

HOW JOHN D. ROCKEFELLER HAS GIVEN AWAY \$50,000,000.

The Rules That Govern His Philanthropic Work Are Rigid and Exact—How His Gifts Compare With Those of Andrew Carnegie.

John D. Rockefeller, reputed to be the richest man in the world, refused last week to contribute anything toward the establishment of a university which the Ridgewood Board of Trade has undertaken to build in Brooklyn.

Up to 1893 Mr. Rockefeller had given away \$7,000,000, exclusive of his gifts to the University of Chicago. He has since declared that at that time not more than 5 per cent. of this \$7,000,000 had accomplished any really good results.

How such a man gives and why he gives forms one of the most interesting chapters in a life that today stands out stronger than any other individual life in the industrial and commercial progress of America.

Mr. Rockefeller's philanthropic work is as rigid and exacting as those that govern the great amounts of the philanthropic life in the industrial and commercial progress of America.

At the head of this charity bureau is Starr J. Murphy, a lawyer who attained an excellent reputation in the practice of his profession in New York before entering exclusively into the work of distributing the Rockefeller millions.

Mr. Rockefeller has a horror of publicity. The large sums that have been given by him have made it impossible to keep them secret, but in no instance has he approved taking the public into his confidence in connection with them.

Of Mr. Rockefeller and his business methods. Of late this criticism has taken the nature of personal attacks. These attacks apparently have made no impression on him.

THE HARVESTERS REACH WINNIPEG.

No Delay in Sending Them Where Needed. Manitoba Alone Requires 13,000 Men—The Harvest is Ready and There is Work For All.

(Manitoba Free Press, Wednesday.) Hundreds of stalwart harvesters from Nova Scotia, New Brunswick and Cape Breton, true blue-roses, all arrived in the city yesterday, and many of them changed their tickets at the temporary ticket office at the east end of the C. P. platform and proceeded southwest and northwest on the morning trains.

Arrangements for handling the big crowd were perfected this week, and everything was done yesterday with the utmost rapidity and dispatch.

Further excursions will leave the seat on Aug. 29, Sept. 2, 4, 6 and 8. The excursion leaves for 25 cents from Toronto and north, that on Sept. 2 from Toronto and north, on Sept. 4 from the district east of Toronto will be covered, on Sept. 6 the district east of Kingston, and on Sept. 8 the province of Quebec.

Mr. Black, deputy minister of agriculture, states that up to the present he has no reason to change the first estimate made by the department of the number of extra harvest hands that will be required in Manitoba.

As usual with these excursions there are a number of complaints from along the line of rowdiness on the part of some of the younger element.

CITY NEWS.

Recent Events in and Around St. John.

Deputy Sheriff Foster of Carleton county passed through the city yesterday morning with Joseph Robinsau, whom he is taking to Dorchester penitentiary. Robinsau was sentenced by Judge Carleton to two years for theft committed at Harland.

Mrs. Nathaniel Maguire, of Lorneville, broke her left wrist in two places on Saturday by being thrown from a carriage. She was driving home, accompanied by Mr. Maguire, when the accident happened through the horse shying. Chief Clark, who was passing, rendered assistance, and the injured lady was taken to Dr. Macfarland's house in Fairville, where her injury was attended to. Mrs. Maguire is remaining for the present at her son's residence in Fairville.

Mrs. L. O'Dell, who resides in Geo. Downey's house at 320 Main street, had a narrow escape from death about noon on Friday last. She was in the kitchen, and had just lit a gas stove, when the gas exploded. She was thrown into the air, and came in contact with the smoldering fire. In an instant her clothing was on fire, and she was wrapped in flames. Members of the household becoming alarmed, notified No. 5 station and the firemen put out the last of the fire.

Fotis Solaris, the Greek who tried to commit suicide some time ago, and was subsequently placed in the police station, still refuses to eat, and yesterday stated to a police officer by signs that he would take off his under garment, tear it, and then strangle himself by means of it.

A number of Americans who have been in this city lately have been looking over a possible site for a large seven story hotel. The place favored is one the corner of Union and German streets, and will run along German so as to include J. M. Emmore's store and along Union to the residence of Mrs. G. F. Smith. The building will be of brick, the passenger elevators and an observation on the top of the building will be some of the features. At present things are being kept quiet, as the purchase of the lands and property has not yet been consummated.

John M. Kelvie was born in Ireland in June, 1804, and to the present enjoying life in the Victoria Hotel, Buntouche, N. B. He is hale and hearty and moves about with as much activity as most men display at an earlier stage of life. He has freely of old times in St. John. The man who speaks most of it is the falling of the bridge that some enterprising Americans attempted to build across the falls many years ago. He was grandfather to the late May Agnes Fleming, the celebrated novelist of former times. Mr. Kelvie is the oldest man in the province, and his age has been verified by friends who secured from Ireland copies of his birth certificate.

In the year 1890 M. A. Hagerman began storekeeping at Bear Island, N. B. A few years later he failed, but was able to reduce his debts and continue in business. He has since acquired suits have appeared against him, and now he has assigned to the sheriff. Whether his career as a merchant will now close, he cannot say. Maurice Goldman, dealing in dry goods, etc., in a small way at Albert, in the same province, wishes to compromise liabilities of about \$1,200, at twenty cents on the dollar. He formerly was in business in St. John, N. B., as one of the firm of Goldman, etc., in 1891. He continued the retail shop and failed a year later. Monetary Times.

DEATH OF FORMER NEW BRUNSWICK LADY.

A Missoula dispatch to the Associated Standard, dated August 19th, says: Mrs. Elizabeth Anna McKean, one of the old-timers of this community, died of old age at 7 o'clock this afternoon at the home of her grandniece, Mrs. J. S. Boles Clements, on East Main street. Mrs. McKean was in her ninetieth year and her birthday anniversary would have fallen on the 12th of next November. She had been hale and hearty in her old age, and it was only during the past week that she had shown any symptoms of extreme weakness. Last Monday she took to her bed and had remained there almost constantly until her death.

Mrs. McKean was born in Kingsclear, New Brunswick, where she spent the greater portion of her life. She was twice married. Her first husband was Charles Beckwith, an uncle of Charles E. Beckwith of Missoula. Her second husband was Robert McKean. Mr. McKean died in Canada years before Mrs. McKean came to Missoula.

SISTER-IN-LAW KILLED HIM.

NEVADA CITY, Calif., Aug. 29.—Robert L. Wimberly has been shot and killed at Downville by his sister-in-law, Bertha Bennett, aged 17. The cause of the shooting is unknown. Wimberly was killed with his own revolver. The shooting occurred on a ranch one mile from Downville. Miss Bennett, who was immediately placed under arrest, refused to talk. Wimberly leaves a widow and two children.

St. John's Opportunity to Capture Western Trade.

Eben Perkins, Now in Winnipeg, Writes of the Great Markets in the West for Manufactured Goods.

Winnipeg, Man., Aug. 29.—Much has been told and written of this city from many, and each account has been given from the peculiar viewpoint of the writer. Of course pessimism in this atmosphere is not to be looked for, and such views, if ever expressed, have escaped my attention. A personal contact, therefore, in my case has served only to confirm even the most glowing accounts of this wonderful clearing house of the Canadian "middle west."

From a hamlet of 800 people thirty-five years ago Winnipeg has grown to a city of two hundred thousand, and with its substantial brick and iron buildings, unsurpassed if equaled in any city many times its size, wide boulevards, parks, open squares and miles of finely paved streets, leaves one in wonder if she has not coyly mis-stated her age. Even a short stay here would lead one not only to believe the most enthusiastic utterances of her citizens, but as well to pass the good words along.

I am perhaps too much inclined to make comparisons, but all my questions and few have been left unanswered—have been with such an end in view. What is the secret of this growth and prosperity, and how can such growth and experience be turned to account in advancing the interests of eastern Canada? Each section has a part to play in the building of this great country, and each has its peculiar natural advantages which must determine this part.

Now while this is a country of large things, where nothing seems to be allowed to interfere with its single watchword, "Progress," the east, I am afraid, is too much inclined to see and give attention largely to small things and to overlook those peculiar advantages which might be turned to good account in her upbuilding. Winnipeg wants citizens, and everyone is welcome, and while the law is not broken, she has no objection to an authorized agent of the Hudson Bay Company caught dealing in furs shall be hanged, the last conviction under it was in 1849, and today a man may enter a store for a long or short stay without fear of being dragged before the police court and compelled to pay a fine for daring to work without a license, and the people are coming here from Ireland, the surplus hotels, constantly full, cannot supply the needed accommodations.

AT THE TOMBS OF HIS ANCESTORS.

W. I. Seaman, a well known New York lawyer, is in the city, guest at the Dufferin. Mr. Seaman is somewhat interested in this city, as the bones of two of his ancestors rest in the old burying ground. One of them, Benjamin Seaman, was his great grandfather, who died in 1785. The other, Christopher Billopp, died in 1827. The tombstone which marks the grave of the latter was found by Mr. Seaman to be in good condition, and the epitaph very legible. This, he says, is a mark of the earth that only the upper portion of the inscription could be deciphered. Although a busy lawyer, Mr. Seaman has a literary taste, and is compiling a history of the Seaman family, which ultimately will be published. Mr. Seaman hopes to secure permission from the authorities to have the stones at the grave of his progenitor raised in order that a copy of the complete epitaph may be made. Several of the members of the Loyalist Society have promised to co-operate with him in the matter. Mr. Seaman will leave today for his home.

FIRE AT FERNIE.

Loss Thirty-five Thousand Dollars. FERNIE, B. C., Aug. 28.—Shortly after midnight Saturday Fernie was again visited by a disastrous fire, which caused the destruction of \$35,000 worth of property. The fire swept the entire block of buildings, 300 feet by 140 feet, which consisted of Queen's Hotel, Baptist church, soda water factory, small store, hay warehouse, four boarding houses, known as Empire, Canadian, First-Class and Robichaud, and several residences. The C. P. R. water tank was also burned. The property was insured for about \$17,000. The burned block was on Main street.

OTTAWA, Aug. 27.—Their Excellencies Governor General and Countess Grey, with their family and suite, boarded their private cars Victoria and Gloucester at the Central Station tonight, and leave on the Imperial Limited at 1 a. m. for Edmonton. Sir Wilfrid Laurier and Mr. Peterson travel on the same train in private car 109, the property of the dominion.

Riflemen from all parts of Canada are here preparing for the Dominion matches, which commence tomorrow. While the maritime province representation is considerably reduced, it is noteworthy that riflemen from the far west are largely increased in number. British Columbia has 18 men here and the Yukon 8, and they don't travel on passes either. This is the first time the Yukon has been represented. The Bluejackets and matches of the second cruiser squadron left for Toronto tonight. They were given a splendid send-off.

ALLANS GET FIVE YEAR EXTENSION OF MAIL CONTRACT.

Cartwright Opposes This, Because He Wants a Fast Service From London to Hong Kong.

OTTAWA, Aug. 28.—It is understood that the government has practically consented to renew for a period of five years, from August next, its agreement with the Messrs. Allan for the carrying of mail matter between Canada and the United Kingdom. The Messrs. Allan wanted a ten years' contract, but this proposition the ministers have declined to entertain.

The Canadian Pacific Railway have also been applicants for this contract, and there is said to have been a warm contest between the rival companies. The premier and the minister of justice favored a continuance of the arrangement with the Allans, but Sir Richard Cartwright, believed the public interests would be much better served by handing the service over to the Canadian Pacific when the existing bargain with the Allans runs out next August.

The object of the minister of trade and commerce was not merely to obtain a fast service to the Atlantic side, but to conjoin therewith, if possible, a conveyance to the quicker service across the continent from Montreal to Vancouver and thence by the C. P. R. Express lines to Yokohama. He wanted to hear what the C. P. R. had to offer before giving any other contract. It is computed that with 18 knot boats across the Atlantic and a four days' service across the continent from Montreal to Vancouver, mails could easily be delivered between London, Liverpool and Hong Kong in twenty or, at the outside, twenty-five days. The contract which the Canadian Pacific now holds for the carriage of the British government official mail between the United Kingdom and Hong Kong calls for its delivery during the summer season in twenty-eight and a half days, and during the winter in thirty and a half days. The twenty or twenty-one days' passage from Liverpool to Yokohama would be a considerable improvement on this time and would in fact establish the quickest mail to Japan. It is obvious this would be a great achievement, for, besides making Canada the main line of travel between the East and the West, it might greatly facilitate the extension of our own trade and commerce with Japan and China, both of which countries are likely to become in the near future large purchasers of our products.

PEACE CONFERENCE.

ST. PETERSBURG, Aug. 29, 3:15 a. m.—The Associated Press dispatch from Constantinople declaring that President Roosevelt has agreed to meet the Japanese ambassador in Tokyo on behalf of Japan to waive all claim for indemnity or reimbursement for the cost of the war, and to make a basis for the settlement of the "redemption" price of the island of Sakhalin of a mixed commission, was received too late here tonight to reach the general public, but its significance was recognized in the few quarters where it became known.

There is every reason to believe, judging from the official expressions previously given out by the foreign office, that the beginning of the negotiations at Port Arthur, proposed by Japan to waive the question of indemnity goes far toward removing the last and, according to official explanations, the only stumbling block in the way of the settlement. The foreign office has said that every disputed point between Russia and Japan with the exception of the payment of the indemnity had been practically arranged on a basis satisfactory to both sides, but that Russia would not consent to an indemnity. If the latest proposal of Japan means that she waives all claims to indemnity of any kind or description, giving up all idea of reimbursement for the expenses of the war in any case whatsoever, the German anxiety is prepared to accept for the restoration to Russia of the northern half of Sakhalin a redemption price to be fixed by an unbiased commission, and the price to be determined upon the actual value of the island and not to take into account Japan's war expenses or to carry a concealed indemnity to Japan, there is reason for the assertion that in all probability Japan's proposal will never stand in the way for the settlement of the dispute, according to the Russian official statement, that the stumbling block to the settlement can be removed and the negotiations can be resumed on a promising basis for the continuance of the negotiations.

BERLIN, Aug. 28.—Chancellor Von Bismarck's exclusive telegram to the Associated Press from the Norddeutscher Lloyd, affirming that the German Emperor and the German government have never ceased to support peace whenever an opportunity offered, was reproduced in New York dispatches to Berlin newspapers today. The conclusion was taken to compare this news with the anonymous utterances and assertions of the British and French press that Emperor William had positively persuaded Emperor Nicholas to continue the war.

ST. PETERSBURG, Aug. 28.—An imperial ukase, dated Aug. 19, orders the mobilization of troops for the reinforcement of the army in the Far East. The order applies to certain districts in the governments of Vinnia, Grodno, Kovno, Courland, Livonia, Pskov, Viatka, Saratov, Orenburg, Astrakhan and Ufa, and to the Don Cossacks. Horses have been requisitioned in various districts of eighteen governments.

Warden Henry Wilnot and wife are in the city. They are accompanied by Mrs. Toogood and daughter of Blythwood, Camberley, Surrey, who arrived from Montreal by the Lake Manitoba, and are visiting at the Bluff, Sundry Co.

THE JORDAN HOME AT POLLET RIVER.

Magnificent Summer Residence of Boston Merchant.

Valuable Furniture and Paintings Fill the House—The Barns and Equipment Are Right Up-to-Date.

About two years ago, James C. Jordan, son of Eben C. Jordan, one of the founders of the great department store of Jordan & Marsh, Boston, retired from the business to which he had succeeded on his father's death, and came to Albert county, the old home of his wife, and built one of the most splendid country houses that stands in Canada. The furnishings and decorations of this palatial residence are on an equally elaborate and sumptuous scale.

Chancing to meet A. C. Fairweather, who recently returned from a visit to the Jordan establishment in connection with the placing of a large amount of insurance on the house and contents, the Sun was able to glean from Mr. Fairweather some idea of this splendid house of Mr. Jordan.

Mr. Jordan and his wife travel a great deal in the winter months, but desiring to escape the strenuous atmosphere of city life, they come in the summer to New Brunswick, where the season is cool and delightful. Mr. Jordan purchased a block of land about a mile and a quarter square in one of the prettiest spots in the province. His residence is situated about four miles from River Glade station, on the I. C. R. The railway authorities, recognizing the large outlay which Mr. Jordan had made, erected a neat station house for his convenience and accommodation.

The other buildings on the place, which consist of barns and a residence for the farm manager, are on a scale which is kept up with the residence. The property has attracted so much attention, that Mr. Fairweather says the barns surpass in finish and completeness of detail anything he has ever seen in New Brunswick. Mr. Jordan keeps for carriage purposes eight valuable horses, of blue blood and very stylish and handsome appearance. For general farm work he has a number of other horses. Carriages there are of all descriptions, eleven in all, ranging from two handsome Lennox broughams, which are used when four-in-hand turnout are required, to a natty little basket phaeton for Mr. Jordan's use. Mr. Jordan also has a four-in-hand in accordance with the season, but which is not used.

Mr. Fairweather mentioned that one handsome gold-mounted harness for a four-in-hand team was worth \$300. The men are given constant employment on the place, and the household staff includes seven maid-servants.

Mrs. Jordan is a lady of commanding presence, and very gracious and charming in manner. She is the good angel of the poor and needy of the countryside, and is constantly doing something to lighten the burdens of the less fortunate.

Mr. Jordan is also most charitably disposed and as an instance of this he has erected at his own expense near the residence a handsome residence for the pastor of the Baptist Church, with which he is connected. He has also generously contributed to the restoration of the church, and has arranged to pay out of his own pocket the salary of the preacher, who will fill the position.

Mrs. ELIAS A. MORINE, Hortonville, Ont., writes: "I could fill a whole column citing the virtues of Dr. Fowler's Extract of Wild Strawberry. It has been my firm friend for years, and once it saved the life of one of my little ones. I would not be without it."

YELLOW FEVER NOW WELL UNDER CONTROL.

NEW ORLEANS, Aug. 28.—Yellow fever report to 6 p. m.: New cases, 45; total cases to date, 1,788. Deaths today, 5; total to date, 260. New foci today, 18; total to date, 420. Cases remaining under treatment, 18.

So thoroughly under control is the yellow fever, believed to be now it is expected that within the next ten days Dr. White will be able to reduce the force of workers now employed. Interest attaches to the development in connection with the discovery of yellow fever at Gulfport, Miss. Governor Vardaman some time ago announced that there would be proceedings against doctors in Mississippi who suppressed the existence of yellow fever. Details in the case of Mrs. Collins, the first Gulfport case reported, indicate that yellow fever was present at Gulfport several weeks ago, as she had been in Gulfport for several weeks before taking sick. Dr. Wadsworth found three cases of yellow fever in the neighborhood in which Mrs. Collins lived at Gulfport. Many persons who went north on vacations on the appearance of yellow fever are now being returned to New Orleans, believing that the worst is over.

HOUSTON, Tex., Aug. 28.—State Health Officer Tabor today quarantined against Memphis. The restrictions affect only people from Memphis. Passengers coming through Memphis will continue to be admitted to Texas.

NATCHEZ, Miss., Aug. 28.—City Health Officer Dr. Fichette refuses to accept the diagnosis of the county health officers and their physicians that there is a pronounced case of yellow fever in Natchez. Dr. Young of the marine hospital service is on his way to Natchez from Jackson on a special train.

NEW ORLEANS, Aug. 28.—Today's yellow fever record shows an increase in the number of new cases and centres of infection over yesterday, but indicates a decrease in deaths from 13 to 5. One of the deaths today is Sister Mary, of the convent of Perpetual Adoration, where her case was not reported until her death.

MONCTON, Aug. 27.—Forest fires are raging at many different points in northern New Brunswick, and unless rain comes soon a tremendous amount of damage will be done. The McCrewey mills at Catamount are threatened, and the owner went up by a special train this afternoon to assist in fighting the fire.

Back of Berry's Mills region, about 15 to 18 miles north of Moncton, a large tract of forest has already been burned over, and the fires are sweeping everything before them. Big fires are also raging on the Northwest Miramichi and tributaries, doing immense damage in the virgin forest, and wiping out camps, boats, houses and lumbermen's supplies. In the Coverdale poisoning case, the third child of Abner Reid died last night, and the contents of the stomach have been taken by doctors to determine if poison was the cause of the mysterious deaths.

The Amherst cricketers got a bad beating in Moncton on Saturday, scoring only 61 in two innings against Moncton's 231. Ackman of Moncton topped the score with about 80 runs in the two innings.

NOTABLES ARE VISITING CANADA.

Members of British Nobility Arrive in Quebec on S. S. Victorian.

QUEBEC, Aug. 27.—The Allan mail steamer Victorian, which arrived last night, brought a number of distinguished persons among her large passenger list. Prominent among them was Lord George Hamilton, the well-known English statesman, who is a brother of the Marchioness of Lansdowne, wife of the former Governor General of Canada. Lord Hamilton has held the post of first lord of the Admiralty and was also secretary for the Colonies in the cabinet of Mr. Balfour, but he resigned his office in 1895 after a few years' tenure. Another distinguished passenger was Lord Robert Cecil, who was accompanied by Lady Cecil. Lord Cecil is the third son of the late Lord Salisbury, prime minister of Great Britain. The Hon. William Robert Wellesley Peel, member of parliament and war correspondent, and his brother, the Hon. Sydney Peel, who served in the Imperial Esomany in the late South African war, and who held the post of first lord of the Admiralty, were also on board the Victorian. They are some of the first Victorian Peel, a former speaker of the British House of Commons. In addition to these the passenger list also contained the names of Viscount Vessel and Sir Thomas and Lady Cleve.

HALF MILLION BLAZE AT JOHNSTOWN.

JOHNSTOWN, Pa., Aug. 29.—The building and store of the Pennsylvania Coal Co., which operates the largest department store in the city, are a total loss as the result of a fire that started about 11 o'clock last night among refuse near an elevator shaft. The estimated loss is \$500,000, which is the most covered by insurance. The entire fire department of the city was called out. For a time the Crystal Hotel and other buildings across the street from the Pennsylvania store were threatened, but the fire department succeeded in confining the blaze to the building in which it originated.

Provincial News

MONCTON, N. B., Aug. 25.—The Locomotive Engineers, whose excursion to the rocks at Hopewell Cape was interrupted by the grounding of the steamer Wilfrid C., owing to low tide, got away all right this morning and had a delightful time on the picturesque shores of Albert County.

J. C. Mahon, manager of the Havelock Mineral Springs Company, who has been seriously ill at his home in Moncton, was somewhat improved today.

Miss Stenhouse of Edinburgh, Scotland, has been visiting her uncle, Jas. Stenhouse, in Halifax, spending some time in Moncton with her cousin, Mrs. Geo. O. Spencer.

Dr. Elmer A. Gaudet, who graduated this year, left yesterday for England via New York. After a course in hospital work he will take a position on one of the Elder-Dempster liners between England and South Africa.

A nurse's home, to cost \$3,000, is now projected in connection with the Moncton hospital. The capacity of the hospital has been overtaxed for some time, and of late many convalescent patients have been unable to get admission. The addition would permit of a number of extra rooms for patients.

HOPEWELL HILL, Aug. 25.—Mildred Turner, the nine-year-old daughter of Capt. H. A. Turner of Riverside, fell down a cliff at her home on Tuesday and although she was not seriously injured, she was rendered unconscious for two hours. It was feared at first that there was concussion of the brain, but fortunately the more serious symptoms disappeared and with rest the little girl is expected to be all right soon.

The following are among the recent arrivals at the Albert house, Hopewell Cape: George W. Forbush and wife and three children; Mrs. Wilson, S. J. Goodfellow and wife; Susan; Miss R. Cooke, Quelp. Ont.; Dr. and Mrs. David Allison, Sackville; H. A. Allison, Calgary.

MONCTON, N. B., Aug. 25.—Mrs. Moses P. Gallant of Shediac Bridge, died suddenly at the residence of O. M. Melanson at five o'clock yesterday, aged fifty. Deceased was taken ill Monday night and despite medical aid passed away yesterday afternoon.

Geo. W. Russell and family left Saturday morning en route to Boston, after a pleasant stay here of two months.

Robert De Ceu, wife and family left Saturday morning for St. John, after a stay of two months.

BURTON, Aug. 25.—Mr. and Mrs. Fred Barnes passed through on last night's boat to spend a few days at the Methodist parsonage, Gagetown.

Mr. and Mrs. Barnes were married in Montreal last Saturday on the arrival of the Tunisian from England, on which was the bride. On their return they will reside in Fredericton.

Mr. Barnes being one of the popular clerics in Edgewood & Co's store. On the night of the financial district meeting in Pine Grove church a public missionary meeting is to be held, when Rev. Dr. Rogers and Rev. W. B. Thomas will deliver addresses. The ministers expected to attend are Revs. James Crisp, Dr. Rogers, W. B. Thomas, Edmund Ramsay, J. A. Ives, J. K. King, M. R. Knight, W. R. Papp, A. C. Bell, W. J. Kirby and some of the superannuated.

A number of laymen have a right to be elected by the official boards. This is the first time this church has been asked to entertain the district, but the people are noted for their hospitality, and will make the district welcome.

Mr. and Mrs. Robert Belyea of St. John were visiting at Upper Gagetown on Tuesday.

Mrs. (Rev.) G. M. Campbell and daughter, Jean, passed through by boat yesterday to Gagetown after visiting in Fredericton for a few days.

Word has been received here that Mrs. Lewis Dingle of Gagetown fell while passing from one room to another at her son's house, Fred Dingle's, and dislocated her hip. She is over 80 years of age and a heavy woman, and her recovery is said to be doubtful.

Miss Clowes of Ormoco is visiting at Mrs. Robert Davis' at Gagetown.

FREDERICTON, N. B., Aug. 25.—A disastrous fire occurred at Long's Creek yesterday afternoon, causing a total loss of \$5,000 to Jacob Lawrence. The fire entirely destroyed the historic John Long place at what is known as Loc's Creek. The fire originated from a spark from the chimney leading from the kitchen stove, and soon the whole place was ablaze. It was about 4 o'clock when the fire commenced, and at that time a heavy wind was blowing. Sparks were blown from the house to the outbuildings, and Mr. Lawrence's three barns were seen in fire also. By the most haz-

ardous as well as strenuous work, the furniture in the house was saved. Fortunately the cattle were in pasture. The horses, pigs and other live stock in the barns and smaller outbuildings, included in the property destroyed in the fire, were 125 tons of hay and 50 bushels of oats, and the loss of this produce will be badly felt by Mr. Lawrence. There was insurance upon the burned property to the extent of \$3,000 in companies represented here by E. H. Babbitt.

Mrs. Lawrence is expected to arrive here from St. John this evening, and Mrs. Lawrence was formerly Miss Lucy Vanwart, and has many relatives living at St. John.

An appraiser is expected to arrive here from St. John this evening, and he will go to Long's Creek to adjust the losses. It is stated today that Mr. Lawrence will commence to rebuild as soon as possible.

FREDERICTON, N. B., Aug. 25.—Word was received here today of the death of Charles King, in the 73rd year of his age, who was one of this city's best known and respected citizens, and had for the past thirty-seven years filled the position of sexton of the Methodist church. He is survived by a widow, one son and three married daughters.

This has been a week of picnics. Yesterday the Church of England and Methodists held their annual outing at the Presbyterians are taking their turn. All were most successful, both in attendance and financially. On Wednesday the Church of England congregation of Ormoco and vicar, held its picnic at Fredericton Junction. It was a very great success, about \$400 being realized.

ST. MARTIN'S, Aug. 25.—The funeral of Wm. Brown, the 16 year old son of James Brown, West Quaco, who died in the St. John hospital and whose remains were brought here by train Friday, was held Friday afternoon in the Episcopal church. Rev. Alfred Barham officiated. The interment was held in the Mosher Hill cemetery.

Much sympathy is expressed for the bereaved parents, as the young man was particularly bright and clever. Rev. Donald McKensie of the Presbyterian church exchanges pulpits Sunday, Aug. 27th, with Rev. Mr. Hill of Fairville.

Mrs. (Rev.) Alfred Barham leaves Monday for Montreal accompanied by her brother and niece, Mr. and Miss Stillwell, who have been her guests.

AMHERST, Aug. 27.—Pineo Wilson, of the firm of Wilson & Brown, left on Friday for Toronto, where he will be married to Miss Campbell, daughter of D. J. Campbell of the Canada Life Insurance Co. A cosy home on Crescent avenue is ready for occupancy on their return from a wedding trip.

The marriage of Miss Davison to Mr. Holmes comes off on the 30th Sept. and not on the 30th inst., as incorrectly reported.

On Sunday the Oddfellows marched to the Highland cemetery, as is their custom annually, and decorated the graves of their deceased brethren with flowers.

Mrs. J. Albert Black is visiting at the Kennedy House.

A number of our citizens intend leaving early next month on a trip to the Pacific coast. Among the many are Mr. and Mrs. J. A. Davis, Miss Beattie Curry, E. E. Hewson, Miss M. H. Henson, and C. E. Black of Pugwash.

Miss Winnie Fullerton left last week to spend a little time with friends in St. John.

Mrs. Dr. Bliss and her mother, Mrs. Reid, of Los Angeles, Cal., who is spending a few weeks with her, went to Halifax on Saturday morning, returning tomorrow evening.

The Choral Union of the Canada Presbyterian Church in Shediac, Moncton, Pettoctidac, Hopewell, Dorchester, Sackville, Belle Verte, Mount Whatley, with representatives from Christ church, Amherst, will have their annual meeting on Wednesday, Sept. 6th, in Trinity church, Dorchester.

HOPEWELL HILL, Aug. 25.—L. A. Corey, formerly principal of the superior school here, who has been spending the vacation in this parish, left today for his home in Pettoctidac.

Miss Margaret McGormann left by today's train for Campbellton, where she has a position on the teaching staff of the foreign mission.

Word was received here today of the death of Mrs. Gross, widow of the late Rev. Michael Gross of Hillsboro. The deceased lady was about 75 years of age, and was held in high esteem.

Logisville today on the I. C. R. picnic.

Rev. W. B. Armstrong of Pettoctidac, many years ago pastor of the Harcourt Episcopal Church, visited E. B. Buckfield this week.

Miss Beattie Ingram went to Moncton on Thursday.

Mrs. Fowler and Mrs. Jardine of Chipman visited Mrs. Ingram here this week. They are now visiting Mrs. Ingram's daughter in Joggins, N. S.

Mrs. F. G. Allen of Campbellton has returned to Harcourt from her visit to Mrs. Woodville Barker, Sheffield, and is staying with Mrs. Ingram.

Smith's Corner school has reopened. The teacher is Miss Ferguson of Main River.

Rev. W. M. Townsend of Bass River is taking a vacation.

Mrs. Wm. West of Boston has been here several days visiting her mother, Mrs. Thos. Smith. Mrs. Robert Bryant, Harcourt, Mrs. Thos. Olsen and Mrs. Boyd of Granville, are sisters.

Kirby Wathen and his sister, Miss Blanche, are home from their visit to Richibucto this week.

Rev. Wm. Champlain closed a very successful series of special meetings in Clairville last night.

MILLTOWN, Aug. 23.—Mrs. Edwin Farnham has returned from Eastport, where she has had a pleasant outing.

Mrs. John Allen, who has been in poor health for several months, died this morning at 2 o'clock, aged three months old, and her husband, Mr. J. M. Allen, died at the same time.

Mrs. Wm. Todd, little son Fred and nurse of Richmond, Va., are the guests of Mr. and Mrs. Irving R. Todd.

Mrs. Wm. McLaughlin arrived home from the West on the Thursday following her visit to the home of Mr. and Mrs. Warren Reid. One week ago on Monday little Harvey, the four year old son of Mr. and Mrs. Reid, was seized with violent illness and on the Thursday following Warren, aged two, and Joseph, aged six, both became afflicted in some mysterious manner. A physician had been summoned and the case diagnosed as polio-myelitis, but the treatment was of no avail. Dr. McNaughton, Smith and Darling were called into consultation, but their efforts were of no avail. Yesterday (Thursday) morning, one week later, the boys were seized with the mysterious malady. Warren, the younger of the two, passed away. Hersey, the second son, lingered until this morning, then the death messenger came. Joseph, the eldest son, still hangs on, but little hope for his recovery is held out. The cause of the deadly disease is a source of mystery, and the parents are dazed by the terrible affliction which has so suddenly come upon them. They can form no opinion on the cause. It is believed that the boys had eaten some deadly plant poison, laurel or something of that nature, which caused the disease.

Mr. and Mrs. Warren Reid had lived in Middle Coveville up to three years ago, when they went to Boston. In May last the family returned to Middle Coveville and have since resided there. The boys had been in all their children, and the parents' hearts are broken at the terrible loss. The deceased boys were bright little fellows, and in their bereavement the sickening parents have the genuine and heartfelt sympathy of the entire community.

While at work in the I. C. R. yard yesterday Brakeman Edward Harvey had his foot caught in the wheels of a train and was fatally injured. The accident occurred while Harvey was shunting cars, his foot catching between the cars.

The death of the children is believed to have been due to drinking from a well, the water in which was very low. The well was dragged and a number of old tins were found in the bottom, some of which may have contained Paris green or other poisonous matter.

ST. ANDREWS, N. B., Aug. 25.—The last of the annual August church sales and tea meetings held in Saint Andrews terminated with that of the sale of fancy goods and tea held in Methodist hall on Thursday, the 24th inst., under the auspices of the ladies of the Methodist church. The sale was patronized to a large extent by the residents of the town, including representatives of all denominations. There was a good display of useful and fancy articles, made by the willing workers, matrons and misses. The tables were as follows:

Fancy work table—Mrs. Marsh of St. John, Cal. Miss Lottie Pye, Miss Lottie Worrall, Miss Allen of Boston.

Guild table—Miss Chas. Miss Beattie Thompson, Miss Hilda Hewitt, Miss Maud Greenlow.

Flower table—Miss Cecelia Hewitt, Miss Edith Hewitt, Miss Beattie Clark, Miss Winnie Maloney.

Ice cream table—Miss A. Allen, Miss C. Parkins, Miss Margaret McQuoid.

Tea table—Miss Bertha McQuoid, Miss Jean Hewitt.

Tea tables—Mrs. Parkins, wife of the pastor; Mrs. Dr. Wade, Miss Worrall, Miss McQuoid, Miss Carrie, Gardiner, Miss Allen, Mrs. J. S. Maloney, Miss Beattie Clark, Miss Minnie Gardiner, Miss Lottie Pye, Mrs. G. McKay, Miss Margaret Johnson, Miss Vera Hewitt, Mrs. George Chase, Miss Cecelia Hewitt, Miss Joan Hewitt, Mrs. Owendun, New York.

Tea and coffee servers—Miss Ida Graham, Miss Barbara Armstrong, Miss Cathcart.

Carvers of meats—Mrs. Burpee, Hanson, Mrs. Isaac Johnston, Miss Annie Gibson.

The proceeds of the sale and tea amounted to two hundred and sixty dollars, the dollars of which was a donation from the Misses Sherrard for their brother James, who was absent on a trip to his farm at Bloomfield, Carleton Co. These worthy people impartially patronized all the church sales.

SACKVILLE, N. B., Aug. 25.—The Sunday school of St. Anne's Church, Westcoast, held their annual picnic on the church grounds Wednesday.

Miss Le Page, who has been the guest of the Misses Morin, leaves today for her home in Charlottetown.

Mr. and Mrs. Wilson, who have been spending a few days in St. John, returned to Sackville Tuesday.

Miss Hart of Halifax, who has been the guest of the Misses Hart, York street, left for home Thursday.

There were large congregations at both churches and the services were bright and hearty.

ALBERT CHILDREN DIED FROM POISON

Three Sons of arren Reid Ate Some Herb

And Now Two Are Dead, While the Third Is in a Critical Condition.

MONCTON, Aug. 25.—With two sons dead and the third only remaining child dying, one of the saddest and most pathetic cases in the annals of New Brunswick was recorded within the past twenty-four hours at this city's great central hospital.

The three children, the youngest only three weeks old, and her husband, Mr. J. M. Allen, died at the same time.

Mrs. Wm. Todd, little son Fred and nurse of Richmond, Va., are the guests of Mr. and Mrs. Irving R. Todd.

WAR AGAINST ALL FISHERMEN

For Using Dynamite in Killing Fish.

Pleaded Not Guilty But Were Held and Fined \$100 and Sixty Days.

(Special to the Sun.) EASTPORT, Aug. 25.—It now looks like war against all fishermen, both Yankees and Canadians, who use dynamite for killing off pollock, cod and the other kinds of fish so common in Passamaquoddy Bay and the Bay of Fundy. There was something doing at this city on Wednesday before Judge John H. McFaul.

Fish Warden Peter M. Kane of this city has been out on the trail of reported violators of the fisheries in the section of the coast, and in company with Captain John H. Pratt of the Canadian fishery protective cruiser Curlew early in the week made an unannounced visit to a party of boatmen in the harbor who were making use of explosives for killing as many fish as they could in quick time.

On the approach of the boat containing the above American and Dominion officials, who are giving their attention to this kind of illegal fishing at the present time, the boatmen got out of the way in quick time, but on a later visit of the officials they succeeded in catching Charles Lank and James McCallum of this city gathering up fish from the top of the water, which were later in the county jail. The prisoners appealed to the October term of court at Machias and their bonds were placed at \$200, which were later in the day secured, when they were released.

The warden has evidence against other illegal fishermen of Quoddy. It is charged, and other arrests are looked for later in the week on the same charge of using dynamite or other kinds of explosives.

While the Canadian law for the same offense is a fine of \$100 and the confiscation of the boat and fittings, on this side the present time line fishing is the 60 days sentence is added, so it comes higher to be caught on the American side of the boundary engaged in this practice.

Captain Pratt has been in the harbor for several days looking after any Dominion fishermen who might be caught with the explosives in their possession, which would be good evidence that they were to use it, and being more extensively practiced than for some time past, and the pollock and cod may get a chance to live out their allotted term of life in the surrounding waters, unless they wander around with a white object. It is just the reverse in warfare. A soldier never has to fire at a white object. It is always black or dark. The Boers in South Africa always shoot with white ivory sights, and no doubt that their good shooting in the late war was due to that fact.

Then the Bisleys man fires under the most artificial conditions. He lies on his stomach and rests his elbow on the ground. Any other position that he takes is a disadvantage. He never handles a rifle. The shooting at a big stationary target at long range is the worst possible training. In the first place, the men fire with a black sight on a white object. He never handles a rifle. The shooting at a big stationary target at long range is the worst possible training. In the first place, the men fire with a black sight on a white object. It is just the reverse in warfare. A soldier never has to fire at a white object. It is always black or dark. The Boers in South Africa always shoot with white ivory sights, and no doubt that their good shooting in the late war was due to that fact.

Interesting History of Sadie Mac—Entries for the Moncton Races—Tennis Championships.

THE HISTORY OF SADIE MAC.

A Canadian owned, if not Canadian bred horse is the queen of the Grand Circuit trotters for 1905. The unbeaten five-year-old Sadie Mac, with a record of 2:08 1/4, has as her owner Miss Katherine L. Wilks of Galt, Ont., and the story of her career, and the honors she and her dam, the Arion mare Fanella, proved to the lucky owner, is one that will be read with interest by breeders and farmers who, if wide-awake and hustling, might develop colts with just as much speed.

Sadie Mac, along with her brother, Todd, and Fanella, was exhibited here in the 1901 exhibition, and when at Mooseport Todd gave an exhibition while Sadie Mac, then a year old, trotted by the side of her mother. The story of Sadie Mac and her family is thus told by A. J. Welch in the New York Herald:

"When J. Malcolm Forbes bought Arion, 2:07 3/4, for \$125,000, to place at the head of his stud, he announced that ten outside mares would be bred to the colt in the following year. The stud fee was \$2,500 for each mare, yet there was a rush to breed to him. I booked four mares and handed Mr. Forbes a check for \$10,000 to pay the bill. When I did so he asked me whether I would rather return the mares the next year or have my money back if any of them failed to get in foal. I figured that I could always be sure of breeding to the horse for \$2,500 and maybe for less so I told him I would take the money.

"Well, of the four mares only one produced a foal. Mr. Forbes sympathized with me when he paid the money back, saying it was too bad to have lost the use of the mares for a year. I didn't think so, however, for the panic of 1893 had come along in the meantime and including trotters in general, and high stud fees in particular. Of course, I didn't say so to Mr. Forbes, but I wouldn't have had those three mares produced for \$10,000 and three mares produced could buy an Arion colt for about \$800.

"Two or three years later, when I bought all of Major Dickinson's trotters privately and sold them off at auction, I put my one Arion foal—a filly out of Directress, by Director—in the sale. She brought \$800 and Mr. Forbes bought her. He bred her to Blingen, 2:06 1/4, and when she foaled a nice colt in the following spring he bred her to Peter the Great, 2:04 1/4. Then, for some reason or other, he put her in a sale. I went up to Boston to buy her, but the interest of a friend prevented me from doing so, and she went to George Leavitt's bid of \$525 for mare and colt. Leavitt really did not want her, and he let her go at a small profit to J. M. Johnson, the mayor of Calais, Me., keeping the colt, however.

"The colt turned out to be Todd, for which Mr. Forbes offered \$18,000 two years later, and the foal that came two next spring was Sadie Mac. She won \$30,000 in her three-year-old form, was sold for \$17,000 and resold for \$15,000 last year; has won about \$15,000 thus far this season and should win as much more before the campaign ends. Her owner has refused \$30,000 for her and has said no when asked if \$50,000 would buy her, so you see this Arion mare that was picked up for \$2525 proved to be a gold mine. I forgot to say, by the way, that Fanella—this was the Arion mare's name—afterward trotted to a record of 2:13 after weaning a colt, and could have been sold for \$10,000.

"The most interesting part of it all to me," continued Mr. Welch, "is the reflection that any wide awake, hustling farmer boy might have owned Fanella and her two great colts and developed them and made a small fortune for himself with a capital of \$2525. It is the chance to draw a prize like this in horse breeding that keeps the boys on the farms in these days, and if more farmers would help their boys to get a well bred trotting mare or two the census statistics would show some decrease in the alarming tendency of our population to congregate in the cities."

Sadie Mac is regarded by many as the fastest horse in the American turf, and with Thorton lane, Sweet Marie in poor form, Lou Dillon and Major Delmar both of color, the mare is the star of the season.

Sadie Mac was foaled on John M. Johnson's farm near Calais, Me., and a three-year-old was sold to E. E. Smathers for \$17,000. Last winter she was auctioned off, and was then bought by Miss Wilks for \$15,000. Miss Wilks follows the horse in the grand circuit and takes a great interest in her work.

THE YACHT RACE TO SHELBURNE.

CHESTER, Aug. 23.—The first stage of the yacht race to Shelburne ended today with the Gloria's arrival here at 2:46:20, followed by the Hope Leslie at 3:00:05, a difference in favor of the Gloria of 3 minutes 45 seconds. The yacht left Halifax at 9:15 o'clock with a northwesterly breeze of twenty miles an hour, a breeze that freshened all the time. The Hope Leslie turned the automatic buoy off Sambre first about a mile in advance of the Gloria. The Cosack, the other boat that started, did not turn the Sambre buoy, but followed on to Chester. The breeze would have suited the schooners admirably, but it was a little too strenuous for the sloops. It was while the Hope Leslie was changing her spread crossing Margaree's Bay that the Gloria came up with her and passed the American yacht.

The race will be continued tomorrow to Liverpool, and the next day the final stage will be from Liverpool to Shelburne. The organization of the International Football League will be completed at a meeting to be held in the Neptune Rowing Club's rooms on Tuesday evening, 29th.

WAKEFIELD, Mass., Aug. 23.—A number of Italians who had been attending a christening in the North Saugus woods, held up an electric car of the Boston and Northern line to-night, nearby the place of their festivities. Conductor Petersen, who says the men had been drinking, attempted to put them off the car. They turned upon Petersen who fled into the woods where he was forced to remain for an hour or more.

The passengers, mostly women and children, were terrorized. Word was sent to the Lynn and Saugus police. A detachment of officers was sent to the scene and four of the Italians were arrested, the others making their escape.

Traffic on the road was delayed nearly two hours.

THE BAD ROADS ACT

More Complaints About the Highways.

Moncton Expects a Record-Breaking Crowd for the Labor Day Programme.

MONCTON, Aug. 23.—Complaints continue to come in from all directions of the desperate state of the public highways and bridges. The new highway act appears to be a case of going from bad to worse. On many of the principal roads leading out of Moncton not a shovel of earth has been turned, and in some places the roads are fairly impassable, though the season has been favorable. As an instance of how the provincial government does business, the Shediac river bridge on the McLaughlin road may be cited. This bridge has for a long time been in an unsafe condition, and tenders were invited last March for the necessary work. A contract is said to have been let to the Copps of Sackville, but nothing has been done to date. The general feeling is that instead of taking Jerry railroads off the hands of the owners and putting them in shape, the government would be better employed in looking after the public highways.

Five hands have been engaged for the Labor Day demonstration in Moncton, two from Sackville, one from Amherst, and the Moncton band. There will be about fifteen carts in the parade, including a vestibule car, a locomotive and a blacksmith shop in operation by the different I. C. R. men. The Joiners and Carpenters Union of Amherst will participate in the parade, and many entries from outside places for the sports have already been received. As the horse races also commence on Labor Day, a record-breaking crowd is expected. Upwards of forty entries have been received for the races, the largest number ever entered for races here. There are no less than fifteen entries for the 2:30 trot and pace, seven for the 2:15 trot and pace, six for the free-for-all nine for the 2:24 trot and pace, and nine for the 2:27 trot and 2:30 pace.

J. C. Mahon, who has been seriously ill with typhoid fever, is considerably improved, and his recovery is now looked for.

THE WILL OF THE LATE FRANCIS G. PARKER

Gives Small Amounts to a Number of Halifax Institutions.

(Special to the Sun.) HALIFAX, Aug. 23.—The will of the late Francis G. Parker, Halifax, provides for the following charitable bequests: The executors are directed to pay within six months after the testator's decease the following legacies, free from all succession and legacy duties: To the W. C. T. U., Halifax, \$400; West End Baptist church, \$300; Deaf and Dumb Institute, \$200; School for Blind, \$200; Protestant Industrial School, \$200. The sum of \$24,000 is to be invested for the use of his widow. There are several other bequests to relatives, among them to three daughters, the testator's brother, Daniel M. Parker, each \$200; to Kate B. Parker, wife of testator's nephew, Wm. F. Parker, to niece, Annie Chandler, \$500; to niece, G. Parker, \$500. The estate is estimated to be worth \$50,000.

STOESSSEL'S DEFENCE.

PARIS, August 23.—General Stoessel has put in the hands of St. Petersburgh correspondent of the "Matin" a long statement in which he defends himself against the accusations of the Russian press, and violently attacks the Russian admirals for their management of the fleet at Port Arthur. Speaking of Admiral Uchitomiaki he says: "What sort of respect can one have for an admiral who, terrified at the Japanese shells, remains at a distance and invisible, reduces his flag to the size of a pocket handkerchief and then lowers it completely? There is probably no other case on record of an admiral lowering his flag out of fear of the enemy's bullets."

In reference to articles written praising the Russian fleet he adds: "By what right have so many excellent qualities been attributed to the Russian naval heroes? Heaven preserve Russia from heroes of a sort able in three or four days to lose an immense squadron of battleships and cruisers."

FOREST FIRES DOING DAMAGE IN MAINE.

Large Areas of Timber Lands Being Burned—Gangs of Men Fighting the Flames. MILLINOCKET, Me., Aug. 23.—A number of bad forest fires are raging within 30 miles of this town. The worst are around Braggville, in the town of Sherman, where they are burning in two or three places within a mile of the village, and at Telos Lake, Braggville was almost entirely wiped out by the forest fires two years ago this summer. They are also burning on the road to Patten and along the Bangor and Aroostook railroad toward Greenville. Another fire is burning southeast of Sherman and along Molunnessum stream. The wind today was blowing from the north and northwest, carrying the fires directly towards Braggville, but it was not expected the disastrous results of two years ago would be repeated. There is a small blaze near Millinocket Lake, and some timber land of the Great Northern Paper Co. at Hurd Pond, in township 2, range 15, is burning. The company has several men here tonight that it is not possible to make an estimate of the damage nor the acreage burned over, but the loss has not been heavy in any section.

LADY EILEEN MADE A RECORD RUN.

Many Passengers Enjoyed the Trip From Gaspe to Campbellton. (Special to the Sun.) CAMPBELLTON, N. B., Aug. 23.—The Lady Eileen arrived in port this afternoon at five o'clock from Gaspe with a very large passenger list and cargo, and reports beautiful weather and a splendid run. Quite a large number made the round trip in her, and were not soon to be forgotten. Passing Perce this morning at one o'clock, the powerful searchlight was turned on the famous rock, and it was seen not soon to be forgotten. The rock standing out in all its majesty in the light, with the inkly night at a background, and the birds, which were myriads on the rock, protruding, being awed from their slumbers. The Lady Eileen made the run from Gaspe in 18 hours, the fastest on record in the Bay Chaleur.

PROVINCES WILL BE SATISFIED

(Special to the Sun.) MONTREAL, Aug. 23.—Hon. Rudolph Lemieux, solicitor general, speaking at a banquet at Trebonne, in honor of Hon. J. B. Prevost, Saturday, said he knew Laurier's and Fielding's personal opinion in the federal subsidy question was a good idea, of the views of the other ministers. He was therefore in a position to state that the question would be settled at Ottawa at an early date in a manner satisfactory to the provinces.

THE COMMON LIE.

(Fred Mitchell.) "I'll be back in ten minutes," was written on the door. I read it again as I read it before, And as I might read it a hundred times more, I'd still find that legend annexed to the door. "I'll be back in ten minutes." Ten minutes from when? Are you counting from eight, or from nine, or from ten? As a proof you were absent ten minutes ago, I've stood here and waited, and therefore I know; Four flights of steep stairs have I climbed, and I'll climb them again, then I'll climb them no more, For should the same paper be pinned on the door I'll tear it and scatter it over the floor. And should he who wrote it return any more, He'll find it there lying—'twas lying in error; For the paper's a fraud, and the words were not his, And the lie of a message will grieve me no more.

SUSSEX.

SUSSEX, Aug. 23.—The Sussex grammar school opened for the half term this morning with F. R. McLean, B. A., the new principal, in charge. Miss Annie Clark, one of the newly appointed teachers, fell ill with typhoid fever at her home in Rexton, N. B. Until her recovery H. P. Dole will take charge of her department. R. B. Rossborough, manager of the Bank of N. B., accompanied by Mr. Forsythe of the same bank, left on Saturday for a trip to the Toronto fair. Mrs. J. E. Keith is visiting friends in Fredericton and Newcastle. The Misses Maggie and Louise Quinton of St. John are the guests of Mrs. Wm. Howes. Mrs. Arthur Hamm and Miss Edna Hamm of St. John and Miss Crockett of Moncton are visiting at the home of Robt. McEwen. Mrs. Clarence E. McCready of Moncton spent Sunday here, the guest of Mrs. J. Moore. Miss Hazel Moore left today for a short visit in Boston.

WANT FULL ACADEMIC AUTHORITY.

ODESSA, Aug. 23.—The ministry of public instruction has notified the officials of the local university and other institutions of its intention to amend the university statute of 1884 which have been condemned by Professors and students all over. A meeting today of 248 professors decided to continue to abstain from participation in university work until a new order of things is established and the people generally are given civil rights and the universities are granted full academic authority.

The Hawke-Ryan Assault Case to be Heard Next Week.

Incendiary Now Under Arrest at New Carlisle is Known as a Desperate Criminal.

(Special to the Sun.) MONCTON, Aug. 23.—Westmorland circuit court opens at Dorchester next week. The assault case of Editor Hawke against Mayor Ryan is supposed to come up at this court. Timely rains have extinguished the forest fires in the north and saved much valuable property.

At a session of the speedy trial court at Dorchester, Judge Wells sentenced Joseph Davis, an English tramp, to three years in Dorchester penitentiary for breaking into a house at Westmorland Point. Louis Hogan one of the prisoners recently arrested for burning at I. C. R. sectionman's shanty at Bel River, and now awaiting trial at New Carlisle, has now been identified as Victor Stewart, recently released from Kingston penitentiary, and a desperate criminal.

Mrs. Frances M. Moran, relict of the late Benjamin Moran; and one of the oldest residents in Dorchester, died this morning, aged 79. The funeral will be on Wednesday. William Coughlan, former clerk in the I. C. R. offices here, died suddenly at Eucoutche on Saturday. Deceased had been in poor health for some time, but seemed to be improving and, expected to be around again shortly.

Alex. McKinnon, a Springhill Miner Met Tragic Fate Yesterday. (Special to the Sun.) HALIFAX, Aug. 23.—Alex. J. McKinnon, an experienced miner at the Springhill collieries, was killed today in the west slope on the 3,200 foot level. A sag took place, bursting the coal out from the face of the cutting and planning McKinnon, who was at the time working at the face, to the roof. Willing hands were soon at work to rescue him, but as fast as the coal was loaded at the bottom it would bulge out from the face of the board in increasing quantities. McKinnon appeared to have been able to breathe freely, and once or twice the rescue party got so near his body, but the lower part was wedged against a boom, and when success would appear to be near, another fall of coal would drive the rescuers back, and finally he died. The body has not yet been recovered.

FROM THE CAPITAL.

OTTAWA, Aug. 23.—Immigration arrivals last month totalled 8,849, one-third the number for July of last year. Baron Komus has been invited to open the Ottawa fair, 11th Sept. A favorable answer is expected. The C. P. R. has appealed to the railway commission against the decision of the governor in council approving the location of the Grand Trunk Pacific west of Winnipeg.

Alex. McKinnon, a Springhill Miner Met Tragic Fate Yesterday. (Special to the Sun.) HALIFAX, Aug. 23.—Alex. J. McKinnon, an experienced miner at the Springhill collieries, was killed today in the west slope on the 3,200 foot level. A sag took place, bursting the coal out from the face of the cutting and planning McKinnon, who was at the time working at the face, to the roof. Willing hands were soon at work to rescue him, but as fast as the coal was loaded at the bottom it would bulge out from the face of the board in increasing quantities. McKinnon appeared to have been able to breathe freely, and once or twice the rescue party got so near his body, but the lower part was wedged against a boom, and when success would appear to be near, another fall of coal would drive the rescuers back, and finally he died. The body has not yet been recovered.

MONCTON NEWS.

The Hawke-Ryan Assault Case to be Heard Next Week.

Incendiary Now Under Arrest at New Carlisle is Known as a Desperate Criminal.

(Special to the Sun.) MONCTON, Aug. 23.—Westmorland circuit court opens at Dorchester next week. The assault case of Editor Hawke against Mayor Ryan is supposed to come up at this court. Timely rains have extinguished the forest fires in the north and saved much valuable property.

At a session of the speedy trial court at Dorchester, Judge Wells sentenced Joseph Davis, an English tramp, to three years in Dorchester penitentiary for breaking into a house at Westmorland Point. Louis Hogan one of the prisoners recently arrested for burning at I. C. R. sectionman's shanty at Bel River, and now awaiting trial at New Carlisle, has now been identified as Victor Stewart, recently released from Kingston penitentiary, and a desperate criminal.
