Invigorating Rain.
Most persons have noticed that the first rain after a long drought has an almost magical effect on stunted vegetation. Part of this effect is now believed to be due to the fertilizing power of the ammonia that collects in the air during a drought.

HELP FOR WORKING WOMEN
Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. Now she regained health:
Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, and had to hire a donee. I heard so much about Lydia E. Pinkham's Vegetable Compound, that I bought three bottles and I found it to be all you claim. Now I feel as well as ever, and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 610 St. Clair St., Frankfort, Ky.

Grasshoppers Flying Feats.
The grasshopper would seem to have nothing in common with the sea-gull, yet they have been picked up in swarms at sea in some cases no less than 1,200 miles from the nearest land.

The African grasshopper has been known to cross the Red and Mediterranean Seas in destructive numbers, and even to fly to the Canary Islands. For the most part they are of a migratory species noted for its great flights. The bodies are about 1 1/2 inches long, and equipped with large air sacks in addition to the air in their breathing tubes. These sacks blow on the insect so that it is able to stay in the air for days at a time, covering practically no floor at all. During flight its speed varies from three to twenty miles an hour. When it alights it rests on the water and is borne along the waves.

Enthusiastic.

Under the heading, 'There's an Orchard a Hundred Miles Long in Nova Scotia,' 'The Map' Leaf published in Oakland, California, says:
"Grandmothers of all orchards on this continent are those of Nova Scotia, between two great rolls of mountains that use to be lava when the world was young, and now play at wind breaking for the hundred-mile long Annapolis Valley, with the bright blue Annapolis River flowing down the center of it. The Acadian French planted the first trees back in the valley."

made in little sailing vessels we're afraid to trust out of sight of the pierhead.
"Who doesn't love apple blossoms—miles of 'em, with a salt ocean breeze shaking out the sweetness, and a June sun flirting with every perfect tree at the same time? Who doesn't love a baked apple, too—a big, red, juicy, baked apple like a melting island in a sea of cream? The Nova Scotians assert that there are no apples to compare with theirs, because the salt air gives them a taste that no inland grown fruit can boast of.
Apple growing is a good proposition in Nova Scotia, for the trees live

A Link With the Past.

80 YEARS SINCE PILLORY WAS ABOLISHED IN BRITAIN
It is just eighty years ago since the pillory was abolished in Britain. The pillory as a form of torture is known all over Europe, and in fact accounts, it had a longer history in Germany than in England.
Its form is, of course, familiar to all. The culprit, generally a criminal although ages were often put in the pillory for political offences as well as placed on a pillory, and his head and hands were forced in a small cage.
The culprit, his fate was worse a terrible one, for the enraged populace often beat and stoned him.
Readers of Besant's novel, 'The Orange Girl,' will know how the torture was dreaded by all classes of criminals. Occasionally a prominent and influential personage would be sentenced to detention in the pillory, as was Lord Cochrane, but fortunately for his lordship, the punishment was never carried out. Strange scenes were witnessed at the pillory, as in 1759, when the offender was supplied with refreshment during his imprisonment, and protected from the weather by means of an umbrella.

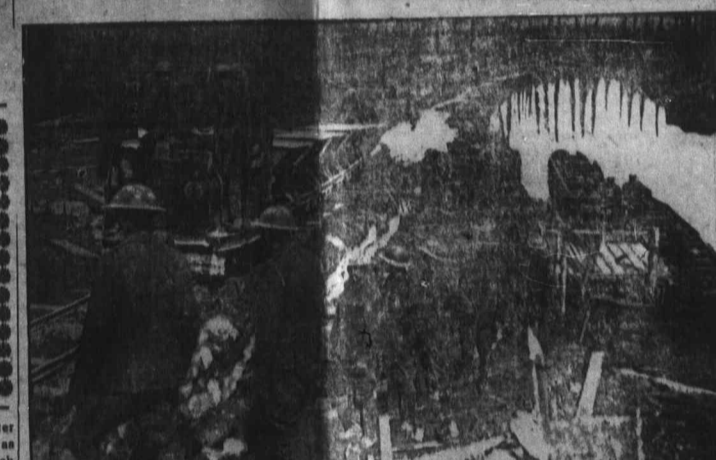

A Builder of Health.

Nothing can be of greater assistance in building up the system than Dr. Chase's Nerve Food, for this food care forms new, rich blood, and nourishes and restores the feeble, wasted nerve cells. Gradually and naturally the body and mind regain vigor and energy, and you feel again the joy of living which comes only to people in good health.

Ich Dies or Elch Dyn.
Which is accurate as the motto of the Prince of Wales—Ich Dies or Elch Dyn? The one is German and the other Welsh. The one means 'I serve,' the other 'I hold the man of.' 'Ich Dies' was the motto of John, king of Bohemia, who in the Black Prince's law at Creep. 'Elch Dyn' are the words supposed to have been used by Edward I. when presenting his infant son to the Welsh assembly at Caerwyn.
Welsh tradition has adhered naturally to the Welsh form. The other has been more popularly accepted. London Lady's Pictorial

It is a big job to think that anemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. Delayed development, pale faces, headaches, palpitation, and a feeling of listlessness, call attention to weak blood in the case of girls. But many boys in their teens grow thin and "weedy" and have pimples on the face, showing that they have not enough blood. The anemic boy is just as likely to become a victim of consumption as the pale, breathless girl with her headaches and worn-out look. Let the boy in this condition catch cold and he will lose his strength and his health becomes precarious.
To prevent serious disaster to those of the rising generation, let both boys and girls be given the new, rich blood which Dr. Williams' Pink Pills are famous the world over for making. When giving these pills watch how soon the appetite returns and how the languid girl or the weak boy becomes full of activity and high spirits. Remember that the boy has to develop, too, if he is to make a strong hearty man. Give both the boys and girls a fair chance to develop strongly through the new, rich blood Dr. Williams' Pink Pills actually make. You will then see active boys and girls instead of weakly children around you.
Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box of six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockton, O. S.

Golden Cry FOR FLETCHER'S CASTORIA
A woman seldom atter p to hide her jealousy under a basket.

Severe Headaches and Pains in the Back
Resulted From Deranged Kidneys and Constipation of the Bowels.
It is in vain to try to regulate and restore the healthful action of the kidneys until the liver and bowels are set right.
And just here is where so many kidney medicines fail. Kidney derangements almost invariably begin with constipation and hardening of the liver. The whole work of filtering the blood is thrown on the kidneys, and in time they fail to stand the strain. The poison in the system gives rise to severe headaches, pains in the back and tired, oppressed feelings.
Doctors (they not directly on the liver and bowels, as well as on the kidneys) Dr. Chase's Kidney-Liver Pills are eminently successful in the treatment of kidney derangements.
Mr. William Loney, Maryville, N.B., writes:—"I am glad to recommend Dr. Chase's Kidney-Liver Pills to anybody who is suffering from kidney trouble or constipation. I suffered for a long time from kidney disease and pains in the back, but have found that by using one pill a week the kidneys and bowels are kept in good order, and I do not have any more pains in the back or head like I used to have. I was also a great sufferer from piles, and could get no relief until I used Dr. Chase's Ointment. This ointment is entirely cured now, but we always keep both the pills and the ointment in the house for use when they are needed."
This statement is endorsed by Mr. F. Saunders, Town Marshal, who writes that Mr. Loney's letter is true and correct.
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, at Kingston, Mass., & Co., Limited, Toronto.
Remember that imitations only disappoint. The genuine bear the portrait and signature of A. W. Chase, M.D., the famous Boston Book author.

Local Happenings.

Auto. livery. A. C. Cox, phone 130.
The "Richmond Vocal Studio" opened Tuesday, with a large number of pupils.
The Supreme Court has been in session at Kentville this week. Mr. Justice Harris is the presiding judge.
Don't let your soldier lad get away without having photographs made at the Graham Studio; 15 now in stead of one dozen.
Messrs. Bruce and Aubrey Spencer succeeded in getting a fine mouse web before last as the reward of a few days in the woods back of Falmouth.
Mrs. Philip S. Halsey will be at home to her friends on Wednesday and Thursday afternoons and Thursday evening, October 17th and 18th, at her home in Somerset.
H. Pines, optometrist, is at his office over Rand's drug store Mondays, Tuesdays, Saturdays, Wednesdays, Thursdays, Saturdays, will answer to calls in or out of town.
Kent Lodge will be open to receive a limited number of guests during the winter months, or will let rooms for light house-keeping. Apply to Mrs. RAN or TAYLOR.
Mr. E. R. Redden has removed his photograph studio to the building opposite Rand's drug store, recently occupied by J. G. VanBaskirk, which has been nicely fitted up for his use.
Rev. E. S. Mason, of this town, with his brother, his son and his brother's son, had good fortune while on a hunting trip in Annapolis county last week. In two days they secured two fine moose.
The members of the W. C. T. U. and "Y's" were entertained at the home of Mrs. B. O. Davidson, Sumner street, on Tuesday evening. A very interesting program was presented, including a full report of the recent Convention at Truro by Mrs. W. O. Taylor. Refreshments were served and an enjoyable time was had.
Mr. Henry Rogers, who has been working Dr. Stackhouse's farm during the past year, informs THE ACADIAN of an unusual crop of potatoes they have been digging during the past week. One hill produced fifty-three potatoes, twenty-four of which were of sufficient size to ship. They also had a very heavy crop of wheat and other crops to correspond.
The St. John's Business College evidently believes that the Remington typist is the only one thoroughly well equipped for the many demands of modern office work. They have now standardized their equipment and made it all Remington—purchasing 34 Remingtons from me and trading out 32 other machines. A MILNE FRASER, Halifax, N. S.
Citizens and visitors should not forget the visit of Rev. E. B. Moore to the Methodist church on Sunday next, Oct. 14th. He preaches Harvest Thanksgiving sermons at 11 a. m. and 7 p. m. The choir will sing special anthems, and the church will be decorated with fruit, vegetables, etc., according to custom. Special Thanksgiving offerings will be taken up for local expenses.
FOR SALE.—A Clydeville Mercantile worker. Apply to Mrs. C. Hogan, Wolfville, or to A. C. Murphy on the farm at Church St.
THE ACADIAN has it on good authority that a ship-building concern is about to begin operations in Wolfville. Mr. R. B. Harris is promoting the undertaking and has secured a lease of the property on the east side of the creek on which in past years many fine vessels were constructed, and operations, it is said, will begin as soon as a suitable man can be secured to take charge. This will be good news for Wolfville; we trust not too good to be true.
Money to loan on Real Estate security. Apply to Owen & Owen, Barristers, Annapolis Royal.
Two handsome shields manufactured by Rylee Bros., Toronto, are on exhibition at the jewelry store of J. F. Herbin. These shields were donated by Col. R. W. Leonard, through the I. O. Daughters of the Empire in a Dominion Essay Competition. The small shield is awarded to the writer of the winning essay, Fred Russell of Wolfville, while the large shield is to remain as School Trophy of Acadia Collegiate Academy. Mr. Russell's essay entitled, "How the British Empire Should be Governed," was published in the June Athenaeum, 1917.
Prof. Clarkson reached Wolfville Monday from New York City bringing with him a full engineering report on the Cape Split hydroelectric project. The report is a complete endorsement of the entire project by some of the ablest consulting engineers in the United States. The reports on the tests of the Clarkson current turbine shows this invention to be the most efficient current wheel ever designed. A 15,000 horsepower plant is planned for the initial installation at Cape Split and the cost of power from 1918 plant will be extremely low.

A Work of Merit.

I wish to call the attention of the public to the recently issued report from the Transactions of the Nova Scotia Institute of Science, by one of our Wolfville boys, Mr. Robt. Wilfred Tufts, entitled 'Notes on the Birds of the Grand Pre Region, Kings County, Nova Scotia. The list contains the names of 125 species, with a very interesting note recounting the author's observation appended to each. I regard this publication as a valuable acquisition to science. It should stimulate our citizens to greater activity in bird study. It is a work of more than ordinary merit, and shows a fine spirit in its author in giving to the public, at the expense of considerable time and effort in the compilation of his notes, the valuable data it contains—data that has taken him over twenty years to collect. This work should serve as a strong incentive to students in other departments of science. H. G. PHARY, Acadia University, Oct. 8th, 1917.

Lockhartville.

The engagement is announced between Miss Bertie Bedeas Mitchell, and Mr. Sydney Edward Bowden Elliot. The wedding will take place in April of 1918, as Mr. Elliot will winter in Florida and build a summer residence on the Big Road. Miss Mitchell will be better known as Mrs. Hall, the second wife of Hall, the Bigamist, of Windsor, N. S. Mr. Elliot is the second son of Major F. B. Elliot, R. M., and grandson of General Sir G. Freeman on his mother's side of the family. Mr. Elliot is the owner of considerable property in Halifax and Windsor, Ont., and Detroit, Mich. He has also served in the Boxer Revolt in China in 1900 and South Africa as Lieut. R. 10th. He was in Tampa, Florida, when the present war broke out, and went to Bermuda where the B. C. R. Regt. spent most of its time as a private. He was wounded twice and is now discharged. We join in with all and wish the couple a happy future.

Miss H. A. Stuart and her friend, Mrs. Bradshaw entertained a number of ladies very pleasantly on Wednesday afternoon at 8 o'clock and tea. A delightful social time was spent. Mrs. Bradshaw has made many friends during her visit at Wolfville.

Departing Pastor and Wife Honored.

At the close of the Friday evening service in Immanuel Church, his ladies presented Mrs. Vincent with several handsome pieces of table silver, as a slight expression of their appreciation of her untiring efforts in connection with the activities of the church, during her stay of three years. Mr. Vincent was also remembered by them with a beautiful book—one of the latest on the war, illustrated. This was later supplemented by the use of the church with a sum of \$50.00 to Mr. Vincent, whose vigorous preaching will be much missed. His farewell sermon on Sunday evening was the occasion of the church being packed to the doors.—Truro News.

'THE ROOFING OF QUALITY'

is used and endorsed by the leading railroads, manufacturers, farmers and poultrymen throughout the United States and Canada.
Put up in rolls 36 inches wide containing one square (100 square feet) and two squares (200 square feet), with sufficient extra for laps with no extra charge. Nails, tape and cement for applying in core of each roll, also printed instructions.

L. W. SLEEP.

Recent Deaths.

The death of Edward Lothrop Gould, a highly esteemed citizen, occurred on Wednesday, Oct. 10th. Mr. Gould had been ill for over two years with paralysis so the end was not unexpected.

He was the son of Capt. Stephen Gould and Mary Ann Borden Gould, of United Empire Loyalist descent. His grandfather settled at North Grand Fie on the property known as the "Gould Homestead," which has been in the family from that time. Mr. Gould was twice married. His first wife, Rachael Rathburn, daughter of Capt. Amos Rathburn, of Hortonville, had one son, Edward Vernon, who lives on the Gould Homestead. His second wife is Carrie Elean Borden, also of Loyalist descent and a relative of the premier. By this marriage there are three children—Nathan, of the senior class of Acadia University, Harold and Victor.

For many years Mr. Gould was a prosperous farmer at Grand Pre. He was Capt. of the Militia, receiving his appointment from Queen Victoria. He was also justice of the peace in and for the county of Kings, for a long period. Five years ago the family moved to their present home in Wolfville. Miss Annie M. Stuart, so long registrar of deeds, is a niece and Sir Robert Laird Borden a second cousin. Other than his own children there are no Goulds in Canada related to the deceased. The funeral takes place at 2 o'clock Friday afternoon from his late home.

The many friends in this vicinity of Miss Isabel Wilkins will be grieved indeed to hear of her recent demise in the city of Victoria, B. C. The following is copied from the Victoria Times:—Miss Isabel Wilkins, daughter of the late Sheriff Wilkins, of Windsor, Nova Scotia, passed away on Monday, Sept. 24th, at the residence of Mrs. Travis, 124 Beechwood Ave. in this city. It is only a week ago that Miss Wilkins, accompanied by Mrs. Travis, arrived here from Edmonton hoping that a change to a lower altitude would benefit her health. But it was too late, and her condition became steadily worse almost from the time she reached Victoria. A woman of generous impulses and devoted to young people, she some years ago adopted two children, Mrs. Travis and Cecil Higgins, both of whom feel their loss very keenly. She is survived by four sisters in Windsor, N. S., and a sister-in-law, Mrs. L. M. Wilkins, in Victoria. The funeral service was held on Thursday, 27th. The Rev. William Spence, pastor of the Emmanuel Baptist church, officiated. Friends of the family, some of them Nova Scotians, gathered to pay a last tribute of respect and brought lovely roses, lilies, carnations, etc. Mr. Stevenson spoke beautifully and fittingly of Miss Wilkins' frequent Christian character, and notable social house, and constant thought for others' comfort and happiness. The interment was in Ross Bay Cemetery, by the side of her eldest brother, Mr. Lewis Wilkins.

Canada's First Model Town.

LARGE PAPER COMPANY ACTING UNDER OBSERVATION COMMISSION'S ADVICE IN FATHERING THE SCHEME.
Canada's first model town will be built on the Upper Ottawa. A splendid site overlooking Lake Timiskaming has been laid out according to modern principles of town planning by the Commission of Conservation through its Townplanning Adviser, Mr. Thomas Adams, who has acted as consulting engineer. Building operations will be started shortly by the Kingston Pulp and Paper Co., who are to erect a large sulphite mill and paper plant nearby and for the accommodation of whose employees the town is intended. A contour map showing the levels of the site was first prepared and the streets were then laid out so as to secure easy grades, directness of route, and absence of sudden deflections. The usual method of rectangular survey had been adopted, the most important streets would have had grades of from 10 to 18 per cent, but, under the plan, the maximum grade has been reduced to 3 and 5 per cent in most cases, with a maximum of 9 for short lengths. Before any buildings have been erected the line of each street has been blazed through the forest so as to fix the best street locations and to secure the best aspects for the dwellings. Areas are being set aside for open spaces, social centres, churches, schools, etc., in advance. The main approach to the town will be by a street 80 feet wide, passing through a square on which the stores and public buildings will be erected. It is proposed to make the town a model of its kind, as it is recognized by the promoters that healthy and agreeable housing and social conditions are vital importance in securing efficiency of the workers, and that large employers of labour have a direct responsibility in providing proper living conditions for their workers.

'BE FIRST AT A FEAST AND LAST AT A FIGHT'

Join heartily in every effort to better our town and district. Avoid the complaining spirit. Be a "Booster" and not a "Knocker." Patronize the people who live here and contribute to all local improvements. Do not spend your money away from our town and district, until you make sure that our local merchants cannot do as well or better. Generally they can do better.

The town has taken over the management of the street lighting and the result is a great improvement. More powerful lights had been installed and the whole system is now on a meter. These dark nights the improvement is a welcome one. Beginning Oct. 1st the ancient custom of quoting price per dozen will be done away with at the Graham Studio. At a recent meeting of the Town Council Mr. H. Y. Bishop, who has been acting town clerk since the death of Mr. Black, was appointed to that office. Mr. Bishop has done splendid work in the office and will make a good town clerk.

EVERY HEADACHE HAS A MEANING

If there is one practice more dangerous than neglecting a headache altogether, it is taking drugs simply to numb the pain. Headaches are nature's warnings and serve a useful purpose. They tell of a function overtaxed or deranged and the wise man or woman takes steps accordingly. When the kidneys are not performing their natural function the blood stream becomes clogged with impurities—a fruitful cause of headaches, constant headaches, and more serious complaints if nature's warning is not heeded. The sufferer feels sluggish, unwilling to work, the back aches and there is a drowsy sensation on stooping. If the cause of the trouble is unchecked, Rheumatism, Lumbago, Swollen Joints and Ankles follow, until GIN Pills are resorted to and the kidney action restored to normal. The beauty of the GIN Pill treatment is that first it will in all probability remove both headaches and cause; second, if there is no cure, the simple remedy can do absolutely no harm, and you have only to write the manufacturers and your money will be refunded. GIN Pills are sold at 50c a box or \$ boxes for \$2.00 on the money-back guarantee. If you have any difficulty in securing GIN Pills write for a free sample to National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U. S. address, New Drug Chemical Co., 240 N. 3rd St., St. Paul, Minn.

Eye Examination and Scientific Fitting. Lens cutting, torics, amber or regular, (I can replace any lens wherever fitted) repair work on frames and lenses, a large stock of frames and lenses. Years of experience in fitting and optical work.
