Hon. Alex. Mackenzie, M.P., Ex-Prime Minister of Canada, President.

The Semi-Tontine Return Premium Plan.

Provides that should death occur prior to the expiration of the Tontine period, the whole of the premiums that may have been paid will be payable with, and in addition to, the face of the policy—thus securing a dividend of 100 per cent. on the premiums paid, should death occur during said period.

The Commercial Plan.

The large number of business and professional men who have taken out large policies on the Company's Commercial Plan, show the demand for reliable life insurance, relieved of much of the investment elements which constitute the over payments of the ordinary plans, is not confined to men of small incomes, but exists among all classes.

It is the best plan for those who want insurance only, and the easiest for agents to work. This Company's Policies are printed in clear large type, in plain, simple language, and are as liberal in their conditions as it is possible to have them, consistent with safety and equity to the policy holders generally.

Observe the following points, viz :—

(a) The Policies are indisputable after three years from date of issue.

(b) Travel without permit in any part of the world will not invalidate the Policy, which becomes subject to an extra premium only where an extra risk is incurred.

(c) Surrender values are allowed upon its ordinary and Semi-Tontine Policies after they have been in force three years, either by Paid-up Policies or in Cash; Loans are made on such Policies after being in force three years.

(d) The age of the insured will be admitted at any time by the Company on reasonable proof, but if not so admitted, any error in the age will not invalidate the Policy.

Beg to call the attention of the trade that to the combined efforts of expert Departmental buyers, going to Britain twice a year, and a resident staff there, they are enabled, by watching the home markets thoroughly, to contract and purchase lines of goods not obtainable elsewhere.

They can confidently assert that no house in the Dominion has elaborated and systematized their business to such an extent as they have. The effect and consequence are that year by year the trade constantly and uniformly increases.

The stock is always large, varied and constantly supplemented by new purchases of the latest novelties and value.

They Solicit an Inspection at all times.

Letter orders, or orders through travellers, receive prompt and careful attention, but personal inspection is solicited.

THE BEST IRONING TABLE AND SHIRT BOARD COMBINED.

Took First Prize, Toronto Exhibition, 1887.

PAT'D AUG. 9th, 1887.

Why has this Board so many advantages over all other Boards?

Answer—No more bother on Ironing days; you avoid all trouble having to clear table to get meals. If you get one of these tables you can do your Ironing while the meals are cooking and save the price of your table in fuel. You can move your table wherever it is cool for Ironing, and not be roasted over your fire for half a day as you do when you use the kitchen table or other kinds of Ironing tables.

It stands on its own feet, not requiring the use of another table to support it.

It is steady, not like other tables, rickety.

If you wish to iron, this Board is easily movable and ready at a moment's notice.

MORE REASONS IN ITS FAVOR.

1st.—It has a stretcher to draw the bosom of a shirt tight.
2nd—It has an Iron-stand for holding the Irons.
3rd—It is easily adjusted to three different heights.
4th—It is durable and light.
5th—It is always ready for use.
6th—It gives universal satisfaction.
7th—It is the most convenient article ever brought into a house.
8th—Every well regulated family should have one.
9th—It is upholstered and trimmed neatly around the edges.
10th—It is all ready for use when delivered.
11th—It is the best article ever offered to the public, for ironing Ladies' Skirts, Gentlemen's Shirts, and all other laundried goods.
12th—Can be used as a cutting and basting table. We make them with square corners for camping and sewing; 22 ins. wide by 4 feet long. For paper-hanging—22 ins. wide by 6 feet long, or all other table purposes. Size of Ironing Table, 16 ins. wide, 4 feet 6 ins. long and 32 ins. high.
13th—After using it can be folded up and put away, occupying but a small space in a closet.
14th—We can furnish them with stretcher or without.
15th—Lastly, the price is within reach of all.

Fifty Dollars reward to any person knowing any one infringing on the patent right.

McCarron House, cor. Victoria and Queen Sts., City.

Mr. Meadows:

Dear Sir,—The Kelly Automatic Water Closet you put in my hotel in the fall of 1886, has given me perfect satisfaction in every particular. It has been thoroughly tested, being used on an average fifty times a day, and has not cost me one cent for repairs, or one moment's annoyance of any kind. I can conscientiously recommend it as the cleanest, most perfect, and in the end the cheapest closet in the market.

Yours respectfully, MARTIN McCARRON.

1870—PROGRESS—1887.

THE BUSINESS OF THE COMPANY

for the year 1887 has been in every way satisfactory, showing in all its essential features a continuation of the steady progress which has gone on from its inception in 1870 up to the present time.

Compared with the two preceding years, the following items of last year's account show up to good advantage:—

The business of 1888 shows in every respect a STEADY AND HEALTHY GROWTH and an ADVANCE ALL ALONG THE LINE.

The "Ontario" being the only Canadian Mutual, is the people's Company, giving the largest amount of Assurance for the least cost.

The annual surplus dividends to the credit of the members rapidly increase, and soon render the policies self-sustaining.

LIBERAL CONDITIONS OF POLICIES:

1. Guaranteed surrender values in cash or paid-up insurance.
2. One month's grace for payment of premiums.
3. No restriction on travel or occupation.
4. Policies indisputable after three years.
