REGULAR VISITS BY NOTED SOLDIER

Canada and Australia in Proposal in Lords

GOOD RESULTS SEEN

Commander-in-Chief of Mediterranean suggested as Best Man for Project—Satisfactory Conclusion in Canadian Copyright Reached at Empire Conference—Notes Over Cable

Times' Special Cable.

London, June 14—In the House of Lords yesterday Lord Lucas in connection with Lord Kitchener's refusal to command the Mediterranean said that so much benefit to the dominion forces was anticipated from the recent visit of Kitchener to Australia and General French to Canada that it, as a result of the next colonial conference, visits to the dominions for the purpose of inspection and advice in military matters could be made more or less systematically by an officer of high rank and distinguished military service, the government believed it would produce most useful results. If this should be agreed to the most appropriate officer to carry out the duty would be the commander-in-chief of the Mediterranean.

Lord Lansdowne remarked that he could imagine nothing more unfortunate than that the Canadian and Australian governments should read this proposal for the first time in the public press.

Lord Lucas said that the governments of Canada and Australia would certainly be consulted before anything was decided.

There will soon be issued £200, 4 per cent debentures of the Dominion Copyright and Lumber Co., Limited, of British Columbia. The price will be 85.

The Winnipeg strike will compete in the Walton regatta.

The subsidiary conference on copyright was resumed today. It is understood that in regard to copyright within the empire a satisfactory conclusion has been reached in respect to Canadian copyright, which hitherto has proved an embarrassing factor in all similar negotiations.

The committee of the Codrus Club has placed on record their sense of the great loss the club sustained in the death of Goldwin Smith, who was a member of the club from its foundation and the author of its motto "free trade, peace and good will among the nations." The resolution states that, through his long life he was a strenuous advocate of the policy embodied in the motto.

The Imperial Pioneers are to be organized on a permanent basis. At a meeting at the United Empire Club a council was elected representing British, Canada, Australia, and South Africa to lead a new organization which will be called the Imperial Mission. A campaign has been arranged for the summer and autumn.

The Thomas Rowing Club lunched the Winnipeg crew today in the clubhouse at Putney. Midway through the luncheon a kindly telegram was received from the king wishing the crew success and a pleasant stay. The crew had a seven-mile race this morning and shaped very well. The new boat suits nicely. Sims is making some slight alterations, to suit the individuals of the crew.

The king's message gave the Canadians great gratification. Kelly immediately sent a loyal reply. Cogswave, the Canadian sculler, was also present.

Midweek beat Somerset at cricket today by one inning and 122 runs.

London, June 13.—Hon. Reginald McEnea, speaking at Pontypool, declared it was his belief that a true should reign, but although there was a true the Liberal party "do not, and cannot abandon any matter of principle ere they have set the seal of their approval."

It is anticipated that General Jan Hamilton will be appointed commander-in-chief of the Mediterranean forces.

BOARD OF HEALTH IN SESSION TODAY

An important meeting of the board of health is being held this afternoon. Several matters of interest will be dealt with. Dr. G. G. Melvin, health officer, will meet the members of the board officially and it is probable that his duties will be more definitely defined.

Several citizens have been summoned to attend the meeting and explain their reasons for disobeying the health board's ordinance in regard to having proper sewage facilities on their premises. Some milk dealers also will be called upon to give excuses for not having secured licenses.

The number of milk licenses issued last year was 91, but this year, even at this late date, only thirty-two have been taken out. In some cases the milkmen have not secured their licenses, owing to the fact that their herds have not yet been inspected, but the veterinarians are proceeding with this work as speedily as possible.

"In the interest, therefore, of religion, and of the pastor and people, I deem it my duty to recommend Rev. Father Lennon to ask to be relieved from the burden of his parish, and I, on my part, as bishop of the diocese, guarantee that as soon as he will do so, I am prepared to provide for his support by setting aside for him not only the maximum allowance from the parish's infirm fund, but also supplement the same as generously as need.

PLEASING INCIDENT

J. D. Phinney K. C. at Court in Fredericton Refers to His Honor's Jubilee—Chief Justice Makes Reference to King's Death

Fredricton, June 14—(Special)—After the regular business of the supreme court in appeals today, J. D. Phinney, K. C., said that he had learned during the forenoon that this was the fiftieth anniversary of the admission of the chief justice to the bar. It was felt that the occasion should not be allowed to pass without some recognition and on behalf of members of the bar he had pleasure in extending hearty congratulations to His Honor. He spoke of the kindly relations which had ever characterized His Honor's relations with the bar and complimented him on the successful way in which he had administered the court since his election to the office of chief justice.

The chief justice, in reply, said that he greatly appreciated the kindly remarks of Mr. Phinney. Looking back over the long period of fifty years which had elapsed since his admission to the bar, he was impressed with the fact that he had always received the greatest kindness from members of the bar and he trusted the same pleasant relations would continue to exist. He wished, through Mr. Phinney, to convey his hearty thanks to the bar of the province for their congratulations and good wishes.

Refers to King's Death

The court opened with all the judges and a number of barristers in attendance. Before any business was taken up, Chief Justice Barker spoke of the death of King Edward VII. He said in part: "Since the loss of our sovereign whose other of British kings has been called away by the Great Ruler of all, by whom kings reign and princes decree justice. Only a few years have passed since we were called upon to place on the records of this court an expression of our deep regret at the death of Her Late Majesty Queen Victoria. During her long reign she had won all hearts by her kind and Christian character and by her queenly dignity. She passed away beloved at home, revered abroad."

"But nine years have gone since, on her death, we took the oath of allegiance to the crown and swore to open the book again and write in it how deep, in common with all his subjects we mourn the loss of our sovereign whose sudden death brought a feeling of desolation to those who were his subjects and of genuine regret to the civilized world."

BADLY HURT ON STEAMER AT CHATHAM

William McAusland Falls From A Platform

SKULL FRACTURED

Head Strikes Violently Against Side of Steamer—Injured Man Taken to Hotel Dieu But Recovery is Doubtful—Last Night's Boxing Bout

Chatham, N. B., June 14—(Special)—William McAusland, better known as "Scotty," was seriously injured this morning while working in a coal steamer at the Plant of the Dominion Pulp Company. He was on a platform handling the bucket and stepped off the end of the platform. He fell twenty feet, struck the side of the vessel on his head and fell into the water.

He was rescued with a great deal of difficulty and taken on board the ship and Dr. Byrne found that the plate of his skull had been broken, he had been terribly cut in the head, had cuts on the cheek and neck and that one shoulder was badly injured. He was unconscious for some hours. He is now at the Hotel Dieu, but his recovery is doubtful.

In a sparring exhibition last night, there were two preliminaries of three rounds each, after which Billy St. Clair ("Billy Rhodes") and a young fellow named Kid Bristol, late of Moncton, were pitted against each other for ten rounds. The bout ended in the fifth when Bristol, on the verge of a knockout, was obliged to give up, being unable to face a shower of uppercuts.

JOE GANS NEAR DEATH

San Francisco, June 14—News comes from Phoenix, Ariz., that Joe Gans, former lightweight champion is near death from tuberculosis. He was asked to write a story of the Jeffries-Johnson fight and was offered liberal terms, but a letter came from his doctor saying he was not in physical condition to stand a long journey to San Francisco.

Consumption had made rapid strides since Gans arrived in Phoenix and the climate did not seem to help him as he had remained too long in Baltimore before trying a change.

TWO HUNDRED LOSE THEIR LIVES IN FLOOD

Valley of River Air Swept and Fearful Destruction Caused—Fifty People Die in Collapsing of One Bridge

Colonia, Guyana, June 14—It is estimated that 200 persons lost their lives in a flood that swept the valley of the river Air in the Elford region. Eighty-seven bodies had been recovered today. Three were found along the river banks today. They were drowned on the left bank of the river. The flood subsided yesterday.

A report received here today says that fifty lives were lost at the village of Schals when a bridge, crowded with persons watching the turbulent waters, was carried away.

Throughout the Air Valley only one bridge is left standing. The floods were caused by a heavy rain that had continued for several days, causing the river Air to break its bounds. There was a cloudburst on Sunday night and the waters choked the valley, drowning every living creature and causing immense monetary damage.

Two barracks, in which Italian and Croatian laborers were housed, were swept away and their occupants, who were in bed, were drowned. The railway was washed and several villages destroyed. Lightning, which accompanied the rains, did much damage. The flood subsided yesterday. There is much distress among the peasants of the valley who have survived, most of them have lost their possessions.

Governor of Island One of Those Who Perished When the Vanherdt Was Wrecked

Willemstad, Curacao, June 14—The government schooner Vanherdt has been wrecked on the northeast of Curacao. The captain, crew and passengers, with the exception of four sailors and one passenger, were drowned. The schooner was bound for the island of Bonaire.

The Vanherdt was bound for this port from Bonaire, a Dutch West Indian island on the Venezuelan coast, thirty miles east of the island of Curacao. She struck during the thick weather of Sunday. News of the disaster was brought by the survivors.

The Vanherdt was a small craft engaged in the inter-island traffic of the Dutch Antilles. Her passengers were residents of the islands.

JEFFRIES WILL NOT GIVE OUT HIS WEIGHT

Johnson Within Half Dozen Pounds of Fight Figure—\$150,000 for Picture Privileges

Ben Lomond, Cal., June 14—A period of daily boxing expected to extend over two weeks has been begun by Jim Jeffries. Only Jeffries and his trainers know the former champion's weight and that is the one subject upon which they refuse to give out information.

Experts place it at about 220 pounds, but all agree whenever Jeffries weighs, he is not carrying an excess avoirdupois.

San Francisco, June 14—Johnson is understood to be expected to reach at this stage of his training. He is within half a dozen pounds of the figure at which he defeated Sam Langford next Saturday. Langford says he is ready to cover the bet.

The board of public works has come to the relief of promoters Rickard and Gibson by announcing that owners of tall buildings overlooking the big arena where the Jeffries-Johnson fight is to be staged, will not be permitted to use their roofs as "auditoriums" for large crowds.

A moving picture concern has made an offer of \$150,000 it is said, for the fight picture privilege.

WATER FILTER MAN DECIDES TO QUIT TOWN

For the past two weeks an agent named Morris Lerner has been going about town selling water filters charging 15 cents each, although he claimed that they were worth \$2 at least. He was reported as having no license by Policeman Lucas. In court this morning he decided that this city would be too costly a field to work in, if he had to procure a license, so he took advantage of the alternative given him and said he would leave town.

A fine of \$2 was imposed on Morris Lerner, a coachman for Samuel Seider, and he was also instructed to get a license. He was reported by I. C. R. Policeman Smith for going beyond the stand allotted to hackmen at the Union depot, and while he admitted the charge, he said that he had gone from a woman who had taken passage in his coach. Smith, he said, shoved him out three times.

The policeman said that the man had got his passenger inside the railing, over twelve yards, although he had been warned not to come inside.

Fredricton, N. B., June 14—(Special)—Guy S. Miles, aged thirty-three, son of George A. Miles, met with a tragic death under most peculiar circumstances at his home in St. Mary's, last evening.

He had been working in the garden when a heavy squall, accompanied by a copious downpour of rain, came on with scarcely any warning. Drooping his hands, he started to run for the house, but before he reached it, he was struck by a large maple tree which was blown down by the gale and was pinned to the ground.

In this position he was discovered by his sister a few minutes later, and although he grasped her by the hand he was unable to speak. He died about an hour after the accident occurred.

Mr. Miles was thirty-three years of age and unmarried. His tragic death has cast a gloom over the community and much sympathy is felt for the bereaved family. Besides his parents he leaves two brothers, Jack and James, and three sisters, Mrs. B. D. Bramcombe, Missa Belle and Pauline.

Some of the American railroad builders in Alaska have been enforcing a rule that only white men can work for them, all nationalities being excluded except laborers from Northern Europe, America, Australia and New Zealand.

The Evening Times and Star

ST. JOHN, N. B., JUNE 14, 1910. The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH

THE G. T. P. AND ST. JOHN

The announcement is made that President Hays of the Grand Trunk Pacific will visit St. John within the next two weeks, to inspect the company's terminal site at Courtenay Bay and that it is the intention of the company to operate its line in New Brunswick as soon as completed. It is also stated that the section between Chipman and St. John, to give a more direct line than the via Moncton, will be constructed in the near future.

THE RUBBER SUPPLY

The production and price of rubber are just now questions of great interest throughout the world. Two reasons are given for the remarkable advance in rubber during the past two years. One is the abnormal demand for rubber to provide tires for motor cars, the other is the wild speculation in rubber shares in England. There have been rumors to the effect that the supply of rubber was being restricted and the output from that region will steadily increase. Then the production of rubber in India is increasing, as well as that in Africa. It is stated that in Mexico, also, there will be a rapid increase in production of rubber from a shrub known as guayule. A Frenchman is credited with having invented a process by which high-grade rubber can be produced in large proportions from this shrub. The whole tenor of the information received by the Motor Age is to the effect that there are immense sources of crude rubber as yet unexploited, and one authority quoted expresses the opinion that, despite the increased and increasing demand for rubber, there will be a decline in price when the wild speculation in London has run its course to the inevitable collapse.

THE GUILD HALL SPEECH

Those critics who have been charging Mr. Roosevelt with a breach of hospitality, in the references in his Guildhall speech to Britain in Egypt, have discovered their mistake. Sir Edward Grey, the British foreign secretary, not only states that Mr. Roosevelt courteously submitted to him the substance of the remarks he intended to make, but Sir Edward cordially approves of the speech as the greatest compliment to the work of one country ever paid by a citizen of another. Sir Edward Grey's statement, however, may sharpen the knives of Mr. Roosevelt's political enemies in the United States. Heart, for example, has asserted that if Roosevelt is right about Britain's right to rule over the Egyptians, then Washington and Jefferson were wrong. However, the ex-president is not likely to be disturbed by criticism. He is something of a critic himself.

A RELIGIOUS PROBLEM

At the Presbyterian assembly in Halifax a few days ago, the Rev. Charles W. Gordon made an appeal for the home mission fields in the west, and said that in the next five years from 800 to 1,000 more men

would be required to overtake the work there. He charged that the theological colleges were not doing their work.

In this connection, an interesting article in The New York Evening Post states that the average annual salary of a minister in the United States is \$963. Circus acrobats earn from \$50 to \$200 per week. There is a clown in New York who earns \$10,000 a year, and another \$600 per week. The comparison is striking. It will not be claimed of course that the salary is the chief inducement for young men to go into the ministry, but it is fair to assume that a living salary is desired. An estimate covering various denominations in the United States shows that the average salary for ministers in cities of 30,000 people is \$1,223 per year; in cities from 100,000 to 300,000 people, \$1,100; in cities of 50,000 to 100,000 people, \$1,083; in cities of 25,000 to 50,000 people, \$972; and for the area outside of cities of 25,000 people, \$773. The man who is expected to raise his family in comfort, giving his children an education befitting his station in life, and to meet all the calls that are made upon the purse of a hard working minister, at even the largest of the salaries named as an average, might well be forgiven if he made up his mind to choose some other avocation.

The Toronto World however sets out another view in explanation of the failure of young men to go into the ministry. That journal gives as the chief reason the divided platform of modern Christendom, and declares that so long as the divisions exist the people generally will not offer themselves for the battle of creeds and dogmas. The solution, it claims, lies in church unity, and it claims further that if the churches appealed unitedly to the public on the points about which they are agreed, and ignored the others, the whole question of union and the evangelisation of the world would be simple and easy. Surely, intellectual, cannot be so insupportably apportion the vineyard among themselves. We quote one very striking paragraph on the World's article.

"The people are very sound at heart. There is no difficulty in getting workers, or in getting funds, where the possibility of good results is to be found. But Tom Brown and William Jones and John Robinson, who have been good friends at college, do not see the wisdom of going out to a little town of two or three thousand people and settling down to fight each other for the rest of their lives, or until they are removed to another sphere to fight some other good fellows. In the battle for the truth the good fellows must get together on one side. If they are to fight in opposition they prefer to do it in company, where there are tangible results for all. It is not that they want tangible results. The mission field shows that. Other religions show it also. The Buddhist holy man asks no salary. He is willing to work for his lord for his life and all that he has for the Holy Spirit of Siva. It is absurd to say that western young men are not less ready to give themselves for their Master than the young men of Ceylon or of India."

At the meeting of the Playgrounds Association of America, in Rochester, a few days ago, the delegates reported growth in every part of the continent, not only of the playground movement, but that for the improvement of adults as well. In some cities, what are called neighborhood centres, have been formed, the adults of different sections using the school for social purposes. Strong feeling was expressed against the interference by the police with children playing with soft balls on the streets. The president went so far as to advocate the erection of testers and other amusement devices for children on the boulevards of streets where it was found possible to do so.

COMRADES

At morning when the march began And Hope's strong eagle waved her wing, Through banks of flowers the pathway ran, Beneath the blue sky of spring. Our hearts were glad, our faces gay, We trod the slopes with careless glee, And through the hill-gaps, far away, Hailed the blue splendor of the sea. We knew no peril, felt no fear, Nor thought how swift the moments pass; The sighing pines we did not hear, Nor our own footsteps on the grass. But day wears on, and night is near, Gray banners mingle with the gold, Our ranks are thin, our faces drear, The sky is dark, the wind is cold; We hear the moaning of the waves Of that great sea toward which we tend; Our thoughts are in the way-side graves, And on the solemn journey's end. No more we hear the joyous cries Of school-boys returning to their homes; The light has faded from our eyes, The music of our youth is still. —From the Poems of William Winter.

THE BOY WHO FORGETS.

I love him, the boy who forgets! Does it seem such a queer thing to say? Can't help it, he's one of my pets; Delightful at work, or at play, I'd trust him with all that I own. And know neither worries nor frets; But the secret of this lies alone. In the things that the ladie forgets. He always forgets to pay back The boy who has done him an ill; Forgets that a grudge he owes Jack, And smiles at him pleasantly still. He always forgets 'tis his turn To choose what the other shall play; Forgets about other's to learn The gossiping things that "they say." He forgets to look sulky and cross When things are not going his way; Forgets some one's gain is his loss; Forgets, in his workman's, his play, So this is why I take part; Why I say he is one of my pets; I repeat it with all of my heart; I love him for what he forgets! —St. Nicholas Magazine.

The Evening Chit-Chat

By RUTH CAMERON

I HAD argued with the Very Clever Man on a certain subject, and had almost—maybe quite—gone down before the powerful battery of his information and eloquence.

He seemed very deeply in earnest about it. It pleased me. I like to see clever people in earnest. And then the next day I happened to be near a group of which the Very Clever Man was one, and overheard the same subject being discussed, and to my absolute amazement and disillusionment the clever Man was taking the opposite side.

Why disillusionment? Hadn't he a right to take either side? At least, not to my way of thinking. It is all very well to use argument as a series of mental gymnastics in a debating club, but I think when men and women are discussing vital subjects, it behooves them to have vital convictions and not play puss-in-the-corner with their beliefs.

Of course I believe in open-mindedness. I believe a man should take both sides of a case. THOROUGHLY before he makes up his mind and takes his stand, but once having taken it, he should never retreat from it unless he sees some good reason for changing his ideas on the subject.

I thought perhaps the Very Clever Man had changed his mind, though I think it more probable that he had changed change—but when I asked him about it, he refused to accept that loophole of escape.

"Oh, no, I hadn't changed my mind," he insisted, cheerfully, "I'll take any side of any question for the sake of an argument."

That seems to me almost like dening your country. I suppose I'm absurdly prejudiced, but I think when men and women are discussing vital subjects, it behooves them to have vital convictions and not play puss-in-the-corner with their beliefs.

And now, though you may think I'm splitting hairs and making mountains out of molehills in my protest against those versatile arguers, maybe you'll be impressed by a protest from a wiser mind.

Says William Penn, in his quaint, but shrewd way: "Don't use thyself to dispute against thine own Judgment, to show Wit, lest thou prepare thee to be, not for more Trial of skill; since to inform or to be informed, ought to be the End of all Conferences."

DEAD IN MONTREAL OF DOUBLE INTEREST

HERALD DISASTER AT LEAST TWENTY-NINE

It Reports a Remarkable Cure of Kidney and Bladder Disease From Belleville, Ont.

Also Recalls Mr. D. M. Waters' First Purchase of Dr. A. W. Chase's Kidney and Liver Pills and Glintment a Quarter of a Century Ago.

When you read this letter you will readily understand why it is of special interest to us, for the druggist who sold the pills in this case gave his first order in 1865.

For twenty-five years Mr. Waters has watched the growth of Dr. Chase's Kidney-Liver Pills and other medicines from their first introduction in Belleville and vicinity resulting from his recommendations of these well known medicines.

If you are tired of experimenting with other medicines which have proven to be of no use, broken only by the kidneys and liver! Let this letter convince you or send us for records of hundreds of other cases.

Mr. Mark Otrey, Bay Side, Ont., writes: "I purchased two boxes of Dr. Chase's Kidney and Liver Pills from my druggist, D. M. Waters, Belleville, Ont., and the amount of satisfaction I have obtained from their use is beyond my druggist to send you this letter."

"Mrs. Otrey suffered considerably with kidney and bladder disease, and after a bad cold. After taking a few boxes of Dr. Chase's Kidney and Liver Pills, when she had used the two boxes she was entirely well."

The delicate, direct and specific action of Dr. Chase's Kidney and Liver Pills on the liver, kidneys and bowels enables them to be used in the most complicated cases. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

THOS. STOTHART AND OTHER TEACHERS RESIGN

At a meeting of the school board last evening, it was decided to close the school on June 24 because of the teachers' institute meetings in the last three days of the month. There will be sessions on June 18 and 19.

Frances Trainor, Shelia; Etta V. Pooler, Carrie J. Reynolds, Annie E. Parks, Ethel G. Brown, Bessie A. Fullerton applied for positions on the teaching staff. Miss Jean Scott was given a year's leave of absence without pay. Alfred E. Maister applied for a situation as janitor.

Basie M. Wilson, primary grade Douglas avenue; Ethel Emery, Dufferin school and Thomas Stothart, principal of Winter school resigned. The secretary was instructed to write Mr. Stothart a letter of appreciation of the appreciation of the board of his long and faithful service.

L. P. D. Tilly, Mr. Gill and the clerk, man and secretary were appointed to confer with the Y. M. C. A. about the High school and the association building.

Mr. Puller's account with the board was left in the hands of the buildings committee.

R. P. & W. F. Starr were given a coal contract at \$5.83 for hard and \$3.70 for soft. Robt. Seely will supply Albert school, Carleton, at \$3.80. Mr. Williams, Winter street school janitor was given an increase to \$40 a month. Several minor matters were disposed of.

The secretary's report for the month showed enrollment of 1,282 with a daily average attendance of nearly 5,752. The trustee officer's report was 61 boys and 29 girls irregular in attendance and four truants.

Mr. Stothart gave faithful and efficient services for forty-three years in the public schools of the city. He is a native of Welford, Kent county, but after graduating from the old province training school and teaching for a time in the country, came to this city.

Charles K. Hamilton, the aviator, made the return trip from Philadelphia to New York yesterday in an hour and thirty-six minutes, at an estimated average speed of 24.96 miles an hour, which breaks the record made by Curtiss' flight from Albany to New York.

FARMERS FALL VICTIMS TO CONFIDENCE MEN

Ottawa, June 13—Two "men" from France visited the Byward Market on May 29 and there met Memasse Deveau, a farmer of East Templeton, and his son. The two were making an assiduous search for the bankrupt and the hospitals, and this fact they confided to Deveau, adding that a late brother of theirs had recently died and left \$80,000, of which \$50,000 was meant for charitable purposes. They required two executors to manage affairs for them and, looking over Deveau and his son, who was with him, they decided that these were satisfactory men.

For the work they would give them \$500 each, but the two first required some security. Deveau told them that he had \$500, which was put into an envelope, and to Parliament Hill. Here the two gentlemen produced a box, inside which was a spiritus for which was wrapped the \$5,000. Deveau looked through a hole and as the handle was quickly turned he swept the money flying round in the box. He then handed the two Frenchmen the box which was put into an envelope, and then put into the mysterious box, which was handed to Deveau with orders not to open it for several days. Days passed and Deveau got tired of waiting and opened the box, which was filled with waste paper. The Deveaus went to the police.

It has just been learned that the two confidants went to Hull and repeated the trick, but were fortunate in gaining only \$150. The police have a description of the men and are making diligent search for them.

BAPTIST CHURCH AND PARSONAGE ARE BURNED

The Baptist church and parsonage at Hillsboro, Albert county, were burned to the ground yesterday. At one time it looked as if the whole town were to be destroyed. Willing hands succeeded in saving the furniture from the parsonage but nothing was got from the church. Dr. Ross, the pastor, and the town hall were on fire several times.

Two years ago the church was removed and finished in first class condition. Two years ago the Baptists installed a \$2,000 pipe organ and this was also destroyed. The fire originated in the church basement. It is supposed, from a spark smouldering since yesterday, when a woman lit a fire in the church. The church building and contents were valued at \$18,000 and the parsonage at \$5,000, and this was also destroyed. \$5,000, there was \$3,000 on the church, \$1,000 on the organ, \$1,000 on the parsonage and the rest and above this was \$12,000 or \$13,000.

Fire in a brick block in Parrboro yesterday did considerable damage to the stock of A. E. McLeod, tailor; Dr. J. C. McDougall, specialist; Dr. S. S. Harvie, dentist; and the Canadian Bank of Commerce.

FOR THE KIDNEYS

A Guaranteed Treatment. Money Back if It Fails.

Kidney diseases are more prevalent than is generally supposed, and are not always recognized as such. What was at first but a slight derangement of the kidneys often results in migration, rheumatism, anaemia, chronic and very painful headache, neuralgia, eye weakness, and other diseases of a most aggravating type. Therefore it is highly important and absolutely necessary that the kidneys and the urinary system be kept in an active and healthy condition.

After a thorough experience with the most successful forms of kidney treatments I am confident that the one remedy which surpasses the most desirable, safe and efficacious curative qualities, so necessary to the successful treatment of kidney diseases in general, is Resall Kidney Remedy.

I am so positive that Resall Kidney Remedy is successful, and that it will do all I claim, that I will sell it with my own personal guarantee, that it will not cost the user a cent more than it should.

I particularly recommend Resall Kidney Remedy to those who are afflicted with chronic and which resist ordinary treatment. I believe, if taken according to directions with regularity and persistence for a reasonable length of time, it will positively remove all symptoms and effect permanent cures.

Surely I could not more strongly demonstrate my faith in Resall Kidney Remedy, my generous guarantee should convince the most skeptical that I would not dare make such a statement except I were sure that I am talking about it. I urge you to try Resall Kidney Remedy at my risk. Two sizes, 50c and \$1.00 a bottle. Sold only at my store, The Retail Store, Chas. R. Watson, 100 King street.

SAYS THERE IS NOTHING TO EMPRESS STEAMER RUMORS

Montreal, June 14—W. T. Payne, superintendent of the Canadian Pacific Steamship Lines at Yokohama, is here to confer with officials at headquarters regarding the season's yield shipped by trans-Pacific steamers. The export crop coming this way will, it is estimated, be something more than three million pounds.

Mr. Payne said that no immediate changes were contemplated with regard to the Empress steamers so far as he knew. He was not aware that there was any more substance now than there was two years ago in the rumor regarding the transfer of the Atlantic Empresses. The people in the Far East would be glad to see these steamers but as yet he had no information that they were to be transferred.

The company made a working arrangement with the Bank line of steamers to carry excess of cargo. Trade is much the same as it has been for some time past. The Empress of India, upon which Mr. Payne made his trip across the ocean, brought a large consignment of the first of the season's yield shipped by trans-Pacific steamers. The export crop coming this way will, it is estimated, be something more than three million pounds.

DAUGHTER OF CHIEF BRINGS ACTION FOR LAND WORTH \$10,000

Spokane, Wash., June 14—Nellie Garry, an aged daughter of Garry, the once famous chieftain of the Spokane tribe, has laid claim to 160 acres of highly improved farm and orchard land in Bigelow Gulch, north of Spokane, occupied by J. T. Wilcox, a wealthy farmer. The woman claims she lived on the land more than thirty years ago, afterward leasing it to a white man for a period of twenty-five years.

After paying a year's rent the settler said he had bought the land outright from Nellie's white husband, Joseph Wilson. C. C. Bigelow proved upon the claim in 1888 and sold the holding to Wilcox in 1889. Old settlers say that Chief Garry and his daughter never lived on the land in dispute. However, the old squaw has so far convinced the commissioner of Indian Affairs as to cause an investigation.

Wilcox has been summoned to appear before the land commissioner in Spokane to show cause why the original entry and certificate of the government should not be set aside. Wilcox will fight the case as the land is worth fully \$10,000.

WEDDINGS

Cooper-Hatch.

A quiet wedding was celebrated last night in the Methodist church, Fairville, when Miss Katie R. Hatch, of Prince Rupert, was united in marriage to the son of Robert M. Cooper, section foreman on the C. P. R. outside of McAdam. The ceremony was performed by Rev. G. A. Ross, in the presence of a few of the immediate friends of the contracting parties.

Charles T. McLaughlin, who is being held on the charge of assaulting several children ranging between five and seven years of age, was brought before Magistrate Ritchie yesterday afternoon and again remanded.

NO ARRANGEMENT YET FOR CARRYING THE ENGLISH MAILED

Andrew Allan has returned from Ottawa where he was engaged with the government in an effort to arrange for the mail carrying which will have to be made before May of 1912.

Mr. Allan said yesterday that he had not been able to come to terms with the government and it would probably be several months before anything would be done.

It is understood that the Allan line are looking for an increase of about \$400,000 in their annual subsidy, which is now understood to be about \$600,000.

It is believed that both the White Star Dominion line and the C. F. R. Atlantic service would gladly break into the mail carrying, while the Royal line of the Canadian Northern has secured a piece of the business.

At present the C. P. R. have a sub-contract from the Allan line and the White Star Dominion. The Royal line will probably secure contracts on the postage basis, and in this way the rivalry will be keen.

Considerable interest is attached to the baseball game this evening in the intermediate league on St. Peter's church grounds when the leaders of the league, St. Peter's and F. M. Hundreds of children played for two or three hours last evening on the Every Day Club grounds. Several ladies were present and directed the planting of flowers in one section of the grounds. **THREE LIQUOR CASES BEFORE JUDGE RITCHIE**

Capes Fined \$50, John Conners, \$20—Interdict Defends Charge

Almost the entire morning in the police court today was occupied with three cases reported by Inspector Jones, concerning the selling or procuring of liquor. The case against Richard Caples, Brussels street, charged with selling liquor to an interdict, was concluded and he was fined \$50 for one month in jail. A fine of \$20 was imposed on John Conners, who keeps a restaurant at the corner of Britain and Chalmers streets, on a charge of selling liquor to a drunken person. A report made against Samuel Emery, an interdict, for purchasing liquor, was laid over until this afternoon.  
In the case against Caples, his bartender, John Conway, denied that Frank L. Peters had seen a list in the store containing the interdict's name.  
Conners pleaded guilty to the charge against Samuel Emery, an interdict, but recorded in his case. George A. Henderson prosecuted in each case.
