GERMANS SENDING MINOR OFFICIALS WITH NO POWER TO ACCEPT PEACE TERMS

Paris Papers Vexed And Threaten The Hun Not Ready by Friday

Completed Treaty May Not Be Finished—Berlin Government Much Worried Over Whole Business and Gloom Prevails Official Circles

Paris, April 21—A statement issued last night by the Havas news bureau, a semi-official agency, says that surprise has been manifested over the fact that Germany did not select more important men for her peace delegation than Minister Von Haniel, Herr Von Keller, Ernest Schmidt, Herr Reimker and Herr Luderz, and also that, according to the German note, they will have power only to receive the text of the terms and not to sign the treaty.

It is declared, the statement adds, that "in these circumstances the sending of these delegates to Versailles would be useless."

The Echo de Paris says, "The Allied and associated governments are determined not to accept subordinate personalities and Germany will be immediately notified that she must send delegates equipped with full powers to conclude peace. Upon their arrival at Versailles the first step will be to demand those powers."

The Gaulois is indignant at what it describes as "the impertinence of Germany's coup de theatre" which regards a refusal to sign the treaty, and says: "The next word will be with Marshal Foch."

GLOOM SETTLES ON OFFICIAL GERMANY.

Berlin, April 21—(By the Associated Press)—The cabinet decided less than half an hour after the conclusion of the Versailles for the purpose of receiving a draft of the peace terms. A feeling of gloom prevails in official circles tonight, and the Associated Press is told that there are no illusions as to obtaining any mitigation in the dictatorial peace awaiting Germany.

The procedure of the Council of Four came as a surprise, notwithstanding the fact the news for the last week forecasted it, and it is interpreted in capsule circles and at the foreign office as final proof that the Entente is disinclined forthwith to enter into negotiations based on President Wilson's four terms, and that the terms awaiting Germany are cut and dried.

The German emissaries will merely have instructions to carry the peace document back to Berlin. The question whether the present government will assume the responsibility of accepting or rejecting the terms, or whether it will present them for national referendum is a matter of conjecture. Official opinion, so far as added tonight, was opposed to the declaration of a referendum in favor of a peremptory declaration of peace terms based on any other proposition than Mr. Wilson's platform as the present temper of the German working men is anti-capitalistic and anti-imperialistic, and the bourgeoisie is in full accord with the proletariat.

The present government, it has been learned, is not flirting with the idea of a plebiscite, as it would much rather negotiate peace and set the country at work. But it is also conscious that a peace settlement in which Germany has not had a voice would precipitate a storm of national resentment which no cabinet could weather.

The communication from the Entente Powers was received here on last Friday, and the German answer was wired back this afternoon.

Philip Scheidemann, chancellor, called in representatives of the German press at 6 o'clock this evening and informed them of the government's action. The public will receive its first information as to events on Easter morning.

More German Muttering. Berlin, April 21—(By the Associated Press)—Insinuations that Germany will refuse to sign the peace treaty unless the terms are acceptable to her continue to be made in the German newspapers.

"We must make up our minds even to the extreme step," says the Tageblatt. "If the Entente sends us conditions which are in contradiction to the principles we accepted and the Entente approved, counter proposals must be made which can be reconciled with President Wilson's fourteen points. If the Entente refuses to negotiate these counter proposals and demands that we simply submit these will be nothing for

Berlin Strike Over But Difficulty in Bremen—Miners Oust Magnates

London, April 21—A despatch to the Exchange Telegraph Company says the Berlin department store employees have won their strike, and that the trouble is now ended. The despatch adds that the Soviets are now controlling employment.

Trouble in Bremen. Copenhagen, April 21—Gas workers at Bremen have joined the general strike and the middle classes have commenced a counter-strike, according to advices received here from that city. An intensified state of siege has, therefore, been declared.

Ousted by Miners. Berlin, April 21—(By the Associated Press)—Taking advantage of the new prerogatives given them, the miners of Upper Silesia have decided to oust half a dozen managers and directors from office at some of the largest Silesian mines. Among those ousted is Herr Von Vogt, one of Germany's wealthiest men, director of Prince Henckel von Donner Marks properties.

To Win Austrians. Berlin, April 21—(By the Associated Press)—The government has a plan for recognizing Vienna as a second capital, and is having President Ebert reside there part of the year, to transpire certain imperial bureaus to that city and even hold some meetings of the national assembly there, according to Germana.

It is desired to convince the Austrians that they shall not be too much by the joining of Austria and Germany.

Germania at New York. The S. S. Carmania from Liverpool via Halifax, arrived at New York today.

Perhaps Not Friday. Paris, April 21—Grave doubts were expressed today whether the perfected peace treaty would be presented to the German representatives on the coming Friday. While the treaty will be communicated to them in substance, it was said in well informed quarters that it would be physically impossible to present the document in its complete final form, in the four days remaining.

The Adriatic. Paris, April 21—Premiers Lloyd George, Clemenceau and Orlando met again this morning in M. Clemenceau's office and resumed consideration of the Adriatic question. President Wilson again absent himself from the conference.

The council of four will meet this afternoon, Premiers Lloyd George, Clemenceau and Orlando and President Wilson attending.

Paris, April 21—The German reply to the ultimatum of the Council of Four that it will not receive any German delegation not fully empowered to conduct and negotiate peace is awaited anxiously in peace conference circles. The next step towards peace depends upon the German reply.

Paris, April 21—(Havas Agency)—The announcement by Count von Brockdorff-Rantzau, German foreign minister, that his government would send delegates without full powers to receive the peace terms and to discuss the same with the German government, has contributed greatly, the newspapers say, toward an alliance by Great Britain, France and America. The French press insists that negotiations looking toward such an alliance are still in progress.

We do not do but to declare that we will not do it. The Vorwaerts, Socialist organ, says it is unthinkable that an international conflict can be satisfactorily concluded without negotiations and simply by declaration from one side.

The Lokal Anzeiger, referring to the invitation to the Germans to come to Versailles, says it does not exclude negotiations.

WALTER MURRAY KIRK. Walter Murray, second son of Mr. and Mrs. J. A. Kirk died this morning in his twenty-third year. Besides his parents he is survived by a brother and one sister, Harold and Mildred, both living at home. The funeral will take place on Tuesday at three o'clock (new time) from his parents' home, 274 Main St.

THE SAME CAR. A street car with a badly smashed end, being towed through the streets to the car-barns this morning gave rise to a report that another accident had occurred. Fortunately this was an error; the car was one of those which were in collision on Saturday evening.

HIS SEVENTH ANNIVERSARY. At the conclusion of the morning service in St. David's Presbyterian church yesterday, Peter Chisholm, senior elder of the church, presented to Rev. J. A. MacKegan an address in which the appreciation of the congregation for his devoted labors was fittingly expressed. The occasion was the seventh anniversary of Mr. MacKegan's induction as minister of St. David's. Mr. MacKegan, in replying, thanked the members for this evidence of their appreciation and spoke of his work among them.

LETTERS TO IT. The suggestion that cars parked around King square should be placed at an acute angle to the curbing, instead of parallel with it, which was made in this paper on Saturday, was received with approval by Commissioner Thornburn. The commissioner fully appreciated the saving in space this method effected and also how much easier it makes the handling of the cars when several are parked together. He said this morning that there was nothing in the traffic regulations requiring the cars to be placed in any particular way, but that a common-sense rule like this could be enforced by the police department in the interests of the public generally. He will take up the matter with the chief of police.

MAIN STREET CHURCH. Many attended the Easter services in the Main street Baptist church yesterday. In the morning Rev. Dr. Hutchison preached on the resurrection of our Lord, his subject being "An Empty Tomb." Special music was rendered by the choir and after the service the pastor baptized twelve candidates. At the evening service the pastor preached a special programme of Easter music before a congregation which crowded the church. At the close of the service the ordinance of baptism was again administered by the pastor. The Easter offerings were between \$800 and \$900.

MANY CARS OUT. It was like mid-summer on the Marsh road yesterday between the city and Rethely so far as automobiles was concerned. From Haymarket square to the popular resort nine miles distant it was actually one steady procession of outgoing and incoming cars. It was almost a duplicate of conditions which exist along the Hudson River drive in New York state, or the great highway leading to Cape Island. At times there was too many cars to proceed in a single lane, and at places where slow moving horses and carriages were encountered, congestion of cars would occur, calling for some expert driving on the part of chauffeurs. It might be truly said that nine-tenths of the automobiles wheel yesterday were to be found on this excellent nine miles of highway and it was a striking demonstration of the popularity of gasoline locomotion.

CALLER TO MONTREAL. Elsewhere will be found reference to the death of Mrs. Marion L. Cameron, daughter of Mrs. Thomas E. Burchill. While mourning her death, there came to the bereaved one today a telegram announcing the serious illness of another daughter, Mrs. Fred Moore, in Montreal. Mrs. Burchill and her son, Elmer Burchill, had to abandon attendance at tomorrow's funeral here and will leave for Montreal tonight, in response to the call.

WEATHER REPORT. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

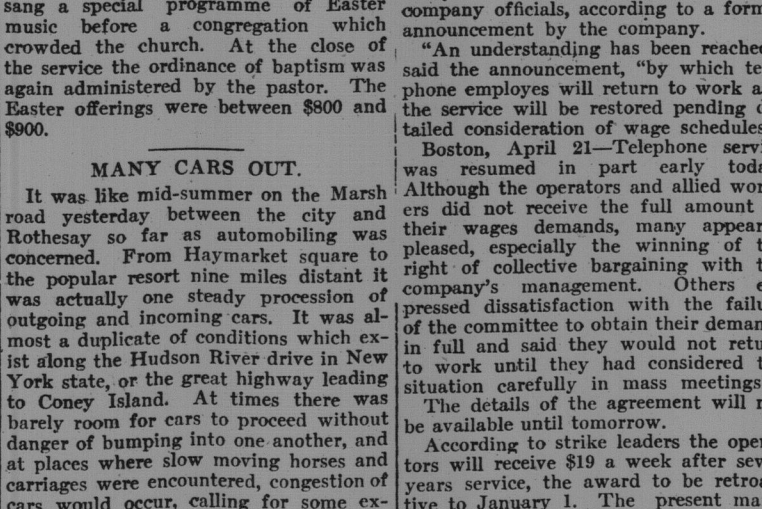

Synopsis—An important area of high pressure now covers the Great Lakes, with the barometer is comparatively low near the Atlantic coast and west of the Mississippi. Showers have occurred since Saturday morning in parts of Manitoba and Ontario and generally in Quebec. Elsewhere the weather has been fine.

Fair and Cool. Maritime—Moderate winds, showery today; Tuesday, fresh northerly winds, fair and cool.

Lower St. Lawrence, Gulf and North Shore—Fresh northerly winds, fair and cool tonight and on Tuesday.

Washington, April 21—New England—Fair tonight, cooler on mainland with frost; Tuesday, fair moderate north winds.

Five Cents For Trip on Ferry

Recommendation To Be Sent to The Council

AFFECTS ONLY TRANSIENTS

Tickets and Vehicle Traffic at Present Rate—Object of Change is to Get More Revenue—Other Matters Before Commissioners

A recommendation that the fares for transient passengers on the ferry steamers be raised from three to five cents was adopted by the common council committee this morning by the deciding vote of the mayor. This, if adopted by the council, will not affect the users of book tickets nor vehicular traffic but is expected to secure a substantial increase in revenue from transients, chiefly strangers to the city. A considerable amount of other business was transacted at the meeting, at which all members of the council were present.

The motion of which Mr. Jones had given notice on Saturday for the increase of the bond issue for the East St. John water system by \$5,000 was adopted. At a cost of \$80,000, 5,000 feet of sixteen inch main had been laid, with 425 still to be laid, in addition to backfilling, etc. The estimate had been \$65,000, but the cost had increased owing to higher cost of labor and material. Authority was given to finance the work pending the sale of bonds. Bills will be paid on certificate of the engineer and charged to the bond issue.

Regarding a petition from J. P. Mott and others for improvement of the sidewalk and roadway on Metcalf street extension (east of Adelaide street), Mr. Fisher reported as follows:—

That the street is not incorporated, that it is "top-sidewalk" (running west on a northerly slope of land), that the houses and other buildings on the northern, or low side of the street have been erected without raising the land and that the street cannot be brought to a proper grade and a permanent sidewalk constructed without blocking some of the property entrances.

He recommended that if permission could be obtained from some or all of the property owners partially to grade the street by filling as high as the conditions would permit, and to retain this filling by embanking on the low side of the street, the work be undertaken by the public works department, and a cinder sidewalk furnished; this to serve until there was an opportunity for raising the street to its proper grade.

Regarding the lack of sewerage in this street, there appeared to be no way at present of providing it as the street was lower than any available outlet for a sewer.

Increase in Pay. Mr. Fisher asked for authority to increase the pay of foremen in his department by raising the possible limit from \$3.50 to \$4. He explained that he had to meet changing conditions and would find the extra money by cutting down the amount of work.

A plea for decision on the housing and planning problem was made by Mr. Bullock, who reported that he had received several more applications for lots in the Manawagonish road.

A proposal to change the ferry rates for transient patrons was introduced by Mr. Bullock, for the purpose of increasing the revenue, who moved for an increase in the cash ferry rate from three to five cents. He explained that, if the same number of people paid cash fares this would produce additional revenue of almost \$10,000 a year. He did not propose any change in the price of tickets for regular patrons nor any increase in vehicle rates.

Mr. Fisher wanted time to consider and Mr. Thornton moved in amendment that the recommendation be laid on the table.

A request for permission to install a gasoline pump on the street curbing in front of the new garage in Waterfoot street by F. H. Trifts was referred to the commissioner of public works and safety.

TRINITY FINANCIAL STATEMENT. The annual financial statement of Trinity church corporation, issued at yesterday's Easter services, showed that for the year ended Feb. 28 last the general income account amounted to \$27,229.25, and the total income account to \$28,540.13. The statement includes such well known trust funds as the following:—

Evangelical Alliance Also Urges That Schools go On New System

A special meeting of the Evangelical Alliance was held this morning in the Y.M.C.A., Rev. F. S. Dowling in the chair. A motion was passed that the churches would adopt Daylight Saving Time beginning April 27. A committee was appointed to interview the Board of Education, with a view of having the schools adopt the new time to avoid so much confusion in the homes as experienced now. A committee was also appointed to act with the citizens' committee in the reception of the 29th Battalion.

An invitation was received from the Board of Management of the Protestant Orphanage to meet with them to consider the plans of a larger orphanage. The invitation was accepted.

The final stage in the career of the School For The Deaf, located in the old Jewett mansion, Lancaster, was entered into on Saturday evening when the directors, including A. O. Skinner, Sheriff A. A. Wilson, George L. Warwick, J. Harvey Brown and George H. Waterbury, met in Mr. Skinner's offices and closed the books.

Some time ago it was deemed advisable by the directors of the school to sell the fund, the Y. M. C. A., and the fund for returning soldiers. This did a worthy philanthropy, which was financed by government grant at a certain amount per capita of pupils, pass out of existence.

A cash balance of \$1,000 was divided among the new Protestant Orphanage fund, the Y. M. C. A., and the fund for returning soldiers. This did a worthy philanthropy, which was financed by government grant at a certain amount per capita of pupils, pass out of existence.

Final Act at Meeting of the Directors on Saturday Evening

Brigadier General McNair, C.M.G., D.S.O., and bar, was the senior officer aboard. He said it was hoped to complete the embarkation of the first division this week. The second division was now all in England at Whitley Camp and the fourth was on its way to Bramshott.

The Olympic brought four V. C.'s—Captain C. N. Mitchell, Winnipeg; Sergt. C. Barron of Toronto, Sergt. Hermon Good of Bathurst, N. B., and Sergt. M. Merrifield of Sunbury, Ont. Sergt. Good won his V. C. in August of last year when he rushed two German machine gun posts, killing the crew and taking prisoners. He was decorated by the king three weeks ago.

Hon. Clifford Sifton was among the civilian passengers returning on the Olympic.

ROTARY CLUB HELPS VETERAN BANQUET. The Rotary Club today approved of a grant of \$100 toward the expenses of tomorrow night's banquet in the armories for first contingent men. A. E. Everett, F. H. Quirt and E. J. Terry were appointed a special feature committee in connection with the welcome to the 26th and the siege batteries, and the executive was authorized to see that the boys were supplied with hors d'oeuvres and noise making. W. S. Fisher spoke briefly of a trip to Asheville, N. C., which was the finest tourist hotel on the continent. R. S. Ritchie led the Rotarians in chorus, and many members had a word to say on club work. F. A. Dykeman presided. Major Turner and Major Peat were guests.

FLY THE FLAGS. Two notable war anniversaries fall upon this week in addition to St. George's day. For instance, on Tuesday flags should fly in honor of St. John's own artillerymen and other Canadians who saved the day at the second battle of Ypres and on Wednesday it would be only fitting that there be a lavish display of bunting to mark the first anniversary of the most daring accomplishment in the annals of British naval forces, the attack upon Zebrugghe, German submarine base, and the blocking of the entrance to this viper's nest. In fact with so many returning soldiers pouring through the city this week, many of them coming to St. John homes, it would seem as if the joyous Easter season is doubly joyous to the Rotarians in chorus, and quite sufficient incentive to fly all the flags in town.

IN WALL STREET. New York, April 21—The bright prospects attending the inauguration of the victory loan campaign infused fresh strength to the stock market at the opening of today's session. In the active first half hour gains of one to three points were registered by shippings, equipments, metals, oils and motors, also leather, paper, tobacco, and food specialties. U. S. Steel advanced a large fraction, approximating the year's highest quotation. Rails followed their long-sustained course, failing to share even moderately in the general advance.

Sir,—It was with interest that I perused article in your issue of the 17th inst. under the head of "Depot Battalion Band." Now, as stated by Citizen, several members of this organization are anxious to return to civilian life again, where in most cases positions are being held open for them, and I can mention half a dozen men who were wanted to fill important positions but there seems to be no way whatever of prevailing upon the military authorities to release these men. Now, with the closing of the winter port and the consequent withdrawal of the troops from this port, surely some arrangement could be made whereby these men could get their immediate discharge. Does it not seem a pity and a downright shame to retain any man in this band who is anxious to get back to civilian employment again. As stated in Citizen's letter, the work now being done by this organization could easily be carried on by them in a civilian capacity or by the other local bands of this city who have always placed themselves at the disposal of the various patriotic causes. In the meantime while these men are being retained in service their positions are liable to be filled by others. Surely these men are entitled to some consideration and on account of the excellent way they have carried on during

the war and since the armistice was signed that it is to be hoped the military authorities will give this matter their prompt attention. Thanking you for your valuable space, Yours, ONE INTERESTED. Freight Derailed. A freight train jumped the rails between Moncton and Halifax at about 2:40 Sunday morning. The trainhands escaped injury. The track was torn up for about a quarter of a mile but was repaired on Sunday afternoon. Among the returned soldiers to arrive in the city today is John Allen, son of Mr. and Mrs. Donald Allen, 54 St. Andrews street. Pte. Allen went overseas with the 11th battalion and was transferred to the "Fighting 20th," and it was while he was in that unit he won the M. M. in a spectacular raid on the Hun lines.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health. Gradually the gums become spongy. They inflame, then shrink, thus exposing the unencased tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea. They are now known to be a frequent cause of indigestion, anæmia, rheumatism and other serious conditions. So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Giggs' Disease) if used in time and used consistently. And in preventing Pyorrhea—it guards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean. If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment. 30c and 60c tubes. All Druggists. FORHAN'S, LTD., 807 St. James St., Montreal.

JOYOUS EASTER IN THE CHURCHES

Special Music and Floral Decorations, With Unusually Large Offerings, Mark Post-war Celebration. The festivities of Easter were enjoyed more heartily this year throughout the city than they have been for the last few war years. Easter has always been the most triumphant of church festivals and yesterday very large congregations attended the services in the churches. The churches were resplendent with flowers and the beautiful Easter music and singing made the services events of rare beauty. The Easter collections in many of the churches are to be devoted to some special cause and in several cases they far exceeded those of other years. There was the usual display of Easter finery which was, if anything, even more gorgeous than that of former Easters. A four part mass, with full orchestral accompaniment, was rendered in St. Peter's church. The solo parts were taken by Robert Butler, Andrew Moore, Jr., and Michael Howard. The Easter collection in the collection, which is the largest sum ever taken at one collection in this church. A \$500 bill was given anonymously. At the Sunday school service held in St. Andrew's church yesterday on behalf of the Sunday school children, John Magee presented to Mrs. William Angus a silver sandwich plate, suitably engraved, in appreciation of her devoted work in the Sunday school, and on the occasion of her early removal to Montreal. In Exmouth street church yesterday a new policy was begun, by making the pews free. In the evening The Resurrection was sung, the soloists being Miss Minnie Myles, Bayard Stillwell and R. Hopkins. All of the soldiers in hospitals in the city were visited by members of the Knights of Columbus Army Huts hospital committee yesterday and each soldier was presented a beautifully ornamented basket containing Easter eggs, home-made cookies and home-made candy, oranges and cigarettes. In all 127 baskets were presented and four hospitals visited. OUTPUT OF RUSSIAN TEXTILE INDUSTRIES GREATLY INCREASED. London, April 21—According to a Hungarian government wireless despatch the output of the textile industries in Russia has reached such dimensions that Hungary's demands for textiles have been fully covered. While in Russia 818 works have been nationalized a year more than 1,000 have been nationalized in Hungary in four weeks. A RADICAL SCHOOL MEASURE

A very radical measure relating to school attendance has been introduced by Premier Hearst in the Ontario legislature. The Toronto Globe says that it aims to do in Ontario what the Fisher Bill is expected to do in England, though it is even more radical in some respects.

"A salient feature is the obligation on adolescents, both boys and girls, to attend school for the full time until sixteen years of age. The present school-leaving age is fourteen, and under the new Act children will still be permitted to leave at that age if it can be shown that their services are needed at home or as wage-earners. They may also leave unconditionally before they are sixteen if they have passed the matriculation examination or taken a course of study equivalent to it.

"Another important feature is the provision for the continued education of adolescents between fourteen and sixteen years of age. Between fourteen and sixteen every adolescent must attend these part-time courses of instruction for at least 400 hours each year. For those between sixteen and eighteen the aggregate will be 800 hours each year. This part-time instruction is to be given between 8 a. m. and 5 p. m. Employers must release adolescents from work during these school hours, and the time so spent shall be reckoned as a part of the number of hours per day or per week that such persons may lawfully be employed.

"The obligation of day-time attendance at continuation classes is a very striking departure. Educational authorities assert that night schools, while doing an invaluable work, reach only a small proportion of wage-earning boys and girls, and that compulsory night attendance would put too great a physical strain on many. In England, Scotland, and a number of the states of the union compulsory part-time and day-time attendance for adolescents has been enacted, the night schools remaining open for voluntary students of all ages. The compulsory clauses of the act will apply only to urban municipalities with a population of 5,000 and over. The object will be to divide the school course between general and vocational subjects."

THE COST OF LIVING

In a debate in the senate last week Senator Robertson made an interesting statement about the cost of living in Canada. He made the remark that the government recognized that the cost of living must decrease and wages may decrease. Senator Fowler interjected a remark that the cost of living is going up, and Senator Casgrain said that was right. The report continues:—

Hon. Mr. Robertson—"The price of some particular articles may be going up but may I say for the information of the House, that in November last the whole sale prices began to descend. Wholesale prices in Canada reached the top of the grade in Nov., 1918."

The most effective way to prevent the spread of smallpox from lumber camps is to destroy any old camps that have been infected and to have all men vaccinated before they go into the woods. It cost the county of Gloucester \$26,000 last year to fight a smallpox outbreak, and the big lumber operators in that county strongly support the amendment to the health act adopted yesterday making it necessary that all men going to the camps shall be vaccinated. The act is not to come into effect for a year, and this will give ample time for every

man to secure vaccination. In the meantime the inspectors upon the case of all school children throughout the province. Readers of the report of Dr. Hanington, medical school inspector in St. John, were surprised at the number of children who had to be sent home at the beginning of last term because they had not yet been vaccinated. If that is the case in St. John the conditions throughout the province generally where there is no medical inspection must be very much more serious. The new health act, however, will overcome this difficulty, if medical inspectors attend faithfully to their duties. It is quite possible within a few years to free this province from danger of any epidemic of smallpox.

The citizens' committee, which did such excellent work in defence of the city's interests, should not be dissolved. The fight is not yet won. The New Brunswick Power Company will spend another busy year and appear in Fredericton next year with another powerful lobby. The city's interests must also be well represented, and there should be no last minute scramble due to unpreparedness. The citizens owe a debt of gratitude to this committee, and especially to its chairman, Mr. M. E. Agar, who gave so freely of his time, and whose knowledge of civic relations with the power company proved to be of so much value. He and the committee should have far more general support and assistance during the continuation of the struggle for the city's rights.

A minority report from the public accounts committee was offered in the closing hours of the legislature at Fredericton. It was an arrangement of the Foster government. It was signed by B. Frank Smith, George B. Jones and J. K. Pinder. These signatures ought to give it great weight. A review of the political career of these three statesmen, of whom two were asked by a majority vote of the house to resign their seats, cannot but add great weight to their utterances. It is understood that when they met to draw up their report they began by joining the ex-minister of public works in singing "Blest Be The Tie That Binds." Then they were ready for anything.

Vorwarts, the German Socialist organ, says it is unthinkable that an international conflict can be satisfactorily settled without negotiations and simply by dictation from one side. We all know how the rest of the world would have been treated had Germany been able to dictate. It is only because she failed that she wants to negotiate. The Tagblatt asserts that, unless satisfactory terms are granted Germany will not sign the peace treaty; but such bluster will not influence the Allied powers. If harsh terms are imposed on Germany it will be because Germany is unrepentant.

Capt. E. F. White, an American army aviator, has made a flight from Chicago to New York, a distance of 727 miles, at the rate of 108.88 miles per hour, without a stop en route. Such flights, no doubt, will soon become commonplace. At the same rate of speed the Atlantic would be crossed in eighteen to twenty-four hours.

It is a great relief to learn that the Bolsheviki have been put to flight south of Archangel and are being hard pressed by the Allies. Word comes also of success against the Bolshevists in the Ukraine and on the Siberian front. The Russian outlook appears to have improved very considerably during the last week.

There is great need in this province of an educational campaign in behalf of compulsory school attendance. In a New Brunswick town recently a family with eight children was discovered of whom none had ever been at school, and the parents did not even know the ages of the children.

Let us be thankful for small mercies. The city departments have adopted daylight time. Too many people, however, get up by daylight time and go to bed by standard time. St. John has become a joke for other cities.

The territorial dispute between Italy and Jugoslavia over Fiume and the Adriatic coast is one of the most irritating matters at present before the peace conference.

LIGHTER VEIN. Indeterminate. A California sheriff was discussing the way in which different prisoners accept sentences. Among others he mentioned a pair of negroes whom he was taking to St. Quentin. "What you all best' sent up for?" demanded one dusky prisoner of his companion. "Ah sorta busted up a friend of mah wife's, an' he done croaked," was the answer. "An' how long are you sentenced for?" persisted the other. "From now awn," the murderer answered sourly.

SEES GREAT TIMES AHEAD FOR CANADA British Under-Secretary for Colonies Very Optimistic as to Our Future London, April 21.—(Reuter's)—The Sunday Observer contains an interview with Hon. L. C. M. S. Amery, under-secretary of state for colonies, in which he states optimistically of Canada's future in the field of commerce and industrial enterprises. There have been few things more amazing in military history, says Mr. Amery, than the way in which Canada, starting with a mere nucleus of trained officers and men, created a corps which was an instrument of scientific warfare and was unopposed by any army in the field. Hardly less remarkable has been Canada's effort in the production of war material. Few, even in Canada, foresaw the extent of the contribution which she proved capable of making in munitions of war. It was significant, he said, that Canada, far from making her efforts with the termination of hostilities, was actively preparing for future development. Mr. Amery said he had unbounded confidence in that development. Canada, in his opinion, was destined inevitably to become one of the world's greatest industrial and exporting powers. Mr. Amery was asked why he said "inevitably." He replied: "Just look at the map; Nova Scotia jutting out into the Atlantic and British Columbia overhanging the Pacific form incomparable foci for the world's industry and commerce from the viewpoint of future economic strategy. Canadians have at their back the raw material and the market of half a continent, and in front their own enterprise to draw tropical raw materials and find an outlet for their surplus manufactures."

DOUKHOBORS MAY GO TO AUSTRALIA Would be Killed if They Returned to Russia Now, Leader Says Grand Forks, B. C., April 21.—That conditions now existing in Russia do not look inviting to the Doukhobors in Canada and that in leaving this country they would probably go to Australia or South Africa, was made quite clear by Peter Verigin, head of the community of Doukhobors, in discussing the matter of their removal with the reconstruction board. "We cannot think of going back to Russia. We would get killed if we went back there at present," said Mr. Verigin through his interpreter, who pointed out the revolutionary conditions now existing in Russia. "In selling our land for soldier settlement we would like the government to give us sufficient time to send a representative to Australia and South Africa to secure a new location for our people," commented the Doukhobor leader. The members of the reconstruction committee assured him that no undue advantage would be taken and that they will

JAPAN MASTER OF NORTH CHINA Seizure of Shantung Declared a Colossal Wrong—China May Fall into the Hands of the Japs London, April 21.—The seizure of Shantung by the Japanese forces is the text of a very vigorous editorial in the Daily News, which points out that the future, not only of the Far East, but of the whole world, is at stake. "Today," says the Daily News, "Japan is practically master of northern China, and potentially of much more. Unless the peace conference can right this colossal wrong the Chinese will fall like ripe fruit into the hands of the Japanese to be exploited, developed and militarized by that engaging people. "Is this thing to happen? If it does, it needs no great effort of imagination to see what goal it leads to. It will mean the closing of the vast resources and inexhaustible markets of the Far East to the European and American worlds. "China belongs to the Chinese. Japan has no more right in Shantung than we have. She must go. If self-determination has any sanctity at all, and the peace conference has any authority at all, this matter must be settled with uncompromising resolution. China demands the evacuation of Shantung and abrogation of the twenty-one points (in China's treaty with Japan). This is China's minimum demand, and its concession is the capital duty of the conference; failure here would mean failure in everything."

TEA AND SALE The young ladies of the Semper Paratus class of the Ludlow street Baptist church held a gratifyingly successful tea and sale in the church vestry on Saturday, and by it raised more than thirty dollars for the flower fund for the church. The vestry was prettily decorated for the occasion with spring flowers and flags placed most attractively. Very many patrons attended and the tempting dainties were readily purchasers. Mrs. C. E. Belyea, Mrs. W. C. Lord and Mrs. J. Firth-Brittain presided over the pouring of the tea, and Mrs. D. C. Campbell and Mrs. H. McAloon had charge of the pantry sale. The waitresses were Miss Lillian Cameron, the president of the class, and the Misses Audrey Campbell, Willis McAloon, Muriel Hagan, Pearl Mielan, Hertha Carwell, Madeline Christopher, Amber Sheffield, Doris Khor, Nora Cameron, Laura Allan and Pearl Wayne.

"GREENWICH MEAN TIME." Belleville Daily Intelligencer: But wait a minute. The Toronto lights who have been digging into the English statutes for light on Greenwich time are no doubt concerning themselves with Greenwich mean time. Mean time is commonly used. English time is called Greenwich mean time and English time was advanced one hour last Sunday. Canada time is based by statute, made and provided upon English time known legally as Greenwich mean time. If that is a fact, what is called daylight-saving time is the real legal standard time as far as Canada is concerned.

The Story of the Diamond

Chapter 23.—South African Stones

As intimated in one of our earlier chapters, the important jewels of the world with perhaps one exception, came from India until the discovery of the South African mines.

Of the most important stones discovered there, the first to be mentioned is the one known as the "Jubilee," which was found in the year 1895. This stone lost very heavily in the cutting, weighing in the "rough" 640 carats. It was reduced to 239 carats when finished.

You never saw a "Birks" Diamond of inferior quality. We always insist upon "nothing but the best."

RECENT DEATHS

Mrs. Marian L. Cameron.

The many friends of Mrs. Marian Letitia Cameron will regret to learn of her death which occurred yesterday, April 20. Mrs. Cameron has only been ill for a short time. She is the wife of Frank Taylor Cameron, who is employed with Barnes & Co., Ltd., 171 William street. She was the daughter of the late Thomas E. Burchill of this city. Mrs. Cameron is survived by her husband, mother, Mrs. T. E. Burchill, by two brothers, T. Elmer Burchill, of the C. H. Townsend Piano Co., and Harold Burchill, at home, and by one sister, Mrs. Fred Moore, of Montreal. The funeral will be held on Tuesday afternoon at 2.30 o'clock from the residence of William Cameron, 23 Carmarthen street.

Mrs. N. McKinnon.

The death of Mrs. Zilphy McKinnon, wife of the late Neil McKinnon, of Livermore Falls, Maine, occurred on April 17. She leaves four daughters, Mrs. William Riley of Livermore Falls, Mrs. James Russell and Mrs. M. A. Morrison of West St. John and Mrs. McNamara of Pennsylvania, and two sons, Thomas of Livermore Falls, and John of Blackville, N. B. The sympathy of many friends is extended to the bereaved ones. The funeral was held yesterday afternoon at 2.30 from the residence of her nephew, Raymond McKinnon, Main street, Fairville.

Died in Korea.

Mrs. Luther Young, wife of a Presbyterian missionary in Korea, died in that country after a short illness. She was formerly Miss Katie Fair of Campbellton. Her husband and four children survive.

Engineer Stanley Mann, of Campbellton, who was injured recently by falling from his locomotive while his train was running at high speed, died at Hotel Dieu Hospital, Campbellton. He was one of the best known and most efficient engineers on the northern division of the C. N. R.

Miss Mary H. McAllister, sister of Mrs. J. D. Patton of Sussex, died on Sunday after an illness of only a few months. The funeral will take place on Tuesday.

The death of Harry Graves occurred at his home in Elgin on March 29. He is survived by his wife, seven children, three brothers and four sisters.

William Bonnal, a resident of Morrison's Mill, died at Victoria Public Hospital, Fredericton, yesterday.

Frederick Thibodeau died of pneumonia in Bangor on Wednesday. He was a son of Mr. and Mrs. Firmin Thibodeau of Grand Falls. Besides his parents he leaves four brothers and one sister.

Buried on Sunday

The funeral of the late Zilphy McKinnon, widow of Neil McKinnon, took place yesterday afternoon from the residence of her nephew, Raymond McKinnon, Main street, Fairville, to the Church of the Assumption. The funeral services were conducted by the Rev. A. J. O'Neill, and interment was made in the old Catholic cemetery at Fort Dufferin. A very large number of friends and relatives attended the funeral as a last mark of respect and esteem.

The funeral of the late Catherine J. Mathews, wife of Joseph T. Mathews, took place yesterday afternoon at 2.30 from her residence, 308 Sydney street, to St. John the Baptist church. Very many attended the funeral. Rev. Captain John Gaudet, late of the 169th Battalion, conducted the services, and the interment was made in the new Catholic cemetery, with relatives acting as pallbearers.

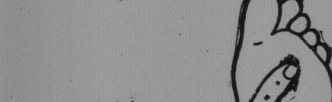

NEW YORK MUSIC TEACHER

Says "Vinol Cures Chronic Cough"

New York City, 121 Nicholas Avenue — "I teach piano and singing and when suffering from chronic coughs, colds and bronchitis, I use Vinol and I find it cures when other remedies fail." — Henry Albers.

The reason Vinol is so successful in such conditions, is because it is a constitutional remedy containing beef and cod liver peptones, iron and manganese peptonates and glycerophosphates. It strengthens and revitalizes the entire system and assists nature to expel the disease.

We know of many such cases. Wasson's Drug Store, the Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson and at the best drug store in every town and city in the country.

from the north side of Pier Three to the south side of Four.

The steamer War Nipigon will finish loading at the South End Terminal about Monday, and will probably go on her trial trip on Tuesday.

The steamer War Witch docked at the north side of Pier Three to the south side of Four.

the Dominion Coal Company's wharf yesterday morning. On her last trip Captain Bennett made a record. His trip to Louisburg and back took but fifty-one hours.

The Housing Scheme.

At the last meeting of the Campbell-

ton town council a resolution was unanimously passed directing the clerk to apply to the provincial government for \$100,000 of the amount granted New Brunswick under the dominion scheme for the erection of homes for the returned soldier and working man.

Fourteen candidates were baptized in the Ludlow street Baptist church yesterday and eleven were admitted to membership in the Tabernacle church with the same rite.

Nursing Sister Georgina MacKenzie, who probably was the first Canadian girl in France, arrived home on the S. S. Grampanian yesterday. Miss MacKenzie, who is a native of Sussex, was in New York when the war broke out and she took the first boat to England and crossed to France with the British Tommies and was in France several months ahead of the Canadian Hospital units.

Sir Robert and Lady Powell will visit St. John before they go to the United States. A. C. Skelton, commissioner for the Boy Scouts, received a telegram from Ottawa on Saturday announcing that Sir Robert and Lady Powell would arrive in Halifax on the S. S. Baltic about May 1, and visit St. John before going to the United States. A picked guard of honor from the Boy Scouts will meet their leader on his arrival. Percy Gibson, provincial secretary, received a telegram from Ottawa which stated that the world wide ring of bonfires to be lighted by the scouts on the signing of peace would be off, so far as Canada is concerned, as it is believed it would be dangerous on account of forest fires.

SEVEN "WAR" STEAMERS.

(Halifax Echo, Saturday.)

The steamer War Redcap sailed yesterday for Quebec.

The steamer War Karma will sail today for Louisburg.

The steamer War Hind went into the Drydock yesterday for repairs.

Minor repairs have been completed on the steamer War Sorci, and she will probably sail today.

The steamer War Halifax has moved

The "London House" to Celebrate Its 88th Anniversary and the Present Owners, F. W. Daniel & Co., Their 30th Anniversary in the Business

April is an important month in the history of the well and favorably known "London House." The business was first started eighty-eight years ago—1831—by Thos. Daniel, of London, Eng., the great-uncle of F. W. Daniel, the president of the present company. Many changes have since then been passed through, and, as always, the firm carries the same reputation for fair and honorable dealing in the community. This occasion is to be celebrated by a grand merchandising period of ten days, commencing Thursday next, the 24th inst., with a series of "Special Offerings" that will bring the newest Spring goods to the St. John shopping public at great advantage in price.

These special purchases and the expected increase in volume of sales during this limited period will make possible the giving of some wonderful values. Great preparations have been under way for some time and further details will be announced in daily papers.

RUSSIAN TROOPS AND OURS PURSUE THE BOLSHEVIK

Ukrainian Peasant Leader Scores Over Reds, Wins Towns and Soldiers

Archangel, April 19.—(By the Associated Press)—The Russian and British troops pursuing the Bolshevik retreating from Bologozer today had progressed twenty versts southward. They had captured several prisoners and two three-inch guns, which the Bolsheviks were compelled to abandon in their hasty retreat.

Vienna, April 21.—(By the Associated Press)—Forces commanded by General Petrus, Ukrainian peasant leader, have retaken Zhitomir and Proskour and also secured the admission of 10,000 Bolshevik troops, particularly those operating in East Ukraine, according to a wireless despatch from Tarnopol.

It would appear that Petrus's plan, which he forecast some time ago to the Associated Press, of cutting behind the Bolsheviks advancing into Bessarabia and toward Odessa, is succeeding. It is said that he brought about the disaffection of the Bolshevik soldiers partly by fighting and partly by persuasion. The success of the Russian and Ukrainian forces in East Ukraine, according to the Ukrainian troops, is succeeding. It is said that he brought about the disaffection of the Bolshevik soldiers partly by fighting and partly by persuasion.

MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."

Sat Up in Bed To Get Her Breath

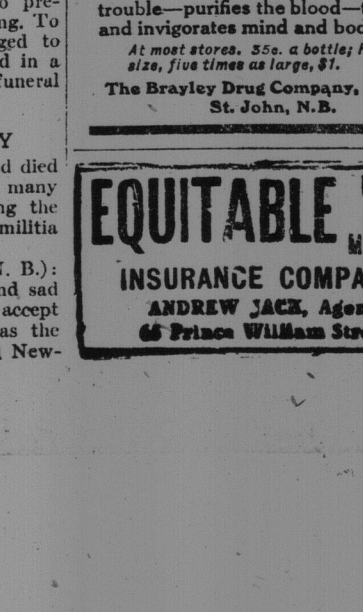

Palpitation of the heart, shortage of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restlessness, etc., all point to the fact that either the heart or nerves, or both, are not what they should be.

London, April 21—A Hungarian government wireless despatch received here last evening, says the Budapest authorities have opened the safe of the Hungarian Allgemeine Kredit Bank containing the jewels of Joseph Hapsburg, former Archduke Joseph, and his family, including diamonds, collars and diamonds valued at more than four million kroners.

Paris, March 24—(Correspondence of Associated Press)—France's fastest airplane today is the new Nieuport biplane No. 29, which was completed in the late fall of 1918, and was to have been incorporated as a fighting unit in the French air forces this month. This biplane carries a 300 horse-power engine and, with a load of 340 pounds, reached at the official tests a speed of 147 1/2 miles an hour. It climbed 1,000 meters in 16 seconds, 2,000 meters in 37 seconds, 3,000 meters in 1,126 seconds. At the latter elevation a speed of 131 miles an hour was maintained.

TWO MONTHS IN JAIL. Charge of Perjury in Answer to Civil Service Commission. Ottawa, April 21—Achille Robert, an employee of the post office department, convicted of perjury arising out of answers given by him under oath to members of the civil service commission, was sentenced to two months in the common jail by Justice Kelly on Saturday.

Engagements Announced. Mrs. G. L. Cavynagh of her sister, Miss Amy Dorothy Nichols, to George Edwards of Devon. The wedding will take place on May 7. Mr. and Mrs. John A. Traverser of Campbellton announce the engagement of their daughter, Mary Agnes, to Joseph S. Walker, marriage to take place early in June.

Sir Wilfrid Laurier had a ready wit. He was lean of figure and on more than one occasion turned his physical slenderness to account in political combat. One day a portly conservative opponent arose in parliament and accused Sir Wilfrid of "fattening on the toil and sweat of the people." Laurier smiled and said sweetly, "I leave this house to judge which of us two is the more exposed to that charge."

Premier Lloyd George—"There is only one note of warning that I would give in regard to every demand that is made up on the treasury of the nation. It is always assumed that it is inexhaustible, and that this money droppeth as the gentle rain from Heaven, blessing him that gives and him that takes, and that you can gather the taxes like the manna every morning."

JUAREZ OASIS IN PROHIBITION DESERT

El Paso, Texas, April 21—Juarez, Mexican metropolis of the border towns, has become the oasis in the great American prohibition desert.

In Calle Comercio the number of saloons has increased since the operation of the Texas ten-mile military zone law until every other door opens into a bar-room. Barrels of American-made whiskey and wine are offered to persons permitted to cross the border under prevailing passport regulations.

Many of the old-time El Paso saloon-keepers who were familiar figures at famous and notorious places here have donned white aprons in Juarez. Bars and fixtures from El Paso have been set up in Juarez, slot machines have been installed, and except for the preponderance of Mexican idlers, a visitor would think he is in an El Paso bar of former years.

Bootlegging, the hand maiden of the border saloon, is becoming an important industry. American authorities have discovered that Mexican servants, waiters and street laborers who cross to El Paso each morning carry contraband liquor in quantities and are making far more money through its disposal than they are from their labors.

The prosperous Mexican saloon-keepers say that a return to normal passport regulations will make Juarez the nucleus of sporting men from the United States.

PRESENTATION. A very enjoyable time was spent on last Thursday evening at the home of Mrs. Cleveland Nasan, Kennedy street, when a large number of her friends called in a surprise. During the evening the party was entertained with games and dancing. A beautiful piece of silver was presented to Mrs. Nasan in honor of her birthday. A dainty lunch was served. The party broke up about midnight.

The reason Berdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Berdock Blood Bitters. After taking it, I have not been troubled since."

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Berdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

GOVERNMENT CONTROL OF NOVA SCOTIA WATER POWER

To quote the attorney-general: "The two most important bills of the session" were introduced in the Nova Scotia legislature on Thursday afternoon by Mr. Daniels himself. They deal with the question of water power. The first makes the Ontario Hydro-Electric Commission scheme directly applicable to Nova Scotia and gives this province the benefit of ten years of experience in water power act of last session which gave the government control of all water power throughout Nova Scotia.

The second bill proposes amendments to the water powers act of last session which gave the government control of all water power throughout Nova Scotia. A large number of soldiers and sailors attended the informal service in St. David's church at the conclusion of the regular service last evening. Robert Reid presided and Miss Dorothy Fraser acted as accompanist.

How Dominion Friction Surface Belting Helps to Increase Production

The greatest single factor in increasing and maintaining your production at the maximum is efficient equipment—this depends not only on your machinery, but to a greater extent than you realize on your power transmission equipment.

We are ready to demonstrate to you that Dominion Friction Surface Belting is the most economical and efficient transmission equipment made.

It is more than water-proof fabric—the rubber used is a special friction compound that practically eliminates slipping and transmits all the power that any belt can transmit.

Its uniformity and dependability insure long and continuous service which saves time wasted in making replacements and repairs and prevents idle employees and machines.

Our special free advisory service, in charge of belting experts, is maintained to help manufacturers increase production through efficient equipment.

Phone, wire or write our nearest Service Branch when you are ready to have one of our experts help you "speed up" production just as they have helped many others.

Italians Insist On Their Dalmation Claims

New York, April 20—The Associated Press, tonight, issues the following report of the international situation: The situation surrounding Italy's claim before the peace conference for rights along the Adriatic seaboard has reached an acute phase. The Council of Four, Sunday, again listened to arguments by Premier Orlando and Foreign Minister Sonnino, who endeavored to straighten out the tangle but their efforts seemingly went for naught, so far as a give and take method of settling the controversy is concerned.

The Italian statesmen will depart for Rome Monday and wish to place before parliament the result of their work in Paris.

Army Ready to Act

Italy, it is asserted, is still desirous of obtaining the entire Dalmatian coast and adjacent islands and also the city of Fiume, without sharing the territory with the Yugoslavs. The Italian army is declared to be behind the Italian premier in obtaining complete fulfillment of Italy's aspirations. The threat is said to have been held out in a despatch to the premier from the head of the Italian army that in case Italy's desires are not acquiesced in Italy, without reference to the conference, would occupy the regions to which she considers herself entitled.

Paris, April 20—(By the Associated Press)—An official statement says that the commission on reparations and damages today unanimously adopted the second sub-committee's second report, dealing with the financial capacity of the enemy states and their means of payment and reparation. The report is directed particularly to the question of restitution to be made by Germany to the Allied and associated powers in connection with, for instance, ships, machinery, rolling stock, plants and livestock.

BOLSHEVISTS WIN AND LOSE

London, April 19—A retirement along virtually all of the front in eastern Russia is admitted by the Soviet government, in a wireless message dated April 16, and received here today.

Sebastopol has been evacuated by the Crimean government, which is proceeding to Constantinople. The government of Sebastopol is in the hands of the revolutionary committee.

Archangel, Friday, April 18—(By the Associated Press)—Russian and British forces early today occupied the village of Bolshie Ozerki and are pursuing the Bolsheviks as they flee southward over roads knee deep in ice slush toward the enemy base on the Volozda railway at Plestskaya. The troops entered the village without opposition, the Bolsheviks having completed the work of evacuation during the night.

The recapture of Bolshie Ozerki, after months of fighting, restored the second line of communication between Obozerskaya, on the Volozda railway, and Onega, to the northwest.

London, April 19—In a successful attack Thursday by Russian troops attached to the allied forces operating on the Murmansk railway, south of Kem, the allied forces gained complete control of Lake Vigoro, and the main road north to the White Sea, according to an official statement from the British war office. The Bolsheviks were driven twelve miles southward from Vojnosala at the southern end of Lake Vigoro, and the first objective of the attack. The main road to the White Sea passes through Vojnosala.

LONDON PAPER CANNOT AGREE WITH PLUNKETT CONCERNING IRELAND

London, April 19—(Canadian Associated Press)—The Daily Telegraph says regarding what it styles as the "unfortunate declaration in the press by Sir Horace Plunkett that nothing less than the status of the self-governing dominions must be conferred on Ireland," that there was no comparison between the position of Ireland, with her close geographic propinquity to Great Britain and the position of the self-governing dominions. The latter, the Telegraph points out, are practically independent and united to the empire by the pure bond of sentiment. The possession of independent military and naval forces is a most distinctive feature in dominion status. To contemplate that in case of Ireland would be to contemplate suicide. The advocates of dominion for Ireland have never faced this aspect of their scheme, but it is a vital aspect. What they propose is in effect complete independence, nothing else.

Yale Professor Dead

New Haven, Conn., April 21—Charles B. Richards, a noted mechanical engineer, who was professor of mechanical engineering at Yale for twenty years, and emeritus professor for the last nine years, died at his home here yesterday at the age of eighty-five.

Grampian Brings Wives and Babies

Soldiers and Families Arrived in St. John Yesterday—Hearty Welcome Awaited Them

Chubby babes, happy mothers and brave fathers made up the passenger list of the C. P. O. S. Grampian which docked here late yesterday afternoon following an uneventful trip from Liverpool. St. John had an opportunity yesterday while on holiday to see the ship dock and there were thousands who took the opportunity and visited the West Side. Despite the rigid watch of police officers and C. P. R. officials there were a very large number who craved the regulations and secured entrance to the shed. The usual welcome was accorded the docking liner. The reception committees were on hand at usual and the Garrison Regiment Band played the liber from the channel to the wharf amid cheers from the men who lined the decks. Here and there a familiar face was discerned from those standing on the pier and a happy cheer of friendly recognition went up, quickly responded to by the Canadian Tommy.

All the soldiers who returned yesterday, were married men, bringing their wives and children. There were in all 354 men, eight officers, 1179 civilian adults and 288 children. There was also a party of nine Americans on their way home in addition to a party of five Newfoundland ship-wrecked seamen. There were two births on the voyage across, both girls, one to Mrs. Germaine Durand who is on her way to Ottawa and one to Mrs. Susan Riddle going to Quebec. The mothers are coming to this country for the first time.

There were only five New Brunswick men aboard, one being Private Staddon with his wife and three children, of St. John.

Following is the list of civilian passengers for New Brunswick: Grace M. Lunn Centreville; Norman Cass and wife, Fredericton; Margaret Leichman, St. John; Mrs. Emma Staddon and three children, St. John; Mrs. Clara Atkinson, Colborne; Mrs. A. Atwell, St. John; Mrs. M. Colpitts and child, Port Elgin; Mrs. Rose Day, St. John; Mrs. M. Kelly and child, St. John; Mrs. L. Levesque, Balmoral; Mrs. Clara Price, Moncton; Mary Wells, Midgeer.

New Brunswick officers and men were:

- Major W. H. Laughlin, Milltown. Private W. H. Colpitts, Mapleton. Private B. Kenney, Rosbank. Private W. Staddon, St. John. Lieutenant G. H. Lunn, Centreville. Nova Scotia officers and men were: Sergeant J. Corbin, Miller's Corner. Corporal T. H. Ashley, Amherst. Corporal D. D. Benson, Halifax. Private T. A. Clarke, Yarmouth. Corporal R. Cross, Joggins Mines. Private W. J. Doucette, Quinlan. Private T. L. Loucette, Lingau. Lance-Corporal P. G. Duncan, Halifax. Private P. Ethelle, Amherst. Private R. D. Fiske, Clarence. Private H. Gade, Halifax.

Parliament Has Much Work Ahead

Ottawa, April 20—After the Easter recess it will be a week before, from east and west, all the members have returned to their legislative duties. When they do get there, before them will stretch for an unknown period a series of debates on the budget, the tariff, the franchise, divorce, nationalization of railways, the commission's report as to better methods of bringing capital and labor together, the perpetuation of various orders-in-council promulgated under the war measures act and which will lapse on the declaration of peace without such provision, pensions, the re-classification of the civil service, the report of Premier Borden and ministers now overseas as to Canada's part in the peace conference and legislation arising out of decisions taken there, military organization after the war, the Ross Rifles efficiency for warfare in the light of experience overseas, and prohibition, as well as a series of other less important subjects.

Then there is the probability of cabinet re-organization, which seemed imminent before Sir Robert Borden went overseas, and which, it is expected, will take place on his return. Now that he has definitely stated his purpose of returning to Canada to take up his duties as premier, Dame Rumor is wondering where the lightning will strike. Sir George Foster, Sir Edward Kemp and Hon. Martin Burrell are supposed to be slated for other things, and Hon. Messrs. Crean and Campbell are expected eventually to leave the government ranks. Mr. Pardee, who was sounded before Christmas as to whether he would join the Unionist administration, has now shown that he intends to go with the reconstituted Liberal party. The re-organization, if it occurs, will show whether the Unionist party will live or not, and if it does, what ideas will govern its councils. Premier Borden at the moment is expected to reach Ottawa about the middle of May.

33 DEAD IN WRECK

Paris, April 19—The death list in the railroad wreck at Crisse, northwest of Lemans, on Thursday has increased to thirty-three, including sixteen Americans.

Forty-five persons were injured in the smash of the trains which was caused when an American train dashed into a French troop train.

A GREAT STOMACH BRACER Makes You Feel Lively and Young—Removes That Tired Feeling

At some period in our lives there is sure to come a time when the stomach is "off"—not working well—failing to enjoy and digest its food. Main thing then is to get the right remedy. You really want a soothing medicine, one quick to act, sure on results, combining the virtues of a gentle laxative with a tonic effect upon the stomach, liver and kidneys.

Certainly the world affords no better medicine, for the stomach than Dr. Hamilton's Pills of Mandrake and Butternut. Their laxative effect is ideal—can't be beaten! But in addition to their helpful action upon the bowels, these pills contain certain ingredients that strengthen and invigorate the muscles of the stomach, thereby relieving all sorts of stomach misery, indigestion, sourness, rising gas, headache and biliousness.

Just try Dr. Hamilton's Pills—they'll make you full of energy—brimming over with merriment; they bring and maintain robust, sound, vigorous health, and isn't that just what you've looked for these many months? REFUSE A SUBSTITUTE FOR DR. HAMILTON'S PILLS. 25c per box, all dealers.

Lieutenant Colin Chisholm, of Port Hood (C. B.), was one of the officers to come over on the ship. Lieutenant Chisholm went overseas in the St. Francis Xavier No. 8 Hospital unit from Halifax. Captain R. J. Armstrong was among the decorated officers who landed here yesterday, having won the M. C. at the Somme in the early part of the fight and having also been awarded a bar to the first decoration for bravery shown towards the latter part of this well known "show." Captain Armstrong, a native of Montreal, went overseas with a Highland unit from that place in the early part of the war.

London, April 19—(Canadian Associated Press, by mail)—The following Canadians were decorated by the king with the military cross, at a recent investiture at Buckingham Palace: Major Joseph McKenna, 14th Battalion; Major Waldo Trench, Motor Machine Guns; Captain Alfred Baker, Machine Guns; Captain Herbert Cochran, Medical; Captain Richard Brown, 18th Battalion; Captain Alfred Howell, 14th Battalion; Captain Frederick Stowell, 12th Battalion; Captain Frank Taylor, Centre Ontario; Captain Nigel Thobald, 7th Battalion; Captain

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at a little drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

TERRORISTS IN EGYPT RESORT TO VITRIOL

Cairo, April 17—Threats were made recently by terrorists to throw vitriol on all strike breakers as they were leaving their work, and the official communique today dealing with the current disorders reports two cases of vitriol throwing on Tuesday, one man being totally blinded. In consequence of these incidents an order has been issued that persons who throw corrosive substances or cause them to be thrown are liable to the death penalty. The order also provides that persons possessing corrosives without legitimate reason are liable to fifteen years in jail and that those who sell such substances are guilty of a criminal act.

Curious scenes occurred in the streets today when several days accumulation of garbage was being cleared away by gangs of convicts protected by troops. The sentences of persons convicted of rioting during the last few days ranged from three years to fifteen years of penal servitude. Forty arrests have been made in Kench, on the Nile in Upper Egypt, according to the official communique, which also reports that minor disturbances occurred in Suez on Monday.

PROPOSED HOTEL FOR THE CITY OF HALIFAX

At a meeting of the council of the Halifax Board of Trade on Tuesday last, R. U. Parker, G. P. A., D. A. R., addressed the council on the hotel situation, instancing cases where visitors to the city could not be accommodated, and contending that there was sufficient room for a large up-to-date hotel, on which he had been working for some time and which he expected to carry to a successful issue. Mr. Parker's remarks were concurred in by several present, and the following resolution unanimously passed: "Whereas, the Halifax board of trade has at all times supported all legitimate enterprises tending to improve trade and business conditions in this city, and, whereas, the proposed harbor and railway developments urged by this board would be incomplete without a large modern hotel, and, whereas such an hotel would be an

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a spoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When your little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Major G. R. Turner Won Many Honors

Rose From Rank of Private and Earned Mons Star, M. C. and D.C.M.; Enlisted in Fredericton

Major Turner, M. C., D. C. M., and Mons Star, arrived in the city on Saturday evening after more than four years overseas with the Canadian Engineers. Major Turner came over on the Carnania, which arrived at Halifax on Friday afternoon.

He went to Valenciennes with this unit but while at this camp he transferred to the Canadian Engineers, and went across to England with this unit, holding the rank of sergeant. In February, 1915, he went to France, and was promoted to company sergeant-major in August, 1915. In September, 1915, he won his commission, with the 8th Field Company of the Engineers, and in October of the following year he obtained his captaincy with the 2nd Field Company. In May, 1918, he was awarded his majority and was placed in command of a company in the 1st Battalion of the Canadian Engineers. In October, 1918, he joined the headquarters staff of the 1st Brigade as staff sergeant, and received his appointment as staff captain with the 1st Brigade in March, 1919.

DOMINION RAYNSTERS

"Made-in-Canada" Raincoats

Are Good Style

Dominion Raynsters correctly interpret the happiest styles of the spring season in men's, women's and children's coats.

In addition, they are absolutely waterproof; which means that a Dominion Raynster will retain its stylish lines and a shapeliness after many months of wear.

This is because of the absolute reliability of the materials used in these garments and the thoroughness of every detail of their manufacture.

Made in a wide variety of styles and patterns. Ask to see the new spring models at your favorite store. All genuine "Raynsters" carry the guarantee label of the Dominion Rubber System. Look for it in the coat you select.

THIS CANADIAN GOVERNMENT LEGEND OF PURITY

APPEARS ON CLARK'S PORK AND BEANS

W. CLARK, LIMITED, MONTREAL

He also received a commission in the Royal Canadian Engineers in 1917, which is a unit in the permanent force, and it is his intention to continue with this unit. He is in the city on a month's leave from his unit, but expects to leave for Ottawa within a week or two.

According to Major Turner, Captain Ralph St. Clair Hayes, M. C., son of Mayor Hayes, is in charge of the 800 odd New Brunswick men of the 1st division who arrived at Halifax yesterday. Captain Hayes first left St. John as a member of the 3rd Garrison Artillery, and has seen much service in France with the 8th, 4th and 7th Siege batteries. He is at present second in command of the 4th battery, C.P.A.

Among these 800 New Brunswick men is Sgt. Herman James Good, V.C., of Bathurst. Sergeant Good won the Victoria Cross at Hongard Wood, on August 9, 1918, during the first of the Amiens offensive. An official account of the deed, taken from the London Gazette, is as follows: "Awarded the V. C. for most conspicuous bravery and leadership, when in an attack his company was held up by heavy fire from three machine guns which were seriously delaying the advance."

THREATEN DESTRUCTION OF FAMOUS CHURCH

Turks Oppose Restoration of St. Sophia, in Constantinople, to Christians

London, March 24.—(Correspondent of the Associated Press)—Warning that the Turks had threatened to destroy the Church of St. Sophia in Constantinople if any movement was undertaken to restore that church to the Christians has been received by government officials of Great Britain.

Despite the warning there is a definite movement looking to the restoration of the great cathedral church of ancient Constantinople to the use of the Christian religion. Erected at first in 360 A. D. and rebuilt in 537 as a Christian cathedral, St. Sophia was appropriated by the Turks as a Moslem house of worship and is now the principal mosque of Stamboul.

Several Injured When Cars Clash

Four men and one woman were slightly injured when two street cars collided in front of the provincial hospital, Lancaster, yesterday at 6.45 p. m. A southbound car jumped the rails and collided with one coming in the opposite direction. The injured are: Mrs. Charles Knorr, slight scalp wounds; Thomas Mitchell, slight cuts and bruised arm; Austin Smith, stunned and cuts; James Murphy and Clarence Norwood, both suffering from minor injuries.

The southbound car, No. 104, was in charge of Motorman Austin Smith, and the northbound car, No. 122, was in charge of Motorman Thomas Mitchell. The cars were approaching one another in front of the Provincial Hospital at a fair rate of speed and when only at a distance of about eight feet apart the southbound car jumped the rails and collided with the front vestibule and adjacent side of the northbound car. The front vestibules of both cars were badly smashed in by the force of impact and many of the windows were broken from the shock.

Austin Smith, 173 St. James street, and Thomas Mitchell, 3 Havelock street, who were the two motormen in charge of the cars, probably received the worst injuries of any of the victims. Mr. Smith was crushed in by the wreckage of the vestibule of his car and was stunned for a considerable period, while Mr. Mitchell was injured around the face and head, and one of his arms was also badly bruised. Mr. Charles Knorr, 116 Rodney street, W. E., James Murphy, 514 Lancaster avenue, W. E., and Clarence Norwood, 76 Water street, W. E., are said to have received only minor injuries.

Power Company Fight Still On

There was a conference in the mayor's office on Saturday afternoon at which Mayor Hayes, Commissioners Fisher and Bullock, and Chairman M. E. Agar and members of the executive of the citizens' committee were present.

The disposition of the power bill was the subject of discussion, and the citizens' committee expressed approval of the action of Mayor Hayes in assenting to the bill referring the question of the rate base to the supreme court. It was felt, however, that the fight is by no means over, since the supreme court will deal only with the rate base, and the other matters treated of in the Currier bill must go with it before the legislature next year. The whole question of the future relations between the city and the power company must then be considered and settled, and the view was generally expressed that the city must be prepared to defend its rights in the strongest manner.

Coal Handlers Back To Work

The strike which has been in existence at the wharf of the Dominion Coal Co. in this city since December 1 has been settled and the union men will return as soon as another coal steamer for the company arrives. An agreement with the company was ratified at a special meeting of the Coal Handlers' and Trimmers' Union, held yesterday afternoon in its hall in German street. The company agrees to pay seventy cents an hour for a nine hour day and grant two extra holidays a year. The new rate is a substantial increase in wages per hour, the former rate agreed on two years ago having been fifty cents an hour. Under the old agreement the working day was ten hours.

Major-General H. H. McLean, M. P., acted as mediator in the negotiations conferring with President Frank Freestone of the union on Thursday last. On the following day union committee, headed by President Freestone held a conference of nearly two hours duration with Messrs. McEneaney and McKennie of the company, Major-General McLean being present. The proposed agreement was carefully gone over in detail, both sides reaching an agreement.

TRAVELERS WILL AID IN SOLDIERS WELCOME

The Commercial Travelers' Association of New Brunswick, at a meeting held in the board of trade rooms Saturday night, voted to take part in the celebration to be given here in honor of New Brunswick's returned heroes, many of whom will come here during the latter part of May or early in June. A letter concerning the proposed welcome was received from R. S. Ritchie, secretary of the citizens' soldiers' welcoming committee, and a committee was appointed to meet the citizens' committee. A motion suggesting that the commercial travelers give every assistance to further the interests of the war savings campaign was adopted.

Now a complete truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road. The chassis may still be purchased separately.

But, in most cases, the Ford Truck will be sold as a complete Ford job. The body as well as the chassis will be planned to give Ford service.

This radical step in the production of Trucks is being taken to insure the utmost efficiency from the Ford Truck; to give the purchaser Ford value in every part of his truck; to produce better bodies at lower prices.

Two Standard Bodies Enclosed Cab

The two types of Truck bodies most widely used are the Stake and the Express.

These types will be kept in stock, set up, painted (or in the lead) and ready for prompt delivery.

They have oak floors, sills of seasoned hickory and specially designed forgings and castings.

The construction at every point provides for rough usage such as every truck is bound to get.

The driver gets proper protection in the Enclosed Cab of the Ford Truck. This cab can be closed up tight, or perfectly ventilated. It has sliding windows and two-way double ventilating windshield.

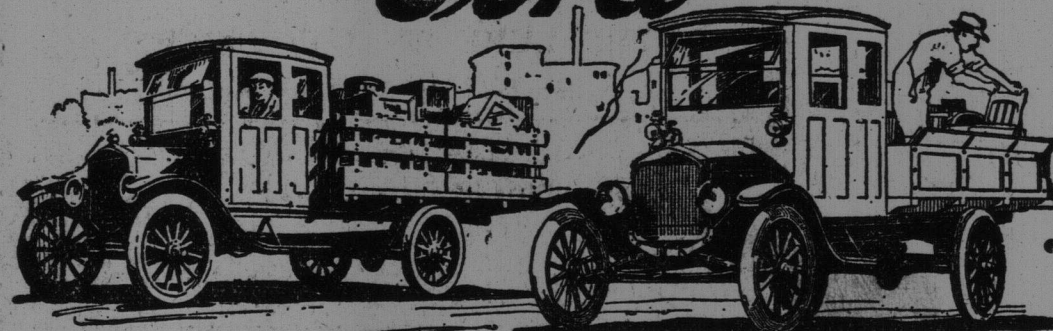

These complete Ford Trucks are on sale NOW.

Call and learn what it will cost to use them in your business. Look them over carefully. See how they outclass other Trucks in every detail.

What Work-Shoe Soles Should Be

The use of Neolin Soles is not limited to any kind of shoe. They add comfort, durability, waterproofness to all kinds of shoes—for everybody.

And specially do they improve work-shoes and benefit the working-man.

The long wear of Neolin Soles saves most where most needed—on work shoes.

The flexibility of Neolin Soles is most comforting most of the time—in the shoes you wear every day.

And the waterproofness of Neolin Soles saves the health of the man who needs it most—the man who punches a time clock.

These are just as good reasons why the wife and the kiddies should wear shoes with Neolin Soles.

Your shoe merchant has them—all styles at various prices.

Neolin Soles have been a great success. So they have imitators. But the methods and materials that make Neolin Soles superior are known only to Goodyear. You can be sure of Neolin Sole quality only when you see the trademark "Neolin" on the bottom of the sole.

TURF.
To P. E. Island.
The Sackville Tribune says: "Baron, Hartsborne, a speedy pacer, was recently sold by W. S. Teed to H. H. Horne, of Charlestown, P. E. I. This horse recently won a match race at Amherst, and has won each of the three races in which he has started. Mr. Teed has handled many fast and valuable horses during the last fifteen years, and has sent at least seven out of the town on Hartsborne (Doc Duncan). It is understood he got a little over \$1200 out of the pair. Both horses were raised by J. W. Doull, who has some promising colts coming on."

AQUATIC.
Halifax Yacht Racing.
(Halifax Chronicle).
Yachting enthusiasts gathered at the Halifax Hotel last evening to attend the April meeting of the Royal Nova Scotia Yacht Squadron. Commodore DeWolff occupied the chair. The war did away with the racing programme for two years, but yachting will come back into its own this season with an ambitious list of Saturday afternoon events.
All the yachts that can be put into commission are expected to get into the game. The Windward and Gem, with one or two possible competitors, will compose one class which will race for the more important trophies. It is proposed to include in a medium class all the boats of the "B" type, and these will race under handicap rules. A smaller class will be formed which will make interesting racing on an inside course in the harbor.
The trophies which are available for competition include the Prince of Wales, Wrennah, Royal Engineers, Wright, Brookfield, Gem No. 1 and No. 2 Cups, and the Gem Trophy. The R. L. Lesse prize will be awarded for three races.
The dingy races on the Arm, which brought out so many budding yachtsmen last season, will be continued and it is hoped to have a large fleet of the small craft in keen competition each Saturday.
In 1916 the Chester Club secured the coveted Coronation Cup in the races at Halifax. The equidron will challenge for it this year, and will probably make the cruise to Chester some time in August.
During the present season the club premises at the foot of the Ocean Terminal will be the headquarters of the squadron, and will no doubt be the centre of attraction on week-ends for those who are enthusiastic over the sailing game.
The club has not yet obtained its permanent location, but before the new clubhouse is established it is proposed that the entrance fee be substantially increased.

A Thrilling Society Drama

"What Every Woman Wants"

Featuring Beautiful Grace Darmond

A Picturization of William Parker's Dramatic Story, Built Around the Dominant Desire of All Womankind

SOME SAY that there is a dominant desire, that every woman, rich and poor, or "the last word" on the moon and all the stars, or a couple of automobiles, or plenty of cats, or pretty clothes, or love in a cottage.

OTHERS SAY that woman mostly wants "her own way," or "the last word" on the moon and all the stars, or a couple of automobiles, or plenty of cats, or pretty clothes, or love in a cottage.

SHE FOUND "what every woman wants," and she found it after a heart-breaking search for what she thought she wanted. It wasn't at all what most people think every woman wants.

THE RING.
News of the Boxers.
Abe Attell is to become the manager of Fred Fulton.
Johnny Griffiths and K. O. Loughlin will meet in Akron on April 28.
From Roddie McDonald.
To the Sporting Editor of The Times, St. John:
Sir,—Would you kindly issue the following challenge:
Roddie McDonald will box any middleweight in St. John any number of rounds at any date.
Address: Roddie McDonald, Dominion No. 3, Glace Bay, Cape Breton, N. S., April 16, 1919.
Kilbane Bests Mahoney.
Philadelphia, April 19—Johnny Kilbane, the featherweight champion, stopped John Mahoney, of Hazleton, in the sixth round of their fight here tonight. The champion knocked Mahoney down in the fifth round and he was saved by the bell in the next round. He had him in such bad shape that the referee stopped the bout.

MEMBERS OF CHRISTIAN MISSION IN KOREA IN CLASH WITH GENDARMES

Tokio, April 19—(By the Associated Press)—Special despatches from Korea state that members of the Christian mission at Teigwan, near Seoul, clashed with gendarmes during a riot there, the officers firing upon the mob, killing twenty and wounding many of those engaged in the demonstration.

Will Secure Playground.
Fredrickson Gleaner: The need of a playground for the city was discussed at the city council on Thursday evening and Ald. Wilkinson, Cooper and Burpee were appointed a committee to act in conjunction with Police Magistrate Limerick, Allen J. Wheeler, W. E. McMullin and Walker R. Belyea of the citizens' committee in furthering the playground scheme.

SEND HORSES TO EUROPE TO HELP FEED THE POOR

Pierre, S. D., April 21—A corporation to dispose of light animals to European dealers in horse meat has been formed by South Dakota horse dealers.
For many years light horses have been of little value to South Dakota ranchers. The plan is said to have been discussed at Washington as one means of providing the poorer classes in continental Europe with meat. Those behind the corporation say the American market has shown little interest in the horse meat industry.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that under the prevailing conditions due to change of time on the railroad, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to place their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

TWO INFLUENZA CASES. Two cases of influenza were reported to the board of health this morning. They are of a moderate type.

ON HOSPITAL SHIP. The hospital ship Araguay is due in Portland, Me., on the 22nd or 23rd with forty-six officers, seven nurses, sisters and 749 other ranks. This includes two officers and 410 other ranks for Halifax and twenty-nine other ranks for St. John.

ON THE RIVER. There are three river steamers now running, the Oceana, the Majestic and the Champlain. The Majestic has made her second trip to Fredericton and the Champlain left Indiantown on Saturday for her first trip to the Upper Jemseg.

BIRD CAUGHT ON SPIRE. The steeple of St. Andrew's church has rather a novel adornment this morning. Either a wild duck or goose has been caught in the weather vane. This one evidently struck the steeple in the darkness last night.

MISSIONARY MEETING. A women's united missionary meeting was held in Trinity church this afternoon, with Mrs. H. A. Goodwin in the chair. Three returned missionaries, including Miss Jean Morrison from China and Eldon Merritt from among the Esquimaux, gave interesting addresses.

CARE TAKEN. Three cases of smallpox were reported to the department of health from Madawaska county during March and April. They were all taken care of by the district board and strictly quarantined and contacts vaccinated. No recent developments have been reported as occurring from them.

TO GO ON GRAMPIAN. Conducting staffs Nos. 1, 18 and 15, consisting of a total of twenty-nine officers and twenty-five other ranks, will embark on the S. S. Gramplan April 25 for England to conduct troops back to Canada. Lieutenants G. W. Turner and W. J. Patterson, representing the soldiers' re-establishment, will also sail on the Gramplan for England.

A LONG DOCKET. A large number of arrests were made during the holidays. Three persons are charged with breaking and entering, two with having liquor in their possession illegally, one with supplying liquor and five with being drunk. A mail carrier was arrested on a warrant Thursday and was in the police court that afternoon charged with assaulting a young girl. No evidence was taken and he was remanded. Court was to resume this afternoon.

CAMERON-MENZIES. A very pretty wedding was solemnized at the home of the officiating clergyman, Rev. J. A. MacKelgan, on Saturday afternoon when Allistair Cameron of Sackville, a returned soldier, was united in marriage to Miss Margaret Forbes Menzies of Weem, Scotland. Both bride and groom arrived on the Minnedou on Thursday. They were attended by the groom's sister and her husband, Mr. and Mrs. W. M. Walker, of Sackville. Mr. and Mrs. Cameron will make their home in Sackville.

GOOD WORK AGAIN. Five trains pulled out from here during last night and the early morning with troops and civilians from the S. S. Gramplan. The first train left at 9.45 last night for Montreal and western Canada. The second train, solid for Toronto, left at 11.20 p. m. The third solid for Vancouver, left at 12.15. The fourth pulled out at 1.10 this morning solid for Winnipeg and Regina. The last train left at 2 o'clock this morning for Montreal, Kingston and Ottawa. The transportation was very efficiently and quickly handled as more than 1,500 civilians were transported in less than nine hours.

BANQUET IN OBSERVANCE OF OUR VICTORY AT YPRES

Local Plans Made Quickly and a Large Gathering is Expected

A vigorous movement was started this morning by Captain Bud Tibbet, an energetic member of the G. W. V. A. Major G. B. Peat of the Civil Re-establishment Bureau, Signaller Lou Lela-chien, and others, to hold a fitting celebration of the great Canadian victory at the second battle of Ypres, which date falls upon tomorrow. It is planned to hold a banquet and jovial get-together in the armory, and General Macdonnell and other local officers have pronounced their heartiest co-operation. All first contingent men in St. John and roundabout are bidden to this feast, and it would not be surprising if even at this short notice as many as 250 or 300 men sit down at the well-spread board. It is estimated there are about two hundred first contingent men already returned and living in this city, and it would be easy to count on a considerable number more from outside localities. On the giant transport Olympic three hundred more of the first contingent are expected to reach St. John for various New Brunswick points tomorrow morning. These boys may be induced to stay and share in the event. The second battle of Ypres was that notable occasion when the Germans sprung their deadly gas for the first time, and from a local viewpoint it was a conspicuous event, because the then military boys snatched their last guns from the enemy after the stifling gas waves had lost their element of surprise. In fact, it was a battle in which defeat was quickly turned into victory and by virtue of Canadian bravery in which St. John boys had a lion's share. The suddenness with which this idea of a celebration tomorrow night was sprung upon the soldier boys will naturally create a lot of queries, but those in charge want it distinctly understood that all first contingent men will be welcome and formal announcement giving official particulars will be made in the columns of the press.

THANKFUL GIFTS AT HAPPY EASTER TIME

Societies Bring Cheer to These in Various Institutions

The Red Cross hospital committee sent an Easter box to every patient in the military hospitals of the city. Martello Hospital, Lancaster, East St. John, River Glade, provincial and the military patients in the General Public Hospital all benefited by the kindness and generosity of this hard working committee. The children in St. James' Hospital were not forgotten but each received a box similar to those sent to the soldier patients. The boxes contained Easter eggs, fresh eggs, flowers, ice cream, cake and salads. The soldiers and children who had to spend Easter confined in hospital were delighted as much with the thoughtfulness and generosity thus shown as they were with the contents of the boxes. The Opportunity Circle of the King's Daughters sent a basket of fruit, homemade candy and a picture post card, also undergarments, to each of the children at the County Hospital, East St. John. They also donated four steel engravings to furnish the King's Daughters' room in the nurses' home of that institution. Lend-a-Hand Circle of King's Daughters on Sunday performed another pretty little play, placed at the breakfast table of the patients in the Home for Incurables and for those who live in the Old Ladies' Home, Broad street, a box of dainty home-made candies and other Easter remembrances. Each little gift was ticketed with the name of the recipient and the surprise added much to the pleasure of the joyous occasion. The ladies assembled the previous day and arranged their donations in dainty fashion.

NO. 7 SIEGE BATTERY COMING AS A UNIT

Major I. T. Allen, who was commander of No. 7 Siege Battery, known in France as No. 6, received a cable today from Rhyll to the effect that it will return as a unit to St. John. Its strength is 200, of whom seventy are the originals. The cable is from Lieut. J. Lyons, who went over as a sergeant, and who is a son of the late John M. Lyons of Moncton. Major Allen will be advised of the time of arrival of this unit. He is greatly rejoiced to know that his old command will come as a unit and so receive a welcome it has well deserved. It is the only New Brunswick battery that went all the way to the Rhine.

Hospitality in the Dining Room

The hospitality and good fellowship which pervade the dining room dispel formality and conventionality, and leave guest and family alike unconsciously subject to the influence of environment. The very atmosphere of the dining room should breathe cordiality and comradeship. Its furnishings should reflect refinement and artistic inclination. To create such a dining room it is well to seek the co-operation of men who make this art a daily study and practice. In this way effective results can be very logically expected. Such is the service which EVERETT'S makes available to you. It is a definite factor in economy, because it gives definite assurance of correct results.

to supplement this service the finest productions of the master furniture makers of this country are presented here in most unusual assortment. However little or much you may desire to expend in beautifying your dining room, rest assured you will find here selections and values which are unexcelled anywhere.
