## THE GREATEST EVER.

### THE OLD BOYS' REUNION A GRAND SUCCESS.

Thousands of Old Boys and Girls Gather at the Old Home Town.

### IMMENSE CROWDS ATTEND THE CELEBRATION EXERCISES IN PARK.

Everybody Happy and Satisfied.

When the Old Boys' Reunion movement was launched in November last, August 19th and 20th, the dates fixed for the event seemed afar off, but to those immediately connected with the details of the celebration the time passed rapidly, and when the long to be remembered day arrived preparations were completed for the reception and entertainment of the thousands of homecomers and visitors that flocked to the old town.

Early in the week the old boys and girls started coming home in detachments, and by Saturday night, every town and city in Ontario was represented. Every province in the West, nearly every state in the union, and even distant Borneo.

The decorators arrived Thursday evening, and on Friday morning commenced the decoration of Main St. to the Park. The contractors were J. & J. Turner & Sons of Peterborough, who make a specialty of this business, and they performed their work in a thoroughly artistic and satisfactory manner.

In a few hours the leading business thoroughfares were transformed into a bowery of beauty. Hundreds of flags of all nations and banners were strung across the streets producing a gay and festive effect, such as had never been witnessed in this section before. Every few yards a welcome streamer was in evidence. "Welcome Old Boys and Girls," "Welcome Home," "What ever you do do never again 'Saidoo,'" "The Old Home welcomes the Old Boys," etc.

The decorative effect was greatly enhanced by the handsome decorations on nearly all the business blocks on Main St. and every private house in town had some emblem of welcome, many of them being handpainted and profusely adorned with flags, bunting, and the Old Boys' colors purple and gold.

#### Sunday.

The majority of the old boys and girls had arrived on Saturday and spent Sunday in the homes of relatives and friends. Special services were held in the churches, former Watford boys preaching the sermons. Rev. R. S. W. Howard, Christ Church, London, occupied the pulpit in Trinity Church; Rev. J. Freeman, London, the Methodist Church; Rev. J. P. Gerrie, Stratford, Congregational Church, and Rev. Mr. Soune, Indianapolis, the Presbyterian. The services were largely attended and the sermons able and impressive. Special music was rendered by the choirs.

#### Monday Morning.

Monday morning ushered in the opening day of the Reunion. The weather conditions were ideal, and everybody looked happy, and felt as pleased as they appeared.

The Forest Excelsior Band arrived early on the scene, and met all trains. The morning train from the east brought a large contingent from London, Stratford and points east.

The Sarnia Old Boys arrived at 10.27 and were met at the depot by the reception band and a crowd of over a thousand people. There were over 200 strong and accompanied by the Concert Band, one of the finest musical organizations in the West. The Sarnia Old Boys had a complete organization and presented a splendid appearance as they marched up town. The familiar faces of many old Watfordites were noted in the line, and they were greeted with salutations on every hand. On arrival at the band stand brief addresses of welcome were given by President Farrell, Dr. Gibson, Hon. President, and Reeve Parker. They were told how welcome they were, and that the town was at their disposal. The Sarnia boys carried a number of banners that created much amusement. "Is the Old Pioneer Alive," "Pike's Spring or Bust," "Deer Lick for Mine" "The Old Navoo," etc.

#### Monday Afternoon.

At 1.30 p.m. the parade was formed at the corner of Main and Front streets and proceeded to the Park.

#### ORDER OF PARADE.

The line-up of the procession was as follows:—  
Company No. 6, 27th Regiment.  
Sarnia Band, followed by 200 Sarnia Old Boys.  
Town Council in Carriages.  
Forest Excelsior Band  
Watford Firemen.  
Old Boys from all towns.  
Fraternal Societies.  
Guests.  
High and Public School Boards.  
Speakers of the Day.  
Public School Children.  
Baseball Teams.  
Floats.  
Calithumpians.

The comic features of the parade were well brought out, Bobby Brock mounted on a fiery bovine led the way, and the antics of the Rube bands from Stratford and Watford kept the immense crowd in merriment. Fully three thousand people followed the parade to the park where the reception services were held.

President Farrell was the first speaker. He declared it was the proudest moment of his life to be present at the Reunion and welcome the old boys and girls. He expressed his pleasure at seeing so many present and was particularly delighted to see so many from a long distance.

"We have here today," said Mr. Farrell, "old boys and girls from the Atlantic to the Pacific, from every state in the union and every province in the Dominion, and to one and all we extend the right hand of fellowship in welcoming you back to the old home."

He called attention to many who had years ago left the old town and today were occupying prominent positions in public life. He wished all a pleasant time and hoped they might live to enjoy many such pleasant events.

Reeve Parker, on behalf of the town of Watford, said:

Ladies and gentlemen, old boys and old girls—This is positively the proudest time of my life to have the opportunity of extending a sincere and hearty welcome to the many former residents of our town.

"We consider this the happiest occasion in the history of our town to again meet and shake hands with friends we have not seen in years.

"During your time here have a good time, paint the town red or any color as everything goes during the Old Boys' Reunion."

#### HOME THE BEST AFTER ALL.

Rev. Mr. Horne spoke on behalf of the clergy of the town, and dwelt upon the fact that home to all after all was the dearest spot on earth. We might wander here and there and be separated for long periods of time, but the tie that binds one to the old home can never be severed. The old song "Home, Sweet Home" would bring up memories that would cause all to make efforts to be present on such occasions as this.

Mr. Potter, B. A., Principal of the High School, had seen many of his pupils go out into the world and attain success, spoke in an interesting manner of the record made by former pupils and the advancement made along educational lines.

Dr. Gibson, Honorary President, gave an historical outline of the history and progress of the town, since incorporation in 1874, relating many amusing incidents in connection with the growth and development of the place, reviewing the prominent features in that connection, and what had been accomplished during the past twenty years. He considered that all should take an interest in events of this kind, which would live long in the memories of all present.

Dr. James Newell, Chairman of the High School Board, and W. E. Fitzgerald, Chairman of the Public School Board, spoke along educational lines contrasting present conditions with the past. The inculcation in the minds of the young of a love for home was strongly advised, so that the old boys and old girls' reunion might remain a perpetual thing, and interest in such things always remain strong in their minds.

Mr. J. B. Lucas, the brilliant young member for South Grey in the Ontario Legislature, was the first to respond for the Old Boys. He made a rousing speech that elicited the admiration of all who had the pleasure of hearing one of the ablest and brightest of Ontario's coming men. He regarded it as one of the proudest moments of his life to have the pleasure of thanking the old boys of Watford for the warm and rousing reception that had been tendered all former residents of the town. He was pleased to again come back to the scene of boyhood days and meet many old friends he had not seen in years.

Mr. Lucas interspersed his address with many local reminiscences that were both entertaining and amusing and greatly delighted his host of friends in Watford and vicinity.

J. E. Armstrong, M. P., East Lambton's popular representative in the Commons, was in good form, and kept the crowd in the best of humor, describing the scenes and incidents of the early days.

James Bole, of Regina, Sask., one of the oldest old boys present at the reunion spoke in a reminiscent vein. He was one of the oldest pioneers of Warwick township, coming to Watford in 1832, when the town was nothing more than a straggling village, surrounded by bush and swamp. He had been a member of the first council in Watford. He told of the many difficulties encountered by the pioneers of that time in their efforts to build a home. In looking around today many of the old familiar faces he had so often seen had now vanished from the scene and were gone forever. Mr. Bole's remarks were listened to with deep attention, and scores of old friends were pleased to have the pleasure of hearing and seeing one who had been so prominently identified with the early history of Watford.

Ex-Mayor R. E. Lesueur, of Sarnia, followed in a neat speech recalling incidents of his early life in Watford, and the pleasure it afforded him of meeting so many of his old friends. He would always retain pleasant recollections of his sojourn in the old town.

D. W. Bole, M. P., the able representative of the Chicago of the West, and an old Watford boy who has made his mark in business and political circles was the

next speaker. Mr. Bole had just returned from a trip to England, and came directly to Watford in order to attend the Reunion. He had anticipated with infinite pleasure this visit to the old town, and his anticipations were fully realized. He rejoiced to meet so many of the old boys and girls of the good old days. He commended the committee for their efforts in bringing together the old residents and hoped that all might live to enjoy many such happy occasions. At the conclusion of his speech he called for three cheers for all the "Old Boys" which was responded to in a hearty manner.

#### BASEBALL.

The Arkona and Forest baseball match for the championship of Lambton County was pulled off during the afternoon. The play was fast and good exhibition of ball playing was put up by the opposing teams. The lineup:

Arkona	Forest
Towle	Jamieson
Smith	Waddell
Smith	Waddell
Casselman	Roche
Lankin	Scott
Smith	Webster
Bell	Shaw
Smith	Lundy
Utter	Valkenburg

Score by innings—  
Forest—0 2 0 0 0 1 2 1—6  
Arkona—0 0 0 1 0 0 0 4—5  
Batteries—Arkona, S. Smith, Lankin & L. Smith; Forest, W. Waddell and L. Utter.

Umpire—Fred Restorick.  
The main feature of the game was the wonderful rally made by the Arkona nine in the last innings when that team scored four runs.

The Old Boys vs. the Home Boys—After the Arkona-Forest game the Old Boys game with Vern Newell at their head started in to show the younger home brewers how to play ball. Newell and Stapleford constituted the battery for the demon athletes and opposed to them were Lethbridge and Dodds for the home brews. The Old Boys forgot a few things about the game with the exception of the fat shorts from London, who was noisy as of yore. The demon pitcher was not quite as swift as he used to be, but he managed to keep the air cool by making six of the home brews fan. J. Jamieson knocked his old team mate all over the park when he was in front of the platter. He managed to score one run out of three hits but his main batting stunt was his long drive into the crowd. Fowler tried all kinds of tricks, but Oh, My! too much avoidous. Uncle Alex fielded like a professional and at the bat he had Lajoie faded. Cliff Abbott handled the in various noises and at all times was in continual danger of losing his hearing by the noise created at short.

"Curly" Fowler had the following write up of the game in the London Advertiser:—  
The great event of the afternoon was a baseball game between visiting Old Boys and the home boys. The latter rang in a real ball team on the visitors, and there was plenty of amusement at the efforts of the old-timers to play the great game. The battery for the visitors was Dr. Vern Newell, West Branch, Mich., and Sanford Stapleford, two players who made baseball history in the village. They were great once—but, well, enough said. The shortstop was from London. He had fifteen chances, and all he accepted was an invitation to dinner. "Toby" Jamieson, Amherstburg, was a picture of grace on first base, but not a moving picture. Dr. Harry Abbott played second, and declared he enjoyed the scenery very much. Alex. Saunders the orator of the outfit, caught a number of compliments in centre, and was the demon hitter—perhaps. George Saunders, London, and Frank Lovell, Chesley, were real ball players in the outfield, and saved the Old Boys. Jack Brent, Berlin, was on third. He made a stab at a hit, and grabbed the weather. He could run well, but never got a chance. Jack Jamieson led the home hosts, and when it came to striking out, he made Casey look like fearful slugger. The game created no end of merriment. The home brews won 7 to 4. Dr. Cliff Abbott Sheppard, Mich., was a good umpire."

The lineup—  
Old Boys  
Newell  
Brent  
Saunders  
Stapleford  
Fowler  
Jamieson  
Lovell  
Abbott  
Saunders

Home Boys  
Jamieson  
Willoughby  
Gillett  
McWaters  
P. Dodds  
Ferguson  
Miller

Home Boys—2 0 0 3 1 1—7

#### Monday Evening.

The entertainment for Monday evening was of a very high quality, and all the parts were artistically rendered, President Farrell, presided, in his customary genial and efficient manner. The following is the programme:—

Auld Lang Syne

The renditions of Messrs. Kennedy & Haave were clever and entertaining and the singing of the Arion Quartette of Berlin was excellent. The dancing of pretty little Marie McDonald was exquisite. Marie is only ten years old but she has already gained a wide reputation as an artistic dancer and her performance was applauded on every appearance.

#### Tuesday.

Tuesday morning broke dull and heavy with drizzling showers at intervals that looked ominous for success. The management felt blue, as a wet day, meant a big deficit. The crowds kept pouring in despite the weather and by noon every available inch of stabling and hotel accommodation was taxed to the limit. The crowd present was a large one. Special trains were run from Sarnia and London, and a great number of visitors were present from Stratford, Kerwood, Wyoming, Forest, Alvington, Arkona, Sarnia, Port Huron and other points. The countryside came in a body, with the result that at noon, there was no stabling accommodation whatever, many farmers putting their horses up a mile out of town and walking in. It was the greatest crowd ever seen in town. The weather fared up about noon and gloomy forebodings gave way to cheerful optimism. The ball game between the American and Canadian Old Boys had to be omitted on account of wet grounds.

#### 9:15 ARRIVES.

At 12.30 the 91st Highlanders' Band arrived from Hamilton and marched up town, followed by thousands of people, who cheered the "kilted laddies" to the echo on their way to the hotel. About 1 o'clock the streets were one solid mass of humanity, jostling one another good naturedly in their eager efforts to see every attraction that was to be seen.

#### THE SPORTS.

The afternoon's programme was started on the arrival of the 91st Highlanders' Band from Hamilton. The Klites, under the leadership of Bandmaster H. A. Stares, marched up town, and created great enthusiasm. At 1.30 they led the procession to the Driving Park, where the programme of sports was furnished. The band rendered a splendid musical programme, which was thoroughly appreciated by the large crowd. The band was repeatedly forced to respond to encores. The braw Scotch laddies created great enthusiasm among the many old Highlanders from the township of Brooke and vicinity.

The sports were delayed for some time owing to the wet track, and were only partly finished by evening. The Richard's Soap Company's race for ladies was the piece de resistance and created no end of amusement. Fourteen ladies took part in it. The winners were Miss Christina Sharp, first; Miss Pearl McCormick, second; and Mrs. George Wise, Sarnia, third. The other events were well contested and had many entries.

The dancing contest was another feature that added much to the pleasure of the day. Some very clever little dancers competed and they were enthusiastically received.

The Port Huron Commandry Knights Templar, arrived on the 3 o'clock train from the west, and were escorted to the park by the Forest band. The commandry were in charge of Sir Knight Geo. Harvey and were 40 strong. At 4 o'clock the company gave an exhibition drill in front of the grandstand. The commandry is one of the best drilled organizations in the west, and did splendid work on the completion of their part of the programme they were cheered to the echo. The Knights gave another exhibition in the evening at 8 o'clock.

#### TRACK EVENTS SHORTENED.

Owing to the lateness in starting the events on the track only about one-half were finished.

The race which created the greatest amusement was the Richard's soap race, open to ladies only. The distance run was a hundred yards, with a cake of soap placed at intervals of 10 yards apart. Each competitor was to pick up a cake of soap and place it in an apron provided for the purpose. Fourteen ladies entered in this race, the first prize, a \$20 gold watch, being awarded to Miss Christina Sharp.

The crowd became so interested in this event that they crowded on the course, making it difficult for the ladies to reach the mark at the finish. The wheelbarrow race caused a great deal of fun, the runners piling up in one

grand smash at the finish. The smoking race was very much appreciated, the runners after lighting their pipes, running fifty yards. The winner of the race was introduced to the crowd as "the humane locomotive."

#### THE WINNERS.

The winners of the different dancing contests were:—  
Highland fling—1, Marie McDonald; 2, Jennie McPherson; 3, Amy McLeod. Sword dance—1, Marie McDonald; 2, Amy McLeod and 3, Nina Leitch. Shanties—1, Mabel McDonald; 2, Amy McLeod and Marie McDonald, money divided equally. Irish washerwoman—1, Nina Leitch; 2, Jennie McPherson; 3, Ina Riddell.

The events run off during the afternoon and the winners are:—  
100 yards open to all—1, C. Wynne; 2, R. Rivers; 3, F. R. Radcliffe.  
100 yards open to old boys—1, C. Wynne; 2, F. Dudson; 3, R. Walker.

Smokers' race—1, Geo. Higgins; 2, E. Malton; 3, S. White.

#### BASEBALL.

The baseball game between Forest and Stratford attracted a large crowd. Each town had sent down a large contingent of rooters, who cheered themselves hoarse at every good play.

Stratroy went to bat first and held the lead through the game until the first half of the ninth innings. At this stage of the game the score stood 11 to 5 in favor of Stratroy. Forest came to bat for the last time and as each batter stepped up to the plate the crowd simply became wild in their enthusiasm. Forest batted out five runs before the last man was caught out, with two left on bases.

The lineup:—  
Forest  
Lundy  
Jamieson  
Waddell  
Waddell  
Roche  
Scott  
Shaw  
Kimball  
Shaw  
Strathroy  
Butler  
Newton  
Collier  
Der  
Cowan  
Vokes  
Holt  
Carr  
Piefer

Batteries—Forest, Waddell, Lundy; Stratroy, Carr, Vokes and Butler.

Score, 10-11, in favor of Stratroy. Umpire—Davis, Stratroy.

The interesting feature of the game was Dier's remarkable running left hand catch in left field.

#### Tuesday Evening.

Over two thousand people attended the concert which was furnished by the splendid band of the 91st Highlanders. In addition to the band music the famous Premier Octette of Hamilton delighted the audience with their vocal selections and little Marie McDonald danced the sailors boogie pie in a way that enthused everybody.

The drill by the Pt. Huron Commandry Knights Templars, was the finest exhibition ever witnessed in this section. The grace and precision with which the complicated evolutions were executed reflects the highest credit on the commander, Sir Knight Geo. L. Harvey, and his company of gallant knights. The drill was one of the best features of the program and elicited hearty applause.

"God Save the King," played by the 91st Highlanders' Band, followed an instant later by three mighty cheers for the "Old Boys and the Old Girls" from 6,000 people, closed at 10 o'clock one of the greatest demonstrations ever held in the history of this town.

The committee, in speaking of the reunion, expressed themselves as more than satisfied with the success of the gathering. President Farrell stating that the demonstration had in every respect far exceeded their most sanguine expectations. "The gathering from start to finish has been particularly free from accidents or other unpleasant features, which sometimes occur on occasions of this kind," said Mr. Farrell.

Special trains for the east and west carried the crowds away. At 11 o'clock they were all on their way, and a singularly happy and successful affair was closed. Not an accident happened to mar the occasion, and unpleasant features were conspicuous by their absence.

#### AULD LANG SYNE.

Come back again Old Boys and Girls.

#### REUNION NOTES.

The Two Greatest Days Watford Ever Knew.

Dr. J. A. McPherson and son came over from Grand Rapids in their touring car.

The Watford Rube band had a capital make up, and made lots of fun for the crowd. Bobby Brock fell off the cow in the parade, but neither the cow or Bobby bellowed.

A burlesque band from Stratroy did some funny stunts and created no end of merriment.

Mr. Walter Kelley's school won the special prize for largest number of pupils in the parade.

Rather cool for the booths on Tuesday.

WATFORD, AUGUST 30, 1907.

### The Boy and His Father.

"The Farmer's Advocate" has been directing public attention to the unfortunate tendencies of our educational systems in driving the rising farm populations to the cities and towns. Given proper ideals in the home, there is no place in all the world equal to the farm for rearing a good class of boys. It is the right place to be born, and whether the boy remains there or not depends, as we have shown, largely upon the school, and it also depends upon how the father deals with the son. Wallace's Farmer goes straight to the headland, when it says don't give the boy the worst plow and a sulky team when you start him plowing; don't set him at the meanest cow to milk; never hand him the heaviest fork or the dullest hoe to work with or put him in the garden where there are more tough clods to the square rod than there are to the acre in the field. Give him the best. Remember you were a boy once yourself. Treat him as an equal in such a way as to develop his mind and quicken his aspirations.

### Barbers May Raise Prices

There is a movement on foot among the barbers in the different towns in this section of the country to raise the prices in common with their city brethren. The barbers in the following towns have expressed their views in favor of the raise: Watford, Alvington, Dresden, Strathroy, Glencoe, Bothwell, Brigden, Arkona and Oil Springs, with a number of towns yet to hear from.

It is impossible now for a barber to make the wages he used to, owing to the fact that the hair cuts, on which the clippers were used, have gone almost entirely out of fashion. There is more scissors work, consequently it takes longer to turn out a hair cut than it did formerly.

Then there is the neck shaving. Nearly every man has to have his neck shaved between hair cuts, necessitating the expenditure of more time. If a barber worked steadily at hair cutting and shaving for ten hours he would probably make about \$4, but when it is considered that he is about half his time idle, and the expense of running his shop has to be taken out of his earnings, it will readily be seen that a barber does not make ordinary laborers' wages.

Barbers prices in the smaller towns are just what they were 40 years ago, when the cost of living was cheaper. The barbers in this section have

## Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, gone!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

The best kind of a testimonial—

agreed by mutual consent to at least raise the price of hair cutting.

Shaving no doubt will remain at the same old figure, with a possibility of charging five cents for shaving necks. The barbers in the towns above mentioned will meet shortly at some central place to fix a uniform scale of charges, after which the prices will be raised simultaneously. The barbers in any other town wishing to join the movement can get any information they desire from Mr. H. B. Watterworth, of Glencoe, who is secretary of the movement for the time being.—Transcript.

### Importation of Horses.

W. J. Evans, of Cowal, has just returned from England and has brought out ten Shire fillies that should do the farmers of Danwich a lot of good. Never before have horses brought as good a price as they are selling for now and the man that owns a good brood mare has one of the best paying animals on the farm. The Shire breed of horses are noted for their weight, stamina and docility, and the ones Mr. Evans has brought over are all the more valuable from the fact that they have been bred to one of the very choicest Shire stallions and are believed to be in foal.

We have not sufficient draught mares in our country, and very few Shires are being imported. They are selling high in England and the prospects for the draught horse industry is very encouraging. There is no difficulty at the present time in getting from \$400 to \$600 for a good heavy pair of geldings. A study of the draught animals that have sold at top prices during the past twelve months demonstrates that heavy weight combined with quality were essential to reach the top of the market.

### The Summer Temper.

It is much easier to keep good-natured in cold weather than in hot. One may be uncomfortable in cold weather, but there is seldom the active irritability present that there is when the thermometer begins to soar. Sometimes it seems as if only fortitude and powers of endurance and self-control were of those chemical compounds which evaporate and disappear with a high degree of heat.

My heart opens with unfeigned sympathy to those who hate hot weather, and those tempers show this detestation by putting forth thorns. The cold blasts of winter may not tend to amiability, but, compared with the torrid breath of summer, they are as nothing in the way of provocation of plain, old-fashioned crossness.

The housekeeper should make an especial study of hot weather tactics. The much-praised, much-bejered simple life should be followed as far as possible. "Fussy" dressing should be abjured.—Philadelphia Record.

### Canada Will Make Money.

Canadian royal mint, which is the first mint outside the capital of the Empire to be designated "royal," is expected to be completed in November next.

At present all the Canadian coins are minted in London, but after November they will be turned out at the Ottawa mint.

The profit, which is now nearly half a million dollars, will then accrue to the Dominion Government.

Dr. Bonar, the recently-appointed deputy master of the mint, will return to England shortly, but will take up his residence in Ottawa this fall. The experts who will have actual charge of the coinage will be brought from England, but the bulk of the employees will be Canadians. All the machinery, except that for actual minting, has been manufactured in Canada.

### Sarnia Boys In Trouble.

The Port Huron Times of Monday says: Morris Smith and Russel Ellis, Sarnia boys, aged twelve years, were arrested by Policeman Shorter this morning on a charge of stealing a number of articles from the Kirby store on Huron avenue. The two lads were in the act of loading their pockets, it is alleged, when the officer arrived on the scene. When taken to the police office it is said the boys confessed the crime. They said after coming to Port Huron to attend the circus they entered the store and were tempted to steal. Among the articles taken were three pocket knives. The case has been turned over to County Agent Harris, who will decide what action will be taken. The parents of the boys have been notified.

### Good Corn Sheller for 25c.

A marvel of efficiency and promptness, a remedy that does cure corns and warts. Its name is Putnam's Corn Extractor. Contains no acids, never pains, gives lasting satisfaction. Insist on "Putnam's" only. It's the best.

## Are you using the best Flour?

What if the flour, that you are now using, does make pretty good bread? Isn't there room for improvement? Couldn't the bread be whiter, sweeter, tastier? Couldn't the pies and cakes be lighter, more inviting? And does the baking always turn out exactly right?

If there is room for improvement, there is a need of

# BEAVER FLOUR

"Beaver" Flour straightens out all baking difficulties. It is two flours in one—blended Manitoba Hard Wheat and Ontario Soft Wheat. Way out in the Northwest grows the Manitoba Hard Wheat that makes rich, good, strong, flour—wholesome, nourishing bread. Ontario wheat lacks somewhat in nutriment strength—but it makes the lightest wheat cakes, pies and pastry. "Beaver" Flour combines these two baking qualities, because it contains just the right proportion of each. The wheat we use, being nature's best, requires no electrical treatment to purify.

Don't be satisfied with just good bread. Have the best that any good cook can make. That means to use "Beaver" Flour.

A NICKEL two-cent piece may be introduced into Canadian coinage with the opening of the new mint in November or December. It is felt that there is need for a penny piece in Canada, and the use of the nickel would afford another market for the home production.

We understand that the execution of the legal papers in final settlement of the Hardy Creek drain trouble, which has been responsible for costly litigation on the part of Adelaide, Warwick, Metcalfe and Brooke, the townships interested, is being proceeded with all parties agreeing to the terms of the judgment rendered by Referee Rankin. The assessments remain as fixed by the judge and the work of improving and extending the drain will now be carried out.—Strathroy Age.

Walter Eldridge, a sailor on the steamer Strathcona was arrested in Port Huron on Monday evening for the theft of two postcards, valued at 5 cents. The cards were purchased at Knill's drug store, and Eldridge claims he only forgot to pay for them. While making the arrest Policeman Albert Ross clubbed Eldridge quite severely. Mayor Bell was notified of the arrest and subsequent clubbing. Thinking that Eldridge had already been punished enough for his act, the mayor and chief released him. Policeman Ross was reprimanded for his conduct.

Good Outlook for Fruit Prices.

Thus far during the present season growers have been receiving good prices for the bush fruits, and the outlook for the larger classes, including apples, appears to be equally favorable. The demand consequent upon prevailing "good times" is keen in the cities and towns, the consumption of fruit being everywhere upon the increase. While the crop conditions in Britain have improved, the European and American crops are reported much smaller, while in Canada, according to the latest report of the Fruit Division, Department of Agriculture, Ottawa, the prospect for apples has declined seriously for the early and fall sorts, the indications being for an average crop of winter fruit. A fair crop of peaches is promised, but in case of pears there has been an almost unusual reduction in prospects and plums are less encouraging than they were a month ago. Outside of Southern Ontario and British Columbia the grape crop has been reported as likely to ripen imperfectly, and even in the more favored districts weather conditions may yet greatly affect the output. Farmers, as well as those who make fruit-growing a specialty, are therefore well advised in husbanding the crop with very great care and looking for high prices in contracting deliveries ahead.—Farmers' Advocate.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient by building up the constitution and assisting nature in doing its work. Hay Fever Germs are now Floating About.

They are in the air everywhere, too minute to see, but just waiting for a chance to get into your lungs. Then they will play havoc with your breathing apparatus, and you'll wonder what to do. The doctor will say you had better inhale Catarrhazone for it kills hay fever germs, and more over is dead certain to reach them. Catarrhazone cures every time, and absolutely prevents the disease from returning. You inhale Catarrhazone with the air breathed; it goes directly to the source of the trouble and cures it by removing the cause. At druggists, or sent with guarantee of cure, to any address for \$1.00 forwarded to Polson & Co., Kingston, Ont.

DETECTIVES of Chicago are searching for a mysterious robber who snatched the handbag of Mrs. Mary Braugh, of Oil Springs, Ont., containing \$200 in cash and jewels valued at \$500, while she was raising a window in a sleeping car.

Kettle Point Indians Will Get Some Money.

Last week Sarnia had the honor of a visit from three gentlemen from the other side of the lines, of much note in their respective communities and whose presence in Sarnia was in course of the prosecution of a very curious and interesting inquiry, an inquiry moreover, which it is hoped may ultimately result in much pecuniary benefit to the parties concerned. The members of the party were Dr. Wooster, a big official of the Bureau of Indian Affairs at Washington, Rev. B. Morested, a clergyman of Bark River, Wisconsin, and Mr. Charles Pak-echo chief of the Pottawatomie Indians, of Green Bay, Wisconsin. The business which brought the three gentlemen to Sarnia was to make inquiry as to whether any, and if any, how many of the Chippewas of the Sarnia band were entitled to a share of the proceeds of what is known in political circles in Washington as the great Pottawatomie land claim.

In all, the commission obtained an enrollment at Sarnia of 117 persons with undoubted claims to share in the distribution of the avails of the Wisconsin land claim—that is, of course if the distribution ever comes to be made. Of these, thirty-three are resident on the Sarnia Reserve, and eighty-four on the reserves at Kettle Point and Stoney Point.

A Cordial Invitation to Diseases.

This is an apt description of consumption. It's a natural condition to begin with; and it's more, because it brings about blood deterioration, interferes with digestion, renders you susceptible to infectious diseases and causes anaemia. Not so much a purgative as a natural stimulant, it restores the bowels to their normal state, and the bowels are what you need. You get it in Dr. Hamilton's Pills which increase liver activity, restore the bowels to perfect action and positively cure constipation and its attending evils. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

Blended Flour.

Modern farming has become a business proposition, and men engage in agriculture because it returns annual profits on the money and labor invested. The soil is the paymaster, and the variety, quantity, and quality of goods produced, determines the success of the man engaged in the agricultural business.

But the market must be considered, and demand must be created and catered to, if business is to advance. Unfortunately for Ontario farmers, the demand for what ought to be the most valuable product of their fields has declined. Western millers have introduced a flour which, though lacking in flavor, contains more "strength," or gluten, than that which is milled from the more finely flavored Ontario wheat. Ontario consumers, by the extensive advertising of the alleged superiority of Western flour, were soon convinced that flavor must be sacrificed to strength, so the home market was largely lost, and farmers began to notice the increased cost of feed, and the low prices to be obtained for their wheat.

By a series of chemical analyses and experiments which have extended over a decade, it has been demonstrated that by the addition of a small proportion of Western wheat, Ontario blended flour contains the necessary gluten to successfully compete with its Western rival, and still retain the flavor which is peculiar to Ontario grain. Bread made from blended flour soon found a ready sale in Toronto, and within a year or two after the introduction of blended flours on the market, the Maritime Provinces have shown such preference for these Ontario-milled flours that certain milling firms have doubled their plants in the last six months.

It has been already pointed out that the farmer as a business man, must consider the market and the inexorable law of supply and demand. Now Ontario ought to deserve the first attention, and the home-market of the Province should feel the effect of the demand for Ontario blended flour.

Looking for the farmer is both a producer and a consumer, and as such, has a double interest in helping to create a demand for Ontario-grown wheat. When the individual farmer realizes that the purchase of the new flour means better bread on his table, better prices for his wheat, and an ultimate substantial decrease in the cost of bran and shorts, the battle to regain the Ontario market for an Ontario product will be as good as won.

Pat Declined to Take Any Chance.

A freed returning with his wife from a visit in England relates the following:—"We toured the south of England in a motor car, one of the most beautiful and at the same time, out-of-the-way places we visited, was Broomtown. We saw some truly wonderful epitaphs there." Looking about we noticed a man down on his knees before a tombstone writing on the marble. As he got up and walked away, we approached the slab, and this is what we beheld, engraved in the marble,— "Hear unto all you standers by, As you are now so once was we; As we am now so you must be; Prepare for death and follow me." To this Pat had added with his pencil:—"To follow you I'm not content, 'Till I know which way you went."

It Does Cure Womanly Ills.

"I feel it my duty" writes Mrs. S. Mead, of Fraserville, Ont., "to let you know that sometime previous to the change of life I suffered more than I could tell. Neighbors told me Ferrozone was the only remedy and their advice was good. Ferrozone put a stop to my pain and sickness, had a direct action on my troubles that relieved from the start. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone." Instant relief is found in Ferrozone for female weakness of every kind, 50c per box at all dealers.

It is our sad duty to chronicle the death of Eliza Fair, beloved wife of Leslie A. Leckie, Sarnia Township, at the early age of 24 years. Deceased had been ailing for the past few months, and on Thursday, August 10, neuralgia of the heart had set in, and before the young husband could reach her she had passed resignedly to her eternal home. During her illness she suffered little pain until a few hours before her death, when her suffering became intense. She died at the home of her father, Geo. Fair, 18 side road, near Watford, whither she had gone a few weeks previously. Mrs. Leckie spent most of her life in West Williams Township, her parents having moved to near Watford since her marriage two years ago. Her kind and gentle manner made her much beloved by old and young, and among her companions she was a general favorite. Her funeral which proceeded to the family plot in Arkona Cemetery, was very largely attended; also a large number of sympathetic friends from West Williams gathered at the grave.

*Business Paper*

A knowledge of Business Paper is of inestimable value to every young man.  
An accountant must be familiar with the uses of notes, drafts and checks to hold a responsible position.  
The young man in business for himself should possess the knowledge necessary to draw up correctly all manner of business forms, such as notes, drafts, vouchers, leases, partnership agreements, etc.  
He, who intends to remain upon the farm, must know the meaning of "negotiability," "indorsing," "dis-counting," "protesting," etc., or he will find himself "out of pocket" now and again.  
We thoroughly teach all these and many more valuable things in connection with "Bills of Exchange."  
Write for our large, illustrated, free catalogue. It explains our Business and Shorthand Courses in detail, and shows the value of the Business Educators' Association Diploma to our graduates.

## TUMORS CONQUERED

### SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

Mrs. Fannie D. Fox

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:

"I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation."

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Fox, 7 Chesnut Street Bradford, Pa.

WHEN you think of clothing you think of Swift Bros., who for twenty-two years and more we have been hammering away at the CLOTHING BUSINESS and each and every year we are doing better, little improvement here and there, better linings and trimmings, better interior in the way of canvas and enterlings those you cannot see, but the finish and mould of the shoulders as a collar and the way the coat keeps its shape denotes the best of everything. This week we open another big shipment of imported Tweeds and suitings direct from the Old Country, suits from \$14.00 to \$20.00, ready about Monday.—SWIFT BROS., DIRECT IMPORTERS.

## Putting Up Fruit.

I've seen 'em putting up a job,  
Seen them putting up a barn,  
Seen them putting up a yam,  
Seen them putting up a gibbet,  
But Phoebe fair deserves—  
The prize for best exhibit—  
She is putting up preserves.

I've seen 'em putting up a church,  
Seen them putting up a tank;  
Seen them putting up a porch,  
Seen them putting up a bank,  
I've seen an anxious host of men  
Putting up a tock,  
But best of all is Phoebe when  
She's putting up fruit.

## Liked the Souvenir Number.

The Watford Guide-Advocate's Old Boys' Reunion Souvenir Number is to hand. It is replete with much valuable information about the thriving village and also contains many photos of prominent Watford residents—past and present. Conspicuous amongst the number are photos of Hon. W. J. Hanna, Provincial Secretary, and W. S. Calvert, M. P. The Guide-Advocate is to be congratulated on the production.—Sarnia Observer.

Last week the Watford Guide-Advocate issued an illustrated souvenir number to commemorate the Old Boys' Reunion in that place. The edition is a very creditable number, and is but another evidence of the Guide's enterprise.—Alvinston Free Press.

## A Successful School.

The Central Business College of Stratford, which has an advertisement appearing elsewhere in these columns is without a doubt one of the most successful business training schools in the province. It is well and favorably known for the thoroughness of its work and the success of its students. The school is now sending out its 21st annual catalogue, and would advise anyone interested in a Commercial, Shorthand or Telegraphic education to write the college for their free catalogue. The fall term we believe commences on Tuesday, Sept. 3rd.

## C. P. R. FOR SARNIA.

Will Connect With Port Huron When New Line is Built

Sarnia, August 22.—That the Canadian Pacific will enter Sarnia and possibly connect with Port Huron by car ferry is now an assured fact, and within the next year the line from London to Sarnia will be under construction. The Canadian Pacific has been considering Sarnia as a lake terminus for some time, but as the road already has terminal facilities at Windsor it was thought that Sarnia would be passed up.

By entering Sarnia the Canadian Pacific will come into direct competition with the Grand Trunk and will be able to offer the same through rates from the east, as the Grand Trunk Pacific will by way of Sarnia and the lake.

## The Whining Kicker.

If you are a kicker and see the shadow of failure in everything that is proposed to help the town, or heaven's sake go into some secluded canyon and kick your own shadow on the clay bank, and thus give men who are working to build up a town a chance. One long-faced hollow-eyed, whining kicker can do more to keep away business and capital from a town than all drouths, short crops, chinch bugs, cyclones and blizzards combined.

## Many Children Sick.

Get their feet wet, catch cold or cramps, and give mothers an anxious time. With the first shiver or sneeze rub the little one's chest with Nerviline, gargle the throat, and give ten drops in hot water at bed-time. Next morning all is well. No cold, no time is lost at school. If Polson's Nerviline is in your home get it there at once. Dealers sell it in large 25c bottles.

## Changes Coming.

Toronto, Aug. 20.—With respect to contemplated changes in the program of studies for the public or high schools of the province, Superintendent of Education Seath stated today that any changes to be made within the next few months would not in any way disturb the schools and that teachers and pupils could easily adjust themselves to the alterations.

Dr. Seath intimated that several new schemes might be introduced into the school system by September of next year, but that it would take seven or eight years to really get all plans working. These proposals, he further stated, tended towards eliminating the examinations.

A CURE FOR CONSTIVENESS.—Constiveness comes from the refusal of the excretory organs to perform their duties regularly from contributing causes usually disordered digestion. Parmelee's Vegetable Pills, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

Rev. W. S. Sutherland, of Edinburgh, Scotland, visited his brother, George Sutherland, of Bosanquet, prior to his departure for China and Japan, where he will be missionary inspector for a year.

## LOCAL OR OTHERWISE.

The new Church of England, which is being built in Arkona, will be ready for occupation at an early date. The roof is already on and brick for the veneer work is being hauled from McCormick's yards.

W. J. SKINNER has sold his fruit evaporating business at Wyoming to Johnson Bros., who will operate it, instead of going to Camlachie, as was talked of. Everything will be ready for business as soon as the season opens.

If there is a chance to boom business boom it. Don't put on a long face and look as though you had a stomachache. Hold up your head smile and look for better things. Hide your little hammer and try to speak well of others, no matter how small you may know yourself to be.

ACCORDING to information being compiled at the Ontario department of agriculture farming lands of the province values are recovering from the effects of the depression due to the Northwest land boom. For some reasons values in eastern Ontario seem higher than those in the western part of the province.

ACCORDING to the calculation of an expert, the cost of stopping a train varies from 45 cents for a train of ten ordinary passenger cars, to \$1.61 for an express train of heavy drawing room cars, four times the weight of the other. These figures are for a single set of conditions. Where there is an up-grade the expense is more than on a level, and much more than a down grade.

THE Attorney-General's Department, acting on the petition of the coroners' juries, will take into consideration the question of increasing the remuneration for his services. At present a jurymen on an inquest is paid 50 cents for a session of not more than four hours under the statute. There have been many complaints and the Act may be amended at the next Legislative session.

To place your umbrella in a rack indicates that it is about to change owners; an umbrella carried over a woman, the man getting just the drippings of the rain, signifies courtship; when the man has the umbrella and the woman the drippings, it indicates marriage; to carry it in an angle under the arm signifies that an eye is to be lost by the man who follows you; to put a cotton umbrella by the side of a silk one means "exchange is no robbery;" to lend an umbrella may be interpreted, "I am a fool;" to carry an umbrella just high enough to touch men's eyes and knock off men's hats signifies, "I am a woman."

IT IS GOOD FOR MAN AND BEAST.—Not only is Dr. Thomas' Eucalypti Oil of incomparable value in the household, but the farmer and stockman will find it very serviceable in the farm yard and on the cattle range, often saving the services of a veterinary surgeon. In injuries to stock and in cases of cough and pains it can be used with good effect.

## Stolen Horse Recovered.

A. R. Hardy, alias Cameron, Richards, etc., who claims Halifax, N. S., as his home, was arrested on Saturday at Dutton, by Constable J. E. Clarke of that place, on a charge of horse stealing preferred by O. J. Keyser, of Adelaide township.

Wednesday morning of last week when Mr. Keyser went to the pasture field to get his valuable chestnut carriage horse he found the animal missing. Suspecting something wrong, he at once communicated the information to High Constable Hughes who had cards printed bearing a description of the horse, sent to the constables in different towns.

On Saturday forenoon word was received from the constable at Dutton that he had a horse answering the description. He was wired to arrest the man suspected, who immediately struck out of town and was overtaken and arrested after a herd chase.

Upon arrival at Dutton High Constable Hughes discovered the horse belonged to another farmer in Plympton township, and a cart and harness which had been stolen from the hotelkeeper at Wyoming. The horse stolen from Mr. Keyser had been sold to Jas. McCartney, of London. It is claimed that Hardy has a bad record.

## CHOP STUFF.

The barns of Wm. Minitely, near Wainstead, were struck by lightning, and with contents, totally destroyed on the 2nd inst.

At a recent meeting of the Stratford town council letters were read from four prospective manufacturers seeking locations.

Messrs. Lee Yager and Fred Edward, of Petrolia, have gone to Vera Cruz, Mexico, to prospect for petroleum in the interests of the Anglo-American Oil Company, of London, England.

Every article of Furniture shown here has something besides a handsome appearance to recommend it—and that is strength and durability. A visit to our warerooms will please and interest you—perhaps profit you. Our Dining Room Furniture is a delight to those who admire good furniture.

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rack is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

### Harvest Help Wanted West

Upwards of 25,000 men are wanted in Manitoba, Saskatchewan and Alberta to assist in harvesting and to meet the demand to some extent the Canadian Pacific has arranged to run low rate farm laborers' excursions. Leaving dates are Aug. 30 and Sept. 5. (Advertisement in another column gives territory and further particulars.) From all Ontario stations one-way tickets will be sold to Winnipeg at \$12. Men are engaged at Winnipeg and are given free tickets to points where help is needed east of Moose Jaw. After working at least 30 days and having the employing farmer certify to the fact, a ticket back to original starting point is issued on payment of \$18. This is a splendid opportunity to see the golden west and to make something more than expenses. J. H. Hume, local C. P. R. agent, is well posted and will be glad to give anyone full information.

### ENTITLED TO PARTICULARS

One ounce Fluid Extract Dandelion;  
One ounce Compound Salatsone;  
Four ounces Compound Syrup Sarsaparilla;  
Mix, and take a teaspoonful after meals and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition.

He further states that anyone suffering from afflictions of this nature will find it to be very beneficial, and suggests that it be given a trial.

You'll Grow Steadily Worse Unless the System is Better Nourished.

Nothing will build you up with the certainty of Ferrozone. Thousands it has cured who never hoped to be well—and there is ample proof—substantiated by one of Nova Scotia's clerics.

"Before taking the first box of Ferrozone," writes Annie Jeffrey of Sandy Cove, N. S., "my condition was deplorable. Though I employed the most skillful aid, I grew steadily weaker. In fact, I was in such a low condition that it was impossible for me to walk across the room. My heart was very weak, and I suffered from terrible palpitations, which the doctors said were from troubles peculiar to women. Friends urged me to try Ferrozone, and I bought six boxes. When I had used the third box my old time vigor returned. The palpitation ceased, my appetite increased, and I got a good rosy color in my cheeks. It would be impossible to speak too highly of Ferrozone. All weak women should use it. I hope many suffering sisters will use Ferrozone, for it will surely cure them."

Rev. J. C. Morse, D. D., pastor of the Baptist Church, Sandy Cove, bears witness to the recovery of Mrs. Jeffrey, and writes: "This is to certify that Mrs. Annie Jeffrey is a lady upon whose word can be depended. I have known her since childhood, and believe her to be a truthful, honest woman." This adds additional force to the testimony of Mrs. Jeffrey, and gives assistance to other sufferers that Ferrozone does what is claimed for it. Three week's treatment costs 50c., or six boxes for \$2.50 at all druggists.

### BABY'S HOLD ON LIFE.

Baby's Own Tablets cost 25 cents a box. A box bought now may save your baby's life. Summer complaints come often without warning, and thousands of little ones die from them every summer. If children's stomachs and bowels are kept in order there is little danger of these troubles, and that is just what Baby's Own Tablets do. They are good for the new born baby or the well grown child—and they are absolutely safe. Give your child an occasional dose of Tablets and you will keep it well. If you have not got a box of Tablets now, send for them at once, and you may feel that your little ones are safe. Mrs. Wm. Farrort, Myrtle, Ont., says: "My little boy suffered greatly from colic, and cried almost continuously. A few doses of the Tablets cured him, and now I give the Tablets occasionally to prevent the trouble returning." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**REUNION NOTES.**

[Continued from First Page]

and the merry-go-round man complained that his horses had cold feet.

Souvenir post cards containing views of the parade, decorations, etc., are now on sale.

All parties having accounts against the Association are requested to hand them in to the Secretary without delay.

E. A. Dowling had a handsomely decorated float in the parade, which was a credit to his enterprise and good taste.

Hon. E. B. Harris, Prosecuting Attorney, West Branch, Mich., was an interested spectator of the doings on Tuesday.

The Secretary had an able and efficient assistant in the person of Mr. J. M. Robertson, of Toronto, a former old Watford boy.

Editor Sims, of the Thamesville Herald, came over to see how the Reunion was conducted. Thamesville is having a Reunion in September.

The large representation from Sarnia is largely due to the efforts of "Uncle Aleck" Saunders and J. A. Mavity, two enthusiastic Old Boys.

Extra copies of the GUIDE-ADVOCATE can be had at this office, containing report of the Reunion, and the illustrated Souvenir Number, price 5c.

The Rev. R. S. W. Howard, M. A., London, a Watford old boy, preached a very able and eloquent sermon in Trinity Church from Rev. 21-13.

The Sarnia Concert Band, which accompanied the Sarnia Old Boys, delighted all with their fine music. They know how to play, and were quite generous with their selections.

The display in H. A. Cook's furniture show rooms, of an old time roped bedstead, contrasted with an up-to-date brass one, illustrated the changes in furniture fashions since 60 years ago.

The sports were under the able and experienced management of Mr. Alby Robinson, of Woodstock, assisted by Mr. Langton, of Parkhill, F. Brock, of Oakdale, and Reeve Parker, Clerk.

It will be two or three weeks before a detailed statement of the receipts and expenses can be submitted, but a substantial surplus, in the neighborhood of half a thousand, is expected.

Those who were predicting a carousal were agreeably disappointed. Not an old boy was guilty of anything discreditable, and the crowd was the best natured and most orderly that ever assembled in Watford.

The Forest Excelsior Band, one of the best amateur bands in the west, were here for the two days. They furnished first-class music and plenty of it, and contributed to the general enjoyment in a large degree.

While Chief Shaw was taking home a paper bag full of eggs on Monday morning, some evil disposed person ignited the paper, and in his efforts to extinguish the blaze, the eggs dropped on the cement walk. Scrambled eggs for Johnny.

Mr. Stuart, of Montreal, the genial representative of the Eastern Canadian Passenger Association, attends nearly all the Reunions and Conventions in the Dominion, and gave Watford the credit of being the best he had ever seen in a town of this size.

The special prizes for Old Boy coming the longest distance, especially to the Reunion, was awarded to David Lamb, of Langley Prairie, B. C., and Mrs. Lamb, the Old Girl's prize, Swift Bros. gave a hat, and A. Brown Co. an umbrella. Mr. and Mrs. Lamb left for their home on the coast Monday.

Probably the busiest man at the Reunion was "Curly" Fowler, of London. He was everywhere infusing ginger into the doings, and introduced the slogan, "Welcome to Our Fair City, Thrice Welcome." "Curly" is a three ringed circus in himself, with a concert after the big

show. Telegrams of regret at not being able to be present, and wishing the Reunion every success, were received from Dr. Brett, Banff, W. S. Calvert, M. P., Old Orchard Beach, F. P. McDonnell, Edmonton, Hon. A. C. Wilson, Oelwein, Iowa, and scores of letters from Old Boys in different parts of Canada and the U. S.

The following telegram was received by the Secretary on Tuesday: Regina, Sask., to H. F. Williams, Watford, Watford old boys and girls, Bole, McKenzie, Hagle, Hillis, Hastings, Willoughby, Petch, Westgate, Henderson Bros., Committee Ladies, Smith, Canton, McKenzie, Humme, Henderson, Coristine, Hastings, send greetings. Signed, J. W. Smith, Mayor; W. Hindson, Sec. Treas.

A number of the Old Boys presented the Secretary with a handsome Masonic signet ring on Monday evening in recognition of his services in connection with the Reunion. The address was made by "Uncle Aleck" Saunders of Sarnia, and the presentation by Dr. V. L. Newell, of West Branch, Mich. The Secretary appreciates very highly this evidence of regard bestowed upon him by old boys and old friends.

J. J. Turner & Sons, of Peterborough, who had the contract for street decorating, performed their work to the entire satisfaction of the committee and citizens generally. The decorations were greatly admired by visitors, and were the subject of favorable comment on every hand. Turner & Sons have a reputation second to none in this class of work, and leave nothing undone to please their patrons. Watford Old Boys can cheerfully recommend their services to all requiring work of this kind.

The decorations of the leading business houses on Main St. were very fine. L. D. Caldwell's, Howden's Swift Bros., H. A. Cook, J. W. McLaren, Drs. Kenward and Kelly, the Guide-Advocate and other places looked immense, strings of colored lights added greatly to the effect. The old town never looked better, and many favorable comments were heard from visitors. Nearly every private residence in town was decorated, many going to a considerable expense in adorning their premises. The Reunion is the biggest event Watford has ever had. The old boys and girls were proud of their old home.

SEE those new Rayo hanging lamps at Howden's at \$5.25. The best lamp in the world for appearance or light at this moderate price.

**Souvenir Edition Notices.**

The Watford Guide has issued a handsome souvenir number descriptive of the town, and embellished with portraits of principal citizens.—Leamington Post.

The Watford Guide-Advocate issued a special Old Boys' Number last week. The edition was well illustrated and well printed, and reflected great credit on the enterprise of the progressive publishers of that journal.—Blenheim News.

The Watford Guide-Advocate deserves credit for the fine Old Boys' Reunion Souvenir number issued last week to commemorate the gathering in that town. It contains, besides a quantity of very interesting reading matter, splendid cuts of the principal business places, public buildings, residences and representative business men. It is a number to be proud of and worthy of the best traditions of that bright weekly.—Amherstburg Echo.

Watford Guide-Advocate, of last week was a souvenir number in commemoration of the Old Boys Reunion. But double its usual size, and extensively illustrated. The illustrations show the principal buildings of that town, D. G. Parker, Reeve of the place, and other members of 1907 council, also W. S. Calvert, M. P., the Public School Board, Board of Trade officials, I. B. Lucas, M. P., Hon. W. J. Hanna, D. W. Bole, M. P., and others. It will be valued by the visitors as a memento of the occasion.—Petrolia Topic.

**ANAEMIA CURED.**

**Dr. Williams' Pink Pills Bring Back the Glow of Health by Making New Blood.**

The bud into perfect womanhood the growing girls must carefully guard her health. Unless the blood is kept rich and pure, headaches, backaches and frequent dizzy spells will trouble her. She will always be ailing and may slip into a deadly decline. Dr. Williams' Pink Pills are a never failing remedy in building up the blood. Just a short time ago the reporter of L'Avenir du Nord had the following cases brought to his notice. In the town of St. Jerome, Que., there is an orphan asylum under the care of those zealous workers—the Grey Nuns. In this home Dr. Williams' Pink Pills are constantly used. For some months two of the young girls in the home were afflicted with anaemia. The symptoms in both cases were very much alike. They were both pale, lost all energy and were subject to headaches and dizziness. Dr. Williams' Pink Pills were taken and soon there was an improvement in their condition. The color returned to their cheeks; their appetites improved; headaches ceased and soon good health took the place of despondency. What Dr. Williams' Pink Pills have done for these two orphans—Marie Lavoie and Dosina Brooks—they will do for others.

The secret of Dr. Williams' Pills in curing anaemia, lies in their power to make new, rich, red blood. That is why they strike straight at the root of all common ailments like headaches, sideaches and backaches, rheumatism, neuralgia, indigestion, anaemia, St. Vitus dance, partial paralysis and the special ailments that afflict almost every woman and growing girl. Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
