ANNUAL SUBSCRIPTION 50 CENTS.

Editorial.

It has been suggested that a year book of the school be issued in which might be placed a list of the surviving old boys, the teams of the past years, and many other items that would be of interest to our patrons. Such a piece of work involves more labor and expense than might be apparent. However, we have

begun to gather some facts together which might be of use in some such a production!

In the first place, we are starting in this issue a list of the old boys as the names stand on the school register placing with the names the present addresses so far as we have been able to learn them. We hope that any names which have not the accompanying address may be familiar to some of our readers who will respond with the needed facts. We have also marked those who have joined the silent majority. Any errors in our lists we hope shall be set right by those who know, and if we are to continue as an Old Boy Record as well as a chronicle of present day proceedings at the school, it can only be by the cooperation of the old boys themselves.

In this respect we must say many of the old boys have been very mindful. From time to time they furnish us with the general news of interest to our readers, and many good useful suggestions come to us in this way, which we are always glad to receive and apply so far as we can.

Once having worked out the list of survivors from the Register, we may undertake the task of issuing such a work as was proposed and then we shall make use of the offices of some of our interested patrons, who have kindly volunteered their aid in the work.

Obituary.

MR. GEORGE T. MARKS DEAD.

Mr. George T. Marks of Port Arthur, a member of the firm of Thomas Marks & Co. and one of the most widely known men in Canadian navigation and grain affairs, died yesterday afternoon at the General Hospital after an illness of about two weeks. Bronchitis and heart trouble were the causes of death.

The late Mr. Marks was nearly all his life

The Late George T. Marks.

a resident of Port Arthur, and one of the outstanding persons in the development of that city, spent three or four months of every year in Toronto, and became intimately associated with large business interests here. As a member of the Toronto Board of Trade in which building he had his office, he was constantly in touch with shipping and grain men, and grew to be a familiar figure in the

city. His career was so interwoven with the growth of Port Arthur and the Thunder Bay district that they seem to be inseparable.

A splendid type of man physically, Mr. Marks until a couple of weeks ago gave no evidence of the decline which resulted in his death. He was troubled, however, for a long time with bronchitis, and two weeks ago last Friday his ailment grew serious, and it was thought advisable to remove him to the hospital. Since then a weakness of the heart became pronounced and the complication carried him away at 4 o'clock yesterday afternoon. His wife, family, mother and brothers had been regularly at his bedside.

The late Mr. Marks was born August 1857, at Bruce Mines, the son of the late George Marks. He received his early education at Trinity College School, Port Hope, and in 1873 went to Port Arthur. In a short time he entered into the civic life of that place, then an infant town, and when it became a corporation he was its first Treasurer. He succeeded his uncle, Thomas Marks, who was the first Mayor of Port Arthur, and was returned at seven consecutive elections. Subsequently he occupied several important positions in the new town, and as it grew his interest in the district expanded. At the last Dominion elections he was Conservative candidate for Thunder Bay district.

In business activities Mr. Marks early identified himself with transportation matters. He was one of the original promoters of the railway charter known as the Port Arthur & Western, and also of the Ontario & Rainy River Railway, the latter of which is now known as the Canadian Northern Railway from Port Arthur to Winnipeg. With his partners he was extensively connected with navigation matters on the inland lakes, and with them placed the first large grain carrier

on inland waters many years ago. One of the last vessels brought over from the ship-building yards at Newcastle-on-the-Tyne, and known as the Neebing, was operated by his firm between Lake Superior and Kingston.

The firm of Thomas Marks & Company, of which he was partner, was one of the first to engage in merchandise trade with the west, outside of the Hudson's Bay Company, his father and his uncle having established merchandise and fur-trading posts in 1857 in the mining district. Being born in a mining locality, and in touch with men of that pursuit, he also became an influential factor in mining enterprises.

The personality of Mr. Marks made him popular with all classes and business men with whom he came in contact. He was a member of many of the prominent clubs in the large cities from Ottawa to Winnipeg, and was Vice-President of the Dominion Marine Association. Throughout his life he was a staunch Conservative and a member of the Church of England.

A widow, formerly Miss Rowan of Winnipeg; a son, George R. Marks, and a daughter, Nora M. Marks, survive him. The members of his family, his brothers, Messrs. Samuel A. Marks and Charles L. Marks, and his partners, Messrs. H. A. and F. S. Wiley, will leave to-day with the remains for Port Arthur where interment will take place on either Friday or Saturday.—*Toronto Globe, May 22.*

Mr. Marks was at the School from 1871 to 1873.

At Saranac Lake, New York, on May 13th, Ford Jones, Barrister, of Regina, eldest son of Chillian Jones, of Brockville, in his 38th year. Funeral from his father's resi-

dence, "Belvedere," Brockville, on Thursday May 16th.—*Mail and Empire.*

It is with deepest regret that we have to announce the death of Mr. Ford Jones, B.A. of this city, which took place yesterday, at Saranac Lake, N. Y.

Born at Brockville, Ont., the deceased gentleman was scarcely in his 38th year, and his untimely death removes from the legal ranks of the province one of the most interesting and prominent figures. His early education was received at Trinity College School Port Hope, from which institution he passed in 1886 to Trinity College, whence he graduated in 1889. From Trinity College he passed on to Osgoode Hall, taking the usual three years' law course, graduating in 1892, shortly after coming out west. After visiting Calgary he settled in Regina, going into partnership with T. C. Johnstone, now Judge Johnstone. Later on, dissolving partnership he went into partnership with the late Caley Hamilton, and at the time of his death was the senior partner in the well known law firm of Jones, Gordon & Bryant. As a lawyer Mr. Jones had for some years past been recognised as one of the most brilliant members of the legal profession of the West, and the immense and highly lucrative practice gathered together by him during recent years pointed to the general recognition of his abilities.

For a considerable time past Mr. Jones has been in failing health, the decline which ultimately caused his death, making rapid inroads upon his constitution during the latter months of last year. On the 23rd of December Mr. Jones, accompanied by his wife and family, left for the sanitarium at Saranac Lake, where he has since resided, and where it was hoped a successful fight

might yet be made against the dread disease which had marked him for its own.

In addition to being a lawyer of exceptional ability, Mr. Jones was well known as a sportsman. He at one time took great interest in canoeing and was known as the champion sailing canoeist of the American continent. He also excelled with the gun and there were few better bird shots than he in the Province. He was one of the first to take up automobiling in Regina, and riding out with his children was a familiar figure about the city last summer.

Mr. Jones leaves a wife and four small children, three boys and a girl, the youngest of whom is only some ten days old.

Many old boys of earlier days will learn with sincere regret of the death of Mrs. Rowe which was recently reported from Tokyo, Japan. She was matron at the School from 1879 to 1892, and many boys who were at school during those years had a warm and deep affection for her. Especially during illness, her devotion to those under her care was all that a mother's could have been. She never spared herself any trouble or labor and many who were nursed by her in illness will remember with gratitude her unselfish efforts on their behalf. She never lost her interest in the School or its boys and her affection seemed to increase with the passing years. The faults and failings of those who had left school quickly faded from her memory, any criticism of them was warmly resented as unjust and without foundation.

At Potchefstroom, South Africa, March 20th, 1907, Capt. Frederic Walter Boyer Ridout, (A. S. C.), eldest son of the late

Joseph D. Ridout, in the 26th year of his age. Capt. Ridout entered T. C. S. in Sept. 1893, and matriculated into R.M.C. in 1898.

Hockey.

CHARACTERS OF THE HOCKEY TEAM.

- A. CAMPAELL *Capt* :—Rover ; 2nd year on Team :—reliable hard worker always in the game, inclined to be rough. An energetic captain.
- K. DRUMMOND :—Point ; 2nd year on Team :—fast skater, and checked well, rather inclined to leave his place, will make a better forward.
- G. DRUMMOND :—Goal ; 1st year on Team :—good goal, made many marvellous stops a little slow in clearing and inclined to get excited.
- MAYNARD :—Left-wing ; 1st year on Team :—good skater and hard shot, cool headed and played his position well, but rather light. Will make a good man for next year.
- WHEELER :—Cover Point ; 1st year on Team :—steady and cool, always played a good steady game. Did some good shooting.
- BALL :—Centre ; 1st year on Team :—made many brilliant rushes, but never kept up the pace, fell off toward the end of the season.
- MCGIBBON :—Right Wing ; 1st year on Team :—also made some good rushes a weak shot, could have done more for team if he had been in better training.

Since going to press the school has won the St. Andrew's and Ridley cricket matches. Full report next issue.

The Field Club.

The unusual lateness of the spring and the continual cold weather, was responsible for much delay in the organization of the Field Club. But although Mr. Morris was delayed from making the usual announcement by that and other reasons, a considerable number of eager would-be members, as well as most of the "old reliables" were not behind hand in making their applications. At present it appears that we are to have an unusually large club, even though we do not include the ornamental fixtures. Fixtures entirely unnecessary but of which the Club has never been and never can be free. Why these individuals should wish to be mere ornaments we don't venture to state, but nevertheless we imagine that people are quite capable of guessing.

The initiating of new members need have no terrors for our timid brothers who have not yet collected enough courage to undergo the ordeal. It consists of a question or two by the authority. The answer to the candidate to the question—"For what are you joining?" is commonly—"Bugs."

But members are not expected to bind themselves to beetles. Last year an excellent collection of moths and butterflies was made by Pepler ii and Tett i, and this year it is the hope of Mr. Morris that a greater interest will be shown, not only in those orders but in flowers and ferns as well. Probably the fact that beetles are easy to mount and to care for is responsible to a great extent for the preference shown to them; but the numbers should be considered. We don't think much of a beetle collection of one summer which numbers less than two hundred distinct species, and we wouldn't be surprised at seeing a collection of nearly three hundred.

As for ferns Mr. Morris thinks twenty species is a lot for one district, and this district is very rich in the fern line.

Beetles are found in a great variety of places—under stones, lying wood, in rotten stumps, and beneath the bark of decaying trees—particularly of pine. Before long many kinds will be found feeding on the nectar or pollen of our blossoming trees and shrubs. The blossoms of Elder, Hawthorn and "New Jersey Tea" have a special attraction for the longicorns and for some butterflies; while the leaves of almost any plant form the feeding ground of the leaf eating beetles, of the "June Bug" and potato beetle families. In the ponds and streams are to be found a great many water beetles, including the huge black and yellow water tiger beetles, which, it is as well to say, cannot take very much in a bite. Occasionally we find them in the lake and in "Duck Harbour" which, by the way, is a splendid place for those chrysomeliels that attack the water-lily.

It would not be a bad idea for collectors to make two collections as some are already doing—say ferns and beetles or butterflies. One of our Brooklynn friends is taking butterflies and moths, with a side line of beetles; but we think that when two collections are made one of them should be of plants. Variety always makes the work more interesting.

Cricket.

Up to date the cricket practice has shown up the team as a vigorous combination. The cold season has made it very dull and backward for practice, but the crease is in fairly good condition, and the team have diligently followed their regular and evening fielding practice.

T. C. S. VS. LAKEFIELD ROVERS.

The first match of the season was played on May 15th, on the School campus with the Lakefield Rovers and resulted in a victory for T. C. S. The School winning the toss took the field in spite of the rain, which started soon after the visitors arrived. The School disposed of the Lakefield men in short order, putting them out for 20 runs.

T. C. S. then went to the bat, and after hitting up 100 runs for 3 wickets declared their innings. Lakefield going to bat again were put out for 27 runs, making a total of 47 against the School's 100.

MATRIC. FORMS VS. REST OF SCHOOL AND MASTERS.

On the 24th of May, owing to the Toronto club disappointing the school, and to our inability to get a game on with Cobourg, a match was hurriedly arranged between the 5th and 6th forms, and the rest of the school with the masters. As the weather was delightful it was decided to play an all day match. The Matric. forms, winning the toss, took the field, and after considerable trouble, managed to put out the rest of the school for 82.

Then the Matric. forms went to bat and after one wicket was down stumps were drawn for dinner. The innings was continued in the afternoon and the side made 49. The rest of the school went to bat again and this time were put out for 54, while the Matric. forms were retired for 41. The game resulted in a victory for the lower forms and masters by a score of 130 to 90.

Gymnasium.

The Gymnasium Competition was to have taken place at the end of Lent Term, but owing to an accident to the horizontal bar it had to be put off till Trinity, and Friday May the 10th was the day chosen for the event. The contest started at half-past three on Friday afternoon. Five boys entered the Senior and three the Junior Competition. Unfortunately the horizontal bar was broken during the performance, and in consequence most of the work on the bar was omitted. Meredith won the senior competition with McConnell a close second. Carew Martin easily captured the junior. Dr. Petry kindly offered his services as judge and his work was satisfactory to all. The following is the list of competitors and scores:—

SENIOR COMPETITION SCORES

	Mere- dith	McCon- nel	Wilmot	S. Mathew- son	Wain- wright	Poss.

	89	80	72	100

Cadet Corps.

Owing to the late summer season and cold weather the shooting at the butts has not progressed as well this term as formerly, though as much has been done as possible. Besides the cold weather the winds have been very strong, and hence gave a poor opportunity for scoring. The competitions for the year are :

- The Bethune Cup.
- The Ross Rifle.
- The Cumberland Shield.
- The Watts Cup.
- The Sergeant's Cup.

In addition to these, two new school leagues have been formed, one including the various school cadets of the Empire, and the other the School cadets of Canada.

The Inspection of the corps takes place this month and with the new uniforms of navy blue with red stripes the cadets hope to present themselves in more striking form than last year. They have been out in form with the band several days now for a march and present a good appearance.

Exchanges.

We have received and perused with pleasure a copy of a new school publication, the *Ashburian* from Ashbury College, Ottawa. It is a small but very attractively arranged issue, and should serve its purpose of forming a tie to keep in touch with the old boys most admirably.

Engagements.

The engagement is announced of C. L. Ingles and Miss W. V. Bell Montizambert, daughter of the late E. Montizambert Esq. of Toronto, and niece of J. R. Montizambert of Ashbury, Ottawa.

Marriages.

At St. Marks Church Parkdale, by the Rev. Canon Ingles, the marriage was solemnized of Miss Diana Irving only daughter of Mr. and Mrs. L. Homfray Irving and grand daughter of Sir Aemilius Irving, to Captain Edward W. Clifford, only son of Mr. E. A. Clifford of Ancaster, formerly of Frampton Court Gloucestershire. The bride was attended by Miss Edith Clifford, sister of the groom and the groom by Mr. Homfray Irving brother of the bride, while Mr. Lycester Ingles acted as usher.

Captain and Mrs. Clifford have settled at "Woodleigh," Beamsville.

At St. George's Church, St. Catherines, Tuesday afternoon, Feb. 5th. 1907, by the Rev. Robt. Ker, rector, Henrietta Josephine, eldest daughter of the late Dr. William Dougan, to Herbert Meyer Bate, youngest son of the late Mr. T. B. Bate, both of this city.—*St. Catherines Standard.*

Reginald V. Harris was married at Halifax N. S. on June 4th, to Miss Ethel Winifred Smith, daughter of Edmund G. Smith of Halifax. Mr. Harris has been living at Winnipeg for some time.

At the Embassy Chapel, Paris, on April 25th, Miss Cecily Prower, daughter of Lieut. Col. J. Elton Prower, was married to Lieut. W. E. Middleton, R. N., son of Lieut.-General Sir Fred Middleton, K. C. M. G. C. B. The Rev. Dr. Noyes, D. D., officiated. The bride, who was given away by her father, wore her travelling dress of white cloth with Irish Lace and a white hat to match. The wedding was very quiet and after the ceremony the bride and bridegroom left for London for their honeymoon.

Lieut. Middleton, when at school had the nick-name of the "Little General," his father at that time being in command of the Canadian Militia. He and his brother were at school during the time of the Riel Rebellion in the North-west 1885 and a few years subsequently.

Old Boy Notes.

S. S. DuMoulin, exPresident of the Ontario Rugby Union, and Captain of the champion Tigers, has been appointed inspector of the Bank of Hamilton for the district from Winnipeg to the Pacific coast. He will leave for the west next month.

W. Stewart Darling who was forced to take a trip to Europe for his health last winter has returned to his position in the Bank in Toronto instead of Winnipeg, and we are glad to hear that he feels decidedly improved from his holiday abroad.

Clive Pringle of Ottawa has taken a cottage in Cobourg for the summer.

Douglas Hammond paid us a brief but pleasant visit when he was home from Montreal on his holidays. He enjoys his work in the Bank of Montreal.

Eric Reid spent Sunday with us before going north, where he is to be with an engineering party for the summer.

Ben McConkey and Godfrey Chowne were down renewing old acquaintances on the 24th.

H. R. Rogers has gone into the works of the Dominion Steel Coy. in Montreal.

Jack Keyes late of the Ontario Bank is now manager of the West End Branch of the Royal Bank in Montreal.

Mr. and Mrs. Brunton have come to Port Hope for the summer.

T. W. B. Marling is leaving Upper Canada College to enter into partnership at the Grove Lakefield.

Frank McPherson and Stuart Kersteman are both members of the maxim gun squad of the Queen's Own.

R. H. Pringle has left the Sovereign Bank in Ottawa and has moved to Toronto where he is engaged with the Trust and Guarantee Co.

J. B. Robinson who has gone into the employ of Hayter and Scandrett, Commission Merchants, Toronto, has gone to Alberta on a three months business trip. He expects to see Mr. Nightingale before his return.

Gordon Ramsay writes from Chicago, asking the date of Speech Day. He says that though the faces at the School will with one exception be strange, he still has a longing to walk about the old School again.

We need not say that a warm welcome awaits him.

We regret to hear of the illness of P. H. Gordon, who is in the hospital at Regina with diphtheria.

E. B. Murphy sends greetings from Winnipeg where he has entered into business, Moncreiff and Murphy, Manufacturers' Agents. He hails the prospects of S. S. Dumoulin joining the Western Ranks. He is glad to see Hugh Osler also, as they were at T. C. S. together.

Gerald Rackham has left the Bank of Toronto and gone into business in Peterboro. He has become a partner in the wholesale and retail fuel business there, under the name of The Ontario Coal Company.

Stanley Henderson has severed his connection with the Crown Life Insurance Company to become British Columbia Manager of the Great West Life.

Among the graduates of the Law School announced on May 23 we noticed the names of Harcourt Ferguson and C. C. Robinson, in the Third Year Honor list and H. H. Chadwick in the Third Year Pass list.

W. S. Curry (Boliver) graduated with hon-

ors from the Ontario School of Pharmacy winning the Heebner Medal.

J. G. Lee has gone to Scotland for the summer.

Fred Kingston was down in Port Hope on business and called on us recently. He is in the private bank of Halstead and Company in Mount Forest.

J. R. Francis writes from Racine, Wisconsin, where he holds a position with the Chicago and Milwaukee Electric Railway Co. He hopes to pay the School a visit in September and sends hearty wishes for a successful season in Cricket.

We are indebted to Francis for news of Lloyd Fitzgerald, who came to the School from Alpena, Michigan. Fitzgerald was with the C. and M. E. R. Co. until the fall of 1905. He then joined a surveying party sent out by the C. M. and St. P. R. R. to Washington. Leaving this company he went on to California and then to Mexico on his own account. In Mexico he has mining interests which are said to have turned out very well.

S. S. Dumoulin, and R. E. MacGregor, who were together on the Football teams of the years 1895 and 1896 write from Hamilton and Minneapolis respectively asking to know what are the prospects for the next Football season. Both insist on the necessity for efficient coaching.

F. R. Scovel's name appears in the list of those taking part in the Amateur Golf Championship Competition at St. Andrews' Scotland.

H. S. Macgregor, Assistant Cashier of the City National Bank, Duluth, writes:—"It is with a great deal of pleasure that I receive this little paper from time to time, and I think it is doing good work in fostering and preserving the interest of the old boys in the school."

R. H. Stinson, in renewing his subscription sends best wishes for the success of the School from Edmonton, where he is on the staff of the Imperial Bank.

F. W. R. Wilkins, of the Bank of Toronto, Shelburne, looks forward, we are glad to say, to paying the School a visit next term.

G. R. Hindes writes from Colborne that only the difficulty of getting away has prevented him from paying us a visit. We sincerely trust that he will manage to overcome the difficulty before long.

Albert Copeland came down from Toronto and spent Sunday with us before going north to Penetang where he is going into business.

K. M. Van Allen and Allan Greay paid us a visit after going through the ordeal of writing on their S. P. S. exams. They have gone out West for the summer.

School Register.

In the Old Boy Lists for the School Register, the first address given is the present location, and the second is the address of the parent or guardian when the boy was at school. The names are entered in the order in which they stand on the School Register.

University of Toronto

FACULTY OF MEDICINE.

The regular course of instruction will consist of Four Sessions of eight months each, commencing October 3rd. There will be a distinct and separate course for each of the four years.

Attention is directed to the efficient equipment of the University Laboratories for instruction in the various branches of the Medical Curriculum. The new building of the Medical Faculty has been completed in the Queen's Park, and affords extensive laboratory accommodation for Pathology and Physiology which is unsurpassed. Instruction in the other subjects of the Medical Course is given in the various science laboratories and lecture rooms of the University.

The lectures and demonstrations in the subjects of the First and Second years will be given in the Biological Laboratory and the lecture-rooms of the University.

To meet the requirements of the Ontario Medical Council a course of instruction during a fifth year will be conducted. This will be entirely optional as far as the University of Toronto is concerned.

Clinical Teaching (largely bedside) is given in the Toronto General Hospital, Burnside Lying-in Hospital, St. Michael's Hospital, Hospital for Sick Children, and other medical charities of Toronto.

There are special Research Scholarships offered to graduates in Medicine, and every opportunity is now afforded for Scientific Research Work in any of the various laboratories of the University, under the direct supervision of the Professor in charge.

The Faculty provide three medals for the graduating class (one gold and two silver). There are also scholarships available for undergraduates in the First and Second Years. These are awarded to candidates on the results of the annual examinations.

Further information regarding Scholarships, Medals, etc., may be obtained from the Calendar, or on application to the Secretary.

FEES:

Lectures and Demonstrations: 1st year, \$100; 2nd year, \$100; 3rd year, \$100; 4th year, \$100. Registration for Lectures, \$5. Registration for Matriculation, \$7. Annual Examinations, each \$14. For Examination in Practical Chemistry 50c. For admission *ad eundem statum* \$10. Degree \$20. Hospital Perpetual Ticket, \$34. Lying-in Hospital, \$8.
