Toronto Strike On But Not General

Mayor Church Forming Citizens' Committee

BETTER FARTHER WEST

Conditions in Winnipeg Show Improvement—Long Step Toward Resumption of Activities in Manitoba Capital

Toronto, May 30—Advices from the Labor Temple this morning declared that the sympathetic strike called to aid the striking metal workers went into effect at ten o'clock this morning. At present it is in no sense a general strike. Street cars and all public utilities are operating as usual. The principal trades affected by the strike this morning are the garment workers and some building trades with a membership of between 6,000 and 10,000. There is no news yet as to how fully these trades have obeyed the strike order.

Mayor Church announced this morning that a citizens committee had been formed, members signifying their willingness to assist in maintaining order and to perform public service similar to that in Winnipeg. While these precautions have been taken, the mayor expects that the strike will be conducted in an orderly manner.

Negotiations Fail. Ottawa, May 30—When representatives of employers and employees again met the government at 5 o'clock yesterday afternoon they had been unable to reach any settlement in the Toronto situation, although they had previously been in joint conference. The men requested the government to issue legislation to bring an eight-hour day by statute. To this Sir Robert Borden replied that, in the opinion of the justice department, the parliament had no jurisdiction to enact an eight-hour day.

The necessity of arbitration was then urged upon both employers and employees. The employers first made an offer of a forty-eight hour week with the same pay as the present week of from fifty to fifty-one hours. This was not accepted.

Members of the government and Mayor Church urged a board of arbitration as the only method of composing the differences. Although the question of collective bargaining arose, the principal differences were over the question of hours. The differences over the definition of collective bargaining are not considered vital, improving in Winnipeg.

Winnipeg, May 30—Offers of metal trades employers to discuss labor problems with their striking employees which representatives of the Canadian Railway Brotherhoods as mediators, came close on the heels of a long step forward in resumption of the city's activities today.

Large numbers of the city employees who walked out have applied for reinstatement or have returned to work. The post office force is now normal, all the striking railway mail clerks having returned to work, and Mayor Charles F. Gray has announced an attempt will be made to resume street car service today or tomorrow.

No reply has been made public by the striking metal workers to the offer of their employers. Leaders of the central strike committee have so far refused to consider any conciliation conferences which would include members of the Winnipeg Metal Trades Council.

Edmonton street car service has been resumed after a brief interruption when the walkout there occurred on Tuesday afternoon, and reports from Calgary say business activities continue there almost normal.

The Alberta Federation of Labor has sent out a call for a strike vote of all unions in the province. The result will be announced in a few days. Premier Norris of Manitoba was to meet the city council today to discuss details of measures to be submitted to the provincial legislature concerning collective bargaining.

Prominent members of the citizens' committee made another attempt today to start collection and disposal of garbage and to resume street cleaning which the torrid weather of the last few days has made an important problem. At Moose Jaw, Sask., a resolution favoring a general strike in Moose Jaw was withdrawn at a meeting of the Trades and Labor Council last night, action being deferred until a committee could confer with the city council. The council will be asked to finance expenses of a labor delegation for a trip to Winnipeg to investigate conditions.

More than seventy regular members of the Winnipeg fire department have returned to duty after signing the new pledge not to participate in sympathetic strikes," said Fire Chief Buchanan this morning. It was announced at the city hall at

ST. JOHN MAN THERE

Glwing Reports of Railway Conductors' Convention in St. Louis

St. Louis newspapers to hand give extended reports of the grand international convention of the Order of Railway Conductors of America which opened at the C. P. R. in St. Louis representing the St. John division. There were more than five thousand conductors at the gathering and the sessions were wonderfully interesting, taking up subjects not only pertaining to railway work but along broad lines of social welfare, railway Y. M. C. A. work, patriotic matters, etc.

The Presbyterian Assembly of the United States was in contemporaneous session and able speakers from both bodies exchanged views, adding a new phase of interest. The Free Masons, Knights of Columbus, Knights of Pythias and other bodies held receptions, etc., for their brethren of the gold braid and ticket punch, and the ladies were on hand in committees hundreds strong. A monster parade of the whole convention was greeted with a popular demonstration, the city being gaily decorated in honor of the visitors. There were train and auto trips to famous resorts nearby and prominent manufacturers conducted large delegations through their modern plants. One of the most interesting of these, the men say, was a reception in the Anheuser-Busch bottling works.

ESTATES IN PROBATE

Letters of administration have been granted to Donald A. Macaulay in the matter of the estate of B. R. Macaulay, who died on March 28, and his wife, Eunice W. Macaulay, who died five days later. Both died intestate. Mr. Macaulay left no real estate, but his personal property is valued at \$44,000. The value of Mrs. Macaulay's real estate was placed at \$15,000 and personal, \$6,000. Their son, Donald A. Macaulay, was appointed administrator, and Clarence H. Ferguson is executor.

In the matter of the estate of Margaret B. Driscoll, letters of administration were granted to her husband, J. Harry Driscoll. She left real estate and personal property. Wm. M. Ryan is executor. In the matter of the estate of Alfred Ruggles Williams, of Toronto, Fred H. Taylor applied on behalf of Carrie Eleanor Williams, the executrix of her husband's will, for ancillary probate in connection with personal estate in New Brunswick to the value of \$8,500. Probate was granted.

K. J. MacLure applied on behalf of Mary E. Lannan, for letters to sell real estate in Water street in the estate of Patrick Lannan for the benefit of his infant children. The license was granted. In the matter of the estate of Thomas B. Blair, license was granted to sell the real estate consisting of one-sixth of the Blair homestead property in Orange street.

WILL GET AFTER ENVER PASHA AND TALAAT BEY

London, May 30—(Reuter's)—In the House of Commons today, Cecil Harmsworth, under-secretary for foreign affairs, said that the whereabouts of Enver Pasha and Talaat Bey were unknown at present, but the government was determined to bring them to account for their atrocities during the war. It was understood the peace treaty with Turkey would provide for this.

The same time that a majority of the Winnipeg policemen refused to sign the new pledge and that they will leave the force at 1 p. m. The policemen debated the city's ultimatum at a meeting of their union which lasted until 3 o'clock this morning. The majority vote decided that the patrolmen would not recede from their policy of close affiliation with the Winnipeg Trades and Labor Council.

Riot Insurance in Toronto. Toronto, May 29—Two hundred million dollars is the estimate a Toronto insurance man placed on the amount of riot insurance taken out by Toronto manufacturers and storekeepers. Toronto job printers have accepted the offer of the master printers for an increase of from \$24 to \$32 a week of forty-eight hours. The job printers will get the forty-four hour week in 1921 through an agreement made with the master printers of America with the International Typographical Union, Police and Firemen Return.

Edmonton, May 29—Edmonton police and firemen, who recently went on strike, today were back in their posts working under orders of the union strike committee. In Prince Albert. Prince Albert, Sask., May 29—Conditions today were quiet. Railway mail clerks refuse to handle outward bound mail. Express employes and freight handlers, also shop employes of the C. N. R. are out. Other unions are taking strike votes this week.

Rain Helps, But Forest Fires Cause Millions Loss in Saskatchewan

Prince Albert, Sask., May 30—Rain fell last night and did a great deal to check bush fires that have been raging in northern Saskatchewan for the last two weeks, though the problem is not yet solved. North of this city fires are still smouldering, but unless winds fan them up, the worst is over. The damage will run into millions in timber destroyed.

PARIS PAPERS SAY PROPOSALS WILL NOT CHANGE PEACE TERMS

French Press Agrees That Huns Are Already Answered

A GERMAN EXPRESSION

Paris, May 30—(By the Associated Press)—The Paris newspapers generally agree that the Allies have answered in advance the proposals put forth in the German counter-proposals, and that they will not consider the proposals. The papers say that the counter-proposals are an attempt to escape the moral and material consequences of the war and give impression that Germany is trying to open negotiations. The Socialist L'Humanite declares that Germany cannot reject responsibility for the acts of the imperial regime. It says that the German peace proposals are an attempt to gain a respite in order to gain time. It adds that Germany in 1917 did not stop the advance of its army because the French had revolted against the imperial government.

What Berlin Paper Says. Berlin, May 30—(By the Associated Press)—The belief that "Germany will sign anything" despite the expressions of her leaders, is based on a false interpretation of the facts, says the Tagesspiegel.

In the same measure as the German people no longer desire to surround themselves with illusions," the paper says, "it is urgently desirable that the Allied countries also be robbed of their illusions. They must be told repeatedly that the German government and the German people are not in a position to determine not to sign the Allied terms in their present form."

The Tagesspiegel says that the Allied leaders in Paris will see the situation more correctly than the utterances of the Allied press should indicate. Any inclination to disregard the German counter-proposals, failure to take them seriously or refusal to negotiate, it says, would be to the disadvantage of the Allies to realize the actual conditions.

Paris, May 30—The Council of Four did not meet today. Peace-making activities were suspended for the day pending the translation of the German proposals into French and English. A statement of the Austro-Hungarian peace terms by the delegates. The translation of the German counter-proposals is going on so slowly that it seems improbable that the Council of Four will be able to have the complete English and French texts for consideration until Saturday.

Vittorio Orlando, Italian premier, called upon President Wilson this morning for a conference over the details of the Adriatic settlement. It is understood that this settlement is rapidly approaching final shape.

Versailles, May 30—Two new notes were delivered to the secretariat of the peace conference by the German delegates today. At the same time the Germans handed over French and English translations of the first section of the counter-proposal. The first of the two notes concerned German property in the corridor connecting the store and the Turkish public debt.

Berlin, May 30—(By the Associated Press)—The government has published a statement in black type under a huge head, "Warning," saying that those planning to separate the Rhineland from Germany and to create an independent republic are guilty of high treason, punishable with life-long imprisonment, and that the government's duty would be to take measures to the fullest severity of the law against these persons.

POLICE COURT. One man was in the police court this morning charged with drunkenness. He said he had not been drinking liquor but had taken an overdose of drugs. He was remanded to be examined by a doctor. A case against Alex O'Brien, alias McDonald, Sheffield street, charged with having beer on her premises unlawfully was resumed. Inspector Merryfield told the court that on May 24 he and Inspector Daley searched the premises and found no liquor but found a case of ale and stout and eleven empty beer bottles in the corridor connecting the store and house. She told the inspectors that she had it for her own use and that she and another woman drank the eleven bottles of beer. The beer was analyzed and found to be 1.4 per cent. Inspector Daley gave corroborative evidence. The case was postponed until Wednesday afternoon at 2 o'clock. E. S. Ritchie appeared for the defendant.

The case against John Fitzmaurice, charged with drunkenness, was disposed of. He was fined \$8. The case against Fred Allan and Joseph Gouthraux, charged with having liquor in their possession illegally, was taken up. Inspector Daley said he searched the schooner on which these men were working but could not find any liquor. The defendants were remanded.

Matthew Friars, who was before the court a few days ago charged with not being able to give a satisfactory account of himself to a policeman at an early hour in the morning, was remanded for three days. Sir Robert Baden-Powell, K. C. V. O., and Lady Baden-Powell boarded the steamer Granpian, outward bound from Montreal last night on their way home to England.

As Hiram Sees It

"That little affair between you and the Standard," said Hiram, "is a mere nothing. I don't think it worth your while to get into an argument. I had one when I was a young fellow, with a good deal of money, and I know how it goes. It's a waste of time. I'll tell you what, if you don't mind, I'll give you a good deal of money, but you mustn't take it in front of me, or I'll see it wasn't a dog's ear, so I'll give it to you in a safe. I'll give you a good deal of money, but you mustn't take it in front of me, or I'll see it wasn't a dog's ear, so I'll give it to you in a safe. I'll give you a good deal of money, but you mustn't take it in front of me, or I'll see it wasn't a dog's ear, so I'll give it to you in a safe."

REAL ESTATE NEWS

The following property exchanges have been recorded during the week, at St. John County. J. H. Bradshaw to Marie B. Bradshaw, property in Park street. N. E. Linn and J. E. Linn, Ltd., to King Charlotte Properties, Ltd., property of King and George streets. About 220 acres, Bayly Peor, property in Golden Grove. Kings County. Silas Carl to E. H. Carl, property in Halifax. H. S. Chambers to E. H. Carl, property in Halifax. George Samuel Deo to Jane Deo, property in Greenwood. Two other properties to S. N. Parker, property in Westfield. Heirs of T. W. Parker to J. O. Parker, property in Westfield. B. H. Edgar, property in Hampton.

MONCTON CENTRE FOR EMPLOYMENT SERVICE IN MARITIME PROVINCES

Moncton, May 30—The maritime general office and clearing house of the employment service of Canada is being transferred from Halifax to Moncton. Harry Heer, acting general superintendent of the employment service, is now here making arrangements. There are two other clearing houses in Canada, one in Winnipeg and one in Vancouver. There are thirteen employment offices in the maritime provinces. There are seven or eight people in the staff that is being transferred to Moncton.

NEW MOVE BY RUSSIAN REDS

Washington, May 30—The Russian Soviet government has decided to mobilize for active military service in the Red Army on the entire territory of the Russian (Soviet) republic all foreign soldiers of the old demobilized army returning from Germany and Austria, say advices to the state department today from Archangel. This decision of the Soviet government was interpreted as pressuring an attempt by the Bolsheviks to force into service the released Russian prisoners as they return from the Central Empires.

WEATHER REPORT

Synopsis—Pressure remains high over the Great Lakes and middle states, while there are rather important disturbances in the west and off the Atlantic coast. Extremely warm weather continues in Manitoba and Saskatchewan, but in Alberta there has been a change to cooler with good rains. Lakes, Georgian Bay, Ottawa and Upper St. Lawrence. Valleys—Light to moderate winds, line and decidedly warm today and on Saturday. Lower St. Lawrence, Gulf and North Shore—Moderate winds, line today and Saturday, becoming warmer. Fine; A Little Warmer. Maritime—Western portion—North and northwest winds, fine today and Saturday, a little warmer; eastern portion, northeast and north winds, clearing.

ONE OF THE FIRST WHO WENT TO WAR FROM ST. JOHN

Pte. Frederick Edwards Through It All Unharmed

Men Who Reached Halifax on Regina and Carmania Given Welcome in City This Morning

After being away for more than four years and a half, Pte. St. John returned with that of the 12th Infantry Battalion which was recruited and which was among the first units to leave here after the outbreak of war. Private Frederick Edwards returned to the city this morning. He was one of the men who arrived at Halifax on the steamer Regina yesterday. He is now in the 1st Divisional Salvage Company.

Private Edwards is a son of Frederick Edwards of Ann street, himself a veteran with a long and meritorious service in the imperial army. The young soldier is now only twenty-two years of age and has gone through the whole campaign in France without a scratch, his only disability being caused by the loss of a short time before his return to Canada. His service on the western front was with the 10th Battalion and the 1st Divisional Salvage Company. A peculiar coincidence lies in the fact that both father and son enlisted at the same age and both carried out their first training on Sullbury Island. Private Edwards is being warmly greeted by his many friends, who are glad to hear of his safe return.

Among those returning on the S. S. Carmania and who arrived in St. John this morning was Bombarrier C. W. Brown, son of Mr. and Mrs. Charles F. Brown, High street. Mr. and Mrs. Brown met their son at the station and took him home in their car. He enlisted in 1915 with No. 4 siege battery and went to France with that unit. He remained until the armistice was signed, without getting a scratch, after which he left the battery to attend a university in Glasgow, Scotland. Bombarrier Brown has a host of friends in this city who will be very glad to hear of his safe return.

Some 220 men who arrived in Halifax on the Regina and Carmania came to St. John this morning by train, arriving at 6 o'clock. The citizens' reception committee, headed by Mayor Charles F. Gray, met them at the station and the Knights of Columbus Army Huts were at the station to greet the boys. The electric welcome sign was illuminated until the arrival of the train. Mr. Robinson wishes to thank the committee and A. E. O'Leary with his representatives from the K. C. Army Huts, who met them at the station for breakfast. Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, was at the station to meet the men. They are being directed to their homes on the afternoon and evening trains.

As has been the custom since the boys have been coming home, all the St. John men and also those who have friends here were allowed to go to their homes and have breakfast before going to the barracks. This is a very agreeable arrangement for the men as they get a chance to see their loved ones and friends quickly after arrival. Mr. Robinson wishes to thank the commissioner of public safety for sounding the fire alarm and the managers and owners of the various industries for the donation of light refreshments and cigarettes from the reception committee and A. E. O'Leary with his representatives from the K. C. Army Huts, who met them at the station for breakfast. Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, was at the station to meet the men. They are being directed to their homes on the afternoon and evening trains.

MRS. WILCOX, POET, DYING IN ENGLAND

Friends Told to Cross Sea Immediately. Famous Author Spent Year in Short Battle.

New Haven, May 30—Friends in Short Battle, summer home of Ella Wheeler Wilcox, poetess, have received word from Baden, Eng., that Mrs. Wilcox is dying. A cable says: "Condition very critical. Friends leave New York by first steamer."

Mrs. Wilcox was stricken about two months ago, after a very strenuous year in the hospitals and caucuses of France, during which time she did wonderful work among the soldiers. Mrs. Wilcox has worked hard till the last. She had just completed a series of poems for a children's book, and another for an English magazine, written while kept to bed, a great sufferer from sciatica.

G. F. CREAGHAN GETS BRIDGE CONTRACT

Frederick, May 30—The N. B. public works department announced this morning that a contract for construction of the Parker's Brook Mouth bridge, parish of North Esk, Northumberland Co., has been awarded to Gerald F. Creaghan of Newcastle. The price is about \$8,000. H. H. Simonds, secretary of the Fredericton board of trade, has been appointed a delegate to the All-New Brunswick Association meeting in St. John next week.

TURKS OPPOSE GREEK LANDING NEAR SMYRNA BUT ARE OVERCOME

Paris, May 30—Greek forces were landed yesterday at Avlata, on the coast of Asia Minor, sixty-six miles northwest of Smyrna. The Turkish troops there offered only slight opposition, which was overcome.

N. C. 4 is Forced to Land on Flight to England

Comes Down at Mondego River, 100 Miles from Lisbon—Can Not Reach Plymouth Tonight

Plymouth, Eng., May 30—The United States naval seaplane N. C. 4 left Lisbon for this port at 5:30 o'clock this morning and was expected here at about 4 o'clock this afternoon, British summer time. Brest, May 30—The following message from the N. C. 4 has been received here: "N. C. 4 at Mondego River; must wait high tide. Seaplane cannot make Plymouth. Request destroyers to keep stations. What is best port to land seaplane within 300 miles?"

The message was signed by Lieut. Commander Read. It was not timed. It was picked up at 12:30 by the United States auxiliary Bridgeport, in Brest harbor. The month of the Mondego River is near Figueira, about 100 miles north of Lisbon, on the Portuguese coast. Commander Read of the N. C. 4 sent a further message stating that he could not make Plymouth tonight. The seaplane was not damaged when she landed.

Washington, May 30—Although she landed at Mondego River, the American seaplane N. C. 4 is "O. K.," according to a message from Lieut. Commander Read, sent to the cruiser Rodestier at Lisbon, and received today at the navy department.

FRANCE WILL NOT HAVE GERMANY IN THE LEAGUE

Paris, May 30—(By the Associated Press)—With the exception of France, all the major powers would undoubtedly agree to the immediate admission of Germany to the League of Nations, but France is unalterably opposed, and in consequence there is no possibility of this being done, according to a member of the peace delegation, who discussed the situation with the correspondent yesterday.

Strangely enough the sum of \$25,000,000 fixed by the Germans for reparations corresponds exactly with the amount upon which several British and American conference financial advisers had agreed that the Germans could reasonably be expected to pay, and it is not impossible that some changes will be granted in the financial terms of the treaty.

C. N. R. WORK IN HANDLING TROOPS

Montreal, May 30—W. A. Kingsland, assistant general manager of the Canadian National Railways, said yesterday that since the beginning of January up to yesterday, the port of landing there over these railways 118,328 soldiers. To carry these troops across the ocean there were sixty-two ships. To meet these troops the port of landing there were 318 trains of 3,612 cars.

FINANCIAL MEN IN BIG PROPERTY DEAL

The lot situated at the corner of King and Germain streets, adjoining the Oak Hall building, has been sold. Interests closely connected with Scovill Bros. Ltd., are now in possession of this property, which is considered one of the best business sites in the city. W. M. Tennant and A. N. McLean carried on the negotiations on behalf of the purchasers. In times past this lot has been negotiated for by banks and other outside corporations, but this property now will likely remain in the hands of local interests and future development may be looked for.

NOTICE TO ADVERTISERS

COMMENCING with issue of May 31 and continuing throughout the summer months, The Times will issue on Saturdays at 12 o'clock. Advertisers, in order to ensure of prompt change of ads, should have their copy in this office not later than 4 p.m. on Fridays.

CLASSIFIED ADS. Ordinary classified ads. will not be taken after 4 p.m. on Friday for Saturday's issue.

Special Advertising Representatives—NEW YORK: Frank R. Northrup, 303 Fifth Ave.—CHICAGO: E. J. Power, Manager, Association Bldg.

The Audit Bureau of Circulations audits the circulation of The Evening Times.

AS THE SOLDIER SEES IT

A paragraph from a letter by Mr. R. Fraser Armstrong in today's Telegraph, urging that a commission take some evidence concerning industrial relations, and that the evidence be published to give the people a clearer knowledge of points at issue, states the case very clearly from the standpoint of the returned soldier. He says:

"When the soldier returns and looks for an opportunity of work he finds that there is little going on; municipal, government and individual schemes are not being carried out to the extent necessary to provide employment for the large number of men returning, and the only information he can obtain is that prices are too high; that the governments and municipalities now have to tax the people generally to the limit and there is little encouragement given him. As he looks around for himself he sees hundreds of individuals who have apparently become prosperous during his absence and gradually he begins to wonder just where the trouble lies and through lack of the proper information may be led to demonstrations that he would not consider or allow, if he had been given an opportunity to study the industrial conditions of the country. The question is not a political one, for the majority of the returned men have come back with an open mind; they realize that the employer takes the big risk, which must be allowed in his allowed profits but they want justice for everybody and want real definite information, so as to form their own judgment. They do not want this information colored so as to suit the ends of any political party, any trades union or employers of labor; but the clear cold definite facts. If the clear thinking people of Canada get these facts, a proper balance must be struck between the cost of living, wages and profits so adjusted that instead of having a country overflowing with labor demonstrations, we will have a country progressing toward a great future."

AN OPPORTUNITY

On another page of today's Times is an article outlining a plan by which a great impetus may be given to amateur athletics in St. John this summer. It should appeal to all the organizations named and many others. Nothing will be done, however, unless there is a group of persons in each organization who have at heart the real interest of the boys and girls. This is a community affair, and affords an opportunity to help in giving the city healthier young citizens. The best way to ward off temptation from the young is to encourage them to take an interest in things that are healthy and that make for greater bodily and mental vigor. It is pathetic to realize how little many St. John people appear to care about this matter. They appear to have fallen into a selfish groove that is too narrow to embrace the welfare of the boys and girls. Where one is interested there should be hundreds willing to join in the effort to give the young a saner outlook and an opportunity for development along right lines. This newspaper and every newspaper in the city would rejoice to be able to report a genuine awakening along the lines suggested in the article on another page of this issue.

THE FORGOTTEN EAST.

Some years ago a gentleman well acquainted with eastern Canada, and especially with the maritime provinces, was in Peterboro, England. He found that there was in the city a Canadian emigration office, and casually called one day to learn what the agent had to say about Canada. The visitor assumed the role of one seeking a home in Canada, and desiring to settle on a farm. The agent grew eloquent about the farms of Ontario and more eloquent about the farms of the west. He was full of statistics and of glowing praise of Ontario and the west as a farmer's paradise. The visitor asked a few questions about distances from the seaboard, and having got the information asked why it was necessary to travel so far. What, for example, were the conditions nearer the seaboard? If a man landed at St. John or Halifax was there no good farming land or opportunities to settle comfortably without journeying another thousand miles? The agent could give no information on that point, further than to say that there was nothing to compare with Ontario and the west. When asked if he did not know of the farms of the St. John valley and the orchards of the Annapolis valley, he admitted a large and roomy ignorance. When asked where he came from he replied that his home was in Ottawa. "Then," said the irate lower province man, "you should go back there as quickly as possible."

We wonder how much conditions have changed in regard to Canada East and Canada West. There lies on the Times desk at this moment a most attractive and profusely illustrated book called Canada West, "issued under direction of Hon. J. A. Calder, minister of immigration and colonization, Ottawa, Canada." There are handsome illustrations showing great herds of cattle, flocks of sheep, groups of horses and pigs, grain fields, elevators, plows and binders and threshers at work, and everything that would entice the agricultural immigrant.

There are large colored maps of Manitoba, Saskatchewan, Alberta, and British Columbia, and the fullest information is given, especially to American readers, as to how they can get into the country without trouble, and bring their effects with them. After the general description of the advantages of western Canada each province is dealt with separately in the more than forty pages of the book. Let us hope the department has in mind a similarly attractive book relating to the maritime provinces, and that it will be given the widest possible distribution. Perhaps the All-New Brunswick League will be able to exert an influence that will be of some benefit in reminding Ottawas that the eastern provinces are still on the map, and that they do not give half as much trouble as the Bolshevik centres farther west.

THE RUSSIAN BOLSHEVISTS

"Bolshevism," says Mr. Winston Spencer Churchill, "is not a policy but a disease; not a creed, but a pestilence."

The secretary for war has long been in mind a similarly attractive book relating to the maritime provinces, and that it will be given the widest possible distribution. Perhaps the All-New Brunswick League will be able to exert an influence that will be of some benefit in reminding Ottawas that the eastern provinces are still on the map, and that they do not give half as much trouble as the Bolshevik centres farther west.

controlled. To control the drug situation properly, he added, there should be direct supervision of the addicts and control of their treatment by a state department of narcotics. He realized that such a department would mean great expense, but he felt that if the public realized the need there would be no difficulty about the money.

Senator Herrick said that the laws of the state at the present time were not adequate to cope with the drug situation. His department, he said, had no control over the drug addict. So far as it could do so, it controlled the druggist, the physician, and the manufacturer, and only the honest among these, while the dishonest druggist, physician and manufacturer, he said, could not be

A Good Bicycle Now An Every Day Necessity! Anyone Wishing a Pleasant, Easy, Healthful Way of Getting There and Back Again Needs a Bicycle. Ivanhoe and Cleaveland. The workmanship of these wheels and quality of material used are such as would be desired by the most delicate mechanism. Emerson & Fisher Ltd.

THIRTY-THREE YEARS AT WORK FOR SAILORS IN MONTREAL. Ritchie Bell, manager of the Montreal Sailors' Institute, has just completed 33 years' service in the interest of the sailors of the port of Montreal. He is as full of enthusiasm for the work—which his grandfather began over sixty years ago—as ever. Being asked by friends why, with his business aptitude and natural energy, he did not start out and make money, Mr. Bell replied that, in the first place, he realized there were more important things than money; and, secondly, he felt he was needed in the work, which beneficially affected a large class of men in their physical, moral and spiritual relations.

Announcing the Opening of Eastern Canada's First CHILDREN'S HAIRCUTTING SHOP. Saturday May 31, 1919. It's curious how many barber shops there are in the world, and how few hair-cutting shops for children. There are certainly more children than fathers, aren't there? And their hair grows faster than father's, doesn't it? And it's much more glossy and soft, isn't it? So why shouldn't children have a wonderful hair-cutting shop all to themselves? We Could'nt Neglect the Children up to Ten Years of Age Any Longer! So we made a beautiful hair-cutting shop, with a tall chair, mirrors, and lots of things to amuse the kiddies. Then we procured the best expert we could find on children's hair-cutting—one trained in the famous Filene Shop of Boston—and who knows how to keep hair and soap out of the eyes, and isn't cranky and all the time making them keep their heads still. It is Easily Accessible on the Fourth Floor. where mother can wait and watch you. A freshly sterilized brush and comb is used for every child. We cut your hair just as it ought to be, and as mother wants it; and if it is your first hair-cut, we have a special envelope all ready to preserve your first curl. WE CORDIALLY INVITE mothers to visit this shop on Saturday afternoon when demonstrations will be given by our expert. CHILDREN'S HAIRCUTTING SHOP—FOURTH FLOOR. OAK HALL - SCOVIL BROS., LIMITED KING STREET

**White Canvas Footwear**

The warm weather will soon be here and it will find us with a big showing of White Canvas and Buckskin Boots, Pumps and Oxfords. We were very fortunate in getting this class of goods delivered early, as every line for spring was late in arriving. We would advise you making your selection early, as we do not expect to get further deliveries very promptly.

**RECENT DEATHS**

**Mrs. William Toner.**  
 Grand Falls, May 28.—A very sad death was that of Mrs. William Toner, which took place at her home in Grand Falls Portage on Tuesday. She was twenty-three years of age and was, before her marriage, Miss Grace Gillespie, daughter of Daniel Gillespie. She leaves besides her husband, three small children, the youngest but two days old; also her father. The sympathy of all goes out to the relatives in their sad bereavement. The funeral on Thursday at the R. C. church here was very largely attended.

**Rev. George Seely.**  
 Moncton, May 29.—The death of Rev. George Seely occurred this morning at his residence, Cameron street, aged eighty-five years. He is survived by one son, Fred Seely. The late Mr. Seely was a native of Ireland but came to this country and settled at Petitcodiac when a boy. He was a retired Baptist minister for many years. He had a Baptist congregation at Petitcodiac where he was highly esteemed by a wide circle of friends. About ten years ago he removed to Sunny Brae and later came to Moncton where he had since resided.

**CANADIAN MUNICIPALITIES UNION MEETING IN KINGSTON**

By the cordial invitation of His Worship Mayor Newman and city council, the annual convention of the Union of Canadian Municipalities will be held in Kingston, Ont., on Tuesday, Wednesday and Thursday, August 12, 13 and 14. It is the only Dominion-wide organization through which a municipality can co-operate and exert its influence, and requires the united counsel of municipal men. Serious experiences of this present parliamentary session have demonstrated this. The big question of today is the big vital question of today. It is proposed to demand relief from the federal government in the following lines:

- 1.—Control of monopolies.
- 2.—Tariff changes.
- 3.—Control of cold storage.
- 4.—Control of consular fees.
- 5.—Control of profiteering.
- 6.—Control of stock manipulations.
- 7.—Protection of consumer in capital and labor agreements.

The convention will also discuss the responsibility of the Councils in the regulation of—

- 1.—Meat and fish.
- 2.—Bread and milk.
- 3.—Fuel.
- 4.—Housing.
- 5.—Prevention of crime.
- 6.—Fire inspection.

It will discuss also the Responsibility of the Citizens of the Municipality, and the Board of Trade regarding—

- 1.—Commercial integrity.
- 2.—Frauds in weights and measures.
- 3.—Frauds in packages.
- 4.—Frauds in prices.
- 5.—Frauds in adulterations.

Other live questions are—

- 1.—Undeveloped water powers in Quebec, Ontario and British Columbia.
- 2.—The Returned Soldier.
- 3.—War Memorials.

The value of Bureaus of Municipal Affairs, some of them recently established.

**ST. JOHN SOLDIERS WHO ARRIVED ON CARMANIA**

A wire received by Charles Robinson, secretary of the New Brunswick Soldiers' Commission, states that the following St. John men have arrived in Halifax on the Carmania:—

- Pte. J. J. McIntyre, 58 Somerset street, St. John.
- Pte. F. Miller, 28 Britain street, St. John.
- Bdr. C. W. Brown, 36 High street, St. John.
- Lt.-Col. D. B. March, Chipman Apartments, Chipman Hill, St. John.
- Pte. E. Cave, Little River P. O., St. John.
- Pte. G. S. Milligan, 128 Hasen street, St. John.
- Pte. P. R. Dixon, 58 Carmarthen street, St. John.
- Pte. L. E. Pratt, 6 St. Paul street, St. John.
- Dvt. L. T. Lawson, Fairville.
- Pte. E. S. Carson, Oak Point.
- Pte. H. H. McCauley, R. R. No. 4, Sussex.

**Woman Suffrage for France**  
 (From the New York Evening Sun)

The report that the French Chamber of Deputies has adopted the bill granting women the right to vote in all elections for members of communal and departmental assemblies is of unusual interest and significance in view of the fact that the women of France have never made any very strenuous efforts to gain the franchise. As in all democratic countries, they could have had it long ago had they wanted it badly enough; but, more than in English speaking countries, or even in Italy, the French women have remained indifferent.

Thus it appears to be a part of the general movement, a manifestation of a world-wide tendency, rather than a national affair. No clearer sign of the times could be found. One wonders, however, just how the average French woman feels about it, though we may be very sure that with her wonderful, practical common sense she will make good and full use of the new rights if she finally has them thrust upon her.

"CATCH THE DOG"

(From the Life of Julia Ward Howe, by her daughters.)

Why Can't I Get to Sleep?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

"Catch the dog" cried Mrs. Howe. One author flew one way, the other, but when the dog was caught and brought in triumph home."

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc. are due to an excess of hydrochloric acid in the stomach.

Artificial digestants are not sufficient in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quart of glass of water right after eating.

### Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

### LOCAL NEWS

#### PRESENTATION.

Miss Maude Reardon was entertained by friends at the home of her sister, Mrs. J. T. McIntyre, 3 Gilbert's Lane, in honor of an event in which Miss Reardon will figure prominently next month. During the evening, which was pleasantly spent, a handsome electric reading lamp was presented to Miss Reardon.

#### RECOMMENDS INCREASE.

Superintendent Price of the public works department has recommended to Commissioner Fisher that the increase of twenty-five cents, asked by the employees on No. 2 stone crusher in West St. John, be granted. The commissioner has promised to bring the matter up at the next meeting of the council and will ask for authority to give the increase.

### "LIVERPOOL OF AMERICA"

Dry Dock, Last Year's Business and Other Matters Referred to—Says Dream of Years is to be Realized Under Nationalization.

The New York Sun of May 27, under heading, "St. John soon to be another Liverpool," published the following Ottawa, May 26—The dream of St. John, N. B., to become the "Liverpool of America" is at last about to be realized. It was officially announced here today that the dominion government has definitely decided to take over and nationalize the port, and legislation to this effect, now in preparation by the cabinet, will be introduced in parliament immediately upon the return of Sir Robert Borden.

#### GOOD WORK APPRECIATED.

Captain Frank Allingham of the Fairville Fire Department received a check for \$25 last evening from the Wilson Box Co., Ltd., in appreciation of the work done at the fire in their plant recently. The Fairville fire department is purely a volunteer corps and this generous action by the Wilson Box Co. is much appreciated by the men. They will decide at their next meeting what to do with the money.

#### MRS. F. T. WALSH.

The many friends of Fred T. Walsh, tailor, of Germain street, will be grieved to hear of the death of his wife, Margaret, who died early this morning in the infirmary, after a lengthy illness. Mrs. Walsh was the daughter of the late C. E. Colwell, coal merchant of West St. John. Besides her husband she leaves three small children, four brothers and four sisters. She was popular in the city and a host of friends extend their sincere sympathy to the bereaved ones.

#### ON SUMMER MISSIONS.

A. P. Jamieson, M. A., of Toronto, who will take charge of the Presbyterian mission services this summer at Westfield, Grand Bay and South Bay, arrived last evening. He expects to commence work with services at the three appointments on next Sunday. Mr. Jamieson has a master of arts degree at Toronto University. He has had considerable missionary experience in northern Alberta and Manitoba. This is his first visit to New Brunswick and St. John.

#### KNIGHTS OF COLUMBUS.

Dr. W. P. Broderick, state deputy of the Knights of Columbus; P. J. Fitzpatrick and Douglas Hill, delegates to the state council convention held in Antigonish on Tuesday and Wednesday of this week have returned to the city. Dr. Broderick went first to Campbellton where a new council of the knights was established, the degrees being exemplified to about sixty candidates by a team from the St. John council. The team then proceeded to Halifax where sixty-eight candidates were initiated. The new Campbellton council is No. 1946.

#### SAYS THEY WERE FROM HERE.

The Amherst News has the following about a matter, the St. John end of which was revealed in the Times: "A man and wife from St. John paid a visit to relatives here last week. After their departure to the train the hostess found that about \$50 worth of jewelry had disappeared from the house. She reached the station in time to make the anguished relatives 'look over.' Later one of the daughters found a ring missing and Chief Pickrem got in touch with St. John with the result that the pair was met by a police officer and the ring was handed back. As they were 'relatives' no prosecutions were instituted, but the probabilities are 'that they will never come back.'

#### BAPTIST STUDENT APPOINTMENTS.

(Maritime Baptist)

J. McGorman (Acadia) will be at Coverdale; W. Bonney (Acadia) at Cape Tormentine and Bayside. Rev. E. A. Allaby's health having failed, he feels it in his own interest and that of the field, to make way for a student. The opportunity is good for an energetic and efficient young man of Mr. Bonner's type. H. H. Smith, who did so well last year at Hardwood Ridge, comes from McMaster, to take up work on the Riley Brook section of the Plaster Rock pastorate, with Rev. N. McLean as pastor. E. C. Prime (Acadia) will go to Kars as assistant with Brother Gooding. Mr. Prime's services were so acceptable there last year that he was requested to return.

D. C. Kaine has unfortunately been laid aside by sickness, but we trust, however, that he may be able to take up the work of the Lord in his usual energetic fashion. He will likely spend the summer with Pastor Allaby, of the Boiestown pastorate. There is abundance of work there for two men, even as ambitious as Brothers Allaby and Kaine.

Elmer Close, principal of the Woodstock High School, has decided to enter the ministry. We extend to Brother Close our most cordial welcome to our Baptist ministry. He has been one of our most successful teachers and, for a number of years, has taken an active part in church and Sunday school work. Mr. Close has been designated to the Mascarene field for the summer.

Miss Esther Clark, of Fredericton, will take up work for the summer at Grandville. Miss Clark has the honor of being the first young lady appointed to work by our board. We can assure our young sister and all the students that they will have the prayers of our pastors and churches, that they may be graciously blessed in their work. More and more we are finding the work of our students of great value in gathering up the interest in our weaker sections, and giving the work a definite start forward.

## SATURDAY SALE

—OF—

### Ladies' Misses' and Children's MIDDIES

We shall place on sale Saturday morning a large number of fashionable Middies that have become soiled and mused in showing, at a decided reduction in price. Qualities that ranged to \$1.50 each, we shall sell at 98 cents, and the better ones, some of which were \$2.75, we have marked \$1.49.

RUSSIA MUST BE SAVED BY THE RUSSIANS... DEMOCRATIC GOVERNMENT

Allies Make This Condition For Support and Recognition—Anxiety About Roumania Lessened—Belshivism a Pestilence

London, May 30—Winston Spencer Churchill, secretary for war, speaking in the House of Commons yesterday fore-shadowed the possibility of the withdrawal of foreign troops from Russia by the end of the summer...

The British policy, said the secretary, was that Russia must be saved by the Russians and that new Russia must be a democratic state.

Anxiety with regard to Roumania, continued the secretary, was greatly lessened. The Roumanian army appeared capable of defending the Roumanian frontier, while on the Estonian front heavy blows had been inflicted...

Mr. Churchill dilated on the effective work of Admiral Kolchak's army, mainly equipped with British rifles and munitions.

LOCAL NEWS

MARINE FREIGHT HANDLERS' UNION Will hold their regular meeting tonight, May 30, in their hall, Market Place, West St. John, 8 o'clock, standard time.

Style has once more become the deciding factor in men's clothing. Peace conditions call for smarter models, more in keeping with the time.

Are you prepared for the summer season? That heavy suit or coat may be put away. We have the weight and style for the warm days.

MEETING SUNDAY AFTERNOON. Mass meeting of Teamsters and Chauffeurs will be held in Oddfellows Hall, Union street, Sunday 2:30 p. m., old time.

K-Scatter emfwy hrdh emfwy. For ladies' spring coats, all kinds of sweaters in coats and pullover styles.

We have another nice lot of capes made in blue, sand, brown and clay. Come early.—Brager's, 185-187 Union street.

Everyone come and do all your shopping at Bassen's, 14-16-18 Charlotte street. No branches.

Pit out your kiddies with kiddies' overalls. Low prices at Bassen's, 14-16-18 Charlotte street. No branches.

Our returning boys getting into nauff again will want something real "dressy". You can depend on our lines and a generous discount of 20 per cent.—Brager's, 185-187 Union street.

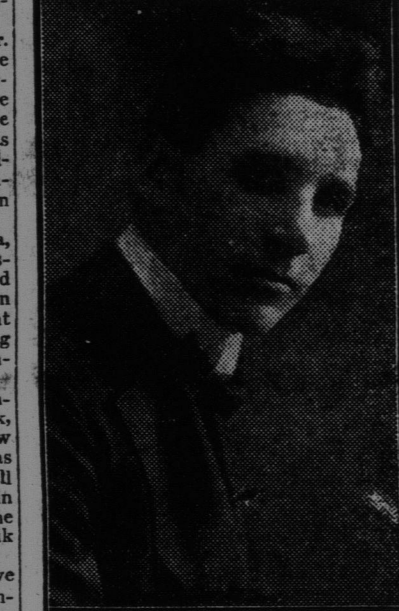

GENERAL SMART IS AGAIN CANDIDATE. Montreal, May 30—In accepting the nomination of the Westmount Conservative Association last night to be their candidate in the provincial elections, Brigadier-General C. A. Smart, the present member, criticized J. A. Sauve, leader of the opposition for Quebec, for allying himself with the Nationalists, and further announced he would follow an independent course at Quebec.

GOOD THINGS COMING TO THEATRES OF ST. JOHN BIG AMUSEMENT EVENT TONIGHT

St. John Girl Singer in Opera House Programme of Five New Fine Acts—Ruth Roland Starts New Serial

The big event for tonight, of course, is the new vaudeville programme at the Opera House. The change offers five quality acts, including Voltaire and Miss Arline Lloyd, the latter a St. John girl who has won a good measure of success since she left here to take up her chosen profession—in a refined musical offering, with impersonations of famous musicians, past and present; Fritcher and Wood in a rattling comedy skit with songs and dancing; Harry Leyden, late of the Canadian Black Watch Regiment, in Scotch songs and stories; Zat Zama, sensational boomerang and battle axe thrower; Seymour's Happy Family, twelve cut little doggies, woolly ones, black and tans, fox terriers, toys, in a clever novelty feature; and the opening chapter of the new serial drama of adventure and romance, "The Tiger's Trail," with daring, dashing Ruth Roland in the principal role.

This evening at 7:30 and 9, daylight and tomorrow afternoon at 2 and 3:30. Send the children to the matinee tomorrow afternoon to see the happy little doggies.

STANLEY DEACON, BARITONE

SEATS NOW READY FOR "WITHIN THE LAW"

ST. JOHN READY Will Aid in Building up Export Trade of Canada Board of Trade Secretary Reviews Our War Record and Speaks of Obligation of Government to Stand by This Port

"Probably you noticed what Lloyd Harris, head of the Canadian trade commission, told the British reporters the other day," remarked the secretary of the board of trade to a member of the Times staff yesterday. "He told them that the future success of Canada depended in large measure upon her ability to hold and develop her export trade."

"It might further be pointed out that St. John's five year export record of \$699,601,622 (from 1915 to 1919, inclusive) emphasizes as strongly as figures can emphasize the value of St. John to the dominion as a port of export, and the supreme importance from a national standpoint of the national government developing this port to its utmost capacity."

"Canada's export trade is to be increased and the country is to obtain the full benefit from that increase, her export facilities must be increased in like ratio. The export traffic of the country must pass over Canadian railways and through Canadian ports. It must be employed to enrich and develop these ports and railways, otherwise much of the resultant benefits will be lost to us."

"The logical ports to develop and to provide with improved facilities are ports like St. John whose strategic situations have been recognized by exporters and whose success under trying conditions have demonstrated their value as national ports. St. John stood up excellently under the test of war and the Canadian exporters as well as the public of St. John have a right to expect that the development of this harbor as a national port along broad, comprehensive lines, shall be proceeded with without unnecessary delay."

"We can assure Mr. Harris that St. John stands ready to do her part in the upbuilding of Canada's export trade as she did in the winning of the war. But

POINT RAISED RE PROHIBITION BILL IN CANADIAN SENATE

Ottawa, May 30—The prohibition bill was given second reading in the senate last night, but a constitutional point was raised which will be the subject of interesting discussion when the bill reaches the committee stage.

London, May 30—A serious uprising is reported in Southern Kurdistan, where the gendarmes have been defeated. It is feared that the British troops there are in a serious position. The British army in Mesopotamia is taking steps to overthrow the tribesmen.

TRAIN HITS AUTO; THREE KILLED Lieut. Commander W. G. Richardson and His Son Two of the Victims

Laconia, N. H., May 30—Lieutenant Commander W. G. Richardson, U. S. N. of Newton, Mass.; his son, Frederick G., and Miss E. Madison of Auburndale, Mass., were instantly killed yesterday when their automobile was struck by an express train at the Winnesquam crossing of the Boston & Maine Railway.

BRITISH BILL FOR CARRYING AMERICANS ACROSS \$82,000,000

Washington, May 30—Great Britain's bill for transporting a million American soldiers across the Atlantic in British ships is approximately \$82,000,000. This and the fact that President Wilson advanced \$5,000,000 of his special funds and probably more, to the Czecho-Slovaks were the two chief developments of yesterday's hearing of Secretary of War Baker, General March and other war department officials before the house military committee.

FEAR BRITISH IN BAD POSITION A Serious Uprising in Southern Kurdistan is Reported

London, May 30—A serious uprising is reported in Southern Kurdistan, where the gendarmes have been defeated. It is feared that the British troops there are in a serious position. The British army in Mesopotamia is taking steps to overthrow the tribesmen.

Store Open Monday, Friday, Saturday Evenings.

UNABLE TO TELL IT ALL SHE DECLARES

Mrs. Schofield is Enthusiastic Over the Benefits Received From Taking Tanlac.

"I just can't tell you all that Tanlac has done for me," said Mrs. Eliza Schofield, who resides at 9422-111 Ave., Edmonton, in an interview recently.

"I had been in a nervous, rundown condition for two years," she continued. "My appetite was very poor, and any kind of solid food would give me indigestion and make me miserable almost as soon as I had eaten it. I also had terrible headaches, and could not sleep at night for rolling and tossing, on account of my condition. My nerves were all shattered and the least bit of noise would excite me, even the children playing around me was almost more than I could stand at times. Often I would get so dizzy and weak, I couldn't finish my housework until I had laid down and rested awhile. I had not only lost my energy and strength but I was losing in weight every day, when some of my friends who knew my condition, advised me to try Tanlac, telling me how much good it had done them.

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

ELECTRICAL ENGINEERS WITNESS EXPERIMENTS

The meeting of the Engineers Institute of Canada was held last evening at the home of one of the members, Frank E. Vaughan, who gave a very interesting talk and demonstration of high potential and high frequency electrical currents in his laboratory.

Mr. Vaughan, who is a pioneer of this district in wireless telegraphy and telephony experiments, has a very complete apparatus with which he can step up an ordinary 110 volt current to a maximum of 500,000 volts, and a frequency of 20 volts up to over 1,000,000, which is vibrations per second. Among the number of interesting experiments shown was the burning of a 32-candle power lamp while passing a current through the body. Also the passing of a current of electrical sparks from six inches to eight inches, requiring a current of 250 to 300,000 volts with an ampere of three-quarters. The dissipation of energy that took place in some experiments equaled 1,200 horsepower. They also showed various types of spark discharge from different terminals and brush discharges similar to the northern lights.

"TIZ" FOR ACHING, SORE, TIRED FEET

See "Tiz" for Tender, Puffed-up, Burning, Calloused Feet and Corns

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz" and "Tiz" cures their feet, right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations, which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.

Amalgamation of Improvement Leagues Urged

The annual meeting of the South End Improvement League was held last evening in the assembly hall of King Edward school. Reports were received showing that the league has passed through a very successful year. The officers were also elected for the ensuing year.

There was considerable discussion on the possibility of all the improvement leagues in the city amalgamating under one head and working together. It was felt that by such a union a great amount of work could be accomplished. It was also felt that the city should assume the upkeep of all the playgrounds.

The treasurer's report showed that the league had collected this year with a balance of about \$60. Other reports were received and read, all showing that a most successful year had been passed and a very large amount of work accomplished. During the evening the discussion of suitable colors for an emblem were discussed and it was finally decided that light khaki and red should be the league colors.

The following officers were elected for the ensuing year: chairman, Charles M. Lingley; 1st vice-chairman, John M. Elmore; secretary, A. E. Ellis, and treasurer, Alexander Wilson.

Executive committee—Thos. Killen, D. W. Puddington, Frank Olive, A. M. Belding, Miss Muriel Denham, Miss N. Hatfield, Miss Allen.

Grounds committee—G. N. Hatfield, J. McCarthy, Capt. A. G. Potter, A. Cairns, William Holmes, G. McDermott, William Lewis.

Sports committee—Edward Segr, R. Atchison, Fred Doyle, J. A. McDermott, A. M. Belding.

Finance committee—D. W. Puddington, Rev. H. A. Cody, F. Lewis, J. McGivern.

Civic improvement committee—R. E. Armstrong, convener.

THE SITUATION IN WINNIPEG YESTERDAY

Winnipeg, May 29.—The city government of Winnipeg today took several steps to end sympathetic strikes of the public utility and service employees, when the police commissioner ruled that every man wishing to remain in the employ of the city must sign an oath agreeing not to join any sympathetic strike movement in the future. Officials announced that a large number of the regular police force had signed and that many applicants, including a number of discharged soldiers would be added to the force.

Winnipeg, May 29.—When the sympathy general strike of Winnipeg union workers into its third week at noon today there were several developments in progress which, to unprejudiced persons, indicated the control of a few dealers was being slowly but steadily crushed. City employees who were involved in the sympathetic walkout were included in the ranks of applicants who today sought positions in municipal departments.

Street Commissioner A. W. F. Hallman reported to the city council that nearly all the employees of his department are anxious to return to their work but that the "fear of intimidation" has been holding them back. It was announced at City Hall this afternoon that more than fifty city firemen have agreed to return to work, despite pressure to the contrary from the union leaders, and that the police men will tomorrow sign a new agreement with the city in which they will agree not to participate in sympathetic strikes.

Ignore Offer. Executives of the Winnipeg Trades and Labor Council today were asked whether the union forces were willing to accept the mediation offer of a committee representing the Canadian railway brotherhoods. President James Winning replied: "If the railway brotherhoods will mediate, I do not think the central strike committee will object."

Mayor Gray will not take any action on the mediation offer of the railway brotherhoods. The mayor said that so far as the city is officially concerned there is nothing to mediate. The citizens' committee, which represents the industrial employers at the employers' request, had no announcement at this time.

CONDUCTORS JAMES DALEY AND JOHN HOWARD RETIRING

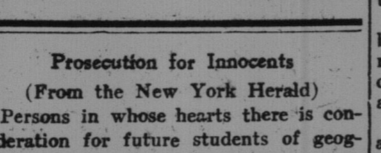

James Daley, of 101 Princess street, who looks back over a period of forty-one years of service with the Canadian Government Railways, will on June 1, be superannuated as an official of the company. Mr. Daley secures his superannuation after a very successful career with the C. G. R. and his retirement from the road will be the cause of regret to his numerous friends. Always courteous, obliging and yet fulfilling his duty to the satisfaction of everybody, Mr. Daley leaves the employ of the railway with the best of feeling for officials and the travelling public.

Mr. Daley started railroading as a brakeman February 14, 1878. He was then assigned to run between St. John and Springhill. He acted as brakeman throughout four years when he was promoted to conductor on freight trains running principally from St. John to points east. As a freight train conductor he served the C. G. R. for a period of ten years when he was given charge of passenger trains and was placed on a run between St. John and Halifax where he was kept from 1892 until about fourteen years ago when he was given the run between the sixty cities of the train which leaves St. John at noon returning the next afternoon at 4:30. Mr. Daley came in with his train yesterday afternoon and will take his train and crew out just once more when he will complete the last circuit of a run he knows so well.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. Miss E. L. Doxey, graduate nurse, of 3220 Michigan Ave., Chicago, says: "I have a patient who suffered terribly with piles. Zam-Buk is the only remedy that gave her relief."

"I have used Zam-Buk myself for the same ailment, also for sores and burns, and have the greatest confidence in it."

Prosecution for Innocents (From the New York Herald) Persons in whose hearts there is consideration for future students of geography must note with deep concern the fact that military operations in the Murman region have unearthed Lumbashi, Ostriche, Koladari and particularly, Medvyeyagora.

DECISIONS MADE IN FISHERIES DISPUTE

Washington, May 29.—Four awards and one recommendation in the New England fisheries dispute, involving five unions, were announced today by the war labor board. No award was given in the fishermen's union case because of failure of the union to press its case after the board explained it had no authority to fix prices or consider price manipulation at the Boston fish wharves.

In the case of the master, mates and pilots' association, the award was: For captains of beam trawlers, \$125 monthly and three per cent commission on gross stock of vessels; mates, \$110 monthly and two per cent commission. Marine firemen, water tenders and boiler union award: Forty dollars monthly and \$6 on each \$1,000 of sales on gross stock of vessels and sixty cents an hour overtime. Marine engineers beneficial association award: Chief engineers, \$110 monthly and \$12 per \$1,000. Fish handlers' union award: Employees receiving less than \$25 weekly, a fifteen per cent increase; those receiving \$25 or more weekly a ten per cent increase.

HOUSEHOLD NECESSITY

Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label. "GILLETT'S LYE EATS DIRT" Made in Canada.

the prevention and adjustment of grievances and disputes which may arise in the industry; promoting amicable relations between employers and employees and negotiating wage agreements for the industry as a whole. A very pleasing feature at the production of H.M.S. Pinafone in the new St. Vincent's auditorium last evening was the presentation to Mrs. Alexander McMullin by members of the cast and chorus of a beautiful thermos pitcher, tray and glasses. The pitcher was inscribed appropriately. The presentation took place between the first and second acts. Mrs. McMullin replied briefly thanking the children for their kindness in her behalf.

The Moment of Opportunity for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Here and there out of the mass of small businesses, big retail establishments will spring up.

Every community will see some few stores rise rapidly above Ordinary Success to Big Success.

Opportunity is knocking now at every merchant's door.

For, today, the handicap that once set a limit to a store's expansion no longer exists. The trading area, which is the area to which goods may be delivered profitably, has been greatly extended.

The store in the centre of the town can serve customers on the outskirts. The east-end store can deliver goods in the west end.

The whole community is laid open to competition.

And in this fair field the live merchant must win.

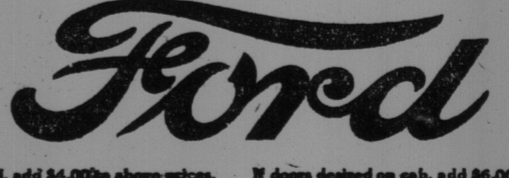

Railway transportation revolutionized trade. It made Big Business possible. By opening up distant markets, by moving goods rapidly at comparatively low cost, Railway Transportation built up big central successes.

Motor Transportation, now reduced to a low-cost basis, will produce, in local trading, results similar to those effected in national markets by Railroad Transportation.

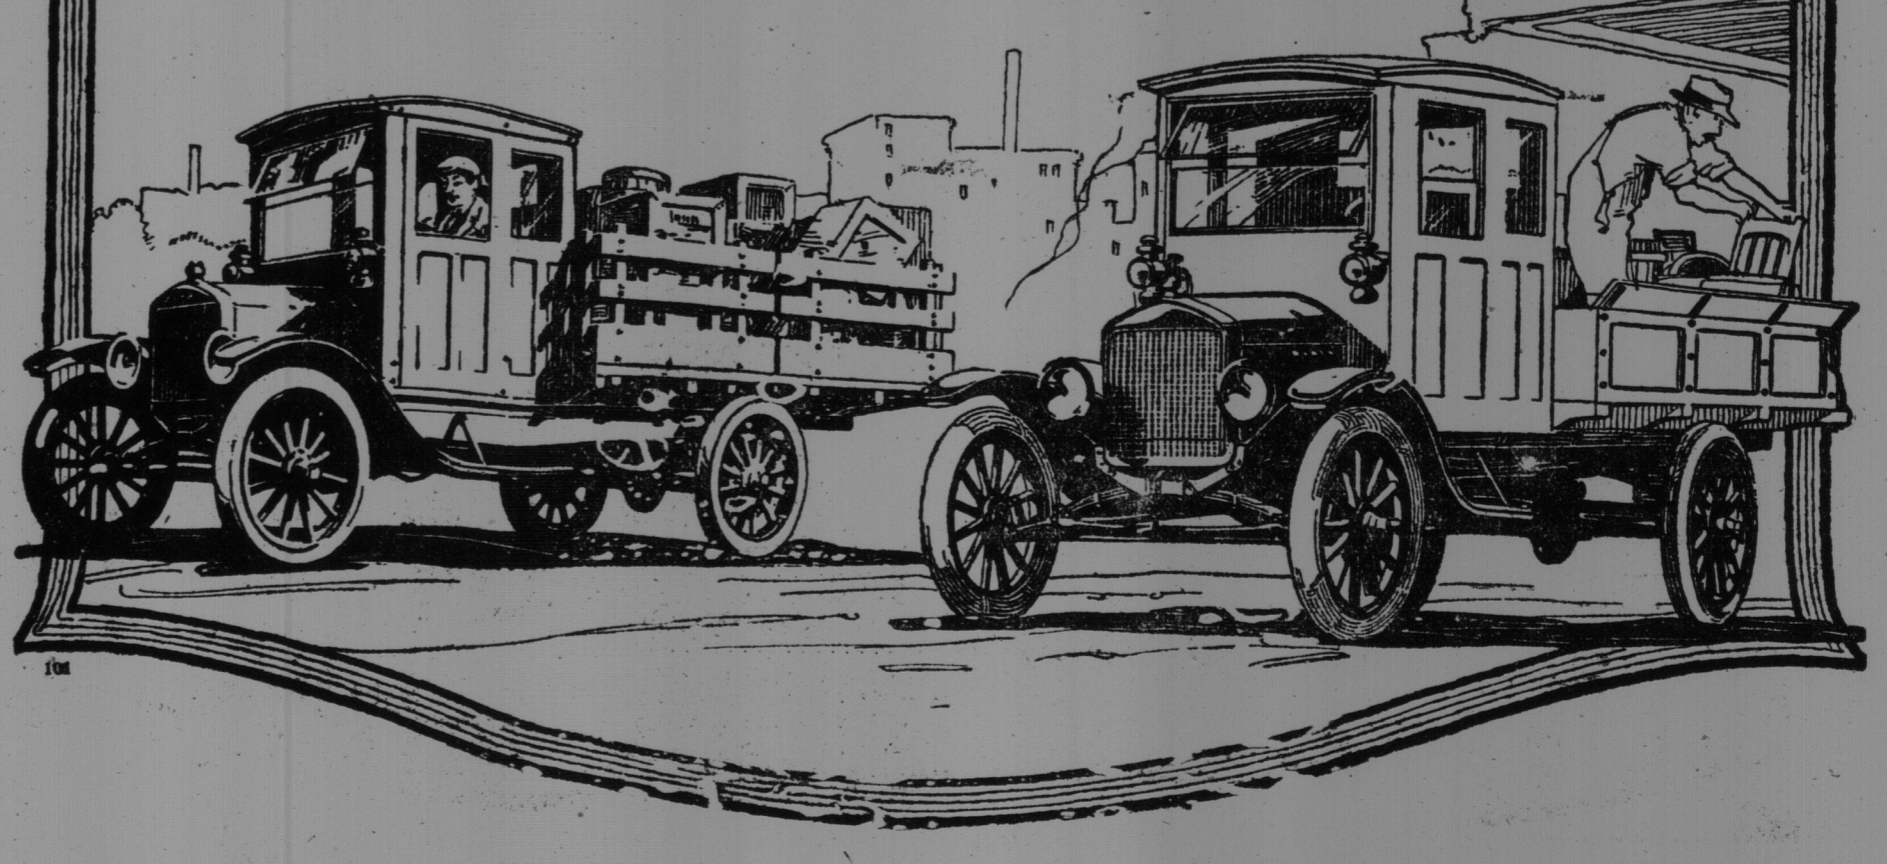

As men everywhere grasp this idea, as they seize the opportunity for business growth that now presents itself, the retail business will be operated on a higher, more efficient plane. The public will be better served. Larger and more varied stocks will be offered for sale. Better and bigger stores will appear.

Ford One-Ton Truck (Chassis only) \$750.00 f. o. b. Ford, Ont. Freight charge to London, \$15.00; Toronto, \$17.00; Montreal, \$22.00; St. John, \$31.00; Winnipeg, \$47.00; Regina, \$63.00; Saskatoon, \$68.00; Calgary, \$77.00; Vancouver, \$93.00.

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONTARIO

DAVID LLOYD GEORGE

Writing about six years before the beginning of the world war, A. G. Gardner placed in "Prophets, Priests, and Kings," a sketch from which the following is an extract—

"I was seated at dinner one night at 10 Downing street beside a distinguished Liberal. 'What a wonderful bust of Chamberlain that is in the hall,' I said. 'Ah,' he replied, 'you mean the bust of Pitt. Yes, it is marvellously like Chamberlain. I wonder,' he went on, musingly, as though the question fitted in with his train of thought—'I wonder what will happen to Chamberlain's successor? I looked up. 'Chamberlain's successor? You mean—' Lloyd George, of course."

of course, as though I had asked solemnly for an explanation of the obvious. I looked down the table to where Mr. Lloyd George himself sat, his face lit up with that smile, so quick and sunny, yet so obscure, his light voice penetrating the hum of conversation, with its note of mingled seriousness and banter, his whole air, at once so alert and self-poised, full of a baffling fascination and disquiet. Yes, here was the unknown factor of the future, here the potentiality of politics.

And here, too, was its romance. My mind turned to that little village between the mountains and the sea, where the fatherless boy learned the rudiments of knowledge in the village school, and where, in leading his school-fellows in a revolt against the Catechism he gave the first hint of the mettle that was in him. I saw the kindly old uncle, bootmaker and local preacher, worrying out the de-

The friend to every sufferer of kidney or bladder complaints. That pain in your back is Nature's warning that you need Gia Pills.

New Issue

Mattagami Pulp 7% Convertible Debentures

Investors who have purchased into sound Canadian pulp and paper companies when they were in their early stages have secured high yields and eventual large profits.

The Mattagami Company is as well situated for low cost operation as any company we know of in the east. In the long run low cost means high profit.

These debentures yield 7% at the issue price and are convertible at any time in the next 10 years into common stock.

We have purchased a portion of this issue and recommend it as a well secured investment with prospects of eventual appreciation.

MONTREAL, May 29th, 1919

New Issue

\$2,000,000 Mattagami Pulp & Paper Company Limited

7% Convertible Sinking Fund Mortgage Debenture Stock

Interest (35¢ every six months on each \$1000 of Debentures) payable on May 1st and November 1st. Principal and interest payable at Montreal, Toronto, New York or London, England.

DENOMINATIONS: \$100 and multiples thereof

The Company may redeem Debentures as a whole within ten years at 115 and accrued interest, and at 105 and accrued interest at any time after ten years.

CAPITALIZATION

Table with columns: Common Shares, 7% Cumulative Preferred Shares, 6% First (Closed) Mortgage Sinking Fund Bonds, 7% Convertible Mortgage Debenture Stock. Rows show Authorized and Outstanding values.

MAY BE EXCHANGED FOR COMMON SHARES

Holders may exchange Debentures for an equal par value of Common Shares at any time up to May 1st, 1929. If Debentures are redeemed by the Company (at 115 and accrued interest) before May 1st, 1929, holders will have three months' notice of the Company's intention to redeem them, during which time the exchange may be made.

SECURITY FOR MORTGAGE DEBENTURES

Debentures will be secured, subject to the lien of the First Mortgage Bonds, by direct Mortgage upon all the Company's extensive Freehold and Leasehold Lands and Water-powers, upon all Plants and Properties now owned or hereafter acquired, and by a floating charge upon all the Company's other Assets.

SINKING FUND TO RETIRE DEBENTURES BY MATURITY

The Trust Deed provides for an annual cumulative Sinking Fund commencing May 1st, 1924, amounting to 2% of the total Debentures issued. It will retire the total issue by maturity. A Sinking Fund is already in operation which will retire First Mortgage Bonds at maturity.

THE COMPANY

Complete prospectus (copies will be mailed on request) contains a letter from the President of the Company, from which we summarize as follows:

- 1. Mattagami Pulp & Paper Company, Limited, operates a modern and up-to-date plant at Smooth Rock Falls, Ontario, for the manufacture of high-grade Sulphite Pulp. The Company's limits and plant are almost adjacent to those of the Abitibi Power and Paper Company, Limited. Their location with reference to markets is ideal, the National Transcontinental Railway furnishing direct outlets to the Atlantic and Pacific seaboard and intermediate markets. The Company also owns its own Townsite at Smooth Rock Falls, an extensive development embracing Hotel Property, School House and Dwellings; also Water, Electric Light and Sewage Systems. 2. Annual Capacity—45,000 tons Easy Bleaching Sulphite Pulp. Present production 30,000 tons per annum, now being increased to 45,000 tons by addition of new drying machine expected to be in operation October, 1919. 3. Pulpwood Lands—840 square miles of Leasehold and 125 square miles of Freehold Lands situated, adjacent and tributary to the Mattagami watershed in Northern Ontario—containing more than 4,000,000 cords of spruce pulpwood. 4. Capacity of Water Powers—18,000 horse-power, of which 9,000 horse-power is developed. 5. Value of Assets—\$8,000,000. 6. Funded Debt—\$3,933,500 including this \$2,000,000 issue of 7% Convertible Mortgage Debentures. 7. Net Earnings for six months ending October 31st, 1918, certified by Clarkson, Gordon and Dilworth, available for Interest and Depreciation amounted to \$302,306.18—against Interest Charges of \$97,000. Earnings for the next twelve months estimated at \$750,000, as against \$256,010 Interest on whole Funded Debt, including this issue.

A large portion of this issue has been sold in the United States and in Canada. We offer for sale the unsold portion of the balance at

94 and accrued interest, yielding over 7 1/2%

Payable as follows: 20% of the par value on application. 40% of the par value on June 20th, 1919. 34% of the par value on July 20th, 1919.

Interest will be allowed on payments at the rate of 7% per annum. Payments may be anticipated in whole or in part at any time. Accrued Interest will be adjusted upon final payment.

Why we are backing Pulp and Paper Securities

But one thought is in the mind of Canadian big business to-day—EXPORT.

And it is chiefly because Canada's Pulp and Paper Industry has proved its ability to get and hold EXPORT business that we believe in that Industry and are backing our belief with our resources.

In 1890, Canada's Exports of Pulp and Paper totalled \$120. By 1912, they had grown to \$14,600,000. In 1917, they had nearly quadrupled to \$52,000,000. For fiscal year 1918-1919, they ran close to \$100,000,000—nearly double what they were two years before.

To-day, the Pulp and Paper Industry is the largest of Canada's manufacturing EXPORT industries.

The future market for its products is limited only by its capacity to produce; and an immediate expansion is imperative if Canada is to cope with the sustained and increasing world-demand for her pulp and paper products.

It is because the possibilities of the Industry are only beginning to be appreciated by Investors that its chief requirement to-day is more capital.

For the same reason, the price of its securities is low in relation to their safety and income-return, and they therefore offer reasonable assurance of enhanced value as the possibilities of the Industry become more widely known.

It is for these reasons that, after minute examination by our staff of technical experts, we are backing the mortgage securities of Pulp and Paper Corporations that combine capable management and conservative capitalization with extensive timber holdings and large water-power resources.

In turn, we recommend these mortgage securities to the support of Investors as investments that are at once safe, profitable and patriotic.

THE JEWELLERS AND OPTICIANS ORGANIZE

Moncton, May 29.—The opticians and retail jewellers of New Brunswick held a convention in the Leonard trade rooms, Y. M. C. A. building, today. A large number of representatives was present. The first session opened at 2:30 o'clock with the address of welcome by Mayor Price and an address was given by Percy Dickson, president of the Moncton branch of the Retail Merchants' Association. A short paper on the work of the Retail Merchants' Association was read by Miss F. P. Alward, St. John, provincial secretary.

Next on the programme was the organization of the Jewellers and Opticians' Association, which was followed by a round table talk on matters of interest to the jewellers and opticians. The principal object of the convention is to bring the jewellers and opticians together for their mutual benefit and one matter before the convention is the optometrical act which it is hoped to have passed by the legislative assembly of New Brunswick at next session.

NORTHUMBERLAND CIRCUIT

Newcastle, May 29.—In the Northumberland circuit court today the case of Edward Dalton vs. Earl Ashford was finished. Each side won with costs. Dalton brought suit to recover payment of over seven hundred dollars claimed to be due him for an automobile, accessories and supplies. Defence was made on a counter-claim of over twelve hundred dollars claimed for labor, etc. J. A. Creighton appeared for Dalton and A. A. Davidson for Ashford.

Kingston vs. Hyland, a replevin case, was commenced with Hon. Robert Murray appearing for the plaintiff and A. A. Davidson for the defendant. Orders for direction in the case of Morrissey vs. Holohan, an action for damages for trespassing and cutting lumber were decided upon by Justice Barry.

W. C. T. U. MEETING

The quarterly meeting of the County W. C. T. U. was held on Thursday afternoon in the Fairville Methodist church, under the auspices of the Fairville union. County president, Mrs. R. D. Christie, was in the chair. Mrs. Mary Seymour, evangelistic superintendent, conducted the devotional services. Rev. Mr. Bishop,

pastor of the Baptist church, led in prayer. Mrs. Seymour read the scripture.

The business session was opened by the president and Mrs. Bishop favored the convention with a solo. The secretary read a paper from the provincial president on the first organization of the Women's Christian Temperance Union. Rev. Mr. Dunham of the Fairville Episcopal church, was called upon to address the meeting and he gave the convention a helpful message. Taking as his example the outstanding characters of the women of the Bible he urged the women to be faithful and sincere and to press forward to the attainment of the highest possible standard.

Rev. Mr. Bishop was called to the platform and speaking along the lines of temperance, told of the great need of an educational campaign. The convention also had the pleasure of listening to an address by Rev. Mr. Marshall, president of the New Brunswick Alliance.

A letter was read from the Oddfellows asking for the support of the W. C. T. U. at their fair. A letter was also read from the Dominion W. C. T. U., in reference to the new department of travellers' aid, and action was taken upon both these communications.

It was announced that the Provincial Union wished to meet in St. John and Mrs. J. Scott, president of the North End Union, moved that the County Union invite the Provincial Union to convene in St. John. Miss Hipwell seconded the motion which was carried. Reports were then received from the

St. John Union, St. John North, Carleton and Fairville Unions. All reports showed progressive work being done. This concluded the business session and after the benediction had been pronounced by Rev. Mr. Marshall the ladies of the Fairville Union served afternoon tea and a pleasant social hour was spent.

Empress on Way.

### Villa Forces Proclaim Provisional President

Washington, May 29—Villa forces have proclaimed General Felipe Angeles, provisional president of Mexico and Villa himself, secretary of war. The move coming at the climax of military operations is considered by the Carranza government so serious that it has asked the United States government for permission to move troops through Texas, New Mexico and Arizona, which is regarded here as reflecting a situation more serious in Mexico than any since the triumph of Carranza forces over Villa three years ago. Viewed in connection with the activities of the Felicista forces in southern Mexico, the situation is regarded as full of possibilities.

Government officials are refusing to comment on the news. There seems, however, to be no doubt of its authenticity.

### LOCAL ARTISTS WIN PRAISE AT EXHIBITION

A great many pieces of excellent work were shown at the annual exhibit of the art classes of the St. John Art Club. Mayor Hayes presented the prizes and afternoon tea was served by the art school girls. Miss Frances Ryan was heard in some fine musical selections during the afternoon and evening.

The work shown was done by the senior and junior classes. The senior instructed by Miss Alice Haggarty, numbers some ten pupils and the junior, taught by Miss Holt, has eleven members. All the pupils must have applied themselves to the study of their work with real enthusiasm and their teachers had evidently shown skill and aptitude from the results which were seen with so much pleasure yesterday.

The advanced class exhibits were in the main life studies, some of them in pastels and water colors, amongst which special mention should be given Miss Helen Ryan's girl with fur tippet, and full length study of a girl reading, also Mrs. Holt's reading girl. Miss Ryan's work showed a freshness and charm that were particularly pleasing. Miss Terry exhibited an oil painting of the essential lights and shades. Miss Elsie McMullin was awarded the second prize for a charcoal drawing of a tall vase and a basket filled with fruit that was a most life-like study; and the third prize was given to Miss Muriel Garter for a charcoal drawing of a glass dish and an earthenware vase so realistically done that they stood out from the paper in clearest relief. The fourth prize was given Miss Sally Roberts, one of the youngest members of the class, who shows special aptitude. The water color study of a tree by the roadside, which won the prize, had truth of coloring and outline and showed excellent light effects.

Honorable mention in the junior class was given Miss Catherine Mullin for a water color of pottery and potatoes; Miss M. Tilley for a water color of daffodils in a blue vase; Miss Leonora Belyea for a charcoal drawing of a pottery jug, and Miss Daphne Paterson for a charcoal drawing of a jug, plate and fruit.

Those who presided at the tea table were Mrs. Page and Miss Harris and the candy table was in charge of the Misses

by Miss Julia Crawford were exceptionally attractive.

The charcoal portrait studies by the advanced class were those on which prizes were awarded and the awarding of the prizes must have been a difficult task since the standard of work was very high and talent was seen in almost all of the studies. The outlines were good and the light and shade used to the best possible advantage. The first prize was awarded to Miss Helen Ryan for a study of a girl seated at table. The detail in the drawing was executed with truth and skill and there was life in every line of it. A large head of a girl in a reclining attitude, done by Miss Julia Crawford, won the second prize and was remarkable for the simplicity with which it was executed. There were few lines and little shading but every stroke was a telling one. A full length study of a seated girl reading, which was done by Miss Helen Pendleton, was the winner of the third prize and in it the shading was especially well done. Honorable mention was accorded Miss Florence Terry for two studies of a girl's head and a seated girl, and to Miss Marion Henry for a girl looking upward.

It was hard to believe that the work of the junior class had been done by girls some of whom had not yet arrived where their ages could be reckoned in two figures. If the promise shown in their studies is carried out in their future careers some artists who will make a mark. Miss Gretchen Skinner ranked highest in the junior class receiving first prize for a charcoal study of a vase, basket and orange, a difficult subject that she treated with unqualified success, bringing out to perfection the essential lights and shades. Miss Elsie McMullin was awarded the second prize for a charcoal drawing of a tall vase and a basket filled with fruit that was a most life-like study; and the third prize was given to Miss Muriel Garter for a charcoal drawing of a glass dish and an earthenware vase so realistically done that they stood out from the paper in clearest relief. The fourth prize was given Miss Sally Roberts, one of the youngest members of the class, who shows special aptitude. The water color study of a tree by the roadside, which won the prize, had truth of coloring and outline and showed excellent light effects.

Honorable mention in the junior class was given Miss Catherine Mullin for a water color of pottery and potatoes; Miss M. Tilley for a water color of daffodils in a blue vase; Miss Leonora Belyea for a charcoal drawing of a pottery jug, and Miss Daphne Paterson for a charcoal drawing of a jug, plate and fruit.

Those who presided at the tea table were Mrs. Page and Miss Harris and the candy table was in charge of the Misses

**MORNING NEWS OVER THE WIRES**

According to a statement made by Eugene N. de Schelling, a Russian diplomat, there are sixty-two Bolsheviks with a membership of 15,000, in Canada. He says they were visiting only three months ago by a friend of Trotsky.

A tower sixty feet high, built in the Petkovic river for the purpose of measuring the tide, was carried away last evening by a high tide.

A record number of troops and their dependents were brought over to Canada during May, 57,948 soldiers and 2,215 dependents.

The journeymen plumbers of Sydney returned to work yesterday after having been on strike for twenty-five days. A demand for seventy cents an hour for an eight hour day was compromised, the men accepting sixty-five cents and an eight hour day.

**"DON'T EVER LAG BEHIND."**

You come to me for advice, my boy? Well, all I have got to say is "Push, not pull, will win for you" And you'll have to work, not play. It doesn't matter where you go. My boy, some day you'll find you've got to push ahead to win; if you don't, you'll stay behind.

Don't think that you have lost the race. Before ever a step is run. Many a fellow has fallen behind who had only just begun. You may want to win, but you think you can't. Just get that out of your mind. If you're going to win the grand old race you must never lag behind.

Don't ever think you're down and out. No matter how heavy the load; You'll win if you stay in the game, my boy.

There is always a turn in the road. If you think you're outclassed you will never ever capture a prize. If you think you'll lose you are lost. The fellow that wins in this game of life doesn't stop to figure the cost.

Success begins with a fellow's will. You've got to look high to rise; You've got to be sure of yourself before you'll ever capture a prize. You may think you've lost, but you are sure to win. If you just keep this thought in mind: "I can pass that fellow ahead of me, I just won't stay behind."

You're not outclassed till you think you are. Play fair and square, don't let them say "He lost out before he began." You won't find life out as sweet as mine. You'll find some words that are right. And you'll find rights that look wrong, my boy. Before you win out in the fight.

You won't find life all sunshine, boy. You'll find you have plenty of rain; But when the days are darkest, why don't the people come out again. You have got to work to win, my lad. No matter what else you do, For the world doesn't like a quitter. You'll find my words come true.

You're sure to find wherever you go. In this great big world of ours, Most of the people are pulling weeds. A few will gather the flowers. So, my advice to you, my boy, Please bear these words in mind, "Push ahead, some day you'll win. But don't ever lag behind."

T. G.

**BISHOP RICHARDSON'S FLOWER SERMON IN ST. LOUIS**

(St. Louis Republic.)

"No more convincing proof of the existence of a God can be witnessed than in flowers," said Right Rev. John A. Richardson, Lord Bishop of Fredericton, New Brunswick, in an address at Christ Church Cathedral. Bishop Richardson preached the flower sermon yesterday, an annual event which is observed in accordance with the will of the late Henry Shaw.

The benediction and the wisdom of God are the two greatest lessons to be learned from flowers, the bishop said. The millions of people whose lives are brightened daily by flowers are sometimes forgetful of the being to whose goodness they owe their blessings, while others who solve at attempt to solve the mysteries of plant life are unappreciative of the wisdom of Almighty God, by whose will and knowledge all such life exists.

Bishop Richardson was sent to England and France in 1917 by the Canadian government to study conditions in the camps, trenches and hospitals of the Canadians. He spent several months overseas, after which he returned to Canada and made a report. He has since filled in many addresses of the good cheer which abounded in the army there, even under the most adverse conditions.

Bishop Richardson will tell his experience while at the front tonight at Moolah Temple. The address will be open to the public. James C. Jones will preside. Tomorrow night Bishop Richardson will speak at St. Peter's church, Pendleton avenue and Olive street, after which he will depart Wednesday for his home. He is the guest of Bishop Tuttle.

No Lipton Race This Year.

New York, May 29—Sir Thomas Lipton sailed for England today after spending two months in America. He said that he expected to return here in August for a trip to the west, but that he would pay no attention to yachting until next year, when he would be fully prepared to carry out his challenge for the America Cup.

Mrs. William Lennox died at her home in Rexton on Wednesday. She is survived by a son, William, in Kansas City, and two daughters, Mrs. Alfred Mundle and Miss Jennie Lennox.

**MAKE PROTEST AGAINST ADOPTION OF BRITISH NAMES BY FOREIGNERS.**

Montreal, May 29—A protest against the taking of British names by foreigners was made at this morning's session of the I. O. D. E. convention at the Ritz Carleton Hotel by Mrs. Daniels. This speaker claimed that the name McPheron, for instance, should continue to denote Scottish ancestry and should not be assumed at will by immigrants from central Europe.

New St. Thomas College.

Chatham World—Work was started on Tuesday morning on the new St. Thomas College building, the contract for which has been taken by Mr. Fauter of Montreal. Workmen are excavating for the foundation. The building will be 150 x 50 with a wing. It will be built of a greenish brick from Montreal. The site is near the skating rink, next lot easterly.

St. John's, Nfld., May 29—Newfoundland, which has suddenly found itself the centre of world aviation, soon may be connected with Canada and the United States by aerial mail and passenger lines, it developed today, when the lower house of the colonial legislature ratified a concession granted to the Imperial Aircraft Manufacturing Company of London.

**USE The Want Ad Way**

**DEMPSEY GOING IT ROUGH WITH HIS SPARRING PARTNER**

One-Round Davis Has Had Enough—Willard's Camp Only Mile Away

Toledo, May 29—Selection of a former club house on the shore of Maumee Bay, less than a mile from Jack Dempsey's training quarters was made today at the training camp for Jess Willard, who is due here on Saturday. It was suggested by Tex Rickard that with camps so close together, the heavy weight rivals might meet some morning and start trouble. Rickard laughed and said he hoped they would meet.

"The old days of pugilism have passed," Rickard said. "This is a boxing contest for supremacy of the heavy weight class, and purely a business proposition, the same as a baseball game or other amusement." Willard and Dempsey will be paid performers. They are not mad at one another, and if they meet while doing road work, they will stop and shake hands. Men in other branches of athletics are friends, why not Dempsey and Willard be friends while they are conditioning themselves?" Dempsey is using his sparring partners so roughly that Manager Jack Kearns is having difficulty in retaining them. One-Round Davis, a 200 pounder from Buffalo, quit the challenger's camp today after receiving another walloping. He was nearly knocked out for the second time in two days.

Manager Kearns communicated with Billy Mink the St. Paul light heavy weight in an effort to bring him into camp to work with Dempsey.

Ray Orher, business manager for Willard, brought the surprising information that Willard had been in training since February 1, when he started dieting. He said the champion weighed about 274 pounds when he started to train and that he weighed 287½ when he left him in Los Angeles five days ago.

### SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application of two, it becomes beautifully dark and glossy.

THE LATE MAJOR CARTER.

Today's Ottawa casualty list contains official announcement of the death of Major Albert D. Carter of Point de Bute, noted aviator, who is reported accidentally killed. Pte. I. E. Campbell of Sticksney, N. B., is announced as ill.

**Take home a can of Kyanize**

### Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.

Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all unfortunates who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints."

In the spring of 1898 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent, simply fill out the coupon below and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mr. Jackson is responsible. Above statement is true.

### Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

Marragansett Pier, R.I.
"I was all run-down, back ached, and tired all the time. I kept house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.
For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

### Vinol Creates Strength

Wasson's Drug Store, The Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson, and at the best drug store in every town and city in the country.

### Here Is a Field For Real Work For Men And Women

Let us Have Organization for Athletics and a Great Meet for Boys and Girls on Labor Day

Captain Sokes of the Y. M. C. A. makes a suggestion that should give a great impetus to amateur athletics. It is that on Labor Day there be on one of the playgrounds a grand athletic meet participated in by the champions of the different grounds in the city. The plan would be for each playground to have its own meet a few days before and the champions of each ground meet in competition, each wearing their colors, on Labor Day.

There should be no difficulty in carrying out this plan. It may be taken for granted that on the grounds of the South, East and West End Improvement Leagues there will be provision made for the hundred yards dash, distance running, pole vaulting, jumping, putting the shot and other exercises. Possibly similar provision can be made in the North End. The young athletes of each section could practice on their own grounds, have their own championship meet, and the victors on each come together for a grand meet on Labor Day. Of course Fairville would want to get into this game also, and the whole city would be interested in the revival of clean amateur sport.

What is needed now more than anything else is for a group of active young and older men who are really interested in this work to join the various Improvement Leagues and give special attention to this phase of their activities. The Y. M. C. A. and Y. M. C. I. could not do a better thing for the summer season than throw their energies into the activities of the Improvement Leagues. Their help is needed, as is the help of every individual citizen.

The city council is doing its part admirably. A few energetic men are doing their part—most of them gray-haired men. But the work should not be confined to the men. The girls should also be encouraged to play. Such organizations as the Young Women's Patriotic Association, the High School Alumnae, the Y. W. C. A., St. Monica's Society and other organizations could do a most valuable work by linking up with the Improvement Leagues for the good of the boys and girls. Who will take the first step?

### SIX SONS DONNED KHAKI DURING WAR

Proud Record Established by Family of Mr. and Mrs. George Thompson, Hampstead.

Mr. and Mrs. George Thompson, of Hampstead (N. B.), have the proud record of having had six of their sons in khaki during the war, and the last member of this sextette of heroes to return was Harry, who came back a week ago last Saturday with the 26th battalion.

Abraham Thompson, the eldest son, enlisted in the 9th Siege battery, but after being in training for a few months on Partridge Island, was discharged as medically unfit. Harry Thompson, the next son, enlisted with the 140th battalion and went overseas with this unit in October 1916. After training in England for some time he was transferred to the Fighting 26th, and with this famous unit he passed through a number of the most famous engagements of the war. Fred, the next younger brother, enlisted also in the 140th battalion and was likewise transferred to the 26th battalion, but while serving with this unit in Flanders he was shell-shocked and passed on June 26, 1918. He was invalided home to Canada in October of the same year and sent to the Newmarket Hospital in Ontario, where he received treatment for some time. He is now completely cured and is at present at home. The next son, James, who was living in Maiden (Mass.), enlisted with the Canadian Engineers and trained at Quebec for some months. He went overseas with a draft from this unit in 1916, but was detained in England. The next son, Albert, although only twenty-one years of age at present, has seen seven years of soldiering. At the age of fifteen he enlisted with the Royal Canadian Regiment, with which he served seven years, four of them at the front. He was also stationed for six months at Bermuda. George, the younger son, is eighteen years of age. He enlisted with

the 9th Siege battery and after training for some time at Partridge Island he was sent overseas with a draft, but was only allowed to go as far as England. Besides these six sons who have served, there are three more boys and four girls at home. Mr. and Mrs. Thompson can indeed feel proud of this patriotic record, for few can equal it.

Shift Talking
An interesting personal comment upon the life of modern Athens by a traveler recently returned from Greece, recalls the comment of another visitor of nearly 2,000 years ago, who remarked parenthetically, "Now all the Athenians and the strangers sojourning there spent their time in nothing, but either to hear or tell

some new 'thing.' Altogether too much time, remarks the modern visitor, do the Greeks spend in conversation about all sorts of trivialities, mostly political. The city impressed him as in many respects far ahead of other cities of the Levant—clean, spacious, well built, and reminded him of Paris, but everywhere "talking and yet more talking." Well-dressed and

smart-looking civilians, soldiers whose uniforms vary from the modern practicality of soldier wear to the quaint costumes of earlier times, or peasants in short jackets and skirts, all strike him, apparently, as equally talkative. Thus Greece continues the reputation for fluid speech that Milton probably had in mind when he wrote:

Athen, the eye of Greece, mother of arts And eloquence.

USE The Want Ad Way

Canada's Greatest Known Price Tailors
The English & Scotch Woollen Co.

## Wear Tailored-To-Measure Clothes This Spring— Our Standardized Prices Give You The Best Value Without Extravagance

DEPENDABILITY—as to the length of time and resiliency of the fabrics, and as to the construction of your clothes—IS WHAT COUNTS. That is why we put all our knowledge into buying the right sort of fabrics. Fabrics of the finest texture and of the latest weaves. That is why we devote our utmost skill in tailoring—so as to express gracefully the lines of your figure—so that clothes will retain their air of distinction which is so soon lost in less perfect clothes. These are the qualities which make English & Scotch Woollen Co. Tailored-to-Measure clothes so desirable—so dependable.

### Suits And Topcoats Tailored-To-Your-Measure

No connection with any other concern doing business in Canada.

IT is well for you to remember when ordering your new clothes this spring that at our Standardized Prices you get the UTMOST IN QUALITY, that English & Scotch Woollen Co. Tailored-to-Measure Custom Tailoring means—The Very Best Materials, and The Very Best Tailoring at the Very Lowest Price, for Dependable Garments. Our big problem will always be to get the prospective customer to come here for the first time. We never have to advertise a second time to any able judge of good tailoring, who orders his first English & Scotch Tailored-to-Measure Garment.

TROUSERS
We are showing exceptional values in odd trousers from special trouser lengths. As many of these clothes are shown in very limited quantities, we will be obliged to ask customers for a second choice.

Boys' and Youths' School Clothes
Made-to-Measure from good dependable woollens like and worn, at the usual cloth used in boys' clothes. Out-of-town customers, write for Boys' and Youths' Style Book.

North End League. In the North End League last evening the Curlews defeated the Wolves, 7 to 6. The game was keenly contested and witnessed by a large gathering of fans.

Trouble in Red Sox Camp. Boston, May 28.—The Traveler publishes the following despatch from Cleveland respecting the Red Sox: "Just what the trouble with the world champions is no one can figure. There is talk of Jack Barry causing trouble, but this is denied strongly by Manager Barrow and Owner Frazee. There is also talk that there are two or three members of the club the veterans do not want wearing Red Sox uniforms, and this has also been denied, but it is likely that the truth will get out soon."

"Rudy Kip" Drops Dead. Salisbury, N. B., May 29.—The famous racing stallion "Rudy Kip," owned by A. E. Triton, dropped dead in his stall one day this week. This beautiful thoroughbred had a racing record of 2,044, made in a winning race on the Grand Circuit in New York state the year before Mr. Triton purchased him and brought him over to Canada. Judges who awarded him first prizes at the maritime horse shows at Amherst found him practically 100 per cent perfect in color, build and beauty. He appeared in excellent condition this season.

News of the Boxers. Frankie Britt and his manager, Ray Cas, have again parted. Britt says he is going to look after his own affairs. George Freeman has resigned as matchmaker of the Fenway A. C. Boston, Roy Green is talked of for the position.

Montreal, May 29.—After the hollow victory over the Zulu Kid on Wednesday night, Marty Cross visited the Montreal Gazette office and announced the fact that he was anxious to fight Eugene Brousseau. In the course of his conversation Cross admitted he had carried Roddy McDonald for ten rounds in a recent bout with a view to securing a fight with Brousseau.

Soldiers to Police Arena. Toledo, O., May 28.—Eight hundred former soldiers will be deputized as special police and serve as ushers for the heavyweight championship contest between Jess Willard and Jack Dempsey.

Trainer Kearns Runs Down Soldiers—Bulldog Starts Trouble. Toledo, May 28.—Misfortune trailed the Dempsey camp. To escape a collision with an automobile at one of the busiest corners in the city, Jack Kearns, manager of the challenger, drove his machine into a motorcycle attached to the Army Recruiting Service and seriously injured two soldiers. The motorcycle and side car were wrecked. Kearns rushed the two injured soldiers to a hospital and then drove his car to a garage for repairs.

The bulldog presented to Dempsey by a score of fights, attacked a neighborhood pet and chewed the animal to death before Dempsey's trainers could sign it. Dempsey was in no way responsible for the fight, as the dog had been locked up, and he regretted the incident so keenly that he made a canvass of the houses in the neighborhood until he found the dog's owner.

Trainer Deforest sent Dempsey through a vigorous workout. The challenger boxed six rounds, for furious sessions with Bill Tate and two with Terry Keller, a light heavyweight. Keller boxed the second and fifth round to give Tate a rest. Dempsey was on top of Tate from the start and the giant negro received a punching that he did not anticipate. One left-hand uppercut nearly lifted him off his feet. After the boxing, Dempsey and Averell Harriman and Fred Allen are quoted as favoring it. It is rumored here that Harvard is equally enthusiastic about the plan and will try to arrange it jointly.

The trip of crews and track teams will be made on the understanding that the English universities who row or meet the Americans on the track will cross the ocean in 1921 for a return meet and race.

ARROW ARALOOP SOFT COLLARS WITH FIXED WASHABLE LOOPS THAT ASSURE NEAT APPEARANCE ASK TO SEE IT. Chert. Peabody Co. of Canada, Ltd.

In the Bayview Park arena here July 4, Tex Rickard, promoter of the contest announced today. These men have all seen service overseas. They will be armed and will be under the direct supervision of Mayor Schneider and C. F. Wall, director of public safety.

As the army, navy and civilian board of boxing control endorsed the contest and announced that it would support it, Promoter Rickard believed it would be an injustice to the men on this board to appoint soldiers to assist in handling the crowds.

Rickard was advised today that Willard will come direct to Toledo, instead of stopping off for a day's visit at his home in Lawrence, Kansas. The championship is due here June 4 to begin training.

Monahan Joining Willard. Toledo, Ohio, May 29.—Walter Monahan, who was chief sparring partner for Jess Willard, when the champion fought Jack Johnson at Havana, has been granted a furlough from the army and will join Willard's camp next week, according to a message received today by Ray G. Archer, business manager of the champion.

LACROSSE. Montreal Club Burned Out. Montreal, May 29.—The grandstand and clubhouse of the National Lacrosse Association here was destroyed by fire this afternoon. The grandstand which was capable of seating six thousand was of frame construction. The destruction of the national grandstand makes the third big fire to sporting premises here within a few weeks, the other places going being the Jubilee rink and Sohmer Park. The arena was destroyed by fire a year ago.

BOWLING. Miller and Poehler defeated Randall and Whelan in the final ten strings of their twenty string match at the New Boston Alloys on last Tuesday night. Miller and Poehler won 220 against 210 by their opponents and winning the match with a grand total of 4472 against 4426, or a margin of 46 pins.

ANOTHER WIN FOR CARLETON BALL TEAM. Defeat St. Peter's in Fast Six Inning Contest—Y. M. C. I. vs. Fairville Tonight. The large gathering of fans on the West Side diamond last evening witnessed an interesting and keenly contested game between Carleton and St. Peter's. The former won by a score of 6 to 2 in a six inning contest. The game was an interesting one to watch despite a few loose plays.

The Carleton team showed up better on the field than their opponents and are in better condition, but St. Peter's have a very strong aggregation and will undoubtedly be a strong contender for the championship. Their players have had little or no practice, and as a result were unable to hit when men were on and as a result lost several opportunities to clinch the game.

The pitching mound is badly in need of repairs and the cinders on the infield, especially behind the plate, cut the ball up so badly that the players were unable to put any stuff on it. The box score follows:

Carleton. A. B. R. H. P. O. A. E. Clarke, ss 2 0 0 1 1 3 Sterling, rf 1 2 1 0 0 0 Ramsey, 2b 3 1 1 2 0 0 Garnett, cf 3 1 2 0 0 Finnermore, c 2 1 3 6 2 1 Joyce, 3b 2 0 0 0 0 Connors, 1b 2 0 0 7 0 0 Mather, lf 2 0 0 0 0 Masher, p 2 0 0 0 2 0 Beattie, p 2 0 0 0 2 0 19 5 4 18 5 5

St. Peter's. A. B. R. H. P. O. A. E. Gibbons, ss 3 0 1 1 1 Mahony, 2b 2 0 0 4 1 1 Dever, c 1 0 0 6 1 3 Lenihan, 3b 3 0 1 1 3 McGovern, 1b 3 1 2 0 0 Doherty, lf 3 0 1 0 0 McAnulty, cf 3 0 1 0 0 McMurray, rf 2 1 0 0 0 Hansen, p 3 0 1 0 0 28 2 5 15 7 2

Score by innings: R. H. E. St. Peter's 0 0 1 1 0 0 2 5 2 Carleton 2 0 0 1 2 5 5 4 5 Umpires—Howard and McAllister. Scorer—Jack Coughlan. Tonight the Fairville and Y. M. C. I. lines will meet.

A SERIES OF MISHAPS. AT DEMPSEY'S CAMP. Trainer Kearns Runs Down Soldiers—Bulldog Starts Trouble. Toledo, May 28.—Misfortune trailed the Dempsey camp. To escape a collision with an automobile at one of the busiest corners in the city, Jack Kearns, manager of the challenger, drove his machine into a motorcycle attached to the Army Recruiting Service and seriously injured two soldiers. The motorcycle and side car were wrecked. Kearns rushed the two injured soldiers to a hospital and then drove his car to a garage for repairs.

The bulldog presented to Dempsey by a score of fights, attacked a neighborhood pet and chewed the animal to death before Dempsey's trainers could sign it. Dempsey was in no way responsible for the fight, as the dog had been locked up, and he regretted the incident so keenly that he made a canvass of the houses in the neighborhood until he found the dog's owner.

Trainer Deforest sent Dempsey through a vigorous workout. The challenger boxed six rounds, for furious sessions with Bill Tate and two with Terry Keller, a light heavyweight. Keller boxed the second and fifth round to give Tate a rest. Dempsey was on top of Tate from the start and the giant negro received a punching that he did not anticipate. One left-hand uppercut nearly lifted him off his feet. After the boxing, Dempsey and Averell Harriman and Fred Allen are quoted as favoring it. It is rumored here that Harvard is equally enthusiastic about the plan and will try to arrange it jointly.

YALE WILL ROW AGAINST ENGLISH CREWS NEXT YEAR New Haven, May 28.—A movement has been started for a trip to England next year by the Yale crew, and it is possible the Harvard crew will be included in the affair. It is now as good as settled that the Yale and Harvard track teams will cross the Atlantic next summer to meet Oxford and Cambridge. As far as Yale is concerned, the rowing squad will probably make the trip and compete in several races. The Yale undergraduate rowing management is enthusiastically in favor of the plan, and Dr. Mather Abbott, the crew coach, is a warm advocate of the proposition. He urged the scheme of entering the Yale crew in the Henley regatta on the English Thames this year, and was disappointed from the plan only because it became clear that the Yale navy finances would not allow it. No obstacles have appeared to oppose the crew's trip next summer, and such prominent members of Yale's advisory rowing committee as Harry Payne Whit-

EMPRESS West Side's Comfy Picture House "A FIGHT FOR MILLIONS" Episode Two "Flames of Peril" Edith Johnston—William Duncan Drama, "THE REINCARNATION OF KARMA" Two Sparkling Comedies "WHERE WIVES WIN" and "HER SPOONY AFFAIR" Billie Rhodes MATINEE SATURDAY, 2 P.M.

Sidelights On Sport The Carleton baseball nine is getting away to a good start and has defeated two strong contenders in the Y. M. C. I. and St. Peter's. However, the season is only starting and before many weeks these two teams will take "some beating." A coating of earth over the cinders on the infield will save the league money for balls, and in addition will make the game faster and better. The pitching mound should be raised. At present the pitching box is lower than the home plate and the pitchers are forced to pitch up hill. In addition the back of the pitching box is full of holes and throws a pitcher off his balance. This causes many wild pegs for a man off his balance cannot control a ball. Some fans should be educated either to keep quiet or else refrain from per-

**GOLDEN RULE IS MESSAGE OF MAYOR HANSON**

Right to Existence of All Present Governments to Be Put to Test in the Next Few Years, Declares Seattle Executive

"The Golden Rule is my message to the manufacturers and workers of this nation; there never has been a successful man, successful business or successful nation which did not, in a large measure, obey this rule," declared Ole Hanson, mayor of Seattle, Washington, in discussing "Bolshevism and Headjustment" before the National Association of Manufacturers, in convention in New York.

Mayor Hanson's address was a vigorous denunciation of bolshevism and all elements opposed to the best interests of the nation. He called upon both employers and employees to co-operate for their mutual benefit, and demanded deportation of all those aliens "who would destroy our government."

Mayor Hanson predicted the next few years would put to the test the right to existence of all present governments.

"The attacks now being made, the changes now taking place, are not only changes in governmental form, but are, when stripped to the bone, simply mass attacks against civilization and all that we mean by civilization."

**American Plan is Evolution.**

Declaring that the United States came into being as the place where the problem of working out a perfect freedom and liberty for all mankind would be solved through orderly evolution and development, Mr. Hanson continued:

"I cannot believe that this country, with a past so full of splendid achievements, with its soil drenched with the blood of its heroic dead, with its ideals living, breathing, pulsing in the hearts of millions, has at last reached a point on its short but momentous journey where the road is blocked and the sign 'No thoroughfare' stops our further progress; or, mayhap turns our faces

**Not A Blemish mars the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 70 years.**

**FIFTEEN GIRLS WANTED**

Before June 1st. To Learn Telephone Operating

Recent switchboard installations have made it necessary to add to our staff.

Telephone operating offers to the bright and ambitious girl more opportunity for advancement than most lines of business. To become a stenographer or clerk you must go to a business school and pay for your education. We will teach you telephone operating and pay you while learning.

**Requirements:** Grade 8 education. Age 17-25, and good health.

**Salary:** Good salary to start, and an increase every three months until the maximum is reached. To girls who can qualify for Long Distance operators' and supervisors' positions, higher salaries are paid.

Apply to Chief Operator between 9 and 12 a.m.

**New Brunswick Telephone Co., LIMITED**  
22 Prince Wm. Street, St. John, N. B.

promise and hope on the surface to human kind, has invaded many other countries of the world and here in this land, dedicated to equality of opportunity, we find that propaganda is being carefully spread teaching the necessity of the overthrow of our government and the abolition of private property; of the overthrow of law and order, and of the confiscation of honestly earned and saved competencies, and advocating turning over the government to those who talk the loudest, promise the most and do the least.

"One would think that here, where every man can vote and the government is really ourselves, such seed would fall on barren ground, but I fear that our soil, watered by the tears of injustice in the past, and carefully fertilized by the agitators of the present, promises to bring forth a crop of weeds which, unless we do our full and fearless duty both as citizens and public officials, may choke out and destroy some of the most beautiful flowers of our civilization."

"It were well for us today throughout this whole land to cast aside all prejudices, forget for the time being all party ties and study the problems that confront us from the standpoint of American citizenship alone."

**Need of Sacrifice.**

"A man who will not leave his party for the good of his country should be forced to leave his country for the good of all parties. An American who will not sacrifice all else on the altar of patriotism is no American. Three hundred million people today are in the condition of disorder, civil war and anarchy. This condition was brought about partly by military life, principally by famine."

"The rulers of Europe cast on the blood-red table of war their millions of citizens as chess pieces on the chess board of the gambling table. Defeated, demoralized armies were turned loose to find their way back to countries destroyed and stripped of all wealth. Hungry wives and starving children greeted the warriors on their return. Food there was none; no work, and it was there the Bolsheviks sowed the seed which resulted in such widespread destruction and conflagration. Hungry people and stripped of all wealth, the cry in the world was, 'We must eat,' and from the homes of famine sprang creatures who unwittingly would destroy civilization."

"Turning the government over to a worse autocracy than ever existed in the world, the leaders found they could only maintain their position by murder and rapine. Realizing full well that one or two nations could not become Bolshevik and that the nations of the world remain free, self-preservation compelled them to go out throughout the world and preach their damnable doctrines. The effect is now seen in Hungary and Germany, Italy, mapshy; Spain, perhaps even Great Britain herself, as well as our own land, may feel the effects of this destroying curse."

**Soviets Denounced.**

"They advocated a free press, and the press has never been free since they came into power. Lenin admits it and states it repeatedly in his speeches, and also in his 'The Soviets at Work,' a seditious paper for propaganda purposes."

"They advocated free speech. All reports and the admissions of their leader prove that death is the portion of all enemies of Lenin. They pose as a government of the people, but they are afraid to go before the people with their murderous regime, knowing full well and admitting that not more than 10 per cent of Russia is for them. Under the Tsar's rule of oppression, life was reasonably safe. Under the soviet rule, life, property, and decency, health, morality, and woman's virtue have been destroyed and made light of. The Soviet government is a government of murder, of autocratic rule, of incompetence, of inefficiency, of half-baked anarchists, and it will soon fall."

"In the meantime some of these alien secondaries have invaded our land with their propaganda. Think of anyone coming from a country that even now begs for food from us to keep them alive, because of the fact that they tried to establish wealth by law instead of by work; with its millions of starving; with its hundreds of thousands of murdered, and having the nerve to try to interest the decent workmen of America."

**WHAT ENGLAND DID.**

"One hears that a tenth of the standing timber in France was destroyed in the war, but that in England one-half of the standing timber was cut down for war uses. Kipling speaks of England as 'The Bank of the Open Credit, The Powerhouse of the Line.' So she was, 'The Powerhouse of the Line' is about right. She put out money and power in quantity so vast that people still have the impression that she is

**DEARBORN'S Pure Filling Preparation**

One tin makes enough filling for four pies.

**LEMON JUICE FOR FRECKLES**

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

*It's a matter of choice!*

**LILY WHITE CORN SYRUP**

Some people prefer the white (Lily White) corn syrup for table use; others, the golden, cane-flavored, Crown Brand.

Authorities strongly recommend Lily White for PRESERVING, and candy-making.

**CROWN BRAND CORN SYRUP**

Lily White and Crown Brand Corn Syrup can be used for all cooking purposes.

Both are pure food products, nourishing, high in food value and are great helps to household economy.

Sold by Grocers everywhere—in 2, 5, 10 and 20 pound tins.

The Canada Starch Co. Limited - Montreal

an immense reservoir of might, and there is vicious talk in some papers of her pulling the leg of the United States in the peace congress and planning to use American power to rivet her dominion on the earth. But that is either propaganda or nonsense. England has spent her very life blood. If she is an obstacle to human welfare, now is the time to kill her off. If she is a great asset of civilization, now is the time to help her."

—New York Life.

Returned From Overseas. Frederick Gleaser—Miss Lucille Hawkins, daughter of Mr. and Mrs. G. N. C. Hawkins, arrived home yesterday

from Montreal where she landed a few days ago from overseas. Miss Hawkins went to England last July as a V. A. D., from Division 81 of the St. John Ambulance brigade and was attached to Leicester Hospital, Leicester, England. Miss Beatrice Beveridge of Chatham and Miss Grace Thompson, formerly of this city, but now of Montreal, who were overseas with Miss Hawkins, are expected home in the near future.
