Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TO JOHN CARTER BROWN, ESQ
OF PROVIDENCE IN RHODE ISLAND

THESE PAGES GRAVITATE AND IN-
scribe themselves of their own sweet will very natu-
rally to you. Frank explanation and profound
respect as naturally take the place here of apology
and flattery. A quarter of a century ago, when
the writer's beard was shorter and less grey than
now, he made a bibliographical pilgrimage from
Boston to Providence to see you and your books. He was on the eve
of his departure for Europe. That visit was a pivot in his life, and has
always been recalled and recounted with gratitude and affection.

He had graduated at Yale but two years before, one of which two
years had been passed at Cambridge reading passively with legal Story,
and actively with historical Sparks, all the while sifting and digesting the
treasures of Harvard Library. For five years previous to that visit, he
had scouted through several States during his vacations, prospecting in
out of the way places for historical nuggets, mousing through town
libraries and country garrets in search of anything old that was histori-
cally new for Peter Force and his American Archives. For himself and
others he had tramped over many of the scenes of the Old French War
and the Revolution, at one time exploring Rogers' slide, and at another
descending, torch in hand, into the wolf-den of Old Put. From Vermont
to Delaware many an antiquated churn, sequestered hencoop, and dila-
pidated flour barrel had yielded to him rich harvests of old papers, musty
books and golden pamphlets. Finally, in 1845, an irrefragable desire
impelled him to visit the old world, its libraries and bookstalls.

Your enlightened liberality in those primitive years of his bibliogra-
phical pupilage contributed largely towards the boiling of his kettle, for

which he is and ever has been thankful. What you did for him then, has ever been and is now highly and properly appreciated. What he has since done for you and your library being on record in the hands of Time, and in his own ledgers, need not be mentioned here.

In future years, when American historians from remote parts have to thank Providence for its historical treasures gathered by you from the four winds; and when they enter your beautiful library, or turn over the leaves of Mr Bartlett's excellent catalogue of it, the writer trusts that should it be asked What has this bibliotectural G M B done? some friendly little bird will whisper in their ears a Wren's epitaph, 'circumspice.' And when with reverent hands they turn over the 'talking leaves' of your beautiful Columbuses, Vesputiuses, Corteses, Las Casases, Peter Martyrs, and Oviedos; your Gornaras, your Ramusios and Hakluys, your De Brys and Hulsius, your Purchases and Thevenots; your hundreds of rare pamphlets and rarer books, the some little friend will again whisper 'circumspice.' In acquiring con amore these and other American Historiadores Prinitivos he when necessary 'extracted light from cucumbers,' set traps for sunbeams all over Europe, and travelled far and near. In this labour of love, this journey of life, his tracks often became your tracks, his labours your works, his *libri* your *liberi*.

With these thoughts drifting through his head, you may perhaps conceive with what interest the undersigned read through and through the five volumes of your privately printed catalogue, and took note of the marvellous richness of your collection in the rarer materials of early American history. At the same time he thought it a good opportunity to test the value of his own similar gatherings, the unassorted accumulations of twenty years, slumbering in his American Nuggetory.

To his delight and astonishment he readily selected two thousand works the titles of which are not recorded in your catalogue, printed between the years 1490 and 1799, many of which are believed to be unique, or of very considerable rarity. The following is a brief chronological Schedule of them, a simple one-line list. Its shortcomings and imperfections are too numerous and apparent for apology. Not more than half-a-dozen of the titles are to be found in your catalogue, but these are retained in consequence of some peculiarity of the copies. These two thousand Nuggets the undersigned intends to take with him to America next month for sale. Too long many of them have been lying idle in his possession, for want of more head and more hands, but he trusts that he may hereafter be permitted to say, Long may they all be

Yours,

HENRY STEVENS, GMB.
