TO ENFORCE THE C. T. ACT.

Delegation From the W. C. T. U. Present Petition and Appear Before Council.

WANT LAW ENFORCED.

Claim that Cigarette Habit and Drunkenness are on the Increase in Newcastle.

A large delegation of members of the Newcastle W. C. T. U. and numerous citizens were present at the regular meeting of the Newcastle Town Council Thursday evening.

The following petition signed by the entire membership of the Newcastle Union was presented by the President, Mrs. McLeod.

To His Worship the Mayor and Aldermen of the Town of Newcastle. Gentlemen: We the members of the Women's Christian Temperance Union of the Town of Newcastle, a body duly incorporated, wish to draw your special attention to some of the evils that are threatening the physical and moral development of our youth.

Whereas, scientific research and every experience prove that the cigarette cannot be used without injury to the system.

And whereas, the use of cigarettes by minors is now a well defined and grievous source of harm to the young people of our town.

And whereas, we view with alarm the great increase in the sale and use of intoxicating liquors, and the open and flagrant violation of law:

Therefore, we greatly desire and pray that you make every possible effort to thoroughly and efficiently enforce the laws governing the sale and use of these evils.

Mrs. McLeod addressed the council very forcibly in regard to these matters.

She said that these matters had long had the earnest thought and consideration of the members of the Union as complaints had come from loving mothers who viewed with alarm the temptation to which their loved boys were subjected. They had talked and talked and at last had decided to come to the Town Council for aid.

They had watched the work of the different councils of the town with pleasure, and had noted the thoroughness with which they executed anything they took in hand. A few years ago Newcastle had no electric light or waterworks, now it has one of the best systems in Canada. Then a few years ago our streets were in a disgraceful condition. The council grappled with this question and now we have as good streets as can be found in many cities.

More recently the council took up the matter of permanent sidewalks and who of us are not proud of our walks. But to us mothers there is something more dear than these physical blessings. They viewed with alarm the growing use of the dreaded cigarette and also the use of intoxicants. Our boys do not seem to realize the great danger of the use of these and as the law respecting the sale to minors is flagrantly violated they can obtain them at will. If there was a strong public sentiment against the sale of these, if the Town Council as a body would use its influence to have merchants observe the law, she thought that it would do an immense lot of good, and she suggested that the council appoint a delegation to visit parties who sell cigarettes and endeavor to have them observe the law.

Then the Union also wished to draw the attention of the Council to the open violation of the Scott Act. No one would deny this. She knew that it was a hard question to deal with but they had gone there to discuss ways and means of enforcing the act. As she stated before, the Council

CASTORIA. The Kind You Have Always Bought Bears the Signature of

A Prize.

If you are at a loss to know what to donate as a prize to the department of the public schools when your boy or girl receives instruction, just take a peep at our assortment of Books. The prizes are more than reasonable.

Here are a few of the names. The Talisman by Sir Walter Scott. Robinson Crusoe by Defoe. Fairy Tales by Hans Anderson. Aiming Higher by P. Wilson. M. A. Brave & Bold by Horatio Alger.

Follansbee & Co.

A PECULIAR PREDICAMENT.

Two Boys Tread all Night by a Watchful She Bear.

PARENTS ALARMED.

Could Not go Out With Rifle to Shoot Bear Because of New Game Law.

Friday evening, June 9th, a son of Mr. John Huford and a companion of Trout Brook started to the woods to hunt the cows which are allowed to roam at large. They had located the cows by the bells and were proceeding in the direction when they were startled by a large female bear which instead of running away from them showed fight. The boys thought it best to make tracks for home but Mrs. Bear proved herself to be in the race and was rapidly gaining when the boys took to a tree and were soon perched on a limb out of her reach. They patiently waited for her to retire, but this the bear seemed determined not to do, but settled herself for a comfortable snooze with an eye open and the boys dare not come down.

They made considerable noise shouting, but were too far from any house to be heard so after a while decided to make themselves as comfortable as possible on their perches. The night was spent there, and the boys experienced considerable difficulty in keeping awake, and thus keep their positions on the branches of the tree. But at last daylight returned and with it Mrs. Bear betook herself off to other duties, and the boys cautiously returned to mother earth and returned home, without the cows.

There has been considerable speculation among neighbors as to how the game law would have worked if Mrs. Bear had decided to assert her rights. Would it have been necessary to leave the boys and bear in a state of siege until a license could be obtained, which would take about a day, to drive to town, or would any person be justified in carrying a gun contrary to the law to kill this bear?

had always successfully carried out work they had started out to do and she felt sure that if it grappled with these questions success would be achieved. Applause.

Ald. Wyse said that he had listened with great pleasure to the very efficient and full remarks of the President of the Newcastle W. C. T. U. and as a member of the Board he thought that these matters should be taken up and if possible use every means for the suppression of these evils. All knew that every week there were flagrant violations of the act and he for one was willing to use all his influence in favor of the enforcement of the act.

Mr. Jas. Troy and Mr. T. A. Clarke also addressed the Council on the necessity for action.

Mrs. Troy made a few stirring remarks in which she said that she had not much faith in moral suasion. She had personally given each grocer and others who sold cigarettes a copy of the "Minors Act" on several occasions. On one occasion she had delivered such copy one day and the next day knew that that merchant had sold a package of cigarettes to a child not more than five years of age. She further said that if the Town Council would disclaim the power to enforce the law, then the women would enforce it. A lawyer in town had tendered his services free of charge and the Union, was determined to fight this matter if the council would not. Applause.

Mayor Miller explained that it was not necessary for the enforcement of these laws, that it came through the Town Council. It was the duty and privilege of every citizen who knew of such violation to lay an information and have the violators prosecuted.

Mayor Miller then stated that it would not be in order for the Council to deal with this question under these circumstances as there was a proper form for all such matters to come under, and this form was through the Police and appointment to office committee of which Ald. Wyse was chairman and as yet no request or petitions from this committee has been brought before the Council and he assured them that when such action is taken by the committee the matter will receive the due consideration of the council.

Rev. H. Arnott, Miss Mitchell and others made a few remarks, after which the petition in the regular order of business was referred to the Police Committee to report at next Thursday evening when it is likely the matter will be more fully discussed.

Rev. H. Arnott and Mrs. McLeod thanked the Council for the courtesy extended to the delegation and citizens.

Minard's Liniment Lumberman's Friend.

MEETING OF TOWN COUNCIL.

Regular Monthly Meeting Held Thursday Evening in Council Chamber.

MANY DELEGATIONS

Appeared Before Council to Press Matter of Assessment on Stock Companies.

The regular monthly meeting of the Newcastle Town Council was held in the Council chamber Thursday night at 8:30 o'clock. There were present His Worship Mayor Miller and Aids. Gremley, Russell, Desmond, Wyse and McMurdo.

A number of communications were read in reference to situation at Power House. These were ordered filed with previous applications.

A communication from Mr. John Ferguson re discount on electric light bill was taken up.

The Town Clerk explained that a former Water and Light committee had passed an order that no discount be allowed on light bills of less than \$1.00 and this rule had been strictly adhered to, Mr. Ferguson last year paying the full amount of bill less than \$1.00 on several occasions, or at least the collector had so marked it.

The communication was referred to the Water and Light committee.

Application of Ernest Maltby for position as fireman at power house was read and handed to Water and Light committee.

A communication from the Halifax Herald asking for instructions re adv. for Electrician and Engineer was read. This communication stated that adv. was ordered to run until forbidden and had now run five weeks.

Ald. Wyse in absence of chairman Lawlor said that adv. had been ordered for two insertions only.

A letter from Peter Clinch of the New Brunswick Fire Underwriters was read asking if the reservoir had been enlarged or a duplicate pump installed. This was followed by a telegram.

The Mayor explained that he and the Town Clerk had written Mr. Clinch stating that this matter was now being considered by the council.

A petition from the residents on upper Regent street asking for sewer and water extension was read. This was referred to Water and Light committee.

A petition was read from Mr. R. Lingley asking that the Pleasant street sewer be extended to enable him to connect his sewer from new residence. This was referred to the Public Works committee.

As a number of delegates from W. C. T. U. were present and wished to be heard. Ald. Wyse moved that the order of business be suspended to allow delegates an opportunity of appearing before the council.

(For particulars of delegation's remarks see other column.)

At the conclusion of the above delegation's work Messrs. W. G. Clarke of the Lounsbury Co. Limited and J. D. Creaghan of the J. D. Creaghan Co. appeared before the council and stated their case re over assessment. They claimed that they were assessed on the capital stock of the Companies they represented whereas they both had branches in other towns.

Mayor Miller explained that it was necessary that petitions be prepared and submitted in the usual manner when the matter would be referred to a committee. If petitioners were desirous of saving special discount they would be obliged to pay the full tax now, and if the council so decided a rebate would be made after the matter had been dealt with.

As the time for which Mr. Follansbee had been engaged on trial as Electrician expired Friday, Ald. McMurdo moved that the Water and Light committee be authorized to employ Mr. Follansbee until such time as the appointment would be made.

Ald. Desmond thought that it was time the Bye Laws, etc., were put into shape so that the citizens and officials would have something for their guidance. Thought it would be money well spent.

Ald. McMurdo of the Bye Law committee said the committee had this matter under consideration and the Town Clerk was to rewrite all amendments and the work was to be taken up shortly.

The council then adjourned to meet Thursday night at 8 o'clock.

The first Annual Meeting of the "Junior Star" Mission Band, of St. James Church, was held in St. James Hall, on Friday June 16th. The reports of Secretary and Treasurer show the Band to be in excellent condition. There is a large membership and great interest is taken in the work. The following officers were elected for the ensuing year:

- Superintendent—Mrs. Arnott. Assistant—Mrs. Stobard. President—Miss Minnie Sweeney. Vice President—"Helen Stables. Treasurer—"Agnes Corbett. Rec. Secretary—"Bertie Ferguson. Cor. Secretary—"Pinkie Ingram.

Intercolonial Deficit Will be About \$2,000,000.

Hon. Mr. Emmerson Attributes it to Hard Winter and In- creased Wages.

Minister of Railways Declares There is no Way to Make Both Ends Meet—Raise in Rates Likely in Future, but that Will not Even Matters—Employes Receiving \$750,000 More than Previous Year—Haggart Charges Mismanage- ment and Declares Government Wants to Get Rid of the Road.

Ottawa, June 14—(Special)—The committee went into supply of the Intercolonial estimates. Hon. Mr. Emmerson said he had several times hinted to the house that he was likely to have a deficit to report. He was now prepared to say that his worst fears had been realized. He could not give the exact amount, but estimated the earnings would be less than the expenses by \$1,500,000 or \$2,000,000.

He regretted to have to make the announcement, but it was capable of explanation. The Intercolonial last winter had an experience with a winter, the like of which had never been known in the Maritime Provinces. The Intercolonial, in common with other railroads of the Maritime Provinces, had been practically tied up for two months. During that time the candle had been burning at both ends. The expenses of operations were doubled and trebled by storm after storm and the same agencies which increased the expenses cut down the business of the road and its financial returns to almost nothing.

This was true of both the Intercolonial and of the P. E. Island railroads. On the latter the returns for the first nine months of the present fiscal year fell off \$11,857, and during the same time the working expenses had increased \$65,288 over the same period in the preceding year. On the Island railway the cost of removing snow and ice last year had been about \$11,000, and this year it had increased to \$32,175.

WAGES INCREASED \$750,000.
Besides the great expense occasioned by the storms of last winter the working expenses of the road had been increased by a general advance in the pay of the I. C. R. employes. In some cases the increases amounted to fifty per

cent. This did not mean that the wages of the Intercolonial were now higher than on other railroads, but that they had in the past been lower. The increases merely meant the levelling up of the Intercolonial rate of pay to the standard of other railroads. The government was not paying an exorbitant, but a fair wage. The increase in the wages amounted to about \$750,000 on the railway year. As a result of the wage increase and a small increase in the number of the employes better results being obtained from the staff. This was particularly noticeable in the mechanical department, where the number of men had been increased twenty per cent., and the output of work in some cases as much as a hundred per cent.

Last year, from sixteen to eighteen passenger coaches were passed through the car repair shops. This year the number ran from twenty-nine to thirty. Sixty six per cent. more locomotives were passed through the repair shops than during the previous year. This increase in efficiency was due to a reorganization of the shop system, which involved the increasing of the staff twenty per cent and the increase in the pay of the old hands. The result was satisfactory.

REVENUE SHOWED INCREASE FOR NINE MONTHS.

The chief loss in the operation of the government system of railroads was on the Intercolonial. It was not due to a falling off in the revenue. In fact the revenue of the system of the first nine months was a few thousand dollars greater than for the same period of the preceding year. Had it not been for the great and largely unexpected increases in the working expenses, the increase in the earnings would have gone a long way toward cutting down the deficit on the years operations.

Hon. Mr. Emmerson said he hoped that members on both sides of the house would regard the Intercolonial question from its practical rather than its political aspect. The country had to recognize that it had the Intercolonial on its hands as one of the pledges of confederation and one that had to be maintained. The time has come when the country had to realize its obligation. It must realize that the Intercolonial was not built to be a commercial success, but that military considerations influenced the location of the line on the North Shore of New Brunswick. Canada had built the Intercolonial on a non-commercial route and had bonused a short line competitor to it in the C. P. R., across the State of Maine. The people of Upper Canada should remember that if the maritime provinces had the Intercolonial they had the canal system constructed for their benefit.

I. C. R. RATES WILL HAVE TO BE RAISED.

The rates on the Intercolonial were low but these low rates had been induced in many cases by the presence of water competition. They were not for the benefit of the

people of the maritime provinces only. The whole country benefited by them. However the Intercolonial local rates were from 24 to 30 per cent lower than the local rates charged on railroads in other parts of Canada. Mr. Emmerson said he thought in many cases these rates were too low and would have to be raised not only for the benefit of the road but for the benefit of all interests.

Hon. Mr. Emmerson said that he believed the Intercolonial had passed the stage when it would be possible to make both ends meet. The rates have been practically fixed and though it might be possible to raise them some, it would not be possible to meet the increasing cost of operators occasioned by the ascending scale of wages but not to reduce them.

W. F. McLean—Why not? other roads reduced the pay of their men.

Hon. Mr. Emmerson said that might be possible on other lines of railway, but not on government lines. They had not yet been able to apply the remedy which a railway company could adopt that is, increasing rates. There was no question on which the people were more sensitive than the increase of rates on a government railway. People say that our railway, and we will run it in interest. People in the west could not appreciate that feeling in respect to the I. C. R. Free canals were used as an argument for lowering freight rates on the government railway. He naturally stood measurably condemned as the administrator of the railway for the last fiscal year.

SOME DETAILS OF THE DEFICIT.

He wanted the people to look at the facts. If there had been any mismanagement or extravagance or favoritism he had yet to know of it. The question of rates would have to receive attention at an early date. The increase of deficits cannot go on from year to year.

In the maintenance of way departments there was an increase of \$252,808 in nine months ending March 31, the largest item of increase being \$126,641 for snow and ice, and \$97,000 for section-men, being an increase in wages.

In the mechanical department in the same period there was an expenditure of \$3,019,482, an increase of \$621,563, one item of increase being \$81,000 in the wages of drivers, firemen, etc. He could say that at no time was the rolling stock in better condition.

In the traffic department there was a deficit of \$145,477, including \$38,842, increase to station employes and an increase to trainmen of \$162,608. There was a total deficit from those items of \$949,038, which added to the

shortage of \$900,751 from last year made a total shortage of more than \$1,800,000.

Two ways of reducing the deficit were open—higher freight rates, or better equipment to reduce the cost of carrying freight. For past year the I. C. R. had been short of motive power to the extent of 75 engines, and today they should have at least 60 additional engines to measurably handle the traffic of the road. They were also short of cars. Nevertheless he believed that the railway is the greatest asset Canada has.

"Would you be willing to extend it?" asked W. F. MacLean.

"All my moves have been in the direction of extending it," replied Mr. Emmerson.

BISHOP'S ADVICE TO SCHOOL GIRLS

There is no Harm in Their Having a Good Time. Possible.

Speaking recently to the girl students of Queen's College, Harley Street, the Bishop of London said that during his Lenten conferences in the West End he found girls loath to explain their religious difficulties to him says the Mail.

"Although they were not afraid of me," he said, "they were terribly afraid of one another. Afterwards I received letters saying, 'We could not talk in the presence of others, but if you can see us two by two we can explain further.'"

"I believe in a girl having a good time," the bishop explained, "particularly at that period of her life which should be the happiest, but she should have the law of proportion in her life."

"The tone of every country house where a girl may stay will not be what she is accustomed to, and she will either have to fall to that tone or to raise that tone."

Girls exercised an enormous influence on the men they met, added the Bishop. Man's ideals of purity, truth and honor were unconsciously based upon the women with whom he came in contact and the Bishop urged the girls to carry with them the aroma influence of their college all through their lives.

"A girl on leaving school, declared Dr. Winnington Ingram, 'finds herself in the whirl of society which sweeps her from her moorings altogether.' He advised the students of Queen's College to have a definite plan as to how they would spend each day."

IT IS HIGHLY INJURIOUS.

To us a cheap drastic physic. Safest remedy for constipation and torpid liver is Dr. Hamilton's Pills of Mandrake and Butternut which loosen the bowels without griping pains. Use only Dr. Hamilton's Pills. Price 25c.

He (11-45 p. m.)—"I hope your father doesn't object to my paying you visits."

She—"No; I think he would prefer having you pay them in installments."

ELIJAH SANFORD'S TRIP

He Tells of His Hunting Excursion in New Brunswick—His 8 Year Old Boy Killed a Bear.

In an interview published in Monday's Portland Press, Rev. J. W. Sandford, the head of the Holy Ghosts, discussed very freely and fully his trip to New Brunswick on the yacht, Coronet. He denied that he made the trip to avoid appearing in the Dunlap case and said that such a thought did not enter his mind until it was suggested by the newspapers on his return to the states.

Master John Sanford, the eight year old son of Mr. Sandford, returned the hero of the expedition, having killed a large black bear. He hit him within an inch of the eye and bruin dropped over without knowing what struck him. Master John killed more game than the rest of the party combined. He used a 22-rifle. He is almost a sure shot.

Mr. Sandford was accompanied on this trip by Edward White and Charles White, both of Shiloh and for nerly guides in New Brunswick.

After landing they took the train for Newcastle, which is about two hundred miles from St. John. A team met them there and they drove to Littleton, 18 miles further inland. From there they drove five miles to the end of the settlement, where they left the team and tramped seven miles on one side and ten on another from the nearest houses and beyond them on the other two sides was an endless forest, filled with all kinds of wild game. For the ten days that they were in the woods they saw no one outside of their party.

MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale.

All the people use it. HARLIN FULTON, Pleasant Bay, C. B.

Briggs—Friend Empeck speaks four or five languages, doesn't he? Diggs—He did before his marriage, but he seldom get a chance to speak any now.

A GUARANTEED CURE

For All Forms of Kidney Disease

We the undersigned Druggists, are fully prepared to give the following guarantee with every 60 cent bottle of Dr. Pettin's Kidney-Wash Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys: "Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles effect astonishing and permanent cures. If not relieved and cured, you waste no money."—F. R. Dalton, Newcastle, N. B.

Pearl—Now if the earth is really flat there must be four corners? Ruby—Well, I bet if there is you will find a dude on each corner.

CLARK'S DELICIOUS PORK AND BEANS always ready—Those who know them are always ready for them. Satisfy hunger. Sold plain or with Chili or Tomato Sauce. 5c. and 10c. tins.

A NEW SPRING POEM.

Where are the beauties of the spring That every poet sees? Pray tell me why a man should sing About such days as these? Such days as these! Confound such days! They make a fellow swear; One minute you will wish for furs, The next, gauze underwear, These b-l-m-y, sunny, freezing days! They keep a man in doubt; One minute he must pile on coal, Next, let the fire go out, On, yes, these chilly, windy, soft, And gentle days are nice, When no one knows which he will need— A ton of coal or ice.—Ex.

'Dear George has only one fault,' said the bride of three short weeks. 'He is such an awful flatterer.'

'That fault,' rejoined her elder sister who had been up against the matrimonial game for three long years, will gradually disappear as the honeymoon wanes.'

'Oh, dear!' sighed the bride, 'I was in hopes it would last forever.'

5c. FIVE CENTS 5c. LEVER BROTHERS LIMITED, TORONTO

The Sunlight Maids do not rub and boll their clothes to shreds—they wash the easy Sunlight way.

20 Cigarettes Kill 40 Frogs

BY DR. KELLOGG, FOUNDER FAMOUS BATTLE CREEK SANITARIUM, MICHIGAN, U.S.

(Dr. Kellogg is the most rapid medical operator in the United States.) That the cigarette is a deadly poison is susceptible of the most positive scientific proof. A few months ago I had all the nicotine removed from a cigarette, making a solution of it. I injected half the quantity into a frog with the effect that the frog died almost instantly.

The other half was administered to another frog with like effect. Both frogs were full grown and of average size. The conclusion is evident that a single cigarette contains poison enough to kill two frogs. A boy who smokes twenty cigarettes a day has inhaled enough poison to kill forty frogs.

Why does the poison not kill him? It does kill him. If not immediately, he will die sooner or later of weak heart, Bright's disease or some other malady which scientific physicians everywhere now recognize as the natural results of chronic nicotine poisoning.

At last, after a courtship extending over a period of two years ten months and seventeen days, he had proposed and she had handed him the answer. 'Darling' he gurgled, 'you are worth your weight in gold.'

WHY THE CIGARETTE HABIT IS GROWING

It may be of interest and profit to dig below the surface with the inquiry, 'What perversity of nature influences a boy to enter the ranks of the cigarette users?' From a thousand sources comes the answer, 'He smokes with the notion that it makes him more manly.' In general he is aware the public considers this habit the privilege of an adult. In his eyes it is part of a man's estate.

But why the cigarette more than some other preparation of the weed? 1st—It rarely makes him sick when first used; the cigarette, pipe, or plug would. 2nd—It leaves so slight an odor on breath and clothing, it is only detected when suspicion is already aroused. He can smoke and deceive those about him.

3rd—It is less than one-tenth the price. Any urchin with five cents can buy a package containing a dozen. 'How is your boy Alfred succeeding at college?' 'I'm afraid we'll find out pretty soon that he is been running in debt. He is writing to us once a week now.'

Mr. Stubb—'So you were getting anxious about my return, eh?' Mrs. Subb—'Yes, I thought possibly you were stolen.'

Mr. Stubb—'And I suppose with your usual apology for wit you would say it was petty larceny, eh?' Mrs. Stubb—'No, indeed, I would say it was grand.'

PERMANENT CURE FOR RINGWORMS. 'My second daughter was troubled with ringworms from the age of three weeks. Often times I thought she would choke to death. Dr. Rhase's Syrup of Linseed and Turpentine brought relief, and further treatment made a thorough cure. This trouble used to come back from time to time, but the cure is now permanent.'—MRS. RICHMOND WIRTHNOW Shubnaceville, Harris Co., N. S.

They were talking about trees My favorite, she said, is the oak. It is so noble, so magnificent in its strength. But what is your favorite? Yow, he replied.

LEIBIG'S FIT CURE

MURDERED AT NEW MILLS

Alexander Wood Found on I. C. R.
Track With Bullet in Him--
Died on the Train.

Alex Wood was taken on board the morning freight, leaving Moncton, at New Mills Friday. Before he reached Campbellton he expired. It was learned that the unfortunate man was found near the I. C. R. track just below New Mills, and was seriously wounded. On the arrival of the body at Campbellton, Coron. Doherty was notified and Friday afternoon a post-mortem examination was held, and it is thought Wood met with foul play. He had two or three ugly wounds on his head, and a bullet wound in his right shoulder. The doctors could not, however, locate the bullet. There are several reports as to where the man hailed from. Some say he belonged to Dorchester, others to Memramcook, while still others claim that he lived at Hants county, N. S. Wood was employed by William Currie & Co., as shingle sawyer in their Eel River mill up to a day or two ago, and received from his employers Thursday the sum of \$23. When picked up \$21 were found in his pocket, and a bottle beside him. An inquest was held yesterday.

Mr. Stubb—"So you were getting anxious about my return, eh?"
Mrs. Stubb—"Yes, I thought possibly you were stolen."
Mr. Stubb—"And I suppose with your usual apology for wit you would say it was petty larceny, eh?"
Mrs. Stubb—"No, indeed. I would say it is grand."

THE FIRST MAN TO SELL ROYAL HOUSEHOLD FLOUR

in the town of Westville,
N. S., was
GEO. E. MUNROE.

He saw it advertised in the daily papers and he thought he would try a few barrels. He didn't get many at first, not more than thirty barrels, because he wasn't quite sure how the Westville people might like it. However the flour came along and he tried it in his own house. Then he told a few friends that it was something first-class, and they also tried it. It seemed that nearly every person who got a barrel recommended it to someone else until before very long the inquiry became general and other Westville merchants had to get it for their customers. To-day the most popular flour in Westville is undoubtedly

ROYAL HOUSEHOLD

and three of the leading merchants in Westville recommend it before all others.
Royal Household Flour is made of the best grade of hard Manitoba wheat. It is not a blended flour and it is purified by electricity.

ACCIDENT AT CHATHAM.

A Pulp Mill Employee Crushed
by an Elevator Within a
Space of 9 Inches.

CHATHAM, June 20.—Fenton Carroll an employee of the Miramichi pulp and paper mills, met with an accident Saturday night which it is feared will prove fatal. He was leaning out a window and was dragged down and crushed between the walls and the machine in a space of nine inches.

ENGLISH PILGRIMAGE.

A pilgrimage to St. Anne de Beaupre for the special benefit of the English speaking Catholics of New Brunswick will leave here July eighteenth by I. C. R. This pilgrimage is under the auspices of the New Brunswick priests and is directed by Rev. John J. Ryan, St. Marys, York Co. The services are all to be conducted in the English tongue.

The train will leave Newcastle at 10.45 p. m., on July eighteenth. Fares are as follows: Newcastle to Quebec and St. Anne with seven days limit and return \$3.50 Nelson, \$5.75; Chatham, \$6.00; Loggieville, \$6.10. A side trip from Quebec to Montreal will cost \$3.00.

The stop over extension is one not usually given to pilgrimages and should appeal to business men of all denominations who wish a cheap and pleasant trip to Montreal, Quebec or St. Ann.

Full particulars can be had on application to
REV. JOHN J. RYAN,
St. Marys Ferry,
N. B.

JUNE WEDDINGS

BAYLE—HOLOHAN

A very pretty wedding took place yesterday morning in St. Mary's R. C. church when Miss Alexis Holohan one of New, castle's popular young ladies was united in marriage to Mr. George Bayle, of Duluth Minn., but a former resident of this town. The ceremony was performed by Rev. Father Dixon after which nuptial mass was celebrated. The church was packed to the doors by friends of the bride and groom. Miss May Ryan played the wedding march, and hymns suitable to the occasion were rendered by the choir. The bride looked lovely in a gown of white silk, bridal veil and orange blossoms. She carried a handsome bouquet of white roses. Miss Katie Fuller of Bowanville, Maine, cousin of the bride was bridesmaid, who also wore white silk. The groom was ably supported by Dr. Coleman, Redbank. After the ceremony the bridal pair accompanied by the guests drove to the home of the bride, Chaplin Island Road where a sumptuous repast was partaken of. The presents were numerous and handsome.

The happy couple left on the Ocean Limited for their future home in Duluth. The station platform was crowded with friends of the interested party all wishing them many years of happy wedded life in their western home. The brides going away dress was brown ladies cloth with hat to match

McLEAN—VYE

The marriage took place at the residence of Dr. Avar last evening of Miss Ethel Vye, of Chatham Head to Edward McLean, of Canning, N. S. The ceremony was performed by Rev. Geo. Wood. A number of invited guests were present. The bride was unattended and wore a gown of white dimity trimmed with valenciennes lace. She carried a bouquet of Apple blossoms and maidenhair ferns. After the ceremony those present partook of supper. The rooms were prettily decorated with ferns and potted plants. The young couple left today on a trip through the New England States. The bride's going away gown was of brown broadcloth with hat to match. The groom's present was a Gold watch and chain. On their return Mr. and Mrs. McLean will reside in Amherst.—Ex.

BARNABY RIVER

Social and Personal.

All the boys who were working on Ritchie's and Burchill's drives have returned home Messrs. John Mahoney, Patrick O'Donnell and Patrick Brennan went to Campbellton last week.

Mrs. Michael Bohan who had been spending a few days in Newcastle as the guest of her sister, Miss Murphy, returned home Sunday.

Mr. and Mrs. Thos. McDonald are receiving congratulations on the birth of a son Miss Katie Maber and Mr. Joseph Carroll were the guests of Miss Annie Mahoney last Sunday.

Mr. John McCanley entertained a number of his friends last Wednesday evening, the chief amusement was dancing.

We hear there is going to be a number of weddings in Barnaby in the near future.

Hand Outs.

Dealer—Here is a cigar that is all right for the money. We sell it seven for a quarter.
Customer—Well, that is a good many.
"Yes, but you don't have to smoke them, you know."
"Oh, I didn't think of that! You may give me a quarter's worth. They'll be handy to treat my friends with."

Too Sensible To Give Up.
"Will you promise," she anxiously asked, "not to do anything desperate if I say it can never be?"
"Yes," he replied. "I think a man's a fool who goes to the bad because a girl refuses to love him."
"Then I will be yours."

Profitable.
"Did you feel cheap when you found out that the count your daughter wanted to marry was an impostor?"
"Cheap? I should say not! It was a half million clear profit to me."—Exchange.

He Gave It Up.
Mrs. Henpeck—I've often wondered what first attracted you to me. What was it about me that made you want to marry me? Henpeck—I give it up. I never was good at riddles.—Chicago Journal.

Minard's Liniment used by physicians.

Don't forget the minstrel show by the ladies next Monday and Tuesday evening.

Send in your order for wedding stationery. We do it in the very latest styles—Anslow Bros.

A meeting of the Lord's Day Alliance will be held in St. James Sunday School Hall, Wednesday night at 9 o'clock.

If the party who signed a communication "A member" will send name in confidence it will appear in our next issue.

The Japanese army are about ready for a great drive which is intended to either capture the Russian army or drive them into Russian Territory.

The Orangemen of Doaktown are to hold a monster picnic at that place on July 5th. Extensive preparations are being made for the occasion.

On Sunday evening the 25th, the Rev. J. G. Shearer, B. A., will address a mass meeting in the Presbyterian Church at the close of the church services.

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John will be at the Waverly Hotel, Newcastle Friday, June 24th where he may be consulted professionally.

It is said that the people of Tranguer received King Edward so enthusiastically because it was raining on the day of his arrival. The country had been suffering from want of rain, and the Moroccans thought he had brought it.

Invitations are out for the wedding of Mr. James W. Morton, formerly station agent at Kent Junction, but now of Campbellton, to Miss Alice B. Mowat, of Campbellton. The wedding will take place at the home of the bride on the 28th instant—Review.

The four new refrigerator cars for the Ocean Limited have been completed. They are painted a dark green with gold lettering and present quite an attractive appearance. Two have been sent to Newcastle and two are now in the Moncton yard.—Railway Record.

A large moose came out the Chaplin Island road Friday as far as the railway then walked along towards the depot and stood watching the work in the I. C. R. yard. Some men seeing it went to get in close range when the animal became frightened and jumped a high wire fence and returned to the woods.

A Vancouver, B. C., despatch of last week says a burglar stowed himself away in the Carnegie Library after it had been closed a few nights ago. He ransacked the top floor, securing a number of coins, gold nuggets and gems. From this collection, which had been placed on exhibition as a loan, the burglar secured about \$5,000 worth.

The young ladies who have been diligently working for the production of a minstrel show have at last decided to put the same on next Monday and Tuesday evenings, June 26 and 27. They have intimated that something new in this line will be given and we trust they will be greeted with a full house.

Mr. William McEachern met with a painful accident last Tuesday while at work in Hecox's mill by being struck on the spine with a deal-end. Dr. Nicholson was summoned and rendered the necessary medical assistance. Although no bones were broken Mr. McEachern got a severe shaking up and will be laid up for some time.

The Forerunners of Court Fairhaven No. 3642 of Loggville, will celebrate at the 31st anniversary of the founding of their great order by attending Divine Service in Knox church, Loggville, on July 2nd at 3 p. m. A cordial invitation has been extended to all courts in the vicinity. A sermon appropriate to the occasion will be delivered by the Rev. Mr. Fraser.

Some way or other it always happens that the judicious advertising succeeds. Judicious means many things. Some people better never advertise. Managers who are not honest, whose advertisements mislead and whose shows disappoint, they had better let advertising alone. The managers of Richards & Pringle's Famous Georgia Minstrel show endeavor to advertise nothing but what they can show. They are in a class by themselves, being the only recognized negro minstrel that play the first-class theaters and cannot afford to mislead their patrons. Some show people are careless in their statements. They become so accustomed to writing "Biggest," "Grandest," "Greatest," "Best" and "World's Largest," that they can only think in superlatives. They mean to be honest, probably are. They are merely careless, and failure is the price of carelessness. Go to the Opera House on Saturday, July 1st, and judge if the Georgians are over advertised.

Coming the only Ladies Minstrel troupe ever in Newcastle.

Watch for the "Belles of Darktown" 26 and 27th. See posters.

A picnic will be held at Mr. James Whitney's, the Big Hole, on the 27th inst. 38-1

Dr. Cates will occupy his Newcastle Office on the 27th inst. until Friday at noon.

We are prepared to do typewriting, copying, manifold etc. promptly and neatly.—Anslow Bros.

The body of Matthew Lynch who disappeared on Nov. 3rd, was discovered near Mr. Lamont's shingle mill last week.

Mr. R. H. Gremley was driving a hand-some pair of chestnuts on Thursday. It was a "nobby" turn out with rubber tires and canopy top.

Will the gentleman who took a hat from the Town Hall Thursday evening by mistake for his exchange same at Advocate Office.

We are glad to report that Sister McGraw of Convent de Notre Dame who has been in a serious condition since Friday last in on a fair road to recovery.

The ball game on Saturday between The Clippers of Chatham and The Maple Leaf Club of Newcastle resulted in a victory for the home team score 5-4

The Mack College, Moncton, Chatham and Sydney, is advertising a Summer school of Shortland and typewriting, to open July 3rd. Cost for full course, including diploma, is \$20.

F. L. Jennings, local manager of the International Correspondence school of Scranton, Penn., has moved his headquarters from Campbellton to Newcastle, where communications should be addressed to him.

Gordon the eldest son of Mr. and Mrs. Andrew McKenzie, met with a very painful accident on Saturday night from which he is in a very precarious condition. While on the street in front of armory he was struck by a bicycle and when picked up was unconscious.

Mrs. DeBlois and Madam Beaton entertained a very large party of Hindsdale young people Thursday night in honor of their sister, Miss Mary Anslow, who has been visiting them for the past few weeks. The fun of the evening centered in a guessing contest of Hindsdale surnames which proved very absorbing. Ned Washburn captured the prize. "A Musical Story" also held a fascinating place in the evening's entertainment. Appetizing and dainty refreshments followed and at a late hour the party dispersed.—Hindsdale Doings.

Premier Tweedie, speaking to a Telegraph reporter recently said business on the North is generally good. He was in Campbellton this week and he instanced the growth of that town as most satisfactory and said a large business in the manufacture of shingles is now being done there in addition to the working of larger lumber. Asked as to the forest fires of last week the Premier said the rain came in time to extinguish them and he was very glad for there was no saying when forest fires would stop if properly under way.

Through lack of space we cannot quote the whole of an extract from the Telegraph in reference to the Pharmaceutical examination but the last paragraph is of interest to Newcastle people as young Watters was born here "The examiners were surprised when a thirteen-year-old Carleton lad, Geo. J. Watters, presented himself for the preliminary examination. They were still more surprised and pleased on examining his papers to find that he was able to pass Young Master Watters, who is a brother of J. Everett Watters, the Carleton druggist, was heartily congratulated last night.

WEDDING ANNIVERSARY

Mr. and Mrs. Thomas Keys of Redbank celebrated the twenty-fifth anniversary of their wedding last Wednesday evening, when about fifty of their friends gathered at their home to wish them much joy and many more years of happy united life. A large number of presents in silver were received by the couple. Dancing was enjoyed by the younger people and vocal and instrumental music was rendered during the evening. About 9 o'clock the guests sat down to a well spread table and did ample justice to the good things provided. Quite a number were invited from Newcastle and those who attended had an enjoyable time, and helped to lessen the good things on the table.
