THE ST. LAWRENCE CANAL

(The Wesleyan)

Formal steps for a joint conference between the United States and Canada to consider a proposed treaty between the two nations relative to the canalization of the St. Lawrence River and the opening of a waterway to the sea will be taken by the Dominion Government before December, in the opinion of Charles P. Craig, Executive Secretary of the Great Lakes-St. Lawrence Tideway Association.

"The situation across the border is clearing up," said Mr. Craig, "and indications are that President Harding's invitation to Canada to appoint a commission for the purpose of consideration of a joint treaty between the two nations will be formally acted upon within the next two or three months." Mr. Craig said his work is not with President Coolidge at Washington this month to ascertain his attitude on the St. Lawrence project.

SINGLE G WINS IN TWO STRAIGHT

A large number went from Newcastle on Thursday to Fredericton to see the \$3,000 free for all contest with Single G. Sir Roche and Margaret Dillon as competitors.

Single G had it all over the other two horses and took two straight heats, coming from third place in the first heat after the three quarter pole was passed to first under the wire in a driving finish. The second and final heat was all his own.

The horses and times were Single G, 1.58%, Wm. Barefoot, Syracuse, N. Y., 1 1
Sir Roche, 1.59%, Geo. Loomis, Syracuse, N. Y., 3 2
Margaret Dillon, 1.58%, C. H. Traiser, Boston, Mass., 2 3

Time, 2.04% and 2.05
Some private watches caught the first heat as 2.02%
High Knob Beauty won the 2.14 class, best time 2.13%
Royal McKinney won the Named Race, best time 2.14%.

More Quakes

Allahabad, British India, Sept. 20 A severe earthquake was experienced at Dujanurd, Persia, on Monday morning, says a despatch to the Pioneer from Neshed. No details are contained in the despatch.

Simultaneously, slight shocks were felt in Neshed. No damage resulted. Moscow, Sept. 20—Several sharp shocks were felt Monday in the government district of the Amur region and in Turkestan. The earth is reported to have cracked at several places. No deaths or material damage have been reported.

It is not often that a general earth disturbance has taken place, such as has been reported recently from various quarters of the globe. May they soon be over!

IS THERE TO BE A PLEBISCITE?

Activities by the New Brunswick Temperance Alliance have led to the reports in political circles that a prohibition plebiscite in New Brunswick is either expected by the Alliance or else is actually in prospect in New Brunswick. Rev. W.D. Wilson formerly secretary of the Alliance is in Fredericton from Middleton, N.S. where he is now pastor of a Baptist Church, and is to go on a speaking tour of the province with Donald Fraser, the president of the Alliance. This week the Alliance executive will meet. "Dry leaders claimed they had no inside information and intimated they were just anxious to be ready."

BROTHERS MEET AFTER 35 YEARS AT EXHIBITION

Fredericton, Sept. 21—If you want to find a brother you had not seen for thirty-five years would you go to the biggest crowd that ever assembled on a fair grounds in New Brunswick and try to find him there?

Most people wouldn't, but that is what George W. Ross of West Lubec, Me., did yesterday and it worked like a charm. Mr. Ross went to the judges' stand during the races and asked the officials to call for Robert W. Ross of Newcastle, N. B. to come to the stand.

Al. H. Standish of Boston, Mass., had scarcely finished calling for the long lost brother before a voice responded with "Here I am!" And there was Robert; he was looking for George, just thinking he might be there. In a few moments Thomas E. Ross, another brother from West Lubec, Me., joined the party, and then a younger man, with his hair turning somewhat grey, he was Robert E., son of Robert W. who had not seen his father since he was 2½ years old when his memory and recollection for faces was not very good.

The result was a happy family reunion. Robert W. Ross left West Lubec, Me., the home of the family, thirty five years ago, after his first wife died and never returned his sister acting as mother to his son.

Deer, Duck And Partridge Are Plentiful

The reports received by the Chief Game Warden, L.A. Gagnon, indicate that deer and duck are plentiful. The season for both opened on the 15th inst.

The chief Game Warden also reports partridge plentiful. The season will open October 1st at the time that the season for moose will open. Moose are reported plentiful in certain sections.

The number of non-resident sportsmen who have entered the province so far is not large but with the opening of the moose-hunting season in October a big influx is expected. The number of inquiries from intending sportsmen in the United States has been large.

Big Harvest Festival and Auction, Newcastle Rink, on Thursday October 18th. Games and amusements of every description. Everybody welcome.

ROSSING MILL FINISHES SEASON

The Miramichi Lumber Co's rossing mill ceased operations for the season Thursday. There still remains a large pile of pulp blocks but by the close of the navigation season practically all these will be carried away.

It is rumored that the company intends to remove their entire machinery to the Morrison mill, and next spring will operate only that and the Douglastown mill.

Port Elgin To Get New Station In 1924

Moncton, Sept. 18—At the meeting of the Westmorland Sub-district Board of Health in the City Hall this afternoon, communications received included one from L.S. Brown general manager of the Atlantic Division of the C.N.E., regarding the sanitary condition of the station at Port Elgin. Mr. Brown stated that next year a new station was to be erected there and that in the meantime everything possible would be done toward making conditions sanitary. The following were present: Chairman, Dr. Desmond; Secretary Northrup; Councillor Bourgeois; Ald. Hutchison; Ald. Geo. O. Springer; Dr. Sormany; Dr. W.P. Keirstead; W.F. Chapman; H.C. Charters and D.J. Bourgeois.

Episcopal Synod And Church Union

Ottawa, Sept. 20—The Episcopal Synod of Canada, at its closing meeting here, last Saturday, endorsed church union in Canada. The endorsement came in purely manner and was not discussed. The next session of the Synod will be held at Christ Church, Toronto, May 13 and 14, 1924, preceding a general assembly of delegates of the Episcopal Church of America at Philadelphia on May 15. Preparations for the observation of the jubilee of the church next year were left in the hands of a special committee.

QUEENS WANT TO BEAR SHARE OF WAGE CUT

The House, Sept. 18—Queen Wilhelmina and Dowager Queen Emma have decided that if the reduction in the salaries of state officials contemplated for 1924 is made effective, they will share in the cut. Both have written to the Minister of Finance stating that in the event of the reduction they will relinquish a part of their revenue from the state in proportion to the other decreases.

The Little Comma Again

The husband of a churchgoer had set out to sea on a voyage, and the wife wrote and requested the parson to conduct a prayer for his safety during the service.

What she intended to be read out was this:

Mr. Sparkes, having gone to sea, his wife desires the prayers of this congregation on his behalf. I imagine, her confusion, however, when on Sunday, the parson read serenely:

Mr. Sparkes, having gone to sea, his wife desires the prayers of the congregation for his safety.

Chocolates For Korea

A few days ago a package of 5 lbs. of Mott's Chocolates, was mailed to Korea, half way around the globe. The postage was 50c but after all that was only a small price to pay for bringing some of the happiness of the old home to an exile.

Perhaps you too have friends afar?

Petitbeurre Biscuits are delicious little sandwiches that still speak with the accent they learned in the Paris from which so many good things come.

There are 30 different kinds of Mott's Chocolates in the West End Box alone. It's the delight on Saturday night. Five pounds of delicious chocolates.

DEMPSEY'S TRIUMPH RECORD FOR SPEED

Jack Dempsey's spectacular victory over Luis Angel Firpo takes rank as one of the shortest heavy weight title contests in history, according to the Associated Press.

Records covering the past thirty years of major championship matches reveal but one shorter bout, the one round victory of Tommy Burns over Bill Squires of Australia, at Colma, Calif., July 4th, 1907. Three years prior to that James J. Jeffries before his retirement had faced Burns to the title, knocked out Jack Munroe in two rounds at San Francisco.

Two years after he captured the world's title from John L. Sullivan in 1892, Jim Corbett stopped Charley Mitchell in three rounds, while Jess Willard's towel was not tossed into the ring at Toledo four years ago, until the start of the fourth round. Dempsey was credited with a three round knockout in gaining the championship. Dempsey's first battle in defense of his title was a three-round knockout over Billy Miske at Benton Harbor, Mich. in 1920.

Former Premier Of Greece Dead

The death is announced of Stephen Dragoumis, former Premier of Greece.

M. Dragoumis was head of the Greek cabinet in 1910, when he served also as Minister of Finance. His term as Premier came to a close within a few months, and later he was appointed Governor General of Crete.

In 1919 Dragoumis was placed under arrest, charged with treason and conspiracy in favor of Constantine.

I.O.D.E TO MEET IN TORONTO IN 1924

At the regular monthly meeting of the National Executive Committee of the Imperial Order Daughters of the Empire, held at Toronto last Wednesday, the secretary was instructed to send a cable of sympathy from the members of the Imperial Order Daughters of the Empire to the women of Japan, and it was further decided to open a fund for Japanese relief—the money collected to be sent through the Red Cross Society.

The report of the annual meeting of the Victoria League, which took place in London, England, in last June, at which the Order was represented by Mrs. Arthur Pepler, was read. Miss W. Gordon, (Kingston) national educational secretary, announced the winners of the bursaries in Canadian Universities, the names of which have already been announced in the press.

The following conveners of National sub-committees were appointed: Committee on Immigration, Mrs. C.M. de Rune Finlay, Quebec; Child Welfare Committee, Miss Charlotte Whitton, Ottawa.

It was decided to hold the twenty fourth annual meeting of the National Chapter at the King Edward Hotel, Toronto, during the week of June 2-11, 1924.

The next meeting of the National Executive Committee will take place on Wednesday, October 3rd.

GREAT PERIOD OF DEVELOPMENT

That Canada is on the verge of a great period of development, is the opinion of F.H. Richmond, of London, Eng., a director of the Hudson's Bay Company, who is in Toronto.

Mr. Richmond has just completed a tour of inspection of the company's stores in Western Canada. "I was astonished at the optimistic feeling which prevails in the west," said Mr. Richmond.

Conditions indicate that the bottom of the recent financial depression has been reached and that prosperity was not far away, he said.

Mr. Richmond was of the opinion that a bank should be established by the Dominion for the purpose of lending financial assistance to the farmers in the west. This he thought, would overcome many difficulties in the way of western Canada's progress.

TIDINESS

Some are born tidy, some acquire the habit of tidiness, and some are never tidy at all.

There is no doubt about the comfort of tidiness, in yourself and in others. It is pleasant to have your clothes neatly brushed, your shoes neatly blacked, your garments neatly hung, the contents of your bureau drawer neatly arranged in piles, properly assorted, your letters and receipts neatly docketed and filed where you can lay your hands on them at a moment's notice.

There is also no doubt about the comfort of tidiness, to take the thing that comes nearest you and wear it and use it and enjoy it with out worrying about where it comes from or where it goes to. Tidy people appear—to the untidy—to live in a perpetual fret, to be always in distress, because something is out of place. Now, it there is no place where a thing ought to be, evidently it cannot be out of its place, and there is no need for worry.

One of the tragedies of life is the conflict of the tidy and untidy temperament. Two excellent persons marry, two delightful persons two persons with many elements of sympathy, capable of augmenting each others pleasures in life in many ways. But one has always been accustomed to neatness, to tidiness, to having a place for everything and keeping it there, and the other has not; hence arise irritation divergence and unnecessary wear and tear, and what might be a charming home is too often rendered miserable.

THAT "PRIZE FIGHT"

To the Editor of the Advocate,
Dear Sir,
I would like to ask was there anything either Christian, respectable, or elevating or even representative of true civilization in the fight between Dempsey and Firpo? If so, I hope some man or woman, possessed of human feeling and common sense will discover it.

The Telegraph-Journal is still furnishing its readers, with the sickening details, and even eulogizing the champion "savage" in the fray. Last Friday's paper, holds him up to admiration as "the greatest fighter in the world." If all that paper said, in a previous issue is true; about the crowds in St. John, who thronged the streets and hung around its office to get the news, while the fight was going on, it only shows that some St. John people, are still wanting in the true characteristics of great manhood. The Telegraph says there are two sides to this question, and it deliberately chose to pander to the warped minds, who go crazy over such things, and even went so far as to send a representative or reporter to get all the details of the pounding and punching, of the "wild savagery" as it was exhibited. As one of the readers of that journal like many more, I had to put up with the insult.

It is a poor commentary on our twentieth century culture that about 85,000 people took the trouble of patronizing the "brutal" affair. "Brutal" and "savage" are only two of the words used to describe the scene, many others equally strong and condemnatory, from some of its very patrons and reporters, were furnished in the press. "Out of their own mouths, we condemn them" and in the face of that it cannot be very wrong for anyone claiming respectability to voice against such a travesty of true manliness.

It looks nice! About half a million dollars for the winning "brute" and over a hundred thousand for the losing one; and no doubt as tidy a sum, as the winner got, for the promoter. There is an old saying, "the devil is good to his own," but it is hardly fair to the printers who furnished the details "merely as a matter of news," that they should not have a share of the boodle too. Yes! Yes.

President Of The Bank Of Montreal Is Optimistic

London, Sept. 18.—Sir Vincent Meredith, President of the Bank of Montreal, has just arrived in London from France. He said he was making his annual visit to the Paris and London offices of the Bank of Montreal, and learning at first hand the conditions on this side of the Atlantic "in connection with the situation in Great Britain and on the continent."

Replying to questions Sir Vincent said: "One is liable to be drawn in to politics; I must be careful to eschew politics. I must say that I was rather surprised at the advance made by France after her experience in the war. I was pleased with the conditions there. The crops are good and what is more important the people are working hard and saving."

Sir Vincent Meredith described the conditions in Canada as satisfactory. "Trade in some lines," he said, "is spotty, but as a general rule the manufacturers are doing well. As there is a splendid crop throughout the Dominion, business should be more active this autumn. The prices for grain are regulated by the Liverpool market and they may not bring large profits to the producers but the Dominion as a whole should benefit by the size of the crop."

"Canada, like other countries is suffering from the unsettled state of Europe which is depriving her of markets. But after other great wars there have been similar conditions, we could hardly expect to escape them after the greatest of all wars. Canada's debt is a burdensome one. We shall find relief as the vast areas of fertile land now unproductive, are gradually filled. I am glad to see that increased facilities are to be given by the government for the admission of immigrants. In this connection the colonization association, backed by powerful interests, is actively and successfully promoting immigration."

"Our exports consist chiefly of foodstuffs. Until the world is able to take them in greater quantities, we must suffer as other parts of the Empire are suffering, also largely because of the depreciation of exchanges and the consequent lack of purchasing power."
"I am not pessimistic with regard to the situation in Europe, we must be patient."

The Fall Weather Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on cold, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PARLIAMENT HOUSE TO BE FINISHED

Following a conference between Hon. Dr. King, Minister of Public Works and John Pearson, architect for the parliament buildings, it has been arranged that work on the tower, which has been in a half finished condition for over a year, will be started early next spring and, it is expected, completed in the autumn of 1924. About 150 feet remain to be added to the tower, which will rear into the sky for some 300 feet when completed.

With completion of the tower and some interior stone carving and other interior work, the whole building will be finished. The building will have been under construction for a period covering eight years.

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Carlier says Zam-Buk is regarded by his family. Mr. Carlier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely ended. Since then his family is never without it.

"Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor,' and are never without it."

Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. All dealers, 50c. box.

NEW STAMP RULES

After October 1 next postage stamps will not be accepted for the war duty on checks, receipts, and bank drafts. Furthermore, it is announced by the post office department, the excise stamps for this purpose will not be sold at post offices. This, it is contended, would lead to confusion, as postal matter might be mailed with excise stamps instead of with the correct postal stamps. The excise stamps are to be sold at banks and such other places as may be designated by the department of customs and excise. On money orders and postal notes the war tax will continue to be paid by affixing postage stamps.

Have You Any Of These Symptoms?

If You Have, You Are in Need of a Tonic Medicine

Are you pale and weak, easily tired and out of breath on slight exertion? Are you nervous? Is your sleep disturbed? Do you wake up in the morning feeling as tired as when you went to bed? Is your appetite poor, your digestion weak, and do you have pains after eating? If you have any of these symptoms you need a tonic, and in the realm of medicine there is no better tonic than Dr. Williams' Pink Pills, which enrich the blood, restore shattered nerves and bring the glow of health to pale cheeks. The value of Dr. Williams' Pink Pills is shown by the case of Mr. Horace Cuphill, Woodward's Cove, N. B., who says:—"The first indication that my general health was not good was a shortness of breath after the least exertion. Then my appetite began to fall, and after eating it seemed as if there was a lump in my stomach. I grew so weak that I could not walk a hundred yards without resting. Then I was taken with a numbness all over my body and was in a sad plight. I was under a doctor's care, but as I was not getting better, I decided to try Dr. Williams' Pink Pills. The first few boxes did not seem to help me but my wife urged me to continue their use and I got four boxes more. Before these were gone I could eat a fair meal, the numbness was leaving me and I was feeling much better in every way. I took the pills for a while longer, and felt that I was again a well man. I still take the pills occasionally, but have had no return of the old trouble."

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

GIDDAP

O horse, you are a wonderful thing; no buttons to push, no horn to honk; you start yourself, no gears to strip; no license buying every year, with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away; no speed cops chugging in your rear, yelling spammies in your ear. Your inner tubes are all O.K. and, thank the Lord, they stay that way; your spark plugs never miss and fuss; your motor never makes us cuss. Your rama is good for many a mile; your body never changes style. Your wants are few and easy met; you've something on the auto yet.

WEDDINGS

STABLES—VICKERS
Miss Edith Loretta Vickers daughter of Mrs. Mary Vickers and Stewart Stables, son of Mr. George Stables were married in St. Mary's Presbytery at one o'clock Monday afternoon, Sept. 17th, by Rev. P.W. Dixon, pastor of St. Mary's Church. The bride was attended by her sister, Mildred. The groom was supported by Mr. Mark Hachey. The bride wore a brown velours suit with Hudson seal trimmings and a hat of blue brocade. The bridesmaid's costume was a navy blue suit with blue and gold hat and squirrel choker.
Immediately after the ceremony the bride and groom left by train for Fredericton, St. John, Halifax and Charlottetown. On their return they will reside in Newcastle. The groom's gift to the bride was a substantial cheque, to the bridesmaid a gold rosary and to the groomsmen, a travelling set.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to ordinary oil lamps.
It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil).
The inventor, J.M. Johnston, 240 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

"King Cole" Preferred

A growing preference is expressed for KING COLE TEA. What other explanation could there be for its persistently increasing sale? Every year of the twelve that it has been before the public has marked its strong steady advance. A good long testing time—long enough to prove the merits or reveal the weakness of any article. Public confidence has been demonstrated in no uncertain way. The testing stage has been passed with honour.

Soldier Insurance May Total \$75,000,000

If all the applications for soldier's insurance now in, become policies the total insurance out under the Government scheme for returned soldiers will amount to \$75,000,000 instead of \$31,000,000 policy holders approximately. Returns are now pretty well completed for the applications made all over the country and even outside Canada under the extension of time given last session, which expired at the first of the month. During the last four weeks of that period it was stated at the Department of Soldiers' Civil Re-establishment, there had been received 11,000 applications for \$2,000,000 worth of insurance.

AUTUMN

To judge by the landscape studies chosen by artists, the autumn has more sympathy from the art world than the earlier season.

There is a decided charm in the brilliant coloring of tree and vine in the faint smell of smoke and of fallen leaves. Each of these attributes of autumn reminds us that the summer really has gone, that we are again face with the long winter months, that our wanderings will be, for a time at least, curtailed. To many this sense of restriction is a real heartbreak. They fuss and fume because they cannot jump into their car and spend the day and most of the night in the open. It is a lamentable fact that motoring, as it is today, has developed a wanderlust in a majority of people, that threatens seriously to interfere with the normal development of life in the home. People no longer stay at home, especially during the summer months when the out of doors calls seductively and the open road beckons.

Much of the old time repose has

vanished in the face of a constant activity that bids fair to do away entirely with quieter pleasures. When evening comes, we wonder what we can do to put in the time. We must go somewhere. The idea of settling down quietly to a book or some other diversion is out of the question. We feel that we may miss something if we stay at home. Others are on the quest for excitement and we must keep up with the rush.

A well known judge recently gave utterance to the opinion that motoring, dancing and the movies account in a large measure for the unrest that characterizes the young particularly—and it is true.

ALLEGED SWINDLER IS NOW IN QUEBEC

Austin H. Montgomery, Jr., president of the defunct Community Finance Company of New York, with branch offices in Baltimore and American cities, who is wanted in Baltimore to face a charge in connection with the alleged organization of blind pools through which the United States public is said to have been mulcted to the extent of \$9,000,000, is registered at the Chateau Frontenac Quebec, together with his wife, who is one of the two women lawyers of New York, and their three children.

Montgomery is living in the neighborhood, surrounded by a body guard of private detectives whose business it is to ensure him against possible kidnaping. He is wanted in various United States cities on a charge of alleged use of the mails to defraud. Alleged defalcations in the famous blind pool case are said to reach anywhere between \$3,000,000 and \$6,000,000.

Since leaving Los Angeles where he was arrested and where he promised to go to New York and reveal everything, Montgomery has been in Mexico. He crossed the border into Canada Aug. 10. No interference was offered to his entry because he had secured an extension of bail until Sept. 4. Since that time it was further extended until Sept. 17.

Smuggling Parleys Off Till November

Conferences between officials of Canada and the United States with regard to new efforts to curb liquor smuggling across the border into the United States have been postponed until November. The State Department was advised by the Consul General at Ottawa that the Canadian Minister of Customs and Excise would be absent from the capital on leave and suggested that the conference date be set for ward for November instead of October as had been previously planned. It was said at the Department that this delay was satisfactory to the United States officials.

To Boom Pinchot For Presidency

Washington, Sept. 18—Definite word reached here to-day through prominent Pennsylvania politicians that Governor Gifford Pinchot of Pennsylvania was Presidential candidate, and that the movement to get a delegation for him in 1924 had started. His settlement of the coal strike is expected to be a factor in his favor. A big fight in Pennsylvania between the Pinchot forces and the Republican organization for the delegation is certain.

Governor Pinchot's candidacy may lead Senator Hiram Johnson, Governor Lowden and others to enter, thus assuring a hard fight against President Coolidge.

Home Brewers Are Fined \$50 Apiece

As a result of activity on the part of Inland Revenue Officer G. P. Stewart, three home brewers were arraigned before Magistrate Gagnor in the Police Court last week. They all pleaded guilty to the charge of unlawfully manufacturing beer without giving notice. Fines of \$50 and costs were imposed upon each.

Attractive Letter- heads Get Business

Inasmuch as letter writing forms one of the most important parts of the business of the supply dealer, it seems to me that it is one of the first duties of a supply dealer to make his letterheads attractive. Our own experience, as well as that of many others in the same line, has proven that the business letterhead can be made an excellent business-getter. Just recall the letters that you have received from business houses. Have not some of them been so striking as to remain in your mind and unconsciously induce you to put business in the way of those firms when the time came for you to place orders? On the other hand, have not some letterheads been somewhat repellent and given you a bad impression of the firm and its products. It is true of every supply business, and if dealers were only wide enough awake to see the importance of neat and striking letterheads, they would vastly increase their sales. The letterhead should not have anything harsh or repellent about it, but something that will cause the reader of the letter to retain in mind the firm name at the top of the letter and persuade him to do business with that firm. Our experience is that a little thought spent in getting out suitable stationery will be well rewarded.

Girl Worse In Europe

For the man who said he believed that the morality of the American girl now is at its lowest ebb, the Rev. Dr. Frederick H. Knobel, president of the United Lutheran Church of the United States and Canada, returned from a trip abroad recently, with the conclusion that the European girl is even worse. "The morals of the younger generation abroad are simply deplorable," he said. "Wherever I went prominent educators told me of the general decadence which has set in since the World War."

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

Something to Consider

**PARLIAMENT HOUSE
TO BE FINISHED**

Following a conference between
Hon. Dr. King, Minister of Public
works and John Pearson, architect
for the parliament buildings, it has
been arranged that work on the
tower, which has been in a half
finished condition for over a year,
will be started early next spring
and, it is expected, completed in
the autumn of 1924. About 150
feet remain to be added to the
tower, which will rear into the
sky for some 300 feet when com-
pleted.

With completion of the tower and
some interior stone carving and
other interior work, the whole build-
ing will be finished. The build-
ing will have been under con-
struction for a period covering
eight years.

YOUR LOCAL NEWSPAPER

Stand by your town newspaper.
If there is anything in your town
worth talking about, ten chances to
one, your little town newspaper had
a hand in putting it there, and, if
there exists any unsightly or un-
lucky misfortune, twenty chances to
one, it will stay there until the ed-
itor sees or hears of it and gets
after those who are responsible
for it.

Every town gets more than its
money's worth through the local
paper. It's the medium that carries
to be kept in good repair and it
will pay the citizens generally to
support it and co-operate with it.
Stand by your local paper. It's the
guardian and defender of every in-
terest, the forerunner and pioneer
of every advance movement, and the
sturdy advocate of law and order.
Take it away and before six months
the town would look as if it had
been doped; business would drag,
society would yawn and grass would
grow on the streets.

**Unite To Maintain
Atlantic Service**

The White Star and Cunard lines
have concluded an agreement to
maintain a joint trans-atlantic ser-
vice during the coming winter.
This is the first combine of the
sort to be arranged between two
important British steamship com-
panies. The Majestic, Berengaria,
and Aquitania are the principal
vessels selected to continue in
service during the winter. Mean-
while the Mauretania, Olympic and
Homerik will be overhauled and
an effort will be made to increase
the average speed of the Cunard
liners above the present 26 knots.

Here and There

Russia has more illiterates, and at
the same time, more bookshops than
any other country in Europe.

The largest consignment of silk
from the Orient for many months,
consisting of 5,500 bales, valued at
\$9,000,000, formed part of the cargo
of the "Empress of Russia" recently.

A shipment of silk from China,
consisting of ten carloads, valued at
two million dollars, went forward
from Vancouver to New York
under special guard over the Cana-
dian Pacific lines recently.

The first of a series of six new
seaplanes being constructed for the
Canadian Government has just been
delivered. The new planes are to
be used in forest patrol for the pre-
vention of destruction by fire.

Following the disastrous earth-
quakes and fires which devastated
large areas in Japan, the Canadian
Pacific liners "Empress of Canada"
and "Empress of Australia" were
thrown open to the accommodation
of thousands of refugees, while the
officers and men of the vessels did
splendid work in organizing and
assisting rescue parties.

The rapid increase in the export
butter trade of Saskatchewan during
the past year or two, has been the
outstanding feature of the Provin-
cial dairy industry. Recently the
Saskatchewan Co-operative Cream-
eries made a shipment of 25,000 lbs.
of butter to China.

For almost two decades the major
portion of the world's supply of
cobalt has been derived from the
silver-cobalt-nickel arsenides of the
Cobalt district, according to figures
compiled by the Dominion Bureau of
Statistics. The cobalt production of
Canada in 1922 was 269,900 pounds,
which at \$3.25 a pound, would be
worth \$1,852,370.

Canada's trade within the Empire
is increasing. For the twelve months
ended July, Canada exported to
other parts of the Empire goods
amounting to \$453,437,899. This is
in comparison with \$354,992,074, the
figure for the corresponding twelve
months previous. Imports from Brit-
ish Empire countries during the two
twelve months' periods were: Ended
July, 1923, \$195,811,190; ended July,
1922, \$153,185,581.

A wheat crop of 382,514,000 bush-
els is forecasted in a report issued
by the Dominion Bureau of Statis-
tics. The report is based upon the
condition of crops at the end of July,
and indicates that the Prairie Pro-
vinces will produce 357,295,000 bush-
els of wheat if weather conditions
continue favorable. Manitoba, it is
expected, will have a total wheat
yield of 44,468,000 bushels; Sas-
katchewan 211,051,000; and Alberta
101,776,000 bushels. Alberta is the
only province to show an increased
yield as compared with 1922.

A party of five journalists, rep-
resenting the leading newspapers
of Switzerland, who recently arrived
at Quebec, are the guests in Canada
of E. W. Beatty, President of the
Canadian Pacific Railway. They
will tour the Dominion in the inter-
ests of Swiss colonization. Stops
will be made at different points
where Swiss people are farming, and
opportunity will be given to mem-
bers of the party, to converse with
them and get first hand knowledge
as to the desirability of Canada as
a place for Swiss colonists.

In a letter on "Canada and Land
Settlement," published by the Morn-
ing Post, Sir Geo. McLaren Brown,
European manager of the Canadian
Pacific Railway, says that the agri-
cultural salvation of Western Cana-
da lies in mixed farming, which
calls for smaller and more numerous
agricultural holdings than wheat
settlement and better communi-
cation. The bigger and more densely
settled the more population, the
more social amenities there are and
greater advantages generally, L.S.

AMERICANS IN CANADA

There are two sides to the oft-
repeated story of Canada's loss of
population to the United States.

In the first place, not nearly all the
French-Canadians in the United
States were emigrants from Canada.
Thousands are children and grand-
children of former Canadians who
settled many decades ago in the

United States. Then again few peo-
ple realize how many residents of
Canada today are former Americans
or of American descent. The return
movement to Canada, especially in
the West, has been enormous. A
writer in the Current History Maga-
zine cites the figures to show how
large this movement has been es-
pecially during the last twenty
years. The year 1871, when the
first census of the newly federated
Dominion was taken, Canada was
found to have a population of 3,
455,761 and of these 24,102 recorded
their birth place as the United
States. This was equivalent to
not quite seven-tenths of one per
cent of the total population. At
the time of the 1901 census there
were 127,899 citizens of American
birth in Canada. In that of 1911

there were 303,650 representing 4.1
per cent of the total population at
the time. From 1911 to 1921 a
total of 748,118 citizens of the
United States entered Canada, so
so that at the present time there
are well over 1,000,000 people in
Canada who have been citizens of
the United States, or something
like 12 per cent of the total Do-
minion population.

**THE MEN WE
CALL LUCKY!**

SOME men go through life spending money faster
than they earn it. When Opportunity comes,
they are unable to grasp it, and in their blindness
call themselves unlucky.

The successful man looks ahead—systematically
building up a good bank balance. Then when Oppor-
tunity comes, he is in a position to seize it—does
so, and reaps his reward.

He is often called "lucky." It was not luck—it
was Foresight.

**Cleopatra Washed
Her Face This Way**

She used Palm and Olive oils, the same
rare oils which are blended in Palmolive.
She knew that to have a fresh fine skin,
thorough cleansing was necessary. The
crude combination of Palm and Olive oils
which was the best that even royalty could
then obtain is now brought to perfection
in Palmolive.

The girl of today, if she would be beau-
tiful, follows Cleopatra's practice. Every
day she cleanses the skin thoroughly with
mild Palmolive Soap. Never does she per-
mit cold cream, rouge and powder to ac-
cumulate and clog the pores of the skin.
She knows that this starts irritation and
blackheads, pimples and other blemishes
result.

Palmolive with its mild creamy lather
is lotion-like in its action. It freshens,
revives and stimulates and leaves the skin
delightfully fresh and rosy.

Thus a great luxury may be enjoyed at
the price of ordinary soap. You can pay
more, but you can't get a finer, milder
cleanser.

You can buy Palmolive Soap at all first-
class dealers.

ENROUTE TO LONDON
Premier King embarked aboard the C.P.R. Liner Moncalm on Friday evening for London, where he will represent Canada at the Imperial Conference.

TO REPRESENT N. B.
John S. Martin, M.L.A., left for Ottawa, Friday to attend the Labor conference called by the Dom. Government. It is expected that the labor question will be dealt with from every angle. Mr. Martin and Hon. C. W. Robinson are representing New Brunswick Government.

Whatever may be said about the good old times of yester year, there is one thing that cannot be said—it cannot be said that they had as good tea in those days as we have at the present time. MORSE'S SELECTED ORANGE PEKOE is as superior to the tea of our grandmother as is electricity to tallow candles in the lighting of our homes.

SEWING CIRCLE GOSSIP
There was some discussion at the Circle this week as to the merits of different brands of coffee. The wife of the new Bank Manager recommended us to try LUXOR if we wanted a really good cup of coffee. She said she had tried it recently and that it was the best coffee she had used in her house for years.

BODY IS EXHUMED
The body of James Goodin, which was found on two logs under the bridge at Jacquet River two weeks ago, was exhumed on Friday and a report of the condition of the body is being forwarded to the Attorney General. Although no official statement could be secured, it is understood that marks were found on the body which indicated that Goodin had been badly beaten before his death.

CHATHAM EXHIBITION OPENED
The Chatham Exhibition opened yesterday. Beautiful weather prospects, and a large number of entries in all classes make things look favorable for a record attendance. The fact that Miss Canada would be present at the opening ceremonies excited favorable interest.

NEWCASTLE BRANCH OF THE CANADIAN RED CROSS SOCIETY
The usual monthly meeting of the Red Cross Society will be held in the Board Room of the Hospital on Thursday afternoon, September 27th, directly after the Hospital Aid meeting.
Miss Jarvis, the Provincial Secretary will be present.
Tea will be served.

LOBSTER INDUSTRY
The shipment of live lobsters from Maritime points to the market of the New England States is affecting a radical change in the lobster industry during the late season, according to Professor A. F. Knight, Kingston, Ont. who has been investigating conditions in the Maritime Provinces, as a representative of the Biological Board of Canada. He was in Newcastle on Saturday.

FURNISHED GOOD MUSIC
The Newcastle Concert Band which was engaged to furnish music for the Fredericton Exhibition delighted the large number of visitors to the city with choice programs. Many congratulatory remarks were extended Mr. H.B. Cassidy, the director, and the other members of the organization. Newcastle citizens who were in attendance at the exhibition were much pleased with the playing of their local band and the many kind expressions of appreciation which they heard concerning the musical ability of the members.

FERRY OUT OF BUSINESS
The Chatham ferry had an accident to her machinery Tuesday which probably will lay her off for a week. Mayor Hickey and Clerk McIntyre went to Newcastle yesterday and after half a day's work, using all their persuasive eloquence secured the scow that acts as a ferry during the open season for the Morrissy bridge. This scow will be used till the ferry is repaired. —World.

"Open season" is good! For the past two years this bridge has had an open and a closed season to traffic and navigation. It is hoped in future that this bridge will not require open and closed seasons, but will continue during the 12 months of the year, the functions for which it was created.

HEAVY RAIN
In the heaviest rain which has fallen here in months, there was a rainfall on Friday of about one and one half inches.

A BAD WEEK-END
Ten fatalities and a shooting case that may lead to a charge of murder occurred over the week-end in Montreal and district.

THE END IN SIGHT
The leaders in Germany have at last realized that a continuance of the policy of passive resistance in the Ruhr during the past year will ultimately end in disaster. The drooping spirits of the people of the Ruhr cannot be sufficiently re-animating to make passive resistance another single day. No official announcement has yet been made but German press comment indicates that the government must soon declare for capitulation.

SURPRISE PARTY
A number of young girl friends met at the home of Mrs. Wm. Corbett, Jr. on Thursday evening to tender a surprise party to Gertrude Falconer, who leaves shortly with her family to reside in Hamilton, Ont. A presentation of a French Ivory jewel case was made and Mrs. J.M. Falconer was presented with a beautiful bouquet of sweet peas. Music and games were indulged in and a most enjoyable evening spent by those present.

OPPORTUNITY TO VISIT EXHIBITION
The scheduled time-table for the Str. "Max Aitken" has been changed for this week, during the Exhibition in Chatham, to enable patrons an opportunity of attending the exhibition. Instead of leaving Newcastle for Chatham at 1 o'clock, p.m. the Str. Max Aitken will leave at 1:15 p.m. and will leave Chatham for Newcastle at 5 p.m. instead of 3 p.m., during the days the exhibition is on. This affords an excellent opportunity for those wishing to attend the exhibition, and will give ample time for a thorough inspection of the fair and grounds. See advt. elsewhere.
