The copy filmed here has been reproduced thanks to the generosity of:

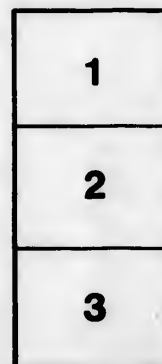

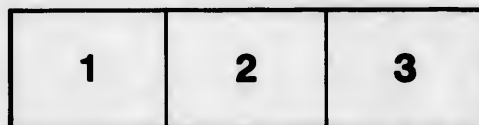

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## P R E F A C E .

---

The undersigned in issuing his Quebec Directory would apologize to his patrons for the delay that has unavoidably occurred in its appearance at the time promised. It was expected that the work would have been ready for delivery to Subscribers in June, but circumstances over which the publisher had no control intervened to prevent this expectation being realized and three weeks beyond the time expected and actually promised the publication is now brought before the public. Late, however, as the period may be, it is still earlier by a couple of months than the time when works of a similar character have hitherto appeared in this city.

The Publisher has spared no exertion in collecting and arranging the material requisite for a work of this description. The business advertisements, a number of which, neatly displayed, will be found both at the commencement and end of the volume will, it is hoped, afford satisfaction to those who have so generously supported this department of the work; and the publisher flatters himself that the increased amount of information, the typographical execution, and the diminished price, will prove so satisfactory to a discerning public as to ensure for the Quebec Directory not only a continuance but an extension of the liberal patronage already bestowed upon the undertaking.

S. McLAUGHLIN.

Quebec, July 21st 1855.

TURN OVER

BROWN.—Good morning Smith, I am glad to see you, how do you do ?

SMITH.—Very well thank you Brown, I hope you are the same.

BROWN.—Thank you I am very well, I perceive you are as usual quite smart today your tailor must have some painstaking with your clothes, they fit so nicely and are according to latest fashion too.

SMITH.—O yes he makes a first rate fit, and what is most convenient, without the trouble of trying them on three or four times before they are finished.

BROWN.—Well, that is as it ought to be for "time is money."

SMITH.—But that is not all, for one is almost sure to have them according to the time agreed upon.

BROWN.—Indeed! That is quite a revolution in tailoring, punctuality is the order of the day for me, so I will go and give him an order, and if I find him "up to the mark" he shall have my patronage.

SMITH.—You may depend upon it that *Brent's Pantechne-  
theca* is the place where you will be well served.

BROWN.—Oh! At Brent's Pantechne-  
theca, I am very glad to find such a recommendation as I have purposed for some time past to give him a call, but what is the idea of that curious name *Pantechne-  
theca*?

SMITH.—They say it is a greek word and means that all kinds of Clothing may be had there, from a dress coat to a pair of gaters.

BROWN.—Oh! O! That's it, eh! Good bye.

SMITH.—Good bye.
