

MACKAY, WHO WAS STABBED BY ENGINE, IS NOW DEAD

Passed Away at Minto Shortly After Midnight—An Inquest Tomorrow—R. D. Wilmot to Conduct Prosecution, Which Begins Monday

John Mackay, who was stabbed several times at Minto on Sunday, by John Endine, an Italian, died shortly after midnight, from the wounds received. Mackay passed away in his own home in the presence of his son. The inquest into his death will be held tomorrow afternoon, at 2 o'clock. Several witnesses have been subpoenaed but it is probable that postponement will be made. The body now lies in the house where the stabbings took place. Dr. Hay, the attending physician at Minto, and Dr. Lang, did everything in their power to save the wounded man's life, but their efforts proved unavailing. They have also been working hard to aid Pettley, the other man wounded by Endine and his condition is much improved. However he will be unable to attend the inquest or preliminary hearing of the case.

While no hopes were entertained for Mackay's recovery, his death is a matter of great regret and much sympathy has been extended to his son, who is at the scene of the stabbings with another child at present in Nova Scotia, also survive him. As yet no arrangements have been made for the funeral, for no burial permit has been secured.

Owing to the death of Mackay the feeling among the residents against all the Italians has become much stronger than before.

The preliminary hearing of the case will come up on Monday before Justice Halifax at two o'clock. R. D. Wilmot, clerk of the peace will arrive at Minto tomorrow and will go ahead with the prosecution arrangements.

Attorney General Hazen informed the Star today that information had already been laid against Endine and Mackay-McWinn was arranged for prosecution matters.

COL. McLEAN WINS VICTORY AT OTTAWA

Street Railway Need Not Put Inter-locking Device at Fairville

OTTAWA, Nov. 4.—The Railway Commission this morning heard the application of the Canadian Pacific that the St. John Street Railway be compelled to put in an interlocking device before crossing the C. P. R. tracks in Fairville under an order of the board made last spring by which the C. P. R. the street railway and the municipality were to share equally the expense of maintaining watchmen and gates at the crossing.

Col. H. H. McLean, M. P., opposed the application on behalf of the street railway company on the ground that the interlocking device was unnecessary, elaborate and expensive. For the street railway company he offered to put in a semaphore, the board decided that this would be sufficient, and that the interlocking device would not be necessary. An order was made accordingly.

BROOKFIELD, Mass., Nov. 5.—Fire started in the basement of Hotel Metropolitan here at 12:45 o'clock this morning and rapidly throughout the building, a three story wooden structure. The guests escaped in safety. As nearby property was in danger, a call was sent to North Brookfield for assistance.

RESULT NOT KNOWN YET

Newfoundland Contest Very Close

GOVERNMENT GAINS

It is Said to Stand Thirteen to Twelve in Favor of Bond now

HALIFAX, Nov. 4.—Whether or not the Bond government has been sustained in Newfoundland is not yet known. From present indications the election has been a very close one, but not until tomorrow night at the earliest will the result be known.

Owing to the cumbersome methods of counting returns it will likely be Friday or Saturday before the complete result of Monday's voting is arrived at.

A better showing was made by the government today. On Tuesday night the opposition were in possession of eight seats, while the government had but three. Returns today gave the opposition three more, while the government got five, and if the polls of Trinity and Placentia go as partial returns indicate the government will finish the day with thirteen seats to the opposition's twelve.

Thirteen more seats remain to be decided. The government wins today were St. John's East, where Kent, Shea and Dwyer are returned by majorities; Burin, where Davey and Gear go in by 130 and 58. St. John's West has possibly elected Sir Edward Morris, leader of the opposition, and his colleagues Bennett and Kennedy, as they had a big lead at the last bulletin. In Placentia, Jackman, Sullivan and Davis, government candidates, have a lead on every bulletin, while in Trinity, Gushue and Mills, government, and Watson, opposition, are leading.

WEATHER STILL MILD IN MOST OF THE WEST

Wheat Country, Proper, Not Yet Visited by Snow

WESTERN COAL FAMINE

WINNIPEG, Nov. 4.—Wonderfully mild weather for this season still prevails through the prairie West, and it is noteworthy that no snow has yet fallen through the wheat country proper. As a consequence the work of getting out this season's crop has been pushed with great vigor, and it is practically certain that a far greater proportion will reach the head of the lakes before navigation closes than in any previous season. This means much to the farmer and community generally, and the effect is already making itself evident by improving collections and larger buying orders for the East.

Railways, particularly the Canadian Pacific, have been concentrating their efforts on moving the grain, and consequently reports come from Regina of a local coal famine. This is aggravated by the two snow storms of the past ten days in the Maple Creek district, which, besides causing heavy losses to the sheep men, has dislocated traffic, especially the inward coal movement. Transportation companies, however, will be able to concentrate on the fuel supplies later, and the situation is not serious.

LOCOMOTIVE STRIKES TEAM; THREE KILLED

GUELPH, Nov. 4.—Mrs. Robert Scott and two sons, Leonard and Muray, aged 11 and 13 years, were killed this morning on the Guelph and Goderich railroad crossing east of Auburn. They were driving to school and were struck by a light engine running up from Guelph Junction. The horse escaped, but the buggy was struck and all three occupants killed.

SUFFRAGETTES ARE GETTING AFTER THE NEW PRESIDENT

G. T. P. TO USE I. C. R. TRACKS

Way of Reaching Courtenay Bay

SITE FOR TERMINALS

City Has Sufficient Land for Purpose—Will It Deed It?

Various surmises are being heard around the streets as to what will be the outcome of Vice President Morse's letter to the Mayor asking for a proposition as to concessions for right of way in entering the city and land for terminal facilities.

It is generally thought that the railway will be able to enter the city and reach Courtenay Bay by the same route as the I. C. R. and as the G. T. P. will probably arrange with the government road for rights of way from Moncton or Norton into St. John, they should be able to arrange for access to Courtenay Bay as well. It is thought this part of the project is not likely to be the source of a great deal of trouble to the city.

The biggest proposition is likely to be the arranging for room for sidings and yards. As the city owns most of the land along the bay front it is possible that some of this may come in under the railway's purposes.

Regarding the transfer of this to the railway or arrangements for its use there is likely to be some difficulty. The city has had some difficulty in the past at West St. John with land granted to the C. P. R. and the city seems to be afraid of some such difficulty coming up again.

Although willing to do all they can to assist the railway entering the city and establishing its terminals here, there seems to be an unwillingness to sacrifice the rights of the city in the matter.

When the bay is dredged and the wharves built there is likely to be a considerable amount of space between the present track and the land end of the docks on account of the rocky ledge which runs along the shore. It is expected that this will be filled in possibly with the mud dredged out of the bay and that this will afford a good deal of the room needed.

It is probable, however, that the railway will need yard room at the Marsh to give storage facilities for cars awaiting shipment. As the city has no land in that direction there does not seem to be much that can be done by the aldermen to assist in arranging for this.

At present the aldermen are chary of expressing publicly their opinion of what proposition will be made until the Board of Public Works has met to consider the communication.

The correspondence so far is rather regarded in the light of a little preliminary sparring for an opening.

SCOTT ACT POT WILL BOIL IN SUSSEX AGAIN

Several Interesting Cases to be Tried There This Week

SUSSEX, Nov. 4.—Affairs at this place were quiet today, although some interesting Scott Act cases will come up in the next few days. Complete returns might swing the result one way or the other at any moment. The general belief was that the official canvass would have to be waited for to settle the question whether Missouri's 10 votes be for Taft or Bryan.

Maryland, with 8 electoral votes, was claimed for Taft, with a majority of only 1-6 votes and few districts yet to be heard from.

The Democrats insisted that they would not yield Maryland to the Republicans, save on the authority of the official count.

At the beginning of the day this is the way the electoral tally stood: For Taft—California, 10; Connecticut, 7; Delaware, 3; Idaho, 3; Illinois, 27; Indiana, 15; Iowa, 13; Kansas, 10; Maine, 6; Massachusetts, 16; Michigan, 14; Minnesota, 11; Montana, 3; New Hampshire, 4; New Jersey, 12; New York, 39; North Dakota, 4; Ohio, 23; Oregon, 4; Pennsylvania, 23; Rhode Island, 4; South Dakota, 4; Utah, 4; Vermont, 4; Washington, 5; West Virginia, 7; Wisconsin, 15; Wyoming, 5.—Total 310.

For Bryan—Alabama, 11; Arkansas, 9; Colorado, 5; Florida, 5; Georgia, 13; Kentucky, 10; Louisiana, 9; Mississippi, 10; Nebraska, 8; Nevada, 3; North Carolina, 12; Oklahoma, 7; South Carolina, 9; Tennessee, 12; Texas, 18; Virginia, 12.—Total 166.

Doubtful—Missouri, 18; Maryland, 8; Total 26.

While the tendency of the early despatches of today following a like trend last night, was to throw the doubtful states toward the Taft column, the reports of the results within states was in the opposite direction, seeming to show a general disposition to vote for Republican presidential electors, but for the Democratic state officers and legislators. An exception to this was Missouri, where late tidings seemed to favor Bryan, but to make practically certain the election of a Republican governor for the first time in thirty-five years. The plurality of Hadley, the Republican candidate, appeared in 1848 on the same table that gave Bryan a lead of 57,000. Indiana apparently has given the Democrats a majority of eight in joint ballot in the legislature, which would

NEW YORK, Nov. 5.—A despatch to the Tribune from Denver says: A monster petition to be circulated among the women of America and then submitted to President-elect Taft, is the immediate plan of the National Women's Suffrage Association. Announcement of this fact was made yesterday by the Rev. Anna Howard Shaw, president of the Association.

A special appeal was made to the Colorado women to assist in the movement by securing the signatures of every woman in the state.

Mr. Taft has often said he was willing the women of America should have the right of franchise if they desired it. The president said, Now is the time to give an opportunity to show what he means by this statement.

DETROIT, Mich., Nov. 5.—Fairly complete returns from out in the state indicate that Governor Warner, Republican, would come down to Wayne County with a plurality of 23,831 over Lawton T. Horans, the Democratic opponent. Wayne county is generally conceded by pluralities running from 1,500 to 6,000. Democratic State Chairman John Township refused to concede the election of Warner.

Phillip Bestpeter, who resigned the Park Commissioner's office to become the Republican candidate for mayor of Detroit, defeated Mayor William B. Thompson, Democrat, by a plurality estimated at from 1,000 to 2,500.

SEATTLE, Wa., Nov. 5.—Washington gave Judge Taft a majority over William J. Bryan that will exceed 40,000 and it may run as high as 50,000. The Republicans also elected Congressmen in all three districts. Cosgrove, the Republican candidate for Governor, won by a handsome majority as did the Republican Congressional candidates.

The legislature which will elect a successor to Senator Levi A. Keyes is heavily Republican.

SAN FRANCISCO, Nov. 5.—The vote in California, as far as completed, shows a plurality for Taft of 74,246 and a plurality for Melvin, Republican, Superior Judge, of 22,378.

NEW YORK, Nov. 5.—Maryland and Missouri held the centre of political attention when the Republican and Democratic politicians, to say nothing of mere voters, began early today to look over the net results of the election. Leaders of both the parties found themselves facing what looked increasingly like a vindication of the prophecy of Chairman Frank B. Hitchcock, of the Republican National committee that Taft would have at least 215 when the final "show down" was reached.

At the opening of the day's despatches, leaving Maryland and Missouri out of the count, Taft was assured of 301 electoral votes, Bryan of 156.

Missouri, with her big block of 16 votes, was hanging in the balance, the first despatch today showing, upon uncompleted returns that Bryan had a lead of 67 votes. Complete returns might swing the result one way or the other at any moment. The general belief was that the official canvass would have to be waited for to settle the question whether Missouri's 10 votes be for Taft or Bryan.

For Bryan—Alabama, 11; Arkansas, 9; Colorado, 5; Florida, 5; Georgia, 13; Kentucky, 10; Louisiana, 9; Mississippi, 10; Nebraska, 8; Nevada, 3; North Carolina, 12; Oklahoma, 7; South Carolina, 9; Tennessee, 12; Texas, 18; Virginia, 12.—Total 166.

Invocation of the Saints

Referring to this subject the New Freeman says: "As a background to the scene of martyrdom there was that grand conception of the Communion of Saints. It is here, surely, that the starting point is to be found for the practice and the doctrine of the veneration of the saintly dead."

While there were no Saints, as we now understand them, in our Lord's time, who could be invoked, as Heaven was not yet opened for mankind, yet from His "early words" were taught that we could make friends with the angels. "There angels always see the face of my Father who is in Heaven," and that the Saints "will be as the angels in Heaven." Hence follows the perfect accord of the present practice of the Church with the teachings of Christ.

C., who at the age of fifty-three succeeded Lord Stormouth as a Scottish judge, the first Catholic since the Reformation to attain the rank of judge in Scotland. Following eight on the heels of the Eucharistic Congress were held at London will have a Catholic lord mayor next November in the person of Sir John Stuart Knill.

THE ANGLICAN.

The Christian Guardian makes the statement that the Canadian Anglican minister, even though he were a bishop, could not legally preach in an Anglican church anywhere in England. In order to do so he would have to obtain a license and subscribe to the Thirty-Nine Articles. At the Synod recently held at Ottawa, it was decided to memorialize the Archbishop of Canterbury to have the disabilities removed in the case of Canadian bishops, but the ordinary clergyman will still be subjected to a fine of £5.

Declines a Bishopric

WASHINGTON, Oct. 27.—Giving as a controlling reason that his work in Boston, Mass., is still unfinished, Rev. Dr. Alexander Mann, rector of Trinity (Episcopal) church, of that city, has declined the position of Bishop of Washington to succeed the late Right Rev. Henry V. Satterlee.

Why Worship Christ?

To this question Canon Holland replied in a recent sermon in St. Paul's Cathedral. Because He is absolutely unique, supreme, and can never stand in the same class as others. What you want explained is the vital difference by which the impression produced by Jesus Christ is utterly distinct from all others. It is childish to ignore or deny that the difference exists. That difference is itself the problem of the Gospels—the challenge of Jesus Christ. Charles Lamb was perfectly right in signaling the essential character of that difference. If Shakespeare came into the room we should all rise. If that other one came in, we should all fall on our knees. There it is. That is what the complex of Jesus found themselves doing. "They fell at His feet and worshipped Him." They found themselves instinctively praying with the subject most seriously and sacred by all Jews for God. "Thou Lord who knowest the hearts show which of these men Thou hast chosen."

Liberal The Presbyterians of France, for missionary and philanthropic purposes in their own land, give over \$1,000,000 a year.

Jewish Mission

There are 15,000 Jews in Toronto, and among these a mission has recently been established. The outlook is very encouraging. The missionary is eminently fitted for the work, being himself a Jew, and is well received by all classes.

Deaconess

It has just been announced that the presbytery of Chicago will establish and maintain a school for training women as deaconesses. The first school of this kind to be established by the Presbytery in America was opened about a year ago by the Presbytery of Philadelphia. It does not now appear that the women who are trained in these institutions are to be regularly ordained, as are the deaconesses in the Lutheran, the Protestant Episcopal and the Methodist Episcopal churches, although the leaders of the movement say there is no reason why they should not be publicly set apart for the work. In the Presbytery churches of Scotland deaconesses have been officially recognized for many years.

Rev. Dr. Falconer Retires

Ministers' Discounts

The custom of some merchants of giving discounts to ministers, and of railways and steamships giving them reduced rates, is commended by the Christian Register thus: "The minister is to their mind an unpaid servant of men in many directions, and it is acknowledgment of this that the merchant refuses to take profit from him. It is the world's generous and kindly way of treating a class of men who are looked upon as generous and kindly toward the world. Why should not the minister receive discounts made from this point of view? Surely, he is not a man whom it would be worth while to bribe." "All of which," says the Maritime Baptist, "is very true. But would it not be better to pay the ministers living salaries and let them pay their way the same as other men? They would feel better, and the people would be better."

Baptist Union

At the annual meeting of the Maine State Free Baptist Association, held a few days ago, the question of chief interest was Baptist Union. The basis was adopted. The Baptist Associations of the State have also decided in favor of union.

Sabbath Desecration

Speaking of the harmful effect upon our people of the disregard of the Lord's Day by our summer visitors, the Maritime Baptist says:—In not a few places, the residents have, during the stay of these visitors, accustomed themselves to irregular attendance at the house of God, some cease to attend altogether. To give variety and zest to unoccupied time, the holding of social functions on the Lord's Day, dinners, parties, Sunday at-home, etc., has become a feature of the social life. Week-end excursions, with hops, etc., on Saturday evening, in many cases extending far into the morning of the Lord's Day, have had a demoralizing effect. The inevitable result is, that those who have adopted this mode of life for the summer months, ere long carry it over into the other months of the year, and pastors in Canada have the American question of non-church attendance just before them.

THE METHODISTS

Dr. Osborn once said to a young minister, "Always be picking up facts about Methodism, you never know when they will be useful to you." Commenting on this an exchange remarks: "It is surprising how little many of us know of our own Church—we are either careless or indifferent about it."

Before a large audience in the Christadelphian Hall last evening, B. J. Dowling delivered a very interesting lecture, taking for his subject "To Hell and Return." Mr. Dowling dealt with his subject in a very able manner and his opinions followed by his audience. In his opinion, Mr. Dowling said that the title of the lecture might appear to some to have a sensational aspect and that therefore something like an apology ought to be forthcoming for dealing with so solemn and important a subject. He assured the audience, however, that he intended to deal with the subject most seriously and would prove conclusively that the wording of the title was in perfect accord with Bible teaching. In concluding, the speaker said: "We find by the Bible that the place of unconsciousness and death. When the last enemy death shall be destroyed, hell will be included in the work of destruction."

40,000 MEN IN PARADE

Monster Catholic Turnout

150 PRIESTS IN LINE

Parade Reviewed by Highest Dignitaries of the Church

BOSTON, Nov. 1.—What was probably the greatest parade of a religious character in the history of Eastern that of any New England city, brought to a close today the centenary celebration of the foundation of the Roman Catholic diocese of Boston, which began on Wednesday last.

The route taken was through the streets of the Back Bay section and thousands of spectators filled the sidewalks, doorsteps, windows and every point of vantage along the line of march to witness the "almost endless line of men, carrying simply the stars and stripes and the banners of the Holy Name Societies of their respective churches, pass by. Starting shortly after noon, it was long after darkness before the last company had been disbanded.

Passing before the archiepiscopal residence on Bay State road, the parade was reviewed by the highest dignitary of the Catholic church in America, James Cardinal Gibbons, who arrived late yesterday to be present at the closing exercises today, and Archbishop O'Connell, together with a number of visiting prelates and missionaries.

BERLIN, Nov. 1.—Chancellor von Buelow's position appears to be almost untenable. For and wide throughout the Empire the newspapers of all parties discuss with varying degrees of mockery, amusement and regret, the government's explanation of how, what purported to be enormously important utterances of the emperor, affecting three great powers, passed through the hands of the chancellor and a long list of foreign office officials, without seemingly having been considered by any of them or even read by most of those responsible for the delicate foreign relations.

ST. MARTIN'S SCENE OF GRAND CELEBRATION ON SATURDAY

The Liberals of St. Martins held a grand celebration Saturday evening in honor of the great Liberal victory throughout Canada. The arrangements were in the hands of the officers of the St. Martins Liberal Association, F. M. M. Cochrane, president; Robert Connolly, 1st vice-president; T. H. Nugent, 2nd vice-president; Robt. Skiller, secretary; Wm. J. Walsh, treasurer, and the following committee: John Boyer, John Howard and Wellington Vail.

At 8 o'clock a torchlight procession started from the Masonic Hall and made a tour of the village, going as far east as Vaughan Creek Hill and as far west as Corner F. Brown's. A large float handsomely decorated was drawn by white horses. The float was in charge of John Loyer, whose little daughter was enthroned in the centre. She was beautifully costumed and represented Canada. The float was followed by carriages containing prominent Liberals and by many torch bearers on foot. The dwellings of all the Liberals in the village as well as those along the line of march were illuminated with wax candles and Japanese lanterns, and the result was all that the promoters of the parade could desire.

A notable feature of the demonstration was the lighting of three large bonfires on Seminary Hill. Cheers for Laurier and Pugsley were heard in all quarters. The parade occupied over two hours.

EVIDENCE GOES TO SHOW DEATH WAS ACCIDENTAL

Case Against Young Urquhart Continued

MANY WITNESSES Said to Have Been no Ill Feeling Between Urquhart and Victim

FREDERICTON, N. B., Nov. 1.-The preliminary examination of Chester Urquhart, the Nashwaak boy charged with the murder of George Carey, a lad of eleven years, was continued at the police court yesterday afternoon, but nothing new developed.

The witnesses examined were Phiney Urquhart, brother of the deceased, who swore the shooting was accidental; James McLagan and James Lipsett, the latter two testifying to seeing the body at the scene of the shooting. The trend of the evidence so far has been to show that the shooting was accidental and that there was no ill-feeling or quarrelling between Urquhart and the victim.

Charles Craig was the first witness. He is sixteen years of age and lives about a mile and a half above Covered Bridge, Nashwaak, and remembered Friday, October 19th. He was out hunting on the other side of the Nashwaak from his home and saw George Carey, Jr., and Chester Urquhart at what is known as Lipsett's Crossing. Chester Urquhart's brother, Johnny, was with him. The place is about a mile and three-quarters from Covered Bridge. He met them on the road going to wards Cross Creek. Chester was carrying a 22 calibre rifle. The only other gun in the party was the one carried by the witness, after meeting the four boys walked up past the crossing, then turned and came down again, when the witness, who is some years older than the other boys, started and was about 25 feet ahead of them.

A CURE FOR RHEUMATISM

The Trouble Yields to the Rich. Red Blood Dr. Williams' Pink Pills Actual Y Make

Ask any doctor and he will tell you that rheumatism is rooted in the blood; that nothing can cure it that does not reach the blood. It is sheer waste of money and time to try to cure rheumatism with liniments and lotions that only so skin deep. You can speedily cure rheumatism with Dr. Williams' Pink Pills, which enrich the blood, drive out the poisonous acid and loosen the stiffened, aching joints. Among the thousands of rheumatic sufferers cured by Dr. Williams' Pink Pills is Mr. W. A. Taylor, Newcastle, N. B. who says: For a number of years I was a great sufferer from rheumatism which was seated in my shoulders and knee joints. I tried liniments and blisters, but with no effect. In fact the trouble was getting worse, and my knee joints grew so stiff that they would snap if I stooped, and I could not straighten up. Altogether I was a terrible sufferer, and nothing I did or took gave me any relief until I began the use of Dr. Williams' Pink Pills. I took the Pills steadily for a couple of months and every vestige of the trouble disappeared. That was the reason they cure so many different troubles, such as anaemia, indigestion, rheumatism, eczema, neuralgia, St. Vitus dance, paralysis and the ailments of girlhood and womanhood with all their distressing headaches, backaches and irregularities. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NEWFOUNDLAND ELECTIONS

ST. JOHN'S, Nfld., Nov. 2.-General elections are being held throughout the colony today, following a bitter campaign.

The government of Sir Robert Bond is opposed by the people's party, led by Sir Edward Morris, formerly a member of Premier Bond's cabinet. As the ballots in all the polling places are not counted where they are cast, it is considered doubtful if the result of the elections are known before tomorrow night.

WILLEMSTAD, Nov. 1.-The Netherlands government fixed November 1 as the limit of time for Venezuela to revoke the decree of President Castro, issued on May 14, prohibiting the transshipment of goods for Venezuela at Curacao. President Castro has refused to revoke this decree, but as yet so far as is known here the Netherlands government had not decided upon a definite action. There has been much activity here late, but in an interview today the governor of Curacao said that Holland ought to have assurances that Venezuela had not revoked the decree at the last hour of the day fixed according to the ultimatum before making any active measures. He believed that his government had made ample preparations for any eventuality, and he added that a statement would doubtless be issued tomorrow announcing the position of Holland and Venezuela and what action it was proposed to take.

The opinion is held among naval officers here that no direct steps would be taken within a week. The battleship Jacob Van Heemskerck and the protected cruiser Friesland, which are now in this port, still have on board all the superfluous equipments which would be discarded in time of war. The report is current that Captain Speel- lague, who is in command of the fleet, has been present in the Netherlands, taking any active measures. He believed that his government had made ample preparations for any eventuality, and he added that a statement would doubtless be issued tomorrow announcing the position of Holland and Venezuela and what action it was proposed to take.

Advices received by the steamer Zulia from Maracaibo state that it was reported on Oct. 24 that President Castro had ordered the mobilization of 50,000 troops to be ready Nov. 2. Two days later there were rumors in Maracaibo that General Nicholas Rotondo, who previously had been charged with leading a revolutionary movement in Venezuela, was crossing the frontier with 20,000 men from Cucuta, Colombia. No further account of this movement could be learned because mail and telegraphic communications with Cucuta were suspended the following day. Large shipments of powder and shells have been received at Fort San Carlos, at Maracaibo, and there is much activity around the fort.

DISCOURSES ON THE LORD'S DAY ALLIANCE

Rev. A. W. Hanna Explains Aims and Objects of Campaign

WHAT ALLIANCE DID

In Centenary church last evening Rev. W. A. Hanna, representing the Dominion Lord's Day Alliance, spoke on the work of that body, placing before the congregation the aims and objects of the campaign which has for some years been conducted, and the results already achieved. Rev. Mr. Hanna said that the Lord's Day Alliance was organized in 1814, and in the first part of its career dealt with the meaning and intent of the Sabbath, the value of that day to a nation and reasons why it should not be observed on the Lord's Day. This, said Mr. Hanna, is a good law, with defective clauses. That section to which the alliance has offered the most serious opposition is known as the act concerning the observance of this act can be made operative in any province only when called into force by the attorney general of that province. In British Columbia the attorney general has not yet been induced to bring the law into effect. In Alberta and Saskatchewan, where it has been operative, good results have been obtained. In Manitoba the results have been less satisfactory. In Ontario the effect has been highly gratifying. In Quebec the Lord's Day Act is superseded by the provincial Sunday observance law. In New Brunswick and Nova Scotia the alliance is well satisfied with what has so far been accomplished, and now the authorities of Nova Scotia are beginning to take an interest in the valuable legislation. Already much has been done. There were in 1906 not less than 150,000 persons in Canada working seven days a week. Now there are only 70,000. The other 80,000 have been emancipated. Has not this been worth while? The number can be reduced to a minimum by continued effort. Two years ago there were some 100,000 weekly 18,000 copies of United States Sunday papers, produced by Sunday labor for the purpose of making money. Mr. Hanna very strongly denounced these Sunday editions, describing them as foul and filthy, and calculated to pollute the morals of Canadian homes. He also quoted D. L. Moody's denunciation of these sheets. Mr. Hanna stated that today not more than 20,000 copies of United States Sunday papers are now sold in Canada. This is the report given by the United States Publishers Association at a recent meeting in Buffalo. A large proportion of the papers now sold are on the news stands in British Columbia, where the Lord's Day act is still in force.

PROVINCIAL NEWS

MONCTON, N. B., Oct. 30.-The Women's Mission Society Convention is meeting here, having opened its session this morning. Routine business, including the receiving of the reports, was carried on, and this afternoon the delegates will discuss a memorial fund for the late Mrs. E. Palmer, of St. John, who was the branch corresponding secretary for N. B. and P. E. I.

FREDERICTON, N. B., Oct. 30.-Roderick T. Mack, the well known draughtsman of this city, formerly of St. John, was quite seriously injured last night with a bicycle. He was riding on the highway road. Coming down a hill on his bicycle in the darkness he ran into a team coming in the opposite direction. He was thrown from his bicycle and under the wheels of the sloop, which ran over him, breaking his left arm just above the wrist, injuring his chin and giving him a bad shaking up. Dr. Yarrow dressed the injured man's wounds and he is resting as comfortably as possible, although the full extent of his injuries are not yet known.

MONCTON, Oct. 30.-Supervised playgrounds are a possibility in Moncton within the next few months. If the suggestion made by J. T. Hawke, chairman of the board of school trustees, in an address at Aberdeen school this morning is carried out, Charles Hanley in presenting to Miss Grace Wainwright, Lieutenant Governor Tweedie's medal for the highest average in the county high school entrance examinations, said that if the school board consented, he would, during the coming winter, ask the ladies of Moncton to co-operate with the board and provide supervised playgrounds.

FREDERICTON, Oct. 29.-In the divorce court this morning Judge Gregory granted two absolute divorces. In the case of William James Vandenberg vs. Belle M. Vandenberg, in the transfer of Lorne, Victoria county, the husband asked for a divorce on the ground of infidelity and named William Ross as the co-respondent and father of the children. In 1914, 1915 and 1916 to the defendant. His honor found sufficient proof to substantiate the charges and decreed the marriage contract null and void. In the case of Madeline Whitlock vs. Julius T. Whitlock, Judge Gregory also granted an absolute divorce. All cases before the court in which the evidence has been taken were disposed of and judgments delivered except in the Curry case.

IMPROVEMENTS ORDERED IN NEW WAR VESSELS

WASHINGTON, D. C., Nov. 1.-In view of the order of the secretary of the navy revoking the prohibition he recently placed against officers who attended the Newport conference from discussing its action, an officer who was prominently identified with the entire proceedings of the conference today stated that it had substantiated the charges of defects pointed out in Commander Keyes' letter on that subject, with a few minor exceptions. This officer has been foremost in his denunciation of naval defects.

MURDER CHARGE WILL FOLLOW SUNDAY'S STABBING AT MINTO

Telephone Message From Minto, Last Evening, Stated McKay, One of the Injured Men, Was Not Expected to Live, Although Doctors are Doing Everything Possible for Him—Slayer's Preliminary Examination

New Brunswick has another murder on its hands. Two men, John McKay and Christopher Pettley were stabbed at Minto on Sunday night by John Endine, an Italian. McKay will die. The condition of this felon is reported to be absolutely hopeless.

The affair took place at Minto, Sunbury County, and has created great excitement. This morning groups of men are standing about the streets talking the matter over, but while there have been suggestions of lynching that there will be any such violence, even by those who were most indignant over the affair.

The fracas took place at 9 o'clock Sunday night at the home of a Russian minor at Minto. McKay and Pettley who were on friendly terms with the Russian, called at his home during the evening, and while preparing to depart McKay caught hold of the Russian's wife and began whirling her around the room. Endine, who was a boarder at the house, became incensed at McKay's conduct and seized a shot gun which was standing in the corner, made for him. At this stage Pettley interfered and took the gun away from the Italian. The Italian by this time had his anger thoroughly aroused and whipping out a knife stabbed Pettley seven times in the body and legs. McKay went to the assistance of his friend, and was stabbed fifteen times in the region of the abdomen by the infuriated Italian.

Dr. Hay, who happened to be at Minto when the affair took place, was called in. He found that McKay had been stabbed some fifteen times, a number of very serious wounds being inflicted in the abdomen. Pettley had been wounded seven times, but his condition is not so serious. Dr. Caldwell assisted Dr. Hay in attending to the victims. The doctors have been in constant attendance ever since, and in conversation with the Star this morning Dr. Hay said that McKay had absolutely no chance of recovery, although his death might not occur for a day or two. The abdominal wounds are the ones which the doctor regards as most serious. Pettley is also in a rather critical condition, but unless unexpected developments occur he will recover.

After the stabbing Endine left the house and endeavored to escape, but was later captured by Constable William Upham and placed under arrest. He appeared before Magistrate Hallifax yesterday morning and was remanded to await the outcome of the victims' injuries.

This morning Endine, in company with Angelo Corbin, who was in the house at the time of the stabbing, was taken to Greenhill. They are there detained in jail. Corbin being held as a witness. John Corbin, a brother of Angelo, who was also a witness of the stabbing, remains in Minto. There is great sympathy in the district for McKay and also for the family of Angelo Corbin, who has a wife and six children.

McKay is a native of Scotland, sixty or seventy years of age. He is a married man, having a wife and two children in Nova Scotia. For the past nine years he has been employed in the mines at Minto, and has always borne good reputation. Pettley belongs to Minto, and is about thirty-five years of age. Endine, who is forty years old, has been at Minto for a short time. He does not speak English.

Dr. Hay stated that he would remain at Minto, and that Dr. Caldwell would also stay there, doing their utmost for the wounded men. Until something definite develops regarding the injuries there will be no further hearing of the charge against Endine.

A telephone message from Minto last evening stated that the doctors are fully aware that McKay's condition is very serious and he is not expected to live much longer. Pettley, though badly wounded, is expected to recover.

The preliminary examination of Endine and Corbin will take place on Monday next before Justice J. H. Hallifax of Minto. Attorney General Hazen will prosecute, but the prisoners as yet have not secured counsel.

The only relative of McKay, a son from Nova Scotia, has arrived at the scene of the shooting, as has also Mrs. Pettley of Norton, wife of the other wounded man.

CORNWALL, Nov. 5.—D. E. Wilson, who was arrested at Brockton, Mass., by American authorities last week, and taken to Cornwall by Provincial Detective H. Reburn, was before Police Magistrate Davis today and pleaded guilty to six charges of breaking into stores and stealing therefrom in the village of Chesterville where, for three or four months, he was employed in Molsons Bank. He was committed for trial and will come before Judge O'Reilly this week. Goods stolen and recovered are worth about \$350.

But Doesn't Object in the Least

A young lady from Troy was nicknamed "Grape-Nuts" but she has been so greatly benefited by this world-famed food that she did not object to the sobriquet given her by friends. She writes:

"From overwork my health failed me last summer and I feared for the future. Nearly everyone I knew had something to recommend, and I tried them all without benefit. "A cousin, however, was persistent in recommending Grape-Nuts, because of the really wonderful good the food had been to her. Finally she sent me a package and to please her I commenced to eat it. "Almost from the very start my strength began to improve, and soon I began to gain weight. After about five months eating Grape-Nuts for breakfast and supper daily, I became well again. "My appearance improved so much my friends wondered and asked the reason. I told them it was Grape-Nuts and nothing else. I have talked so much about the benefits to be derived from this food that they have nicknamed me "Grape-Nuts," but I don't object in the least. This food has certainly proved a great blessing to me. GREATER THAN ROOSEVELT

Mr. Taft probably will receive a greater plurality in New York State than President Roosevelt did four years ago. He has exceeded Mr. Roosevelt's plurality in New Jersey and had a surprisingly big vote in Massachusetts.

165 REPUBLICANS

CHICAGO, Nov. 4.—Returns received by the Associated Press up to 12:30 showed the election of 165 Republicans to congress and 138 Democrats. The Republicans lacked 31 of the necessary number to assure control of congress.

Result in Massachusetts

BOSTON, Nov. 3.—The Republicans won the Massachusetts election today, sending sixteen Taft votes to the electoral college, placing Lieutenant Governor Eben S. Draper in the gubernatorial chair, choosing the balance of the State ticket, re-electing all the present congressmen and retaining firm control of both branches of the legislature.

Taft to Hitchock

CINCINNATI, Nov. 3.—Judge Taft at 3:10 p. m. sent the following telegram to Frank H. Hitchock: "I am delighted to hear the favorable returns from all parts of the country, especially New York, and I wish to express my gratitude to you for the work which you have done and felicitate you on the accuracy with which you foretold the result, indicating a clear grasp and wonderful political knowledge of the situation."

Result in Vermont

WHITE RIVER JCT., Vt., Nov. 3.—Conrad's return from the state of Vermont gave Taft 39,692, Bryan, 11,688; Higgen, 719, and Chadin, 848. Taft's plurality is 27,904.

Result in Maine

PORTLAND, Me., Nov. 3.—Taft and Sherman were given a plurality of 22,000 in Maine today out of a total vote of 103,000. Bryan's vote was estimated at 36,725, Taft's 67,200. The vote of both parties was below the average of the past 25 years, while the plurality was about 6,000 in excess of the average. These figures were based on returns at 11:30 p. m. but 96 small places which four years ago gave Parker 511 and Roosevelt 2,945.

Result in Ohio

CINCINNATI, Nov. 3.—Notwithstanding the meagreness of the election returns from Ohio, they seemed to give a fair indication of the result, although positive statement of plurality was impossible. All sections of the State, both city and county, were included in the first returns and the same ratio continued would give a plurality for Taft for president in his home State of anywhere from 100,000 up. Cleveland, Cincinnati, Toledo and Dayton are included in the first reports, and in all the Taft vote was very heavy.

Brooklyn Congressmen

NEW YORK, Nov. 3.—The following congressmen were elected in Brooklyn: Second congressional district—Geo. H. Lindsay (D), re-elected. Third district—Otto C. Poelker (R). Fourth district—Chas. B. Law (R), re-elected. Fifth district—Richard Young (R). Sixth district—Wm. H. Calder (R), re-elected. Seventh district—John J. Fitzgerald (D), re-elected.

Florida's Result

JACKSONVILLE, Fla., Nov. 3.—The election in Florida resulted in the usual Democratic majorities of from 18,000 to 20,000. Owing to the slow count of the long ballot, however, the actual figures cannot be given tonight.

Votes for Taft

NEW YORK, Nov. 3.—The indications are that the following votes will be cast in the electoral college for Taft: California, 10; Connecticut, 7; Delaware, 3; Illinois, 27; Indiana, 15; Iowa, 13; Kansas, 10; Massachusetts, 16; Michigan, 13; Minnesota, 11; New Hampshire, 4; New Jersey, 12; New York, 39; North Dakota, 4; Ohio, 23; Oregon, 4; Pennsylvania, 24; Rhode Island, 4; South Dakota, 4; Utah, 3; Vermont, 4; Washington, 5; West Virginia, 7; Wisconsin, 13; Wyoming, 3; Maine, 6. Total, 293.

Baltimore for Taft

BALTIMORE, Nov. 3.—Shortly before midnight Chairman Van Diver at the Democratic state headquarters conceded the election of Taft by a plurality of about 2,500 in this city, but claimed the first and second congress-

Result in Wisconsin

MILWAUKEE, Nov. 3.—Taft and Sherman have carried Wisconsin with a plurality estimated at 75,000, and Governor Davidson (R) has been re-elected by a plurality close to nine. The Republicans have elected nine out of eleven congressmen, the Democrats one, with the fourth district still in doubt. The legislature will be overwhelmingly Republican.

Result in Illinois

CHICAGO, Nov. 3.—Indications at 5:50 o'clock tonight are that Taft has carried Illinois by 170,000. Deenon, the Republican candidate for governor, has been elected by approximately 100,000. The legislature which elects a United States senator, will be strongly Republican.

Result in Delaware

WILMINGTON, Del., Nov. 3.—At 11:15, Republican State Chairman Dupont announced that the plurality for Taft will be 3,000. The state ticket will have the same plurality.

New Hampshire

CONCORD, N. H., Nov. 3.—The returns from the larger places come in slowly, but the smaller towns are promptly rushing the result of their balloting. With one-seventh of the total vote of the state returned Taft leads Bryan by nearly 5,000, while Quinby (R) for governor has about a thousand the better of Carr, his Democratic opponent. At the same ratio throughout the state Taft should carry New Hampshire by about 6,000, while Carr for governor and gain his election by about 4,000 majority.

Missouri

ST. LOUIS, Nov. 3.—Scattered returns indicate that Bryan has carried Missouri by 25,000 plurality, and that Cowherd (D) has defeated Hadley (R) for governor by 20,000.

Result in Minnesota

ST. PAUL, Nov. 3.—While early returns indicate the re-election of Governor Johnson by a plurality of from 10,000 to 25,000, the later returns from the county districts have greatly modified this. At 10:30 the returns are too indefinite, however, to accurately forecast the result.

Rhode Island

PROVIDENCE, Nov. 3.—At midnight with about two-thirds of the 151 precincts heard from, the figures indicated a probable plurality of 16,000 for Taft in the State. This is about the plurality given Roosevelt in 1904.

BAPTISTS ARE THRASHING OUT UNION SCHEME

Hear Report of Joint Committee

MANY CLAUSES Discussion on Clause Relating to Membership of Union

OTTAWA, Ont., Nov. 4.—With delegates from every province in Canada, numbering in all 319, a new Baptist conference started in the First Baptist church, Ottawa, today, following close on the heels of the convention for Ontario and Quebec, which came to an end last night.

Among the men from the Maritime Provinces are: Rev. W. W. McMaster of St. John, N. B.; Rev. W. N. Hutchings, Truro, N. S.; Rev. H. C. Newcombe, Yarmouth, N. S.; Dr. W. V. Higgins, Wolfville, N. S.; and Hon. George E. Foster from the west; Rev. W. E. Stackhouse, Winnipeg, superintendent for western missions; Rev. D. B. Harkness, M. A., Winnipeg; Dr. A. P. McDermid, Brandon, principal of Brandon College; Rev. C. C. McLaurin of Calgary, and J. G. White of Summerside, P. E. I., from Ontario and Quebec; Rev. A. A. Cameron of Ottawa, Rev. J. A. Gordon and Rev. H. F. Laflamme of Toronto.

Under the proposed union each church may appoint two delegates and one additional delegate for every 100 members. After preliminary work in enrolling the delegates a provincial organization was instituted. Dr. Jones, chancellor of the University of New Brunswick, and president of the Maritime Baptist Convention, was appointed chairman, and Dr. E. G. Stobo of Sinitia Falls, secretary. Enrollment of delegates showed 250 from Ontario and Quebec, 57 from the Maritime Provinces, and 12 from Western Canada.

At the afternoon session the joint committee presented its report on the suggested constitution of the Baptist Union of Canada. The report recommended that members of the union be appointed by churches, two by each association and one from each five thousand members in the convention. The time and places of meeting of the union would be determined by the union board.

The Grande Ligne mission would adhere to its present name and retain its present board of fifteen members. Foreign missions would have a board of thirty members. Of these twelve would be appointed by churches, two by each association and one from each five thousand members in the convention. The time and places of meeting of the union would be determined by the union board.

Hon. George E. Foster thought that the representation should come from the individual church as much as possible, and that each church should have the right to appoint delegates. Amendments to remove special representation from the associations and from existing conventions and boards and to cut off representation from the local churches were defeated. The question will be further debated tomorrow.

MICHAEL KELLY, BLIND ORATOR, BACK IN CITY

Meeting With Great Success—Encounters Two Remarkable Men

Michael Kelly, grand electoral superintendent of the I. O. G. T., was in the city yesterday after spending the past two months in Queens county. While there, Mr. Kelly, who has gained great distinction as an orator, addressed sixty meetings. He reports the temperance sentiment to be strong there, and in his opinion it is ripe for prohibition. Mr. Kelly desires to thank through the columns of The Sun, the people of Queens county and particularly the officers and crews of the Sincere, Victoria, May Queen and the Madestic. Mr. Kelly is en route for Charlottetown and Sunbury counties.

During his trip, Mr. Kelly met a man named Robert Elliot at Young's Cove. Mr. Elliot is 84 years of age and during the season has dug 100 barrels of potatoes himself. At Iron Bound Cove he met John Wasson, who is 96 years of age on Oct. 8. Mr. Wasson dug six barrels of potatoes in one day. He has good reasoning and writes several lines each day. He is intelligent and takes part in all discussions of the topics of the day. Mr. Wasson does not look more than 70 years of age. He has never touched liquor nor tobacco in his whole life.

DOING FOREIGN SERVICE. Lieut.-Gen. Sir L. J. O'Hanlon has notified the Northern command that he "observes with much regret the prevalence in certain corps of the grave offence of men deserting themselves without leave in order to avoid embarkation for foreign service."

THE RECENT SPELL of genial weather seems to have had a great effect on the death rate in London, which last week fell to 11.9 per 1,000. The deaths in London last week were 268 below the average numbers in the corresponding periods of the five years 1897-7.

MARRIED ON A LINER

Three English girls who were among the passengers of the liner Majestic on her last voyage to New York were going out to join their fiancés there and were married, but the American immigration authorities insisted on their being married before landing. Accordingly licenses were procured, the bridegrooms boarded the ship in port, and the Rev. Jacob Price performed the triple marriage in the ship's library. Then all went happily ashore.

Sir W. B. Richmond, in an address as the president of the Birmingham and Midland Institute, advocated the provision of a professor of aesthetics at all universities and educational centres. Until we have a separate Minister of Science and Art—not amateur agents of party politics, but thoroughly reliable experts—within the Government neither science nor art would receive the attention it should. A cultivated democracy would in time teach its masters.

VIENNA, Nov. 4.—If the statements published in afternoon papers are to be believed the Balkan crisis has suddenly become acute again. LONDON, Nov. 4.—The Belgrade correspondent of the Times says that considerable alarm is felt in official quarters regarding the supposed aggressive attitude of Russia, which is deeply affected by conditions in America because America is one of the principal consumers of German exports.

ACCOUNTS FAVORABLE. PARIS, Nov. 4.—The published comments on the American election are brief, as the newspapers are engrossed with the European situation, but they are all favorable. That Mr. Taft's election means the continuation of the policies of President Roosevelt, but in a less strenuous and more conservative manner is the general opinion.

La Liberté calls it a "victory of opportunism," and continuing says "America is returning to calm sentiments after the panic of last year." The Journal Des Debats considers that Mr. Taft represents the interests of high finance and capital and that, although in principle he is hostile to the trusts, the trusts worked and voted for him.

BRUSSELS, Nov. 4.—Newspapers here consider the election of Mr. Taft a hopeful sign of peace and prosperity in the United States. The Independent Belge says that Mr. Taft owes his victory to the fact that the Democratic programme was disquieting to the public after the crisis last year.

Fear Suffragettes Will Get Them PRECAUTIONS TAKEN Mrs. Humphrey Ward Pleaded With Anti-Suffragette Progress

LONDON, Nov. 3.—Britain's peers are now sitting in daily dread of an invasion of their precincts in Westminster by the suffragettes, who further advertised their campaign Wednesday evening when two of them fastened themselves with chains to grilles that screen the ladies' gallery from the body of the house of commons.

Every precaution is of course being taken to prevent such an incursion, but many peers are afraid that feminine ingenuity—one of them described it as "devilish ingenuity"—will find a way to overcome all the obstacles that were parliamentarily imposed on the suffragettes.

LOCAL MATTERS OF INTEREST.

MONDAY

Miss Catherine Fitzgerald of No. 4 Church street, who is in the employ of the Canadian Drug Company, had a very narrow escape from serious injury yesterday.

The Sussex Packing Company will ship a large quantity of lambs to the west this year, as they have for some seasons past. The contract calls for about 8000 carcasses.

Chas. Wallace, aged 14, of Brown's Flats was brought to the city yesterday afternoon on a tugboat suffering from appendicitis. He was taken to the hospital in the ambulance and operated on by Drs. White and Christie.

Yesterday was "All Saints' day." In some of the churches the sermon on the day was preached. In the Cathedral, Rev. D. S. O'Keefe delivered a masterly discourse at the 9 o'clock mass, which is celebrated in the absence of His Lordship Bishop Casco.

SUSSEX, No. 2.—Four cases in which it was charged that the anti-bribery clauses of the election act had been violated in the recent election in Kings-Albert, came before Justice Hornby here on Saturday. Herbert McKinnon, after examination, was released on \$2500 bail to appear before the supreme court in January.

The Ship Laborers' Society have completed arrangements with the shipping companies for the carrying on of the winter port work during the coming winter season. The old Ship Laborers' Society will be merged with the C. P. R. and Donaldson line boats. The new society, independent of the other, will work on the Furness, Manchester, Head and Boston-Cuba line boats, while the Allans will have another independent society of their own to attend to the loading and discharging on their boats.

TUESDAY

Kaiser seems to have put his foot in it again; but he has also made a St. John man a member of the Prussian Order of the Red Eagle, which squares things for him in that quarter.—Echo.

A sad accident occurred at Chignecto Mines yesterday afternoon, which resulted in the death of one of the miners employed in the mine. Henry Carson was engaged in filling his box in one of the adjoining balances which descends at an angle of about forty-five degrees. To prevent the loaded box from shooting down the balance he seized one end of it and was pulling down towards the level, severely injuring his head and sustaining other injuries on his body. He died this morning. The unfortunate man does not seem to have any near relatives in Nova Scotia.

The many friends and relatives of Mr. and Mrs. John E. Speight of Wolford assembled at their home Friday evening, Oct. 30th, to celebrate the thirtieth anniversary of the wedding. After the arrival of the guests a bounteous repast took place. The tables were filled to overflowing with all the delicacies to satisfy the inner man. After tea had been served the floors were cleared. S. C. Nutter of the Telephone Company was appointed floor manager and dancing was indulged in until a late hour. The esteem in which Mr. and Mrs. Speight are held was shown by the many useful and costly presents and all join in wishing the couple many more years of happiness.

GHATHAM, N. B., Nov. 4.—The scarlet fever situation is daily becoming worse but no action has yet been taken by the Board of Health officials to really stamp out the disease, and complaints are general. Four new cases last night were reported by one doctor alone and the disease is breaking out in new sections of the town. Charles Ryan, chef of Touraine Hotel, went on a rampage last night and made things lively around the premises. He assaulted a waiter, Henry and was finally locked up. This morning he was fined \$10 and costs.

WEDNESDAY

J. T. Halliday, the acting superintendent of the I. C. R., was in the city yesterday, a guest at the Royal. He told a Sun reporter that he was simply here on an ordinary inspection visit. He stated that a new superintendant of the road had not as yet appointed, but that he was expecting to fill that position. Mr. Halliday was accompanied by J. H. Brassard, inspector on the road. Both Mr. Halliday and Mr. Brassard left for Halifax last evening.

The dredge now at Port Elnin will be brought to St. John. Tugs Lord Roberts and Lord Kitchener have gone up to tow her down.

J. E. Moore's dredge Saugus, which was engaged in dredging on the river near the Jemseg, is now at the St. John Iron Works getting fixed up. She will go to work dredging at York Point in front of the flour shed.

About 1:30 o'clock this morning a pair of horses attached to a coach belonging to David Watson became frightened on Sydney street and ran away. The coach collided with a telegraph pole in front of No. 1 engine house and the horses broke away and at the hour of going to press had not been captured. The driver of the team, named Jones, was badly injured about the head and face.

The Exmouth Y. M. C. A. met last evening and elected the following officers: Honorary president, Rev. S. Howard; president, R. H. Gooderich; 1st vice, W. Adams; 2nd vice, E. E. Thomas; 3rd vice, W. G. Drake; 4th vice, R. Handran; secretary, W. J. Magee; financial secretary, W. E. Campbell; treasurer, W. Lawton; chaplain, F. D. Sandall; committee manager, C. M. Parlane, H. Alexander. The boys report everything in a satisfactory condition and every prospect for a bright future.

W. J. Wilson of the geological survey, who has been engaged this summer on the Bay of Fundy coast of this province collecting fossil specimens, was in St. John yesterday. His summer's work has been very successful. He is taking back with him several boxes of specimens, many of which are valuable and interesting, especially those collected in Albert county in the vicinity of Cape Barrage.

THURSDAY

The wells at Seal Cove Two Islands and Grand Harbour, Grand Manan, have been catching great quantities of sardines during the past month. They have been purchased by the Pastport and Lubec packers, at \$4 per hhd. One well at Two Islands stocked \$2000 in one week, another \$1200 and so on. A few stringing herring have been taken. It is an unusual thing for sardine herring in such large quantities to be taken at Grand Manan. The fishermen have noticed large number of the new fish (supposed to be jibberds) among their catch. They are a much plumper and fatter fish than the native sardine and are a superior food fish. —Beacon.

The business of the Bank of New Brunswick at "North" Head, Grand Manan, has prospered to such an extent under the management of Mr. Wm. Baker, that the bank has decided to establish a permanent office on the island. With this object in view, a lot of land to the east of the steamboat wharf has been purchased from the Redmond estate and a handsome two-story building will be erected thereon.—Beacon.

CARD OF THANKS. DALHOUSIE, N. B., Oct. 30. To the Editor of The Sun: I desire, through the medium of your journal, to express my thankfulness to all kind friends who have so thoughtfully and generously in our recent bereavement. I would mention particularly those who have written kind words of sympathy, also those who sent flowers, and the members of the Trinity church choir, who attended the funeral service, and also all those who assisted at the funeral service at Riverdale, Albert Co.

W. A. TRUEMAN. MILLER-REID. On Oct. 27, at the residence of Robert Reid, Point La. Nim, his daughter, Mary Alexander, and Allen Miller of Campbellton were united in marriage by the Rev. J. Howe Kirk of Dalhousie, N. B.

MRS. MARGARET BOYLE. The death of Mrs. Margaret, widow of Hugh Boyle, took place yesterday at the home of her son, 109 Hillyard street. The deceased was well known in the north end, and her death will be widely regretted. She has survived her husband by a number of years, and is herself survived by two sons, Patrick and Timothy, both of this city, and four daughters, Mrs. Kate Sempie, Miss Ellen and Mrs. Margaret, all of Boston, and Mrs. D. M. Barry, of Keese, New Hampshire.

THIS OLD MAN HAD YOUNG WIFE. GUYSBORO, N. S., Nov. 4.—Governor D. C. Fraser arrived here with a party of friends, among which are Thos. Cantley, Capt. Fraser, G. H. Sutherland and James McGregor, all of New Glasgow. Report comes to hand of a suicide at San Point, about twenty miles from the town, where an old man, aged 70, named Josiah Miller, hanged himself during a fit of insanity. It is understood that the deceased's mind has not been the keener for some time, but none of his friends seem to have anticipated his rash act. Mr. Miller was in town with his young wife on non-union day and seemed in the best of spirits. His second wife and her two young children survive, besides a grown family by his first wife.

REV. W. H. SAMPSON IS NEW HEAD OF THE LORD'S DAY ALLIANCE

ALLIANCE IN ANNUAL SESSION HERE YESTERDAY HEARS ENCOURAGING REPORTS—TREASURER REPORTS A BALANCE—INTERESTING ADDRESS DELIVERED IN THE EVENING

The St. John branch of the Lord's Day Alliance in annual session here yesterday in St. David's church elected Rev. W. H. Sampson president for the ensuing year. The session was opened in the afternoon at 2 o'clock with President Rev. A. A. Graham in the chair. Most of the business of the day was the reading of reports and the election of officers. There was a large attendance of members when the session opened.

Your officers are convinced of the importance of this work, and we believe that no organization outside of the church itself deserves more generous support than the Lord's Day Alliance. It seeks to preserve the day for the citizens of this country so that every man may have the privilege of the Sunday rest. In the complicated life of this age a great amount of work will always be necessary on Sunday, but we believe the man who is called to work on that day should have the right to rest on another day of the week which will be for him his rest day. All this is respectfully submitted.

Mr. Wilson's report on the financial standing showed that the Alliance at the present time has a balance of \$2706. Nov. 12, 1907, by balance on hand, \$4.85; St. David's Presbyterian church, \$17.25; Trinity church, \$20; Queen street church, \$18.60; German street Baptist church, \$7.85; M. A. Cox, \$1.60; Reformed Baptist church, \$8; collection, \$8.07; St. Matthew's Presbyterian church, \$26.25; St. Paul's church, \$21.40; St. George's church, \$11; Exmouth street Methodist church, \$10; Carmarthen street Methodist church, \$1.25; Leinster street, \$10.70; St. Paul's street Baptist church, \$2.14; Carleton Methodist church, \$3; A. H. Hannington, \$5; St. Andrew's church, \$6.50; Portland Methodist, \$20; St. Paul's church, \$1.50; St. George's church, \$1.25; Central Methodist church, \$3.75; total, \$47.38; paid Robert Reid, treasurer Provincial Alliance, \$120.80; balance, \$27.06.

The election of officers was then taken up and resulted as follows: Rev. W. H. Sampson, president; Rev. Gordon Dickie and Rev. Samuel Howard, vice-presidents, and Amos A. Wilson, secretary. The executive committee consists of the newly elected officers and the following: Rev. W. W. McMaster, Hon. J. G. Forbes, R. T. Hayes, W. D. Bassett, H. C. Thoms, S. M. Sewell, Rev. Mr. Ross, Rev. H. D. Marr, H. G. Smith, Rev. F. G. F. Scoville, Rev. J. Heaney, Rev. J. Robinson, E. L. Strange, Rev. M. E. Fletcher and Rev. C. A. Kibbing.

Conservative, Elected by Six, Will Likely Be Unseated

OTTAWA, Nov. 4.—Even if the result of the recount in North Lanark is in favour of the Conservatives, T. H. Caldwell, the ex-Liberal member, is practically certain that the protest which will be entered will disconcert the Conservatives. Caldwell practices to void the election, one glaring case of perjury in the interests of Mr. Thorburn, the Conservative candidate, whose majority is placed at only six, has already been disclosed. At Carleton Place last week a man named Weir was arrested on the charge of impersonating a local elector. At the time of the arrest Weir stated that a Conservative scrutineer had offered him \$2 for impersonating a voter who would be absent from the polls. It is stated that similar offers were made to a number of men at Carleton Place and evidence will be heard when Weir comes up for trial before the magistrate in a few days. Meanwhile he is out on bail. The Conservative scrutineer in question has suddenly disappeared and his whereabouts is now unknown. Hon. George P. Graham, Minister of Railways left this afternoon for a short holiday trip to New York.

ACCIDENTALLY SHOT WHILE LIGHTING HIS PIPE. MELROSE, Mass., Nov. 4.—Edward Hyatt was accompanied by his brother Walter and a man named Babcock. They saw him stop and light his pipe while he leaned his gun on a stump. The next instant there was an explosion and Hyatt fell dead with a bullet through his heart.

CAPTAIN TELLS STORY OF WORK TRIED HARD TO SAVE ROWENA

FOG WAS DENSE CREW HAD A NARROW ESCAPE FROM DEATH—PRAISE FOR LIFE SAVERS

The crew of the schooner Rowena, which was wrecked on Libby island on Friday morning last, arrived in Saint John yesterday. Captain Seelye and his mate, Robert Seelye were seen at their home, Charlotte street, West End, last evening by a reporter of The Sun. Capt. Seelye's first words were: "I am glad to see you, for I want to thank the officers and men of the life-saving station on Libby Island through the columns of your paper for the great kindness shown us by them. No shipwrecked heroes were ever treated better than we were." Continuing, Capt. Seelye said: "We left St. John on Thursday morning last with a cargo of lumber, bound for Salem for orders. We had a nice sailing breeze all day and were making good time until after dark when it came on to blow hard. At the night wore on the weather continued to get warm, and about 3 o'clock it began to rain. As the weather still kept growing worse and the fog was very thick, and in addition to all this the schooner was leaking badly, we decided to run for shelter, Machias being the nearest harbor.

FOG WAS THICK. The fog was so thick that the lights on the island were not visible and we were forced to use our own judgment. In going around Libby Island it is necessary to keep close to the land in order to avoid a ledge that runs out from a small island lying to the northeast, and it was in doing this that we misjudged our distance and went ashore. We were well into the beach before we could see where we were and before anything could be done the vessel struck.

The election of officers was then taken up and resulted as follows: Rev. W. H. Sampson, president; Rev. Gordon Dickie and Rev. Samuel Howard, vice-presidents, and Amos A. Wilson, secretary. The executive committee consists of the newly elected officers and the following: Rev. W. W. McMaster, Hon. J. G. Forbes, R. T. Hayes, W. D. Bassett, H. C. Thoms, S. M. Sewell, Rev. Mr. Ross, Rev. H. D. Marr, H. G. Smith, Rev. F. G. F. Scoville, Rev. J. Heaney, Rev. J. Robinson, E. L. Strange, Rev. M. E. Fletcher and Rev. C. A. Kibbing.

TO IMPERSONATE. A Rockland, Me., despatch last evening states that the Rowena has been towed there for repairs, having been floated by the revenue cutter Woodbury.

TELLS HER AUDIENCE ABOUT CHINESE WOMEN. Miss Mabel Hannington Delivers Interesting Lecture in Stone Church

Before a large and appreciative audience in the school room of St. John's (Stone) Church last evening Miss Mabel Hannington delivered a very interesting address on her work in China. Miss Hannington said that the need of female missionaries was very great. The women of China are of very low position, not having any chance whatever to receive an education. The speaker said that in her work in the medical department she was brought into contact with a great many native women, having a chance to cover of about thirty miles wide by one hundred in length, and that district contained the city of Mindcar, which alone has a population of 60,000. Miss Hannington has with her in this district two lady teachers who are doing excellent work, but are not so well received as those connected with the medical department. Some of the new laws are aiding greatly to uplift the natives in the vicinity, particularly the law regarding opium smoking and foot-binding, but in the country districts the minor officials do about as they please, and in the locality in which she was stationed the speaker said that she could see no difference in the practice of these two habits.

MONTREAL BANKER SHORT IN ACCOUNTS

D. C. McCollum Said to Have Used Money in Speculation

MONTREAL, Nov. 4.—The rather startling discovery of a shortage of \$12,000 to \$15,000 in the accounts at the head office of the Farmer's Bank, this city, has been made, and the cause is said to be unfortunate stock speculation with the bank's funds by D. Cameron McCollum, who has been with the financial institution since its formation some few years ago.

On Saturday afternoon last the accounts of the teller were examined by Mr. Hill to check the daily as well as the monthly balance. One or two items attracted the attention of Mr. Hill, but he thought some simple explanation would clear up the matter. The entries were shown to the teller on Monday morning and at first he said he believed his books and accounts were right, and he would straighten them out. As the matter proceeded further it appeared to the city manager that there had been a systematic effort on the part of some one to rob the bank.

DRANK AS OTHERS IN HER "SET" DID. St. Louis Wife, Replying to Husband's Charges, Denies Habitual Drunkenness

ST. LOUIS, Mo., Nov. 4.—Replying to deposition to her husband's charge that she drank to excess, Mrs. Clara M. Burns, wife of George H. Burns of No. 4300 McPherson avenue, says: "I was not a habitual drunkard. Like other society women I took something to drink when I went out with my husband." In another part of her deposition, filed in answer to Burns' suit for divorce, Mrs. Burns admitted that she twice took sanitarium treatment to cure the appetite for liquor. One of these courses of treatment, she said, was at a St. Louis institution. When she was at Wauwasota, Wis., Mrs. Burns stated in her deposition, being treated in a sanitarium, she met a man whose fortune she estimated at \$18,000,000, and who asked her to get a divorce and marry him. She says that he told her to go to Phoenix, Ariz., or to Denver, for the divorce, but that she rejected the advice. Mrs. Burns is stopping at No. 3411 Lucy avenue. Her home is in Detroit, where her husband was formerly a general manager for the Wabash Railroad. Burns, who is the St. Louis manager
