Guelph Evening Mercury

MONDAY EVE. SEPT. 28, 1874.

The Next Guelph Central Exhibition.
To the Editor of the Mercury.

Sir,—The great event of the year, the
Provincial Exhibition, is over, and owing
to the fair claims of the City of Ottawa
being accorded to, we in the West for a
season are not so immediately connected
with its prospects otherwise than wish-
ing it every success. Our own local Ex-
hibition is also a thing of the past in one
sense, but at the same time we must
avail ourselves of the opportunity afford-
ed by the distance of the next Pro-
vincial Exhibition from us, and I would
warn its friends and your readers that in
order to carry out so great an undertak-
ing, you must set about it within a week
or so of its being held, then to exclaim
presto, and expect the thing to be done—
at least to be done well.

If you wish your Show to be a success,
no one is over you than you should
steadily and carefully organize for an
entire campaign, employing all the ex-
perience learned at the last one to re-
medy in the future defects and deficien-
cies, and to this end I would now par-
ticularly draw your attention.

From a passing remark in some paper,
I see that you flatter yourselves that
you were "only second to the Provincial."
That may be, but you must not rest
on your oars. You have not only to go
with the times, but to get ahead if
possible. Re-organize your prize list, in-
crease in many classes if you can make
such arrangements that all descriptions
of stuff on exhibition shall be conveni-
ently and well housed. Organize such a
staff—on this much depends—that
everything shall work in unison, and
your show for 1875 will be one of the
largest ever seen west of Toronto. Plan
and talk it over until your meeting in
January next, so as to have the most
liberal and comprehensive programme,
for you will not have such another op-
portunity for years.

I was in Toronto on Thursday, and
could but rejoice at the excellent turn
out of people at the Provincial Exhibi-
tion, and the good display there; not
that I think your people were far
behind them in many classes, and had
you been blessed with the same fine
weather, there is but little doubt that
your finances would have reaped a richer
harvest.

I also attended in the evening the
annual meeting of the Association in the
Agricultural Hall, where the contest for
the honor of holding the Provincial Ex-
hibition of 1875 took place. There was
keen competition by the advocates of
Kingston and Ottawa, and finally it was
decided in favor of the latter by a vote
of two to one. I believe, and I am not
alone in that belief, that Kingston's ex-
tremity is Guelph's opportunity. The
verance of the leading men of Ottawa—
both commercial and agricultural—that
their success in the voting on Thursday
evening is due. It is a lesson to both of
these classes in your community to put
their shoulders to the wheel, and thus
render the show of 1875 a splendid suc-
cess. You can do it if you will. It
only requires union. Don't let your
annual meeting of the Agricultural Soci-
ety pass off in January as a matter of
course. Attend it one and all. You are
each personally affected by it, and al-
though a public Association, you are all
more or less individually interested in
its success.

If you will carefully examine the prize
list for the successful competitors, you
will find this county, as a county, takes
the largest share of rewards. To main-
tain this supremacy you must continue
holding out greater inducements, both
financial and in regard to accommoda-
tion. Had the country not been sorely
pressed with a dry season, the show for
cattle, like the horses this year, would
have overwhelmed you. With this
warning before your eyes be up and
doing.

Although your Exhibition manage-
ment is mostly composed of members of
Agricultural Societies, you should not
forget that their early efforts have de-
veloped themselves from an Agricultural
Show into an Exhibition. Let it also
be an exposition. Yours truly,
G. W.
Nichol, Sept. 26th, 1874.

The Great Boat Race at St. John, N.B.
Brown the winner.

St. John, N.B., Sept. 26.
After repeated postponements on ac-
count of unfavorable wind and water,
the great race between George Brown, of
Halifax, and Morris, of Pittsburgh, Pa.,
took place this afternoon on the Kenne-
becus River.

The water had been in fair condition
all day, but Morris demanded a perfectly
smooth course; and Brown's friends,
though annoyed at the delay, did not
press for a start until Morris was satis-
fied. A capital start was made soon after
three o'clock.

It was a splendid race from the begin-
ning. Brown appeared to get a slight
lead at the start, but Morris showed
and the two went on together. Morris
rowed forty strokes a minute, and Brown
a few less. Approaching the turning
boats, two and a half miles down, Brown,
who appeared to be taking things easily,
made a spurt, which brought him up
even.

The two made the turn together and
Brown immediately drew away, getting
and holding a lead of a length. Towards
the finish he made a fine spurt and cross-
ed the line a length and a half ahead,
time 37 minutes. Morris acknowledged
he was fairly beaten; he rowed a good
race, but it was clear to Brown's friends
that the latter could have done better if
necessary.

Large sums of money have changed
hands, but large odds have to be given
to Brown, being not so general as it
usually is.

The crowd of Halifax men are over-
joyed at this new success of their
champion.

FIRE IN ST. CATHARINES.—On Friday
evening Hellem's planing mill, carpenter
shop and lumber yard, in St. Catharines,

Election in France.

Typhoon in Hong Kong.

Comotion in Mount Etna.

Overflow of a River.

Widespread Destruction.

Paris, Sept. 27.—Partial returns of vot-
ing in the Department of Maine et
Loire, give Le Maille, Republican candi-
date, 25,000, and Bruno, the candidate of
the Septennate, 30,000 votes.

London, Sept. 28.—A frightful typhoon
passed over Hong Kong yesterday. The
steamers *Leonora* and *Albat* and eight
other vessels were wrecked or foundered,
and many are missing. A great number
of houses were destroyed, and it is re-
ported that one thousand persons were
killed. The damage to property in the
city and harbor and in surrounding coun-
try is immense.

It is reported here that Antigua, Gu-
atemala, was destroyed by an earth-
quake last night at ten o'clock. Guate-
malta City must have suffered severely,
as the earthquake was felt four leagues
from Antigua.

Rome, Sept. 27.—Mount Etna is still
in a state of agitation. Rumbling noises
are heard inside, and yesterday an earth-
quake shook the mountain to its base.
The shocks extended to the village of
Randozza and destroyed several houses.

Madrid, Sept. 26.—The river Segre,
running through the Province of Erida,
overflowed, causing great damage to prop-
erty and serious loss of life. In the
town of Tarrega, twenty-five miles north-
east of the city of Sierda, two hundred
houses were swept away, and many per-
sons drowned.

FROM TORONTO.
Special to Evening Mercury.

Toronto, Sept. 28th—1 p.m.
There is expected to be a very full
muster at the special meeting of the
Board of Trade this afternoon to con-
sider the proposed Reciprocity Treaty.

The Toronto Field Battery will parade
to-morrow morning at 8 o'clock, and
march by road to the camp at Holland
Landing. They fire shot and shell before
they leave.

Arrangements are in progress for
the withdrawal of the petition in the
East Toronto Election trial, which is set
down for hearing to-morrow, the equip-
ment of the property of Mr. John King.
The abandonment of the petition
against the Kingston Election.

POLICE COURT.

Reform Demonstration in
Harriston.

We would remind our readers of the Grand Reform Demonstration which is to take place in Harriston on Thursday the 8th October. An efficient Committee have the arrangements in charge, and they are doing all they can to make the dinner a grand success. The G. W. Railway station—a most commodious building—has been secured, so that every one who attends may have a good opportunity of hearing the different speakers. The 30th Battalion Band has been engaged to furnish the music—in fact nothing has been left undone to make the Demonstration attractive and popular. The Premier of Ontario has accepted the invitation to be present; likewise the Hon. Mr. Fraser. Besides these, several members of the Local House will be present. It is also expected that the Hon. Mr. Blake, Mr. Rymal and other members of the House of Commons will be able to attend. With such an array of speakers we expect an immense assemblage will be attracted to Harriston on that day, and that the demonstration will not only be a signal success in point of numbers, but in the enthusiasm and good will manifested towards the Ontario Government.

A Disappointed Man.

When the names of all the disappointed men on earth come to be written down, that of Thomas Scoble, who dubs himself Colonel, will occupy a page near the front. He was sent up to Guelph, after Professor McCandless resigned, to take charge of the Model Farm and keep the belligerent boys in order. He was allowed to suppose that he would eventually be made Principal of that famous institution, and in the interim he treated to the Grits thereabouts in the most egotistical manner. He backed their favorites, discharged the domestics they disapproved of, and employed servants about the place who soon earned for it a disreputable name. He even undertook to lecture the students on chemistry—by reading from a handbook—and in many other ways made himself painfully ridiculous by trying to ape the Professor. He reduced the number of working hours, purchased at the public expense foot balls, base balls, cricket paraphernalia, and all the other requisites for having a good time, and took part in the sport. Then, to make his ending and election sure he ordered (also at the public expense) Grit newspapers to be supplied to the Farm, but abstained from subscribing for a solitary Tory sheet. Poor fellow! Muddled Colonel! He fancied this title alone for his meritorious services in having voted against the Hon. George Brown, and he fancied to obtain for him absolute honor in the Government offices in this city, instead of receiving the Principalship and the fat income that attaches to it. Let us all drop a tear for the disappointed office-seeking Scoble.

(COMMUNICATED.)

Since Professor McCandless has acted on the editorial staff of the Toronto Sun, that luminary has enlightened the public who are reached by its rays; (and a very limited circulation prescribes its usefulness) with numerous and humorous articles on the School of Agriculture and Model Farm. Under the editorial "We," Professor McCandless has disported himself with the least regard to truth consistent with his amiable and truthful character, and has given the readers of the Sun such ideas of the management of the School of Agriculture and "Muddle" Farm, as will reflect, by comparison, the greatest credit upon his own incumbency. Truth to tell, it matters very little what he writes, or what the Sun prints, his efforts being eminently suited to that obscure and scurrilous journal.

But there is a point where endurance ceases to be a virtue, and in the opinion of some of our friends that point has already been passed. It remains, therefore, for Professor McCandless to choose between the inspiring or writing articles calculated to injure the reputation and detract from the usefulness of an Institution that has, since he left it, become a credit to the community, and our silence as to certain matters that will not benefit his public character, should Mr. Rykert endow him with the "finest constituency in Ontario," as he promised; or by persistence in stirring the waters of the "Muddle" Farm as he left it, to secure the publication of certain pages in his history that might, perhaps, be unsaid, though not unwritten, if he dropped into the obscurity that befits his character and talents. Of all men he should be the last to speak, whose folly, ignorance, and incompetency has made a laughing stock of the Model Farm, and whose want of tact, whose tyranny and ill-regulated mind had reduced to mutiny a class of well brought up, quiet, and respectable young men. It is a farther proof (which was not required by those who know him) of his ingratitude, that he should turn upon and abuse Mr. Scoble, through whose instrumentality alone, he was able to regulate the affairs of the Institution in such a manner as to be able to leave it with squared accounts, or safety to his person; he himself being incompetent to affect the first, and be so cowardly as to dread a castigation upon the latter, as a retaliation upon his pupils; and which no doubt he richly deserved.

So far from Mr. Scoble being a "disappointed man," as he is design-

nated by the Sun of the Professor, we are well assured that he never aspired to a position for which his education and habits do not qualify him. He is doubtless satisfied with the position which he at present fills, both creditably and efficiently, and does not need the pity of the Professor. That he did keep both the belligerent boys (who were quiet and peaceful when reasonably treated) and the Farm itself in order, and reduced chaos to system; that he dismissed the women of loose character and antecedents whom the Professor had gathered about him; that he did lecture to the students from the "hand-book," and thus fulfil a part of the duty of Principal that the Professor had neglected; that he made reasonable and suitable distribution of the hours for work, study, and play, and provided amusement for hours previously devoted to idleness and mischief; that he provided respectable and moral newspapers to impart the news of the day, are all facts; but that he was allowed to suppose that he would eventually be made Principal of the Institution, or asked for it, or toadied to Grit or Tory to get it, is a—mistake.

We have no objection to the Sun dropping a tear, but let it be for the lucubrations of his informant, whose course was a "scandalous chronicle" during his residence in Guelph, and who left not a single friend, Grit or Tory, who would take up his defence, save from a desire to make a little political capital. For Professor McCandless himself, let him weep over the loss of the fat income that attaches to the Principalship, for assuredly he will never again attain to such a position or income in the course of his life. Let him retire to the shades of his shoe shop, his seed store, or cabbage garden, and—if he will be wise—learn there to hold his tongue.

The editor of the Guelph Herald is deeply affected by what he calls the massacre of Mr. Hawkins at Glen-coe the week before last, when that gentleman at the Reform demonstration there, formally announced his retirement from the Conservative ranks, and his return to those of the Reformers, to which he formerly belonged. The only case like that we know of is the editor of the Herald's act of political *filio de se* when he deserted the Reform ranks. The one case fitsly balances the other.

A great Reform demonstration is to take place in North York on the 3rd Oct., when the Hon. Mr. Blake, besides several members of the Ontario Government, will be present. It is to be held in Aurora.

In the West Northumberland contested election case, the hearing of which was finished on Saturday, the seat was declared voided, but the charges of personal bribery on the part of Mr. Kerr, the respondent, were declared not proven. Mr. Kerr's opponent at last election was ex-Speaker Cockburn.

FOR SALE OR TO RENT,

A Blacksmith Shop.

Situated on the Gray Road, Minto Township, near Palmerston, has 1 acre of land, good shop, having two fires, an excellent dwelling house and good stabling. This is a good chance for an industrious man, as there has always been a good country trade done on the premises. The above will be sold on easy terms, or rented for any number of years. Possession given on the first of January, 1875. Apply to the undersigned on the premises, or by letter to WELLINGTON WILSON, 2nd Mt. Cottswold P.O., Minto.

FARM FOR SALE.—Parts of lots 3

and 4, 4th concession of Emmons, containing 140 acres—more or less—about 115 cleared and in a good state of cultivation, balance good hardwood. Good comfortable frame house, with soft and hard water, bank frame barn, with root-house and stable underneath, and outbuildings. Well watered, two orchards—grated fruit. Farm is situated close to the village of Rockwood, on the Grand Trunk Railway. Apply to Matthew Ostrander, on the farm, Rockwood, Sept. 9, 1874.

FARM FOR SALE.—Lot No. 4, 1st

concession, Waterloo, containing 200 acres; 150 acres under cultivation, balance hardwood, with 3 acres of cedar. There is a stone house, bank barn, driving shed, with outbuildings, 2 good wells, a never-failing spring, a cistern, and a young orchard of graded fruit on the premises. The farm is well fenced and is beautifully situated near the village of Preston. Terms easy. For particulars apply to Aaron A. Erb, Preston, Post Office. S9-w10t.

FARM FOR SALE.—Lot 19, Con. 10,

Township of Puslinch, 100 acres, 75 cleared, 25 in hardwood bush, log barn 52x28, stone driving shed 52x30, stone stable, log house, root cellar, hard and soft water, good orchard of graded fruit: apple, pear, plum and cherry, also a fine flower garden; living stone on the lot; 14 acres of fall wheat. The farm is in first-class condition, well fenced in square ten here fields free from stumps and stones. There is also a milk house and cooling house. Would exchange the above for 200 acres, paying the balance in cash. Apply to John L. Erb, or Henry Hatch, land agent, Guelph. my26wt

ADDITIONAL PRIZES.—Among the additional prizes awarded to exhibitors at the Provincial Exhibition is one for woollen shawls, stockings, etc., taken by Armstrong, McCrae & Co. of this town.

THIS EVENING.—Remember the social in the Baptist Church this evening, at half-past seven; also the social meeting in Knox Church at the same hour. The Board of Education meets this evening.

THE BRADFORD HOUSE.—Attention is directed to the price list of Mr. George Jeffrey's goods in our paper to-day. We may also mention that his Millinery and Mantle Show Room will open on Thursday first.

BASE BALL.—A team from the boys' department of the Guelph High School, defeated the Lightfooters of Paisley Block, in a friendly game of base ball on Saturday last. The game was played on the ground of the Lightfooters, and resulted in a victory for their visitors by a score of 24 to 17.

GUY'S CARTOON OF SATURDAY is a cut at the recent Liberal Conservative Convention, and dealing as it does with a most ludicrous subject, it may easily be imagined that the cartoon is ludicrous enough. See it at Day's and Anderson's.

MANITOBA PENITENTIARY.—A recent number of the Manitoba Free Press states that Messrs. Morrison & Barclay, the contractors for the Penitentiary in that Province, have now in their employ about sixty men. It also adds that it is really pleasant to the visitor to notice the excellent feeling that exists between employers and employees.

OFF TO THE WESTERN FAIR.—Mr. F. W. Stone has sent to the Western Fair, to be held at London this week, twelve head of cattle—Herefords—and a number of sheep, besides several imported sheep which have just arrived from Britain, and which were carried through on the morning train to-day.

ST. ANDREW'S CHURCH.—Those who attended St Andrew's Church last night were highly gratified by the exquisite singing of Jeanie Watson, Mr. Hardy, and Mr. T. H. Taylor, who formed part of the choir, and whose rendition of the simple, solemn music used in the Presbyterian Church was highly appreciated.

SATURDAY'S GAME.—The Hardbatters of Oakville sustained a very severe defeat at the hands of the Champions on Saturday. Notwithstanding their name, the game resulted in a score which showed that they will have to bat harder than they do if they want to cope with the Maple Leafs. At the close the score stood, Maple Leaf, 19; Hardbatters 1.

THE CHURCHES YESTERDAY.—Knox Church pulpit was occupied on Sunday forenoon by Rev. J. E. Laneely, of the W. M. Church, who preached with much acceptance to a good congregation. In the evening a large audience assembled to hear Rev. J. K. Smith, of Halifax, who delivered an eloquent and earnest appeal from the text "Stand fast, therefore, in the liberty wherewith Christ hath made us free." After the morning service in the Baptist Church yesterday, the congregation assembled at the river, where the ordinance of baptism was administered.

CONCERT TO-MORROW EVENING.—In the Town Hall to-morrow (Tuesday) evening, the Sons of Temperance will give a grand concert, which promises to be in every respect a success. The Committee who have had the matter in hand seem to have spared no pains or expense to obtain the best talent available, and among those who will take part are several from a distance, as well as the local favorites, Vale's orchestra has been engaged for the occasion, and besides the well-known vocalists, Mr. Nutland and Miss Gerrie, of Guelph, Mrs. Cuthbert, of Toronto, formerly of Guelph, will be present. Mr. Webbing, serio-comic vocalist, of Brantford, and Miss Nolan, of the same place, will also appear.

THE NEW GASOMETER.—About sixteen men are at work on the new gasometer, which has now been excavated to a depth of about twelve feet. The rain which fell on Sunday, as well as the water which flowed in from the rocks, filled the bed of the excavation to the depth of over feet. The system of pumping which has up to this time been used for draining was inadequate for this sudden rise, and the town fire engine was called into requisition. The hose having been placed by the side of the excavation and along Surrey street, the steamer commenced operations about ten o'clock, and in the course of about two hours had carried the water off. The mode of pumping after the old fashion requires the labor of from two to four men continually, and is very tedious. The plan of running the water off through hose with one end placed in the water and the other on the same level at a distance has not been tried, probably because of the difficulty in finding a convenient outlet.

MALICIOUS CONDUCT.—On Sunday night a dastardly outrage was committed at the marble works of Mr. A. Kennedy, near the Eramosa bridge. Some iconoclastic miscreant—or maybe, a company of them—covered three of the finished tombstones on the platform in front of the above works with tobacco juice to such an extent that they are now perfectly useless. The stones being of a porous nature, the liquid made its way so deep that every effort to remove the disgusting blemishes has totally failed. One of the most aggravating features of the affair is that the deed was, from all appearance, the outcome of deep-seated malice. Had the injury been caused by the accidental prostration of parties sitting on the platform, the juice would not have been so carefully deposited at the top of each stone, so that it might cover the whole surface. One of the spoiled tombstones took a prize at the Central Exhibition, and had only been placed outside on the Saturday last. The total loss will be over \$100, and under the aggravating circumstances, Mr. Kennedy offers a large reward in order that the guilty parties may be made to suffer. It is but a short time since we chronicled a somewhat similar outrage at the marble works of Beam & Kennedy, and it is to be hoped that the guilty parties in this case will be brought to justice.

PROTECT YOUR BUILDINGS

Which may be done at one-fourth the usual Expense, by Using

Glines' Patent

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheeting Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the cistern before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.

Damaged Cottons

On account of the Insurance received on Cottons damaged on Lake Ontario,

G. B. Fraser now offers them at half price.

Call early and see them. They're a real fast.

G. B. FRASER.

It has frequently been maintained that wetting coal increases the amount of heat given out in combustion, but a careful enquiry has shown, first, that there is no increase of heat; second, that a loss of heat always follows addition of water; third, both the amount of heat and the temperature of the fire are considerably diminished.

The granite soldier who is to surmount the national monument at the battlefield of Antietam has been completed, and is claimed to be the largest figure in sculpture out of Egypt. He weighs over thirty tons, and is twenty-one and a half feet high. The gun he holds is eighteen feet long, and his chest three feet in length. The face is smooth shaven, except having a heavy moustache, and is that of a resolute man.

A Mohammedan mission is to be established in Chicago. It is said that no follower of the great prophet dare take that which is not his own, and we have ample historical evidence to prove that Mohammedans live up to their creed in this respect. The mission will be a boon to Chicago.

BREAKFAST.—Epps's Cocoa.—GRATFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. —*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labelled — "James Epps & Co., Homoeopathic Chemists, London."

Steel goods are rubbed over with a mixture of lime and oil, to preserve them from rusting. Spots of rust are removed in rubbing them with fine emery and sweet oil. To remove rust spots from linen, oxalic acid or binzoate of potash is commonly used.

HAVE YOUR CLOTHING MARKED.—In a lifetime it will save you many dollars and afford much gratification. Payson's Indelible Ink is indispensable for the purpose; it needs no preparation, it will not injure the finest fabric and can be used with a common pen.

Special Notices.

IT IS OF THE UTMOST IMPORTANCE that a remedy intended for popular use should be not only thoroughly reliable and scientific, but incapable of producing dangerous results. The treatment of old lingering complaints is necessarily protracted, and if deleterious drugs are taken into the system for a long time, they may accumulate and do more harm than good. Dr. Williams' Compound Elixir of Phosphates and Glycerine, containing elements of the tissues, repairs diseased bone, muscle and nerve, and renews constitutional vigor in the same manner as our daily food, with no more liability of injury. It may be taken in all forms of debility in the young or aged, with positive certainty of permanent benefit.

The Simplest, Cheapest, and Best Marking Apparatus in the World For Marking COTTON, SILK, WOOLEN, and LINEN, is PAYSON'S INDELIBLE INK. Used with a Common Pen without a preparation.

This ink flows perfectly; will write as easily on the finest muslin ink on paper. It does not dry up, and retains its virtues longer than any other ink known. It will not injure the finest fabric. Payson's Ink has endured the test of forty years, and is now the most popular ink in existence, and is unrivalled for uniformity of quality and durability. It will mark more neatly, quickly, and indelibly than any other apparatus. It requires no preparation of the fabric.

Price, 37 cts. per bottle.

Sold by all Druggists, Stationers, and Fancy Goods Dealers.

THE GREAT ENGLISH REMEDY.

Dr. Williams' Specific Medicine

Before Taking After Taking

Cures all Nervous Diseases, such as Tremor, Debility, Prostration, etc., which, in many cases, are produced by over indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhea, Impotency, and all diseases that follow as a consequence of Self Abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity through the path of nature and over indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine is sold by all Druggists at 25¢ per package, or six packages for \$1.50, or will be sent by mail on receipt of the money, by postoffice order.

"The Only Shoe Store on that side of the Street." Guelph, Sept. 4th, 1874.

Co-Operative Store.

On reference to all our advertisements since commencing business in Guelph seven years ago, it will be seen that we never offered "To Slaughter Goods" "To Sell at Half Price" "To Sell at a Great Sacrifice Irrespective of Cost" "To Sell 50 per cent. under other Houses" "To Keep the Largest and Best Stock in the Dominion."

We have carefully abstained from exaggeration, giving facts and figures only, leaving it to the buyers to judge for themselves.

Our aim has been to buy low, sell cheap to increase our sales, to allow no house to undersell us, to give our customers a share of profits, and make only one price.

THE RESULT has been that we have done a steady, prosperous, and increasing business, retaining old and obtaining new customers. Some left us to obtain goods "at half price," but soon returned, as "actions speak louder than words." Hence we will continue to conduct our business on the same principle.
