GIRL IN THE CASE SAYS ISAACS MARRIED HER

Evidence in Saturday's Preliminary Hearing—Father Attempted to Have Defendant Arrested Earlier—Counsel Replies to Isaacs' Statement

Mr. Isaacs says the abduction charges brought against him by Sherbrooke parties are blackmail. He had written served on J. H. Renault, of D'Arnell, asking damages for \$10,000, charging slander and defamation of character.

Another despatch to the Star is as follows: "Accusation that abduction charge is blackmail and statement that writ served on girl's father, not true, Court adjourned until 29th inst. at Isaacs' request for time to procure witnesses."

SHERBROOKE, Que., Jan. 24.—R. D. Isaacs, secretary of the D'Arnell Insurance Co., was given a preliminary hearing before Judge Mulvena on Saturday afternoon. The accused was represented by C. J. White and the complainant by L. E. Panneton, K. C. The public were excluded from the hearing.

The complainant gave evidence to the effect that he had known the accused some eight months. His (witness) daughter left D'Arnell on the 11th of November last for Sherbrooke, with his permission, to see a dentist, and was to have returned on the following day.

On the evening of the second day she failed to return, and his suspicions were aroused that all was not well with her and he had Isaacs arrested at New York and Boston, as he received a telegram that Isaacs intended to sail for Paris on the 22nd inst.

On the 22nd inst. he was informed that his daughter was in New York. Witness told Isaacs to bring his daughter back, and he said he would in four or five days. Witness offered to go to New York with the accused, but the latter said that he would go there and would telegraph him where to meet the girl, either at Newport, Vt., or Sherbrooke. Later he received a letter from his daughter, saying she was in Montreal. He did everything possible to have the accused arrested for abduction. He never consented to allow his daughter to go with the accused. His daughter came back to D'Arnell on Dec. 22.

GOAL STRIKER SHOT BY POLICEMAN

Serious Riots in Cape Breton Today

Trouble at All the Mines—Crowds of Strikers Everywhere Attacked Workmen and Guards.

GLACE BAY, N. S., Jan. 24.—Riotous disturbances at Caledonia colliery early this morning, during which a crowd of strikers assaulted the workmen's police who were escorting the workmen to the pits, resulted in a shooting affair in which Alex. McDonald was shot in the shoulder by one of the policemen.

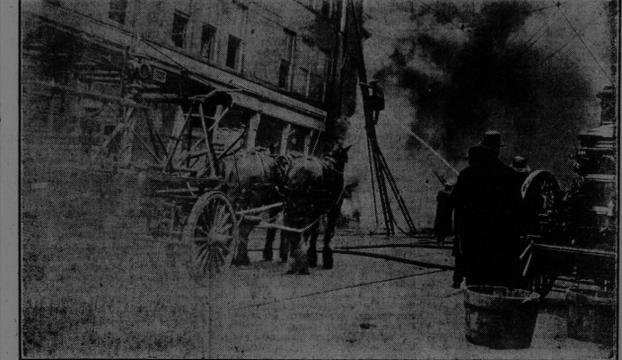

The Coal Company's policeman whose name is Hannington, was later arrested by Chief of Police R. McIsaac, on the charge of shooting and taken to the station, where he was released upon his furnishing the necessary bonds.

The facts of the affair at Caledonia are that while the men were going to work this morning about 5:30 or 6 o'clock, about fifty of the men on strike appeared and began shouting and throwing stones at the workmen and the policemen who were scattered along the street leading to the colliery. Seeing that the men strikers intended to use every effort in endeavoring to prevent the men from getting to work, the police closed in on them and if they did the strikers appeared to become desperate and began gathering stones, sticks and other ammunition and the police were received with a volley of all kinds of missiles. The strikers charged the police who surrounded them and a fight at close quarters occurred for a few moments. The strikers evidently getting the best of it, as they outnumbered the police nearly ten to one.

During this attempt to mob the workmen the over-coat was torn off Officer Hannington and to save himself from further injury he was obliged to use his revolver and shot one of his assailants. This had the effect of restoring quiet and in a very few minutes the crowd of strikers had disappeared and the police and workmen were enabled to proceed to the colliery.

A QUARTER OF THE ENTIRE AREA OF FRANCE UNDER WATER; FLOODS WORST IN CENTURY

SCENE DURING PROGRESS OF YESTERDAY'S FIRE

The Lawrence estate, owners of the building on Dock street burned yesterday, had only \$4,000 insurance. This was placed with the Norwich Union, T. B. and H. B. Robinson, agents, and the company's loss will likely be total.

Seine Reaches its Highest Point Since 1802 and is Now a Rushing Torrent of Wreckage—Tempest of Wind and Rain Adds to the Suffering

PARIS, Jan. 24.—The flood situation in Paris reached a more critical stage this morning. The Seine has risen nine inches since two o'clock, and now registers 7.13 metres at Pont Royal. This is the highest the river has been since 1802, when it reached 8.8 metres, the highest point recorded in the history of France except in the year 1615.

A terrible tempest of rain and wind which broke out over the city at daylight adds to the horror of the situation.

Although the waters of the Seine attain above the city still are rising rapidly, the city authorities were hopeful that the maximum stage of the waters would be reached by nightfall.

The river presents an awe-inspiring spectacle. A quarter of a million people through the stone parapets and quays in a drenching rain watching the yellow tide which is crowded with driftwood, wine casks, and other wreckage rushing seaward.

Firemen, police, and troops are working like mad at all the bridges, dismantling blockades resulting from the floating debris, and it is hoped that all the bridges will be saved. Traffic on several of the traller ones, however, has been stopped. All of the cellars along the quays are filled with water. One of the chief dangers is the weakening of the foundations of the buildings along the water front by the seeping waters.

The retaining walls of the foreign office are surrounded by water. The streets around the chamber of commerce are declared unsafe, and all traffic there has been forbidden. The tunnel between the Quai D'Orsay and the Quai D'Anatole is a rushing stream.

The basement of the Palais De Justice is full of water and the first floor of the Central Police Station is untenable. The partial crippling of the water supply threatens the capital with a water famine. The police are making a house to house canvass, notifying the inhabitants to hold all water used for drinking pure and thereby avoid the danger of a typhoid epidemic. The surface and underground railways which are in sufficient under normal conditions to cope with the traffic remain partially suspended although in no worse condition.

TWO GIRLS STABBED BY JEALOUS BARBER

Big Merger of Upper Canadian Canneries

Brakeman on the Para Marquette and Grand Trunk Killed by Falling on the Tracks.

TORONTO, Ont., Jan. 24.—It is officially announced that the merger of all Ontario canners with three or four exceptions, and all but a few in Quebec, has been completed. The merger will be capitalized at seven millions and comprises over fifty companies.

ST. THOMAS, Ont., Jan. 24.—George Cook, aged 22 years, a Pierre Marquette railway brakeman, was instantly killed near Stanley on Saturday evening. He was running on a snow plow which had been sent out to restore communication with Port Stanley, and in some way fell off and was cut to pieces. Cook was unmarried and lived here with his parents.

KINGSTON, Ont., Jan. 24.—Wm. D. Cleland, Grand Trunk railway brakeman, was killed at Kingston last Saturday afternoon while on duty. He lost his balance in some way and fell on the track in front of the engine. Cleland was about 24 years old and belonged to Brockville.

TORONTO, Jan. 24.—Crazed with jealousy because his sweetheart Margaret Harvey would have no more to do with him because she had learned he had Italian blood in his veins, Jos. Schell, a barber at the King Edward hotel stabbed and perhaps fatally injured the girl and her sister Nettie Harvey in their room at 75 Shuter street Saturday afternoon and then fled. He was later captured hiding in a Queen street house. The girls were taken to the hospital where it is thought they will recover. Both girls were employed as waitresses in Temple Cafe, a Chinese restaurant.

SURVIVOR OF THE SUDBURY WRECK GIVES GRAPHIC ACCOUNT OF HEARTRENDING INCIDENTS ATTENDING THE DISASTER

Heroism Displayed by Many of Those on the Ill-fated Train—A Little Lad Whose Only Thought Was for His Mother—Husband and Wife Both Killed.

SAULT STE MARIE, Ont., Jan. 24.—Robert Burrows, local manager of the Bell Telephone Company, who arrived home Saturday on the first train which reached the Soo since the accident, told a graphic and heart-rending story of the disaster.

"The first intimation I had of accident was the pounding of the trucks of the pullman car. With our general manager, Mr. Macfarlane, who was on his way to the Soo, we have just been considering whether or not we would take lunch in the dining car. About five minutes before this, a lady who had been sitting opposite me in the car left the pullman to enter the diner. She was followed by a priest, presumably from Blind River. Both were killed.

"When the pullman went down the embankment, I was thrown into a corner, and the next thing I remember was I was covered with debris, including glass from the windows, which cut my face severely. I made my way from under it and proceeded down the car. Mr. Macfarlane had escaped unhurt. We found a woman lying on the floor of the car and pinned under a seat. We endeavored to get her out of the car, but she could

not rise, and asked for her husband. We made her as comfortable as we could and left the car. We found out later that her husband was dead. When we went back later, she also was dead, her spine being broken. After this we got in touch with the nervous woman I ever met. I heard a pounding on the street door at the front of the car, and endeavored to open it. The door being blocked, we picked up a portion of one of the seats and broke it in. We found a lady and a boy in the room. The lady said she had not been injured. We endeavored to place her in safety, but she insisted upon helping others not so fortunate as she.

"I recall many incidents which are generally indescribable. When we commenced to move the cars, a little boy wrapped in a blanket was handed to pass on to the next in line. When I took him the wind blew the blanket aside and you could hardly recognize what was inside it as a human being. I said, 'Are you all right, my boy?' and he replied, 'I am feeling fine but my mother is in the water.' I saw a man make his way from the colonist on the bridge apparently unhurt. He endeavored to make his way up the track, but fell from the bridge and was

drowned. While removing the dead from the cars I remembered that W. J. Bell of Sudbury, was on the train. At this time the bodies were being handed me and I was handing them on to others in the line. I asked 'has any one seen Bill Bell?' The object I had in my arms replied, 'Don't you know me, Bob?' It was Bill. The doctors told me later he could not live.

"I remember seeing four commercial travellers sitting in the first class car engaged in a game of cribbage. They were sitting in the water. There was just room between the water and the top of the car for a body to float. I saw a man die. He was pulled through the ventilator and was finally brought back to life. He had been in the water three and a half hours."

One of the divers employed in rescue work received a severe injury yesterday afternoon while endeavoring to remove the dead from the submerged cars. His suit was torn, and only the presence of mind of those above saved him from instant death. Water rushed into the man's diving suit and he was unconscious when he arrived at the surface.

HOSPITAL DAMAGED TO EXTENT OF \$40,000

Serious Fire in Hamilton on Saturday

Patients Moved Out in Midst of Storm—Trouble Likely Over Water Diversion.

HAMILTON, Ont., Jan. 24.—During the height of a snowstorm on Saturday fire broke out in the city hospital, and general consternation reigned for a time. Fortunately, however, the firemen were soon in control, but the damage done to the building will amount to more than forty thousand dollars. All the patients were moved from danger without a mishap of any kind. The fire started in the basement of the two-story building at the north end of the east wing of the main building of the hospital, caused by spontaneous combustion of some oily rags. Several firemen and some of the policemen were overcome by smoke while fighting the blaze.

TORONTO, Ont., Jan. 24.—Father Paradis quite unexpectedly has afforded an early solution to the drainage problem in the Porcupine country by blasting a channel at High Falls on the Erechsonne River and carrying the water away from a considerable area of country. As his action was an unauthorized interference with the waterways, the federal government has sent a man to report on the results and more may be heard of the matter in a few days. The result has been apparently an injury to the canoe routes, while it has to some extent removed apprehension as to practical difficulties that were believed to threaten the gold mining industry in this locality.

GEORGE W. HATFIELD IS THE NEW ENGINEER

Appointed City Assistant at a Salary of \$1,500

Has Been for Some Years With the C.P.R. and is Now Engaged on the Northern Division of the Line.

George W. Hatfield, of Broad street, has received the appointment of assistant city engineer at a salary of \$1,500. Mr. Hatfield is well known in the city. He is at present employed with the Canadian Pacific Railway, and has had large experience in engineering. He is a son of Wm. W. Hatfield.

It is the intention that Mr. Hatfield shall take up his new duties on February 1st. Mr. Hatfield had purposed removing from St. John to some point along the C. P. R. in Maine. His friends will be pleased to learn that his new appointment will not necessitate his leaving the city.

The new engineer has been with the C. P. R. for several years. He has lately been making soundings at the Revere Falls for the railway and at present is engaged on the northern division of the road. The appointment should meet with general approval.

GRAND RAPIDS, Mich., Jan. 24.—Hugh McIntosh, the Australian promoter, called Stanley Ketchell and offered him three bouts that would net him \$40,000. One would be with Tommy Burns, another with Bill Lang and the third with an unknown. Ketchell's reply was a single word, "No." Ketchell wants to meet Thomas, middleweight champion of England. If that, then he would be willing to meet Tommy Burns.

TODAY'S RETURNS FAVOR THE LIBERALS

Held All Fifteen of Their Previous Seats

Lloyd-George Elected by Reduced Majority—Thirty Constituencies are Polling Today—State of the Parties.

LONDON, Jan. 24.—The Liberals materially increased their score, according to this morning's returns from Saturday's elections for members of Parliament. They retain fifteen seats previously held, out of a total of seventeen. Of the other two seats one went to a Unionist and the other to a Nationalist.

The position of the parties this afternoon was as follows: Government Coalition Liberals, 209; Laborites, 32; Nationalists, 69; Opposition Unionists, 219.

David Lloyd George, Chancellor of the Exchequer and author of the budget, which led to the general elections, received a majority of 8,855. Sir I. H. Bethell, the Liberal candidate, only secured re-election by 1,967 majority.

Thirty constituencies are sleeping members to the new house today. The same constituencies were represented in the last Parliament by 16 Liberals, 8 Unionists, 2 Laborites and 4 Nationalists.

The gains of the respective parties in Saturday's elections complete remain as announced Sunday morning. They were: Unionists, 107; Liberals, 14; Laborites, 1.

HOCKEY

AMHERST, Jan. 22.—The hockey match between the intermediate Ramblers and Mimams of Oxford in the Cumberland Hockey League series drew a good crowd to the Amherst rink last night. This is Oxford's first year in hockey, and it was not anticipated that the team would make such a showing against the Ramblers, many of whom have played in senior company for two seasons.

VICTORY FOR INSURANCE.

The insurance men had little trouble in winning four points from the Electric on Black's alley Saturday night. None of the strings were at all close and the total pinfall was 1,333 to 1,185. Macburn rolled the highest string of the game, making 192 on his second string. Gilmore had the highest average, making 95-3.

NEGRO IS SURE OF THE VICTORY

Johnson Tells How He Will Fight Jeffries

California Will be Dangerous for a Time But Will Fall by Knockout

Jack Johnson, the negro who hopes to do a thing which has never been done in the ring, beat James J. Jeffries for the heavyweight championship of the world, tells how he plans to fight the battle which will settle for years the mastery of the class. Johnson who will be here next week, says:—

"I will beat Jim Jeffries and do it without any danger. I cannot tell you how many rounds. Jeffries' condition will settle that."

"They tried every way in the world to get me to roll over to Tommy Burns when we fought in Australia. I double-crossed Burns good and hard. He thought he was going to go the limit and then come back to 'Frisco and repeat. Stanley Ketchel got the same deal. I am a champion and I am going to fight every bout on the square."

"I will fight Jim Jeffries just the same as Jim Corbett did John L. Sullivan, and you know what happened. He will be dangerous for a time, and I know he can hit. He never was good on evading a jab, and none of them ever rained in his face like I will. I can keep him away with this punch until he goes tired, and then for the first time in my life I will show you how Jack Johnson can fight. They claim I will still stall. Well, I will open up this time. I may be that Jeff can stand a longer fight than most people think. I am going to play it safe, but if it means the forty-fifth round then I am going to go after him and put him away, for I will never permit him to go the limit."

McCAFFERY HAS SECURED TONNEMAN FOR TORONTO

President McCaffery has announced that the Toronto Club has purchased catcher Tonneman from the Boston Americans. Tonneman was with the Nashville Club of the Southern League last year and was drafted by Boston.

According to the dope the newcomers will strengthen the Maple Leafs. He took part last season in 92 games and the official averages show that he batted at a .212 clip. He was drafted by him, made 24 runs, had 69 hits, 10 sacrifice hits and 6 stolen bases. He had a better batting average, Tonneman also shows up well in fielding, having an average of .965 for 43 games.

BIG EARTHQUAKE

KINGSTON, St. Vincent, B. W. I., Jan. 23.—Two sharp earthquake shocks were felt throughout the island at 4:50 o'clock this afternoon. In Kingston the protracted tremor caused a panic, but no damage was done.

PORT DE FRANCE, Martinique, Jan. 23.—Earth shocks were felt here this afternoon a few minutes before three o'clock. The movement was undulatory and lasted one minute. So far as is known there was no damage.

DARMSTADT, Jan. 23.—The seismograph at the Jugendheim station near here, recorded on Saturday morning a tremendous earthquake about 1,000 miles distant. The directors of the observatory are of the opinion that the earthquake occurred in the southwestern part of Iceland. The concussions were so strong that the indicator repeatedly exceeded the registering capacity of the apparatus.

BOSTON UNIONS JOIN. BOSTON, Mass., Jan. 23.—Two labor unions of Boston tonight voted to join the campaign for the lowering of the price of the necessities of life. They are the Boston Maine Freight Handlers Assembly, No. 5,72, and the Coal Teamsters' Union, No. 68.

MUCH DEPENDS ON MONTREAL BALL MEET

Eastern League Will Convene on February 4.—Will Discuss the Salary Question.

When the Eastern League magnates announced at the close of their session in New York last October that the salary limit was a thing of the past, and that in the future the sky was the limit, they meant they were kidding somebody. No mistake about it, they were kidding themselves, and one of them today is sure enough about the salary limit to hand out a contract to the players who come high. Yesterday John Canale sent out two contracts, one to Fletcher Lague, and the other to Jimmy Tooley, the infielder in neither case is the salary clause such as it will conflict with and 300 a month rate, which may appear on the Eastern League books. Both men are so considerably better than they did under the contracts from the Michigan League. The rest of the league will take another crack at the limit question when they get together for the announced purpose of adopting a schedule. It may be that the salary limit will be removed with signing high priced men. At any rate, the Eastern League players must be handed a contract by March 1 or he becomes a free agent.

Putting the salary question off until February 4 does not leave much time for the players to object to the amounts placed in their contracts, but the players may bunch their grievances, and a baseball provides that a player must be handed a contract by March 1 or he becomes a free agent.

Throughout the circuit there is a general demand to have the salary raised. It is a demand which is being put to the public which pays the freight. There will be no such a thing after February.

RESCUED AFTER GREAT HARDSHIPS

Six Masted Schooner Wrecked and Crew Have Terrible Experience—Captain's Wife on Board.

EDGARTOWN, Mass., Jan. 24.—The big six masted American schooner Merit B. Crowley was wrecked on the island yesterday. She was bound from Baltimore for Boston with a cargo of coal. She was broken in two and is a total wreck. Captain Haskell, his wife and thirteen of a crew were lashed to the rigging for ten hours. The hull was submerged and the sea beat over the vessel. After some difficulty they were rescued by Captain Jackson and crew of a fishing smack.

The Crowley went ashore at 5:30 o'clock yesterday morning. Edgartown light being mistaken for that on Block Island.

The vessel's boats were washed away in a few minutes. Mrs. Haskell, the captain's wife, was washed to the former-mast cross-tree.

The schooner was built at Rockland, Me., in 1867, was owned in Boston. Her registered tonnage was 32,824 gross and 2,410 tons net.

KNEW MISS FAURIE BY ANOTHER NAME

Woman Witness in Branch of Promise Suit Tells of Plaintiff's Earlier History.

Promising that before the closing of his case he will produce some remarkable facts "stranger than fiction" and disprove certain salient allegations of the plaintiff, Mr. Henry M. Zarie yesterday opened the case for the defence in the suit of Miss Edith Faurie to recover \$75,000 damages from Mr. Harry Laselle, a Wall street broker, for alleged breach of promise of marriage before Judge O'Leary in the Supreme Court. Testimony was offered to the effect that the plaintiff was not, as alleged, the daughter of Mr. Louis Faurie, a wealthy New Orleans druggist, and that her father was not Edith Faurie, but Fannie Edith Fleetwood, employed in a department store in New Orleans.

Mrs. Amelia Faurie Fitzsimmons, who says she is the only natural daughter of Mr. Faurie, testified that at the time she knew the plaintiff her name was Annie Edith Fleetwood. She was living at Mr. Faurie's house at the time and wanted Mr. Faurie to marry her. The witness added that her father told her he had to adopt Miss Fleetwood to keep peace in the family. She denied having tried to poison the plaintiff.

The Rev. Dr. John Howard Melish, rector of Holy Trinity Church, Brooklyn, testified that Miss Faurie asked him for assistance, saying she was ill and out of money. He visited Mr. Laselle at her request. He said Mr. Laselle told him he did not intend to marry the woman, but gave to him \$50 to take her to the country.

Miss Faurie, the clergyman said, had papers which she had hidden away. He had to remind her she was very unkind-like, and he had to stop it at the time. Mr. Harry Laselle, the defence testified that he met the plaintiff in the Bank of North America.

STOP EDUCATION OF FORESTRY CLERKS

Two Hundred Young Men Found in Universities at the Expense of the Government.

WASHINGTON, D. C., Jan. 23.—Another "big tree" was unscientifically felled today in the effort to scatter great chips in the row between Mr. Gifford Pinchot, late Forester, and Secretary Ballinger of the Interior Department. Secretary Wilson and Acting Forester McCabe did the chopping and dashed the hopes of some two hundred young men who have been taking short courses in western universities at the expense of the government.

Although Mr. Pinchot says the practice of rewarding special merit in the Forestry Department by sending the men of good records to universities has been going on for two years, Secretary Wilson, of the Department of Agriculture, did not until now interfere. Then he asked Controller Tracewell of the Treasury Department about its legality. The answer was that nothing in the law permitted the education of the young men at the expense of the government, or the payment of their expenses to and from the institutions of learning.

CASSELLS AWARDS

WALLBERG \$90,000 Do Claim Again: I. R. C. for \$105,940

OTTAWA, Jan. 23.—Mr. Justice Cassels has handed out his decision in the case of Wallberg vs. the King. Wallberg, a contractor, claimed \$105,940 for work done on the I. R. C. works. Mr. Justice Cassels found that the contractor should receive in round numbers about \$90,000.

IMPERIAL SERVICE MEDAL. The Imperial service medal, granted in recognition of long and meritorious service for members of His Majesty's civil service not belonging to the administrative or clerical branches, has been granted to the following: International employees: T. F. Blair, Turco; Eugene Bouchar, Trois Saumois; Maurice, P. E. I.; H. S. Coffin, Charlottetown; Leo Dubou, Newcastle; Maclellan Fournier, Beaver Brook; Isaac Gordon, Oxford Junction; G. T. Harrop, Moncton; E. Knicker, St. John; B. Lutz, Campbellton; J. T. McNally and James Merry of Charlottetown; M. P. O'Brien, Moncton; J. C. Perry, St. Nicholas; Michael Poltras, Trois Saumois; George Seaman, Moncton; and James A. Shaw, preventive officer, department of customs, Nova Scotia.

TRADE DISPUTES. There were sixty-nine trade disputes reported to the department of labor during 1909, being a similar number to that reported in the year 1908 and compared with 149 in 1907, 133 in 1906, 87 in 1905, 108 in 1904, and 169 in 1903. The number of work people involved was approximately 21,773, compared with 28,232 in 1908. The number of working days lost through trade disputes was approximately 542,275 in 1909, compared with 718,443 in 1908, and with 612,985 in 1907. The increase in the loss of time in 1909 was chiefly due to two strikes of coal miners in Nova Scotia, one of which began on July 6th, and the other on August 19th. In both cases the majority of the strikers remained out of work during the rest of the year.

Of the sixty-nine disputes in existence during 1909, thirty ended in favor of the employers and ten in favor of the employees, while the compromise was reached in thirteen disputes.

Industrial accidents occurring to 244 individual work people in Canada during the month of December, 1909, were reported to the department of labor. Of these 125 were fatal and 215 resulted in serious injuries.

DIED OF SHOCK.

BRISTOL, R. I., Jan. 23.—The death yesterday of Mrs. Mary E. Brown, 72 years of age, as the result of the mental shock sustained when she was attacked in her home by robbers, led to the arrest on a charge of murder today of James Coyle, a laborer of this place, on a portion of the boat following the arrest and will be arraigned in the district court tomorrow. He is 22 years old.

C., Jan. 23.—Another "big tree" was unscientifically felled today in the effort to scatter great chips in the row between Mr. Gifford Pinchot, late Forester, and Secretary Ballinger of the Interior Department. Secretary Wilson and Acting Forester McCabe did the chopping and dashed the hopes of some two hundred young men who have been taking short courses in western universities at the expense of the government.

Although Mr. Pinchot says the practice of rewarding special merit in the Forestry Department by sending the men of good records to universities has been going on for two years, Secretary Wilson, of the Department of Agriculture, did not until now interfere. Then he asked Controller Tracewell of the Treasury Department about its legality. The answer was that nothing in the law permitted the education of the young men at the expense of the government, or the payment of their expenses to and from the institutions of learning.

In his letter Secretary Wilson says that about two hundred young men are being specially trained in the University of Washington, the University of Montana, the University of Colorado and the Utah Agricultural College. The expense is estimated at from \$15,000 to \$200 a month.

It has been the practice of the Department of Agriculture to take men to show special fitness for forestry work and place them in the universities, paying all their salaries and expenses while they took a short course in forestry, surveying and other things which are helpful to them in their work. The development today adds another matter to the list of those to be investigated by the Congressional committee when it takes up the Ballinger-Pinchot trouble next week.

BAD KIDNEYS CAUSE OF BLADDER MISERY

Backache and All Distress From Out-of-Order Kidneys Vanish

A FEW DROPS RELIEVE. No man or woman here whose kidneys are out-of-order, or who suffers from backache or bladder misery, can afford to leave Pappe's Diuretic from their medicine chest. It cures all pains in the back, sides or loins, rheumatic twinges, nervous headaches, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends. The moment you suspect the slightest kidney or bladder disorder, or feel rheumatic pains, don't continue to be miserable or worried, but get a fifty-cent treatment of Pappe's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless and so effective, so thorough and prompt a cure.

This unusual preparation goes direct to the cause of trouble, distributing its cleansing, heating and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pappe's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker, or any mercantile agency will tell you that Pappe's Diuretic is a safe, reliable, and safe remedy, a large and responsible medicinal concern, thoroughly worthy of your confidence.

Accept only Pappe's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

OVERTURNED SCHOONER SIGHTED BY CYPRIC. NEW YORK, Jan. 23.—An overturned three masted schooner, which was passed Saturday afternoon by the White Star Liner Cypric, which arrived here from Liverpool today. The vessel had a copper colored keel and alongside of her lay one of her unfortunates, showing that it had been in use when the ship capsized.

From the fact that the canvass was still whole, Captain Knicker of the Cypric judged that the vessel had not been long overturned. He believes that the cargo was captured suddenly and that at no time had any of the crew been on board or any of the cargo had been lost. None of the schooner's small boats was seen. No portion of the derrick above water was there anything by which her name could be ascertained.

NATIONALISTS WILL BE MASTERS OF SITUATION

Parties Tied Now—Neither Can Gain a Majority of More Than a Dozen.

State of the Poll The popular vote stands: Unionist, 2,565,627. Liberal, 2,324,315. Laborites, 395,115. This gives the united Liberal-Labor party a majority of 153,803 in a total vote of 5,285,157.

LONDON, Jan. 23—Never in the recollection of the oldest politicians have the British parties been in such a perplexing position as they find themselves today in the House of Commons when the next house of commons is organized. So evenly divided will be the members of the House of Commons and so close is the popular vote, that the result of the elections for all practical purposes may be considered as a draw.

One hundred and sixty-seven seats remain to be filled, of which 102 are English. In the last parliament these were: Unionist, 36; Liberal, 15; Nationalist, 16. The present trend of voting continues, neither the Unionists nor the Liberals can muster a majority of more than a dozen and the Nationalists, with 83 votes, will be wholly masters of the situation.

Heart failure caused the death of John J. Lindsay, a well known citizen, last night. Death came suddenly, just about 10 o'clock, after he had been in the morning and had gone to church. He partook of a hearty dinner, but about 4 p. m. complained of a pain in his chest. Dr. Thos. Walker and Dr. T. D. Walker were summoned. Death took place at half-past six.

John Lindsay was seventy years of age and had lived in this city for birth. For upwards of thirty years he was in the employ of the Intercolonial Railway, latterly as checker at the Ballant Wharf. He was at work on Saturday. He had always been in excellent health, never having had a day's sickness in his life.

Deep sympathy is extended to Mr. and Mrs. Joshua P. Clayton in the loss of their eldest daughter, Eve Alma, who died Saturday night at 11:30 o'clock at her father's residence, Fernhill Cemetery. About two years ago Miss Clayton, while out skating, contracted a heavy cold, and although every care and attention was given, continued to grow weaker until Saturday night. Miss Clayton was well and brightly sunny nature, and will be keenly missed by her numerous friends and acquaintances.

The Executive of the St. John Association for the Prevention of Tuberculosis will meet this afternoon at 4:30 o'clock in the Board of Health Rooms, Princess street.

Rev. H. A. Cody, the new rector of St. Mary's Church, occupied the pulpit of that church for the first time yesterday morning. Rev. Mr. Cody preached last night also. He made a most favorable impression on the large congregations who attended both services.

Weather conditions yesterday were of the ideal spring variety. In fact they have been so for several days since Saturday was the warmest day since the winter began. The mercury soared as high as fifty-two degrees above zero, or twenty degrees above freezing. This is regarded as extremely unreasonable weather.

There was some excitement caused in St. Mary's Church during evening services yesterday. Shortly after 7 p. m. a box of fireworks exploded. One man went to the door of St. Mary's Church and called out "fire" with the result that the congregation was much disturbed. The rector and ushers were able to restore order. Box 15 was rung in as a test, it having been found not to be in working order during the afternoon.

Early last evening a plate glass window was broken in Davis Brothers' jewelry store on Charlotte street. As first the police were suspicious that it might have been done intentionally, by some person with the object of pilfering some of the jewelry. Officer Nelson took a young man to central police station until investigation was made. Night Detective Lucas investigated the matter and the man was later allowed his liberty. It is now believed that the glass was broken accidentally by some person who was loitering near the entrance to the store.

His numerous friends heard yesterday with interest of a trip which Ernest Howe, proprietor of the Park Hotel, made a start upon Friday. He has gone to Bedford, but is expected to return at Bedford Junction, and had in his company upon returning to the main line a young lady to whom he is to be married in Boston on Tuesday.

The bride-to-be is Miss Vera Perkins of Fredericton. Mr. B. Collins of this city leaves for Boston this morning to officiate as best man at the ceremony.

ALMOST A DEADLOCK.

The Nationalists have supported the Liberal government in Britain because of a belief that that government would do more for Ireland than could be expected from the Conservative party.

The state of the poll as reported this morning shows that the Unionists have elected exactly as many members as the Liberals and Laborites combined.

Up to date 583 constituencies have reported, leaving 187 still to be heard from. Several of these have already voted and the results will be known here this afternoon.

Mr. Balfour were to win every seat still unreported, exclusive of the sixteen conceded to the Nationalists.

\$15,000 FIRE ON DOCK STREET YESTERDAY

Officials and Miners Give Presents and Addresses—Three Steamers at One Time Kept Halifax Busy.

Building Occupied by Linton & Sinclair Co., J. W. Godard, St. John Mercantile Co. and R. A. Fitzgerald.

HALIFAX, N. S., Jan. 24.—G. H. Duggan, general manager of the Dominion Coal Company, accompanied by Mrs. Duggan, leaves Sydney for Montreal tomorrow, where they will reside in future. Before leaving Mr. Duggan was presented with his officials at the general offices and the collieries and presented with a handsome gold watch. He was also remembered by the officials and lodges of the P. W. A. and presented with an address accompanied by a beautiful set of eleven pipes and a handsome electric cut glass lamp. In reply to the address from his officials and lodges of the P. W. A., Mr. Duggan paid a tribute to their new president, Mr. Plummer, and general manager M. J. Butler, and hoped for their loyalty and assistance of the officials and the men of the lodges.

The arrival of three large ocean liners within an hour of each other today was a busy day today. The steamers were the White Star, Dominion liner "Donalton," from Liverpool; Allan liner, Tuzman, from St. John and the Allan liner Hesperian from Liverpool. Under ordinary conditions all three steamers would have arrived and sailed on Saturday, but the extremely stormy weather that has been prevalent over the North Atlantic this winter makes quick passage difficult and all the steamers were delayed by heavy weather.

The Dominion landed 74 passengers, other which sailed for Portland. She reported very heavy and stormy weather throughout the voyage.

The Tuzman, the mail steamer, took away 25 saloon and 50 second cabin and 183 stowage passengers. The stowage passengers included Hon. C. R. Exlin, Lord Newton Butler, Hon. A. Keppel. She had also on board 6,000 bbls. of apples and 500 cases of tobacco.

The inward mail steamer Hesperian was, like the Dominion, delayed by heavy weather. She broke one of her propeller blades, which also affected her speed. The Hesperian had 60 saloon, 182 second cabin and 411 stowage passengers.

ARCHBISHOP'S ADVICE ON MONTEAL ELECTIONS.

MONTEAL, Q., Jan. 24.—An Episcopalian letter by Archbishop Bruchési on the civic elections was read in the Roman Catholic churches yesterday. The archbishop calls upon the electors to especially vote for temperance candidates. He makes no particular pronouncement on the morality contest, but says that he would regret to learn that the contest is being waged on racial or national grounds.

BOSTON, Mass., Jan. 23.—That nearly 50 per cent. of the \$2,000,000 to be paid by the Argentine Republic for the building of two Dreadnoughts in American shipyards will go for labor and only ten per cent. for raw materials was estimated here semi-officially tonight. One of the battleships will be built at Quincy, Mass., and the other at Camden, N. J.

CAREY DRAWS BUTCHER KNIFE ACROSS HIS WIFE'S THROAT

Also Threatens Her With Shot Gun—Woman Flees in Terror—Man Later Placed Under Arrest—Probably Insane

Mark Carey, a millman residing on Chesley street, apparently became insane on Saturday evening, for he made such determined attempts in his home to take the life of his wife that she fled in her stocking feet to the home of a friend in Douglas Avenue. There she was found by the police in such a nervous state that she refused to come back to her home. Her husband, having followed her, might see her through a window of the house. She told Acting-Sergeant Finlay and Patrolman James Ross that her husband had drawn a butcher knife across her throat, and had made terrible threats before she managed to escape. Carey was given in charge by his wife for attempting her life.

To this was added the charge of Mrs. Mary Connolly, of Paradise Row, that Carey had forced his way into her house, in search of his wife, armed with a loaded gun.

It seems to have been a very fortunate thing that Carey mistook his wife's place of refuge while in his crazed state of mind and loaded with that dangerous weapon. After he had entered her house, Mrs. Connolly telephoned for the police. On their way out Patrolman Finlay and Sergeant Phelps for a man who asked them to come to his house and see Mrs. Carey. They found her in a very dangerous condition and on the verge of nervous collapse through fear, but could not persuade her to leave the house to identify her husband.

Carey had left Mrs. Connolly's house when the policemen arrived. They proceeded to his own home, opposite Warner's mill, where he is employed, and found him standing in front of the house. Taken back to Mrs. Connolly's, which is close to the bridge, he was arrested, to be taken to the North End station, and later to Central. When charged by Mrs. Connolly, he used highly abusive language toward her, but did not resist the police.

Carey was formerly in the employ of the Inglewood Pulp Company, was in the house with only her young children. Being the door behind him, he demanded to see his wife, his shot gun in his hand. The woman told him that she was not there, and told him that she might search the house, which he did before he left.

Carey has been formerly in the employ of the Provincial hospital, but was discharged from there a year ago, since when he has been employed in Warner's mill. He is a heavily-built man, 33 years of age. He is the father of six children.

He has served a term in Dorchester Penitentiary imposed upon him while still a boy by his terms for participation with another man in the burning alive of a woman in her home near the Provincial hospital, and for ever supposed rape. He is a native of Fairville, and lived until recently in Lancaster Heights. His wife's maiden name was Mary Loman.

MYSTERY OF BIRD MIGRATION

It is a far cry from the day when Aristotle propounded the doctrine that birds migrate in the same way as the present time, yet much of the mystery which that early naturalist sounded in his day, remains about the wonderful phenomena of migratory movement.

Only in birds (unless we except fishes) is true migration instinct found. Erratic semi-migratory movements in insects, and the migration of food or some other strongly compelling cause induces from time to time a semblance of migration among some of the mammals, but only the winged and feathered inhabitants of the globe exhibit a seasonal rhythmic swing south to north and vice versa.

Our modern knowledge embraces much data respecting the actual migration, its duration and termination, the terminal of the journey, the route taken, and the manner in which the travelling is performed. We have accumulated a great mass of statistics concerning the migration of birds, and fall when certain feathered wanderers may be reasonably expected to appear at a given point along their route.

We know that the method of performing these journeys varies, according to species as in length of flight that takes them from winter to summer homes and return, whether they fly almost continuously or by short intervals, day or night or both. The route followed and whether this is changed during the journey, and the conditions. We also know that certain species perform their flight to their northern summer homes along one route and return to their southern winter homes by a widely different course.

"BIRDS OF A FEATHER" NOT ALWAYS FOUND TOGETHER.

It is well established that some species flock and fly almost entirely by themselves, that others are found in their journeys north and south, and that in still other cases two or three species may almost certainly be found together, while in some instances the flight is performed more in an undivided and unaccompanied manner. It is a fact well known to many gunners that the course and time of flight of the waterfowl migrating birds have been changed materially within recent years, perhaps because of changes in the character of the atmosphere, due to easily recognized causes.

The class of birds whose life cycle is perhaps best known is naturally, says B. S. Bowditch in the Scientific American, the one which includes those classed as game birds. Notably, as regards migration, these birds fall readily into three divisions; the waterfowl, including ducks, geese and swans; the limicolines or shore birds, principally the sandpipers and plovers; the gullinaceous birds such as the bob white or quail and the ruffed grouse or partridge.

The southward fall migration of the first mentioned division may perhaps be readily ascribed to search for food to a similar seeking of ample breeding grounds. While the southward flight is in some few instances continued as far as the West Indies and South America, in the main the movement is only sufficient and in general seems to conform to the cause assigned. In suitable localities on the New England coast and along Long Island we find an abundant representation of this division having the rigors of winter, when in one wonderful breeding ground along the coast of North Carolina their numbers seem only to be limited by the destruction of the gunners.

The northward journey of the members of this division, if it is true for the most part extended well into the Arctic or sub-Arctic regions, but this is largely a matter of necessity to secure sufficient areas of suitable nature where they may breed in peace. Where birds of this division are not harassed in late winter and spring by shooting, it has been found that they often remain in considerable numbers to breed much further south than the usually ascribed southern limit of summer residence.

BRIEF DESPATCHES.

SOMERVILLE, Mass., Jan. 23.—Raymond G. Smith, aged 24 years, formerly of Stockton Springs, Maine, returning to his wife on Kildouff street tonight, after a separation of some months, asked the favor of a sheet of paper and writing her a farewell note; shot himself dead in the head. He was employed as a brakeman on the Boston and Maine Railroad and leaves a wife and two children and two brothers in Stockton Springs.

MILLIONS FOR LABOR.

BOSTON, Mass., Jan. 23.—That nearly 50 per cent. of the \$2,000,000 to be paid by the Argentine Republic for the building of two Dreadnoughts in American shipyards will go for labor and only ten per cent. for raw materials was estimated here semi-officially tonight. One of the battleships will be built at Quincy, Mass., and the other at Camden, N. J.

of course, not absolutely conclusive. It is seldom possible to adduce such conclusive evidence. The reasonable conclusion, however, must be that the weight of evidence is in favor of the theory of the return of the same individual to a given locality in 1909; that is to say, there was at this same point an occupied nest of this species from 1786 to 1855.

SAME NEST OCCUPIED FOR NINETEEN-FOUR YEARS

At Opreidge, in one of the other of two earthen bottles placed for their use, a pair of blue titmice had their nest, every year, with two exceptions, from 1778 or 1782 to 1871, or a total of eighty-eight ninety-four years. DEEP-SEATED COUGH CURED IN 5 HOURS

New Home-Made Syrup

(Cut this out)

Progress in medical compounds never ceases, and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be actually cured in five hours by the cough. Oplum and morphine have been resorted to in the past, as a relief measure. But now it is learned that the system must be treated to rid it of inflammation and congestion. A tonic, laxative cough syrup does the work so quickly and thoroughly so by almost magical means. (See here) for a full description of this cure can be accomplished in hours. Get this formula filled or mix it at home and always keep it on hand.

BRIDGE SWEEP AWAY.

SKOWHEGAN, Me., Jan. 24.—An ice-creased, freshet swept away the uncompleted southern span of the new bridge of the Maine Central Railroad across the Kennebec River at this point today. The north span, completed and resting on a permanent structure, was not damaged. The Kennebec River is clear of ice up to Madison.

CLEVELAND, Ohio, Jan. 23.—Ezra Kendall, the comedian, died of apoplexy today in a sanitarium at Martinsville, Ind.

Kendall closed his season in "The Vinegar Buyer" at Seattle three weeks ago because of ill-health. It completed his twenty-ninth season on the stage. He was born in Allegheny County, Pa., 40 years ago. He leaves a widow and six children.

The Board of Management and Ladies' Auxiliary of the Seaman's Institute are requested to meet at the building at eight o'clock this evening. The large clock for recording contributions is being erected on the Nelson building today.

CHARGE FOR UPPER BERTHS TOO HIGH

Montreal Business Men Start a Movement for Reduction of Pullman Car Rates.

OFFICIAL LIST MAKES NUMBER OF VICTIMS 31

Exaggerated Reports Deplored—Conductor Heroically Saved Eight From Death.

MONTEAL, Jan. 23.—There is a movement among commercial men which is likely to derive a good deal of popular support from the class whose business calls upon them to undertake frequently long journeys, to get the Railway Commission to take up the inquiry into the Pullman and other sleeping car rates, the principal object of the inquiry being to secure a reduction in the price of upper berths in these cars.

A commercial man informed The Herald today that the idea is to take action through the Transportation Bureau, C. E. Board of Trade, if this be practicable; if not, the commercial men will go ahead with their own case. It is felt that there are anomalies in the sleeping car rates on the C. P. R., Grand Trunk and Intercolonial, and the greatest is that of making the charge uniform, both for upper and lower berths. The upper berths are less comfortable, with the exception, possibly of those in the centre of the cars, less convenient and less accessible than the lower. Nobody will take an upper who can possibly get a lower, and yet the charge is the same. The Railway Commission has the power and he thinks it ought to change this.

The matter came up for informal discussion before the Railway Commission on Wednesday, when the question of securing records and information regarding these rates for filing in the files of the commission was considered. The whole subject will now engage the attention of the chief traffic officers of the board. Amongst the railway men present at the sitting, which was presided over by Chairman Mabee, were Messrs. J. W. Beatty, solicitor; Robert Kerr, C. E. Fisher and W. A. Cooper, K. C., and J. K. Melville of the C. T. R., and Mr. McDonald, solicitor, Canadian Northern, and G. B. Shaw, traffic manager.

AT THE OPERA HOUSE

Marie Correll's Famous "The Sorrows of Satan" Today and Tomorrow

The dramatic novelty of the week is the production of "The Sorrows of Satan" at the Opera House by Our Own Stock Company, (The Colonial), beginning with today's matinee the play will be given four performances and judging by the interest shown the whole subject will now engage the attention of the chief traffic officers of the board.

The play has been in active preparation for some time by the Colonial. No detail has escaped the stage manager and when the curtain rises on the first act the audience will find much to admire in the production. "Satan" has been extensively read and widely discussed and it is safe to say that very few novels have enjoyed more popularity in recent years. The dramatic version is intensely interesting, abounding in heart interest and original situations. The ladies of the company have secured some very handsome gowns for the occasion. Miss Warren will wear five creations of the modiste's skill which cannot fail to be admired by all.

Beginning today matinees will be given each afternoon. A change of evening prices also goes into effect tonight. The gallery seats will be 10 cents, the entire balcony (reserved) 20 cents and orchestra 35 and 50 cents.

Our Own Stock Company is giving the best comedies and dramas obtainable, very well staged and capably acted at a very low scale of prices and the very noticeable increasing attendance is emphatic proof that St. John can and will support the best class permanent stock company.

Mid-Winter Clothing Sale

Has Scored a Tremendous Success!

It has been a wonderful sale so far, in value-giving as well as in volume or business, and there'll be a week more of the remarkable bargains.

But with the best sort of clothing on sale at one-third to one-half under the generally prevailing prices, wouldn't it be strange, indeed, if the opportunity did not win immediate and wide-spread recognition?

The second and last week should be even more fruitful of results than the past week, because with a grim determination to clear out more goods than ever before we've made the astonishingly low prices still lower in many instances.

To get the fullest benefit out of this bargain feast you must come to the store as early and as often as you can.

A BUSY MORNING IN THE POLICE COURT

There was a large Monday morning crowd in the police court today to hear the different cases.

Mrs. Carey gave evidence that she and her husband had not had any words when he arrived home Saturday afternoon. She went to the porch to get water to wash the supper dishes when she followed her and holding a long bladed hunting knife in his hand he said: "So help me —" Just then their daughter opened the door to the porch and witnesses fled from the place and went to a friend's house on Douglas avenue. She identified the wife that had been held by her husband in answer to her husband witness said that he did not say that he had smelt beer out of her.

Continuing witness said that just after she had run away from the house she heard a shot from the rifle. The knife was found in Mrs. Connolly's house and witness said she had the knife for the purpose of burning it.

Police Officer Marshall, who made the arrest, said the defendants entered the stable through the hole from the manure bin and then barred the door on the inside. They claimed to have entered the place because they were sick.

While working last week in the woods for Alex. McAlary, a blow from an axe. Cook was cutting a branch from a tree when he was hit below the knee. Dr. M. A. Oulton was summoned. After putting the patient under an anesthetic the doctor removed the wound.

A few evenings ago at home of Burnham Crossman, Fairfield, Crossman's daughter Estelle M. and Robert B. Doherty were united in marriage.

GOAL STRIKER SHOT BY POLICEMAN

(Continued from Page One)

The ambulance was sent for and McDonnell was removed to the hospital where his injuries are being attended to. The injury is but a slight flesh wound and no serious result is anticipated.

The disturbances were general at nearly all the collieries this morning, the strikers turning out in very large numbers and interfering, throwing stones, egging people on to prevent the workmen from going to work, and doing everything possible to prevent the police from carrying out their sworn duty of protecting the citizens from the lawless element.

At Dominion No. 2 and No. 3 the strikers were particularly active, and caused the police and men considerable trouble. Here they were not content with shouting and throwing stones at the police but broke all windows in some of the company houses wherever they passed.

ST. JOHN, N. B., Jan. 24.—A circular was issued today by the Dominion Coal Company in which the appointment of C. S. Cameron as acting secretary of the company, is announced, and a confirmation of D. H. MacDougall as general superintendent of mines, is appointed, M. J. Butler's appointment as second vice president and general manager takes effect today. Mr. Duggan and family leave today for Montreal.

Paul W. Hillis, of the Colonial Stock Company, entertained a party of newspaper men to a theatre party at the Opera House on Saturday evening. At the close of the performance supper was served at White's Restaurant. Mr. Hillis' kindness was greatly appreciated.

Chas. J. Hazel, of the C.P.R. at Boundary, Que., and H. W. King, of Brownville, Me., were in the city yesterday.

H. E. C. Sturges returned Saturday from Amherst, where he refereed the hockey match between Amherst and New Glasgow Friday night.

Mrs. Beattie Wisely leaves today for Greenfield after a visit to relatives in this city.

Captain DuDomains, of Fredericton, reached the city at noon today.

A. J. Tinsley, chief of the P. I. C. police, was in the city today and returned to Moncton this afternoon.

The annual meeting of the directors of Union Hall will be held in the library room on Tuesday, February 1st, at 4 p. m.

Unusual Clothing Values at Gilmour's

Among the Overcoats on which prices have been materially reduced are the justly popular black and grey Cheviots and Meltons, 45 and 50 inches long, and the long, heavy, comfortable Ulsters. These, and in fact every Overcoat now being offered by us at a cut price, are well worth the original figure—and even more. Every one of them is perfect. Fabric, workmanship, finish and fit are without a flaw.

And we have reduced the prices NOW, right in the heart of the winter, merely to move them quickly and make room for the new Spring goods which will soon come in.

A still alarm was sent in to Chemical one for a fire which occurred in an old shed on the Bryant street dump. The shed was destroyed.

St. Joseph and Knights of Columbus will meet in the inter-society league this evening. One string in dispute between the Holy Trinity. This morning the Baptists teams will also be lowered.

Shortly after Christmas the boat house where the sloop yacht "Thistle" is being wintered, was broken open and a large quantity of rope and lead shot. The matter has been reported to the police but so far the thief has not been located.

A very pretty wedding took place on Thursday evening at 8.30 in Carron street Methodist Church, when Mr. William Cooper and Mrs. Annie Luther, both of Newfoundland, were married. They were supported by Abigail Cooper and Miss Myra Benson. The newly married couple will live at 315 Germain street for a month or two, and then will proceed to Newfoundland where Mr. Cooper has his home.

James Hogan was brought to the city today, suffering from what is thought to be appendicitis, and was taken to the General Public Hospital. He has been working in the woods near Westfield for L. C. Prime and was taken suddenly ill last night. This morning he was brought to the city on a cot placed in the baggage car and taken from the station to the hospital in the ambulance.

Mr. Downie said this morning that the very slight accident which occurred in the small elevator at West St. John on Saturday did not interfere with the work in the slightest extent. The small elevator was already full of grain, and only the large elevator is needed to tax the large elevator to its capacity. Work is and has been going on as usual, and repairs to the broken shaft will be completed to-day.

Allan Iker Hesperian, under charter to the C. P. R., arrived on the island at 1.30 o'clock this afternoon. She docked at Sand Point shortly after 6.00, and the Respiration brought sixty saloons, 132 second class and 425 third class passengers. The steamer carried 1,000 tons of general cargo. C. P. R. steamer Northmouth, from Bristol, docked at 9.30 at No. 1 berth. The steamer brought a large general cargo.

Frank Waddington who has been engaged as bandmaster and instructor of the City Cornet Band, arrived in the city today on the Montreal express. He has lately been bandmaster of 53rd Regt. of Sherbrooke, P. Q., and has had extensive experience in that capacity. There will be a rehearsal of the band this evening to give the members an opportunity to meet the new instructor.

The Methodist ministers met this morning at 10.30 in Centenary Church. There were present: Rev. Jacob Heaney in the chair, Dr. Wilson, Dr. Flanders, Rev. W. W. Lodge, A. J. Marr, Jas. Crisp, Dr. Campbell, Neil McLaughlin and C. W. Squires. A communication from Rev. Thomas Marshall was presented to the meeting, in reference to arrangements for missionary Sunday to be held on February 6th. He said that the number of men who will come for the missionary campaign was not fully decided upon as the arrangements were not completed.

Mr. Shore, of the Missionary Society, will be here for a banquet of the Laymen's Missionary Movement in Centenary Church on the Friday previous to February 6th and will go to Amherst for Sunday. A continuation of the discussion on Rev. Mr. Crisp's paper, "What is Salvation and how does the Gospel affect it?" took place in which several of the ministers took part, after which the meeting adjourned.

At the Baptist clergymen's meeting this morning Rev. Wellington Camp presided. Rev. E. T. Miller of Fenwick was in attendance. The meeting discussed the present political situation in the old country. Although the clergy strongly favored the Liberals, it was the opinion that the situation was very perplexing. As several of the clergymen are Englishmen, the discussion was very interesting. Rev. D. Hittinson was prepared a paper for Monday next.

AN ESTATE CASE SETTLED
In Equity Court this morning the case of John Jamieson, executor vs. Jane Aiton, administratrix and George G. Jamieson and Margaret Jane Jamieson, infants, was heard. Two estates were involved in the case. John Jamieson, father of F. P. C. Jamieson and George Jamieson, both deceased, claimed that his sons were indebted to him for a considerable sum at death. A settlement was arranged in the probate court of Kings county.

The Equity case was for the administration of the two estates and confirmation of the settlement. John Jamieson, plaintiff, is to pay the debt of the two estates and all costs of proceedings in the probate court of Kings county and the equity court of St. John. He is to have vested in him the farms and lands, owned by the two deceased sons and all personal estates of the two sons. C. N. Skinner for plaintiff and Jas. A. Freese, Sussex, for defendants.

ALD. MCGOLDRICK MAY BE THE THIRD CANDIDATE
Considering Request of Friends to Become Candidate for Mayor—Timothy O'Brien Again in the Field.

The possibility of a third candidate for the mayoralty was rumored about the city today. It is said that a large number of his friends are urging Ald. McGoldrick to run for the office and that he is considering the matter seriously.

The representative from Stanley had refused to commit himself to a definite statement this morning but did not deny that he was thinking it over. As Mr. McGoldrick has committed himself to the chair of the chief magistrate of the city.

Timothy O'Brien will probably be a candidate in Kings ward, opposing Ald. Lasky.

AWARDED A MEDAL, BUT THE MAN IS DEAD
James E. Linkletter, I. C. R. brakeman Who is Given Imperial Service Order, Died Last May.

An Imperial service medal has been granted to James Edgar Linkletter of this city in appreciation of long and faithful service on the intercolonial railway. As Mr. Linkletter has passed away the medal will be given to his widow.

The late Mr. Linkletter was one of the most valued brakemen on the I. C. R. system. He had for years been between Halifax and this city. The deceased was born in Prince Edward Island and came to St. John about thirty-five years ago. Soon after his arrival here he entered the employ of the I. C. R. He had been brakeman a few years ago, when his failing health forced his retirement. Mr. Linkletter passed away on May 19 last at the age of sixty-five years.

MAINE AND NEW BRUNSWICK POWER CO'S MEETING
Company Supplying Many Towns With Light and Power, and Planning Further Extensions.

The Maine and New Brunswick Electrical Power Co. Ltd., held its annual meeting of stockholders at Aroostook Falls, New Brunswick, on January 11th and re-elected the old board of directors as follows: N. M. Jones of Lincoln, Me., A. R. Gould, Presque Isle, Me., H. J. Powers, Fort Fairfield, Me., C. F. Bragg, Bangor, Me., R. G. Gary, Carleton Place, N. B., St. John, N. B., James D. Seely, St. John, N. B.

A satisfactory financial statement was submitted by the managing director, Mr. A. R. Gould, showing that the company was supplying light and power to Presque Isle, Fort Fairfield, Mars Hill, Easton, Bridgewater and Monticello in Maine, and to Andover and Perth in New Brunswick. The company is also under contract to supply power to the Aroostook Valley R.R., which will shortly be in operation from Presque Isle to Washburn and lights and power will then be furnished to Washburn.

Except in Presque Isle, where the company owns the lighting plant, the company sells the power at wholesale prices to the towns named who have their own local lighting plants.

Mr. Gould has recently gone over the territory in New Brunswick and it is expected that other towns will shortly inaugurate their local lighting companies.

The company have under consideration the installation of another unit to develop an additional 2,000 horsepower.

The bonds of the company, which were issued and sold in Bangor at the time of construction, are now quoted in the Bangor market at 102 1/2. Mr. James D. Seely returned on Saturday from a meeting of the directors at Bangor, Me., where the following prices were elected: President, N. M. Jones; Managing Director, Arthur R. Gould; Treasurer, J. G. Crosby; Secretary, James D. Seely.
