Brotherhood of St. Andrew

Preparation For The 1914 Convention In Winnipeg

The next dominion convention of the Brotherhood of St. Andrew will be held in Winnipeg from September 24 to 27, 1914, according to present arrangements.

What is the Brotherhood of St. Andrews? It is a purely religious organization based on the primitive example of St. Andrew of whom it is recorded in the Gospel of St. John that he first found his own brother, Peter and brought him to Christ.

On January 6 last, the Winnipeg assembly elected its convention committee, a body of active brotherhood men who are in the full tide not only of direct spiritual interests but also of the business life of the city.

Special rates on all railroads are being arranged which are available to visitors as well as delegates.

The general secretary of this convention, to whom all communications should be addressed, is W. A. Cowperthwaite, 4 Rosetta Court, Langside street, Winnipeg.

TIDY, NEW AND SECLUDED. Because of the general interest in every way, the New Imperial Theatre shine parlor is enjoying a generous patronage from ladies as well as general.

Warwick-Tilley's Wilkins. Have you read his latest novel? He has the hero, an heir, turned down the hero and marry the villain.

Wickens-it seems as if that would be rather unsatisfactory.

Warwick-Yes, rather, but that's where Wilkins shows his talent. The hero then becomes the heroine's lawyer, and the fortune comes to him after all.—Judge.

BREAK WHISKY'S GRIP ON YOUR LOVED ONES. Drunkards will tell you with tears of sincerity that they want to do more for the craving coming from the inflamed membranes of the stomach drives them to it.

Alcure will soothe the trembling nerves and remove the craving that is ruining your home and stealing an otherwise kind husband or father from you. It costs only \$1.00 per box and if it does not cure or benefit after a trial the money will be refunded.

Alcure is tasteless and can be given secretly in Tea, Coffee or food. Alcure No. 2 is taken voluntarily by those willing to help themselves.

Alcure can now be obtained at our Store. Ask for Free Booklet telling all about it and give Alcure a trial. E. Clinton Brown, druggist, St. John, N. B.

WOMAN SICK FOURTEEN YEARS Restored to Health by Lydia E. Pinkham's Vegetable Compound. Elkhart, Ind.—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful hearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sannative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SARIE WILLIAMS, 455 James Street, Elkhart, Indiana. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ailments we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Hints for the Cook

Coffee Date Pudding. Soak one-half box clear shredded gelatin a few minutes in one-half cup cold water, then add one pint boiling hot coffee and one-half cup sugar. Strain and let cool. When it begins to congeal add one-half pound chopped dates and one-half pound English walnuts. Serve with whipped or plain cream.

Cocunut Layer Cakes. Put the whites of two eggs into a measuring cup that is creased so you may know just one half, then put in melted butter until the cup is half full, then fill the cup with rich milk. Bake in a pan measured, one cup of sugar, 1 1/2 cup of sifted pastry flour, one teaspoon cream tartar, 1/2 teaspoon soda. Sift the dry ingredients two or three times after being mixed, then pour on the eggs, butter and milk, add one teaspoon vanilla extract and beat five minutes. Have two tins greased and sift flour over, then shake it all out of the tins and divide the mixture, having the same quantity in each tin. Bake in a quick oven. When cool frost with a frosting made as the frosting on nut cake. It will take two whites for the layers, and spread each layer thickly with frosting and sprinkle shredded coconut over and place one layer above the other.

This rule makes nice cup cakes. Chopped nuts may be added and when the cakes are frosted place a nut-meat on each little cake.

ONE OF ST. JOHN'S GLIPPER SHIPS

(Continued from page 1) For the first eleven months and twenty days after being launched the Cyprus landed five cargoes in the United Kingdom, several of the voyages being made from New York in sixteen days. Her maiden trip consumed but seventeen days, which is better than some of the ocean going steamers of the present.

During the first year of her history this clipper St. John vessel made the following voyages: St. John to Liverpool; Liverpool to New York, New York to Glasgow; Glasgow to New York and Baltimore; Baltimore to London; London to New York, New York to London, London to New York and Baltimore; Baltimore to Dublin, making eleven trans-Atlantic trips inside of twelve months, the combined distance being in the vicinity of 80,000 miles.

In her second year the Cyprus made a trip from New York to Rerval, Russia, and on her fourth day out from New York passed the Naz of Norway, which is considered an exceptionally fast passage.

The vessel was owned by Troop & Son, and was built by John S. Parker, of Tyne-mouth Creek. When she left St. John she was under the command of Captain Raymond Parker, a son of the builder, and commodore of the Troop fleet. Captain Parker later was commander of one of the Standard Oil Company's tank steamers and is now living in Liverpool.

The Cyprus was apparently a very fortunate vessel as far as accidents at sea were concerned. Up to the time that Captain Parker left the vessel she had never lost a sail, although she had her topgallant mast broken off twice and on one occasion her jibboom, of fourteen inch pitch pine, broke off at the cap and came in on the forecastle. On the mid-winter trip of the Cyprus during her first year at sea—from Glasgow to New York—her lee side was not seen during the whole voyage. The vessel was half-way up the hatches fore and aft from the time she left the British side until New York was reached, but she came through in good shape and made a very fast passage.

ELECTION CARDS
ELECTION CARD ELECTION CARD
I beg respectfully to inform the Electors of St. John (not overlooking the lady voters) that, in response to requests from citizens in the north, south and west sections of the City, I have decided to enter the field as a candidate for the office of Commissioner at the ensuing Civic election.
The new council will have to deal with some very important subjects, including the routing of the Valley Railway, to the terminals at East St. John, the completion of the paving of Main street, the paving of some other streets on which the traffic is heavy, the care and maintenance of all of the streets, the providing of a more equitable system of taxation and the improving of the ferry service in Carleton by utilizing a slip extending to Union street, if the change should be found to be a practicable one.
In these and in several other important matters, as well as in departmental work, I should hope, if elected, to be of service to the City, and I would appreciate the "open door" at City Hall and the taking of a public hearing at an early date on a number of public questions not requiring expert knowledge for their decision.
I will be pleased to receive such support as may be accorded to me.
G. FRED FISHER.

ELECTION CARD
To the Electors of the City of St. John, Ladies and Gentlemen:-
I take the opportunity of announcing my candidature at the coming election for Commissioners. To call upon each elector will be impossible, but I will endeavor to interview as many as possible. I fully appreciate the responsibility and duty which should rest upon anyone honored with your confidence, elected I expect to discuss and act on civic matters in such a manner as to meet with an intelligent and vigilant public opinion.
I am in favor of the open door and giving of reasons for arriving at conclusions.
I respectfully solicit your support.

OPENS BRANCH HERE
English and Scotch Woollen Company
Pick St. John as its First Branch-Local Manager Strong in Praise of City's Progressiveness.
Once in a while it is heard from the pessimist that he guesses "the boom has busted" and that St. John is no longer as much in the eye of out-of-town business concerns as it was a year or so ago. That such a condition does not exist is evidenced in the coming to this city of the English & Scotch Woollen Co., a Montreal tailoring house noted for selling made-to-measure suits for \$15-\$20 more no less.
This company first started business in a small store in Montreal and in eight short years were forced to open four stores in the different districts of the metropolis.
When asked how his company could possibly make suits at the price charged and still make a profit, Frederick Garneau, the manager, said: "The secret of the whole thing is we contract the output of a large woollen mill and lining factory which makes it possible for us to sell direct from mill to consumer thus cutting out the big profits of the middle man." That Mr. Garneau has faith in this city there is no doubt, this being the first city away from Montreal in which a store has been placed.
"This certainly is a live city," he said yesterday, "and I like the people very much; they are pleasant and friendly and although I am a western man myself I felt at home in St. John from the minute I arrived here. This city is as progressive as any western town of the same size and let me tell you more people have their eyes on St. John as a coming city than most of the local people."
The local store is situated at 107 Charlotte street and with its windows filled with bright attractive new clothes in an addition worth while to that busy section.

UP-TO-DATE AND NOVEL
That St. John is fast becoming metropolitan in the methods of advertising used by merchants to call the buying public's attention to the many splendid values which they are offering, also that the North End merchants are keeping up with and just a little ahead of the times in an advertising respect is again practically demonstrated by what is undoubtedly the most elaborate system of advertising ever attempted in this city, namely the giving away of \$2,500 worth of magnificent gifts.
The following North End merchants, F. W. Munro, C. S. Phillips, S. W. McMackin, A. M. Rowan and C. B. Pidgeon, who are running this voting contest, when seen by our reporter were unanimous in saying that they hoped by means of this large expenditure to convince North End people that they could be as well served, and at a considerable saving, by North End merchants, as they can be by up-town stores which are obliged to pay tremendous rents.
These North End merchants feel very strongly on this point. They admit that it used to be necessary for the people living in the North End to go to the city to do their shopping, as there were practically no large stocks in the North End. But in the last ten years a great change has taken place in this end of the town. Now the people point with pride to C. S. Phillips grocery store, corner Main and Douglas avenue, which is without doubt the finest in the maritime provinces. Just across Main street is F. W. Munro's drug store. Mr. Munro has only been in business a few years but has already established one of the largest drug businesses in the city. His prompt and complete service to his many customers is winning him new friends. A little further along Main street is S. W. McMackin's, dry goods. Mr. McMackin has by his untiring efforts succeeded in establishing a business here which is a credit to him and the North End. Next door to Mr. McMackin A. M. Rowan's hardware store serves the North End with one of the largest and best kept stocks of hardware in the city. Further down the street at the corner of Main and Bridge streets, C. B. Pidgeon has one of the largest stocks of shoes and clothing to be found in the city.
Now all of these North End merchants claim that on account of being situated where rents are low, they are in a position and do sell their various lines at less than up-town prices, and hope by means of this elaborate series of free gifts to have a greater chance of demonstrating it.
Our reporter was greatly interested in the exhibition of these gifts which he saw in A. M. Rowan's window.
There is a five passenger touring car for first prize to be awarded Oct. 1st, three \$400 pianos to be awarded on Nov. 1st, Dec. 1st, and January 1st, besides a magnificent display of prizes consisting of cut glass, silver and brass ware all of which delight the feminine heart.
Any of these merchants will gladly explain the scheme manfully and invite the public to make fullest inquiry.

The Evening Times and Star

ST. JOHN, N. B., APRIL 4, 1914

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

GIVE US THE FACTS.

The legislature has adjourned until Monday. Many of the members will not visit their constituents, and they will probably hear from the latter concerning the affairs of the St. John Valley Railway.

between Gagetown and St. John still unsettled? Mr. Fleming and his friends have had ample time to decide all matters relating to this railway, and now they come forward once more and ask the representatives of the people and the people themselves to "go it blind," relying absolutely upon the government.

THE GUTELIUS AGREEMENT

The Standard quotes from several journals approving comments on the speech of Mr. George W. Powell in the debate on the report of the Gutelius commission. The Standard does not quote the following from last evening's Globe on the Gutelius report:

Mr. H. A. Powell was in conference with the lieutenant-governor in Fredericton yesterday. Afterwards Premier Fleming had a long conference with the governor. In view of the Valley Railway situation the incident is worthy of note.

The announcement that the big sewer to drain the new athletic field at Rockwood Park will be completed early in May means that a portion of this new playground ought to be made available for some kinds of sport this year, and that with an additional expenditure from year to year St. John should soon have at the entrance to Rockwood Park one of the finest athletic fields and recreation grounds in the country.

It is said that in his budget speech next week Finance Minister White will be compelled to acknowledge a falling off to the extent of five million dollars or thereabouts in the revenue of Canada during the last fiscal year, and a decrease of about forty million dollars in the expenditure. There is also an addition of about twenty million dollars to the debt of the country. This is the state of affairs under the rule at Ottawa.

Churches May Unite. For the purpose of discussing the projected amalgamation of the Waterloo street and the Brussels street Baptist churches, a meeting of members prominent in both congregations took place last night in the vestry of the former church. L. A. Belys presided. They talked over the matter and an adjournment was made until next week.

BIRTHDAYS OF NOTABILITIES

SATURDAY, APRIL 4. Professor A. E. Coleman, who has been head of the department of geology in the University of Toronto for the last twenty years and who is probably the greatest authority on his special subject in Canada, is sixty-two years of age today.

SUNDAY, APRIL 5. This is the eighty-eighth birthday of John R. Booth, one of the most picturesque old men of the present day in Canada. He was born in Sheffield, P. Q., but has been a resident of Ottawa for fifty-seven years, and he has long been prominent in the lumber and paper industries. His vitality is remarkable. Not many months ago, while inspecting his mill in Ottawa, he had the misfortune to break his leg. He was taken to the hospital to have the injured limb set. The doctor was about to administer an anesthetic, when the veteran lumberman demanded what he was about. When told he refused absolutely to be put under the influence of the drug and insisted on being propped up so that he might watch the operation. He actually looked on with intrepid courage while the limb was set, enduring pain which would have overcome much younger men.

INCOME FIVE MILLIONS LESS BUT EXPENDITURE FORTY MILLIONS MORE

Ottawa, April 3.—Among other unsatisfactory things which Hon. W. T. White will have to announce when he delivers his budget speech on Monday next is a falling of some \$5,000,000 or \$6,000,000 in the total revenue of the dominion for the past fiscal year, as compared with the preceding twelve months.

The final figures of revenue for the year ended on Tuesday last are not yet available from the finance department, but it is estimated that with the full returns in, the total will not go beyond \$146,000,000. For the preceding fiscal year the total revenue was \$151,000,000.

The falling off has been principally in the customs receipts and in the amount received from inland revenue. The receipts of the post office department show an increase of a million or so.

As compared with the falling off in revenue there has been an increase of

approximately \$40,000,000 in total expenditure.

The addition to the net debt of the dominion during the fiscal year just ended is estimated at \$30,000,000.

HOW TO DO IT

A "Man Doctor" uncharitably declares that women do everything rather less perfect than men. They don't cook so well, they don't make dresses quite so well, they don't (so we have heard, though the medical adviser is dumb on this point), trim hats quite so well as a man who sets himself to millinery.

"If you have a feeling that your wife doesn't cook so excellently as she ought just you take home a bottle of H. P. Sauce tonight. Suggest to her in the mildest possible manner, that you like H. P. with cold meats, that its good with eggs and bacon, delicious with crust of bread and cheese—unparalleled as a flavoured to insipid gravies, ragouts or made up dishes. In this, as in most other domestic matters, a grain of help is worth a bushel of fault-finding. But you should be quite sure that it is H. P. Sauce that you take home with you.

THE MAN IN THE STREET

And they call this SPRING!

Fashion Notes.—Ear-tabs and mittens should be discarded this year on or about July 1.

That's hardly a showing of equal rights to have 400 of those awful milliners lined up against one poor lone man in East Five. And look, Hasquith, hold top!

At last we can sleep contented.—Despatch says Torron's been taken for good. (But despite the assurance it may be for worse.)

Many a man who carries his hand in a sling these days has restless driving to thank for it, for harnesses are much in use in house-cleaning time.

News local says that "wagon-driver" was hurt by lighting on the hard pavement. Wonder why someone can't invent a paving with a marsh-mallow covering if people are really determined to light their heads.

April showers may bring May-flowers. But that was years ago.

For instance this week we got ours (Fine showing of Jap Plavins' powers) But all it brought was snow.

That German peasant who is the father of thirty-five children, six of whom are in the army of the Kaiser, was certainly strongly inclined towards the infantry.

Nearly time to hear something in the nature of a "big news" from South America. When Roosevelt comes back Mexico will lose the centre of the stage in the morning news.

With a little more experience with such creatures, the gentleman from Brookville who caught that lake four feet long this week should be well qualified for whale-fishing.

Woodcock on return from Mexico says wives there most faithful—follow husbands on sixty mile tramp. Well most wives follow their husbands up pretty well here, but sixty miles is going some for curiosity.

Even despite the H. C. of I. that Boston terror, which was left \$1,000 a year in his master's will should be able to get along tolerably well, and perhaps have a bone to throw to some other poor dog out of the lot.

In the seizure of some wine in Montreal this week owned by Hebrews, it was clearly a case where the police should have observed a "pass-over" also.

Probably that London aviator flying upside down this week was trying to get next to the Unionist view of things in Ulster.

"The Happiest Man in the World," was the subject of a local minister's sermon one night this week, but the reports don't give any tip as to whether the gentleman in question was married or single, dead or alive.

When "The Man on the Street" found on his desk on Wednesday morning last the following piece of alleged poetry he promptly came to the conclusion that only one person could be guilty of such a horrible creation. Then glancing at the calendar and observing what day it was, he decided to accept it as an April 1 contribution from Horace, our office boy, who thinks his second name should be Byron or Longfellow, though what his reasons for thinking so can be, we are unable even to guess. Certainly such stuff as this will never get you anywhere, Horace—so have a care!

The devil is not such a deuce of a man because he dances the tango. Tho' it makes some people think they should "can."

The crase as far as they can go. "Cane Evangelist Billy Sunday states it's Satan's favorite trick. It's not apt to tempt us beyond the gates (We're not taking any risk.)

We can dance the tango or bunny hug. The girly or turkey trot. Without going where Nick's got the tango bug (It must be fearfully hot)—No electric fans or drinks ice-cold. When you have your programme filled. Naught but bromides and fire we're told (Sounds more like being grilled).

But if it's net too much we'd like to know. How Mr. Sunday can tell. That the old boy in his haunts below. Likes tango-ing so well.

And also if the "dip" he's learned which rather hard we find—With these queries we are quite concerned. Curiosity our thoughts has burned—Now will Mr. Sunday mind?

Judging by the incomes upon which the candidates for commissionerships are taxed nobody is going to sacrifice very much to serve the city at \$3,000 per annum.

Several families coming to New Brunswick to settle. Merchants would be relieved if they heard that some of these already here would do the same.

Coffin makers may strike for higher wages. High cost of dying will soon be a live issue.

"My feet may get wet but they never get cold," was James Sprout's characteristic denial of the rumor that he was to retire from the civic fight.

The condition of the Valley Railway affairs isn't almost lead critical persons of the I. C. R. to suspect that Mr. Gutelius had a hand in its management.

Thursday was certainly a peculiar day so far as the weather was concerned, but we think we have solved the riddle. The general public was very much excited over what was going on at Fredericton in regard to the Valley Railway and the weather man became excited and pulled the wrong string.

Commissioners says that St. John's pure water should be advertised. This would hardly include exhibits from either Mexico or Ulster.

It was reported yesterday that some of the candidates for the city council were thinking of retiring. Well, it's a sure thing that some of them might as well do it now—they certainly will after the 14th—at least for two years.

New York is considering the erection of a Museum of Peaceful Arts. This would hardly include exhibits from either Mexico or Ulster.

It was reported yesterday that some of the candidates for the city council were thinking of retiring. Well, it's a sure thing that some of them might as well do it now—they certainly will after the 14th—at least for two years.

The "Torrington" Roller Bearing Hand Vacuum Cleaner

This little machine will make it unnecessary for you to take up carpets in order to clean them, and it will be possible for us to prove this to your satisfaction by a five minutes' demonstration.

The "Torrington" is the most talked about Vacuum Cleaner in America. It really does the work. It lays no store on "trick demonstrations"—or "cunning" of any sort. It gets the fine, trodden-in dirt that a broom cannot touch.

By simply pushing this easy-moving little machine back and forth across the floor—it works either way—your rugs or carpets are cleaned even better than could be done by the old-fashioned take-up-and-pat-down semi-annual process. For the daily "brushing up" or the regular weekly cleaning, it is equally invaluable. It sweeps, sirs, dusts, all at one operation. Roller bearings make it easily operated.

Its light weight—only 8 pounds—relieves you of all men strain. Its small size—only 5-1/2 inches high—admits running under beds and tables without moving the furniture.

The "Torrington" is a vacuum cleaner in which sturdiness, wonderful suction power and ease in operation have been happily combined. Price..... \$9.00

League of British Covenanters. London, April 3.—Lord Roberts tonight was elected president of the League of British Covenanters at a meeting held in Caxton Hall. Resolutions were adopted pledging the covenanters to do all in their power to prevent the establishment of home rule in Ireland without the sanction of the nation and the support of the people of Ulster in their gallant struggle to maintain their constitutional rights.

Speeches were made by Walter Long, former chief secretary for Ireland; Lord Milner and Sir Edward Carson. Sir Edward said the government should have to exclude Ulster from their bill or make up their minds that they would have bloodshed and coercion.

Have the POTATO MAN Call

He will keep down your living costs and give you Good Potatoes.

You throw away frequently from one-fifth to one-quarter of the potatoes you now buy, don't you? This makes the good ones you have left pretty costly.

Let us bring you, each week, nice, carefully selected, hand-picked potatoes, in peck packages or larger quantities, if you like. We will bring them right at your kitchen door and guarantee them to be good. You pay no more for them, yet they are cheaper, because you do not waste potatoes.

LOCAL NEWS

TRAIN LATE. The Montreal was reported two and a quarter hours late today.

DEATH OF MRS. WM. MERRICK. The death of Mrs. Elizabeth Merrick, wife of William Merrick, occurred at her home in Brussels street last evening, after a lingering illness. Mrs. Merrick was thirty-eight years of age and leaves her husband and six small children. Mrs. David Higgins of this city is a sister.

THE SLAUGHTER HOUSES. At a meeting of the slaughter house commissioners yesterday reports of the killings in March were presented as follows: J. J. Collins, twenty cattle and thirty-five calves; James McGrath & Son, 897 cattle, sixteen sheep and forty-eight calves.

GOES SOUTH FOR TRIP. John Wright, assistant accountant of the Bank of Montreal, left last evening for New York and will sail from there for New Orleans on a holiday trip. He expects to be away several weeks. J. E. Riggs arrived here a few days ago from Bridgewater, N. S. to relieve Mr. Wright.

ANNIVERSARY MASS. A solemn high mass of requiem was celebrated in the Cathedral this morning for the late Bishop Swinney. Rev. Wm. Duke was celebrant, assisted by Fathers McLaughlin and O'Brien as deacon and sub-deacon, respectively. Rev. M. F. Howland acted as master of ceremonies.

NEW CATHOLIC CHURCH. New Freeman—The Catholic congregation is building a new church in Chipman. They purchased the land from H. C. Darragh. The lot is recognised as one of the best building sites in the city, and to have the church completed by the fall. Father Conway, on last Sunday held service in the Darragh Hall, which has been rented for services for the summer.

POLICE COURT. Hon. R. J. Ritchie left this morning for Newcastle to address a temperance meeting tomorrow afternoon, under the auspices of the W. C. T. U. Only one prisoner was arrested last night, charged with drunkenness. He was disposed of about 8 o'clock this morning.

CHILD DEAD. Sympathy will be expressed for Mr. and Mrs. Wm. H. Maxwell of Bridgetown, N. S., formerly of St. John, in the loss of their little son, Frederick Howland, aged two years and five months. The death occurred at the home of his grandparents, Mr. and Mrs. W. H. Maxwell, 81 Portland street, with whom he had been staying with his parents, who were visiting in Boston. They were called home hurriedly on the news of the little fellow's illness and the death was a fearful shock to both of them.

LOCAL SUFFRAGE ASSOCIATION. The monthly meeting of the St. John branch of the Women's Suffrage Association was held last evening at the home of Mrs. W. Frank Hatheway, St. James street. It was decided to affiliate with the local Women's Council. Arrangements were made for a campaign for the referendum at the coming civic election, when the question of the right to vote of women is to be decided.

DIED IN NEW YORK. Word has been received in the city telling of the death of Newman Estey, a former resident of Florenceville, N. B. He died in New York on Wednesday last. Mr. Estey lived for many years in Florenceville where he was respected by many friends. His body will be taken there for burial. Services will be conducted by Rev. J. D. Wetmore of this city. Four sons and three daughters survive all in New York, with the exception of Howland, in Florenceville, and Charles, in Wicklow, N. B., Theodore Estey of Wicklow, N. B., is a brother.

DIED IN CAMBRIDGE. Mrs. James D. Taylor, of Victoria street, has received the news of the death of her brother, Thomas Johnston, in Cambridge, Mass., on March 31. The funeral was held there. Mr. Johnston, who was sixty-seven years of age, was well known here in his young days, but had resided in the States for the greater part of his life. He had been in failing health for some time. Five sisters and two brothers survive. The sisters are Mrs. J. D. Taylor and Mrs. Charles Holder, of this city; Mrs. Sarah Irvine, of Millidgeville; Mrs. H. Hutchinson, of Cambridge, Mass.; and Mrs. Thomas MacRae, of Kennebecasis Island. George Johnston, of Kennebecasis Island, and James, of Cambridge, Mass., are the brothers.

VEAL IN MARKET IS PUT UNDER THE BAN. Medical Officer Condemns Some—Produce Not Plentiful

A quantity of meat was seized this morning in the country market at the order of Doctor G. G. Delvin, chief medical health officer, who, passing through the centre aisle, noticed some pieces of "early veal" which he did not think suitable for table use. Several pounds were confiscated and oil poured over them so that they would not again be offered for sale.

The supply of country produce in the market today was below the standard. There were not many countrymen in, and the supply of poultry, meats, and dairy produce was rather scanty. Stocks it is said, are being held back for the Easter market. Eggs are expected to remain at their present easy quotations ranging from twenty-two to twenty-four cents a dozen.

New Location For a Summer Colony. Purchase of Tract Between Torryburn and Renforth Announced

A new summer colony is to be established near Torryburn and between that station and Renforth. C. B. D'Arny has purchased from Frank McNair a block of land, formerly part of the Mercer farm, and is preparing to place it on the market in building lots. The convenient location and the attractive surroundings are expected to create a demand for homes in this district.

ALL LOOKS WELL FOR LOCAL BALL

Joe Page Here Today, Reports on Success in Pictou County and Moncton

The Maritime Provinces Baseball League is practically a sure thing now. Joe Page returned this morning from New Glasgow with the assurance that the Pictou county team would be ready to make arrangements when the league meeting is held. Mr. Page experienced some difficulty in Pictou county in getting the backers together. Besides New Glasgow, Stellarton and Westville, the original movers in the league matter, another town Pictou county man, Mr. J. E. Page, representing Pictou backers met Mr. Page and was strong for the proposition.

The live wire in the Pictou county combination is N. W. Mason, of New Glasgow, known throughout the county as a successful man both in business and sporting ventures. The people place great confidence in him and are ready to back him. The other men who are working towards the success of the scheme are H. A. McQuarrie, of Westville, and J. Cunningham, of Stellarton, who expressed their enthusiasm to Mr. Page. A meeting to form a local executive has been called for next Monday night when delegates will be chosen to the league meeting to be held in the same week.

On his way back to the city yesterday, Mr. Page stopped in Moncton where he was met by several of the executives of the Moncton club. They were very much pleased when they learned that the Pictou men had come into the league. The Moncton club has chosen a good live executive, consisting of William McMullin, L. B. Road, W. S. Smith and George Robinson. That they have taken hold with a will is shown by the fact that the city council this week decided to put the exhibition grounds in shape for the opening games.

Halifax reports matters to be progressing favorably. With "Brownie" Mahar and James M. Powers behind them, they are hammering away and plan on making a good showing. The fans are showing increased interest in the league and with the men mentioned on the executive end of the proposition, things look favorable in professional baseball in the maritime provinces.

ORDERS MAY QUEEN CO. TO BE WOUND UP

Judge McKeown's Decision—Shareholders Were Evenly Divided and There Was Dead-lock

In the matter of the petition of Keith A. Barber for the winding up of the May Queen Steamship Company, Limited, the honor. Mr. Justice McKeown, in his decision, after ordering that the company be wound up on the grounds that twenty-five per cent or more of the capital stock of the company has become unpaid or lost, or unavailable, and that for other reasons it is just and equitable that the company should be wound up.

Shareholders representing exactly one-half of the stock were in favor of the winding up, and the other half opposed to it. In all their meetings they were so divided, and a deadlock always occurred. His Hon. said: "Now under these circumstances, having in mind the character of the property involved, which is so easily depreciated, and which really belongs to the mortgagees, I do not think it would be just or equitable to allow this property to remain in the hands of a company whose management is so hopelessly confused. By a compromise the company managed to do business last year, but with affairs in their present condition, it is quite conceivable that the boat may not leave her wharf this summer."

The steamer May Queen is mortgaged to one of the petitioners, Mrs. Addie McLean for \$18,000, and to Captain F. H. Colwell, who opposed the application for \$2,000. The realizable value of the boat was given by a witness as not more than \$10,000. The boat is the chief asset of the company, in fact, almost the only asset of any value. The case will be appealed.

STRIKING MINERS HERE ON WAY TO ENGLAND

Three special trains were taken through the city this morning on their way to Halifax from the west. They carried passengers for the steamer Empress of Ireland. Amongst the number were about 100 miners from the American west, out on strike, and who were returning to England.

MEXICAN REBEL LEADER AND STAFF ON WAY TO JUAREZ.

REBEL ARMY ON THE MARCH. For the purpose of emphasizing the cordiality of the relations between himself and General Carranza, General Villa has ordered the most elaborate military and civil honors for the first chief of the revolution on his arrival at Juarez. General Manuel Chao, military governor of Chihuahua, is on his way to Guzman, where he will wait until General Carranza arrives. By order of General Villa two great arches have been erected across Calle Comercio, the main street of Juarez. General Carranza will pass under these arches when he enters the city, and the entire population has been ordered out to do him honor. The photographs herewith were received from the New York Herald, whose special photographer is with General Carranza.

The Opening Session Last Evening IN ST. DAVID'S CHURCH

Large Gathering of Delegates From All Parts of Province — Dine and Hear Inspiring Addresses

A gathering of about 180 boys from all parts of the province took place last evening in the lecture hall of St. David's Presbyterian church for the first session of the New Brunswick Boys' Work Conference. The conference, which is being held under the joint auspices of the Maritime Young Men's Christian Association and the New Brunswick and P. I. S. Island Sunday School Association, will continue until Sunday night and if the rest of the meetings measure up to the standard of the opening session it is likely to have more than a passing influence upon boy life in this province.

The delegates, including boys of fourteen years and upwards and their leaders in the Y. M. C. A. and Sunday school work, formed an interesting assembly and one rather unusual in this city. The purpose of the gathering is to present religious and to represent a phase of religion that is refreshingly wholesome and practical.

The first event on the programme of the conference was a banquet, followed by addresses of welcome and the introduction of the leaders of the conference and then by a couple of addresses which set the keynote for the convention. One of the most interesting features of the evening was the speech by Taylor Statten, of Toronto, national secretary of boys work for the Y. M. C. A. Mr. Statten, a young man of almost boyish appearance, is an effective speaker with the knack of discussing religion in its relation to boyhood in a manner which evidently appealed strongly to his hearers.

The banquet, which was spread on tables arranged in the form of a triangle, the Y. M. C. A. emblem, was served by a committee of ladies from St. David's, St. John, Centenary, Queen square, Congregational, German street and Leinster street churches.

Welcome to Boys.

When full justice had been done to the supper the chairman, J. Hunter White, delivered a hearty speech of welcome to the delegates. He referred to the prominent places which boys from the maritime provinces have taken in the development of Canada and predicted that among those present would be found many future leaders. He emphasized, as one of the chief qualifications of leadership, the ability to play the game as it should be played.

Rev. J. H. A. Anderson followed with a further message of cordial welcome to the visitors. Henry Gorbil, of Moncton, replied on behalf of the delegates, thanking the speakers for their welcome and also extending the thanks of the gathering to the ladies who had provided the supper.

The Leaders.

The chairman then introduced to the delegates the gentlemen who will take leading part in the conference, including Rev. W. A. Ross, St. John, general secretary of the Sunday School Association; A. S. McAllister, Halifax, secretary of the Maritime Y. M. C. A.; Rev. E. W. Halpenny, general secretary of the

Ontario Sunday School Association; Rev. I. S. Nowlan, Baptist Sunday school secretary of the St. John Y. M. C. A. Each of these gave short addresses setting forth various features of the work and indicating the lines along which the conference would be conducted.

A nominating committee, consisting of Carl Burgess, Moncton; George Machum, St. Mary's; Ralph McNeil, St. Stephen; Russell Brown, Woodstock, and Arthur Gray, St. John, was appointed to report today.

Rev. Mr. Ross.

Rev. Geo. Ross, who was called upon to address the gathering on the Call to New Brunswick Boys, congratulated the delegates on their opportunity of taking part in the beginning of a movement which was destined to mean much to the future of the province. New Brunswick, he said, is upon the eve of a great period of development and in such a time there is no need greater than the need for good citizens. The need of the service for the service of the right kind of men forms a call to boys to become children of God and to devote themselves to their Father's business. The spirit of unselfish service is developed by the training a boy receives as a member of a gang, later as a member of a larger group, then as a citizen of the community in which he lives and finally as a member of a great race. If his development corresponds with his growth the needs of others will summon him to public service.

There are calls to activity not only in religious work, but in the social and intellectual life and also in physical development. As the response to these calls is met so will leaders be developed to carry on the work of the community. There is a great need for more men to assist in the leadership in church work in these provinces and the demand for leaders offers a call to service to the boys of New Brunswick.

William T. Lanyon was then heard in an excellently rendered solo and Mr. Watt announced the plans for the meetings today.

The Boy Asses.

Mr. Statten followed with an address upon the Boy Asses. He first clinched the attention of his hearers with a graphic description of a relay race which was lost in the third lap because one careless runner gave the next man a handicap which he could not overcome. He likened the life of a boy and man to a similar race and dwelt upon the fact that the third "lap" from the ages of fourteen to twenty-one, is the critical time in development and that the whole future of the man depends very largely upon the use of his time during this period. As the best guide for a boy during this period he pointed to the life of Jesus Christ who, during these years, increased in wisdom and stature and in favor with God and man. He dwelt upon the value of the acquirement of wisdom through the use of educational opportunities; the development of physical health and strength, which play an important part in the development of moral fibre; the cultivation of the social quality of service and the final need of spiritual power without which, he said, a man was like a piece of highly developed electrical apparatus which is useless when it is not connected with the current which should operate it. The speaker held up Christ to the boys not only as a God to be worshipped but as the highest type of a hero to be emulated.

The conference resumes at 9.15 o'clock this morning and continues until Sunday evening.

The Delegates.

The delegates to the conference, by counties, include the following: St. John.

An enthusiastic meeting of organized labor men and their supporters was held last evening in the "Prentice Boys' Hall, West End, when prominent speakers from the various unions addressed a large gathering in the interests of the Labor candidate for commissioner. The speakers included F. Hyatt, C. H. Stevens, J. E. Tighe and Candidate James L. Surue. The advisability of spending in the West End some of the money appropriated for hospital extension was brought up, and the Labor men advocated erecting a branch hospital there to cost upwards of \$30,000. They said the need of a hospital in the West Side was urgent, more especially in winter.

Operating Knitting Mill.

A new company called the St. John Knitting Company, headed by Walter E. Foster, has taken over the plant of the late W. J. Parks and is operating it at the present time on the same scale as carried on by the former owner. It is the intention of the company, however, to enlarge the plant as the demand for its goods increases and possibly to engage in the manufacture of sweaters and fancy knitted goods. The company has secured the lease of the building in which the factory is conducted for another term.

T. H. ESTABROOKS HOST AT DINNER TO STAFF

Eastern Travelers and Office Staff His Guests at Union Club in Honor of Increased Business

In appreciation of the increased business of the last three months, the eastern travelers and office staff of T. H. Estabrooks Company, Limited, were last night tendered a complimentary dinner at the Union Club by T. H. Estabrooks, head of the company. Twenty-five of the employees were present. A programme of toasting-making was carried out and at the conclusion Mr. Estabrooks addressed the employees on the business of the last three months, and congratulated the salesmen for the increased sales. A pleasing feature of the evening was a presentation by the

EXPERT SUGGESTS NEW PLANS FOR HOSPITAL

Old Building Too Valuable to Be Destroyed—Would Add Three Ells and Erect Nurses' Home Separate

One of the recognized world authorities on hospital construction in the person of Edward F. Stevens, of Boston, who has already advised the hospital commission on the plans for a new building, visited the city again yesterday and was in conference during a brief stay with Warden McLellan. Mr. Stevens or some other expert will return later to consult with the commission when the plans have taken more definite shape, but it is learned that Mr. Stevens has already mapped out a plan of extension which differs quite materially from that which has been announced.

The toasts were: The King; The Eastern Traveling Staff, proposed by Mr. Estabrooks and responded to by L. C. Armstrong, J. F. Durso, A. G. McCurdy, R. W. Freeman and J. W. Simmons; the office staff, proposed by J. V. Keirstead and responded to by H. Sullivan and A. J. Simmons; the warehouse staff, proposed by N. D. LeBlanc and responded to by H. L. McCavour; the tea department, proposed by G. A. Trites and responded to by W. R. Miles and J. D. Garrett; the coffee department, proposed by B. M. Armstrong and responded to by H. B. Miles; the branch offices, proposed by L. C. Armstrong and responded to by W. A. Harrison.

mapped out a plan of extension which differs quite materially from that which has been announced. After an inspection of the General Public Hospital, Mr. Stevens submitted his opinion that the property was too valuable to be entirely destroyed. He recommended rather the extension of three ells from the present building in the direction of Waterloo street and the opening up of another entrance through Albion street, next St. Mary's church. He recognized the necessity of a new power house and pointed out a location for the plant in the rear of St. Mary's church. Instead of the hospital extension in White street Mr. Stevens recommended that the lot owned by the hospital commission be used as a site for a nurses' home to be separate and distinct from the main hospital building. It was Mr. Stevens' advice that better results could be secured by having the nurses' home in a separate building as the space under the hospital roof could be devoted to hospital purposes to greater economy.

Fortune Comes to Jeanette Mohr—Ray Elmore Ball to Study Abroad—Yale Students Get a Castigation That They Deserve

Katherine Rober, a stock star, who has appeared before St. John audiences with much success, has entered vaudeville in a playlet. What Would You Do by Una Clayton. She was given a warm welcome by her admirers when she played at Poll's in Worcester recently. Miss Rober is supported by Lillian Singleton, Beatrice Allen, and Leander Blenden. Martin Harvey, who was to have played St. John this season in his play "The Daily Way," had an amusing experience when playing in Calgary recently. On the afternoon of his arrival he was walk-

ing along a lane to the stage entrance to the Sherman Grand, when he came upon about forty men, the discards among those who had applied for work as extra people in "The Only Way. One of them stopped him and said, "It's no use, cull, we've all been turned down." Mr. Harvey thanked him, but said he would try for a job anyway. He got it.

Jeanette Mohr, a pretty member of the Rosey Posey Girls company, who next season is slated as soubrette of that attraction, recently inherited a fortune estimated at \$500,000 from her grandmother in England. Miss Mohr, however, declares she will not quit the stage until she has achieved a "real career."

Ray Elmore Ball, a violinist, is to leave vaudeville late in May. She then will go abroad and will spend the summer months studying violin music on the continent. Miss Ball will return to vaudeville in the fall.

Walter Whitehead will in all probability be seen in New York next month under Henry W. Savage's management. The vehicle is to be "Mr. Wu."

"Gordelia Blossom," a new comedy in four acts by George Randolph Chester and Lillian Chester, will have a trial soon. The company includes Grace Hillston, Jane Gray and Burr McIntosh.

George Arliss has decided not to try a London verdict for his "Dlarsell." He has just sold his English rights to Denys Laide. Fear of how a British public would regard Parker's liberties with the Bank of England is said to have been the cause of Mr. Arliss' decision.

William Faversham has accepted an invitation to represent America in a series of international Shakespearean performances to be given in the Stratford Memorial Theatre, Stratford upon Avon, beginning in next August. This amusing little affair incidentally suggests the need at our principal universities of a course of training in the higher ethics of masochism course in which the many virtues of students may be developed on fairly broad lines, as their physical prowess is developed, and away from the tendency to disgrace themselves, their alma mater and their countrymen generally.

THE LATE B. F. KEITH In the Newton Cemetery church last Monday afternoon a large gathering of theatrical men and friends from distant parts assembled to pay final tribute to B. F. Keith, the "Father of Vaudeville." Although the service was private the occasion was of great interest. The services were conducted by Rev. Edward A. Horton, chaplain of the senate, who was a personal friend of Mr. Keith. Mr. Horton read from the Scripture and offered prayer quoting two poems "There is no Death," and Whittier's "Eternal Goodness." Mr. Horton spoke on the noteworthy qualities of Mr. Keith's personality.

In the conservatory adjoining the chapel the Meistersingers of Boston rendered the following interesting songs: "Thee and I," "Still, Still With Thee." Following these services the body was removed to the receiving tomb to await burial.

GIRL CLIMBS A POLE HUNDREDS OF FEET IN AIR

Constance Bennett's Nervy Act For Moving Picture

NEW YORKER'S SHIVER

Carl Blackwell to Leave the Kalem—Brady to Use Movies as Test of New Plays—Vitagraph Organize Fire Department

Miss Constance Bennett, whose profession is risking her young, blond and carefree existence in leaps from East River bridges, horse back jumps into chasms and similar gentle little acts for the movies (generally in company with Rodman Law) gave an individual performance in New York this week and sent shivers all the way up the spine of a few thousand New Yorkers.

Her act was merely to climb an 85-foot flagpole surmounting the 340-foot Equitable Building at 37 Wall street to show that a woman may be a steeple-jack as well as a man.

She appeared on the roof with Law and the film grinder in a blue flannel shirt and a tight skirt, but soon got rid of the latter and beckoned on a pair of khaki pants. Then she adjusted a harness around her, gave her a "bo'sun's chair" (which isn't a chair, but a silver of wood in a slip to sit on, and up the 18-inch steel pole she went.

Just to show what she could do, Law then shinned up the 85-feet in six minutes and then came down in about two. ELECTRICITY IS THE SOURCE OF PHYSICAL AND MENTAL ENERGY

Every man who is falling and "going back" knows that there ought to be something that will restore that old "steam" to his physical body...

I know it, too, and I've got it. Electricity. You can't name anything more likely to have that force which a weak man lacks...

If you have been paying money to doctors and taking nasty drugs for years, and after getting no benefit from it all, you find a new lease of life after using my Belt for a month, you will be enthusiastic...

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which men suffer are due to an early loss in Nature's reserve power through mistakes of youth...

My Belt is easy to use; put it on when you go to bed, you feel the glowing heat from it (no stinging or burning)...

WHO PAID THE BOON INTEREST?

Government Gives An Evasive Answer

H. A. POWELL'S VISIT

Taxation of Railways - Grand Falls Railway Seeks Incorporation - "Silencers" Prohibited

Fredericton, April 3.-An answer that was given in the house today respecting the defaulting of the St. John & Quebec Ry. Co. upon payment of interest upon its bonds must have astonished those who have had an opportunity to investigate the affairs of the company and the Valley railway.

The answer was that the interest had been met before maturity at each due date. This was merely a quibble upon words. The committee appointed by the caucus knows that the province of New Brunswick had to come to the rescue and assistance of the St. John & Quebec Railway Co. and make arrangements to send money for interest to London by cable. They also know through what bank the money was sent and how it was secured to the province.

This is but a sample of the methods employed to keep things connected with the transaction of this company and the government from the public. It is time, indeed, for a complete show-down and for all facts to be known.

H. A. Powell was here today and saw Governor Wood. Afterwards the premier had a lengthy conference with the members of the cabinet.

When the house met this afternoon the petition presented by Mr. Guthrie from the municipal council of York, asking that the railways be taxed upon the value of their property was discussed. Premier Fleming said that this was an important matter and should be dealt with. In other provinces the railways were taxed, in some cases as much as \$90 for a mile of track.

Mr. Fleming moved that the fee paid by the St. John Hydro-Electric Company on introduction of the bill be refunded. Hon. Mr. Fleming introduced a bill respecting forewaters, which, on the ground of urgency, was read a second time.

The house went into committee with Mr. Witsell in the chair, and took up the consideration of the bill relating to the town of Bathurst and the pulp and paper company to be established there. Mr. Slipp maintained that it was immaterial whether the company was made for leave to sign summary judgment on a specially endorsed writ after appearance for want of a bona fide defence. This action was brought by the plaintiff to recover \$12,000, the amount of a promissory note alleged to have been made by the defendants in favor of J. D. Seely, and by him endorsed to the plaintiff. The summons was returnable before chief Justice Landry of the King's Bench Division, but the argument was heard before Mr. Justice Barry. The statement of defence set up fraud, not on the part of the plaintiff but in the procurement of the note, of which fraud it was alleged, the plaintiff had notice before he became holder. After argument by counsel, the application took the form of an order for directions, the order being that the case be entered at the present Saint John Circuit Court now being held by Mr. Justice MacKenzie, and tried there with or without a jury, common or special as either party may desire, short notice of proceedings to be taken. Mr. H. A. Powell, K. C., and Mr. H. O. McInerney appeared for the plaintiff, and Mr. D. Mullin, K. C. for the defendant.

and suggested that progress be reported. This was agreed to. The bill relating to Perth sidewalk district was agreed to. Grand Falls Railway. The bill to incorporate the Grand Falls Railway Company was then taken up. Mr. Carter explained that the bill was to grant a franchise for a railway from the town of Grand Falls to the Maine border, and also to other points in the counties of Victoria and Madawaska.

Hon. Mr. Fleming said this would give an entrance for the Bangor & Annapolis railway into Grand Falls from Limestone (Me.), a distance of seven or eight miles. The province had a big interest in a railway to be built into the town of Grand Falls, and in the event of development, taking place at Grand Falls as projected, the traffic which would be created would perhaps by means of this charter be diverted to this corporation, he had mentioned, in a foreign country.

Hon. Mr. Clarke said the provisions of the bill were all right for an electric railway, but some were objectionable for a steam railway, and upon his suggestion

Game Law Changed. Hon. Mr. Fleming said in the act of last year by a typographical error gave permission to hunters to kill three deer, the intention of the act was to increase the cost of license to resident to \$3 instead of \$2, and the word three had been inserted in the wrong place in the act.

And You Get Taken In "What is this Meptomania I read so much about in the papers. It is catching!" "No, it is taking!"

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a slice of this leather of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning. Not one species of microbe with some found that Zam-Buk does not kill!

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. That is why Zam-Buk cures are permanent.

Only the other day, Mr. Marsh of 101 Desford Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. He says: "I have never since had my cure of a disease he had for twenty-five years. He is still cured, and has had no trace of any return." All druggists sell Zam-Buk at 50c. We will send free trial box if you send this advertisement and a 1c stamp (to pay postage). Address Zam-Buk Co., Toronto.

The bill was so amended as to make the franchise for an electric railway only. It was then moved that the bill be referred to the committee on the subject that the bill gave the company authority to construct and operate wharves, docks, elevators, etc. which he thought should be referred to the committee as well. Mr. Pinder said that the bill seemed to him to be a measure which would be of great benefit to the province. He said that he would be glad to see some provision made for work to be started at once. He said that he would be glad to see some provision made for work to be started at once. He said that he would be glad to see some provision made for work to be started at once.

Mr. White (Victoria), when the section giving the company authority to make connections with other railways operated by electric, steam or other motive power was under consideration, said he did not think anything should be done to prevent this proposed railway making connections with both steam and electric railway to as to make traffic for the new road. He was willing to have a clause added which would prevent a steam railway from entering the town of Grand Falls over this company line, which might run on the public streets, without the permission of the town council first being secured.

The committee took recess at 6.30 o'clock. This evening the bill was amended so as to fix three years as the time to commence work, and five years to complete construction, the title was amended to read "The Grand Falls Electric Company" and with the amendments, was agreed to.

Hon. Mr. Clarke introduced a bill to amend the Workmen's Compensation Act. Hon. Mr. Fleming (for Hon. Dr. Landry) introduced a bill to provide for the redemption of provincial debentures, falling due in 1915. Hon. Mr. Fleming (for Hon. Mr. Morritt) introduced a bill to authorize a loan for certain purposes; also a bill to make further provision for permanent bridges and other works of a permanent character. He explained in regard to the former bill that the construction of the annex to the Normal school had cost considerably more than the estimates which were made some years ago and a new roof had become necessary for the main building. The house went into committee with Mr. Pinder in the chair and agreed to the bill to amend the game act.

GOVERNMENT GETS PARTIAL SUPPLY

One-Sixth of The Estimates Passed

TO STOP ADULTERATION

Minimum Pay of Post Office Clerks to be Raised \$100-Worthy Battle Over Tory Corruption

Ottawa, April 3.-An interim supply bill for \$20,355,000 was passed in the commons this afternoon, and will be referred to the senate to receive the approval of the deputy governor. The bill included \$1,801,261 for the current year. The vote for the current year consists of the estimates already passed and one-sixth of the total of the main estimates to keep the government machinery running for the first two months of the fiscal year.

P. O. Clerks' Minimum Salary Raised. Hon. L. P. Pelletier's resolution to raise the salaries of clerks in the city post offices was passed and the bill passed on it was given a first reading. This bill raises the minimum salary from \$600 to \$650 per annum and provides that increments be granted of \$100 per year up to a maximum of \$1,400. Hon. Rodolphe Lemieux in a brief speech charged the extension of the competitive examinations to the outside service.

Hon. Martin Burrell moved a second reading of the bill to regulate the manufacture and sale of dairy products and to prohibit the shipment or sale of butter substitutes. The minister said that dishonest dealers, particularly in Montreal, were making "process" or "renovated" butter that had an amount as fairly percent of water in it but because the present act required proof that acid was used to put this water in the butter, convictions had been refused in Montreal. A fraud was being perpetrated on the public and legislation was needed to stop it.

For Pure Maple Syrup. The bill was given second reading and referred to the agricultural committee, as was also Mr. Nantel's bill to amend the adulteration act by providing that only pure maple syrup may be so labelled.

The house then took an act to amend the railway main claims act which provides for a minor change in the case of damage suits against the Intercolonial to the general manager instead of the board of management who is named as the defendant for the road. J. J. Hughes, of Prince Edward Island, moved that the bill be referred to the committee on the subject that the bill gave the company authority to construct and operate wharves, docks, elevators, etc. which he thought should be referred to the committee as well.

The evening sitting of the house was devoted to the report of the fisheries estimates. There was some discussion as to the monthly bulletin issued by the department giving statistics as to the various catches in the various fisheries. Mr. Sinclair declared that the statistics in the bulletin as to the monthly catches in Guysboro county were evidently very correct. His county figures supplied by individual fishermen which aggregated very considerably more than the total catch given by the official bulletin. Mr. Kyte, Mr. Tuguen and other Liberal members also complained of inaccuracies.

Hon. J. D. Hanson replied that the officials of the department were not to be blamed for the inaccuracies. He promised, however, that the instances cited would be carefully investigated. W. S. Loggie (Northumberland) drew attention to the fact that the fishermen of his constituency during February sold 382 tons of smelts at 18c per ton higher than they received in February of the previous year. The reason was, he said, because the United States duty had been removed. The increase in price is all right for the fishermen, but it meant an increase in price for the consumer. Mr. Loggie said he was looking to the finance minister to tell the consumers in his budget speech on Monday next how they were going to be helped.

A Lively Tilt. After drifting along in a calm and desultory discussion of fisheries estimates all evening a sudden storm blew up in the middle of the night. The word "liar" was flung across the floor, it was charged that the chairman's ruling had been deliberately disobeyed, and it was suggested that the sergeant-at-arms be brought in to take charge of D. D. MacKenzie, the ex-judge from Cape Breton whose "misunderstanding" was the chairman and the other side of the house was the cause of the whole row. Mr. Fowler, the member for Kings-Edmont, intimated that if he took the case in hand himself the sergeant-at-arms would not be needed. The whole incident occupied nearly an hour but the story may be briefly told. Mr. MacKenzie and Mr. Davidson, of Annapolis, was discussing what happened in the recent provincial by-election in Victoria (N. B.) Mr. MacKenzie charged that Mr. Davidson had in a speech there invited all the applicants for Fenian raid bounties to see him about it. Mr. Davidson promptly declared that Mr. MacKenzie was stating what was absolutely not true.

Mr. MacKenzie retorted that he could produce affidavits to show that it was true. Mr. Davidson, with some heat, called Mr. MacKenzie a "liar." Chairman Blondin intervened between the two heated controversialists and suggested that Mr. MacKenzie should accept the denial of Mr. Davidson. Mr. MacKenzie thought this was a very lopsided decision and unadvised on the part of the chair. He said that he never said Mr. MacKenzie thereupon said that there were certain rules of

SAILOR SWEEP FROM DECK OF TYROLIA

Belfast Man Lost During Storm Despite Gallant Efforts to Save Him - Another Passenger in Added to List

While the steamer Tyrolia was steaming to St. John, where she arrived yesterday after a stormy passage, one life was lost by drowning when Seaman O. S. Wally, aged twenty-five years, of Belfast, was swept overboard, and another life was born when Mrs. Corrie, wife of W. Corrie, gave birth to a girl. The steamer paid her visit on March 30. Dr. Fred Hall, ship surgeon was in attendance. Mrs. Corrie will remain in St. John for a few days. All possible effort was made to save Wally from death in the turbulent sea. The cry of man overboard brought the watch to the side instantly and four lifeboats were thrown towards the struggling sailor but all fell short as he was carried far from the liner by a high comb. The signal was given instantly to stop the ship and she was turned in her course and driven back to the approximate position of the accident. A lifeboat, commanded by Officer Blair, was sent away as soon as possible in the rough sea, all of which had been busy during the hour for the missing sailor.

The reader of this paper will be pleased to learn that there is at least one druggist who has been able to cure in all its stages, and that is the case with Hall's Catarrh Cure. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Careful being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally by acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the capabilities and assisting nature in doing its work. The progress here is such that in its course, it never fails to cure, and for all its simplicity, it is the only cure. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Man without success. With him in the boat were Fifth Officer Kerr and Third Officer Hodgson.

Every effort was made to rescue the sailor but the attempt was almost hopeless from the start on account of the storm. Seaman Wally was only a young man and was well liked by his shipmates. He was making his first trip on the Tyrolia.

Mr. Bond, aged 85 years, of Liverpool, was taken ill with fever on the voyage and was removed to the General Public Hospital yesterday afternoon. Mr. Bond who was a cabin passenger, has been a resident of Canada for some years and was en route to his home in the west accompanied by his wife.

Captain A. Murray, formerly of the Mount Royal is in command of the Tyrolia, succeeding the veteran mariner, Captain Carey who has retired after a most honorable career in the trans-Atlantic trade.

Captain Murray said last night that the voyage had been unusually rough without an interval of calm from land to land and the steamer was buffeted by gale and sea throughout the passage. The passenger list included 84 second cabin and 240 steerage, the majority of whom are natives of the British Isles. The Tyrolia had 2,600 tons of general cargo.

When the Rendova, a bark from Seville, Spain, arrived at New York harbor recently it looked more like a chicken farm than a vessel, the decks and rigging being covered with hens and poultry. They were three incubators of whom are natives of the British Isles, aboard, all of which had been busy during the hour for the missing sailor.

KING WILL PUNISH COURT MEDDLERS

Democratization of Court First Before Army in the Report.

(Special Cable to Montreal Daily Mail)

London, April 12—From a member of court circles highly qualified to judge the events of the last two weeks growing out of the Ulster crisis aroused in the royal circle interest which at times developed into a serious one.

Gossip is busy with names of several who it is said will before long cease to derive reflected glory from their present close association with the king, owing to the part they are believed to have played in the political crisis.

A democratization of the court, in fact, will probably be realized in some measure by the initiative of the king himself before the democratization of the army, to which the Liberals have threatened to have recourse.

FLOATING HARBOR CRANE PLANS SHOWN MAYOR

BY CAPTAIN MULCAHEY

Captain A. J. Mulcahey called on Mayor Frink this morning and showed him plans and designs for a floating harbor crane capable of lifting eighty tons, of the type recommended by shipping men for use in this port.

The mayor said that when the plans for the new wharves at West St. John were drawn he was assured by Hon. Mr. Pugsley, then minister of public works, and since then by Hon. J. D. Hazen, that the new docks would be equipped with every device of the most modern kind for the economical and expeditious handling of cargo and that at these wharves at least full provision would be made for handling heavy weights. Regarding the wharves he said that the expense was too great for the city to bear but that the plan might be provided by local people as a private business venture or the federal government might be asked to provide the crane.

Interest in the evangelistic services in the City Hall continues unabated. People crowded the hall last evening to hear Doctor Burrows speak on "Fire from Heaven." Yesterday afternoon the evangelist delivered a sermon to women only. The hall was well filled.

IS A NICE RACE

Closing Play in City Bowling League Is Nerve-Racking

The Leaders Are Well Bunched—Tonight May Make Change—Last Evening's Rolling on the Victoria and Black's Alleys

Never was there such interest being shown in the City Bowling League, now to the last stages on Black's alleys, as of the fact that three teams are all

and there are only a few more games to be played. The leaders stand as follows:

Table with columns: Team, W, L, Pct. Lists Tigers, Wanders, and Sweeps.

The Wanders have played one game more than the others, and have but one game more to play—with the Ramblers; the Sweeps will meet the Tigers and the Ramblers, besides their other games with the Wanders, will play the Ramblers. If the Wanders and the Sweeps split even on the games they have to play they will be tied with 21 points won and lost, and the Tigers will need six out of the eight points in their two games to make it a three-point lead. Nobody seems at the present time to want to pick a winner. The other teams have no chance for first position.

Last Night's Games

No. 5 team in the Five Men Team tournament on the Victoria alleys last evening, took all four points from No. 3 team, winning with a margin of sixty-three pins. No. 3, however, rolled an exceptionally steady game, there being only one pin difference in their three strings. The box score was:

Table for Five Men Team showing scores for Gardner, Conghlin, Lyons, Harrison, and Carleton.

Table for No. 5 Team showing scores for Sloan, Thurston, McIlveen, Ganshlin, and Ferguson.

Notes of the Games

A dark horse, one Lyons, made his appearance on the No. 5 team last evening, and his average of 96 was not beaten. Ferguson had three good ones last night—seems a trifle, none of them were able to make a point. The winners last night had, as a team, an average of 88. Pretty good going.

Black's Alley

In the City League on Black's alleys last evening the Ramblers defeated the Firsts, three points to one. The result of the game will not affect the standing of the three teams fighting for the league leadership. The scoring was as follows:

Table for City League showing scores for Ramblers, Beatty, Jordan, Sutherland, Fitzpatrick, and Wilson.

Table for Firsts showing scores for Lungeron, Evans, Dunham, Logan, and Kelly.

Notes of the Games

Kelly's string of 104 was about the only bright spot in last night's game. There is some interest in tonight's game between the Sweeps and Tigers, for it is likely to make some difference in the standing of the league leaders. Only a few games left, and those leading teams are out for every point.

KNIF BEATEN IN CLOSE GAME

In a game that was full of thrills from start to finish Jack Knif met his first defeat in the pocket billiard tournament at the Ideal parlors last evening when Mark Stevens won by the close score of 100 to 96. Stevens had the high run of the evening, fourteen, and had to make every ball count to beat his opponent.

As a result of last night's game, Knif and Stevens are now tied with Jack Howard for first place, each having won four games and lost one. LeBaron Driscoll and A. Ramsay are tied for second place with three wins and two defeats. The tournament promises some good contests.

114 FIVE-MAN TEAMS

Also 300 Two-Man Teams and 600 Individuals Are Entered for National Bowling Association Tourney.

Atlantic City, N. J., April 3—One hundred and fourteen two-man bowling teams, 800 two-man teams and 600 individuals, have entered the eighth annual championship of the National Bowling Association, to be rolled here beginning April 16 and ending April 28. The total prize money to be distributed to the teams rolling the highest scores will be between \$7,000 and \$8,000.

Philadelphia leads the five-man teams with thirty-two squads; New York City and vicinity entered twenty-nine, New York City and vicinity entered twenty-nine, Newark, ten, Elizabeth, three, Paterson, three, Washington three, Reading three, Schenectady three, Harrisburg two, Trenton two, while among other towns to enter five-man teams are Hoboken, New Haven with one, and the A. P. C. champions; Albany, Buffalo, Toledo, Cleveland and Montreal, Baltimore, Wilmington, Scranton, Yonkers and Uniontown Pa.

Acker Gets Some New Ones

Len Acker, a Halifax theatrical magnate—horseman, bought Walter J. (2:09 1/2) and sold him to a Sydney buyer then Mr. Acker bought Artygo (2:06 1/2), with which to beat Walter J., and the rest of the free-for-all in the maritime provinces. Artygo was formerly raced by Carl Gossell, a Cambridge City, Ind., driver and a record of 2:06 1/2 was made over a half mile ring.

A Good Stride

W. W. Fleming, who drove Joe Patchen II, with such success in 1913, when the Canadian pacer won the Chamber of Commerce at Detroit, and earned \$27,850 in purses during the season, arrived with seven horses in Toronto this week. They are the property of W. J. Cowan, of the Maple Stock Farm, Connington.

Will Be Run in August

New York, April 3.—The Jockey Club announces that the Futurity, the chief two-year old event of the America Turf will be run at Saratoga in August. The race this year, it is said, was made possible through the contribution of \$2,500 by the Owners' Fund to the \$20,000 guaranteed by the Saratoga Racing Association, making the purse \$22,500, as provided for in the conditions of the race.

HOCKEY

Two N. H. A. Players to Coast

That there will be almost a general revision of the playing rules of professional hockey for next season was practically assured at a meeting of representatives of the National Hockey Association and the Pacific Coast League held in Montreal the other day. The session was a lengthy one as not only the playing rules and the penalty system were discussed, but two of the three men allowed the coast league to draft were selected. Each of the clubs in the N. H. A. is allowed in alternate years to reserve any three of their men, while the Coast League has the choice of the others. The two men chosen by the Pacific were "Shemp" Roman, of Ottawa, and Geo. O'Grady, of Wanderers. The third man will be chosen from the Quebec Club as soon as their roster list is sent in.

Artificial Ice for Quebec

Quebec, April 3.—Now that Montreal has taken the initiative in the matter of getting an artificial ice plant for its arena, the management of the Quebec arena, promises artificial ice for the local arena just as soon as it was installed in Montreal, will likely decide on putting in the plant during this summer.

THE KENNEL

Reciprocity Agreement

New York, April 3.—The reciprocity agreement, which has been under consideration for some time between the Kennel Club of England and the American Kennel Club, has been signed, according to an announcement made public here.

It provides, among other things, for a mutual exchange and recognition of black lists, and follows to a certain extent the understanding which exists between the Jockey Clubs of the two countries on thoroughbred racing.

A Wonderful Collie

New York, April 3.—A cable to the Herald from London, says: The collie club's annual championship show was held on Wednesday. It was notable for the debut of T. Alenough's wonderful puppy, Parbold President, which made a clean sweep of the first prizes by heading all the seven classes for which he was entered. He won up by carrying off the dog champion award.

BASEBALL

McGraw's Assailant Fined

At Neumann, Texas, April 3—John J. McGraw, manager of New York Nationals received the following injunction from the owners of the Houston, Texas League Club: "After a thorough investigation of the deplorable affair that took place on our grounds on Tuesday, we have, for the first time in our history, suspended him indefinitely and fined him \$50."

Flirting to Europe

Montreal.—Frankie Fleming, a Canadian featherweight champion, and Joe Shear, a husky English bantam, will soon leave for English shores. Jack Bennett, who manages Shear, has completed arrangements for a European tour of the pair which will take up the greater part of three months. Bennett intends to take the two boys to London and after a series of bouts there, move to Paris. According to present arrangements, the two scrappers will leave within two weeks.

Holds Clabby to Draw

San Francisco, April 4.—Jimmy Clabby of Hammond, Ind., and Billy Murray, of Sacramento, middleweights, fought twenty rounds to a draw last night in Daily City.

Carpenter After Jeantette

Paris, April 3.—Another fight between George Carpenter, the French champion, and Joe Jeantette, the colored American fighter, to be held a month hence, is being arranged. Carpenter's backers are so dissatisfied with the verdict for Jeantette in the recent meeting of the men that they are willing to put up another big purse.

News of the Boxes

Joe Woodman declares he is not the manager of Percy Flynn. Woodman is doing his own managing and Woodman says Sam Langford is the only boxer he is managing.

Tacoma sports believe they have discovered a white hope in Joe Bond. In a recent bout in that city he showed good class against a clever heavyweight.

POWER BOAT CRUISE

To Start From North End On July 1

Plans Announced at Smoker in Club Rooms Last Evening—Aquatic Events To Be Held in Y. M. C. A. Tank

At an enjoyable smoker at the St. John Power Boat Club last evening, it was announced that the annual cruise of the club fleet would start on July 1, with The Willows as the objective point, where the race for the Commodore's Shield will be held. Many new boats have been entered in the club's list this year, and the most successful season in its history is anticipated.

Commodore Gerow presided at the largely attended gathering last evening and among those present were Commodore's Messengers McLellan and Wigmore, and Candidates Russell, McDonald, deForest and Potts. The programme consisted of selections by the club orchestra and instrumental music by the Band brothers, readings by Roy Harding and Robert Carson, vocal solo by M. Ransay, and six reels of motion pictures. The Commodore announced in his address that the fixtures for the club season would be published after the quarterly meeting of the club. Refreshments were served to bring a delightful evening to a close.

Aquatic Events at Y. M. C. A. A series of aquatic sports will be held in the Y. M. C. A. swimming tank next Saturday. The exhibition will be chiefly along the lines of life saving, and life-saving, entitled "At Home in the Water." Instruction is being given in this line at the regular classes.

There are the bunch, but they lack brains. They don't know the fine points of the game and nobody can teach them. There are millions of piano players," he said, "but there is not one who can teach. So it is with fighting. There are good fighters—has been a man—but they can't teach the new crop of pugilists how to fight." Fitzsimmons says he has made \$500,000 out of theatrical business, and that he made nothing out of the fighting game.

Kid Williams, who is a contender for the bantam title, will meet a tough colored boxer named Loustans in Philadelphia next Monday night.

World War Boxing Matches

The Cambridge, Mass., Law Enforcement Association and Clergymen in the University City have started a campaign against boxing exhibitions in the city. It plans to enlist the assistance of the citizens in general to stop the new crop of pugilists how to fight. It is said that the present agitation is the result of a recent attempt to allow women and girls to attend the matches.

Local Sport Briefs. Looks as though a great many of our amateurs will be out of sport until they are reinstated by the C. A. A. U. This winter's hockey season was a bad one so far as suspension of players is concerned. The members of the St. John Soccer Club are considering affiliation with the St. John Athletic Club. At a recent meeting of the soccer players, they appointed delegates to meet the other athletic organizations to discuss the possibility of amalgamation. It is felt that the move would be a wise one, and of great importance to the promotion of sport in the city. It would simply mean an additional line to the St. John boys' sports. The contestants are running close in the pocket billiard tournament at the Ideal parlors. There are three of them tied for first place, and two more following closely. A pleasant feature of the New Brunswick Boys' Work Conference, now in session, will be a basket ball game between the St. Stephen High School team, all the members of which are delegates to the conference, and the Y. M. C. A. intermediates who are local delegates to the conference. The game will be played on the Y. M. C. A. gym floor this afternoon. The Y. M. C. A. gymnasium rooms and swimming pool have been thrown open to all the members of the boys' conference during their stay in the city and many took advantage of the offer and have called in during the day. About twenty-five of the candidates for places on the High School track team turned out yesterday afternoon for their weekly practice and worked diligently at getting into shape for the sports this summer. Preparations are now being made for a gymnasium exhibition of the several classes at the Y. M. C. A. to be held towards the last of the month. Fancy exhibitions and class work, as well as trapeze and drill work, will be features. About 100 of the pupils are now training under the eye of the physical instructor, C. D. Howard. Karl Lesnie, a Bohemian wrestler, who was seen here this winter, is to leave for Europe in a short while, but before he goes he is to meet John McLaughlin, a crack heavyweight, Irish wrestler. Lesnie is anxious to clean his American stay with a win and a good bout is anticipated. ON MURDER CHARGE AFTER SEARCH OF MORE THAN YEAR. Colombo Brothers Placed Under Arrest in Italy. Slaying of Aged Man in Vermont For His Money in Charge Against Them—To Be Tried on Depositions. Boston, April 4.—Giuseppe and Giovanni Colombo brothers, who formerly were employed as laborers on the Rutland Railroad, between Rutland and Alburg, Vt., have been arrested in Passaic, N.J., on charge of the murder of Henry Ward, aged 82, at New Haven Junction, Vt., on December 9, 1912. Representatives of the Wood-Morgan Detective Agency of this city traced the brothers to Italy, causing their arrest after a search which had lasted more than a year. The local office of the detective agency has been notified of the arrest of the Colombos in their home town. The murder of Ward was one of the most brutal and shocking that has ever been committed in the Green Mountain State. The aged widower lived in a small house less than 100 yards from the railroad station. He bragged about his fortune and made no secret of the fact that he had but little faith in banks and kept his savings hidden in the house. It was customary for him to carry large sums of money on his person, and frequently he would display his bank-roll at the depot and other public places. He was slain one night when he was moving toward his barn to bed the horse. His throat was cut from ear to ear, and he was beaten over the head with a club. His throat was slashed, a part of the razor blade being left in one of the wounds. The blood-stained razor was found on the floor of the barn, and about a mile north of the scene of the crime the authorities found a blood-stained Burlington paper. Early investigation satisfied the Addison County authorities that robbery was the motive for the murder, as the old man's wallet, containing between \$2,000 and \$5,000, which he generally carried in his vest pocket, was missing. It became known that the Colombo brothers, who were working on the railroad, and who had always been considered very poor, were away from their home in Burlington on the day of the murder; and that when they returned they seemed to be prosperous, paying bills and displaying money. They left Burlington suddenly, going to Brooklyn, where they exchanged about \$2,000 in American money for Italian bank notes. They sailed for Italy via Havre, which caused an expenditure of about \$85 more than they would have had to pay providing they had gone direct to Naples. Passaic, their birthplace, is in the Province of Sircusia, in Sicily, and upon their arrival they astonished their townsmen by exhibiting their riches. They bought property and spent money freely. This created an unusual amount of talk, and their countrymen in Passaic inquired about the brothers' wealth when they wrote to friends in this country. Naturally the "talk" was heard by agents of the local detective agency, who were working among the Italian laborers in Vermont. One of the firm of the detectives went to Italy. The men will not be extradited, as that cannot be done under the present treaty between the United States and Italy, but they can be tried in their home land on depositions and affidavits that the prosecutor of Addison County will furnish. NOW FOR CRACK OF THE TRAP-SHOOTER'S RIFLE. The St. John Gun Club are opening their season on their grounds back of the Sandy Point road today. The members anticipate a successful year and are making the first match open to all enthusiasts, whether members of the club or not. Suitable prizes will be given. Walter S. Hawley has won the distinction of having the best hearing in Western Massachusetts. While at his home in East Brookfield, he heard the first alarm in Springfield, thirty-seven miles away, and was able to count the number, which was 671. When in Springfield the next day he inquired and found that his ears had not deceived him. USE THE WANT AD WAY

Send New Middleweight Against Clabby

(FROM T. S. ANDREWS)

Milwaukee, April 2—Jimmy Coffroth, a San Francisco promoter of boxing, who was in Milwaukee and Chicago recently, thinks that Billy Murray, a new middle weight whom he discovered not long ago, will prove quite a stumbling block to Jimmy Clabby when they meet in the World's Fair city on April 4. Jim assures me that Murray has everything that goes to make up a successful fighter—speed, cleverness and hitting ability. He lacks the experience and for that reason Clabby may out-general him in their coming battle, but he thinks that with a few contests of this kind he will be able to travel at a much better clip before the end of the present year. Should he make a good showing with Clabby, it is the intention of Coffroth to match him with either Jack Dillon or George Chip.

After this contest, Clabby will sail for Australia, where he is under contract to Shoney Baker for six contests, and the chances are he will remain over there for ten battles in all. He will be accompanied by his manager, Larney Libbenstein, and two Chicago lightweights, Steve Ketchel and Joe Welling. Ketchel is a tough proposition, while Welling is quite clever and capable of putting up a good battle against any 135 pounder. They will train with Clabby while in Australia and that is one reason why Jimmy was anxious to have them along.

For a lightweight who was supposed to have seen his best days a year ago, Grover Hayes of Philadelphia has been making a remarkable showing of late. After his return from Australia he seemed to be in rather poor shape for a time, but soon recovered his bearings and began to show the form that made him such a favorite in Philadelphia for several years. Grover went out west and twice fought Joe Asvedo, an Oakland lightweight, making such a good showing that the promoters there matched him again with home boys. About this time Willard Stuart, who formerly managed Grover, drifted out to the coast and the two again decided to share their fortunes.

Stuart is one of the real clever managers of boxers and he is also a first-class press agent, which is a valuable asset to a fighter. He is endeavoring to arrange a match on the coast with either Freddy Walsh or Joe Rivers. Hayes has been fighting for the last ten years as a high class lightweight, and while he has never been in a championship contest, he has always been meeting the top notches. He has had probably more battles than any of the lightweights now before the public and there are very few losing decisions against him.

TAX REFORM MAN GIVES HALIFAX RAKING

Diriest, Shabbiest and Most Woebegone Looking City in Canada, Says Mr. Brown

The Halifax Chronicle publishes the following:
To the Editor of The Chronicle:
Sir,—When I resolved to visit Nova Scotia, my mind was filled with pleasurable anticipations, I looked forward to seeing in Halifax, a city worth visiting. I had from my childhood in Ontario read much and heard much about Halifax; the oldest city in Canada, blessed with a unique and splendid location; situated on the finest harbor of Canada; and enjoying the priceless asset of 165 years of opportunity and progress. I looked forward to seeing a city worthy of its location and profiting from its privileges. I was sorely disappointed, so terribly disappointed as to feel as though my ideal had been shattered.
Coming from New York by steamer, we got near Nova Scotia, I thought how greatly blessed was Nova Scotia and particularly Halifax, because of its great sea wealth and when I thought of the other great resources of this province, such as timber, coal and farming lands, I felt sure I would behold in Halifax, a City of ease, strength and beauty.
The harbor as we rode in looked as good as a report picture of it. It was a spacious port in which unlimited fleets could find safe anchorage, and the hills that sloped gently down to the sea, gave an impression, grand and inspiring.
My first shock was the condition of the pier where our vessel tied up; primitive, rickety and dilapidated; shamefully out of order and a disgrace to any port, let alone a port that claimed to be one of the world's ports.
I began at once to wonder what was wrong with the people of supposedly thrifty Nova Scotia, that in 165 years,

they could not produce a decent pier to the ancient city, but rather to spur them up to redeem their city. I am forced to say that of all the cities of Canada, and I have seen them all, you have the dirtiest, shabbiest and most woebegone looking city in the whole Dominion. It is safe to say that outside of any new residence district, you may have, that at least 80 per cent. of the buildings are absolutely worthless. There are more old ramshackle on valuable lots than in any other Canadian city and that is saying a good deal.
Now Halifax should be the most beautiful and modern city of Canada. It takes time to produce wealth, you have the time, it takes intelligent and thrifty people to build fine cities, you have the intelligence and thrifty people; then why is it you have a city of less than 50,000 after 165 years, and a city that looks as if the hand of death were laid upon it and it was laid out for burial? Simply that your tax system has more than offset the energy of the people and the wondrous natural advantages you possess.
Financing Improvements
Every effort has a cause and a given cause will produce a given effect. In Halifax, a man who does a good thing such as painting his house, is fined for so doing, he who would be so bold as to build, is heavily fined. He who engages in production and adds to the wealth of society is treated as a criminal and severely dealt with.
To tax capital is to drive capital away, to tax labor products is to increase the cost of living and not to tax land values properly, and to tax it properly, you must tax land values sufficiently to take the unearned increment for social use and thereby remove the incentive that men now have to gamble in land values, making land artificially scarce, boosting the price, raising the rents and driving workers far afield where opportunities are more abundant.
In taking land values for public use, you take from no man anything he has personally produced or has a moral title to, but you are only taking for the use of society, that value that is created socially and is obviously intended by nature as the source of social revenue.
The Remedy
When you tax labor values or capital, you prevent free production and drive away the wealth without which there can be no city beautiful. If the valuable lots in this town, that are now idle or occupied only by antediluvian shanties, as so many of them are, were taxed as they should be, and all taxes on buildings abolished as if by magic, there would arise in the place of these unsightly wrecks modern buildings that would in time make Halifax a modern city that you might be proud of.
To adopt the single tax as your method of raising social revenues would be to proceed to the whole world, that here in this city by the sea, labor is free from unjust burdens and capital the handmaid of labor, is welcome.
In Halifax, I have met so many very kind and courteous people, that it seems to me the one thing needed to make it a nobler city of noble citizens, is this wise, just and honest change in your tax system.
"Why hesitate? Ye are full bearded men, with God implanted wills, if ye but dare, and the very angels will applaud the deed."
JAMES R. BROWN.

To Absorb Freckles And Other Blemishes

Every spring numerous inquiries are made by girls seeking some reliable recipe for removing freckles. Last year very favorable reports were received from many who had used mercolized wax during the freckling season. The wax seems to possess unusual properties which completely absorb the freckles, with no harmful effect. The complexion improves wonderfully, becoming as soft as a rose petal, and as delicately tinted. Get an ounce of mercolized wax at any druggist's, spread a thin layer of it over the entire face every night for awhile, washing this off in the morning. For rough, spotty skin, sallowness, blackheads, pimples, and all cutaneous blemishes, this treatment is superior to any other.
Springtime also brings wrinkles to many sensitive skins that are much exposed to winds and changing temperatures. To a hint of a wrinkle based on an ounce of powdered saxolite, which quickly dissolves. Bathe the face in this; the effect on a wrinkled skin is remarkable.

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

REPLENISH YOUR BLOOD IN THE SPRING

Just now you are feeling "out of sorts"—not your usual self. Quite exhausted at times and cannot devote real energy to your work. Sleep does not rest you and you wake up feeling "all tired out." Perhaps rheumatism is flying through your muscles and joints, or may be your skin is disfigured by rashes, boils or pimples. Headaches, twinges of neuralgia, fits of nervousness, irritability of temper and a disordered stomach often increase your discomfort in the spring. The cause—winter has left its mark on you. These troubles are signs that your blood is poor and watery, that your nerves are exhausted. You must renew and enrich your blood at once and restore tone to your tired nerves, or there may be a complete breakdown. The most powerful remedy for these spring ailments in men, women and children is Dr. Williams' Pink Pills for Pale People, because these Pills cleanse bad blood and strengthen weak nerves.
New, rich, red blood—your greatest need in spring—is plentifully created by Dr. Williams' Pink Pills, and with this new, pure blood in your veins you quickly regain health and increase your strength. Then your skin becomes clear, your eyes bright, your nerves strong, and you feel better, eat better, sleep better, and are able to do your work.
Begin your spring tonic treatment today for the blood and nerves with Dr. Williams' Pink Pills—the Pills that strengthen.
These Pills are sold by most dealers, but do not be persuaded to take "something just the same." If you can't get the genuine Pills from your dealer, they will be sent you by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Burns & Company Limited, of Calgary, has been increased under federal letters patent from \$2,000,000 to \$20,000,000.

FROM WEALTH TO DEATH IN A CELLAR

Son of Rich Family Murdered—Drink Had Brought Him Low
(New York Sun.)
A young man who had his chance in life and failed to take it was found murdered in the basement of Costello & Boles' saloon at 637 Sixth avenue, near Thirty-seventh street, yesterday. The mystery of the case is how any one could have had a motive in killing a man who had sunk so far because of drink that he was contented with a heap of ashes in a cellar for a bed.
But whatever the reason for the deed the murderer escaped, leaving his twenty-six-year-old victim dead with a six-inch gash from an axe in the right side of the head and garrotted with his own leather belt.
The murdered man had been known since last summer along Sixth avenue. He came here from Boston and he told John J. O'Flynn, bartender where he spent much time, that his name was Arthur J. Slewin and that he was the son of a wealthy Boston business man, who had disowned him.
He also said that he was educated at St. Francis Xavier College in Montreal, that he became salesman for the Canada Packing Company in Chicago, did so well that the concern sent him to Boston, that he developed a craving for drink and went down hill so rapidly that he lost first his job and then the affection of his family.
Coming to New York, Slewin, who was an athlete in college, worked a while for the Edison company, during which time he took a furnished room at 640 Sixth avenue across the street from the place where he died. Drink again dragged him down and he was put out of his lodging. For the last two weeks he slept in the saloon basement.
Sunday night Slewin left the saloon about eleven o'clock, saying he was going to bed. At noon yesterday a porter for Costello & Boles, known only as Tony, told John J. Boles that Slewin was asleep by the furnace as usual. Then Tony disappeared. After a while Boles went to the cellar and found him dead.
Dr. Kuttel of New York Hospital said Slewin had been dead for hours. About the floor were letters and postal cards some from a girl up New York state and some from his family in Boston.
Thirty-five detectives, gathered from all the Tenderloin stations, were searching for the murderer last night. They are anxious to find Tony.
FORCIBLE FEEDING.
Mr. McKenna, replying in parliamentary papers to a question whether the forcible feeding of prisoners is carried out with any obligation on the part of the authorities to prevent, by all means in their power, prisoners from committing suicide, says: The late Lord Chief Justice laid it down in the case of Leigh v. Gladstone that it is the duty of the prison authorities to do what they reasonably can to keep prisoners in health, and still more clearly, to save them from death. Where, therefore a prisoner persistently refuses to take food, and where forcible feeding is the only means reasonably calculated to keep him alive, it becomes the duty of the prison officers to feed him forcibly.

Vacuum Cleaner To Hire

We are agents for the famous "Eureka" Electric Vacuum Cleaner, and, for the convenience of those wishing to use it occasionally on rugs and floors, have one to hire at \$2 per day.

Phone us and it will be sent to your house and brought away again when you have finished.

We have a limited amount of storage space in one of our warehouses, and are prepared to take several loads of furniture for the summer months or longer. It will be kept in a perfectly dry place, and an itemized contract form issued for each lot.

Clothes make the man—but Corsets make the woman

So said a witty Parisienne couturiere. And it's true. That's why every well dressed Canadian woman should be careful to get a pair of C/C à la Grâce Corsets to properly set off each new gown. Remember, too, that comfort becomes second nature to wearers of
