GREAT PROGRESS LAST NIGHT BY BELGIANS AND BRITISH.

London, Oct. 1.

Continued progress along the whols front in Belguim yesterday is recorded. The statement says that two strong towns have been carried and Belgian troops have crossed the Zarren-Roulers and the Roulers, Menin roads at several points.

British last night continued their reports closing in movement of Cambrai. They captured Proville to the west of the city and Tilley close by on the north west, Field Marshall Haig, announced in his official report today.

Fortuantely wash things continue erage houses saying that they could not tender on our Town Bonds, at even among people whose purse strings the present time, as they were not are long and elastic, which makes permitted to buy any new issues until things easier for the majority. Skirts may be lengthened with tucks that hide piecing, or yokes of various kinds, and sweaters brighten and smarten the simplest and least attractive skirt or frock. Everyone now knows some form of dye that brings a faded smock back to its pristine beauty, as easily used as the "blueing" familar to ev ery laundress, so wash things can go often to the tub, yet keep fresh and

attractive. One can indulge in pretty delicate colorings without the dread of what the wash will do to them, and grend time on smocking knowing garment will last.

New Sweaters.

The latest things in sweaters a collar that assumes cape like proportions, when its scarf like ods are left open, or closes up well about the throat, in smart comfort when more protection is needed.

Sie Bulgaria is down and out, as far as the War is concerned

This leaves Turkey in sore straits, cut off from the only friend she has on earth, the Hun; with a powerful British Army at her eastern door, it is likely she too, will soon up with hands and shout "Kamerade".

On the western battle front the Allies are gaining success upon success; and the enemy lines, even with fresh troops, that they are still bringing up, are being bent back, broken and crumbling before the victorious British, French, Belgians and Americans.

The Belgians have advanced so far that the Germans sumarine bases, on the North Sea are in danger.

By the retirement of Bulgaria the Allies can now strike Austro-Huntgary by a back-door entrance; and it his jar will make the dual monarchy feel a bit of a quake in earnest. Word comes from Germany, that the people are almost hysterical over the fact, that they at last, see, that they will lose the War. The common people are now fully realizing what the World has long ago known that the Central Powers cannot win. The armistice is with the full consent of the King of Bulgaria.

And now the Berlin-Bagdad dream disappears forever.

"SPANISH INFLUENZA"

(Issued by the Department of the Public Health, Nova Scotia.)

In the last issue of the "Quarterly Bulletin" the opinion was expressed that this province was unlikely to escape an invasion by the condition known as Spanish Influenza, which at that time had for some months prevailed in epidemic form throughout Europe. Unfortunately the prediction has been fulfilled. The disease has found its way to the North American Continent, and has become epedimic in many localities. Nova Scotia has not escaped, and from several parts of the province it has been

reported as quite prevalent.

The condition resembles in many particulars the old fashioned la grippe, but the bacteriological investig-ations which have been made have shown the influenza bacillus to be present in but a small percentage of cases, while the respiratory tract, are quite common.

Clinically the disease has been characterized by an acute onset, symptoms developing with such rapidity that the victim may have to stop work within a few minutes. Pains in the head, back and other parts of the body, dizziness and weakness, slight soreness of the throat and sensitiveness to light are commonly complained of. The temperature rises quick6 to 103 or 104 F. Movements of the eyes from side to side, and snffusion of the whites of the eyes, are not in-frequently noticed.

As a rule the attack is of short duration, but it is important to note that relapse is not uncommon, so the patient should be warned against too early a return to duty. Occasion-ally the course is somewhat erratic, with an irregular fever which be due to bronchitis, bronchiolitis, the finest collections of mammoth bronchopneumonia or a bacterial intomatoes that has been seen this vasion of the blood stream. The respiratory tract usually bears the Mr. W H. Redding, and for size brunt of the attack. Crowding and imperfect ventilation appear to have a marked influ-ence in spaceading the disease. Free ventilation is therefore imperative as a preventive measure. The infective element is given off particularly in the discharges from the respiratory tract. Such discharges should consequently be promptly destroyed, and every effort should be made to limit the issuance of the organisms in the spray caused by coughing, sneezing and loud speaking. Prophylaxis is therefore similar to that in any infectious respiratory condition. Doubtess many cases of the disease are so mild that the victim does not lay up, but goes about spreading the infection. Hence the need for constantly urging everyone to pay strict heed to the small rhyme;

AWAY

There passed peacefully to rest at the closing moments of the Sabbath day, Rev. John Clark, known better as "Pastor Clark." He had been in failing health for some months and all the medical skill and loved ones could do was done, but the end came and he has gone home.

Mr. Clark was born in Buckinghamshire, England, in 1849 and at an early age inclined toward the Ministry. He entered Spurgeon's Pastor College from which he graduated. After holding two pastorates in England, he came to Nova Scotia, 44 years ago, and became Pastor at Bridgetown. He had been Pastor of the following Churches in this Provinces;—
Dartmouth; Temple (Yarmouth) Nictaux; Antigonish; Bass, River; Westchester Station; Selma, He also served as supply for Zion Truro in the interim between Pastors.

He was a man of culture and refined Christian bearing. It was a benediction to converse with him on the things of the Kingdom. Many of the hearts that have been comforted by the heartfelt sympathy of their man of God.

ed by the heartfelt sympathy of their man of God.

He was married in April 1869 to Miss Annie Smart, of Bury-St.-Edmunds, Eng. Six children were born to them, two have preceded him to the better land; four are living; one daughter, Mrs Walter Bernham of Massachusettes; three sons, Payson of Antigonish; Arthur of Edmunton, Alberta, and Roy, in the Western States. A most devoted wife, and a true help mate has been Mrs. Clark in all her husbands labors. These all have the sympathy of a large constituency, who knew the departed. Pastor Clark has preached for over 50 years; 44 of which were spent on this continent. His passing is a distinct loss. His "Arrow Points" were read and enjoyed by many. The Baptish denomination have lost a rare spirit and a true exponent of the word. But God who knows best, has, "given his beloved sleep". man He Miss

RESIGNATION OF REV. MUR- THE TORPEDOED MISSANABIE DOCH MacKINNON D. D.

Brother of Dr. D. L. Mackinnon Ainslie Hospital, Truro.

Sept. 19.)

About the middle of August Dr Murdoch MacKinnon, who was helidaying at the Coast, received word of gin at Calgary. Dr. MacKinnon, who had some time ago offered himthe commission and forwarded his resignation of the pastorate of Knox Church, Regina, to the Clerk of Regina Presbytery.

The resignation was dealt with at the regular meeting of the Presbytery held Sept. 3rd. Commissioners from Knox Church expressed in the highest terms the congregation's appreciation life boats away from the port side of Dr. MacKinnon as a man, a pastor, a preacher, and a citizen; but stated that since Dr. MacKinnon had felt it his duty to enter upon this work they had agreed to acquiesce in the accepting of his resignation, undertaking to continue his salary to the end of the year. Very regretfully the Presbytery decided to accept the resignation, to take effect after Sept. 22nd, when Dr. MacKinnon is expected to preach his farewell sermons

As a presbyter his clearsightedness and sound judgment won him the gratitude of the brethren. We desire to express our appreciation of the spirit of sacrifice manifested by Dr. and Mrs. MacKinnon in giving up a large salary to accept the emolu ments of a chaplain, Dr. MacKinnon believing it to be his duty to thus serve his country and the Kingdom of Goo in the present crisis. We would also set on record our sense of the incal culable worth of the services he has rendered, not only to his owh congre gation, but to the city and yet more to the province of Saskatchewan. SERGT. W. D. BURRIS KILLED

Mrs. W. D. Burris, of Middle Mus quodoboit, has received word that her Captain Joseph Walley, Scotch Vil. of Middle Musquodoboit, and though bit. sorely needed by his aged father on the his keen sense of duty led him to enlist in the 219th Battalion of the Nova Scotia Highlanders in May, 1916. He won successive promotions, also the Military Medals, and shortly before his death was recommended to N. S A supper for Red Cross Benefit go to England as a military instructor. vas given by Mrs. John Anderson at er home on Wednesday the 23h. ship "Panama," operating between England and France, was the first-to receive the sad news from a wounded lieutenant of the 85th Battalion.

The chaplain and superior officers written his wife of his absolute fliability, unfailing optimism, and gentle manly conduct, which won him the esteem and affection of both officers and men. On the day of his death he was gallantly charging the enemy at the head of his platoon, when two machine gun bullets pene-trating his head instantly released him from earth to the great cloud of witnesses above. He has nobly done his duty and his sterling manhood and general spirit will gird with strength the hearts of the many who loved him It is now

ITTLE IMPROMPTU CELE-BRATION.

The Bulgars Were Not Forgotten. In Loyal Truro.

Daily News, Sept 30 When the Truro News press comnenced to come in early yesterday morning, and as each hour showed 'more doring" at the War centers the scores, who read the Bulletins commenced to flock around and a bit

of excitement was evident. When afternoon wires to the News said Bulgaria had signed an Amistice agreement, dictated by the Allies. that the railways and all lines of com munication in Bulgaria were in the hands of the Allies, and that Germany was cut off forever from the East., (and the Huns' pipe-dream of an East ern Empire blown off into thin air) some of our true blue lovalists could usband, Sergt. W. D. Burris, was stand it no longer, and they said this killed in action on August 10th., first favorable break in the War for Sergt. Burris was a son of Capt. Burris four years must be commemorated a

So Chief Stewart of the Fire and farm, felt the challenge of the war, and Brigade and Bandsmaster Elliott were nterviewd and both were redy to do all they could to let the Bulgars know that their "throwing up the sponge in favor of Britain and her Allies, was duly appreciated in the town of Truro,

> At eight o'clock Bandsmaster Elliott had his men in line, pretty quick work too; and they heded a procession of our Fire Brigade with their full apparatus paraphernalia, and many automobiles thru Prince Street to Victoria Square and return

It was entirely informal and not in any way to be demonstrativ, or of any record breaking type. It was to let the citizens know, that the Firemen, Bandsmen and others were right in this War heart and soul and when anything extra good happens, like a nation with a population of 5,500,000 and with an army of over 800,000 men, leaving the blood-thirsty Old Kaiser, it is not going to go by unnoticed in this loyal Hub of

It is now history that when the Bulgarians "threw up the sponge" and cried "Komerade" in the Great War at noon on Sept 30, 1918 the town of Truro at eight o'clock on the same evening duly celebrated the event with a Band and Fire Brigade process

Photographic Achievements

Mr. Dimock has given much attention to photography, and the story of his achievements in this field have gone afar. Reproductions of some of his remarkable photographs of wild animals and the fish of the sea have comment. Great as were all of these pictures, the chief meed of praise has gone to Mr. Dimock's photograph of the tarpon in leaping position. far as known he is the only man who has ever taken such a picture.

A number of books remain to Mr. Dimock's credit, and his facility with the pen was not less pleasing than that which marked his efforts with the camera. He leaves an unfinished volume on which he had been working for several weeks. His most largely circulated book has been "Wall Street and the Wilds," in which the writer cleverly linked the life of commerce and trade and the life of nature and the woods, recording his experiences in both fields

Having travelled extensively in Mr. Dimock was able to write of the beauties of the Southland and he brought out a number of years "Florida Enchantments." series of books popular with boys and of Mr. Dimock's own adventures among the Semionles, in the Everglades, in the North and at other points, and "The Dick Boys" series will doubtless continue to hold the interest and enthusiasm of boys for many

Close Friend of Burroughs.

Mr. Dimock numbered among his friends many men of wide reputation and 'marked usefulness. He and John Burroughs, the well known naturalist, were congenial spirits, and they spent many hours together. He was a devoted member of the Camp-Fire organization and did much for its advancement. THE LATE DR. ARCHIBALD.

An Appreciation.

The passing away of Dr. Archibald has left a blank space in many hearts. these things be received in time, by Mine is only one of them, but I de sire to express my feelings, because he was, in a sense my father in the faith. butions. He received me into the Church; it was under his ministry that I decided to become a preacher; he was indeed the only settled minister I ever had.

In his preaching, Dr. Archibald was strong and fearless-every discourse grammes are being prepared for each was instructive and inspiring. Sometimes didactic preaching becomes dry and heavy, but his thoughts were expressed with such glowing fervor, and couched in such choice language, that which have had wide distribution tell to him. He had a strong and pleasant it was a delight and privilege to listen voice, he spoke without manuscript notes, or previous writing, but never showed disorder in his plan, or turned back in the middle of a sentence. His distinguishing characteristics speaker were his moral earnestness, and missionary zeal. strong believer in all the 'special' efforts of our day, although he always supported every honest attempt for the good of the kingdom. He believed, and the results vindicated him that if a minister were faithful in the regular and ordinary duties of his office there would be little need for extraordinary budget campaigns, and such like.

Dr. Archibald read widely and se lectively, and was exceedingly well
