## 7th ANNUAL S. M. H. FAIR OFF WITH GOOD START

### EXHIBITS COMPARE FAVORABLY WITH THOSE OF PREVIOUS YEARS.

Many Attend Opening at Big Rink, and Fair is Now Under Way—Fine Exhibits of Fancy Work, Vegetables, Jams, Pickles, Etc.

The seventh annual Fair in the skating rink here, under the auspices of the Soldiers' Memorial Hospital Aid got off to a good start yesterday morning when His Worship Mayor Mackay, shortly after 10 o'clock officially declared the Fair open.

At 10.30 His Honor H. F. McLatchy called the clergy and others interested to the platform and addressed the gathering in part as follows:

"We are met this morning to open the seventh Annual Fair held by the Ladies' Aid of the Restigouche and Bay Chaleur Soldiers' Memorial Hospital.

The first Fair was held in this building in the autumn of 1919 and the sum of \$4374 was raised. At that time the late Mrs. J. R. MacKenzie was President of the Campbellton Ladies' Aid. Her splendid work as the leader of the Ladies Aid and her faithful efforts in support of the Soldiers' Memorial Hospital is gratefully remembered. She builded better than she knew.

In 1920 Mrs. Donald McLean was the President of the Ladies Aid and the sum of \$4450 was raised that year. Under her leadership the second Fair was held.

In 1921 Mrs. John C. Ferguson took up the burden of the Presidency. The Fair of that year was highly successful, the amount of \$5114 was raised. Since then three years in succession, 1922, 1923, 1924 and this year brings the fourth year Mrs. John Collier is the President of the Campbellton Ladies Aid. The amounts raised in those years are as follows: 1922, \$4420; 1923, \$3300; and in 1924, \$5064.

This Annual Fair is only one of the activities of the Ladies Aid. We have a number of Ladies Aids outside the town and they each have contributed in a most substantial way to the success of CONTINUED AND UNITED EFFORT. These continued efforts are surely proof that the Soldiers' Memorial Hospital is deeply rooted in the affections and hearts of our people. Because I am one among a great number of our citizens who have untidily and harmoniously worked for the success of the Soldiers' Memorial Hospital does not deter me from affirming that the work of our hospital was begun with wisdom and vision, and has been continued so that we have retained the confidence of our fellow citizens. This is not the time nor the occasion to give the detailed history of our hospital, this I did not telegram from the Premier stating his long since. Today we ask all present to give not only of their efforts but of their means and make this Fair the crowning efforts of the Ladies Aid.

Rev. Mr. Godfrey was called upon to deliver a short address. He dwelt upon the fine work of the Soldiers' Memorial Hospital and told of the high place this institution had in the minds of visitors from other cities. He also reminded his hearers that the hospital was built as a memorial to the brave boys from this district who had fought and died that this world might be free of wars in the future. War was demoralizing and he cautioned his hearers to see to it that there should be no more war.

He also paid a high tribute to the matron, nurses and nurses-in-training cents pays for a day. He was sure we were all proud of the hospital first graduating class. He spoke for the Fair our hearty co-operation and support. His Worship made a few brief remarks and declared the Fair officially opened. The attendance on the first day was about up to that of other years, and the exhibits in all departments are on a par with other years. Dinner and supper are being served each day and large numbers are taking advantage of this.

The usual attractions are also in evidence and are doing a hustling business. The ladies in charge of the different departments, jams, pickles, butter and eggs, fruits, pumpkins, squash, small vegetables—Tickets—Miss L. Duncan, Convenor, and root vegetables—Mrs. W. H. Milling Hall—Under convenorship of Mrs. J. Gillet and Mrs. H. Currie. Entertainment Committee, including Cream and Soft Drinks—Mrs. D. C. Gallon, Convenor. Candy—Mrs. H. V. Ramsay, Convenor.

### PREMIER BAXTER MAKES STATEMENT

Says Nearly Two Million Dollars Added to Provincial Debt This Year.

St. John, N. B. Sept. 28.—"The capital debt of the Province now stands at \$32,564,908, which, with outstanding bills incurred during the present year, will be increased by more than \$1,744,223, making the total at least \$34,309,132," was the statement made by Premier Baxter on Saturday.

"The latter figure," he said, "will be increased by bills which are yet to come in for road and bridge work which the Provincial Treasurer is unable to estimate. This is expected to run into hundreds of thousands of dollars, but it is impossible to check it up as yet and the total may not be known accurately even when the books close on 31st October."

### WESTERN LIBERALS ARE CONFIDENT

Expect a Large Majority For Premier King from Prairie Provinces.

Winnipeg, Man, Sep. 28.—Liberal prospects in Alberta appear bright, according to Hon. Charles Stewart, Minister of the Interior, who was in Winnipeg recently on his way from Calgary, to Ottawa. Mr. Stewart expected that all nominations would be in before the end of this week and that a vigorous campaign would be under way in quick time.

A number of three-cornered contests might be expected in Alberta. Mr. Stewart said, but to whose advantage that situation might rebound it would be difficult to say. Mr. Stewart himself will contest the constituency of West Edmonton, opposing Capt. Douglas, Conservative nominee, in a straight fight.

Liberals will contest 13 of the 17 Manitoba constituencies in the forthcoming Federal election, officials at party headquarters here stated confidently today. In the other four ridings conventions are under consideration or they may be left to Progressives with Liberal leanings.

Opening guns in Prime Minister Mackenzie King's western campaign will be fired in Winnipeg on September 28. Officials reported receipt of telegram from the Premier stating his long since. Today we ask all present to give not only of their efforts but of their means and make this Fair the crowning efforts of the Ladies Aid.

### PIUS MICHAUD IS LIBERAL CHOICE

Chosen to Contest Restigouche-Madawaska at St. Leonards Convention.

St. Leonards, Sept. 28.—Hon. Pius Michaud, who represented Restigouche-Madawaska in the last Parliament at Ottawa, was unanimously chosen to contest the constituency in the Federal election of Oct. 29, at an open convention held here Saturday. Dr. L. J. Violette, M. L. A. elect, of St. Leonards, on behalf of the Liberals of Madawaska, offered the delegates from Restigouche an opportunity to name a candidate in view of the fact that Madawaska had had the member for the last twenty years, but Colin McKenzie, of Campbellton, responding for the delegates from the neighboring county, said that they were well satisfied with Mr. Michaud and had no man whom they wished to offer to succeed him.

In moving the nomination of Mr. Michaud, Mr. McKenzie declared that he believed his nominee to be the best man for the place and that he had the best chance of being elected. The nomination was seconded by E. P. Nadeau, of St. Leonards. In his speech of acceptance Mr. Michaud thanked the convention and discussed the railroads and tariffs at some length. He spoke of the new post office being erected in Edmundston and of other public works carried on in the constituency since he had been a member.

Hon. J. E. Michaud, M. L. A. elect, of Edmundston, and Dr. Violette also addressed the meeting, which was attended by about 200 people and presided over by Dr. P. H. Laborte, of Edmundston, president of the Madawaska County Liberal Association.

### CROSS POINT MAN COMMITS SUICIDE

Had Been in Ill Health for Some Time. Alone at Home at Time.

Henry Allain, aged about sixty-five years, a resident of Cross Point, a village opposite Campbellton on the Quebec side of the Restigouche river committed suicide by hanging Sunday morning. Deceased, who was a millwright by trade, has not been able to work, because of ill health for some time. This was constantly on his mind and he thought himself a burden to his wife.

Early Sunday morning he insisted that Mrs. Allain should go to early mass. Upon her return she went to her husband's room, but failed to find him, and then looked in other parts of the house, finding his lifeless body hanging by a light cord from the beam of the room over the kitchen, the knees bent, and the feet just touching the floor.

Assistance was called and the body taken down. A doctor was summoned who pronounced life extinct. Coroner LeBel was notified and an inquest was held.

A wife and an adopted son survive, and they have the sympathy of all in their sad bereavement.

BOYS IN POLICE COURT Four boys ranging from six to thirteen years of age were before Judge Matheson in the police court Wednesday charged with stealing letters from the post office. These boys had found a post office key, and had taken a number of letters out of the post office box, one of which contained a postal note. They pleaded guilty. The lads as well as their parents, were given a severe lecture, sentenced to a year, but because of their youthfulness the sentence was allowed to stand pending their future good conduct.

### FIRST DAY AT THE FAIR

The receipts for the first day of The Fair amounted to \$1800. This is equal to last year's first day, but in these times of distress we should try to go over the top and beat last years record.

The fine weather should encourage large attendance. Residents of the country districts should visit The Fair and enjoy a day and help along a most worthy cause.

### ARTHUR CULLIGAN IS CON. CHOICE

Large Convention Name Him After A Stormy Meeting.

After the stormiest and largest convention ever held in Restigouche county, Mr. Arthur Culligan of Culligans, Restigouche Co. was chosen the standard bearer for the Conservatives in the electoral district of Restigouche-Madawaska, at a convention held here Tuesday evening.

A large delegation of Madawaska electors came over to the convention and worked hard to have their man, Mr. Max Cormier of Edmundston chosen. Although at times the meeting was noisy, and it was with difficulty that order could be maintained, it gradually quieted down and between eleven and twelve o'clock the accredited delegates were able to vote on the names submitted. The vote resulted as follows:

Arthur Culligan 65  
Max Cormier 43

When the cheering subsided those who had worked hard and faithfully for Cormier decided to make the choice unanimous, and thus harmony was restored.

Messrs. Culligan, Cormier and others delivered addresses, and it was about midnight when the meeting adjourned.

Mr. David Champoux acted as chairman very acceptably while H. A. Carr acted as secretary for the Restigouche delegates and G. LeClair for the Madawaska delegates.

### ANNUAL MEETING OF CATHOLIC W. L.

Two Day's Session Here This Week—Many Visitors.

The Diocesan Syn Division of the Catholic Women's League held their fourth annual Convention here Tuesday evening and Wednesday. The sessions took place in the Knights of Columbus Hall, Minto St.

The program is as follows: Hymn—"Holy God We Praise Thy Name."

Address—H. McEvoy. Song—O Canada. GOD SAVE THE KING After the program was completed, the ladies of the Campbellton Division entertained the visiting delegates to a beautiful repast which was very much enjoyed by all present.

A meeting was called Wednesday morning for the purpose of registering delegates after which the members were teadered a delightful auto trip.

### FIRE PREVENTION WEEK OCT. 4-10

Designated by the Governor-General—Special Attention to Removal of Fire Hazards Urged.

By Royal Proclamation, His Excellency, the Governor General of Canada, has designated October 4th to 10th as Fire Prevention Week. During the week, lessons on fire prevention subjects will be given in the schools, public meetings will be held in many of the larger cities, towns and villages, and the owners and occupants of property everywhere throughout Canada will be counseled to give special attention to the removal of fire hazards from their premises.

Fire waste is one of the most serious economic problems confronting Canada at the present time. The public in general is vitally affected by the tremendous losses annually incurred by fire and the enormous expenditures rendered necessary to adequately protect life and property from its ravages.

### SAYS STATEMENT IS UNFOUNDED

Ex-Premier Veniot Says Premier Baxter's Financial Statement Not Fair.

Ex-Premier Veniot, in speaking at the Liberal convention at Caraquet on Monday, said he knew that the new Premier had issued a statement touching on the finances of the province, which could not be borne out by the facts when the proper audit would be submitted. He was prepared to meet such statements at the proper time and place, which would be on the floors of the Legislature. He gave as a further reason for wishing to remain in the Legislature, the fact that he was convinced it was his duty to continue to fight for the carrying out of the development of New Brunswick's water powers under Government control and ownership, as well as to continue fighting to prevent the "big interests" from obtaining concessions which, in the interest of the province, he thought they should not get. He added that he would be prepared to give his hearty support to the Baxter Government in any measure they might introduce to further protect the development of our natural resources.

### WEDDINGS

Coffey—Little. A quiet wedding was solemnized on Tuesday evening Sept. 22nd, at 8 o'clock at the home of Rev. Dr. Cross, 119 Tupper St., Port Arthur, when Viola Pearl, daughter of Mr. and Mrs. James Little, Escuminac, P. Q. was united in marriage, to Robert J. Coffey of Schreiber. The Rev. Andrew Boyd, Moderator of continuing Presbyterian Church, officiated.

The bride was becomingly attired in a gown of fat crepe, in New Blue with panels of sand georgette, trimmed with rows of tiny ruffles. With this was worn a Gloria Swanson Poke hat of panne velvet in sand shade, with blue flowers, gloves and shoes, and black suede shoes, and carried a bouquet of Ophelia roses, sweet peas, lilies of the valley and maiden hair fern, tied with white mull. Miss Merle Buller, 324 N. Harold St., Fr. William, attended the bride, and wore a gown of French blue satin, embroidered in tints of blue weroof champagne shade, with match of panne velvet, gloves and shoes. She carried sweetheart roses and fern.

Mr. W. A. Carley, druggist of Schreiber, Ont., supported the bridegroom. Souvenirs for the occasion, to the bride, a substantial check. Bridesmaid Onyx and pearl ring. Best man, a set of solid gold collar buttons. Many useful and beautiful gifts were received, including linen, cut glass and silver-ware, including a beautiful cabinet of silver, from the C. P. R. Mechanical Staff, of which the bridegroom is a member.

After the ceremony the wedding party of twelve, motored to St. William to the Victoria Hotel, where a sumptuous supper was served. Then the happy couple left on No. 2 for their home in Schreiber, with best wishes from their many friends.

UNITED BAPTIST CHURCH The services on Sunday will be conducted by Rev. Mr. Bone.

### COPP APPOINTED TO THE SENATE

Westmorland N. W. Has Five Senators. Where Others Are Located.

Ottawa, Sept. 25.—Hon. Arthur B. Copp, who has held the post of Secretary of State since the general election of 1921, resigned that portfolio to-day and was appointed to the Senate to fill the vacancy caused by the death of Senator George W. Fowler, whose home was in Sussex and latterly in Ottawa. Hon. Walter E. Foster, former Premier of New Brunswick, was appointed to succeed him as Secretary of State.

Westmorland now has five senators, viz., Poirier, Black, McDonald, appointed by the Conservatives, and Robinson and Copp appointed by the Liberals. The other five senators for this province are Bourque of Gloucester, Dandiel of St. John, Todd of Charlotte and King of Queens County.

### IMPORTANT NOTICE TO ALL VOTERS

In order that there may be no misunderstanding as to who is eligible to vote on October 29th, the following resume of the electoral law is published. Any British subject, male or female, who has attained majority, may vote so long as his or her name is inscribed on the electoral lists. A second qualification for the ballot is that the voter must have resided in the district in which he desires to vote for at least two months prior to the issuance of the election writs (in the present instance, since July 5th) and a resident of Canada for at least a year preceding the elections.

Absentee Voters. If any person who claims to be entitled to be registered is unable to personally attend the registration offices by reason of sickness, disability, or necessary temporary, unavoidable and bona fide absence from the city, town or incorporated village wherein he is entitled to be registered, any other person who is a relative or employer of such first-mentioned person and who has a personal knowledge of the facts may appear before the registrar, who shall administer to him orally, under oath or solemn affirmation, the interrogatories contained in Form No. 15 to this Act, and if he substantiates (a) the cause of absence to be such as is in this rule set forth and (b) all things requisite to the registration of such first-mentioned person, saving personal appearance, that person may be registered as if he had personally appeared.

### HALF HOLIDAY ON FEDERAL ELECTION DAY FOR THE DOMINION

Ottawa, Sept. 28.—The afternoon of Thursday, Oct. 29, has been declared a half-holiday throughout the Dominion of Canada to enable all voters to cast their vote in the Dominion election. An order-in-council granting the half holiday was signed by the Governor General here Saturday afternoon.

### USE THE WANT AD. WAY

Citizens generally will regret that force of circumstances have made it necessary for Mr. John MacLean to remove from Campbellton. Mr. MacLean leaves to-morrow for Hamilton, Newfoundland, where he has accepted the position of manager of a large lumber concern.

Mr. MacLean came to Campbellton over twenty years ago as superintendent of the Shives Co's Mill at Shives Athol a position he has most faithfully filled.

In church and town matters he will be especially missed. For years he was a member of the Town Council while he has always taken a deep interest in town welfare work. In St. Andrews Church he was the second oldest elder, and in all church matters lent his most efficient services towards the success of his work.

Last evening the members of the Session of St. Andrew's United Church, together with a number of friends met at Mr. MacLean's home, when on behalf of the congregation Mr. M. A. Kelly made the following address and presentation:

To Mr. John M. MacLean, Campbellton, N. B. Your many friends learn with deep regret your intention to leave Campbellton to live in Nfld. and we know that such removal will interfere with our frequent meetings at the House of Prayer both on Sundays and week days, greatly to the loss of the Church here. When we remember your regular attendance at the Sunday services, as well as at the prayer-meetings throughout the past, we are reminded that during all these years you were always foremost in supporting your well-thought-out proposition for the welfare of the church at Home or on the Foreign Field by financial and other support.

The Sunday School will regret the departure of a faithful friend and generous supporter. And every cause and venture of the church found in you, sir, a wise and faithful supporter—and when anything serves to interfere with these wise, faithful and cheerleading influences, we the remaining folk are filled with regret and sorrow. We are reminded, however, that He, whom we firmly believe will direct your footsteps and care for you and yours as one of His own people and then what matters it where you are placed—we are in Our Father's hands.

However, in the nearness of the hour of parting, we crave permission to make you a little present as a slight—very slight—token of the high appreciation in which you are held by your many friends whom we (this small number) beg leave to represent. But our greatest sorrow and joy is to commit you, as well as ourselves, to the loving care of our Heavenly Father to whom we fervently pray you will be specially blessed and while we are absent the one from the other, that His wonderful Presence will be your guide and friend.

On behalf of your many friends in the Church we, the Session of St. Andrews United Church subscribe our names. The address was accompanied by a club bag, a gold headed cane and a gold piece.

Mr. MacLean, although taken completely by surprise made a very feeling reply. Citizens generally while regretting Mr. MacLean's departure will wish him every success in his new field of labor.

FUNERAL The funeral of the late Susie B. MacPherson was held from the home of Mr. S. S. Harrison last Friday at 12.30. A short service was conducted by Rev. W. W. McNairn, which the teachers and pupils of the town schools attended, and afterwards the remains followed by a large number of sorrowing relatives and friends, were conveyed, by motor to the New Mills cemetery for interment. The services at the grave were conducted by Rev. Mr. McNairn, assisted by Rev. Mr. Miller.

The pall-bearers were: A. A. Andrew, John MacLean, R. E. MacMillan, J. R. MacMillan, J. C. Cook, and Daniel MacLaughlin. The floral offerings were many and most beautiful.

## MEETING OF TOWN COUNCIL

Lot Leased for Dairy Building  
Usual Departmental  
Accounts Were  
Passed.

A meeting of the Town Council was  
held last Friday evening. His Worship  
Mayor McKay presiding.

Couns. Armstrong Cool McDonald,  
Ramsay and Caldwell were present.

The Food Inspector submitted a re-  
port of his August work, which stated  
that conditions were improving.  
A deed of the old C. N. R. right of  
way from Roseberry street to western  
boundary of town was received from  
the C. N. R.

N. Bernatchey asked for a lease of  
lot at old I. N. R. crossing for the  
purpose of erecting a dairy. Lease  
granted at \$25.00 per year.

The lease of that section of Lans-  
down street to Minto from A. H.  
Ingram for \$550.00 was submitted and  
accepted.

Chief of Police Adams submitted  
several suggestions with respect to  
traffic by-laws and Legislation com-  
mittee.

The estimates of cost of extension  
of water and sewerage systems on  
Church street were placed at \$12,500,  
and as there is no money available  
this work was ordered not to be pro-  
ceeded with.

The usual departments accounts  
were passed and ordered paid.

On motion M. D. A. Stewart was  
instructed to distribute earth dumped  
on I. N. R. right away, so it would not  
interfere with the drainage.

The council then adjourned.

## W. N. SNOWBALL DIES SUDDENLY

Was M. P. For Northumberland  
and a Candidate for  
Re-Election

Chatham, N. B. Sept. 27.—William  
Bunting Snowball, member for North-  
umberland in the last parliament,  
died tonight at 8.30 o'clock after an  
illness of less than 24 hours. Mr.  
Snowball had been at his office yes-  
terday afternoon and had attended  
to business as usual. About midnight  
he was suddenly stricken with a  
heart attack and in spite of expert  
medical aid he became worse and  
passed away this evening.

## NEWSPAPER MEN MET AT SACKVILLE

Annual Meeting of Maritime  
Division of the C. W. N. A.  
Held Friday Afternoon.

Sackville, N. B. Sep. 28.—The  
annual meeting of the Maritime  
Division of the Canadian Weekly  
Newspaper Association was held here  
on Friday afternoon, when an in-  
teresting round table talk on news-  
paper problems took place. The fol-  
lowing officers were elected for the  
ensuing year: President, D. F. Fraser,  
New Glasgow; Vice President for Nova  
Scotia, H. G. Harris, Kentville N. S.;  
For New Brunswick, C. C. Avari,  
Sackville; for P. E. Island A. R.  
Brennan, Summerside, P. E. I.; Sec-  
retary-Treasurer, H. B. Anslow, Camp-  
bellton. Executive, Donald Lawson,  
Yarmouth, N. S.; Miss Marion Stev-  
ens, Hartlar, P. H. Beattie, Bridge-  
town, N. S.; Geo. McWilliam, New-  
castle, Louis Taylor, Summerside, P.  
E. I.

Among others in attendance were:  
L. S. Gove, of Toronto, manager of  
Maritime Selected weeklies, J. A.  
Fisher, Pictou, N. S., H. P. Davidson,  
Wolfville, N. S., H. R. Arenburg, Lun-  
enburg, N. S., Dr. H. E. Thomas, Sack-  
ville.

Appropriate references were made  
to the passing of two members of the  
Association during the past year, S.  
I. Lynott, of the Woodstock Sentinel,  
and Murray Lawson, of the Yarmouth  
Herald.

## TARIFF AND TAXES

Let us call a spade a spade. Clear  
speaking leads to clear thinking.  
"Tariff" "Customs", "Duty". These  
things can be called by a much more  
familiar name. They are Taxation.  
When one goes into a store and buys  
an article from a merchant for \$5.00  
that sells for \$3.00 in Boston and  
should sell for near that figure here,  
we shrug our shoulders and com-  
plain that "the price is high." Sup-  
pose you went in to purchase that  
article and were told that the price  
was \$3.50. You complete the pur-  
chase and make payment; but you  
are told by the merchant that there  
is a government tax of \$1.50 which  
he is required to collect from you.  
Then you understand what tariff is.  
Tariff is taxation. It the most  
covert tax we have to pay. Mr.  
Meighen realizes that we are suffer-  
ing from high cost of living and  
from restriction of trade in the Mari-  
times, so he intends to remedy all that  
by increasing our taxes! Ex.

## GOOD BOXING AT SKATING RINK

Twelve Hundred Excited Fans  
Witnessed a Five-Fout  
Program.

The skating rink last Friday night  
was crowded to the rafters when about  
1200 excited fans witnessed a five-  
bout boxing program. The main  
bout of the evening, which was sched-  
uled for ten rounds between Ralph  
McNaughton of Campbellton, N. B.  
and Tommy Dixon of Sydney, N. S.  
finished in the sixth with McNaughton  
winning by a knockout with a left  
hook to the solar plexus. The  
fight throughout was carried by Mc-  
Naughton, Dixon taking the defensive  
from the start. McNaughton's rush-  
ing style soon told on Dixon and in the  
fourth McNaughton sent Dixon to the  
canvas for short count, and in the  
sixth when he went down he tried  
hard to rise but was unable.

The semi-final was staged between  
Kid Gardner of Three Rivers and Joe  
Villeneuve of Quebec, the latter hold-  
ing the Quebec flyweight championship  
and a strong, aggressive and hard  
hitting boy. This bout was scheduled  
to go eight rounds, Villeneuve winning  
on points over the heavier opponent.  
The former weighed 120 pounds and  
latter tipping the scales at 108, which  
showed that he had to go out of his  
class for this bout.

The first preliminary was with the  
Munroe brothers, and these two boys  
went three fast rounds to a draw. The  
next bout was between Heck Dobson  
and Young Durette for three rounds  
which finished in the second when  
Dobson scored a technical knockout  
over his opponent.

The third preliminary was between  
Tony Thomas of Montreal and Leo  
Wagner of Campbellton, this bout  
was also fast and exciting, the men be-  
ing well matched, both weighing 130.  
The first round was Wagner's and it  
was thought that he would have his  
opponent out before the finish of the  
round, but in the second, Thomas  
showed that he could take punishment  
and also give it by sending some very  
heavy body punches to Wagner and  
winning the second round. At the  
sound of the gong for the third and  
last round, both men sprung from  
their corners looking for a knockout,  
but neither being able to lay his man  
low and at the end of the round both  
were on their feet and the bout was  
declared a draw.

McNaughton is a former Campbell-  
ton champion and a former Campbello-  
city of Quebec. He won and held the  
flyweight championship of Canada un-  
til he outgrew it, and is now a con-  
tender for the featherweight title  
which is now held by Leo Kid Roy of  
Montreal. He is considered one of the  
cleverest and heaviest hitting boys in  
the game today and has a string of  
knockouts to his credit.

The officials of the show were:  
J. W. Howard, ring announcer; J. L.  
Annett, referee, and E. W. Henry,  
time keeper.

## TO UTILIZE DEPOSITS IN DEAD SEA

The latest industrial scheme under  
contemplation, if not actually on the  
way, has for its objective the utiliza-  
tion of the chemical resources of the  
Dead Sea. These resources include  
potassium chloride, magnesium bro-  
mide, magnesium chloride, calcium  
chloride and sodium chloride, the  
amount of each available running  
from 980 to twenty-two million tons.  
For practical purposes, the supply of  
potash may be considered inexhaus-  
tible, and that is the product which  
makes the Dead Sea most valuable  
from a commercial standpoint. Among  
the items required in the way of equip-  
ment for development purposes are  
salt pans, pumps and pumping sta-  
tions, water channels, laundries, pipe  
lines, a chemical laboratory, carpent-  
ers' shops, machine shops and local  
road. It is roughly estimated that the  
initial cost in this connection will be  
about £145,000. Jaffa or Haifa are  
the possible ports of shipment. Tem-  
peratures about the Dead Sea vary  
from 92 to over 100. At the hottest  
part of the year the temperature is  
daily modified by cooling breezes.

## SILK HOSE TAX MAY RESULT IN LONGER SKIRTS

Leeds, England, Sept. 28.—The tax  
on silk hose stockings may have a  
tendency to bring about a lengthen-  
ing of skirts. The Yorkshire manu-  
facturers have been deliberating on  
proposals to make longer hile threat-  
ens to silk stockings and so reduce  
the quantity of silk per pair. Glimp-  
ses of the cotton top would be un-  
pleasant to the eye, and so on that ac-  
count skirts would have to be longer.

He—"Is there a word in the English  
language that contains all the vowels?"  
She—"Unquestionably."  
He—"What is it?"  
She—"I have just told you."

### ENTERPRISE WORTH WHILE

(Halifax Herald)  
We note a report in a Pictou county newspaper that an official of the Live Stock Branch of the Dominion Agricultural Department is endeavoring to interest Nova Scotia farmers in hog production. Two recent shipments are mentioned, one of 71 hogs from Newport in Hants county, another from Tatamagouche in Colchester, 68 hogs. These went forward to the abattoir at Moncton. And it is expected that two carloads will be shipped when the Pictou County Exhibition is closed, one from Scotsburn and the other from Pictou town.

The official referred to is quoted as saying in respect to the district of Scotsburn and adjoining parts of Pictou county, which now maintains a successful creamery, that:

"If every creamery patron along the Short Line kept a sow, 27,000 hogs could easily be sold annually from this territory, and 27,000 hogs is more than half the present hog production of Nova Scotia."

The newspaper from which we are quoting, *The Pictou Advocate*, remarks that "to-day 2,000,000 pounds of pork products are imported into the Maritime Provinces annually, and there is no reason why the Maritime Provinces should not supply this themselves, and also reach out for export market, when prices are high abroad."

This is precisely the kind of talk

that is needed in the Province, and that should be beneficial. Pork is not the only subject. If the people of this province are to make progress they must expand in their various occupations, and become producers on a larger scale than the present. We cannot progress by being continual buyers of the things we can produce at home. If we buy meats, fowls, pork and pork products, cheese and butter outside of Nova Scotia; and manufactured goods, instead of producing these in quantities sufficient to supply home consumers and for sale in world markets, there cannot be progress. In such circumstances development is bound to be blocked.

We take it for granted that the official who is trying to promote the business referred to knows what he is talking about, and is satisfied that the business can be made a success. The possibilities appear to be good. The addition of 27,000 hogs annually to production in one district of the province is an enterprise that appears to be worth while. *Pictou Advocate*.

### ADVERTISING

Robinson Crusoe advertised. Robinson Crusoe was stranded—and sick of it! Only his man Friday and a goat and a parrot for companionship! He wanted to get off the island, and to do this he knew he must communicate with people who might pass, afar off, in ships. So he did what any man does who wants to reach people he advertises!

True, he had only a ragged shirt, with which to do his advertising, but he stuck it on a pole, secured the pole in the ground and waited—for days! Didn't get discouraged at the first days of failure, you see. No good advertiser does! And finally he got results!

If Robinson Crusoe, with one old shirt, could accomplish his purpose,

## PAINS ACROSS THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound

Mitchell, Ontario.—"I have taken your medicine for a number of years. I do not take it steady all the time, but I am never without it. I always keep it in the house. I took it first for pains in the abdomen and bearing-down pains, headaches and pains across the back. I have my home to look after and many a day I could not get up at all. I saw the advertisement in the paper about Lydia E. Pinkham's Vegetable Compound, and Mrs. John Miller told me about it, too. Every time I take it, it makes me feel better and I always recommend it to my friends. I am willing to answer letters from women asking about this medicine and you may use this letter as a testimonial."—Mrs. F. J. WASSMANN, Mitchell, Ontario.

The merit of Lydia E. Pinkham's Vegetable Compound is told by women to each other. Many women know by experience what this medicine will do and they are anxious for others to know. Such testimony should cause any woman suffering from the troubles so common to her sex to give this well-known medicine a fair trial. Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."

This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

### THE INDIAN MUTINY

The Indian Mutiny was the great revolt of the Bengal native army in 1857, which led to the transference of Indian government from the East India Company to the Crown in 1858.

The immediate cause of the mutiny was the great disproportion between the number of British and native troops in India, which gave the Sepoys an exaggerated notion of their power. Its immediate causes were a series of circumstances which promoted active discontent with the British. One of the immediate causes was the greased cartridges. In 1857 the Minie rifle was introduced into the Indian army. The cartridges were greased and one end contained the powder in a paper case.

Before loading the powder was released by tearing off the end of the cartridge, and biting off this end was a common practice among all soldiers using the Minie rifle. Whether Hindus or Mohammedans the fat of cows and pigs was anathema. It was easy for agitators to persuade the Sepoys that the new cartridges were greased with the fat of animals sacred to the Hindus or forbidden to the Mohammedans, and that the British Government was thus engaged in a deep-laid plot for forcing them to become Christians by first making them outcasts from their own religion. No precaution had been taken to grease the cartridges with a neutral fat, such as that of sheep and goats. The low-caste natives employed in the arsenals knew what grease was actually being employed, and taunted the Brahman Sepoys with the loss of caste that would follow their use of the cartridges. Refusals to accept the new cartridges were soon heard in the Bengal army. The agitators, who had their own reasons for fomenting mutiny, rose to the occasion, and in the first months of 1857 the greater part of the Bengal Presidency was seething with sedition.

### OYSTER CULTURE

Some years ago Mr. James Barnes secured control of a Buctouche oyster bed which, as have many beds in the Maritimes, had been cleaned out. He then commenced the cultivation of the oyster by artificial methods. His success has been so pronounced that he is able to ship 1,000 barrels of oysters a season, and recently forwarded a carload of oysters to Montreal, which pays \$10 a barrel for the Barnes product, when other oysters can be bought for \$5 and \$6. Mr. Barnes is able to operate a month earlier than may be done on other areas. The Barnes' oyster is said to be a better oyster than the variety procured in beds which are not cultivated.

"They were walking in the country one pleasant summer day and she stopped to admire a flower growing by the roadside. 'I wonder,' said she, 'what kind of a flower that is?' She looked up at him as though he were the source of all wisdom. He was not daunted. 'That,' he replied with conviction, 'that,' is the day blooming variety."

### ROD AND GUN FOR OCTOBER

What promises to be one of the best and most interesting of wild life study series commences in the October issue of Rod and Gun, just published. The series is written by the well-known naturalist, Raymond Thompson, and the first article is a lengthy and very interesting account of the beaver. Judging by the material contained in this article, the rest of the series should prove valuable and interesting reading matter for the lover of wild life.

Appropriate to the season a number of hunting stories are included in this fall number. The regular articles and departments covering birds, dogs, out-door life, shooting and fishing seem even better fitted than usual. This is especially true of Fishing Notes, which contains in addition to the articles of Robert Page Lincoln stories by G. P. Sladen of Toronto, goes to make a splendid section for the angler. The open season for game birds in Ontario are included in the issue.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

This store closes every evening except Saturday.

### The Minister Says:

"We had a Fawcett Pipeless Furnace installed by Ora Kaye in the Manse at Murray Harbour North and also in the Church and both gave perfect satisfaction."—Rev. J. S. MacKay.

The new Fawcett Pipeless Furnace and Pipeless offers advantages where quick heat counts that no church, school, or public building can ignore. Its radiator, for example, instead of being an excellent radiator, but poor durability, or cast iron (durable, but inferior from the radiating standpoint) alone among Canadian furnaces its radiator is of Tomic Metal—pure iron, for durability, fused with copper for finest radiation.

### The Priest Says:

"After having given it a trial during the hardest part of the Winter, I am pleased to say that the furnace is giving entire satisfaction. We have saved fuel, in comparison with other years: besides the heating is easier and more prompt than that of the hot water furnace."—A Bourassa, Pte. Cure, St. Alexandre, P. Q.

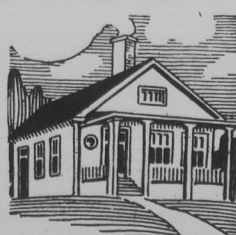

The 1925 Fawcett is even better. Castings have been deepened, to insure freest circulation. The test rack has been taken farther from the radiator, lengthening the life of both. By the way this latter change was made as the result of 15 year tests—showing what an asset to the furnace buyer there is in the 70 year experience of Charles Fawcett Ltd.

### The Merchant Says:

"We thought if we got sufficient heat from it to heat our store we would be pleased with it, but to our surprise we found that we were getting too much heat for store requirements and found it necessary to find some escape for approximately 40% of our supply. This we did by making an opening in our store ceiling and inserting a grating on the second story flat, which is occupied as a dwelling, and the escaping heat from the store makes quite comfortable the second story living and bedrooms."—J. A. Leslie, Port Morien, C. B.

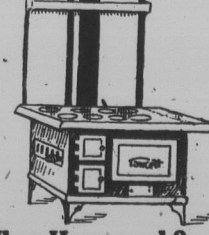

The Fawcett is not an assembled but a finished product, made throughout in our own plant which is so complete that other furnace manufacturers have work done here.

### The Doctor Says:

"I must congratulate you on the heating system you have sold me. The heat is sufficiently moist and hygienic. It is a blessing in the house, which is always comfortable for the women folk. If I had had this system ten years ago, I would have had less trouble and I strongly recommend working on its installation in all homes."—Doctor J. J. Lander, Kamouraska Co., P. Q.

Hot air heating of the Fawcett type is the most healthful in the world. By merely keeping the vapor tanks (conveniently placed under the fire door) filled daily, the air in your home is changed twice an hour, replaced by moist, fresh, sterilized air.

### What Happened?

Do you remember the first meal your wife cooked for you when you returned from your honeymoon? And the range she used? Did your Fawcett Furnace ever stand you in good stead during nights of sickness? **NEW SCHOOL BUILDING**  
At Dalhousie on Thursday in the presence of the trustees, W. A. Cragg, D. G. Stewart and C. McNeil, tenders for the erection of a new public school building were opened by J. B. Delaney, secretary-treasurer of the town school district. There were seven tenders, the lowest in the neighborhood of \$52,000 being from the firm of the J. & D. A. Harquail Company, Ltd., Campbellton. This was accepted. The new Superior School building will be a thoroughly modern brick structure. Work was started today.

**LAYING OFF MESSENGERS**  
The C. N. R. Express Dept., according to reports, have served notice on twelve of their express messengers on the Atlantic Region that their services will no longer be required after September 30th. The duties now carried by the messengers, it is understood, will in future be done by train baggagemen on the runs from which the former will be withdrawn and the latter will be paid extra remuneration for their services in this connection.

Some doubt is expressed among train employees as to the satisfactory working out of the new arrangement in several instances.

**SILVER WEDDING**  
A very interesting event took place at Dalhousie Junction recently. A reception was held at the home of Mr. and Mrs. Alexander Wafer when their Silver Wedding was formally celebrated. A large number of guests were present, and spent a very enjoyable evening. Luncheon was served and all did justice to the good things provided. Beautiful silver gifts showed the esteem in which the happy couple are held in the community. Mr. and Mrs. Wafer have had a very happy married life. They are noted for their hospitality and have the good wishes of all for continued happiness. The party broke up in the "wee sma' hours" expressing their appreciation of the jolly time extended to them.

**MARKED FOR RECOGNITION**  
While fishing in Flying Eddy pool on the South East Upsalquitch this summer I. W. Ferguson and I. Pratt caught a salmon marked, Saturday Aug. 15th, W. C. P. S. 48. They are curious to know what the mark means. Who knows?

**FIRE THIS MORNING**  
The fire brigade was called out for a blaze in the house on Roseberry st., owned by Mrs. M. P. Moore and occupied by R. A. Duncan and Jos. Albert. No person was home when the fire broke out, and the blaze which evidently caught in the kitchen spread throughout the whole building, doing much damage. The loss of the building is covered by insurance, as is also Mr. Duncan's loss on his furniture, but Jos. Albert had no insurance.

**CHURCHILL JUNIOR INSTITUTE**  
The October meeting of the Churchill Junior Institute will be held at the home of Miss Eva Allan on Thursday afternoon, October 1. The girls in charge of the program for this meeting are Misses Iva King, Ethel Kell and Mary Sloan. Each girl is to bring "Something of my Grandmother's" to this meeting. The roll call is to be answered by a favorite heroine in history.

**TIPS TO HOUSEWIVES**  
To clean basket chairs scrub them thoroughly with hot soapy water, then rinse in clear water to which a little salt has been added. This tends to stiffen them.

Hanging the colored clothes in the sun to dry fades them more than the washing. If there is no shady place in the yard to dry them, it is advisable to hang them indoors. Small pieces can be rolled in sheets until sufficiently dry to be ironed.

If you want to frost with meringue a custard or other dessert to be served in a glass dish which you cannot put in the oven, place the meringue on the pudding, then heat the fire shovel red hot and hold it over the dish for two or three minutes and the meringue will become a delicate brown.

To clean wallpaper, first brush the walls thoroughly with a duster tied over a long-handled broom and wipe with clean cloths until all the dust is removed. Then cut a leaf of stale bread in quarters and with the pieces slightly wipe the paper, holding the bread by the crust. Begin at the top and rub downward—never up or across.

"THE WIFE WHO WASN'T WANTED" with Irene Rich in a picture adaptation of this novel

**SYNOPSIS**

John and Eileen Manning are more than commonly happy when they wake this morning, for it is the twenty-first birthday of their son, Bob. Before leaving their bedroom they spend some time in reviewing the happy events of their life together, and John showers compliments on his wife as he did when she was a bride. They hear a call, "Maw", and Eileen admits Bob. He has come to ask his mother to arrange his necktie. Both parents congratulate him on his anniversary.

**CHAPTER I—Continued**

She embraced him and with practiced fingers set to work on the tie. "Congratulations on your twenty-first birthday, dear," she said, gazing into his eyes from her vantage point. Then, the tie adjusted to her satisfaction she kissed him.

He returned her embrace, mumbled his thanks awkwardly and would have turned to leave the room had she not detained him.

"You are a man now, my baby's gone," she whispered with a catch in her voice. And as if over come by her feelings she sank into a chair still holding to his hand.

Bob waited uneasily. Love of her and sympathy he had. But in his Under this searching glance, the youth

Something of this the youth seemed to understand for he faced his father squarely.

"I'll try to be under any circumstances," he said firmly.

"Good," and in an instant John's seriousness departed and a mischievous twinkle danced in his eye. "And you'll learn to tie your own neckties, too, my son?"

With a sheepish grin Bob glanced at his mother and seemed to gather strength from her presence.

"I don't need to while I have you to do it for me, do I, mother?"

Her answer was to arise and under the very eyes of her husband readjust her son's tie. Then, she turned to draw them to her on either hand. There was pride and joy and great contentment in her heart as she viewed them in turn. Her boys! That was what they were, she told herself. A united family bound by faith and love, what evil could prevail against them?

Even as they waited there, a sound from without echoed through the room. It was a long drawn "coo hee" in a silvery voice of great carrying power. Bob started and cast a nervous glance towards the window. As he turned back, his father caught his eye and arching his eyebrows in a most knowing and disturbing manner

Under this searching glance, the youth

was eagerness in her manner. As he turned towards her, she smiled full upon him, and such a smile. Well might it have caused Bob's father some apprehension. There was no concealment in it. There lay exposed the soul of a young Diana, huntress of men. A persistent huntress who having marked her game clung unwearingly on its trail.

Headless of the peril which beset him, Bob met the warmth of her gaze carelessly, even heedlessly.

"Lo, —Marjorie."

**Congoleum Gold Seal Rugs**

**Make Dining-Rooms So Cheerful!**

What a real satisfaction it is to any housekeeper to have an easily cleaned, durable Congoleum Gold Seal Art-Rug on her dining-room floor!

The hospitable warmth of its rich, tasteful pattern creates an ideal setting for her furniture; and there's the added advantage that, like the Congoleum Rug in her kitchen, she can keep it clean with a very little effort.

**Easily Cleaned—Waterproof**

The smooth, sanitary, waterproof surface doesn't absorb dirt and grease like wool floor coverings. Just a few easy strokes with a damp mop or cloth and the cheerful colors are spotless. These rugs lie perfectly flat without any fastening—never curl up at the edges.

Congoleum Rugs are becoming more and more the choice of up-to-date women all over the Dominion. The variety and beauty of their patterns—rich Oriental motifs; dainty floral and neat tie designs—enable you to select a suitable pattern for any room in your home.

Congoleum Gold Seal Art-Rugs are made in seventeen sizes; ranging from the handy 18 x 36 inch mats to the 9 x 15 foot room-size rugs.

Step into your home-town dealer's store and see for yourself how beautiful and practical Congoleum Gold Seal Art-Rugs really are.

**Look for the Gold Seal**

Don't be misled into buying some other material said to be "just as good" as Gold Seal Congoleum. "Just as good" is never as good.

Look for the Gold Seal shown above when you buy! It assures you that you are getting every cent's worth of floor-covering value. Congoleum Gold Seal Art-Rugs have a dominion-wide reputation for beauty and wear—a reputation that has been earned only after long, hard service in every part of Canada. Buy the genuine and be sure of satisfaction.

**Congoleum-By-the-Yard**

The same sanitary, flat-lying, durable material as Congoleum Gold Seal Rugs, for use where it is desired to cover the entire floor. It is made two yards wide in a wide range of beautiful patterns without border.

I can't abide to see men throw away their tools! That way the minute the clock begins to strike as if they took no pleasure! their work, and was afraid of doing a stroke too much—I hate to see a man's arms drop down as if he was shot, before the clock's fairly struck, just as if he'd never a bit of pride and delight in his work. The very grindstone 'll go on turning a bit after you leave it.

A married couple were knocked down by a motor car. The car dashed away. The police arrived and found the couple bustling with indignation. Do you know the number of the car? asked the policeman.

"Yes," replied the husband; "by a strange coincidence the first two numbers formed my age and the second two the age of my wife."

"John," said the wife, "we will let the matter drop at once."

## PRESBYTERY HELD MEETING

(continued from page 2)

money, but as the response of a consecrated people to the mortal and spiritual obligations which lay upon them. The church year is to end March 31, 1926, which lengthened the usual year by three months for erstwhile Presbyterians and shortens it by two months for erstwhile Methodists. The total maintenance and extension fund for the year requires \$4,000,000 which by reason of necessary adjustments following the actual accomplishment of Church Union is a little over twenty per cent over the combined total contributions of the three uniting churches last year. The proportion allocated to Miramichi Presbytery is \$30,000 and on motion the Presbytery resolved to accept this allocation. A committee consisting of Messrs. W. W. McNair, T. Harrison, George Gough, T. A. Clarke, L. A. Palmer, and J. Henderson was appointed to apportion this among the several congregations.

Rev. E. V. Forbes proposed that the Presbytery should adopt the suggested programme of the Conference committee on Religious Education and provide for a Young People's Conference within the Presbytery in November. It was felt that two such conferences should be of more general value than one, and a committee was appointed to make needed arrangements. This committee consists of Messrs. E. V. Forbes, W. S. Godfrey, J. H. A. Anderson, W. Girdwood, L. A. Palmer, H. D. Atkinson and J. R. Vallis.

A Committee of Direction in connection with the Period of Devotion was appointed to suggest plans of co-operation as between congregations was appointed, consisting of Rev. J. H. A. Anderson, G. M. Young, F. W. Thompson and A. W. Brown for the southern sections, and Revs. N. MacLauchlan, E. V. Forbes, W. S. Godfrey and A. MacKay for the northern section.

Provision was made for the induction of Rev. L. A. Knox to the pastoral charge of New Brandon on Oct. 30. Rev. N. MacLauchlan will preside and induct, Rev. A. D. Archibald will address the minister and Rev. George Millar the people.

The secretary read a letter from Rev. Dr. Thomas, Editor of The Wesleyan, which has been adopted an official organ of The United Church, intimating that the name had been changed to "The United Churchman" and asking the co-operation of Presbyterians in increasing its usefulness.

Rev. A. W. Brown was appointed to represent the interests of The United Churchman in the Presbytery. The evening session was largely attended by members of the United congregations in Newcastle, and two stirring addresses were given by Rev. G. M. Young who in eloquent terms portrayed the opportunity and the task of The United Church of Canada in view of the coming of new peoples to Canada, and by Rev. Dr. Shaw who dwelt in illuminating fashion upon the essential spirit, the worthy heritage and the challenging opportunity of The United Church.

The members of Presbytery were generously entertained at dinner and supper in the basement of St. James Hall by a committee of Ladies from the United congregations in Newcastle. The next meeting will be held in St. Luke Hall, Chatham, at the call of the chair.

## NO APPOINTMENT OF CHIEF INSPECTOR

Two Hundred Applications For Position, With St. John Man Favored.

Action by the Provincial Government in connection with the appointment of a new chief liquor inspector for the province as well as in connection with the personnel of the Board of Liquor Commissioners is being awaited with considerable interest by the public.

It has been stated on good authority that no less than two hundred applications have been made for the post of chief liquor inspector the applications coming from all sections of the province. The most likely candidate for this position however is W. H. Turner a prominent merchant of St. John and a staunch supporter of the Conservative party according to reliable information.

Rev. A. W. Brown was appointed to represent the interests of The United Churchman in the Presbytery.

The evening session was largely attended by members of the United congregations in Newcastle, and two stirring addresses were given by Rev. G. M. ## A RIDICULOUS STATEMENT

It was expected that so soon as he formed a Government Premier Baxter would issue a statement designed to create the impression that the financial condition of the Province was not in as sound a condition as is generally supposed. So he starts in to repeat the extravagant statement, he made during the campaign, adding here and there that "nothing could be plainer" than this or that or the other thing. He assumes that some people at least will not stop to think that he couldn't know in so short a time very much about the matter.

Mr. Baxter, of whose activities under the old regime which was thrown out of power in 1917 the public has more than a dim recollection, makes himself ridiculous by the statement he issued for publication. Does he think the people of the Province will be influenced by his glittering generalities in the face of sworn reports submitted by such a firm of auditors as Price, Waterhouse and Company? If the financial conditions of New Brunswick was not sound why should the brokers tumble over themselves to pay more for New Brunswick bonds than they do for the bonds for any other Province in the Dominion? What does Mr. Baxter have to say to that?

Mr. Baxter has his hands full without resorting to such tactics. What he is expected to do now is to keep the record of his Government clean. The people know what happened previous to 1917. —Moncton Transcript.
