NOTE.

The Editor, notwithstanding his most attentive care, and this section of the work has occasioned him more trouble than all the other Lists and Tables put together, is aware that many errors will be discovered as to the spelling of proper names; and, probably in a few of the dates of appointments, by the gentlemen more immediately interested in the foregoing Register. But the Editor can assure the Patrons of this work, that the whole has been copied by experienced clerks from, and afterwards collated with, the Record in the Adjutant General's Office; it has been continued down to the very week of publication; and, it is hoped that it will prove a valuable PROVINCIAL ARMY LIST—and a useful book of reference hereafter.

 1st Lieut—Newcomer, Airey, and Marriott.
 2nd do—Smith, and Gardiner,

The Dragoon Guards and Royal Artillery are well horsed, and admirably well equipped and disciplined. The Royal Sappers and Miners are employed, not only in their own peculiar duties, under the officers of the Engineers; but they are also well drilled to act with troops of the line.

The whole of Her Majesty's Regular Troops now in Upper Canada, only, compose an effective Force of not less than 5,000 men. There is also a sufficient number, apparantly, of Staff-Officers; of Officers on particular Service, of the Commissariat; of the Medical Staff; and of the Ordnance, and Barrack Departments.—Altogether, this Province, in the event of any foreign aggression, or of national hostilities on the part of the United States of America, is in a much better posture of defence than it was at the commencement of the last war with the same power;—at all events: We fear them not!
