Hon. F. B. Carvell Advocates Construction of Good Roads and Asks For Co-operation of Engineers

Ottawa, Feb. 14.—"I think that there is a great deal too much talk in some of the newspapers and amongst the public about the troubles of the returned soldiers," said Hon. Frank Carvell, minister of public works, at a luncheon of the delegates to the Engineering Institute Convention yesterday, "and when the government passes an order-in-council which it firmly believes is for the good of the soldiers and which will prevent them from being exploited there is a great outcry about the insult offered to the returned soldiers. This also causes unrest and discontent."

Hon. Mr. Carvell forecasted the future policy of his department. He said in part:—

"In addressing you for a few moments I realize gratefully that you have given the government part of the credit for pulling this country through the war. I wish to inform you that an equally important task is now before the government and that is getting this country back on a peace basis. An abnormal condition of mind is existent throughout the country; in fact, it exists in every country all over the civilized world. This is not surprising when we consider the fact that tens of millions of men have gone through the 'hell' upon earth at the front and also when we consider the financial strain upon the people of the warring nations produced by war. I do not wonder at the unrest, which is natural under the conditions. We must see that all that can be done to relieve this state of unrest is done and in reference to the unemployment situation there is probably no class that will play such an important part as the engineers. We realize that there is unemployment in Canada. It is not so apparent east of Montreal, but increases as one goes west. Therefore, we find unrest all through the west.

"We must also realize that demobilization will be completed in the near future and most of these men will want work within a few weeks after discharge.

"The government is not responsible for carrying for all the troubles of the country, but we feel it our duty to take steps to spend the public money to remedy

these causes of unrest, and we are going to spend this money where it will do the most good towards relieving unemployment and for the benefit of the returned soldiers.

"There is one thing I wish to refer to which affects your profession in particular—that is the construction of highways. I know of no way in which money can be so advantageously used for both unemployment and value as in the making of good roads. This project can be successfully undertaken by the government only with the hearty co-operation of the engineering profession, and I hope that all parties concerned in this undertaking will realize the importance of the engineers, first, last and always.

"We have troublesome times ahead unless we practically eliminate unemployment, as this condition is the source of Bolshevism. Therefore, it is the duty of every employer to see that every man possible is employed at a fair wage. This should especially be done by the great corporations who have made money during the war.

"There is no country concerned in the war that is in a better economic condition than Canada and, notwithstanding the fact that the war has caused a very large public debt, I have absolutely no doubt that Canada will rise to the occasion and continue to be one of the most prosperous countries in the world."

YESTERDAY'S RACES

The horse races on the river yesterday came near to being a fiasco on account of bad weather. There was however, a good crowd and the fastest exhibition of speed seen in Carleton this winter. Clyde McCluskey, who was expected to come from Woodstock with his fast one, C. W. McQuarrie, the new owner of the former winner, Cassie W., George Cranfield and other owners did not show up.

The first race, a free-for-all with purse of \$25 had two starters, J. H. DeWitt's Baron Marquis taking three straight heats in 30, 30 and 30 1/2. Frank Hayden's Irving Hart was a close second.

The second race, for \$20, was won by R. Hamilton's Molly Wood taking three straight heats, Dr. Brown's Prince being second. Molly won her first quarter in 40 seconds but her owner, just to show her speed, let her go the

ABLE LECTURER TO COME HERE

Rev. Mrs. M. McKinstry Will Deliver Series March 16-23

Mrs. M. McKinstry, an ordained minister of the Advent Christian Church, is to visit Hartland and will deliver a series of lectures in the Star theatre on March 16 to 23. There are nine lectures in the series and the subjects are: The Babylonian Empire, The Medo-Persian Empire, The Grecian Empire, The Roman Empire, Rome Divided, Rome and Modern Europe, The Opening of the Seven Seals, The Scarlet Beast and Rider, and The Fifth Empire. These lectures are historical and prophetic, illustrated by large maps and charts of symbols.

Mrs. McKinstry gives a full history of these great predominant Empires in their order, from the Origin of the nations and people who became consolidated in them, through the different phases of their history until the supremacy was gained, then onward through their glory, decline and fall; and at the end of each historical narration, notes the prophetic declarations and representations as found in the Bible relative to the greatest and most important events, and by which they were minutely described many years before they occurred. The lectures are of great educational value, besides being of much Biblical interest. Masters of public schools have taken their classes in a body to hear them.

Mrs. McKinstry has delivered these lectures in Adventist, Baptist, Congregationalist, Methodist, Presbyterian and other churches. The lectures are free to all to come and hear. Further announcements next week.

HARTLAND, N. B. FEB. 20, 1919

WOOD OR STEEL

Some people interested in the Hartland bridge express regret that it is not being rebuilt of steel and concrete. Without doubt such a bridge would make a better appearance and would last longer than a wooden one, but this is all that can be said in favor of it. A steel and concrete bridge, even if the materials were available, would cost three times as much as a wooden one and it is estimated that the interest on such an investment would be a sum sufficient to build a new wooden bridge every few years. By far the greater portion of the cost of a steel bridge would be paid out to the cement and steel companies, and to imported workmen. The cost of the present new wooden bridge is made up almost altogether for lumber purchased within the province, and to an army of workmen living in the near vicinity. Rebuilding the bridge of wood will give a winter's work to a good number of our men, both now and a year hence.

\$350,000,000 Worth of Food

must be shipped to Europe at once, says Herbert Hoover, Food Controller. The United States Congress has voted \$100,000,000 on this week for food for Europe. Most of this will come from the United States and Canada.

The next year will see the greatest demand for farm products there has ever been. There are unlimited ships to take this food to Europe. Prices will be in keeping with the demand.

The farmer who has the crops to sell is the farmer who will get his share of this demand. The farmer who has his fertilizer will have good crops, but he must not take any chances on delay in preparing his ground, buying his seed and getting his fertilizer.

The planting season now seems a long way off, but when the time comes it is altogether too short.

There is a general shortage of fertilizer and fertilizer materials, and the late buyer shall surely be disappointed.

Victoria County Council

(Continued from last week)

Wednesday, Jan. 22, 1919

Council met at 10 o'clock pursuant to adjournment. All present except Coun. McAskill; warden in the chair. Minutes of yesterday's proceedings were read and on motion were confirmed.

Chairman of Board of Health submitted his report as follows which on motion was received and adopted and ordered to be printed with minutes:

Perth, Jan. 22, 1919

To the Warden and Gentlemen of the County Council:

I beg to submit my annual report for Health District No. 16 for Victoria.

The past year has been a busy one for the health district, due to the small pox and influenza epidemics which visited our county, during the past year. There were no deaths from small pox, but I am sorry to report that there were many deaths from influenza. As to other contagious diseases, there were about the usual number of cases, with perhaps a falling off in typhoid.

The following is a list of the contagious diseases:

	Andover-Perth District	Grand Falls District	Plaster Rock District
Small Pox	78	41	55
Diphtheria	5	3	24
Scarlet Fever	8	1	3
Influenza	250	300	200
Typhoid	2	6	6
Tuberculosis	2	no report	no report

As to the financial condition of the Board the following

will show how we stand:

Total amt received from Sec. Treas. 2000.00
Received from late chairman 7.00

Amount paid out Total 2007.00

Leaving a balance 1277.05

Amount of Bills unpaid \$3138.05

Amount on hand 729.95

\$2408.10

The amount of the unpaid bills is only an estimate, as all the bills are not in. They will, not, however, add very much to the estimated amount.

This will be the last report from the old board whose place will be taken by a new and I hope a better one.

I wish to thank the council for kindness and consideration which they have shown me at any time I have come before them, and also for help they have given me in carrying out my work as chairman.

I am, Sirs, Yours truly,

R. W. L. Earle

The matter of the emergency hospital, which was used in Town of Grand Falls during the time of epidemic of influenza and the different claims incurred in the operation of same, was brought to the attention of council and several of the members expressed their views in regard to same, but council decided that this was a matter that should be settled by the councillors for Town of Grand Falls and the provincial health officers.

Permission was given E. Wright, one of the overseers of poor for the parish of Grand Falls to address the board in the case of Henry Hollins, the overseers having incurred a bill of \$33 on his behalf which they claimed should be paid by overseers of poor for parish of Drummond.

Moved by Coun. Murcheson, seconded by Coun. McCarthy that the overseers of poor for the parish of Drummond be asked to pay to the overseers of poor for the parish of Grand Falls the sum of \$33, the amount of a bill paid by overseers of poor for the parish of Grand Falls on behalf of Henry Hollins.

Moved by Coun. Warnock, seconded by Coun. Jensen that this matter be not entertained.

No vote was taken on this subject.

On motion council adjourned until 2 o'clock.

Council met at 2 o'clock: all present except Coun. McAskill. Warden in the chair.

On motion council resolved itself into a committee of the whole on sec. treas. accounts. Coun. McCarthy in the chair.

Council then arose and went into committee.

Committee arose and reported progress asking leave to sit again; on motion leave was granted.

Hon. J. F. Tweeddale then addressed the board on the matter of bills incurred in this county during the epidemic of small pox and assured the council of his support in this matter when the said bills were presented to the government.

J. W. Niles, secretary to commissioners for municipal home read their report as follows, which on motion was received and laid on table for further consideration:

Andover, N. B.

THIS IS AN AGE OF WEAK NERVES

Men and Women Alike Suffer From This Serious Ailment

"No heart for anything" is the cry of thousands of men and women who might be made well and strong by the new, rich red blood Dr. Williams' Pink Pills actually make.

Misery day and night is the lot of hosts of men and women who are today the victims of weak nerves. Thin, pale, drawn faces and dejected attitude tell a sad tale, for nervous weakness means being tortured by morbid thoughts and unaccountable fits of depression.

sion. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken and their limbs tremble; appetite is poor and memory often fails. This nervous exhaustion is one of the most serious evils affecting men and women of to-day. The only way to bring back sound, vigorous health is to feed the starved nerves, which are clamoring for new, rich blood. This new blood can be had through the use of Dr. Williams' Pink Pills, which fact accounts for the thousands of cures of nervous diseases brought about by this powerful blood builder and nerve restorer.

Through a fair use of this medicine thousands of despondent people have been made bright, active and strong, among these is Miss Bibiane Chiasson, South Beach, Que., who says:—"I am a teacher by profession, and probably due to the close confinement and arduous nature of my duties I became much run down and suffered from extreme nervousness. The least noise would startle me, and my heart would beat violently. Indeed my condition was an unhappy one. I had often heard of Dr. Williams' Pink Pills as a cure for nervous troubles and decided to give them a fair trial. I am happy to say that this medicine completely restored my health, and I can confidently recommend it to all suffering from nervous troubles."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PERTH MAN UNDER ARREST

Charged With Shooting a Truro Tailor.

Truro, N. S., Feb. 10—Hearing was begun in the police court this afternoon in the case against Robert Bruce Lovely of Perth, a returned soldier, who is charged with shooting with intent to maim Harry B. Blair, a tailor of Truro at his work room on Saturday night.

The shot was fired in the presence of Mrs. Lovely, wife of the accused, and Mrs. Blair, mother of the injured man, the bullet passing through one of Blair's feet. Lovely and his wife came to Truro last November, the former taking up the course for returned soldiers at the Agricultural college. About two weeks ago he discontinued this course and went to Halifax to take a course for electricians.

In her evidence, Mrs. Lovely said she met Blair a week ago Saturday and was introduced by a girl friend as "Ella Robertson," her maiden name. She said that Blair did not know she was married until the morning of the day of the shooting.

THE OBSERVER

SIR WILFRID

The death of Sir Wilfrid Laurier on Monday will be sincerely mourned throughout Carleton and Victoria, as it is in all parts of Canada and the Empire. One of Canada's brightest sons is no more. Laurier of the "white plume" and "silver tongue," the most picturesque and ornate figure in all the land, passed to his reward with the whispered words "C'est fini"—"It is finished." When on the Military Service Act many of Sir Wilfrid's closest associates were compelled by differences in convictions to separate from him, there never was among any of them any rupture of the respect, the veneration or the cordial friendship previously existing.

The daily press is filled with gleaming gems of tribute to the great Canadian who is no more. Differences of religious and political faith are not thought of in the common grief of all Canadians for him whose integrity, gentleness and rare attainments marked him great in all the fulness of the word.

Hon. F. B. Carvell, minister of public works, paid the following tribute to Sir Wilfrid Laurier:

"I followed him loyally for fourteen years, and I always found his judgment good. He was honest and upright and was actuated at all times by the highest ideals and what he honestly believed to be in the best interests of Canada. He was accorded a loyalty by his followers that few political leaders have ever been favored with, and when, in 1917, many of his followers could not agree with him on his attitude towards the big question, their friendship for him never ceased."

Grand Falls Happenings

Mr. and Mrs. J. J. Sirois visited the camps of J. Carroll on Ryan Brook one day last week. Mr. Sirois took along with him his banjo and mouth organ and with Ernest Rioux who is one of the workmen at the camp and a good violinist, they formed a three piece orchestra and produced some very fine music. Mr. Sirois danced the clog and also the Scotch dance, and the whole bunch of boys and girls too, for Mr. Carroll has his wife and family with him, also his son's families. All joined in the fun and held a great time. Mr. and Mrs. Sirois say that it would be a dandy trip for anyone to see how nicely everything is conducted in connection with the living conditions and also the work. Mr. Carroll is one of our best known townsmen, and is doing a big business this winter.

Mr. and Mrs. T. Habeeb of Caribou are guests of Mr. and Mrs. Habeeb this week.

His older brother Earl returned from the front a short time before.

It is understood that Hotel Perth is soon to be reopened under new management.

William J. Savage

William John Savage, one of Fort Fairfield's oldest residents, who had been in failing health the past year with hardening of the arteries, died at the home of his daughter Mrs. Lizzie F. Kimball Friday evening, February 7, at 7:00 o'clock, where he had been most tenderly cared for.

Mr. Savage was born in Williamstown, August 4, 1842, being a son of the late Daniel and Martha Savage, of that place. November 12, 1862, he was married in Florenceville, to Miss Jane Harnett, who survives. To this union were born five children, four of whom are now living, as follows: Mrs. C. H. Tucker of Springfield, Mass.; Mrs. B. H. Kimball, Mrs. Lizzie F. Kimball and Edward C. Savage of Fort Fairfield. One son, W. W. Savage, died in Phoenix, Ariz., about five years ago. Mr. Savage is also survived by 11 grandchildren.

Mr. and Mrs. Savage moved to Fort Fairfield 17 years ago, making their home for seven years with their son Edward, afterwards moving to the home of their daughter Mrs. Lizzie Kimball, where they have since made their home.

The funeral was held Sunday afternoon at the home, at 1:30 o'clock, Rev. T. F. Jones, pastor of the Methodist church officiating, and speaking words of comfort to the relatives and friends. A duet was nicely rendered by Mrs. H. C. Buxton and Mrs. J. B. Williams, and Mrs. Buxton also sweetly sang a solo, with Miss Cora Osborne at the piano. The pall-bearers were: Leonard S. Kinney, Chas. H. Armstrong, Chas. W. Churchill, Israel Kilcollins, Joseph Emery and William Andrews. The body was placed in the vault, burial to be made later in Riverside Cemetery.

The relatives and friends have the sympathy of the community in their bereavement.—Review.

Be Ready For Emergencies.

The best way is to always keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house, ready for emergencies. Then when croup, or colds come suddenly they can be promptly cured before they have time to reach an acute and dangerous stage. To meet this requirement we have put the syrup up in family size bottles which contain nearly three times as much as the 25-cent bottle and sell at 60 cents.

Kilburn Red Cross Society Welcomes Returned Soldiers.

On the evening of Feb. 7 a large number gathered at the home of Mrs. Orrin Hallett, Coconation, the occasion being a party given by the Kilburn Red Cross Society in honor of two returned soldiers, Cpl. Coleman Morehouse and Pte. Alfred Barnes. A pleasant evening was spent; a short impromptu program consisting of music and recitations, was given, including three songs by Pte. Barnes, which were much appreciated. Mrs. James Stewart, in behalf of the society and other friends assembled, welcomed the boys home presenting each with a set of Military brushes, as a slight token of esteem, and of appreciation of their patriotic spirit which had led them over seas to endure hardships and suffering for us and our Empire. Cpl. Morehouse and Pte. Barnes replied in a few well chosen words expressing their thanks, and their pleasure in being among the home friends once more. After singing Auld Lang Syne and the National Anthem the guests departed, hoping to soon have the privilege of welcoming more of our lads back from the war.

WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often so that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brookville, Ont.

Success of Lieut. Tappan Adney

Lieut. Tappan Adney, who lived for years in Woodstock, and has many friends there, where his wife and son still reside, and who is very well known in Hartland, is now commandant at the new military hospital and vocational training school at Ste. Anne de Bellevue, Que.

The Montreal Standard last week had a page of photographs illustrative of the work of the hospital and a fine portrait of Lieut. Adney. The paper says:

The officer in charge of the work is Lieut. Adney, late of the Canadian Engineers. He is the man who developed and made magnificent scale models of complete trench systems at St. John's, P. Q., at the instance of the Canadian government. One very handsome example of his work may be seen at the McGill C.O.T. C. There is one of these in every military district in Canada. He is an artist by profession, and has made life hobbies mechanical models, art bookbinding, art job printing and art design work.

Major R. T. Macdonald, the District Vocational officer, pays Adney this tribute:

The department is exceedingly fortunate in securing the services of an officer of such diversified talent to work at this institution.

Lieut. Adney has under him a qualified staff of assistants training men in wood and leather work, commercial studies, architectural and mechanical drawing, sculpturing, etc., and as soon as space permits, by completion of buildings, classes will be established in motor mechanics, book-binding, art job printing, machine shopwork, stenography and typewriting, art metal work, telegraph and various other occupations.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and weary hair is mute evidence of a neglected scalp, of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a fewness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knott's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

INSTITUTE ENTERTAINS RETURNED SOLDIERS

Very Pleasant Evening in the Armory on Monday

The social given by the Women's Institute on Monday evening to their gentlemen friends, including the returned soldiers, was a pleasant affair. A good program had been prepared and was much enjoyed by the company. Sergeant F. S. Dickinson and Private A. R. Rigby each spoke feelingly, expressing their gratitude in being permitted to return again to the homeland, and of their appreciation of the enjoyable evening. Bounteous refreshments were served and the National Anthem was sung in closing.

The president, Mrs. L. E. McFarland, read the following address of welcome:

It affords me much pleasure to meet you all here tonight, especially our soldiers, who have been in training, and those who have returned from across the sea, where they were victorious, in the great struggle of right over might. We most heartily welcome you back to our beloved Canada to again take your places as citizens of no mean country for it means something today to be a Canadian. Then we welcome you to our town (for Hartland has ceased to be just a little, remote village) and in the task of reconstruction which lies before us we feel assured, the noble men of whom the civilized world are proud will do their part to produce, save and lend for future prosperity, and the finding of employment for all. The same patient determination is required to meet these difficulties and overcome them as was on the battlefields of France; less dangerous for the moment, perhaps, but just as deadly to virtue and uprightness, for life is a battle, and we must fight that we may win. Then we unite in the welcome to your homes and your dear ones, where the mothers, wives and sweethearts have waited, dry-eyed and with bated breath, for news of their soldier lads. Brave little women! they have come into their own so in behalf of the Women's Institute, I say "Welcome! thrice welcome to every one!"

Following is the complete program:

Reading: M. L. Hayward.

Chorus: K-K-K-Katy.

Duet: Miss Jewett and Mr. Morgan.

Used For Shaving.

Many men are troubled, more particularly in the cold weather,

with a sort of roughness of the skin or eczema caused by shaving. The application of Dr. Chase's Ointment after the shave soon cures the trouble and by using it after each shave you keep the skin soft and prevent irritation and soreness. Because of its antiseptic qualities this ointment prevents and cures Barber's Itch.

Cause of Early Old Age

The celebrated Dr. Michaelis, an authority on early old age, says that it is "caused by poisons generated in the system. When your stomach digests food properly it is absorbed without forming poisonous matter. Persons living on early old age and premature death, 15 to 30 days of 'Kidney Syrup' after meals makes your digestion sound."

James Gray's Funeral.

The mortal remains of James Gray, who died in the Fisher Hospital, were buried at Boundary Line Baptist cemetery on Feb. 12. Rev. C. O. Howlett, B. A., B. D., of Bath preached the funeral sermon and the church choir under the leadership of Mrs. Whitehead rendered appropriate music. The late Mr. Gray, 37 years of age, formerly resided near Bridgeville where he married a Miss Sharpe who died a number of years ago. Later having bought a valuable farm at Linville he there resided until a few weeks before his decease.

As a man he was of quiet disposition, most friendly and thoughtful and as such made many friends. In religion he was a firm adherent of the United Baptist church. Besides a wide acquaintance both in Maine and on the Saint John river he leaves of immediate relationship, three sisters to mourn their loss: Mrs. Charles (Etta) Sherwood, Mrs. Hill, Mrs. John (Elizabeth) Tabor, Hammond River, and Mrs. Geo. (Nettie) Nason, St. Marv's.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulderblade—Two Interesting Letters.

So many people suffer from derangements of the liver that we feel sure these two readers' interesting revelations will prove interesting reading and valuable information to many readers of this paper.

Mrs. P. J. Harvey, Kestler P.O., Maine writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work, over-eating, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Leroy, Twain, Cal., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that I could not detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment and used nine boxes, which cured me at that time. Then about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Liniment and Turpentine excellent for coughs and colic. In fact, any of Dr. Chase's medicines which we have used have been good." Dr. Chase's Kidney-Liver Pills, one pill a dose, five a box, 6 for \$1.00, at all dealers or Remission Sales Co., Limited, Toronto.

War to Peace

Make The Returning Soldier Welcome

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a *pension*—where his usefulness is impaired by his service.

It teaches a man a new trade when his service unfits him for his former trade.

It gives him free medical treatment when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the *soldiers' dependents* now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

After he has rested, the soldier must be provided with an opportunity for employment. In towns of 10,000 population, Public Employment Offices have been established to help soldiers, as well as war-workers, secure good jobs quickly. Where these exist, citizens should co-operate. Where they do not exist, the citizens themselves should help put the soldier in touch with employment.

The fighting job is done. It has cost many a heart-burning. But it has been well done. The least we can do is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.

Back From Overseas

Charles Bohan, son of John W. Bohan of Bath, was numbered among the returning men on the C. E. O. S. liner Tunisian. Pte. Bohan crossed overseas with the 69th Battery, but later was transferred into the 24th Battery in which he went to France. Fortunately enough to escape wounds in action, he fell, however, from the effects of German gas, and was returned to England for treatment. He enlisted when quite young, being detained in England

On Monday a crowd of enthusiastic citizens from Centreville and vicinity gathered at the Valley Railway station to await the midnight special. They were out to greet returning heroes in the persons of Ray Green, Perry Crawford and Ernest Powell who had arrived in Halifax the day previously. These men had all seen over three years in the service of the King, had done their full bit nobly and ungrudgingly in the fields of Flanders and had been wounded and invalided to Blighty. Smiling faces, joyful greetings and the glad hand met them as they stepped off the train on Monday evening and gladdened their hearts with merry hurrahs of "Welcome home."

News reached Mr. and Mrs. H. T. Scholey by telegram from Ottawa on Wednesday that their son, Lieut. Foster B. Scholey was seriously ill in a hospital in England, following the amputation of a foot. Lieut. Scholey was returned to Blighty for the third time during last August suffering from gunshot wounds. His many friends here hope for a speedy recovery.

A large number of the towns people went down on the Valley Friday morning to attend D. W. Griffith's beautiful motion picture drama "Hearts of the World," held in Woodstock on that date. All returned well pleased with the production.

Harry Burt of Bridgewater, who is convalescing from injuries received while employed by the Great Northern Pulp and Paper Co., in their plant at Millinocket, spent part of last week at the home of B. W. Burt.

Pioneer Mourns Departed Hero

Pioneer has lost one of her brave sons in the person of Signaller Leigh H. Anderson, son of Havelock and Addie Anderson.

The deceased was born July 14, 1895, enlisted May 28, 1916, at Woodstock, with the 63th Battery as a gunner. Sailed from Halifax July 26, arriving in England August 1, landed in France December 19 and was there transferred to the 12th Battery as signaller. Wounded Sept. 8, 1917 at Ridge, and was admitted to the Australian Hospital at Rouen. At Cambrai on Oct. 2, 1918, he paid the supreme sacrifice. He leaves to mourn his loss, father, mother, five sisters, Mrs. Percy Prior, Edna, Laura, Eva and Marion and one brother, Frank, all of Pioneer.

The following letters were received by his parents:—

Leonister, Eng., Nov. 4th
Dear Mrs. and Mr. Anderson—
I am forwarding some of dear Andy's snaps which were very precious to him. He has been a very great loss to you at home. I am taking the liberty of sending these as I am sure you would like very much to have them. Andy has been a great loss to me, as he and I were the very best of pals. I was with him when he was killed. We were in the trenches just behind Cambrai, when the G. O. S. was given and your poor boy, also my very best pal in the army, paid the supreme sacrifice at 5.45 p.m. Oct. 2.

I am sure he had many loved ones in Canada as he was well liked by all his chums. I cannot say much more, only that I and all of Andy's chums send our greatest sympathy in this great loss which you have sustained. I will try and give you a better account in a later letter.

I remain,
Yours very sincerely,
Sig. W. Leroy Ellwood,
12th Battery, C. F. A.

Dear Sir—Your letter of Nov. 4th requesting particulars of the death of your son Sig. L. H. Anderson, received.

On Oct. 2 your son was on observation post duty accompanied by Lieut. G. A. McClintock, Sig. J. M. Johnston and Sig. W. L. Ellwood. The observation post and surrounding area had been heavily shelled during the day, and at about six o'clock in the evening a shell burst some thirty yards from our O. P. party. A large piece of it struck your

son just over the heart killing him instantly. The rest of the party escaped unhurt with the exception of a few scratches and bruises. Your son's body was brought back to the gun position the next morning and on Oct. 4th was buried in Quarry Wood Cemetery, Signaller Ellwood wrote you on Nov. 4, also sending you by registered post some of your son's personal effects, which I trust you have received before this.

I wish to express my deepest sympathy with you and Mrs. Anderson in the loss of your son. He was a most efficient and reliable signaller, and at all times a

bright and cheerful lad. Trusting I have been of service to you.

Sincerely yours,
C. W. Doherty, Lieut.
for O.C. 12th Battery, C.F.A.
