CAMPBELLTON, N. B.

BEAVER BOARD.
If you are building or going to complete some building, please let us show you some colored samples, illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We collect out of town orders which require our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have occasional facilities for promptly turning out goods, it is important to place orders so far ahead as possible. Orders are filled by us in the position in which they are received, and customers can always depend on our doing everything in season to give prompt dispatch.

Manufacturers of: STONE, FRONT, STORE, CHURCH, METAL, PUTTY, SHELLS, RED and YELLOW, CORRUGATED, ROOFING, SHEET LEAD, ZINC, PLAIN, FANCY, ART and PLATE, GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.

Wholesale and Retail Dealers in: SASHES, DOORS, MOULDINGS and GENERAL BUILDING MATERIAL.

Wholesale and Retail Dealers in: CEMENT, LIME, COMMON, BRICKS, FIRE BRICKS, ROCKWALL, PLASTER, GYPSUM, FARM TILE, DRAIN TILE, and FITTINGS, NAILS, SPIKES, PAINTS, OILS, VARNISHES, STAINS.

Our Office is connected with the N. B. Telephone by two separate lines. Office Hours: 9 A. M. to 5 P. M.

SPECIAL MEETING OF COUNTY COUNCIL

Councillors Will Meet At Dalhousie Next Tuesday to Consider Food Matters.

The Restigouche Municipal Council has been called to meet in special session at Dalhousie next Tuesday, April 23rd. The call has been issued by Warden Gillis pursuant to the declaration of the Lieutenant Governor, and is for the purpose of considering what steps should be taken to encourage increased production of food during the coming season.

OBITUARY

The death of Miss Jean Harquail, second daughter of Mr. and Mrs. John Harquail took place at the Hotel Dieu Hospital Friday morning after a brief illness of pneumonia.

CRITICAL STAGE IN WAR ON WESTERN FRONT

British Have Been Forced to Evacuate Ground But Are Holding Firm—Today's Reports a Little More Encouraging.

(THURSDAY'S BULLETIN)
Thursday, April 18, a.m.—Gen. Haig's reports late last night say intense bombardment opened by enemy yesterday on practically whole Lyons battle front and from forest of Nieppe to Wytsaele and was followed by infantry attacks. These attacks failed with considerable losses to enemy. In counter attacks British succeeded in entering villages of Metereene Eysych but in face of continued attacks by Germans were unable to maintain their position. The French troops are co-operating with British on this front. British headquarters reports indicate another attack impending between Baillieu and Wytchaete. British maintain their positions at Boyelles. German war office announced Langemarck, Poelcapelle and Pashendaele evacuated by British.

LEUT. FRANK LAWLER, NEWCASTLE, KILLED.

Newcastle, April 15.—Mrs. Louise Lawlor has received word that her son Lieutenant Frank Lawler, who left here with the 132nd Battalion, died on April 7th, from the effects of a gas received a few days before. When gassed Lieutenant Lawler was ordered to the hospital, but refused to go, as he wanted to get back to action as soon as possible. When a call came for men for the front trenches again Lieutenant Lawler went forward with the first, but became exhausted from the effects of the gas previously received.

GERMANY CALLS 500,000 MEN; BRITISH STAND UNDISMAIED

London, April 16.—Premier Lloyd-George announced in the House tonight that the man power bill is imperative because Germany has just called up a further half million men. Field Marshal's Message to French. London, April 16.—The same spirit that carried our army through 1914 sustains us all again today against overwhelming odds, said Field Marshal French in a telegram today, thanking the French government for a message of encouragement.

WOOD ALCOHOL CAUSES HIS DEATH.

Moncton, April 15.—Fred Goguen, aged 21, of Lager Corner, on Saturday took a bottle of wood alcohol home from the I. C. R. shops where he was employed, and on Sunday he and several others sampled the contents, with the result Goguen died this morning and another is seriously ill.

OBITUARY

At her home in Flatlands, on March 14th, Mrs. William Hanson passed into rest aged 65 years. Her death came very unexpectedly, as she was ill only a few hours. Mrs. Hanson's maiden name was Marion McDavid. Her whole life was lived in this neighborhood. She was well known and loved by the entire community. She was a woman of strong personality, decided and outspoken in all matters of common interest. Kindly in her relation to others, and devoted to the cause of righteousness. She was a member of the Restigouche Baptist church. She was a loving wife, a kind mother, and a good neighbor. She is survived by her husband, who for many years has been deacon of the Baptist church, two sons, William Alfred and Jacob Oliver, and two daughters, Mrs. Archibald Noble and Miss Elmina at home. Also five brothers, James, Alexander, Harry, John and Nathan McDavid, and one sister Mrs. Diana McDavid. The funeral services both at the house and grave were conducted by Rev. W. Camp of Campbellton. Interment was made in the cemetery at Flatlands. The pall bearers were: Mr. Archie Noble, Mr. James McDavid, Mr. Jacob McDavid, Mr. William McDavid, Mr. John McDavid and Mr. Ogilvie Ferguson.

OLD MONCTON STATION BURNED.

About 10 o'clock Sunday morning fire totally destroyed the C. G. R. yard and train make-up office at Moncton terminals. The equipment was a total loss. The main train telegraphic and telephonic despatching services was unaffected. The building destroyed possessed railway historic interest, being the original I. C. R. railway station for Moncton until 1896.

GIRL'S STATEMENT WILL HELP CAMPBELLTON

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckhorn bark, glycerine, etc., as mixed in Adler's-Ka-ONE SPOONFUL helped me INSTANTLY." Because Adler's-Ka-ONE treated the entire alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. (A. Mc G. McDonald, druggist.)

CHAS. ALEXANDER ELECTED FOR

Majority of Ballots in Favor of Former Councillor—A Keen Contest.

The election for Mayor, and Councillors for Ward III on Tuesday created considerable interest, the main fight being for the office of Mayor, there being three contestants, Coun. Chas. A. Alexander, W. H. Wallace, and M. A. Kelly. Coun. Alexander and W. H. Wallace worked long and hard, canvassing the entire town and each issued an election sheet setting forth their views on civic questions, thus creating much interest. The vote, although slightly larger than that polled last year was only fifty per cent of the names on the lists, and of these who failed to vote about three hundred had not paid their taxes and the other two hundred were indifferent or had reasons for absenting themselves. Nearly fifty electors paid their taxes on polling day, but the cash receipts were not as great as last year. The non-arrival of the C. G. R. pay checks was no doubt partly responsible for this. Altogether the election was a pleasant one, the best of good feeling prevailed throughout.

The returns were as follows:

WARD I.	39
Alexander	39
Wallace	84
Kelly	13

WARD II.

Alexander	140
Wallace	65
Kelly	31

WARD III.

Alexander	98
Wallace	75
Kelly	5

FOR COUNCILLORS.

R. B. McBeath	132
David Champoux	126
W. J. McNeil	52
Henry A. Eagles	43
The total vote was:	
Alexander	277
Wallace	174
Kelly	49

THE TOWN CLERK MADE THE NECESSARY DECLARATION, DECLARING CHAS. A. ALEXANDER ELECTED MAYOR, AND MESSRS. DAVID CHAMPOUX AND R. B. McBEATH ELECTED COUNCILLORS FOR WARD III.

After the declaration proceedings the candidates who were present made brief remarks thanking their friends for support.

THE NEW COUNCIL WILL BE MADE UP AS FOLLOWS:

WARD I.
Mayor—Chas. A. Alexander.
Councillors J. Harquail and Henry J. Currie.

WARD II.
Councillors James Patterson and John Quinn.

WARD III.
Councillors R. B. McBeath and D. Champoux.

COUNCILLORS-AT-LARGE.
Councillor W. H. Miller and Chas. Goss.

WESTERN SOLDIER DIES AT HOSPITAL

One of Western Draft Stationed Here Died of Pneumonia Yesterday Afternoon.

Private William Green, aged nineteen years, a native of Ireland, whose Canadian address was St. Louis Hotel, Calgary, but who was stationed with the Western draft at the barracks here for the past six weeks died of pneumonia at the Hotel Dieu Hospital Wednesday afternoon.

DECEASED NEXT OF KIN IS JOHN GREEN, DUNDON, IRELAND. AS HE APPEARS THAT HE HAS NO RELATIVES IN THIS COUNTRY IT IS LIKELY THAT HE WILL BE BURIED HERE.

The funeral with military honors, will take place from the Church of England to-morrow afternoon at 2 o'clock. Interment will be in the Rural Cemetery.

FAMOUS LEANING VIRGIN AT ALBERT SHOT DOWN.

(By leased wire to The Transcript). London, April 17.—The famous leaning virgin at the top of the Albert Cathedral now behind the German lines, was shot down by German artillery on Tuesday, says a despatch from British headquarters in France to Reuters, Limited.

SPECIAL MEETING.

A special meeting of the Restigouche Municipal Council has been called for next Tuesday.

CONSCRIPTION OF ALL NOW FOR CANADA

All Males Between Nineteen and Twenty-four Will Be Called Out.

Ottawa, April 16.—From information that has filtered through the closed doors of the Unionist caucus this morning, it is gathered that the securing of men for the front was the sole topic under discussion. There was no vital war information given out and no secret message from the Imperial authorities was read. However, the Government did submit its proposals regarding the raising of men. They are said to be radical, if not drastic. In short, it is alleged that there is strong evidence that the allocation is true, that the proposal is to practically replace the Military Service Act with the conscription of all men between the ages of nineteen and twenty-four, the only exemption to be physical disability. That this proposal did not meet with the unqualified approval of Unionists, was evidenced by the trouble faces that left the caucus.

Some of the Ontario and Western members are said to have pointed out that it makes no provision for making Quebec make up its full quota. Others are said to have put it more broadly, and declared that other provinces have been milked dry in the respects in which Quebec has been practically untouched.

"HER UNBORN CHILD" NEXT MONDAY

At Opera House Here—Endorsed by Pulpit and Press—a Fine Production.

"Her Unborn Child," a big drama dealing with the question of the birth control, which comes to us with the endorsement of medical societies, non-sectarian clubs, and thinking men and women everywhere, will be the attraction at the Opera House for one night, Monday, April 22nd.

Here is a drama of discussion written by a brilliant young American, Howard McKent Barnes, which is bound to find an honored place among purposeful plays like "The Blindness of Virtue."

The latter play, the work of an English author, has done more to advance the theatre as an education in institution than any other drama ever produced.

With a theme just as potent as the theme of "Blindness of Virtue," the author of "Her Unborn Child" has sought to solve a big modern problem.

With the newspapers full of the discussion of birth control, plays like "Her Unborn Child" are timely. It is said that Mr. Barnes has handled the very delicate subject in a manner that does not give offense.

MATAPELIA RED CROSS.

The following ladies have handed in finished socks: Mrs. Richard Mann, 8 pairs; Mrs. Victor Wirtanen, 5 pairs; Mrs. Porter Pratt, 2 pairs; Miss Lena Mann, 2 pairs; Miss Olive Mann; Mrs. Geo. H. Day on, Mrs. John Myles, Miss Sadie Harris, Mrs. E. A. Travers, Miss Emily Falle, Miss Effie Adams, Miss Bessie Adams, Miss A. Duncan, Miss Annie McLeod, Mrs. Thos. Montgomery, Miss Maggie Irvine, Mrs. Warren Wood, 1 pair each.

The Workers wish to thank the following who have kindly donated socks knitted from their own yarn: Miss Emily Falle, Mrs. David Wheeler, Mrs. G. R. Coffin, 1 pair each; Mrs. E. R. Falle, 2 pairs.

The next meeting will be held at the home of Mrs. W. A. Taylor on Friday, April 26th.

BORN.

At Campbellton, N. B., on April 3rd to Mr. and Mrs. A. H. English, a son.

LADIES SUMMER FURS.

In Iceland Fox and A. T. Lynx. Call and select yours while there is a large assortment to choose from. S. M. MOORES.

TIPPERARY CLUB.

A meeting of the Tipperary Club will be held at the home of Miss Hazel Lingley on Friday evening the 19th, at 7.30 o'clock.

REPORTED WOUNDED.

The casualty list of recent date contains the names of the following: John Martin, Campbellton, wounded. He belonged to the Mounted Rifles.

NO ALCOHOL IN GIN PILLS

Many have wondered how the famous old household remedy, Gin Pills, derived its name, since obviously there could be no spirits contained in pill form. The origin of Gin Pills can be traced to Gin, which has for a great many years been recognized for its medicinal qualities, particularly its beneficial effects on kidney complaints.

TAROL CURES COUGHS COLDS BRONCHITIS WHOOPING COUGH CRIPPE

END STOMACH TROUBLE. GASES OR DYSPEPSIA. "Pape's Diapiesin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

First in Canada to give men faultless tailored garments with a price protection label in the pocket of every Suit and Overcoat.

ADRIAN SOLDIERS EULOGIZE CANADA'S GLORIOUS RECORD

New York Canadian Club Hears Stirring Addresses from Our Returned Men. France is Grateful. "Canada has made a record in this war that can never be surpassed by any nation on earth. By her valiant defence of the principles of democracy and human liberty, she has earned for herself a place on the brightest page of history. God bless her noble soul."

MEMORIAL SERVICE TO PTE. BOUCHER

Address Delivered by Rev. Hugh Miller at St. Andrew's Church. We are again called upon to mark in our simple but sincere manner the death of another of the young men of this congregation, Private Frank C. Boucher. Before he was of military age, he enlisted and after his arrival at the front he saw much fighting in which he bore himself as a brave soldier until he made the great sacrifice at Passchendaele. In a manner creditable to himself and his family, he obeyed the call of duty and endured to the end.

NO MORE NERVOUS HEADACHES

Since the "Tried" FRUIT-A-TIVES. The Famous Fruit Medicine. MISS ANNIE WARD. 112 Hazen St., St. John, N.B. "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-tives'. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried Fruit-a-tives."

THE KAISER'S DREAM

There's a story current, tho' strange it may seem, Of the great Kaiser Bill and a wonderful dream. Being tired of the Allies, he lay down in bed And among other things, he dreamt And in a fine coffin, was lying in state. With his cold waxen features frozen in hate. He was not long dead, when he found That his soul like his soldiers would ere long be cast. On leaving this earth, to Heaven he went straight Arriving up there, gave a knock at St. Peter's door. Said: "Egone, Kaiser Bill, we don't want you here!"

PTE. FRANK BOUCHER

memory of Frank Boucher because of his sacrifice and our sense of loss. Our country is common with many others, has suffered heavy losses of young men in the prime of their life and the end is not yet. Not since the dawn of Christianity, has the world been so seriously threatened by an enemy whose victory means the set back of civilization. To him nothing has proved sacred and the most diabolical means have been adopted to attain his ends. To defeat this force has been pledged the best in nation and individual and until such defeat has been attained the heavy toll in life must go on.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs." Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children need not be coaxed to take this harmless "Fruit Laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

GREAT BRITAIN'S MINE SWEEPERS

(By William Laff) During the present time two hundred fishing boats are engaged in a mine-sweeping flotilla. Speaking of them, the Royal National Mission to Deep Sea Fishermen says: "Through the heads there passes north a continual procession of merchant shipping, bringing supplies of all kinds to various ports with a regularity and comparative safety that fills one's mind with amazement. Speaking broadly, there would be no danger to our maritime and overseas traffic were it not for the deadly mines that have been sown broadcast in defiance of all recognized standards of civilized warfare."

WE DO NOT WANT TO SELL YOU JUST ONE OUTFIT: WE WANT YOUR TRADE FOR LIFE.

WE DO NOT WANT TO SELL YOU JUST ONE OUTFIT: WE WANT YOUR TRADE FOR LIFE. TO GET IT AND HOLD IT WE ALWAYS GIVE YOU GOOD CLOTHES. THE PROPER CAPER IN STYLE AND FIT YOU AS SMOOTHLY AS THE PEELING ON A PEACH.

DIFFERENT KINDS OF HEAT

Your furnace should not only give you plenty of heat, but the right quality of heat. Some houses would be better without any heat than the kind their furnaces give them. If you study the Sunshine Furnace you will know what the right kind of heat is and how to get it.

POINT A NEAVEAU.

At Point a Neaveau on Monday evening, April 1st, a charming entertainment was given by the young people assisted by several from Fontenelle and Rose Bridge, under the direction of Mrs. H. Stroppe, Mrs. Gordon Simpson and Miss Stella McKenzie.

The following programme was carried out:—

Chorus, "We'll Never Let the Old Flag Fall".

Reading—"The Boys have gone to the Colors" by Miss Stella McKenzie.

Play—"The Old Maid", by Mrs. Gordon Simpson, Mrs. H. Stroppe, Misses Stella McKenzie, Gertrude Stanley, Messrs. Gordon Simpson and Angus Stanley.

Duet and Chorus—"Beautiful Isle of Somewhere," by Miss Ester Adams and Mr. Edward LeTouzel.

Reading—"Where Hildy Speaks her Beau", by Elias Adams.

Dialogue—"Pat's Excuse", by Miss Ester Adams and Mr. Vincent Stanley.

Quartet—"When we go a long long way from Home", Mr. and Mrs. LeTouzel, Mr. George Simpson, Mr. John Rose.

Reading—"When Mamma was a Little Girl", by Miss Vera Simpson.

Play—"Country Cousins" by Misses Stella and Bertha McKenzie, Ester Adams, Mrs. H. Stroppe, Messrs. A. Stanley and C. Rose.

Trio—"Good Luck to the Boys of the Allies", by Messrs. G. Simpson, John Rose and Edward LeTouzel.

Dialogue—"The Irish Sketch", by Messrs. Sullivan Stanley, and Angus Stanley.

Duet—"Little Girl I Love You", by Miss Mabel Stanley and Mr. John Rose.

Reading—"When Father Carves the Duck", by Miss Sybil Quigton.

Duet—"The Jingle Bells", by the little Misses Vera Simpson and Dorothy LeTouzel.

Chorus—"The Maple Leaf Forever".

One cannot speak too highly of the able manner in which the programme was executed and the same would do credit to a larger place than Point a Neaveau. Special mention should be made of the players. All the parts were well taken, especially the parts by the leading characters. No hitch of any kind marred the smoothness of the presentation. The chorus work was full, rich and well controlled.

It is to be hoped that these talented young people in the not very distant future, will again favour the public. A tea was also served by the ladies before and after the programme. The tables looked very beautiful, being decorated with red and white roses. Two young ladies carried baskets of red roses and white roses. These were sold and the purchasers were entitled to tea at the table bearing the same color as the rose purchased. The red rose won the contest.

The proceeds amounting to \$125.45 was handed over to the L'Anse aux Cousins' Branch of the Canadian War Contingents Association with which the Point a Neaveau ladies are working.

Spring Skin Troubles

Every spring, for years, Mr. Amos Smith, of Port Hood, C.B., suffered from skin troubles, until he used Zam-Buk. He writes:—

"Each spring they would return and break out on my hands and arms. At times they were so bad that I could scarcely work. I tried various remedies without receiving any benefit. I consulted a doctor, but he was unable to cure me."

"Then a friend recommended Zam-Buk. The first bottle was surprising. I continued until the boils had entirely disappeared, and I have never had any return since."

Zam-Buk is also unequalled for eczema, ulcers, abscesses, scalp sores, ringworm, blood-poisoning, piles, cuts, burns, scalds, etc. All druggists, or Zam-Buk Co., Toronto, Ont. Box 3 for \$1.25.

FACTORS INFLUENCING CROP YIELDS

(Experimental Farms Note.)

Crops require moisture, heat and food in suitable amounts and proportions to make rapid, strong growth. Nature supplies the essentials for crop life and growth, the farmer's task and problem is to utilize these resources in such a way as to ensure satisfactory yields. Investigations conducted at the Central Experimental Farm, Ottawa, have led to the conclusion that the following factors exert a telling influence towards increasing crop production.

Underdrainage.—Probably the most important and indispensable where the rainfall is great.

- (a) To carry off surplus water.
- (b) To allow air to enter the soil.
- (c) To aid in raising the soil temperature.

It is equally a necessity in soils where moisture conservation has to be considered. Drainage lowers the natural water table in the soil leaving the soil in shape to absorb rain as it falls, that is preserved for use of crops.

On the whole drainage improves the mechanical condition of the soil and assists in influencing the liberation of plant food elements.

Plant food.—In proper proportions for the different classes of crop to be grown. This involves the adoption of a good crop rotation. This rotation should be a short one, say of 2 to 4 years duration, and the order of crops is most important. Crops such as corn, roots, potatoes and hay, require less nutriment than cereals, clover, alfalfa and other crops. This may be most easily supplied by the clover or other sod turned down, or by heavy manuring. The cereals, such as wheat, oats and barley require less of this food and generally do best if sown the year following an application of manure. The area sown to these cereals, if seeded down to clover and grasses, will supply a hay crop the third, or the third and fourth years, and the sod turned down, manured if necessary, fits the land for corn or roots once more.

Such general plan of rotation may be modified by each farmer as will best suit soil and needs, but some scheme is necessary in order that humus, probably the most valuable of all soil constituents, be added and maintained in the soil, to keep it in good producing shape. Humus decomposed and decomposing vegetable matter is provided in applications of barnyard manure, in legume crops, such as clovers and in green manure crops like buckwheat. Humus absorbs and holds soil moisture and is a means of raising soil temperature since dark soils absorb heat readily and rapidly.

Manure.—Barnyard manure is most effective fertilizer and furnishes humus forming material. Fresh manure gives crop yields almost equal to those from rotted manure and when applied directly it can be handled more economically with regard to labour.

Proper Cultural Methods.—To make a good seed-bed requires thoroughness in carrying out each step in its preparation.

ALCOHOL FOR FUEL. SAYS DR. GRAHAM BELL

Waste Product of Mills Can Replace Coal Supplies.

"Apart from water-power which is strictly limited (and tidal and wave-power which we have not yet learned to utilize), and the employment of the sun's rays directly as a source of power, we have little left, except wood, and it takes at least twenty-five years to grow crops of trees," says Dr. Graham Bell, the inventor of the telephone.

"There is, however, one other source of fuel supply which may perhaps solve this problem of the future. Alcohol makes a beautiful, clean and efficient fuel, and, where not intended for consumption for human beings, can be manufactured very easily in an indigestible or even poisonous form. Wood alcohol, for example, can be employed as a fuel, and we can make alcohol from sawdust, a waste product of our mills."

"Alcohol can also be manufactured from cornstarch, and, in fact, from almost any vegetable matter capable of fermentation. Our growing crops and even weeds can be used. The waste products of our farms are available for this purpose, and even the garbage from our cities. We need never fear the exhaustion of our present fuel supply so long as we can produce an annual crop of alcohol to any extent desired."

"The world will probably depend upon alcohol more and more as time goes on, and a great field of usefulness is opening up for the engineer who will modify our machinery to enable alcohol to be used as the source of power."

Improving His Family.

According to the Tuscaloosa News there is a boy in Tuscaloosa County who is teaching his father, mother, grandmother to read and write. We dare say this little professor has abolished corporal punishment in his school.

THE COLD FRAME AND ITS USE.

(By A. G. Turney, Provincial Horticulturist.)

While professional gardeners and many amateurs use hot beds, the average owner of the small garden such as we are treating of, will be satisfied with a cold frame which requires less care. A cold frame is simply a part of the garden covered with a sash supported on a wooden frame. It has no bottom heat and depends solely upon the sun for heat and upon the protection of the glass and additional covering to prevent too rapid escape of the heat at night. The construction is quite simple, and the frame work can be easily made by any one handy with tools. The back board or plank is usually 12 inches and the front one 8 inches wide. These are connected by tapering boards or planks 12 inches wide at one end and 8 inches at the other. The standard size sash is 3 x 6 feet and they are generally readily obtainable. The frames may be made to support one, two or more sashes as required.

The principal use of the cold frame in northern climates is for hardening off plants preparatory to planting out in the open, that is, for receiving plants that have been started early in doors. It hardens off the plants so that they can stand any ordinary change in the weather which may come after transplanting time. It is used to protect tender growing plants from cold weather and it prevents strong winds from disturbing the plants, and protects them from severe changes in the weather. Vegetables may be started a little earlier than they can be planted in the open soil. The soil in the cold frame should be a good garden soil and fairly light. If the soil is put in the frame it should be filled in to about 6 inches deep in front and 8 inches at the back. Or, if the soil in the garden is just used as it is the frame should be set down 5 or 6 inches and the earth drawn round the edges. The cold frame is usually placed in a sunny, well drained position, protected from strong winds near the house. They can be protected in severe weather by means of banking up the sides of the frame with earth or manure. Straw or mats may be spread over the sash on cold nights. As the warm weather comes the sash may be replaced by frames covered with cotton. These should be the same size as the sash and should be used as a covering for the plants on cold nights. The cotton will permit a circulation of air and yet will not allow the temperature to lower enough to damage the plants.

Plants that have been started in doors in flats and thinned out, or in pots or berry boxes, may be transferred in these to the cold frame—about transplanting. First or second transplantings from seed flats started in the house may be made into other flats or pots, etc., and set in the cold frame or direct into the bed of the cold frame. The time for this depends on the size of the plants and the weather.

If seeds are sown in the soil in the cold frame they should be of the same general nature, strength and time required for germinating. If this is not the case or there is uncertainty about it, it is better to sow the seed in flats, pots or berry boxes. These may be set close together and as the seedlings grow, the flats, etc., can be grouped in the sunniest places according to their progress. Changes can be made easier in this way, water should be applied frequently to keep the plants growing well but don't let the soil get soggy. Ventilation must be provided carefully. If seed has been sown keep the frames fairly snug and warm until the seedlings appear. Then the sashes should be tilted up during fine days to admit air freely and give the seedlings a stocky growth. As the plants gain strength, remove the sash in daytime in fine weather and give ventilation on warm nights, but keep sashes on in wet, muggy or cold weather. When the plants are strong enough to stand of frost is passed, transplant into the open garden.

The next article will deal with the preparation and fertilizing of the soil and first plantings.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderrine right now—also stops itching scalp.

This brittle, colorless and scraggy hair is sure evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a general loss and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and fall—the hair falls out fast. A little Danderrine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderrine from any drug store. You surely can have beautiful hair and lots of it if you will not try a little Danderrine. Save your hair! Try it!

Skin Sufferers

You will sigh with relief at the first magic touch of D. D. D. the soothing wash of oils. Many of our customers thank us for this advice. You will too. Try D. D. D. today. We guarantee it.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to the factory and work all day, come home and get supper and feed good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA M. HARRIS, 36 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

THE CIVIC CONTEST.

For many years each succeeding year saw the Mayor and Councilors for the town of Campbellton elected by acclamation. While, happily the choice each year was good and outside the lack of interest in civic affairs, the town did not suffer, the council did not have an expression of opinion from the ratepayers and were in a sense in the dark as to how their management was viewed.

Before the elections last year the Graphic and many other citizens endeavored to stir up feeling and see if more than the required number of men could not be induced to offer, and thus give an opportunity for an expression of the ratepayers for or against the old council. The result was a victory for the old council, and every man expressed his pleasure at having a vote of the people.

The interest created last year proved so beneficial to the civic welfare of the town that early this year an agitation was started to induce citizens to offer for Mayor and Councilors. It was known that His Worship Mayor Andrew, who for so many years had given the town good and faithful service, did not wish to longer fill that office and it was important that a worthy successor be found. A number of the Councilors had also expressed a wish to retire.

With the object of early creating interest in town affairs the Graphic editorially announced that its columns were open to all for the discussion of civic affairs with a view to stimulating interest in the approaching election.

We received many letters which were published. We barred none which did not transgress certain rules in respect to language to be employed, and all who desired to discuss town affairs in a fair way were given a fair share. We had no interest in any candidate, but used all alike. We did not express an opinion as regards the qualification of any candidate. That was up to the ratepayers to decide. They have spoken and the will of the majority is surely right.

Our contemporary would like to create the impression that we were an active party behind the scenes in the candidature of Messrs. W. H. Wallace and M. A. Kelly. We think both these gentlemen will bear us out in our statement that we rather discouraged them from offering for Mayor at this time. To be sure the Graphic did printing and advertising for these gentlemen as it did for Messrs. Alexander, McBeath, Champoux, McNeil and Eagles. In this respect we are public servants and our printing plant and advertising columns are at the disposal of all who have the price to pay for same.

The editor of our contemporary is no doubt endeavoring to create the wrong impression in the hope that his paper will be given the larger share of the town printing, but we hardly think the town printer or the Councilors will be influenced in this way. Our record for the past ten years is open to inspection and we think that all will admit that we have ever erred in our town's interest.

It does not seem fair or right that a man and paper which personally and through the columns of his journal has in times past done everything in his power to save the town in bad repute both at home and abroad, should now be given practically all the town printing to bribe him to desist from such despicable tactics.

Our contemporary is no doubt entitled to a share of the town business and we will have no complaint to offer if a fair division is made.

The electors have again endorsed the old council and we feel sure the council are pleased to know their actions during the past year have met with the approval of a large majority of the ratepayers. The Graphic is satisfied at the result and we are sure that every

LEMONS WHITEN AND
BEAUTIFY THE SKIN
Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can procure a full quart of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and in the ideal skin softener, whitener and beautifier.

Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this lovely fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvellous to mucous rough, redness,

gentleman who sits at the Council board from His Worship down to the youngest Councilor who sits in the far corner will do his best to serve the town faithfully and well.

VACANT LOT GARDENS.

As spring advances it is drawing near the time to plan for increased production, in fact the plans should be well along in order to make this season a record breaker as regards food production.

In town and country every available foot of ground should be put under cultivation. In villages where there are working men an effort should be made to interest them in plot gardens, and farmers who have more ground than they can cultivate should offer lots to such free of charge.

In the towns of Campbellton and Dalhousie no effort or expense should be spared to encourage citizens to cultivate vacant lots, and grow food crops of some kind.

Last year the Town Council of this town plowed a large number of plots free of charge, and thus made the cultivation of a garden possible by a large number of residents, and although the season was a very poor one, a large quantity of potatoes and other vegetables were grown.

It is hoped that the same arrangement will be made this year and also that the town council will supply at cost fertilizer for those who require it.

After last year's cultivation many of the plots will be in much better condition and better results will be obtained.

Every citizen possible should plan to plant, and properly cultivate a garden plot this year.

EDITORS MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

The Graphic does not hold itself responsible for opinions expressed in this column. Campbellton, N. B., April 17th, 1918.

Dear Sir:
I notice in today's Tribune quite a lengthy notice of the town election held yesterday. The head lines are in quite large type "The Battle for Votes is Over", "The Wallace-Anslaw-Kelly Combination Completely Buried", etc.

It is best to inform the public that I am still alive and well and able to be around to receive many friendly greetings from my supporters and those who worked so hard for my opponents in the contest for civic honors.

I am at a loss to know why my friend and neighbor would state that there was any combination between Mr. Kelly, Mr. Anslaw and myself. In fact, I have never seen Mr. Kelly since the election.

It is true, the Graphic gave me, with others, space in its columns to discuss town management and also did some paid advertising for me. There are many other private business transactions and I have failed to find any utterance from that gentleman favoring one or more of the candidates. As to my manifesting any interest in Mr. Kelly's election I deny that I favored him in any way, beyond fair play. In fact I would rather have had a single handed contest and I firmly believe that I would have received a much larger vote, however that is only a matter of opinion.

I notice also that my friend still persists in his view that only "his candidate", Mr. Alexander had any right to offer for the important office of Mayor. He first serves as a councillor notwithstanding that I have proved that this office in our town has been very creditably filled by five other gentlemen without first serving at the Board.

All I can say will not change any person who does not want to be fair. There is an old saying "If you try to convince a man against his will, he will have the same opinion still."

Office refused or did not permit the usual custom of making public "printed by the Tribune."

I regret very much that the post cheques from anonion did not reach Campbellton on the morning of the election. I may say the afternoon before, I called up Mr. C. F. Burns, over the phone, at the Railway Audit office, Moncton and he informed me that Campbellton cheques were already to go forward that gentleman and I was informed that the cheques did not reach Campbellton as promised. I got in touch with Mr. Fitzmaurice and found a grave injustice had been done to some 400 ratepayers in the different wards and I firmly believe had these men not been deprived of the right to vote the result of yesterday's election would have been displayed with large type in the columns of the Tribune.

Last evening over the long distance phone, I had a conversation with Mr. C. F. Burns in regard to cheques not arriving here as promised. That gentleman seemed dumfounded and stated that the cheques were put on the train as agreed upon between us. I demanded a most searching investigation and a report in writing as to why this miscarriage of justice to the working men of Campbellton occurred. This report will be handed to the press just as soon as I receive it and if it is not satisfactory to those deprived of their right to vote, those higher up in regard to the interest of all.

In closing I wish to thank every one in Campbellton for their extreme kindness to me during this contest, not only those who worked in my interest and voted for me but also those who voted and worked for their candidates. Especially I thank the returned heroes who so manfully assisted me two sons at the polls, one of which fought side by side with the British, French and our Canadian boys on the battle-fields of France for liberty and justice and when the news reaches my other son in France that their conquest will be the good fortune to return to their blessed Canadian homes and assist me in a measure cheer him, who is British enough to know that his father will not desert a defeat to those who have only received a temporary advantage.

During my canvas I visited about 600 homes, some humble, but home, and the many kind words of good cheer and encouragement will ever be remembered by their truly.

W. H. WALLACE,
WORKING MAN'S FRIEND.
DALHOUSIE.

Dalhousie, April 17.—The town election resulted in the return of a complete slate by acclamation. With one exception the council will be the same as before the election. Mayor James E. Stewart, and Aldermen Alexander Wallace, Philip Robinson, Daniel McDonald, E. R. Giguere, P. LaVoie, John Barbur, N. Doucet, M. P., and H. H. McNeil who takes the place of Ben Miller, who is absent from the town. The new alderman H. B. McNeil is a descendant of a pioneer family of Dalhousie.

Two of his sons are wounded in this great war, a third one is in France. He has always been deeply interested in town affairs and should prove to be a good official.

The people of Restigouche Co. who were acquainted with the late Rev. Charles Henry Fullerton, when he was in charge of the Episcopate congregation in Dalhousie, will read with interest the references made about him by Rt. Rev. Bishop Richardson, when making his charge to the Anglican Synod at its Annual Session in Fredericton on April 9th as follows:

"Since last the Synod met, we have suffered the loss of one of our most respected priests, the Rev. Charles Henry Fullerton, who for many years before his death, was the esteemed rector of Prince Williams and Duffries. Born in Annapolis Royal in 1858, Mr. Fullerton was educated at King's College, and after graduation, spent two years in scholastic work. He was ordained to the Diaconate by the Bishop of Nova Scotia in 1888, and to the Priesthood in the following year. Between 1888 and 1892 he was in charge of the parish of Fulmouth, N. S., and thereafter remained in the diocese of Fredericton, where he served successfully in the parishes of Dalhousie, Petitediac and Prince William. He was Rector of Prince William for sixteen years.

Mr. Fullerton was a man of singularly sincere and straightforward character, and gave himself without reserve to the work of his ministry. A keen horticulturist, he was one of the pioneers in the modern orchard movement of the St. John River valley, and made thereby no mean contribution to the life of the community which he lived. He went to his rest universally regretted, and leaving an honored memory."

It has been the painful duty of your correspondent during recent years to report from time to time the departure from the shiretown of Restigouche Co. of many noble families who made their future homes in "their parts." This time it is the family of Mrs. Louis Allain. Two of the daughters will leave next week to take positions in Montreal, and at the

end of April Mrs. Allain and other members of the family will follow. It is with great reluctance that Mrs. Allain and her family leave Dalhousie. They have the respect and esteem of their whole population and they will have the best wishes of their many friends in their leaving in Canada's great metropolis.

J. C. Connacher who has been away all winter is spending sometime at his home here. Miss Kate Bateman who was in Campbellton all winter has been spending a few days among her Dalhousie friends.

Arsene Allain has returned from Halifax where he spent three months. Alex. McLennan, Campbellton was in town on Saturday, a guest at the Queen's.

D. A. Stewart, Ex. M. L. A. Campbellton paid the shiretown a visit on Saturday. Mr. H. J. Guignard was the first to run an automobile on our streets this spring.

A most enjoyable evening was spent at the home of Miss Jean Simpson who has hosted to many of her friends on Friday evening last. After attending the pictures the young party which consisted of the Misses Jean Simpson, Mattie Cook, Minnie Powell, Kathleen Delaney, Violet McKay and Messrs. Wallace Goodspeed, Robert Coleman, Vaughan Mott, John McEwen and Charles Bernard, assembled at the home of Miss Simpson where the rest of the evening was spent delightfully. After games and dancing, dainty refreshments were served, and the young crowd left feeling very much indebted to their young hostess for the good time given them.

Miss Grace McEwen of Maguasha, P. Q., has accepted a position as stenographer in the office of the P. Q. Lumber Co., Dalhousie.

Gregory Harquail, Campbellton was a visitor here on Monday the guest of his grandmother Mrs. Ed. Harquail. Miss Minnie Chiverton, Campbellton paid a visit to her parents Mr. and Mrs. Benjamin Chiverton on Monday.

Miss Yvonne Sanson has returned home after a very enjoyable visit among friends in Moncton and Shediac. Stecken Barberie, Montreal, spent Sunday in town the guest of his mother Mrs. J. C. Barberie.

Miss Annie Chiverton, Campbellton paid a visit to her parents Mr. and Mrs. Benjamin Chiverton on Monday. Miss Yvonne Sanson has returned home after a very enjoyable visit among friends in Moncton and Shediac. Stecken Barberie, Montreal, spent Sunday in town the guest of his mother Mrs. J. C. Barberie.

James Duncan is much improved in health. He was out on Sunday. Gunner The Miller, of the 9th Overseas Siege Battery, St. John, is here on a five days pass visiting his parents Mr. and Mrs. James C. Miller. Wm. Thompson, who was in the employ of Louis J. LeBlanc and who was very young had to return to his home in Chatham on Monday on account of poor health.

Phil. R. Hussey, manager of the P. Q. Lumber Co., and Mrs. Hussey are now residents of the shiretown. They are occupying the fine McGregor residence.

Those who went to Fredericton last week to appear before the Municipalities Committee in connection with the Dalhousie Town Bills, were Mayor James E. Stewart, W. S. Montgomery, Dr. A. G. Ferguson, Charles Stewart, Thos. G. Scott, E. Rene Richard and Andrew Barberie.

The Misses Yvonne and Louise Allain having decided to go to Montreal have sold their stock in the 5-10-15c store to Miss Annie McNeil, daughter of Alderman elect H. H. McNeil, who has conducted a very successful military business in Dalhousie for some time. On May 1st she will occupy the store left vacant by the Misses Allain which forms part of the block now occupied by the Royal Bank of Canada and the Dalhousie Club Rooms.

The Nouvelle river ice has gone out, but crossing is still good on the Restigouche ice opposite Dalhousie. Several horses belonging to the P. Q. Lumber Co. were brought here from Nouvelle early in the week. On account of the dangerous condition of the Nouvelle River ice the horses were brought around by the Kerney bridge.

Hermi J. Trudelle went to Quebec on Sunday morning's Express to visit his mother. Mrs. Thos. Oregon, formerly Miss Norah Murphy of Dalhousie, who has been visiting her brother Mr. Wm. Murphy of Shannon Vale, for some time is now the guest of Mrs. P. Walsh. She is receiving a hearty welcome among her old Dalhousie friends. Mrs. Oregon has been in poor health since the Halifax disaster. The home in which she lived was badly damaged at the time. She was under the impression that it was an earthquake, the shock was so terrible. From here she will go to Ottawa where her son Willie holds a license position in the Department of Railways and Canals, and her daughter Miss Oregon is also in the government employ.

George McE, Campbellton representing the Great West Insurance Co., was a visitor to Dalhousie on Tuesday. Earl Mann, Campbellton is spending the week in Dalhousie, visiting her parents Mr. and Mrs. Phillip Robinson. P. M. Shannon, Campbellton was in town on Tuesday. Thos. G. Scott spent a few days with his Southern friends on his return trip from Fredericton. Miss Margaret Sheehan who has been very ill with La Grippe is convalescent.

FREE! Princess Mary Toilet Set and exquisite Biscuit Watch
If the public has been inclined to feel that the publishers have been over-embarrassing the rising cost of newspaper production, the figures contained in Ayer's Newspaper Annual and Directory just off the press should leave no doubt in their minds as to the truth of statements made about soaring prices of paper, ink, labor and equipment.
The Annual shows that approximately 1,200 publications in the United States and Canada suspended operations last year. The number included sixty-two dailies, sixty semi-weeklies and 669 weeklies.
While it is true that consolidation accounts for some of the decrease in the number of papers, it is also true that only when they became money losing propositions did their owners consent to selling to competitors.

JACQUET RIVER.

And still more signs of spring. The first robin has appeared, it is true, we got it on good authority, likewise, one vehicle on wheels made its appearance on Friday last, even if it did not appear again at least it was a start. A Club among the boys and girls in under the same conditions that exist in other countries and promises to be a great success judging from the enthusiasm displayed by the members. We have lost one of our popular young people, and the local bank has lost a much valued employee in the person Mr. S. J. McAlister who has gone to St. John. His many friends wish him every success in his future career.

Mr. C. L. Fenderson attended the Luncheon of the Convention held in Fredericton recently. Mr. Paul Doyle paid a short visit to Dalhousie recently.

Mrs. Gordon Black of Bathurst spent last week visiting her old home in Black Point, and her sister Mrs. Stanley Culligan of this place. Mrs. Joseph Devereaux was a guest at the St. Louis, Campbellton recently.

Mr. James Bremner of Chatham was the guest of Mr. W. J. Davis for a few days last week. Mrs. Stephen Landry of Nash's Creek visited Dalhousie recently and was a guest at the convent. Congratulations are in order to Mr. and Mrs. Nat. McMillan of Black Point on the arrival of a baby boy at their home recently.

A meeting was held under the auspices of the local Agricultural Society on Thursday evening in the C. M. B. A. Hall. The house was packed and the speakers were listened to with the greatest attention. The programme consisted of several surprise numbers, and much praise is being bestowed on the President, Mr. W. J. Davis, who was in charge.

The speakers who have travelled all over Canada said they never attended a meeting to equal it. The evening was opened by a solo by Mr. S. E. Hickie. Next followed a very able lecture by Mr. G. C. Cunningham of the Government Experimental Farms, dealing with potatoes and their diseases. The lecture which conveyed much valuable information was illustrated by prints, and listened to most intently. Mr. Cunningham is a very agreeable and able speaker and covered the ground thoroughly giving some astonishing figures to substantiate his words. Next came a reading by Miss Merle Trites, "Prayer and Potatoes" which received an ovation. Miss Trites was in her usual splendid form and answered to a hearty encore. Mr. James Bremner of Chatham, in charge of the Agricultural Society for the North Shore next spoke on pigs and gave a very interesting speech. The next number was a solo by Miss Audrey Doyle, "The Dear Little Girl". The vital point of which concerned little pigs was rendered in Miss Doyle's usual pleasing style, an encore was also given. Mr. Bremner again spoke, this time on hens, and handled his subject admirably. Mr. Bremner's talks were enjoyed by the audience, and contained much good sound advice. Then came by Miss Annie Barton, "Mary Had a Little Hen" which also received an encore. Miss Barton has but lately appeared in public, but we hope she will be heard much oftener in future, as her readings are appreciated. Mr. Bremner again spoke on sheep, and gave illustrations in connection with this work which were most valuable. Mr. Bremner handled all his subjects remarkably well, and speaks from experience as he is a very progressive farmer. A duet by Misses Audrey Doyle and Edna Culligan was then heard, and greatly enjoyed. Short addresses were then given by the Chairman Mr. W. J. Davis, Secretary William Beattie, Colonel L. C. Daigle who has been Government Dairy Inspector for many years, and several other gentlemen. A vote of thanks was extended to the speakers and a hearty invitation extended to them to return at a near future date, which they accepted very cheerfully. The meeting adjourned with the singing of the National Anthem. Mrs. Davis acted as accompanist. The Society is about to start a vigorous campaign for new numbers so all farmers have your two dollars ready as the Society is flourishing, and doing a great deal of good in these farming days.

The monthly meeting of the Women's Institute was held at the home of the President Mrs. W. J. Davis. The meeting was exceptionally large and enthusiastic as the Society is in a flourishing condition. Much interesting discussion was carried on, and enjoyed by the members. The evening was purely Canadian. The recall was answered by a quotation from a Canadian author, and some very beautiful and inspiring ones were heard. A knitting contest was indulged in, the closing being very fast and furious. The prize was carried off by Mrs. Callahan, being a handsome knitting bag. A solo in French "O Canada" was beautifully

Mr. William Malouhney of Belvedere spent Easter in Nash's Creek the guest of Mr. John Haley. Mrs. Miller and little son Hartley and Mrs. McIntosh of Dalhousie were the guests of Mr. and Mrs. W. E. Lutes on Monday.

JACQUET RIVER.

(Received too late for last issue.) Spring has reached us, it would seem as if we were treated to a display of electricity one night recently. The lightning flashed quite merrily for about an hour. There was only one peal of thunder, but it rattled the doors and windows considerably. It is the first of this season.

The entertainment given by the ladies of the Women's Institute in the C. M. B. A. Hall was reported on Friday evening to another packed house. A slight change of programme was gone through. A solo by Mr. John Hickie, which received a hearty encore, another much enjoyed solo by Miss Alice Richard, and a very pretty

rendered by Miss Alice Richard, Mrs. Paul Doyle was heard in a much enjoyed piano solo. Miss Audrey Doyle read a very pretty paper entitled, "We are Born in Canada, beneath the British Flag." Which aroused great enthusiasm. Two resignations were read from Mrs. R. L. Ellis and Miss Lou Brown, immediately after which new members were added, namely, Mrs. Callahan, Mrs. Daley, Mrs. Brian Dempsey and Mrs. Lutes. The meeting then adjourned, and the guests entered Misses Audrey Doyle and Edna Culligan gave a pretty duet, and Miss Trites one of her usual enjoyable readings. Little Miss Mary Daley also recited. Dainty refreshments were served, and as usual a most enjoyable evening was spent. The next evening will be a Tennyson evening. The meetings are looked forward to as special social evenings.

Miss LeJeune has received a large assortment of military, and had an opening recently. The display was a very pleasing sight and a large range to choose from. It is to be expected in the near future that the appearance of the young ladies with their charming headgear will quite take the breath as well as the hearts away from many of the level headed swains.

A car-load of potatoes were loaded recently at Nash's Creek. The price being two dollars per barrel. A number of farmers would not sell at that price.

Private Charles Doyle spent Easter at his home in Nash's Creek. Private Doyle is learning wireless telegraphy.

Mr. William Malouhney of Belvedere spent Easter in Nash's Creek the guest of Mr. John Haley. Mrs. Miller and little son Hartley and Mrs. McIntosh of Dalhousie were the guests of Mr. and Mrs. W. E. Lutes on Monday.

BOVRIL Aids the Digestion of Food

DOUGLASTOWN.

Mr. Wilfred Bogen of Campbellton spent Saturday at his home here. Mrs. Gamet Hills of Edmuntston is the guest of Mrs. C. L. Fenderson.

Mr. Percy Shannon of Campbellton spent Friday at his home here. Mr. Roger Frenette of Turgeon attended the entertainment of Friday evening.

Mrs. R. L. Ellis and children visited friends in Campbellton, this week. Miss Gertrude Malouhney of Bathurst spent Easter the guest of her sister Mrs. John McNair, Nash's Creek.

Miss Hazel Murchie who spent the holidays at her home in Nash's Creek has returned to her studies here. Miss Elizabeth Landry of Bathurst was the guest of her sister Mrs. John E. Hickie for the holidays.

Several young gentlemen from down country were sorely disappointed on the evening of the entertainment. They started up very highly to see their lady friends perform. But alas! for the condition of the roads. They got stuck in the snow banks and had to be shovelled out. Finally when they reached Mr. Malouhney's store, they met the folks returning home.

They had the satisfaction of taking the young ladies home though. But the young ladies said they didn't enjoy the drive their escorts were too indignant.

Mr. and Mrs. Frank Walsh and family of Nash's Creek have moved to Dalhousie where they will take charge of a farm.

Mrs. Charles Burgett from Post Daniel is paying a short visit to her home in Douglastown. Miss Elsie Young has returned her duty as teacher after a short visit to her home in Douglastown. Friends are glad to hear that Mr. Joseph Malouhney is out again after a few days illness.

Mrs. Philip Malouhney is paying a short visit to her relatives in Douglastown. Mr. Robert McAuley has returned from a short visit to Montreal. Mr. and Mrs. Oswald Gindley are rejoicing over the arrival of a baby girl at their home.

Some of the boys from here paid a short visit to their homes for Easter and have again returned to their work in the woods. Miss Maggie Grant is at her home now for a few days where she attended her sisters wedding which took place on Monday the 8th.

Friends are sorry to hear of the death of Mr. Elias Welsh, the deceased leaves to mourn his loss a widow, two daughters and two sons. Mr. Walter Morris has gone to Campbellton where she will receive medical treatment.

Friends are glad to hear that Miss Medcliffe Malouhney is feeling much better. The weather has been very mild here these last few days but there is still good going ice.

CANADA'S PRIDE

CANADIANS have good reason to be proud of the position Canada holds in the world today. This pride is justified by the activities of her people, by her unlimited natural resources, by her splendid institutions, and particularly by her Industries.

Facts about the immensity of some Canadian industries would astonish most people. These industries, when viewed in the light of comparison with other countries, are simply tremendous. The growth of any industry is limited to the number of people it can serve, and that is a fact not often properly appreciated when Canadian industries are compared to similar enterprises in, say, the United States. For example: the population of the United States exceeds 100,000,000. Opportunity for industries there is almost unlimited. In comparison, Canada with its seven million population is a small country—yet in spite of this comparatively small population, Canada possesses several industries which in actual size rank among the biggest in the world. In shoemaking, one Canadian concern, has developed a volume of business and a service to the Canadian people which is not equalled by another shoe manufacturer anywhere in the world. This concern, if located in the United States, would rank as one of the twelve largest out of some two thousand shoe manufacturers there. While the sales of the largest shoe manufacturer in the United States—selling to the American people—do not exceed twenty-five cents per capita per year, the sales of Ames Holden McCready to the Canadian people last year were approximately eighty cents per capita. In a comparative sense, therefore, this Canadian concern is greater than the foremost American shoe manufacturer in the United States. Thus Ames Holden McCready truly merit the distinction of their title "Shoemakers to the Canadian Nation." Just imagine for a moment the enormous work of supplying a large portion of Canada's 7,000,000 people with its boots and shoes: —it requires—huge up-to-date factories equipped with the most modern machinery able to turn out 8,000 pairs of shoes a day. —it requires—a variety of nearly 800 different styles to meet the requirements of all classes of people, for different grades, shapes and kinds of shoes. —it requires—the maintenance of six large distributing branches in principal cities from coast to coast, and in these are carried over a million dollars worth of stock, ready for quick delivery to retailers. —it requires—sixty travelling salesmen to call on the retail trade, because out of approximately 10,000 retail dealers who sell shoes in Canada, more than 5,000 handle A.H.M. Shoes. —it requires—many other details of organization and equipment, but this brief outline will give you some slight idea of the part that this great shoe concern is playing in the business of supplying footwear to the Canadian people.

You will be interested in these facts, because the next time you buy footwear bearing the A.H.M. Brand, you will know that they are the product of a large and efficient organization making shoes which will in every case give you the greatest value for your money.

POOR COPY

Most Economical We ever used.

A best like the *Dalhousie City* provides one of the hardest tests a white lead can be subjected to, because it is continually in a moisture-laden atmosphere.

The letter reproduced below is conclusive evidence of the superior covering capacity of **BRANDRAM'S GENUINE WHITE LEAD**.

In former years the Niagara, St. Catharines and Toronto Ry. Co. used a ton of ordinary white lead to cover the *Dalhousie City*. This year they used Brandram's E. B. with the result that only 1,500 lbs. was required.

The chief qualities of this white lead are: superior covering capacity, resistance to chalking, it is non-toxic, it is the purest, and makes a tough coating that will not crack or peel, either in winter or in summer, through slightly higher in price it is more economical.

The fact that the Brandram's White Lead is used on the *Dalhousie City* is a sure proof of its superior covering capacity.

For further particulars apply to the Niagara, St. Catharines and Toronto Ry. Co., or to the **BRANDRAM WHITE LEAD CO.**, 100 Queen St. W., Toronto, Ont.

THE FAIRY BERRY COMPANY
Department F. 20
Toronto, Ontario

PROSPECTIVE WOOL PRICES

Beginning in the year 1914 and continuing on until the year 1917, wool prices have been advancing by leaps and bounds. Take for instance in the year 1914 wool growers received 20 cents per pound and upward, the price depending on how and when the wool was marketed. In 1915 wool marketed co-operatively by the St. John's-Bathurst Agricultural Society averaged about 35 cents per pound. In 1916 a still further advance was registered and finally in 1917 wool marketed early sold for as high as 62 cents and later on in the season reached the 72 cent mark for unwashed wool. This 72 cents for unwashed wool, based on a 25% shrinkage for washed wool, is equivalent to 96 cents for unwashed wool.

Now due to the successive increases of the last few years as outlined above, the wool growers anticipated another big increase in price this year. Undoubtedly prices would have advanced again but the United States War Purchasing Commission, to prevent speculation from cornering the available wool supply, have reserved the right to take all the wool they require at last year's prices, as quoted on the Boston market less 5%.

This move on the part of the United States Government was made solely for the purpose of controlling speculation. American prices regulate Canadian prices for the simple reason that two thirds of the wool grown in Canada is marketed in the United States because the Canadian mills have not the facilities for manufacturing all the Canadian grades.

How will this effect the New Brunswick wool grower? It all depends on whether the United States Purchasing Commission exercise their prerogative, if so prices will remain steady and there will not be any abnormal advance over last year's prices, but immediately an attempt is made to corner the market or speculate in any way, undoubtedly the Purchasing Commission will act, and from all appearances at present it seems that there will be no material advance over last year's prices.

The preacher was half-way through a very long and boring discourse. He felt that his congregation was not as attentive as it might be. At length he paused impressively, and, pointing to the far corner of the church, he said:

"In that corner are some foolish youths flirting with some girls. When they've done perhaps they will give me a chance."

Then he wondered why the congregation laughed.

MR. MICHAUD ASKS RE SHIP BUILDING

A copy of Hansard of April 4th, contains the following:—

Mr. Michaud: I have a clipping from the Graphic newspaper published in Campbellton, N. B., which reads as follows:—

The Graphic in conversation with a gentleman who is interested with a gentleman yesterday that if the town of Campbellton would provide a free site and exempted for a term of years, his firm would seriously consider the establishment of a ship-building plant here.

That such an industry would be of immense benefit to Campbellton goes without saying, and nothing we can do should be left undone to induce the firm to establish a plant here.

We would suggest that the town council place itself on record as willing to assist such an industry.

The town of Campbellton is an important harbour in the northern part of the province. I would ask the minister if he knows anything about the transaction that is referred to here or if it is about to take place. Has he heard anything about a ship-building plant being established at Campbellton, and, if so, what?

Mr. Ballantyne: We have not received any proposition from Campbellton or from any financier who contemplates the establishment of a shipbuilding plant there. I have already, I hope, clearly explained to hon. members that we hope to see more ship yards in Canada than exist at the present time but we are limited as to the creation and expansion of ship yards owing to the financial condition of the country. If the finances of the Dominion exchequer will permit an extension of our programme, we certainly will not forget Campbellton if its citizens should put a proper proposal before us.

Speaking of Lodges.

"Stuise me, boss, but would you mind 'vancin' me a dollar to fine 'olodge dis evening?"

"I guess so, Uncle Jak. But seems to me you're always 'vancin' lodges. What's the name of this particular lodge?"

"Please, sub, it am de Sublime Defenders ob de Royal Purple Secret ob de Ancient and Honorable Order ob de Constellations of Ejiacura."

"Gee whiz—it only costs a dollar to join such a mighty lodge as that?"

"Sittin' boss. Dat ain't miffin. You oughta see what I could fine fo' a dollar an' a half or two dollars."

TRUSTEES REPORT OF CTON SCHOOLS

Sir: We have the honor to herewith present for your consideration the Annual Statement of the Board of School Trustees of the Town of Campbellton, and beg leave to report that the Schools under our care are in a most satisfactory condition.

There has been no changes in the personnel of the School Board during the year, but since the closing of School on the 30th June, Mrs. A. A. Andrew's term of office having expired, the vacancy has been filled by Mrs. Wm. Currie also R. B. McBeath's by S. S. Harrison.

The general work of the School is very satisfactory. The attendance of the High School has been well maintained, and today is larger than ever, notwithstanding the fact that several of our High School boys have left School, and given their service to their country.

During the first term there were registered 692 pupils, and the second term 675, and since school re-opened for the present School Year we have even a greater number.

The yearly public public exercises attracted a large number of parents and friends of the pupils, and all appreciated the well prepared and interesting programme which was carried out. In the evening the girls and boys of Grade X gave a reception in honor of the graduates, which was exceedingly pleasing to all.

The Governor General's Medal for the highest in the Matriculation Examinations was won by Miss Jessie Ferguson, while the Lieutenant Governor's Medal for the highest in the High School Entrance Exams. was won by Miss Grace Calder.

We contemplated in our last report, the erection of a new school building in the west end of the town. We are very pleased to report that all the plans have been duly carried out, and we have erected a brick and concrete building, from plans and specifications made by F. Neil Brodie, Architect. This building contains four departments with all modern improvements, hard wood finish, low pressure steam heating, forced ventilation, beautifully finished woodwork, teacher's cases, etc., and we feel satisfied with the results, as the opening of this building has considerably relieved the congestion of the Grammar School building. At the beginning of the present term we found it necessary to open another department, which makes all four occupied.

Our Board seems deeply interested in the matter of educational affairs, and are looking forward with keen interest to the establishment of other two branches, viz: Domestic Science, and Manual Training, which we trust will be in the near future.

CAMPBELLTON SCHOOLS.

School Inspector McFarlane has reported as follows in reference to the Campbellton schools:—

Addington.—This parish contains the town of Campbellton and seven other schools. The new building in Campbellton, a credit to the town, is a building of four departments, notwithstanding the schools are crowded. Campbellton has reason to be proud of its school buildings, as well as of its schools. That Domestic Science and Manual Training are not provided for by the Board is not, as the chairman has told more than once, owing to indifference on the part of the Board of Trustees to these branches of school work, but rather because the town has been handicapped since the fire and the trustees have not been able to accomplish as much as they desire to do.

WORK PAYS.

Whether you handle a pick or a pen, a wheelbarrow or a set of books; dig ditches or edit a paper, ring an auction bell or write funny things, you must work. If you look around, you will see that the men who are most able to live the rest of their lives without work are the men who work the hardest. Don't be afraid of killing yourself with work. Work gives an appetite for meals, it lends solidity to your slumbers. It gives the appreciation of a holiday. There are young men who do not work, but the world is not proud of them. It does not even know their names; it speaks of them as so-and-so's son. The great busy world does not even know they are here. So find out what you want to know and go in; take off your hat and make a dust in the world. The busier you are, the less deviltry you will get into, the prettier will be your sleep and the better the world will be for you.

NEW FOOD REGULATIONS.

A recent order in council makes it necessary for every hotel, restaurant or boarding house to display in their dining rooms on card the following notice:—

"All persons in ordering their food ought to consider the needs of Great Britain and her Allies, and their armies, for wheat, beef, bacon and fats, and that the Canada Food Board desires the public to do everything in their power to make these commodities available for export by eating as little as possible of them, and by making use of substitutes, and avoiding waste."

Cards with this printed in two colors can be had at the Graphic office, 8 for \$1.00 post paid to any address. Order at once.

Dunlop "Gibraltar" RedSpecial" Belting

Abnormal Friction Pull vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendering process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar RedSpecial." This fact alone ought to be a pretty good gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into Gibraltar. The original Red-Made-in-Canada Red Rubber, Frictioned Surface Belting, "Gibraltar RedSpecial" has stood the infallible test of time in turning the wheels of industry in a multitude of Canadian plants from the Atlantic to the Pacific.

The Dunlop Unreserved Guarantee

If you have a difficult drive shaft in your factory drop a line to our Head Office, or to our nearest branch, and we will send a man equipped to help you. We will consider your requirements. It is in an instance where the "Gibraltar" Belting may be suitably employed we will recommend it to you, and we will stand behind our recommendation with the fullest guarantee ever issued by a firm producing rubber goods.

An enjoyable evening was spent at the home of Mr. and Mrs. William Christie last Thursday. The guests were: Miss Ludie Fitzgerald, Miss Kate Renwick, Miss Laura Clevette, Miss Minnie Allard, Miss Milla Shearn, Miss Edith Allard, Miss Memory Christie, Miss Emeline Christie, Miss Rosie Carter, Mr. Lawrence Renwick, Mr. Jimmie Robinson, Mr. Willie O'Neil, Mr. Walter Mourn, Mr. Cameron Hachey, Mr. Garnet Mourn, Mr. Paul Wilmut, Mr. Garden White, Mr. Edmund Allard, Mr. Jack Lamare. The evening was spent in dancing and music.

BOLO PASHA PAYS PENALTY. Paris, April 17—Bolo Pasha has been executed at Vincennes.

SOLDIERS DANCE. The boys of the Second Alberta draft will give a dance in the Murray Hall Friday, April 26th. Invitations are being issued.

TAXES PAID. Town Treasurer Lingley reports that over \$700.00 was paid into the town treasury in last year's taxes on election day. For the past two weeks money has been coming in fairly freely and about \$5,000 has been paid since January 1st.

DO IT TODAY. Send a dollar to The Graphic Limited and have the Campbellton Graphic mailed to your address or any address, except the United States from date to January 1st, 1919. The Graphic prints all the local news—fr.

DEATH OF WELL KNOWN FISHERMAN. Elias J. LeMarquand Passed Away Last Week.

The death of Elias John LeMarquand took place at Newport, Que., on Friday last, April 12th. Deceased who was 62 years of age, was a native of the Island of Jersey, and was the founder of the firm of E. & E. LeMarquand, and was well known throughout the Bay Chaleur district.

Campbellton, N. B. April 8th, 1918. To Editor Graphic. Dear Sir:—

I have been making a short stay in your progressive town and through the kindness of an old friend, I had the pleasure of visiting the Hotel Dieu Hospital on the Highlands.

I was very much surprised to find such a splendid, up-to-date institution. Too much praise cannot be given those dear Sisters who give their time and labour to the poor and afflicted.

I may be permitted to say that I have frequently visited hospitals in the U. S. A., many of them much larger than this one, but none so cheerful, clean and homelike as your Hotel Dieu Hospital.

In closing these few lines of praise and wishing these dear women God's blessing, I trust that they may have their new building soon so that they may better continue their Christian work.

Yours sincerely, MISS GEORGIE PERRY. Editor Campbellton Graphic. Campbellton.

Dear Sir:— If you will be kind enough to publish this letter I think it will be a help to the telephone users of our town and vicinity.

On April 2nd between the hours of 7.45 and 8.30 p.m., we had a very

New Suits. The New Suits are constantly arriving. The materials are principally Serge, Gabardine, Tweeds. The favored colors are in various shades of Tan, Grey, Navy, Black, Brown. The styles are the newest obtainable at popular prices. Also New Rain Coats, Cloth Coats, Dresses, Separate Skirts, Whitewear, Blouses; with a complete showing of the newest in Neckwear. If It's New It's Here F. E. SHEPARD AND COMPANY

heavy lightning storm. During these hours the telephone operators did not answer any calls as they are forbidden to answer calls during bad lightning storms. Now I noticed that while the lightning was the nearest and therefore the more dangerous that some ten or twelve subscribers rang central for five minutes at a time. I would like to say for the benefit of these people that try to use their phone during a bad lightning storm that I will extend to them an invitation to visit central office the next time they get a chance during a bad lightning storm and I feel sure they will not need any more explanation as to why central does not answer during these storms.

If you will stop to think of the hundreds of miles of wires that lead in all directions and centre at central office that carry the lightning you can plainly see the danger an operator runs in coming in direct contact with these lines, not only the operator but also the subscriber that rings or answers, runs a chance of getting their car hurt by lightning running in on their line.

Thanking you Mr. Editor for allowing me space and trusting that this may be of help to telephone users I am. Yours very truly, B. O. BATES, Exchange Manager.

CARD OF THANKS. Ladies and Gentlemen:— To the number who so kindly remembered me at the mayoralty election I offer to you my sincere thanks. There being so few it is possible to easily identify them as my personal friends, and I gladly thank you each individually. It is expressive that I am not more but it is given to all men to be popular. As regards the canvass sent against me it is unnecessary for me to again deny for "they would not believe me" etc. M. A. KELLY.

CARD OF THANKS. We wish to thank the electors of Ward III for the splendid support given us in the civic contest Tuesday. R. BRUCE McBEATH. DAVID CHAMPOUX. Campbellton, N. B., April 17th, 1918.

CARD OF THANKS. Electors of the Town of Campbellton. Ladies and Gentlemen:— I wish to thank you for the hearty support you gave me in Tuesday's election and assure you that I will so far as it lies in my power, continue to look after the interests of the Town.

Asking your earnest co-operation, I remain Your obedient servant, CHAS. A. ALEXANDER.

CARD OF THANKS. We wish to thank the ratepayers of Ward Three who so kindly voted for us in the election of Tuesday last. We hope that the working men will recognize the position in which they stand, before the approach of the next town election, and not leave the matter of representation of the working men to the mercy of the Campbellton "War Office" when they say that "we must not have a labor man in the Town Council."

Again thanking you for your support we remain, Sincerely yours, HENRY A. EAGLE W. J. McNEIL.

Your Clothes. Should be the best that money can buy. Clothes do not make the man, but they make you presentable, and he is often judged by appearances. You need never be ashamed of your clothes if we make them. Call and see our line of Blue and Black Serge, absolutely guaranteed. BERNIER THE TAILOR

FARM HELP AVAILABLE. 25,000 Older Canadian Boys Have Volunteered TO HELP THE FARMERS. Last year 7,000 Older Boys demonstrated to the farmers of Canada that they could help take the place of the regular farm help that has gone overseas. They proved their willingness and ability to adapt themselves to farm work. This year many farmers are asking for boys. Already 25,000 boys between 15 and 19 years of age in Ontario and western Canada, have offered their services as SOLDIERS OF THE SOIL. The enrollment week for New Brunswick takes place April 28th to May 4th. The plan is to have the boys fill in enrollment forms which will be turned over to the Department of Agriculture. The farmers are asked to write to Minister of Agriculture stating what help they require and for what period. Arrangements as to wages will be agreed upon by the farmer and the boy. J. F. TWEEDDALE, Minister of Agriculture. FREDERICTON, N.B.
