CARSON WOULD ACCEPT HOME RULE MEASURE

Recommends Ulster Opposition Be Abandoned
Speaks Again, According to London Paper, of the Volunteers But Says Nothing Will Be Gained by Irreconcilable Attitude.

(Canadian Press.)

London, March 8.—In addressing the Ulster Unionist council on last Friday, Sir Edward Carson, Ulster Unionist leader, recommended that Ulster abandon its opposition to the Irish home rule bill and accept the bill now before parliament, says the Daily Mail.

The newspaper discerned this as the most important development in the Irish situation in many years and says it is bound to have a profound and far-reaching effect.

After the meeting Sir Edward and the other delegates returned to their respective districts to consult the local associations on the decision which is to be taken at another meeting on the subject to be held in Belfast on next Wednesday.

In view of the leader's advice, the Daily Mail continues, "it is hoped that the new bill will be accepted unanimously by Ulster, but it is possible the council will recommend the inclusion of the whole of the province in the area of the northern parliament, instead of six counties."

"Sir Edward Carson further said he believed that any form of home rule was bad for the country, but it must be remembered that the home rule act of 1914 was on the statute books and that unless an amending measure was passed it would automatically come into force the day after it was passed in the parliament."

He said he did not wish to force his opinion and if they decided to reject the new bill he would oppose it, and he believed it could be defeated. They could reorganize their forces and call up voters again, but the new bill offered to secure them from being forced under the domination of Dublin, and this was the main aim of their movement had been achieved. He said he believed nothing was to be gained by an irreconcilable attitude.

IRISH AUTHOR ON SITUATION.
Toronto, March 8.—St. John Ervine, Irish playwright and author, in an interview here on Saturday said: "I am dead against an Irish republic because it would be very bad for Ireland, and because the English would, very rightly, be opposed to it." Mr. Ervine, who was born in Belfast, and a leg in the war, said he was a follower of Sir Horace Plunkett and believed in dominion home rule. One of the mistakes, in his opinion, was the appointment of Lord French to the position of lord lieutenant of Ireland, who, he said, possessed no qualifications for civil government.

"Ireland is suffering at the hands of extremists," said Mr. Ervine. "I would hang both Carson and De Valera—Carson first, to be sure of him."

Granville, Ills., March 6.—Bees played spook to George F. Treudt here recently, but George didn't mind it until he found that they had produced several hundred pounds of honey during their spooky evening sessions.

For more than a year Treudt and his family had been annoyed by a peculiar buzzing sound coming apparently from the roof of his house. For a time he blamed the noises on electric wires, but neighbors held to the belief that the house was haunted. Finally when Treudt made a search in the garret he found the bees.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

HAVE YOU SEEN THIS BIG ACT?

"The Girl in the Air" Will Conclude Novel and Spectacular Offering Tonight—Other Good Numbers—New Bill for Tomorrow.

If you have not as yet seen "The Girl in the Air" in her spectacular aerial surprise, you should not fail to take advantage of the chance offered this evening, when the week-end bill at the Opera House will be brought to a close. It is an act which has made a big hit all over the vaudeville circuits in the States, and was greatly enjoyed by capacity houses here on Friday and Saturday. Her offering is novel. It is not often that patrons have an opportunity of enjoying an act of such real merit.

Those who appreciate good music will thoroughly enjoy the musical skit of Blanchette and Devere. The former is a clever violinist and the latter a pianist of much ability.

George Hearn has an act which is both amusing and highly entertaining, and one which has been most favorably received. In addition there will be two other good acts and another episode of the motion picture serial, "The Midnight Man."

The new programme for Tuesday will be as follows: Nancy Boyer, a popular comedienne, in an original comedy playlet entitled "Mary Lou," assisted by Harry Hamilton and Henry Testa. The latter was formerly with Thomas E. Shee, whose fame on the legitimate stage is continent wide. Wheeler and Potter, in a comedy singing and musical skit, entitled "A Phoney Episode"; Ed Dawson, "The Joyful Comedian," known as "The Boaster"; Dixon and Mack, in a novelty xylophone and dancing offering; James Teddy and Company, in a feature performance.

Teddy was the world's greatest jumper, and was formerly a star feature with the Barnum and Bailey circus.

Unusual Ads Sold All Jeffrey's Stockings.

During the holiday selling season of 1934 Frederick W. Jeffrey, who operates a men's clothing store at Fifteenth and Stout streets, Denver, sold \$7,000 worth of women's silk stockings. This Christmas that record was broken by a couple of thousand dollars, and what is more, Jeffrey reports that he had sold \$1,800 more of them during the last two days before the holiday season closed.

"They came into my store in droves," remarked Mr. Jeffrey, "and they came away with my stock of silk stockings. When questioned as to what brought customers into his store, Jeffrey replied that it was his newspaper advertising and nothing else. It not only lured customers into the store, but it brought inquiries and orders through the mail."

"To my mind," stated Mr. Jeffrey in discussing the advertising part of the situation, "common, ordinary advertising will not sell ladies' silk hose in a men's store. It takes advertising that is out-of-the-way, that catches the eye of people to sit up and take notice of—advertising that will draw attention to its out-of-the-way, that is carried out on a campaign along that line, and the result certainly justified the expense."

"According to my way of looking at the matter a big majority of the people in this world like something just a little 'spicy' and so anything along that line in the reading way will draw immediate attention and will be read. I proceeded along that line and drew attention to my store and business. My ad had I merely stated in my ad that I carried a certain line of ladies' hose in my store and that they made good Christmas gifts at a certain sum or box, I don't think I would have sold very many pairs, but as it was I did a big business and nothing is remarkable but my advertising."

One of the Jeffrey silk stocking ads read in part as follows:

"Left in Store—One Quarter Bottle Eight Years Old. Owner may recover property by describing brand and age. I will say there was a card inside which read, 'Merry Christmas to Evelyn from J. S. B.' On the bottle it reads, 'Aged in Woody Bottle in Bond' BOURBON WHISKY. If any one thinks they are playing a joke on me by leaving such a package he or she will get left. If, perchance, this bottle was left here by a lady, she may obtain same by merely describing the bottle by mail; in the meantime we are going to put on a great hose sale."

Jeffrey stated that it was impossible to get hold of a large stock of the brand of silk hose he sold the season before, and so he made a special trip east and purchased a stock of another make which had not been known in this part of the country to any wide extent before.

His advertising, however, put the brand on the map out there, and next year Jeffrey expects to double his reputation, "common, ordinary advertising will not sell ladies' silk hose in a men's store. It takes advertising that is out-of-the-way, that catches the eye of people to sit up and take notice of—advertising that will draw attention to its out-of-the-way, that is carried out on a campaign along that line, and the result certainly justified the expense."

Use Our Flypaper To Catch Your Rats.

Selling flypaper in winter is a hard job for the retail grocer and drug store in many towns, but not in Williamsport, Pa., where the retailer has worked up a big demand for the commodity for those whose homes are infested with rats and mice.

It appears some enterprising retailer in one of Williamsport's stores tried out flypaper near a rat-hole and caught the rodent in the morning without any difficulty, since the animal had first put several feet in the sticky mess, then had tried to leap forward and had rolled the paper into a nice cone, with himself in the centre.

The scheme appeals to the average woman who hates to drown the rats and mice caught in traps. With the captive rodent already wrapped up in a package, its struggles are not seen by the sensitive householder when she ties the roll to a ballroom and sends the pest to the happy hunting grounds.

The working up of flypaper business in winter sounds like a joke, but the success of the scheme has been attested by the results attained and by the sales of the material. Usually flypaper moves as fast in winter as do hand grenades in times of peace; but Williamsport grocers and druggists say they know how to do it.

"Talk flypaper, advertise flypaper, demonstrate flypaper," they say.

This Window Features The Weather Report

When the San Diego, Calif., newspapers predicted rain it caused the mind of one of the hardware dealers of the city to think of his tire chains as advertised in the national publications.

With an attractive rug as a background he built a window display of articles needed by the autoist, the tire chains being given the most prominent position in the arrangement. Against the rug he placed eleven small cards bearing the names of the items. Then from a large central card he ran cords, reaching first the small name cards and from them to the articles themselves.

Many pairs of eyes stopped, noted the weather prediction and then followed the cords from the large central card to the articles—and inquiries and sales were noticed. The store figured, however, that the best result was the publicity effect; for it impressed on the minds of the people that this store maintained a first-class automobile supply department.

"Women are buying a good many of the supplies nowadays," said one hardware man. "When they run the car-

THE STOCK MARKET.

(New York Evening Post.)

The speculative public being disinterested in the stock market because of the present condition of the credit market, the professional element which is trying to work on the constructive side of stocks falls to get very far with its efforts. The passing back of the railroads and the decision of the supreme court in regard to the steel corporation, which under normal conditions would have been hailed as a bullish argument in stock market circles, have failed to stimulate any public interest. And without the public the professionals are lost, for should they start an upward movement without outside participation, they would simply be holding up stocks against each other. But even the professionals are handicapped at the present time because of the credit situation, which is the crux of the entire matter. All efforts of the professionals to attract attention from the money situation have been unavailing.

How long this condition will last is the question which is uppermost in the minds of all. As to when it will end there are many answers. Some believe that the end of this month will witness considerable improvement in the money market. At present the banks are occupied in making preparations for tax payments both state and federal, which are due the middle of the month. After this is out of the way the opinion prevails that there will be little to worry the attention of the credit world with the exception of liquidation of the commodity markets, which in the end is expected to relieve the situation. In view of this there are some traders in the Street who take a cheerful view of the outlook. These traders, it may also be mentioned, are still of the opinion that the usual spring rise in the stock market will start at the usual time, which is about the end of March. At present, however, they continue to operate on the short side of the market.

NEW BUSINESS OF SUN LIFE A RECORD

Shows Increase of 67.7 Per Cent. Over Previous Year—49th Annual Report is Issued.

The forty-ninth annual report of the Sun Life Assurance Co. of Canada which has just been issued, shows that the total amount paid out during 1934 to policy-holders and their beneficiaries amounted to \$12,266,000, which brings the total of such payment since organization to the enormous sum of \$91,227,582.

New paid business during the year reached a new high record and totalled \$86,848,850 or an increase of \$3,957,457 over 67.7 per cent over the previous year. Another outstanding feature of the report is the fact that applications for new assurances during 1934 exceeded one hundred million dollars, which is the highest figure yet attained by any Canadian company in the insurance business. The enormous business done by this corporation will be realized when it is shown that business in force was increased by \$75,548,800 to the big total of \$416,658,492 which is a striking example of the manner on which policy-holders maintain their policies.

Income for the year amounted to \$25,704,201 showing a net gain of \$4,038,101. The assets of the company passed the hundred million mark and registered \$105,711,468, an increase of \$8,091,089 over the previous year. Profits paid amounted to \$1,606,503.73, a very substantial margin of safety for the policy-holders.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged need a flushing occasionally. If else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE. Frederick S. Kollie, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a grain tablet of Bitro-Phosphate just before or during each meal.

If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents each week.

But less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing. It is sold by the Best Drug Co., in St. John and all good druggists.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, MARCH 8, 1920

SUFFERED FOR EIGHTEEN YEARS

Tanlac Gave Me Health and
Strength and Joy," Says
Mrs. Maddison, of Quebec.

"I was so run-down that I was thinking of quitting work," said Mrs. Edw. Maddison who is superintendent of the girls' department of the Rock City Tobacco Co's factory in Quebec, when seen by the Tanlac representative at her home, 31 Smith street, Quebec. "For eighteen years I have suffered from nervous indigestion with all its distressing accompaniments of excessive gas, dizziness and bad headaches, but lately it had got very much worse. I was eating scarcely enough to keep body and soul together and got very thin. Neuralgic pains drove me almost to distraction and the rheumatism in my arms was so severe that I could hardly use them. My sleep was very disturbed and broken and I used to rise in the mornings feeling so tired and weary. I began to see that if I did not soon find a remedy for my condition I should collapse utterly. I must have tried nearly every medicine that the druggists sell but they never helped me one little bit.

"I had read in the papers about how people had derived great relief from Tanlac, so I thought I would put it to the test. I do indeed congratulate myself on doing because it has done me wonderfully. I have taken four bottles of the medicine and this is what it has done for me. My appetite is now excellent and I not only enjoy my food but find that I can digest it without difficulty. I no longer have fits of dizziness when at my work and the neuralgia and rheumatism have completely disappeared. I sleep soundly and rise in the morning feeling refreshed. The color has come back into my cheeks and my complexion is much improved. I have gained much in weight and truly I feel altogether better both in body and in spirits. I give you these facts gladly, for Tanlac has given me health and strength and joy at a time when I was much discouraged by my bad state of health."

Such a statement as the above should appeal to all who suffer from nervousness, indigestion, neuralgia, rheumatism or a general run-down condition. What such people need is something to tone up the system and to assist the vital organs in performing their proper functions. That Tanlac is the most rational and effective preparation ever discovered for these troubles is evidenced by scores of testimonials which are received daily from men and women of unquestioned integrity, expressing deep gratitude for what this medicine has done for them.

Tanlac is sold at St. John by Ross Drug Co., and by the leading druggist in every town.

Members of the delegation which went to Ottawa from St. John last week to interview the minister of finance regarding the business profits, returned home on Saturday. The party were R. E. Armstrong, W. C. Cross, T. H. Somerville, P. A. Dymally, Lewis Connors, with others from other maritime points. They were told by Sir Henry Drayton that he agreed that the tax was bad, but it produced needed revenue, and if it were dropped some other form of taxation would have to follow.

Stop Colds and Catarrh

IN A SIMPLE WAY
Colds and catarrh are treacherous—not only are they what they are but what they lead to. Night and day they do their harm, sapping the power and weakening the way for pneumonia, influenza, and tuberculosis.

Nurse Jan-O-Sun has seen the familiar signs of catarrh—the suffering caused by coughs and colds. Her way is to destroy the germs, soothe and heal, and fortify you against other attacks. Her treatment is new and different—easy and pleasant. No sickly smelling spray, greasy ointment or atomizer—nothing to smother, rub in or inject.

Colds and catarrh are Nurse Jan-O-Sun's lifetime work. They can't be told in this small space. Write her to-day. She will tell you how to clear away catarrh, get rid of coughs and colds—how to keep rid of them too. Just write and say "I want to know about Nurse Jan-O-Sun's treatment." She will answer you by return.

SCANDAL IN POLICE INQUIRY IS PROMISED

Women Said to Have Been
Hounded by Detective

Had Been Seeking to Live
Blameless Lives—Allegations
Made in Statement of
Official—Denial by Sleuth.

New York, March 8.—With the indictment and arrest of Detective John Gannon, a member of the staff of Captain Henry, the fourth inspection district, charged with bribery and extortion on the complaint of Mrs. Rebecca Meloydo, it is announced by Assistant District Attorney James E. Smith, that an investigation is under way involving fourteen other persons, mainly plain clothesmen, a bondsman or two, and a lawyer. Additional indictments are expected.

The investigation, according to Mr. Smith, has already disclosed that women seeking to lead blameless lives were hounded from their positions by detectives in order that they might divide their earnings with the officers. Mr. Smith promised startling revelations in the relations existing between certain detectives and women companions.

Mrs. Meloydo told the grand jury of her alleged relations with Gannon since 1917, and her story was corroborated by Rose Gonzalez and Estelle Young.

Prior to his arraignment, Judge James T. Malone in general sessions, Gannon declared the case a "frame-up" from start to finish.

"I never knew anything about this matter until the warrant was served on me," he said. "The charges are ridiculous. The only woman who the three I know is Rose Gonzalez, known as the Spanish Rose." You can find out who she is by looking up her record. I am a married man with a wife and child and have never been away from home more than twenty-four hours at a time."

Ball was fixed at \$2,000 by Judge Malone after Gannon pleaded not guilty. It was furnished by a surety company.

Target of Criticism.
Gannon was arrested on a bench warrant executed by Detective Edward Raynes, of the district-attorney's office. At the west 88th street station it was said that Gannon had been on duty in the district three years, and that his record was excellent, expressing deep target of much criticism last summer as a result of arresting Lillard Kohn and Sallie Kohn against whom he made serious charges, but who were exonerated by Judge Otto Rosinsky.

Another case Estelle Young was dismissed on a charge of violating the tenement house law by Magistrate McGeehan on Jan. 18, 1919. The girl said she paid \$800 on this occasion.

PALE, SALLOW WOMEN NEED VINOL

It Makes Rich, Red Blood,
Creates Natural Strength,
the Glow of Health and a
Magnetic Personality.

Women who are over-worked, weak, run-down, no energy and hardly able to drag about, if you could only realize what VINOL, our cod liver and iron tonic, will do for you, there would not be enough in Canada to supply the demand.

Phyllis Jones, W. Toronto, Ontario, says: "I was run-down, nervous and losing flesh rapidly, and had fainting spells, so I had to stop work for weeks at a time. My doctor told me to take VINOL. I did and after two or three days I commenced to feel better. I have gained flesh rapidly and feel better in every way since taking it."

What VINOL did for Miss Jones it will do for every pale, sallow, weak, over-worked woman. Every such woman in Canada should ask her druggist for VINOL today and start on the road to a healthy, happy existence. Your druggist will return your money if VINOL fails to help you.

quarters were in the district, asserted Mr. Smith, and he would meet Mrs. Meloydo at one or two o'clock in the morning and would receive money, the arrangement being on a "fifty-fifty" basis. It is said. The money was passed in a restaurant or in the street.

On the occasion which serves as the basis of the indictment, the complaint is said, she would change her mode of life. Accordingly she obtained a position as hairdresser. Gannon charged it, she gave the detective \$50, she asserted.

Mrs. Meloydo, it was said, continued to give Gannon money, but the shock of the death of a near relative caused her to resolve that she would change her mode of life. Accordingly she obtained a position as hairdresser. Gannon charged it, she gave the detective \$50, she asserted.

The prosecutor charged that women who paid police officers were discharged in the women's night court. To support this assertion, he produced the court record of several cases. In one the Gonzalez woman, under the name of "Rose Lopez," was discharged by Magistrate Frothingham on June 11, 1919. She said she paid \$400 for being released.

Robert M. Moore, of 346 Broadway, counsel for Gannon, objected before Judge Malone to \$2,000 bail for his client if it were returned on all the Gonzalez woman, and the two women companions of Mrs. Meloydo. Mrs. Smith said she had ample corroborative and other witnesses of unquestioned probity, whereupon Mr. Moore withdrew his objection.

GERMAN PRINCE IN FIGHT IN A BERLIN HOTEL

Rough and Tumble Over Re-
fusal of French Visitors to
Honor "Deutschland Uber
Alles."

(Associated Press.)
Berlin, March 8.—The fashionable Adlon Hotel dining room was the scene of a rough and tumble fight on Saturday night between Prince Friedrich of Prussia, a cousin of the former German Emperor, and his guests, and Captain Klein and Roughievin and Madame Klein, members of the French mission. The hostilities were due to the French refusal to stand while the orchestra was playing "Deutschland Uber Alles."

Joachim and his friends hurled candles, crockery and other things at the party and Captain Roughievin was beaten and had his clothes torn. Captain Klein was ejected out of the dining room by waiters who defended him.

WILL OF MRS. TOM THUMB IS FILED

Estate Mostly to Relatives—
Use of Curios for Benefit of
Cemetery Association.

Plymouth, Mass., March 8.—Albert A. Thomas of Middleboro has filed a petition at the Plymouth County Registry of Probate here asking for appointment as administrator, with will annexed, of the estate of Lavinia W. Magri of Middleboro, better known as Mrs. "Tom Thumb," who had a world-wide reputation.

The citation states that in the will Mrs. Magri failed to name an executor and the heirs are Count Magri, her husband, Emily V. Hurley of Wareham, a niece, Harry E. Bump and Benjamin Bump of Middleboro, nephews. The will was dated Sept. 24, 1912, and was witnessed by George W. Stetson, Myra C. Stetson, and Julia M. McKay of Middleboro. No schedule of the amount of the estate has been filed.

The trustees, after the paying of her debts and expenses, that any proceeds that may come from the liquidation of her autobiography be divided between her brothers if living. All her curious that she collected from all over the world are to be given to a trust to be appointed by the probate court for exhibition in a public or private museum for hire, and that the receipts are to be given to the Nematok Cemetery Association of Middleboro and its successors. The executor is directed to place her small piano, billiard table and all other furniture in some historical or antiquarian collection rooms, together with four portraits—one of herself, one of Warren, her sister, and one of Commodore Nutt, who was married to Miss Warren. In this exhibit are also to be deposited Mrs. Magri's two sewing machines.

To her husband, Count Magri, she bequeaths all her holdings of stock in the American Express Company and he is also given the use of the piano now at the house of W. Homer Southworth, during his lifetime, and at his death it is to go to Harry Bump.

Countess Magri, who died on Nov. 25, 1919, at her home in Middleboro, had been in failing health some time. Count and Countess Magri had been living several years in Middleboro, as they gave up their stage life.

SHORT OF BREATH Could Hardly Walk Without Resting

When you go to a physician to be examined, your doctor will ask you the first question he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen the nerves, the brain and nervous system. Mr. Stephen Cross, East Clifford, N. S., writes: "I suffered for five years with heart trouble and I felt better after taking them; three boxes made me quite well. WILL IS VOID

Jury Declares Rich Mrs.
Spang of New York Was of
Unsound Mind.

New York, March 8.—Mrs. Rosa F. Spang, widow of a millionaire Pittsburgh steel manufacturer, was of unsound mind when she signed her will leaving the bulk of her \$2,000,000 estate to charity and giving her only child, Mrs. Mabel Spang Ancker of Copenhagen, Denmark, an annuity of only \$10,000, according to a verdict by a jury in the Surrogate's court. The verdict renders the will void. The jury deliberated more than twelve hours.

Mrs. Spang died in the Waldorf-Astoria Hotel here on June 22, 1919, within forty-eight hours after the will was signed. After her death, her daughter, she left the greater part of the estate to establish the Rosa F. Spang Foundation for young children on the estate at Peckskill.

Mrs. Ancker brought suit to break the testamentary gift, and a jury of six men and six women found that she was of unsound mind when the instrument was drawn up and signed.

EVERY GIRL WHO EARN HER LIVING Read This!

Very complex in her physical relations to life, disease early seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health. Probably nothing is of more service and value to a woman than a grand remedy with gratifying results. As a system tonic and blood restorer, no treatment gives such results. For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing. Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented. When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them. Sold in yellow boxes, 25c.

(Canadian Press.)
Sydney, N. S., March 8.—Loss estimated at \$100,000 was sustained by the Dominion Steel Corporation, when their electrical warehouse was completely destroyed by fire early yesterday morning.

The fire was carried along by one of the most terrific gales that has visited this vicinity for years. It was only by heroic efforts that the flames were prevented from spreading throughout the plant. As a result of the fire, all the electrical equipment at the disposal of the company has been destroyed, and it will take months to restore most of it.

CAPTAIN MAJOR IS DINNER GUEST

Farewell Assembly at the Bungalow in His Honor on Saturday Evening.

A farewell dinner in honor of Capt. Reginald A. Major, M. C., was tendered by some friends on Saturday evening at the Bungalow, Pleasant Point. He is soon to leave the city for Hamilton, Ont., and his departure has caused regret among a large circle of friends with whom he has been particularly popular. The party left the city in a large sleigh about 4 o'clock and returned about midnight.

The dinner table was presided over by Major H. H. Donnelly with P. D. McAvity as vice-chairman. A very tempting menu was provided and after ample justice had been done to it there was an enjoyable round of toasts, songs and readings. Various speakers were heard in tributes to the guest of honor when his friends wished were extended for success in his new home. Among the speakers on the festive list were James Pringle of Fredericton, D. B. Weldon, Moncton; G. E. Harley, Halifax; W. C. Lawson, Fredericton; Capt. Gibson, St. John; E. S. Reid, A. McMillan and J. B. Dever. A solo was given by Colonel McMillan and a reading by Major Donnelly, both of which afforded pleasure. Besides those mentioned there were present R. St. C. Hayes, I. McC. Ritchie, R. A. McAvity, Jack McKenzie, T. D. Bowen of Montreal, W. A. McDougall, C. P. Leonard, G. A. Stewart, Campbellton, W. H. McQuade, Bayard Coster and C. F. Leonard.

POLICE COURT

In the police court this morning a case against Albert Ritchie, charged with stealing cloth from the store of Albertina Dreskin, Main street, to the value of \$1,000, was resumed. Sergeant Rankine, who assisted in the arrest, told of being called to the store early on Friday morning to investigate a break of the night before. He found the back door forced and on going into the basement the door leading into Chapel street was broken and on the steps were pieces of cloth similar to those in the store. He held of going with other members of the police and detective force to the residence of the accused in Chapel street, where the arrest was made.

John Selan, a tinsmith, said he was hired by the accused to take a trunk from 14 Acadia street to Parker's barber shop in Mill street. The accused said he would meet him there when he had landed the trunk. On the way up Main street he said he was stopped by Mrs. Dreskin, who wanted to open the trunk, but he said he would get permission this unless a policeman was present. Policeman Colwell was called and opened the trunk and on seeing the contents ordered that it be taken to the police station, which the witness said he did. The policeman corroborated this statement. The trunk was identified in court. It contained five pieces of cloth.

Joseph L. Paul was charged with being a vagrant. He was allowed to go on condition that he would leave the city.

Two men, charged with drunkenness, were remanded to jail.

DAYLIGHT SAVING IS TALKED OVER

Representatives of Various Bodies at City Hall

General Idea for Shorter Period, Say May 13 to September 15—Labor Speaker Very Definite in Presenting Case for Plebiscite.

Several speakers at a meeting in city hall this morning were in favor of the adoption of daylight saving in St. John this year, and one voice was raised in opposition. Representatives were present from some of the local societies, including the Clerks' Association, Hardware, Retail Merchants' Association and Trades and Labor Congress.

Most of those heard were in favor of the shorter season, the majority seeming to agree upon May 13 to Sept. 15, while a suggestion was made that the matter go to the people in a plebiscite.

Commissioner Bullock, acting mayor, presided, and from the council Commissioners Jones and Thornton were present as well as six common clerk. The matter will come up again for action.

F. W. Daniel, of the Retail Merchants' Association, said they came, asking that if the railways changed to daylight time the association would like daylight time adopted. It seemed an advantage in every way to have an hour's extra daylight every day, and so far as the retailers' experience was concerned it had not meant any loss in business.

In reply to Commissioner Jones he said from the end of May till the end of September, even a shorter period, he thought would be sufficient. Taking the city as a unit, he said, he did not think it would be an advantage to have daylight time unless the railways had it.

J. G. Harrison said that he thought the daylight time saving scheme had last year been so long that he thought the government railways could be brought to follow the example of the city as a unit, he said, he did not think it would be an advantage to have daylight time unless the railways had it.

J. C. D. Wilson spoke as president of the St. John Clerks' Association in favor of the saving suggestion, saying that that body was heartily in favor of the idea, but would not like to see it adopted unless it were implemented. He instanced inconveniences which had arisen last year through some being on old time and some on the new time. For instance, last year had not adopted it, and several of the factories, but if it could be made general it would be a good thing.

A. C. D. Wilson spoke as president of the St. John Clerks' Association in favor of the saving suggestion, saying that that body was heartily in favor of the idea.

J. Hunter White said that if daylight time had been introduced at a later stage and not continued so long as happened last year, there would not be much opposition to it. So far as people in the country were concerned, he felt all who were in favor of it. If the city went on daylight time this year he thought the inconvenience which had occurred last year through the schools not being in line, could be overcome by an agreement with the school board. Mr. White spoke at length upon the merits of daylight time, and thought the earliest date when it should be adopted was Sept. 15, but he would like to see it last until October.

R. E. Armstrong, for the board of labor, said that the body had not expressed any views on the matter as yet, but he thought if a shorter season was adopted, they would again favor it. Mr. Daniel here said that speaking for the retailers, they would not be opposed to a shortening of the period, say from May 13 to Sept. 15.

H. D. Sullivan, president of the Hardware Clerks' Association, said he strongly supported it. He thought it would appeal to the young people of the city because it would help greatly to promote sport, giving more time in the evenings.

J. Mortimer Robinson, secretary of the N. B. Automobile Association, said he spoke for 8,000 auto owners in the province in favor of the idea.

Thomas Arnsou, of the Y. M. C. A., spoke of the inconveniences attaching to the idea last year, but said if a uniform schedule were provided there would not be the same objections.

Mr. Campbell, president of the Trades and Labor Congress, said he did not think delegates to city hall should be allowed to prevail entirely in their views on a question of such vital importance as this. He suggested that the question should be asked on the ballot at the city elections on the second Tuesday in April. That was the only fair way and he thought the ballot should be extended to others besides those entitled to vote at the civic contests. The 7,000 or 8,000 people of the labor bodies must be represented on the matter, he said, and unless the question was decided upon in this way he could say that labor would be again opposed to it as last year. He had no wish to be a thorn in any one's side, or as against any special movement, but majority should rule, and if the issue were sustained by popular vote, the labor people would support it. Those who advocated daylight saving could in most cases afford to enjoy, it anyhow. Why did they not do so instead of causing inconvenience to about sixty per cent of the people of the city? Unless the question were settled at the polls there would be two different times in St. John again this year.

Joseph Kennedy, speaking from the Clerks' Association, said he believed if the scheme were adopted generally and for a shorter season than last year there would not be the inconvenience to which the last speaker had referred.

Commissioner Thornton said the common clerk had advised him that the scheme were adopted generally and for a shorter season than last year there would not be the inconvenience to which the last speaker had referred.

Commissioner Thornton said the common clerk had advised him that the scheme were adopted generally and for a shorter season than last year there would not be the inconvenience to which the last speaker had referred.

Mr. White said he would be more in favor of a compromise if it could be arranged, than of a plebiscite. He would not like it understood that there would be a strong dividing clash on the question. He would like to see the matter decided without any feeling.

Hard to Get a Man Away From a Good Library Table!

Something magnetic about a neat Library Table. Seems to attract a man after a busy day at the office. Here correspondence may be taken care of and the necessary reading is easily disposed of.

Note how a man will automatically drift towards the library table—if there's one in the home (table we mean, not the man), and if there isn't a table in the home you better make it a point to get one the next time you get.

This is where we can help, as our stock of Library Tables is fully complete and the assortment includes the very table that will suit the most cautious purse or the one that isn't affected by price.
