British Success Continues Near Beaumont-Hamel GERMANIS DRIVEN BACK IN RUMANIA

German Plot Suspected in Canadian Car Explosion

CANADIAN CAR EXPLOSION DUE TO INCENDIARY

Company's Statement Indicates Big Disaster Was Result of Plot. HEAVY LOSS TO RUSSIA Damage Placed at Sixteen Millions and Insurance is Light.

New York, Jan. 12.—Statement that the fire and explosion which wrecked the plant of the Canadian Car and Foundry Co., at Kingsland, N. J. yesterday, was possibly, if not probably of incendiary origin, was issued here today by the officials of the company.

BIG EXPLOSIONS WRECK DUPONT POWDER PLANT

Four Hundred Thousand Pounds of Powder Blown Up at Haskell, N.J.—Two of Company's Employees Missing.

New York, Jan. 12.—Four hundred thousand pounds of powder was destroyed by fire and explosion at the Haskell, N.J., plant of the DuPont Powder Co. at 10 o'clock tonight. Officials of the company declared after checking up the members of the night shift at the works that only two men were missing.

ALLIES ATTACK REPULSES FOE IN RUMANIA

Drive Back Enemy More Than Mile From Kasino River. GAINS IN MARSHES Von Mackensen Asserts Germans Made Move in Marshes Toward Galatz.

London, Jan. 12.—Excepting in the Otuz Valley where the Rumanians have been pressed back by Austro-German attacks, the situation in Rumania appears to be kept well in hand by the allies, for they beat back the enemy in a great many places, according to the Russian official communication today.

WHOSE WIFE AND FAMILY IS THIS?

Another photograph picked up on the battlefield and sent to The Toronto World for identification. The picture was sent in by Mrs. A. McLean, 1007 East Queen street, whose son, Charles, sent it to her. Written on the back of the photograph is the following: Picked up on the Somme on the 16th September, after the 15th Battalion made a great charge in which they gave the Germans something to remember them by. This photo was lying beside one of the brave lads of the 15th Battalion who was killed, so I expect it was his.

GERMANIS BASE ASSERTIONS ON FALSE DETAILS

London Press Believes Foe's Note to Neutrals Aids Allies. CURIOUSLY PUERILE One Paper Sees Some Prospect of Bridging Gulf Between Belligerents.

London, Jan. 12.—The Times maintains that the German note to neutrals repeats the refusal to state aims and peace terms, and believes that it will strengthen the good impression caused by "the first entente allied reply and confirmed by the second." After a sarcastic repudiation of the various points in the German note, The Times says:

ITALIAN WARSHIP SINKS NEARLY 700 LIVES LOST

Regina Margherita Strikes Mine and Majority of Sailors Aboard Go Down With Ship, Says Rome Official Statement.

Rome, via Paris, Jan. 12.—It is officially announced that the Italian battleship Regina Margherita struck a mine and sank Dec. 11. Six hundred and seventy-five men on board perished. Two hundred and seventy were saved.

HE HAD A GOOD JOB BUT READY TO ENLIST

Recruiting Sergeant Was Surprised, However, When He Heard What Job Was.

On his way to the provincial hall building, yesterday morning, Sir Adam Beck was asked if he would "join up" by a recruiting sergeant in front of the armories. Sir Adam expressed his willingness, and the man led him to the door of the armories, asking him what unit he would like to join.

BRITISH KEEP UP FIGHT ON RIDGE ABOVE ANCRE

Take Eighty-Four Additional Prisoners in Prosecuting Further Operations Northeast of Beaumont-Hamel—Fighting Continues, Say Germans.

London, Jan. 12.—According to a British official communication tonight the British have made further progress north of the Ancre and northeast of Beaumont-Hamel. In the past 24 hours they have taken in this area 94 additional prisoners, bringing the total number for the successful operations in that area up to 204.

AUSTRIA IS RAISING LARGEST WAR LOAN

Nearly Four and One-Half Billion Crowns Reported Subscribed.

Special Cable to The Toronto World. London, Jan. 12.—A despatch from Vienna says the returns from the fifth Austrian war loan, which are not final, indicate that 4,125,000,000 crowns were subscribed, with approximately 300,000,000 still outstanding.

BOPP AND VON SCHACH RELIEVED FROM DUTY

Bernstorff Takes Action as Result of Conviction on Conspiracy Charge.

Washington, Jan. 12.—Count Von Bernstorff, the German ambassador, today informed the state department in a note that he had relieved from duty Franz Bopp and E. H. Von Schach, respectively consul-general and vice-consul at San Francisco, recently convicted of violating the neutrality laws of the United States by conspiring to destroy munitions consigned to the entente allies.

ACCIDENTS GUARDED AGAINST

It was explained that the danger of fire or of explosions from purely accidental causes was reduced to a minimum by the fact that no completed ordnance was on hand at the plant.

CROWDS KEEP ROYALTY FROM SEEING PICTURES

King and Queen Unable to Pass Thru Waiting Queue of People.

Canadian Associated Press Cable. London, Jan. 12.—The attendance at the Canadian exhibition of war photographs has even now exceeded the attendance at an ordinary Royal Academy exhibition. A few afternoons back the King and Queen drove up, but, seeing a long queue of people waiting for admission, they decided to seek a day when the spectators were less numerous.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

FOR the distinct purpose of wearing down the German man power, the allies are conducting their winter operations so as to produce a wastage of German units at the minimum rate of five per cent. a month. It is estimated that if the German losses continue at this rate they will have their reserves exhausted by the end of June.

DISGUSTED OVER PEACE NOTE AMERICAN DIPLOMAT RESIGNS

Special to The Toronto World. Washington, Jan. 12.—A sensational diplomatic episode has stirred the state department circles recently in the resignation of George L. Lorillard, secretary of the American legation at Bucharest, who recently stationed at Korfu, Greece, from the diplomatic service.

KING OF NORWAY FINDING NEUTRALITY HARD PROBLEM

London, Jan. 12.—King Haakon, in his speech from the throne at the opening of the Storting today, says a Reuters' despatch from Christiania, referred to the constantly increasing difficulties that neutrals are experiencing owing to the war. He said that the Norwegian Government had endeavored to observe strict neutrality towards all belligerents, and advocated the election of a special committee in the Storting, which the government could summon for consultation.

## The Bargain of Years in Men's Suits Monday, \$13.75

Including 60 Sample Models That Are the Very Last Word in Fashion and an Extraordinary Reduction of Fast Selling Broken Lines

IF EVER there was a time for men to buy suits at dollars less than usual prices, it's Monday, the first day of the Men's Clothing Department's four-day sale. We've prepared some of the best bargains that have possibly ever been offered in the men's suit department and to be convinced how really great the savings are you must come at store opening, Monday morning. Early selection is best, for before noon the best of them will have gone.

The first collection includes 60 Sample Suits and is the headliner of Monday's offerings. They are samples of models from our own designers, made up in the EATON factories, and are particularly good. The weaves, color and patterns are too numerous for description here, there being hardly any two suits of a kind. There are overlaid, checks, stripes, mixtures, plain greys and browns and blues with stripes. The young men's suits are 2 and 3 button soft roll lapel style, have natural shoulders, form fitting backs, and cuffs on trousers. The men's models are perfect fitters, smartly tailored of exclusive fabrics. There are cassimere and cheviot-finished tweeds and rich worsteds, all from British mills, and for coming spring wear many of these suits are ideal and offer savings of many dollars.

The young men's samples are in sizes 34 to 36. The men's are in sizes 38 to 40, and the broken lines have sizes from 34 to 44. Be here with the first arrivals if you possibly can, and we promise the opportunity of months. Special price 13.75

### Strong, Good Looking Suits for Men, at Dollars Below Usual Price, \$7.65

If you want a good looking, strong, serviceable suit for business wear, and one that is good enough for almost any occasion, and if you want such a suit dollars below its usual price come Monday. They are EATON tailored of winter tweeds with small checks, stripes, or plain weaves in greys and browns, lined with twilled serge, well formed at shoulders and collar, smooth hanging fronts and sleeves, and the trousers and vests are equally well tailored. 7.65 We guarantee every garment to give good service and hold its shape well. Sizes 36 to 44, in the lot; special Monday bargain, suit . . . . . 7.65

### Men's Trousers, Reduced to \$1.85 Pair

Originally a special purchase, these are again reduced to clear the remainder of the line. Neatly and strongly sewn, well shaped, well finished. The fabrics are medium and dark grey worsted-finished materials with stripes in various widths. Sizes 32 to 42; reduced price, pair . . . . . 1.85

### Youths' Trousers, Reduced to \$1.60

Tailored just as carefully as the men's garments, here are trousers for the youth just going into long pants. Some are worsted finished fabrics in dark grey with stripes, others are tweeds in dark grey with hairline stripe. Sizes 28, 29, 30 and 31, reduced to fractional price, Monday, pair . . . 1.60

### Half Price Clearance of Men's Silk Hosiery

For This Item We Cannot Take Phone or Mail Orders, the Quantity Being Limited

It is our policy to clear all small lines of hosiery before stock-taking. If you want silk hose for present or future wear or for gifts take advantage of the savings Monday. The qualities are the same as if offered at regular price, but because they are short lines you can buy two pairs for the price of one. It's an unusual opportunity. Come early.

Men's French Made, Silk Half Hose, in medium and heavy weights and full fashioned. Plain colors with self and colored silk hand embroidered clox, and front patterns. Also the popular Accordeon rib, showing the two tone colors. Colors in the lot are black, navy, tan, grey. Some are reinforced with lisle thread at toes, heels and sole. Sizes 10, 10 1/2 and 11 in the lot, but not in each line. Every pair reduced to half-price, 1.00, 1.25, 1.50 and 2.00 per pair.

## Some Useful Utensils That Add to the Efficiency of Kitchen Work

Cleverly Devised Cake Mixers, Coffee Mills and Percolators and Orange and Lemon Reamers That Save Time, Work and Money

This cake maker mixes the batter for all kinds of cake, easier, quicker and more uniformly than by hand. The pan is made of one-piece steel, slightly curved at bottom, to permit beating fliers or kneading rod, as case may be, to run close to sides and bottom. It's a 4-quart size, with measure, and bowl is 4 3/4 inches deep. Both beating fliers and kneading rods included. Price . . . . . 2.25

This handy kitchen Coffee Mill can be fastened to the wall. The air canister on top holds 2 lbs. of coffee, and has transparent celluloid window. A few turns of the handle grinds the coffee as fine or as coarse as desired into small cup underneath. Price . . . . . 1.00

Coffee ground just before being used is much tastier. This box style coffee mill is finished in black enamel and lettered. The crank on top grinds the coffee into small drawer at bottom. Price . . . . . 85 and 1.00

This is a handy device that clamps onto the table and crushes the lemon juice by a turn of the handle. It rotates the lemon while squeezing it, and extracts juice without the oil of the peel. The crusher head and the perforated spiral ribbed cup holding lemon are made of aluminum. As illustrated . . . . . 5.00

This device serves the double purpose of squeezing a half orange or two halves of a lemon. The frame is of nickel-plated iron, and all parts in contact with fruit are aluminum. A bowl or glass may be placed below to catch the juice. Price . . . . . 5.50

When heat is applied to bottom of this coffee percolator a jet of water is forced up through tube and falls on spreader plate. The spreader plate is made so that the liquid falls in drops on ground coffee and then percolates through to lower section, making delicious and proper coffee. Price . . . . . 3.75

The Androck Clothes Drainer is a wash-day labor-saver that every home should possess. It is placed in bottom of boiler, and when clothes have been boiled sufficiently, it is lifted out by the hooks on the handles caught over the edges of boiler, and the clothes left to drain. When in the boiler this drainer prevents the possibility of scorching, and permits a free movement of water under and through the clothes. Price 35c. in the basement.

## ONTARIO'S DEAN OF MEDICINE DIES

Dr. Walter B. Geikie Was Outstanding Figure Among Canadian Practitioners.

### A GREAT PHYSICIAN

Had Been Honored by Many Universities as Eminent Educationist.

LATE DR. WALTER B. GEIKIE, LL.D., D.C., M.D., dean of Ontario's medical profession, who died at 52 Matland street yesterday.

After an illness extending over more than two weeks, Dr. Walter B. Geikie passed away peacefully at his late residence, 52 Matland street, early yesterday morning. While Dr. Geikie had been in failing health for more than two years, it was only within the past fortnight that his illness assumed a serious phase, and following this his decline was very rapid. The members of the family were present at his bedside when the end came.

Dr. Walter B. Geikie was one of the best known and most beloved men in the teaching profession, and was generally known as the dean of the medical profession in Ontario thru his long connection with Trinity College. Scores of leading medical men throughout the province and Dominion today remember him not alone as a zealous, thorough, inspiring and successful teacher, but as a tried and trusted friend.

The late Dr. Geikie was born in Edinburgh, Scotland, and was the son of Rev. Archibald Geikie, a Congregationalist minister who came with his family to Canada in 1848, settling in Montreal, near Garnia, where they resided for some years before removing to Toronto. In 1860 Rev. Archibald Geikie assumed the pastorate of the old Richmond street Congregational church (later removed to Bond street). Had Many Honors. Dr. Geikie was licensed as a medical practitioner by the medical board of Upper Canada in 1860 under Lord Dufferin, governor-general of Canada,

the medical college, a position he held until 1903, when the college was amalgamated with Trinity University. Dr. Geikie opposed this step, and shortly after retired from active life. He was for many years on the consulting staff of the General Hospital, and was prominently identified with a number of philanthropic institutions in the city. He was a member of St. James' Square Presbyterian Church, and of the hymnal committee of 1897. He married Frances N. Woodhouse, daughter of the late James Woodhouse, in 1854, and his family consists of Dr. Walter M. Geikie of Elmira, Dr. A. J. Geikie of Toronto, and Miss Ethel P. Geikie. The late Mrs. Harold Jarvis was a daughter.

### EXPULSION OF TURKS IS DRASTIC PENALTY

"Nation" Thinks Allies Commit Themselves to League to Enforce Peace.

London, Jan. 12.—The Weekly Nation, discussing briefly the contents reply to President Wilson, remarks that this is the first time that all the entente allies have formally committed themselves to the approval of a league of nations for ensuring peace. It considers the expulsion of the Turks from Europe a drastic penalty, but "the people of the United States, who have taken a special and honorable interest in the wrongs of Armenia, will hardly think it excessive." Referring to the address of Ambassador Gerard in Berlin, the Nation thinks the incident has been much exaggerated, but that it is, nevertheless, disquieting, because it suggests that in the ambassador's mind there is a chance that the present relatively moderate government of Germany may fall, and this figures as a real possibility.

### INDUCT NEW RECTOR.

Bramford, Jan. 12.—The induction of the Rev. J. Fotheringham as rector of Grace Church took place today evening, Jan. 12. The retiring rector, Ven. Archdeacon G. C. Mackenzie, D.C.L., archdeacon Perth, will, by mandate of the lord bishop, officiate.

### BARNS DESTROYED.

St. Thomas, Jan. 12.—The barns of Robt. Hepburn, near Port Stanley, were completely destroyed by fire at an early hour this morning. The origin of the fire is unknown and the loss is \$400, partly covered by insurance.

SEWAGE DISPOSAL PROBLEM UP AGAIN

Ald. Robbins Claims East End Residents Are Treated Unfairly.

BRING IN REPORT

Once Again the Works Committee Requests Further Information.

Morley avenue sewage disposal plant was the principal topic of discussion at the meeting of the works committee yesterday afternoon.

Commissioner Harris defended his department against the charges of indifference, and declared that the matter was receiving his attention and everything possible was being considered to give relief.

The odor is not as bad as some of the people in the district would lead us to believe. I can get you a man on one side of the street who will tell you the smell is absolutely unbearable, and I can get you a man on the other side who will tell you odors are hardly noticeable.

As a matter of fact, the plant was originally built to treat 20,000,000 gallons of sewage, but today it is treating 45,000,000. If they had adopted the Moffat tank system in two years they would be in exactly the same position as they were now with the Dortmund system.

Controller Foster, who desired more information on the matter before taking definite action, moved for a report from Commissioner Harris.

Ald. Robbins thought reports were of no value, as they had been made before and after the works committee. He wanted definite action, and he moved an amendment that the commissioner bring in a report on pumping the sewage outside the city.

Ald. Hiltz thought the matter a serious one and that it should be dealt with immediately. He was in favor of purchasing 1,000 acres outside the city and transferring the plant.

After much discussion in which Mr. Harris stated he proposed to raise a sufficient sum in the estimates to provide an activated sludge, a vote was taken on Ald. Robbins' motion, and the motion passed.

Ald. Burges' motion to change the name of Arthur street to Dundas was referred to the name-changing committee.

Street Commissioner Wilson was granted \$215,000 interim appropriation. Tenders are asked for a sewer on the west side of the Don Esplanade, from Eastern street to the west side of the street from College to Bloor at a cost of \$20,500, also on Margaret street from College to Bloor at a cost of \$20,980.

Council have referred back the report on the Summerhill avenue joint double-deck bridge, the matter was referred to the works, finance and assessment committees for a report on the work as a partial local improvement on any scheme they might suggest.

Beaumont to grade Mount Pleasant road thru the cemetery was referred back to the assessment commissioner.

TORONTO OFFICERS ARE AWARDED HIGH HONORS Lieuts. Klingner and Hertzberg Win Military Crosses for Gallantry.

Lieut. L. W. Klingner of 4 St. Ann's road, has been awarded the military cross for showing great courage while in charge of a working party while under fire. He went overseas last February with the 10th Canadian Engineers. He was awarded the Military Cross of Science and was connected with the C. P. R. construction department.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority.

Either constant headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water acids, and you are obliged to seek relief two or three times during the night.

Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia-water drink.

NO INJUNCTION AGAINST SWIFTS Chief Justice Decides West End Odor Case in Firm's Favor.

MUST FIGHT THE CASE If City Wants Smells Stopped, It Must Enter Courts.

West-enders are likely to be disappointed by the decision of Chief Justice Sir Glenholme Falconbridge, who has refused to give an injunction to close the plant of the Swift-Caslon Co., in Ward Seven.

The way for the application was prepared by the city's legal department, the provincial board of health, first being asked to investigate the matter and determine whether or not, in its estimation, a nuisance existed, and also for permission to institute proceedings against the offending companies.

The chief justice was of the opinion that the application should not be granted, but that a regular trial of the matter should take place with the presentation of the evidence from both sides.

The city's contention was that judgment should be given, and the injunction granted, on the strength of the evidence collected and the report made by the provincial board of health, that a nuisance does exist in Ward Seven as a result of operation of the abattoirs. The chief justice, however, declined to adopt this view.

Fire Investigation IS NOW UNDER WAY Valuable Pearls Were Hidden in Locked Trunk and Destroyed in the Blaze.

Fire Marshal Henton opened an investigation yesterday into the cause of the fire at Brimer and Webster's jewelry establishment, 115 West King street, on December 16 last. Insurance companies claimed for \$8,000, and pearls which were kept in a cupboard and not in either of the two safes were listed as destroyed.

John Thomas, the bookkeeper, stated that he had closed the building at noon on the day of the fire, after examining the electric switches, and had spent the afternoon on Davenport road and the evening with some friends at home.

JURY ACQUITS J. MURRAY OF MANSLAUGHTER CHARGE Mr. Justice Clute in the assizes yesterday on a charge of manslaughter in connection with the death of 17-year-old Walter Plank, Murray knocked down and fatally injured the soldier on King street east on July 28 last. Evidence regarding the man's injuries given by Captain (Dr.) Wallace at the inquest was accepted by his lordship, the doctor being now over-ruled. In the man was said to be lundly intoxicated. who were near the scene of the accident, said the car had slowed down previous to hitting the soldier, and they believed the speed was no more than 15 miles an hour. The post-mortem was conducted by Dr. Malcolm Cameron, who testified that in addition to the injuries he found evidence of pneumonia and lung congestion. He would not say that pneumonia was the cause of death. The jury were only out a short time.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of Wyeat's Sage and Sulphur Compound at any drug store.

These whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

DAUGHTERS OF EMPIRE DOING SPLENDID WORK

Visiting Committee of Organization Have Rendered Great Service to Soldiers' Families.

The monthly meeting of Municipal Chapter I.O.D.E. was held yesterday, the regent, Mrs. R. S. Wilson, occupying the chair.

The speaker voiced the thanks of the association for help given by I.O.D.E. members in the past, and asked that the interest be continued until the main object of the association is realized, viz., the founding of a permanent club for returned soldiers.

Mrs. Plumptre, secretary of the Canadian Red Cross, appealed for help in the forthcoming big drive for patriotic funds. Letters of appreciation and thanks for help received were read from the war veterans' association and the overseas tobacco fund.

The chief business was the presenting of reports by conveners of the visiting committee of various chapters. They showed that a most valuable work is being done by Daughters of the Empire for soldiers and their families.

MEN'S COMFORTS ARE GREAT HELP

Little Things Sent to Soldiers Are Gratefully Received.

SUPPLY MUST KEEP UP

Secretary of War Contingent Association Appeals to Women's Club.

"Canadians, I think scarcely realize the war at all. And I am not surprised, you are so far away. I know some have made the supreme sacrifice, but over there nearly every house is a house of mourning and there is a strain in every home."

The speaker was Mrs. George McLaren Brown, lately returned from England, where she held the office of honorary secretary of the women's committee of the Canadian War Contingent Association, and who spoke from personal experience of the work of her organization, and of the need that exists for greater assistance on the part of the women of Canada in order that the men overseas may be given the comforts wanted and for which they are exceedingly grateful.

"No one in the C.W.C.A., with the exception of the stenographers and their helpers, who of course must earn their living, gets a single copper for service, and it does not cost the government a cent," was one of the statements made. Requests for comforts come mainly from the front as at the front is the admiration of the entire British force. Mrs. Brown laid emphasis on the thanks that came for comforts in the shape of games, tobacco, gum and such things.

The need for help from Canada was shown by a recital of some of the high prices of goods in England. Describing conditions at the outbreak of the war, Mrs. Brown said Britain was fast becoming a nation of individualists. Everyone believed that his wish was law. The British acknowledged his fault and was ready to begin again. A miraculous regeneration had taken place, and we should never forget to give the war dead the due for the great things since done. Canada had spoken at the time, and the story would be told by those men who stand up and fight for you."

Further Campaign Arrangements Made by the Thrift Committee. The meeting of the thrift committee held yesterday in the Central Y. M. C. A. had for its chief business the continuation of preparations for the proposed campaign of the city.

Mrs. Loosmore told of the meeting of the officers last week with Sir Thomas White in which the latter outlined the great need of money saved and loaned the government. He hoped Canada's next war loan would be entirely in Canada's hands. Recupitation after the war would be quickly accomplished if the money were kept within the country.

As the result of a vote the motto adopted is "Thrift for our country's sake."

EXPECTED HAPPENED DENTS EASY WINNERS

St. Patricks Soundly Trowned by Collegians in Senior Game at Arena.

Jerry Laframme's Dents played their second game in two days when they tackled St. Patricks at the Arena last night. The Irishmen were not able to stop the tooth-pullers and Otagians came home in front 8 to 3.

The summary: The Dents did not play the game that they are capable of. The forwards made many mistakes and the defence was not careful.

Rupert Milan started out with one eye completely closed from the Hamilton game and Box was sporting a few bruises. Milan gamely continued for two periods, but it reverted to the star-studded which he was not able to appear for the final round.

Stanley Brown, the former Kitchener player, made his first appearance with the greenshirts and showed himself a finished player. He was the best man for the losers and would have worried the Dents if he had been given any help.

Jimmy Stewart, captain of the winners, forwards, Box and Sheldon rushed well. C. Stewart was good in the net. Hayden played a clever game and Schumacker and Quin worked well on St. Patricks' forward line.

The teams: St. Patricks (2)—Hayden, goal; Adams, defence; Brown, defence; Schumacker, rover; Quin, centre; Goldsmith, right; Burge, left. Referee—Lawson Whitehead.

First period: 1. Dents 1.00, 2. Dents 1.00, 3. Dents 1.00, 4. Dents 1.00. Second period: 5. St. Patricks 3.00, 6. Dents 3.00, 7. Dents 4.00, 8. St. Patricks 3.00, 9. St. Patricks 3.00, 10. Dents 3.00, 11. Dents 1.00, 12. Dents 1.00.

SOLDIERS WERE EASY. Kitchener, Ont., Jan. 12.—Kitchener Intermediates beat Galt 12nd Battalion in a fast game here tonight, 10 goals to 0. The line-up: (10)—Goal, Johnson; right defence, Leroux; left defence, Karges; rover, Shirk; centre, Klainke; left wing, Kraus; right wing, Johnson; right wing, Galt (6)—Goal, Anterson; right defence, Brant; left defence, Parlett; rover, Walker; centre, Johnson; left wing, W. Christenson; right wing, Wilson.

WOODSTOCK'S GOOD WIN. Woodstock, Ont., Jan. 12.—The local juniors defeated Tillsonburg here tonight in the opening O.H.A. game, 6 to 2. The line-up: Woodstock O.H.A. (6)—Goal, Reid; defence, Reid, Kinn, centre, Douglas; rover, Snow; left wing, Johnson; right wing, Kirt. Tillsonburg (3)—Goal, Carroll; defence, O'Williams, Baker; rover, Cook; defence, Pollard; left wing, Hearn; right wing, Boughner. C. Munro, London.

FRONTENACS BEATEN. Belleville, Ont., Jan. 12.—In the first O.H.A. intermediate local game here tonight, the 25th Belleville team defeated Kingston Frontenacs by 11 to 0. The line-up: 25th Belleville (11)—Goal, Scott; defence, Finkelt, Mitchell; rover, Cuddyman; centre, T. Whelan; left wing, D. Whelan; right wing, Symon. Frontenacs (4)—Goal, Cook; defence, Flavell, Broune; rover, Reid; centre, Grey; left wing, Derry; right wing, Milton. Referee—Moxam, Toronto.

VOLLEYBALL. Many were the exciting moments last night at the first End Y.C.C.A. when George Chisholm's and Mason Wilson's teams met to decide the championship of the local Volleyball League. When the season ended last week these two teams were tied, and at a meeting of the executive it was decided to play a series of three games.

During the week Wilson got his team together and arranged the line-up to better advantage, while Chisholm got his men out to practice, with excellent results. From the commencement of the first game the play proved strenuous. Wilson started off with a tremendous rush, and got quite a substantial lead before Chisholm's men got their bearings.

The score of the first game was 18-8 in Wilson's favor. The second game was somewhat of a repetition of the first, but with more or less excitement, on account of a serious "bumping" of Wilson's men, who had been trying to defeat Chisholm's team with a clear score. However, after Chisholm's men had taken their full total, Wilson's team finally settled down and easily managed to get the remaining six points to win. Second game score was 21-8.

A picked team, who started the game with a tremendous rush, making it very fast, and at one time the results appeared entirely in their favor, but Wilson's team proved to be invincible, and with the score at 13 to 20, was able to keep the pick of the league from scoring the one remaining point to win. After brilliant play, they finally won out, with a score of 21-20.

TORONTO TEAMS HAVE HARD GAMES TONIGHT Soldiers Play at Ottawa—Canadiens Here—Notes of Players.

The 23rd Battalion have a big job on their hands tonight. The soldiers must beat Ottawa right in the capital to stay at the head of the N.H.A. Ottawa is just about the toughest team in the league to beat in their home town.

Capt. Reade of the 23rd N.H.A. team says that the Canadiens are in great form at the present time, especially the veterans, Pires and Lalonde. Both these players checked back like fleas against the soldiers, more especially after the flying Frenchman scored a lead.

T. B. and A. A. are improving every game, and with "Blue" McLean available for the next fixture the black and white should make the 27th Battalion team of Hamilton, hustle in the arena. Neither of these teams has been defeated at yet and Tuesday's winner will lead the group.

Twelve games are scheduled at the Arena next week. Three teams are tie for second place in the N.H.A. Tonight's game will make a change. Bomber of the Ottawa club, who has been out of the game with a bad knee, will be back in the game tonight against the 23rd.

NEW RACING RULES FOR FUTURE EVENTS Chief Alteration by New York Jockey Club Concerns Selling Events.

New York, Jan. 12.—New rules were adopted by the Jockey Club governing future events, at the annual meeting of the club, held here yesterday.

The chief interest in the changes is in connection with the selling race conditions. These changes became necessary because of the abuses which were perpetrated under the old rules, which permitted unfair advantage being taken by "gyp" horsemen and others of like ilk.

It is expected that the rules which have been adopted for this most difficult to handle type of race will work out to the satisfaction of everyone concerned, with the welfare of racing, and do away with practices which caused all sorts of trouble throughout the last two seasons.

The principal sections in relation to selling races which will now be incorporated in the new rules will read as follows: "Every horse running in a selling race may be claimed by anyone after the race for his entered price, plus the value of the horse as shown by the auctioneer, as the claimer wishes in addition to the satisfaction of everyone concerned, with the welfare of racing, and do away with practices which caused all sorts of trouble throughout the last two seasons."

"But if it is the conditions of the selling race that the winner shall take place immediately after the race, and the horses may be claimed in addition to the owners of starters in the race for their entered selling price, plus the value of the horse as shown by the auctioneer, as he may wish to bid. The surplus bid on a horse shall be paid to the association, and shall go to the association, and shall be added to the overnight events of the day following."

"If the condition of the selling race permit, any horse so claimed shall be eligible to start in the race, intended starters in a race where horses are liable to be claimed before the race, shall be in the paddock forty-five minutes before the time fixed for the race, and may be

### Soldiers by a Goal Won From Queen's

Kingston, Jan. 12.—The 228th Battalion team clashed with Queen's University here tonight and won by 5 to 4. After eight minutes of spectacular individual playing Purvis ran in two in quick succession. After Ellis returned with one, Reynolds, the best defence man of the visitors, showed his first burst of speed and went thru past the student defence and shot wickedly. Robinson caught the rebound and scored. Faul by clever stick-handling made Queen's third. Reynolds again featured himself in the second period and evened the score in one of his mad rushes. He also made the two final goals for the visitors. The last period developed a little roughness, and the visitors' goal keeper was on the fence among those penalized. Purvis made Queen's fourth in a scramble near the nets. The line-up:

Queen's (4): Goal, Lees; right defence, Spence; left defence, Fahy; rover, Purvis; centre, Paul; right wing, McCullagh; left wing, Robinson.

228th (9): Goal, Brown; right defence, Reynolds; left defence, Wiggins; rover, Ellis; centre, Purvis; right wing, Reynolds; left wing, Johnson.

**THIS ONE WAS CLOSE.**  
Port Colborne, Jan. 12.—In the second intermediate O.H.A. game here tonight the hosters won by a score of 7 to 5.

**HAMILTON ALL THE WAY.**  
Hamilton, Jan. 13.—Hamilton Hockey Club outclassed the 215th Battalion team of Brantford here tonight, winning by a score of 12 to 2 in an intermediate O.H.A. game. The visitors were outclassed at all times, while the local organization did considerable stalling. At the end of the first period the count was 7 to 1 and when the second session closed it was nine to two. Parker, Boyd, McEwen and Reiz showed up best for Hamilton, while Andrews played a good game for the soldiers. The teams:

Hamilton—Steen, goal; E. Reiz, right defence; L. Reiz, left defence; McEwen, rover; Parker, centre; Boyd, right wing; Murray, left wing.

215th Battalion—Lesak, goal; Woodin, right defence; Leat, Wood, left defence; Lloyd, rover; Wier, centre; Chesley, right wing; Stine, left wing; Rechee—Capt. McKenzie, Hamilton.

### CHAMPION CANADIENS TONIGHT.

Who will lead the N.H.A. tonight's battle at the arena between the world's champion Canadians and champions from the utmost here in the end of the first period the count was 7 to 1 and when the second session closed it was nine to two. Parker, Boyd, McEwen and Reiz showed up best for Hamilton, while Andrews played a good game for the soldiers. The teams:

### PLAYS, PICTURES AND MUSIC

#### INTOLERANCE.

Once again D. W. Griffith proves himself the ruling genius of the motion picture world, is the unanimous verdict of dramatic critics wherever tolerance has been shown. Even the glory of "The Birth of a Nation" is dimmed by the splendor of this magnificent pageant which will be presented for the first time in Toronto at the Grand Opera House on Jan. 22.

#### "DADDY LONG LEGS" AT THE GRAND.

The sale of seats for the second presentation of "Daddy Long Legs" in Toronto, at the Grand Opera House, beginning on Monday, has been so good that the producers, who are continuing during the remainder of the week, has been unprecedented, and the largest audiences of the season are assured. The rush to secure reservations for the first performances here of Jean Webster's delightful comedy shows that the play is a matter of nation-wide interest.

#### "VERY GOOD, EDDIE," AT LAST.

Coming direct from its phenomenal run of over a year in New York City, "Very Good, Eddie," the play by L. Harbury-F. Comstock production will make its bow to the amusement lovers of Toronto on Monday night at the Alexandra Theatre and stay the week.

No musical comedy of the past ten years has been given more praise than this work of Bartholome, Bolton and Kern and Gershwins and it is a masterpiece which will linger long after this laughable farce has departed.

#### "THE PASSING SHOW OF 1916."

The last word in musical comedy is the latest of the Wilbur Garden shows, "The Passing Show of 1916," which comes to the Alexandra Theatre Jan. 22 for a week's engagement. Like all the pretty girls, more beautiful and striking costumes, tuneful music, dances, singers and comedians are crowded into this extravaganza. A new series of impersonations, The Clairmont Brothers, novelty acrobats, Look It and Waldron, clever singers and dancers, and "The Passing Show of 1916" specialties complete a bright, well-balanced bill.

#### SHEA'S.

De Bierre, the world-famous magician, who has mystified audiences all over America, comes to show his own headline attraction of the bill next week. De Bierre is heralded as the dean of all illusionists. The Avon Comedy Four present their own version of "A Hungarian Rhapsody," Charles Caprell and Laura Harris in "Going With Cupid" have a pleasing little playlet. Dorothy Granville will offer "Types of Women," a new series of impersonations. The Clairmont Brothers, novelty acrobats, Look It and Waldron, clever singers and dancers, and "The Passing Show of 1916" specialties complete a bright, well-balanced bill.

#### HIPPODROME.

Eddie Tanner, the widely-known pastoral comedian, supported by a capable company will headline the bill at the Hippodrome. He has a new rustic fantasy, "When We Grow Up." Coscia and Verdi return in a delightful melange in which they introduce gems from grand opera mingled with the newest musical comedy selections. Dorothy Dalton, the popular Triangle star, will be featured in "The Female of the Species." Stephens and Brunner, the singing, talking comedians, while the Zara Carmen trio of whirlwind hoopers have a novel dance of fering. Lucille Savoy, "The Singing Venus," Maxine, in a bright, sunshiny offering and Keystone film comedies complete the bill.

#### LOEWS.

The headliner at Loew's next week will be the well-known legitimate star, Maud Lewis and Company in her sketch "Inside Stuff." It is a comedy drama built on new and novel lines and will prove a surprise for the theatregoers. The play features Marion Cleveland, the old favorites, will return with a brand new line of songs and fun, and will be even bigger hit than before. Tom Kelly, the Irish comedian, one of the greatest in his line, will add to the comedy on the bill. Other bills will be: The Merry Melrose, Corcoran and Mack, featuring their eccentric dances, Tyler and St. Claire, in a musical sketch, and the Dancing Mars, a feature photoplay, "The Mediator," featuring George Walsh, will be shown.

#### GAYETY.

With an array of merrymakers consisting of vaudevilleans, singers, dancers and novelty entertainers, the "Midnight Madness" will make their debut at the Gayety Theatre next Monday. All indications point to a very good attraction, at least the program is so promising that standing room should be at a premium during each one of next week's performances. Of course,

#### WOODSTOCK PIONEER DIES.

Woodstock, Jan. 12.—John Yeo, aged 87, a resident of this city for forty years, died here today. He was born in Devonshire, England, and migrated to Oxford County when a young man, settling in the neighborhood of Innes, Ont.

## Children Had Eczema Doctors Failed to Cure

### Two Letters Which Prove the Efficiency of Dr. Chase's Ointment as a Cure for Eczema.

Fortunate are the mothers who know the virtues of Dr. Chase's Ointment, for there is no treatment so suitable for use after the bath to relieve irritation and chafing and to thereby prevent eczema and similar skin diseases.

Mrs. W. L. Barnes, Timmins, Ont., writes: "I want to tell you about the case of my little boy, who had baby eczema when he was three months old. It started on the top of his head, on his forehead and around his ears. The doctors failed to do him any good, so I tried Dr. Chase's Ointment on a recommendation of a friend, and in a month's time the child was entirely free of this disagreeable skin disease. He is now four years old and has never had any further trouble from ailments of this kind. I also have great faith in Dr. Chase's Nerve Food and believe that it cannot be beaten as a restorative for pale, nervous women."

## STILL SINKING SHIPS WITHOUT ANY WARNING

British Foreign Office Issues Statement in Support of Contention.  
London, Jan. 12.—In support of the charge that submarines of the central powers are sinking ships without warning, the foreign office has published the following details of the loss of British steamships which are said to have been attacked and sunk in this manner:

"First, the British passenger steamer City of Birmingham was torpedoed without warning by a submarine, which hoisted no flag, at 11.35 a.m. on Nov. 27, 1916, in the Mediterranean. This ship was hit in the after hold and sank soon after. A doctor and three men were killed. The 170 passengers and crew of 141 behaved splendidly. They took to the boats and were picked up by the hospital ship Letitia.

"Second, the British steamship Respwll was torpedoed without warning on the same day as the City of Birmingham by a submarine flying no colors. The ship sank at 8 o'clock in the morning of Nov. 28. The captain was taken prisoner aboard the submarine. The crew took to the boats and were picked up by the steamship Broyton.

"The sinking of the City of Birmingham, 7,493 tons, and of the Respwll, 2,417 tons, was reported in November by London Lloyd's.

## Doctor Says Crying Need Of The Woman Of Today Is More Iron In Her Blood

### TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS.

Any Woman Who Tires Easily, Is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined for Iron Deficiency.

## Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Younger.

"There can be no healthy, beautiful, rosy-cheeked woman without iron," says Dr. Ferdinand King, a New York physician and author. "In my recent talks to physicians on the subject of iron deficiency in the blood of American women, I have emphasized the fact that doctors should prescribe more organic iron—nuxated iron—for their nervous, run-down, weak, haggard-looking women patients. Failure means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, crackers, biscuits, macaroni, spaghetti, tapioca, eggs, fat, degenerated butter, and cod liver oil, iron is so deficient that it is almost impossible to obtain it from these impoverished foods, and silly methods of home cooking, by throwing away the waste oils the water in which our vegetables are cooked, are responsible for another grave iron loss.

"If you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt. "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, emphysema, consumption, kidney, liver, heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

## CANADIANS IN ACTION ARE SHOWN VIVIDLY

Canadian Associated Press Cable.  
London, Jan. 12.—The Canadian War Memorials Fund stands to benefit appreciably thru the sale of the latest moving pictures of Canadian soldiers at the front, taken for Sir Max Aitken's staff. These will be shown in Canada almost immediately, and are believed to be the first movie of Canadians actually taken in France.

They comprise depictions of almost all the most vivid phases of what the men of the maple leaf achieve, and endure. Canadians are seen fixing bayonets, nonchalantly chewing mastic, or taking last puffs at cigarettes, then scrambling resolutely over the top and racing at the German lines. Big guns belch their terrible missiles in the same direction. The wonderful tanks go forward, crawling over rock, stone, ditch and shell fissures seemingly with the ease of a lawn mower over a tennis court.

Some pictures are almost too poignant in realism, notably the burial of a Canadian officer, the Germans lying still just where they were covered by a rain of explosive.

"In my recent talks to physicians on the subject of iron deficiency in the blood of American women, I have emphasized the fact that doctors should prescribe more organic iron—nuxated iron—for their nervous, run-down, weak, haggard-looking women patients. Failure means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, crackers, biscuits, macaroni, spaghetti, tapioca, eggs, fat, degenerated butter, and cod liver oil, iron is so deficient that it is almost impossible to obtain it from these impoverished foods, and silly methods of home cooking, by throwing away the waste oils the water in which our vegetables are cooked, are responsible for another grave iron loss.

"If you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt. "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, emphysema, consumption, kidney, liver, heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

"On account of the peculiar nature of women, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

"Iron is also absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks, then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were all the while double their strength to make the following test: See how

## Dr. Ferdinand King, New York physician and author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American woman—Says warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

NOTE: Nuxated Iron, which is prescribed and recommended by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inorganic iron products, it is easily absorbed, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a health-giving, as well as for nervous, run-down conditions. The manufacturers have had great confidence in nuxated iron, that they offer to forfeit \$100.00 to any chemist who in four weeks' time, provided they have a woman under 40 who lacks iron, and increase their strength 100 per cent, or more, without the use of nuxated iron. They also offer to refund your money if it does not at least double your strength and endurance in one day's time. It is dispensed in this city by C. G. Remond, Ltd., and all good druggists.

### CHRISTMAS FACTS ABOUT THE CANADIAN RED CROSS SOCIETY.

Lady Drummond's parcel department of the Canadian Red Cross office in England sent out 22,000 Christmas parcels to wounded and sick Canadians in the week before this last Christmas.

These parcels for Canadian boys were filled with supplies sent from Canada, and tied up by Canadian girls now resident in England. What a delight to our wounded boys on Christmas morning!

The Canadian Red Cross provided the necessary organization for collecting and despatching these supplies from Canada and distributing them to the boys scattered in hundreds of hospitals in England and France. Their names are all on the Red Cross books.

There was turkey for dinner, and plum pudding and fruit on Christmas Day in the Canadian hospitals overseas. How did it get there?

Because the people of Canada gave the funds, and the Canadian Red Cross found out from the officer commanding each hospital what his patients and staff needed to give them a real good spread on Christmas Day, and saw that they got it.

On Christmas morning 26,559 Canadian soldiers in hospitals in England and France found a Christmas stocking hanging on their beds. How did they get there?

The women and children of Canada made and filled them; the men helped to pay for their contents, and then the Canadian Red Cross collected them in Canada, shipped them overseas and distributed them to the boys on Christmas Day.

TORONTO SENT 6,922 STOCKINGS!

### THE CANADIAN RED CROSS FEEDS AND CLOTHES THE CANADIANS IN GERMAN PRISON CAMPS.

The Canadian Red Cross feeds 2,196 Canadian Prisoners of war in 91 German camps. Each prisoner costs, approximately,

\$263,520 a year	\$120 a year
21,960 a month	\$10 a month
5,490 a week	\$2.50 a week
784 a day	35c a day

In what way can a Canadian spend 35 cents better than in providing necessary, nourishing food for our Canadian brothers daily suffering for us?

There are 2,196 Canadian prisoners of war on the books of the Canadian Red Cross Society. These men are confined in over ninety prison camps. Each man receives weekly 6 lbs. of bread (4 lbs. being sent from Switzerland and 2 lbs. from Holland) besides weekly parcels of food to the value of about \$2.00 each parcel. The expense of feeding a prisoner now amounts to about \$10 a month. The expense of providing this food is met—

- (a) By specially designated gifts of money sent in to the Canadian Red Cross, or directly addressed to Mr. Rivers Bulkeley who is in charge of this department of the Society's work at the London office.
- (b) From the general funds of the Canadian Red Cross Society, subscribed by the public in Canada.

One of the greatest difficulties in dealing with the needs of the prisoners is that they are so constantly moved from camp to camp; the Red Cross receive official notification of these changes.

Warm clothing and certain medical supplies are also permitted to be sent to the prisoners by the Red Cross Society.

The above figures will show the very heavy liability undertaken by the Society in the provision of supplies for prisoners, involving an outlay of nearly \$22,000 a month or about a quarter of a million a year.

In addition to its other forms of work the Society has received, packed in regulation cases, transported and distributed overseas, supplies to the approximate value of:—

**\$8,000,000.00**

The assets of the Bank have recently been subjected to the usual careful revaluation.

Your Directors record with deep regret the death of their late colleague, Mr. Wiley Smith, His Honor Lieut.-Governor MacKeen and Mr. T. J. Drummond. Mr. Wiley Smith and Governor MacKeen were the Directors of longest standing, having served continuously on the Board for twenty-eight and twenty-one years, respectively. Mr. Drummond joined the Board in 1909. The vacancies were filled by the appointment of Messrs. M. B. Davis and G. H. Duggan, of Montreal, and Mr. C. C. Blackadar, of Halifax.

On October 5th last we concluded an agreement with the Directors of the Quebec Bank to purchase the assets of that Bank, for a consideration of 9,117 shares of the Bank and \$883,775 in cash. This was ratified by the shareholders of the Quebec Bank on the 28th of November. The approval of the Governor-in-Council was obtained in due course, and the assets were transferred on January 2nd. By this purchase we have acquired on satisfactory terms, assets approximating \$22,000,000.

In addition to the thirty-five Quebec Bank branches added to our list, offices were opened during the year as follows: in ONTARIO—Church Street, Toronto; in NEW BRUNSWICK—Bouchette, Richbucot; in NEWFOUNDLAND—Heart's Content, Placentia; in CUBA—Palma Soriano; in COSTA RICA—Limon; in the DOMINICAN REPUBLIC—Sanchez, Santiago de los Caballeros; in VENEZUELA—Caracas. A sub-branch has been opened at Kewatin, Ont.

Fifteen of the Quebec Bank branches were closed when the transfer took place, and our branches at the following points were closed during the year: in ALBERTA—Athabasca, Blairmore, Namayo Avenue, Edmonton; in SASKATCHEWAN—Luseland; in ONTARIO—Dundas Street, Toronto, Gerrard and Main, Toronto; in QUEBEC—Beaumont Street, Montreal, Terrebonne. We have also closed the sub-branches at Bentley, Blackfalds and Peace River, West Side, Alta., and Copetown, Ontario. Sutherland (Sask.) Branch was changed from an independent branch to a sub-branch.

The Head Office and all the branches of the Bank have been inspected as usual during the year.

Your Directors desire to express their appreciation of the efficient manner in which the officers of the Bank continue to perform their respective duties.

All of which is respectfully submitted.

H. S. HOLT, President.  
E. L. PEASE, Vice-President.

The General Manager, Mr. C. E. Neill, referred to the Annual Statement as follows:

The Balance Sheet before you is the best ever submitted to the shareholders, and shows striking progress in all departments of the bank's business during the past year. Total deposits now exceed \$200,000,000, the increase for the year being no less than \$45,000,000, 42 per cent. of the advance was in the Savings Department. It is a satisfactory feature that these figures include no large or unusual deposits of temporary nature. Our note circulation is approximately \$4,000,000 higher, and exceeds the paid-up capital of the bank by over \$6,000,000. The excess is covered by a deposit in the Central Gold Reserve. Current loans show a moderate expansion. In Canada the increase is \$4,911,789, due chiefly to the acquisition of new accounts, and temporary loans to customers producing munitions of war. Commercial loans abroad are higher, on account of the active demand in the West Indies in connection with the production of sugar and other staple commodities. These loans will decrease substantially during the next two or three months. The liquid position of the bank has been well maintained, liquid assets being 63.24 per cent. of liabilities to the public, as compared with 49.93 per cent. last year. The increase in investments represents subscriptions to British Government loans, the proceeds of which were to a great extent expended in this country.

Net profits for the year were 17.87 per cent. on the capital, as compared with 16.48 per cent. last year; or 8.66 per cent. on combined capital and reserve, as compared with 7.90 per cent. last year.

The year's remarkable results are attributed to four causes—prosperous conditions in Canada and the West Indies, the advantageous location of our branches, co-operation on the part of the Directors, and a loyal and efficient staff.

#### PRESIDENT'S ADDRESS.

In moving the adoption of the Directors' Report, Sir Herbert S. Holt, President, said: In view of the comparative uncertainty with which Canada necessarily looked forward to the year just passed, it is especially gratifying to be able to present so excellent a statement as that before you today. It is undoubtedly a most auspicious exhibit. Our total assets have increased during the year fifty-five million dollars. Seven years ago they were sixty-seven millions; today they are two hundred and fifty-three millions.

In keeping with the fixed policy of the bank, the ratio of liquid assets to liabilities to the public has been maintained at a high percentage. The rate at the close of the year was 63.24 per cent. against 49.93 per cent. at the end of the previous year. No matter how rapid the bank's extension, we have not in the past departed from this cardinal principle, and we do not intend to in the future. We are not singular, however, in respect of the year's growth. The wonderful prosperity of the country was reflected in the assets of Canadian banks in general, the total increase amounting to two hundred and fifty million dollars. This prosperity is not confined to those engaged directly or indirectly in the supplying of war materials. It is widely diffused, as may be seen by the record Bank Clearings, the congestion of railway traffic, the great volume of mail orders, the increase in the retail trade, and the war business which has so accelerated the wheels of industry; and the termination of this must react on industrial activities with far-reaching results. Factories employed exclusively in this connection will close down. Kindred industries stimulated by high prices will suffer by the return to more ordinary conditions. Exports will decline as Europe imports less, and commodity prices will recede. Labor will become a glut on the market, aggravated by the return of soldiers in large numbers. All this appears destined to follow the establishment of peace, and the longer the war endures the more drastic will be the depression, because of the greater economic exhaustion of Europe and the effect upon her buying power. We have already seen the stock markets convulsed by a most improbable suggestion of peace.

#### POST-WAR CONDITIONS.

Meanwhile, the liabilities of manufacturers and others to their bankers have been greatly reduced—in many cases wiped out—and large credit balances created. This is a very satisfactory situation, as working capital now accumulated will be of great utility on the return of peace. We should bear in mind that there is no permanence in war prosperity; that it is a business which has so accelerated the wheels of industry; and the termination of this must react on industrial activities with far-reaching results. Factories employed exclusively in this connection will close down. Kindred industries stimulated by high prices will suffer by the return to more ordinary conditions. Exports will decline as Europe imports less, and commodity prices will recede. Labor will become a glut on the market, aggravated by the return of soldiers in large numbers. All this appears destined to follow the establishment of peace, and the longer the war endures the more drastic will be the depression, because of the greater economic exhaustion of Europe and the effect upon her buying power. We have already seen the stock markets convulsed by a most improbable suggestion of peace.

However, after the first shock of readjustment, we may expect a great demand for our products, building material, farm implements, etc., etc., in the rehabilitation of Europe. Pending this demand and in preparation for the depression in business which must occur, the prudent man will put his house in order.

The war is now in its third year and prospects of peace in the near future are not bright; but the people of Canada are increasingly determined to help at any cost to bring about a complete victory for the allies.

#### QUEBEC BANK.

The Quebec Bank, incorporated in 1818, whose assets we have recently acquired, was one of the oldest banks in Canada. Until a few years ago its operations were confined to Ontario and Quebec—principally to Quebec, in which province it has valuable connections. As we had very few branches in this province, the acquisition of their connection was specially desirable. Our branches now number 400. The former Quebec Bank Branches closed by us were located mostly in leading western cities where we are duplicated, and the resultant loss of these offices gave us over one hundred men, of whom we were in great need, to supplement the staff at other offices.

Last winter six of your Directors, including the Managing Director and myself, made a tour of inspection of our branches in Quebec, Costa Rica and the British West Indies by many years of patient work. It was distinctly advantageous to obtain a personal knowledge of local conditions and to meet our leading customers. We were pleased with the buildings erected by the Bank and our locations in general, and were happy to learn that the Bank is held throughout the South in the highest esteem.

We also visited the republics of Venezuela and Colombia. Since then we have opened one branch and will open two others forthwith in Venezuela, where the outlook is promising. We are gratified to receive from Viscount Grey, the late Foreign Secretary, his approval of the establishment of branches in that country, and a promise of support from the British Government.

#### MANAGING DIRECTOR DEALS WITH SITUATION.

In seconding the motion for the adoption of the Directors' Report, Mr. E. L. Pease, Vice-President and Managing Director, said: General Manager having reviewed the Bank's position, I shall refer briefly to some aspects of the general situation. The year 1916 has been a year of development by Canada since the beginning of the war is little short of marvellous. In the first seventeen months she has produced more than 1,000,000 tons of munitions, with a balance of \$206,700,000 in her favor. In the past twelve months the balance has reached \$229,000,000. The remarkable stride in the transition from an habitual borrower to a lender to the Imperial Government, coincident with the raising of a large public loan, is a most noteworthy feature. In July, 1914, the percentage of liquid assets of the associated banks to their liabilities to the public, as it is commonly determined, was 49.93 per cent. On November 30, 1916, this percentage stood at 63.24, and on November 30, 1916, at 53.72. During the period between November 15, 1915, and December 31, 1916, the Dominion Government floated two domestic loans of \$100,000,000 each, the first of this character put out in the market by the banks underwrote \$35,000,000 of the first issue and \$20,000,000 of the second, but were relieved of the latter underwriting, as public subscription withdrew of over \$20,000,000 in these loans, and the fact that during the same period the Canadian banks advanced the Imperial Government \$100,000,000 in munitions of war in Canada and still current, their combined deposits on November 30th last were \$229,000,000 greater than at the beginning of the year and the liquid percentage was higher. Of the increase in deposits \$122,000,000 was in the Savings Department, and \$107,000,000 in the current, showing a due and large expansion of the latter, to a rich harvest, to the sale of surplus wheat (estimated at 30,000,000 bushels) from the previous year's bumper crop at very high prices, and to the sale in the United States of \$75,000,000 Dominion Government and \$75,000,000 miscellaneous securities. It is a noteworthy feature that a large proportion of these security sales represented renewals of obligations. Be that as it may, the acceleration of national wealth has been great.

#### CANADA'S DUTIES.

What are our duties? We must fill this country with men capable of producing the goods which we need for our land. Above all we will require a large agricultural contribution to our population. In the case of 200,000 people coming here, we ought to have at least 2,000,000 per annum, and the government, with the assistance of the banks, should be endeavoring to adopt whereby the producer will be available instead of the consumer. The practical knowledge of the farmer will be very glad to assist in a sound, practical scheme which would increase immigration to five-fold. This scheme would be largely benefited by creating a new body of customers, and the country itself would be benefited by the increased production of assets. We must not forget that of the 400,000 men engaged directly or indirectly in the war, only a percentage are producing, and our production power will be decreased by the loss I hope, therefore, that the government, by devoting its efforts towards the practical solution of these important questions, which cannot be solved by the banks alone, and which are of such a practical nature, that we are ready to work and the application of practical knowledge. I am ready to think we should have a well-developed scheme so as to have the farmer ready to meet the needs of the war, but of grave national importance. It can only be solved by men of broad practical views, and our production system entirely removed from partyism of any kind.

For the present year, I have no doubt that the banks will be able to maintain a certain degree of commercial prosperity in this country. When anything like the present conditions of war we will find ample scope for the energies of this country, as well as of Great Britain, to restore matters to anything like the condition they were in three years ago.

#### BANKS' RECORD OVERSEAS.

A vote of thanks was passed to the President, Vice-President and Directors; also to the General Manager and staff. In replying to the latter, Mr. C. E. Neill, General Manager, said: In thanking you for the honor which you have conferred on me, I must first refer to those who are absent on military duty. The number of our men who have been killed is 762, and we have heard of 52 casualties—46 wounded, 38 killed or died of wounds, 1 missing, and 8 prisoners of war. I take pleasure in publicly expressing publicly our sense of loss, and our sympathy for the relatives of the men who have returned.

#### ASSISTANCE GIVEN BY CANADIAN BANKERS' ASSOCIATION.

The great factor in support of the financial situation in Canada since the beginning of the war has been the collaboration of the chartered banks, through the intermediary of the Canadian Bankers' Association, with the

Minister of Finance. They may be said to have operated largely in assisting the minister to the utmost limit, having due regard to the needs of commercial borrowers and the maintenance of proper liquid reserves in his arduous task of financing Canada's war. The banks are also co-operating with the Minister of Agriculture in his praiseworthy efforts to increase production and expand the country's live stock trade. To this end liberal advances are being extended to breeders of cattle. As a result of their combined action, the Department of Agriculture has been instrumental in turning back to the farms of Western Canada from Winnipeg and other Stock Yards in the last three months over 9,000 head of cattle and 1,400 sheep which would otherwise have been slaughtered or shipped to the South. It is interesting to note the large diversion of cattle from the Winnipeg Stock Yards to the prairies instead of to the United States. In 1915, 44,978 head were shipped South; in 1916, 22,124 head were shipped. Three were shipped from the Winnipeg Stock Yards to the prairies 3,880, and in 1916, 29,246. Likewise the Minister of Trade and Commerce has received the hearty support of the banks in his campaign to develop our foreign trade by preparing for after-war competition. It will be seen that the Canadian Bankers' Association is endeavoring to further the interests of the country in the most practical manner possible, and I am pleased to say that at no time in its history has there been greater unanimity among the members.

We believe the present prosperity will probably continue while the war lasts, to be followed by an interval of depression, but with the triumph of the allies—a foregone conclusion—a new era of prosperity will eventually come. We should bear in mind that the readjustment if the people of this country would curb their extravagance in this time of plenty. It is not easy to conduct the business without so many of our trained men. The depleted ranks must be made up by junior clerks and by girls without banking experience, and the labors of our trained men are thus intensified. Had we not been able to secure the services of a large number of capable girls to carry on the business, the staff situation would have been serious indeed. The total number of girls employed on all posts has grown to 715.

As for the Executive Officials, your approval is a matter of importance and an added encouragement. We endeavor to use our best efforts at all times in the interests of the bank, and it is pleasant to know that we enjoy your confidence. In connection with the staff, one thing above all others must be borne in mind—our moral obligation to do the very best we can for our men returning from the front. This war is the sacrifice of our men as a matter of course. There are problems ahead for us in dealing with them as we wish to do, but we are fully prepared to meet the future of these men our most serious consideration.

#### BOARD OF DIRECTORS.

The following were elected Directors for the ensuing year: Sir Herbert S. Holt, K.C., E. L. Pease, E. F. B. Johnston, K.C., H. S. Holt, G. R. Crowe, D. K. Elliott, Hon. W. H. Thorne, G. W. Wilson, Wm. Robertson, A. J. Brown, K.C., W. J. Sheppard, H. A. Duggan, G. H. Duggan, C. C. Blackadar, J. T. Ross.

#### MANY BELGIANS ESCAPE.

Excused Into Holland Is on Extensive Scale. London, Jan. 12.—The Belgian "underground railway" is working so well and the deportations from Belgium have been so numerous that at present it is believed that the Germans are now more numerous than at any previous time since the Germans occupied the country. Belgians who have recently escaped on canal tugs and made their way to London, where they are being housed in the Belgian town, report that there is little difficulty in reaching the Dutch border even from points as far distant as the French frontier. Once on the Dutch border, their real trouble begins, and to cross the frontier into Holland it is necessary to use any means at hand, even to the killing of sentries.

#### BIG SHIPBUILDING COMPANY.

By a Staff Reporter. The following companies have been incorporated by Dominion charter: Collingwood Shipbuilding Company, Toronto, \$100,000; Lake Winnipeg Paper Company, Toronto, \$50,000; Stevens-Lylesworth Company, Toronto, \$100,000; Alex. Elder Company of Canada, Toronto, \$100,000; Dale Mfg. Co., Toronto, \$150,000; Industrial Paper Co., Montreal, \$100,000; Samuel Osborn (Canada), Ltd., Montreal, \$50,000.

#### ST. THOMAS—14 BELOW.

St. Thomas, Jan. 12.—Last night and the morning the cold and vicinity the temperature dropped the lowest several years. The mercury registered 14 below zero in the Port Huron district; at the city waterworks 26 below. The severe weather inconvenienced the railroad, nearly all passenger trains on Michigan Central and Wabash being from four to five hours late today.

#### INTERN THE "COUNT."

George A. Somer, a German, known as the "Count," reappeared in the police court yesterday on a charge of trading with the enemy. He will be interned for the duration of the war.

#### Teachers Wanted.

WANTED—Two Protestant teachers with Normal training for the Port Huron and Christian Island Island schools. Duties commence at once. Comfortable living quarters provided at both schools. Apply stating age, qualifications, experience and references to Mr. J. D. McLean, assistant deputy and secretary, Department of Indian Affairs, Ottawa.

#### FARM FOREMAN WANTED.

WANTED, thoroughly experienced foreman, unmarried, for large farm near Toronto. Apply box 9, Toronto World.

SATURDAY MORNING THE TORONTO WORLD JANUARY 13 1917 MARKET DISASTERS AFTER ANS DEAL IS tion Develop of Foreigners ing Grain. The Toronto World market today was the result of a recovery in prices opened after buying, but they suffered sharp declines in wheat and other grain. The deal of wheat counted against the fact that no indication was seen of a recovery in prices. The market closed at \$1.90, largely unchanged from the previous day, but with a slight decline in the afternoon. The closing price for

WEEK STRONGER UP SIX POINTS

Market Fairly Active and Generally Firm in Tone.

The mining market yesterday was active with a slightly larger volume of business than on the preceding day. Stocks on the whole were unchanged in price with the exception of Kennecott.

This stock came into the market again, and made an advance of over six points for the day. The market was easily the outstanding feature of a market which the general public was devoid of any special interest.

It is generally conceded to be one of the quiet periods of the year and in this respect, this year does not appear to be an exception to the rule. The advance to be noted in connection with this quietness, however, is that the market is holding remarkably well.

Kennecott Higher. Attention has been given to this stock since its reaction following the advance of the floating stock of this company is not large and with the exception of this, the market is quiet.

For the most part, the market is quiet. The advance of Kennecott is the only feature of note. The market is holding remarkably well.

Another strong spot in the silver list is the advance of the floating stock of this company is not large and with the exception of this, the market is quiet.

There were rumors on the street that the deal being made between the floating stock of this company is not large and with the exception of this, the market is quiet.

RESUMING ACTIVE WORK AT GIFFORD

Company, Now Refinanced, in Position to Make Good.

Hamilton B. Wills, in his market letter, says: The re-financing of Gifford has at last been completed to assure not only a resumption of aggressive development work for an extended period, but also to give the property the first fair square show it has had to make good in a big way.

The construction of the head frame over the main shaft is practically completed, and next week sinking operations will start with a rush. Orders have been given to reach the upper contact as quickly as possible and begin exploration work east and west.

The winze is now down about 310 feet and no delay will be caused as the under workings have been kept dewatered since work stopped a few weeks ago. Every foot of depth opened up from 250 feet down showed increased mineralization, while below 300 feet the formation showed every indication of nearing an ore body of importance.

Drilling again at Inspiration Property. Hamilton B. Wills says: Owing to the breaking of one of the diamond drills bits a few days ago, this important work on Inspiration Gold was temporarily retarded, but drilling is again under way and making splendid progress.

Another strong spot in the silver list is the advance of the floating stock of this company is not large and with the exception of this, the market is quiet.

TRADING WAS TAME AND PRICES EASIER

Mackay Failed to Live Up to the Opening Price and Other Stocks Weakened.

Business was small on the Toronto Stock Exchange yesterday, and the changes in most cases represented lower prices. Mackay common was the only really strong issue, and even this stock was erratic. The first sale was 88 1/2, then the price receded to 88, and the only bid following that was 86 1/2.

The explosion and damage at the Canada Car works sent a shudder thru the market for the company's shares, the common selling down to 35 and the preferred to 76.

The market closed real dull, and the speculative element could draw no sustenance from Wall Street. A period of inactivity and weaker prices seems inevitable. It is doubtful whether any bullish news can materialize to help prices, while any news of the opposite variety will work injury to the specialties.
