### The Meaning of Values

Some people think that because a garment is low in price it is a "value" This is not always true. "Value" means something more than low price. It means low price and high quality. Many low priced garments look well for the moment but second grade materials, skimmed seams, cheap trimming soon tell in poor wear. Such garments are not values. They are merely cheap merchandise, nothing more.

### Real Values—Farrah Values

Are something quite different. They are garments that represent the best in material, in tailoring, in finish. They are garments that have quality and style, garments for which you would willingly pay more. But because our buying organization enables us to purchase at great concessions, because our volume of business enables us to sell on a smaller margin of profit, we are able to offer them at prices which means real and consistent values.

OUR MERCHANDISING POLICY IS TO SELL A LARGE VOLUME OF GOODS ON A SMALL MARGIN OF PROFIT THAT MEANS BETTER GOODS AT LOWER PRICES.— REAL VALUES.

### To demonstrate this we are offering values in Women's Suits

The essential points to study in a suit are its style and its material. Is the suit smart? Is it correctly tailored? Does it fit the line of your figure? And is the material so firmly woven that it will retain its shape through all weathers and all wear? The suit values we are offering in this great demonstration meet every one of these demands.

### BATHURST HOLDS McLELLAN CUP

There was no match for the Mc Lellan Cup at Bathurst Wednesday night owing to Maccan having defaulted. Oxford, which was scheduled for Wednesday Feb 14 has also defaulted and the next match will be with Westville, two rinks, on Feb. 21. Halifax, Moncton, Stellarton and Mayflowers are the remaining clubs to play after Westville. So far this season Bathurst has successfully defended the cup against Chatham, Fredericton, Newcastle, Thistles and Truro.

### SUPREME COURT ADJOURNED

The Supreme Court which since last Thursday, has been hearing the Buckley Estate vs. Insurance Companies, adjourned Tuesday evening. The time and place for the continuing of the cases is to be fixed by the judge, which in all probability will be either in Moncton or St. John. Counsel for the plaintiff is M. G. Teed, K.C.; H.A. Powell, K.C.; for the defendants, J.H.A.L. Fairweather and F. R. Taylor.

Arrangements will also be made for the trial of the remaining cases. **FIRST DAY OF LENT** Tomorrow, February 14th, is Ash Wednesday, the first day of Lent, and also St. Valentine's Day.

### CARNIVAL AT RINK A GRAND SUCCESS

The Carnival given last Friday night by the Miramichi Hospital Aid and the Red Cross Society was a magnificent success in every particular. Over 500 people were in attendance and the costumes worn by the skaters were the subject of much favorable comment by the spectators. Ten bands were enjoyed by those who enjoy skating, while hot cocoa and doughnuts were served by the ladies of the two organizations. The gross receipts were in the vicinity of \$190.00 and all who took part are delighted with the success of the carnival.

Prizes were awarded as follows:— Best Ladies Costume—(Rainbow) Mrs. Robert Crocker Best Gents Costume—(Julius Caesar)—Weldon Jardine. Best Girls Costume—(Indian Princess)—Theresa Ronan Best Boys Costume—(The Sheik) Joseph Maroney Best Original Costume—(Sunkist Oranges)—Alma Paulin Special Prize—(Highland Laddie) Raymond Landry

### THE PAROLE OF MILLETT STEWART

Hon. J. P. Byrne Will Take Up Matter at Ottawa

Hon. J. P. Byrne, attorney general, expects to attend the meeting of the National Council on the Administration of Criminal Justice to be held at Ottawa on Feb. 16th. Mr. Byrne said that no official action can be taken by the Attorney General's department in regard to the release of Millett Stewart, Neguac, Northumberland County, upon parole after serving but one year of a sentence of fifteen years for manslaughter. The Attorney General pointed out that the pardoning power was vested solely in the federal authorities, but said it had been the practice to refer such matters to the crown officers of the province, and in Stewart's case this had not been done.

It was intimated that Hon. Mr. Byrne would probably personally bring to the attention of the federal authorities the representations made to him by J.S. Martin, M.L.A. that the people of the section of Northumberland County to which Stewart has returned to reside consider him a dangerous man and object to his release upon parole. Mr. Byrne has been urged to take action to have the parole cancelled, and it is possible that after consulting with Chief Justice McKeown, of the King's Bench he may request cancellation.

## MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE I. CROUSE, Hemford, N. S.

**My First Child**  
Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYK, Glen Allen, Alabama.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." C

## The Only Remedy Says This Doctor

"The treatment of skin diseases (eczema) and diseases of the scalp is known to be difficult," writes Dr. W. L. Randolph. "However, there is one remedy that is known to be entirely dependable in this distressing and troublesome disease. I refer to D. D. D. Prescription."

If you have never tried D. D. D. for skin diseases, whether a small spot, or whether one of the dreaded forms—the torment of eczema or the hard scales of psoriasis—get a bottle at once on our guarantee that if it doesn't relieve you your money will be refunded. \$1.50 a bottle. ## BATHURST HAS ARMY BANQUET

Premier Veniot At Reunion Of North Shore Regiment

Bathurst, Feb. 7.—The annual reunion and banquet of the North Shore Regiment, "132 Battalion," held this evening in the Hotel Gloucester was a successful event. About 40 former officers of this unit and their friends gathered round the festive board and did full justice to the menu provided by the hotel management. Music was supplied by an orchestra composed of Lieut. Robert Doucett, pianist; Edgar Smith-Morse, and Mrs. T. J. Leger, violin; Miss Lucie Doucett, cello; Herbert G. Landry, cornet.

The toast list was as follows: Our Regiment, proposed by Major H. S. Murray, of Chatham, and responded to by Mayor H.H. Troy of Campbellton. Our O.C., proposed by Lieut. McKnight of Douglastown and responded to by Lieut. Cuthbert Donald. Our Guests, proposed by Lieut. E.J. LeBlanc, and responded to by Hon. P.J. Veniot, Premier of New Brunswick.

In his address the Premier dealt with militia matters, and voiced the hope that the Federal government would see its way clear to restore the militia units to full strength and provide the usual training facilities for them.

Colonel Houlston, M.D. No. 7, and Hon. J. P. Byrne were unable to be present and sent messages of regret. The Town of Bathurst toast, proposed by Lieut. Harry Culligan of Campbellton, complimented the town on the go-ahead spirit shown by its citizens and the progress which had been made in every line. This toast was responded to by Mayor J. B. Hachey who tendered the keys of the town to the "Boys" and told them the place belonged to them for this occasion.

The last toast was that to "Our Fallen Comrades." This was drunk in silence. Two former chaplains of the battalion, Rev. E.J. Murdock,

## "FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DORION ST., MONTREAL.  
I suffered terribly with *Dyspepsia*. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion, so I tried them.

After finishing a few boxes, I was entirely relieved of the *Dyspepsia* and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives!"

and T. Harrison, were unable to be present. Lieut. Col. Donald presided and had on his right Premier Veniot and on his left Mayor Hachey.

## Winter Weather Hard On Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**INDUCTION SERVICES**  
Rev. Ronald Davidson has accepted the call to Douglastown and Nelson and will be inducted to the pastoral charge of that congregation on Tuesday evening, Feb. 13, when the Presbytery of Miramichi will meet with the congregation in St. Mark's church, Douglastown. By appointment the Moderator of Presbytery, Rev. J.H.A. Anderson, will preside and induct. Rev. William Girdwood will preach, and Rev. L. H. MacLean will narrate the steps. Rev. W. McN Matthews will address the minister and Rev. Alex. Firth the people.

**SUNNY CORNER**  
Sunny Corner, N. B., Feb. 5—Misses K. Johnston and M. McAllister of Boom Road were the guests of the Misses Nolans on Friday.  
Mr. and Mrs. Adam Hill of Cassils, were visitors here on the 1st.  
Miss Alice Burns has gone to Red Bank for a few weeks.

Mrs. Fanny Mullin was a visitor to Red Bank one day last week.  
Mr. E. Mullin was in Sunny Corner part of last week.

## THE INFLUENZA GERM DISCOVERED

Schenectady, N. Y., Feb. 3—Hopes of thousands of sufferers from epidemic influenza for a cure or preventative of the disease were raised today by the announcement of the discovery of the cause and the isolation of the germ by two doctors of the Rockefeller Institute of Medical Research.

The isolation will permit experimentation with antitoxins and antitoxins. So small is the germ that it must be magnified one thousand times before it is seen distinctly under the microscope. The germ lodges in the nose and throat during the first 36 hours of influenza infection, then attacks the lungs in such a way as to make them susceptible to other germs in the nose and throat, notably those of pneumonia and bronchitis.

The report which contains an announcement of the discoveries regarding the flu germ issues this warning:

"Recent reports received from abroad and from points in the United States," it says, "indicate that a secondary wave of epidemic influenza, relatively mild in character, is passing over parts of Europe and America

## Here and There

St. John, N.B.—J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, announced that the only large expenditure in his district during the year will be for ballasting and bridges. Mr. Woodman returned from Montreal, where he was on a business trip.

Edmonton.—The northern railway extensions, which under the recently announced agreement with the Union Bank will be proceeded with next spring, are to be built by the Canadian Pacific Railway Construction Department. One of the conditions of the agreement between the provincial government and the bank interests is that the C. P. R. do the construction work, it is stated by Premier Greenfield, and the conditions will be complied with by the government, which had originally intended building the roads under its own railway department.

Port Arthur.—Additional track-age accommodation will be constructed by the Canadian Pacific Railway in its Port Arthur yards this coming summer, especially at Current River, to take care of the increasing grain trade to be created by the elevators there. Other work will also be done locally and at Fort William considerable will be undertaken, including the replacement of the two large freight sheds destroyed recently by fire, with buildings of an improved and fireproof type.

Carlton Place, Ont.—On the occasion of the retirement of roadmaster Jelly and section foreman J. Millikin from the C. P. R. Company's service, the fellow employees and their wives gathered at the town hall, Saturday, and a social evening was spent. The tables were laden with the very best that a caterer from Ottawa could provide, and about 150 people were present from all classes of the company's service.

St. John, N.B.—C. E. McPherson, Assistant Passenger Traffic Manager of the Canadian Pacific Railway, with headquarters at Winnipeg, was in St. John recently, the guest of his brother-in-law, Dr. W. W. White. Mr. McPherson is always a welcome visitor to St. John where he was for many years as the representative of the C. P. R. up to 1897 when he went to Toronto, and later in 1899 to Winnipeg, his headquarters since. He has watched this Western metropolis grow from a town of 40,000 to a city of 200,000.

Yorkton.—Another milestone in the history of railway development in Yorkton and district was marked when the members of the clerical staff of the C. P. R. freight department took up their quarters in the offices of the new freight shed. This building is 240 feet long and 40 feet wide, and provides accommodation for eighteen cars of freight. The building and track alterations involved an expenditure of nearly \$70,000.

Winnipeg.—Great interest in the increasing of facilities for the storing and handling of grain at the head of the lakes was reported by Charles Murphy, general manager of the Canadian Pacific Railway, who returned from Fort Williams. Mr. Murphy stated there would be an enlargement of at least 4,000,000 bushels in the storage capacity during the coming summer, and it was hoped the new equipment would be in working order in time to take care of the next crop. Two privately owned elevators were to be erected and the buildings of the Saskatchewan co-operative company to be enlarged he stated. One construction outfit was already on the ground and construction would be pushed as soon as weather conditions permitted.

## Are Red Rose Ads. read?

We often wonder—

The following letter appears to answer the question.

Halifax, N. S., January 26th, 1923.  
Halifax Herald: Re your contest for display advertising. In my opinion, today's best advertisement is that which appears on page Thirteen, displaying "RED ROSE TEA." This ad. is noticed immediately on account of where it appears on the page, also the black ground and white letters. This cannot but be noticed. The wording is very brief, and would be read by most people reading this paper.

Newcastle, N. B.  
February 7, 1923.

Dear Sir:

As my case versus Dr. Bell has since the trial been referred to in your paper, I find that a wrong construction has been placed upon the fact that Dr. Bell has been successful in the suit. I wish to lay the facts before the public.

I was called to prescribe for the late Mrs. Vautour and did prescribe medicine for delirium, following grippe. About a fortnight afterwards, I was called up by telephone and informed that Mrs. Vautour was very ill and suffering from distressing prolonged attacks of hiccough, and I was asked to prescribe a remedy, but I was not asked to go because I confine my work to office practise, consequently I prescribed Elixir of Benzyl Benzocate, and the directions I gave were placed upon the bottle, namely twenty to forty drops in plenty water, repeat in one hour if needed, then every three hours if needed.

This medicine was prepared in Chicago, and put up in a two ounce bottle. Mr. Morris, the Druggist who filled the prescription, had previously sold out of the bottle one ounce of its contents and he sent the remaining ounce in the original bottle with its own label still attached as it came from the Chicago firm.

On the original bottle the firm's label is as follows: From twenty drops to two teaspoonfuls (or 120 drops) to be taken in water or milk, repeat in one half hour or in one hour. The druggist's label which called for only twenty or forty drops was pasted over the firm's label.

Miss Yvonne Vautour, the daughter of Deceased, administered to the patient three doses of the medicine at intervals of two hours, giving in the three doses altogether only

sixty-three drops, and no medicine was given after ten o'clock at night.

During the night Mrs. Vautour became worse and an effort was made to obtain a physician and Dr. Bell responded arriving about seven in the morning. He stated in his evidence that he found the patient in an unconscious condition and he inquired as to medicine she had taken, and he understood Miss Vautour to say that her mother had taken over one-half bottle in the three doses, and Dr. Bell not being familiar with the medicine he smelled it and considered from the odor that it was poisonous and contained some Prussic Acid derivative. He then told some members of the family that he was of the opinion she had been poisoned.

Before bringing action, I had been informed that Dr. Bell had made statements at the house of Deceased she was poisoned, and that any that were most damaging and too well known now for repetition.

Dr. Bell denied on oath that he had used any such language, but being under the impression that Mrs. Vautour had taken the whole half bottle, he said that he believed that medicine in an over dose was poisonous as a rule.

Dr. Bell gratuitously called in the coroner Dr. Desmond, to investigate the case and to decide upon the cause of death. Dr. Desmond went to the house of deceased to make inquiries, and found that Mrs. Vautour had died from natural causes.

Dr. Bell at the trial when pressed on cross-examination admitted on oath that he was not familiar with the medicine, and was wrong in his impression that the medicine had caused the death.

Dr. MacKenzie was called by Dr. Bell as a witness, and he swore that the medicine could not cause the death if taken as a whole or in the prescribed doses, and he stated that such a suspicion could only be entertained by the Doctor in ignorance of the character of the medicine.

The presiding Judge Chandler told the jury in his charge that there was no evidence whatever that the medicine did or could produce poisoning, that the medicine was absolutely harmless and the whole bottle if taken could not have had any injurious effect.

The only points left to the jury were whether Dr. Bell had uttered the slanderous words, and if he did utter them whether or not they related to myself. The jury evidently believed Dr. Bell's denial of the statements he was charged with making. I did not begin this action from any mercenary motive. I simply wanted my course to be vindicated and so far as this purpose is concerned, I have been entirely successful. There is one thing whether the jury believed Dr. Bell or my witnesses, Mrs. Young, Mrs. Boudreau and Mr. Vautour, husband of Deceased Mrs. Vautour, is a matter that I anyway care very little about. I will not discuss Dr. Bell's conduct towards me or the correctness of the view taken by the jury as to whether or not Dr. Bell uttered the alleged slanders. If the public are interested in the matter, they can weigh the facts for themselves. The only comment I shall make is this, that the people, and the relatives of the deceased, and the people outside the family as well, got the idea into their minds that Mrs. Vautour was poisoned and Dr. Bell is responsible for causing this impression to be created, whether through the medium of the language charged or any other language. Another thing is clear that Dr. Bell knew when he expressed the suspicion that Mrs. Vautour had been poisoned that there were only three people who could reasonably be connected with the poison, first, myself, who prescribed the medicine, second the druggist who filled the prescription, and third the innocent young daughter who waited upon her mother. He himself has now exonerated me, and his witnesses have now exonerated what I prescribed, and that the bottle had the dose upon it limited to twenty or forty drops, exonerated me. The fact that the medicine was used by the druggist, and the fact that only one teaspoonful of the medicine had been taken from the bottle exonerates the daughter. The only one who comes out of the episode unexonerated is Dr. Bell, who hastily at least formed the conclusion (in ignorance it may have been) that the medicine was poisonous, and who before expressing his suspicions had not enquired as to what this medicine really was.

**SON IS BORN TO PRINCESS MARY**

London, Feb. 7.—Princess Mary, daughter of Viscount Lascelles, gave birth to a son tonight.

The bulletin announced that Princess Mary's son was born at 11.15 p.m. The Princess and infant are reported to be in excellent condition.

The marriage of Princess Mary, daughter of the King and Queen of Great Britain, to Viscount Lascelles took place at Westminster Abbey Feb. 28 last year. The wedding was made the occasion of a regal ceremony, in which all the world was interested.

Princess Mary was the first of the children of King George and Queen Mary to enter into the married state and this is the first grandchild of the British Royal House.

St. John, N.B.—The Canadian Pacific freighter, "Bolingbroke" recently brought from London the largest import cargo to reach St. John since the war. She was crammed to the hatches with more than 4,700 tons of general merchandise. Capt. E. Landy, who is in command, said that he had never carried a more valuable cargo and expressed great satisfaction that not a single package had been lost. Included in the cargo were silks and other valuable dress goods, dry goods of various descriptions, perfumes and many other expensive commodities. A cargo of this kind makes lots of work for the longshoremen.

Vancouver.—Carrying a record shipment of Canadian apples to the Orient the Canadian Pacific 16,850-ton liner, "Empress of Asia" recently sailed.

On opening the crates in the Oriental ports the consignees of past shipments have found that the apples are as fresh as if taken from the tree. This is partly due to the fact that at this time of the year the perishable cargo only gets one day of tropical heat during the whole voyage across. The "Asia" took approximately 350 tons of this commodity in her hold, the largest consignment of apples to go through the Narrows this season for the Orient.

St. John, N.B.—Figures compiled at C. F. R. headquarters show that the port of St. John has handled very much more freight to January 19th this season, as compared with the corresponding period of last year.

Exports totalled 260,472 tons of all classes of freight handled by the C. P. R. officials through this port since the beginning of the winter port business. Last year during the same period 146,393 tons passed through St. John; showing an increase of 114,079 to date for the present year.

Last year's import business during the same period totalled 27,892, while this year 28,832 tons of import freight have been recorded, an increase of 1,140 for the present winter port season.

The total increase in both export and import business for the port's business to date shows 115,219 tons over that handled during the same period a year ago.

Victoria.—Just what use to make of the forty-foot Indian war canoe presented the Canadian Pacific Company by the Alert Bay Indians is a problem that is giving Capt. J. W. Troup, manager of the B. C. Coast Service, considerable thought. Chief Johnnie, of the Alert Bay tribe, came down in person to make the gift to the Canadian Pacific officials, and in his native tongue expressed the appreciation of his followers to the company for the attention given them whenever travelling on the Princess steamer.

**Develop Your Will**

Bad habits are mental diseases, and they can be cured as easily as physical ones. Will power is mental health. You can develop it by definite exercise just as you would develop the muscles of your back. In "The Way to Will Power," Mr. Henry Hazlitt sets forth some rules for this purpose.

The first rule he gives is this:—Before you make any formal resolution whatever, make certain that you genuinely wish to carry it out. Let there be no doubt that the end you have in view is so desirable or advantageous that it will outweigh all desires or all other ends that are likely to be foregone or abandoned in order to attain it. In short, be sure you are willing to pay the price!

Second rule—"Once you have made your decision, having coldly decided that that is what you want and that you are willing to pay the price, your decision is forever beyond dispute. You should never ask yourself again whether it is really worth while staying at home to study for a specified number of evenings each week; whether a man who has resolved to stop drinking can really do so without blowing to pieces; whether smoking is really harmful as you had thought it was; whether a man in a moderate position, without so many responsibilities and burdens on his shoulders, doesn't really get just as much enjoyment out of life as the success.

**Paint Glowing Pictures**

"Those questions are forever closed, you have asked them before and you have decided them. You will know that thoughts determine action, and to control your actions you will begin by controlling your thought. You will vivify all the advantages that will come from carrying out your resolution. You will paint them in glowing colours. You will dwell on them constantly. The disadvantages you will ignore. They are disadvantages only to fools: a wise man does not think them so."

Third rule—"Concentrate on the positive end; avoid the negative. Fill the mind with the positive idea of your resolve, and you will carry it out."

And another rule—"Never deny temptation—evade it."

"Let us take the very practical matter of asking for a raise," says Mr. Hazlitt. "You think you are worth more money. You know you are. You have always known it. You have been waiting long enough for the chief to find out, but the chief has proved either singularly stupid or singularly selfish, and you have determined either to enlighten him or to uplift him spiritually. Your mind is fully made up."

"But though your mind was made up a week ago, you haven't asked him yet because on one day you had a mountain of work that had to be shovelled out of the way, and on the next you had been out late the night before and you didn't feel equal to an interview, and on the next you didn't look very neat, and on the next you were waiting for some mis-take of yours to blow over," and on

the next the chief wasn't in a good mood. In fact, you will tell yourself anything except that you didn't have the courage.

"And yet to put off such an interview, when you have fully determined that it must be had is like putting off getting up in the morning, or putting off diving into cold water when you have gone down for a swim." The longer you stand on the diving board the colder the water seems to get, the more terrifying becomes the height at which you are standing from it.

"This spirit of vacillation and procrastination comes mainly from habitual weakness. We might just as well possess habitual strength. It all depends upon the habits which we are nursing day after day. The omnipresence of habit is almost terrifying when one reflects upon it. From the minute a man stops his alarm on one morning till he stops it habit controls him. It dictates and makes possible nine-tenths of his actions. And nine-tenths of the habits of most men are formed unconsciously. It is astonishing that men should leave this thing to chance when it determines the very texture of their lives."

"On the pathos," remarks Mr. Hazlitt, "of telling yourself when each new temptation arises, 'I will begin to reform the next time.' This will begin to reform the next time, but this will be the last."

How Business Transactions Became Public

London, Feb. 9.—The members of an important business circle which meets each week to discuss large transactions were mystified recently to find that the results of their deliberations were known to the outside world even during the progress of meetings held behind closed doors.

For some time no solution of the mystery could be found, but one day a curious belt was seen to have slipped down below the waistcoat of one of their number. He insisted at first that it was a support recommended by his doctor, but eventually he admitted that it was a miniature wireless transmitting set.

The belt contained the necessary batteries arranged like cartridges in a bandolier, the aerial was a long coil of wire attached into his waistcoat, in his coat pocket was a tapping key

**MEET FRED WELLER! SEE HIS BIG DOGS IN "OVER THE BORDER"**

Famous Alaskan Dog-Team Driven by in Scene of Picture

Fans meet Fred Weller, who contributes much to your enjoyment of snow scenes in motion pictures.

Fred has always been interested in and loves dogs. He bought from Admiral Peary the pack of Alaskan dogs with which the Admiral made his successful dash for the Pole. It is the descendants of that pack which you can see dragging the sled across the snow in "Over the Border," the Penrhyn Stanlaw production featuring Betty Compson and Tom Moore, which will be shown at the Empress Theatre for two days, Wednesday & Thursday.

You can see Fred, too if you look sharp. He is the Royal Northwest Mounted policeman who guides the dog-team.

Fred is an authority on archeology and ethnology, having studied the subjects while in the Government service at Taos, N. M., where he helped the Taos Indians in ridding the reservation of troublesome squatters so successfully that they made him a member of the tribe.

Then he accepted a position as technical adviser on Indian and animal lore for picture directors. When he is working on a picture, his wife nearly always plays a part in it. They worked on "The Round-Up," "Behold My Wife," and "The Call of the North."

The supporting cast of "Over the Border" includes Casson Ferguson, J. Farrell MacDonald, Sidney D'Albrook, L. C. Shumway, Jean deBriac, Edwin J. Brady and Joseph Ray.

which worked a muffled buzzer. The signals sent out by this apparatus were, of course, very weak, but they were easily picked up by a large and very sensitive valve receiver situated in an office on the opposite side of the street.

The leakage was explained at once. The offender was ejected minus his body belt, which was kept as a souvenir, and secrecy was at last obtained.

**General Debility Follows Influenza**

The After Effects Often More Serious Than The Disease Itself

No reasonable precaution to avert an attack of influenza should be spared. The disease itself often proves fatal and its after effects among those who are spared, make the life of the victim one of almost constant misery. Ask almost any of those who have been attacked by this trouble what their present condition of health is and most of them will answer: "Since I had the influenza I have never been fully well." This trouble leaves behind it a persistent weakness of the limbs, shortness of breath, bad digestion, palpitation of the heart and a tired feeling after even slight exertion. This is due to the thin-blooded condition in which the patient is left after the fever and influenza have subsided. This condition will continue until the blood is built up again, and for building up the blood and strengthening the nerves nothing can equal a fair treatment with Dr. Williams' Pink Pills. The value of this medicine in cases of this kind is shown by the statement of Mr. Ed. J. McGuire, Pembroke Ont., who says: "In the fall of 1918 I was attacked with the influenza—and not in a mild form either. I was confined to my room for three weeks, and although the influenza subsided I did not regain my health. As a matter of fact I seemed to be growing weaker. I had no appetite, was subject to fainting spells and my feet and ankles were badly swollen. The doctor told me that my condition had developed into a serious case of anaemia, and although I was under his care for over two months I was not improving in any way. At this stage one of my friends advised me to try Dr. Williams' Pink Pills. I was loath to do so, as I began to think my case hopeless. However, I was finally persuaded to try them, and by the time I had used two boxes there was no doubt they were helping me. I continued taking the pills until I had used a dozen boxes, when I found that every symptom of the trouble had left me and I was again enjoying the best of health. I returned to my work and have ever since been in good health and feel that I owe it entirely to Dr. Williams' Pink Pills. I think that anyone who is suffering from the after effects of influenza, or any form of anaemia, should give this medicine a fair trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**OBITUARY**

DANIEL CAIN

The community of Sunny Corner was saddened on Sunday night when it was learned that Mr. Daniel Cain had passed away after a lingering illness of about twelve weeks, and although his death was not unexpected it came as a sad surprise to many of his friends, who hoped he would linger until the warm spring days had arrived, which would bring about a sufficient recovery to enable him to be in their midst during the summer months, but God's will was our law, for where a friend was needed in sickness or trouble, Mr. Cain was always one of the first to offer and render service.

Mr. Cain was a son of the late Anthony Cain of Trout Brook and is survived by two sisters and two brothers.

The funeral service was conducted at the home of Mr. Allan N. Jan by Rev. Mr. Greenwood on Tuesday at 2 p.m., interment being made in St. Stephen's Cemetery, the remains being in charge of the L.O.L. of which the deceased was a valued member.

The pall-bearers were:—Messrs. James McDonald, John Porter, Wm. Hosford, Everett Mullin, Fred Leach, and James Paris.

MRS. ANNIE ADAIR

Mrs. Annie Adair, widow of the late Wm. Adair, was found dead in bed at her home on Thursday morning by her daughter, Mrs. Dolan. Deceased leaves to mourn four daughters, Mrs. James Fagan, Mrs. Allan Maloney, Mrs. Margaret McKay and Mrs. Dolan of Newcastle and three sons, John of Berlin, N. H.; Wm. of Moncton and Robert of Newcastle. The funeral was held Sunday afternoon at 3 o'clock, interment in St. Mary's Cemetery.

of the Lord Beaverbrook Chapter I. O. D. E., for the year ending Jan. 31st, 1923.

Four new members have been added to our roll and three names struck off on account of a move from town, leaving a total now of 25 members.

We have been holding our monthly

ly business meetings for the past year in the Court House and have found it very convenient as well as successful.

On Feb. 23 last the I. O. D. E. joined with the Red Cross in holding a carnival. Refreshments were served during the evening and several prizes awarded, the proceeds of which amounted to \$64.45 for each Society.

During the winter months of 1922 the Chapter supplied milk for several babies in the town and assistance was given to a number of poor families owing to the unemployment at that time.

Three prizes were presented each to Harkins Academy and St. Mary's Academy for British History in grades 7 and 8 and patriotic songs were dedicated for Empire Day.

In April we donated \$10 to Salvation Army and \$25 to the Central Relief Committee for charitable purposes.

On May 18 the I. O. D. E. helped to supply models for a picture and fashion play given by the A. D. Farrah Co. for benefit of the Nurses Home, the proceeds of same being \$87.00. In June the Chapter held a 5 o'clock tea and fancy sale at the home of Mrs. W. A. Park making in all \$200.39.

On October 26th Mrs. Courtland Johnson gave our crutch a very interesting and instructive lecture on the National Annual meeting in Vancouver.

In Nov. our chapter held a card party in the Town Hall making a profit of \$107.10.

We have undertaken to donate \$25 each year for 5 years to the Moxton Home for young women.

On the 19th of Jan. we presented 18 War Memorial Pictures to the Harkins Academy.

Our donation to the Nurses Home Fund this year was \$150 and to the War Memorial \$75.00.

Our receipts amounted this year to \$586.65 and expenditures \$544.33 leaving a balance at the present time of \$42.02.

We want to thank the public and press for their kindness to us during the past year which has helped so much toward the success of our Chapter.

We sincerely hope that in 1923 we will be able to contribute even more generously to the War Memorial, Nurses Home Fund and other worthy causes.

Respectfully submitted,

Gertrude R. Ritchie,

### Urges Churches To Use Newspapers

Methodist-Episcopal Church Committee at Chicago

Chicago, Feb. 4—Every church should set aside money to be used for newspaper advertising, Rev. J. T. Brabner, of the committee on conservation and advance of the Methodist-Episcopal Church, declared in an address here today.

"The church can send its message in the papers to non-church readers and to those of its members detained at the home because of sickness, business and other causes," he said.

"The preacher speaks to hundreds, while the newspapers speak to thousands and millions. Church members should assist editors, but criticism of editors and editorials policies of news is harmful. The pulpit and press should pull together and not apart."

And now each little pilgrim,  
As happy as can be,  
Goes floating on a sponge cake  
Across the Hungry Sea.  
And when he wants a picnic,  
He steers his boat to shore  
And eats it all from stem to stern,  
And then cries out for more!  
So "S'p Ahoy!" and "Sail Ahead!"  
Here comes a gay flotilla,  
All sweet with good FIVE ROSES flour,  
All fragrant with vanilla!

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Selge's Syrup will correct faulty digestion and afford relief.

### THE ROARIN' GAME

Yes old dear, I am a full-fledged member of the Curling Club. A bonnie wee curler, that's what I am. I dare say you would like to hear all about it—No?—I don't mind telling you a bit, old man—Not interested?—Well after all, what do I care? Haven't I listened to your golf babble often enough? Its my turn. You sit there and listen.

Just like you, I was, when I was young. I used to skate at the rink in the old home town; some times, when the band stopped for a few minutes to clear the icicles off its moustache, I would look over the partition at the curlers. My word!—I mean of course Ma conscience!—What a game!—I can see them yet. Old chaps, thirty-five, forty, even fifty years of age, pottering about the ice with brooms, and those great stones—stones, I should say, like heavy teakettles without spouts. What a game!

I used to wonder why they did not all dodder off home, and die quietly in their beds. It was a childish ignorance, as the poet says. Curling is not like that at all. It has many points in common with golf. I thought that would startle your weak intellect. Like golf it is ancient, it is of Scottish origin, and it has a language or dialect of its own.

It is this very language difficulty that puts so many novices off the game. It seems so different that they despair of ever mastering it, and decide to take up Commercial Spanish instead. It seems simpler and more useful in the business world after all. "Soop'er up," (or Soup,—the spelling is optional) and "draw the port," sound mysterious, and "they're lying," or "you're lying" rather offensive. Don't let that worry you for a minute, my boy. The astonishing thing is that you don't have to learn the language at all, at least not for years, and by that time you'll probably have picked it up, no matter how stupid you are. It has a very small vocabulary.

The explanation is simple enough. The skip is the only man that does the talking—he and the Vice Skip,—and it may be for years and it may be forever that you'll wait to become either the one or the other. Your job is to listen and obey orders like a soldier. Yours not to reason why and all that sort of thing.

What's the Skip?—Surely you know that much. He is the Captain of your side, your O. C.—and he won't let you forget it. Curling gets its sub-title, "The Roarin' Game," from the tone of voice in which he issues his commands. If you don't understand what he says it's a safe rule to go ahead and sweep the ice like mad. Sometimes its right and sometimes it's wrong; you're likely to be crimed and up for orderly room whatever you do.

If you hadn't interrupted me I would have told you that of course you don't have to remain absolutely silent throughout the game. You can talk to your stane—to both of them—all you want. It is a great help to the young player, after he has delivered his shot, to run along the ice beside it, whispering words of caution or encouragement. In

Try This MAGICAL HERBAL HEALER FREE!

"If I had known of Zam-Buk five years ago, it would have saved incalculable misery," says Mr. F. Aestridge, of 8, St. Paul St., St. Catharines, Ont. "The intense pains often caused me to cry out aloud in agony. During my years of suffering I tried just about everything that I heard was good for piles. It was quite useless, however, and I despaired until one day, after using a sample box of Zam-Buk that a friend happened to bring along, I felt such pronounced ease that I was encouraged to persevere with the treatment. I got through three boxes of Zam-Buk in all and by that time to my great joy, all evidence of the piles had completely gone."

In piles, abscesses, ulcers, etc., no one should ever submit to an operation before trying Zam-Buk. This renowned herbal balm with its unique soothing, healing and germicidal properties cannot be equalled for dealing with pain, soreness, swelling or inflammation.

Zam-Buk is also splendid in eczema, poisoned wounds, chaps, cold-sores, ringworm and scalp sores, burns, scalds, cuts, cold of the chest, rheumatism and other winter aches and pains.

conversation with your stane you may of course speak English, or any language with which you are both familiar.

You are, no doubt, well acquainted with the game of African golf, and you will remember that the same custom obtains there. It is an interesting point of similarity, and points to a common origin for the two games.

But about the Skip—I was going to tell you about him—thanks for reminding me. I have already said he must be implicitly obeyed. He must also be treated with respect, not to say deference. You and he may be as chummy as you please in private life, but there must be no familiarity on the ice. I remember very well an unfortunate young fellow who came to grief in his very first game. He was from the tropics—the Niagra Peninsula, and had never seen snow or ice in his life till that year.

About the third end he walked up to the Skip, who happened to be a partner of his in the Real Estate business, and tried to borrow his broom.

Slapping him on the shoulder, he addressed him as "Cap."

"Lend me your rubbers, Cap," said he.

The Skip's anger was terrible. Snatching up a ninety-six-pound stane, with one blow he crushed the unhappy youth's skull like an egg-shell.

Poor young man! A promising player he was too.

I remember well an incident in my first season. Keen as horse-radish I was, but ignorant. I was just ready to deliver my rock. Like the brave Admiral Kempenfeldt—only different—

My foot was in the hack, My fingers held the handle when the Skip's voice boomed down the ice: "Come in wi' your your oot!"

That's what it sounded like to me, but I felt sure I had not heard him aright.

"What?" I yelled back, What's that, Skip? "Come in wi' your oot!" I felt certain it couldn't be that. I turned to my comrades. "Hurry up. Shoot! He wants you to draw," said they.

Well, I was just getting ready to make a nice snappy draw, when I saw my brave Skip coming down

the ice: my blood was up, and I started towards him, we met at the hog line, and conversed across it.

"Sorry, Skip" I said, "I don't seem to hear very well; perhaps it's because my left foot is partly frozen. What you said sounded exactly like 'Come in with your oot, to me.'"

He answered me with painful distinctness, as if I were an Idiot Child.

"I want you," he said, "TO COME-IN-WITH-YOUR-OUT. And," he added, "I want you but in front, so hold your hand."

So it was true, after all! I went back to my post and sent down a lovely shot, clearing the house, where we had been lying three.

I was sorry he hadn't told me to hold my left foot, instead of my hand, but orders are orders.

Gone to sleep, have you? Wake up and tell me, as man to man, if it's true what I hear, that you have gone into the boot-legging business—Sorry, sorry. Had to do something to rouse you.

What has boot-legging to do with curling?—Nothing. Nothing whatever. But in the old days, before my time, it was the custom of curlers, some curlers to use brooms with bamboo handles. You'll see what I'm getting at in a minute. They used to bore these handles out with long red-hot poker or what not. Then they fitted the end with a cork, and there they were, just like a thermos bottle smoky flavor'n everything. Very sustaining during a bonspiel.

It strikes me the boot-legging fraternity are over looking a bet I suppose the secret has died out, or else the sleuth-hounds of the Department are a lap behind. A dozen brooms is nothing but a dozen brooms to them. Some day, perhaps, they'll land suddenly, and the Attorney General will be completely surrounded by an impenetrable forest of confiscated broom-sticks.

Going? Good night, old man. Glad to have had a chat with you. See you at the rink, Eh! what?

It is stated that many of the smelt fishermen of Westmorland, Kent and Northumberland Counties have petitioned the department of fisheries of the federal government to extend the present fishing season, which is due to close in a few weeks. The reasons advanced by the fishermen for their request are that unfavorable weather conditions in the rivers early in the season, which opened on December 1st for netters, and an abnormal snowfall late in Dec-

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The cold weather during the past few days has been very severe on the men engaged in cutting ice on the river. The river is a cold spot during the winter months and with the thermometer below the cipher, ice cutting operations are carried on with difficulty. ### CONSERVATIVE GAINS

Under all the circumstances the Conservative gains in the Quebec elections must be regarded as evidence of a remarkable change in public opinion. Fourteen months ago the Conservatives failed to elect a single candidate in the whole province. The provincial government had the support of the Federal Government and of the entire Quebec contingent at Ottawa. It had millions of revenue from the liquor traffic at its disposal in the constituencies. It had the advantage of getting several seats by acclamation through the action of partisan returning officers in rejecting the nomination papers of opposition candidates. It is a decided victory and indicative of the waning prestige of the bogus Liberalism now in power.

### Famous Curler Died in Scotland

Ex-Provost Gordon, of Bathgate, Scotland, Has Joined the Silent Majority

News of the death of ex-Provost Gordon of Bathgate, Scotland, has been received. He will be remembered by very many Canadian curlers as one of the leading Scottish curlers who made the tours of Canada in 1903 and 1912. Indeed the ex-provost was one of those who were the pioneers in establishing these international competitions and his participation was only in the closing days of the stadium which was built in 1912. He was one of the Canadians figured when they visited

Scotland in subsequent years, will be remembered by Canadian curlers. It was hoped that the ex-provost (who had been a very prominent citizen of the town of Bathgate, having served nine terms as the chief magistrate of his burg, would have been with the Scottish curlers for the third time on their present trip. Indeed, up to the beginning of December last, it is understood he had intended to be one of the party now in Canada. Early in December, however, as a result of a cold which followed a visit to Edinburgh by motor in order to hear the renowned prima donna, Madame Melba, he was struck down by pneumonia, from the effects of which he never rallied. The ex-provost was a many sided man both in public affairs and in sports. He was an expert bowler, a fine orator and a progressive business man. His interest in his native town is shown by his public bequests, he having left \$35,000 to aid in providing a new town hall; \$2,500 for the benefit of the Choral Union, of which he had been a member for many years and an ex-president; and \$2,500 to the Bathgate Academy, of which he was a trustee. In addition to private bequests, Ex-Provost Gordon also left the residue of his estate to go to the Edinburgh Royal Sick Children's Hospital. Many readers of the Advocate will regret to hear of the passing away of so fine a specimen of Scottish manhood and good fellowship.

The late Mr. Gordon was a cousin of Mr. John Russell and Mrs. Dr. R. Nicholson of this town. On one of his many curling trips to this country Mr. John Russell, his cousin, met him in Moncton, when the family ties were talked over. Since this meeting a correspondence between the two gentlemen has been kept up. Mr. Gordon delivered a lecture on his trip through Canada on his return home to Scotland, and this lecture was afterwards printed in pamphlet form, a copy of which is now held by Mr. John Russell.

### Postmaster Praises Tanlac

Declares It Restored Him Completely When Almost Helpless From Rheumatism

Joseph Frederick Warren, a well known resident of 1156 21st St., East Vancouver, B. C., Post Master, at one time, for sixteen years at Cornwall, Prince Edward Island, recently gave out the following statement regarding Tanlac: "Tanlac made such a wonderful improvement in my health two years ago that I have been a staunch supporter of it ever since. I consider it the greatest medicine for rheumatism, loss of appetite and a run-down system in the world. "The rheumatism had got so bad in my arms, shoulders and hip I was forced to quit work. I couldn't take a step or move a muscle without suffering torture and at times I couldn't even put my coat on. My appetite went back on me too, and I was run down all over. "Well, five bottles of Tanlac rid me of the whole thing and built me up so that I have enjoyed good health ever since. I have never come across the equal of Tanlac in all the seventy-two years of my life." Tanlac is for sale by all good druggists. Over 35 million bottles sold

### PROBLEMS OF LAW TO BE DISCUSSED

A gathering of the National Council on the Administration of Criminal Justice, is to be held at the Chateau Laurier, Feb. 16. Among the problems to be dealt with are the creation of a court of criminal appeal for Canada, carrying out death penalties at federal penitentiaries instead of localities where crimes have been committed and the establishment of provincial reformatories of a corrective character.
