THREE MURDERS IN NEW YORK STREETS

Stylish Girl Lure of One of the Victims.

Gunmen in Taxi Then Kill Him—Chauffeur Shot in a Sidewalk Crowd—Two Men on a Curb, Holding Dead One, Hail Car for Hospital.

(Canadian Press.) New York, March 27.—Three men were shot to death under mysterious circumstances in New York last night and early today.

One man, lured by a fashionably-dressed young woman, was shot down by a pair of gunmen who fired from the windows of a taxicab in a crowded thoroughfare in 110th street at Fifth avenue.

The third victim, propped between two men standing in a Brooklyn street, was loaded into a taxicab and taken to a hospital. He was dead upon arrival.

Henry Stern, a young chauffeur, walked in the 110th street crowd. A bullet passed through his chest, and he fell to the sidewalk.

Two men, appearing between them a lifeless form, hailed a taxicab in Brooklyn. They took James Messy, eighteen years of age, to a hospital, but he was dead from bullet wounds in the body.

The men said he had attended a social entertainment with them and gave the names of other persons who were there. Sixteen men and four women, who were present at the entertainment, were held for questioning.

AMHERST FIRE

The Lusby-McDonald Brick Building Ablaze—Loss is About \$80,000.

Amherst, N. S., March 27.—Fire this morning gutted the Lusby-McDonald brick building in downtown Amherst, causing a loss of approximately \$80,000.

Some is covered by insurance, although the householders in the upper flats of the building met with a total loss.

The interior of the building was ruined by flames and water. The fire started beneath a barber shop occupied by William G. Gault.

City Can Distribute Hydro Cheaper Than Power Company

MUNICIPAL SYSTEM WOULD AFFECT IMPORTANT SAVING TO CONSUMERS

Engineers Kirby and Phillips, Mayor's Committee, Present Preliminary Report Showing What City Could do, Compared with the Company.

The Times herewith publishes the report on hydro by Messrs. C. C. Kirby and Herbert Phillips, which was today submitted to the mayor. It will be noted that while they estimate the cost to the consumer under civic distribution at 6.58 cents, compared with 6.22 cents if the New Brunswick Power Company got the Musquash current and distributed it, the power company rate of 6.22 makes no provision for the deficit on the street railway and gas plant, or for full interest on preference stock.

On the other hand, the maximum for the city would be 6.58 for 4,900,000 kilowatt hours, and if it took 10,000,000 it would have a rate below 6.22. A sale of 3,000,000 kilowatt hours would bring the civic rate down to four cents. If the city were content to take 7,000,000 kilowatt hours the rate would be reduced in proportion.

Even as the case stands, taking 10,000,000 kilowatts, with a possible present market for 4,900,000 kilowatts, the reduction from present power company rates would be 34 to 38 per cent. Assuming that the city would rapidly develop a market for the balance of the current the reduction would soon be fifty per cent or more.

It should further be noted that in the estimated cost of \$900,000 for a civic distribution system \$177,000 is provided for an underground system in the congested portion of the city.

The fact for citizens to remember is that selling only 4,900,000 kilowatt hours they can get a rate of 6.58 and have without further cost at least 3,000,000 kilowatt hours to use for the expansion of industries.

If, on the other hand, the power company distributes the current it must add to the 6.22 an amount to take care of street railway and gas plant deficit and interest on bonds, which would deprive the consumers of any appreciable benefit from the opportunities for expansion provided by the Musquash development.

It is also assumed by the engineers in making the civic rate 6.22 that the city will be in keen competition with the power company, whereas the company in the same reckoning is assumed to have a free hand without competition.

The fact for citizens to remember is that selling only 4,900,000 kilowatt hours they can get a rate of 6.58 and have without further cost at least 3,000,000 kilowatt hours to use for the expansion of industries.

Interference with the proceedings and has not definitely stated that it will take any action, although it is generally supposed that those who attempted to interfere in this case it might reasonably be assumed that civic operation would not be required to pay \$25,000 in taxes.

Further, under these conditions of competition the city would take advantage of the commission's offer to supply current for the first three years at a reduced rate of 1.2. These factors, together with the probable one that only 7,000,000 kilowatt hours need be taken, would make it possible for the city to operate at an average rate of about four cents while in competition.

As Hiram Sees It

"I see," said Mr. Hiram Hornbourn to the Times reporter, "they're going to try next week to find out everybody in St. John that's got gonorrhoea. What's the idea? Gonorrhoea isn't all up again the fence and ask folks to look at him. Or throw 'em into the harbor?"

"Neither," said the reporter, "they simply want to reach the people, young or old, who have or fear they have gonorrhoea, and tell them how they may be cured. They are not going to make a show of anybody. If you think there is anything wrong with your eyes you merely have to go to a certain place at a certain hour some day next week, and it will not cost you anything to be examined and told whether you are in any danger or not. And if you are you will be told what medical treatment is best for you. There is nothing to be afraid of. You are offered free something that may save your life."

"Well," said Hiram, "the 'nothing' wrong with my eyes, but I hope them that needs advice 'll all turn out. Hiram is at present in the upper St. John River on business. There is no one there to cut down the death rate from consumption in some places. I mind when we used to have gonorrhoea here, but the disease 'll do what they orter, 'str."

F. NOBLE BUYS HATHEWAY FARM

Large Property in Kingsclear—Liquor Theft from Drug Store.

(Special to Times.) Fredericton, N. B., March 27.—Frank Noble of this city has purchased from the New Brunswick Colonization Co., a property in Kingsclear known as the Hatheway Farm, and will take possession in the near future.

The property is situated on the St. John River on business. The company acquired the property some years ago and developed it to a considerable extent as a residential estate.

Seventy-five acres of the property is planted to apple orchards, making it one of the most extensive fruit farms in this part of the St. John valley. The production of the orchards is capable of extension.

The drug store of Percy G. Long, Mayville, was burglarized early this morning and liquor to the value of \$50 or \$75 was stolen. The front door was broken in and the liquor was taken. There is no indication that any stock other than the liquor was disturbed.

CHICAGO GRAIN MARKET. Chicago, March 27.—Opening: Wheat—May, 1.30 1/4; July, 1.15 1/4. Corn—May, 85 1/4; July, 61. Oats—May, 39 1/4; July, 38 1/4.

NORTH END FIRE. The North End firemen were called out about 9.15 o'clock this morning in answer to an alarm from box 128, for fire in the apartments of Lemuel A. Colwell, 87 Metcalfe street. Although the department was soon on the scene, considerable damage was done to the furnishings. Slight damage was done to another flat of the house, which is occupied by L. D. Thompson.

Phelix and Phermann WEATHER REPORT. Issued by the only authority in the Department of Marine and Fisheries. R. F. Stewart, meteorological service.

Synopsis—Pressure is low over the greater part of the United States and moderately high over Canada. The weather is showery in south-western Ontario and fair elsewhere in the Dominion. Temperatures are decidedly low in the west.

FOR CONTROL OF THEIR OWN SPORTS

Reported Movement for Maritime Universities.

Bar Noted Hockey Player from This Game—Maritime Rugby Proposal—Baseball and Other Late Sport News.

(Canadian Press) Fredericton, N. B., March 27.—All competing athletes at the U. N. B. who have been members of the football, hockey and basketball teams during the present academic year have forwarded the required affidavits to the maritime branch of the A. A. U. of C. in connection with the amateur sports clean up. It is said that President Curry agreed to meet the legal expenses in connection with the completion of the affidavits.

A movement is under way at the U. N. B. to have the universities of the maritime provinces take control of their own sports and athletic events. An association of their own to be recognized by the A. A. U. of C. and affiliated with any similar intercollegiate organizations in Canada is to be known as the maritime intercollegiate athletic association. Those supporting this plan say that intercollegiate athletics and sports are controlled in that way in the United States.

Toronto, March 27.—Vancouver will not agree to allow Eddie Gerard to play in the Stanley Cup game and the local will send Cameron and Randall back into action. Manager O'Donoghue offered Dan Munro, of the Granites, \$500 to finish the season, but the great defence man declined. St. Pat's also agreed to give Munro \$3,000 for next year. The locals tried to secure Harry Watson of the same team with no better results.

New York, March 27.—Chicago, which would rather beat New York at baseball than in population, had a measure of satisfaction at Dallas, Texas, yesterday, when in an exhibition game with the Giants, the White Sox punched the ninth inning offering of Pitcher Barnes hard to the outfield.

While the Chicagoans were outdoing the Giants, the other New York clubs, Brooklyn and the Yankees, are engaged in a contest in New Orleans. The Brooklyn boys won, 8 to 6, due to the excellent pitching of "Dassie" Vance, a former pitcher with the White Sox.

Melbourne, March 27.—The Australian tennis association has called the Belgian association proposing that the Australian and Belgian teams play the first round in the Davis Cup matches about June 28, in New York.

Halifax, N. S., March 27.—The Maritime Provinces Rugby Football Union has issued a circular to clubs and colleges and is circulating among the colleges and universities of the various bodies on the matter of arranging a spring rugby season.

AUSTRALIA'S BID FOR ENGLISH BOYS. Recruit 6,000 for Farms and Save their Money for Them Until Majority Reached.

London, March 27.—Premier Barwell of South Australia is attempting to recruit 6,000 boys in England between the ages of 15 and 18 for apprenticeship to South Australian farmers, under government guardianship. The boys are wanted to replace the 6,000 South Australian lads killed during the war.

Each boy will be paid four shillings a week for pocket money, the remainder of his earnings being placed to his credit in the state treasury, where it will earn 4 1/2 per cent interest, the whole sum being turned over to him when he attains his twenty-first year. This amount will enable him to become an independent farmer.

BUSY IN HARBOR. There are 22 Steamships in Port Here Today.

With the arrival of four steamers in port this morning, the number of steamers was increased to twenty-two, which is the largest at any one time this winter. Although some will be sailing every day through the week, a large number on route here are expected this week, and it is probable that this will be the busiest week of the winter port season. Much grain and potatoes are being shipped on these vessels. Sugar is the big import. There are also two ships in port, which will carry cattle away. One vessel due tomorrow has a cargo of nursery stock and another one is expected soon to land cement. Besides the trans Atlantic vessels, there was a big increase in the coastwise shipping this morning, many of the gas schooners making their first trip here this season.

BOYS STOLE \$8. Two juveniles pleaded guilty to a charge of acting together and stealing a purse and \$8 from Miss Dodge, 83 Pitt street. Detective Biddiscombe said that the boys had been delivering some parcels for a man in the market and had taken the purse from a table in Miss Dodge's home. One of the lads had been before the court four months ago and he was sentenced to four years in the Boys' Industrial Home. The other was allowed to go on suspended sentence with the warning that if he was found out late or mixed up in any other scrapes he would also get four years. The boys said that they had divided the spoils, \$4.50 to one and \$3.50 to the other.

IS DEPORTED A FOURTH TIME

Beatrice Hebert Says She is Now Cured of Affection for Zinser.

Philadelphia, March 27.—Miss Beatrice Hebert, a Canadian stenographer, whose love for Wm. Zinser, manager of a Philadelphia touring agency, caused her to enter the United States against the mandate of the authorities, has been deported for the fourth time. She left the Gloucester, N. J., immigration station in charge of the matron, who will turn her over to the Canadian authorities at Windsor, Ont. From there, it was said, she will be sent to her mother's home in Toronto. Before leaving Miss Hebert told Commissioner Hughes that she had been cured of her affection for Zinser, and that she would not attempt to return to the United States.

OPPOSITION TO WHARF EXTENSION

Indiantown Matter Before the Common Council—Bathurst Tender for Granite Curbing Lowest—Lancaster Lot Matter.

Arguments for and against the city granting permission for an extension of the D. J. Purdy wharf at Indiantown were presented at a commission meeting of the common council this morning. Mr. Purdy appeared to support his previous application for permission to extend while opposition to the scheme was presented by Philip Nase, of P. Nase & Sons.

Mr. Bullock said that since the application was made he had two or more objections to the proposed extension, so he asked all to appear this morning. Mr. Purdy said an extension of twenty-five feet was required to handle the freight traffic at his wharf at Indiantown. He said it was almost impossible to do business under existing conditions.

The mayor said according to the plan it would take the next man out if the extension was made. Mr. Purdy said that Mr. Nase shut him out when he built his wharf and Mr. Nase would have the same chance as Mr. Purdy had to extend if he wished.

Mr. Nase said that if Mr. Purdy extended his wharf it would make the Nase wharf useless. The mayor said he understood that Mr. Purdy and Mr. Nase had gone as far as they could together without reaching an agreement. He thought the matter should have more consideration by the city solicitor. This was agreed to.

Mr. Jones said he would like to look over the situation on the ground. Granite Curbing Tenders. Tenders for supply of 1,464 feet of granite curbing were opened and referred to Commissioner Frink and the road engineer for report; as follows:—J. H. Doody, \$1.65 a foot; B. Mooney & Sons, Ltd., \$1.75; Granite Street Pavement & Construction Co., \$1.80; J. E. & D. P. Connelly, Bothurst, \$1.83, f.o.b. St. John.

Commissioner Frink said last year the city curbing at \$1.10, which was advanced to \$1.25, but the contractors forfeited their deposit. Lancaster Property. Regarding the proposed sale of some lots in Lancaster to L. W. Simms, Commissioner Frink reported that Mr. Simms had offered to purchase a lot now owned by S. C. Tippett, Mr. Tippett had taken another lot further west.

Commissioner Frink said that he did not wish to sell but would pay the city's price for the lot immediately in the event of his being sold. He said that he did object to other lots being sold at a price less than that charged to him.

Commissioner Frink said he understood that the interested parties should get together with Commissioner Bullock and himself to see if their differences could not be straightened out. It was decided to try this arrangement.

A letter from the police magistrate for council meeting tomorrow as it was addressed to the mayor and council. A copy was enclosed for each commissioner. Mr. Otterson, inventor and manufacturer of an educator for the cleaning of catch basins, explained his apparatus to the council, offering to put one in the city for a trial test without expense or obligation. He said that the only one in use in Canada was in Halifax. He explained that the machine consisted of a five-ton chassis with a 1,200 gallon tank and pump, and said it would clean all the city catch basins but twice a year with a crew of three men at a reduced cost. The machine was manufactured in Canada under Canadian patents. Each basin could be cleaned in four or five minutes at a cost of fifty cents, and 700 basins could be cleaned in a month. The cost was \$11,000 net landed here for a heavy duty type, which could also be used as a flusher and as emergency fire apparatus.

The matter was referred to Commissioner Jones for report. The mayor read a letter from the city solicitor in connection with a request by the Union of Canadian Municipalities, regarding the Vancouver, Fraser Valley and Southern Railway bill proposed for this session of parliament. Dr. Baxter said that no private bills had yet come up but he would scrutinize the bill in question when it was presented. He said on the face of it the case of the union was a good one. He suggested that a resolution be passed expressing the hope that further charters should not be granted to purely local concerns or any

TURKEY TO KEEP CONSTANTINOPLE

Also Would Have Large Part of Eastern Thrace.

Territories Adjoining Dardanelles to be Demilitarized—Straits in Care of International Commission—Decisions of Allied Ministers.

(Canadian Press Cable.) Paris, March 27.—Retention of Constantinople and a large part of Eastern Thrace by Turkey, the demilitarization of the territories adjoining the Straits of the Dardanelles whether allotted to Turkey or Greece, and that an international commission shall attend to the upkeep of the straits are proposals made by the allied foreign ministers after five days of consideration of Near East questions.

The conclusions of Premier Poincaré, Marquis Curzon and Signor Schanzer are believed to make a step towards a settlement of a question which has been one of the roots of unrest in the old world. The amicable offer of mediation between Turkey and Greece removed the dilemma facing the French either of taking a hostile attitude toward Turkey, or breaking with the Allies, and also removed the cloud created over the Bulgarian frontier, by the Angora accord.

Paris, March 27.—Turkey is conceded nearly all her claims, except those in the memorandum which the allied foreign ministers today forwarded to Athens, Angora and Constantinople, with a view to its acceptance as a preliminary peace settlement, revising the treaty of Sevres. The Enos-Hidia line in Thrace is modified so as to give Turkey more territory on the Bulgarian frontier, but the old Turkish capital or Adrianople is excluded.

Constantinople remains Turkey's and she retains Armenia with the population under the League of Nations, but she loses the Gallipoli peninsula and Mesopotamia. The foreign ministers of the Greek and Turkish belligerents three weeks in which to reply to the proposed terms.

THE FREE STATE BILL IS THROUGH HOUSE OF LORDS

London, March 27.—The Irish Free State bill passed its third and final reading in the House of Lords today. REDUCTION IN C. N. R. EXPENSES. D. B. Hanna of C. N. R. Says Substantial Cut Possible, as Construction Nearly Caught up with.

Toronto, March 27.—"The reason that a substantial reduction will be possible in railway expenditures this year," said President D. B. Hanna of the C. N. R., "is because last year, as in general during the war, we have pretty well caught up with our needed construction. Therefore this year there will be a possibility of less expenditure both for a construction and improvement programme."

NO CRIME FOR TEN YEARS. Ancient Town of Kent Can Boast Fine Record. Tenterden, in Kent, is positively the one town in England entitled to wear the white flower of a blameless life.

This community of 3,500 people has not had a case sent to its own particular sessions for more than ten years, with the exception of one case in 1910, when a woman was sentenced to a month in prison for a case of petty larceny. Moreover, there has not been a police court case of any description since the war.

The interesting thing is that the sessions court was granted to the people of Tenterden as a special privilege in recognition of the loyalty and fighting qualities of its male population hundreds of years ago.

MRS. HENRY CROSS. The sad word of the death of Mrs. Henry Cross, wife of the late Rev. Henry Cross, a former pastor of the German street Baptist church, came to the city this morning. She died at Southern Pines, North Carolina, on Sunday, Mrs. Cross is survived by one daughter, Mrs. Cross is survived by one daughter, Mrs. Cross is survived by one daughter, Mrs. Cross is survived by one daughter.

BUILDING LAW CASE. George Douglas was before the magistrate today charged with putting up a building without a building permit. Inspector Carleton gave evidence. The accused was told that he was liable to a penalty of \$20 to \$100 and sent into jail.

RENEW TALKS WITH THE OPERATORS

Effort Yet to Avert the Great Coal Strike Set for Next Saturday.

New York, March 27.—Labor members of the anthracite wage scale sub-committee returned from Cleveland today to renew negotiations with the operators in an effort to reach a wage agreement that would avert the walkout of 165,000 organized anthracite miners called for April 1.

Both operators and miners expressed a desire to end the general discussions which marked the opening days of the conference last week and to confine future sessions to consideration of the nineteen demands of the workers. The miners' committee will go into the conference armed with statistical data to bolster their claims that the coal diggers are entitled to a twenty per cent. increase in wages.

The operators indicated that today, for the first time since discussion of a new contract was undertaken they would make known the percentage of wage cuts they advocate in counter proposals to the 19 demands of the miners. Phillip Murray, vice president of the U. M. W. of America, replied to the Lewis, president, head of the four labor delegates on the arbitration committee. S. D. Warriner, president of the Lehigh Coal and Navigation Co., will continue as spokesman for the operators.

Mr. Lewis has announced that he will remain at Indianapolis, headquarters of the United Mine Workers, in the event of a strike of both anthracite and bituminous workers. Nearly forty members of the anthracite workers' scale committee returned to New York today to keep their local and district organizations advised of the wage negotiations. Calgary, March 27.—The net result of the operators' meetings on Friday appears to be all in favor of any settlement of the coal dispute in District No. 18. W. F. MacNeill has notified that he is unable to act as the operators' representative on the board of conciliation and a substitute is now under consideration.

"The fact that the miners have withdrawn their demand for a 10 per cent. increase in wages, means nothing and it is my opinion that the concession does not warrant re-opening negotiations," said M. Young, commissioner for the western Canada coal operators association last night.

PERSONALS Mr. and Mrs. I. Sydney Isaacs (nee Amund) will be at the residence of the bride's mother, 85 Elliott Row, Tuesday, March 28, 8 to 9.

Mrs. Frank B. Roland, who was in the city attending the funeral of her father William Hodd, left last evening for her home in Montreal.

Miss Bernice Bennett, Newport, R. I., who has been visiting her sister, Mrs. W. A. Macaulay, West St. John, has gone to Haverhill, Mass., where she will take a position on the nursing staff of the Gale Hospital.

Hon. R. B. Bennett, K. C., of Calgary, who was minister of justice in the Meighen government, will be in the city today with J. S. Sherriff, also of Calgary. They are staying at the Royal Hotel.

Friends of Fred Woodworth, 14 Clarence street, teamster for Valls' Globe Laundry, will be sorry to learn of his illness in the General Hospital.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN THE STAR TONIGHT

One of the most mysterious stories ever presented has been used to bring Barbara Bedford before the public as a star. She is to make her debut in this capacity at the Star Theatre tonight in the Fox production "Cinderella in the Hills."

The tale is that of a girl of the Ozark Mountains, mistreated and misunderstood, who stands out against the rest of her little world in a fight for the right. An engineer comes to her father's home to sink oil wells, and becomes interested in the girl's case. He finally helps her to happiness; but not until he has solved several puzzling questions.

Mrs. Bedford plays the part of the girl, and the story is based on "The Little Fiddler of the Ozarks," a tale by John Breckenridge Ellis.

It has been found necessary to defer the box office sale of seats for next Thursday night's rendition of Balfe's "The Bohemian Girl" until tomorrow (Tuesday) at 10 a. m. The small reserved seats already numerous. Half-price papers to hand contain highly complimentary critiques of the Boston Opera Company's singing of this delightful work, claiming it to be better than "Il Trovatore."

"The Rage of Paris," a colorful drama of Parisian life and presenting America's local and beautiful blonde, Mistral Dufont, will open at the Unique tonight. A Buster Keaton comedy of laughs will also be shown.

SPRING AILMENTS Impure Blood, Humors—Relief in a Good Medicine.

Spring ailments are due to impure blood, this, develops into other eruptions, catarrhs, rheumatism, loss of appetite, loss of vitality, nervousness and "all round" ailments. Hood's Sarsaparilla combats the roots, barks, herbs, berries and minerals that have been found in many years of intelligent observation to be most effective in the treatment of blood ailments. Successful physicians prescribe the same ingredients in the treatment of the blood, liver and kidneys, and in cases where alternative and tonic action is required. Hood's Sarsaparilla is the spring medicine that purifies, enriches and revitalizes your blood. It is a powerful resistance to disease. For a narrative take Hood's Pills.

NEWCASTLE MAN SAYS NOT GUILTY Suspected of Stealing from Boarders in Montreal Y. M. C. A.

Montreal, March 27.—Richard Woods of Newcastle, N. B., before Judge Lanctot this morning pleaded not guilty to stealing from boarders in the Y. M. C. A. Woods was arrested following complaints from members who complained of missing watches, the pins, etc. Inquiry was set for April.

WHEN LASCELLES WAS MADE AN ARCTIC BROTHER An A. B. degree of the northland—the sign of membership in the Arctic Brotherhood, an organization of Yukon and Alaska "woodchoppers" was conferred in 1909 in Seward, Alaska, upon Viscount Henry George Lascelles, the husband of Princess Mary of England.

Scores of Alaska pioneers say the viscount proved to be red-blooded and worthy of membership in the frontier order, when, as secretary to Earl Grey, their general-governor of Canada, he accompanied the earl on a trip to the Klondike. Three days were spent in Seward, Alaska, where the A. B. degree was conferred upon the earl and the viscount.

M. A. Snow, who was chief of the Seward branch of the order at the time, conferred the degree. Mr. Snow, now in Seattle, told recently of the initiation work which included a trip over the "Chilkoot Pass" in the lodge room. "Lascelles, attired in a parka and mukluks, the Arctic shirt and shoes, was started over the trail," Mr. Snow said. "Amid the howl of 'malamute' dogs and surrounded by shouting drivers urging him to 'mush on,' he reached the summit and was permitted to rest on a flat rock. The rock proved slippery, and Lascelles hit the slide, providing amusement for Earl Grey and the old-time members.

"Being weak from the slide and the sudden stop at the bottom, my lord was led stepping to the camp cook, who had prepared a 'malamute' stew of the finest mukluks, dried salmon, soap berries and icicles. At this part of the initiation, Lascelles gained the admiration and respect of the members by drinking a cup of the steaming broth at a gulp, although he had accidentally had a peep into the kettle. After demonstrating his ability to carry a pack and his willingness to love on the northland fare, he was voted worthy of being an Arctic brother.

"It, at that time Arctic chief of the camp, invested him with the insignia of the order, the gold pan, marked with 'A. B.' and holding little nuggets. 'Wan, but game, after his experience in roughing it, Lascelles expressed himself as enjoying the trip over the pass. By his speech he made himself solid with all the members present."

HEARS WIFE IS DEAD AND SWALLOWS CREOSOL Montreal, March 27.—Because he thought his wife, who was sick in hospital, had died, George Késup, aged thirty-five, of 85 Vitre street, swallowed creosol and died. Investigation showed that the story of his wife's death was false.

Although whales grow to enormous size, sometimes 80 feet and even 90 feet long, the throat of the common whale is so small that it cannot swallow a bite as large as a tea biscuit. The sperm whale has a mouth large enough to swallow a man.

JUDGMENT FOR LIQUOR INTERESTS

Court Holds That Ontario Act Cannot Regulate Export Liquor Warehouses.

Windsor, Ont., March 27.—Quashing the conviction against the Essex Export Co., which recently was fined for keeping liquor in a warehouse that had not been granted a federal license, County Judge Coughlin, at Sandwich, Saturday, opened the way for an uninterrupted flow of liquor into the U. S. as far as Canadian laws are concerned. He held that the Ontario Temperance Act cannot regulate export liquor warehouses. By this ruling the score or more of export companies may do business without fear of being stopped by provincial officers and license inspectors who are enforcing the temperance act along the border.

IS SENT UP FOR TRIAL IN THE DELORME CASE Montreal, March 27.—Rev. Adelaire Delorme was this afternoon formally committed for trial on the charge of murdering his half-brother, Raoul, on January 16, by Judge Cusson, in the police court.

The abbe was committed after he had appeared for voluntary statement and had been asked to make a plea to the murder charge.

MRS. ANASTASIA BOYLE The death of Mrs. Anastasia Boyle occurred early this morning at the residence of John Warnock, Haymarket Square. She is survived by one son, James Boyle of this city, and two sisters, Mrs. M. J. Lawing of St. John and Mrs. James Gallagher of Massachusetts. The funeral arrangements will be announced later. Many friends will be sorry to learn of her death.

MONTREAL STOCK EXCHANGE Montreal, March 27.—(10.30)—The market was fairly active during the first half hour of trading today, but no startling variation in price quotations occurred. Brullian appeared at 98-1/2 while Consolidated Smelters sold at 20 a half above Saturday's close, as did also Alton at 61-1/2. Steel of Canada was traded at 64-1/8, after closing at 63-1/4. Other leaders were unchanged.

WILL CONTEST OF INTEREST HERE Action in Fredericton Over Estate of Late Mrs. Sarah J. Niles.

(Special to The Times) Fredericton, N. B., March 27.—The first step in connection with a contemplated contest of the will of Mrs. Sarah J. Niles, widow of Hubbard Niles, was taken before J. B. Dickson, judge of probate, who has vice, this morning, when H. A. Powell, K. C., on behalf of Mrs. Caroline Mooney, wife of Thomas Mooney of St. John, appeared and had the will proven in solemn form. The case was continued this afternoon.

F. J. Hughes, Miss Winifred Staples, E. W. McMillan and Mrs. Ella May Aiken of Fredericton were witnesses this morning. The will, executed in last October, left a house in Doron to Mrs. Niles, and a house in University avenue, Fredericton, to Miss May Niles. The personal estate, valued at \$6,000, was divided equally among Mrs. Niles, Miss Lillian Niles, Mrs. Ella May Aiken and two grandchildren, Sara and Marion Perkins of Sussex, the grandchildren dividing the fourth share. A share in the Cherry Moore estate in Ireland also was in the estate, the total value of which was \$48,000.

George Niles, Mrs. Nettie Aiken and Mrs. Mooney of St. John were left \$2 each. It is on their behalf that the will is to be contested. The will stated that no further provision was made for the three children last named, because provision had been made during the lifetime of the testatrix.

Does Your Furniture Say: Here Is A Man of Sound Judgment?

To every friend entering your home for the first time—your furniture speaks a message about you—either good or bad. For what can a new acquaintance judge you, unless by exterior. And your furniture is surely an index to your good taste and judgment, for you yourself select it, and it reflects your individuality. It is therefore necessary that your furniture be thoroughly good, but—

KEEP UP THE GOOD WORK Under direction of ST. JOHN ASSOCIATION FOR PREVENTION OF TUBERCULOSIS

OLD TIMES RECALLED When the Present Day Premier of Canada was at the Border to Adjust a Labor Dispute.

Our Milltown correspondent writes: Reference to the strike of the weavers in March 1908 and those who were directly associated with it, in a recent issue of the Courier, has brought the pleasing news that F. G. Hughes, who was vice president on the executive committee of the Mercantile Agency of R. G. Dun & Co., with an office at 394 Achenut avenue, New Bedford, Mass., Mr. Hughes is also a clever writer and devotes a part of his time to the editorial section of "The Fairhaven Star" published every Friday afternoon. In the Fairhaven Star of March 10, Mr. Hughes recalls the events of those days of 1908 when he writes in part:

The many interesting newspaper items concerning William Lyon Mackenzie King, the new Premier of Canada, bring to my recollection an occasion of just nineteen years ago, when a committee met Mr. King one evening at a railroad station on the Canadian border, and escorted him to a hotel where a conference was held on matters of mutual interest. Mackenzie King at that time held an important but subordinate position under the Laurier government. I recall him as a most affable and hospitable gentleman, the conference opening with an inquiry from Mr. King relative to refreshments. It was a very temperate committee, and the strongest thing ordered was ale. Mr. King himself had Apollinaris water.

Mr. King was then twenty-nine years of age. He proved himself to be a keen as well as a fair-minded man, with wonderful analytical powers, and a faculty for reasonable persuasion that cleared away all barriers between him and the result he wished to achieve. He spent three or four days in that locality, and when he departed it was with the good will of all who had been concerned in his visit.

Mackenzie King has always indicated warm friendship for the United States, which is natural, since part of his education was obtained at Harvard. After the downfall of Laurier, Mr. King was in the country for several years, and was at the heart of the Rockefeller Foundation. When political affairs took a different turn in Canada, he returned to his own country, and has since been an active participant in Canadian politics. As a result of the overturn in the last general election he is now Premier of the Dominion. Every man on that old committee will watch the progress of Canadian affairs under Mackenzie King with most interest, and whatever may be the fortunes of his political career, we will always remember with great pleasure the meeting back in 1908.

Portrait of Mrs. GOFF, of Beaches Cottage, Sableway Ferry, near Chester, England, who writes.

"For five years I suffered greatly from an ulcerated leg, which at one time was covered with open wounds from knee to foot, there being as many as 21 wounds in it at one time. I tried all sorts of preparations, and attended the infirmary, but nothing seemed to do me any good and I was sent away from the infirmary as incurable. One day my daughter saw Clarke's Blood Mixture advertised in a newspaper and read it to me, and I decided to give it a trial. Finding the first lot was doing me good I persevered with it, and after having four bottles my leg was completely healed. All this happened some eight years ago, and I have had no return of the trouble ever since."

PRICE OF TEA HIGHEST IN YEARS

During 1920 so much more tea was produced than was required throughout the world that the market dropped to a comparatively low point. So serious was the position of the growers in India, Ceylon and Java that they agreed to produce 20 p. c. less tea during 1921. The result was that less tea was produced than was required, and now all surplus stocks have pretty well been exhausted to fill the deficiency. Prices in the last four months have steadily advanced, until the market today is at a level as high as was ever before reached even during war years.

J. F. TILLEY'S VIEWS ON MODERN MILK PLANT

Editor Times.—Sir:—During the month of June last I began to investigate the milk supply of this city, and upon making certain discoveries I immediately made known to the public the condition as I found it, and shortly after discussed the matter with the minister of health with suggestions as to a remedy for improvement. The plan outlined to him as well as to some members of the city board of health was: The enactment of a by-law for the compulsory classification and pasteurization of all milk and cream sold in the city, other than that which would pass the standard for certified milk. To give a reasonable notice previous to the law going into effect to erect and equip a modern central plant, through which all milk not then pasteurized, and sold by the raw milk dealers, could be properly classified and pasteurized and bottled, for a charge which was to be made. The plan set forth that the plant was to be erected in a convenient location having railway siding to its doors, which would eliminate the drawing of milk through the dusty streets previous to its being treated, and it would be put up in sealed bottles making it free from contamination while in course of delivery to the consumer. The company operating this plant was to not only take care of the pasteurizing and bottling of the milk, but to store the same at proper temperature, wash and sterilize all cans and bottles, test all milk for cleanliness and quality, previous to pasteurization.

My suggestion was not the establishment of a city, or municipal plant, but to form a company composed of milk producers, milk dealers and a few citizens who were willing to invest in the enterprise, and under my plan of operation, all dealers who could purchase their milk from the same producers they are now purchasing from (providing it would pass the health and our own standards), and have it clarified, pasteurized, bottled and made ready for delivery. No thought was there, or is now entertained by me or my associates to have anything to do with the delivery end of the business, or to put the present dealers out of business, as some of them have intimated to their present customers; and to show that I acted in good faith in the matter I visited the president of the St. John Milk Dealers' Association last June and told him that compulsory pasteurization was bound to come, and advised them to get in on the start. So much was he impressed that he told me he would call a meeting of the dealers to whom I was to outline my plans. No meeting has yet been called for the purpose, and only Thursday morning last I repeated to him that I was still willing to carry out my part of the arrangement, provided the raw milk delivered by one dealer to a number of families within the last few days (which never would have happened if the milk had been properly clarified and pasteurized), it seems to me that even the most skeptical should be convinced that sanitation and pasteurization properly done is the only safeguard for a city milk supply. Not one case of disease in any form

City Can Distribute Hydro Cheaper Than Power Company

(Continued from page 1.) It will be noted by the table at the end of the report that the power company cannot get along without an average rate of 10.17. Contrast this with 6.58 for 4,900,000 kilowatts and 3,000,000 to spare for development purposes under civic distribution, and a prospective rate of four cents or less when the market is properly expanded.

It will be noted also that this report sustains the contention of the advocates of civic distribution, and agrees in substance with the Mitchell report. Which do the people want—10.17 and no hope for the future, or 6.58 with the assurance of a later reduction to about 4 cents?

St. John, N. B., March 27, 1922. E. A. Schofield, Esq., Mayor, City of Saint John, N. B.

Your Worship, in view of the present political situation regarding the use of hydro-electric power to be developed from Musquash, your committee beg to submit the following preliminary report upon the matter, with the hope that it will assist, to some extent, in clarifying the issues now before the citizens.

In brief, we find as follows:—The city of St. John set up an electrical distribution system of its own with a capital investment of \$900,000, excluding a provision for a steam standby, and was able to operate the same at an average rate of 6.58c per K. W. H. without loss or profit when a mixed load has been obtained of 4.8 millions K. W. H. of similar character to that now served by the N. B. Power Company.

### RECENT WEDDINGS

**Dixon-McFarlane.**  
On Wednesday, Miss Georgina Alma McFarlane, of Petticoat, was united in marriage with Frank Millidge Dixon, of Young's Cove, at the home of Rev. Mr. Bell of Petticoat.

### RECENT DEATHS

**Mrs. Emily Myers Hanington.**  
The death occurred in this city yesterday of Mrs. Emily Myers Hanington, widow of the Hon. Daniel L. Hanington, formerly premier of New Brunswick and justice of the supreme court of the province. She had been seriously ill for several weeks and the end was not unexpected. Mrs. Hanington was born in Glasgow, the daughter of the late T. R. Wetmore, a prominent Queens county barrister. She lived the greater part of her life in Dorchester, where she was a communicant of the Anglican Church of the Holy Trinity.

Surviving are three sons and four daughters. The sons are: Henry C. Hanington, formerly a barrister of Vancouver and Moncton, but now a resident of Dorchester; Robert W. Hanington, of Vancouver, general solicitor of C. N. R., and C. Lionel Hanington, barrister of London. The daughters are: Miss Harriet Hanington, of St. John; Mrs. M. G. Teed, of this city; Mrs. H. G. Kerr, of East Orange (N. J.); and Mrs. George B. Paysant, of Dorchester.

The funeral will take place tomorrow (Tuesday) afternoon at 2:30 o'clock from Trinity church, Dorchester.

**Mrs. Blanche Akerley.**  
The death of Mrs. Blanche Akerley, wife of Beverly W. Akerley, occurred on Friday at her home in Big Cove, Queens county. Mrs. Akerley is survived by her husband, six sons, Walter, Harry, Joseph, Ira, Roland and Wiley, all at home; three brothers, Charles and LeBaron Furlong, of St. John, and Albert Furlong, of Queens county, and three sisters, Mrs. W. Lingley and Mrs. A. McInerney, both of St. John, and Mrs. Thomas Goiding, of Wickham, Queens county. The funeral will be held today from her home in Big Cove.

**Mrs. Susan E. Brittain.**  
The death of Mrs. Susan E. Brittain, 61 Prince street, W. E., occurred yesterday at her home. She leaves three daughters, Mrs. A. Campbell and Miss Mabel Brittain of this city, and Mrs. George Lane, Mount Vernon, N. Y.; two sons, Frederick A. of the United States, and Willard E. of St. John, and two brothers, D. Millar Olive of Dorchester, Mass., and Richard Olive of St. John. The funeral will be held Wednesday afternoon at 2:45 o'clock.

**Miss Edith Allen.**  
The death of Miss Edith Allen occurred yesterday at the General Public Hospital following an attack of pneumonia. She leaves one brother, J. H. Allen, of New York, and one sister, Mrs. Mary Knox of this city. She was a daughter of the late Mr. and Mrs. James H. Allen. Her father was a charter member of the old Leinster street Baptist church in this city.

**Samuel N. Hyslop.**  
The death of Samuel N. Hyslop occurred at his home in St. Stephen yesterday afternoon after a lengthy illness. He was born at Shediac in 1851, and of late years had been employed in the customs service. He is survived by his wife, three brothers and two sisters.

### FUNERALS

The funeral of Mrs. Amelia Ray Austin, widow of Henry A. Austin, took place yesterday afternoon from her late residence, 108 Pitt street, to Centenary church. Services were conducted at both the house and church by Rev. R. G. Fulton. Interment was made in Fernhill cemetery.

The funeral of Mrs. Lucinda Treacartan was held at 2:30 o'clock on Sunday afternoon. Service was conducted at the house by Rev. Mr. Spencer. The floral tributes from friends and relatives

**LAST NUN IN PORTUGAL.**  
Allowed to Stay When Others Were Expelled.

Lisbon, March 8.—(By Mail)—Mother Maria Rosa de Jesus, a Carmelite nun, who has just died at Braga at the age of eighty-nine, is said to have been the last nun in Portugal.

She belonged to the Convent of St. Theresa until the Liberal Monarchy extinguished religious communities. The other Carmelite nuns, her companions, left the country, but "Madre" Rose Maria obtained leave of her order to remain in Braga, where she lived in retirement ever since, always carrying out the rules of her order as if she were still in the convent.

When the republic was proclaimed she was respected and allowed by the authorities to stay in view of her age.

**INCREASE IN COST OF LIVING IN JAPAN**

Shipbuilding Costs so High as to be Unprofitable—Relations With China Friendly Now.

Montreal, March 27.—The cost of living has increased at an enormous rate in Japan since pre-war days. In fact, so great has been this increase that working men in that empire now earn as much as 150 yen per month, or \$76, and there are only eight hours to a Japanese working day, according to Shigesame Yokowo, a Japanese shipping engineer, connected with the Harima Dock Yards near Kobe. Mr. Yokowo arrived in Canada recently on the Canadian Pacific Montague. He sailed on the Metagama on Friday for Liverpool to study shipbuilding in the principal yards in the United Kingdom, after which he intends to return to the United States and study the principal construction yards on this side, before returning to Japan.

In dealing with the extraordinary increase in the cost of production and the detrimental effect such increase has at the present time in the prosperity of the nation, he said—

"Business is bad, and there will not be any noticeable improvement until a general reorganization or reduction takes place in the wage schedule of the people. The yards where I work near Kobe are doing very little. Shipbuilding has mounted in cost to such an extent that it is no longer profitable, and those interested in this branch of Japanese industry have had to suspend operations on a considerable scale. I might say by way of giving a rough estimate that the cost of building vessels has increased something like 875 per cent, and this is a fair average. In some cases the increase has been considerably more.

"We only build merchant ships in our yards, but they are now practically idle, and I think that it will be August be-

**THIS LAXATIVE HAD EFFECT**

Miss Johnston glad to say Dr. Caldwell's Laxative Syrup Pepsin freed her from constipation.

It is not always easy to find just the right medicine for chronic constipation, but the experience of many thousands of people is that Dr. Caldwell's Laxative Syrup Pepsin is the best remedy to take. Miss A. M. Johnston of Sweetsburg, Que., sought relief for years and only found it in Dr. Caldwell's Laxative Syrup Pepsin. So did Mrs. H. Lefever and her little daughter of Medicine Hat, Alta., and Mrs. M. Martin of Mussey, Ont. There are, of course, thousands of others, and they recommend it publicly.

There is no need to take harsh physics, cathartic pills, castor oil, calomel or dangerous coal tar medicines. You can get better and quicker results in a mild and gentle way with a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin, and a dose costs less than a cent. This wonderful medicine is a vegetable compound of Egyptian Senna and other simple

LLOYD GEORGE IS MUCH BENEFITED

Today in London, Then to Chequers Court—Important Speech Next Week.

(Canadian Press Cable) London, March 27 — Premier Lloyd George was expected to arrive in London today from Cricketh, Wales, where he has been resting for the last two weeks. His friends say he has benefitted wonderfully from the brief vacation and is returning completely re-invigorated.

He will not resume his usual activities immediately, however, and it is understood that after one night in London he will go for a few days to his country place, Chequers Court, where he will further consider the plans for the Genoa conference and prepare for his speech to the House of Commons a week from today, when he will seek a vote of confidence.

THE MAGISTRATE'S LETTER TO MAYOR AND COMMISSIONERS

Police Magistrate Ritchie has sent the following letter to City Hall:

St. John N. B., March 24, 1922. To His Worship the Mayor and Commissioners in Council Convened:

May it please Your Worship: I am writing to you again in re my salary. The only answer I have received to several previous communications was a memo. from Your Worship, informing me that my letter had been mislaid.

I am taking the precaution this time of enclosing a duplicate for each of the commissioners. In May next I will be thirty-three years in office, and in all these years have not had an increase or bonus of one dollar, whereas every other official has had an increase, and a few officials have had what is conveniently termed a bonus in addition to an increase, as by reference to the pay roll in the Chamberlain's office may more fully appear.

Mr. Henderson, whom I appointed clerk of the court the day I assumed office in 1889, has received increase after increase and a bonus, so that today he is receiving one-third more salary than he received when I appointed him, and is not sufficiently paid, whilst my salary in 1922 is the same as that in 1889.

Mr. Commissioner Bullock admitted

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

to me that \$3,000 now could purchase only one-third as much as it would thirty-three years ago.

Mr. Commissioner Frink acknowledged the strength of my claim some years ago when he had a civic resolution passed increasing the salary by \$600, but it proved to be only a scrap of paper, as I did not receive one dollar of the proposed increase.

In view of the pretence that you cannot increase salaries, how is it that Chief of Police Smith, appointed only a couple of years, has already received an increase, as the monthly pay roll shows.

I am not begging any favor, I am merely asking for justice, the same treatment you have measured to every other official.

Why this discrimination? You gentlemen seem not to remember that since the union of St. John and Portland in 1889, the police magistrate of the enlarged city (ex officio) presides over criminal and civil courts, not hitherto presided over by his predecessor, to wit, the St. John police court was presided over by Mr. Peters; the Portland court presided over by Mr. Tapley; then, besides the civil court in Portland there was the old City Court of St. John, presided over by two judges, one of whom was the common clerk. Now, considering the increased work, aside from the increased cost of living, do you not think my claim for an increase is well founded? Why not ask Chief Justice Hazen, Chief Justice McKeown, or any of our leading barristers in the city? Why go further than your own city solicitor, Hon. Mr. Baxter? I am quite

THE Y. M. C. A. REVUE. The Revue at the Y. M. C. A., Saturday evening, was even a more successful

performance than that of Friday. It was such an entertainment as might well be given in a larger auditorium. The singing and acting were excellent, the German street orchestra furnished splendid music, and the minstrel circle was both tuneful and funny. The jokes were not stale. Large bouquets of cery, carrots, lemons, candy suckers and ribbons presented to two of the performers added to the fun. The Revue revealed both musical and dramatic talent of a high order, and the interpretative dance by Miss Wilson was a bright feature of the

programme. Mrs. A. C. D. Wilson, who coached the performers and had only a few days in which to do it, shares with them the honors of a well-staged and well-balanced entertainment.

LARGEST IN WORLD.

Children's Hospital Opened in Southern Caucasus.

Constantinople, Feb. 25—(By Mail)—A children's hospital, said to be the largest in the world, has just been opened

at Alexandropol in the Southern Caucasus. It is under the direction of Dr. R. T. Uhlir, of Fitchburg, Mass., and has been financed entirely with funds sent from America by the Near East Relief.

The hospital at present has 2,700 beds, housed in 40 wards, but when fully completed, next May, it will hold 6,000 beds.

The child patients are drawn from six Russian, Armenian and Greek provinces, occupying an area larger than New England, and are all suffering from trachoma, a malignant eye disease, which has be-

come the scourge of child-life in this part of the world.

### SHE LEFT MORE THAN \$3,000,000

Mrs. Sarah Wyckoff Shrewdest Woman Wall Street Operator.

New York, March 27. — More evidence that Mrs. Sarah J. Wyckoff Bent, who died a few months ago in her home in the Bronx, well earned her title of "the shrewdest woman operator in Wall Street" has been unearthed. Temporary administrators of her estate, going to one of several safe deposit boxes rented by her, discovered more than a million dollars' worth of jewels and securities. This discovery led the administrators to estimate her entire fortune at more than \$3,000,000. Although she was credited with being wealthy, even her most intimate friends did not know the amount she had piled up during her years on the street. During the panic of 1907 when steel dropped almost out of sight she bought heavily and made half a million dollars.

Mrs. C. McD. Scott and daughter, Miss Jean, are going to Smith's Falls to visit Mrs. Scott's father, Rev. R. McNabb. Mrs. Scott has been in India since 1915.

The missionaries have been granted eighteen months leave of absence, and Dr. Scott will come to Canada later. Speaking about the religious aspect of the work in India, Mrs. Scott said that Christianity was going forward in some sections in mass movements and in other parts progress was slow. In general the natives were friendly. A party of ladies from the congregation of St. David's and St. Andrew's churches were on hand to welcome Mrs. Scott, when the steamer docked.

The Queen Hotel was located on the site of a case-brick building erected by the late John Staples, but never finished inside. For a time Smiler's paint shop was located in it. When the hotel was built the other building was demolished and the brick was used to erect the new building. The late William Wheeler of this city was the owner of the hotel when it was built.

**Well Known Hostelry.** The Queen Hotel during its history has been one of the best known hosteries in the maritime provinces and many prominent persons have been among the thousands of guests which it has accommodated. Since the abolition of Government House as an official residence about thirty years ago, the Queen has been the official residence of the lieutenant-governors except for periods during the terms of office of the late Hon. J. J. Fraser, the late Hon. J. B. Snowball, Hon. Josiah Wood and the present session, Lieutenant-Governor Pugsley and Lieut.-Governor Snowball leased residences in the city and Lieut. Governor Fraser used his own residence here. For many years the Queen Hotel livery stables were operated in connection with the hotel. The building was demolished recently. About fifty-five years ago it was used as the cook-house for the 22nd (Cheshire) Regiment officers' mess, which occupied the present court house.

### IS ITALIAN DICTATOR.

Sicilian Priest Said to Wield Immense Political Power.

London, March 2. — (By Mail) — The man behind the scenes in the Italian political crisis is a Sicilian priest, Don Luigi Sturzo, thirty-seven years old. He is the founder of the Popular Party, which was responsible for proportional representation in Italy—a form of election which gained the party 100 seats in the Chamber of Deputies in the last election. He leads the party without a seat in parliament, says the Central News. He had three representatives in the Bonomi cabinet.

The St. John river will have a summer hotel in the near future, if the plans of William A. Munro and his son materialize. Messrs. Munro are considering the erection of an up-to-date hotel at Westfield and they hope to have it in operation this summer. An option has been secured on a property near the railway station and it is planned to erect a building with eighty rooms. Mr. Munro owns a property at Harding's Point across the river from Westfield, and it is expected to utilize this for a bathing and boating beach. Later a golf links will be laid out. The projectors figure on an expenditure of about \$100,000.

BRIDGE READY FOR FLOORING  
Grand Opening of an International Character is Planned for July 1.  
(Edmundston Observer)  
The steel workers on the new international bridge between this town and Madawaska, Maine, left this week after having completed their task. The only thing now remaining to be done before the bridge is open to the public is that of flooring and painting. The bridge work was commenced on May 10, 1921, the contract for the foundation and pile work being awarded to D. C. Burpee & Sons of Fredericton. Mr. McN. Stevens, M. Sc., M. E. I. C., being their engineer. Mr. Stevens gives us some very interest- ing information concerning the actual building of this structure. Twenty-nine carloads of cement, 142,000 lbs. of steel reinforcing, and more than 5,000 cubic yards of gravel were used in the two concrete abutments and the three semi-reinforced concrete piers. This work was finished on Nov. 26, 1921, three months earlier than the contract called for. The bridge is said to be the highest in the province.  
The Board of Trade is endeavoring to arrange that the bridge be formally opened on July with State of Maine, Provincial and Dominion government officials taking part. If this is satisfac- torily arranged it will doubtless be a gala day for the town. The cost of the bridge, shared equally between the governments of the two countries, was up- wards of \$400,000. It will be a great convenience to tourists to and from the United States, and is one more tie be- tween the two countries as they work to- gether for the peace and progress of this American continent.

POLES OBJECT TO FULL AUTHORITY FOR DR. CALONDER

Geneva, March 27.—The negotiations looking to a settlement of the Upper Silesian situation are at a standstill fol- lowing the Poles, the challenge of the competence of the Silesian commission's president, Dr. Felix Calonder, former President of Switzerland, named by the council of the League of Nations to act. The Poles contended that Dr. Calonder's right finally to decide disputed questions is limited to certain points, while the Germans acknowledge his authority on all phases of the contro- versy.

WOOD ALCOHOL AT PARTY; ONE DIES

Belleville, Ont., March 27.—The coroner's inquest into the death of Harry Tompkins in the village of Madoc re- vealed that Tompkins met his death as a result of drinking wood alcohol. He gave a party at his house to four guests, one of whom brought a thirty-five cent bottle of wood alcohol. This was diluted with water and drunk by the members of the party, after which a second bot- tle was secured at a drug store and dis- posed of. Tompkins died thirty-six hours later. He is survived by four daughters.

JEWELS FOUND IN SEWER

Paterson, N. J., March 27.—"Sonny" Van Riter, the five-year-old son of Edwin Van Riter, receiving teller of the Paterson National Bank, found a chamois bag full of "shiny gold rocks" in his mother's bureau several days ago. When Mrs. Van Riter came home she found \$1,500 worth of precious stones missing. "Sonny" said he had thrown the "gold rocks" down a drain pipe in the Van Riter home.  
Mr. Van Riter notified Street Commis- sioner Lawrence P. Ryan. Commissioner Ryan had a fine mesh screen put across the sewer pipe in that district. The jewels were found against the screen.

**CLERK STOLE \$120,000**  
LOST IT IN WALL STREET  
Bank Employee Confesses to Taking  
Author's Bonds and Tells of Other  
Thefts.  
(N. Y. Times.)  
Judge Rosalsky, in General Sessions  
yesterday, remanded John H. Grassman,  
thirty-four, of 630 Seventh-street,  
Brooklyn, to the Tombs for sentence  
next Tuesday on an indictment charging  
him with the theft of two bonds, valued  
at \$120,000, from the office of the National  
City Company at 614 Fifth Avenue in  
1919. The bonds had been entrusted to  
the company by George Kibbe Turner,  
the author, and when Grassman was  
called for trial yesterday he not only  
pleaded guilty, but told Judge Rosalsky  
that while he was employed by the Na-  
tional City Company he stole approxi-  
mately \$120,000 worth of bonds.  
He obtained Mr. Turner's bonds by  
telling Harry F. Mayer, manager for the  
National City Company, that the author  
had requested him to get them for him.  
He said that he had endeavored to make  
restitution for his thefts, but found he  
was unable to do so.  
"Now I am here to take my medicine,"  
he added. "I pledged the securities I am  
indicted on, I pledged them with Morgan, Liv-  
ingstone & Co., 71 Broadway, turning  
them in as collateral on Nov. 24, 1919,  
against a debit balance of \$29,000.

"LES MISERABLES, the greatest epic and dramatic work of fiction ever created or conceived; the epic of a soul transfigured and redeemed; purified by heroism and glorified through suffering; the tragedy and comedy of life at its darkest and its brightest, of humanity at its best and at its worst."

WILLIAM FARNUM IN HIS MARVELOUS PORTRAYAL OF THE IMMORTAL JEAN VALJEAN IN VICTOR HUGO'S ETERNAL STORY LES MISERABLES UNRIVALLED IN ITS PICTURESQUENESS OF PRODUCTION AND SCENIC GLORY

Human interest is the keynote of LES MISERABLES according to the dramatic critics of New York who witnessed the initial showing when it was presented at the Lyric Theatre, New York.

Jean Valjean steals a loaf of bread to feed his starving family. He is placed in prison and makes his escape after years of harsh treatment—to return from the living grave with his soul embittered. He takes up a new life without enthusiasm, his heart dead, his whole being inflamed against society.

His Worship said that he would send the roses to the hospital.

**AGAINST MR. POWELL'S CONSENT.**  
H. A. Powell of this city, before leaving for Fredericton yesterday, said that his name was brought before the Conservative convention at Fredericton last week without his consent. He said that he had been asked to be a candidate for the leadership of the party in this province, but declined.

**BOARD OF TRADE NOTES.**  
The secretary of the Board of Trade is in receipt of an inquiry from a concern in New York, who want to get in touch with a reliable warehousing and storage firm in this city. A firm in Glasgow want a representative here to handle the sale of their products, which include iron and steel and chemical products.

**VISITOR FROM ENGLAND.**  
One of the visitors at the Board of Trade this morning was Sydney C. Dillingham, a hat manufacturer of London, England. He arrived in the city on the steamer Mimedosa on Saturday, and expects to visit the principal points in Canada and the United States before returning to his home. Mr. Dillingham said this morning that he was much impressed with this city, with its fine facilities for industrial activity.

**CATHEDRAL MISSION.**  
The mission for the single women of the Cathedral parish was closed yesterday afternoon by Father Bede, and last night Father Joachim opened the mission for the single men. He delivered an impressive sermon on the duties of a Christian life. It was announced that the mission masses this week would be at 5.30 and 6.45 o'clock and the evening devotion at 7.30 o'clock. The attendance both in the afternoon and evening was such as to tax the capacity of the Cathedral.

**NORTH END SPOOK STORY.**  
If reports that are in circulation in the North End are true, Dr. W. F. Prince can have another problem on his hands if he cares to undertake it. It is said that in a certain house the family have a midnight visitor, a man, who passes through the rooms apparently fully dressed and then disappears without leaving a sign behind him. One night some time ago the household was awakened by the barking of the dog. Members of the family ran downstairs and one of them reports seeing a man disappear through one of the rear rooms. An investigation followed and all the doors were found to be locked and the windows fastened. On another occasion the house was alarmed and the householders, slowly through the rooms and again disappearing. On the first occasion it was thought that it was a burglar, but the second appearance caused some uneasiness and it is said the family have decided to move.

ST. JOHN MAN IS KILLED IN WEST

**Arthur D. Dean Meets Sudden Death in Automobile Accident in Los Angeles—Word Comes by Wire to Father.**

Thomas J. Dean, grocer of 42 Wall street, this morning received the sad news that his second son, Arthur D. Dean, aged 24 years, was killed yesterday in an automobile accident at Los Angeles, Cal. No details were received. The wire was sent by another son, Ralph, who is in the automobile business in Los Angeles.

Arthur Dean was a well known and popular young man. For some time he was employed with the C. P. R. here and left a few years ago for the western states where he took a position with the Pacific Steamship Co., which operates steamships along the coast of California and British Columbia. His father said today that he could not operate an automobile, so he concluded that he was with his brother Ralph when the accident occurred. The news was a great blow to the father and Mrs. Dean was prostrated with grief. Besides his parents, the young man is survived by three brothers, John, both of this city, and Ralph, in Los Angeles, and one sister, Mrs. Louise Krohan, in Massachusetts. The sympathy of the entire community will be extended to them in the bereavement. It has not been decided whether or not the body will be brought here for burial.

A GOOD CONSCIENCE

John Bond, of Bond's restaurant, recently received an envelope sealed with sealing wax and containing a five-cent piece carefully wrapped. Enclosed also was this letter:

"Please except this five cent piece I enclose, as I took a five cent piece from your counter last summer.

"From a little boy who's Conscience is bothering him."

SKATERS WERE IN HARD LUCK

Gorman and Lawson and Donovan Had Bad Falls in Milwaukee.

Charles Gorman and Roy Lawson returned home today from Milwaukee, where they competed in the indoor international championships. Although Charlie won only third place in the 440 yards, he defeated Joe Moore in the semi-final of the 220 yards and had the best time for that distance. In the final he was jumping into the lead around one of the sharp corners when he collided with one of the other skaters and was disqualified. In the half-mile he was in second place at the final lap, when he broke into a sprint he fell and crashed into the boards. He sprained his right knee and doctor feared he would be unable to compete. Despite this handicap he entered the races, and in the half-mile, in falling, broke one of his skates almost to pieces. Duke Donovan fell and fractured his ankle. Roy McWhirter also had a bad fall and injured one of his legs. The series of accidents was attributed to the small size of the rink, which is oblong and fourteen laps to the mile, making the corners sharp and hard to negotiate.

En route home the local skaters stopped off in Chicago, where they were the guests of the Western Skating Association at a big banquet tendered in the Terrace Gardens. Other skaters who competed in the meet were also guests.

ALL CANDIDATES WILL BE THERE

Meeting Tonight When the Hydro Question will be Discussed—Mayor Unable to Sit Out Whole Session on Account of Business Engagement.

Mayor Schofield this morning notified Roy Willett, president of the Hardware Clerks' Association that he would be able to attend tonight's meeting between the hours of 8 and 8.30 o'clock. He told him that he had received a wire from J. T. Shiffert, managing director of the E. B. Eddy Co., of which he was local representative, informing the mayor that he would be here this evening and asked if the mayor could arrange to confer with him. His Worship said he asked Mr. Shiffert by wire if he could arrange to postpone his visit for a week, but received a reply that he had to go through to Halifax tonight and would not be able to come at another time.

To a reporter the mayor said that he had been given fifteen minutes at tonight's meeting in which to express his attitude on the hydro distribution question, but it would require from an hour and a half for two hours to cover the subject properly. He also said that he was planning to hold a public meeting in the Imperial on the first available date and on that occasion would be prepared to go into the matter thoroughly. He said that the council's consideration of proposed legislation which will be presented at the Hydro Commission tomorrow was another reason why the present time was not an ideal one for him to attend the meeting but unless something unforeseen happened he would be at the meeting for the time he had specified.

Commissioners Jones and Bullock have accepted the invitation. This completes acknowledgement from all the candidates for civic honors who have expressed their intention of standing for election.

HOME FROM WEST INDIES

The R. M. S. P. Chaudiere, Captain Shillito, arrived in port this morning from Bermuda and the West Indies, and docked at the refinery wharf at 8.45 o'clock. She made a fast run for this time of year having left Bermuda on Friday morning. The weather all the way up was characterized by both officers and passengers as the equal of that encountered on a summer voyage. The Chaudiere carried forty-two passengers, composed of twenty-nine cabin, ten second and three third class. She also had a full general cargo, the bulk of which will be discharged here. St. John people on board were Mr. and Mrs. Richard O'Brien and Rev. C. W. Follet of Loch Lomond. Most of the passengers were for points in Upper Canada and Old Country. Mrs. Shillito, wife of the captain, arrived in the city recently from her home in Halifax, to spend the week with her husband. The Chaudiere will proceed to Halifax on Saturday.

METHODIST MINISTERS

The Monday morning meeting of the Methodist Ministerial Association of St. John was held in Centenary church today with the following ministers present: Rev. Messrs. J. K. King, R. G. Fulton, J. M. Rice, H. E. Thomas, L. J. Watson, E. F. Styles, J. Heamey, H. B. Clarke and William Lawson. A communication was read from Rev. Dr. B. C. Borden, president of Mount Allison University. In reply, it was decided to accept Dr. Borden's offer and receive representatives of Mount Allison to occupy the city pulpits on Sunday, April 30. It was also decided to hold a united service of the Methodist churches on Good Friday morning, in Centenary church. The programme for the service was left in the hands of the president of the association and the pastor of the church.

**After All It's The Little Things That Count**

It's the little touches here and there which brighten up the home and give it an air of refinement and good taste. Fortunately, little things can be added for little money which make a big difference in the charm and distinction of your home.

Console tables, end tables, floor and table lamps, spinet desks, tasty chairs—lots of little things here at little prices; prices much smaller than they were only a few months ago, because we have revised all our prices to meet new conditions.

Really, there is no excuse to postpone buying now. Furniture will probably go higher, rather than lower, once the wheels of industry begin to hum again.

Come in and see how little money can make a big improvement in your home. We'll delight in showing you the new things, even though you are not ready to buy.
