Davis' Quinine Iron and Wine.

TESTIMONIALS.
UPPER CAVERHILL, York Co., N. B., July 25, 1882.
I have used Davis' Quinine Iron and Wine, and I consider it a wonder and the best tonic I have ever used, having tried several others without having been benefited any. I was indeed today, your Quinine Iron and Wine, and am now a new man, having gained by its use my former strength and activity, and as for my appetite, it never was better.
Very truly yours, BLUJAH NAVINS.

LOCAL AND PROVINCIAL.

THE GIBSON LEATHER COMPANY

The Gibson Leather Company intend holding a picnic down river about the end of the month.

Amateur was brought to St. John from Digby, on Saturday, in charge of an officer, and was taken to Boston on Monday morning.

It is Reported

that Alderman Scully is about to enter a suit for damages to the amount \$5,000 against Mr. W. J. O'Brien, for defamation of character.

Killed on the I. C. R.

A man, whose name has not yet been ascertained, was killed on the Intercolonial Railway near Riverside, on Thursday evening last.

The Excursion

of the Legion of Honor to Grand Falls has been postponed till the 17th inst., as suitable arrangements could not be made for holding it on the day previously fixed upon.

Contract Awarded.

Mr. Joseph Sherwood has been awarded the contract for building the new Skating Rink, which is to be erected on the site of the old Free Presbyterian Church.

Struck Dead.

Two grey horses belonging to Mr. Peterson, of Gibson, were struck dead in the barn, by lightning during the heavy rain storm on Tuesday evening. They show no other signs of injury.

Poisoning Accident.

A Miss Wason, belonging to Seventh tier Carleton Co., who was not altogether right in her mind, inadvertently ate some Peas Green on Saturday last, and died shortly afterwards.

The Hook and Ladder Company

are to conclude their picnic, which had to be postponed on Thursday last on account of the rain, by holding a picnic on Kenney's grounds this evening. The Fredrickton Brass Band will be present.

Drowned.

A boy named John Coughlan, eight years of age, while playing in a boat near the bath at wharf, St. John, on Monday afternoon last, fell into the river and was drowned. The body was recovered.

The Infants.

while digging the trench for the water pipes on Regent Street between George and Brunswick, came across a hole in the ground, which was a bag about four feet below the surface. Several very large logs and portions of trees were found.

Accident.

Mr. Thos. Ross while working in the machine shop of the New Brunswick Foundry, on Thursday last, had two of the toes of his left foot badly crushed. Dr. Conthard who was called, found it necessary to remove the last joint of one of them.

Personal.

Mr. Geo. Bennett, son of Dr. John Bennett, of St. John, has just graduated with distinction at the Medical College of Edinburgh.

Returned.

Mr. P. P. Thompson, M. P. P., and Mr. W. T. Whitehead have returned from their trip to New York.

Murder.

A cold-blooded murder took place on Tuesday last week at Tracadie, N. S. It appears that two men named Frank Brown and Randall McDonald had been in dispute about a lot of land. While the latter was cutting hay on Tuesday, Brown, who had hidden himself in the bushes, fired a gun at McDonald, the shot striking effect above the hip. McDonald died about an hour and a half afterwards. The murderer escaped by means of a boat which was ready for him at the shore.

Drowning Accident.

A young man named Thos. Hackett, night operator in the Railway Station at Sussex, was drowned while bathing on Wednesday afternoon last. The young man in going into the water got beyond his depth and notwithstanding the efforts of a companion, named Milmore, to save him, was drowned. The body was shortly afterwards recovered and taken to the Depot House, where attempts were made at resuscitation without success. The young man was a son of Hon. Mr. Hackett of Prince Edward Island.

Removed to St. John.

We regret that Mr. Seely, Sec.-Treas. and Mr. Greenhead, Gen. Passenger & Ticket Agent of the N. B. Railway Co., with their respective staffs, are about leaving Woodstock to take up official residence at St. John. Their coming here was considered a valuable addition to our community and their going away is a corresponding loss. We hope things may so work that it will be found to the advantage of the company to have a great while to restore these officers to Woodstock. —Carleton Sentinel.

Obituary.

We regret to record the death of Mr. Alex. McAdam which took place at his residence on George Street, on Friday last. Mr. McAdam had not been well for some time past, but his death was a surprise to many. The funeral which was largely attended took place on Sabbath afternoon.

Mrs. Hatheway, widow of the late Hon. Geo. L. Hatheway, died suddenly at her residence, Nashvaak, on Thursday last. She was stricken with paralysis on Tuesday and remained in an unconscious state up to the time of her death. The funeral took place on Sunday and was very largely attended.

Dr. — from Chloroform.

A man named Robt. Leck died in the Public General Hospital, at St. John, on Wednesday last, from the effects of chloroform, while undergoing an operation on one of his eyes. The chloroform was being administered by Dr. Crawford, resident physician at the hospital, when the patient suddenly ceased breathing. Artificial respiration was resorted to, but was of no avail. An inquest was held on the following morning by Coroner Earle. The jury returned a verdict "that the deceased came to his death from the effects of chloroform when administered for the purpose of the eye, and that every precaution was taken in the administration of the chloroform by those attending him."

N. B. Railway Company.

The annual meeting of the New Brunswick Railway Company was held at St. John, on Thursday afternoon last. The statement for the past year showed a great increase in the receipts over those of the previous year. The following directors were elected for the ensuing year: —Samuel Thos. President, Hon. Isaac Barpee, Vice-president; E. R. Barpee, General Manager; J. S. Kennedy, of New York, J. Kennedy Todd, of the same place, with the officers above named, executive committee. The other directors are: —Hon. Lord Elphinstone, of Muskegon, Scotland; Geo. Stephen, of Montreal; O. H. Northcote, of New York; D. Willis James, of New York.

Alfred Seely was re-appointed Secretary.

The Chief Commissioner in Carleton. Hon. P. G. Ryan, Chief Commissioner of the Province, reached here on Thursday evening last week, and on Friday was driven by J. S. Leighton, Esq., M. P. P., up the western side of the river as far as Florenceville, where they crossed over and returned by the eastern side. This was Mr. Ryan's first visit to the country, and we were glad to hear him express himself as delighted with the appearance of the soil, and the thrift and independence of the people. Mr. Ryan appeared to be much impressed with the scenery, and to have these things supplied so far as practicable. —Carleton Sentinel.

CITY COUNCIL.

The Regular Monthly Meeting Last Night.

The regular monthly meeting of the City Council was held last evening, His Worship Mayor Fisher presiding. Minutes of last month and special meeting were read and approved.

Cheques were ordered to be issued for the following amounts:—

Public Works.....\$ 306 92
Fire Department.....54 84

BRIDGES.

Laycock of Australia is about to issue a challenge to Llanlan.

Mr. John M. Wiley's new advertisement will appear next week.

The Planks on the sidewalk at the lower end of Queen Street are being taken up preparatory to laying the foundation for the new asphalt sidewalk.

Mr. Edward O'Neill, who has been for some time in the employ of the Western Union Telegraph Company here, has entered upon his duties as telegraph operator at the New Brunswick Railway Station at Gibson.

Damaged.

One of the five brick-making machines at the Margville cement factory, damaged a day or two ago. It will be in running order again in a few days.

Cheep Sales.

As will be seen by Messrs. Dever Brothers' new advertisement, they are about planning on their count a large number of remnants which have accumulated during the past six months. These remnants which consist of dress goods, cottons, etc., will be sold at extremely low figures in order to make room for fall importations.

Kirk Pic-nic.

A meeting of the Kirk Pic-nic Committee held last evening. It was decided to hold the annual picnic on Wednesday next, at Gilbert's Landing, Burton. This landing is a beautiful place on which to hold a picnic, as there is a fine view of the city and harbor from the shore, and a large number of trees to afford shelter from the sun. The management of the picnic is in the hands of a large and efficient committee who have planned up a fine programme of sports, for which suitable prizes will be given. The steamer "May Queen" has been chartered for the day, and a band of music engaged.

An Indian Shot.

On Wednesday last an Indian named John Sweeney, a resident of the Indian reserve, in his canoe, near Dalhousie, dying in about half an hour. The unfortunate man (who was about 30 years of age) was sitting in the bow of the canoe paddling—another Indian sitting in the middle, and a third steering. It began to rain, and the Indian sitting in the middle moved the gun in order to cover it; the hammer came in contact with some wood in the bottom of the canoe, and discharged, the contents entering Morrison's back to the left of the spine, above the hip bone. He exclaimed, "God's sake," at once became unconscious, and continued so until he died. An inquest was held on his body, and returned in accordance with the facts.

Schleyer's Photograph Studio.

This studio has recently been refitted and greatly improved. Several new and costly appliances have been added, and nothing has been left undone to make the establishment one of the first of its kind in the Maritime Provinces. The premises are spacious and neatly furnished. A waiting room has been fitted up, where views of different parts of the Province are to be seen, and interest in the interesting subjects of the studio, reaching nearly from the floor to the ceiling, gives the subject a full opportunity of preparing for the coming event. Near the waiting room, but wanted to know what provision was to be made for other public works.

Ald. Farrell stated that a certain amount had been placed in the assessment for the construction of a sewer on Regent Street, and he thought the committee should go on with the work. He moved that the Road Committee be authorized to proceed with the construction of the sewer.

Ald. Wilson was in favor of building the Regent Street sewer, but wanted to know what provision was to be made for other public works.

Ald. Wilson was in favor of building the Regent Street sewer, but wanted to know what provision was to be made for other public works.

Ald. Farrell stated that a certain amount had been placed in the assessment for the construction of a sewer on Regent Street, and he thought the committee should go on with the work. He moved that the Road Committee be authorized to proceed with the construction of the sewer.

A Vermont Bank Closes—On Account of Its President's Railway Speculation.

St. Anna, Vt., Aug. 6.—The Vermont National Bank of St. Anna, Hon. Bradley Barlow, president, closed its doors this morning, causing great consternation among depositors. Barlow is also president and owner of the South Eastern Railway of Canada, and it is understood that he has failed and that all his property is involved, besides a considerable amount of money loaned by banks to individuals to assist in his railroad management. Barlow says he has assigned all his property to the bank for the benefit of depositors; that his failure is due to the unexpected result of his attempt to sell the South Eastern Railway to the Canadian Pacific road; that he expected up to a few days ago to accomplish the sale, but failing in this was compelled to suspend.

The bank has discounted about \$25,000 for the Southern power and a loan made on the bonds of the Boston, Montreal & Portland railroad. Failing to raise money on the bonds it was deemed best to close the bank. The deposits in the bank are about \$200,000 and Barlow's personal property will be paid in full. The officers of the bank state that its affairs are in a proper shape, and the bank examiner has been notified of its situation. The South Eastern Railway road which has been taken in hand by Mr. Barlow, who raised it from a state of inefficiency requiring a large outlay. Barlow, who held a large amount of the bonds, had not attempted to pay the interest on the bonds, and the road has been an active borrower in consequence, in order to carry on the improvements, the earnings barely covering current expenses. The line extends from Montreal to St. John, N. B., and is 100 miles, having branches to various points in the Province, which make up a total of 300 miles of road operated. The suspension of the road would deprive this year's trade, which is likely to have a serious effect upon numbers who have been depending upon Barlow's paper but the real condition of affairs in this respect has not been known. It is understood that Barlow had invested about \$100,000 in the South Eastern Railway.

COMMUNICATION.

New Brunswick Teachers Appreciated Abroad.

To the Editor of the GLEANER, Sir.—Only a few days ago, by reading correspondence from the West, I was impressed more than ever with the fact, that the results of our present School System, both in regard to Common and Normal Schools, compare favorably with those of other parts of America.

This spring, one of our young ladies, who had the privilege of such an education as our country schools afford, and had spent but six months in the Normal School, was the first of her kind in the Maritime Provinces. The premises are spacious and neatly furnished. A waiting room has been fitted up, where views of different parts of the Province are to be seen, and interest in the interesting subjects of the studio, reaching nearly from the floor to the ceiling, gives the subject a full opportunity of preparing for the coming event. Near the waiting room, but wanted to know what provision was to be made for other public works.

Ald. Farrell stated that a certain amount had been placed in the assessment for the construction of a sewer on Regent Street, and he thought the committee should go on with the work. He moved that the Road Committee be authorized to proceed with the construction of the sewer.
