## THE ANNUAL SCHOOL MEETING

The school meeting was held in the School building on Monday, July 10, at 7:30, J. M. Stevens, K. C., in the chair. There were about 80 present. The secretary, Leon Belanger, reported as follows: Total Receipts, \$27,725.58. Disbursements, including notes in the bank \$28,372.88. Construction account, receipts \$97,129.04. Disbursements \$68,064.11, distributed as follows:

Contract No. 1, Foundation	\$22,879.07
Contract No. 2, Building	19,759.44
Contract No. 3, Site	1,500.00
Purchase of P. Gagnon, F. Gagnon, Carriere, Interest and miscellaneous	28,125.60
Total	\$68,064.11

It was reported that Mr. Patterson had had charge as principal of the schools and associated with him were Misses Regine Martin, Therese Harte, Anna McLaughlin, and Miss Martine Hall in the school proper. Miss E. Landry was in charge of the school belonging to the C. of E. and rented by the school board. Miss Anna D'Aigle and Miss E. Cote had charge of the two class rooms in the Pierre Gagne building. Four Sisters and Miss Martin had charge of 5 departments at the convent. Two new departments were opened last fall, one in the Convent and one in Joe Carrier's house, the latter in charge of Miss Antoine Albert, for the first term, and Miss Eva Levesque for the second term. It was reported that Calix Savois had been engaged as principal for the year. Mr. Savois comes from Sussex and is very highly spoken of. He will be assisted by the same staff with the exception of the Misses Cote, Landry and Irene Martin, resigned, these being replaced by Miss L. St. Pierre, Miss D'Aigle and Miss A. D'Aigle all holding 2nd Class certificates.

Considerable discussion was caused by the following minority report read by Walter Belyea the retiring trustee:

"I do leave to submit a minority report as your Trustee."

"On November 14, 1921, I was elected a member of the Board of School Trustees to complete the term of S. E. Burpee, resigned. In accepting the position I fully appreciated the responsibility accompanying that of a trustee in whose hands are placed in trust the property and funds of the District.

"Knowing that construction of the foundation for the Central School was proceeding at the time of my election, I asked to examine the contract at the first meeting of the Board and was informed that no contract had been signed. On examination of the minutes I find that on September 12, 1921, the Board awarded the contract to Mr. Dugal but no contract was signed until December 21, 1921, while on October 11, the minutes show that my colleagues voted \$5,000 to Mr. Dugal. Subsequently I learned that an additional \$3,000 had been paid on account by the trustees previous to my joining the Board for which I fail to find any authority of the Board recorded in the minutes. In addition to this the chairman and secretary paid a further \$3,000 after I joined the Board without a motion of the Board or without my consent, making a total of 11,000 paid to the contractor before the contract was signed or an estimate received from the architect. When the contractor asked for further advances I objected on the grounds that the Board was dealing with trust funds and should not disburse those funds without fully safeguarding the District by having a contract signed and a progress estimate from the architect. As previously stated a contract was finally signed on December 21.

The estimate of cost for the foundation submitted by Architect R. A. Frenchie, as per Karsh plan, was in the vicinity of \$35,000. Mr. Dugal's tender being 29,774. Architect Frenchie's estimate for the foundation, which was finally constructed as per plan submitted by himself, was in the vicinity of \$18,000, being a reduction of 45 per cent of the estimate for the Karsh foundation. With such a vast difference, I believe the Board would have been acting in the best interests of the rate-payers by calling for new tenders or at least having a definite cost price agreed upon and embodied in a contract before allowing construction to commence or paying out of public monies. On the basis of a 45 per cent reduction as shown by difference in estimates the contract figures should have been about \$19,500. Instead of \$22,700, a difference of over \$3,000, the majority of which should have been saved to the District had a contract been signed before work was commenced. The only figure recognized as the cost of foundation when work began was 29,774, and the District confirmed the Contractor in his

right by paying him money on account; the only thing left to be done was to make the best possible contract which was for \$22,700.

"On February 3, 1922, tenders for the completion of the School closed, the lowest legal tender being submitted by J. A. Grant & Company, Limited. (Continued on Editorial page)

## POLICE COURT NEWS

A sad case of youthful delinquency came before the magistrate J. B. Michaud this week in the person of Adelard Perrault who said his home was in St. Hubert, P. Q. A number of places had been broken into and thefts made, viz. David's bowling alley, where a quantity of cigarettes had been taken, Dennis H. Burgoyne's poolroom, where goods to the value of \$25 had been stolen, Dennis Martin's Garage where a bicycle had been purloined, Ovide Michaud's store where the thief had helped himself to butter, preserves and a buffalo robe. There was no proof to the identity of the thief, although the similarity of the thief in breaking and entering pointed to the same person. The suspicions of the police were aroused when it was reported that a stranger had bought a flash light from a local drug store, and had paid for it with nickels and it was known that a quantity of nickels had been stolen from one of the pool rooms mentioned. Perrault was arrested on Monday morning by Police Chief Savage, who found him camping out on the outskirts of the town. He acknowledged the thefts, and consented to the jurisdiction of the magistrate, who sentenced him to two years in Dorchester.

Francois Grandmaison, a resident of Edmundston, who has been working on the new Queen Hotel was arrested on complaint of his wife for being drunk, and beating her. His case will come up next week.

On Monday Johnny Hebert was before the Magistrate for assaulting the Secretary of the Driving Club, J. W. Hall, on the Race Course the day previous to the last races. The charge was laid by the Association in order that its officers and members be protected. He was fined \$20 and costs. On paying the costs the fine was allowed to stand.

A lively school meeting was held at St. Annes recently it would seem, as on Tuesday Alexander Michaud was before the court on the charge of assaulting Joseph H. Parent. The row was caused through a discussion of school matters. For the fun of the fight the defendant was fined \$10 and costs.

## WHY NOT HAVE A HOSPITAL?

For the past six weeks there has been a regular stream of patients going to hospitals in this and other Provinces from Edmundston. During the past few weeks the town purchased the Emmerson property and the land is going to be turned into a park. The house is a large and commodious one, and can be put back a little distance from the road. With a little alteration it would make an ideal place to start with. Eventually Edmundston will have a hospital. It is impossible for a growing, prosperous, progressive place like ours to do without modern ways of dealing with sickness and accidents. If eventually, why not now? It is not a question of money, or of taxes, it is a question of humanity. It is not a question of taking a patient to Woodstock, or Fredericton or Montreal, it is a question sometimes of hours and minutes. It is not only in regard to the hospital where the Physician can perform his task with the best equipment, it is the care and supervision the patient gets after the critical operation has been successfully accomplished at the hands of trained nurses.

Edmundston is big enough to have a hospital. Surely Edmundston will soon be too proud not to care for her sick and maimed and will take steps to provide for them.

## PREPARING FOR BRIDGE OPENING

A meeting of the general committee of those who have charge of the celebration here when the International Bridge is to be opened on Sept. 4 was held Wednesday evening in J. W. Hall's office.

There were representatives from Madawaska, Me., present and matters were gone into at length. Martin Theriault, the general manager, reported what had been done up to the present time and outlined his plans for the future. The question of changing the date in order that the Governor of Maine might be present was gone into and it was thought that as the movements of the executive officer of the State of Maine was so uncertain, it was unwise to alter the date, as the chances were it would not be possible to pick a date that would fill the requirements of the situation, and at the same time be suitable to him. There is a very urgent hope, however, that the Governor will be able to be here. It was decided to ask the hotels to tender for a banquet for a hundred covers. The choice of speakers and the matter of inviting public men here for the day was left to County Commissioner Dagle of Madawaska and Pius Michaud, M. P., and the Hon. J. E. Michaud. Matters in connection with publicity, and decoration of streets and other matters were gone into and the meeting adjourned at a late hour. Another meeting will be called by the Chairman J. W. Hall at an early date.

## HORSE RACES NEXT WEEK

D. E. Scribe of The Observer was a guest on Wednesday of the Edmundston Driving Club. The indefatigable Secretary J. W. Hall, who has done so much for the initial success of the Club took his over the grounds and showed him the work that has been done during the past few months. It is little short of marvellous that so much has been accomplished and the greatest credit is due Messrs. Emmerson and Miller who have had charge of the work. The club is situated just outside the town limits on the road past the Martin settlement, and no more picturesque place could have been found; the hills surround it on all sides, and the location of the stables and grand stand leave nothing to be desired.

The stables are located on the far side of the track, and have been built with the comfort of the horses in view. Running water from an artesian well is brought to the stables, and there are twenty-four stalls in the two separate stables. The grand stand which is nearing completion is on the entrance side and will accommodate over a thousand people. This stand is built of substantial timber and no expense has been spared in making it not only a permanent and absolutely safe structure, but to afford the maximum comfort to sightseers on the days of races. F. D. Tweedie from Woodstock has been brought here by the race track association to take charge during the races to be held here next week, and talking with him he said "The track has been laid out to the very best advantage; it is wide and well graded, and will be after use and in the course of the summer one of the best tracks in the Province." Mr. Tweedie in talking of the grand stand said that it was an exceptionally well built structure, and gave the dimensions. It is 45 feet deep, 100 feet long, and as before stated, seats over a thousand.

Next Tuesday and Wednesday the first real races and the real opening of the track will take place. There are forty-nine entries and some well known horses will be here; horses such as College Swift owned by J. W. Gallagher of Woodstock and imported to this province by J. W. Hall, the club secretary, some years ago. This horse has a record of 2:11 1/4 and is about eight years old. Another well (Continued on Editorial page)

## HISTORY OF HARTLAND

The Following took a Prize at the Recent Graduation Exercises

BY AGNES WATERS

Let us go back in memory to the time when this country was an unbroken wilderness, except for a few small Indian encampments here and there. There were no roads, except Indian trails through the forest, no bridges spanned the rivers. But on the water the Indians went from place to place in canoes.

Then a few venturesome white men, mostly descendants of the United Empire Loyalists, who had settled on the lower St. John, came up to try their luck.

The first of these was William Orser and family who came all the way from St. John in canoes to the mouth of the Becaguimac. This little stream was named by the Indians and meant "River of Salmon". They found shelter for a number of nights beneath their upturned canoes. They took up a grant of land that extended from the Becaguimac to what is now Charles Bradley's lower line. Six sons were born to them here, and these had forty-two children. Those descendants of William Orser who are living now in Hartland are: Mrs. David Morgan, Mrs. Samuel White, Moses Orser, Albert Orser, Ziba Orser, Mrs. Martha Nevers, Odbur Orser, Stephen Orser and Mrs. Edward Britton.

The next settler was Lawrence Wilsey. The Orsers wanted to annex another grant to the lower part of their own, but Mr. Wilsey also wanted it. Mr. Orser would not start to the Crown Land Office on Friday, thinking it was an unlucky day, so he got there one day behind Wilsey. The Crown Land Officer told Wilsey that he could not have it unless by consent of the Indians, but the officer said he would abide by any transaction made with them. Wilsey travelled in the summer, following the shore from Fredericton, with a bobbed, a plow and a yoke of three-year-old oxen. When he arrived, he began plowing on a small clearing made by the Indians where McMullin's house now stands. When the Indians

found out about this they came down from Andover and ordered him off. He made peace with them by giving them thirty bushels of corn a year. After this the Indians came every year for their corn, then they would go up over the hill, grind it between rocks, and have a big feast. The lot owned by Mr. Wilsey extended from the lower line of the Orser lot to what is now Kennedy's upper line. The descendants of this pioneer living in Hartland are Mr. W. P. McMullin, Mrs. Gordon Boyer and Mr. Guy McMullin.

Next below this, the land was taken up by William Turner who sold it out to Samuel Hayden. His descendants are, Granville Nevers, Byron Nevers and Avim Nevers.

This place was first known as the "Mouth of the Becaguimac" and later as the "Mouth of the Guimic". There are several versions of the origin of the word Hartland—after Rev. Samuel Hart, some say from James R. Hartley, others say because it was the heart of the Country.

The first residence was built by Samuel B. Orser, then E. B. McIsaac built a house where F. F. Plummer's store is now. W. S. Nevers built a house and store where Mr. and Mrs. Howard Adams live. Part of S. B. Orser's house was rented by S. Hart; Shaw and George R. Burt, but shortly afterwards moved across the street and built a store over a stump of a willow. Ninety nine years ago the McMullin house was built as a hotel for passengers travelling the river. When it was built the carpenter made the statement that it could be rolled over without pulling it apart.

Supplies were first brought in by two-boats. The first steamship came up the river in 1873 and was called the "Novelty". On its first trip up river it became stranded on the island above the bridge. It went back and never returned. Then came the Reindeer, Carleton, Bonnie Doon, J. D. Pierce, John Warring, and Madawaska steamers. The latter was made at Grand Falls for service there, but finding business dull, they removed the engine and took the boat to Fredericton. On its return up river it had the first whistle. It arrived in a dense fog and people ran out looking in fear and wonder thinking it was a band of Indians coming upon them. Formerly the boats used a horn to announce their coming.

The first road ran up back of the town and was a continuation of what is now High Street. It ran over the hill by F. Hagerman's and crossed the Becaguimac. In 1880 it was changed to the present highway.

People first crossed the river by ferries. The first one crossed by Kennedy's. It was propelled by oars. Later on one run by cable was brought farther up the river. On May 4, 1901 a bridge was opened for the public travel and was for a while a toll bridge. The great celebration was on July 1. The main speakers on this occasion was the present Judge McKeown and the late H. R. Emerson. About one thousand people were present at this. On April 6, 1920 two spans were taken out by the ice. In 1921 concrete piers replaced the old ones and a covered top was put on. In 1850 a bridge was built over the Becaguimac.

I will now trace the history of the school. The first school house was built of logs and stood on the hill near where McMullin's barn now stands. It was built a little earlier than 1894. The first teacher's name was Dixon. This little school house was then moved up to where Jarvis Day's house is. In 1850 a frame school house was built at the upper end of town. It was also used as a church. It is now part of the house owned by Bert Smith. Before 1882 a school house was built next the present one. It was burned while this one was being built. The present one was built in 1899. The school was made Superior in 1882. Some of its principals were Allan A. Rideout, Joseph Howe, H. F. Perkins, E. J. Alexander, Miss Murray, Charles Palmer, Dr. Peppers, Inspector P. R. Hetherington, Joe Barnett, Bruce Barry, C. D. Dickson and Miss W. A. M. Clark.

The first post-master was W. S. Nevers. He kept post office in his private residence. Mail was brought up by Robert Hume, from Woodstock every Saturday. Then John Barnett kept an office where the Windsor hotel is now. In 1912 the recent post office was built. On January 18, 1913 the town clock was set up in its tower. Mr. Barnett was post-master, followed at his death by Edward McCollum.

Hartland owes its rapid growth to the fact that "It has at the mouth of the Becaguimac", to quote from a Carleton Sentinel dated 1853, "A splen-

did water privilege with power at all seasons of the year sufficient for driving the machinery of sawmill, grist mill or factories of any description that may be erected thereon." The first saw-mill at this place was burned and Samuel Nevers bought the site and built a mill, saving planks and boards by the "up and down" method. Isaac Stephenson, later a member of the U. S. Senate and a Wisconsin millionaire, lived here at this time. Then Benjamin Jewett bought it from Nevers. He had a grist mill and saw mill. Later on Sawyer bought, enlarged and improved it. Then it changed hands to Sayre who now owns it.

Alexander Shaw built a mill at the lower end of town which was destroyed by fire. Then a man by the name of Miller moved a mill on this site and it was destroyed by flood. Later on J. K. Flemming built the present one afterwards selling out to Price & Nevers who in turn sold out to Sayre the present owner. There was at one time a clap-board mill at the Pokioik owned by John McLeod. About the year 1896 a woodworking factory was built a few rods below the depot. One of the first managers was J. E. Alcorn. It gave employment of from eight to twelve hands. It manufactured all kinds of interior finishings. In association with Mr. George Shaw Mr. Alcorn also established a broom handle industry. These were exported to other countries. This was later taken over by another company. This factory is not operating now.

In 1900 Mr. Chas. H. Perkins came from Bangor and entertained a monument works at the end of the bridge. This building was destroyed in the fire of 1907. He moved to a building now owned by Harry Lipsett. When he left this building James Rogers moved in operating a grist mill. Then he moved across the road on the bank of the river. Here he had a grist mill and a planing mill combined. The first church building was the Free Baptist built in 1875. Rev. Charles McMullin was the first pastor. Others were T. O. DeWitt, Mr. DeWare and J. B. Daggett and Dr. C. T. Phillips.

The Baptist Church was organized by Rev. A. H. Hayward. The land on which the church is built was donated by Rev. Benjamin Jewett. The main body of the present building was built in 1897. The annex was built later on. At the present time they are putting an extension on the back part. The ministers were A. H. Hayward, J. D. Wetmore, E. C. Jenkins.

In 1905 the Free Baptist united with the Baptist making an organization called the United Baptist. The ministers after the Union were A. F. Baker, Mr. Steeves, O. E. Steeves, S. W. Schurman, George Kincaid and E. A. Trites.

The Methodist church was built in 1894. Mrs. T. T. Hammond formerly Miss Maude Keswick, laid the cornerstone. The ministers were, William Penna, Henry Penna, Robert Clements, S. A. Bailey, Ernest E. Gough, John Dunlap, Stanley Young, Mr. E. Smith, John B. Gough, George A. Ross, Daniel Rice, George Ayres, B. O. Hartman, Frederick T. Bertram, George N. Somers, W. E. Smith, P. J. Fitzpatrick, Mr. Helps, Mr. Crisp, J. L. King and Rev. Thomas Pierce.

On Nov. 6, 1892 the Reformed Baptist Church was dedicated. Some of the pastors were Mr. Trafton, Mr. Kinghorn, Mr. Colpitts, Rev. Mr. McDonald, S. A. Baker, Percy Trafton and Rev. H. C. Mullin.

The Anglican church was built in 1913 on Burt's flat. There have been two rectors, Rev. N. Franchetti and Rev. W. P. Haigh.

High Speed Steel Without Tungsten. A new high speed steel of British origin is without tungsten in its composition and advantages of both a practical and economical nature are claimed. It is cobalt-molybdenum steel, the cobalt apparently acting as a stabilizer and as correcting certain disadvantages said to exist in molybdenum-tungsten steels. The new steel is claimed to possess the highest point of efficiency ever obtained. The hardening temperature required is only in the neighborhood of 2,000 degrees Fahrenheit. The steel is also reported to machine exceptionally soft and easily. The specific gravity of como steel is reported to be equal to that of the old carbon tool steel, and so 10 per cent less than that of the tungsten high-speed steels. As a result it is estimated that a given weight of como steel will produce 10 per cent more tools than the same weight of regular high-speed steel.

### Industrial Research.

Again and again during the war it was insisted by all manner of authorities in England that one of the great efforts of the future should be in the direction of encouraging industrial research. This was, in fact, a war lesson, and Great Britain evidently has no intention of losing it. Already a government department of "scientific and industrial research" has been established; while, according to the chairman at a recent meeting of the Institution of Electric Engineers, "universities all over the country, led by University college, London, are re-equipping their training departments."

### The Fickle Men.

The two girls were talking, and one was deploring a recent experience. "He promised to teach me to drive his car," she said, "and I wanted to do it in fine style, so I went up town and bought me a very fancy pair of gauntlet gloves."

The other nodded sympathetically. "And then what do you think happened? Why the fickle thing got mad and got him a new girl before I had even got those driving gloves paid for."

### Simple Operation.

Douglas, three and a half years old, returned from the barber shop with his hair nicely bobbed. His mother overheard him say to an admiring playmate: "Why, the barber man did it just as easy—he just ran the electric iron over my head."

Cataract Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. #### CARLISLE NOTES

We are glad of the sunny hours, glad, too, that some of our brook bridges are being replaced and we should be glad still if a piece of our road, (or cowpath missing since the flood) could be brought back or replaced with a new piece before someone goes over the hill, into the old Mill Pond. We don't think there has been any work done on our road for two years and we don't know if we've got a commissioner or not.

A very large crowd was out Thursday night to welcome Harry Shaw and his bride with an old fashioned serenade which was long and noisy.

Mr. and Mrs. Ben Turner came from Presque Isle on Saturday, returning on Sunday taking Mrs. Turner's mother, Mrs. Bela Shaw with them for a visit with her daughter.

Mr. and Mrs. Addington Newell have a new baby girl, Laura Madeline.

Cook Dickinson has been putting in a new cement cellar.

Mrs. James Stephenson has been visiting her mother, Mrs. Nevers.

A great many people are fishing these days and a great many are fighting potato bugs and weeds.

Some have been attending the meetings at Windsor where Evangelist Foster has been labouring.

Our community was shocked and saddened on the morning of June 29 when it was learned that Mrs. Ellen Shaw had passed away.

Deceased was 73 years old, the widow of the late Wesley F. Shaw, one of the early settlers of Carlisle who predeceased her 14 years ago. "Aunt Ellen" as she was familiarly known to her friends was a pillar of our church and respected by all who knew her, and was ready when the call came to answer "Master here am I". She had kept house since her husband's death for her son Harry and on Thursday morning arose and partly prepared breakfast and when Harry came in from milking he found her body lying on the couch, but the spirit had flown

the good fight, I have finished my to God who gave it. The funeral was held Saturday afternoon and was very largely attended. Rev. Addington Gifferson preached a very impressive sermon from the words: "I have fought course." The Windsor choir had charge of the music and sweetly rendered "Asleep in Jesus". "The Blessed Lights of Home" and "Will the circle be Unbroken"?

She leaves to mourn, two daughters, Mrs. Harvey Faulkner and Mrs. Lee Orser, both of Carlisle; Two sons, John of Mars Hill and Harry at home. Also many relatives and friends.

#### JASPER PARK LODGE

AN IDEAL STOP-OFF POINT

With the advent of reduced fares to Alberta and British Columbia points, many who have long anticipated seeing the Canadian Rockies and Pacific Coast will make the journey this year. To them, and to the individual traveling "Across Canada" for purely business reasons, the "National Way" and the Canadian National Railways' premier trains, the "Continental Limited" and the "National" appeal most strongly, the route connecting as it does the great urban centres of Canada, and traversing regions of outstanding interest. The various Canadian National hostilities en route suggest excellent stop-off points and are noted for the excellence of their service. To their number is added this year Jasper Park Lodge on Lac Beauvert.

Jasper Park, Alberta, in the Canadian Rockies, is the largest of Canada's National Parks, its area of 4,400 square miles offering unlimited holiday possibilities to the Tourist and Sportsman. Doleful Varden trout lurk in the clear pure mountain streams, the encircling mountains, and a new unspoiled Alpine wonderland of snow-crowned peaks and verdant valleys gladdens the eye. In this delightful setting on Lac Beauvert, three miles from Jasper Station (with which it is connected by motor car service), is Jasper Park Lodge, operated by the Canadian National Railways' Hotels Department and now open for the reception of guests.

Of artistic log construction the Lodge comprises a large, comfortable Lounge building, surrounded by dining hall and separate sleeping buildings in each room, baths, etc. In with all modern conveniences, running water in each room, baths, etc. In conjunction with the lodge is a dancing pavilion where good music assures to the guests delightful evening diversion.

From the Lodge a magnificent panorama greets the eye. Mount Edith Cave, so called in memory of the martyred British Red Cross Nurse, stands out in bold relief, its glittering slopes making it to appear as a "sheet suspended from the heavens" The picturesque valley of the Athabasca is flanked by Pyramid Mountain, the richness of its varied color effects presenting a very striking contrast.

Whistlers Mountain, Colon Hange, Roche Bonhomme, are but a few of the mighty peaks that meet the gaze. Riding is, of course the popular pastime and ponies are available for this exhilarating sport. Within easy reach of the Lodge, afoot or by motor car, are numerous points of interest. Maligne Canon and George, one of the most interesting attractions in the Park, is but six miles distant. Easily accessible streams will tempt the fisherman. The amateur photographer

READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

**There is only one way to kill all the Flies**

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below.

Put the plates away out of the reach of children until required in another room.

will revel in Nature's bounteousness. Animal, bird and plant life is found in wonderful variety. Seventy different species of birds, seven hundred different species of plants and flowers have been accounted for, and within the confines of the Park which is a bird and game preserve are big horn mountain sheep, and goat: bear—cinnamon, brown and black; caribou and moose, elk, beaver, otter, marten and deer.

For those more venturesome, who would explore the more difficult and extended trails, guides, ponies, pack-horses and complete outfits can be obtained at the Lodge, from which point also parties set out on hunting expeditions beyond the confines of the Park.

This delightful region is fully described in a new booklet entitled "Jasper Park Lodge", copies of which may be obtained from the nearest Canadian National or Grand Trunk agent.

## THE ANNUAL SCHOOL MEETING

(Continued from page 1)  
ted, of St. John being \$123,833. A proposal accompanied the tender of L. A. Dugal to the effect that should the Board decide not to accept any of the tenders he would do work on an 8 per cent. plus basis. On the advice of Architect Frenchette contractors tendering were asked to submit revised figures on February 22, as the lowest tender was about 20 per cent above his estimate. On February 22 the following revised legal tenders were received:

Rhodes & Curry	\$126,000
R. A. Corbett	124,300
J. A. Grant & Co.	121,950
L. A. Dugal	121,350

"Mr. Dugal's figure was submitted subject to the Board being willing to pay for materials immediately upon delivery or on presentation of drafts. Mr. Dugal reaffirmed his proposal to do the work as per his tender of February 8, viz: on an 8 per cent cost plus basis submitting \$105,641 as his figure for the cost of construction on this basis.

"I submitted to the Board letters from Kenneth G. Rea of Montreal and F. Neil Brodie of St. John, architect, and Mr. Archibald Fraser of this Town which letters set forth the individual writer's disapproval of the cost plus percentage basis. I then submitted the following resolution:

"Whereas the Secretary of the School Board has informed the Board that the Hon. J. E. Michaud, M. P. P., after discussion with members of the provincial cabinet stated that there was likelihood of \$75,000 on bonds being looked upon with disfavor by the Legislature an account of the heavy bonded indebtedness of the Town of Edmundston and whereas the opinion of two of the foremost architects in Eastern Canada, viz: Kenneth G. Rea of Montreal and F. Neil Brodie of St. John and Archibald Fraser of the Town of Edmundston, a gentleman who has in recent years had the largest experience in building private and public buildings of any man in the Province; that the safest and most economical way to get construction work done is for a fixed sum on the "lump sum" basis:

"BE IT RESOLVED that the Board delay the granting of Contract No. 2 until such time as the Board receives advice from the Local Legislature which is to meet on March 2, that its authority has been given to issue the above mentioned bonds, and further resolved that Contract No. 2 for the completion of the School be given on a Contract for a fixed sum.

"This was defeated. A motion was then made that the contract be let on the cost plus percentage basis. My colleagues voting for, I voting against. A subsequent motion on the same division awarded the contract to L. A. Dugal.

"On March 22 a meeting was held for the purpose of signing the contract at which I submitted a motion to defer signing of contract until authorization of bond issue was received and with my motion I submitted for the contractor's signature a regulation cost plus percentage contract. This motion was lost. A contract placing the cost limit at \$121,000 and which took the whole responsibility of purchasing materials out of the hands of the secretary who need not be a trustee and the architect was approved on division. I voting against.

"On April 6, a meeting was held, those in attendance being the Local Vocational School Board, Architect Frenchette, Vocational Director Pearson, representing the Provincial Vocational Board, and Mr. Crawford of Ottawa representing the Federal Vocational Department. The weaknesses of the above mentioned contract were pointed out. I also brought the question of appointing a competent inspector for Contract No. 2 who would meet with the approval of both Vocational Directors. I was replied to by the

## ESCAPE FROM DEATH MIRACULOUS

When Express Train Crashes into Automobile Occupied by Newman Black and Geo. F. Burpee

On Saturday afternoon the south bound express in charge of Conductor Henderson and Driver McQuarrie struck an automobile of Waugh coming about a mile below Florenceville. The automobile was driven by its owner, Newman Black of Avondale and George F. Burpee of Centreville was a passenger with him. The car, a 1915 Studebaker was smashed absolutely to atoms. Parts of it being found fifty feet away. Black escaped entirely without injury, but Mr. Burpee suffered a broken rib, a sprained ankle, a broken nose and numerous severe bruises besides severe shock. Both men were pinned beneath the debris. The train officials rendered all the assistance they could, secured a car to convey Mr. Burpee home and summoned Dr. Brown.

It is not yet determined who was responsible for the disaster, but it is plain that both cars, arrived at the point of disaster about the same instant. Latest accounts from Mr. Burpee is that he is doing well.

## HORSE RACES NEXT WEEK

(Continued from first page)  
known horse to be here is Little Anna S owned by Henry Shaw of Fort Fairfield. There are entries from Fort Fairfield, Green River, Fort Kent, Woodstock, Hartland, Madawaska, St. Leonard, Quispisis and Clair as well as many from St. Basile, St. Jacques and Edmundston. There are six races, three each day.

On Tuesday the 2.18 trot, for which there are seven horses scheduled to race. The 2.30 pace for this race, six entries. The 2.23 Pace in which seven horses will start.

On Wednesday there will be the Famous Race. In this race eleven entries. The special race—seven starters, and the Free For All, in which College Swift and Little Anna S. will race, for which there are seven entries, all of them out of town horses.

The Racing Association was organized not only to encourage clean sport, and it is the intention of the management to enforce the rules and to keep the Association as free from censure and criticism as possible—as witness the case in the police court this week—but to encourage agriculture, and the grand stand has been so constructed that the space underneath can be used for rooms in which to exhibit the products brought to the Fair in the Fall. It is hoped that next week the weather will be fine in order to encourage Alderman J. Frank Rice the president, and the officers and members of the association who have worked so hard to make a success of this venture.

## CENTREVILLE

On July 23, Rev. H. R. Bell will preach as follows—Centreville 11 a. m. and 7.30 p. m.; Carvell 3 p. m. Come and hear.

Many of our citizens attended the celebration at Florenceville on Wednesday, while others went to Woodstock to spend the holiday. The chief attractions at Florenceville were the parade by the members of the Orange Order, and the baseball games when Juniper was victorious over Florenceville. Florenceville won when Bath and Florenceville played.

Eddie Walton was the victim of a shooting accident on Tuesday when returning from a fishing trip to Miramichi. He was brought to Centreville and the physicians failing to locate the bullet was taken to the hospital in Woodstock. His condition is somewhat improved, although the bullet has not been removed.

De Brown and Mrs. Brown were in Woodstock on Thursday.

A. C. Gibson is able to be out after his recent illness.

Mr. and Mrs. Joseph Brockway of Foxcroft, Mrs. Wendell Piper and daughter of Bangor, Mrs. Fred Oliver of Guilford and Miss Iantha Irvine of Portland, Oregon, visited their cousin, Miss Addie Irvine on Friday.

Miss Margaret Burrow of Devon spent her vacation at the home of Mr. and Mrs. Leland Clark.

Burton Clark and Lee Kennedy climbed at the end of the Florenceville bridge on Saturday and one car was slightly damaged.

Local talent of Easton, Maine gave a play on Tuesday evening to a fair house, which was much enjoyed by all who attended.

Mr. Bruce left for his home in P. E. I. on Thursday.

## LOCAL AND PERSONAL ITEMS

Miss Edna Rice entertained at a very enjoyable dance on Wednesday of last week, at the picturesque Rice Farm some five miles in the country. This social affair which was one of the most pretentious of the summer was in honor of their guests, the Misses Hogan of Halifax. The party motored out to the farm and consisted of Misses Edna Rice, Rachel and Kathleen Hogan, Roberts and Greta Hammond, Marion Dalgle, Dorothy Hall, Grace Phillips, Laura Bastrache, Winnie Wright, Helen and Grace Stevens, Mr. and Mrs. Tapley, the two Misses Laporte, the Messrs. Rice, J. MacKenzie, R. Murphy, R. Murchie, C. M. Burpee, G. R. Burns, B. Pincombe, C. Matheson, S. Henderson, Professor Revenoff, M. Burdette, P. Fournier, M. Hall, E. Stevenson, G. LaPorte and others. The Rice hospitality was demonstrated again and it was with regret that the party broke up in the early hours of the morning. Our summers here are short, but the delightful weather we get here in the comparatively short season makes these entertainments the more enjoyable, and it is the privilege of those with delightful homes away from the town to give the young people these good times which are never forgotten.

D. W. Griffith has taken this basic story, and by his new art form which represents music, drama and motion pictures, has produced a classic. It pictures New England rural life with a fidelity and charm which cannot be approached under any other circumstances. To this absorbing tale of love and lovers, Mr. Griffith has given those touches which make his work something apart from all other forms of dramatic and pictorial entertainment. Its great punch comes after the former story would ordinarily terminate, and is the greatest scene ever conceived in the theatre.

David Evans returned to Edmundston on Tuesday from Fredericton. He reports that Mrs. Evans underwent a very serious operation on Thursday, but that it was successful, and that Mrs. Evans was gaining strength daily. The many friends of Mrs. Evans who were alarmed at the critical character of her illness will be delighted to know that she will be back to Edmundston in the course of a few weeks. Mr. Evans proceeded to Glendyne on Wednesday, where he is employed with Fraser Companies Ltd.

It has been suggested that beginning the last Sunday in July and for the whole of August, that only one service be held by St. Paul's congregation. Mr. Hardwick will consult the people next Sunday, and if there is an unanimous wish that this be done he will acquiesce. In order to find the will of the people the members of the congregation are requested to attend the services next Sunday.

Mr. and Mrs. Fred Rommel, Mrs. Maude Berube, and Miss Stella and Lourde Berube, with F. E. LaChance drove by automobile to Cabano, stopping on the way to have dinner at Cloutiers Hotel, Notre Dame du Lac, on Sunday. On their way home they stopped at O'Leary's hotel and had a sail on the lake. They arrived home about nine on Sunday evening. The only mishap was a punctured tire, but they report that the trip was well worth it.

## GREATEST OF ALL PHOTOPLAYS COMING

D. W. Griffith's wonder spectacle, "Way Down East," which comes to the Star Theatre for 2 days, commencing Saturday, July 23, is assured a wonderful reception from the hearty response that Manager C. T. Johnson has evidenced from his patrons.

No theatrical attraction of the year has created the stir that has followed since the opening presentation of this production at the 14th Street Theatre in New York City early in September, 1920. It crowded that theatre twice daily from the start, and was given such unstinted praise that it has been acclaimed the greatest picture of all the times.

"Way Down East" as you know was a play by Lottie Blair Parker which Joseph E. Grismer helped adapt to the stage and enjoy unusual popularity for over a decade on the regular stage.

## HARTLAND LOCALS

Mrs. J. F. Murdoch returned home Saturday from a visit of two weeks in St. John.

Miss Helen Plummer has been spending a few days with friends in Fredericton.

Miss Margaret Somerville of Bristol is visiting Miss Reta Taylor.

M. L. Hayward, Esq., spent the week-end as a guest of H. H. Hatfield at Old Orchard, Me.

Miss Sybil Craig of Cloverdale has been visiting her sister, Mrs. O. A. Hovey.

Mr. and Mrs. H. W. Annett spent a part of Sunday at the old home of Mrs. Annett at Chester.

W. E. Thornton, accompanied by Rey, W. P. Haigh and Avin Nevins, are on a fishing trip to Miramichi.

Mr. and Mrs. Charles Palmer and Mr. and Mrs. Al Palmer of Waterville were guests of Mr. and Mrs. A. E. Plummer on Sunday.

Don't miss Tom Moore in "From the Ground Up", Saturday night, Neighbourhood Theatre. You will laugh until you are hungry.

The Star Bible Class of the Baptist church had their annual picnic on the village green yesterday.

Mr. and Mrs. H. E. Adams and baby Eleanor spent the week-end at Millinocket, going by automobile.

Mrs. G. C. Watson has returned from a pleasant visit with friends on the Tobique and in Arrostook county.

Miss Florence Smalley of Woodstock, formerly a Hartland girl, has returned to Hillcrest Hospital at Pittsfield, Mass., after a visit with her parents.

S. S. Miller and family left this week for their summer cottage at "The Ledges", St. Stephen. Miss Jean Miller, who has been confined to her bed the past two weeks also went by auto, a bed being improvised in the car.

Last week haying operations began quite generally and there has been almost two weeks of continuous fine weather. The crop is heavy and has so far been gathered in fine condition.

Miss Lillian G. Shaw who has been teaching in Alberta arrived home and is spending the summer vacation with her parents, Mr. and Mrs. Otis Shaw at Florenceville. She was accompanied by her niece, little Miss Jean Edler.

Mr. and Mrs. James Mooers of Cambridge, Mass., are guests of Mrs. Mooers' son, G. B. Nixon, and spending a few weeks at his old home here. They also visited another son, Dolphie Nixon at Mangerville and were at Beniah Camp ground.

Prof. Frank Watson who is spending several days at the clubhouse at the Miramichi has had the good luck to have caught several small salmon. He has remembered some of his friends too and among those who have been sent a very fine fish is A. E. Plummer and H. A. Sipprell.

Revs. George Wasson of Bath and D. R. Chown of East Florenceville will exchange pulpits on Sunday, July 23. Mr. Wasson will preach at Summerfield at 11 a.m., Wicklow 3 p.m. and West Florenceville 7.30. Mr. Chown will be at Killburn at 11 a.m., Upper Kent 3 p.m. and Bath 7 p.m. All are cordially invited to the above services.

Howard Taylor of Minto was here during the recent flood and secured about 20 fine negatives depicting the scenes of the rare occasion. All of these are perfect pictures and copies are on sale at the store of Estey & Curtis Ltd. They are post card size and every Hartlander should be sent copies of them while every household should have a record of the disaster as shown by these pictures.

Local base ball fans have been pulling themselves together during the past few weeks and have got the diamond in good shape. They have material for forming two good teams, every man a resident of the town. They have had some very interesting practice games and on Monday had their first outside game when they went to Bath and defeated the team there in a score of 10-6.

Miss Georgia Reid, R. N., arrived home on Saturday to spend the summer at her home here. She had a very enjoyable trip coming most of the way by automobile, visiting the mountains in New Hampshire and other summer resorts. Miss Reid has been supervisor of nurses at McLean Hospital at Waverly, Mass., but has resigned this work.

Brighton Lodge No. 31, Knights of Pythias, will hold their annual decoration service on Sunday, July 23. All members are requested to meet at Castle Hall at 12 noon, bringing as many flowers as possible. The brotherhood will march from the Hall to Greenwood Cemetery and then by auto procession to Simonds burying ground.

One day last week James Hovey, an employee in F. E. Sayre's mill, during a few minutes the machinery was down, went to an opening in the end of the mill for a breath of fresh air. He took a dizzy or faint spell and fell 20 feet striking on a log and a piece of timber. He was picked up unconscious and remained so for about 20 minutes. The extent of his injury was a badly bruised hip and shoulder and a severe general shaking up.

Next Sunday at Holy Trinity church there will be celebration of Holy Communion at 8 a.m., and sermon at 11 a.m., followed by a High Celebration of the Eucharist. The music at this solemn and impressive service is beautifully rendered and the public in general will not be turned away. Sunday school will follow immediately after this service and in future will be held at 11 a.m., or immediately after morning service.

On Saturday evening there were parked in the space between the bridge and post office fifty-seven automobiles while the street was in a constant state of blockade. Early in the year it was predicted that there would be few automobiles on the streets this summer and no new ones. As the season advances it has been revealed that more new cars of the better class have been sold than ever. On Sunday there was the first great influx of American visitors this season. More than 100 Maine cars crossed the river bridge on that day. (Continued on page 8)

### SUDDEN DEATH FROM PARALYSIS

Mainstream was shocked by the sudden death of Mrs. Ephraim Clark. Mrs. Clark was in apparently good health and while driving her team into Hartland was seized with paralysis and expired in a few moments.

Deceased was only 4 years of age and leaves to mourn their sad loss, her husband, whose health is very poor, an aged mother, two daughters, Bessie and Elsie, and six sons—Clarence, Theodore, Lynwood, Orris, Arrie and Arthur. Two sisters, Mrs. Bruce Seely and Mrs. Horace Clark; five brothers—Winfield Shaw, Franklin Shaw, Herman Shaw, V. J. J. Shaw and Harley Shaw. Mrs. Clark is daughter of the late Jarvis Shaw who died some two months ago. She was one of the most highly esteemed of our community, of very amiable disposition, professed religion in early life and lived a consistent Christian.

The funeral service was held at Rockland church, Rev. H. V. Bragdon officiating. The many floral tributes and the large concourse of people bear silent testimony of the high respect in which our sister was held.

We tender our heartfelt sympathy to the bereaved ones.—H. V. B.

### CARLETON COUNTY ROADS

Mr. Editor: Recent question was raised as how Carleton county was favored by the Minister of Public Works as compared with Gloucester. Curiosity caused me to compute the expenditure for the last two years. I find that in 1920 Gloucester county re-

## BEGAN AS OFFICE BOY, IS NOW GENERAL MANAGER

John J. Scully Becomes Gen. Manager of C.P.R. Eastern Lines.

JOHN J. SCULLY

The Canadian Pacific operates something like 20,000 miles of railways and its employees number something like 80,000. On such a long road, and amidst such a large number of co-workers, one can only reach distinction and success by hard work and consistent application.

John J. Scully, who has just been appointed General Manager for Eastern Lines of the Canadian Pacific Railway, is a typical example of railway men who climb to the top of the ladder. On January 4th, 1887, when in his fifteenth year, young Scully embarked on his railroading career when he joined the Canadian Pacific as office boy in the offices of the Car Accountant at Montreal. In February, 1888, he became a clerk in the same office. Moving to Farnham, Quebec, in June, 1888, he became clerk there to the Assistant Superintendent. In August, 1890, he returned to Montreal headquarters as clerk to the Superintendent. April, 1891, saw him return to Farnham to his former position in that town. Mr. Scully joined the Mechanical Department of the railway at Montreal in March, 1893, as clerk. In September, 1894, he was transferred to Toronto Junction as clerk in the Mechanical Department there. Evidently Mr. Scully made good headway at Toronto Junction, for in March, 1898, he was appointed assistant to the Master Mechanic. In August, 1901, he was promoted to be assistant to the Master Mechanic at Winnipeg. Mr. Scully gained wide experience in Western Canada. In August, 1902, he became chief clerk in the General Superintendent's office at Winnipeg. In June, 1903, he became Assistant Superintendent for the Western Division. Promotions following were: July, 1903, chief clerk to Assistant General Manager, Winnipeg; April, 1904, Assistant Superintendent at Brandon; August, 1904, Superintendent at Brandon; November, 1906, Superintendent at Kenora; May, 1910, Superintendent Western Division; July, 1910, General Superintendent, Saskatchewan Division;

April, 1922, General Superintendent at North Bay for Algoma Division.

Some few years ago George H. Ham visited one of the towns where Mr. Scully was stationed. A lady friend was speaking to George about the town, and telling him about its many fine qualities, "and one never need an alarm clock in our house," she continued.

"You are up with the sun, I suppose," said George.

"No," was the reply, "We're up with John J. Scully. Every morning at half past seven sharp, winter and summer, he goes past our door, and that is our alarm."

"John J. Scully is a great worker and one of the best of men," added George.

Mr. Scully's wide experience in East and West will be a great acquisition to him in dealing with the many problems of his present position. The new General Manager of the Eastern Lines, O.P.R., is very popular, and has received congratulations from all over the country on his promotion. He succeeds Mr. Alfred Price, who after 40 years' service with the O.P.R., has relinquished his duties on the advice of his physicians and has been granted extended leave of absence.

ceived from the Department of Public Works in round figures \$128,000 while Carleton County received the sum of \$181,000 and Carleton is much the smaller county. The recent census gives Carleton 21,000 and odd people and the County of Gloucester over 36,000. So based on population Gloucester received about \$3.27 per head and Carleton \$8.60 per head, or more than twice as much.

In 1921, last year, Gloucester county

got in round figures \$175,000 and Carleton County 278,000, or, based on population, Gloucester received about \$4.86 per head, and Carleton \$13.24, very near three times as much.

Do you not think Carleton has been used more than fair, and that it is a shame that some will whisper prejudice against the Minister of Public Works?

Yours faithfully  
Robert L. Simms.

## NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of your medicine and wanted me to try it. So at last I took your Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as I would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like.—Mrs. Grace Barker, 22 Spencer Ave., Hornell, N. Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

## A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

Miss Florence Craig is visiting her grandmother, Mrs. MacDougall, at Reeds Island, on the Tobique.

Mrs. H. Wade spent Sunday with her mother, Mrs. T. Craig.

Miss Pearl Baker of Tilley is spending a few days with her friend, Miss M. Bowmaster.

Mrs. J. L. Lomieux is visiting at Edmundston at St. Jacques.

Mrs. Walsh has returned from a visit in Montreal.

Herbert True has left Aroostook to take a position as yardmaster C. P. R. Woodstock.

A. Gibson, L. C. True, J. T. Smith and L. Grant motored to Three Brooks on Saturday evening on a fishing excursion.

On Sunday, the 16th, Aroostook Lodge No. 119, held a Memorial service at the Union church, and a good number of members including the members of the Rebecca Lodge marched in procession to the church, F. W. McNally acting as Marshall. The Rev. Howlett preached a suitable sermon and the choir, composed entirely of Oddfellows and Rebecas sang in good style, assisted by H. Blakeslee, tenor, of Perth Jct.

Guy Turner and wife are visiting Aroostook.

Donald Howard has returned to visit his parents for the summer. Donald was one of the boy heroes of the war. He enlisted in Campbellton in the Fall of 1914, when not quite 15 years of age, was sent to St. John and was attached to the famous fighting 28th Regiment and served in the trenches in France with that regiment. He was sent home again on account of being under age. He is the possessor of two military medals, and as sharpshooter, the other as pistol expert. After the war Donald enlisted in the U. S. A. service and was sent to the Philippines, as staff sergeant, 17th Balloon Co., American Air Service, Fort Wm. McKinley, and last year made a trip to China and Japan. An interesting letter was received last week by Mr. Langley from another Aroostook boy who was educated at the village school. Henry Langendyk, whose father was formerly a tinner at Aroostook is now in the American Consulate at Amsterdam, Holland, and is a stenographer, can speak English, French, and German, and says he intends learning more languages. This boy speaks highly of the Canadian climate and hopes ultimately to return to Canada.

## HER RECOVERY IS AMAZING TO MANY FRIENDS

MRS. McARTHUR TELLS HOW TANLAC BROUGHT COMPLETE RELIEF FROM STOMACH TROUBLE THAT WAS SO BAD SHE COULD NOT WALK UP THE STAIRS—GAINS WEIGHT TOO.

"My friends all express surprise over the fine change in my health, and I always tell them how Tanlac caused my improvement," said Mrs. Kenneth McArthur, 2 S. Bentinck St., Sydney, N. S.

"I was dreadfully weak and run down for six years, suffering from a bad form of stomach trouble. No matter how careful I was of what I ate I had awful attacks of indigestion. I had trouble with my heart skipping and jumping, but I know now it was due to the condition of my stomach. I was nervous and miserable, getting little rest day or night, and so fagged out I couldn't climb the stairs."

"I began taking Tanlac just in time for I had almost lost hope. Now I am feeling like a different woman. I have a hearty appetite, eat anything, sleep restfully and have gained weight. I think Tanlac is truly wonderful."

Tanlac is sold by all good druggists.

## LUMBERING ON THE ST. JOHN RIVER, PAST AND PRESENT

By J. Fraser Gregory, President of Murray and Gregory Ltd.

(Continued from last week)

This is the simplest form of boom and the one commonly used in stream driving today. A more elaborate boom is used in Fredericton, where the channel of the river has to be opened and closed many times a day. There a boom three or four logs wide of flatted timber is made and the fls are hinged on one side of it, and instead of being held in a fixed position by a spar are connected by a wire rope leading to a winch at the shore end.

When the cable is slack the fls lie flat beside the boom and the whole thing falls out in the current. By tightening upon the cable with the winch the fls commence to separate from the boom and the lower end is forced out into the stream by the water striking the fls—a simple contrivance, now, to all of us.

The driving of each operation into the booms individually being an expensive undertaking and unsatisfactory, it was decided that the driving on the main river from Grand Falls to Fredericton might well be done by a contractor who would get busy as soon as logs commenced running in the river in the spring and keep at it, driving all logs until they were in the booms. So an act to incorporate the St. John River Log Driving Co. was passed April 3, 1888. The incor-

poration were Fred Hale, William Teddie, W. H. Murray, John Kilburn, Walter Stevens, W. Giberson, E. L. Jewett, J. Hayward, D. Nixon, A. F. Randolph, J. S. Leighton, Israel Merritt, C. Hagerman, B. Hume, Thos. Phair, George R. Burt, Robert Conners, Isaac Page, Franklin Stetson, George B. Dunn, J. F. Richardson, David Keavick, C. F. Woodman, W. H. Cunliff, George T. Baird, Adam Beveridge, Jas. Yerxa, M. Nadeau, Fred Moore, W. F. Fowler.

The Company continues to-day. It was not a stock company but a mutual organization whereby the driving of all logs in the main river was done by a contractor at a fixed price from the mouth of certain rivers below the Falls, the price being according to the distance driven.

Robert Connors was the first contractor. By this method the cost of driving from the Falls to Fredericton was reduced 75 per cent. This corporation driving having proved so successful in the year 1891 the Madawaska Log Driving Co. was formed to drive logs from the mouth of the Allagash to Grand Falls on similar lines. Later another Company was formed to drive from the mouth of Baker Branch to Allagash. So that now practically the whole river is driven by corporation drivers and not by individual operators as it was years ago. (To be continued)

### HARTLAND LOCALS

(Continued from page 5)

C. T. Black, the Dodge salesman, was in town yesterday.

Miss Louise Hancock of Boston is visiting Mrs. Core Belyea.

Mr. and Mrs. Frank Day and children motored to Bath on Saturday.

Miss Agnes Belyea returned yesterday from a visit with friends at Queenstown and James.

Mrs. Moffat and children of Auburn, Me., are visiting the former's mother, Mrs. C. B. Wheeler at Wick.

Mrs. William Roy is seriously ill of pneumonia.

C. J. Smalley of Florenceville was here on Saturday.

A. J. McPherson of Marysville was in town one day last week.

This morning James Lavigne hooked a 1 1/2 lb. salmon in the pool at Hartland.

Harry Gillin of Woodstock with Miss Kathleen and Master Harold were in Hartland yesterday.

John S. Leighton has been appointed prohibition officer for Woodstock in place of Frank McClements.

Mr. and Mrs. Chas. Upton of Avondale recently spent a few days with relatives and friends in Wicklow.

T. B. Thistle is offering for sale his nice residence on High street. He intends leaving town in the autumn.

Mr. and Mrs. A. O. Thornton motored on Saturday to Everett, Victoria county. Mrs. Thornton's girlhood home, returning on Monday.

On Sunday Miss Maude Coombes of Fort Fairfield called on friends in Hartland on her return from a visit with relatives in Jacksonville.

Mr. and Mrs. Edmund Burt of Lynn, Mass., who have been visiting Mrs. Burt's mother, Mrs. Herman Shaw at Coldstream have returned to Lynn taking with them Mrs. Shaw.

Mr. and Mrs. A. W. Knox and Mrs. T. S. Van Wart motored from Houlton on Sunday and were guests of Mr. and Mrs. C. H. Taylor for a few hours. Mrs. Van Wart remains for a longer visit.

There have been many fishing trips to Miramichi during the past two weeks and there come reports of very nice catching of salmon and trout. So far the Observer has had no tangible evidence of any fish being caught.

Someone who tried to be funny after a recent visit at the new Greenwood Cemetery remarked that it was the only live spot in town and the graveyard was down in the business section. That man was a pessimist—possibly.

Rev. H. C. Mullen, who for several years has been pastor of the Reformed Baptist church, has removed to take charge of the church at Beauséjour. Mr. E. W. Lester is his successor here and comes from Marysville where he has been pastor for some time.

Shipments of swine and sheep are heavier from Hartland station than they have ever been. Prices are much less than they were two or three years ago, but are still very much higher than they were before the war.

Aaron Lawson and his son, Gordon, of Edmundston, passed through Hartland on Sunday having been at Woodstock to visit the wife of the former who is a patient at the Fisher Memorial Hospital. Passing through here they were callers on Fred H. Stevens.
