MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

PRESENTATION TO MR. & MRS. DRUMM

Surprise Party at the Manse on
Saturday Evening on Occasion
of Wedding Anniversary

On Saturday evening, about sixty of
the friends in St. Andrew's church,
surprised Rev. T. P. and Mrs. Drumm
at the Manse, on the occasion of the
tenth anniversary of their wedding.
The ladies of the congregation pre-
sented Mrs. Drumm with a beautiful
carpet, and a sum of money, and Mr.
J. M. McLean read the following ad-
dress.

Dear Mrs. Drumm:
On behalf of the ladies of the con-
gregation of St. Andrew's church, we
have taken the liberty to meet in your
home to offer to you and Mr. Drumm,
our sincere congratulations on this,
the tenth anniversary of your wedding
day.

We wish you to accept this present,
which we assure you is altogether in-
adequate to express the spontaneous
respect and mutual esteem in which
you are held as the mistress of the
Manse, and one who has given so
many instances of your kindness and
sympathy in all the interests of the
congregation.

In the four years of your residence
among us, you have had many trials
and difficulties, incidental to the dis-
aster which occurred previous to your
arrival, as well as these ever recur-
ring trials in your position as chief
lady of the congregation, and the sor-
rows occasioned from the loss of re-
latives so dear to you, in the old home
across the sea.

In all these, you have our sympathy,
and we wish to assure you of our
devotion to the best interests of the
church and people, and your kind hos-
pitality as our minister's wife.

On this occasion it gives us great
pleasure in uniting to convey to Mr.
Drumm and yourself, our heartiest
good wishes for many happy returns
of this day, and that in your lives you
may ever enjoy Heaven's choicest
blessings, and as the years roll by
may this recurring anniversary be-
come more and more precious as the
day on which was the commencement
of a partnership that will become
more perfect until the call comes for
you to enter into higher joys and com-
plete happiness.

MRS. D. C. FIRTH,
MRS. W. H. MILLER,
Com. MRS. C. T. COOL,
MRS. J. M. MCLEAN,
and others.

Mr. Drumm accepted the gift for
Mrs. Drumm, and replied in suitable
terms thanking the congregation for
their many kindnesses, after which
refreshments were served and the
company dispersed.

BUY AT HOME AND BUILD UP TOWN

If Every Dollar Earned Here
Was Spent Through Local
Merchants—What?

Campbellton is prosperous. Its
business houses are well stocked and
are doing a prosperous business.
Business in all lines is showing a
healthy, steady growth.

This year promises to be better than
last by long odds. Already consid-
erable buildings are under way, and more
are preparing to build.
BUT! If every dollar earned in this
town was spent through local mer-
chants, the prosperity would be even
more marked. Many more business
blocks would be necessary to house the
enlarged business of our merchants,
and trade generally would feel the
benefit of added capital. The increase
in building would mean more work
for the workmen, and thus help
all around.

Why not decide to buy all your re-
quirements in town.

The "Buy at Home" campaign in-
augurated by the Campbellton mer-
chants has no doubt been responsible
for some of the increase in trade, and
we hope that a large number will cut
out the mail order houses.

The twelve merchants interested in
the "Automobile Contest are all lead-
ers in their lines, and we can recom-
mend them to our readers.

They are as follows:
Thos. Wran, Druggist,
Leon Cantin, Jeweler,
Central Book Store, Stationery, Etc.,
J. F. Gallagher, Dry Goods and
Ladies' Wear,
Geo. St. Onge, Groceries and Provi-
sions.

A. A. Andrew, Andrew's Clothing
Store,
Miss Ulican, Milliner.

Ferguson Bros., Men's Outfitters,
The Lonsbury Co., Furnitures, Etc.,
F. E. Shepherd & Co., Ladies' Out-
fitters.

H. C. Montgomery, Jeweler and
Sporting Goods,
I. Floyd, Butcher.

To the present discussion as regards
the loss of the Empress of Ireland
may be applied the words of William
de Morgan, "The most deeply rooted
instinct of mankind is the one that
promptly it to lay the blame on some
one else.

FURTHER DETAILS OF THE GREAT STORM

Reports From the Gaspe Coast
Show More Severe Weather
Than at First Thought

From all over the coast, reports
have been received of the awful
weather experienced last Friday, the
like of such weather in June never
having been experienced before in the
memory of many of the oldest in-
habitants. The terrible nature of the gale
which swept the coast is only now be-
ing realised by the reports received
from the little fishing places along the
Bay Chaleur coast, as it was difficult
to get much further news, owing to
the destruction of telegraph and tele-
phone wires between here and Gaspe.

Anse a la Barbe, June 10.—A
dreadful easterly storm passed over
the coast, accompanied with snow, on
the fifth of June, which did much dam-
age especially to the fishermen.
Several boats were torn from their
moorings and driven out to sea. Ed-
mond Rousie and others took a gas-
line boat in Port Daniel to cross the
Bay in hopes of finding their boats.

In the meantime, John A. Chedore
ventured to go with his boat, which
he had rescued from the storm, to the
south, to help in the search. Arthur
Chedore's boat was found at the wharf
at Lower Carquet, having been res-
cued by the fishermen of that place.
Leon Rousie and others found their
boats also with very little damage.

Edmond Rousie's boat was found ten
miles further up, and on Tuesday, the
ninth, the wives and mothers of the
weather beaten fishermen, were an-
xiously watching the return of their
loved ones with their boats. Many
nets were lost and lobster traps were
demolished, barns and out buildings
were blown down. News has reached
us that much damage is done all along
the Gaspe coast. The weather is still
cold and unsettled, and farmers have
grave fears as to the results.

Gaspe Basin, June 10.—The weather
is somewhat finer after a very severe
storm. This was the worst storm we
have had for a long time. It fell 8
inches of snow here, and blew a heavy
gale of wind. Many trees were up-
rooted in our village. Much damage
was done to fishing boats on the coast
about one hundred boats were broken
up. The new Government wharf built
by Messrs. Dussault and completed
last fall, suffered some damage. The
steamer Carle came in port leaking
badly, considerable damage being done
to freight on board. The three mas-
ted schooner Bravo went ashore at
Dorchester during the storm, and
was floated again at high tide, with
the help of the government steamer
Princess.

Salmon seems to be plentiful at
present. Mr. John Davis shipped sev-
eral large shipments this week.

The St. Maurice Lumber Co. has
been having some trouble with their
drive, on account of low water in the
river. A large jam of logs formed in
the main river about six miles from
Gaspe. There is about 6 million feet
of lumber there. Mr. Brankley, man-
ager of the company was here a few
days. He expects to have all the lum-
ber down this week.

We have had quite a few visitors
this week. Commercial travelers
and others.

The Misses Cora and Olga Carter
arrived home after spending the win-
ter at Mount Allison College, Sack-
ville, N. B.

Mr. George Atkinson and Mr. Char-
les Taylor were down to Douglstown
fishing trout this week. Mr. Taylor
did have such good luck this trip,
as Mr. W. H. Anderson, Mr. Jas.
Brimble and George Atkinson arrived
there first, and the market was ex-
hausted when Mr. Taylor arrived. Mr.
Anderson did not return with the rest
as he was visiting friends at Haldim-
and.

Mr. Jas. Kenney has opened his
barber shop in Gaspe Harbour, on
the corner of the street.

The Society of the Turkey Buzzards
have quite a few members in Gaspe
Basin. Mr. Charles Annette has de-
cided to join this week. Mr. Mor-
mer Carter is already a member. We
are glad to hear that he is an honest
member.

Seal Cove, June 8.—A heavy snow-
storm accompanied a very strong
wind, struck this place on Friday,
June 5th, nearly one foot of snow fall-
ing. Much damage is reported
throughout the district, a large barn
here and a new house of concrete
blocks in Douglstown were blown
down by the wind. A large three-
masted vessel has been driven ashore
near Douglstown, but it is expected
that she will get off without very
much damage. The extreme cold
played havoc with a number of sheep,
many of them perishing from ex-
posure.

Fishing boats were driven
ashore and broken up by the force
of the gale, and fences throughout
the district were blown down and de-
stroyed.

GOVERNMENT WILL AID SUFFERERS

Ottawa, June 10.—The Dominion
Government may make a grant in aid
of the Gloucester and Gaspe fish-
ermen on account of the disaster to
the fishing fleet.

The subject was brought to the at-
tention of the House of Commons to-
day by Mr. O. Turgeon, of Gloucester.

EXCHEQUER COURT MET HERE YESTERDAY

Two Cases Regarding Exprop-
riation Are Heard Before
Judge Audette

A sitting of the Exchequer Court
was opened here yesterday, Judge
Audette of Ottawa presiding. Two
cases were on the docket, the King vs.
George Duncan, and the King vs. I. W.
Stevens, both of these cases arose out
of recent expropriation proceedings,
for land taken up by the Government
for Railway works. Mr. Duncan's
case was for land taken at Sugar Loaf
street, and Mr. Stevens' for that taken
at the Subway.

Mr. Huggins of Ottawa, Assistant
Registrar was in attendance, as well
as numerous witnesses for the Gov-
ernment. J. M. B. Baxter of St. John
and Geo. Gilbert of Bathurst, rep-
resented the Government, and H. A.
Powell of St. John and W. A. True-
man of Campbellton, were for the de-
fense.

FARM HOUSE BURNED AT KEMPT ROAD

Building Owned by Jas. Alex-
ander Destroyed by Fire on
Monday Afternoon

On Monday afternoon, the large
farmhouse at Kempt Road, owned by
James Alexander of this town, was
destroyed by fire. The men employed
on the premises had just had dinner,
and after coming out of the barn,
where they had been working for a
few minutes, were astonished to find
the dwelling house in flames. Fanned
by a high wind, the fire made head-
way, and the heat was so great, they
were unable to do anything to save the
building, which was burned to the
ground. No reason can be assigned
for the outbreak, and the loss will be
considerable. There was a little in-
surance on the building, but none on
the contents, so that the men lost all
their effects, including clothing and
tools, as well as all the furniture in
the building. The two barns on the
farm were not touched by the fire.

GRAPHIC CONTEST GOES MERRILY ON

Bay Chaleur Towns Running
Up Long List of New
Subscribers

The Graphic Auto Contest is going
along steadily and while Chisholm
seems to have a long lead, he no doubt,
is still working hard, as it does not
take many new subscribers to run up
a large total.

We should like to have another con-
testant, and some one should enter to
drive, on the cash prizes. There are three
of these and they are worth working
for.

One of the surprises in this contest
is the manner in which the list of sub-
scribers has grown. In the different
towns along the Bay Chaleur, Dal-
housie and New Carlisle are running
about even, with a slight advantage to
New Carlisle. In Dalhousie our list is
just about 150, while in New Carlisle
it is a little over that number.

Chandler, that town which was a
farm less than two years ago,
but now a hustling town, has a
list of nearly sixty, whereas a year
ago, it was not on our list at all.

Gaspe, Gaspe Harbour, Douglstown,
and in fact all the towns have
large, and growing lists.

While the down the bay district is
being well covered, the up river dis-
tricts are also being largely added to.

Matapedia, which a year ago, had a
small list, to-day it has nearly one
hundred, and the offices served
through Matapedia, have shown such
a marked increase that it is now nec-
essary to make up a mailing for Mat-
apedia and district inclusively.

In one earlier settlement every
family but four are subscribers to the
Graphic.

This added circulation in the district
served by Campbellton enhances the
value of our advertising columns, and
every merchant who desires to reach
the people, should have his advertise-
ment in our columns.

The standing to date is:—
Miss Amy E. Beck, Chandler, P. Q.,
42,975.

Winston Chisholm, New Carlisle, P. Q.,
338,660.

J. F. Marcotte, New Carlisle, P. Q.,
190,005.

George Wilkins, Shives Athol, N. B.,
338,345.

The Graphic gives 2,000 votes on
every new subscription, and 1,000
votes on every renewal.

The Hon. J. D. Hasen said he had
received a report that 100 lives had
been lost. If no action was taken dur-
ing the present session of Parliament,
it could be dealt with by Governor-
General's warrant.

The Rt. Hon. R. L. Borden confirm-
ed what had been said by Mr. Hasen
and expressed the sympathy of the
Government with the distressed fish-
er folk.

BASEBALL SEASON IS OPENED MONDAY

Cold Weather Militates Against
Attendance at the Ball
Park

The baseball season is now open, so
we may conclude that summer has of-
ficially arrived, snow, hail, rain and
wind notwithstanding. On Monday
evening, the Victorias and Mechanics
provided the opening game of the sea-
son, with Clyde Lutz as the gentle-
manly ump. The evening was cold
and inclined to be raw, yet a number
of the fair sex braved the east wind
in the grand stand, which was lacking
its usual gathering of Ex-Railway
Magnates, Ex-Presidents, Ex-Council-
ors, Ex-Cetra. The field, although in
fairly good condition, does not satisfy
the executive, who are planning im-
provements on the diamond, and we
will yet be able to see some good fast
games of ball.

The teams lined up with a number
of new faces in the places occupied in
past seasons, notably at third base,
where our old friend Hedley held down
the bag with one foot, and talked to
the bleachers with the other. The
game was fair, considering the weath-
er, the cold wind not being conducive
to quick and accurate fielding, and a
number of the players showed that
when a little more practice is indulg-
ed in, they will be all right—all right.

The game went the regulation five
innings, the battery for the Mechan-
ics being McNutt and Floyd, for Vics,
Love and Palmer. The Mech. piled
up a strong lead at the end of the
third, the score standing 8-1. This
was mainly accounted for by loose in-
field work behind Love, who was not
quite at home with his new catcher
the Vics. The I. C. R. feel the loss
of Shirley, who bore the brunt of the
pitching last season, but they may
turn out a dark horse.

S. S. CANADA MEETS WITH HEAVY WEATHER

On Run From Gaspe is Hit Hard
By the Storm of Last Fri-
day.—Cargo Spoiled

The S. S. Canada was in port here
last week-end, and reported having
very heavy weather coming up on her
run from Gaspe on Friday. She made
Malbay on Friday afternoon, during
the height of the great storm, and for
some time labored very hard in the
stress of the weather. There was a
good deal of water got into the hold,
and we were informed that some of
the cargo had to be jettisoned to
lighten the steamer. The Canada ar-
rived here, however, notwithstanding
her terrible experience and sailed as
usual on Monday on her regular trip.

GUITARD-BERTHA

The home of Mr. and Mrs. John F.
Guitard, Bellefleur, was the scene of a
very pretty wedding at 6 o'clock Mon-
day morning, when their daughter,
Madeline, was united in the holy bonds
of matrimony to Mr. Clement Bertha,
one of the popular young fellows of
this place. The house was saluted
with a host of friends, in honor of the
event, and the ceremony, which was
performed by the Reverend Father
Van De Mortelle, was witnessed by a
number of friends of the contracting
parties. The bride was nicely dressed
in cream silk, with ecru frilling, also
hat to match, carrying a bouquet of
roses. The bride, who is one of Belle-
fleur's popular young girls, was the
recipient of a fine array of presents,
given by her friends. After the cere-
mony, Mr. and Mrs. Bertha left on the
Local for a short wedding trip, and on
their return will reside in Jacquet
River. The brides travelling gown
was blue broadcloth, with white hat.
The host of friends all join in wishing
Mr. and Mrs. Bertha all happiness in
their married life.

POOR COPY

TRAGIC FATE OF YOUNG FISHERMAN

Seized With Heart Failure
And Fell From Lobster
Boat

Lower Neguac, June 3.—The people of this place and vicinity have been shocked by the sudden death of one of our brightest and best young men, Eddie R. Savoy and John Newton Williston, left Neguac on the 28th May to go lobster fishing. After they had overhauled nearly all of their line of traps, Williston complained that his side was sore. Savoy wanted to return with him at once, but Williston ate his lunch and insisted on finishing the job. When they got within a quarter of a mile of him, Williston, who was sitting on the gunwale, with his foot on the centre-board trunk, and saying nothing, put his hand to his heart and said, "My God! I am gone!" and fell backward into the water. Eddie Savoy tried to catch him, but the boat was running fast in the strong wind and he failed to do so. The young man sank at once, without making the slightest attempt to swim, and it is supposed that he was dead then, of heart disease. Savoy landed at the wharf, got his father and other men, and returned in a gasoline boat. The first cast of the grapnel resulted in the raising of the body. This was about three hours after the accident happened. Mr. Jas. G. Savoy telephoned to R. A. Russell, Loggieville, for a casket. The poor lad was buried Saturday at 2 o'clock p. m. from the home of Capt. Jos. Williston, his foster-father. His age was 23. He was good natured, and always seemed happy until about two weeks before his death. He was a great cigarette smoker, and this habit is supposed to have affected his heart. Frank Newton, a brother of the deceased, lives in Bay du Vin. Rev. Mr. Tattre officiated at the funeral.

BAR STEWARD OF EMPRESS A HERO

Put Life Belt He Held on One of
The Passengers—Was
Drowned Himself

Mr. J. Ernest Sampson, son of Chief Engineer Sampson of the Empress, yesterday repeated to the Globe some of the stories of the heroic deeds done by the British sailors when the Empress struck, which he had heard his father and other rescued officers of the Empress tell in Montreal the night before.

"Tom" was his name, and he was the bar-room steward on the Empress. Not one of the officers knew the other name; it was simply "Tom"—big of body and big of heart. He was a good fellow when the ship steamed merrily across the sea in time of safety and quiet, but he was a better fellow and a hero in the face of death and panic. "Tom" knew the ship, and he had a lifebelt immediately after the crash. It was then that Mr. G. W. S. Henderson, of Montreal, came on deck without a belt. There was no delay. "Tom" spoke immediately.

"Are you married?" he asked quietly of Henderson.

"Yes," was the reply.

"Well, take this lifebelt," came from "Tom", the unknown, as he fastened the belt to Henderson. The plunge came almost immediately afterwards. Henderson, with the belt was saved, but somewhere in the bottom of the St. Lawrence lies the body of "Tom", the bar steward, the hero, the self-sacrificed.

METHODIST DISTRICT MEETING AT HARCOURT

Reports From Circuits Show
Gratifying Increase.—More
Money Raised

The annual meeting of the Chatham District of the Methodist church convened at Hargrave Wednesday at 2.30 and sessions lasted until Thursday evening. Rev. Dr. Harrison of New Glasgow presided.

The District comprises the Methodist churches from Campbellton to Baddeck—nine charges in all. In addition to the minister from each circuit there is also a layman who takes an equal responsibility in the work of the District.

The reports were of an encouraging nature. After deducting "all members who have moved out of the bounds of Conference and those who have died, the District showed a net increase of 46 members, and a present total membership of 1274. For the Connexion Funds of the church \$2425.14 have been raised and for ministers' salaries \$5793.00 in addition to the amounts given for salary augmentation by the Missionary Fund. Trustees Boards raised \$2194.46 and for all purposes the splendid sum of \$30,323.40. The total value of church property for the district is \$125,160.00.

The Sunday School report showed an enrolment of 1431 scholars, officers and teachers for the District. The Sunday Schools raised about \$850.00 for school purposes during the year.

The following laymen were elected to attend the session of Conference being held at Chatham this week—H. H. Stuart, R. W. Beers, Jas. Robertson, L. A. Wathen, W. Appleton, Dr. Wilson, L. H. Abbott, S. McLoon, Alternates—C. C. Crocker, A. F. Coates.

The meeting adjourned to meet at Derby next year.

NEW ZEALAND AND NAVAL PROBLEM

Increased Subsidy For the Maintenance of Ships in Home Waters

London, June 5.—A party split on the naval question similar to that in Canada seems inevitable, according to the reports of the Auckland correspondent of the Glasgow Herald. New Zealand has offered an increase of the present subsidy from £100,000 to £150,000 if the British navy maintains two Bristol cruisers in New Zealand waters. This proposition has not been accepted and if the position of the parties is unchanged in the forthcoming session of the New Zealand Parliament, the Government will ask for a vote of £400,000 to build a cruiser of the Colony. Sir Joseph Ward will lead the Opposition which prefers an Imperial to a loyal navy. Unlike Canada, however, there is no danger of a conflict between the two chambers as the Government has a majority in both.

NEW BATHING SUITS HAVE SLIT SKIRTS

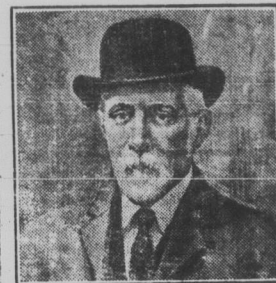

London, June 2.—The new slit skirt bathing costume is attracting attention at English seaside resorts.

It is made to open V shape as much as possible in front and still lower at the back, the skirts are longer than before, which accentuates the display of limb, and when flesh pink tights are worn underneath, the effect is fascinating.

COULD NOT EAT— FAILING FAST

Captain On Great Lakes Restored To
Health By "Fruit-a-lives"

For thirty years, Captain Swan followed the Great Lakes. He has retired and lives at Port Burwell, where he is well known and highly esteemed.

H. SWAN, Esq.

PORT BURWELL, ONT., May 8th, 1913.

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken 'Fruit-a-lives' and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that 'Fruit-a-lives' have helped me greatly. By following the diet rules and taking 'Fruit-a-lives' according to directions, any person with dyspepsia will get benefit."

"Fruit-a-lives" are sold by all dealers at 50c a box, 6 for \$2.40, or trial size 25c, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

AFTER CLEAN-UP

WEEK, WHAT?

Let the Good Work Continue—Make Things Clean, Then Keep Them So

Of course you have had your clean-up week! There are few towns and cities in Canada that have not, and every citizen who takes a pride in his home and in his town will lend a hand.

During the long winter months there accumulates somewhere about the house waste material which should have been disposed of day by day, for we could destroy much more than we do in our furnaces or in the kitchen stoves.

It is the accumulation of this heterogeneous litter in our homes and in the yards and lanes, this careless handling of domestic waste, which is the "week," a general action on the part of cause of the new fad of "Clean-up" all citizens which is all right in its way and produces good results. But reader! have you learned the lesson, whilst gathering together these belated boxes and barrels of refuse? The lesson is: When clean, stay clean. To tidy up your back-yard once a year is as bad as giving your body a yearly bath. As you require to wash yourself daily, so it is essential that each citizen should care for the domestic refuse and prevent its accumulation upon his premises.

What cannot be burned in the kitchen stove should be removed by the health authorities, and if your town or city has not a properly operated, municipal refuse-collection system, then it is your duty as a rate-payer to insist upon one being installed forthwith.

If the good work begun by you does not proceed henceforth with regularity and system, then your "clean-up week" will have been a failure.

The question for each one of us is: Will you assist in making it impossible for anyone in your municipality to suggest that "clean-up week" is a necessity?—C. A. H.

THREE KILLED AND FOUR INJURED

Result of Head-on Collision on
The C. N. Railway.—Engineer
Made Blunder

Kamsack, Sask., June 5.—The east-bound C. N. R. passenger train Number 2, over-running Cote Siding, smashed head-on into a westbound fast freight, killing an express messenger named Donaldson, and two mail clerks, severely injuring Engineer Arnold, of the passenger train, and a brakeman on the freight. Two passengers, a man and a woman, were slightly injured.

The accident occurred between 10 and 11 o'clock. Both trains were running at high speed, and when the smash came the baggage and mail car was piled high on the locomotive of the passenger train.

The bodies of the mail clerks had not been recovered from the debris up to four o'clock this morning. Their identity cannot yet be ascertained.

Engineer Arnold was badly scalded and sustained severe injuries to his head, and little hope is held out for his recovery. The brakeman's injuries are not very serious.

The passenger train was to meet the freight at Cote Siding, but in some manner the engineer over-ran his orders and crashed into the freight, four hundred yards past Cote.

Wrecking trains were rushed from Kamsack and Dauphin, the former being only about ten miles distant. Mounted police officers are also on the scene, also the coroner from Togo, who will hold an inquest probably Saturday morning.

LORD MERSEY SAILS FOR NEW YORK

Will Act as Chairman of Em-
press of Ireland Investiga-
tion Commission

London, Eng., June 6.—Lord Mersey, formerly president judge of the admiralty court, and who presided over the commission of inquiry into the Titanic disaster, left here to-day for Liverpool, to sail on board the Mauretania for New York, on his way to Quebec, to act as chairman of the investigation commission, in charge of the inquiry into the wreck of the Empress of Ireland. Lord Mersey was accompanied by several officials of the Board of Trade, who are to assist at the enquiry.

DON'T GROW BALD

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from Thos. Wran or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good"—Try it now.

SUFFRAGETTES MAILED

TWO IRISH EDITORS

In Belfast two women attacked and mauled the editors of two newspapers which oppose women suffrage. In the Dore Gallery, in London, another of the sisterhood, after smashing a male attendant with a hatchet, expressed the opinion that the suffragettes heretofore had been too lady-like.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

DISASTER ON THE P. E. I. COAST

An Unknown Schooner is Ashore
at Egmont Bay.—Crew Prob-
ably Lost

Charlottetown, P. E. I., June 6.—A schooner is ashore at Egmont Bay, and all hands are likely lost. She lies on the outer bar. A heavy sea and gale is now raging and prevents boats from the shore reaching her. Deck-houses and other wreckage have washed ashore. The name of the vessel is unknown as present.

YOUR BUILDINGS ARE EXPOSED TO ALL WEATHERS

While you of course know this, you perhaps do not realize that to secure for your home the greatest protection from the elements, you should use

Brandram-Henderson's "English" Paint

In it you will find the greatest wear combined with the beauty of perfect color and permanent effects. It gives absolute protection in all weathers, B-H "English" won't last forever, but it goes a step farther in this direction than any other paint, hence, is the most economical paint to use. B-H "English" Paint both in white and in tints, is made according to this formula for its base: 70 per cent Brandram's B. B. Genuine White Lead, 30 per cent White Zinc, and guaranteed 100 per cent pure.

SALE! = SALE = SALE! AT GOLDENBERG'S

STARTS SATURDAY, JUNE THE 13TH.

Arrangements have now been completed for the erection of a large business block on the ground now occupied by our store. It is our intention not to carry any of the old stock into our new store which we will occupy in this building, and in order to do so we have decided to offer our large stock of Staple Dry Goods, Clothing, Boots and Shoes, etc., at prices never heretofore attempted by any business house here.

It would be impossible for us in this adv. to enumerate all the lines we are offering at the keenest prices, but to convince you that this is a **GENUINE SLAUGHTER OF PRICES**, we quote prices on some lines, from which you can judge the Great Values we are offering.

VALUABLE FIND OF

FOXES NEAR PERCE

Man While Hunting Uncarths

Fox Den With Five Healthy Pups in it

Some few days ago a man living at Irish Town, near Perce, Gaspe Co., Que., while hunting in the woods, discovered a fox den, which he successfully unearthed, and was magnificently repaid for his trouble, by finding and securing a litter of five healthy young foxes, beautiful specimens.

It is supposed that the young foxes are at least two months old, and by all appearances are quite capable of caring for themselves, as they are said to eat greedily of meat and fish, and lap freely of milk.

The lucky and happy finder of this valuable little family, disposed of the entire number to Messrs. Valpy and Walters of Perce, whom we understand have placed the same in their extensive fox ranch, located at Perce, and intend raising these five animals for breeding purposes, having now some twenty couples, many of whom have litters of pups.

A GOOD AMATEUR

PLAY AT TIDE HEAD

"Higbee of Harvard" is Staged

by Amateurs Last Week

and is Being Repeated

"Higbee of Harvard," the play put on by the Tide Head Club, was greeted by a full house. The Hall, which has been recently renovated, reflects great credit on the committee in charge of the work. Mr. Gillis, Mr. Miller and Mr. Christie, as well as on the young men of the community who so freely and willingly gave their services to the work for the last few months. A new curtain and scenery added to the facilities for staging the play. Mr. Hugh Daley of Athol Mills proved a most efficient and helpful critic for the amateur talent.

Mr. J. E. Barclay played the part of the elder "Higbee", and his clever interpretation of the swagger of the free and easy Western millionaire, brought appreciation from all.

Mr. James Miller acted the part of the blue blooded ex-senator, "with the tall family tree and short bank account" to perfection. From start to finish of the play he always remembered his haughty position, and his familiar drawl exactly suited his part. Mr. Murray Gerrard took the role of Torin, suitor of Midge Cummings, played by Miss May Duff. Miss Duff played a difficult part well, and by her reserve and charm gave her dashing and handsome young suitor a difficult task to win. Miss Lou Mann well represented the charming little coquette, who nevertheless bravely defends her lover, while Mr. Blair Adams as "Ted" proved her ardent and persistent wooer.

Miss Ethel Mair as the senator's sister, played a most natural and interesting part as hostess and chaperon, while Miss Mary Firth deserves great credit for her clever "take off" of the talkative and loud voiced old widow from Alberta. Mr. Robert Mair as "Higgin's" the butler, was decidedly eccentric if we are to judge from the laughter and applause which greeted him from the audience.

Music was furnished by the local orchestra, which has been much strengthened by Mr. Florian, with the Clarinet. The performance is to be repeated at the Athol Opera House on Friday evening, June 12th.

THICK, GLOSSY HAIR

FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25-cent bottle of Danderuff.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderuff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, and die; then the hair falls out. Surely get a 25-cent bottle of Danderuff from any drug store and just try it.

FAMOUS CONTRALTO

IN DIVORCE COURT

Mme. Schumann-Heink Breaks

Down While Giving Her

Evidence

Chicago, June 9.—Silent, expectant and straining forward to catch each word, a crowd filled the courtroom listening to the shattered love story of Madame Schumann-Heink and William Rapp, Jr. For more than three hours the great singer occupied the witness chair. "I didn't want a divorce," she testified brokenly. "I told my husband long ago that I was happy as I am, with my children and my art."

For a moment the singer broke down. Then she wiped her eyes and resumed the attitude of calm defiance which she has maintained throughout the trial.

With the exception of the reading of a letter received by the complainant from her husband, the testimony of the contralto differed little from hundreds of other love stories which have had their ending in the divorce court. The letter was written in German under the date line "437 Deming Place, Chicago, June 25, 1913." The letter outlined a plan by which the singer could secure a divorce without opposition. Both in substance and in tone, it is one of the most remarkable documents ever introduced in a court room.

"Dear wife," it begins, "my coming to Chicago is for the purpose of bringing about a conference with you to close up our affair. Only a personal talk between us along is impossible, because I have to make propositions which can only be agreed upon personally between us."

The letter then enumerates seven advantages which the writer says would result from the adoption of the plan. Among them was an offer to permit Madame Schumann-Heink to be the complainant, and a promise that her suit would be uncontested.

"This plan," the writer continues, "would be more respectable than a sensational proceeding fought out in open court, before a gaping audience, and would avoid everything indecent and filthy."

The letter was introduced by Madame Schumann-Heink's attorneys. A curious circumstance was the fact that its introduction had been also planned by the counsel for the defendant. A translation read in court had been made by Sidney Stein, of counsel for the complainant. Its authenticity was challenged by the defence, which will introduce an expert to re-translate the letter. From the version of the translation upon which the defence concentrated its attack, it became evident to those in the court room that the defence is hinging its case upon some secret plan which the testimony previously had not even suggested.

The German word "geheimnis" in the translation of the complainant's counsel appears as "confidences." The defence contend that the proper translation of the word is "secret." The attitude of the defence was taken by those present as implying some sinister application of the word "secret," which, it contends, is referred to in the disputed word. That the secret is some particular wrongful act in the life of Madame Schumann-Heink was hinted in the argument of the defence.

CO-OPERATIVE FOREST

FIRE PROTECTION

St. Maurice Association Keeps Damage Down to .001 Per Cent of Timber Value

The second annual report of the St. Maurice Forest Protective Association, covering the season of 1913, demonstrates the admirable results in forest fire protection that may be secured by co-operative action. This Association is composed of seventeen limit-holders having lands in the basin of the St. Maurice river, Quebec. The Forest Protection Branch of the provincial Department of Lands, Forests and Mines co-operated with the Association and bore a part of the expense, though the greater portion of the cost was borne by an assessment of 25c. per 100 acres levied upon the limit-holders.

The co-operation was further extended to the Board of Railway Commissioners, the manager of the Association having received an appointment as Fire Inspector, in order to assist in enforcing the requirements of the Board in connection with railway fire patrols, right-of-way clearing, and the reporting and extinguishing of fires occurring along the lines of railway subject to the Board's jurisdiction within the St. Maurice watershed. The manager also acted in a similar capacity for the Quebec Public Utilities Commission, as to provincially chartered railways within the protected territory. Through this harmonious co-operation of all the agencies concerned with fire protection in this area, results were secured far exceeding in efficiency those secured in previous years.

The members of the Association control 7,279,000 acres. At the St. Maurice drainage area. This figure does not include government lands not under license, or lots taken up by settlers, which latter were the greatest source of danger and the scene of 50 per cent of the fires. It is interesting to note that the area patrolled comprises approximately one-sixth of the whole area under license in the province. This area was divided into four divisions and twenty-five districts, sixteen of which were each patrolled by two men in a canoe, five each by one man on horse-back or on foot, and four each by two men on railway power-speeder.

The total number of fires extinguished was 306, of which 263 were extinguished by the patrolmen without extra labor. Had these fires been left unattended, many of them would undoubtedly have caused serious damage. Only 43 fires required extra labour to extinguish them. Although the summer of 1913 was the driest since 1908, the actual fire damage was less than one one-thousandth of one per cent of the value of the timber on the territory patrolled.

The Association has had a steady growth—102,000 acres—having been added to its territory in 1913, and over 260,000 acres, thus far, in 1914. Still further extensions are anticipated. C. L.

NINE LIVES LOST AND MANY BOATS WRECKED IN STORM OFF CARAQUET

Tremendous Storm Last Friday Makes Fearful Havoc Among The Fishing Fleet—Thirty-Five Schooners Beached, Crews Safe.

(From the Gloucester Northern Light) The worst storm that has been experienced in this part of the country for fifty years, broke early Friday morning, and continued with ever increasing violence all day, accompanied by a heavy downpour of rain.

Of the fishing fleets of Caraquet and Lameque, two vessels were wrecked at Mal Bay on the east coast of Miscou Island, and the crews of both met watery graves.

Sch. "R. J. W." owned by the Robin, Jones & Whitman Co. of Caraquet, lies a total wreck at Mal Bay, and the bodies of her crew, Capt. Prosper Albert, his two sons, Martin and John Baptiste, and Oliver Poulin were cast upon the shore. Not far from where the "R. J. W." met her doom, Capt. Jos. Theriault's schooner also went ashore, and Capt. Theriault and his two sons, John and Fred, and Theophile Dugas were engulfed in the angry breakers.

On the shores of Little Shippegan 35 schooners were beached, and while all their crews reached shore safely, many of the vessels are very seriously damaged.

In Big Shippegan Gully as many as 50 of the fishing fleet were cast on the shore, and of these also many are in need of extensive repairs before once more putting out to sea. All the crews here also were saved.

Fred Chaisson of Caraquet was washed overboard from his father, Philorson Dugas' vessel by the gigantic seas when about 30 miles off the land, and as yet his body has not come ashore.

All the fishing fleets have now been accounted for except one boat, that captained by Auguste LeBoutillier, and manned by his son and Jos. Boudreau of Shippegan, and this has been given up as lost, as sufficient time has now elapsed for them to make port if all was well with them.

Of the hardy fishermen who met death in the raging storm of Friday, the bodies of five have been recovered, Prosper Albert, Martin Albert, Jos. Theriault, John Theriault, and Theophile Dugas. Their funerals were held on Monday morning at Caraquet, and were attended by a very large throng of grief stricken friends.

The friends of the drowned men are very grateful to the people of Wilson's Point for their kindness in securing the bodies of the dead men and preparing them for shipment to their late homes, and also to Capt. Jos. A. Poulin, who brought the grim cargo to the sorrowing village.

It is reported that schooners belonging to David Albert and Henry Friele went ashore during the gale on Pokesudie Island, but whether the crews are safe or not has not yet been found out.

In the village of Caraquet great damage was done by the blowing down of trees, no less than 28 having been felled at the Convent by the furious wind, and at other points in the Village, great destruction was done.

The lobster factories of Fred Legere and F. T. B. Young lost a number of their trap boats, which were blown ashore and smashed by the waves.

Telephone communication between Bathurst and down shore points were interrupted considerably, the line to Caraquet being out of order until Monday, and below that, it is likely that a couple of weeks will elapse before everything is again in working order. This explains why definite details of the havoc wrought by the tremendous storm are hard to secure.

SHOTS FIRED AT RURAL MAIL CARRIER

(From the Gloucester Northern Light) Last Saturday afternoon as Mr. G. P. Godin, Rural Mail Carrier on the Bathurst-Grand Anse route, accompanied by Mr. Leonard Lavigne, was returning to Bathurst, some dastardly cowards fired two shots at him as his automobile was slowly climbing a hill. It was evident that this outrage was not an accident, as the perpetrators were careful to choose a point on the road where they knew that the automobile would not be travelling very fast, and where they had a good opportunity of screening themselves behind some thick underbrush. Unfortunately, Mr. Godin happened to be unarmed at the time, so there was nothing for him to do but speed up his machine and get out of range as soon as possible.

It was very fortunate for the occupants of the car that the marksmen were not very good shots, as the shots passed over the heads of the men in the car, and did not do any damage. It is more than likely that any repetition of this murderous tactics will meet with a warm reception, as in future Mr. Godin will take care to be fully armed.

Efforts are being made to trace the culprits, and it is thought that before many days they will be apprehended and brought to jail, when an example will be made of them that will effectively discourage any future attempts of the same nature.

FINE NEW STRUCTURE

GOING UP

(From the Gloucester Northern Light) Great progress is being made in the construction of the fine new granite and brick building being erected for the Eudist Fathers. The masonry of the basement is completed, and last week operations were commenced on the main part of the building.

Its length is 192 ft. and width 50 ft. and it is being patterned after the Versailles Palace in France in Louis XIII style.

Enough of the west wall of the building is already up to give a fine idea of the splendid effect that will be shown in the beautiful blending of cream brick with natural granite trimming. When completed, it will be the most imposing structure in Gloucester County, and its situation on the summit of the hill back of the Village, from which a most delightful panorama is spread out below, will make it one of the sights of the province.

DOCTORS INDORSE NEWBRO'S HERPICIDE FOR THE HAIR

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M.D., No. 2 Burroughs Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."

Dr. T. A. Moore, Duncan, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is soft, smooth and growing. Hair has grown on spots before but thinly covered."

Newbro's Herpicide is "the original remedy to kill the dandruff germ" and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

Newbro's Herpicide in 50c and \$1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide.

THE MAN WHO USED COMMON SENSE.

John Arbuthnot, writing of the late Sir William Whyte in June CANADA MONTHLY, tells a characteristic story of him when he was general superintendent of the western division on the Canadian Pacific. He says:

"Men who worked beside him twenty years ago tell many stories of the practical common-sense that he brought to bear on the problems of the road from the beginning of his service. The story of the Edmonton oats is one of the most typical."

"In his first general superintendent days, the Canadian Pacific was having a world of trouble with its freight cars engaged in carrying oats. There was a large and increasing tonnage of grain to be hauled, and all the rolling stock was needed. Yet, the repair shops were in constant receipt of freight cars which came limping in with ruined journals, broken down apparently by overloading. The shops swore at the yardmen, and the division superintendent, with his desk piled up with kicks from irate farmers, swore at the shops. Yet the yardmen accused, arose in righteous indignation and pointed to the load-lines that showed unmistakably above the grain in the cars."

"Now a loadline is a mark restricting the capacity of a car, according to the weight of material carried. Figuring oats at thirty-four pounds to the bushel, which up to that time was the standard weight everywhere, the yardmen had loaded the cars exactly to the load-lines, and by all ordinary laws, the cars were O. K."

"In the course of time the trouble came up to the General Superintendent of the Western Division, William Whyte. He did not swear at anybody. That wasn't his way. He listened to the end, and then said matter-of-factly:

"Suppose you weigh those oats." "The division superintendent opened his mouth to speak, thought better of it, and caught a scale with a bushel of oats. Thirty-four, thirty-six, thirty-eight—These western oats took from forty to forty-six pounds of iron to balance them and the mystery was solved. William Whyte had used plain sense, common-sense, which after all is about as uncommon as any other quality of mankind; and in three minutes had settled a difficulty over which the whole prairie section of the line had boggled for weeks."

SUBURB WHICH NEVER SAW AUTOS

Village of Emley Fifty Miles Out of Metropolis Has This Distinction

About fifty miles out of London is a village which has fewer modern utilities than any town in the British Isles. It is to-day almost as it was when Oliver Cromwell and his army were in the field. Emley is the name of this quaint place. It is an island and the home of a population of about forty men, women and children, whose industry is sheepherding. Within walking distance for the average Englishman from London, this little place does not know what a telephone is. It has not a shop nor lamps, nor roads nor other things to be found in nearly every nook and corner of the world.

Emley has not been visited by an automobile in the memory of the oldest inhabitant of the place, who is now in his 80th year. An automobile in Emley would be sure to cause a lot of excitement among the forty-people who live there.

The place is little known by Englishmen, for in Baedeker's "London and Its Environs," not a word is to be found about it. Lippincott's Gazetteer of the World has no mention of it, although every other hamlet in the British Isles is probably recorded in the book.

Emley is owned by Oxford University. Deeded to the school no doubt by a good wisher of the institution, it contains about 2,000 acres and a church and school, besides the homes of the islanders. The church and school were built in this sparsely populated place because of the dangers in reaching the mainland in winter. The current is always swift. It is shallow and the river bank is mud knee deep.

There is a ferry from the mainland to the island, but this is not any too safe. During the day the signal for the ferry man is to open a white painted door of a shack opposite the ferry landing. At night a lighted candle, wig-wagged over the head is the signal that services are required.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

LEARN TO SWIM

Can you swim? - If not, learn as soon as possible.

Most of the stories of survivors of the Empress say "I swam." The non-swimmers went down with the ship, in most cases even when provided with lifebelts.

The man or woman who could swim, even a little, had a greatly improved chance for life when thrown in the water from the Empress. There was floating wreckage to lay hold of. The non-swimmers, even with lifebelts on, would be in a panic, and would clutch each other and go down. All children should be taught swimming.

A few hills of potatoes which were left in the ground last fall were dug up one day this spring by a gardener of Chester, Vermont, and were found to be in as good condition as those taken from the ground last October.

Most people would be benefited by the occasional use of **Na-Dru-Co Laxatives** Gently, thoroughly, and without discomfort, they free the system of the waste which poisons the blood and lowers the vitality. 25c. a box, at your druggist's. **Druggists' National Drug and Chemical Co. of Canada, Limited, 176**

SHOOTS SISTER-IN-LAW AND HIMSELF

Said to be Trouble Over Money Matters and it is Feared Both Will Die

Boston, June 6—A man and a woman are dying from pistol wounds as the result of an attempted murder and suicide in the West End yesterday. The man is Jacob Rosenberg, at the Relief Station, and the woman is his sister-in-law, Mrs. Rosa Rosenberg, who is at the Massachusetts General Hospital.

Mrs. Rosa Rosenberg is twenty-eight years old and she runs a ladies' tailoring establishment. Her husband, Louis Rosenberg, has a similar establishment. Each shop is prosperous, and the couple were doing well. They have two children.

Jacob Rosenberg, the brother-in-law, was employed at times as a presser in Mrs. Rosenberg's shop.

Two weeks ago he complained his work was not steady, and asserted that Mrs. Rosenberg owed him two weeks' wages. She denied this. To Patrolman John J. Tomlinson, Jacob said:

"She owes me the money and I can't get it. But she'll get something from me. If I don't get it I'll shoot her."

The policeman laughed at him. Mrs. Rosenberg was at work in her shop, standing at a table. Behind her, Jennie Glass, a girl of nineteen, was sewing at a machine. Other girls were at work about the room.

Jacob Rosenberg entered. Without a word he approached the woman, drew a revolver, fired three shots into her body, said:

"Goodbye. I'm going," and turned and walked out.

Mrs. Rosenberg toppled over on Jennie Glass. Jennie fainted. Other girls fainted. One ran screaming into the street. A crowd gathered. Rosenberg slipped around the corner and up to his room. Patrolman Tomlinson followed a moment later. As he reached the house he heard a shot, and racing upstairs found Rosenberg with a bullet through his head—entering the cheek and appearing above the eye.

He is on the dangerous list at the Relief Station; the woman is at the Massachusetts General Hospital.

Louis Rosenberg, husband of the wounded woman, said of his brother who did the shooting:

"We owed Jacob no money. Once he claimed we owed him \$8 for carrying a refrigerator down one flight of stairs. I paid it rather than quarrel with him. My wife was afraid of him."

"Last Sunday he met me and demanded money. I said 'Go back to Russia, where you came from. He said 'I'll go somewhere, but I take you and yours with me.'"

"But I never dreamed of such a thing as this."

ONOTOS FOR THE DRINK HABIT

We have yet to hear of one failure when ONOTOS has been used. It is a marvellous preparation, perfectly harmless and tasteless. Get a box to-day, and give it to someone you are interested in, who cannot stop drinking. Price, \$3.00 for a full month's treatment. Ask us for booklet. Sold at White's drug store.

A veteran of the Fenian raid is dead at Winnipeg! This must be the first break in the ranks of the thirty thousand survivors of the gory struggle that saved Canada for the empire half a century ago, when nearly five thousand took up arms for the flag.

The total expenditure in the last year of the Laurier Government was \$122,861,250. The present Government is asking \$85,000,000 more for total expenditure this year. And yet Mr. Borden promised to reduce the expenditure of the Laurier Administration by at least Ten Millions a year. What will happen next year when the pre-election estimates are brought down can only be left to the imagination.

METHODIST DISTRICT HEARS GOOD REPORTS

Improvements Shown in Nearly All Lines of Church Work During Year

The annual district meeting of the Chatham Methodist district, comprising the counties of Kent, Northumberland, Gloucester, Restigouche, Bonaventure and Gaspe, was held at Harcourt, Kent Co., on the 3rd and 4th instant, Rev. Wm. Harrison, D. D., chairman of the district, presiding. After devotional exercises by the chairman, Rev. C. W. Squires was elected secretary.

The following clergymen were present at the ministerial session, the first day: Revs. R. G. Fulton, Chatham; Dr. Harrison, Newcastle; John A. Ives, Millerton; Thomas Pierce, Richibucto; C. W. Squires, Campbellton; Alex. D. McLeod, Harcourt; John B. Young, Buctouche; Frederick A. Whiteman, Bathurst. Rev. W. B. Thomas, Gaspe and Cape Ozo was excused because of illness.

The following were reported doing satisfactory work: Tennyson A. McDonald and A. Elwyn Tingley, students in New Brunswick, and Rev. G. S. Patterson, missionary in Japan. Rev. W. B. Thomas was recommended for the supernumerary list for one year.

It was resolved that:

"The district has learned with great satisfaction that the evangelistic committee of the conference has secured an efficient and successful evangelist to labor within the bounds of the conference during the coming year, and that ample provision has been made for his support. This district hopes that his itinerary will be so planned by the committee that he will be able to visit some three or four of the missions in the district during the year. They would recommend for special consideration Harcourt, Buctouche, Richibucto, Gaspe and Cap Ozo, Derby, and if possible, part of the Bathurst circuit. The district is also of the opinion that the "Win One" movement suggested by the same committee has in it great possibilities of usefulness and would pledge its sympathy and co-operation to make it a success in this district."

The full district meeting opened on the 4th. Present: The ministers above mentioned and the following lay delegates: S. McLoon, Chatham; R. W. Beers, Richibucto; and L. J. Wathen, Harcourt.

Chatham reported a new Sunday school hall valued at \$15,000.

Chatham congregation was empowered to deed to Chatham town, for the purpose of street widening, a strip of land eighteen inches wide at the corner of McCurdy and Wellington sts. and three feet wide at the corner of McCurdy and Church streets.

It was resolved that the district urge the further adoption of the envelope system as the most satisfactory method of putting church finances on a sound basis. Tabusintac circuit, which has been supplied by a student, was recommended to be made a mission with an ordained single man in charge.

The following laymen were elected members of Conference: R. W. Beers, Richibucto; James Robertson, Tabusintac; L. J. Wathen, Harcourt; A. J. Eddy, Bathurst; Walter J. Appleton, Campbellton; Dr. W. A. Wilson, Millerton; L. H. Abbott and S. McLoon, Chatham; C. C. Crocker, Millerton; A. F. Coates, Coates' Mills.

The following were selected to represent the district on the following committees of Conference:

Class leaders, local preachers and other lay agencies: Rev. A. D. McLeod and R. W. Beers.

Epworth Leagues and Young People's societies—Rev. C. W. Squires, L. J. Wathen.

Contingent Fund—Rev. J. B. Young, A. J. Eddy.

Sustentation Fund—Dr. Harrison, S. McLoon.

Temperance, Prohibition and Moral Reform—Rev. A. D. McLeod, H. H. Stewart.

Memorials and Miscellaneous Resolutions—Rev. F. A. Whiteman, Dr. Wilson.

Sabbath Observance—Rev. C. W. Squires, W. Appleton.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and joints until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Church Property—Rev. R. G. Fulton, L. H. Abbott.

State of the Work—Rev. T. Pierce, J. Robertson.

Nomination—Rev. F. A. Whiteman, S. McLoon.

Educational Society—Rev. J. B. Young, L. J. Wathen.

Systematic Benevolence—Rev. A. D. McLeod, R. W. Beers.

Children's Fund—Dr. Harrison, L. H. Abbott.

Sunday Schools—H. H. Stuart.

Dr. Harrison, Rev. C. W. Squires, Messrs. McLoon and W. B. Snowball and Rev. R. G. Fulton, secretary, were elected district missionary committee.

The next district meeting will be held in Derby.

By resolution the attention of the superintendent of missions was called to the growing Methodist population of Loggieville and the possibility of linking it with Escuminac, where there is a Methodist church, in the organization of a mission.

An assistant pastor was recommended for the eastern part of Bathurst circuit.

Membership report showed: Bathurst 194; Chatham 193; Campbellton 151; Newcastle 121; Gaspe and Cape Ozo 119; Derby 118; Buctouche 96; Tabusintac 89; Harcourt 83; Richibucto 74; Bonaventure 47; total 1,284, a gain of 46 members during the year. During the year there were 35 marriages, 91 baptisms and 72 burials. Of the deaths 24 were members of the church.

Total raised by circuits for all purposes: Chatham \$18,762.69; Bathurst \$2,492.40; Campbellton \$2,192.84; Derby \$2,014.36; Newcastle \$1,544.13; Buctouche \$830.25; Richibucto \$801.33; Harcourt \$741.85; Gaspe and Cape Ozo \$613.50; Bonaventure \$223.30; Tabusintac \$106.75; total \$30,323.40.

Sunday School statistics are as follows: Chatham 354; Bathurst 195; Campbellton 192; Newcastle 184; Derby 131; Buctouche 114; Gaspe and Cape Ozo 98; Harcourt 71; Richibucto 61; Tabusintac 51; total membership 1,431, an increase of 91. Joined church during year 58, an increase of 33; signed pledge 217, an increase of 93; studying catechism, 73, increase of 15; total amount raised \$720.47, increase of \$106.30.

Value of church property: Chatham (including new hall) \$39,700; Campbellton \$20,500; Bathurst \$17,350; Gaspe and Cape Ozo \$11,260; Newcastle \$8,800; Buctouche \$7,500; Derby \$6,300; Richibucto \$5,780; Harcourt \$4,370; Tabusintac \$1,600; Bonaventure \$1,500; total \$125,160, which is free from debt except \$4,000 owed by Campbellton and \$80 by Bathurst. There are 36 preaching places with a seating capacity of 5,825.

LANTERN LECTURE
N ST. ANDREW'S CHURCH

Mr. G. Napier Smith, Secretary of Reading Camps Association Here Monday

On Monday evening in the Presbyterian church, Mr. G. Napier Smith, Secretary of the Reading Camps Association, gave an interesting lantern lecture on the work of the Association.

Mr. T. P. Drumm presided over the meeting, which was undenominational, and Mr. Smith's remarks were listened to with great interest.

The object of the lecture was to interest the people here in the great work which has been undertaken by this Association, their reading camps and tents extending from the Atlantic to the Pacific. A number of interesting views were shown on the screen, depicting some of the camps which were

FUNERAL OF LATE
MRS. WM. ANDERSON

Remains Taken to Chatham on Ocean Limited on Saturday and Interred There

The remains of the late Mrs. William Anderson, of Chatham, whose death occurred at the home of her daughter, Mrs. Edward J. Benson, here, arrived in Chatham Saturday afternoon at 2.30 on the Ocean Limited. The body was taken to St. John's church, where after the services the funeral took place, interment being in St. John's church cemetery. Rev. Alex. Craie, St. Peter's, P. E. I., conducted the services and gave a short review of Mrs. Anderson's past work in connection with St. John's church and mentioned the fact that the cor-

stone had been laid by her. The hymns sung at the service were two favorites of Mrs. Anderson's, "The Lord is My Shepherd" and "Asleep in Jesus".

The pallbearers were: Messrs. Chas. Gunn, George Fraser, Alex. McKinnon, Robert Walls, Asa Walls and William Lake.

DALHOUSIE
A very enjoyable little party was given on Thursday evening by Miss Evelyn Lawson. Those present were Misses Mildred Polley, Grete Jamieson, Jean Jamieson, M. Louise Allan, Clara McKay, and Gordon Mott.

Mr. Erna H. Welch, St. John, the popular traveller, representing Messrs. Moirs, Limited of Halifax, spent Sunday in Dalhousie, a guest at the Queen.

Miss Susie Nichols, St. John, is spending a few days in Dalhousie, the guest of Mrs. Havelock McNeil. Miss Nichols lived here in the past, and her town friends gave her a hearty welcome.

Mr. Antoine Diette, who left Dalhousie, about twenty eight years ago, to reside in Boston, where he has been successful as a railroad official, was here last week. He paid a visit to his old home on Maria Cape, and returned here to visit his sister, Mrs. Charles Vermette. Interviewed as to his liking of residing in the New England States in preference to Canada, he said that both he and his wife, who is a native of Restigouche, never felt at home during their long absence, and the object of his trip was to make arrangements to return to New Brunswick. He was astonished at the great strides that had been made by the people of Campbellton, and found Dalhousie, also much improved.

Mr. F. G. Burr, who has been manager of the Bank of Nova Scotia here for sometime has been transferred to Jacquet River. This is considered a promotion, as there is more business done at Jacquet River, there being only one bank there. Mr. Burr's departure from the shiretown is much regretted, as he took great interest in promoting amusements for the young men and was popular in the bank. He will be replaced by Mr. W. H. Wood, who is now a guest at the Queen here.

Mr. Wood comes from Moose Jaw, and was formerly at New Richmond and Paspébeac. Mrs. Wood, who is now in Sherbrooke, P. Q., will arrive here shortly.

BLACK CAPE
Mr. J. C. Fair arrived home by Saturday's train.

Mr. Hastie returned on Saturday from a trip to Chandler.

Mr. William Johnston left last week for Chandler where he has accepted a position.

Messrs. Hastwell Pritchard and Clement Fairservice left last week for Chandler, where they will remain for a few weeks.

Mr. Alexander Dewar paid Chandler a flying trip last week.

FIELD HUSBANDRY
EXPERIMENTS

The Experimental Farm at Ottawa and the Branch Farms and Stations make field husbandry investigations a very prominent part of their work.

For the information of those who are interested, the more important results of last season's work over the entire system have been summarized and issued in Bulletin No. 75 of the Experimental Farms. It takes up the question of rotation, cultivation, fertilizers, rates of seeding, cost of production, weed eradication and other points connected with field agriculture. The information is presented by Farms and Stations and is, therefore, easily available for study. This bulletin is for free distribution at the Publication Branch of the Department of Agriculture at Ottawa.

Fourteen and a half millions spent this year on the militia and one million dollars on the encouragement of agriculture shows something fundamentally wrong with the Government's conception of its duty. Is the industry of building drill halls of far greater importance to the country in the eyes of the Borden Government than the great basic industry of agriculture?

More than one hundred thousand pedestrians and twenty thousand vehicles pass over the London (G. B.) bridge daily.
