DOUGLAS MEDAL
GOES TO WICKHAMEmerson C. Rice Wins The
U. N. B. Honor

ALSO CAPTURES ANOTHER

Alumni Gold Medal and Jack
Scholarship Winners to Be An-
nounced Tonight—The Degree
Men—The Encenia Exercises
Tomorrow

(Special to Times.)

Frederickton, N. B., May 13.—The annual encenia exercises of the University of New Brunswick will be held tomorrow afternoon. Lieutenant Governor Wood presiding. Prof. Miller will speak in praise of the founders. Prof. McKenna of Dalhousie will deliver the alumni oration, and R. L. Simm will be the valedictorian. The faculty held a meeting last evening and arranged the order of graduation as follows:

Degree of M. A., Earl Reynolds MacNutt, Cornelius Hawkins O'Hairan.

Degree of B. A., with honors in philosophy and economics—Kenneth Allison Baird, Charles Louis Dougherty, Emerson Clarence Rice, and Robert Leslie Simms; Kathleen Kilgour Kirk, English and French.

Degree of B. A., first division—John Arthur Duffy, Lemuel Allan Gilbert, Mildred Estelle Wallace; second division, Edna Beatrice Jewett, Freda Mary Wier; third division, Gertrude Mary Lockay.

Degree of B. S. C. in electrical engineering—Samuel Raymond Weston, Walter A. Melanson, Charles Walter Brown, George Burpee Alexander, Otis Edward Parker, Donald Kerr McLeod, Frank Parkin Flett, John Inches Morrison; second division, Horace Hume Vanwart; third division, John Lottimer Brewer.

Degree of B. S. C. in electrical engineering—First division, Albert Foster Baird, Harold Clyde Robinson; second division, Julian James Andrews, Frank McLeod Wheeler, Edith Gustaf Asker.

B. S. C. in forestry—First division, Harry Sheldon Laughlin, George Payson McLeod; second division, Donald Angus McDonald.

Scholarships and prizes have been won as follows:

Douglas gold medal for best English essay, cuttings, "The Undeveloped Resources of New Brunswick," Emerson C. Rice, of Wickham, Queens County.

Montgomery prize for best classical essay, Hugh C. Titus, of Maryville.

Connaught gold medal for political economy, of the fourth year, Emerson C. Rice.

Ketchum silver medal for fourth year civil engineering, Samuel R. Weston of Upper Gasquetown, City of Fredericton gold medal for fourth year, "Public Water Supply," Walter A. S. Melanson of Moncton.

Alumnae Society's scholarship for highest average among the women students of the second year, A. Ethel Thurott of Fredericton.

Wm. Crockett scholarship, \$100, for first year Latin and Greek, Charles R. Smith of Lower Coverdale, Albert Co. Dr. Walker's prize for English essay work in the first and second years, \$80, Chas. R. Smith.

Electrical Engineers of 1912 prize, \$25, for fourth year electrical engineering, A. Foster Baird of Fredericton.

The electrical Engineers of 1912 were Guy W. Arnold, H. E. Lockary and A. H. Twissie.

Chemistry prize, donated by friend of the university, \$25, for first year chemistry, Leo C. Kelley.

The Alumni Society will meet this evening, when the winner of the alumni gold medal and Brydone Jack Scholarships will be announced. No announcement has yet been made in regard to honorary degrees.

Now Manslaughter Charge
Toronto, May 13.—Samuel Weinman, contractor, who had charge of the work of demolishing a wall of the Independent Cloak Company's factory, which recently collapsed with fatal results, is charged with manslaughter. The charge had been altered from criminal negligence.

Scottish Writer dAd.
London, Eng., May 13.—Mrs. Isabella Pyrie Mayo, a Scottish novelist, died today, at the age of seventy-one. She also wrote under the name of "Edward Garrett," and was a contributor to girls' papers and Sunday magazines.

Pherdinando Phelitz and
Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

WEATHER BULLETIN
Synopsis—Pressure is now abnormally high in nearly all portions of the continent. Showers have occurred over Southern Ontario, also in the Bay of Fundy district. Otherwise the weather has been everywhere fair, and in the west somewhat milder.

Fair and Cool
Maritime—Moderate east to south winds, local showers in the Bay of Fundy district, but generally fair and cool today and on Thursday.

Washington, March 13.—New England forecasts—Cloudy tonight and Thursday, probably showers; strong north-west winds, diminishing.

DERBY FAVORITE INJURED; TURF
SENSATION BECAUSE OF SUSPICIONSTetrarch Likely to Be Scratched—Talk
of Foul Work by Some One Inter-
ested in This Month's Classic Race

London, May 13.—A tremendous sensation was created in turf circles today when it became known that the famous unbeaten race horse Tetrarch, favorite for the Derby, had sustained an injury to the leg, and that his trainer, Fernie, has advised Captain D. McAlmunt, owner of the horse, to scratch Tetrarch from the Derby list of entries.

Announcement of the injury to the Derby, which is to be run on the 3rd of June, came in such a way as to suggest the suspicion that the horse has been purposely injured by someone interested in the outcome of the classic turf event on May 31.

Private detectives are reported to have been hired to investigate the circumstances. For weeks special guards have been employed to watch the quarters in which Tetrarch is stabled to insure the safety of the horse.

Newmarket, Eng., May 13.—Lord Londonderry's Corcoran today won the Newmarket stakes for three years. King George's Brakespear was second and Sir E. Cassel's Hapsburg third. Five ran. The race was run over a course of a mile and a quarter and the stakes were valued at about \$12,000.

TO VISIT PLANTS

Standard Clay Products Directors
to Pass Through St. John To-
morrow

W. C. Trotter, president; Herbert Molson and T. McAvity Stewart, vice-presidents; F. W. Molson, S. H. Ewing, Col. A. E. Jones, J. P. L. Stewart and Geo. McAvity will leave Montreal this evening to visit the large new No. 3 plant just erected at New Glasgow, and also to make arrangements for the rebuilding of the No. 2 plant which recently was destroyed by fire. George A. McAvity will join the party in St. John and they will return here on Saturday morning and leave for Montreal on Saturday night.

PROGRESS FOLLOWS THE
INTERNATIONAL RAILWAYAlready Eleven Lumber Mills—Sub-
stantial Development

A steady growth in the lumbering operations along the line of the International Railway and the development of substantial and permanent settlements in the district opened up by the railway is the story told by Thomas Malcolm of Campbellton who is in the city today.

Although he has spent the winter months in Upper Canada Mr. Malcolm has kept in close touch with the affairs of his company and he said this morning that the development of the country served by the International has been a surprise even to him. Already eleven lumber mills have been established along the line and are doing good business.

All the operators have been busy during the winter cutting enough timber to keep the mills going right through the summer if possible and the cut was large.

The newly opened country contains some of the best farmland in America, Mr. Malcolm says, and new settlers are taking up land all the time. He thinks it a mistake on the part of the government not to have opened more land for settlers and made the opportunities more attractive for those who wish to take up the land.

Mr. Malcolm will return to Montreal this evening.

NEW HEAD OF MYSTIC SHRINERS

Atlanta, Ga., May 13.—Dr. Frederick R. Smith of Damascus Temple, Rochester, N. Y., today was elected Imperial Wizard of the Imperial Council, Nobles of Mystic Shrine, at its annual convocation here. Doctor Smith succeeds William W. Irwin of Wheeling, W. Va. He was today elevated from his previous position of deputy imperial potentate.

AT COURTNEYAY BAY.
Norton Griffiths & Co's big sand sucker No. 1 has been at work in the basin at Courtneyay Bay for the last week and is doing some effective work. A pipe line has been run from the dredge through the breakwater about half way out and the sand is discharged into the section of Courtneyay Bay outside the breakwater.

CITY COURT.
There are no cases to come before the city court tomorrow morning, owing to the fact that no summonses were applied for last week, while the introduction of the new city court act was pending.

Sixty summonses were issued this week by Police Clerk George A. Henderson.

Saskatchewan Sanitarium.
Regina, May 12.—The construction work on the Saskatchewan Sanitarium for tuberculosis at Fort Qu'Appelle, near Regina, has been recommenced. A site of 200 acres has been acquired for the sanitarium and the grounds.

Gunard Workmen Strike.
London, Eng., May 13.—Demanding shorter hours, about 3,000 Gunard workmen at Liverpool docks unexpectedly struck yesterday.

VISITING OFFICIALS.
George C. Wells, assistant to the passenger traffic manager for the C. P. R. in Montreal, and J. O. Apps, general baggage agent, Montreal, came to the city at noon today.

FREDERICTON THINKS
WORST OF FRESHET OVERWater Fell Last Night—Captain
Read Retiring After 50 Years
at Sea

Fredericton, N. B., May 13.—The water in the river fell a few inches last night and it is believed the worst of the freshet is over.

Colonel Potter of Springfield, organizer for the K. of P., is in the city.

The city council will meet on Thursday evening to continue the investigation into the mayoralty election.

The St. John bark Edna M. Smith, commanded by Captain Read of this city, arrived in Boston yesterday from Turk's Island. Captain Read will return from the sea after fifty years of service.

BUYS ANOTHER TRACT
OF NEW BRUNSWICK LAND

Alfred Burley & Company report the sale of a tract of farm land in the Coe Creek district, Chipman, Queens county. The purchaser is John Brodie of Glasgow, Scotland. This is the second large tract of land Messrs. Burley have sold to Mr. Brodie, who they presume, is coming to New Brunswick to improve the land and take the place of the former owners who were formerly owned by Mrs. Jane Lloyd.

THREE HUNDRED MILES AN HOUR

London, May 13.—Emil Bachlet, a French scientist, is showing in London a model of a remarkable electrical aerial "railway" on which it is possible to develop a speed of 800 miles an hour and more. Railway chiefs and post office engineers who have seen it are said to be amazed.

The track consists of a succession of electric coils arranged at short intervals with solenoids, or pulsing magnets, shaped like tunnels, placed at longer intervals.

When the current is turned on, a cigar-shaped car is raised from the coils by magnetic repulsion as distinguished from magnetic attraction, and is held suspended in the air, the only connection between the car and the track being the brushes used for contact purposes.

WEST SIDE BALL LEAGUE

Another baseball league is in full swing on the west side, composed of Tannery Stars and Metcalf Co. A good five-inning contest between the Courtenays and Tannery Stars took place last night, the former winning by a score of 4 to 3.

The batteries were: For the winners, Murphy and Baker; for the losers, Fitz and Joyce. The Metcalf Co. and the Tannery Stars will play tonight.

BASEBALL IN WOODSTOCK

Woodstock Press.—It is expected that Woodstock will have one of the biggest seasons for amateur baseball in its history. While it has not yet been definitely decided as to whether we will have a three-team league, or confine ourselves to two teams, there is no doubt that the people will see fast ball.

F. H. Estabrooks, manager of the McAdam Junction baseball team, is already arranging for dates. This team will play several games here this summer, and possibly a series of games will be arranged between both teams.

It is thought that Houston will open here on May 25.

French Women's Ideal Men.
Paris, May 13.—An interesting parallel to the recent inquiry: Do women want votes? has been afforded by the replies received by a women's newspaper Femina to a query addressed to its readers:

"If not a woman, what man would you have wished to be?"

Napoleon was easily—aufrags! claiming this as evidence of feminine energy. Next were Pasteur, Hugo, Poincaré, Bleriot, and Wagner. Edison was the only American on the list. He ranked third.

Such a diversity of thought produced a sarcastic comment in Le Figaro: "Variété et mutabilité semper femina."

TO MUNICIPAL HOME.
An old man, arrested on Monday night charged with drunkenness and given his liberty yesterday when he promised to go to a sister living in the city, was arrested again this morning on a charge of having no visible means of support and was sent to the Municipal Home by the magistrate.

AN ACT OF WAR,
SAYS HUERTAUnited States Government Does
Not Agree

LOBOS ISLAND SEIZURE

Vice Consul Silliman Released—
Heavy Firing at Mazatlan Re-
ported—Business With New
York Resumed

Washington, May 13.—The A. B. C. mediators informed Senator Bryan today that Huerta considers the seizure of Lobos Island an act of war. He demands retirement of the American forces from that island on the ground that the United States has violated its armistice. Mr. Bryan replied that the United States did not consider the seizure an act of war.

As stumbling blocks in the path of the preliminary attempts to compose the Mexican problem appeared to be gradually disappearing today, suggestions of the mediators' tentative plans unofficially were revealed. The disposition of five South American detained by General Funston at Vera Cruz for sniping was held in abeyance, and the Lobos occupation incident had not been lost sight of, yet an assuring development was that the United States foreign minister, stating that American Vice Consul Silliman, at Silliman had been released and sent to Silliman City for safe conduct to General Funston's lines.

A report that South American envoys tentatively were considering a plan for possible establishment of a form of government to include two administrations to be named by the Federals, two by the Constitutionalists, and a fifth by the mediators, attracted some attention but immediately drew from Carranza's agents the declaration that any such proposal would not be acceptable to their chief.

One report detailed contemplated the elimination of Huerta. Whether such a program was submitted to the Huerta and the United States mission next Monday at Niagara Falls, Ont., was indefinite today.

The situation at Vera Cruz today has assumed a routine calm. General Funston reported that no Federal attack on the city was feared.

On board U. S. S. California of Mazatlan, Mexico, via San Diego, heavy firing is going on at Mazatlan following an attack by the Constitutionalists. The U. S. S. California is en route to Vera Cruz.

Dr. James Christie and Miss Christie, pink and white carnations.

Dr. W. W. White and Mrs. White, cross of pink and white roses.

The Officials of the Public Works Department, St. John, wreath of white roses.

Mr. and Mrs. William Vassie, white roses.

Liberal Members of Parliament from City across General Villa does; he may harass Huerta, and probably will, but the rebel army will have the capital and maintain order in it at all hazards, before Zapata enters the city. Foreigners and their property will be protected."

New York, May 13.—Large quantities of ammunition were shipped from Governor's Island yesterday for troops near in Mexico.

HUERTA AND SOME OF HIS ADVISORS

Photo by American Press Association.
President Huerta of Mexico is shown here with a few of his close advisers. This picture was taken a little before the Tampico incident.

LEGACY OF \$20,000 FOR P.E.I. HOSPITAL

(Special to Times.)
Charlottetown, P. E. I., May 13.—At a graduation of nurses of the P. E. I. Hospital last night, the president of the trustees, Percy Pope, announced that, as a result of a legacy of more than \$20,000 left by the estate of the P. E. I. Ratchford Starr, funds were available for building new wings to the hospital, was announced last night.

A Wealth of Floral Tributes

Hundreds of Citizens Gather at Funeral of Mrs.
William Pugsley This Afternoon

As a last tribute of respect to the late Mrs. Pugsley and of sympathy to her husband, Mrs. William Pugsley, M. P., and the other members of her family, hundreds of citizens assembled this morning to attend her funeral, which took place from her late residence, 11 Chipman Hill, to St. John's (Stone) church, at the church the impressive burial service of the Episcopal church was read by the rector, Rev. G. A. Kuhring. The full choir was present and the singing by the choir and the music of the organ, at which D. Arnold Fox presided, added to the beauty and impressiveness of the service.

From the church the cortege proceeded to Fernhill, where the interment was made. The great number of floral tributes which had been received had been taken to the cemetery in advance of the funeral procession and were arranged about the open grave in such a manner as to give the appearance of a magnificent flower garden surrounding the grave, this arrangement being necessary on account of their number.

The flowers received included the following: Liberal Members of Canadian Parliament, wreath of roses, lilies, chrysium and forget-me-nots.

Dr. James Christie and Miss Christie, pink and white carnations.

Officers of the 62nd Regiment, St. John's, wreath of white roses and purple sweet peas.

Hon. J. A. and Mrs. Hazen, wreath of purple lilies.

Joseph Allison, pink roses.

Mr. and Mrs. James Robinson, wreath of tulips, sweet peas and asters.

The Officials of the Public Works Department, St. John, wreath of white roses.

Hon. Robert and Mrs. Rogers, wreath of pink and white carnations.

Hon. James Donville and Mrs. Donville, pink roses.

Dr. W. W. White and Mrs. White, cross of pink and white roses.

Mr. and Mrs. G. L. Tapley, pink and white roses.

Mr. and Mrs. R. T. Mack, lilies.

Mr. and Mrs. George Robertson, red and white roses.

Mrs. George W. Fleming and children, pillow of pink and white roses and carnations.

Mr. and Mrs. William S. Allison, pink and white carnations.

Miss Stephenson, sheath of lilies.

Mrs. Thomas Gilbert, cross of roses, carnations and forget-me-nots.

Mr. and Mrs. J. M. Sherwood, pink and white roses.

Mrs. John Parks, roses.

Mrs. G. Wetmore Merritt, carnations.

Mrs. Hugh H. McLean, roses.

Mr. and Mrs. George Robertson, red and white roses.

Mrs. J. L. Dunn, hunter of yellow and white roses.

Mr. and Mrs. J. B. Hunter, wreath of roses, carnations and sweet peas.

Mr. and Mrs. William Vassie, white roses.

Liberal Members of Parliament from City across General Villa does; he may harass Huerta, and probably will, but the rebel army will have the capital and maintain order in it at all hazards, before Zapata enters the city. Foreigners and their property will be protected."

New York, May 13.—Large quantities of ammunition were shipped from Governor's Island yesterday for troops near in Mexico.

PRINCE OF WALES
IN FIST FIGHTAttacked By The Driver Of
a Laundry Wagon

ROYAL LAD BESTED HIM

Trouble Outcome of Prank by
Other Students and The Angry
Driver Did Not Know Prince
Was One He Attacked—Gets
Coin and a Cigar

London, May 13.—The Prince of Wales has just had his first encounter with a British workman, in the shape of a brief bout at fistfights with a driver of a laundry wagon at Oxford. The driver was worsted.

The man was delivering baskets at Keble College, when three students drove the wagon away and left it in a side street. The culprit was joined by the prince, when another driver rushed at the group, selecting Wales for attack. He tapped the princely claret and twisted the royal chest, but next instant the prince landed on the driver's face a blow that staggered him. The prince soothed his opponent's feelings with a cigar and a gold coin. When the van man learned whom he had punched, he declared, for such a sickly looking "feller" he can "hit and rough."

The resignation of Miss Ross, matron of the hospital, owing to ill-health, also was announced last night.

FOURTEEN DROWN

Aldenburg, Eng., May 13.—Fourteen men were drowned when a steam collier was capsized by a high wind off Southwold today.

FIVE WELSH PILOTS DROWN

Their Boat Rammed and Sunk By
Steamer in Bristol Channel

Cardiff, May 13.—Five pilots were drowned in the Bristol channel, off this port today when a pilot boat was rammed and sunk by the British steamer Star of New Zealand. The pilot boat was carrying belugas to lobster-ships to steer them into the harbor when she was run down in a fog.

The body that the men could not be saved. The Star of New Zealand hails from Belfast, where she was built in 1896. Her net tonnage is 5,588.

A PARIS WARNING

Report That Germany May Take Advantage of Situation to Grab Hayti

Paris, May 13.—In an editorial on the reported efforts of Germany to obtain control of Hayti while the United States has its hands full in Mexico, the "Temps" says that a protest of Latin-America against violation of Mexican territory gives rise to fear that mediation by A. H. powers may be transformed into intervention in the name of the solidarity of Latin-America.

DEVELOPMENT IN MATTER
OF MANITOBA SCHOOLS

Winnipeg, May 13.—New developments in Manitoba's school controversy seem to have the result of a letter from the trustees of St. Mary's Catholic school to the Winnipeg public school board. It formally requests the board to take charge of St. Mary's school and manage it under the terms of the public schools act. The chairman was empowered to make a motion to the board to take charge of the school. No intimation as to the decision was given.

HEART TROUBLE ENDS HIS
LIFE ON COTTON EXCHANGE

New York, May 13.—Owing to the sudden death of Otto Magnus, a former member of the New York Cotton Exchange, who succumbed to heart trouble on the floor of the Liverpool exchange today, the Liverpool market adjourned from noon until two o'clock.

THE NEW BRIDGE

A. R. Wetmore, government engineer, was in the city this morning and paid a visit to the work on the new bridge at the reversing falls. Speaking to a Times reporter, Mr. Wetmore said that the work was progressing satisfactorily, if not speedily.

The rock foundations have been practically completed for the skewbacks and the forms were now being placed for the concrete part of this work. The Dominion Bridge Co. have started laying a side line into the western side of the bridge, which they expect to have completed about the same time as the concrete foundations are completed.

The anchorages on the western side will be completed today, and the Dominion Bridge Co. will be ready to go ahead with the steel work as soon as the concrete foundations have been placed.

Why Women Are
Shrewd Buyers

Any man will tell you that his wife can get more out of a dollar than he can.

Women have the natural value sense—they know what their money's worth means.

One reason for this is that women are great readers of advertisements. No part of a newspaper is of greater interest to them than the advertising columns.

They study them daily and they shop as carefully through the newspapers as they do when they go to the stores themselves.

Without the advertising, the newspapers would lose half of their women readers. Incidentally, local merchants would lose more than half of their business.

Would you like to know more about it while you are working your plans? Drop a postal of inquiry to the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

Booklet on request.

Easy & Practical Home Dress Making Lesson's

Prepared Especially For This Newspaper
by Pictorial Review

THE OUTWORK BORDER.

5600
An attractive costume for misses and small women, built up of olive green tulle with outwork and a giraffe of dark pansy purple satin.

Really charming frocks are evolved from the cotton fabrics with outwork borders. Rattine is used for the dress shown here, a lovely shade of olive green being used. The giraffe is of very dark pansy purple satin. The dress is made without a lining, and it is possible to get the designs with border all prepared for a reasonable sum—say from \$2.98 upward.

If the tulle is omitted there will still remain a pretty skirt with full hips, but in most of the pattern dresses shown provision is made for a tulle or some kind of drapery.

It will be necessary to lay the material open, if it is 44 inches wide or less, for the cutting of the skirt. One may, however, get out of the remaining yards.

Fill in this blank and mail it with price of pattern, 15c.

Preventive Dentistry.

The world-old adage, "An ounce of prevention is worth a pound of cure," finds no more forcible application than in the new dentistry of the twentieth century.

Isn't the question frequently in the minds of thoughtful people, "How can I keep my teeth sound until I need them no more?"

"Keep your teeth clean and prevent them from decaying," is the answer the new twentieth century dentist gives. The teeth are in greatest danger, scientific dentists have discovered, before the age of twenty.

The teeth of the average young man or woman of twenty to twenty-five years, if examined by a modern dentist, would be charted as follows: First, large cavities in the grinder or molar teeth in both the upper and lower jaws; second, cavities in one or two bicuspids (the teeth in front of the large grinders) in the upper jaw; third, the nerves or pulps destroyed by decay in two or three of the molars or bicuspids; fourth, the teeth in the upper or lower front teeth; fifth, tartar and stains on all teeth.—A. M. Nodine, D. D. S., in Woman's World for June.

Look for the Cupid on every package.

DR. J. D. MAHER BEFORE THE HALIFAX BOARD OF CONTROL

The Halifax Mail of Monday says "Dr. J. D. Maher appeared before the board of control today, asking for permission to put up a standard near his premises at the corner of Barrington and Buckingham streets. Doctor Maher also complained about the unsightly condition of many posts used for the carrying of wires planted near his premises. His intention is to put up a standard carrying five lights with his name on it. He considered it would be in keeping with the general policy of the city for a better lighted city.

"Doctor Maher was informed that it was against the regulations to use the streets for advertising purposes.

"Controller O'Connor thought that under the circumstances the city could be made more attractive by the placing of such a standard.

"It was decided to refer the matter

to the engineer, who will confer with Doctor Maher in regard to the matter. Later the permission asked for was granted.

STARVED NERVES

The Cause of Neuralgia—It Must be Treated Through the Blood.

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drives the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mrs. Sophia H. Johnson, Mozan, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would be almost unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctoring, but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

RED ROSE THIS WEEK

Rich in color, gorgeously mounted, elaborately cast with a wealth of gold music and dancing, "The Red Rose" John C. Fisher's musical comedy success.

Blue faille silk costume seen at Autell races. Three pleated flounces compose a tunic. Wired lingerie collar.

Hints for the Cook

Brown Bread Pudding

Sauté one pint of milk and pour it over one cup of brown bread. Let it cool, then add half a cup of sugar, two eggs, beaten, piece of butter size of a walnut, half a cup of raisins, a little nutmeg. Bake half an hour or until it seems firm. It may be served with whipped cream or eaten plain.

Orange Sponge Cake

You can half this recipe for a medium-size cake; it is delicious. Rind of 2 oranges, with 2 cups sugar, add yolks of 6 eggs and beat all well; 2 heaping cups flour and 3 teaspoons of baking powder, juice of 2 oranges, with enough water to make 1 full cup (it may not need the water). Mix well and then add stiffly beaten whites of 4 eggs and beat all until you are tired.

Frosting—One pound powdered sugar, it may take more; beaten whites of 2 eggs and juice and rind of 1 orange. Beat all together until stiff enough to spread on cake.

KITCHEN KINKS

Should the inkpot be accidentally upset on the tablecloth or carpet, pour a little cold water over it at once. The ink will float on the water, and when the cloth or carpet is rubbed dry no stain will show.

To remove coffee stains, mix equal parts of yolk of egg and glycerine, apply to the stain, and allow to dry on.

For a light silk garment the glycerine should be mixed with water instead of yolk of egg.

To make meat cooked in a gas oven juicy, place a jam-jar half filled with cold water at the bottom of the oven. The steam rising from the water makes the air in the oven moist and prevents the meat from getting hard.

To clear a house of beetles, put 1 lb. of powdered borax into a tin with a perforated lid. Dust the borax lightly over the floor, or the walls, and in the cupboards; in fact, every place where the pests are found. They will soon disappear.

To free the hands from disagreeable odors such as that of onions, cold-liver oil, etc., mix a little ground dry mustard with warm water and wash the hands well with it. The saucers of scales or vessels used in cooking can be freed from odors by the same method.

DR. J. D. MAHER BEFORE THE HALIFAX BOARD OF CONTROL

The Halifax Mail of Monday says "Dr. J. D. Maher appeared before the board of control today, asking for permission to put up a standard near his premises at the corner of Barrington and Buckingham streets. Doctor Maher also complained about the unsightly condition of many posts used for the carrying of wires planted near his premises. His intention is to put up a standard carrying five lights with his name on it. He considered it would be in keeping with the general policy of the city for a better lighted city.

"Doctor Maher was informed that it was against the regulations to use the streets for advertising purposes.

"Controller O'Connor thought that under the circumstances the city could be made more attractive by the placing of such a standard.

"It was decided to refer the matter

to the engineer, who will confer with Doctor Maher in regard to the matter. Later the permission asked for was granted.

The Fragrant Qualities of Master Mason

READY RUBBED SMOKING TOBACCO

Are all in the leaf used in the making of it. We have for years hunted the subtle and elusive elements of goodness in tobacco; we know what they spring from; we know how to retain them in the process of making smoking tobacco. The raw leaf used is the whole thing; the goodness is in the tough, waxy finish and silky fiber of the leaf we use in making

MASTER MASON
READY RUBBED

In the process, we merely deprive it of all possibilities of "sting" or "bite". The result is a really fine smoking tobacco, a cool, mellow, free and even burner to the last shred, with a rich and pleasing aroma. These qualities cover all there is in smoking enjoyment.

Get MASTER MASON in neat handy tins ready rubbed for the pipe. **15c.**

630,000,000 BUSHELS OF WHEAT POSSIBLE
(Bradstreet's.)

In keeping with the excellent reports throughout April as to the winter-wheat crop's condition, the Agricultural Department's report as of May 1 shows a slight gain in the condition of the crop as a whole and a very small abandonment owing to winter killing. The result is that the very high condition reported on December 1, 1913, and April 1, 1914, has been practically maintained, and the prospect as of May 1 is for a crop of 630,000,000 bushels, a total of 107,000,000 bushels larger than the hitherto record crop of 1912-13, and of the extent the largest yield ever gathered.

For the first time for eleven years a wedding was recently solemnized at Engle, a village in Leicestershire, England, where there have only been thirty marriages since 1754.

BAPTIST MINISTERS.
(Maritime Baptist.)

Rev. M. E. Fletcher, secretary of the eastern section of the Foreign Mission Board, spent last Sunday in St. George. The next few weeks will find him in his office directing the Judson centennial campaign.

Rev. W. B. Beanson of Dorchester, will have the sympathy of the denomination in the loss of the Upper Dorchester church, which was burned last week. The church was not insured, and the loss will be about \$2,000.

Rev. Dr. G. P. Mode, formerly pastor of the Zion church, Yarmouth, N. S., has been appointed to the faculty of the Divinity School of the University of Chicago. He is lecturer in Church History and secretary of the school.

Rev. H. G. Esterbrook, a former pastor in Nova Scotia and New Brunswick, has retired from the secretaryship of the Home Mission Board of British Columbia. He is taking a well-earned rest on his orchard ranch in Summerland, B. C.

Rev. I. E. Vanwart has resigned his charge of the Millville, N. B., group of churches. He has done excellent work in that field and announces his readiness for service elsewhere after May 31.

Rev. Fred Simpson, Spidle, Ph. D., of Acadia, is supplying the pulpit of the West End church, Halifax, until the arrival of their new minister, Rev. G. F. Bolster, on May 24.

Rev. J. D. Freeman, McMaster preacher of 1914, received from that institution the degree of D. D. Dr. Freeman's baccalaureate was characterized by the Toronto press as a noble and brilliant effort. He will wear worthily the new honor which he carries with him to the mother country.

Rev. J. D. Spidle of Kentville, N. S., the newspapers report, baptised forty candidates on the last Sunday in April, and between fifty and sixty persons were welcomed into the fellowship of the May communion.

Rev. Seldon W. Cummings, pastor of the First Baptist church, Pasadena, California, and formerly pastor of the First church, Ansonia, N. S., has had the degree of Doctor of Divinity conferred upon him by Redlands University, California.

Dr. Shailer Matthews, Dean of the Divinity School of the University of Chicago, will preach the baccalaureate sermon at Acadia on Sunday morning, May 24. During his stay in Wolfville he will be the guest of Dr. J. F. Tufts.

Dr. David Hutchinson has just celebrated his tenth anniversary as pastor of the Main street church, St. John. It has been a most prosperous pastorate, and more than that, Dr. Hutchinson, as citizen and churchman has exercised a vastly larger ministry than that which Main street was privileged to enjoy. The denomination has been enriched by the manifold service that he and Mrs. Hutchinson have rendered to its various enterprises and agencies, and he has felt the influence of his high-minded citizenship. We extend heartfelt congratulations to the Main street church and to its worthy pastor.

Rev. Dr. W. B. Wallace, son of the late Dr. Isaiah Wallace, has accepted

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most of the foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and antidote known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate lining of the acid—the cause of all the trouble. Get a little bisulphate of magnesia from your druggist, eat what you want at your next meal take some of the bisulphate of magnesia as directed above, and see if I'm not right."

Labor Leaders' Case.
Washington, May 18—The contempt sentences imposed by the district supreme court upon Samuel Gompers, John Mitchell and Frank Morrison, labor leaders, were set aside by the supreme court for the second time as barred by the statute of limitations.

ABOUT YOUR OWN VIGOR Sent Free to Men

MR. READER:
Here is something I have to offer you absolutely for nothing—a little private book of special information about the legitimate use and unnatural abuses of manly vigor; about the preservation of manly strength and its possible self-restoration; an illustrated pocket compendium of 8,000 words, 72 pages and 80 half-tone photograph reproductions—which I am very pleased to send by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married, who writes for it.

Over a million of these books have been thus sent to applicants all over the world since my first free offer appeared. Publishers are shaming as much as \$3 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of manly vigor, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be—if you want to know the facts about this particular subject, given to you without a single scene, then fill in the coupon below, send to me and receive my book, sealed, by return mail. In one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN vitalizer, something you wear at night as an aid to the restoration of lost or wanting strength; but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay, either now or in the future. Therefore, please send your names and address today.

SANDEN, Author.

MANHOOD! The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your years, whether you are 20 or 60, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves up strongest in this human strength that forges to the front, while weaklings stand aside; it is he also who is in most demand and most sought after by women and men of his community, simply because he radiates that marvelous magnetic influence which only an abundant vigor and rugged manly health can radiate. I believe any man can hope to completely develop or restore to himself his vigor or manly strength, no matter what his past follies may have been, provided he is willing to REALLY MAKE THE EFFORT; and provided, of course, he is not weighed down by extreme old age or is not incurably diseased. To my mind the most perfect plain, but it is a road that any man MUST travel if he attains the highest ideals in respect to his own manhood. See information in my free book.

As to the SANDEN Vitalizer, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitalizer generates and sends forth a certain soft, penetrating force which I call Vitality. It drives this Vitality into your nerves, blood, muscles and organs as you sleep. It is quieting to the nervous system—or, at least, so users say. Men write that it takes pain out of the back often at once and restores vitality in 30 days. Remember, the general information of the free book is independent of this Vitalizer, and you are not expected to get one of these little appliances unless you want to. You can write me later as to that if you so desire. With special attachments, my Vitalizer is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc. If you live in or near this city I should be most pleased to have you call in person at my office, where you may see and test the Vitalizer free of charge. Hours—9 to 6; or if inconvenient to call, do not that marvelous magnetic influence which only an abundant vigor and rugged manly health can radiate.

To Get Free Book Please Use Coupon

If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 8,000 words, a complete compendium of useful information for men, young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration and its legitimate uses and wanton abuses. You get it all free.

DR. E. F. SANDEN CO., 140 Yonge St., Toronto, Ont.
Dear Sir:—Please forward me your book, as advertised, free, sealed.

British and European representatives—The Glasgow Publishing Syndicate, Grand Trunk Building, Trafalgar Square, England.

OUR INTEREST AT STAKE

Keen disappointment will be felt in St. John at the failure of the delegation to Ottawa to secure a promise that the Gutelius agreement would not be renewed. The standard in its report says: "Hon. Frank Cochrane, minister of railways, will give his attention to the question of the Gutelius agreement on his return, and it is likely that before its renewal it will be under the consideration of the cabinet."

Hon. George E. Foster gave the assurance that the agreement with the C. P. R. would not be entered into until the whole situation had been laid before a full meeting of the cabinet.

It is true the delegation were assured that Halifax would not be named as the exclusive port in the renewal of the Atlantic mail contract, and that the selection of a port would be left to the steamship companies. On the face of this announcement it appears that St. John is concerned it must be considered in connection with the Gutelius agreement. If the government decided to renew that agreement, and give Halifax an unfair advantage over St. John, it will be taking away with one hand what it gives with the other.

The fight of St. John for its rights has only begun. If the Gutelius agreement is renewed incalculable injury will be done to this port. The falling off in trade last winter has created an unfavorable impression abroad, where efforts have been made to interest capitalists in the development of this city, and where figures showing the growth of trade prior to the past winter have been used as a very strong argument to back up the statements made concerning the bright future of St. John. If the Gutelius agreement is renewed the port cannot hope for the increase in traffic which on its merits it should receive, and there will be no need of further agitation to secure terminal facilities for business which "by the grace of the I. C. R." is to go on to Halifax.

The visit of the delegation to Ottawa has had one good result. It has shown the citizens that they must carry on a vigorous campaign or run the risk of having the interests of the port sacrificed. It is a significant fact that Mr. Borden did not meet the delegation from St. John. It is also significant that they do not appear to have received from Hon. Mr. Hazen any assurance that they could rely upon him to oppose a renewal of the Gutelius agreement, and if his opposition were futile would tender his resignation as a member of the government. The citizens of St. John must fight their own battle, and the city council and board of trade should at once hold a conference to decide upon the next step to be taken in a determined struggle to prevent a renewal of the Gutelius agreement.

CONCERNING PLAYGROUNDS.

"Playgrounds, One of Canada's Great Needs," is the title of a striking illustrated booklet just issued by Mr. J. J. Kelso, Superintendent of Neglected and Dependent Children of Ontario. In a very striking way the need of greater provision for play and wholesome recreation is set forth, and it is pointed out that there is not a city or town which is at present doing anything like its full duty in this respect. St. John people will be especially interested in what is said about playground progress in Toronto. A Playgrounds Association was organized in 1905, and Mayor Hocken declared in his inaugural address last January that, "the position of Toronto with respect to the encouragement of outdoor recreation is second to no city of like size in America."

"During the past four years," he said, "we have expended the sum of \$1,472,979 in the purchase of park lands and playgrounds, increasing our holdings in that period from 1546 acres to 1645 acres, and today these lands are valued at \$18,000,000."

Mr. Hocken pointed out that there is still pressing need of more park lands in some sections, and that these would be provided. Of what the city had done in regard to playgrounds the mayor said:—

"We have now established thirty-two baseball diamonds, thirty-five football fields, sixty-five tennis courts, six bowling greens, three lacrosse fields and two quaiting grounds, and this winter we are operating thirty-four skating rinks, thirty-one hockey rinks and five toboggan slides. The annual outlay upon these classes of sports totals \$31,000. In 1909 we expended \$11,184 upon supervised playground maintenance, and last year nearly \$18,000. It is proposed during the present year to establish seven additional supervised playgrounds in various parks, which will give a total of fourteen play centres distributed throughout the city."

There is inspiration in these figures for the friends of playgrounds in St. John. We quote a striking paragraph from Mr. Kelso's booklet.

"Put your money into a movement that crowds sunshine and happiness into the lives of boys and girls. A playground once secured can never be diverted from its original purpose. There should be a play specialist appointed in

every large city, to put intelligence and enthusiasm into the movement for helping young people to secure proper outdoor enjoyment."

Hon. Robert Rogers will introduce a bill increasing the subsidy for dry docks to 4 per cent. It is now 2½ per cent. Is the St. John dry dock to be increased in dimensions as requested by the city council and board of trade?

In the by-election in Great Grimsey yesterday the Unionist candidate was elected by 420 votes less than the Unionist candidate secured in that constituency in the last election. Evidently the cause is not gaining strength in Great Grimsey.

Mr. F. B. Carvell, M.P., in a letter to the Globe informs that journal this no proposal was made to him or by him in any way to hush up the matter of the Dugal charges, and he adds that those who made the charges have been patiently waiting for five weeks for an opportunity to prove them.

Mr. Hazen entertained the St. John delegation at lunch. So far as the record goes he does not appear to have given them any assurance that he would fight tooth and nail against a renewal of the Gutelius agreement. How would it do to hold a public meeting in St. John to discuss this question and invite Mr. Hazen to attend?

Whatever tends to bring any group of citizens of Eastern and Western Canada into closer acquaintance and sympathy is good for Canada. The formation of national organizations of one kind and another is a desirable movement. The organization of a Canadian Bar Association, for which Mr. Aikens, K.C., M.P., so ably pleaded last evening, and which local members of the bar unanimously endorsed, is therefore entirely commendable.

From a discussion in the municipal council yesterday it would seem that funds designated for one purpose had in past years been drawn upon for other purposes. This is not a good method of financing, although the county secretary expresses the view that it is common in the various counties of the province. As a matter of sound finance there should be cash on hand whenever the books show a credit balance on any particular account, and each fund should be administered by itself.

The municipal council yesterday acceded to the request for a bond issue of \$80,000 to cover the cost of the tuberculosis hospital, so that it might be made a most substantial building with accommodations for fifty-four patients. The architect says that if a start is made now the building should be ready for occupancy by January next. It may be hoped that there will be no further delay in this matter, and that the institution will be completed within the time mentioned.

After several years of effort St. John has a Children's Aid Society, and the municipal council has placed at its disposal the sum of \$1,500 to enable it to begin its work. There seemed to be some doubt whether the council would be able to provide the money at the present time, and the grant was made subject to the provision that if the amount be not available at once the matter will be brought up again at the July meeting. It may be hoped that the delay will be unnecessary.

In the British parliament yesterday Mr. Asquith said that the only way to carry out an agreed settlement of Home Rule was to pass the original measure and follow it immediately with an amending bill. The Unionists appear to have come to the conclusion that they cannot prevent the passage of the original measure, and the next fight will probably be over the amending bill. Mr. Redmond expressed the hope that a satisfactory settlement would be made, but he held himself free to deal with any amending bill which was not accepted by the Unionists as a satisfactory settlement.

At the annual meeting of the United States Steel Corporation it was stated that more than 50,000 employees of the subsidiary companies are holders of stock in the corporation, and therefore partners in the concern. Six mill employees, bearing proxies from other workers, attended the annual meeting and told of the material advantages they had derived from the co-operative system, the better working conditions, the higher wages and the welfare work propagated by the company. Where the spirit of co-operation exists between employer and employee there is material advantage to both.

DR. A. W. CHASE'S CATARRH POWDER 25c.

Is sent direct to the diseased part by the Improved Blower. Clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Also blows from Acute or Chronic Sinusitis. All dealers or send direct to Dr. A. W. Chase, 1000 Broadway, New York.

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, MAY 13.

Today marks the fifty-sixth birthday of Hon. Wallace Nesbitt, one of the ablest lawyers in Canada. He was born in Woodstock, Ont., and was called to the bar in 1881. After attaining the highest rank among the lawyers of Toronto, he was induced by Sir Wilfrid Laurier in 1903 to take a seat on the supreme court bench at Ottawa. He remained there for only two years, however, preferring to practise rather than to deliver judgments. Since then he has been a consulting counsel. Always keen and quite self-possessed, he has distinguished himself in many cases. An amusing incident occurred in 1909 when he appeared before the judicial committee of the privy council in the famous steel and coal case. The Dominion Iron and Steel Company had also engaged Sir Robert Finlay to argue their side. The latter was delivering his argument but was interrupted time and again by his colleague, who threw in explanatory remarks. At last one of the law lords became annoyed at the frequency with which Mr. Nesbitt chimed in and said to Sir Robert: "It would greatly facilitate the hearing of this case if you could manage to keep your juniper of his."

Also born today—Professor A. T. Delury, University of Toronto, born in Manila, Oct. 1864. Lieut.-Col. John Bruce, Toronto, born in Beaverton, 1861.

LIGHTER VEIN.

A farmer was going through an art institution where a number of models of ancient Greek sculpture were exhibited. He noticed that on one hung a placard saying "Hands off!"

"What'n thunder do they have to tell ye every time that the hands is off?" he exclaimed at last. "Do they reckon we can't see it? Ain't they don't they never say nothing 'bout the arms and legs bein' off too?"

There is a Baltimore divine who can administer a rebuke delicately, but, on occasion, he sees to it that the point is plain. Once a wealthy member of his congregation, who is very close to the minister, spoke of his intention to go abroad.

"I have never been on the ocean," said he to the clergyman, "and I would like to learn of something that will prevent me from becoming seasick."

"You might swallow a dime," said the divine. "You'll never give that up."

"O, yes, Martha sings in the choir and she has about the best voice of any one in it," boasted Martha's aunt, who may not have known much about music, but who certainly knew all about choir.

"Isn't that boasting just a little?" gently inquired her husband.

"No, it ain't," retorted Martha's aunt. "I know she's the best singer in the lot because no one else in the choir will speak to her!"—Lippincott's.

The class had seemed exceptionally bright and intelligent that afternoon and in consequence there was a look of smug satisfaction on the teacher's face.

"Now, James," she asked, "do you really understand the meaning of 'extinct'?"

"Yes'm," replied James.

"Then name one bird that is now extinct,"

"James hesitated a moment, then—'Chippie,' he exclaimed.

"Chippie?" inquired the teacher. "And what kind of bird is that?"

"My pet pigeon," came the reply. "The cat caught him this morning!"

Britain Street

capital seat of government at Rangoon, while Assam, situated on the eastern extremity of Bengal, though openly supposed to be neutral, was suspected of sympathizing with "Redland."

Assuming that the "Blue" or Burmese commander held control of the sea, there seemed two main alternatives open to him. The first of these, which was to effect a landing somewhere at the mouth of the Hooghly and to threaten Calcutta, was deemed impracticable owing to the river defenses. The second alternative was therefore chosen, making a descent by sea on the mouth of the Meghna, the eastern flank of the Ganges delta, with the hope of seizing Dacca and separating Assam from "Redland."

The imaginary scheme provided plenty of scope for the exercise of tactical skill and practical work for the troops fully frustrated the plans of the "Blue" invaders. One episode, amongst others, was the swimming of a river by the East Surrey Battalion in order to capture boats on the opposite shore in which the native infantry were subsequently ferried across, this movement resulting in the capture of a neighboring "Blue" position.

The United States post office department has added three new stamps, 7, 8 and 12-cent denominations.

Button Boots FOR MEN

Ever wear a pair of Button Boots? Men are so conservative. They wore long-legged boots, and when elastic side ones were introduced, they were slow in taking to them. Then came the laced ones, and it took time to divorce them away from the elastic side.

Now Button Boots are slowly coming into use. A button boot has many advantages. There are no laces to break, no cutting of the instep, buttons are fastened on, and they have a smart, dressy appearance.

WILTHORNE & CO. LTD.
MARKET SQUARE & KING ST.

THE MAN IN THE STREET

Is your house numbered this spring? Overheard in the post office: "Why doesn't the government print funny post cards?" And the poor clerks have to stand for it.

Still we're doubtful whether spring has arrived.

The streets have been looking well lately.

Squaw in city yesterday predicted Indian town would burn this month. Wish she'd said so a month ago, and we'd have started house-cleaning over there.

Man Wanted—To act as umpire in baseball game tomorrow. Must neither be an actor nor a scribe. Must be brave and courageous, and not afraid of being walloped with a bat or two. Should for his own sake be a good sprinter, as he's liable to have to "beat it" if he calls too many strikes. None but big husky fellows will be considered. Knowledge of baseball immaterial. Apply at 3.30 p.m. Marathon Grounds, to R. C. Withus.

P. S.—Neither team will accept responsibility for what may happen, so applicant should arrange with funeral director or hospital authorities before-hand.

Those bolts must be annoying to Explorer Roosevelt (get that new title). We haven't seen his picture on the front page for nearly three days.

Here's hoping the 24th is fine, and likewise the 25th this year.

Report from Ottawa says Halifax and St. John to be placed on equal footing. Maybe at right, but we'd sooner he a step ahead.

Shall we hear of marriage bells? A wedding soon to be? Edward Gerson, the paper tells. Prospective groom is he. But can he have the fact overlooked? Tho' it's not taught in schools. When for life he's safely booked. He then will know WHO RULES.

Now the latest fashion hint from Paris is that women shall wear long white gloves on which are painted landscapes of flowers, most artistic in effect, and designed generally by well-known artists. Just think of the eager longing and anxiety of husbands and

FOR DELICATE CHILDREN

A Mother's Letter to Mothers

Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold-quickly and building up her strength besides. I have also found Vinol a most excellent tonic for keeping up the children's strength during a stage of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body-building elements of cod liver oil and iron—for that reason, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore I ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on my guarantee. Wasson's Drug Stores.

Canada Life Bldg., St. James Street, Montreal

YOUR HAIR NEEDS

PARISIAN SAGE

It Quickly Removes Dandruff, Stops Falling Hair and Scalp Itch.

Just because your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, do not think it must be so. Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is only a matter of care.

Parisian Sage frequently applied and well rubbed into the scalp will work wonders. Just one application stops itching head, removes dandruff and all excessive oil. It goes right to the hair roots and furnishes the nourishment needed—the hair becomes soft, wavy, abundant and radiant with life.

Parisian Sage, which can be had at any drug or toilet counter, not only saves the hair, but stimulates it to grow long and heavy. Get a 50 cent bottle at once. There is no other "Just-as-good."

Fathers to have them introduce this fad in St. John.

Wonder if the Mexican trouble will be straightened out in time to allow the correspondents to begin predicting who's going to win the world's series.

Should Be Some Big Time.

Jake Nason's cow dropped on his foot Wednesday evening while milking. Jake hopes it will be better for the dance at St. Hopkins' place Saturday eve.

Sissy Manders, the belle of Hopkins' Corners, is laid up with the mumps. She won't be able to take in the dance at St. Hopkins' place Saturday eve.

Mr. and Mrs. Hiram Jackson are expected over from Horn Creek for the dance at St. Hopkins' place next Saturday p.m.

St. Hopkins has his hired man working on the decorations for the dance Saturday eve.

Allie Stimer, of Brierley, is bringing his fiddle over for the dance at St. Hopkins' place Saturday.—Bilkins (Ill.) Independent.

The St. John delegation must have felt flattered to learn that Premier Borden would rather attend the horse show than listen to their requests.

The latest excuse for staying out late is the story told by a local man when he reached home in the early hours and claimed that he had been holding down a temporary job on the night street cleaning staff.

He was a new suburbanite not yet familiar with the train arrangements, and he had left himself barely enough time to catch the evening train. After a lively sprint he climbed on board the Quebec express and heaved a sigh of relief. When he had recovered his breath he remarked to the brakeman.

"I seem to have lots of time after all."

"Yes," said the brakeman. "We don't leave for twenty minutes yet."

"Isn't this the 6:15 suburban?" the passenger asked with a horrified expression.

"No, that is your train just pulling out of the shed now," was the heart-breaking answer.

NORDICA

Lillian Bayard, daughter of Norton, who died this week, was born in Farmington, Me., on May 12, 1859. She was the youngest of five sisters, all singers. Her father was Edwin Norton, an amateur violinist and singer; her grandfather, Rev. John Allen, the chaplain of the Maine Assembly.

She was a pupil of John O'Neill at the New England Conservatory. She secured her first choir position in 1876 in Grace Church, and at eighteen was receiving \$1,000 a year as the soprano at Dr. Putnam's church in Roxbury.

She made her first public appearance in a pupils' recital in the old Bumstead Hall, in 1876, when she sang Leonora's first aria from "Il Trovatore." On Christmas eve of the same year, with Mathilde Phillips and Myron W. Whitnew, who was a soloist at a performance of "The Messiah," by the Handel and Haydn Society.

Tietjens, hearing the girl, advised her to go to Mme. Maretzek in New York. This Lillian did and learned a dozen operas in one summer. Through her she met Patrick Gilmore, the great bandmaster, who engaged for a western tour with expenses for herself and mother

and \$100 a week, which seemed to her then a large salary.

Gilmore was so pleased with his American songbird that he took her to England, where she sang twice a day at seventy-eight concerts. With this band, Lillian Norton was the first singer to be heard in the new Trocadero in Paris.

Opera then became her ambition. She went to Milan and began study with Sangiovanni, who prepared her for the stage.

A countryman aided her in obtaining a hearing. Scovel, an American, was both impresario and chief tenor of a small theatre at Brescia. Here on April 30, 1879, she made her debut in "La Traviata" under the name of Norton.

Here she sang four times a week, receiving for three months' service \$100 with a "benefit" yielding \$60 more.

Mme. Nordica's first appearance in opera in a principal part in her own country took place on November 26, 1888, as Marguerite in "Faust" at the

old Academy in New York under Colonel Mapleson's management.

Her first appearance in London took place on March 12, 1887, at Covent Garden. Augustus Harris, with the de Besses and a rival company at Drury Lane, ruined the Covent Garden season and took on Mme. Nordica. She sang Aida without a rehearsal and learned the part of Valentino in "The Huguenots" in a week.

Mme. Nordica's association with the Metropolitan Opera House during the latter half of the '90s, lent lustre to that brilliant company of artists not since duplicated in any opera house—a roster that included Sembrick, Melba, Calve, Schumann-Heink, Jean and Edouard de Reszke, Maurel, Campanari, Flancon, Bispham.

It was her honor to sing in the opening performance, "La Gioconda," of the Boston Opera House on November 8, 1909. She had taken the part three times since that time. Until this year she had appeared each season and was heard as Isolde and Marguerite in "Faust."

"Who can make a sentence and use the word 'income' correctly?" asked the teacher of the second grade.

"You may tell us, Johnny," indicating a little boy whose hand was waving violently.

"The kitchen door was left open and in come a rat," was the triumphant response.—Harper's Magazine.

SPRING SICKNESS COMES TO EVERYONE

Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, de-oxygenated blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hood's Sarsaparilla. Ask your druggist for this all-the-year-round medicine. It purifies, enriches and revitalizes the blood.

BRADSTREET'S ON TRADE

Two views of trade and industry present themselves to the close observer at present. One is the profound feeling of depression ruling in most lines devoted to supplying everyday wants. The other is the feeling that the new banking system has started off under favorable conditions as regards personnel, the growth of the feeling that the railways will receive additional compensation, and the belief that the present or prospective lower prices of staples, and particularly foods, augur well for future industrial activities.

There is, too, the feeling grows that a period has been set to what seems like an age-long output of new legislation, state and national, and that a "day of rest" is at hand during which the new laws may be allowed to work out their real or fancied benefits. In fact, evidences are not absent that the underlying spirit of American optimism, while obscured for a while, is not dead; that the past years of short-handed buying have created good-sized vacuums in stocks of goods which will need to be filled, and that a very large potential demand for products of American agriculture and industry will assert itself, provided that the year's crops, after all the great basic feature, turn out well, and that a pause in the typically American pastime of abusing conditions as they exist and of trying to make all men and things suddenly righteous by enactment.

YOU CAN DO IT!
It takes a good man to make one dollar a minute, but you can save that at Gilmour's when you buy one of their \$15 overcoats for \$10. The sale began on Saturday, May 9, and they've been moving fast. Come in first opportunity as sale closes Saturday, May 16.

We are fitting all sorts of men's feet these days and we're looking for your's ever since we opened our stock of men's spring and summer shoes. Why not come in today? Fiddler, corner Main and Bridge.

The most you money will buy means more today than ever. No better footwear value than Humphrey's Solid Shoes.

SALE OF COSTUMES FRIDAY
Some stunning spring costumes among those to be put on sale at F. W. Danahy & Company's on Friday morning. Every garment is beautifully made and silk or satin lined. All sizes are represented in the lot, almost all the most popular spring shades as well as navy and black. Sale begins Friday morning at 8:30 o'clock. Some of the styles now shown in window.

THE 20TH CENTURY
"Well, Fred," enquired the out-of-town wife, "you know that advertisement I answered, well they wanted a smart man."
"No, Annie! You were always considered smart." "Yes, I know, but that's"

Joseph Avar, a well-known and highly-respected resident of Port Elgin, died suddenly on Monday.

BUMPER BILLS AT IMPERIAL NOW ON

Unusual Indian Feature, "The Colleen Bawn" and Kathryn

Tonight the Imperial presents the Kaleidoscope, "The Death Sign," "High Noon," which is possibly the most pretentious Indian western story yet to hand from that wonderful Californian company. The light at the stockade in which 600 people take part is unusually realistic. The other pictures are two comedies, the re-organized Melies Co.—those old-time French farces—and Mary Fuller and Marc McDermott in "The Princess of the Desert," Miss Atkins and Mr. Hunkins, vocalists.

On Thursday the Kaleidoscope feature will be supplemented with a request repeat of that best of all Irish stories, "The Colleen Bawn," in three reels. This is the original production, photographed on Irish soil and in the very spots mentioned in Boucicault's tale. Miss Gene Gauthier, Sidney Olcott, Jack Clark and his mother Anna Clark take part. Friday the Irish story will be continued and the Kathryn series shown in addition.

NOT PLEASED WITH THE NEW CAPITAL OF INDIA

Opposition to Transfer of Seat of Government to Delhi—A Financial View

The agitation against the transfer of the capital of India from Calcutta to Delhi is steadily gathering force. Calcutta has always been against it, but Madras has now joined in the protest, and even in Bombay, which was the principal centre favoring the change, opinion is beginning to be modified.

The Chamber of Commerce recently, the chairman deprecated excessive expenditure upon the buildings at Delhi which he thought would be occupied by the government for more than a few weeks in the year. Calcutta has always been the principal factor in the anti-Delhi agitation.

The annual meeting of the Bengal Chamber of Commerce, perhaps the most powerful commercial body in the east, was held a short time ago, and the principal business before it was a resolution protesting against the excessive outlay of public funds on a new capital city at Delhi seeing that great expenditure must be incurred during the next few years in furtherance of the industrial, commercial and railway development of India.

FINANCES SAID TO BE INVOLVED

Hon. J. C. Shorrock, in moving this resolution, laid stress upon the great danger of the government getting out of touch with the commercial and financial interests of India by removing itself to a remote and isolated place like Delhi. He instanced the recent banking crisis, when the Bank of Bengal, the powerful presidency bank in India, was appealed to, to come to the assistance of the monetary authorities in India.

"Large as the resources of the bank may be," Mr. Shorrock said, who is himself a director, "there are limitations imposed by its charter that must restrict its action in time of crisis, and unaided by the government of India it could not hope to be in a position even to attempt to stem the tide of anything like a panic in the Indian money market."

At the time these financial troubles were taking place the high executive officers of the finance department were in Simla, and the comptroller-general, had been transferred from Calcutta to Delhi where he was in the unfortunate position of hearing nothing and knowing nothing. For a few anxious days it may have been longer, the bank was unable to do what it wanted quickly because it had to get into touch with the highest financial authorities in India.

"Ultimately the result of consultation and advice was most satisfactory, and I think it appears that money can be poured out like water, namely in an attempt to attain the impossible and to create a new capital city."

Delhi Relations in Jeopardy

"But, notwithstanding this happy solution the lesson vividly brought home to us during those anxious days is the financial danger that today exists in consequence of the breaking up by the Delhi changes of the intimate relations and opportunities for constant personal intercourse between the business financial centre and the government financial centre of India."

Proceeding Mr. Shorrock said: "The problem before us all is where is the money to come from? We have had a series of years of plenty, but large surpluses seem to have been frittered away with nothing to show for them, whilst it has been the strong opinion of every chamber throughout India that railways during the last period have been deliberately starved in spite of the recommendations of influential commissions. And now a series of less plentiful years may synchronize with even greater demands for capital expenditure on productive works."

"It is also a well-known fact that the evidence tendered before the royal commission on the public services points to recommendations involving increased administrative costs and charges. But all attempts for public works are already being restricted and only in one direction does it appear that money can be poured out like water, namely in an attempt to attain the impossible and to create a new capital city."

Two New York business men were one day discussing the purchase by one of them of a certain mercantile concern with which, the buyer explained, had come the "good will."

"I hope this 'good will,' said the friend to the purchaser 'is greater than that of the old French farmer.'"

"I have never heard the story."

"Here it is! The farmer was dying, and he sent for the notary to make out his will. Propped up in bed, he dictated:

"To Jean Marcel, our superb coiffeur, 10,000 francs."

"I bequeath 15,000 francs to the fearless Alphonse Bayard, that he may continue his valuable aeronautical experiments."

"To my physician, M. Leclair, 15,000 francs."

"To our eloquent pastor, 25,000 francs to continue the restoration of—"

"But, my dear sir," interrupted the notary, "I don't believe you have all that money to leave."

"I know very well I haven't," said the farmer, calmly, "but I want to show them my 'good will.'"—Youth's Companion

THE CHINESE REPUBLIC

(Bradstreet's.)

Step by step the constitution of the Chinese republic is being transformed, under the pressure of the personality of its president, Yuan Shi-Kai. It may be recalled that in the fall of last year, after his election by the parliament, the chief of the republic expelled a large number of its members, and later inspired a movement for its elimination. A constitutional convention which has been framing a new organic law for the republic since the middle of March has recently completed its work in a fashion which appears to give a strong preponderance to the power of the chief executive. Under the new constitution, the president has the power to convoke, open, suspend, close and dissolve the legislature, which is a body of a single chamber; to submit to it the budget and other bills, and to refer back to the chamber for reconsideration "bills which it has already passed."

Dispatches from Peking indicate that even after such measures are repassed by a majority of three-fourths of the chamber their promulgation may be withheld by the president with the consent of the administrative council. The presidential office numbers also among its powers those of declaring war and concluding peace, of appointing and dismissing civil and military officials, and of controlling completely the army and navy and all expenditures for their support. This enumeration of the powers of the chief executive seems to indicate clearly enough that Yuan Shi-Kai is to have a pretty free hand in moulding the policy of China in the near future.

A recent report from Consul-General Anders at Hong-Kong indicates that the change of the new uniform Chinese currency is to be the yuan, or dollar. The new coinage is intended gradually to take the place of the various coins now in use, and which will be retired when taken in payment of taxes or other government charges. The new coinage will include besides the yuan, the half-yuan, 20 and 10 cent pieces in silver, a nickel 5-cent piece, and copper coins ranging from 2-cent to 1 1/2 pieces, the last mentioned being valued at one-thousandth of a yuan.

The youngest Carnegie hero is Giovanni Ricci, who lives near Genoa, Italy, and is 15 years old. When he climbed down on the projecting bits of rock and saved her playmate's life.

MONCTON NOTES

Moncton, N. B., May 13.—At a meeting of the board of trade last evening the principal matter was the subway. A committee consisting of A. C. Chapman, Dr. C. A. Murray and Captain J. E. Masters, was appointed to confer with a committee from the city council regarding the matter.

Excellent progress is being made in the construction of the First Baptist church. Arrangements are being made to lay the cornerstone on May 28, if this date is convenient for Lieutenant-Governor Wood who has accepted an invitation to officiate at the ceremony.

Ottawa's horse show was opened last evening.

(The charge for inserting notices of Births, Marriages or Deaths, is 50 cents.)

DEATHS

BRITTAIN—At 77 High street, on May 12, Hazel Jean, aged five weeks, daughter of Mr. and Mrs. Robert F. Brittain, leaving two sisters, Emma and Marjorie.

Funeral from her father's residence Thursday, 2:30 p. m.

CHASE—At his residence, 53 Victoria street, North End, on May 12, James M. Chase, in the 98th year of his age, leaving a wife, six sons and three daughters to mourn.

(Frederick papers please copy.)

Funeral on Friday, at 2:30 o'clock, from his late residence.

HEINE—In this city, on the 12th inst., Cora Belle, beloved wife of Rev. R. Heine, Ph. D., at her home, West St. John, leaving a loving husband, one daughter, one son, and four step-children, with three sisters, to mourn.

(Carroll, Montpelier, and Frederick papers please copy.)

Funeral on Thursday at 3 p. m. from her late home, 139 Prince street, West End.

CARDS OF THANKS

Mr. and Mrs. William Cunningham desire to thank their many friends for sympathy expressed during their recent bereavement.

NATIONAL BANQUET IN HONOR OF VETERAN CHIEF OF LIBERALS

(Special to Times.)

Ottawa, May 13.—The Liberal members of parliament this morning held a caucus at which their leader was not present and to which he was not invited. The event was unique.

Today Sir Wilfrid and Lady Laurier are celebrating the forty-sixth anniversary of their marriage, and as a symbol of the event and the happy years which followed, the Liberal members sent their chief and his helpmate an immense bunch of roses, one for each of the forty-six years.

It was decided to give a banquet in the near future to Sir Wilfrid to celebrate the fortieth anniversary of his first public speech, delivered as a young man just out of college. It also will celebrate the fortieth anniversary of his first speech in parliament.

The banquet will be national in character. Liberal leaders from all parts of the dominion will be invited to rally around the board for the night to honor their leader and promote their cause.

REAL ESTATE NEWS

The following transfers in real estate have taken place during the last few days:

F. L. Clarke to Harry Clark, a property in Carleton place, 700.

Misses L. G. V. deBury to Ellen Donnelly, a property in Main street.

H. L. Garson to Bessie Rubin, a property in King street.

C. A. R. Kelly et al to Isabelle M. wife of John Kenney, a property at Torryburn Heights.

Margaret and W. H. MacLaren to Robert MacLaren, a property in Guilford street, West St. John.

PERSONALS

W. E. Skillen, formerly of St. Martin and now of Boston, arrived in the city yesterday.

G. S. Mayes left last evening on a business trip to Montreal.

R. B. Clark who has been attending the St. John Law School returned to his home in Moncton today.

Mr. and Mrs. T. B. Hanington, who have been living at Wentworth Hall for the last eight months, left today for their summer home at Ketepet.

M. B. Vail of Amherst, has gone to New York to consult a specialist. Mr. Vail is still suffering from the result of an accident he sustained in St. John.

Hon. J. J. Tweedie of Chatham arrived in the city this morning.

R. O'Leary of Richibucto is in the city today.

P. R. Warren, chief engineer of the Norton Griffiths Company, arrived in the city at noon today on the Montreal express.

German Falin, a wireless telegraph operator, stayed in in Tangier, has discovered more than three years' search a specimen of the very rare five-leaf clover. Only two others are known to be in existence, one owned by an Italian, and the other by an American who is said to have bought his for \$5,000.

In Lacken, Brussels, is to be erected a wireless station which will be 1092 feet high, 108 feet higher than the Eiffel Tower. It will be used also for the study of meteorology.

"Until death do us part"

Yes sir, and even after passing beyond, it will be a credit to your memory to have provided for wife and children.

Face this question squarely. Then if a sudden summons comes, you will answer it more cheerfully if wife and little ones are properly protected.

Hadn't you better get an Imperial Home Protection Policy now—while you are in good health? It's very easy to do it. Ask for our booklet, "The Creation of an Estate."

It's most interesting, and it's free—so why not write for a copy now? To-morrow you may be uninsurable.

\$80,000 FOR THE HOSPITAL

Bond Issue For Care of Tubercular Patients

COUNTY COUNCIL MEETS

Revaluation Ordered and Valuers Appointed—Grant For Children's Aid Society—Blasting Law—County Finances

Coroner Roberts was allowed \$36 for seven sessions of the investigation into the Grand Union Hotel fire. Bills ordered paid were: \$70 for survey of new site for tuberculosis hospital; ten days' pay for Dr. W. F. Roberts, acting sheriff, at same rate as late Sheriff de Forest, and other usual bills.

The application of W. H. Amos for appointment as policeman at Bay Shore for the summer was referred to the committee on the road houses. Councillor Bryant was added to this committee.

A resolution to allow county members \$100 per annum besides the allowance of ten cents a mile, was adopted, the city members not voting and Councillor Carson opposing.

The council went into committee of the whole to discuss the new blasting law, giving the council control of all blasting in the city and county. After reporting, the bill was given three readings and adopted. The by-law provides for the smothering of all blasts and prohibits blasting in any manner that will cause a public nuisance. The penalty for violation was fixed at \$10 or ten days in jail.

The site on the Municipal Home property was approved, and a bond issue of \$80,000 to cover the cost of the proposed tuberculosis hospital was authorized at the meeting of the Municipal Council yesterday afternoon.

A delegation consisting of A. M. Belding and Rev. R. A. Armstrong appeared and asked for a grant of \$1,500 for the Children's Aid Society.

The council decided to make the grant asked for on the condition that funds for the purpose can be found available.

Warden McLellan presided, and those present were Councillors Russell, Dean, Bryant, Golding, Black, Carson, Smith, Shaw, Shillington, Thompson, Stevenson and County Secretary Kelly.

August 3 was fixed as the last day on which the discount of five per cent on county taxes should be allowed.

The purchase of sectional steel filing cases for the vault in the county secretary's office, at an estimated cost of \$800, was authorized.

The payment of \$10 to the assessors of the parish of Lancaster for making up and filing the voters' lists and the assessors of the other parishes pro rata, was authorized and made a standing order of council.

At the meeting yesterday the announcement was made that the balance of \$20,000, shown on the books to the credit of the school fund, had been used for other purposes by previous councils. The explanation was given that this amount was really available in uncollected balances, including \$12,000 back taxes due from the city, and the warden gave his assurance that this amount would be collected.

Mr. Brodie said that if a start is made now the building should be ready for occupancy in January next.

The county officials were granted their usual annual holidays.

The warden appointed Councillors Russell and Potts to fill the places on committees formerly held by Coms. Schofield and Agar.

The warden drew attention to the need of a revaluation for assessment purposes in the city and county, no valuation having been made since 1882. He

They Cured All Of His Troubles

WHAT NOVA SCOTIA FARMER SAYS OF DODD'S KIDNEY PILLS

Just Why John A. Campbell Recommends Dodd's Kidney Pills to Everybody who has Kidney Disease.

Hillsdale, N. S., May 12.—(Special).—"I can recommend Dodd's Kidney Pills to everybody suffering from Kidney Disease." These are the words of Mr. John A. Campbell, a well known and highly respected farmer living near here. Mr. Campbell suffered from Kidney Disease for three months. He used two boxes of Dodd's Kidney Pills with the result that he says emphatically, "Dodd's Kidney Pills cured all my troubles."

It is well to note that Mr. Campbell says he was cured of all his troubles. For when you cure the kidneys with Dodd's Kidney Pills the result is new health and vigor all over the body. The kidneys are the organs that strain all the impurities out of the blood. When the kidneys are wrong they fail to do their work and the impurities remain in the blood, the circulation becomes clogged and the net result is lassitude and weakness all over the body. Dodd's Kidney Pills correct all this and give new life and energy all over the body.

believed it of the utmost importance, as it would enable them to secure a fair, just and equitable tax list. They had in mind valuers who would do their duty fairly, fearlessly and independently.

Coun. Carson then moved that a board of valuers for the city and county be appointed to consist of J. Armstrong, chairman; Florence McCarthy, Donald H. Daniel, R. Alfred Corbett, Wm. E. Scully, Alex. W. Magee, Albert F. Bentley, Eldon P. Schofield, and James Corcoran, with John H. Kelley and John A. Brooks as clerks; the valuers to receive \$5 a day and expenses, and the clerks \$125 a month, the board to be authorized to secure such expert advice and other necessary assistance, the work to commence at once, and continue until completed.

Coun. Dean moved in amendment that the clerk's salaries be fixed at: Coun. Golding moved in amendment to the amendment that the sum be \$80, and the final amendment carried.

The report of the committee on the location of the street railway line from Kane's Corner to Mount Pleasant avenue on the Red Head Road was received and approved.

CORNMEAL MILL IS DAMAGED BY FIRE

The Maritime Cornmeal Mills in Erin street, owned and conducted by C. W. Stevens, were partly destroyed by fire early last night and damage amounting to about \$4,500 resulted, between \$3,500 and \$4,000 of which is covered by insurance.

Only about two carloads of grain was totally destroyed by the flames, but it is not really known yet what damage was done by the water to the grains stored in other parts of the building.

About a hundred bags of meal were carried off the place by the night in the stables of C. H. Peters & Sons tannery, opposite. The work of the firemen and salvage men was most effective. It appeared at first as though the whole wooden structure would be demolished, including the stables and outer buildings, but the promptness and activity of the firemen checked the flames.

Longshoreman Killed

Joseph Gaudet, a longshoreman, was instantly killed last night when he fell thirty feet into the hold of the New Zealand liner, Southern, at No. 7 berth, West Side. There was no work being done in the hold at the time and there was no light. William Gaudet, brother of the unfortunate man, heard him fall; he turned the light on and found the body at the bottom of the hold. Coroner Kenney was summoned and found that Gaudet's neck had been broken in the fall. Mr. Gaudet was a native of Tignes, P. E. I., and leaves a wife and three children.

CABINET MAKES NO PROMISE

To Decide Later Regarding Gutelius Agreement

DELEGATION AT OTTAWA

Assured That St. John and Halifax Will be Placed on Same Footing With Regard to Mail Contracts—Borden at the Horse Show

Ottawa, May 12.—The delegation from St. John today had a conference with Hon. Messrs. Hazen, Rogers, Reid, Cordeiro and Foster, regarding the claims being urged in support of their port for winter trade. With regard to the Gutelius agreement they received no assurance that it would not be renewed, but were told that it would not be renewed without the consent of the cabinet-in-council. The delegation were assured that St. John and Halifax would be put on an equal footing with regard to the mail contracts, the "open door" policy being pursued. The steamship companies will be permitted to select their own port. Premier Borden was engaged at the horse show, and to the regret of the delegates, was therefore unable to be present.

J. M. Robinson, Mayor Erik, E. J. Tighe, E. A. Schofield, and D. F. Pridgen were the speakers, each setting forth the respective claims regarding the freight, mail and passenger service so far as St. John is concerned, and telling of the discriminating effects of the Gutelius-Bowditch agreement. G. W. Fowler, M. P., also spoke.

In discussion which continued, Messrs. Hazen, Reid and Pelletier took a prominent part, but the summing up on behalf of the government was made by Hon. Mr. Foster, who undertook that Hon. Mr. Cordeiro would give his attention to the matter on his return to Ottawa; that the agreement would not again be entered into without the vote of the full cabinet council, and that Halifax would not be named in the mail contract but the steamship companies would be given a free hand in the selection of their own port.

Notwithstanding the statement of Premier Borden in the house regarding a profit to the L. C. R. under the Gutelius agreement, his opinion apparently is not shared by all of his colleagues. A member of the delegation on being asked after the conference whether there had been much discussion with the ministers as to whether the agreement had resulted in profitable operation, or whether it was discriminatory, said that "they all understood very well that it was discriminatory."

The delegation will meet Sir Thomas Shaughnessy tomorrow.

As authorized by the board of trade, Mr. Pidgeon has interviewed the minister, interested in regarding the construction of two new wharves at the southern end of the city. He learned that the Gutelius bill, which the construction of wharves promised to bring the matter to the attention of the official.

The importance of completion of new wharves under contract to D. C. Clark and the Cape Company for use during next season was urged on Mr. Hazen by members of the delegation, and he assured them that he was in position to say that that work would be pushed with all possible speed, and would be completed in time.

Before the conference members of the delegation were entertained at luncheon by Mr. Hazen.

For about 100 years Denmark has had a system of agricultural apprenticeship to teach the practical side of farming. The boys serve three years on farms in different parts of the country, and report annually to the Royal Danish Agricultural Society, sending in notes on their experience, instruction and observation.

MR. CARVELL'S REPLY TO GLOBE

Knows Nothing of Any "Hushing Up" Negotiations, and Urges Globe, in Interests of Public, to Tell Anything it Knows About Them

DELEGATION AT OTTAWA

F. B. Carvell, K. C., M. P., has sent the following letter to the Globe: Ottawa, May 11, 1914.

The Editor, St. John Globe, St. John (N. B.):

Dear Sir,—In an editorial note appended to an article signed by E. S. Carter, which appeared in your issue of the 8th inst., in referring to the alleged negotiations for a settlement of the charges against Hon. Mr. Flemming in the house, you use the following words:

"If Mr. Carvell, M. P., has a story to tell in connection with the negotiations, by all means let him tell it. This paper will gladly accord him the necessary space. It will then be the same for any other public man who may desire to make explanations. There were negotiations and public men were concerned in them. It is time the story was told."

Let me assure you in the plainest language at my command, that no member of the Conservative party either directly or indirectly has ever approached me with the object of having this matter hushed up in any manner or form, and most certainly I have not approached any of them with like object and have no explanations whatever to make. As you are probably on as intimate terms with the Hon. Mr. Flemming and the Tory party of New Brunswick as any person in the province, you must be in a position to know whether or not any attempts have been made by your Conservative friends with that object in view, and if any such facts exist to your knowledge, as would appear from your statement, would it not be more in the public interest to publish them for the benefit of all parties concerned, rather than continue your campaign of insinuations against men who for five long weeks, have been patiently waiting an opportunity to prove the truth of the charges ever preferred against public men in the province of New Brunswick?

Yours sincerely,

F. B. CARVELL.

BUSY DAY AT OTTAWA

Several Bills Passed—Judges Paid More Than They Could Earn, Mr. Fowler Says—Dry Dock Subsidies

Ottawa, May 12.—The house had its working clothes on today and cleaned up a considerable number of the less contentious bills. The construction of wharves promised to bring the matter to the attention of the official.

The amendments to the Canada Temperance act were passed through the final stage and Hon. Dr. Roche's bill to amend the irrigation act was advanced to third reading.

Hon. Robert Rogers has given notice of a resolution providing for an increase in the subsidy provided by the government to encourage the construction of dry docks of the first class. The present act provides for a subsidy of three and one-half per cent per annum of the cost of the dry docks for thirty-five years over \$100,000. The government now proposes to increase the subsidy to four per cent per annum.

During discussion tonight of Hon. C. J. Doherty's resolution respecting inferior court judges in the Quebec Superior court, George W. Fowler, Kings-Albert (N. B.), advanced the opinion that ninety per cent of the judges of Canada are paid more in salaries than they earned in private practice at the bar. Fifty per cent of the judges, he added, are not required to work as hard as they did when practicing barristers.

ANNUAL MEETING OF ST. JOHN Y. M. C. A.

The annual meeting of the St. John Y. M. C. A. was held last evening, J. H. White presiding. The report of the directors for the year ending April 30, show that the senior membership and activities have not developed as it was expected they would with the erection of the new building, while the physical and boys' divisions showed progress. The reports showed a decline in senior membership and called for special consideration. The total membership is 374 as against 670 last year, and 701 in 1912. The financial report showed that the income is reduced, while expenses are heavier than the year before. The religious department regretted that they could not report as strong work as in some years. Excellent work has been done in the physical department during the past year under the able supervision of C. D. Howard. The boys' division showed an active and successful season under the leadership of D. D. Milligan.

It was mentioned that, if the appearance of the property is to be kept up, a large appropriation must be made. The trustee's account shows an outstanding liability of \$4,960.

Tributes were paid to the Ladies' Auxiliary and Young Ladies' League, and to the former secretary, A. W. Robb. City pastors have helped materially in the work of the institution, especially Rev. R. P. McKim.

The following were elected to act on the board of directors: F. C. Smith, G. A. Henderson, F. A. Dykeman, D. Clark, Horace A. Porter, F. de L. Clements and G. E. Barbour. The trustees elected were W. H. Thorne, John Sealy, W. E. Earle and Samuel Kerr.

Special reference was made to the death of H. H. Pickett, who was a valued member of the association and was for years interested in the boys' department. Votes of thanks were extended to the Ladies' Auxiliary, the Young Ladies' League and all others who had

"TIZ" FIXES ACHING, SWOLLEN, SORE FEET

How "TIZ" Does Comfort Tired, Sweaty, Calloused Feet and Corns

"Ah! Boy, 'TIZ' is the thing!"

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ," and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25 cent box of "TIZ" now from any druggist, department or general store. Just think! a whole year's foot comfort for only 25 cents.

helped during the year. A resolution of sympathy was passed with W. C. Cross, who was absent in New York attending his father's funeral.

Reference was also made to the fact that D. D. Milligan, secretary of the boys' department, and C. D. Howard, physical director, had resigned their positions and favorable comment was made of the way they had carried out their duties.

The St. John Trades and Labor Council was opened last evening at the York Theatre. A variety of entertainments had been got together in the lower hall and adjoining rooms, and though the attendance was rather small for the first night it is understood that a large number of tickets have been sold and as the fair is to continue until Saturday there is time for improvement. Music was played by the City Cornet Band, which had given its services free.

The principal stalls were taken by J. E. Sugrue, J. Kemp, F. Hyatt, J. O'Brien, R. Smith, F. Wring, B. Stillwell and E. Brown.

The prize winners last evening included Mrs. W. Monaghan, Mrs. J. L. Sugrue, Mrs. Morrissey, J. Corbett and W. Wallace.

The following resolution was moved by A. A. Wilson, K.C., and seconded by J. D. Mullin, K.C., and passed by a unanimous vote.

"Resolved that the members of the St. John Law Society learn with regret of the recent death of Mrs. Pugsley, wife of Hon. William Pugsley, K.C., a member of the society, and respectfully ex-

press to Mr. Pugsley their deepest sympathy with him in his bereavement."

The resolution regarding the death of Mr. Fairweather was moved by J. H. Campbell, K.C., and seconded by F. J. Taylor. It was as follows:

"Resolved that the members of the St. John Law Society place upon record their sense of deep regret at the death of Mr. Stewart Lee Fairweather, formerly a member of the society."

"He was a member of the society for several years but devoted his attention rather to the business of insurance which was carried on by his father, the late Mr. Arthur C. Fairweather, in partnership with his sons, rather than to the practice of his profession."

"In his business associations he was highly esteemed by all with whom he came in contact, and in his social relations his engaging and genial disposition secured for him the esteem and regard of his many friends, and his death will be sincerely mourned."

"And further resolved, that a copy of these resolutions be forwarded to the members of his family with an expression of sympathy of the members of this society."

Electricians who were wiring a new house in Bath, Me., ran up against a new position as far as sub-stations are concerned. One of the old houses built to last and places the wires had to be sent through timbers fourteen inches thick, and quite unaffected by their extreme age.

FAVOR CANADIAN BAR ASSOCIATION

Provincial Lawyers, Guests of J. A. M. Aikins, M. P., at Dinner in Union Club, Discuss New Organization

Provincial Lawyers, Guests of J. A. M. Aikins, M. P., at Dinner in Union Club, Discuss New Organization

J. A. M. Aikins, K.C., M.P., of Winnipeg, tendered a complimentary dinner to the members of the New Brunswick Bar Association at the Union Club last night. Mr. Aikins is much interested in the formation of a Canadian Bar Association, having for its objects the advancement of the science of jurisprudence, the promotion of the administration of justice, and securing uniformity of legislation throughout Canada, so far as is consistent with the preservation of the basic systems of law in the respective provinces, the upholding of the honor of the profession of law, and the encouragement of cordial intercourse among the members of the Canadian bar.

The menu was excellent, and more than forty gentlemen were present at dinner, their names being as follows: Chief Justice McLeod, Hon. A. S. White, Hon. H. A. McKewen, Hon. W. C. H. Grimmer, H. A. Powell, K.C., J. R. Armstrong, K.C., E. T. C. Knowles, K.C., W. B. Chandler, K.C., M. G. Teed, K.C., D. Mullin, K.C., J. B. M. Baxter, K.C., W. A. Ewing, K.C., A. A. Wilson, K.C., J. King Kelly, K.C., L. P. D. Tilley, K.C., F. R. Taylor, A. W. Baird, C. H. Ferguson, B. S. Smith, B. A. Armstrong, J. A. Sinclair, S. A. M. Skinner, E. C. Weym, G. H. V. Belyea, S. B. Bustin, W. A. Porter, J. F. H. Teed, H. W. Robertson, T. P. Regan, J. A. Barry, J. S. Keith, S. W. Palmer, H. O. McInerney, K. J. MacIsaac, R. G. Murray, J. D. P. Lewin, R. L. Gerow, C. F. Sanford, and Francis Kerr.

Mr. Aikins, who presided, gave an address in which he outlined the advantages of the organization projected, and at the close proposed the appointment of a treasurer for this province. C. F. Sanford was later appointed to this office.

Amongst the other speakers all favoring the proposed association, were J. B. M. Baxter, K.C., M. G. Teed, K.C., H. A. Powell, K.C., and R. A. Lawlor. Hon. Chief Justice McLeod proposed the toast to "Our Host," which was drunk most heartily.

RESOLUTIONS OF THE LAW SOCIETY

The St. John Law Society met yesterday afternoon and resolutions were passed expressing the deep regret of the members of the legal fraternity in the death of Stewart Lee Fairweather, a former member of the society, and Mr. William Pugsley, wife of Hon. Dr. Pugsley, K.C., M.P.

The following resolution was moved by A. A. Wilson, K.C., and seconded by J. D. Mullin, K.C., and passed by a unanimous vote.

"Resolved that the members of the St. John Law Society learn with regret of the recent death of Mrs. Pugsley, wife of Hon. William Pugsley, K.C., a member of the society, and respectfully ex-

press to Mr. Pugsley their deepest sympathy with him in his bereavement."

The resolution regarding the death of Mr. Fairweather was moved by J. H. Campbell, K.C., and seconded by F. J. Taylor. It was as follows:

"Resolved that the members of the St. John Law Society place upon record their sense of deep regret at the death of Mr. Stewart Lee Fairweather, formerly a member of the society."

"He was a member of the society for several years but devoted his attention rather to the business of insurance which was carried on by his father, the late Mr. Arthur C. Fairweather, in partnership with his sons, rather than to the practice of his profession."

"In his business associations he was highly esteemed by all with whom he came in contact, and in his social relations his engaging and genial disposition secured for him the esteem and regard of his many friends, and his death will be sincerely mourned."

"And further resolved, that a copy of these resolutions be forwarded to the members of his family with an expression of sympathy of the members of this society."

Electricians who were wiring a new house in Bath, Me., ran up against a new position as far as sub-stations are concerned. One of the old houses built to last and places the wires had to be sent through timbers fourteen inches thick, and quite unaffected by their extreme age.

An Author's Experience WITH DR. CHASE'S NERVE FOOD

Shock and Overwork caused Nervous Breakdown—Never found anything to compare with Dr. Chase's Nerve Food as a Restorative.

Miss Innes is widely known in New York, Toronto and other large centres as a Teacher of Dressmaking and as author of the most complete work on this subject: "Scientific Dressmaking and Millinery." This book has been ordered by the government for use in Women's Institutes throughout this province, and is being put into practically all Public Libraries. The experience which Miss Innes has had with Dr. Chase's Nerve Food is told in such an interesting manner in her letter that we shall quote it in full.

Miss Innes, 245 Huron St., Toronto, writes:—"I have a strong constitution and do not neglect the health as many do whose strenuous lives of overwork lead to breakdown of the nervous system. Consequently when, on receipt of a telegram announcing the death of a brother who was very dear to me, the nerves failed me, I went to my doctor and his prescription acted beautifully and restored the nervous system for a time. Again in New York I felt the need of a tonic and had the doctor's prescription filled but to no avail, and just here I want to emphasize the necessity of going to a reliable druggist who you know will use only the best and purest drugs. I was benefitted to some extent by trying a prescription which is used extensively by stock brokers on Wall Street, where fortunes are made and lost in a day, and the nerves give way under the enormous strain.

This helped me but I am writing this letter to say that nothing I used could for a moment be compared to Dr. Chase's Nerve Food. This treatment restored my exhausted nerves, gave me new vigor and energy, and banished the many distressing and disheartening symptoms which only nervous people will understand.

I know there are authors, journalists and business men with whom I come in contact daily who should know about this great nerve restorative. I know there are women in the home straining the last nerve to make the best use of the income in these times of high prices and whose nerve cells have been sapped by worry and anxiety until they live in misery and do not understand the reason. It is because I know this that I want to tell these nervous, worn out people about Dr. Chase's Nerve Food. From my own experience I know just how they feel and just as certainly know that Dr. Chase's Nerve Food will prove a wonderful blessing to them."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers or Edmanison, Bates & Co., Limited, Toronto.

Ask Your Druggist for Three Months' Treatment. 12 Boxes for \$5.00

Wherever the white man goes—for fun, fame or fortune—wherever maximum food value and minimum bulk are prime factors—there you'll find this sturdy, appetizing food, made of whole wheat and barley.

Grape-Nuts

is probably the longest baked, the most thoroughly dextrinized, and the most easily digested of cereal foods. (Digests generally in about one hour.)

Because of this quality, Grape-Nuts produces great energy with little effort in digestion, and so furnishes a most admirable diet for hot weather or tropical climates.

Ready to eat from the package, fresh and crisp. Served with cream, milk or fruits, and sugar if desired. Keeps indefinitely anywhere.

"There's a Reason" for Grape-Nuts

—Sold by Grocers everywhere.

HOME RULE

Important Developments in The Commons Yesterday

BRITISH PARLIAMENT

Three Great Controversial Measures Likely Passed in Present Month—Greatest Interest in the Irish Situation

London, May 13.—This month probably will see the passage through the House of Commons of three great controversial measures, home rule for Ireland, disestablishment of the Welsh Church and the abolition of plural voting. The first two will have been passed for the third time under the parliament act, and no matter what the House of Lords do with them they will become law. The plural voting bill still has another time to pass through the House of Commons.

Of course the greatest interest is taken in the home rule bill.

In a speech in the House of Commons yesterday Premier Asquith said the house would maintain complete control of the situation and the only way to carry out any agreed settlement of home rule was through an amending bill to follow the passage of the original measure.

The opposition, seeing that the bill must become law, realize that their best course is to fight to secure special treatment for Ulster, and that even more generous terms will be offered by the government than those held out at the time of the second reading, providing for temporary exclusion, is now regarded as almost certain.

John E. Redmond, National leader, hoped that if an amending bill was introduced it would be to give effect to the agreement reached. If an amending bill were introduced after failure to reach an agreement, then he must hold himself absolutely free to deal with it when it rose. While the Nationalists desired a peaceful settlement they were opposed to fresh offers at the present stage.

While some interpret Mr. Redmond's speech as a warning to the government against further concessions to the Unionists, others interpret it as a warning to Ulster that once a home rule bill is on the statute books any further concessions can be had only by consent of the Nationalists.

It Hits Belfast Business Men

There has been talk of a federal system for the whole of the United Kingdom, and it has been suggested that Ulster should be excluded from the home rule bill until this system is inaugurated.

Radway's Ready Relief

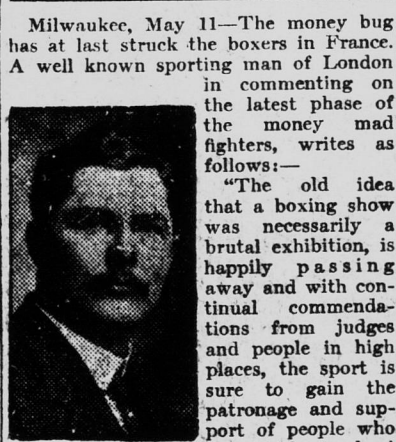

Frank Malt, 420 6th St., New York, writes: "My wife suddenly fell very sick with indigestion. I called in the doctor, but he failed to help her any. We have no time to be sick. So I became my own doctor and with Radway's Ready Relief and Pills, I gave her according to Radway's directions, and she went back to work two days later."

GOLDS AND COUGHS
Apply the Relief to the throat and chest until the surface smart and redness. Give Radway's Pills in such doses as will freely move the bowels. For a sudden cold take a large dose Radway's Pills and a teaspoonful of Relief with a teaspoonful of molasses. In a number of hot water. Return a good one in the morning the relief will be gone.

The Matter of Big Purse

(FROM T. S. ANDREWS)

Milwaukee, May 11.—The money bug has at last struck the boxing world. A well known sporting man of London in commenting on the latest phase of the money mad fighters, writes as follows:—
"The old idea that a boxing show was necessarily a brutal exhibition, is happily passing away and with it the annual commendations from judges and people in high places, the sport is sure to gain the patronage and support of people who have hitherto kept away. The only thing that may spoil it is the greed of the champions. Some of these latter have the notion that their abilities are paid for at a rate that compares unfavorably with their brethren in the United States, but they overlook the fact that money has a different purchasing value in America than what it has over here. Further, the British boxing fan has been accustomed to getting his shows cheaply and any violent increase in admission rates is certain to affect the receipts. The big purse craze was started here by Hugh D. McIntosh, when he connected with Bill Lang, Sam Langford, and Billy Papke, but the shows put on were not charged excessive commissions, as he relied on big attendances to repay him."

"The National Sporting Club of London is about the only place that charges admission rates that compare with those charged at the big shows in America, and they would not stand long if the club crowd was not confined to the select swells. It is very seldom that a big purse is first run in this country, but to be worth the money charged to see it and I believe that the committee of the London Sporting Club will hesitate while before they offer any more \$15,000 purses."

"One enterprising promoter started a contract system, whereby a boxer was signed for say a dozen bouts for a fixed sum. As this money had to be paid in any event, whether the boy lost or won, it dawned upon the promoter that it would be to his interest to see that his contract fighter was not beaten, otherwise his value as a drawing card would be lessened. To further this scheme the promoter secured referees who would for a consideration, render a satisfactory verdict so that the boy went through his campaign without defeat. Occasionally plans went wrong through the boy getting knocked out by his opponent, but this rarely happened, as the boys engaged to meet the star were given to understand that they were marked for defeat before they went into the ring. I was under the impression that this system had been stamped out, but I see that it still prevails in certain quarters."

"A variation of this scheme has now cropped up. A big financial gambler has under contract several prominent scrappers, to whom he pays a fixed sum each week as salary. They have to box when he tells them and whoever he selects as an opponent. The financier finds any side bet, should one be required, and he grabs all the purse money."

"The only possibility of a general election is that the Unionists find some way of turning the government out. They thought they would do this by the Ulster question, but that having been turned to the advantage of the government by the cry 'army against the Unionists,' they will now have to look to some other means of defeating Mr. Asquith's government."

It was thought and is still believed in some quarters, that a way will be found by the lords refusing to pass the army bill, which would dissolve the army, but Liberals think that the Unionists, after their experience with the army and Ulster crisis, will leave the army intact and will not dissolve it, except for some accident, or Unionist acceptance of the plural voting bill, there will be no election this year but that parliament will run its full course and be dissolved in 1915.

Taking Their Politics Into Society
Certain Unionist society ladies have set up a boycott against those who support the government's home rule policy. Invitation lists have been ruthlessly purged of names of men and women too, and that they are no longer welcomed at houses where last year they were frequent callers.

It is a repetition of what took place in 1886, when Gladstone introduced his first home rule bill. "Political differences," said Lord Morley in his "Life of Gladstone," "were turned into social prescriptions. Whigs who could not accept the new policy were specially furious with Whigs who could. Great ladies purified their lists of the names of old intimates. Amiable magnates excluded from their dinner tables and their country houses once familiar friends who had fallen into the great heresy, and even harmless portraits of the heresiarch were sternly removed from the walls."

The removal of one portrait on that occasion was in the long run a benefit to the nation for when the late Duke of Westminster condemned Millard's famous portrait of Gladstone to the cellar and will usually cure the worst throat within 48 hours. The healing and soothing qualities of this form, as are unequalled, and every person suffering with a bad throat should give this prescription a trial. There is nothing better.

Important.—In ordering Parmental always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c to the International Laboratories, 74 St. Antoine St., Montreal, who make a specialty of it.

Weak Men, Brace Up!
Why will you be weak? Why will you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is a key to your future happiness. Whatever your condition today, you will not improve as you grow older. Age calls for greater vital force, and the older you get the more pronounced will be your weakness.

I have the grandest invention of the age for weak, run-down men, the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by diseases or dissipation, restoring energy to the brain and power to the system. No weak man will regret a fair trial of this invigorator.

DR. McLAUGHLIN'S ELECTRIC BELT
will make you strong. It will send the life blood dancing through your veins. You will feel the exhilarating spark warm your frame, the bright light will come to your eye and a firm grip to your hand, and you will be able to grasp the hand of your fellowman and feel that what others are capable of doing is not impossible to you. This grand application has brought strength, ambition and happiness to thousands of men in the past year.

It is one sure remedy for the cure of Rheumatism, Weak Back, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone be so doubtful as to the value of this grand remedy when you see so many cures by it.

Dear Sir,—I wish to say that your Belt has given me good satisfaction. I might say further that I think mine was a hard case to help, being troubled with sick headache and very bad pains in my head and not able to sleep more than half the night. I am pleased to say after wearing your Belt for awhile, I slept better and my sick spells grew fewer between. The current generated by the battery was the and soothing and gave me good satisfaction in a great many ways. I remain, A. S. MACE, J. P., Newton, Kings Co., N. B.

CONDON AT HEAD

Former Frederickton Pitcher Leads New England Batsmen

Also Has Perfect Record on the Mound—Here is News of Some Other Players in Last Year's N. B. and Maine League

Pete Condon, last year's star pitcher for the Frederickton Pats, is showing all the other players in the New England League the way to the top of the list, both batting and pitching. Some of the other players in the New England League, who are known in this section, are well up in the running. Condon is leading the batting list with an average of .367; Murphy is hitting for .409; Mulvey for .388; Flaherty for .412; Duggan for .308; Conley for .300; Lynch for .294. Condon has a perfect pitching mark, having won all three games in which he figured. Dedrick, who started last year with the Marathons pitched two games for Lynn and won both. Woodbury is on the heading staff of the Portland Club, and has taken part in only one game, in which he was defeated.

Condon's nearest rival in the batting list is Fahy, of Lynn, whose average is .352.

SPECIAL MEETING OF ST. JOHN PRESBYTERY

Rev. W. W. Malcolm Leaves Lorneville to Take Charge at East St. John—Call to Prince William—George G. Irvine Licensed

The St. John Presbytery met yesterday afternoon in St. Andrew's church. The resignation of Rev. W. W. Malcolm as pastor of Lorneville was accepted and he was appointed to East St. John, as ordained minister for one year. A call was sustained from the congregation of Prince William, York county, to Rev. S. Thompson, a recent graduate of the Halifax Presbytery college. In the evening another meeting was held in St. John's church, at which George W. Irvine, also a graduate of Halifax Presbytery college, was granted a license to preach.

At the afternoon session A. McAlpine, P. H. Galbraith, T. J. Galbraith and Mr. Cairns, representing Lorneville congregation, spoke very highly of Mr. Malcolm's work during his pastorate and expressed regret at his resignation, which is to take effect immediately.

A large congregation was present at St. John church in the evening when Mr. Irvine was granted his license from the presbytery.

It was a coincidence that the occasion was the 70th anniversary of the opening of the St. John Presbyterian church. Dr. Robert Irvine was the first minister of the congregation and preached his first service on May 12, 1844. The presbytery congratulated the congregation on their long and eventful history. The pastor, Rev. J. H. A. Anderson, reviewed the history of the church to the congregation and mentioned the fact that at present there are two members of the church who heard Dr. Irvine's first sermons seventy years ago. They are William Parke, George Hutchinson, Robert Ritchie and Robert Couty. There have been four pastors since the opening of the church—Dr. Irvine, Dr. James Bennett, Dr. T. F. Fotheringham and the present pastor, Rev. Mr. Anderson.

Rev. Dr. MacVicar delivered an address on the office of the Christian ministry and after Mr. Irvine had assented to the questions set down by the assembly and prayer had been offered, the license was granted giving him authority to preach the gospel. Rev. F. W. Thompson addressed a few remarks to the newly licensed minister. Special music was rendered by the choir during the service.

WHAT TO DO FOR SORE THROAT
SOME GOOD ADVICE BY A SPECIALIST

As there seems to be a regular epidemic of Sore Throats this winter, the following valuable recipe will be welcomed by many. A sore throat is a dangerous complaint, as it is the beginning of the bronchial tubes lead directly to the lungs and the disease often travels along these tubes into the lungs and there sets up an inflammation that is invariably fatal in a serious lung trouble.

At the first sign of soreness in the throat or around the tonsils you should secure from your chemist 1 oz. of Parmental (Double Strength), and take this home and add to it 1/2 pint of hot water and 4 oz. of moist sugar. Stir until dissolved. Take one tablespoonful four times a day. This will give instant relief and will usually cure the worst throat within 48 hours. The healing and soothing qualities of this form, as are unequalled, and every person suffering with a bad throat should give this prescription a trial. There is nothing better.

Weak Men, Brace Up!
Why will you be weak? Why will you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is a key to your future happiness. Whatever your condition today, you will not improve as you grow older. DR. McLAUGHLIN'S ELECTRIC BELT
will make you strong. It will send the life blood dancing through your veins. You will feel the exhilarating spark warm your frame, the bright light will come to your eye and a firm grip to your hand, and you will be able to grasp the hand of your fellowman and feel that what others are capable of doing is not impossible to you. This grand application has brought strength, ambition and happiness to thousands of men in the past year.

It is one sure remedy for the cure of Rheumatism, Weak Back, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone be so doubtful as to the value of this grand remedy when you see so many cures by it.

Dear Sir,—I wish to say that your Belt has given me good satisfaction. I might say further that I think mine was a hard case to help, being troubled with sick headache and very bad pains in my head and not able to sleep more than half the night. I am pleased to say after wearing your Belt for awhile, I slept better and my sick spells grew fewer between. The current generated by the battery was the and soothing and gave me good satisfaction in a great many ways. I remain, A. S. MACE, J. P., Newton, Kings Co., N. B.

PORT NEWS OF A DAY, HOME AND ABROAD

BASEBALL

St. Peter's Church League
The St. Peter's Church Baseball League last night completed their final arrangements for the season's play and are ready for the first encounter on May 18. A meeting of the managers of the four teams comprising the league was held last evening and a schedule for the first week was drawn up, the rest of the games to be arranged at a subsequent meeting. The team representatives present were: Harry Deven, Joseph McIntyre, Shamrock, Harrington, Ross, and Joseph.

Stars Won
In a lively game in Newman street grounds last evening the Stars defeated the Victoria street Stars by a score of 4 to 1. The batteries for the Stars were: Ross and Gorman while the Vics had Adams and Akery. Adams at short, Vics showed up well, while the Stars on both sides worked hard.

Meeting Tonight
The final details of the formation of a Maritime League, including the arrangement of schedules, will be completed at a meeting to be held tonight in the Dufferin Hotel. The meeting was to have been held last evening but some of the delegates were unable to attend. It is expected that Messrs. Mason and McArthur, of the Victoria street club, and H. McDonald, who is backing Halifax, will go through to Boston after the meeting in connection with the signing of players.

Pitcher Loses His Game
Montreal, May 12—After tying the score in the eighth today a headless pitcher Mason lost Montreal the second game to Providence 5 to 4. The game showed their old time trouble of being able to hit in the pinches.

Eben Reed, who has been with the Oulton and Bangor teams in the N. B. Maine League, is now playing with the Redburg, having been released from the Lynn club. In last Saturday's game he got three safe hits out of four times.

Eke Johnson, in the Houlton outfield, 1912, has written to the Fredericton baseball club, asking for a chance to play this summer. As Fredericton is out of the league, it is possible that one of the Maritime League teams may find place for him.

1913—Confidence, Ottawa, 7 ft. 11-8 in.
1914—The Wasp, Montreal, 6 ft. 9 in.
Owned by Hon. Clifford Sifton.

Frank Patch Doing Well
The Boston Globe, in an article on the horses in training under the direction of Walter Cox says:
Lady Gratton, Baring and Lulu Worthy three of last season's string that are doing better than a year ago.

The Nova Scotia stallion, Frank Patch, 2:15 1/4, reminds one of a bit of Cabel, 2:05 1/4, in his way of going. If he continues to do so as the fast work is given him he surely will do to go anywhere with.

Dover is the home training camp of Walter Cox, and he now has 72 pupils in charge, being assisted by his staff of former years, Herbert Yeaton, Frank Monahan and Ted Horan.

THE RING
Fought a Draw
Roddie McDonald, of Glace Bay, and Johnny Glover of Boston, boxed fifteen rounds to a draw in the Halifax Arena last evening.

May Suspend Gunboat-Smith
Milwaukee, May 12—Because Gunboat Smith asked for an \$8,000 guarantee to fight Bob Mohr in Milwaukee the promoters called off the match entirely, and now Smith will get nothing here and another match will be arranged to take the place of the Smith-Mohr affair. Inasmuch as Smith had signed preliminary articles for the fight and then raised his figure, the promoters will make the State Boxing Commission suspend him or take steps to prevent his coming to Milwaukee to box for any other club. The request will not be made, however, unless Smith dickers with some other promoter.

Jack Johnson's Case
Chicago, May 12—The United States Circuit Court of Appeals today granted the petition of District Attorney Wilkinson for a re-hearing on several of the counts in the indictment against Jack Johnson, negro pugilist convicted of violating the Mann Slave Act. The argument was set for May 19. Johnson was convicted a year ago and while the higher court upheld a number of the counts in the indictment it reversed the others and ordered that the negro be retried on the grounds that the findings of the lower court against Johnson should be upheld on every count.

Is Doing Well.
Joe Borrell, a Philadelphia middleweight, who went to England recently in search of matches, has been keeping pretty busy. He has had several matches of the mediocre variety, but in his last one, with Bandsman Blake, he hit the latter when he turned his back to him under the impression that some one had called him to the corner, and the referee called it a knockout.

The Times yesterday referred to the field work of the Geological Survey in New Brunswick during 1914. The plans for Nova Scotia are—in geology—the examination and aerial mapping of the gold-bearing series of Nova Scotia, as developed in portions of Queens and Shelburne counties, will be continued by E. R. Fairbairn. W. A. Bell will complete the investigation and aerial mapping of the Windsor and Horton series in the vicinity of Windsor, and a paleontological study of the Windsor and Point Edward series between St. Ann Harbor and Glace Bay will be carried on by J. E. Hyde. J. W. Goldthwait will continue a physiological survey of Nova Scotia, giving particular attention to problems arising from glaciation. F. H. McLearn will complete a field study of the Silurian system at Arisaig.

is being undertaken and includes a control traverse to be run by S. C. McLean in southern Nova Scotia.

In Botany and Zoology, P. A. Taver-

ner and C. H. Young will study the life and conditions of the fauna of the maritime provinces and make collections for scientific studies and exhibition in the museum.

A study of the Mimosa of the maritime provinces will probably be made by W. H. Hedding. Harlan I. Smith, archaeologist, will carry on intensive exploration in the shell-heaps of Merigomish, N. S., where important results are anticipated, especially since the country lying around the Gulf of St. Lawrence was formerly inhabited by no fewer than four totally different peoples.

THE WORK EXTENDING

City Divided Into Districts For The Evangelistic Campaign

The interest in the union meetings at the Rink is steadily increasing and the members of the committee are greatly encouraged by the work that is already being accomplished. Large delegations from the West Side churches which took part in the previous campaign have volunteered their services and will join with the North End churches in aiding the work.

The city has been subdivided into twenty districts with a chairman for each, and cottage prayer meetings will be held daily until the close of the month.

From now on the work will be carried on, vigorously and many churches will postpone their regular weekly services so as to be able to concentrate their efforts on the campaign.

The revival services are fast getting a grip on the people, as is evidenced by the increase in attendance each evening. The song books have arrived.

After prayer by Rev. Wm. Lawson last evening, Doctor Burrows spoke on "War on the Gridiron." Doctor Burrows spoke this afternoon on "Shams."

CLEMENS COMPANY, LIMITED

WATERLOO STREET CHURCH

The seventy-second annual meeting of the Waterloo street Baptist church was held last evening, the pastor, Rev. F. H. Westworth, presiding. Reports were submitted and showed the work of the church to be progressing favorably.

Rev. Dr. Burrows addressed the meeting and Mrs. James Patterson sang a solo.

The treasurer's report showed expenditures during the year amounting to \$1,974.86, and receipts \$1,966.19, leaving a debt of \$8.67 to be added to a deficit of \$27.89 from the year before, but this was completely wiped out by the thank offering presented at the meeting which amounted to \$88.85.

James Patterson, who has been the efficient secretary of the church for twenty-two years, was unanimously re-elected and was prevailed upon to accept the position again, although he thought it better that a younger man should be appointed. The advisory board consists of the following members: James Patterson, Thomas Robinson, J. S. Smith, M. W. Galley, E. H. Duval, W. Fenwick, George Earle, H.

P. Cosman, George Nelson, George Per-

ris, W. B. Kierstead, C. R. Hamilton and J. Connell.

Rev. Mr. Westworth will leave for a trip to the old country, on June 18. He will be absent for two months and the congregation agreed by a standing vote to stand by the church during the absence of their pastor.

Supper was served by the ladies of the church, and a vote of thanks was passed to them.

Six Wilfrid Laurier is forty-six years married today, and his followers at Ottawa are planning a celebration in honor of the event. A bouquet of forty-six beautiful roses will be presented to the chieftain and his wife.

MORNING NEWS OVER THE WIRE

The steamer Karama, Captain Mogg, arriving at Sydney, C. B., yesterday reported having passed a large abandoned steamer in mid-Atlantic. She is thought to be the burned Columbian.

T. G. Ticker, Unionist, yesterday defeated by 278 votes, A. Bannister, Liberal, in the borough of Great Grimsby, Lincolnshire, England in a by-election. This has always been a Unionist stronghold, and the previous majority in 1910 was 698.

The barristers of Charlotte county at the May sitting of the county circuit at St. Andrews yesterday, presented to Mr. Justice Crockett an address, to which he responded happily.

FERNHILL WORK

Protection at Graveside in Case of Rain at Funeral

NEW PLOT FOR GRAVES

Annual Care Price Advanced—Some Criticism of Proposed Street Railway Route—Nearly 80 Bodies in Receiving Tomb in Last Winter

An important meeting of the directors of the Fernhill Cemetery Co. was held yesterday following the spring visit of the lot committee to the grounds on Saturday. They reported that the new lots in South avenue are completed and these, with those lately cleared from rock in Central avenue are now being sodded and will be ready for sale at once. Plans were reported for the season and these will include the continuation of the changes at the Marsh road entrance to further beautify the cemetery. The directors passed some important resolutions among which were that two new water hydrants be installed, one in Willow avenue which will be available to water the ground in the vicinity of the marine lot and the chapel, and the other on the pipe line with an attachment of 800 feet of pipe to water Central avenue, Hill avenue and part of the Church of England plot.

It was also decided to procure frames and awnings for use on wet days so that service may be held at a graveside with protection for minister and people. A new plot will be at once laid out on the lower part of Willow avenue near the front gate and divided into cheap lots to be sold at from \$25 each and upwards. It was also decided to advance the price of annual care of lots fifty cents each. The matter of advancing perpetual care rates and the sale price of all lots was deferred for the present. The matter of draining the company's property in Marsh road was discussed, and steps were taken towards making a drain into the Marsh creek.

The route of the street railway was before the board, and some adverse criticism was made that the line will run within a few feet of the cemetery gate which, it was declared, would not only affect the entrance but in winter the snow would be plowed through the gate and make much work in keeping a passage clear. In addition to this if the grade of the Marsh road was raised as proposed, it was felt there would be much expense caused the cemetery in conforming their grounds to correspond with the roadway.

There is a large force of men now at the usual spring work on the grounds and many improvements will soon be noticed as an evidence of the systematic work under the direction of the superintendent. Last week more than fifty bodies were removed from the receiving tomb and buried, in addition to the ordinary funerals, and all lots are now being prepared and sodded. There were nearly eighty bodies placed in the receiving tomb during the last winter.

BROOKVILLE WON
In a fast and exciting game of baseball last evening, the Brookville tilters defeated the diamond stars from Torriburn by the close score of 5 to 4. The battery for the losers was made Jos. Gallagher and John Gallagher, while Leonard McLaughlin and Herbert Whalen were between the points for the winners. The feature of the game was a two banger by Bernard Ryan in the third inning. A large crowd witnessed the game, and the fair sex were out in force.

Nine Thousand Pieces In It

Mrs. Thomas H. Lawson Completes Making Of Remarkable Quilt

A wonderful work representing a period of several winters in leisure hours has been completed by Mrs. T. H. Lawson, of Princess street, a handsome quilt made up of 9,000 pieces of silk. She recently finished this task. Several years ago on a visit to a local exhibition Mrs. Lawson saw a quilt which took her fancy and she determined to have one like it, but the result of her work shows it to be far superior to that on display at the time.

It is of log cabin design, very pretty,

and of many colors. In each block there are twenty-five pieces and each block is one-eighth of a foot square. The quilt is fifteen feet in length and thirteen feet in width, and the pieces total 9,000. The centre piece is of red silk. Mrs. Lawson, who is an expert, has the needle, has worked at the quilt now and again for the last few winters and this spring saw the triumph of her efforts in an original and handsome piece of work.

MARGARET ANGLIN'S HUSBAND FILES A PETITION IN BANKRUPTCY IN NEW YORK

New York, May 12.—Howard Hull, playwright and magazine writer and husband of Margaret Anglin, actress, filed yesterday a petition in bankruptcy. He set down his liabilities at \$2,878 consisting of two judgments against him in the supreme court, for damages, one for \$2,628 in favor of Mrs. Catherine

Cooper for injuries received in an automobile accident, and the other for \$250 in favor of John W. Cooper for the loss of services of his wife, Mr. Hull said he had no assets.

BRUSSELS STREET HOUSE VISITED BY POLICE; FOUR ARE BROUGHT TO COURT

Policemen Gibbs and Kane raided a flat at 173 Brussels street last night between 12 and 1 o'clock, and as a result two men and two women with a baby in arms were taken to central police station and were brought before Magistrate Ritchie in the police court this morning.

The prisoners pleaded not guilty. The police said that the house had a reputation of being disorderly, and that the women had a bad name. Policeman O'Neill, who had been on the beat several weeks ago, said that he had often passed the house and heard cursing and swearing from within, to say nothing of the clinking of glasses. He said he knew one of the women when on the Sheffield beat several years ago. Policeman Gibbs said that there was no drinking in the house last night as far as he knew, and the only refreshments in evidence were periwinkles which all enjoyed with the exception of one of the women who expressed a violent dislike for them.

The prisoners were remanded until tomorrow when Policeman Kane will be called to give evidence.

A CALL TO THE SWEEPS

No. 5 Team, winners of the Five Men League, on Victoria alleys, are anxiously awaiting for the Sweeps to name dates for the roll-off for the championship of the city. The night they won the City League, Mr. Masters, captain of the team, issued a challenge to our team. We accepted on the following day and have not heard from them yet. Hoping to get a reply through this paper, we remain,

Yours truly,
MEMBERS OF NO. 5 TEAM.

Thanking you, Mr. Editor, for your valuable space in this paper and for the way you have displayed our games in your paper during the season.

DEATH OF CHILD

Mr. and Mrs. Robert Brittain of 77 High street have the sympathy of many friends in the death of their infant daughter, Hazel Jean.

THE BLASTING

Contractor John Flood Gives Evidence

CASE IS GONE INTO

Suit For Injunction and to Recover Damages—Evidence Has to do With Nature and Effect of the Blasting Work

The case of the Provincial Chemical Fertilizer Company, Limited, vs. the Norton Griffiths Company, Limited, came up before Chief Justice McLeod this morning. This is a suit for an injunction to restrain the defendants from surface blasting at East St. John, and also to recover damages. At the outset F. R. Taylor, appearing for the defendants, said that his clients would admit their liability for any damage resulting from their blasting. He thought \$100 would cover the damage, but if the defendants were unable to estimate the same, his clients would be willing to repair in the usual manner, but not put up entire new buildings. Mr. Taylor who was called by Mr. J. S. Teed, K. C., for the defendants, a little outside his turn on account of his leaving the city this evening on an extended tour. Mr. Teed said he did not wish to effect the burden of proof, or make the plaintiff assume something he was not called upon to assume, by calling the witness.

Mr. Flood said that he was a general contractor, and builder, and had to do with blasting for thirty-five years. He explained that surface blasting was simply putting the explosive on top of the rock, while in other cases holes were drilled to contain the explosive. The shallower the hole the greater the danger would be from concussion and flying rock, and in surface blasting, he thought the danger would be still greater. Blasting by drilling holes was much more expensive than the surface blasting, but was always possible.

Cross examined by Mr. Taylor, the witness said that he had had no experience in surface blasting, and would not care to compare the two or say anything about surface blasting. He had seen large pieces of rock used in the breakwater. He said the reason he thought surface blasting would cause more concussion was because there would be no resistance from the rock and the atmosphere would have to take it all. He had never seen any work of this magnitude before and had never seen the explosive covered in large blasting operations, where there were no buildings in the vicinity.

Mr. Taylor—If you think the blasting at Courtenay Bay is so dangerous, how is it that the steam shovel and plant adjacent do not suffer?

Witness—It has often wondered how they save the plant.

Mr. Taylor—There would be very little steam shovel left.

Re-examined by Mr. Teed, the witness said that there were boulders as large as twenty-five tons removed in the blasting at Courtenay Bay. These would have to be broken up before they could be used.

Adjournment was here made until twelve o'clock on next Monday. A. H. Hamilton, K. C., appeared with Mr. Teed for the plaintiffs.

LOCAL NEWS

CARLETON PROPERTY SOLD
C. B. D'Arcy has sold the freehold property, fifty by one hundred feet with self-contained house in Guilford street, W. E., formerly owned by W. H. McLaren, to Walter Macaulay of this city.

DEATH OF JAMES M. CHASE
Many friends will learn with sincere regret of the death of James Chase, which occurred at his home, 58 Victoria street, yesterday in the sixty-eighth year of his age. He leaves, besides his wife, Elizabeth, six sons, three daughters and eight grand children. One sister and one brother also survive. The sons are George A., Walter W., Harry C., Herman F., Arthur G., and Fred L. The daughters are Mrs. W. H. Jones, Mrs. Ada Murray and Mrs. Ralph W. Estabrooks. The funeral will be held on Friday afternoon at 2:30 o'clock from his late residence.

HAD NICE TIME
An enjoyable time was had last evening in the Chateaux Dancing Academy when Miss Mabel Brooks, of the Thompson-Woods Stock Co. was hostess at a farewell assembly, at which about fifty people were present. Music was furnished by a five-piece orchestra, and a delightful programme of dances was carried out. The rooms were tastefully decorated for the event. About midnight refreshments were served and a little later the gathering dispersed. Miss Brooks will leave for her home in Boston after the close of the stock season. She has made many friends during her stay in St. John.

FOREST FIRES IN WEST
Early Outbreak But Fighting Forces Well Organized

Washington, D. C., May 12.—Reports of forest fires in the western states from the Canadian border to Mexico, began to filter into the forest service today, and indicate an unusually early start of the forest fire season. There already have been extensive fires in California and Arizona with weather conditions unfavorable from the beginning. In the northwest there was less snow on the mountains of the end of the winter than for years, and railroad rights of way which were last year deep in snow are now clear and dry enough to burn.

Forestry service reports, however, say that the fire fighting forces of the service are better organized than ever, particularly the fire detection system of lookout stations.

The Duke of Connaught and Princess Patricia were in Hamilton, Ont., yesterday afternoon.
