1886

PREFACE.

The publishers in presenting the second edition of their Business and Farmers Directory of the counties of Frontenac, Hastings, Lennox, Addington & Prince Edward have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town, or village, with post-office lot and concession, a complete list of towns, with the business people alphabetically arranged, also a separate list of business people classified with reference to their business. Our Postal Guide will be found invaluable to shippers and business men generally. The whole combined making one of the most complete directories ever published.

A work of this kind involves a great amount of expense and labor, and the publishers have spared neither, but have made every effort to make a reliable work worthy of the confidence of business people.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support, we remain,

Respectfully yours

UNION PUBLISHING CO.,

INGERSOLL,

Publishers.

Entered according to Act of Parliament in the year
1884, by J. F. Morrey, in the office of the
Minister of Agriculture.

White Bronze Monument

The White Bronze Monument Company, of St. Thomas, Ont., are now rendering the benefit of success resulting from their excellence and beauty of their products. Ever since the inception of this new industry their monuments and monumental gasis have been greatly admired, but some were sceptical as to their permanence in our severe and changeable climate, and now that it has been clearly proven that the material is unaffected by frost or sun or storm, and even improves by age, orders are flowing in from the remotest parts of the Dominion. The managers claim that their monuments are especially appropriate in form and design for memorials of our brave volunteers who have fallen in action. Their order book contains orders, received during the past few days, from British Columbia, Nova Scotia, and all the central Provinces. One of these orders is especially suggestive, coming as it does from a distinguished scientist in one of Ontario's seats of learning, who selected the White Bronze for a costly memorial, without solicitation, and simply from his knowledge of the nature of the composition.

It may be added that the joints are so perfectly fused with an indestructible material as to render them as firm and adhesive as if all was cast in one solid form.—Globe, June 24, 1885.

Montreal, Que., Nov. 15, '83
I hereby certify that I have analysed and tested the material called "White Bronze."

manufactured for monumental purposes by the St. Thomas White Bronze Monument Co., and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation which its surface is once coated. It is thus more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability. (Signed) J. BAKER EDWARDS, P. St., D., D. C. L.

These Monuments are practically indestructible, and for beauty of design cannot be surpassed. Design and price will be furnished by the County Agents, or by applying to the Company at St. Thomas. The St. Thomas White Bronze Monument Co. Sole right of manufacture for the Dominion. ST. THOMAS, ONT.

ONTARIO LADIES' COLLEGE WHIRRY.

ONTARIO LADIES' COLLEGE

WILLETBY, ONT.

CONSIDERATIONS FOR PARENTS.

Parents thinking of sending their daughters from home to be educated, are asked to consider the following special advantages, which have contributed to the present success and popularity of the Ontario Ladies' College:

1st. The best facilities for obtaining a thorough academic and collegiate education. The work required for University Matriculation is made the basis of the collegiate course, so that pupils may prepare for this examination, or for any of the examinations for ~~university~~ certificates whilst attending our regular classes and going on to graduation. Last year some of our pupils have passed entire Matriculation Examinations at Toronto University, taking honors in French, German, History and Geography.

Our museum and apparatus for the teaching of the higher branches of Natural Science are, we believe, far in advance of those usually found in Ladies' Colleges.

2nd. A graduation course in instrumental and vocal music such as is given in the leading American and European Conservatories. Those wishing to fit themselves to become teachers or organists will find it greatly to their interest to attend for a year or more.

3rd. A graduation course in the principles of Fine Art such as is given in the Ontario School of Art with the same examinations and certificates. In proof of this it may be stated that one of our pupils, in competition with all the art schools of the Province, has recently taken the bronze medal awarded for highest standing in grade B course. Not one of our candidates failed. Our studio is well supplied with studies, models, casts, &c., for advanced students.

4th. The most careful and judicious training in home and social life by the Lady Principal, Miss Adams (late of Brookhurst, Cobourg).

5th. An admirable course of training in Physical Exercise, embracing during the winter months, Skating, Calisthenics, &c., and during the autumn and spring months, Lawn-Tennis, Croquet, Riding, &c. Fresh air, pure water, pleasant location, and exhilarating exercise, account for our remarkable record for good health.

6th. The most elegant buildings and grounds in Canada devoted to the higher education of young ladies. Situation universally admired and commended. This advantage contributes greatly to the happiness and intellectual improvement of our pupils.

7th. Comparatively low rates.

8th. A large number of medals, gold and silver, as well as scholarships, offered in competition to pupils in the various departments.

In short, the object of the institution is to afford to young ladies a genial home of refinement, a course in which to lay the foundations of a liberal education under Christian influences.

For Calendar, or further particulars, address

GRAVEL ROOFING

Patent three ply felt imported from the United States.

LAKE SHORE GRAVEL

Pronounced by my patrons the best in the Dominion. Estimates furnished for roofing in any part of Ontario. Felt sheathing paper, pitch, etc.

CONCRETE PAVING

A substantial pavement, good for a lifetime, especially adapted for walks through the front lawn, driveways to stables, sidewalks, etc.

ROOF PAINTING

Tin and Shingle roofs painted with Asphaltic Cement. Stops the rust on metal and the decay of wood and makes the shingle roof fire proof.

DAVY'S EXCELSIOR FARM & RAILWAY IRON FENCE.

This Fence is superior to all other fences for the following reasons:—

It can be erected in less time than any other fence as post-holes are not required. The post is driven into the ground, and then the braces are driven through the diagonal loops which form dovetail in the ground. This fastening prevents the post from being swayed in any direction or from being pulled up, or heaved up out of the ground by the frosts.

It has also a superior wire stretcher and fastner made of malleable iron which is a part of the fence. More wires can be added, tightened or slackened or taken off if necessary. Any kind of wires can be used with these post, Barbed, Plain or Netting.

The above is known as the deep soil post, the cut on the right hand side of the page shows a bracket constructed of round rod, flat bar iron and forms a double triangle and is secured to the ground by weight; a rock or stone. This bracket is used where driven posts are not effective, such as rock, sand, gravel marsh and mire, send for circulars.

Address J. W. DAVY 186 Gordon Street, KINGSTON, ONTAR O.

FINE CUSTOM MADE CLOTHING.

There is nothing that becomes a gentleman better than stylish, good-fitting and well-made clothing. Those who desire to be accommodated with the above combination should call at

A. G. FLETT'S

Custom Tailoring establishment, Opera House Block, where they will find Tweeds for Suits and Overcoatings of the first quality and latest designs, also an enormous variety of Trousers to select from and at prices very moderate

—AT—
