

# BRITAIN AND RUSSIA SIGN TRADE PACT

## CUT IN EDUCATION ESTIMATES IS NOT EXPECTED

### TRADE RELATIONS BETWEEN GT. BRITAIN AND RUSSIA ARE TO BE RESUMED AT ONCE

Commercial Agreement Between Two Countries Is Signed Today—Russia to Cease Spreading Soviet Propaganda Outside That Country's Boundaries, While Britain Will Observe Neutrality Regarding Internal Russian Affairs—London Newspapers Hold Different Opinions As To New Contract.

London, March 16.—The trade agreement under which commercial relations will be resumed by Great Britain and Russia was signed here this morning by the governments of the two countries.

It was reported, the board of trade, after having carried on negotiations with Leonid Krassin, representative of the Russian Bolshevik Government, had rewritten several clauses which had presented considerable difficulty in the past. The principle that Russia will cease all propaganda outside of that country, and that Great Britain will observe neutrality regarding Russian internal affairs, was given due recognition in the clauses which were altered. The fact that the trade agreement was to be signed received in this morning's newspapers the controversy regarding the expediency of such a move.

The Morning Post, in an editorial captioned "The Unclean Thing," vehemently inveighed against the agreement, and argued that its signature would "inevitably involve recognition of the soviet regime, which is blackened by every crime, and the agents of which are actively plotting the destruction of every civilized state."

Under this agreement, the newspaper continued, "British traders eventually will become receivers of stolen goods."

The Chronicle, on the other hand, approved of the agreement on the ground that "the world cannot longer afford to leave Russia outside the pale of commercial intercourse."

The Daily News declared it expected trade with Soviet Russia would relieve unemployment in Great Britain, saying: "Talk about blood-stained gold is the meaningless rhetoric of blind hatred."

### RAILWAYMEN TAKING ABSOLUTELY NO INTEREST IN WARD 4 ELECTION

Nary a Vote Cast Up Until Late Hour This Afternoon—Neither Aldermanic Candidate Making Strenuous Efforts Toward Election.

Railwaymen, entitled to vote in the Ward 4 by-election, showed little interest in the contest today, when the special poll at the city hall for their benefit was opened. Not a single ballot had been cast up to a late hour. Although the booth will be open until 6 o'clock tonight, it is not expected there will be any rush toward the closing hour. The poll will be open again Thursday from 9 o'clock to 5, and during the same hours Friday. Any railwaymen entitled to vote in Ward 4 who expect to be out of the city on Saturday, the regular polling day, are entitled to cast their votes at the city hall today, Thursday or Friday. F. B. Lavender is the deputy returning officer in charge of the booth. Returns from the railwaymen will be withheld until the remainder of the polling has been completed Saturday, so there will not be the slightest indication as to which of the two candidates, J. M. Donahue or H. J. Childs is in the lead.

### Drowns Herself After Husband Admits Bigamy

Camden, N. J., March 16.—Two months ago, Robert Mountford, of Buffalo, N. Y., is alleged to have confessed to his wife, Mary, a bigamous marriage with Mrs. Mildred Boniface at Haddon Heights, N. J. His wife threatened to commit suicide and yesterday, her body was found yesterday in the Delaware River here. Mountford, who is believed to be in Canada, is now sought on a charge of bigamy.

### FAVORS PUBLIC DRINKING IN PLACES UNDER GOVT. CONTROL

Victoria, B. C., March 16.—(Canadian Press).—Discussing the question as to whether pure beer or near beer is to be sold in the province under the moderation act, Mr. Speaker of the House of Commons, from the floor of the Legislature yesterday advocated the sale of liquor openly and honestly and under proper restrictions rather than under conditions which are capable of evasion and which, he declared, work havoc to the young manhood and womanhood of the country.

Hon. J. W. De la Parris, attorney-general, declared that the worst feature of the prohibition of the last three years has been the development of bedroom drinking. He said he would prefer to work out a form to permit public drinking in Government controlled places to safeguard morality.

The proposal to permit drinking in hotel bedrooms does not meet with the approval of Frank Oliver, premier, who stated that in the face of the great evils resulting therefrom, he would not vote to make it legal to consume liquor in bedrooms.

### CANADA TO ACT WITH CAUTION; WILL WATCH FOR RESULTS

Government Officials Decline To Predict On British-Russian Pact.

### NEGOTIATIONS IN PAST

Bolsheviki Reported to Have Gold to Make Purchases.

[Special to The Advertiser.]

Ottawa, March 16.—Just what effect Britain's new trade agreement with Soviet Russia will have toward stimulating trade between Canada and Russia remains to be seen, and officials here hesitate to make any prediction until they have had time to study the new agreement and to analyze its terms. Certain it is, however, that any such agreement is bound to result in a certain loosening of trade. Negotiations between Canada and the soviet have been proceeding in various directions for some time past, but without important results. Russia has little which Canada has much which Russia desires, and the question of finance has always been an obstacle. The Dominion granted credits to Rumania, Greece, Italy, France and Belgium. The former country absorbed almost the total amount of the appropriation, but has defaulted on her first interest payments. The other countries, which took smaller amounts, have paid promptly. The credits, which expired a year ago, were never renewed. And Canada has since been timid in the matter of further extensions to anyone.

Would French Gold.

A story was circulated to the effect that Soviet Russia was ready to bring Continued on Page Four.

### GERMANY MUST PAY A BILLION IN GOLD MARKS BEFORE MAR. 23

Money Must Be Deposited in One of Three Government's Banks.

### EXTEND OCCUPATION

Additional Troops May Move Into Mulheim.

Paris, March 16.—The Allied reparations commission, in its note to Germany demanding fulfillment of article 235 of the peace treaty, notified the German Government it must pay one billion gold marks before March 23, it was announced today. The money must be deposited in the Bank of France, Bank of England, or the Federal Reserve Bank in the United States, Germany was told.

### MAY OCCUPY MULHEIM.

Duisburg, March 16.—(By the Associated Press).—New French forces have arrived here from sections of Germany organized by the French army, and belief is expressed that their coming will overshadow the occupation of Mulheim, on Ruhr, a town about four miles east of here toward Essen. Although the Allies recently occupied the rural commune of Hamborn, garrisons have not yet been installed.

### METHODS OF COLLECTION.

Coblenz, March 16.—Prisoners to be followed as collecting customs in the new tariff zone established along the Rhine by entente forces have been outlined in a report sent to the Allies by the Rhine-entente commission. The report also outlines the zone, which would begin at Mulheim and run along the Rhine to the extreme outpost of the newly-occupied territory and of the bridgeheads established by the entente.

Gen. Allen, commander of the United States forces here, has participated unofficially in discussions of questions relative to the tariff and the limits of the zone.

### SPRING PLOWING

A SNOWPLOW IN ACTION AT REVELSTOKE, B. C.

### WILL LONDON ADOPT DAYLIGHT SAVING TIME?

Aid. Wenige Will Move Adoption of Plan This Afternoon

### AT COMMITTEE MEETING

Motion Will Come Before City Council Monday Night.

Adoption of daylight saving in London this summer will be the subject of a letter to the council, urged by Aid. George A. Wenige at a meeting of No. 10 of the council this afternoon. If it secures the approval of the council, it will be recommended to the city council, and will come up on Monday night for final decision. Canvases of the aidmen a short time ago showed the aidmen are fairly evenly divided on the question, so that the fate of the measure will be very uncertain.

If it is decided to adopt the new time for the summer months an effort will be made to secure uniformity with other municipalities contemplating the change.

The Railway Association of Canada, in a letter to the council, urges that particular attention be paid to this matter. They suggest that all the cities which adopt daylight saving advance their clocks one hour on Sunday, May 1, and return to the old time on Sunday, October 2. The general change of time on the Canadian railways is to be made on these dates. If London and other municipalities considering daylight saving also accept them, in addition to the greater convenience which this would mean to travelers, it would be a better understanding as to when the aidmen are to be on duty, and in other municipalities with which they are constantly in communication.

Last year there was much confusion. London used standard time. Toronto adopted daylight saving on May 2 and reversed to standard time on September 12. Montreal adopted it on May 2 and reversed to standard time on September 12. Quebec, May 15 to September 12. Galt, May 23 to September 12. Cornwall, May 30 to September 12. Brockville, June 1 to October 21.

### INFORMATION AND COMFORT FOR THOSE BEREAVED BY WAR

Capt. Mullineux of War Graves Commission to Visit London.

BRINGS MANY VIEWS  
Will Speak at Y. W. C. A. and to the Kiwanis Club.

The local Red Cross Society is arranging for a public meeting to be held at the Y. W. C. A. on Friday evening, when the speaker will be Captain Mullineux of the Imperial War Graves Commission, who comes to Canada to give information and comfort to those whose relatives and friends lost their lives in France. At the time of the South African war, he was a member of the military service, and later joined the Red Cross Society. He has been in the service of the Imperial War Graves Commission, and comes to Canada to give information and comfort to those whose relatives and friends lost their lives in France. He brings with him an excellent collection of lantern slides, and is addressing the Kiwanis Club.

### FINAL DEMAND TO KRONSTADT BY TROTSKY

Soviet War Minister Has No Fear of Bombardment of Petrograd.

### INSURGENTS INCREASE

50,000 Revolutionists Have Gathered at Kronstadt Fortress.

London, March 16.—The Russian Soviet war minister, Leon Trotsky, has twice delivered an ultimatum to Kronstadt and will deliver a final ultimatum today, according to information received by the Riga correspondent of the London Times from M. Joffe, head of the Russian peace mission in Riga, who had been so informed by the Russian foreign minister, M. Tolstichin.

### 50,000 AT KRONSTADT.

Copenhagen, March 16.—Fifty thousand men have been gathered at the Russian fortress at Kronstadt, and this number is increasing daily, says a Holstenburg dispatch, quoting a Red Cross worker who has just arrived there from Kronstadt. An organization of Russian emigrants in this city has been informed in a wireless dispatch that Kronstadt is receiving necessary provisions and has sufficient ammunition for three years.

Victor T. Chirnov, who was minister of agriculture in the Kerensky cabinet in 1917, is the organizer of the counter-revolution, it is declared by the Politburo. He is reported negotiating with the right wing of the Bolsheviks with a view to making the methods of the Soviet Government more democratic.

### TROTSKY NOT ALARMED.

London, March 16.—Leon Trotsky, Russian Soviet war minister, declared in an interview given in Moscow that all talk of a rising in Petrograd and a bombardment of the town is a silly fiction, says a wireless dispatch from the Soviet capital today.

"Petrograd is just as impregnable against a counter-revolutionary coup d'etat as it is to the Kronstadt fortress," Trotsky asserted. Liquidation of the rising has been dragged out because we wish to avoid severe losses, not only to our troops, but to the insurgents in the Kronstadt garrison. Up to the present our losses have been slight.

Trotsky charged Russian emigrant centres abroad with fomenting the revolutionary movement in order to break up peace with Poland, and the agreement with Great Britain for the resumption of trade relations.

DEFERS READING TO ALLOW MEMBERS TO FAMILIARIZE THEMSELVES WITH BILL

Winnipeg, March 16.—Labor's definition of collective bargaining was brought before the local Legislature today by S. A. Tanner (Kildonan and St. Andrew), who moved the second reading of a bill to amend the industrial conditions act. Mr. Tanner claimed that though the act recognized the right of collective bargaining between employers and employees, the terms defining it were very vague. To give members time to familiarize themselves with the bill, second reading was deferred.

### THE WEATHER

LOCAL TEMPERATURES.  
Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 53; lowest, 34.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 56; lowest, 32.

### TOMORROW—FAIR AND MILD.

Forecast.

Northwest and west winds; fair today and on Thursday; not much change in temperature.

Temperatures.  
The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

Stations.	High.	Low.	Weather.
Winnipeg	42	22	Clear
Calgary	40	20	Clear
Port Arthur	38	18	Clear
Sault Ste. Marie	36	16	Cloudy
Windsor	34	14	Fair
Toronto	32	12	Fair
Kitchener	30	10	Fair
Ottawa	28	8	Cloudy
Montreal	26	6	Cloudy
Quebec	24	4	Rain
St. John	22	2	Rain
Halifax	20	0	Cloudy

### DR. ZAYAS WINS IN HAVANA ELECTIONS

Havana, March 16.—Dr. Alfredo Zayas, former vice-president and candidate for the Conservative-Popular coalition (National League) party, made practically a clean sweep of the partial elections held here yesterday in several hundred precincts of various provinces in Cuba.

Unofficial and incomplete figures given out by the department of communications this morning show that in the four provinces outside of Havana where elections were held the Liberal party obeyed the order of its executive committee to remain away from the polls, only 42 voting. A total of 12,419 votes were cast for Dr. Zayas.

### Action of City Council "Not That of Gentlemen," Complains Trustee—Utterly Lacking in Understanding, Declares Another—Charges of Delay Unwarranted, Unkindly and Uncalled For, They Maintain.

So far as the individual members of the board of education are concerned, or at least so far as they would express themselves this morning when an Advertiser reporter sought for information, there will be no cut made in the school estimates when the board meets this afternoon to reconsider its position in this matter. Each member of the board interviewed intimated that so far as he was concerned the figures would be unaltered, but added, "that, however, is for the board to decide."

Some of the trustees felt that the action of the city council was as one expressed it, "not that of gentlemen." The claim of some of the aidmen that "the board should have had their estimates ready some weeks ago," was described by another trustee as showing how utterly lacking in understanding of the position and responsibility of the board to the citizens, especially the rising generation, the average school children and how little he cares so long as he can make a little electioneering capital out of assaults upon the alleged excessive expenditures of the board of education.

Amongst the officials of the board the charges of the council that there had been a "cut" in the estimates of the board of education were felt to have been "unwarranted, unkindly and unbecomingly." Asked as to his own opinion on the matter, Mr. Langford replied: "I don't wish to express any, I do not want to be quoted."

In regard to the action of the city council in setting the general rate with-out waiting for the estimates of the board of education, Mr. Langford expressed the opinion that "it is immaterial how they do it, I understand they are prepared to add the board of education's share of the tax rate later."

Referring to the fact that interest will have to be paid on money for school purposes, if the city council carries out its intention to leave the collection of necessary taxes till the last installment in October, an official of the board remarked: "That is a matter which is entirely up to the city council. The council's share of the tax rate is a matter of policy, not can it make any charges against school funds, so that the payment of interest on money for school purposes will have to be met by the council."

### PARLIAMENT SUMMARY

Ottawa, March 16.—Yesterday in Parliament:

HOUSE OF COMMONS.  
Government promised statements of Canadian National Railways and Canadian mercantile marine in a few days.

The minister of finance said work on the general tariff revision was proceeding "day and night."

Premier Meighen declared that all talk of a rising in Petrograd and a bombardment of the town is a silly fiction, says a wireless dispatch from the Soviet capital today.

Today in Parliament:

HOUSE OF COMMONS.

Private members' day.

### Jewel-Bedecked Woman Missing

Chicago, March 16.—Mrs. Clifford Victor Herbert, daughter-in-law of Victor Herbert, the composer, has been missing from her home here since last Saturday, her husband knows nothing of her whereabouts, and a search by police and private agencies has revealed no trace of her, it is said.

She wore jewelry valued at many thousands when she disappeared, police were told, and her husband, a well-known actor, expressed grave fears that the jewelry had attracted robbers to kidnap her.

### CRIMEAN VETERAN DIES.

Alameda, Cal., March 16.—Robert Reddick, a Crimean War veteran, who had made his home in California for the last twenty years, died here today. He was known as a swordsmanship, having given exhibitions in Canada, Australia, South America and the United States. It is reported that he fought several duels in South America.

### Added Prizes In Contest For New Subscribers

WORTH \$25 EACH TO WINNERS OF CAPITAL PRIZES.

Contestants in "The Advertiser" puzzle contest should not overlook the fact that the value of the first five prizes may be increased \$100 each by entering four puzzles, to become subscribers. The sum of \$25 will be added for each new subscriber not to exceed four. Each of the first five prizes may be won by solving the puzzle. Whether these new subscribers submit solutions or not, they will not, each for each new subscriber, be kept such a way as to show by whom they were interested. If no solution is sent by a subscriber you interest, merely write across the face of the contest, "No solution submitted," and send it in attached to the blank.

Contestants who have not sent in any new subscribers or the solution of the puzzle, and who are allowed to register with their solutions, should take advantage of the opportunity that they still have of obtaining them. Contestants should bear in mind that there are many who are contemplating subscribing or who would subscribe were they asked, particularly by their doing so. Contestants can send in new subscribers to be added to their list, and in return, they will receive a prize. Be sure to send the money to cover the subscription of your new subscribers. Also be sure that your new subscribers are not merely a renewal, for no credit is given for getting renewals.

Start today to get your new subscribers. If you have no blanks for sending in their subscriptions, write for them immediately, or cut them out of the contest advertisement in your paper.

## ADVERTISER PUZZLE CONTEST CORNER

Important Questions Answered by Contest Manager and Matters of General Interest Discussed—Contestants Should Watch This Corner

Question: In sending in new subscriptions will my own renewal be counted as a new subscription? Answer: No, it will not be counted as a new subscription. It will be counted as a new subscription only if you do not go over the limit, which is \$10 on each new subscription. You can take as low as \$2.75. See rules.

Question: I have already renewed for one year and sent in solution. I see that in the first five capital prizes that I would win more if I sent you another \$5, which would still keep within the limit of your \$10. Now, can I send you this added \$5 and have it credited with my solution, as well as the first \$5?

Answer: According to the rules you are allowed to send in this additional \$5 and same will be credited with your solution.

Question: In sending in my solution must I mail it so that you will receive it at your office not later than the 15th? Answer: Your solution will be accepted providing that the envelope of your letter shows postmark dated not later than the 15th. Play safe, though, by not waiting till the last moment.

## FOUR WERE FINED FOR O. T. A. BREACH

Another Echo of the Recent Banquet Held at Campbellton.

ST. THOMAS, March 15.—A very loud echo of the banquet recently held at Campbellton was heard at the county magistrate's court today, when four of the yeoman guests were fined \$15 and costs for having that glorious feeling in a place outside the bounds of the temperance act. The statement went abroad that whiskey without stint was distributed over and under the tables. This was denied emphatically by the guests at the celebrated feast. Neither were the U. F. O. members responsible for the conduct of a lone visitor who brought along a small cask of juice and left it in a convenient spot outside the school house, that some favored men of the company might engage during a dry moment in some intermittent sampling. The people residing in the vicinity are considerably annoyed over the unbecoming publicity given the evening's celebration.

## Ward Four Election For Alderman

SATURDAY, MARCH 19

VOTE FOR

H. J. Childs

A Good Man for the Ward  
A Good Man for the City

"COWAN'S"

There are Shingles and Shingles

We sell the "Neponset Twin" Brand, made in Hamilton, Ont.

Paroid Roofing

As you know, is the oldest on the market. One customer told us last week it had been on his house for 15 years, and there was no sign of a break.

THE NEPONSET TWIN SHINGLE is made from "PAROID MATERIAL," slate surface, and is fireproof, laid four inches to the weather, weight 250 pounds to the square. When laid gives you a three-ply roof estimated to last 35 years. These are reduced from last year's price of \$12.00 to \$11.50 per square.

"CANADIAN TWIN SHINGLES," same material as above, laid four inches to the weather, 185 pounds to the square. Reduced from \$10.50 to \$9.00 per square.

PAINT UP AND CLEAN UP

The well-known Sherwin-Williams paint is reduced to \$6.00 per gallon. Save the surface and you save all.

Cowan's Colossal Hardware

BOWLEY ELECTRIC

306 DUNDAS STREET. PHONE 7031.

## PRESBYTERY WILL CONTINUE SERVICES AT CHELSEA GREEN

Student Will Be in Charge of Church in Summer Months.

A long discussion on the question of making the normal pastorate of a Presbyterian minister seven years was held at the afternoon meeting of the London Presbytery, on Tuesday. The seven-year pastorate found little favor with the majority of the members of the Presbytery. It was at the request of the General Assembly that the Presbytery discussed the question, and it was moved and seconded that the assembly be asked to submit a more comprehensive plan.

The Chelsea Green problem was brought up and it was suggested that a student be obtained for the summer months at the Chelsea Green Presbyterian Church, and something definite done at a later date. The committee working on the affairs of Chelsea Green was enlarged by adding the names of Rev. W. J. M. Crawford, Rev. G. M. Young, D. McKay, Captain Archibald Graham and Elders W. S. Laidlaw, Angus Armour and W. McCoom.

Defer Appointments. The Presbytery agreed that the chairman of the general board of the Presbyterian Church be the moderator of the assembly for the year, and that the appointment of permanent officers to the executive be deferred until the third Tuesday in April.

Don't throw your old carpets away, they make new Velveteen Rugs. Send for Velveteen pamphlet. Canada Rug Co., London.

## FISHING SEASON OPENS AT PORT

Better Returns Are Hoped For This Year by Tug Owners.

ST. THOMAS, March 15.—The fishing season opened at Port Stanley today by the fishermen depositing their nets. The last couple of seasons were not up to the usual mark and the men are hoping for less disappointing returns.

Statute Labor Abolished. Statute labor divisions have been done away with by the council of Dunwich and new road divisions formed. The township, having similar action in other rural municipalities of the county, has appointed Malcolm Blue to be township road superintendent at an allowance of \$900 yearly. He will appoint the commissioners and supervise all work in the township.

League Organized. A Catholic Women's League, with Mrs. Patrick Mehan as president, has been organized in the city with a substantial membership. The other officers are: Miss Helen Jordan, vice-president; Mrs. John Butler, second vice-president; Miss Margaret Coleman, recording secretary; Mrs. John Parrill, corresponding secretary; Miss May Maxwell, treasurer; Mrs. B. C. Maxwell, secretary; Mrs. J. Leach, London, assisted in the details of the organization.

Pet Crow the Culprit. A pet crow owned by a resident of Chestnut street is now blamed for the theft of the silver spoons found in a hole yesterday south of the city. Neighbors report the bird as stealing clothes pins from the line and leaving Monday's washing to drop and be washed again and would fly into the windows of the third story of the Port Street School and pounce the children's pencils. The crew was killed recently, and although officers of many officers is said to have been a conscientious testifier.

Death of Miss Graney. Miss Elizabeth S. Graney, daughter of Mrs. Mary A. Graney, 33 E. Street, passed away yesterday after an illness of some months in her 25th year. Miss Graney was the winner of the Forbes-McHardy scholarship at Queen's University, Kingston, and from that institution she received the degree of bachelor of arts. Miss Graney was a member of the Young Men's Sodality of the Church of the Holy Trinity and is survived by her father, four sisters, Mrs. James F. Pembroke, St. Thomas; Mrs. H. P. Maloney, Rochester; Gertrude and Dorothy, at home, and brothers James and Edgar, St. Thomas. The interment will be in the Catholic Cemetery Thursday afternoon.

FARMERS' CLUB MAY OUT OUT GROCERIES

Takes Too Much Time For the Small Profit, It Is Claimed.

BRUSSELS, March 15.—The Cranbrook Farmers' Club may shortly drop the handling of store goods and confine itself to the shipment of stock and bringing in carloads of feed grain, wire, shingles and coal. The grocery end of the business demands too much time and the profits are small, it is stated.

R. Leatherdale and daughter will move to Winnipeg shortly. They will sell their property in Brussels. Mr. Leatherdale has lived in Brussels for the past 10 years. His only son is a side in Winnipeg, as well as a sister and brother-in-law.

The officers of the law are making inquiries concerning the selling of cigarettes to minors, some of them mere children. Cases may be heard shortly.

A power farming illustrated lecture will be put on here by a speaker from the O. A. C. Gueph, next Tuesday afternoon.

Fall wheat is showing up very well after the unusual winter, and the rains have done it good.

The centre part of the mill dam suffered last week from damage by ice, and will require repairs before it will be of much value to the mill.

Tuesday evening an illustrated lecture will be given in the town hall on the subject of "Fibromyalgia."

Brussels W. O. T. U. is holding a sale of home-made baking and serving as in the audience room of the public library on St. Patrick's Day. The funds go to the local referendum expenses.

MADE FINE SHOWING. GARNITA, March 15.—J. J. Banet, G.O.C. of Military District No. 1, London, tonight inspected the local company of the Machine Gun Brigade. The inspection took place at the quarters of the company, and the general staff was highly pleased with the showing made.

## 24-MILL TAX RATE FOR GENERAL FUND FIXED BY COUNCIL

Aldermen Would Not Wait for Education Board.

TO BRING IN FIGURES

School Taxes Will Likely Be Collected in Separate Installment.

Less than half an hour was taken at a special session yesterday afternoon by the city council to fix the general tax rate for the city of London for the year 1921, at 24 mills on the dollar, to pass the necessary bylaw authorizing the rate and noting June 1, and August 1, as the dates for the collection of the first and second installments respectively, with a discount of 2 per cent if the first and second installments are paid in one sum on or before June 1, 1921.

This action was taken when the city clerk reported that the board of education had failed to comply with the request of the council that they revised estimates should be ready for inclusion in the fixing of the tax rate. What further action will now be taken in the matter the council decided rests with the board.

Decision to go ahead followed a motion by Ald. William Wilson, seconded by Ald. Watt, which was unanimously adopted.

The amount to be raised by the general tax is \$1,157,564.35, and for patriotic purposes \$31,632.57, a total of \$1,189,196.92.

Division of Assessment. The following table shows how the assessment is divided, and states the comparative figures for last year:

	1920.	1921.
Mills	20.000	24.000
Victoria Hospital	3.122	2.866
Police department	2.539	2.707
Board of Health	1.461	1.461
Debutante rate	14.191	12.383
Other purposes	12.399	11,802
Totals	\$2,624	\$2,936
Less receipts	2,224	2,507
Net	\$3,402	\$4,429
Playgrounds	2,462	4,045
Public library	4,909	5,158
Park fund	5,176	5,877
Mother's pensions	4,045	4,045
Totals	\$24,679	\$23,414
Patriotic fund	7,049	5,856
Grand totals	\$25,368	\$24,000

The first group of 23 also figures are matters in which the council has control of expenditures, and the second group, for the most part, are expenditures over which the council has no control.

## NORFOLK FARMERS ARE EXPECTING TO GET ON LAND SOON

All Indications Point To Splendid Crops During Coming Season.

SIMCOE, March 15.—As a result of the continued mild weather farmers all through this district are making preparations to get on the land at an early date. They are hoping to get under way early and get seedling finished quickly. There is every indication that this year will be an unusually good one for the country, as many farmers, despite the scarcity of help, are making extensive plans for production.

E. E. Hoan of the Bank of Commerce staff has received orders to report to the superintendent at Alberta branches at Calgary and will leave for the West shortly.

The new baseball team has been organized with H. P. Innes, jun., president, W. W. Martin, manager, and J. J. Cawford, captain. An attempt is being made to get a county junior league with teams from Delhi, Waterloo, Port Hope and possibly Port Dover in the group.

T. E. Langford has been sworn in as clerk to the returning officer for the referendum vote on April 18. Up to the vote will be light. In the country there is a strong feeling in favor of the "dry" movement, and a heavy vote against liquor importation is expected.

G. D. Woolley has been notified of his transfer from the Simcoe branch of the Bank of Commerce. A. Innes will take charge of the Victoria sub-agency.

## SEEKING PARDON FOR CRAWFORD

Youthful Prisoner Is Proving Rather Costly To the County.

ST. THOMAS, March 15.—A pardon or parole is being asked for Lawrence Crawford, the Port Huron young man, who was sent down for six months, a few days ago, to the county jail at St. Thomas, owing to his inability, both hands being paralyzed, to take care of himself. He is producing a special statement to the county jail at a salary of \$100 a month. Both the prisoner and his aide occupy cells in the same flat and neither is producing any special profit for the county.

The handy man, James Shel, who eloped with Mrs. Tagg and Mrs. Dennis, another sojourner at the institution, is still unaccounted for, and Mrs. Dennis is also at large.

Mrs. Tagg declares she separated from the party in man St. Thomas and she went her way and they went theirs, and she has been travelling incognito between here and St. Thomas Bowling Club on Metcalfe street, are being improved and placed in readiness for the season's bowling.

Eighty Port, Grand Army of the United Veterans, will give a smoker and concert in the Liberal Club rooms tomorrow, Wednesday evening, in behalf of the families of unemployed soldiers.

DEATH OF S. F. MORLOCK. DURHAM, March 15.—One of Durham's prominent businessmen, S. F. Morlock, is dead, following an illness of two years. The past few days' epic poisoning set in and terminated fatally. He came to Durham 26 years ago and formed the partnership known as Ramsay & Morlock. The former partner dropped out many years ago. Deceased was 57 years old. He leaves besides his wife, two sons, Frank and Bryson, and one daughter, Miss Jean.

WOODSTOCK, March 15.—Robert W. McPherson has been appointed a member of the parks board to succeed Peter McDonald, retired. The board has recommended that the two German guns be placed in Victoria Park. Trint recently the J. W. V. A. have wanted the guns placed on the market square.

Children Ory FOR FLETCHER'S CASTORIA

## When You Think of Silks and Dress Materials Focus Your Thoughts on This Store

Always inspired by a desire to supply service in merchandise—that quality which means true economy. We shall be content with perfection and nothing short of perfection in every detail, to extend the right service at the right time, and in the right way to our customers, by offering original, better and more attractive merchandise, thereby increasing our leadership, and consequently our customers. No one can afford to miss the opportunities presented in the spring and summer showing of Silks and Dress materials to be had at this store. If you live out of London use our Mail Order Shopping Service. All requests filled on day received. All postage and express charges prepaid.

## Dominating Dress Silks For Spring and Summer

Easily foremost among the favored silks for spring and summer wear are Canton Crepes, Baronet Satins, Tricolettes, Charmeuse, Pure Dye Taffetas, Satomerve, Radio Satins, Printed Radium Silks and the many novelties and their variants.

CANTON SILK CREPES, THE NEW. Just opened, this new silk material, in such novelty colors as Henna, Copper, Algonquin, Honeydew, Nigger, Navy, also Black.

CREPE DE CHINE, IN HENNA AND MOHAWK, 40 INCHES, \$3.00 YARD. These two colors are in great demand for separate waists, trimming and millinery purposes, just opened. Special \$3.00 yard.

THE FAMOUS ANNOR KNIT SILK TRICOULETTES, SPECIAL, \$3.00 YARD.

The demand for this beautiful material, in many colors, is greater than the supply; one of the smartest and most charming of silk materials for dresses, pullovers, waists or dresses; a new shipment just received, comprising nigger, navy, bobolink, platinum grey, Harding blue, copri blue, Jap blue, henna, marigold and coral; 36 inches wide. Special \$3.00 yard.

WHITE BARONET SATIN FOR SEPARATE SKIRTS, 40 INCHES WIDE, \$5.50 YARD.

The genuine Baronet Satin, unequalled by imitations for richness; 40 inches wide \$5.50 yard.

NEW SHIPMENT NAVY BLUE SATIN CHARMEUSE, \$4.00 YARD.

The same good quality as sold here for many seasons, very rich in finish and of extra wearing face, shown in mid and dark navy blue; 40 inches wide \$4.00 yard.

CHARMEUSE, LARGE RANGE OF COLORS, \$4.00 YARD. Same quality as above, nigger, taupe, old blue, sand, maize, pink, rose; 40 inches wide \$4.00 yard.

36-INCH FRENCH PAILLETTE DRESS SILKS, \$2.00 YD. A quality that has given our customers excellent satisfaction, soft rich finish, all silk; black, navy, nigger, sand, taupe, Yale blue, Hindu brown and light colors; 35 inches wide. Special \$2.00 yard.

DUCHESSE RADIO, \$2.95 YARD. A yarn dye Dress Silk, for long wear, on crutch or splitting in this quality, specially priced and shown in black, navy, nigger, sand, medium and light colors; 35 inches wide \$2.95 yard.

YARD-WIDE WHITE HABUTAI SILK, 95c, \$1.25, \$1.50 AND \$2.00 YARD. Each price demonstrates the different weights of best possible values of Japanese Pure Silk Washable Habutais.

BEAUTY AND QUALITY, MODERATELY PRICED, IN THESE PRINTED RADIUM SILKS.

You'll be quick to recognize the touch of quality and beauty of exclusive designs in these smart Radiums from the commonplace or ordinary Foulard Silks. The moderate prices too, will appeal to you, and again the patterns are so new and different, neat all-over designs, others in floral and stripe combinations, some in small medallion effects; the popular colors are navy, nigger, Hindu brown, champagne, platinum grey, etc; 36 inches wide, \$2.95 yard; 40 inches wide \$3.95 yard.

**ACUTE SHORTAGE OF HOUSES AT TILSONBURG**

Net a Home to Be Had in Town For Sale or Rent.

TILSONBURG, March 15.—The local Horticultural Society is conducting a membership campaign, and is meeting with excellent success. Last season the

society had a membership of 83. The campaign to date has been productive of 124 members with prospects of passing the 150 mark before the campaign closes. A shipment of 1,500 gladioli has been received, and the bulbs are being distributed to members. There are also 500 bulbs of named varieties on the way from Holland.

The society is considering planting a bed of 50 peonies on the plot for the gun alongside the town hall for an educational display. A public meeting was

held tonight in the basement of the public library, when matters of interest to flower lovers were discussed.

The business of the Huntley Manufacturing Company, Limited, whose main factory is in Silver Creek, N.Y., is developing very rapidly. Several shipments have been made to European countries in the past few weeks. The company has purchased a residence on North Broadway, which will be occupied by the superintendent, Mr. W. C. Jones.

The council has decided to allow autos to park on Broadway without lights for the rest of the season. Among the other important public business this year will be the establishing of a garbage system, and full information will be obtained from neighboring cities, the system adopted can be under way early in April. Many new streets will be constructed, and it is probable a second policeman will be added to the force, and a motor truck purchased for the fire department. The salaries of

the firemen have been increased 20 per cent.

Tilsonburg is facing a big shortage of houses, and it is almost an impossibility to rent or buy in the town.

**LIGHTNING STRIKES BARN AT LAMBETH**

During the electrical storm of Tuesday night, a stable at Lambeth, owned by Rev. J. E. Hunter, was struck by

lightning, but did not burn. The hay was wrought by the thunderstorm was considerable, however.

**LAD IS STILL IN ENGLAND.**

HAMILTON, March 15.—Years for safety of Willie Smith, 10 years of age, who is reported to have sailed alone from England to join his mother here, and was reported to have landed at St. John, N. B., were removed by his mother receiving word that the boy is still in England.

## SCHOOL SHOES FOR HEALTHY BOYS

**BOYS' BOX CALF SHOES.** made with heavy soles and solid leather all through; sizes 1 to 5 .....\$3.18

**BOYS' TAN GRAIN SHOES.** solid leather all through, sizes 1 to 5 .....\$3.18

**BOYS' BROWN CALF SHOES.** solid leather. Here's a real shoe for boys who wear sizes 11 to 13½ .....\$2.48

Mothers and fathers know that boys need good strong shoes for this season of the year. Boys don't want to wear rubbers in the spring and yet you have to keep their feet dry.

We have just received three shoes, bought far below their market value, that will answer the purpose.

**Ashplants**  
THE GOOD SHOE STORE

146-148-648 DUNDAS ST.

**FIVE MILES OF NEW PAVING THIS YEAR WILL COST \$99,389**

Provincial Highways Department To Build New Bridge At Broughdale.

Authorizing the immediate construction of more than five miles of pavement at an estimated cost of \$99,389, No. 2 committee of the city council last night launched what promises to be the biggest paving program in the city's history. Another section will be authorized at the next meeting.

The section approved last night will have a total area of 21,773 square yards, and a total length of 7,944 yards. It includes Clarence street, Horton to Hill; Osborne, King to York; Kent, Richmond to Clarence; King, Ridout to Thames; Maple, Talbot to Ridout; Queen's, Ontario to Quebec; Regent, Richmond to Waterloo; Ridout, Fullerton to Albert; Maitland, Dufferin to Princess; and Fullerton, Talbot to Ridout.

**Tenders Awarded.**

Tenders for the year's supplies were awarded. That for cement for general purposes was awarded to William Heenan & Sons at \$4.06 and \$3.85 a barrel; that for curbs and gutters to Hayman & Mills, at \$3.80 a barrel, and that for super-cement to William Copp, at \$4.85. Cement used for pavements will be purchased from the Brick Manufacturing Company and William Copp, both of whom tendered at \$3.70. All tenders offered carloads of cement at \$3.50 a barrel. If any is purchased in this manner it will be divided equally among them. The prices will be subject to increase or decrease in freight rates.

**Contract for Asphalt.**

The contract for 1,500 tons of asphalt was awarded to the United States Asphalt Refining Company at \$36.23 in packages and \$2.21 in tank cars, payable in Canadian funds. Two thousand tons of limestone dust will be bought from Crushed Stones Limited at Kirkwood, for \$5.15 a ton.

Quarry stone will be purchased from the Thames Quarry Company, St. Marys, at \$2.37 a ton. Iron castings will be bought from George White & Sons at \$4.85 a ton.

Galvanized iron buildings for the paving plant will be built on a cost plus basis by Norman McLeod, Ltd., of Toronto. The estimated cost is \$10,240. The issue of \$50,000 five-year debentures for the paving plant was authorized. A bylaw will be brought in at the next meeting. A paving mixer will be bought from the London Concrete Machinery Company, for \$4,580. A motor will be purchased from the public utilities commission for \$1,080, and a gasoline pump from the F. S. Bower Company for \$381. A concrete tank for storing asphalt will be built at a cost of \$3,000.

**No Road Oil Award.**

No contract for road oil will be awarded until samples now in the city's possession are analyzed.

A deputation from Langarth street urged that a pavement be laid there as soon as possible, as a bylaw for it has been passed some years ago. City Engineer Brazier said it would be done with the second section of this year's program.

Residents of Briscoe street expressed a willingness to pay the street railway's share of paving that street for the time being on condition that the money would be refunded to them when the company's franchise expired. While it might not be possible for the proceeds from the sale of the road would be sufficient to guarantee the ratepayers against loss, they thought. The matter will be given serious consideration by the council, as it is a possible solution of a knotty problem which has greatly delayed paving operations in several parts of the city.

**Protest Against Factory.**

The same deputation protested against the erection of a sausage factory and ham-smoking establishment in their vicinity. Building Inspector Piper refused to grant a building permit. The persons erecting the plant maintained it would not be a public nuisance.

The committee will inspect the present plant in another part of the city and also the location to which it is proposed to move. They will then make a decision in the matter.

Notice was received from the provincial highways department that it intends to build a new bridge across the Thames at Broughdale. The structure will have a 24-foot roadway, and two 6-foot sidewalks. City Engineer Brazier will investigate the proposal to see if it is entirely satisfactory to the city.

**PORT STANLEY NUKOL COMPANY TO BE IN OPERATION THIS SUMMER.**

In a recent interview with E. D. Post, secretary-treasurer of the Port Stanley Nukol Company, Limited, Mr. Post reported a marked improvement in financing over the past two months. There had been an excessive demand throughout Southwestern Ontario during the winter for their product, and offered could be accepted with the supply available from the Toronto plant. While the Port Stanley plant was not ready to operate, yet the company expects to have the own product on the market this summer.

Recent reorganization of the business has greatly strengthened its position. Ex-Leave N. S. Cornell of Port Stanley is now president, and the board of directors comprises several well-known men who have been prominent in the organization since its inception.

**CHOIR GIVES FINE CONCERT PROGRAM**

Mrs. Harold Hamilton Assists Singers of Askin Street Church.

Dr. James H. Smith made his initial appearance in London as a director of the choir, when he presented the Askin Street Methodist choir in its annual concert, assisted by Mrs. Harold Hamilton, a very fine soloist from Hamilton. The entire concert was one of excellence and pointed once more to the fact that London is rapidly becoming a musical centre of prominence. Not only was the choir well balanced, but its tonal quality was a revelation to the hearers. The different sections responded instantly to the direction of the leader, producing well-cut phrases. The shading of tone was also very fine, pointing to close preparatory work. Special mention might be made of one dramatic number, "Liberty," by Fanning, which works up to climax of great musical beauty, and which was received with enthusiasm by the audience. Other choral numbers were: "Hymn to Music," by Duck; "Lypa Life," by Schumann; "Over Hill and Dale," by Walton; and a C. Lucas setting of "The Halls of St. Mary's."

**Perfect Tone Control.**

Mrs. Harold Hamilton sang two groups of songs, in which her magnificent voice was displayed to the full. Specially remarkable was the perfect tone control shown in the execution of her numbers. It is difficult to get out one number from her. The program, which included: "I Will Exult," by Costa; "In Summer-time," (Psalm), "The Reason," (DeRigo), sung by request; "Love and Summer-time," "Though I Speak," (Brahms), "Shepherd's Cry," (Sommerfeld), "Duna," (McGill), and "Prospice," (Homer).

Perhaps one of the loveliest numbers of the whole program was Miss Gertrude Woods' undulating "In Summer-time," "Winds of the South," her remarkably sweet and pure soprano voice astonishing the audience in its beauty.

**Contralto Members.**

Miss Frances Cullen, splendid contralto voice showed to good advantage in both her selections, but particularly in "McDermid's 'If I Knew You As You Know Me'."

J. R. Ballantyne, who has earned himself a reputation in his comic songs, proved conclusively that he can do serious work with equal spirit. He is always appreciated, and when he rendered Handel's "Honor and Arms" he showed his usual talent. After all it takes a Scotchman to sing "Annie Laurie" and Mr. McCullough's interpretation of this old favorite was splendid.

Miss Harriet Westman was a very efficient accompanist.

**AN IRISH SONG.**

In the new March Victoria records, Wrennath gives us an Irish song, "Cullen of My Heart." It is not so Irish, however, as to present any difficulties to those who do not speak the tongue, for it is sung in English, and every word of it is clear and distinct. It is among the \$1.25 records, available in the Victoria Parlors of the Old Firm Heintzman & Co., Limited, 212 Dundas street, London.

**SIMCOE STREET FIRE.**—Firemen were called Tuesday afternoon to the home of G. Johnston, 765 Simcoe street, where a pile of rubbish was burning. There was no damage.

**THE HOUSEWIFE OF 1921**

Now that Woman's Suffrage is a reality the American woman must henceforth be considered not merely as a housekeeper and home-maker, but as a voter—a citizen and a force in this busy work-a-day world. With added responsibilities her health should never be neglected, and when beset with ailments peculiar to her sex she owes it to herself to first give that grand old medicine, Lydia E. Pinkham's Vegetable Compound, a trial, as for over forty years it has been the standby of American women in restoring them to health and strength.

**The Art of Polychrome**

is best exemplified in the attractive lines we are now showing. Book ends of pleasing designs cost as low as five dollars a pair—candlesticks are priced from four-fifty upwards. And then there is a wonderful console set with a set of artificial fruit at forty dollars.

## MUCH WRITING WILL BE DONE FROM JAIL

Hobo From East and Another From West Will Make Ink Fly.

## ASKING FOR SUCCOR

From Relatives in Distant Montreal—Caught in Old Barn.

Owing to the high cost of oil, two knights of the road (railroad) did not burn the midnight substance last night, but despite the fact that they did their light under a bushel, Constable Graham found the committee of two reposing on a suitcase in an ancient barn on Rectory street early this morning.

"East is East, and West is West, and never the twain shall meet," said the post, but here was a meeting east and west. The western brotherhood of wanderers was represented by Delagato Antole Dellenue of Seattle, Washington, and the eastern district by Delagato Walter Jameson of Niagara Falls, N. Y.

For two days, they had discussed life in general, methods and means of transportation, and other great problems, including the four questions, but one said that he had a sister in Montreal, and the other declared that his parents resided in the same city. Jameson was bound for Windsor and Dellenue to see the folks at home.

They were requested to spend a week at Hotel Carter and advised to use the institution's stationery in an effort to straighten out their difficulties. They promised that they would increase the amount of mail that will leave London for the Canadian metropolis this week.

## PERMITS FOR MARCH STEADILY GROWING

Total of \$45,775 Reached Today—Figures for Year Are \$151,335.

With the building total for March at \$45,775 today there is not the slightest doubt that the month will more than measure up to the same period last year. Building Inspector Arthur M. Piper said today. With the total of \$105,550 for the previous two months the total for the year is now \$151,335 compared to \$152,570 at the end of March, 1920.

Permits were issued today to W. H. Davies to build a one story frame house on Battle street at a cost of \$2,500 and to G. E. Phinn to build a two story brick dwelling on Briscoe street at a cost of \$4,500.

## CONSTANTINE DENIES REPORT.

Athens, March 15.—King Constantine tonight declared there was absolutely no foundation for reports that he was abdicating in favor of his son, Prince George.

## Continued From Page One

## CANADA TO

gold to Canada to be used against purchases in this country. The story received little corroboration in official circles here. In any case there was some doubt as to the real ownership of the gold, and nothing came of the proposal. That the soviet has held in considerable quantities is fairly well known.

Even now large purchases principally of railway materials, locomotives, etc., are being made in Germany. The latter country has been able to underbid both Great Britain and the United States for the business, and is receiving Russian gold in exchange for it. Indeed as the days pass, Germany gets back to a normal manufacturing basis, trade between that country and the soviet is liable to increase.

It is taken for granted that the new trade agreement between Great Britain and the soviet will provide for extended credits to be seen. So far the Dominion is trading but little with the European continent, though trade with Germany has been open and free for some time past.

## OFF THE RAILS

Because the G. T. R. officials expect that this year's Easter traffic will be exceedingly heavy, despite the fact that there will be no cheap rates, arrangements are being made to run two special trains through this division on Thursday, March 24. One of the trains will leave Toronto for Windsor, via London, at 6:45 p.m., and immediately before the regular, No. 15, No. 16, in this city for the east at 7 p.m., will be run in two sections between Windsor and Toronto. The first of these will leave Windsor on time, proceeding to Toronto via London and the Junction cut. The first section will not run into Hamilton. All trains will carry extra cars, and the through trains will be equipped with extra parlor cars.

**SURCHARGE NOT YET CHARGED.** Tickets to the United States are still being sold at the threatened surcharge. Although the order providing for an extra charge to cover the rate of exchange has been in effect since March 15, no instructions regarding the matter have been received by the local agents of the companies. Officials in this city, in fact, have received no indication that the surcharge has been ordered other than the announcement in the press.

**GENERAL ORGANIZER WILL IN.** STRUCT.—H. Call, general organizer of the first aid department of the G. T. R.,

## Dying Husband Says Wife Shot In Self-Defence

Montreal, March 15.—Shot in the abdomen yesterday by his wife during an altercation, Estah Edward Fletcher, a stenographer of Brownaburg, a village near Lacoste, Quebec, died this morning. In an ante mortem statement made before two justices of the peace, Fletcher admitted that he was the aggressor, that he had attacked his wife and that the result was his own fault.

## GET YOUR NAME ON THE VOTERS' LISTS

Location of Courts of Revision To Be Known On Saturday.

Definite information as to where the different courts of revision for the Ontario Voters' list will be held will be given out on Saturday. Menus of the London Prohibition Association are busy this week ascertaining the names of those people who are on the list. These will be notified by card to get their names placed on the list. The association is urging all those who have come to voting age to see that their names are also placed on the list.

The subdivisions 39, 40, 53, 54, 55 and will vote with the city, not as at first understood, with the county. These subdivisions are in Potteryburg, Chelsea Green and Knowlton Park. A court of revision will be placed in these districts.

## LIST OF GRAND JURORS

Who Will Decide as to Bill To Be Brought in Against Sylvia Sansone.

Following is a list of the grand jury, which will decide whether a true bill shall be brought against Sylvia Sansone for the attempted breaking into a building and attempted robbery at the spring session court at the courthouse on Monday: Adolph Allen, King street, Parshall; farmer, William A. Alderson, Moss, farmer; George E. Barclay, Lobo, farmer; Marshall E. Brady, 114 Waterloo street, London, clerk; Douglas Fonger, Gore, Delaware, farmer; William G. Nisouri, farmer; S. G. Peddie, McGillivray, farmer; T. M. Redmond, Adelaide, farmer; James L. Robson, London Township, farmer; Wesley Lennox, Westminister, farmer; George Weeks, Strathroy gentleman, and Thomas Wilkey, 525 Ontario street, London.

## Something for You Mr. Dale

"YOU'RE not looking up to the mark. I know your duties are heavy at present, but you're too valuable a man to have on the sick list. When you're looking better, I have an advance to discuss with you. This box of Milburn's Heart and Nerve Pills will start you on the road to health and strength. They pulled me right back to increased energy and vigor after the most trying time in the history of my business."

Ill health has kept thousands of people at the foot of the ladder who should have been at the top. The direct test to strength is through the Heart and Nerve system. This is the action of Milburn's Heart & Nerve Pills, a scientific medical preparation, used and approved for over twenty-five years by people all over the Country.

Read this testimonial—one of thousands open for your inspection any time.

Mr. M. L. Stewart, Drayton, Ont., writes:—"I was troubled with a weak heart and was advised by a friend to try

## MILBURN'S HEART & NERVE PILLS

so I decided to get a box, and from the first they certainly "did their bit" and I am now completely relieved after using six boxes. There is nothing to equal these pills for those who are troubled with their heart."

Milburn's Heart & Nerve Pills are sold at all drug stores, or mailed direct on receipt of price, 50c. a box, by The T. Milburn Co., Limited, Toronto, Ontario.

## FLASH OF LIGHTNING CAUSES AUTO CRASH

Woman Gets Head Cut by Flying Glass.

## ACCIDENT ON BRIDGE

Driver Lost Control of Car As Result of Blinding Flash.

During last night's storm a flash of lightning indirectly caused a young woman living on Edward street, South London, to cut her head on the windshield of an auto. After having driven to the railway station, she returned with her husband and a friend, and was returning with them.

Just as they arrived at York street bridge the lightning flashed and caused the driver to lose control of the car. The young lady was thrown against the windshield, but the injury to her head was not serious. The car was considerably damaged.

## LIVELY DEBATE ON MOVIE QUESTION AT ST. GEORGE'S SCHOOL

Movie Supporters Too Idealistic, Say Judges in Giving Decision.

A very lively debate on the subject, "Movies do more harm than good," was staged at a meeting of the St. George's Mothers' Club, held last night in the school, the affirmative side winning the debate, although some very fine points were brought out in favor of the movies. The judges gave the decision in favor of the affirmative side because they felt that the negative side claims were too idealistic, and not true to actual conditions. The debate, although some very fine points were brought out in favor of the movies, the judges gave the decision in favor of the affirmative side because they felt that the negative side claims were too idealistic, and not true to actual conditions. The debate, although some very fine points were brought out in favor of the movies, the judges gave the decision in favor of the affirmative side because they felt that the negative side claims were too idealistic, and not true to actual conditions.

## WARM SESSION AT L. TONIGHT IS PROMISED

The Actions of Ashplant and E. A. Pocock Will Be Up For Discussion.

It is expected that one of the warmest sessions ever experienced by the local Trades and Labor council will be held in the local Labor Temple this evening when an attempt will be made by several of the members to swear all diplomatic relations between the council and the Provincial House of Representatives. The subject of the labor movement who deliver chiefly in politics. Whether or not these attempts will bear any fruit none of the officials would predict, when interviewed today.

## TALBOT STREET M. C.

The big part of the program of the concert given last night was furnished by the members of the Talbot Street M. C. Club. The program was a very interesting one, and the members of the club were very successful in their efforts to raise money for the benefit of the club. The program was a very interesting one, and the members of the club were very successful in their efforts to raise money for the benefit of the club.

## City Briefs

**EARLY MORNING FIRE.**—Fire which broke out in a shed at the rear of 310 Talbot street, extinguished by the fire department at 1:15 o'clock this morning.

**FRANK RANGERS MEET.**—The Trail Rangers and the Junior business boys of the city met at the city hall last evening.

**BUY MACHINERY.**—A special county council committee to consider the purchase of road machinery for the county of Middlesex was in session at the county hall last evening.

**ANOTHER SIGN OF SPRING.**—A woman in the south end of the city while in her garden hanging out her washing, on Tuesday, was surprised and delighted at the sight of a beautifully-colored butterfly, which alighted on her hand. Surely spring has come.

**ISSUE WRIT FOR \$400.**—E. F. Routledge and Son, 200 Adelaide street, have been paid by them for the use of the defendant and the defendant promised to repay to them. They claim the balance is \$400.

**RIDOUT TUXIS BOYS WIN.**—The first Tuxis boys of the Chalmers Presbyterian Church were the guests of the Ridout Street Methodist Tuxis Boys on Tuesday evening. The Ridout boys won the most number of points in the group games.

**PREPARING SPECIAL ISSUE.**—The Western University students are already making preparations for Convocation Week. The students in charge of the University Gazette are preparing a special number in which sketches on the graduates in both arts and medicine will be given. Portraits of the graduates will be included.

**FOR POLLING PURPOSES.**—Jantura of the following public schools in Ward 10, St. George's, Ontario Avenue, Lord Roberts and Boyle, have been notified to have the schools prepared for polling purposes in connection with the municipal elections in that ward on Saturday. The board at its last meeting decided to the request of Mr. Clerk Baker for the use of these schools for this purpose.

## SYLVIA SANSONE WILL BE TRIED, SPRING ASSIZES

Sent for Trial by Jury by Judge Talbot Macbeth.

## UNSTATED DAMAGES

Asked by S. G. Ellis, Nissouri, for Alleged Seduction of Daughter by Irwin Barber.

Sylvia Sansone, when brought before Judge Talbot Macbeth this afternoon, refused to elect the way in which she preferred to be tried, on a charge of attempted seduction. She was sent for trial by jury as she had no elected at the post court Monday.

The father of the girl, John W. Barber, of King street, he elected by jury this reason for refusing to elect in the other case was that his lawyer was not present. The girl was tried at the spring assizes at the court house next week.

She was civil actions set down today for the court is the jury case of Barber vs. Nissouri, Nissouri vs. Barber of Whitewood, Sask., for unstated damages. The plaintiff claims that he is the father of a female child, infant, who is under 21 years of age, and who was seduced by the defendant, Matthew Barber, the father of the defendant, from September, 1919, to November, 1920. Some time prior to the death of James Brown, it is claimed that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920. The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

A second action has arisen as a result of this matter, in which Catherine Barber, the mother of the child, is the plaintiff. She claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

The plaintiff claims that the defendant, Matthew Barber, had a child with a woman, and that the child was born on June 10, 1920.

HASTINGS INQUIRY BROUGHT TO A CLOSE; REQUEST OF DEFENCE

Counsel for Suspended Magistrate Sees No Reason to Continue Probe.

NO OBJECTIONS RAISED

Commissioner's Interpretation of Charges Satisfies Defendant.

CHARGE, March 15.—The Hastings inquiry came to an unexpected end this morning soon after the commissioner opened court. John Counsell, counsel for the suspended magistrate, stated that in view of the ruling made by the commissioner, there was no change in the statement of complaint, and that the magistrate, Dr. J. H. Fleming, J. W. Wallace, John Watson, Frank Kern and A. Jones.

Mr. Woodliff was a member of the firm of Woodliff & Sons, Limited. He had been in poor health for some time, and was largely bedridden. He was survived by three sons, Norman, Raymond and John, and two daughters, Mrs. J. A. Aldis and Miss Helen Woodliff of this city, and by one brother and one sister, William Woodliff of Walkerville and Miss K. Woodliff of Hamilton.

**FUNERAL OF J. K. DARCH.**—The funeral of John K. Darch, who died on Sunday was held this afternoon, and was largely attended. Impressive services were conducted at his late residence, 370 Talbot street, and at the grave by Rev. J. C. MacGregor. Numerous floral tributes from his many friends and relatives were present. The funeral was held in Woodland Cemetery. The pallbearers were William K. Darch, George Hutchison, John G. Darch and William and Edward Cushing.

**DEATH OF PHILIP BUTLER.**—Philip Butler, aged 35 years, died this morning at St. Joseph's Hospital after a long illness. Mr. Butler was born in London, but twelve years ago left for Detroit, where he had been employed as a traveling salesman. He is survived by his mother, two sisters, Teresa and Alice of this city, and one brother, Joseph of Hamilton. The funeral will be held on Friday morning from his mother's residence, 73 Holman street, to St. Patrick's Church, where regular high mass will be sung at 9 o'clock. Interment will be made in St. Peter's Cemetery.

**LOCAL FIRM MADE GREAT SALE IN WINDSOR.**—Last week a businessman in Windsor hunted high and low all over Windsor and Detroit to locate a perfect blue white diamond. He was willing to spend \$10,000. This sale was secured by a local jeweler, as his diamond was far superior in quality than any of the ones he had seen. Hats off again to John A. Nash, Jeweler. His perfect blue white stone was graded in 1920. The new store is 182 Dundas street, where you will eventually buy.

Punished Wife Because She Could Not Cook

Detroit, March 15.—Charles Snyder, a high-salaried chef employed in a large downtown hotel, when brought into court today on a charge of beating his wife, admitted having "punished" her for not cooking when he had been serving him meals unfit to eat.

He has been a chef for eighteen years, and has been married for seventeen years, and in all that time my wife has not learned how to prepare a meal," Snyder told the court.

"After cooking all I have had to come home and get the meals ready for our seven children, and I think she needed to be taught something, even if it was not cooking."

"Are you saying that the chef might be taught something, even if it was not cooking?"

"I am saying that the chef might be taught something, even if it was not cooking."

"I am saying that the chef might be taught something, even if it was not cooking."

## UNIVERSITY FINANCES.

There has been a remarkable  
unanimity in the comment of the  
Ontario press on the findings of the  
Provincial Government's commis-  
sion on university finances. Practi-  
cally without exception the press  
of the province has recognized the  
broad view that was taken of higher  
education in Ontario, and the sound-  
ness of the proposals made for in-  
creasing the opportunities open to  
the youth of the province. In West-  
ern Ontario there is practically no  
dissent from the belief that a uni-  
versity located in London is a neces-  
sity. The part that London as a city  
has played in the past history of the  
institution is acknowledged, and  
there is a definitely expressed view  
that in entering upon a widened  
outlook it is right and proper that  
the province at large which benefits  
should assume its burden of the cost.

The Provincial Government may  
rest assured that this part of the  
province will give its undivided ad-  
vice to whatever may be done for Western  
University. The commission recog-  
nized the need of immediate and  
generous aid for new buildings.  
These are essential. Without new  
buildings at an early date the uni-  
versity is going to be tremendously  
handicapped in its work. Indeed, it  
is a problem already worrying the  
heads of the university where they  
will place the student body that will  
enter next October. This year saw  
every available classroom and  
laboratory taxed to its limit. But  
next session will see a much larger  
first-year entering than there is  
a fourth-year class graduating in  
May, so that the crowding of the  
year will be even more marked  
in the fall. With the prospect of  
seeing stately structures rising on  
the university property in the next  
year or so, however, crowding and  
its discomforts would be forgotten.  
There is just one danger, and that  
is that the university, in planning  
its new buildings, may underesti-  
mate, even at the start, the number  
of students who will have to be  
accommodated. There are a million  
people in these western counties,  
more high school and collegiate  
students than in any other like area  
of Ontario, and London is going to  
draw these young people by the  
hundreds and thousands in the com-  
ing years. The Provincial Govern-  
ment, if it carries out the policy  
suggested by its commission, will  
have opened the door of opportunity  
to young men and women every-  
where who would perhaps have  
found its portals inaccessible other-  
wise.

FLIRTING WITH QUEBEC.  
Arthur Meighen is flirting again  
this time with Quebec. How is this  
for a love-note:

"Quebec, gloriously dowered by  
beauty, with a contented, pious and  
sensible population, and holding the  
keys of the St. Lawrence in her  
powerful grasp, has a destiny of  
grandeur and power before her that  
may well fill her with joy. So far  
she has pursued her path with un-  
erring faith in the future. May she  
not be misled by selfish and  
ignorant agitators who would turn  
her government into a wild scramble  
for specious benefits at the cost of  
true prosperity."

"There flows in the veins of the  
modern Quebecer not only the  
proud upright, faith and sim-  
plicity of heart, but the gentle  
streams of the noblest culture of  
France. The daring loyalty and  
courage of the men of the Car-  
ignan-Salieres regiment, and an ad-  
mixture of Highland blood has not  
been without its effect upon the  
character of the whole race."

The above is a specimen of politi-  
cal propaganda which, through  
widely-distributed pamphlets, the  
Ottawa Government is carrying on  
in the French-Canadian provinces.  
And, as the Vancouver Sun puts it,  
these are the people who, according  
to the Conservative press of a not

very ancient date, were shooting  
holes through the British flag.

## THAT TARIFF REVISION.

It begins to appear as if the Gov-  
ernment would continue to keep the  
country in a state of unrest and un-  
certainty in regard to the tariff.  
Trade and industry desire to know  
just where they stand in the mat-  
ter, but there is every reason to be-  
lieve that Premier Meighen will  
postpone until next session the gen-  
eral revision promised by the Gov-  
ernment, following the inquiry which  
was held during last year. If there  
is any revision at all this session it  
will be very insignificant.

Premier Meighen wants to get  
away for the premiers' conference  
in June. If there is any extensive  
tariff revision a protracted debate is  
certain, and the possibility of the  
session being completed in time  
for the conference is remote. The  
Government realizes that the pass-  
ing of the estimates will in itself  
involve lengthy discussion and dis-  
pute, especially those connected  
with the Government railways. It  
fears that further controversy that  
is certain to be introduced by a  
brand-new tariff revision.

The Government declares it is  
satisfied with the vote which it  
secured on the address, but is not  
anxious to make further tests of the  
temper of the house at the present  
time. So the country will go on suf-  
fering while the ministry stalls to  
suit party plans.

## NOT "COOKED."

On several occasions recently it  
has been publicly stated that news  
from Ireland appearing in Canadian  
newspapers has first been "cooked,"  
that is, that only what is favorable  
to the British Government is per-  
mitted publication. The advertiser  
dispatches on conditions in Ireland,  
and can assure its readers that they  
are not "cooked." A daily reading of  
these cables will convince any un-  
prejudiced person that this is the  
case. Denunciations of the British  
Government by De Valera, Mannix  
and other leaders and friends of the  
Republican movement have been  
cabled just as given out, and have  
been given prominence in Canadian  
newspapers equal to that accorded  
reports from the other side. If there  
is a censorship that will not permit  
the facts to appear, why is it that  
the Canadian newspapers daily receive  
reports of reprisals and the like?

So far as this newspaper is  
concerned there is no ground for  
the accusation that it is giving in-  
accurate, one-sided reports of affairs  
in Ireland. Anybody who is unware  
that Ireland is today plunged in  
misery and distress through dread-  
ful civil strife is not keeping in close  
touch with the daily press. That is  
an old story, and Canadians have  
been informed of it through the col-  
umns of the daily newspapers.

Months ago news dispatches from  
Ireland, supplied this and all other  
leading Canadian newspapers by the  
Canadian Press, Limited, told of  
entire towns at the point of starva-  
tion. Sinn Fein operations and a  
strike of railwaymen preventing the  
distribution of food.

The charge that the British Gov-  
ernment is deliberately keeping back  
from the world the true situation  
in Ireland is not borne out by the  
news dispatches from that un-  
happy land. The contrary is the  
case.

## LETTERS

## RELIGION IN THE SCHOOL.

To the Editor of The Advertiser:  
At a meeting of the Protestant min-  
isters of this city one day lately as  
reported in your paper the subject of  
religious teaching in the public schools  
was discussed. One of the preachers  
at that meeting said: "that he had  
constantly heard rumors in the city  
that a teacher in one of the public  
schools was telling pupils that a great  
deal of the Bible was untrue." The  
minister who reported this rumor to  
the meeting no doubt considered the  
teacher's offence a serious one. There  
is one good thing about the school  
law of the province in regard to re-  
ligious teaching in the public schools  
and that is that no pupil is compelled  
to remain to listen to the reading or  
teaching of the Bible of any religion,  
but neither should any teacher be  
compelled to do such reading and  
teaching. Such compulsory reading  
and teaching in the public schools is  
the surest way of introducing into  
these schools religious discord and  
disension.

If this teacher whose conduct was  
reported to the meeting is not pun-  
ished or restrained other teachers may  
follow his or her example and may in  
time become guilty of a similar  
offence. Yours respectfully,  
D. H. TENNENT.

## A HERO OF THE SEA.

[Philadelphia Public Ledger.]  
Captain Edward G. R. R. Evans has  
again shown his heroic mettle in sav-  
ing 100 men from drowning in the  
South Seas. As captain of the British  
cruiser Carlisle, he went in a motor  
boat to the rescue of drowning Chinese.  
He leaped overboard with a rope about  
his waist and spent six hours in the  
water in his work of salvation.  
Evans was second in command to  
Captain Scott in the tragic South Polar  
venture of nine years ago. At that  
time he all but died of the scurvy. In  
April, 1917, he commanded the British  
destroyer Broke when with another  
destroyer, it met and overcame a flot-  
illa of six German destroyers in the  
English Channel off Dover. There, much  
to the satisfaction of the Americans,  
he was assigned as consultant and ad-

victory duty with the American de-  
stroyer squadron and helped to make  
the sea-lane safe at the time when our  
troops were proceeding in greatest  
numbers to France.

Evans is a familiar figure in Phila-  
delphia. He came here six years ago  
to our geographical society, and paid  
another visit four years ago—less than  
a month before his encounter with the  
Germans. Modest to a fault, Evans  
has little to say of his own hardihood  
or valor. Of such stuff are the sea-  
dogs molded. When he came to inde-  
pendence Hall he seems to have recog-  
nized brothers in the blood. "I don't be-  
lieve I ever saw a finer set of faces  
than those of the pictures on the walls  
of Independence Hall," he declared.  
"Now I understand why America gained  
her independence."

Captain Evans in his latest perform-  
ance played the superman simply be-  
cause such action with him is habitua.  
That is the kind of man he is.

## THEIR REFUGE.

[Detroit News.]  
A bill pending in Congress providing  
an appropriation of \$300,000 for the ac-  
quisition of Antelope Island, Utah, and  
the herd of buffalo, which stand in  
danger of extinction, reminds us that  
Canada possesses between four and  
five thousand head of buffalo.

These former monarchs of the plains  
are herded in a park at Wainwright,  
Alberta, and are rapidly increasing  
in numbers. Altogether, the superintend-  
ent has in charge 5,235 wild animals,  
free to roam over a space of 160 square  
miles. For them the park is a refuge  
from the big game hunter's sport.

## KEGS, BARRELS AND JUGS.

[Vancouver Sun.]  
Quietly-dressed, home-loving women  
who voted for a moderation act under  
the impression that it would end the  
liquor traffic on a strictly controlled  
basis, will be out working for absolute  
prohibition if the new system involves  
a sale of hard liquor in wholesale quan-  
tities.

All kinds of time is being wasted in  
discussing where a man shall be per-  
mitted to drink; whereas, the important  
questions are, what is he going to drink  
and how much is he going to drink.  
Kegs, barrels and jugs will be three  
arguments bringing about the death of  
the moderation act. Members who argue  
for easy distribution of liquor are really  
making a bone-dry law certain.

The moderation act is experimental;  
it has a slender chance of surviving if  
it be kept within the plebeian limits  
of sale of spirituous and fermented liquors  
in sealed packages under government  
control.

Everybody knows the difference be-  
tween a sealed package and a barrel  
except those members who are bitterly  
opposed not only to prohibition but to  
any effective control of the liquor  
traffic.

The electors did not vote for a general,  
indiscriminate sale of liquor. They  
voted for a restricted sale, under gov-  
ernment control. If they fail to get  
that, the next thing will be total ab-  
solute prohibition. There will be no toleration  
of excessive drinking and debauchery.

## ENTITLED TO SPECIAL HELP.

[Toronto Mail and Empire.]  
There may be some reason in saying  
that the veteran, who has full use of  
all his limbs and faculties, just as he  
had before he went overseas, should  
resume the status of an ordinary citi-  
zen, but armless or legless veterans are  
permanently handicapped. Their  
disability entitles them to special help.

## TRADE WITH UNITED STATES.

[Winnipeg Tribune.]  
Our imports from the United States  
declined \$7,230,000 for January, as com-  
pared with December. Our exports to  
the United States in the same period  
declined \$11,241,000. Do not let us de-  
ceive ourselves. This is not a healthy  
condition of trade, and still more so is  
it an unhealthy movement in trade with  
the exchange so heavily against us.

## PROHIBITION'S FRUITS.

[Worcester Telegram.]  
Entirely apart from the ethical prin-  
ciple, entirely apart from whether the  
habit of a people can be changed or  
regulated by law which intrudes into  
principle of conduct, the fact remains  
that after trial of more than a year,  
the disorders and injuries arising from  
prohibition are increasing rather than  
decreasing.

## BE A GLOOM CHASER.

[Brookville Recorder.]  
Societies have recently been formed  
in the South and Middle West of the  
neighboring republic under the some-  
what formidable name of "Noble Order  
of Gloom Chasers." The organization  
was first started among the employees  
of industrial plants, wholesale and re-  
tail houses and those engaged in clerical  
work, but the movement has now spread  
until it embraces almost every line of  
endeavor. The object is to preach opti-  
mism at all times. The dues, it is  
stated, are "one smile a day." It is  
great thing to be a chaser of gloom.  
There can be no greater ambition than  
to make people happy. There is too  
much that is dark and gloomy and me-  
ancholy in this world at the present  
time. There are too many heartaches  
and distressing eyes and pitiful faces  
and thin, pleading hands. There are too  
many people who, for some unaccount-  
able reason, make it their business to  
spread the thought of gloom and me-  
ancholy among their fellow beings instead  
of letting in the sunshine.

## A PRACTICAL ANSWER.

[Hamilton Spectator.]  
Loyal Jamaica, voluntarily pledging  
itself to contribute \$50,000 annually  
for forty years, toward Britain's war  
debt, is an inspiring action. It gives  
a sufficient answer to those who ques-  
tion the U. S. Senate as to the possibility  
of acquiring the British West Indies as  
partial offset to Great Britain's debt  
to the United States.

## THE ERA OF YOUTH.

[Montreal Herald.]  
Mr. Coningsby Dawson, who has just  
completed a tour of Germany and  
Europe, studying conditions and the  
sentiment of the various peoples, brings  
back the interesting news that there  
is a revolt everywhere against old men  
at the head of affairs.

The younger generation everywhere  
are convinced that the great war was  
caused by the older statesmen at the  
helm of diplomacy in the warring  
countries.

They point out that it took the old  
men three years to declare war, but it  
has taken them three years to patch  
up a peace that is still full of danger-  
ous possibilities.

Rightly or wrongly, the youth of the  
European countries are beginning to  
think that the old men have been ruth-  
lessly and incompetently as they did  
war.

While this sentiment is not confined  
to any one country it is more organ-  
ized in Germany than elsewhere. A  
movement known as the Free Youth  
of Germany has sprung up, and its  
members range from school children to  
university students.

WHAT DO YOU KNOW  
ABOUT CANADA?ANSWERS TO YESTERDAY'S  
QUESTIONS.

1—Lake Superior is higher above the sea level than the rest of the Great Lakes.

2—Toronto's population is 518,512. It is the twelfth largest city on the continent.

3—The combined yearly expenditure of the federal and provincial governments in aid of agricultural development and production is \$5,500,000.

4—The United States declared war against Germany, April 6, 1917.

5—More than 25 per cent, or 300,000 square miles of Canada's territory is still unexplored.

6—Dr. Wilfred Thomasson Grenfell, C.M.G., is the Englishman who has been a medical missionary to the deep-sea fishermen in Labrador for many years. In recognition of this service he received his decoration from the King.

7—The Hudson Bay Company celebrated its 250th anniversary in Western Canada, May, 1920.

8—Toronto's name was changed to York in honor of Frederick, Duke of York, son of George III, 1793.

9—Bering, the Russian explorer, sent out by Peter the Great in 1728, was the first white man to explore the sea which bears his name.

10—Peleg Howland is president of the Imperial Bank.

## TODAY'S QUESTIONS.

1—Where are peridots found in Canada?

2—When did Baffin discover his bay?

3—What is the largest city east of Quebec?

4—When did Canada enter into a trade agreement with the West Indies?

5—What is the area of Prince Edward Island?

6—What was Canada's 1920 wheat acreage?

7—Which is the second largest river in Canada?

8—For what price was the present site of Toronto purchased from the Indians?

9—When was the first national industrial conference?

10—During the last 16 years how many immigrants have been deported after admission on account of bad character?

## EVERYTHING

## SLUMBER SONGS.

[John McCrae "In Flanders Fields" and Other Poems.] (Putnam.)

Sleep, little eyes  
That brim with childish tears amid thy  
play.

Be comforted! No grief of night can  
weigh  
Against the joys that throng thy  
coming day.

Sleep, little heart!  
There is no place in Slumberland for  
tears.

Life soon enough will bring its chilling  
fears  
And sorrow that will dim the after  
years.

Sleep, little heart!  
Dead blossoms of a springtime long ago,  
That life's storm crushed and left to  
be  
The benediction of the falling snow!

Sleep, little heart!  
That ceased so long ago its frantic  
beat!

The years that come and go with silent  
feet  
Have taught to tell save this—that  
dear  
Heart is sweet.

Dear little heart!

## MAKING NURSES IN EIGHT WEEKS.

[Literary Digest.]  
A nurse may be trained in eight  
weeks provided she knows certain  
things to start with. At least, this is  
what Dr. John Dill Robertson, the Chi-  
cago health commissioner, says, and  
he has trained over 4,000 in this way.

Many of them take the course merely  
to be able to nurse their own families.  
Most of them are housewives, and they  
learned to live on the roasts from the past  
as not to splash the gravy, who have  
threaded needles by the thousand, and  
know how to tell a teaspoon from a  
tablespoon, need no special instruction  
in manipulating and discriminating be-  
tween surgical instruments. They need  
only training in the fundamentals of  
nursing, and that he asserts, they get  
easily in eight weeks. Dr. Robertson  
says his graduates have stood the test  
wherever they have been tried. He  
admits that trained nurses who have  
not been trained in eight weeks look  
askance upon his school, but he is sure  
that there is room for all.

## ANOTHER PRODIGY.

[Literary Digest.]  
We have already given notice to the  
poems of the 8-year-old Hilda Conkling,  
but the following three have achieved  
the distinction of winning the first prize  
in a contest instituted by The Touch-  
stone in which the subjects were "The  
Touchstone" and "The Touchstone."  
They were submitted anonymously  
and won on their merits, as the  
judges knew nothing of the age of the  
author:

[By Hilda Conkling.]  
Mottled like a tiger-lily leaf,  
With black clinging  
(Of course it has a green cloak!),  
God has made a tulip.

He made the glacier like a moving jewel.

NEARLY CRAZY  
WITH ECZEMA

No rest day or night for those who are  
afflicted with that terrible skin disease,  
eczema, or as it is often called, salt  
rheum.

With its unbearable burning, itching  
and torturing relief is gladly welcomed.  
There is no remedy like Burdock Blood  
Bitters for giving relief to such suf-  
ferers; no remedy that has done, or can  
do more for those who are almost driven  
to distraction with the terrible torture.

Apply it externally and it takes out  
the stinging, itching and burning, and  
promotes a healthy healing.

Take it internally and it gets at the  
source of the disease in the blood—for  
eczema is a blood disease—and drives  
it out of the system.

Miss L. M. Boutiller, 89 Victoria  
Road, Halifax, N. S., writes: "I have  
suffered for years from eczema. I could  
not rest day or night. I suffered great  
agony, and was nearly crazy with the  
itching and burning. I used all kinds of  
salves, but nothing seemed to help me.  
I saw Burdock Blood Bitters advertised,  
and was advised to try a bottle. I  
found great relief, and I really cannot  
recommend it highly enough for what it  
has done for me."

Burdock Blood Bitters has been on the  
market for over forty years, and during  
that time has been manufactured only  
by The T. Milburn Company, Limited,  
Toronto, Ont.

He made the tulip,  
Like a red cloud lighted by the sun,  
I wonder how it feels to make a flower  
Or a glacier like a great dream!

Thunder Mist.  
[By Hilda Conkling.]  
Whirling vapor changing . . .  
Is it an opening flower?  
Is it a fading prancing horse?  
The steeples with its oldness,  
In the foreground a maple with silver-  
backed leaves  
Against a violet cloud . . .  
This is an August storm  
That blew down out of the sky.

The Old Brass Pot.  
[By Hilda Conkling.]  
The old brass pot in the corner  
Shines and scowls at the kitchen pans.  
Like a stubborn king  
He sits and frowns . . .  
Orders them about  
When I'm not looking.  
He was a gift from the fairy queen.  
What can I do?

He boils rice when I want it.  
Makes broth when it is needed:  
He is magic,  
Without him it would be pleasant and  
comfortable  
In my little cottage  
With wistaria growing over the open  
windows . . .  
He tells the frying-pan  
To stay on its hook . . .

He shouts at the other pans  
In a gruff voice . . .  
They all might be so happy  
In my cozy kitchen!  
Tell me—but you must whisper—  
What can I do?

IMAGINATIVE JOB.  
[Boston Transcript.]  
"Maud's husband is the make-up man  
on a newspaper."  
"I suppose his work is to make up  
those sensational stories they print.  
What a fascinating job!"

TO CHOOSE AGAIN.  
[Toronto Star.]  
If some dull day when I am all alone  
And life seems grey—an endless mon-  
otony,  
If to my window a bright soul should  
come  
And take my hand and lead me forth  
from home—  
"Are you not tired of this toilsome  
place?"  
Come forth and choose another's life and  
face."

This verdict is rendered a thousand  
times every week—no corn can live, it  
must pass out, drop off, if Putnam's Ex-  
tractor is applied to corns and warts.  
The old reliable "Putnam's"; it never  
fails; 25c at all dealers.

UNFIT TO LIVE—MUST DIE  
This verdict is rendered a thousand  
times every week—no corn can live, it  
must pass out, drop off, if Putnam's Ex-  
tractor is applied to corns and warts.  
The old reliable "Putnam's"; it never  
fails; 25c at all dealers.

FREE  
This Ten-Day test  
costs you nothing.  
Simply mail the  
coupon. Then watch  
the delightful effects.

Then see if your friends notice  
prettier teeth

Make this pleasant ten-day test.  
See what it does for your teeth.  
Then judge for yourself—by the  
change in the way how much this  
method means.

Millions of people have thus  
found a way to whiter, cleaner,  
safer teeth. And you will also find it.

It fights film  
This method combats the film  
on teeth—that viscous coat you  
feel. Film is the teeth's great  
enemy. It clings to teeth, gets be-  
tween the teeth and stays.

Brushing in the old days does  
not do this film. And most of the  
troubles are caused by what is left.  
Film absorbs stains, making the  
teeth look dingy. It is the basis of

tartar. It holds food substance  
which ferments and forms acid. It  
holds the acid in contact with the  
teeth to cause decay.

Millions of germs breed in it.  
They, with tartar, are the chief  
cause of pyorrhea. Very few peo-  
ple have escaped these troubles  
caused by film.

Two new methods  
Dental science has now found  
two methods to fight film. Many  
careful tests have proved their  
effectiveness. Leading dentists every-  
where now advise their daily use.

The methods are embodied in a  
dentifrice called Pepsodent. Other  
factors, now considered essential,  
are included with it.

The scientific film combant, approved by modern authorities  
and now advised by leading dentists everywhere—to bring five  
desired effects. All druggists supply the large tubes.

10-Day Tube Free  
THE PEPSODENT COMPANY,  
Dept. B, 1154 S. Wabash Ave., Chicago, Ill.  
Mail 10-Day Tube of Pepsodent to

Only one tube to a family

Don't let a  
cold stay—  
it may get worse!  
Place a piece of THER-  
MOGENE in your mouth  
from the box, over the  
affected part. A soothing,  
healing, warming, and  
once been generated—  
penetrating to the seat of the  
trouble—dispersing the  
pain.

HOW TO BEAUTIFY  
YOUR COMPLEXION  
By VIOLA DANA.  
That sensational actress, Viola Dana,  
who is recognized as an authority on  
beauty topics, says: "The best and quick-  
est method of obtaining a beautiful  
rosy-white complexion is to thoroughly  
cleanse the face with THERMOGENE,  
then apply that popular beautifier, Der-  
mivite, which has become a regular in-  
gredient in the make-up of the most  
distinguished actresses and women in  
the United States." Derivite takes the  
place of face powder, as it is more  
effective in appearance. It is easily  
detected, and it stays on until you  
wash it off. Perspiration does not af-  
fect it, nor will it rub off on clothing,  
and the wonderful sale it has had proves  
that it is superior to all other beau-  
tifiers and face powders. There is noth-  
ing like it for dark, sallow, freckles,  
tan, coarse pores, wrinkles and many  
other facial blemishes. It is guaran-  
teed absolutely harmless. It is sold at  
toilet counters everywhere with the  
THERMOGENE. If you don't like it  
they will give you back your money.  
Be sure to read the large article by Miss  
Dana soon to appear in this paper. It  
gives a world of valuable information  
on the care of the skin, something every  
girl and woman should know about.

**Who Knows**

when to stock their cell-  
lar with coal? The price  
might lower and again it  
might rise later on. One  
thing we do know—that  
is, you can get

**Premium  
Coal**

now at a fair price,  
whereas, later you might  
not be able to procure it  
at all. It is pretty near  
impossible to obtain a  
really high-grade anthracite  
late in the season.  
Anderson Coal Co.

**O. A. C. STUDENT IS  
GOING TO CHINA**

Will Be Agricultural Missionary in  
West China University.

**GUELPH, March 15.**—Rundie M.  
Lewis of the fourth class at the On-  
tario Agricultural College has been  
appointed an agricultural missionary in  
the West China University. Mr. Lewis  
intends leaving the fall for Hong Kong,  
where he will take a two years' course  
in agriculture before commencing his  
duties in West China. He is an Ameri-  
can by birth, and is the son of an  
Anglican minister. He goes to China  
under the Anglican Board of Missions  
for Canada. While at the college he  
has been specializing in horticulture.  
On completing his third year in 1915 he  
enlisted with the 1st Canadian Cavalry  
regiment, and saw considerable service  
overseas, returning in 1919, when he  
spent a third year over again in order to get  
retrained on the work which he had  
forgotten while overseas. Before com-  
ing to Guelph he graduated from Truro  
Agricultural College, N.S. A number of  
students in other years are contempla-  
ting foreign missionary work, when they  
complete their course.

## THREE DAYS LEFT TO ENTER PUZZLE CONTEST

The Winners Will Divide  
\$2,500.

If you haven't started on working out  
your solution on The Advertiser puzzle  
now is the time to start, for the sooner  
you get to work and arrive at your solu-  
tion, the more time you will have to  
check it over to see whether it can be  
bettered or not.  
To say that opportunity is knocking at  
your door is putting it mildly—for  
it's hammering, and it's up to you to  
take advantage of it. It's a chance to  
win a good sum of money for doing  
exactly what is a very easy and pleasing  
task. Besides the first capital prize of  
\$750 there is a second capital prize with  
a value up to \$400; a fourth up to \$300;  
a fifth with a value up to \$200, and  
fifty-five other cash prizes.

Three more days remain for solving  
The Advertiser's figure puzzle. This  
puzzle offers the opportunity to win  
any one of the fifty big cash prizes  
in the preceding period. The only one  
who does not stand an equal chance  
of winning is the person who does not  
try. When you remember that a solu-  
tion to the puzzle will win you a sub-  
scription to The Advertiser, paid when  
you register a solution, with your solu-  
tion, may get you as much as \$750, you  
may mean to try before neglecting to  
take advantage of it. March 19 is the  
last day.

The problem presented in this puzzle  
is making a chain of circles across the  
chart so that you can obtain the great-  
est difference between the sum total of  
the odd and even numbers enclosed.  
The point to work is to encircle the  
numbers in such a way as to obtain as  
near as possible the greatest difference  
that can be obtained. However, the  
prizes will be awarded for the solutions  
showing the greatest differences regard-  
less of what the best possible answer  
may be.

The Advertiser has nothing further to  
ask of its readers than that they mere-  
ly renew their subscriptions or sub-  
scribe, regularly, when sending in their  
solutions to the puzzle. You can have  
nothing to regret in taking part in the  
contest, as you have nothing to lose,  
for all that you pay in with your solu-  
tion is credited on your subscrip-  
tion to The Advertiser, at the regular  
subscription rate.  
No one has or can have, any ad-  
vantage of his own in solving the puzzle.  
Everyone wins on their own individual  
efforts. The puzzle is neither hard  
nor hard, but it requires patience and  
accuracy—qualities that most people  
lack, although they think to the con-  
trary.  
Everyone has a chance to win on  
their own endeavor. The Advertiser  
is absolutely fair to all, and  
nothing more than a test of your  
patience and accuracy. The puzzle is  
not hard—nor is it easy. It may ap-  
pear simple to some, but they will be  
advised not to underestimate it. Others  
may consider it difficult. The ones  
who will win, though, are they who take  
nothing for granted, and who check  
their problems and solutions carefully,  
to solving of subscribers is asked  
or required. A payment on your own  
subscription is all that is demanded.  
This you would be compelled to do  
anyway, even if you made no effort to  
obtain a prize in the puzzle.  
The Advertiser, through any regular  
source, the paper will continue to reach  
you through exactly the same channel.  
If you are a subscriber you may enter  
the contest merely by becoming one  
on precisely the same terms as  
those who are already subscribers.

The conditions, prizes, puzzle and all  
information about the contest are  
fully set forth in the announcements.  
Read them carefully, and you will  
fully see it is a case of nothing to be  
able to go in, but one you can't afford  
to stay out of.

Your chance to work on the puzzle  
lasts only to Saturday, March 19, so do  
not delay. You can't lose, and the only  
chance is of winning.  
Charts and blanks for your use will  
be published in the paper each day un-  
til the close of the contest.

Don't throw your old carcases away  
they make new Velvetex Rugs. Send  
for Velvetex pamphlet. Canada Rug  
Company, London. 62bu

Five Miles From  
Shore.

**TORONTO, March 15.**—According  
to demands made by a delegation from  
Prince Edward County, the fish and  
game committee of the Legislature  
agreed that during the hunting regu-  
lation should be changed to allow two men to  
group together their 50 decoys each  
instead of being separated by 100 yards  
as at present. The committee also  
recommended the suggestion made by  
the Hudson Bay Company that ten  
coupons for skins of all kinds should  
be issued to every Indian, regardless  
of age. This was to apply to Indians  
both north and south of the French  
River.

The committee did this, recognizing  
the rights of the Indian to earn a  
living. Three recommendations made  
by the sub-committee were adopted:  
1. That it be permissible to kill deer  
when in water.  
2. That hunting with dogs be per-  
mitted.  
3. That present deer seasons be not  
changed.

A delegation of Port Stanley fisher-  
men asked that gill fishermen west of  
Port Stanley be allowed to fish up to  
five miles from the shore instead of  
10 miles as at present.

**PAIR ARE HELD AT  
SARNIA AS SUSPECTS**

Mud-Spattered Car With Two  
Sets of Numbers Attracted  
Police.

**SARNIA, March 15.**—Giving their  
names and addresses as Art. Carson of  
Pennsylvania avenue, Detroit, and John  
Williams of Toronto, two men were  
arrested today by Sergeant Alex. Heath  
and are tonight being held on suspicion  
of having been connected with the  
which first attracted the attention and  
excited the suspicions of the authori-  
ties is sending inquiries and investi-  
gation as to its ownership.

According to information secured by  
the police, the men arrived in the  
city and registered at a hotel. The  
mud-spattered car was parked on Crom-  
well street, and when officers were  
sent to it the "once over" today they  
discovered two sets of license numbers,  
one American and one Canadian. The  
man had not yet left their rooms, but  
when they did they were taken to the  
station and questioned by Chief Forbes  
Immigration Inspector Robson and  
other officers, and then booked up  
under the nominal charge of violating  
the motor vehicles act. They claimed  
to have no motor vehicle, and from To-  
ronto, police said. One gave his age as  
21 and the other 23. Their clothing  
had a generous sprinkling of mud.

**BIG BARN BURNED.**  
HAMILTON, March 15.—A large barn  
near Burlington, Ont., owned by W. F.  
Fisher, was struck by lightning tonight  
during an electric storm and was de-  
stroyed by fire. The loss is estimated  
at about \$40,000.

## REFUTE STORY ABOUT "RING" IN DUNNVILLE

Many Witnesses Speak Highly  
of Magistrate Hastings' Character.

**PROBE IS NEARING END**

Testimony of Forty-Three  
Persons Has Been Heard  
To Date.

**CATUGA, March 15.**—The official in-  
vestigation of the administration of the  
Ontario Temperance act by former  
Police Magistrate David Hastings in  
Dunnville is rapidly drawing to a close.  
Today seven witnesses were on the  
stand, making a total of 43 to date. Six  
of the witnesses today, prominent citi-  
zens and officials of the town, spoke  
highly of David Hastings, both as a  
man and as a magistrate and denied the  
allegations in the statement of com-  
plaint as to the existence of a domina-  
ting ring in the town. Frank Lalor, M.  
P., for Haldimand, and W. A. Fry, pro-  
prio of the Dunnville Chronicle, were  
the principal witnesses this afternoon.

**Mr. Lalor gave an emphatic denial to the general charges in the state-  
ment of the Dunnville Chronicle. He  
said that the Dunnville Chronicle, John  
A. Paterson, K.C., is conducting the in-  
quiry into the case of Hastings, and that  
read out by Hon. W. B. Raney when a  
deputation from Dunnville waited on  
the attorney-general asking for the re-  
instatement of Hastings, or for an  
investigation into the case. He said  
that he was a member of a ring which  
exercised an improper influence in the  
town. He also denied the statement  
made by Rev. Green, Methodist  
minister, that Mr. Lalor had sug-  
gested that the boys of Dunnville, and  
said that Mr. Green's dramatic spurn-  
ing of the alleged suggestion with the  
words: "I would not compromise with  
evil nor gain popularity" was not made  
in his hearing.**

**Sought Co-operation.**  
Mr. Lalor gave a different ver-  
sion of the episode, his explanation  
being that the minister approached him  
with a ticket for the municipal council  
shortly after the armistice celebration,  
and a few months after Mr. Green  
came to the town, and asked his co-  
operation. Witness said he did not ac-  
cept the ticket, and that he was a  
prover of all the candidates and advised  
him to keep out of municipal  
politics, as the voters of Dunnville could  
not be driven, but might be led by  
older residents. His advice to the min-  
ister was, he said, "to mix up with  
the boys and young men at the hockey  
games, the bowling matches and in  
athletics and get them interested in  
them. By so doing he would accom-  
plish more good."

**Proved a Failure.**  
Mr. Lalor said the only real attempt  
at the formation of a ring in Dunnville  
was his knowledge, was the effort of Rev.  
Thomas Green to form a ring in  
group in local politics. This had proved  
such a failure, Mr. Lalor said, that he  
would not hesitate to predict that any  
candidate bearing a Thomas Green  
ticket or label would not be elected  
in the town of Dunnville.

**"The trouble is most regrettable,"**  
Mr. Lalor said, "it has set church and  
church, men against men, and made  
enemies in our town that will last  
a long time."  
Notwithstanding this condition, Mr.  
Lalor said he was fully satisfied that  
35 per cent of the residents were be-  
hind Mr. Hastings and less than 10 per  
cent supported the complaints  
against the magistrate's administration  
of the law. Mr. Lalor said he was  
fairly certain that the crown officials  
had found difficulty in securing wit-  
nesses, outside of a very small circle,  
to come forward in support of the  
charges, and expressed the opinion that  
the attorney-general's department was  
entitled to some sympathy, mingled with  
censure, for its action.

**Believes in O. A. C.**  
Mr. Lalor said the representative sent  
by the department at Toronto to Dun-  
nville to investigate, evidently had con-  
ferred with only certain persons, and  
had not interviewed businessmen to  
ascertain public opinion. Mr. Lalor  
stated he believed in the Ontario tem-  
perance act and had voted "No" to  
three of the questions in the refer-  
endum of 1919.

**Favor government control of the  
liquor traffic,"** said Mr. Lalor.

**"As a member of parliament I sup-  
pose you do,"** observed the crown  
counsel.

**W. A. Fry, editor of the Dunnville  
Chronicle, said Mr. Hastings was broad-  
minded and possessed of an unusual  
amount of common sense, which Mr.  
Fry considered was very desirable in a  
magistrate. He stated that the charges  
made against Hastings were not true. Witness  
said that the police court had ceased to con-  
sider the case against Hastings, given  
him by the attorney-general, who, ac-  
cording to an officer of the department,  
ordered that a search of the railway  
and express records be made to see how  
much liquor W. A. Fry and others had  
imported. He considered it an outrage  
that the attorney-general should pursue  
and try to vilify a law-abiding citizen.  
One would think almost that Ger-  
many had won the war," concluded Mr.  
Fry.**

**Other Dunnville residents to appear  
before the commissioner today were  
James Sheehan, town treasurer; Joseph  
Forsberg, ex-member of the  
council, and Henry Fyle a member of  
the town council for the past year. All  
these denied the report that respect  
for the court no longer existed and  
claimed that they had heard nothing  
about complaints of judgments till after  
the magistrate was suspended.**

**MONTREAL BOARD OF  
TRADE COUNCIL TO  
OPPOSE CANAL PLAN**

**Montreal, March 15.**—Canadian Press.  
The council of the board of trade has  
adopted the report of the navigation  
and harbor committee, recommending  
that opposition to the project to canal-  
ize the St. Lawrence be made before the  
international joint commission. The re-  
port of the navigation committee de-  
clared in part: That the proposed devel-  
opment would vastly more benefit the  
United States than Canada, and that it  
would be better for the Dominion Gov-  
ernment, rather than adopt a scheme  
open the St. Lawrence waterways, to  
renew its consideration of the proposed  
Georgian Bay canal, which is the most  
advantageous route for Canada, the dis-  
tance thereof being shorter, the cost  
of construction less, and it contains im-  
mense waterpower possibilities. More-  
over, the entire route is in Canadian  
territory.

## DO YOU NEED A MOTOR TRUCK IN YOUR BUSINESS?

The motor truck business has long  
been looked upon as a sort of adjunct  
of the motor car trade, but Sam Rowed  
of the Ontario Garage and Motor Sales,  
Limited, believes that this is not quite  
the correct thing. Sam should know,  
for he's one of London's veteran  
dealers, not only in cars, but in trucks.  
He sold some of the first trucks to  
travel the streets of the Forest City.  
"The motor truck business has been  
making gigantic strides in the past  
few years," said Mr. Rowed yesterday.  
"I've seen this for some time, and now  
I'm going to put our National truck  
sales on a proper basis."

"When a merchant or a farmer is  
solicited to buy a truck, one of the  
first questions he asks is: 'Will it pay  
me to buy a truck?' The average sales-  
man, keen for his order, will naturally  
state that his truck will pay for itself.  
Does the salesman really know, or is he  
merely guessing? Nine times out of  
ten he's making a guess."

"Transportation engineering is now a  
profession," said Mr. Rowed. "Engi-  
neers are the only men who can look  
over a man's haulage problem and tell  
him whether he needs trucks or horses.  
Not only that, but the engineer can,  
through his traffic analysis, give a  
fairly accurate estimate of the cost of  
truck or team hauls.  
"Selling a Canadian-made Ontario  
furniture manufacturer who was some-  
what 'peevish' last fall at the increased  
cost of his truck, so he had reorganized  
a transportation engineer and asked for a  
truck estimate. The manufacturer  
stated that his costs by rail were so  
much, and wanted to know if he could  
have his trucking costs reduced. The  
engineer, 'but I'll find out.' His  
analysis showed the manufacturer  
that he was making a mistake. He had  
given the engineer for his hauling prob-  
lem, but he had failed to take into  
consideration some excessive pack-  
ing and loading costs. The engineer  
stated that his costs by rail were so  
much, and wanted to know if he could  
have his trucking costs reduced. The  
engineer, 'but I'll find out.' His  
analysis showed the manufacturer  
that he was making a mistake. He had  
given the engineer for his hauling prob-  
lem, but he had failed to take into  
consideration some excessive pack-  
ing and loading costs. The engineer  
stated that his costs by rail were so  
much, and wanted to know if he could  
have his trucking costs reduced. The  
engineer, 'but I'll find out.' His  
analysis showed the manufacturer  
that he was making a mistake. He had  
given the engineer for his hauling prob-  
lem, but he had failed to take into  
consideration some excessive pack-  
ing and loading costs. The engineer

lem, but he had failed to take into  
consideration some excessive pack-  
ing and loading costs. The engineer  
stated that his costs by rail were so  
much, and wanted to know if he could  
have his trucking costs reduced. The  
engineer, 'but I'll find out.' His  
analysis showed the manufacturer  
that he was making a mistake. He had  
given the engineer for his hauling prob-  
lem, but he had failed to take into  
consideration some excessive pack-  
ing and loading costs. The engineer
