STRIKE PEACE IMPOSSIBLE UNION MUST BE SMASHED

Last Effort to Effect a Settlement Fails—Mitchell Told That He Will Lose—Notes of the Mines—The Union Fights for Its Life.

New York, June 12.—Failure has marked the termination of the last effort to end the coal strike, and there is now no prospect that the difficulty will be settled until either the operators or the miners acknowledge that they have been beaten.

John Mitchell, president of the United Mine Workers of America, has been informed, and it is said convinced, by men in whom he has much confidence, that the strike can end only by the failure of the miners and that his greatest aid as a leader must suffer. He has been asked to try to induce the miners to accept the wage scale which prevailed last year, and to go back to work. He has been told that under no circumstances will the operators make any concessions, and that they are determined to fight to the end. There is no chance of interference in the strike by the Federal authorities. President Roosevelt is helpless under the law.

It is expected by the operators that the backbone of the strike will be broken by the middle of July.

They say that their reports indicate that the miners are already disintegrating, and that as many of them were opposed to the strike in the beginning, some of them will apply for work soon.

CHAIRMAN DILWORTH HERE

Official of Street Railway Employees' Union Conferring With Organizer McDonald.

WILL DEMAND A CONFERENCE

And if it is Not Granted There May Be a Strike—Organization Going on.

Signs all point to the impression that the Toronto Railway Employees' Union is about to do things. The arrest of the 12 conductors may or may not have had something to do with the latest sign of eruption. The union is now agitating for an increase in wages and a 9-hour day.

Chairman Dilworth of the Executive Board of the International Street Railway Employees' Union, at the request of the local union, arrived in the city last night from Detroit, and spent three hours with the Grievance Committee in going over the details of the situation. When seen by The World last night, he was in the company of J. McDonald, the local organizer.

Mass Meeting Sunday.

Last Sunday morning the local union held a mass meeting in the Star Theatre. It lasted three hours, and, according to Organizer McDonald, was unanimous in resolving to ask the Toronto Railway Company for a conference. A letter was drawn up, setting forth the fact that the union desired to have a conference with the officials of the company, looking toward the granting of an increase of wages so that a uniform scale of 20 cents an hour would be granted to the motormen and the conductors. This letter and others were not replied to. The union considered itself ignored, and decided to send to Chairman Dilworth, since he has come.

Will Ask for a Conference.

Mr. Dilworth says he will endeavor to have a conference with the officials of the company. If he does not succeed, a mass meeting of the employees will be called, and the matter decided on. He says the motormen and the conductors in Detroit get 23 1/2 cents an hour for a nine-hour day.

Organization Necessary.

Organizer McDonald says the men realize that in order to back up the demands they must have a strong organization. Since last season, many of the men in the ranks of the union left the employ of the company, and he says that the majority of whom did not become connected with the organization. For the past two months the men have been holding frequent meetings, with a view of getting in all the non-union men. There are 1000 employed, that now fully 800 are union men. There is at present in operation a sliding scale of wages. First year men receive 15c an hour, second and third year men 16 1/2c, fourth year men 17c, and after 5 years 18c an hour.

ON THE ROLLING DEEP.

Mr. Ross (feeling rather unwell): It's—it's a queer feeling, but—after what I've gone thru—and what I'll have to go thru when I get back it's—heavenly—say—it's heavenly!

STREET CAR CONDUCTORS MAY ARREST PINKERTONS

Grievance Committee of the Union is Considering the Advisability of This Move—Defence Will Wait for Crown to Make Out a Case To-Day.

The indications are that the Police Court will be crowded this morning by friends and relatives of the accused when the street car conductors come before the Magistrate for a preliminary investigation. Interest in the affair of the men charged with having used the little steel instruments to rob the fare boxes continues unabated. Rumors are rife as to what use, if any, the Crown will seek to make of young Albert Cooper, the conductor released on bail. The young man continues to insist that he has not turned King's evidence and knows nothing of the "diggers."

Why Did He Do It?

Many street car employees, however, remain skeptical on this point, and say the Crown Attorney certainly had a purpose in singling out this man to be released on bail, and holding the others without bail. The Crown Attorney lends plausibility to this idea by the mystery with which he surrounds this phase of the case. It is known that

DETECTIVE "JACK CAULFIELD"

defendants have made an effort to see young Cooper since his release, but have failed to get an opportunity. Relatives of the conductor have him secured, and he is not at home, except to those known to be his friends.

May Arrest Pinkertons.

An interesting phase of the case developed yesterday afternoon when street car employees announced that their Grievance Committee was considering the advisability of causing the arrest of at least two Pinkerton men engaged in the case, and perhaps one street car officer. The claim was made that the men can furnish abundance of evidence that two Pinkerton men repeatedly offered "diggers" to the men, and others for a small consideration, and otherwise contributed toward the commission of a felony. This committee have consulted counsel on this score, and are said to have received advice that if they can prove that Pink

BOERS CLAD IN SHEEPSKINS AND IN EXCELLENT HEALTH

Commandant Kemp, When Surrendering, Said: "I Am Quite Satisfied With the Terms, and Have No Ill-Feeling Against England"—Why Boers Quit.

London, June 12.—Despatches from Mafeking state that Commandant Kemp, Gen. Delarey's trusty lieutenant, surrendered yesterday. Kemp looks worn, and has aged considerably. He was a clerk in the Mining Commission's office before the war, and now intends to take up farming.

He said his command, consisting of 1900 men, surrendered at Doornkop, June 6. A few men were still out, but they were coming in today. He had been aware of yielding, but recognized the opinion of the majority.

"We did our best," continued the Commandant, "and must therefore be satisfied. As Lord Kitchener said, no shame is attached to our giving up. We were outnumbered. We might have continued fighting for another couple of years, but with no certainty of success. I am quite satisfied with the terms and have no ill-feeling against England."

"I think there will be no bitterness in the future.

"We shall get on all right together. I expected to find the hopelessness of our cause. I have given the burghers my reasons for yielding. One reason was that the eastern part of the Transvaal had no foodstuffs whatever. West Transvaal, however, had enough food for two years more.

"Regarding the concentration camps, I saw the local camp this morning, and am quite convinced now that everything is in good order."

Many of the Boers who have surrendered were dressed in well made sheepskin clothes. The men, as a rule, were in remarkably good health, and were cheerful.

THE REAL ISSUE.

New York Journal: The Coal Trust is fighting to destroy the Miners' Union. The Miners' Union is not fighting to destroy the Coal Trust, but to save its own life.

That is the vital issue in the strike.

MORE WRECKAGE OF CONDOR

Dominion Steamer Quadra Finds It Piled Eight Feet High on Scott Island.

SCHOONER HATZIC GIVEN UP FOR LOST

Three Barques Go Ashore Off the Coast of Cape Colony—Crew of One Lost.

Victoria, B.C., June 12.—The Dominion government steamer Quadra returned this afternoon from a trip along the west coast, in search of the missing sealing schooner Hatzic, which is now a month overdue and has been given up as lost, with her crew of five whites and 24 Indians. The Quadra found a great quantity of wreckage along the coast and brought some of it down, but none can be positively identified as coming from the missing schooner.

Capt. W. Albram reports that on the Scott Islands, north of Vancouver Island, he seldom visited. Wreckage is piled up to a height of 8 feet. Much of this is from H.M.S. Condor. The collier Mattawan, which was wrecked on the coast of the Walla Walla, sank in collision with the French barque Max off the California coast.

The currents set in on this island, carrying the float of the sea to their rocky shores. The crew of the schooner were unable to find the human body said to have been washed ashore on the island, but found the body of a seal, which may have led to the report that a body had been washed ashore.

CONTRACT FOR MEDICAL SCHOOL

Let to Hilsley & Horn, the Price Being \$125,000.

Hilsley & Horn, contractors, signed the contract on Wednesday for the erection of the Medical School, in connection with the University, in Queen's Park, work on which was begun yesterday. The contract is for \$125,000, and, as they have the completed plans, which will not be altered, they expect to deliver the building on Jan. 1, next, ready for occupation. This will give them a fine opportunity of applying quick and modern construction to work of this kind.

They have also under way a new building for the Canada Life, in Winfield, at a cost of \$87,000.

The same firm hope to have the new King Edward Hotel finished, as far as they are concerned, by the beginning of September, and to have the roof on in the first two or three days of the month.

The royal visit to the Abbey was much altered and the work enlarged by the addition of the two extra stories, and a great many other changes made.

DOMINION COAL AND STEEL

Annual Meetings Held in Montreal Yesterday Ratified the 99-Year Lease.

JAS. ROSS PRESIDENT OF COMPANIES

Expected That Output of Coal Will Eventually Reach Ten Million Tons.

Montreal, June 12.—Both the Dominion Coal and the Dominion Iron and Steel Companies held their annual meetings here today, and both ratified the 99-year lease of the Coal to the Steel Company.

At the Steel meeting, 210,000 shares out of 270,000 voted in favor of the lease, and 150 shares against.

At the Coal meeting, 140,000 shares out of 180,000 voted aye, and none was recorded against the agreement. H. M. Whitney remains in the directorate of both companies but resigns the presidency, being replaced in both cases by James Ross, who is the president of both corporations.

George A. Cox and Hon. L. J. Forget are elected vice-presidents of both the Coal and the Steel. C. Shields is the second vice-president of the Coal Co. and general manager. W. B. Ross was also elected secretary of the Steel Company, and John Mackay, secretary-treasurer of the Coal, and director of the Steel Company. The directors remain as before except that Hon. George A. Cox is added to the Coal Board.

The reports of both companies were read and adopted, and, while James Ross said the output of the Coal property would soon be 5,000,000 tons, he added that he did not see why it should not eventually reach 10,000,000 tons.

It was stated by Senator Cox that they expected the receipts of the Coal Company to be so heavy that the whole revenue of the Steel Company would be applied to paying dividends on the latter's common stock.

TRAGEDY OF A STRIKE.

Boy Shot By a Deputy Who Guarded a Car.

Pawtucket, R. I., June 12.—Tanner Patterson, aged 12 years, was shot and probably fatally injured today by a deputy guarding a Union Traction Company's car. Patterson was in a crowd of strikers and sympathizers, who strolled a car on Main-street. Stones crashed thru the windows and a volley was fired by the deputies. Eight companies of infantry and two troops of cavalry were patrolling the streets today by order of Governor Kimball. On the ground that the city's financial position would not permit of it, Mayor Fitzgerald declined to increase the number of police. The National Guard men ordered out were supplied with shotted ammunition.

RICE DOES NOT KNOW.

Still in Good Spirits, Ignorant of Appeal's Failure.

Fred Lee Rice, the convicted murderer of County Constable Boyd, awaiting the death penalty at the jail, is giving the death camp little or no trouble. He maintains the utmost of spirits, and appears in the best of health. He spends his time chiefly in reading, and takes daily exercise in his cell, No. 4 corridor.

T. C. Robinette, K.C., has not yet communicated to the ruling the result of the argument in the Supreme Court on Wednesday. Rice was visited at the jail on Tuesday, and at that time the prisoner seemed to have little hope that the court would consider the appeal. He, however, appeared in the confidence that the Minister of Justice would commute the death sentence to the life imprisonment. The chief justice will deal with Mr. Robinette's application in about ten days' time.

Rice is said to have stated to his guards recently that he would never be hanged. This means that he will try to come to his own death, providing his sentence is not commuted.

ALEX. HALL GRAND MASTER.

Orange Young Britons at Russell Elect Their Officers.

Russell, June 12.—The results of the election of Orange Young Britons' officers at the meeting here today are as follows: Alexander M. Hall, Toronto, re-elected Grand Master; Samuel Crook, Ottawa, re-elected Deputy Grand Master; A. W. A. Ross, re-elected Grand Lecturer; John M. Thompson, Fergus, re-elected Grand Chaplain; W. H. Kelly, Ottawa, re-elected Grand Treasurer; W. J. Kistick, Ottawa, Grand Lecturer; John Montgomery, Gair, Grand W. of C.; Alexander L. Mackie, Toronto, Grand Lecturer; A. W. Sheppard, Ottawa, Grand Secretary; W. H. Goodfellow, Carleton Place, Deputy Grand Treasurer; Joseph Fierth and A. Beloi, Billings Bridge, Deputy Grand Lecturers. The following donations were passed: \$25 to the Royal Trust Blue Blouses Orphanage, and \$25 to the Hull Memorial Fund. The session just closed was one of the most successful in the history of the order, some seventy delegates being in attendance. The revisiting committee received considerable attention, and will be re-elected next year. The Grand Master, the next meeting will be held at Hamilton.

ROYALTY AT REHEARSAL.

Details of Coronation Program Explained to the King and Queen.

London, June 12.—King Edward and Queen Alexandra were engaged today in what was practically a rehearsal of the coronation ceremonies.

Accompanied by Princess Victoria and a suite, Their Majesties drove to Westminster Abbey, where they were quietly received by the Duke of Norfolk, Earl Marshal and Chief Butler of England, who escorted Their Majesties thru the Abbey, and in order to prevent the possibility of a hitch in the proceedings, the details of the coronation were explained to them.

The same amount that he received was accomplished very quietly, few persons about the building were aware of the presence of Their Majesties.

MONROE DOCTRINE FOR BRITAIN

English Professor Says She Should Take Her Share.

London, June 12.—Addressing the London Chamber of Commerce today on the subject of the Monroe Doctrine, Sir Frederick Pollock, corpus professor of Jurisprudence, University of Oxford, and editor of the Law Reports, said the doctrine represented the determination of the English-speaking nations to preserve their ideal of political and spiritual freedom against all external interference. It was defensive, and not aggressive, and a security for peace and progress in all civilized world.

The speaker traced the origin of the policy of the United States to the Holy Alliance of Europe. He said the feeling in the United States against the existence of a European State on the North American continent was founded on error. The self-governing commonwealths of the British empire were not dependencies, and their union with the crown was more likely to restrain than to stimulate them to rash enterprises. He did not regard the doctrine in its true intent as being anti-British.

On the contrary, he was quite willing that Great Britain, in virtue of her rights in Canada, should take her share in the doctrine.

BOXED EACH OTHER'S EARS.

Wild Scene of Disorder Created in Reichsrath in Vienna.

Vienna, June 12.—There was a scene of wild disorder in the Reichsrath today during the debate on the Danube navigation agreement. Herr Schoener, a leader of the Pan-German party, and Dr. Wolff, another leader of the same party, exchanged insults, and finally boxed each other's ears. It was necessary for friends of the rival leaders to drag them apart, amid cheers and jeers from the galleries.

Triumvirate Declare He Will Never Be Leader of Tammany Again.

New York, June 12.—Charles T. Murphy, Daniel F. McMahon and Louis F. Hoffer, the Advisory Committee of Tammany Hall, have signed a statement, in which this sentence appears: Let it be stated once and for all that Richard Croker is not the leader in or of Tammany Hall, and that he will never again be the leader. He has gone out, and shall not return. His friends and former associates, who regarded him as one of the highest capacity leadership, are all agreed upon this.

BOLD BANK EMPLOYE.

Abstracted Collateral Securities and Borrowed on Them From Bank.

Paris, June 12.—An employe of the Bank of France, who was entrusted with the care of collateral securities, abstracted a number of these documents, and then borrowed money on them from the Bank of France itself.

The paper this evening says that the sum lost by the bank amounts to 450,000 francs (\$80,000).

C.O.F. CHOOSE HAMILTON.

Two Hundred and Sixty-Four Delegates at Owen Sound Convention.

Owen Sound, June 12.—There was a large attendance at the opening of the third day's session of the Canadian Order of Foresters. The Owen Sound Board of Trade, thru its president, extended a welcome in an address. The reply was made by High Secretary Thomas White.

The Central Committee's report showed 264 delegates present, with a total of 194 votes. The selection of the new place of meeting was made by a vote of 100 to 94 in favor of Winnipeg, London, Quebec, Guelph, and Hamilton. The contest narrowed down to Toronto, Hamilton and Quebec. Hamilton was finally selected.

THREE BARQUES WRECKED.

East London, Cape Colony, June 12.—The Norwegian barque Albatra, from Hamburg March 13 for East London; the Swedish barque Aurora, from Gelle Oct 15 for East London; and the German barque Eliza Link, from Bremen Haven about Feb. 1 for East London, have been wrecked during a heavy gale which swept the coast of the Cape.

THREE KILLED IN TRAIN WRECK

SHOOT ALL THAT BREATHES.

Soldiers in Samar Felt That Order Was a Proper One.

Homer N. Y. June 12.—Private Bert Maynard of Homer has returned from four years' service in Cuba and the Philippines, and he was welcomed home with a public parade and bands, and a great display of fireworks. Maynard says that, during the raids on the island of Samar, he had orders to shoot everything that breathed. The raids into Samar, he says, were of a peculiarly dangerous character, and justified in the minds of the soldiers the order to burn and kill. The jungle was full of enemies, and the slightest movement of a rod meant the death of a soldier at the natives' hands. It was a matter of self-preservation to kill every moving thing that was not a man.

The women were more dangerous than the men, treachery being the keynote of their warfare.

HAMILTON MAN BEATEN.

Halifax, N.S., June 12.—At the Antigonish sports today, the five-mile match race between F. J. McDonald of St. F. X. College, and LeBarre of Hamilton, Ont., resulted in a victory for McDonald, and was won in the fast time of 25 minutes 47 seconds, beating the Canadian record.

RECOUNT IN PRINCE EDWARD.

Dr. Currie, Liberal, Has His Majority Cut From 123 to 116.

Pictou, June 12.—The recount in Prince Edward was concluded tonight. The Liberal candidate, Dr. Currie, had his majority cut from 123 to 116. In his majority vote, 107 ballots were not allowed by Judge Merrill, that S. W. Burns, the Conservative candidate's counsel, considered should have been counted. Dr. Currie had his numbers torn off. The Conservative Executive will meet today to decide whether an appeal will be made or not.

GREATLY OVERSUBSCRIBED.

Brands of Ogilvie Mills Co. Security Eagerly Taken Up.

Montreal, June 12.—Montreal is becoming more and more a great financial center. Only a few days ago the Royal Trust Company invited subscriptions for \$2,000,000 of new stock of the Ogilvie Mills Company, and it is announced tonight that the security has been over-subscribed by several millions. This appears all the more remarkable from the fact that there are at present a great many demands on the investing public.

RECOUNT IN PRINCE EDWARD.

Dr. Currie, Liberal, Has His Majority Cut From 123 to 116.

Pictou, June 12.—The recount in Prince Edward was concluded tonight. The Liberal candidate, Dr. Currie, had his majority cut from 123 to 116. In his majority vote, 107 ballots were not allowed by Judge Merrill, that S. W. Burns, the Conservative candidate's counsel, considered should have been counted. Dr. Currie had his numbers torn off. DONATION TO WYCLIFFE. Dr. R. Robertson of St. John, N.B., Gives \$3000 for Scholarships.

James R. Robertson of St. John, N.B., transmitted a few days ago to the treasurer of Wycliffe College a cheque for \$3000, for the establishment of scholarships, which the Council have decided to call after his name.

The construction of the new convocation hall and library is now well under way, and it is expected to be completed in September next. The total cost of these additions, and of some other improvements in the internal arrangement of the building, will be in the neighborhood of \$10,000. Of this sum \$17,500 has already been subscribed.

At the annual meeting of the Board of Trustees, F. W. Baillie and John Flett were elected to fill vacancies. Mr. Baillie was subsequently elected a member of the Council.

ARTILLERY AT DESERONTO. Col. Drury, C.B., Will Have Command of the Camp This Year.

Ottawa, June 12.—Col. C. W. Drury, C.B., will have command of the artillery camp at Deseronto this year, while Sergt. W. Dupresse will be gunnery instructor. Gentleman Cadet Panet, R.M.C., will act as orderly officer. Capt. E. C. Black will be commander, D.A.C.G., and Lieut. W. J. B. White, D.A.C.G., will be D.A.C.M.G.

A. E. Ross, A.M.S., will be medical officer, and Major J. Massey, paymaster, Major F. Strange, adjutant, and Lieut. W. R. McConkey, R.O. Second Brigade Division, Lieut.-Col. King, Third Brigade Division, Lieut. W. G. Hurdman, Ottawa. The adjutants for the last two have not yet been chosen.

Mild in Their Action.—Famine's Vegetable Pills are very mild in their action. They do not cause griping, or any other or cause disturbances there, so many pills do. Therefore, the most delicate can take them without fear of unpleasant results. They can, too, be administered to children, without imposing the penalties which follow the use of pills not so carefully prepared.

For Jackson's Point. Commencing Saturday, June 14, the Grand Trunk will put on a new train leaving Toronto at 1.45 p.m. arriving at Jackson's Point at 3.30 p.m. Saturdays only. Returning, train will leave Jackson's Point each Monday (commencing June 16) at 8.30 a.m. This train will leave Toronto at 10.20 a.m. This quick and convenient service, together with the low fare of \$1.75 (Saturday to Monday extension rate), will no doubt attract many weekly visitors to the popular resort.

Island Committee Endorses the New Camping Ground Selected by A. Burns on the Island.

TO BE REACHED BY A CHAIN FERRY. A Lively Discussion in Council Will Likely Result—Notes From the City Hall.

Contrary to custom, the Island Committee had a quorum yesterday afternoon. The chief matter for discussion was the question of the removal of campers and occupants of small cottages from the city property adjoining Hurler's Point, and it was decided to clean them all out and locate them on a site between the settling basin and the new cut to the west of the present site on Blockhouse Bay. There is a channel nearly 80 feet wide to the west of the site, and it was recommended that \$100 be spent on a scow or chain ferry in order that the campers may get across.

The above was adopted on the motion of Ald. Woods, who thought it was the best solution of the difficulty. If it passes the Council, it will mean that all the campers on the Heber property must move out at once to the new site and take their tents or shacks with them. There is, however, a possibility that the committee's recommendation will be vigorously opposed by Ald. Loudon, Richardson, Ward, Frame and others. At the meeting yesterday afternoon, Ald. Richardson moved, in amendment to Ald. Woods, that the campers be given a lease of their property and that they be allowed to remain where they are for this season, on the understanding that they must get into the new location by the end of the season.

PRESENTATION TO A. E. WALLACE. Shareholders of the Atlas Loan Co. Honor Their President.

From The St. Thomas Times, June 10. At the annual meeting of the shareholders of the Atlas Loan Company, held in February last, a committee was appointed to express to Mr. A. E. Wallace, the very high regard and appreciation of the shareholders on the occasion of his retirement as manager, and accepting the presidency. The committee consisted of the following gentlemen: W. H. Murch, E. A. Smith, S. Reynolds, Frank Hunt and G. W. Whitman.

It is easy enough to look pleasant when life goes by with a smile. But the moon worth while are the men who smile when everything goes dead wrong.

And, as we recall the early days (we might say the dark days) of the A. E. Wallace, we are reminded of the fact that he is a man who is not only a successful business man, but a man who is also a successful life insurance man.

Protect the Animals. Everyone who has animals to care for knows right well the great annoyance caused by flies attacking cattle, horses, etc., during the summer months. There is no longer any excuse for neglecting to protect stock, especially milking cows, from flies. It is a fact that flies, especially house flies, cost farmers a tremendous amount of money annually, thus rendering summer as objectionable a season as winter. REVOLUTION IN GLASS-MAKING.

Thousands May Be Thrown Out of Work By New Machine.

Pittsburg, June 12.—Machines that are expected to revolutionize glass-making and do away with the labor of thousands of workmen, and for the patent rights in which \$10,000,000 is said to have been offered, were put in practical operation to-day at Alexandria, Ind., by the American Window Glass Company. Twelve of the machines, which will make unnecessary the services of blowers, gatherers and snappers, have been installed in the old Depauw factory.

SUBSIDIZE THE CARGOES.

Member of British Parliament Says Americans Must Be Feared.

London, June 11.—George Renwick (Conservative member of parliament for Newcastle-on-Tyne, and a shipowner), testifying to-day, before the Parliamentary Subsidies Committee, in behalf of the owners of " tramp steamships, objected to the government subsidizing the great liners instead of subsidizing the cargoes. He said the foreign competition which he most feared was the American. The transfer of British ships to foreigners was absurdly simple. All the ships in the American combine could be transferred to United States within a quarter of an hour and at the cost of a few stamps.

When asked if he thought the American ship subsidy bill would be dropped in consequence of the Morgan shipping combine, Mr. Renwick replied that, on the contrary, he had good reason to believe that it would be pressed.

the death of the late Dr. Robertson, superintendent of missions in the Northwest. Today, he said, the problem that is facing the country is the home mission question. Not alone were many new settlers coming from the Old Country, but thousands were flocking in from the United States. During the past year 40,000 Americans came to the western coast. These Americans brought with them a love for the Stars and Stripes, and he regretted that they were not doing more to help the west of Lake Superior. He told of the possibilities of the west, and hoped that the assembly next year would meet in Vancouver, if it was only for the purpose of seeing the great advantages of that portion of the Dominion. The speaker had assisted the west, but more religious teachers were wanted, he said, to hold the country for the church.

The Work in Alberta. Rev. Robert McQueen of Edmonton, before a group of a review of the work in the northern part of Alberta, spoke of the new country. During the past few weeks he said, there has been a great deal of talk about New Ontario. It was a burning issue. He had spent two summers in New Ontario, and was aware of the good lands and rich mineral resources of the country. He urged that the country be held for home mission. Speaking of life in the west, he declared that he would not give up his office of service on the frontier, and he appealed to the young men and women of Canada not to turn their way to the south, but to go to the west. Americans, he declared, knew a good deal more about the west than the Canadians, and he pointed out that the immigrants from the United States who are rushing to the west are not only bringing with them every race of the world, and within half an hour there could be heard every tongue from the west to the east. He pointed out that the immigrants from the United States who are rushing to the west are not only bringing with them every race of the world, and within half an hour there could be heard every tongue from the west to the east.

Asked to Be Relieved of Duties. After presenting his report, Dr. Torrance asked that he be relieved of his duties as convener of the Committee on Statistics. He had had a long service in the work of the committee, and believed that a change in its personnel would be for the best. The committee, on moving the adoption of the report, expressed a deep regret that Dr. Torrance's resignation should have been accepted. Dr. Torrance had served on the Statistical Committee since the Union of Churches in 1874, and prior to that time had discharged the same duties for the Canadian Presbyterian Church. Before that he had looked after the same duties for the United Presbyterian Church. He was an expert in statistics, and the Assembly had no one else to whom he would leave himself in the hands of the Assembly.

J. K. Macdonald presented an interesting paper on the subject of the "Assembly and the Home Missions." He dealt with the work of the Home Missions in the West, and pointed out that the Home Missions in the West were not only suffering from a lack of funds, but also from a lack of workers. He urged that the Home Missions in the West be subsidized, and that the Home Missions in the West be subsidized.

Western Home Missions. In the report of the Home Mission Committee of the Western section, much valuable information was given. The work reported to have never been in a more satisfactory condition than at present. In the beginning of the year, there was a deficit of \$20,000 to meet, but the response to the call for funds had been so liberal that the committee was free of debt and a considerable surplus was left, with which to begin the next year. The receipts were \$98,450, of which amount \$7493 was received from the work of the year. The amount required to carry on the work for the current year was given as \$100,000.

The report recommended that in all mission fields to which ordinary missionaries are appointed by the Synod, the people in the mission field shall contribute at least \$350 a year towards the salary of the missionary; that the salary of the missionary shall not be less than \$4 per communicant, or \$8 per family; in cases where the ratio of members to families is exceptionally large; that no field receive more than \$500 per year from the Home Mission Fund; and that the fields shall contribute annually to the Home Mission Fund in the proportion of one dollar for every ten communicants.

The report also recommended that the general Assembly appoint a general secretary of Home Missions, who shall give his whole time to the work, and have the whole field of Home Missions under his supervision; also, that two mission stations be established, one for the Synod of Manitoba and the Northwest Territories, and one for the Synod of British Columbia, to be named in the Western section, there were 428 mission stations, embracing 12,982 families and 14,333 communicants. The people in the mission fields contributed for the support of ordinary missionaries for the year, between 40 and 50 new missions were transferred to the support of ordinary missionaries. The report of the Home Mission Committee for the Eastern section showed that there were 1000 preaching stations regularly supplied. There were 1300 families supplied, while the pastoral visitations numbered 2200. The average Sunday attendance was 900, and the missionaries came in touch with 11,000 people. The amount contributed for all purposes was \$12,458. The total receipts for 1901-1902 were \$12,215.

A New Departure. Commencing on Monday afternoon, next, the Toronto Ferry Co. will inaugurate an afternoon trip on their large steamers, Mayflower and Primrose. The price has been fixed at 15 cents for adults and 10 cents for children, and persons purchasing these tickets can ride back to the city on the morning train, and return on the afternoon train. This has been tried on most of the ferry lines on the other side, and met with popular favor. It will, no doubt, meet with popular favor here during the hot months of the summer.

Summer Weather Coming. Summer weather is late in coming, but it's coming just the same, and we're hunting for cool spots in the country before many days are past. Don't go away without a bicycle. It will make your outing pleasant and healthy. The best bicycle is a "Mason-Harris"—177 Yonge and 34 West King-street.

Summers and winters are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge in "forbidden fruit" without any harm, if they take a bottle of Dr. J. D. Kellogg's Dysentery Remedy. It is a simple, safe, and effective medicine, and is a sure cure for all summer complaints.

CHEER KING AND KITCHENER

The Announcement of Congratulatory Message on Boers' Stand Made Burgers Feel Good.

FINCH AND GERMAN HELPED BOERS

Up to Date Ten Thousand Boers Have Surrendered, Many of Them Only Boys.

Pretoria, June 11.—In all, 10,225 Boers have surrendered up to date. Many are youngsters of 11 years old and upward. The majority of them are under 30, the some of the burghers who have surrendered are septuagenarians.

Reports from all the districts say that the burghers are, increasingly friendly. The only bitterness observable among the leading Boers here is against France and Germany. They declare the war was protracted unnecessarily owing to hopes held out by the French and German press. Some of the Boers are so incensed that they have expressed the hope that some day they will fight on the side of the British against one of these powers.

The anticipated friction between the surrendered Boers and their former comrades of the National Scouts has not materialized to any extent. The Boers admit that they received ammunition thru Portuguese territory.

General Dewet says the youngsters were his best fighters, and frequently held positions after the older burghers had cleared out. The Boers of the Orange River Colony are handing in only a small percentage of their ammunition. They explain that they used most of it in hunting game since the peace agreement was signed.

Addressing the surrendered Boers at Kromstadt, Orange River Colony, General Elliott said the only wish of King Edward, his government and the British people was to help the burghers, and get them back to their farms as soon as possible. The King, the general added, telegraphed, congratulating the Boers on the good standing they made. This announcement was greeted with lusty cheers for the King and for Lord Kitchener.
