MORE THAN 300 DIE IN EXPLOSIONS WHICH SINK FRENCH WARSHIP

FIRE IN THE LIBERTE REACHES MAGAZINES

Many Seaman Die in Their Berths; Grim Call to Duty Holds Back Others About to Leap to Safety

Climax of Series of Disasters in French Navy Occurs in Toulon Harbor Where Finest Vessel of the Fleet Becomes Death Trap for Hundreds of Her Men—Fearful Explosions Wreck the Vessel and Send Her Down

(Canadian Press) Toulon, Sept. 25.—Fire broke out early today in the ammunition hold of the battleship Liberte, one of the finest vessels in the French navy, explosions which followed wrecked the great ship, and killed more than half of her crew of 793 officers and men. The fire was discovered at five o'clock, at first it did not appear to be serious, but somehow or other, it gained a quick advance over the squad of sailors sent to extinguish it, and suddenly, without warning, it reached the magazine, which had not been flooded on account of the apparently trifling nature of the blaze. The force of the explosion was terrific. They shook the vessel fore and aft, each one seemingly stronger than that preceding, opening up great fissures in the armor and the framework of the vessel. The Liberte immediately became a mass of fire and smoke, and soon almost demolished by the terrific detonation, sank to the bottom of Toulon harbor. As an early hour official estimates of the number of dead ran as high as 300. Estimates by naval men varied widely, but there was no doubt that the loss of life was more than 300. Scores of the seamen died in their berths, a few down save themselves by jumping overboard. Many of those injured leaped into the water but were drowned before the heads from the other ships in the roadstead could reach them. The hundred firemen escaped death, owing to the fact that they were aboard on leave. Commander Jaures, a brother of the socialist dignitary, was not on board. The damage by the explosion was worse than could ever have occurred in an actual engagement. The first crash came when the crew, for the most part, was dispersed in various sections of the vessel. Without warning, their danger, the bodies were hurled high into the air, accompanied by great fragments of frame-work, arms, burning shells and the blinding, suffocating smoke of the powder. Men below, who had not yet been awak-

Joseph McNamara, on Visit to St. John, Recalls Sporting Events

CAME HERE AS RUNNER

Later Brought St. Stephen Baseball Team from States and Then Was With Shamrocks—Has Been Successful in Upholding Good Clean Sport

An interesting and welcome visitor to the city is Joseph McNamara, of Boston, who for more than twenty years has come this way annually on a vacation trip to renew acquaintances in St. John, where he is popular with a wide circle of friends. He has come to be as well and favorably known here as if he were a citizen himself. He has been the guest of his cousin, John T. Power, since his arrival, and at the present is journeying with him on the North Shore. A hearty welcome is always given Mr. McNamara in St. John. His name for years past has been linked with all that is clean and manly in sports and athletics. There are still many in St. John who sat among the fans in the "good old days" and "crooked" when he made one of his brilliant plays while wearing the uniform of the old Shamrocks, in which team he played short-stop and first base, and made a fine record. Twenty years ago Mr. McNamara came to St. John to engage in a running match with Faren, a well known local sprinter at that time, for \$100 a side. The race did not come off, but was forfeited to the Boston visitor. This was in the palmy days of sporting and athletics in this city. (Continued on page 5, fifth column.)

CROOKED WORK BY TORIES ON ELECTION DAY

Col. McLean Makes Statement in Reply to The Standard

HERE ARE INSTANCES Identification Marks on Ballots Cast for Smith so That Voters' Action Could be Checked—Liberal Candidate Stood For a Square Fight

In view of the charges made in the Standard this morning regarding the election in Queens-Suburb, Col. H. H. McLean, M. P. elect was asked for a statement. He gave out the following— "Throughout the constituency the Conservatives adopted a scheme of checking how the election voted or in other words of making sure that the goods were delivered by getting the voter to make certain marks before or after the cross and also of putting dots over certain letters in Smith's name. I hope there will be a recount so that it will be seen that a number of ballots for Smith are so marked. An energetic protest was entered at St. Field against fifteen ballots that were marked for Smith in the manner described. "We have abundant evidence that twenty and twenty-five dollars a vote was paid at different polling districts by Smith's agents for votes. Perhaps the most notorious cases of bribery were at Hampstead where the Smith forces were led by Bayard Sloop, brother of A. R. Sloop, M. P. Large sums were offered to the colored voters to secure their support; but they were very loyal to me and no amount of money could buy them. "I was surprised to learn that J. K. Flemming in a speech he made in Hampstead parish on the Tuesday before the election stated that the government was going to build the Valley Railway to Walford. This in view of the fact that in his letter to Dr. Pugsley of May 25, he stated as follows— "You will observe that the draft contract provides for the construction of the road to the city of St. John, crossing the St. John River at the Mistake and entering the city from the east side. The reporters say the original letter from Mr. Flemming to Dr. Pugsley verifying the contract as given is as follows— "I cannot understand," said Colonel McLean, "what a man in Mr. Flemming's high position would deliberately make such a misstatement. If there was a ballot used in Lincoln, as charged, I regret it very much, as my instructions to all my workers were that the election must be conducted on honorable lines and all I wanted was a square fight. "The Standard states my brother went to Waas on Friday night. This is not so. My brother was in St. John but did not go to Waas, on Friday. He was in St. John Friday, Saturday and Sunday. "I have evidence that the bribery at Lincoln by Mr. Smith's friends was open and notorious. I am getting the evidence into shape and will then make the facts public, which will show that leading Conservatives gave \$20 a vote for Smith. In view of the desperate measures used by Conservatives and the illegal means adopted to identify the voters given by the electors and the system of marking ballots, I am not surprised at the small majority which I obtained. Had there been a fair election I am satisfied I would have had 300 of a majority at least. "I am receiving evidence now of gross corruption worked by Conservatives at Chipman. It is a well known fact that I should have received over 100 majority at this place, when the figures only showed sixty odd. "W. H. Monahan, of Blenville, who was in the city yesterday, when interviewed referred to the fact that at the last election, when Luther B. Smith, the Conservative candidate, was working at the polls at Blenville in the interest of Mr. Wilnot a ballot was used against Colonel McLean and at the closing of the polls it was found in the pocket of a prominent Conservative Mr. Monahan gave the name of the person but his name is withheld for the present. Mr. Monahan said that desperate means were used by Blenville by Conservative workers on Thursday working under the direction of Luther B. Smith jars of whisky were stored in the cellar owned by a prominent Conservative near the polls. Bottles were filled from these jars and were then taken to the woods opposite W. F. Hoyt's. Several Liberal voters were induced to visit this rendezvous and they say they were doped." Col. McLean will leave this afternoon to attend the declaration day proceedings at Gasqueton tomorrow.

I am getting the evidence into shape and will then make the facts public, which will show that leading Conservatives gave \$20 a vote for Smith. It is a well known fact that I should have received over 100 majority at this place, when the figures only showed sixty odd. "W. H. Monahan, of Blenville, who was in the city yesterday, when interviewed referred to the fact that at the last election, when Luther B. Smith, the Conservative candidate, was working at the polls at Blenville in the interest of Mr. Wilnot a ballot was used against Colonel McLean and at the closing of the polls it was found in the pocket of a prominent Conservative Mr. Monahan gave the name of the person but his name is withheld for the present. Mr. Monahan said that desperate means were used by Blenville by Conservative workers on Thursday working under the direction of Luther B. Smith jars of whisky were stored in the cellar owned by a prominent Conservative near the polls. Bottles were filled from these jars and were then taken to the woods opposite W. F. Hoyt's. Identification Marks on Ballots Cast for Smith so That Voters' Action Could be Checked—Liberal Candidate Stood For a Square Fight

In view of the charges made in the Standard this morning regarding the election in Queens-Suburb, Col. H. H. McLean, M. P. elect was asked for a statement. He gave out the following— "Throughout the constituency the Conservatives adopted a scheme of checking how the election voted or in other words of making sure that the goods were delivered by getting the voter to make certain marks before or after the cross and also of putting dots over certain letters in Smith's name. I hope there will be a recount so that it will be seen that a number of ballots for Smith are so marked. An energetic protest was entered at St. Field against fifteen ballots that were marked for Smith in the manner described. "We have abundant evidence that twenty and twenty-five dollars a vote was paid at different polling districts by Smith's agents for votes. Perhaps the most notorious cases of bribery were at Hampstead where the Smith forces were led by Bayard Sloop, brother of A. R. Sloop, M. P. Large sums were offered to the colored voters to secure their support; but they were very loyal to me and no amount of money could buy them. "I was surprised to learn that J. K. Flemming in a speech he made in Hampstead parish on the Tuesday before the election stated that the government was going to build the Valley Railway to Walford. This in view of the fact that in his letter to Dr. Pugsley of May 25, he stated as follows— "You will observe that the draft contract provides for the construction of the road to the city of St. John, crossing the St. John River at the Mistake and entering the city from the east side. The reporters say the original letter from Mr. Flemming to Dr. Pugsley verifying the contract as given is as follows— "I cannot understand," said Colonel McLean, "what a man in Mr. Flemming's high position would deliberately make such a misstatement. If there was a ballot used in Lincoln, as charged, I regret it very much, as my instructions to all my workers were that the election must be conducted on honorable lines and all I wanted was a square fight. "The Standard states my brother went to Waas on Friday night. This is not so. My brother was in St. John but did not go to Waas, on Friday. He was in St. John Friday, Saturday and Sunday. The Evening Chit-Chat

By RUTH CAMERON

LIVES there a person in the land over twenty-one years of age who has not, at some period of his life, sent some product of his fertile brain to the magazines and newspapers?

Truly, judging by the number of people who write to ask me about the rules of this game, I doubt it.

The largest literary demand of the present day, I am told, is for clever short stories of from 1,000 to 5,000 words, especially love stories.

Some people send their work to story brokers, who, understanding the demands of the various magazines, try to dispose of the work for them, and also criticize it.

Remuneration is a subject on which volumes could be written. Rudyard Kipling, they say, gets a dollar a word.

There, I hope these few suggestions will smooth the path to fame and fortune of many rising authors and authoresses.

WHAT HE THOUGHT "What do you call a person that reads?" "A phenologist, my boy."

INTERESTED HER "Polite shopman (showing goods)—Here is something I would like to call your attention to, madam; it is the very latest thing out."

There, I hope these few suggestions will smooth the path to fame and fortune of many rising authors and authoresses.

HOW many "calories" did you absorb this morning? Depends on what you had for breakfast.

Calories are the energy producing units in food—and the more of them it contains, the more energy it gives you.

Look at these youngsters and the figures beneath them. They show how many "calories" you get for a quarter in different foods.

Note the relative positions of eggs, sirloin and oats. There you have it! A quarter's worth of rolled oats has 31 times the energy producing power of a quarter's worth of eggs—12 times that of a quarter's worth of sirloin.

1c worth of rolled oats produces more energy than 31c worth of eggs or 12c worth of sirloin.

La MARQUISE de FONTENOY The Clergyman Who Loved the Princess Louise—A Widow in England Who Has Pretensions to Royal Rank in Greece

Canon Duckworth's death, at the advanced age of seventy-seven, serves to recall a royal romance of many years ago, when as a young clergyman, he was tutor of Queen Victoria's youngest son, Prince Leopold, Duke of Albany.

As Mrs. Edmund Wickham, widow of the English army colonel of that name, again engaging the attention of the public in connection with her pretensions to imperial rank, his alleged lineal descendant of the throne of the Byzantine Empire.

It is hardly necessary to point out that even if Mrs. Wickham was ever so much an authentic descendant from the male line of a younger brother of the last Emperor of Constantinople, the very fact that her descent is through the female line, ipso facto, nullifies her claim.

THE LIBERAL OUTLOOK

As the smoke of battle rolls away, and the relative strength of parties becomes more accurately known, as well as the causes which operated in some of the provinces to bring about the defeat of the government, the Liberals find the conditions much more favorable than appeared on Friday last.

The most cheering news of the day is that Sir Wilfrid Laurier will continue to lead his party in the house. Personally he would prefer the ease of retirement, but his party desire his leadership and he will not fall from it.

Despite his large majority, Mr. Borden has an extremely difficult task. There is a disunited west, whose representation will be increased by the redistribution; and there is a turbulent Tory-Nationalist group in Quebec, which will agree to no half-measures where it is concerned. Mr. Borden cannot escape the effects of the insidious appeals made in different provinces against Sir Wilfrid Laurier, and the score will not be as easily paid as may have been assumed in the days of cheerful irresponsibility. He must also appease his high tariff friends.

The Liberals have good cause to feel that Liberalism and its policy have received but a temporary check. The high flown talk about Canada having decided to remain within the Empire is mere folly since no imperial interest was endangered. When the varied passions which were so artfully fanned into flame to produce the result of last Thursday's polling have subsided the people will turn again to the Liberal leaders and the Liberal policy.

THE CIVIC WOMAN

The women of the eastern provinces of Canada are not without civic spirit, but its manifestation has chiefly to do with matters of social reform. In St. John, for example, such matters as supervised playgrounds, and the need of a police station, patrol wagon and ambulance, have been taken up and dealt with by women's organizations; while in many cases where the lead is taken by the sterner sex the aid of the women has proved invaluable.

We have learned to look to the new west for progressive ideas in matters of city government, town-planning, taxation and publicity; and a western town has now provided a new illustration of civic spirit on the part of the women. The "Women's Civic Club" of the Lethbridge Board of Trade is one of the strong organizations of that Alberta town, and its motto is:—"Make Lethbridge a spotless city."

This club has nearly or quite two hundred members. Its first work was a "Buy at Home" campaign, to persuade the women of Lethbridge to patronize the merchants of their own city, the merchants pledging themselves to get promptly and at the lowest possible price any article required that they did not at the moment have in stock. Once each month the club observes a "Strangers' Day," when women who are newcomers to Lethbridge may drink tea and become acquainted with their new neighbors. The Board of Trade thought so well of this Women's Civic Club that a portion of the \$25,000 to be expended this year to advertise Lethbridge was placed at its disposal. It has active committees on publicity, moral reform, beautifying the city, amusements, and other matters of civic importance.

In considering the intelligent and useful activity of these women of Lethbridge, and of the members of women's organizations in other Canadian cities, one is almost persuaded that they are at least as well qualified to exercise the general franchise as men who stand around the polling booths waiting to be bought. When these women themselves determine to secure the franchise, and go about it as earnestly as they approach these other tasks which affect the public welfare, they will achieve the same success.

Meanwhile the cities of Canada are fortunate in having public spirited women, who ask something more of life than to be entertained and amused. The hope of the cities is in the growth of a healthy civic spirit, which the women can do much to promote.

FARMS AND FARMERS

The Canadian Courier getting the ready-made farm as a method of settling new settlers of a desirable class for the province of New Brunswick. The Courier points out that the Canadian Pacific Railway has made a success of this venture, and that the system is

being inaugurated by the Duke of Sutherland at a point fifty miles north of Edmonton, where he proposes to locate Scotch immigrants. He divides his land into suitable sections, erects buildings and does some preliminary work, and then sells on easy terms to the new settlers. Since it takes longer to get a new farm under cultivation in the eastern provinces than in the west, the Courier expresses the view that if northern Ontario, northern Quebec and central New Brunswick are to be settled rapidly, some such system must be adopted; and it sees no reason why it would not be a good investment for these provinces. It is a passage more important at the outset to get settlers for the abandoned farms of this province, and to check the increase in the number of such properties. There is still a movement away from the farms, which would have been checked by the opening of a wider free market for produce; and since that plan has been rejected it becomes the duty of the provincial government to take practical steps in some other way to change conditions which make farming in New Brunswick so unattractive an occupation. Ready-made farms are good for new settlers, but the more pressing problem is to hold the settlers we have at present.

Those ardent Nationalists will keep Mr. Borden from sleeping too soundly at night.

The ten days within which the contract for the Valley Railway was to be signed will soon elapse.

Lord Strathcona is en route to Canada. Will his successor be Sir Hugh Graham, Hon. Clifford Sifton or Sir William Van Horne?

Dragon's teeth were sown by both Protestant and Catholic opponents of Sir Wilfrid Laurier in the campaign which has just closed. The harvest will not be good for Canada.

Failure to secure reciprocity will result in a reduced cut of logs, and in less work and wages for men employed in the lumber industry in New Brunswick.

Hon. Dr. Pugsley's majority may be small, but it will suffice, unless a recount is demanded and shows a different result. He has no intention of giving up the seat unless an official recount shows that Mr. Powell has a majority, which is altogether improbable.

What desperate characters those Queens Sunbury Liberals must be, and how lamb-like and meekly pious the followers of Mr. Borden. However, Col. McLean is quite willing to join Mr. Hazen in an exit into Conservative doings in the constituency, and assures Mr. Hazen that the results will be of much general interest.

The Conservatives, now that they are in power, should be more prudent in their denunciation of reciprocity. They have buoyed themselves up with the hope that the Democrats would lower the American tariff to the advantage of Canada, but that will not occur; and nothing is more certain than that Canada will again be looking for freer access to the markets of the United States.

An enthusiastic St. Andrews correspondent of the Standard tells of the great reception given to Sir William Van Horne on his return to St. Andrews. Sir William is described as the "Grand Old Lion of Canada." Mr. Hartt paid a glowing tribute to Sir William and Sir William proposed the health of Mr. Hartt. Sir William expressed his joy that the people of Canada had risen above "five cent issues." There is a well defined rumor that Sir William is right about the five cents. Five dollars is said to have been regarded as a mere trifle by Conservatives on election day.

The bill to empower municipalities in Ontario, to reduce the assessment on buildings, improvements and business, and increase it on land, is to be introduced again in the legislature of that province. The Tax Reform Association will support it with petitions and endeavor to secure its passage, in spite of the opposition of Sir James Whitney. The movement in the west to take the tax off improvements and place it upon the land is having its effect in the eastern provinces. What is the present situation, with regard to taxation in St. John? What action is to be taken on the report of the civic committee which gave so much study to the question?

MOVE BY RUSSIA RAISES A STORM IN FINLAND St. Petersburg, Sept. 25.—The annexation of the two Finnish districts of Vyborg to the Russian province of St. Petersburg has produced a storm of abuse of Russia in the Finnish press and meetings are being held to protest against this unwarranted interference of Russia in the self-governing state of the Finnish Grand Duchy.

The remarks of many of the Finnish journals are openly provocative and edifying, and the "Novoye Vremya" calls for the introduction, into Finland, of the Russian extraordinary measures for maintaining public order and security, as used here to combat the revolutionary tendencies of the Russian socialists.

HON. MR. PUGSLEY IS DECLARED ELECTED BY TWO

Error of 63 Votes Against Him in Official Declaration But Re-count Would Show Them to His Credit

An error of the deputy returning officer for the A. T. division of Brooks ward was responsible for the majority of High William Pugsley in Thursday's election being cut to two, when he was officially declared elected on Saturday. The deputy's slip showed Mr. Powell to have received 170 votes in his division and that this is an impossibility is shown by a comparison of the city and county vote. On the same list, however, Dr. Daniel received only 109 votes. Conservatives are talking of a recount. The only change of any consequence possible in the tally of the 63 votes to Dr. Pugsley's majority. The official returns are:

IN THE CITY CHURCHES

A very impressive service was held in the Waterloo Baptist church on Sunday evening in memory of the late Deacon William Peters. eloquent tributes were paid to Mr. Peters, the choir of the church rendered a special program of music. The pastor, Rev. F. H. Wentworth, preached the sermon from the text, "Christ, the Hope of Glory," I. Cor. 15: 20. He made eloquent reference to Mr. Peters, whose whole life portrayed the hope of glory. Through his long service of sixty years he had been a constant worshipper and took a deep personal interest in the work of the church. His charity was boundless and a needy brother always found him a generous friend. Rev. Dr. McLeod also referred to Mr. Peters.

Four of the city Presbyterian churches observed Children's Day yesterday with a special programme prepared by the General Assembly Sunday School Association. In St. David's church Rev. L. H. McLean of Pictou, who is supplying delivered an address. Rev. David Long spoke in St. Andrews, Rev. L. A. McLean in Calvin, and Rev. J. MacCallum and Charles F. Stevens in St. Matthew's.

No. 5 battery Royal Canadian Artillery and No. 3 patrol Boys Scouts preached a divine service in St. Julia's church yesterday morning. Rev. G. F. Scovill presided over an excellent service. Captain McGowan was in charge of the artillery and Scout Master J. F. Smith of the scouts. The preacher took for his text, "And I will be Lifted Up, Will Draw All Men Unto Me." He spoke of the lovelessness of selfishness, and said that no one could care for a man who constantly thought of himself. He referred to the qualities of the Saviour that make Him attractive to man.

REPORTS BIG FIND OF RADIUM ORE IN AUSTRALIA

Sydney, N. S. W., Sept. 23.—Some months ago the Antarctic explorer Dr. Douglas Mawson, who is an eminent geologist, discovered a local mining district in the state of South Australia. Dr. Mawson has since his return from England announced the spot and issues a long report.

He declares that there is a vast lode of radium ore at least three miles long and from a few feet to several hundred yards wide. The deposit is of high grade and a quarter of a ton is ready for shipment. Dr. Mawson calculates the net profit per ton of ore at \$1135. He says there are huge deposits of cerium (aluminum-bearing ore) in the vicinity.

THE DEGRADATION OF THE AUTO

Two Hundred Cars Held Up By Floods Got By Only With Aid of Horses

Paris, Sept. 23.—The Geneva newspapers, quoting from the local sheets of the Canton of Geneva, report an amazing incident consequent on the recent floods in the Tyrol. Nearly 200 motor cars have been held up on their way back to Germany by broken down bridges and culverts and damaged roads and their owners applied to the authorities of Geneva for leave to cross its territory, in which all motor traffic is forbidden.

The council after deliberation consented to allow the detested vehicles within their borders, but only on condition that they should be drawn by horses and that the inhabitants would not be annoyed by smoke, smells and tooting of horns. Compelled to submit to these humiliating terms the motorists are now being dragged in inglorious procession through the inhospitable canton of Geneva.

FOR SKIN IRRITATION

I Guarantee Relief. Your Money Back If Not Satisfied.

I guarantee relief. Your money back if not satisfied.

I have an ointment possessing extraordinary power to permanently relieve all forms of eczema, skin eruptions, pimples, blotches, ringworm, scurf, itching, scaly scalp, hives, all forms of itching and irritation caused by insect bites. Its power to soothe ulcers, sores and wounds is very pronounced.

I am so positive that Rexall Eczema Ointment is unequalled for overcoming these ailments that I sell it with my personal promise that it will not cost the user anything unless it in every way gives satisfaction. I exact no promise and in no way obligate the purchaser. You must admit that I could not afford to make such a broad liberal guarantee, except I am certain I could substantiate my claim.

Rexall Eczema Ointment is a grayish-white, pleasant smelling, antiseptic, cooling healing ointment that is germicidal. It destroys germs, penetrates the skin and cause eczema, and other tormenting skin ailments. It is a must to do that to be effective, for no other way can such diseases be overcome.

Rexall Eczema Ointment is ideal for the treatment of skin irritations peculiar to children, for barbers' itch and for sore itching feet.

It is positively the best remedy I know of, and I urge you to try it at my risk. Two sizes, 25c. and \$1.00.—The Rexall Store, Chas. R. Watson, 100 King Street.

DROWNED IN KENNEBECASIS

A sad drowning accident took place yesterday about 4 o'clock p.m. at Drury Cove, when Howard Camp fell into the Kennebecasis from aboard the yacht "Helena," owned by Neil A. Seely. The yacht with Mr. Camp, H. Foxrooke, Jas. Brayden and Mr. Seely aboard, left Millidgeville yesterday morning about 10 o'clock for the Kennebecasis. A few minutes previous to the drowning Mr. Seely had a narrow escape when fastening the tender, as he fell overboard and was rescued in an exhausted condition.

It is thought that a sudden lurching of the craft caused Mr. Camp to lose his balance. Mr. Brayden was at the wheel at the time, and Mr. Camp was at work behind him. On hearing a splash the helmsman looked about and saw his friend struggling in the water. He swam for a few minutes quite strongly, but suddenly went under in about 100 feet of water before any assistance could be rendered. The body was not found last night, but grappling was in progress this morning.

Howard Camp was about 35 years of age and was employed as cookmaker at Fleming's foundry. He was the only surviving son of his widowed mother, Mrs. Solomon Camp, 87 Paradise row. He had been a member of the R. N. Y. C. from the earliest years of that organization, and was one of the most popular members. The news of his tragic death was a great shock to his many friends and sincere sympathy will be felt for his aged mother.

SUNDAY Y. M. C. A. MEETINGS

A meeting held at 4 o'clock yesterday afternoon in the Y. M. C. A. building in connection with the men and religion movement was attended by a large number of both laymen and clergymen. A. W. Robb led the meeting and at the opening spoke of the origin of the movement, briefly outlining the objects the supporters of it had in view.

He was followed by Rev. Dr. C. R. Flanders, who addressed the gathering at some length telling of his impressions regarding the movement from the information he gathered at the Buffalo convention last October. Men of great wealth and influence and people of all denominations, he said, were behind it, and ready to assist in financing the campaign.

The first of the boys' meetings was held yesterday morning and was addressed by the new boys' secretary, A. B. Puxley.

OBITUARY

Henry A. Lutes

Henry A. Lutes, a well known resident of the parish of Moncton, died at his home, Lutes Mountain, Saturday night. Deceased was sixty-five years old and is survived by his widow, one son, Noble H., at home, and one daughter, Mrs. Henry Stevens, of Steeves Mountain. Boss A. Lutes, of Moncton; Gilbert J., of Berry Mills; Charles W., Christopher C., of Lutes Mountain, are brothers; three sisters, Mrs. D. T. Berry, of Berry's Mills; Mrs. E. Horstman and Mrs. M. Somers, also survive.

Mrs. William Lawson

The many friends of Mrs. Lawson, wife of Rev. William Lawson, pastor of Zion Methodist church, will learn with sincere regret of her death, which took place in the General Public Hospital about 11 o'clock this morning. The end came with startling suddenness, although to her physicians and intimate friends it was plain yesterday afternoon and evening that the patient was in a critical condition.

She was taken to the hospital a week ago for a slight operation, and appeared to be doing well until Saturday night, when she suffered a relapse. Besides her husband she is survived by two daughters, Miss L. E. Lawson, a missionary in China, and Miss Mary Lawson, who has been engaged in missionary work in the west, but who is now at home.

Mrs. Lawson was very active in church work and during her husband's service in different parts of the province she made many converts. She was one of the women who will be shocked at the news of her death. Great sympathy will be tendered Mr. Lawson and his daughters in their bereavement.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning

Turn the rascals on the headache, the biliousness, the indigestion, the sick, sour stomach and flatulence, the constipation, the bloating and the nervousness. Millions of men and women take a Cascaret now and they don't know the misery caused by a five or six day bowel or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the four, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

MORNING LOCALS

Early last evening chemical engine No. 7 was called out to extinguish a slight fire in Thomas L. Bourke's house in St. Andrews street. The damage was very slight.

John Sullivan of the chain gang, working at East St. John on Saturday made his escape.

William Hayes was arrested on Saturday by Patrolman Lucas on a charge of stealing a valuable dog from Mr. Purvis, a horseman of St. Stephen. He was taken into custody at the I. U. R. Station. The dog has not been found.

MRS. GEORGE CLARKE
This morning at 6 o'clock in St. John's church a very interesting wedding ceremony took place, when William D. McSorley and Miss Lisa Gladstone of Massachusetts, were united in marriage by the Rev. G. F. Scoville, rector of the church. The bride was given away by her brother-in-law, W. C. Wilson. The young couple were unattended. Immediate relatives and a number of friends were present. The happy young couple, immediately after the ceremony, were driven to the Fairview station, where they took the train for Boston. They will visit New York before returning. They will reside in Elliott Row. The groom is the son of Mr. and Mrs. George McSorley, of St. John west.

FORMER ST. JOHN GIRL WEDS IN SCHENECTADY

Miss Josephine R. Burns is Bride of Matthew J. Coffey—Remembrances From Friends Here

A wedding which took place in St. John the Evangelist church in Schenectady, N. Y., on Tuesday the 19th at 4 o'clock in the afternoon, will be of much interest to people of St. John. Rt. Rev. Mgr. J. F. Reilly united in marriage Matthew J. Coffey of that place, formerly of Shelburn Falls, Mass., and Miss Josephine R. Burns daughter of Mr. and Mrs. Martin Burns formerly of this city. The bride looked charming in a dress of white crepe de chine over meshine, with trimming of seed pearls and wearing a large white picture hat with willow plume, and carried a bouquet of white bridal roses. She was attended by her sister, Miss Gertrude A. Burns, who wore pale blue silk, with white hat, and carried pale pink asters. John J. Newell, of New York performed the duties of groomsman. The groom's present to the bride was a cheque and to the bridesmaid a pin set with pearls. The bride's present to the groom was a gold stick pin with monogram. A dainty wedding reception was held at the home of the bride's parents in Summit avenue and the dining room was prettily decorated in green and white, with clusters of asters, sweet peas and ferns. Later the happy couple left amid showers of rice and confetti and followed by the good wishes of their friends, to spend their honeymoon at Niagara Falls, Buffalo, Rochester, Clyde, Auburn and Syracuse. The bride's traveling dress was of navy blue. Many beautiful gifts from St. John and elsewhere testify to the esteem in which the young couple are held. Upon their return they will reside in Schenectady.

TAXATION IN ST. JOHN

Little Progress Yet on Revision But Action Expected After This Week

The civic taxation committee has made little progress in its consideration of the report of the special committee on the mayor's inaugural address recommending sweeping changes in the system. Ald. J. B. Jones said this morning that the committee would have more time after the present week during which the regular board meetings will be held. Ald. Potts has been out of the city and as the stoutest advocate of the land tax his presence when the committee is in session is desirable.

HAS SOME QUESTIONS TO PUT TO SAFETY BOARD THIS AFTERNOON

Ambulance and Patrol Wagon Service Tenders to Be Subject of Query by Ald. J. B. Jones

Five tenders for housing and driving the ambulance and patrol wagon will be opened at the meeting of the safety board this afternoon but it is likely that their acceptance will meet with some objection from members of the board. Ald. J. B. Jones said this morning that he considered the service from a livery stable would be very unsatisfactory and there would always be complaints. He also took the ground that the driver of the patrol wagon should be under the orders of a sergeant livery stable keeper refused to submit tenders because they considered the conditions under which they would have to handle the two vehicles should have been outlined in the advertisement. Specifications were ordered to be prepared by the safety board and Ald. Jones will ask this afternoon why it was not done.

SENT UP FOR TRIAL

Brussels Street Case of Alleged Incendiarism—Fines in Assault Cases—A Little Gin Because He Was Sick

The preliminary examination of Thomas Campbell, arrested on suspicion of having set fire to a house in Brussels street last week, was concluded in the police court this morning, and the prisoner was sent up for trial. Policeman Crawford told of making the arrest and William Golding told of seeing the prisoner around the house a few minutes before the fire was seen. The prisoner denied the charge. He said that his name was not Campbell but Henry and that he belonged to Peterville. His case will likely come up in the county court tomorrow.

The case against Samuel K. Cohen, Eric Wilbur and Maurice Hymowitz, charged with violating the Sabbath Sunday law, was adjourned until Wednesday morning on account of the absence of Wilbur from the city.

Seven prisoners on drunkenness charge were arraigned before Judge Ritchie: Jacob Nottell, John Moore, John McElroy and Samuel Baker were each fined \$8 or 2 months in jail; Jacob Riker \$8 or two months in jail, and Frank Hopper was remanded. Timothy O'Brien was fined \$20 or two months in jail on the charge of assaulting Reginald Hoy in a yard off St. Patrick street. Thomas McCann was fined a like amount for assaulting James Haney in Sheriff street. William Ramsey, who was arrested with McCann on the same charge, was allowed to go, as there was no evidence against him. Several witnesses told of seeing McCann strike Haney. George Albert, arrested for drunkenness in Carleton street election day, was fined \$8 or 2 months in jail. Albert said that he got the liquor from William Diamond. The latter was in court and said that he gave Albert only a little gin, because he said he was sick.

GUARDING THE BALLOTS

Men on Duty Day and Night Watching Over the Boxes.

Precaution is being taken by the returning officer, A. G. Skinner, in order to prevent any possible tampering with the boxes containing the ballots cast in the recent election in the city and county of St. John. The boxes have all been stored in the jury room in the court house and the room has been locked up. Furthermore there is a guard always doing duty there and it is impossible for anyone to gain access to the boxes. One guard is on by day and another by night. After the votes were counted on Saturday the boxes were all placed in the room and will remain there until the counting is finished tomorrow. After that they will be shipped to Ottawa unless there is a re-count. Armstrong Clifford and William Swanton are the guards, and they went duty Saturday night.
