# Dominion to Claim Jurisdiction Over the Head of Provincial Government To Control Niagara Power Export

### Hon. Mr. Hyman Makes Announcement Which May Be Meant to Prevent Provincial Expropriation of the Great Power Plants—Rankine Co. Seeks Federal Confirmation of Ontario Charter.

Ottawa, March 26.—(Special.)—The most momentous issue to the Province of Ontario came up in parliament today in connection with a discussion on the water power of Canada.

Hon. Mr. Hyman announced two things, first, in a veiled way, that the Dominion was about to claim jurisdiction over the water powers of the country, and especially of Niagara Falls, and in a direct way that the Dominion would certainly claim complete jurisdiction over the export of electrical energy out of the country. Recognising this latter claim the senior power company at the falls, known as the Rankine Company, to-day introduced a private bill confirming all its powers granted by the Province of Ontario, including as it may be easily imagined, the power export.

IT IS POSSIBLE THAT THE THREE BIG POWER FRANCHISE-HOLDING COMPANIES ON THE ONTARIO SIDE OF FALLS FALLS IN THAT SEN. PREMIER WHITNEY MAY ADOPT A POLICY OF EXPROPRIATION AND PUBLIC OWNERSHIP ARE TRYING TO SLIP OUT OF HIS JURISDICTION? SEN. MR. WHITNEY IS UP AGAINST THE PROBLEM OF HIS LIFE, AND HE WILL NEED ALL HIS COURAGE AND THE UNSWerving SUPPORT OF THE PEOPLE OF THE PROVINCE.

Mr. Hyman showed a very full acquaintance with what was on, and his speech bears out the statement that the World some weeks ago that Mr. Gibson of London, besides being a member of the international waterways commission, was also working up the case of jurisdiction for the Dominion.

Leases Given Recklessly.

The discussion turned on a motion of Mr. Monk (Jacques Cartier) asking for an inventory of the water powers of the country, but the wider and more pressing issue came up after the speech of the member for South York, who raised the idea of expropriation. SEN. MR. WHITNEY IS UP AGAINST THE PROBLEM OF HIS LIFE, AND HE WILL NEED ALL HIS COURAGE AND THE UNSWerving SUPPORT OF THE PEOPLE OF THE PROVINCE.

Mr. Monk made an earnest and scholarly address pointing out the great possibilities to Canada from utilizing her vast treasure of water power and electrical energy. He feared that leases had been given out recklessly and without any limit as to the time in which power must be developed.

Mr. Bourassa (Labelle) supported the motion. He said that our people were just beginning to realize the importance of this question.

W. F. Maclean announced that the time had come for a national policy in regard to this great source of wealth, the water powers of Canada. Many parts of the country had no coal, other than hard coal, but in Ontario and Quebec there were great water powers, the "white coal" it had been called, but better than coal. Many water rights had been granted imprudently and they should be reclaimed. At Hamilton the street car company could not give adequate service because it was compelled to pay an extortionate price to the Cataract Power Co. And this Cataract Co. obtained its power from the Welland Canal.

Government Should Stipulate.

No grant of power should ever be issued without the government stipulating the price at which power should be furnished to the consumer.

At Niagara Falls, four companies were producing energy at \$12 per horsepower, but the private consumer in the City of Toronto would be held up for \$50 or \$60 a horsepower. One of these companies issued \$8,000,000 of stock, the bonds paid for the plant, but still the people would be called upon to pay 6 or 8 or 10 per cent. dividends on this stock that cost nothing and represented nothing.

He hoped that in time electrical energy would be so freely generated and distributed under state control that every home, whether in the city or on the farm, might be brightened and warmed and illuminated by electricity.

There was no reason why the province could not generate and transmit electrical energy to the municipalities, and the municipalities so distribute it that the cost would not exceed \$20 a horsepower for 24 hours in the day in any part of Ontario.

Railways Interested.

Two of the great power companies at Niagara Falls were organized to furnish power to the New York Central and Pennsylvania railways, and their allied interests. These great systems are changing from steam to electricity.

Mr. Maclean did not believe that these power companies should be allowed to furnish power to run the great trunk roads and move their freight until the needs of Canada are fully served. He favored to-day, as members knew that he had in the past, an export duty upon electrical power generated in Canada and transmitted to the United States.

He expressed the earnest hope that Mr. Whitney would find a way at this session to recover the three great franchises of the power companies operating at Niagara Falls and to expropriate them.

Then they could distribute electrical energy to the municipalities and the people of Ontario. If this is done it means everything for the wealth and progress of Ontario. The Province of Quebec had before it similar and splendid opportunities.

In expropriating these works at Niagara

## JURISDICTION OVER NIAGARA FALLS POWER.

Ottawa, March 26.—(Special.)—Following is the bill advanced a stage in the house of commons this afternoon and which raises the whole question of jurisdiction over water powers at Niagara Falls:

"Whereas the Canadian Niagara Power Company has by its petition represented that it was incorporated by Chapter 8 of the Statutes of Ontario and was thereby empowered to execute the works of development therein more particularly referred to, and that the said works are now in operation;

"And whereas the said company has prayed that it be enacted as herein set forth, and it is expedient to grant the prayer of the said petition;

"Therefore, his majesty, by and with the advice and consent of the senate and house of commons of Canada, enacts as follows: The charter granted to the Canadian Niagara Power Company by Chapter 8 of the Statutes of Ontario, and all amendments thereto, is hereby ratified and confirmed, and the said company is hereby authorized to exercise all powers conferred upon it by the said charter and amendments thereto."

It would appear, so The World was informed to-night, that this company believes it cannot export power, and this confirmation of the franchise is to enable it to do so. A constitutional authority has expressed the opinion that such legislation should not be included in a private bill. The real secret of all this activity in Niagara power is yet to be brought out. Perhaps the Vanderbilt railways and the big power companies on this side of the line are at the bottom of it all.

## COLD BLOODED BUSINESS HOSPITAL CASE TERMED

### Ald. Chisholm Makes Public an Incident, Which Ald. Keeler Finds Almost Past Belief.

Here is an interesting incident of the debate on the hospital question in the city council last night. Ald. Dr. Noble had just quoted quietly some intelligent figures as to cost of hospital cases and Ald. Sheppard was inquisitive as to detail.

"Do you want me to swear it on a Bible?" asked Ald. Noble.

"Guess it's better as it is," replied Ald. Sheppard.

Then Ald. Chisholm jumped up and told them both that he could show that the hospital was a "cold-blooded business deal." He said: "Now, listen to this: A girl was sent in there from the east end. I will give any of you gentlemen her name and address if you will ask me. (He mentioned the street). She was the daughter of a widow in poor circumstances and was sent to the hospital for an operation three months ago on a city order. Last Wednesday she was turned out on a stretcher and taken back to her home. Far too ill to walk. Her mother is not in a position to give her the attendance that humanity demanded she should have. The case was brought to my notice and I called on Dr. Sheard while Mr. Flavelle was telling us of the kindness to patients. I don't think her removal would endanger her life; I can't understand her case to me. It was not a cold-blooded business deal they would have asked the city for an operation before this girl was sent home. I know of a city order to make room for several others. She was home for three days, and—"

Ald. Keeler jumped up. He was a few seats away from Ald. Chisholm and he had been interested. "Do you mean to tell this council, Ald. Chisholm, that a girl would endanger her life? I can't understand her case to me. It was not a cold-blooded business deal they would have asked the city for an operation before this girl was sent home. I know of a city order to make room for several others. She was home for three days, and—"

Unusual Escape Accomplished at Mimico Reformatory Last Evening—Two Other Boys Who Attempt to Go Are Captured.

Three Men Locked Up as Vagrants—One Had Revolver.

Detectives Newton and Twigg saw yesterday on York-street John Crosby, 22 years of age, who claims to live on Morse-street, and James Hunter, who lives on Edward-street, and arrested them as "vagrants." When searched at headquarters Crosby had \$3. Hunter had \$16.

When Hunter's home was searched there was found a 44-calibre revolver and a large bunch of keys.

Crosby was wearing a pair of shoes that answered the description of those stolen from a small town in which a store had been entered recently. Sergeant Duncan had the shoes taken off Crosby while in headquarters.

Hunter is a son-in-law of Kimball, who was sentenced to seven years in the penitentiary for receiving stolen goods.

Both men are said to have had mutilated bills comparing with pieces found at current works.

Whether the police will be able to connect these men with the safe blowing cases has yet to be brought out. Crosby was able to explain where he was on certain nights, but Friday night, when the safe blowing occurred, he could not account for it. Hunter has been in the hands of the police before.

Three others are locked up as vagrants, whose identity the police would not reveal.

INCENDIARY AT WORK.

Fire in Broom Factory This Morning Placed to His Credit.

What is believed to have been an incendiary fire was nipped in the bud at Nelson's broom factory, which occupies the old Presbyterian Church at King and Tecumseth-streets, at one o'clock this morning.

When Deputy Chief Noble and the men from Portland-street arrived a brisk blaze was discovered among broom corn. The loss will be \$100 to building and \$100 to contents.

It is said other attempts have been made to fire the place.

## FRANCHISE FOR FARMER LINE PORT HOPE'S COUNCIL IS FAVORABLE

### Notice of Motion for Bylaw to Allow Entry is Submitted—"Bell" Fears Complications and Offers Compromise.

Port Hope, March 26.—(Special.)—The World's despatch from Port Hope dealing with the application of the Durham Union Telephone Co. for permission to enter Port Hope was the feature of this evening's council meeting.

Mr. Hill, representative of the Bell Co., appeared armed with a copy of The World, as did also G. W. Jones, of the farmers' line, and every speaker referred to The World's despatch; which evidently served to make the members of the council more inclined to lead a favorable ear to the application of the farmers' line.

Mr. Hill, in addressing council, referred to The World as the champion of any telephone company which is fighting the Bell.

Councillor McMullen strongly repudiated the sentiments attributed to him by Councillor Merrifield in his interview with The World, and expressed himself as strongly in favor of granting a franchise to the farmers' company, and ended by giving notice of a bylaw to grant a franchise to that company.

G. W. Jones of Newtonville first addressed the council, urging it to grant the farmers' company permission to erect poles in Port Hope. He stated that the farmers' company was willing to make a mutually advantageous agreement with the Bell Co., which would obviate the necessity of erecting poles in Port Hope, but that it would be impossible to come to terms with the Bell Company, unless the independent company was given the franchise.

Mr. Hill, on behalf of the Bell, asked council to decline to complicate the telephone situation by granting a competing franchise, as the Dominion government was about to regulate the whole telephone business. He declared his willingness to make an agreement with the farmers' company.

The discussion developed a heated argument between Mr. Jones and Mr. Hill about terms.

Mr. Culverwell asked the council to refuse a franchise to the independent company unless it was stipulated that it should make no agreement with any power company.

Councillor Rich declared that he had only expressed his private opinion and not that of the council when he said that no more poles should be permitted in Port Hope. He still held that view.

The discussion ended with Councillor McMullen's notice of a bylaw to grant the franchise desired.

## NO FLAG, NO BAND.

Patriotic Order is Issued to Post Guards' Musicians at Ottawa.

Ottawa, March 26.—(Special.)—A regimental order has been issued to the bandmaster of the Governor-General's Post Guards that in future the band must not play in uniform in any public procession carrying a flag unless the Union Jack is also carried.

The reason for this order is second the band played in the St. Patrick's Day procession here in which no Union Jack appeared.

CONVICT MURDER; IS SHOT.

Tragedy in Penitentiary—Guard is Stabbed to Death.

Jefferson City, Mo., March 26.—To-day when the convicts of the penitentiary were called for breakfast, Guard J. W. Woods of Macon, Mo., was stabbed three times by a convict and killed instantly.

The convict's name was "Sonny" Anderson, colored, and he was under sentence for assault to kill. He had been troublesome for several days and had been kept in cell. He was let out this morning with other prisoners, but Guard Woods was ordered to return him to the cell.

Other guards and several convicts rushed to the rescue of Woods, and Anderson began slashing right and left, and injured two other convicts, one of them probably fatally.

Believing it impossible to capture Anderson alive, the guards finally shot him to death.

RIVER THREATENS TOWN.

Los Angeles, March 26.—Raging down its course in the maddest fury known in 25 years, the San Joaquin River threatens great damage to the town of St. Jacinto, to the extensive ranching regions near by and to many other places down the valley.

In the San Joaquin Valley the rivers and creeks are very high. At Sonora it is estimated that \$100,000 damage has resulted from the rain.

In Visalia a foot of water covers several streets. In the vicinity of Stockton 25,000 acres of low lands are under water.

DETECTIVES STABBED; GREEKS SHOT.

A COMPULSORY PROSPECTUS MACKAY SUGGESTS REFORM

Discussion of Mr. Hoyle's Bill Takes Up All Time of Legislature.

A more radical reform in the method of dealing with "wild cat" companies than that outlined in the bill now before the legislature, was made the subject of a strong argument by A. G. MacKay in the house yesterday afternoon. The debate which it brought on occupied almost the whole of a brief four's sitting.

It is not expected that the government will act on the report this year owing to the large amount of other business.

Mr. Hoyle's Bill. The discussion was brought on by the presentation of the bill respecting prospectuses as fathered by Mr. Hoyle and assured of government support.

Some changes in its provisions were sought, among them the provision that the commission to be paid to any subscriber or one who procured others to subscribe, by letters patent or supplementary letters patent. Another change is that which strikes out the word "discounts" in relation to the remuneration to brokers for disposing of stock, and in its stead the word "term" is used along with the other specific terms "notice, circular or letter of prospectus."

"There is nothing in the bill which covers cases where a company is floated without a prospectus at all," objected Mr. MacKay.

Hon. Mr. Hanna wasn't afraid of the suggested contingency. The moment a company gets into print at all it will be held to have issued a prospectus," he argued, referring to the sweeping nature of the definition of what a prospectus was.

Mr. MacKay came back with the opinion that it should be made compulsory for agents to show prospectuses to intending subscribers, showing what was set forth in the letters patent. Many of the names of directors to help float the company, the speaker cited a case where \$250,000 had gone in this way, \$100,000 of it to \$300,000 or \$400,000. He urged that special protection was needed for unwise investors who were induced to invest by the use of men's names.

Goos the Limit. Hon. Mr. Hanna replied that the points raised had been gone into at great length, and that the present bill went so far as it could safely go without causing complications. Mr. MacKay urged that the commission given should be shown in the prospectus or letters patent.

Hon. Mr. Foyle returned that the bill would prevent brokers from doing other than handling stock on a commission basis. No discounts would be allowed a broker for taking stock on his own account. The provision was for a commission or its substantial equivalent.

Mr. MacKay argued for the insertion of a clause providing that purchasers be advised of what others had paid. Some men paid 100 cents on the dollar and others considerably less.

The premier interposed that if purchasers were to be shown every document, why shouldn't this extend to every business transaction, the vending of land, for instance. All particulars connected with it could be found out at a certain institution, and this was true also of the stock companies.

"But the subscriber might be thousands of miles away from the provincial secretary's department," objected Mr. MacKay, who said he wanted to put a stop to the work of dishonest agents.

Hon. Mr. Hanna said the matter could be discussed later.

Second Readings. Second readings were given Mr. McNeely's bill to make the expiry of the two years' term of office for the board of education coincide with that of the proposed two year civic term, and Dr. Jamieson's bill to allow cement and concrete structures to be included in fire limits with brick and stone structures. Several other bills were read a second time.

Little was allowed to introduce a bill respecting the North Midland Railway, altho no petition had been presented and the time had passed. The premier explained that the petition had been lost and was found only on Monday.

Awful Cruelties. Moscow, March 26.—M. Teglinko, counsel for Mlle. Spiridonova, the 17-year-old girl who shot M. CARPENTERS HARD HIT POOR WINTER FOR WORK

Employment Has Been Scarce, While Fewer Men Left City to Look for Jobs Elsewhere.

The prospects for spring have not yet alleviated the troubles of the carpenters and other men engaged in the building trades. For the last few months the employment agencies for non-union men have been besieged by crowds of work hunters. The union carpenters practically live around the Labor Temple when out of work, and the union business agents are kept hustling for even odd jobs.

The men say that this winter has been one of the worst in the history of the country despite the open weather. In fact the men think that the open winter of 1905-6 was the greatest obstacle in the way of work, as the men did not expect to be laid off and consequently did not leave town for the States as many do during the winter months, and found themselves without work or capital.

At present the Amalgamated Society of Carpenters has 75 members of the union out of work on its books, and at one time during the winter 175 men belonging to this union were out of work.

The Brotherhood Union is in almost the same position, and it will not be till the end of April, that work will be plentiful.

One more reason why the building trades are handicapped and cannot enforce the new working card of the Federated Council of the Building Trades is the fact that the bricklayers have a clause in their agreement with the Builders' Exchange whereby the union promises not to go on a sympathetic strike should the other unions engaged in construction work so desire.

Both the carpenters and the builders' laborers are contemplating a stand-out for increased wages, the carpenters having already signified their intention of asking for a raise.

The plumbers have demanded an increase in their wages, but the union is unwilling to comply in view of the heavy losses they recently incurred by litigation.

ALCOHOL CHEAPER THAN OIL

If Committee's Suggestion Goes Through—Will Revolutionize Things.

Washington, March 26.—The free alcohol sub-committee of the house committee on ways and means to-day agreed to report a free alcohol bill to the full committee Wednesday next. The bill, which is the subject of the internal revenue tax of denatured domestic alcohol for technical uses, including lighting, heating and motor uses.

The bill, if passed, goes into effect three months from date of its passage. Details of its administration are left with the treasury department. It is predicted the effect of the bill will be a revolution in heating, lighting and furnishing fuel for motors, as alcohol will be cheaper than kerosene oil or gasoline, and can be made from any grain, vegetable, root or fruit containing starch.

ALIEN LABOR CASE FAILS MAN BORN IN TORONTO

Magistrate Denison yesterday dismissed the charge against James G. Merrick, secretary of the Employers' Association, of infringing the labor law by bringing over Henry M. Perry, a lithographer and printer, to work with Rolph, Clark & Co., of Toronto. When it was stated that Perry had Merrick, and also a member of the firm, that he was born in Toronto, the magistrate remarked that Perry must have naturally thought he was a Canadian. It seemed that Perry got \$15 a week in New York and \$2 more in this city.

**SIEBERT FAMILY IN FRONT.**

Beat the Kings and Other Guelph Hockeyists by 6 Goals to 3.

Berlin, March 26.—(Special.)—One of the most interesting and fastest games of the season was played here this evening between Frank Siebert's family of hockeyists and a picked team from Guelph, comprising only two of the King family and the balance of players who figured in O. H. A. and City League games this season. The Sieberts played a wonderful game, defeating their opponents by 6 goals to 3, or a total of 11 to 7 on the round. Over 500 spectators saw the game. Guelph led 2 to 1 at half-time and increased it to 3 to 1 five minutes after play resumed in the second half, but the Sieberts showed superior condition and played the visitors off their feet, scoring five goals. Frank Nelson and Eddie did the scoring for the Sieberts. Oliver of Houghton fame shot viciously, but was not accurate. The feature of the game was the goalkeeping of little Clarence Siebert, who is only 10 years old. The two Kings played a strong game, as did also the Guelph boys. Clarence Siebert (G), Clarence, Jimmy, Oliver, Herby, Nelson, Frank and Eddie. Guelph (K)—E. J. King, S. King, Herby, Brown, Dixon and Mowat.

Nelson Gross of the O. H. A. champions refereed very satisfactorily to both teams.

**DUKE OF KENDALL ADDED  
WON BENNING'S HANDICAP**

Washington Jockey Club Opening Witnessed by an Immense Crowd—Follow on Won Chase.

Washington, D.C., March 26.—Under lowering skies and in an atmosphere damp, chilly and penetrating, the spring meeting of the Washington Jockey Club was opened to-day at Benning. The inauguration of the racing season in the east was witnessed by an immense crowd. The conditions under which the races were run were so unfavorable that form players had little success. The track, while not muddy, was heavy and holding. The going was so bad that many of the best horses were scratched.

Interest, centred, of course, in the seventh running of the Benning Spring Handicap, in which there were 13 starters. After five horses had been scratched the Duke of Kendall was added and the race proceeded early in the running and was handled never being pressed at any time. LIT 2-5 was good in view of the bad track.

The steeplechase was a disappointment, every horse falling except Follow On, whose victory was a popular one in Washington, as he was ridden by Dion Kerr of this city.

Two favorites won in the six races, the other four being taken by outsiders. Summary: First race, 3-year-olds and up, 6 furlongs, Columbia course—Lacey, 91 (McDonald), 10 to 1; Fancy Bird, 95 (Kent), 8 to 5; 2, T. S. Martin, 95 (Oakes), 2 1/2 to 1; 3, Time 1:17. Blue Coat, Amberjack, Walter King, Reidmore, Henry Waring also ran.

Second race, 6 furlongs—Everette, 102 (Jones), 10 to 1; Al Powell, 119 (Hudson), 10 to 1; 2, Computer, 112 (T. Burns), 7 to 5; 3, Time 50.15. Allstar, Campaigner, Robert Minton, Stroogarm, Westover, Hattie Landon, Josephine, Louise, Willa, and Merry Lass also ran.

Third race, maiden 3-year-olds and up, 7 furlongs, Columbia course—Gator, 116 (Han), 15 to 1; 2, Zany, 110 (Robbins), 5 to 1; 3, Time 1:32.45. Salt and Pepper, Mottie, Highbrush, Waterway and Akers also ran.

Fourth race, Benning's Spring Handicap, for 3-year-olds and up, 6 furlongs, Columbia course—Duke of Kendall, 105 (Heggen), 10 to 1; 2, Bel Snicker, 106 (Kassp), 5 to 1; 3, Time 1:17.25. King King, Bobby Kean, Right and True, Paul and Verence, Warning, Brushup, Plinders, Tangier, and the Veiled Lady also ran.

Fifth race, open steeplechase, 4-year-olds and up, about 2 miles—Follow On, 130 (Dion Kerr), 2 to 1; 1, Bob Murphy, 149 (Dion Kerr), 4 to 1; 2, Time 4:57. Pireo, Dr. Schwartz and Glen Garter started, but fell and did not finish.

Sixth race, 1 1/4 miles—Lemon Girl, 107 (Berria), 10 to 1; 1, Don't Ask Me, 104 (Bridell), 12 to 1; 2, J. C. Clem, 102 (Bridell), 20 to 1; 3, Time 1:15. Henry Heidrick, The Ram, Miss Dugard, Quat, and Handing also ran.

Seventh race, 1 1/8 miles—Cardinal Sara, 109 (Graham), 16 to 5; 1, The Lady Robesia, 107 (Robinson), 2 to 1; 2, Easy Street, 104 (Graham), 3 to 1; 3, Time 1:48.44. Andy Williams and Sonoma Belle also ran.

**TORONTO DAILY PLAYERS BEGINNING TO REPORT**

Herman Long Arrived Yesterday From Chicago—Riggs Has Been Secured for Outfield.

Herman Long, who is the first player to report to Manager Barrow, arrived here yesterday on the morning train from Chicago. Long will play second base for Toronto this year and captain the team. He looks to be in good condition, and says in a couple of weeks he'll be ready for a hard season.

The ex-Boston infielder played shortstop last season for the Hamilton Indians team of the Western League, and had no difficulty in getting the ball over to first base. This year he is expected to play at first base, but he is not sure of it yet.

Long knows some of the players who are coming to Toronto, and thinks that he will make good. Manager Barrow, in his opinion, has gathered together a fine bunch of youngsters, who, along with the veterans, should develop into a first-class team.

Long is favorably impressed with Toronto, and thinks it is equal to any American city of its size. One thing that amuses him is the policemen's uniforms and street car conductors' "coffee pots."

Manager Barrow left for Preston last night on the 7.15 train, where Long will undergo a boiling-out for a couple of weeks. At present he weighs 150 pounds, but takes on about 50 pounds when the season starts. Mr. Barrow will return this morning.

Meek and McCarthy will report this week and will be taken to Preston. Manager Barrow secured Riggs from Philadelphia yesterday to play outfield. Riggs, a large number of years ago, was with the Philadelphia Athletics, where he played for several years.

Shortstop Tamsett and Outfielder Riggs will not be here until the 10th, and Third Baseman Frank will be taken to the city on Friday. The above four players are all coaching teams in the States.

Manager Barrow may secure a shortstop from Philadelphia Nationals, either Ward or Stetson, both of whom are showing good form in spring training.

Outfielder Cheney has been turned over to the Toronto team. Cheney has been in the States for some time, and is trying to get on with an outfit club.

The following are some of the players who will tackle the Toronto team good Friday, along with a list of the leagues they will play in this year:

Chaucer Elliott, A. J. G. New York State League; Dooney Hardy, Troy, New York State League; Knobby Keady, New England League; Lepper, Lawrence, New England League; Corbett, Syracuse, New York State League; Miller, Binghamton, New York State League; McGuire, New York State League; Larry Piper, Winnipeg, Northern League; Ross, Burlington, Northern New York League; Cuffman, Oswego, Empire League.

**BOWLING.** Toronto Teams Arrive Here. Nearly all the Toronto bowlers arrived home late Sunday night, after week's absence. They report a very enjoyable trip, and that they will not win any of the big prizes, as they are not very good.

The conditions under which they bowled were as good as best. In the first place, the balls used were of good quality, and the pins and gutters were well maintained.

With the two men competing over the individuals started yesterday, Jack Eastwood, who finished his series, is high with 12-2. The other bowlers are: J. H. Forrester, 10-1; J. H. Forrester, 10-1; J. H. Forrester, 10-1.

The Rosedale Cricket Club held its annual meeting at the King Edward Hotel last night. A large number of members were present, and the coming season promises to be one of the most successful.

The meeting was held at 8 o'clock. All members and any wishing to join will be heartily welcomed. The meeting will likely elect a team in the Interassociation League.

The Eureka Football Club will hold their fifth annual meeting to-night in the West End Y.M.C.A. hall, when a good attendance is expected. The Eureka will place strong teams in both the Intermediate and Junior T.F.A., and hope to have a successful season.

All those wishing to join are cordially invited to attend.

WARE NIAGARA.

It is pretty difficult to size up the Dominion government's attitude to the Niagara Falls problem.

There was introduced to the house of commons yesterday a private bill to confirm all the privileges obtained from the Ontario government by the Rankine Company.

The Ontario government may be unpleasantly brought up against this question of jurisdiction at any moment.

It is the only way possible to save for Ontario her pre-eminence among the provinces of the Dominion.

AUSTRALIA AND IMPERIAL PREFERENCE.

Ballarart, famous half a century ago for its gold mines, has been favored by an important speech delivered by the premier of the Australian Commonwealth.

This anticipation on the part of the Australian premier suggests what is certainly a possibility of the not remote future.

Another comment invited by the Ballarart speech is the confirmation it gives to the new conception of the

British Empire, which is coming so rapidly to the front. The new states of the empire are not going to wait upon the mother country to lead the way.

LABOR IS ITS OWN POLITICS.

There is a queer combination of the pathetic, the ridiculous and the practical in the situation which has been developed between the labor forces and the congress of the United States.

The delegates were not delighted with their reception. They felt rather as one who, having asked for bread, was proffered a stone.

We reaffirm, as one of the cardinal principles of the trade union movement, that the working people must unite and organize, irrespective of creed, color, sex, nationality or politics.

That the American Federation of Labor most firmly and unequivocally favors the independent use of the ballot by the trade unionists and workmen, united regardless of party.

There seems to be an idea among many eminent people that those who live by the sweat of their brow on this continent are so occupied, first, in sweating, and then in collecting the pecuniary fruits thereof, that they ought not to waste the time which should naturally be devoted to rest in meddling with politics.

The deliverance of the American Federation of Labor seems a sort of reflection upon Yankee smartness, when you remember that in the British House of Commons this very day there is a strong body of able men who are there because there was formed in England, three or four years ago, a labor representation committee.

The demands of trade unions are not always wise. That is no reason why the trade unions should not become a powerful factor in politics.

The worst of it is that, under the plea of development of the country, things are done over and over again in politics which, by restricting the freedom of competition, restrain the development which they are supposed to assist.

question will object just as strongly as ever to the patient who pays \$3.50 being treated exactly the same as he who enters a ward absolutely on the city's order.

Paperization is a matter of principle, as well as of pence, and it is not easy to get the idea of hardship out of the head of a poor man who might be advised that the only chance of his child's recovery from sickness lay in her being taken to the hospital and who would hate to see her handed over to a stranger.

Dr. Sheard suggests that the day is coming when the fraternal societies will establish their own hospital, and will ask the city to make another grant of \$200,000.

INSURANCE DEPARTMENT COSTS LITTLE.

In connection with the insurance investigation at Ottawa, the public will be interested to learn the cost of maintaining the government department whose function it is to ensure compliance with the law's requirements.

Table with salaries per annum: Supt. William Fitzgerald, \$4,000.00; Chief Clerk A. R. Blackadar, \$2,900.00; First-Class Clerk M. D. Grant, \$1,500.00; Junior Second-Class Clerk F. J. O'Reilly, \$1,500.00; R. Crosby, \$87.50; A. Evans, \$50.00; Temporary Clerk J. W. Beare, \$47.50; Traveling and office expenses, \$548.41.

Local Clergy Will Petition the British Authorities.

With Chancellor Burwash as chairman a committee composed of Rev. J. D. Freeman and Henry Moyle (Baptist); Rev. Dr. E. N. Baker and Rev. L. W. Hill (Methodist); Rev. James Wilson and Rev. Mr. Hamilton (Presbyterian), met yesterday in Victoria College to formulate a plan of bringing pressure to bear on the British government in having the treaty which forbids opium to be signed at the head of the clergyman to discuss, after which the resolutions will be presented for eminent clerical opinion to the premier of England, the secretary of state for India and the secretary of state for the colonies.

WHAT POLICYHOLDERS ARE SAYING

DEFENCE OF ASSESSMENT PLAN.

Editor World: In a recent issue I notice a letter signed "P.D." concerning my defence of A.O.U.W. I desire as briefly as possible to point out the incorrect conclusions he has drawn from my letter.

As to the mathematical certainty of failure for the fraternal orders. The one in question has been doing its work of humanity since October, 1886, nearly 38 years, and is, if anything, stronger and larger now than any time since it commenced business.

Workmen bears the stamp of ignorance, or worse, as it is well known that all line companies charge precisely the same rates for the same kind of protection. Moreover, a non-participating policy, such as he describes, has no surrender value to the policyholder.

AGAINST COLQUHOUN.

Editor World: Is it not time some Conservative member who has the party's interests at heart spoke up against the manner in which Mr. Colquhoun's appointment as deputy minister of education is being defended?

It was not expected, however, at which most people were surprised, and while Mr. Colquhoun's wide circle of friends rejoiced at the honor conferred upon him, the public were disposed to suspend judgment until all the good things said of the gentleman were verified by his official performance.

FAVORS COMPULSORY VOTING

Ex-Ald. Ramsden Believes 'tis in the Public Weal.

At last night's meeting of the Young Men's Liberal Club, ex-Ald. Ramsden

spoke with strong fervor on the subject of compulsory voting.

Every other mark of civilization was compulsory—education, vaccination,

taxes, good behavior—and the public should be compelled to vote on their

own government. To-day the franchise is a duty, as it was a privilege years

ago, obtained as he stated by the Liberal party.

Henry Dickenson suggested that Liberalism did not take kindly to anything compulsory.

The discussion will be continued at the next meeting.

Mr. Foster suggested that he take his apparatus to Newmarket so that when the canal is built to Lake Simcoe, there will be means at hand to furnish it

Mr. Wilfrid Laurier said that he knew nothing of this contract. He suggested, however, that Mr. Hatfield should go to North Toronto and furnish the hon. member the cold water for which at one time, he had developed a penchant.

Mr. Borden thought it strange that the government had no knowledge that this contract was made last year by the Yukon council.

Hon. Mr. Oliver, minister of the interior, questioned the propriety of the government interfering with the council's favored autonomy, why was the council appointed from Ottawa instead of being elected by the people?

## ALDERMEN MAKE CAR LINES ENDORSE THE EXTENSIONS

System of Assessing City Property to Be Fathomed—Monday's Interesting Council Meeting.

Two hard working sessions were held by the city council yesterday, when the aldermen settled the hospital matter on the terms suggested by Mr. Flavelle; they passed the street railway loops; turned down the island bath proposal, and touched on several new matters and a lot of old ones.

The bylaws providing for the street car extensions, as several times announced, passed the council yesterday, with two exceptions on an unanimous vote. The two downtown loops were opposed by Ald. McMurrich, who protested that the figures supposed to represent the traffic on the waterfront were misleading, as the test had been made in the winter.

The railway company has undertaken to provide an adequate service to the waterfront, explaining the mayor when the opposition in the Richmond-street loop developed. On a division the bylaw was passed by 16 to 4 the dissenters being Ald. McMurrich, Chisholm, Harrison and Controller Ward. The division on the Scott-street extension was also unanimous, the aldermen voting in favor of the other extensions. The absentees were Ald. Stewart, Vaughan and McGhie.

Information as to the advisability and cost of extending Victoria-street, through to Carlton-street was sought by Ald. O'Brien, and his motion was returned to the board of works.

Controller Ward moved that Monday, Aug. 20 be set aside as Civic Holiday, and that the day be observed as such. The motion was not opposed.

When we win we don't get any of the costs; when we lose we have to pay them. The city solicitors collect costs when they win and they share the money by between themselves. Now I think they should pay the other fellow's cost when they lose out of the money they get when they win.

Noble took exception to the board of control's recommendation that in the case of Auld the plaintiff's bill be paid, amounting to \$11, be paid to Hoskin & Ogden. He asked if it was true that the solicitors have the graft of sharing up the money from successful litigants. Everybody seems to know that such had been the amount, it was many years. Last year the borough of \$4000. The matter, however, goes thru as its predecessors have done.

Ald. Graham has a project which will please workmen in view of the scarcity of suitable houses for a man working in an ordinary way. His motion is that the city architect to control the erection of frame dwelling-houses in the district between Bloor-street and west of Christie-street, also north of Bloor-street and east of Logan-avenue, and any other districts that in their judgment are suitable for the erection of frame dwelling-houses for workmen. The motion was carried.

Commissioner of Industries. Because a two-thirds vote of council was necessary and was not forthcoming to suspend the rules of the bill introduced by Controller Jones to permit the establishment of a department of real estate and public utility. Taking the ground that council

Very important it is in this age of competition to have a clear, strong, steady nerve. Too much rush and bustle, work and worry, fall to the lot of the average business man. His nervous system will not stand it—he gives them too much work to do.

Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitations, specks float before the eyes, the pulses become weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

**MILBURN'S HEART AND NERVE PILLS**

As the remedy you require to restore your strength and health, their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mr. Ray, Co. Miller, Funderstone, P.E.I., Mrs. E. Kilmer, Funderstone, Ont., Mrs. C. McDonald, Portage la Paire, Man., Mr. Walter Cleveland, Baywater, N.S., Mrs. Owen Martin, Alma, N.B., and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50c per box or 3 boxes for \$1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## HAMILTON ALDERMEN SAY FUTURE MEETINGS OPEN

No More Secret Conferences With Cataract Co.—Salary Increases All Off Until April.

Hamilton, March 26.—(Special).—At this evening's session of the city council, both Mayor Biggar and Ald. Main promised that in the future there would be no more secret conferences with the Cataract Power Company. The mayor ruled out all the salary increases that had been agreed upon, on the ground that a bylaw provided that they could not be considered except at the April meetings of the council. In addition to the long list that had passed the committee last week, all the committees had special sessions before the council of various official in sight. The council decided to buy a new asphalt mixer at a cost of about \$2000. Ald. Evans was appointed to the fire and water committee, and Ald. Martin to the finance committee. A bylaw was passed providing for the issuing of \$30,000 debentures for waterworks improvements.

Archie Gibson, a youngster who lives on East King-street, fell into the cellar of a new house near the corner of Bloor-street and King-street this evening and broke his leg.

Mrs. Stewart, wife of William Stewart, 310 South John-street, and mother of a young child, died this afternoon. She was 64 years of age.

Rev. J. M. Cornwall, pastor of the Victoria-avenue Baptist Church, has resigned on account of ill-health.

It turns out that Mrs. Margaret Campbell-McCowell, an old lady who was found dead at her home on Mulberry-street last February, and who was supposed to be poor, has left \$25,000 to her nephew, Peter Ward, Yonkers, N.Y.

The program committee of the Hamilton Methodist conference met at Niagara Falls to-day, those present being Rev. J. H. Robinson (president), and Rev. H. Gilbert Livingston (secretary). The conference will meet May 25, and will finish Wednesday at noon. The full conference will open there on Thursday afternoon, May 31. Bishop Vincent of Chautauque will conduct devotional exercises each morning during the conference and preach ordination sermons. Rev. Dr. Potts will preach in the Morning-street Church on conference Sunday.

One of the trio under arrest at Jackson's last night, a detective in John Hamilton, who formerly lived here. As a youngster he was sent from Hamilton to the Industrial School as an emergency.

Authorities at Port Credit say that they do not know whether the woman who left the child in a woodpile came from Hamilton or Toronto. The local officers have been asked to investigate. The Niagara synod meetings will open on June 19. The best figures obtainable place the number of converts of the Gales-Strat mission at over 1300.

Enoch Taylor, North Macnab-street, died suddenly this morning.

**METHODISTS CHANGING VIEW**  
Suggestion That the Restricting "Foot Note" Be Materially Altered

Some suggestions of subjects that should come before the general conference for legislation were given by Rev. E. N. Baker at the Methodist Ministerial Association yesterday.

Among other changes it was suggested that the old footnote forbidding dancing, playing, etc., be either eliminated or materially altered. The ministers present refused to discuss the matter.

**FOR MAN OR BEAST.**  
On the Canadian Prairie Nerviline is Used in Every Home.

Nowhere is the value of a good household liniment so apparent as in the country. The aid of a doctored liniment is had, so "Nerviline" is kept handy and serves in many an emergency.

Mr. D. W. Daly of Macoun, Assa., says: "I consider that Nerviline is the most widely used liniment in the west. On a farm or in a livery it is invaluable. For all lumpy, aches or chills in cold in horses, or in distemper I have heard veterinarians say it could not be surpassed. I recommend Nerviline to all my friends."

**POSTOFFICE ROBBED.**  
Hartney, Man., March 26.—The post office here was burglarized last night and the safe broken. Registered mail was all rifled, but the exact amount, although it is considered a package of jewelry was also taken.

**To Persons of Sedentary Habits**  
Mrs. Yake, 223 Church-street, Toronto, states: "I am pleased to add my testimony to the curative properties of Dr. Chase's Kidney-Liver Pills. A combination of liver and kidney troubles brought me to a very low condition, and before coming to Toronto I was continually under the doctor's care, both at Chatham and Guelph. I was subject to stomach troubles and constipation, and my sight got so bad that I could scarcely see how to sew. It was recommended to try Dr. Chase's Kidney-Liver Pills and attribute my present good health and clear vision to their regular use. They seem to be exactly suited to my case and I used more good than any medicine I ever did. To persons of sedentary habits and those who sit sewing all day long I strongly recommend Dr. Chase's Kidney-Liver Pills. To my mind they have no equal as general health restorers."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

## PUBLIC AMUSEMENTS.

**"The Office Boy"**—Grand. It was Frank Daniels who introduced "The Office Boy" to local theatregoers two or three seasons ago and he made the character very popular for the week he was engaged in. In reply Controller Jones said no one had ever heard of an official being appointed before the position he was to fill had been created. By only one vote the motion to suspend the rules failed to get the necessary majority on the following division:

Yeas (12): The mayor, Controller Jones, Ald. Sheppard, Geary, Noble, Church, Adams, Oliver, Hay, Keefer, McBride and Fleming.

Nays (7): Controllers Ward, Hubbard and Shaw, Ald. Dunn, Chisholm, Harrison, McMurrich.

Some Private Reasons. There is something that would be bleached by the light of day in the suit of Brooks v. Toronto to set aside a tax sale of parcels mostly in the areas of land on Logan-avenue. The plaintiffs have submitted an offer to settle, which the city solicitor endorses, although it is far below the property value. There is a dark reason for doing it, which will be secretly made known in circular form to the council, so they will wait till next meeting before ratifying the arrangement. Ald. Chisholm wanted it that way and was supported.

This is a Sore Spot. Ald. Noble stirred up a matter that has been simmering for a long time when he gave notice of motion that the council order a thorough investigation to be made forthwith by the board of control as to the assessments made throughout the city in order to ascertain why it is that properties are being sold for amounts which are two or three times greater than assessment values.

Telephone Matters. His worship the mayor was authorized to sign, on behalf of the City of Toronto, a petition circulated by the Union of Canadian Municipalities and addressed to the senate of Canada, praying that principles of recommendations therein specified may be concurred by the Dominion parliament and expressed in legislation without delay in favor of all provincial legislatures and municipalities respecting the subject of telephone companies and of all other companies under Dominion charters.

That this assembly should memorialize the parliament of Canada not to increase the capital of the Bell Telephone Company unless the said company is willing to submit to municipal regulation and provincial control.

Much thought and voice was given to the proposed legislation re parks outside city limits. It came from the desire to purchase the lands of the city parks, amounting to \$11, be paid to Hoskin & Ogden. He asked if it was true that the solicitors have the graft of sharing up the money from successful litigants. Everybody seems to know that such had been the amount, it was many years. Last year the borough of \$4000. The matter, however, goes thru as its predecessors have done.

## PLEASES NEITHER PARTY. BAYS BY LINE OF LIQUOR ACT

Remark Made at Second Ward Banquet—Some Hints at Friction.

"I see that the liquor license bill brought down doesn't please either party. Whether a happy medium has been reached or not I cannot say. Perhaps, however, it is a good sign."

These were words spoken by Hon. R. A. Payne at the annual banquet of the Second Ward Conservative Association, held last night in Victoria Hall. The guests numbered about 300, and the event was all the success that might be wished.

President Thomas Gearing was toastmaster. With him at the head table were, among others, A. E. Kemp, M.P., Mayor Coatsworth, Hon. J. J. Foy, Hon. R. A. Payne, Thomas Crawford, M.L.A., W. K. McNaught, M.L.A., Controller Jones, Ald. Noble, Ald. Sheppard, E. Church, S. W. Burns, R. S. Neville, E. B. Ryckman, Seymour Corley, W. F. Ardagh, T. A. Whitesides, John Lavon and others known as "stalwarts."

A. E. Kemp, M.P., speaking to the toast of the Dominion Parliament, presided by R. S. Neville, scored the government for its refusal to pension the "stalwarts." He termed it a "shame and disgrace."

Hon. Mr. Payne referred to the License Act as quoted. Also, he said, referring to the "Zoo," Rivardale Park, "I would like to make the happy days around me happier if I could do so."

In conclusion, speaking of the legislation that would drive you away from your friends there. They are just as true to the Conservative party as you are yourselves."

Hon. J. J. Foy turned up to feelings of warm admiration for his colleague, the provincial treasurer, Col. Matheson, whose great financial achievements had been mentioned in a loan editorial. It would mean repudiation, breach of faith and violation of contract. The Temiskaming loan was one the province should be proud of.

Thomas Crawford, M.L.A., began with a jocular reference to the possibility of ladies coming to the right to vote, and said, "We may need a few of the ladies' votes if things don't go any better than they do at present. If some of their gentlemen friends are not so sweet on us as they have been in the past, we may make up with the ladies, so that the majority may not decrease."

W. K. McNaught, M.L.A., considered that a Liquor License Act which pleased neither party was about right. It had been framed for the general good. Mayor Coatsworth announced that he and his council were working hand in hand.

Controller Jones, Ald. Geary, Ald. Noble and others also spoke.

**DOMINION TO CLAIM JURISDICTION**  
Continued From Page 1.

gara Falls, Mr. Maclean favored paying the parties a just and fair return for all they had invested, with interest. He urged the Dominion government, as far as possible, to nationalize this great asset. Electric power should be distributed to the municipalities, who, in turn, should distribute it to their people.

He did not overlook the importance of preserving the scenic beauty of Niagara Falls. He believed that as much power could be generated from the rapids below the falls as had up to this time been generated from the water taken from above. He pointed out the great advantage of electric power; it could be conveyed hundreds of miles and delivered at the end of a wire. To utilize coal required an immense duplication of labor. He appealed to the entire house to favor party lines or party advantages, and "victrola."

R. L. Borden was of the opinion that "The Merry-makers" at the Star this week create a very good impression. They and song, that captivated everybody and Monday's performance, a live, little wit, called "Running for a job," received the appreciation of the fun and music provided. "The Merry-makers," which comes as an afterthought, is a delightful and entertaining show, that should take well in Toronto. The girls are good-looking and possess excellent voices in good songs.

**BANK RECOVERS THE GOODS.**  
Also Wants Banwell Clothing—He Goes East To-day.

This morning Sheriff's Officers Walter Stewart and James Severs will leave for Kingston, having in charge Edwin St. George Banwell, sentenced for four years for stealing from the Crown Bank. Charles McCrea and John Tompkins, who will do three years for highway robbery, will accompany him.

Yesterday afternoon Sergeant Duncan and Detective Black turned over to the representatives of the Crown Bank the money and jewelry found on the person of Edwin St. George Banwell, who was arrested on their trip. The amount handed back was \$38,598.67, of which \$2170 was in jewelry. The amount of \$36,428.67. This leaves a shortage of \$1710.00, which was spent by the young couple on their trip. In addition the bank spent \$6000 to capture the fugitives.

Mr. O'Grady carried the "swag" in the trunk of the automobile in which it had been carried many miles. The two trunks of clothing purchased by the runaway pair is still in the custody of the police. It is said the bank is claiming this also, as it was bought with their money.

MINERS AND THE OPERATORS ULTIMATUM IS PRESENTED

Indianapolis, Ind., March 26.—Late this afternoon the miners presented their ultimatum to the operators in the joint state committee of the central competitive district.

It was a demand for the restoration of the 1902 scale, which is an advance of 5.55 per cent over the present wage scale.

The operators asked for an adjournment until 9 o'clock to-morrow morning, which was granted.

All leases should be upon such terms and conditions as to prevent an unfair increment to the great corporations. Under Federal Control.

Mr. Hyman, minister of public works, stated that the inventory asked for would, of course, be incomplete. Many of the charters now in force were provincial charters, and the Niagara companies were operating under charters from both the province and Dominion. There were difficulties in the matter of jurisdiction, he thought, but one thing at least was beyond dispute. NO EXPORT DUTY WOULD BE LEVIED EXCEPT BY THE DOMINION GOVERNMENT. HE FELT ASSURED THAT HEREAFTER IN GRANTING CHARTERS THE DOMINION GOVERNMENT WOULD BE CAREFUL TO RETAIN THE POWER TO REGULATE THE PRICE.

The scenic beauty of Niagara Falls should not be jeopardized. He hoped to find a solution for all these questions thru the work of the international waterways commission.

Mr. Hyman: "In a week or ten days." The minister added that a treaty might clear up the entire matter.

Mr. Wright (Retiree) warned the house that companies would not invest large sums to develop electric power unless given reasonable franchises. He saw no objection to the government regulating the price of power.

Mr. Monk, in closing the debate, expressed the opinion that as a practical question it would be found that few grants of waterpower would amount to much unless confirmed by the Dominion government. He felt that the B.N.A. Act, in conferring exclusive power over navigation to the federal government, had confided to it control over the water courses of the country.

Public Ownership. Mr. Monk, in closing the debate, expressed the opinion that as a practical question it would be found that few grants of waterpower would amount to much unless confirmed by the Dominion government. He felt that the B.N.A. Act, in conferring exclusive power over navigation to the federal government, had confided to it control over the water courses of the country.

Mr. John Haggart contended that the water powers were controlled by the various provinces, except where they were produced from public works, in the case of canals, etc.

Col. Sam Hughes called attention to the fact that the water powers in Victoria County, growing out of the Trent Valley Canal construction, had been taken over by the Dominion government, with the assent of the provincial government.

**CLERK LIVED DOUBLE LIFE.**

Thieved to Be Able to Pose in Society After Hours.

New York, March 26.—Thru the arrest of John Wilmer Martine, head salesman in a Fifth-avenue haberdasherie, a rather unusual record has come to light, and according to the police he worked each day from 8 a.m. to 6 p.m. for \$32 a week. After business hours he was a welcome guest in the homes of some of the well-to-do families in this city. For two years or more, it is charged, he has stolen systematically and without coming under suspicion. A trip to Europe led to his arrest.

Martine added somewhat to his income by work as a "parlor entertainer." He got \$5 a night for this, and seldom failed to convert his patrons into admiring friends. He managed entertainments at the west side Y.M.C.A., where he was highly esteemed.

Martine is 28 years old, and at Sherry's, Delmonico's and the Waldorf-Astoria he is known as one of the "smartest dressers" in town. He was known at these places as a society man.

In the west side police court Martine was brought to answer a charge of grand larceny preferred by his employer, W. A. McLaughlin, a haberdasher. Martine was charged with the theft of \$500. According to the police he managed to live at an expensive rate by stealing from his employer and selling the goods to friends and acquaintances at about three-quarters their price.

His customers were Wall-street bankers, well-known lawyers and business men.

**WORK GOOD IN SUBURBS**

Toronto Junction, March 26.—The works committee of the town council tonight received a statement from the street foreman in respect to improvements that are required to sidewalks this season. The improvements are extensive, and take in most of the principal streets of the town. G. B. Abrey reported that he had surveyed Carlton, from Queen-street to Laughton-avenue, and found that A. J. Heydon and P. Laughton were encroaching on the street to a distance of from 1 to 1-1/2 feet. The report was sent on to the executive committee. Solicitor Dods of the Union Stock Yards, appeared, accompanied by Engineer Theriot, asking for an agreement re the supply of water to the Martins, Limited (Levacks). They will be supplied to a maximum of 12,000,000 gallons per year at \$300 per year. This agreement, if passed by council, will be for the next five years. Superintendent Haggas stated that the cost of pumping the water was 5 cents per 1000 gallons. A deputation from the District Church waited on the board and asked for a new sidewalk in front of their premises. The communication was laid to one side until the estimates on sidewalks are taken up.

W. J. Sheppard, jeweler, has purchased 18 feet of land on Dundas-street, west of No. 44, occupied by C. F. Wright. The price per foot was \$125. He will immediately erect a building. Rev. T. E. Shore, formerly pastor of the Annette-street Methodist Church here, now of Hamilton, was in town to-day, and was the guest of the Rev. Dr. Hazelwood. Dr. J. Cunnings intends erecting several houses on Conduit-street. Mr. Cunnings has, during the past three years, put up a score of houses in ward 3. The members of council will attend in a body the funeral of the late ex-Councillor Francis Heydon to-morrow morning to Mount Hope Cemetery. The executive committee of the council will hold its regular meeting on Wednesday night, instead of Thursday night.

**Weston.**  
Weston, March 26.—The funeral of Arthur Reginald, son of Mr. and Mrs. J. H. Taylor of King-street, took place this afternoon to Mount Pleasant Cemetery. The services were conducted at the house and grave by Rev. Mr. Moore, pastor of the Methodist Church. During the passing of the funeral cortege down Main-street, blinds were drawn and the bell was tolled.

A meeting of lace enthusiasts will be held in the Eagle House on Wednesday night. Edward Rae, last year's manager, has been put forward as a candidate for the C.L.A. council.

That the farmers of this neighborhood are enjoying a period of prosperity is evidenced by the fact that several days ago five carloads of farm implements were distributed from the post office. The faculty of the Toronto Junction College of Music will give a concert in Dufferin Hall to-morrow night. The proceeds are in aid of the mission fund of the Presbyterian Church.

Humber Lodge, A. F. & A. M., will hold an at home in Dufferin Hall on Friday evening, April 20.

**East Toronto.**  
East Toronto, March 26.—For three hours the town council wrestled to-night with the question of the assumption by the town of the Baumb Beach sewage disposal. When the present system of waterworks was constructed the town appropriated a small portion of the park for the building of the pumping station. Subsequent events showed that the land expropriated was not the property of the town. A resolution was to-night adopted offering the park commissioners the \$4000 and free light and water for the small strip in question. The offer will be submitted by a joint deputation of the town council and the park commissioners, before the private bills committee to-morrow morning.

Before Magistrate Ellis this afternoon Percy Brown and Thomas Ward were charged with disorderly conduct and were each fined \$2 and costs. On Wednesday five teamsters charged with driving loaded wagons on Beach-avenue will appear.

At a meeting of the school board to-night the offer of Mr. Hogarth for the school site at the head of Spruce on Pine-avenue was practically accepted, subject to slight modifications. The lot is 200 feet square and will cost \$680.

A couple of continent travelers passed thru the town to-day, bound for the Pacific slope. They started from Glace Bay in Cape Breton without any funds whatever, and have one year in which to complete the trip to the coast. They are making the journey on a wager, as they said.

**North Toronto.**  
Sam Dingle and Charles Spittel have joined the list of those who wish to work in the town this spring. Fourteen new dwellings on Sherwood-avenue are spoken of, but the proposition has nothing substantial than rumor up to the present.

A special meeting of the council has been called for Wednesday night, but nothing more than routine business is expected to come up.

Sunday school anniversary services were held at the Eglington Methodist Church on Sunday. The preachers during the day were Rev. Wesley Dean, A. F. Mackenzie and Rev. J. J. Redditt, the congregations at both morning and evening services were large, and thoroughly appreciated the able addresses given. Last night the annual children's entertainment delighted an overflowing audience. The program consisted of 44 numbers, which gave strong testimony to the labors of the teachers at the various rehearsals.

**EX-ALD. CRANE'S DEAD**

A PROGRAM OF APOPLEXY

Stricken Down in His Home on Return From Church, and Did Not Regain Consciousness.

Seized with apoplexy Sunday evening while removing his coat after returning from Bloor-street Presbyterian Church, ex-Controller James Crane died yesterday morning at the home of his sister at 11 Oxford-street. He did not regain consciousness. Two years ago he suffered a first stroke of apoplexy. He was 67 years of age and unmarried and came to Toronto from Smithboro, County Monaghan, Ireland, 41 years ago. He was for many years a well-known member of the Irish Protestant Benevolent Association and a Conservative. He is survived by three brothers, Hugh Crane, retired; George Crane, ex-principal of Lathdown School, and Samuel Crane of A. Lytle & Co.

The funeral will take place to-morrow afternoon. The principal chairmanships of the funeral will be held by the Rev. J. S. Elliott, secretary of the Elliott House.

One of the leading provisions to be protested against is the high license clause. The other objections are numerous, but President Baynes will not give them out until the committee has seen Mr. Hanna.

No affiliation of the Toronto Hotelkeepers' Association and the Hotelkeepers' Association of Toronto is in prospect as yet. The latter consists of ten leading hotels of the city, and the former association organized last fall composes the other hotels. Mr. Baynes stated last night there was no prospect of a convention of hotelkeepers this week so far as he knew.

**RAT ATTACKS WOMAN.**  
London, March 26.—While waiting for a train in the Grand Trunk station waiting-room here a woman was attacked by a rat, which sprang on her lap, and when she attempted to knock it off the animal seized her by the lower lip. In its struggles the rodent tore the bosom of the woman's dress to shreds, and bystander choked the rat until it let go. The woman's lip was badly torn.

**THE MILITIA INQUIRY.**  
Ottawa, March 26.—The proposed commission of enquiry to test the efficiency of the permanent corps for the discharge of their educational work among the Canadian militia will probably not begin its work until after the session of parliament. Their report will be available for the session that is to open next November.

**L. D. S. BOOTH IS DEAD.**

Three Times Mayor of Brockville and Prominent as Contractor.

Brockville, March 26.—(Special.)—David S. Booth, who resided in Brockville since 1882, and a contractor known in many parts of Canada, died to-day, aged 76 years.

Mr. Booth was a conspicuous figure in the municipal and sporting life of Brockville. He had wide experience as a railroad contractor in Canada and the United States, and built portions of the G.T.R., including the double tracking. He also had contracts at Binghamton, N.Y.; at Guelph, for a line between the city and Toronto; at Huntville, on the Northern and Pacific Junction Railroad, and at London, on the London and Woodstock division of the C.P.R. He erected the largest public building in Brockville, and the Armouries at Cobourg and Brockville. The waterworks systems of St. Catharines and Ottawa were installed by him, and also a large block of the Welland Canal.

He was a cricketer, and played on the first Canadian eleven in the international matches with the United States. He was one of the chief backers of Edward Hanlan in his palmistry days as a sculler, and followed aquatics closely till a late date. Mr. Booth died in 1882, and was buried in Brockville. His wife died in 1888, and was a Mason and a member of the Sons of England.

**CRIME ON DECREASE.**

At Least Prison Population Has Not Increased in Proportion.

W. E. Archibald, parole officer of the Dominion, speaking at the Canadian Club luncheon yesterday, pointed out that the population of our penitentiaries is not showing any alarming increase. We would find the numbers almost stationary if we reviewed the past six years.

"Taking into consideration," he said, "the abnormal increase of population during the last few years from the tide of immigration, also the growing laxity of parental authority, the idleness of many, that we show that increase in serious offences, is a fact that gives satisfaction and places the citizens of our Dominion in a position of their good laws and good government in a position second to none."

**Seeking or Sought for the Job?**  
A few days ago a tall, likely-looking fellow appeared at fire headquarters. "Is the old fellow around?" "Who do you mean?" was the puzzled reply.

"Thompson—de chief," was the explanation. "They sent for me." He contended that he was an applicant for a vacancy on the department. "I know McGowan, too (referring to the secretary). I used to live next door to him. He don't like Red's position as the aspirant for fire department honors. 'I've got lots of influence. I've got'—(one of the controllers—and I love you."

He said he would see the chief later.

**MOTELMEN TO SEE HANNA**

HAVE LIST OF OBJECTIONS

Delegation Will Wait Upon Provincial Secretary This Morning—No Convention Likely.

A deputation of members of the Hotelkeepers' Association of Toronto will wait upon Hon. Mr. Hanna this morning at 11 o'clock to make objections against a number of provisions in the Liquor License Act at present holding the floor in the legislature.

The committee is composed of F. M. Baynes, president; George Wright, Walker House; S. H. Thompson, Queen's Hotel; Adam Nelson, Rossin House; W. C. Bailey, and Alexander Gordon, King Edward Hotel; John C. Palmer, Palmer House; George Graham, Incoquo Hotel; F. P. Manches, Arlington Hotel; Charles Campbell, Grand Union; E. G. E. McConkey, and J. S. Elliott, secretary, of the Elliott House.

One of the leading provisions to be protested against is the high license clause. The other objections are numerous, but President Baynes will not give them out until the committee has seen Mr. Hanna.

No affiliation of the Toronto Hotelkeepers' Association and the Hotelkeepers' Association of Toronto is in prospect as yet. The latter consists of ten leading hotels of the city, and the former association organized last fall composes the other hotels. Mr. Baynes stated last night there was no prospect of a convention of hotelkeepers this week so far as he knew.

**ASHBRIDGE'S BAY SPUR LINE**

Civic Delegation Will Make Initial Survey of the Route.

First steps toward the construction of a railway spur line along the north shore of Ashbridge's Bay from Cherry-street to Leslie-street, will be taken to-day, when the city engineer, the trustees and members of the Ashbridge Business Men's Association will go over the grounds.

Indications point towards the construction of the line on the bank of earth thrown up by dredges in the channel several years ago. A strip of land 150 feet wide was reserved by the city ten years ago, and it is understood that the city engineer favors using this property for the purpose.

The present plan is to have the line run from the Don River to the Woodbine, the line to be constructed at the city's expense and rented to the railroad operating on it.

**TWO WARDS SET ASIDE**

WHERE DOCTORS MAY FOLLOW

Dr. Brown, superintendent of the General Hospital, in a circular letter to the physicians of the city, says that the professional or society physician, public wards for the reception of any cases sent in by doctors or by fraternal societies or workmen's organizations. The professional or society physician, whether a member of the hospital staff or not may follow his cases into these wards and treat them in the same way as he is at present doing in private cases in the semi-private and full private wards, and he may collect a fee for attendance on such cases. The fee to be set aside for these wards will be \$7 per week.
