DR. HAMPDEN AND NEGATION OF CREED.

Dear Mr. Editor, I proceed to show wherein Doctor Hampden's error consists, and the great evil resulting therefrom.

And first, with respect to his "defence," or exposition of his creed; it is to be observed that it is drawn up with much skill, and in a manner admirably calculated to satisfy general readers.

To my mind, Dr. Hampden's professed belief of all the creeds of the Church, involves strange contradictions, considering his other views that giving him full credit for the sincerity of this profession, it is not wise to affect the charge of his unfitness for any ecclesiastical office.

And yet this is the individual whom Lord John Russell and for the sake of doing which, he has heard the benediction of Bishops, and scornfully trodden the Church under foot!

Fastings.—No. II.

It is, we trust almost unnecessary for us to remark, that fasting, while it implies a liberal abstinence from food and other gratifications, does not stop short here, but comprehends, if properly engaged in, much more than the simple act of self-denial.

The result is strictly and absolutely a negative one. There is no mandatum, merely because the Judges cannot make up their minds how the law of the case stands.

The London Christian Observer, who, like ourselves, deprecates the appointment of Dr. Hamden on grounds altogether irrespective of party feeling, quotes the following from among several similar testimonies from a high quarter.

Our readers will remember the Postscript of a Letter of Dr. Hamden to Mr. Faulkner, in which he so innocently and innocently rebuked the Bishop of Oxford, giving him the lie direct.

junctions are so obvious and simple that anything in the shape of an exposition is uncalled for.

God blamed His ancient people, because in the day of their fast they found pleasure.

With deep regret we have to record the decease of the Rev. Thomas Lyell, D.D., Rector of Christ's Church, New-York, an office which he had worthily filled for more than 43 years.

As we learn from the New-York Churchman, Dr. Lyell became a teacher in the Methodist denomination when not more than eighteen years of age, his parents, though originally belonging to the Church, having connected themselves with that sect.

THE LATE ARCHBISHOP OF CANTERBURY.

We copy the following additional items of information, concerning the late Venerable Archbishop, from our esteemed contemporary the New York Churchman:

While we lament his loss, we feel that in his decease not only the Church of England, but the Church Catholic, has sustained a heavy loss, without which it has been spared so long to bless us with his presence.

Lord John Russell, and whom he could not but concur in the course which he adopted—and that the suit against Dr. Hampden was dropped, mainly, because it was decided that it could not go on without the Bishop's declaration of his belief that the Book contained contained positive heresy, which, upon a re-examination of the work, he was not willing to make.

REV. THOMAS LYELL, D.D.

With deep regret we have to record the decease of the Rev. Thomas Lyell, D.D., Rector of Christ's Church, New-York, an office which he had worthily filled for more than 43 years.

As we learn from the New-York Churchman, Dr. Lyell became a teacher in the Methodist denomination when not more than eighteen years of age, his parents, though originally belonging to the Church, having connected themselves with that sect.

After alluding to the fact that Dr. Lyell had seen more than one generation of parishioners depart in death, and that he probably had not left behind him any pastor of a single congregation whose ministrations have embraced so large a number of persons, the Churchman proceeds to observe:

High and low, rich and poor, one with another, the middle-aged and the old, the afflicted, the sick, and the dying, the family, the congregation, and those who draw near to the altar, the prisoner in his cell, the pauper in his hospital ward, the sun's heat, the storm's violence, the winter's cold, the night's darkness—all, all could be witnesses of his fidelity.—Let that word suffice.

Dr. Lyell expired on Sunday the 5th inst., in the 74th year of his age.

A DISSENTING DEVELOPMENT.

We have rarely seen a more melancholy yet at the same time ludicrous specimen, of the follies into which sectaries frequently fall, who regard with contemptuous indifference, the Fasts and Festivals of the Church, than is exhibited in the following advertisement, which we cut from one of our exchanges:

"ST. VALENTINE'S GALA.—The Ladies of the Unitarian Society in this town, announce to their friends and the public, that it is their intention to celebrate St. Valentine's evening, February 14th, by a Gala at Empire Hall.

St. Valentine will probably be personated on the occasion, and his first appearance in this city. Some account will be given of his life and character; of the origin and purpose of the festival, and the appropriate celebration of it. His bestowments, we expect, will be rich and rare.

St. Valentine we believe a priest at Rome, who was given a godly life and was martyred there, about A.D. 270; but why the "Ladies of the Unitarian Society," should, or how they could, appropriately celebrate his festival, we are at a loss to know.

all human appearance—the whigs are firmly seated in office, and this same minister may have the disposal of many and valuable ecclesiastical livings for many years to come.

Why, thirteen Bishops, besides other "Dignitaries," and more Priests than we can reckon up at the present moment, boldly and explicitly protested against the abuse of state patronage, many of them doubtless to the injury of their future temporal prospects.

The Monarch has chosen a singularly inopportune time to accuse the Anglican Clergy of the culpable cowardice of man-worship, or to brand them as opposed to Reform in the sound and legitimate sense of the word.

SOCIETY FOR THE PROPAGATION OF THE GOSPEL IN FOREIGN PARTS.

We extract the following interesting item of intelligence from the February number of the Ecclesiastical Gazette:—

The Queen's letter for a general collection in behalf of the Society, which has been delayed beyond the time in consequence of the two collections by Royal authority last year, for the relief of the destitute poor in many parts of Ireland and Scotland, is at last issued, and will probably be in the course of circulation through the several dioceses this month.

LITHOGRAPHIC PRINT.

We have been favoured with a sight of the Lithographic Print, now nearly ready for publication, of the Presentation of the Medal to the Countess of Elgin, on her recent visit, in company with his Excellency Lord Elgin, to Upper Canada College.

AN EDITION OF 2000 OF THE INTERESTING AND USEFUL CONVERSATION ON THE CHURCH SOCIETY, which appeared in our columns a few weeks ago, has been published in Tract form, and may be had on application at the Depository of the Society.

REPORTED TROUBLES IN THE MINISTERIAL CAMP.

Rumours are current that the new Administration have already placed themselves in a posture of antagonism to His Excellency the Governor-General. The cause of dispute is reported to be a question of patronage, but we have not been able to learn the particulars.

POSTSCRIPT.

Just as we were going to press a report has reached our ears that the Ministry had tendered their resignations to His Excellency the Governor-General.—We give the rumour just as we received it.

a conspicuous part in the proceedings, alone deterring us from entering into detail. The applause directed by the different pieces is a sure indication of their admirable merit; indeed so well received were the whole of the poems selected, that a feeling of delighted transport seemed to pervade the assembled audience through-out.

It is a source of the proudest satisfaction to all those engaged in the undertaking, to think their efforts have been so amply appreciated; nor can they fail to look back with pleasurable emotions to the noble response given to the call they have made in behalf of their beloved Church.

Among the numbers present, we were pleased to observe many from a distance—Hamilton, Simcoe, Toronto, and the surrounding villages. We also noticed sixty Episcopal Clergymen, with their families in the throng; together there could not have been less than 320 to 350 persons assembled on the occasion, which certainly evinces a strong proof of the high estimation in which the performances of all concerned are held.

His Worship then replied extempore, in nearly the following terms:— I feel it to be quite impossible to reply—in terms at all adequate to my sentiments—on an Address at once so timely and so entirely unexpected...

REPORT OF THE GENERAL COMMITTEE OF THE IRISH RELIEF FUND.

The General Committee, entrusted in the month of February last with the collection and transmission of donations for the relief of destitution in Ireland, in now tendering an account of the trust reposed in them, to be submitted to the following Report:

The Committee commenced by opening communication with the clergy of all denominations, as also with all magistrates, public functionaries, and other parties who from influence, station or property, would be likely to advance their object...

That the amount of subscriptions was large, beyond the most sanguine expectation of the Committee, is not surprising when we contemplate how deeply, how heartily, how universal the sympathy of all classes in the sufferings of the Irish people—sympathy which as freely poured forth their contributions from the limited means of the labouring classes as from the abundance of those whom Providence had more largely blessed...

The Treasurer's Accounts show the amount of the individual subscriptions, and the nature and extent of the objects subscribed to, and the nature and extent of the objects subscribed to, and the nature and extent of the objects subscribed to...

In making this recommendation, the Committee purposely abstain from entering into any discussion as to how this misery has been brought about, or in what manner this mass of wretchedness has been rendered so numerous...

The Committee also feel themselves fully justified in making this recommendation from the fact that this city has been the depot of much of the wretchedness of the western part of the island...

The Committee, in closing their Report, beg to refer to the value of the Auditor's Report, which has been testified to by the value of the Auditor's Report, which has been testified to by the value of the Auditor's Report...

The proof of the qualification is here, not as in England, to be produced to the election, and then, if it is made before the Returning Officer, and consequently, his act is not a mere ministerial one, but he is the judge of the capacity or incapacity...

Mr. Vanstatter had put into his hands a declaration which, though not doubtless, in every person with the slightest tinge of English, or any other law, must know to be bad on the face of it; for it was four months old, made during the sitting of another Parliament, and though, if fraudulent, the party making it might be prosecuted under the Statute, for perjury, it was no proof of him that he possessed the proper qualification at the time of issuing the writ, or subsequently...

ONE MILLION FIVE HUNDRED THOUSAND ACRES OF LAND, FOR SALE IN CANADA WEST. THE CANADA COMPANY have for disposal about 1,500,000 Acres of Land, in blocks varying from 1000 to 10,000 Acres, dispersed throughout most of the Townships in Upper Canada. Nearly 500,000 Acres are situated in the Huron Tract, which has been one of the most fertile parts of the Province; it has yielded its population in five years, and now contains upwards of 20,000 inhabitants. The Lots are offered by way of LEASE FOR TEN YEARS; or for SALE, CASH DOWN—the plan of one fifth Cash and Balance in Instalments being done away with. The Rent, payable 1st February each year, are about the Interest at 5 per cent. upon the cash price of the Land. Upon most of the Lots, when LEASED, NO MONEY IS REQUIRED DOWN; whilst upon the others, according to locality, one, two, or three years' Rent must be paid in advance. These are payments which FREE the Settler from any further liability until the expiration of his term of Lease. The Settler is secured in his right of conveying his Lease into a Freehold, and of course stopping payment of further Rent, before the expiration of the term, upon paying the Purchase Money specified in the Lease. The Lessee is also permitted to him the entire benefit of his improvements and increased value of the Land he occupies, should he wish to purchase. But he may, if he pleases, refuse to do so for the Freehold; the option being completely with the Settler. A discount, after the rate of ten per cent., will be allowed for anticipated payment of the Purchase Money, for every expired year of Lease before entering the tenth year. Sottlers' or Savings Bank Account. In order to afford every assistance to industrious and provident Settlers, the CANADA COMPANY will receive any sum, no matter how small the amount may be, for which their Lease Settlers may not have immediate want. ON DEPOSIT, and allow interest at the rate of six per cent. per annum for the term of the Lease, or until it is clearly understood, that the full amount, with interest accrued, shall at all times be at the disposal of the Settler, without notice. For this purpose the Company have opened an Account, which is termed "Sottlers' or Savings Bank Account,"—(thus affording to the Settler every facility for accumulating sufficient money to purchase the Freehold of the Land which he leases, whenever he chooses to do so, within the term of TEN YEARS; but should he have any other unforeseen misfortune, or should he wish to stop the amount deposited, will interest accrued at his disposal to meet them. The advantages of this account are confined to the Company's actual Lease Settlers, during the continuance of their Leases. Printed Lists of Lands and any further information can be obtained by application (if by letter post-paid) at the Company's Office in Toronto and Goderich; or of R. BIRDALL, Esq., Ashfield, Colborne District; Dr. ALING, Guelph; or J. W. DALY, Esq., Stratford, Huron District, 10th March, 1848. 69-556-6m
