterday and fell into the street, letting out hundreds of tons of coke. An overhead bridge from the retort building is in danger of collapsing, its support having been weakened. There were 1000 tons of coke, or 10,000 bushels, in the building. The building was built only three years ago. The walls were 18 inches thick and light steel girders run crosswise, holding up the roof. As there were no girders holding the ends together the west wall fell when more coke than usual was forced into the house. As the coke is poured in only at night the fact that the building was full of the roof was not noticed.

HEBREW BAKERS STRIKE
ATTENDED WITH VIOLENCE.

MONTREAL, Aug. 5.—A strike of the Hebrew bakers in the city is beginning to-day. The strike is being attended with violence. Yesterday five of the strikers were arrested and this morning seven more warrants were sworn out, as the result of the wounding of a bakery by a bread-wagon. This morning a bread-wagon was demolished in the street and the driver assaulted. Another wagon was smashed. The strikers are about 1000. Residents of the northeast quarter of the city, as many families are unable to get any bread at all.

BOY, PLAYING TAG,
IS KILLED BY THRESHER.

BRANTFORD, Aug. 5.—(Special.)—At Vanessa, the 9-year-old son of Isaac Roberts, farmer, was run over by a threshing machine and killed. The boy was playing tag with his brother and a little girl and attempted to run under the machine. The girl made a lunge at him, frightening the horses, which started to run away.

The Voice of the West.

No single article of the series on "Canada of the Future" has been filled with more virile prophecy than that of Mr. B. P. Robinson on "Manitoba in 1960," in the current issue (dated Aug. 7th) of Collier's. He asserts that fifty years from to-day will find a population of one million people in the City of Winnipeg, surrounded and supported by at least five million people, which will make Manitoba, with her export towns, positively the most important member of the sisterhood of the federation.

Province is Gainer.

Decreasing the fee for climbing Brock's Monument from 25 to 15 cents is a population of one million people in the City of Winnipeg, surrounded and supported by at least five million people, which will make Manitoba, with her export towns, positively the most important member of the sisterhood of the federation.

Entitled to Month's Notice.

SYDNEY, N. S., Aug. 5.—Judge Finlayson to-day decided against the Dominion Coal Co. In a test case brought to evict Angus Young, one of the U. M. W. miners, from one of the company-owned houses. Young's defence was that he was illiterate and had been unable to read the agreement he signed with the company and which he believed was simply an agreement to pay \$10 per month rental. The judge held that the agreement was not so and that the tenant was entitled to a month's notice of removal.

Mrs. Besant Not Welcome to Boston.

BOSTON, Aug. 5.—Mrs. Katherine Magy, the head of the Universal Brotherhood and Theosophists' Society, positively refused to meet Mrs. Besant, the sister of the eminent English novelist and high priestess of a new following of our heavers, says W. H. Somers, chief in Boston of the Theosophists. "We consider that Mrs. Besant is making her tour of the world for revenue only, and that sort of thing is directly contrary to our purposes."

New S. S. Line to St. John.

BOSTON, Aug. 5.—It was announced to-day that a new steamship line will shortly be operated from this port to Halifax with a branch connection with St. John, N.B. The first voyage is expected to begin next month.

Hanbridge, Favorite, Beaten a Neck—Jockey Moorehouse Injured.

WINDSOR, Aug. 5.—(Special.)—Notwithstanding the threatening weather the afternoon was well up to the mark this afternoon when a card of seven races was decided with a handicap at a mile the feature event. In this the best horses at the track came together with Hanbridge the first choice. The field went away well together and in trying to get the rail Tourenne was carried to the outside at the first turn, losing a lot of ground, which he could not make up.

WINDSOR RACE, 2-year-olds, selling, 5 furlongs. 1. Masketta, 124 (Seville), 3 to 1, 1 to 1 and out. 2. Miss Kearney, 116 (Powers), 5 to 1, even and 1 to 1. 3. BRITISH STEEL MANUFACTURERS CLAIM A Grievance. LONDON, Aug. 5.—(C.A.P.)—Respecting Canadian bounty-fed steel, The Glasgow Herald asks the grave question: "Is it right from an imperial viewpoint that Canada should grant bounties on the production of material exported in competition with the mother country? Is it right the bountied Canadian iron should be shipped over to the mother country if it is to be there sold against British iron?"

BOY CHARGED WITH MURDER

Sent For Trial For Beating a Girl to Death. GUYSBORO, N.S., Aug. 5.—(Special.)—The preliminary inquiry into the charge of murder against Andrew Joby Issard, a boy, for beating Maggie Ash to death, in the absence of his mother, was held at Guysboro, N.S., yesterday. He was sent to the supreme court on the murder charge. It appears that Joseph Issard, father of the boy, was paid by the overseers of the poor for Manchester district to look after Annie Ash and her two children, Maggie, aged 6, and a younger sister, aged 2, all being parish charges. On Tuesday the boy's parents left to attend a picnic. As soon as they had gone, the boy attacked the mother of the children, Annie Ash, who is a cripple, and beat her brutally. He then turned on Maggie, knocked her down with a stick and then struck her on the head with a rock, killing her. The dead child's mother and the boy's young brother were eye-witnesses and gave evidence.

EXTEND THE PROVINCIAL RAILROAD.

There appears to be some misunderstanding about the purpose and functions of the T. & N. O. Railway. Its primary excuse for being was as a colonization road.

Hitherto there has been but one argument against the project of pushing on to "fresh fields and pastures new." It lay in the character of the road as an example of public ownership.

Nothing could have been fairer than the trial Sir James has given it, and nothing could be more successful than the result of its management, under J. L. Englehart, chairman of the T. & N. O. R. commission.

Having conclusively proven the ability of the commission to handle the road profitably, Sir James need have no hesitation about resuming the policy which dictated the building of the road and pushing it further into the territories, not untried, indeed, but untried by any proper transportation service.

The contention that such a policy would not show profits is scarcely tenable. Even had the T. & N. O. Ry. shown no cash balance of profit, the magnificent asset which the province possesses in the mines of Cobalt would offset a heavier deficit than any extension recently asked for is likely to incur.

It is not necessary, either, to contemplate such heavy expenditures for new and tributary lines as were required for the main road. A series of light electric branches to Gowanda and other points would serve all the requirements of the situation, would encourage the industries arising out of the rich mineral fields, and would inevitably lead to the more rapid settlement of the adjacent farming region.

THE VOLUNTEER FIREMAN. Service to one's country as a militiaman is invested with a fame that probably never fades, and the local squadron, battery, company or regiment is always a source of inspiration and pride to the community.

Windsor, Aug. 5. T. D. N. Boy Killed at Play. KINGSTON, Aug. 5.—Stanley Sharpe, the seventeen-year-old son of Major Sharpe, Barris-street, was fatally injured at Lake Ontario Park last evening.

But he's always on the job, winter and summer, noon or midnight. And when, in tournament time, he appears on parade resplendent in gay uniform, he is justly entitled to the heartiest plaudits that his fellows can give him.

CANADA'S AIRSHIP. Toronto has a personal interest in the airship trials now going on at Patawawa. The two young men who are directing the operations are products of the city, and the university, with which some newspaper critics are disposed to find fault, is to be congratulated on a system which attracts and matures men like Messrs. McCurdy and Baldwin.

Canada has done several notable things for the world already, including the telephone, and her contributions to metallurgy are important. In the art which Mr. McCurdy has euphoniously styled aerodroming, which is to give the world command of the air and which is to be the greatest physical

CURES

Diarrhoea, Dysentery, Colic, Cramps, Cholera Morbus, Cholera Infantum, Seagickness, Summer Complaint, and all Looseness or Fluxes of the Bowels.

Mrs. THOS. W. WEAVER, Coal Creek, N. B., writes: "My little girl was taken ill with a very bad attack of diarrhoea. Nothing seemed to do her any good. Hearing of your wonderful medicine, Dr. Fowler's Extract of Wild Strawberry, I went at once and got a bottle, and to my great surprise, after taking a few doses, she was completely cured."

NOTICE

We wish to warn the public against being imposed on by unscrupulous dealers who substitute the so-called "Strawberry Compounds" for Dr. Fowler's.

Mr. ALBERT JEFFRIES, Owen Sound, Ont., writes: "I always keep a bottle of Dr. Fowler's Extract of Wild Strawberry in the house, and would not care to be without it, as I have proved it again and again to be a never-failing remedy for diarrhoea. Whenever I am threatened with it one teaspoonful of the 'Extract' fixes me completely."

BUFFALO-LOCKPORT ROAD IN HANDS OF RECEIVER

Toronto Syndicate, Headed by Frederic Nicholls, Has Controlling Interest

J. M. Campbell of Rochester and Milford W. Childs of Medina, N. Y., were yesterday appointed receivers of the Buffalo, Lockport & Rochester Railway Co. The road is controlled by Frederic Nicholls, E. R. Wood and other Toronto financial men, who applied for the receivership.

It is understood that this action was necessary in order to enable the company's undertaking to be carried out without interference from creditors and other parties until its full earning capacity can be demonstrated.

The Toronto concern holds 2340 shares of the railway company's stock valued at a few minutes. The receiver, an apologetic for the tyrannies of the motor-car, you invite suggestions. This "suggestion" from The Windsor Daily Record, has my endorsement.

OTTOR TO SEE AEROBROME Will Witness Trial Flight of Baddeck No. 1 Next Week.

PETAWAWA CAMP, Ont., Aug. 5.—(Special.) The aerodrome "Baddeck No. 1" was taken from the assembly shed this afternoon. The wings are set up and the motor remains to be installed and small adjustments made.

A POPULAR PRIEST. Rev. Father Wedlock parish priest of Schomberg, was in the city yesterday, and dropped into The World office a few minutes. The reverend reports the outlook for the work of the church in that district as encouraging, and steps are now being taken toward the erection of a new building in the village.

NEW TEACHER FOR BRANTFORD. BRANTFORD, Aug. 5.—(Special.)—J. C. Thompson, for four years science and graded teacher at St. Thomas Collegiate Institute, has been appointed by the Brantford Board to succeed G. A. Robertson, now principal at Owen Sound.

TO INSPECT T. & N. O. The T. & N. O. Railway Commission will leave to-night on a tour of inspection of the road, going as far as Cochrane.

WELFARE OF THE PEOPLE RULES IN SUNDAY LAW

Attempt is Being Made to Rid Connecticut of the So-Called Blue Laws

HARTFORD, Conn., Aug. 5.—The house today passed in concurrence the senate bill liberalizing the Sunday law. By it the so-called blue laws relating to the Sunday and which forbid almost every form of recreation and all secular activity except such as are acts of necessity and mercy, will be wiped out.

The new Sunday bill defines the Sunday activities except such as are demanded by necessity and mercy and such as are for the general welfare of the community. The penal section provides both fines and imprisonment for violation. Under the words "general welfare of the community" the advocates of the bill admit that the courts must interpret the words.

WANTED AN APOLOGY

Woman's Reason for Attempting to Shoot Lawyer.

NEW YORK, Aug. 5.—Mrs. Neville Cartie, who has a difference of opinion with Mrs. William D. Craig as to whether she is the woman who shot but did not seriously injure last night at the Waldorf-Astoria, has pursued her or she him, found no mercy to-day in the man she says she loved. "I had no one else on her ball to-night. Craig refused to dismiss his complaint against her when she laid her hand on his shoulder in court and pleaded gently, 'Will, please drop it. Won't you?'"

TORE OFF YANKEE FLAGS

Motorist at Windsor Spayed Away and Had to Pay Fine.

WINDSOR, Aug. 5.—(Special.)—This was Windsor's Civic Holiday, and in honor of Old Boys attending the reunion a military demonstration was held at Wigle Park. Fully five thousand were in attendance. An exhibition run was given by Tom Longboat, who had led the Indians to the final prize by a local runner, the latter being easily defeated. At base ball, Windsor defeated Chatham 5 to 3.

ALDERMEN NOT LIKELY TO CHANGE ATTITUDE Sale of Cherry St. Property Will Probably Be Ratified at Special Meeting

The special meeting of the city council to ratify the altered terms for the disposal of the Cherry-street property will be held to the National Iron Co. week. The mayor had hoped to hold the meeting on Monday, but with the board of control scolding to the four winds, it is impossible to get the members together for a session to prepare a recommendation. Controllers Ward and Harrison are expected back from the west on Tuesday.

Portraits for City Hall. The picture gallery in the mayor's office was augmented yesterday by the hanging of portraits of John Shaw, M.L.A., and Controller Ward. Mr. Shaw was president of the city council in 1885, and mayor in 1897-98-99. In the case of the controller the rule which has heretofore been that a niche in the hall of fame is open only to those who have been "sure enough" mayors has been set aside, but the precedent established will allow the picture of John McMillan, president of the council in 1889, to be also hung along with portraits of ex-Mayors Urquhart and Cornworth, which have yet to join the gallery of notables.

THE FRENCH VIEW OF THE CZAR'S VISIT. Commenting upon the exchanges at Cowes between King Edward and Emperor Nicholas, the French press generally is of the opinion that the words of the British sovereign intimate that the operation includes scaling a wall with the aid of a temporary construction windowless; a leap from one roof to another; a climb down a ventilator shaft; and an escape thru a basement window.

20,000 Men Wanted for Western Harvesting. To meet the demand for farm labor in Manitoba, Saskatchewan and Alberta, special second class excursions will be run by the Canadian Pacific Railway from all Ontario stations. Cost of one way ticket to Winnipeg \$30, and from Winnipeg to points where laborers contract to work they will be carried without charge. After at least one month's work on the harvest field, a ticket back to Ontario starting point will be issued at \$18.00. Tickets are only good on farm laborers' special trains. Tickets will be issued to women, but no half-rate for children. First excursion leaves Toronto August 19th. Ask any C. P. R. agent for particulars.

Big Steel Plant For Mexico. MEXICO CITY, Mexico, Aug. 5.—A gigantic steel plant will be established in this city within the coming year by French and American capitalists. The outlay will be \$50,000,000. The steel will be made by a secret process.

Refund For Berries

In police court yesterday morning, John Todd, a fruit dealer, was ordered to pay \$1.50 to Mrs. Elizabeth Thompson, because a crate of berries she bought from him were so bad that she could only use 9 quarts. Magistrate Peniston suggested that Todd sue the dealer from whom he bought the berries.

Bedford Park Property Comes High - City Connection Does Little For West End.

NORTH TORONTO, Aug. 5.-(Special.)-Mr. and Mrs. Robert Drewry left yesterday for a two months' visit to the British Isles.

Councillor Murphy has greatly improved the appearance of his property at the corner of Glenwood-avenue and Yonge-street by leveling and grading.

A trip along Glen Grove and Glenview-avenues and all the north-western section of the town of North Toronto indicates to some extent the great onward march of building operations. Practically all the building sites along Glen Grove-avenue are sold, and plans for a number of elegant residences are now being prepared.

The North Toronto Golf Club are just completing a club house, which, when painted and fully completed, will present a very attractive appearance.

Little change was noted in the condition to-day of Councillor Parke. If anything, he is slightly improved.

As the time draws near for the holding of the second annual field day, the interest is intensified. Saturday afternoon will see a big crowd at the waterworks park if the weather is good.

A telephone message received to-day from R. G. Kirby, states that his son, who is at the Y.M.C.A. camp, is much improved.

The quarterly official board meeting of the Eglington Methodist Church was held to-night. The reports were encouraging.

That the late Thomas Dalziel came being accidentally struck by a Metropolitan car on Saturday, July 31. We, the jury, hereby ensure the motor-man for not blowing the whistle and the railway company for not equipping the cars with proper fenders.

This was the verdict arrived at by the coroner's jury into the town hall last night, after being out less than 10 minutes. Dalziel was struck by a Metropolitan car while crossing the track south of Aurora on Saturday.

BEDFORD PARK. McCormick Property on Yonge St. Brings Big Figures.

BEDFORD PARK, Aug. 5.-(Special.)-The sale of the McCormick property containing about 75 acres and lying immediately south of the Bedford Park postoffice on Yonge-street is reported.

While the price paid is not definitely stated, it is known that Mr. McCormick had previously refused an offer of \$35,000 for the property. The farm is sold to a city man and it is understood will be subdivided into building lots and placed on the market in the near future.

FARMERS' DAIRY. The Farmers' Dairy, recently organized, and for which a charter was applied for and granted, has now secured a splendid site at 367 West Queen-street, and as soon as the necessary plant and machinery is installed, which will be probably early in September, active operations will begin.

The capital stock of the company is \$50,000, and of this enough has been taken up by the farming community to ensure abundant resources.

Great interest locally in the city centres around the establishment of the Farmers' Dairy, and with a splendid executive, good management, moderate prices and the milk supply coming from the best farms in the county, the success of the Farmers' Dairy is assured.

A meeting of the directors will be held in their new offices, 367 West Queen-street, on Saturday.

STEELER'S CORNERS. Jay H. Fulton of York Mills has bought from John Steeler the house erected by him to the north of the hotel some years ago, but never occupied.

The house is a well-built three-story brick, contains 14 rooms and is being placed in first-class shape. Mr. Fulton will, it is said, remove here as soon as the improvements are completed.

ERINDALE. ERINDALE, Aug. 5.-A garden party under the auspices of St. Peter's Anglican Church will be given on Saturday evening, Aug. 7, on the grounds of Alfred Adamson. Among the artists who will be present and assist on that occasion will be Bert Harvey and Eddie Elliott. Port Credit Brass Band will be present and a number of local artists will also assist.

EAST TORONTO. The Toronto fire department, have installed a new fire alarm box at the corner of Danforth-avenue and Dawes-road. This will be convenient to residents of East Toronto.

A meeting was held to-night at the Y.M.C.A. building, corner Gerrard and Main-streets, East Toronto, when the Women's Auxiliary of the Y.M.C.A. appointed representatives to attend to the different refreshment booths that they will have on the big day on August 25. A large number were in attendance.

Miss Reta Hewitt is spending a few days with her friend, Miss Isabella Abbott of Danforth-road, East Toronto. Mrs. Helen Donahoe, and several other friends in Toronto this week.

Dr. and Mrs. Britton of Danforth-avenue have returned home from their summer vacation at Lake Simcoe, Muskoka.

All the goods and chattels of the Moran House were disposed of at auction Tuesday afternoon. The Moran House was one of the hotels the

Thomas Empringham, a farmer in the upper end of Scarborough, while raking in his field, slipped from his seat sustaining severe injuries from the wheels, which passed over his body. He is in a precarious condition.

BRACONDALE. BRACONDALE, Aug. 5.-(Special.)-This morning Zion Methodist Church, St. Clair-avenue, Horace Jordan was united in marriage to Miss Alice Lanekin. The ceremony was performed by Rev. C. W. Pollett. The young couple left for a three weeks' honeymoon trip down the St. Lawrence.

WEST TORONTO. WEST TORONTO, Aug. 5.-Frank Sinclair, a brakeman, narrowly escaped serious injury to-day, when stepping from one car to another the engine moved ahead and the coupling giving way, he was thrown to the ground. Sinclair was taken home in a cab. It will be several days before he will be on duty again.

Several lacrosse sticks and sweaters were stolen last night from the Shamrock's dressing rooms.

From all appearances connection with the city water system is going to develop into a "white elephant," so far as pressure is concerned. The 12-inch main along Dundas-street was connected with the West Toronto mains at Keele-street at 3.30 this afternoon, thus allowing the full strength of the city pressure to augment that of the local pumping station at Swanes. At 7 o'clock to-night, in spite of all these improvements, the gauge in the police station recorded the magnificent pressure of 18 pounds. Enquiry at the pumping station brought the information that the high pressure gauge was 50 pounds, and the pressure for ward seven 40 pounds. The engineer said so much water was being used in West Toronto for lawn sprinkling that in the evenings it was impossible to keep up a normal pressure. Six-inch water mains were completed to-day on Fairview-avenue, Drury-street and Humboldt-avenue. Fire hydrants are being put on all streets supplied with a six-inch main.

Dorothy, the infant daughter of P. C. Gooderham of the ward seven police force, died this morning at 860 Ossington-avenue. The funeral will be held at 2 p.m. to-morrow to Prospect Cemetery.

The customs receipts for the port of West Toronto for July amounted to \$15,848.91, an increase of \$7540.35 over July of last year.

the pavements. Troops endeavoring to enter the Gracia quarter met with fire from snipers hidden in the buildings in the Calle Salmeron, the defenders of which were only dislodged by artillery at the upper end of the Paseo.

Stormed Convents and Churches. In the afternoon and evening mobs stormed the convents, schools an ever churches in all parts of the city. The captain-general's escort, when inspecting the Paralelo quarter, was fired upon from barricades in the Calle Blay and upper balconies in the Calle de San Pablo. Infantry and cavalry scattered the revolutionists, who were withdrawn. A night of terror followed. Fires were blazing everywhere.

On Wednesday the entrance of new troops, who obeyed the drastic orders of the captain-general to fire on all groups, coupled with the voluntary yielding of the Republican element, which feared anarchistic dominance and was repelled by the wholesale incendiarism, caused a collapse of all serious resistance, but not until after hard fighting, artillery fire and cavalry charges.

On Thursday and Friday there was a desultory resistance from house-tops in the suburbs. Prisoners were made. Organization was lacking among the revolutionaries. Incendiarism continued in some parts.

On Saturday the wise decision of manufacturers and employers to pay their employees for the last week reduced the temporary security. Shops began to open.

On Sunday carriages and tram-cars were run without obstruction to outlying parts, and the work of repairing the railroads was begun. The city. Since then conditions have been normal, but 9000 troops occupy the city.

Nure Bodies Mutilated. I saw the mortuary containers of Anarchists, where embalmed bodies of nure were torn from their niches, paraded in the streets and mutilated in an unspeakable manner. I heard incredible stories about the Jesuits, who defended their monastery but were overpowered. No sympathy is expressed for the religious bodies. The only thing regretted seems to be the sacking of the churches.

Conservatives are divided in opinion as to the outlook. A revolution is possible, for the events of the last week have proved that the people were moved by conviction, as there was no private looting, since there was no lack of opportunities; and there were no critical acts. Even the anarchists seem to have had principle in sight.

The Catalans are serious, determined and unsubdued and are divided only as to means, not as to their end.

There are three possible sources of a renewal of the outbreak. The calling up of conscripts, which was done on Friday but has been postponed; a new disaster in Morocco, or the punishment of the prisoners, more than 5000 of whom are in the fortress at Montjuich.

The military favor wholesale shooting, but all well-informed inhabitants of Barcelona agree that such action would precipitate another revolution.

Bigly Team Nears Home. MONTREAL, Aug. 5.-(Special.)-A wireless message received here to-night from Captain Fairfull of the row, gives the following members of the Bisley team as being on board: Mercer, Jones, Gougeon, Russell, Morris, Stock, Bayles, Mortimer, Blackburn and Bloomfield. Captain Fairfull also adds: "All well, delightful passage."
