ROSEDALE VOTE BLOCKED THE VIADUCT

Four Subdivisions Gave Majority of 137 Hostile to Structure in Public Interest—Single Polling Place Recorded 72 Against the Viaduct.

It was aristocratic Rosedale that defeated the viaduct. While the vote of the city as a whole was almost evenly divided, Rosedale voted two to one against it. The intrusion, or the possible intrusion of the common people from Bloor-street and from Parliament-street was resented, and the vote was polled accordingly.

CAPTAIN DIED AT SEA

Commander of Allan Liner Peruvian Victim of Pneumonia.

ST. JOHN, Jan. 4.—The Allan liner Peruvian arrived at Partridge Island, this harbor, to-night, her flag at half mast in respect for her commander, Capt. John Henderson, who died on Sunday, while the ship was on the ocean, and was buried at sea.

DOUBLE MURDER

Two Indians on Walpole Reserve Are the Victims.

CHATHAM, Jan. 4.—A mysterious double murder is reported from Walpole Reserve, which lies along the mouth of the St. Clair River. The victims are two Indians, Charles Nahdee and Hiram Johns.

CURLING DAYS

The splendid game of curling originated in Scotland, but Canadians have adopted it as the national winter sport for young-old married men and bachelors of quality.

Big Increase in Customs Revenue.

OTTAWA, Jan. 4.—(Special).—During the month of December the receipts from customs duties were \$7,333,349.61, as against \$5,727,576.65 in December, 1910, an increase of \$1,605,772.96, or 28 per cent.

Bank Act to Stand Over

OTTAWA, Jan. 4.—(Special).—There is reason to believe that the revision of the Bank Act will once more be postponed and a short act put thru extending the bank charters for an additional year.

TERMINAL FOR HILL'S LINES

Great Northern Secures 900 Acres at Port Arthur, Where Canadian Shops of Great Northern Will Be Built—New Line From Winnipeg.

PORT ARTHUR, Jan. 4.—Acting for the Hill interest, a party of English capitalists have just closed a deal, whereby the Great Northern Railway secures 900 acres of land at Port Arthur. It is stated on reliable authority that the land is to be used partly for the terminals of the Hill lines when they are carried into Port Arthur and that the Canadian shops of the Hill lines will be built there, costing several million dollars.

STEEL MEN PLEAD FOR RENEWAL OF BOUNTIES

Probability That Whole Question Will Be Turned Over to Tariff Commission.

OTTAWA, Jan. 4.—(Special).—A deputation representing the iron and steel industry of Canada, waited on the government this afternoon and held a protracted conference. There were present J. H. Plummer, head of the Dominion Iron and Steel Company; Mr. Hobson, for the Hamilton industry, and Thos. J. and Geo. E. Hammond for the Algoma Company.

HUMEER STREET CAR LINE

When R. Home Smith made his proposals to the city about the Humber Boulevard one of the attractions he held out was the offer of a free right of way for a street car line from the Lake Shore-road to Lambton Mills.

HEARING CLAIMS OF FARMERS

NIAGARA FALLS, Ont., Jan. 4.—The Ontario Railway Board opened a session here this afternoon to hear the claims of farmers whose land will be traversed by the new front boulevard being built by the Victoria Park Commission, from here to Bridgewater. Col. Hill represented the farmers, and Geo. Lynch-Sturton of Hamilton, the commission.

DR. CONBOY GETS CHAIRMANSHIP

Choice of Board of Education Was Unanimous—Levee Persists in Hostility to Fairbairn.

Secretary Wilkinson ascended the dais and called the board of education for 1912 in order in the city council chamber last night.

DR. F. J. CONBOY.

Dr. Conboy expressed his appreciation of the unanimous nomination. He was, he said, confident of the support of the trustees in an endeavor to make the Toronto schools the best public school system maintained by any city in the world.

A letter was read from the Canadian Manufacturers' Association, asking that R. D. Fairbairn be appointed to represent the association on the advisory industrial committee in place of Mr. Anthes, who would be absent from the city to a large extent this year.

ORILLIA, Jan. 4.—(Special).—It was announced here to-night, as reliable authority that the Grand Trunk Pacific had bought the Kennedy block, right in the centre of the town, as a site for its Ontario Central terminus offices.

TEMPERANCE FORCES IN QUITE A FLUTTER

Program for Future Causing Heap of Conjecture—Hope for Repeal of Three-fifths Clause.

Quite a flutter has been caused in temperance circles by The World's reports of the views of the representative alliance men, who think next January will see the last general engagement in Ontario on the local option line.

HON. J. J. FOLY WILL NOW FAVOR BULK SALES ACT

His Change of Heart Gratifying to Credit Men—On Watch For Sharppers.

"Attorney-General Foly will no longer oppose the Bulk Sales Act, as it is now proposed," was the gratifying information given the members of the Canadian Credit Men's Association by W. D. McPherson, M.L.A., at the socialist's luncheon in McConney's last night.

TRADE SHOULD REGISTER

"Surely, no business man who is engaged in this requirement," declared Treasurer A. G. Malcolm, Toronto. "As soon as a man puts himself in business he is willing to let the public become aware of the fact. He distributes circulars and advertises. I don't know why all traders should not be compelled to register."

W. D. McPHERSON, M.L.A., AT THE SOCIALIST'S LUNCHEON IN McCONNEY'S LAST NIGHT.

"One year ago," continued Mr. McPherson, "Hon. Mr. Foly looked upon the Bulk Sales Act, which aims to protect wholesalers and retailers from fraudulent creditors, as a piece of class legislation. Since that time, however, he has looked thoroughly into the act as it is now enacted in Manitoba, and will no longer make any attempt to obstruct its passage in Ontario. An effort will be made to put this bill thru at the present session of the legislature."

THE VIADUCT.

Of course the viaduct will be built. The World said so yesterday and The Telegram said so last night.

P. E. I. CABINET.

CHARLOTTETOWN, P. E. I., Jan. 4.—The provincial cabinet is as follows: Hon. J. A. Matheson, premier and attorney-general; Hon. James A. McNeil, commissioner of public works; Hon. Murdoch MacInninn, provincial secretary-treasurer and commissioner of agriculture.

PETERBORO, Jan. 4.—(Special).—

For the alleged sale of liquor, A. T. Lawless of Lakefield, a local option village, was fined \$100 and costs today. He secured the liquor for the Hunt Club, and the prosecution got his receipt as evidence.

ALBERTA NEXT TO FALL

Alberta is the next provincial Liberal government apparently doomed to defeat, according to a letter received at the Methodist offices here from Walter J. Phelps, who has been active in the local option campaigns in Alberta.

THE NEW YORK HERALD SAYS:

4 MEN ALMOST SUGGUMBED TO GAS

In Turn They Were Overcome in a Trench in the Lansdowne Car Barns, But Later Revived at Grace Hospital, Where All Will Likely Recover.

Four men were overcome by gas leaking into a trench made to repair a break in the compressed air supply apparatus of the street railway company at Lansdowne-avenue and Bloor-street yesterday afternoon. When it was found that the apparatus was out of order it was seen that a valve at the storage tank must be shut off. To do this a trench had to be dug. When this was done a small amount of gas was noticed and the foreman on the job told the men not to take any light into the trench for fear of exploding the gas.

Henry McCarthy was the first man to go down. As he was about to enter the trench several of those about cautioned him to make sure that it was safe before he set to work. He replied laughingly that he would have to go into a hole in the ground some day anyway. He kept on talking as he worked for several minutes and then succumbed to the fumes. Another man, J. Ward, went down to release him, but he, too, was overcome, and then two more men were sent down, scourged by ropes. These, too, fell under the fumes and had to be hauled back to the fresh air. The other two were then released after considerable angling with noosed ropes manipulated by poles. They were hurried to Grace Hospital, where Dr. Bruce Riddan, Gordon Rice and R. A. Thomas worked over them for two hours. Ward recovered, and McCarthy, who was in a critical condition for some time, was eventually revived.

McCarthy lives at 150 Bolton-avenue and Ward at 53 Grandview-avenue.

MONTREAL, Jan. 4.--Rumors that another model city is to be erected on 400 acres of land at Longueuil, have been set afloat by the sale of such a parcel of land to the Montreal South Land and Improvements Company by a syndicate represented by J. A. Morin. The price obtained was \$1,500,000, the greatest amount ever paid in Longueuil for real estate. The purchasing company was represented by Messrs. Duncan McDonald and Patrick Dubois. Real estate men this morning spoke of \$1,500,000 as a most unusual figure and they seemed to think it excessive. The impression seems to be that such a large purchase must have been made because the interested parties may know that a tunnel under the St. Lawrence of some such project has been definitely determined upon.

INJURED CYCLIST LOSES CASE. Judge Morgan yesterday afternoon dismissed the action, with costs, against William Maher, a hivesman, brought by George Bailey, a building contractor, for \$500 damages for injuries sustained when the plaintiff was run down by a motor car driven by the defendant. The judge ruled that as the plaintiff was riding his bicycle on the left side of the street when he was struck by Maher's auto, and breaking the traffic rules, he could not claim damages. The accident occurred Sept. 7, 1910, at the intersection of Dundas-street and Rosedale-avenue.

DEFLIN, Jan. 4.--(Special)--The formal opening this morning of Berlin's new \$100,000 public school was a forward movement in educational work here. The new school is a nine-roomed one and provides accommodation for third and fourth classes. There were 40 in attendance this morning. The new school fills a long felt want in public school life, and provides for the '95 per cent.' something not heretofore enjoyed, that is, a graduate of this school will be armed with a diploma with which he can enter the third form at high school.

A problem has arisen in connection with the Humber-boulevard scheme, thru the announcement credited to R. Home Smith, that an English syndicate is seeking a charter from the Ontario Government, giving the right to build a double-tracked radial line from Lambton down the west side of the Humber to the lake shore, where it was expected that running rights over the Mimico line tracks would be secured, which would give the line a terminus at Sunnyside. He said that if permission was obtained construction work would start in the coming spring. But will the promoters get the privilege sought? Apparently not, for at the city hall, where the boulevard scheme is generally favored, this outgrowth of it is not at all popular.

MAY EXONERATE MOTORMAN Evidence at To-night's Inquest Promises Developments of Interest. The inquest into the disastrous street car wreck of Christmas Eve will be resumed at the morgue to-night and it is expected that considerable new evidence will be put in. There are in all about thirty witnesses for the crown and T. C. Robinson, K.C., who is appearing for motorman William Moore, says he has witnesses who will state that the car came to a full stop at the Don bridge and that the motorman applied the rail brakes as the car descended the grade west of the bridge. Stewart Milne, 68, Winifred-avenue, will swear to having boarded the car at the bridge and Arthur Stanley and Samuel Brown, 27 Coxwell-avenue, will testify to having seen the motorman apply the brakes while passing the car barns.

Some Medicines Are Lax. Dr. Hastings is vexed with some local physicians, who, he states in his monthly bulletin, are not reporting contagious diseases as they should. Steps may be taken to prosecute these offending doctors.

Rev. T. E. Shore, general secretary, announced that he had received a cable stating that 18 Canadian Methodist missionaries had arrived at Shanghai from the interior.

Mr. Home Smith, in speaking of the project, said that the line was being built in order to facilitate the opening up of the land in the Lambton section. The new line, he said, would benefit the west end of Toronto Junction and the Lake Shore-road. He thought that such a line could be built down Jane-street to act as a feeder to the Lake Shore line.

PREFERRED BRIDE TO MONEY Son of Millionaire Mine Owner as an Ordinary Mine Worker. DENVER, Col., Jan. 4.--Lawrence Brown, the only son of J. J. Brown, millionaire mine owner of Denver, is coming to Toronto to marry a girl from Victor, Col., in order that his young wife and five weeks old son may have the necessities of life. More than a year ago Brown met Miss Aileen Horton, a Kansas City debutante. The two were married and young Brown brought his bride to his father's home. The father did not take kindly to the marriage because of the youth of the two, and told his son he would have to shift for himself. Young Brown said he and his family were happy and that he would not ask his father for support so long as he was able to work.

THE BRIDGE AND THE BALLOTS.

At least everybody is now satisfied that the Bloor-street viaduct is a necessity, and that it is to be built, and that the sooner it is built the cheaper it will be. If the vote were to be taken over again to-day it would carry with a big majority. In fact, a great many people will not be satisfied to think that it has not been carried already until there has been a recount.

CHARLES DICKENS' FAMILY.

Mr. E. S. Williamson, president of the Toronto branch of the Dickens Fellowship, the largest in the world, called The World up yesterday to protest like Mark Twain, that the death of Mr. Henry Fielding Dickens, K.C., had been greatly exaggerated. Mr. Dickens is still alive in London, and is life president of the Dickens Fellowship. He and Mrs. Kate Perugini, we trust, may long survive.

AMBER AND AMBERGRIS.

The Globe naturalist has made a dickens of an error in confusing amber with ambergris. Amber, which is used in making pipe mouth-pieces, is a very different sort of thing from ambergris, and while valuable, of nothing like the almost fabulous value of the much rarer substance. It is from the Greek name of amber, elektron, that we derive the name of our greatest modern force, electricity, because amber, on being rubbed, exhibited the energy now known as electric.

WOMEN TAX RESISTERS.

Woman-lovely woman—has devised a new method of harassing the British Liberal Cabinet, which at least on the question of her right to the suffrage is a house divided against itself, and therefore, on the best authority, in a perilous condition. Many members belonging to the two militant societies and many more belonging to organizations that eschew violent methods, have bonded themselves together in a "Women's Tax Resistance League," imitating thereby the device employed by the Nonconformist opponents of Mr. Balfour's famous, or infamous, as it may please—Education Bill. In this new move the ladies are more logical than they have been in some of their schemes to draw public attention to their grievance and to achieve its redress.

MR. BECK'S HYDRO EXTENSION.

A generation from now, when Ontario begins to take historical account of itself and of the men who are now working out its destiny and their own, the backward glance will catch the figure of Adam Beck as one of the sky-shouldering giants of the country. A great deal has been made by men who count politics as everything, of the fact that Adam Beck belongs to a certain party. Some have held that his position as a cabinet minister is his great distinction. Others have imagined that he might and ought to be more distinguished by his party than he has been, and some have even been so lacking in understanding as to imagine that some monetary consideration might be an acknowledgement of his services to the people.

industries and organized great corporations and trusts have thought chiefly for themselves, and of the people only as a means to their own end. Adam Beck has thought of the people first, and of himself as the means to their ends. He has had imaginative perception, creative ability, and executive capacity with supreme common sense. He has devoted all these to the development of a plan which has not only added to the economic efficiency of the province and the well-being of the people, but has bound the ends of the province together, and linked the people in a brotherly union of common interests.

The further development of the great hydro-electric system of Ontario which Hon. Adam Beck outlined at Peterboro last week, is one of the romances of modern business. In face of the difficulties, the fierce opposition, the reluctance of authorities, the doubts of alleged experts and the misrepresentations of corporation hirelings, it is a matter for amazement that the scheme ever got started at all. But the notable success of its inauguration, the economical conduct of its management, and the direct effect it has had in the modification of corporation exorbitance wherever it has come into such competition, have established the scheme in the minds of the people everywhere.

The sweeping victories of last Monday for the bylaws indicate what mind the province has on the hydro-electric proposals. And not the least of the elements in the people's assurance, is the confidence they repose in Hon. Adam Beck.

speech that "they disregard the authority of our Irish Parliament and would refuse to pay its taxes." However, whether mankind is inclined to resent or not this further assertion of the claim to complete equality and adoption of the role of tax resister, this new movement is certain to be generally supported. Among the arguments offered in its favor is that women who are property owners and payers of taxes and therefore count as a force in the community, owe a special duty at the present time to women who do not count. Tax resistance, it is contended, provides in the locality where it is employed, a valuable object lesson in support of the cause which women have at heart. The claim is also made that tax resistance forms a common bond of action for suffragists of all shades of opinion; and it may be added will probably be much more generally effective and certainly far more dignified than struggles with obstinate and wanton destruction of property.

METROPOLITAN BANK HAS GOOD YEAR.

A year ago the Metropolitan Bank received much congratulatory notice on its excellent showing for 1910. The 1911 report, which is published elsewhere in our columns to-day, shows a new high level in the matter of earnings. The bank earned \$153,860.30, or more than 15 per cent. on its capital. Gratifying growth is apparent in all departments of the bank's business, the most remarkable being an increase in cash, in readily available form. The total assets now exceed twelve million dollars, and of this sum \$4,822,446.74, including nearly two million dollars in cash, is in readily available form. The consistency of the Metropolitan Bank's progress is indicative of its progressive, the prudent, management and augurs well for the future success of the institution.

A D. R. O. HITS BACK.

Editor World: I notice in your issue of yesterday morning that you refer to a complaint by an alderman candidate in Ward 6, to the effect that after the closing of the poll in a certain subdivision, the names were called off the ballots by the returning officer, and that therefore the proceedings were not as "fair and above-board" as they should have been. I think I know the subdivision and the candidate in question, whose total vote, by the way, was a little less than one-tenth that of the successful candidate at the top of the list in that ward. The procedure followed at this subdivision is exactly the same as that followed at all the other subdivisions, so far as I can learn, in the city. The ballots are taken from the box by the returning officer, who is the proper one to do this, and are called off by him and tallied by the poll clerk. Soliciters, agents and candidates present may oversee any part of this work they choose; they may check the tally or examine the ballots, which are laid face upwards on the table for this purpose. In the case in question, the candidate, also

Toronto is rapidly acquiring a reputation for being somewhat of an artistic city, and The Sunday World photographer has secured a number of views showing some of the very ornate fronts of our various public, commercial, financial and other buildings. They are reproduced on the front page of this week's Art Section to advertise our city abroad, and will convey the message to many hundreds who receive copies of The Sunday World in the old land that Toronto is rapidly assuming an art cosmopolitanism in keeping with its growth.

Also depicted in the Art Section is a series of early winter views taken in many parts of the city, which will convince the onlooker that Toronto is no mean city in respect to beautiful scenery, inviting nooks and pleasant driveways. There are also a number of other winter scenes of various parts of Canada, including the Rouge River in Quebec, near Huberdean, Sixteen Island Lake, and Shawbridge. Also is presented a series of group views showing the flower of Canada's artisan class, including those employed at The Gendron Mfg. Company, The Ideal Bedding Company, The Otto Higel Company, The Toronto Carpet Company, American Abell Engine Company, and the G.T.R. Freight Department. The groups include some hundreds of portraits.

One other-page of views is that of the famous Lake District of England, and some famous European points of interest that are new to most newspaper readers. Church circles will view with pleasure the Cradle Roll group of Christ Church, Cecil Street, also a group view of the athletes of Clinton Street Methodist Church and the Infants' Home Christmas tree.

The great Panama Canal, which is nearing completion, is treated in this week's Magazine Section in a four-color reproduction of the memorial monument which is being erected in California, which will be one of the sights of the forthcoming exposition.

Military men will be interested in the views and description of the Norway soldiers who are mounted on skis. They are classed as the most mobile army on earth.

The other regular features include Lina Cavalieri's Beauty Page, Lady Duff Gordon's Fashion Hints. Kit's Column is of absorbing interest this week as she treats a multitude of events that are uppermost during the holiday season. Nell Brinkley, the fine line artist, has a pretty picture, "All Girls Look Alike to Cupid." Margaret Bell deals with a year in an illustrated article. George Ade's Fable this week deals with The Affluent Bachelor.

The kids have already voted The World's Comic Section the best on earth. This week it is even brighter and better than usual, printed in four colors. All the kids and some grown-ups will want to see "Flip in the Wonderful Dream," "Cousin Willie," "The Katzenjammer Kids," "Jimmy," and all the other favorites are there. Order a copy now from your newsdealer or newsboy. For sale everywhere at five cents the copy.

at liberty to oversee any part of the work he wished, elected to check the tally instead of checking the calling off; this was entirely at his option, and we were very sorry he did. Both my poll clerk and myself are trained accountants accustomed to handle figures quickly and accurately, but we found the candidate in question unable to perform this simple duty correctly. He was continually making wrong figures, and putting the rest of us wrong; he would credit votes to the wrong candidates or omit them altogether, and was considerably more of a hindrance than a help. I greedily fear that this gentleman's offer of assistance to which you refer, to "make mistakes impossible," will not be of great value.

I hold no brief for the other D. R. O.'s, but so far as I know them, and in an experience of some fourteen years in this work, I take pride in having our returns as accurate as it is possible to get them. City Clerk Littlejohn is keen to adopt any improvement that will lead to the betterment of the service, but to some extent his hands are tied by statutory enactments, and some changes, which might be desirable, cannot be made in the present state of the law.

FROST KING BACKWARD. But Toronto Bay Records Show Has Been So Before. Little Jack Frost, the patron of the ice dealers and iceboat men, who are vitally interested in Canada's winter season, has deserted his devotees altogether. Ice dealers who are particularly interested are sending up constant prayers for a heavy frost, and the iceboat men are very anxious to see their winged craft gliding over the surface of Toronto Bay once more. From a glance at the following table, it will be seen that although the season seems to be particularly backward, it is good frosty weather, other than the different dates on which the dates when the bay was closed.

BETRAYED BY A LETTER

John Stevens of Watertown Charged With Abducting Young Girl.

OTTAWA, Jan. 4.—A pretty young girl, hardly 18 years of age, who looked at the officers with wide open eyes, walked out of the local police station today, accompanied by Under Sheriff Charles C. Hosmer of Watertown, N. Y., bound for her home in that city.

Stevens was arrested by the local police on suspicion of having stolen a pair of boots. When he was searched a letter was found on him which gave a hint that he feared going back to Watertown. The local police communicated with the Watertown police and the return of the fugitives resulted.

COURT WILL ONLY FLEE IN CASE OF EMERGENCY

Report That Residence is Being Prepared for Emperor at Zekha.

PEKIN, Jan. 4.—The court's preparation for residence in Mongolia is believed to be only against an emergency.

There has been a report current that a residence for the emperor and the members of the royal family is being put in order at Zekha, Mongolia.

Additional treasure to that contributed to the government by the empress dowager, has been forthcoming from the palace, and the empress dowager has issued an edict to the princes commanding a loan from each of them for the imperial cause.

The foreign banks are experiencing difficulties in converting the bars of gold into silver. Foreign bank notes are no longer current, silver alone being acceptable.

Accused of Double Dealing. Premier Yuan Shi Kai is being accused of double dealing. It is alleged that he is attempting the destruction of the Manchus handily before concluding in their detriment, but it is thought that the revolutionaries, whose agents employ every trick, are circulating reports to the effect that the republican, in order to discredit him.

Dynamite discovered along the railway line has been brought to Pekin by a woman. This is the first evidence that the long-standing revolutionary threats are serious. The revolutionaries a few months ago declared that they would employ dynamite to accomplish their purpose of the Manchus out of the government.

Reports regarding disaffection among the Hankow troops are conflicting. It is believed that the rebels have a number not more than 800. Yuan Shi Kai is making preparations in anticipation of the arrival of the republican army by sea, and for the purpose is despatching troops to the north.

Rebels Capture Lanhow? LONDON, Jan. 4.—A Tientsin despatch to the Exchange Telegraph Co. says that the rebels have captured Lanhow. They looted and burned the residences of the wealthy citizens, seizing the railway at Shanhaiwan, where they are holding up all the trains.

Premiership Abolished. NANKING, Jan. 4.—President Sun Yat Sen has received a letter from Yuan Shi Kai, insisting that the entire power be handed over to the republican form of government for China, and thanking Sun Yat Sen for his offer of the presidency. The first cabinet meeting will be held to-morrow, and the resignation of premier has been abolished.

President Sun admits that the situation is delicate, but is hopeful that Yuan Shi Kai will avoid the terrible bloodshed which must follow the resumption of hostilities.

Sent Note to Consuls. SHANGHAI, Jan. 4.—Referring to representations made to the consular note from the foreign powers, comprising Great Britain, United States, Japan, Germany, France and Russia, which was presented by the consuls on December 20, Wu Ting Fang to-day addressed a note to the consuls, in which he explains the present situation.

The "republic" confiding in Tang Shao Yi's credentials, continued friendly negotiations until they were broken off by the action of the Manchu Government. Tang Shao Yi in refraining from making counter-proposal said that he was in the position of a man who had been deceived, which justified the establishment of a republic in the interests of a peaceful settlement.

Wu Ting Fang expresses surprise and regret at Yuan Shi Kai's delay in referring the form of government to a national convention. Reviewing recent events, he accuses Yuan Shi Kai of trying to render tentative agreements already signed by Tang Shao Yi, thus jeopardizing all chances of arriving at the substantial peace desired by the powers.

Manchus to Blame. "Therefore," continues Secretary Wu, "it is with extreme regret that the republican government has decided to say that the prospects for peace have been willfully nullified by the Manchu Government, upon whose shoulders will fall full responsibility for a longer period of disturbing incision, possibly the resumption of hostilities."

Secretary Wu asks that his representations be submitted to the respective governments. The identical note from the foreign powers was read to both Tang Shao Yi, the representative of Premier Yuan Shi Kai, and to Wu Ting Fang, representative of the republicans. The note did not go much further than to express the good will of the governments presented and the hope that the peace conference would result in bringing the revolution to a close.

RIVERDALE RATEPAYERS ANXIOUS FOR RECOUNT

Keenly Disappointed at Official Returns of Bloor Street Viaduct—Prison Reform Methods.

Some interesting facts about the humanitarian work now being done by the Ontario Government in the matter of prison reform, followed by a free and easy discussion, as to what procedure should be taken with regard to the Bloor-st. viaduct voting embroglio.

Dr. Gilmore, who was in the hall in Broadview Hall, last night, under the auspices of the Riverdale Business Men's Association. The attendance was large, and many ladies were present.

Being asked to tell the latest developments in the case, Ald. Chisholm stated that there was no particular course to pursue just at present.

"The decision of the city clerk," said he, "is that the council cannot order a recount on a money bylaw. This must be done by an affidavit of a ratepayer."

A resolution was moved and seconded by Messrs. Barker and McPenney, and carried unanimously to leave the whole question of the Bloor-st. viaduct in the hands of the executive to do what is deemed necessary and to expend whatever money is necessary to acquire into the affair and see what steps can be taken to ensure a recount.

In the absence of Hon. W. J. Hanna, who was to have given an address, Dr. Gilmore, warden of the central prison, entertained the audience with an interesting account of the objects aimed at by prison reform.

Two Kinds of Criminals. "There are two kinds of criminals," said he, "the habitual and the accidental. There are two causes which produce criminals, one is heredity, the other defective environments. The younger a boy is characterized by crime, the harder it is to stop him. There are two classes of people who should have nothing to do with the criminals: the skeptic who believes there is no good in him, and the sentimentalist who believes there is no bad in him."

Dr. Gilmore said that the very essence of prison reform is to take care of the boy in the street, the yellow-backed literature which is so prevalent in this city as having a pernicious influence on boys and girls.

GAVE POOR SERVICE

Reason Why Eight Correspondents of Labor Gazette Were Discharged.

OTTAWA, Jan. 4.—(Special.)—The latest story as regards the dismissal of officials by the Borden government is that all the correspondents of the Labor Gazette have been discharged.

The facts are that eight correspondents only have been replaced, and that in every case the reason was that poor service had been given. No man has been discharged for political reasons.

WILL HAUL TO DULUTH

C. N. R. Grain Accommodation at Port Arthur Taxed.

REGINA, Jan. 4.—The Canadian Northern Railway has agreed to grant a thru rate on Western Canada wheat to Duluth. General Freight Agent Stevens has agreed to grant the same rate on wheat to Duluth as now pertains to Port Arthur. This will be eighteen cents for Regina.

The Canadian Northern Railway has only 4,000,000 capacity left at Port Arthur, which will be filled in the course of the next week or two. When this is filled, it will be hauled to Duluth, where there is unlimited capacity. The wheat will be shipped in parcels to be loaded at Port Arthur and will be considerable.

MONEY AGAIN DISAPPEARED

Regina Express Robbers Once More Foll the Police.

REGINA, Jan. 4.—One of the packages of money stolen from the Canadian Northern Express Co. has again disappeared. The police thought they had the hands on it, but they have been "bumped" again. That "moonshine" Wright is the man who has again beaten the police at their own game is considered likely.

The package was sent to Quebec by Miss Bertha Bedford, now Mrs. Anson P. Belker, at the request of Brunell. It has been taken out of the postoffice and the police have not yet located the man who signed for it. There is a possibility that the money was taken by Brunell's brother, but it is considered more likely that Wright got it and escaped.

OBITUARY

Miss Esther Parry. Miss Esther M. Parry died in the General Hospital yesterday from pneumonia. She was in her 81st year, and survived by two sisters residing in Toronto, with whom she came to this country some time ago. The funeral will take place to-morrow afternoon from 386 College-st., with interment at Mount Pleasant Cemetery.

THAT SERPENTINE VIADUCT SCHEME

J. P. Hynds, secretary of the Civic Club, stated yesterday that that body would like to have the city council consider the alternative Bloor-st. viaduct scheme which that body asserts as in the past, has more advantages and more economical than the scheme submitted to the ratepayers on Jan. 1. He said he believed that if the public realized the merits of their project, which provides for an outlet at Parliament-st. they would prefer it to the serpentine viaduct connecting Danforth-ave. with Bloor-st.

ASK TO BE INTRODUCED TO POLLY PRIM

GUN WAS NOT LOADED

And When Father Returned the Children Had Fled.

OTTAWA, Jan. 4.—Oliver Charette, a farmer of East Templeton, was arrested to-day and taken to Hull, charged with threatening to shoot his two children, 15 and 16 years old, respectively.

The accused, according to the evidence of neighbors, has been on a prolonged drunk. Returning home intoxicated, he picked up a gun and attempted to shoot the children, but the weapon was not loaded. Charette then ran upstairs and loaded the gun, but when he came down the children had fled to a neighbor's house some distance away.

He pleaded not guilty to the charge before Magistrate Goyette, and was remanded until Jan. 12, at the request of Sheriff Wright.

NEW ENGINE FOR C. N. O.

The Canada Foundry Co. have just delivered one of the new consolidated 2-8-0 locomotives to the C.N.O. Railway, and it will be given a thorough trial in the course of the next few days. The locomotive is one of a large number that are on order at the present time, and is especially constructed for heavy freight traffic. The rest of those on order will be delivered as soon as completed.

Woman's Auxiliary Service. The annual corporate communion of the Women's Auxiliary of Toronto was celebrated at the Church of the Epiphany yesterday morning. The Bishop of Toronto was the celebrant, assisted by Bishop Reeve and Peacons Warren and Ingles, and other clergy. About 200 ladies were present.

Encouraging reports of the work of the auxiliary were presented at the business meeting, held subsequent to the church service.

GUARDING M'ANIGAL

Federal Authorities Afraid of Act of Vengeance Against Him.

INDIANAPOLIS, Jan. 4.—Ortie E. McManigal, confessedly a member of the dynamiting staff of John J. McNamee, was not brought into this city to-night, as was expected, but will reach here in time to testify before the federal grand jury on Monday. Agents of the department of justice to-day with greatest secrecy the whereabouts of McManigal, and prepared to prevent the time of his arrival from becoming known.

It is believed that he may have been taken from a train by the detectives in charge and lodged in an intermediate cell. Federal authorities said they feared some act of vengeance against him unless his movements were carefully hidden.

FAREWELL TO REV. R. B. GROBB. A large gathering took place at the school house of the Church of the Epiphany to bid farewell to the curate, Rev. R. B. Grobb, M.A., who has done such excellent work as assistant to the rector, Rev. Canon Bryan for the past two years. Mr. Grobb was presented with a very substantial purse together with a beautifully illuminated and framed address, to which he made a very feeling reply.

York County and Suburbs

WHO'LL BE WARDEN IN NEXT COUNTY COUNCIL?

Big Fight For Clerk as Well—No Mount Pleasant Road Yet—Suburban Briefs.

Out in the county and among the members of the county council, they are anticipating a lively struggle at the opening meeting for the vacant office of clerk. In order that no possible doubt may remain in the minds of the members as to the legality of the whole proceeding, ex-Deputy William Keith of Newmarket, and ex-Deputy Phillips of King, declined to again run for re-election, staking their chance on the vote of council.

While there have been a few minor changes in the personnel of the members, there is said to be little alteration in this respect, but the fact that Newmarket, by reason of its rapid growth, will send down another councillor, looks bad for the aspirant from King Township.

It will be remembered that at the November session the voting on the county clerkship resulted in Messrs. Keith and Phillips being elected, a deadlock which, if it had continued, would have meant that neither of the gentlemen was eligible, being at the time of their application members of the council. This difficulty will now be removed, and while there are all kinds of surmises, nobody knows just how it will turn out. The Conservatives are in the ascendancy, but whether this will be a political appointment or local and personal considerations prove to be a deciding factor, remains to be seen.

Now as to the wardenship, there is even more doubt than attaches to the clerkship. For the warden's position at least four men will aspire to the job. Reeve Archie McMurphy from King is evening strong, and will rally round him a good deal of the northern vote. Reeve John Gardhouse of Etobicoke has had a long eye on the honor for a good while, but against Mr. Gardhouse it is said that Weston, which is practically a part of Etobicoke, had the honor last year, and that lightning does not very often strike twice in the same spot in succession.

Another member of the august body who thinks the mantle of ex-Warden "Bob" Bull would fall gracefully on his shoulders, is Reeve "Bob" Conson of Stouffville. They do say out in the rural districts that the villages have had their share of wardens, and that the time has come when the larger municipalities must be considered.

Another candidate, and the last member of the quartet, is Reeve W. D. Annis of Scarborough Township, who has done a rough course politically and municipally during the last two or three months. At the provincial election Mr. Annis ran against Alex. McEwan in East York, but failed to dislodge the Conservative standard-bearer. At the municipal elections of a week ago he was pitted against ex-Warden Alex. Bauld and W. H. Paterson, defeating them each and landing a winner by about 75 of a majority. Mr. Annis will surely make a bid for the wardenship, and that at least would gladly retire from the responsibilities of municipal life. There may be other prospective candidates, but rumor has not as yet associated their names with the wardenship.

NORTH TORONTO.

Plumbing Bylaw Not Satisfactory to Local Men.

NORTH TORONTO, Jan. 4.—(Special.)—There is a good deal of complaint among the local plumbers in town who carry on business here. North Toronto plumbers attempting to carry on business in the city would be debarred unless a plan of business was approved. Local men claim that they are under a handicap in this respect, having to come in competition with big city firms, but council last year gave this matter a great deal of thought and the present bylaw is the outcome. It is thought that the exclusion of the city firms will do much to level the material advance in the price of building throughout the town. The matter has given rise to a lot of discussion, but it is not likely that any material change will be made now that the situation is well known and established.

Fire at 57 Albert-st. avenue to-night caused \$25 damage to the house, an uncompleted one, and was the result of an overheated stove put in by the workmen. Only one section of the brigade was called and was quickly on the spot.

Frank Warren, who received a nasty slash in his left hand by the explosion of a dynamite cartridge, is making good progress and unless blood poisoning supervenes, will soon be around again. The thumb and two of the fingers were badly injured, but it is not thought that any permanent injury will follow.

WEST TORONTO.

WEST TORONTO, Jan. 4.—(Special.)—An exceptionally large attendance was present to-night at the annual installation of officers by the Worcester League No. 47, Sons of England Benevolent Society in St. James' Hall. District Deputy Bro. Pouch presided and duly installed the following officers for the ensuing year: President, Bro. McEwan; vice-president, Bro. Underdown; chaplain, Bro. Vincent; financial secretary, Bro. Blackburn; recording secretary, Bro. Blackburn; treasurer, Bro. Nicholls; committees of general purposes, Bros. Bartlett, W. and A. Gouge, Bowden and Bain; inside guardian, E. Topham; outside guardian, W. Bunnell. After the special business of the evening the members adjourned to the supper-room, where a most enjoyable banquet was enjoyed and addresses given by several prominent visiting brethren.

At 10.30 this morning a westbound Dundas-st. car and the following officers with an automobile at the corner of Royce-avenue and Dundas-st. The license number of the motor car was 1932, owned and driven by P. O'Leary of 66 Church-st. Fortunately no one was injured, but the top of the automobile was badly damaged and the fenders smashed.

Mr. Austin will install the newly-elected officers of the Royal Templars to-morrow evening in St. James' Hall.

YORK MILLS. Public School Reopens—Mercer Farm Being Cut Up.

YORK MILLS, Jan. 4.—(Special.)—The York Mills public school, under the able principalship of Mrs. Husband, opened on Wednesday with a large attendance.

A day or two ago, two young ladies while skating on the Don here, ventured on thin ice near the iron bridge, and took an involuntary plunge thru into the water. They were quickly assisted out and kind neighbors supplied them with a change of garments.

The Mercer farm, on the York Mills side-line, is being sub-divided into building lots, a large number of which are said to have been already sold.

Whelpling on Yonge-st. is greatly improved, and large quantities of farm produce held back during the impassable roads, is daily passing thru to the city.

YORK COUNTY ESTATES. The late Thos. Vincent, farmer of the Township of Whitchurch, who died on Dec. 24, left an estate valued at \$1400 consisting of cash in the bank. He died without a will, and the money is to be divided among one son, two daughters, one grandson and two granddaughters.

EAST TORONTO. Will Make Old One Do a White Longer. EAST TORONTO, Jan. 4.—(Special.)—The old Grand Trunk bridge, which has so long done service over the tracks on Main-st., is to be replaced by a rather better structure, more substantial but just about as handsome as the present old makeshift. Main-st. will be closed in a few days for a short time while the flooring is put down, and the only alternative route is by way of the Scarborough town-line or the Woodbine, both equally remote.

Thieving is rife in the Port Credit district, the gang formerly operating in the Humber Bay and along the Lake Shore country, having evidently transferred their operations to the local stores. In spite of the watchful care of the local police, there is a good deal of loss and annoyance occasioned by these sneak thieves. The district is too large for the number of officers available, and the county council might well take this matter up at the January meeting.

SWANSEA. Local People Want to Form an Association. SWANSEA, Jan. 4.—(Special.)—A public meeting of the ratepayers has been called for to-morrow (Friday) evening, in the Swansea Public School, at 8 o'clock sharp, for the organization of a ratepayers' association, and every body who has an interest in Swansea and its progress is invited to be present. A ratepayers' association full of vigor and go will do more for Swansea than anything that could take place. Every body is cordially invited to attend.

City Relief in December. The city relief officer reports that in December last 165 people applied for admission into city hospital wards and that 106 of these applications were granted. Thirteen applications out of 36 for admission into the house of industry during the past month were accepted. Sixty families were given provisions, seven transportations were granted and eight burial orders issued.

But Mrs. Lawrence Complains That She is in Actual Poverty. NEW YORK, Jan. 4.—Mrs. Julia Currier Lawrence complained to the supreme court to-day that although she was heir to more than \$20,000,000 from the estate of her aunt, the late Mary G. Pinckney, she was in actual poverty at the present time. Mrs. Lawrence asked the court to have the estate partitioned so that she may be able to support herself. Her desire to have this done was particularly prompted by the fact that there is more than \$2,000,000 due her immediately, she said, as the result of recent sale of a portion of the Pinckney estate, the value of which is estimated at between \$30,000,000 and \$40,000,000.

New York Market Shows Much Irregularity--Copper Metal Up

Wall Street in Uncertain Mood And Market Shows Heavy Tone

Irregular Movements in New York Securities—Some Bright Spots in Evidence—Union Pacific Conspicuously Weak

NEW YORK, Jan. 4.—A series of irregular movements made to-day's stock market a confusing one. Underneath it all there was perceptible a heavy, dragging tendency, as the market was being called upon to absorb all the stocks which could be thrown upon it without upsetting prices precipitately. The standard issues gravitated slowly toward a lower level during the greater part of the day, but before the close prices picked up and net changes in most cases were small.

While the leading stocks were showing a heaviness, a number of the specialties were moving up. Their advances apparently were the result of manipulation, as in some quarters there is an attempt to give the market an appearance of strength and facilitate the distribution of the more prominent issues. A similar condition has obtained frequently in recent weeks.

Steady Distribution Under Way.
In spite of the evidences of a brighter outlook for business, there has been no substantial advance on the part of common stock, as a whole for some time. The manner in which stocks have been supplied on temporary advances indicates that a steady distribution has been under way on the part of some large holders.

Union Pacific, which has been most steadily under pressure, once more was the conspicuously weak stock of the day. Attention was attracted to this stock by the heavy falling off in the November earnings of Illinois Central, another member of the Hartman group. Illinois Central, an inactive issue, did little, and the decline in Union Pacific, which at one time reached 2 points, apparently was independent of this influence.

Lehigh at New Record Price.
Lehigh Valley continued its ascent, touching 184 1/2, the highest figure at which it has sold since being listed on the New York Exchange. Washburn preferred and Rock Island preferred were unusually strong, as were a number of specialties.

The copper stocks were stimulated by a higher quotation for the metal. Sales were reported at 14 3/4 for European delivery, the equivalent of 11 1/4 here. The money market was considerably easier.

TORONTO STOCK MARKET

Sentiment Assumes More Favorable Status—Improvement Shown.

World Offices, Thursday Evening, Jan. 4.—The Toronto market was in a more cheerful mood during to-day's session than at any previous time this week, and under the leadership of Rio and Sao Paulo, which scored a sharp advance, prices hardened and activity practically throughout the whole list.

Trading was of an active nature throughout, the volume of transactions running into an amount far above the general average. Interest was to a great extent concentrated in the South American tractions, both Rio and Sao Paulo coming in for considerable speculation and undergoing some readjustment in prices.

Traction Issues Active.
Sao Paulo was the only security to show any weakness, and even in this case the activity which developed was too meagre in quality to prove anything more than that the recent advance in the shares had run its course. The impression was that the market was in a state of transition, and that the closing bids at the latter figure.

Rio sold up to 115 under active trading, thus regaining practically all that it lost earlier in the week. In half an hour the reaction followed the bulge, but at the close traders were bidding 114, and no stock was on offer under 115. The rights sold at 1/2.

The general list, while active, did not undergo much change. The strong features were General Electric, which sold up a couple of points to 275, and Porto Rico, which was up to 77, but failed to hold all of its improvement. Steel Corporation and the Mackays were also firm.

Bank was the feature of the bank shares, this issue scoring an additional point advance at 226, and closing bid half a point above that figure.

The market throughout showed a tendency toward improvement, and closed firm, only slightly below the top levels established. Sentiment was in general active and distinctly more favorable character than earlier in the week.

Gold Exports Probable.
NEW YORK, Jan. 4.—It is reported in banking circles that because New York is now the easiest money market in the world, a large amount of gold for account of demands on other centers will go to South America, and perhaps to other points from this city.

A NERVOUS MARKET.

The New York market fluctuated nervously during the whole of yesterday's session, and clearly demonstrated the wavering status of sentiment current in Wall Street. In the early dealings prices proved vulnerable to pressure, and several sharp declines were evolved, Union Pacific proving especially weak. A short covering movement in the last hour brought about a good recovery, however, and at the close prices were about on a par with those of the preceding close. The market is plainly in the hands of the professionals at the present time, and it will take something new in the way of developments to attract anything like a substantial public participation in the day-to-day speculation.

MONTREAL STOCK MARKET

Active Trading, With Some Strong Points Shown—Power at New High.

MONTREAL, Jan. 4.—Dominion Steel Corporation was again the most active issue on the Montreal Stock Exchange to-day, and made a net gain of 1 1/4 to 58. The bulk of the business was done at 58.

Montreal Power, Richelleu and Ontario Navigation and Rio de Janeiro were the other active issues of the day, and all three were strong. A new high quotation of 195 was marked up for Power in the afternoon, and the last sale was 194 1/4, of a quarter of a point gain on the day.

Richelleu was in demand in the morning session and sold up to 125 3/4. It eased off in the afternoon, but closed firm at 125 1/8, holding the advance it made yesterday. Rio, after showing some weakness yesterday, recovered strongly and sold up to 115 1/8, closing at 115. The rest of the list was rather featureless.

In the bank division Montreal was in demand and sold at 245 and 246, ex-rights, compared with 242 yesterday. It bid was 246 with no stock offering at the close of the market. The total business of the day was 7777 shares.

ON WALL STREET.

Erickson Perkins & Co. had the following: While stocks rallied sharply in the last hour, they fluctuated up to the close, but they were small changes. The market was in a state of transition, and the closing bids at the latter figure.

Judge Gary a Busy Man.

NEW YORK, Jan. 4.—Judge E. H. Gary has resigned as chairman of the board of American Steel Products, owing to pressure of other business. The vacancy has not been filled.

Had Favorable Year.

NEW YORK, Jan. 4.—The annual meeting of the Consolidated Gas Company will be held on Jan. 22. At that time the report for calendar and fiscal year of 1911 will be presented. The report will show year's surplus of over \$3,000,000 available for dividends, and a total surplus in excess of \$12,500,000. In addition, company has balances of earnings remaining in treasuries of subsidiary companies for year large enough to bring its total net earnings above 14 per cent.

Trust Building and Prosperity.

CLEVELAND, Jan. 4.—President Farrell of the U. S. Steel, in a speech to-day, declared that while the attacks on corporations continue, we cannot have satisfactory business conditions, let alone prosperity.

New Partner in Morgan & Co.

NEW YORK, Jan. 4.—Horatio G. Lloyd, a partner in Drexel & Co., has been admitted as a general partner in Morgan & Co. Morgan, Grenville & Co., of London, and Morgan, Harjes & Co., of Paris.

Bank Rate Unchanged.

LONDON, Jan. 4.—The rate of discount of the Bank of England remained unchanged at 4 per cent. to-day.
