

TWO

AGRICULTURAL COLLEGES BE OPEN TO RETURNED HEROES

Suggestion Made at G.W.V.A. Meeting.

QUESTIONS DISCUSSED

and Problem Engrosses the Attention of Members, Who Want Solution.

Two committees were appointed, one to deal with the employment question and one the land question. At a meeting held last night by the G. W. V. A. in the Masonic Temple. The employment question was gone into thoroughly, but as was thought best to leave it over, it was left to a committee of eight men, composed of Comrades Gordon Ingram, H. Warburton, M. Lee, J. Hill, T. Fleming, T. E. Foster, A. E. Pocock and Capt. Fletcher, who will deal with the matter as well as possible and report the situation next meeting.

The question of acquiring land for returned men was discussed freely, and with many good suggestions from a few prominent men who have studied the problem from practical experience. He gave very good suggestions, which were endorsed by the majority present. He said that all agricultural colleges should be thrown open for the boys to let them make whatever course they wish to give them a knowledge of farming, and then, if possible, let them go on experimental farms, where their mistakes can be rectified.

Why Go to Cities?

"It is a pity that men should congregate in cities when the country is waiting for them with open arms," he said. Numerous other suggestions were made. A committee was appointed to look after the proposition and report as far as possible what had been done at the next meeting. It is composed of Comrades J. H. Warburton, W. Lee, A. Hill, J. W. Curdiffe, A. C. Joseph, G. A. Turner, George Eulen and H. D. Davidson.

A resolution was read from the provincial secretary of the G. W. V. A. at Ottawa saying that 40,000 alien enemies had been interned in this country since the beginning of the war. They were fed and kept warm throughout their period of internment. When they were admitted to this country it was expected that they would do some productive labor, and now that the war is practically over they should be given a chance to do so.

One officer present wanted to know why a certain company of A-2 men had not been sent overseas.

Thanks Received.

Some letters were read, thanking the G. W. V. A. and men for the way they conducted the funerals of the returned heroes who have recently died. Letters were received from Henry W. Morton.

RECIPE TO DARKEN GREY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Grey Hair.

Mr. Frank Harbaugh of Cincinnati, O., who has been a barber for more than forty years recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken grey hair, and make it soft and glossy. To a half pint of water add 1 ounce bay rum, a small box of Orlex Compound and 1 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a grey-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

EXCELLENT PROGRAM ENJOYED AT MUSIC CLUB OPENING DAY

A Real Before-the-War Spirit Animated All.

Members of the Woman's Music Club who earnestly endeavored to keep the organization very much alive during the years of the war, recognizing the need of music in the period of anxiety and depression, and its comforting, cheering effect, were amply repaid yesterday afternoon when they arrived at the Normal School for the opening recital of this season. It was a regular old-time happy-days-before-the-war audience, an audience that could enjoy the entertainment offered, without the inevitable mental contrast between what was going on in the restful assembly hall, and the appallingness of a conflict never ceasing on the action front. It was a happy and a festive audience, an audience that filled the large assembly hall to its capacity, and left a number to stand up or find seats on the steps, quite the largest audience within remembrance at an afternoon recital of the club.

Many Members.

One of the gratifying features was that the majority of those present had enrolled as members. A number of visitors, however, were specially attracted by the merit of the program announced, as arranged by Mrs. H. Kingsmill and Miss M. Raymond. In addition to local artists of the prominence of Miss Dorinda Abbott, contralto; George Carrie, tenor; Miss Lorna MacGillivray, harpist; Mrs. Rutledge and Thomas Martin, pianists; and an instrumental trio consisting of Miss Raymond, pianist; Grant Milligan, violinist, and Frederick Smith, cellist, the concert was able to present a new organization made its bow in the opening number of the day, a trio composed of Miss M. Raymond, piano; Grant Milligan, violin, and Frederick Smith, violoncello, acquitting itself most creditably in the first movement of a trio by Gade.

The singers were indebted to Mrs. Lyster for rarely sympathetic accompaniment. Mrs. T. G. Dochstader is president of the club for a second season.

SYRUP OF FIGS FOR CROSS, SICK, FEVERISH CHILD

Look, Mother! Is tongue coated, breath hot and stomach sour?

Harmless "Fruit Laxative" Best to Clean Tender Liver and Bowls.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish, and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages, and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

HOTEL New SOUTHERN

Michigan Boulevard at 15th St. CHICAGO

One and one-half blocks from Central Station, Terminal of Illinois Central, Big Four, and Michigan Central Lines. Efficient, hospitable service, without showy luxury. "There's a Reason"

Final Figures for Middlesex Show 5,256 Loan Subscribers

To Alisa Craig, Strathroy, Lucan, Wardsville, Newbury, Glencoe and Parkhill, as well as the townships of Adelaide, Biddulph, Ekfrid, Lobo, McGillivray and East Williams, goes the credit of winning the honor flag in the Middlesex Victory Loan flotation. The final figures compiled by County Organizer Cork, who worked like a slave for more than a month to put the loan over in the county, show Middlesex as subscribing \$2,785,100.

Alisa Craig was the real shining light of the campaign. With an objective of \$35,000, the town subscribed \$84,000, and is the proud possessor of five crowns on its honor flag. Every one in three of the population of that good Scotch settlement bought a bond.

Strathroy, Lucan, Wardsville and Newbury each receive two crowns to their honor flags, while Glencoe and Parkhill get one. The townships of Adelaide, Biddulph, Ekfrid, Lobo, McGillivray and East Williams have all won honor flags by obtaining their objectives.

The total number of subscriptions for the county is 5,256, which means that one in every eight persons in the county has invested in a bond. The canvassers fell short \$35,500 in their objective of \$2,750,000, but this was made up by the special list of subscribers, with an objective of \$25,000, turning in \$73,500.

To County Chairman L. H. Dampier of Strathroy and Organizer G. E. Cork largely goes the credit for putting the loan over in Middlesex. Without their untiring efforts and those of their assistants, the county would never have gained its honor flag.

Following is the final result of the canvass tabulated:

Canvassing District	Total Objective	Amount Subscribed	Number of Subscribers	Number of Subscribers per 100 of population
Adelaide	\$115,000	\$130,100	232	6.7
Biddulph	120,000	120,350	219	7.2
Caradoc	195,000	171,650	406	7.3
Delaware	70,000	57,150	173	6.7
North Dorchester	175,000	123,150	218	14.0
Ekfrid	140,000	143,000	240	8.0
Lobo	145,000	155,700	306	7.9
London	365,000	287,750	707	8.1
McGillivray	145,000	151,300	272	8.0
Metcalfe	85,000	80,000	122	10.0
Mosa	135,000	109,150	184	8.8
Nissouri West	150,000	120,650	237	13.2
Westminster	310,000	208,600	358	13.0
Williams East	80,000	92,550	218	5.0
Williams West	80,000	63,250	157	6.9
Alisa Craig	35,000	84,100	159	3.0
Glencoe	70,000	99,250	136	6.2
Lucan	50,000	75,150	106	6.0
Newbury	20,000	30,000	45	7.0
Parkhill	75,000	101,250	206	6.0
Strathroy	175,000	275,200	450	6.3
Wardsville	15,000	22,700	35	5.7

WALLACE REID IN GREAT PHOTODRAMA AT THE MAJESTIC AGAIN, TODAY ONLY

News Weekly, Comedy and "Jack" King in Vaudeville in Addition to Feature Play.

Wallace Reid is thoroughly at home in the rig of a westerner in "The Man From Funeral Range," his newest Paramount offering, which was shown at the Majestic Theatre yesterday. He appeared to distinct advantage as a prospector, and a decidedly effective setting and in a picture play that is remarkable because of its dramatic strength in which the love element runs strongly. The story concerns itself with the experiences of Harry Webb, a young prospector who angers two sharpers by refusing to sell his claims. He leaves the Funeral Range, where he has been isolated from humanity and goes to the city, where in a cafe he is attracted by a cabaret girl's voice and later comes to love her herself. One of the sharpers turns up as an admirer who is despised by Janice, the girl. Dixie, another entertainer, is jealous, having been cast off by the villain, Brenton. A Deceit Note. A decoy note brings Janice to a room where she is face to face with Brenton. Dixie, with a revolver, hides in the shadows, and having intercepted and read the note, Webb arrives just as the jealous woman, Dixie, Brenton, and she thinks Janice did it, and accepts the blame, is arrested, convicted and condemned to death. Unable to give evidence concerning the initials on a revolver, and a woman's shadow which she saw on the wall, because she has been abducted by the dead man's partner, Janice does not return until the trial is over. But meantime Webb has escaped from the guards and hidden in the Funeral Range. He emerges there a year later with a full beard. He meets Janice at the hotel and shaves off his beard to make himself known. They renew their friendship and then Dixie.

Star in "The Marriage Ring," a romantic photoplay, showing at the Majestic on Saturday only.

man, the sharper-lawyer also recognizes the escaped prisoner. A struggle follows, and Dixie is accidentally shot by Brenton, dying. He confesses the murder of Brenton, and the shadows are cleared.

In addition to this thrilling photoplay, an interesting News Weekly and a side-splitting comedy are shown.

The above program will be repeated today.

On Saturday only Enid Bennett will be starred in "The Marriage Ring." Double Program and Song Revue at Majestic Saturday Afternoon.

So greatly did the audience enjoy the Big Song Revue at the Majestic last Saturday afternoon that another revue with all new songs will be presented tomorrow afternoon at the Majestic. Mr. Jack King, the actor, who has been delighting audiences for the past three weeks at the Majestic, will lead the revue, and Miss Cloya Perry, one of London's leading sopranos, will also assist in singing the songs which you all enjoy. It will be a double program offering, for a number of features in comedies, travalgues, and news weeklies will be shown.

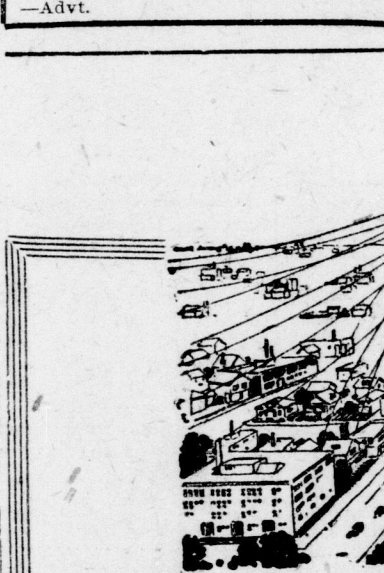

"The Hearts of the World" at the Majestic for One Week, Commencing December 2.

D. W. Griffith's great production, "Hearts of the World," will return to the Majestic Theatre for one week, starting Monday, December 2. This production has been brought back at the earnest request of hundreds of Majestic patrons.

COL. E. M. HOUSE HAS "FLU." PARIS, Nov. 21.—Col. E. M. House, the special representative of the United States Government, is confined to his home here with influenza and has cancelled his engagements.

CATARRAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

Full line of Glass, Putty and English Varnishes and Varnish Stains.

Hydro Current Must Not Be Wasted

We Ask You To Help Conserve in Order That All Factories, Stores, Offices and Homes May "CARRY ON" With the Least Possible Inconvenience.

We greatly regret that it is again necessary to ask you to conserve power.

Everyone was hopeful that immediately on the signing of the armistice the power situation would be completely relieved.

It appears, however, that the Imperial Munitions Board contracts will not be completed until the 14th of December.

And in addition, the Canadian Government is most anxious to retain all the American munition contracts so as to maintain a balance of trade between the two countries, and to provide employment as long as possible for the munition workers in Canada.

We therefore URGE you to SAVE ELECTRIC CURRENT—to curtail, to conserve—whenever and wherever possible.

The City of London is given its proper share of power from Niagara Falls, and if this is exceeded the total supply is interrupted temporarily, creating inconvenience to all, and serious loss to many.

In order, then, to overcome this as far as possible, HYDRO POWER USERS ARE ASKED TO REDUCE THEIR LOAD 50 PER CENT BETWEEN 4:30 AND 5 P.M., AND TO CLOSE DOWN ALTOGETHER AT 5 O'CLOCK.

—AND—

Housewives Are Asked To Follow These Instructions as Closely as Possible.

1. Switch off the light whenever you can conveniently get along without it.

2. Never burn two lights when ONE will do.

3. Be sure that all the lamps used in lighting your house are of good make—use "HYDRO QUALITY" LAMPS. They are guaranteed to burn 1,500 hours. (Old-style carbon filament

lamps waste about two-thirds of your current.)

4. Don't let your Electrical Appliances waste any current—turn them off as soon as you are through using them.

5. Do not use large lamps when smaller ones will give satisfactory service.

REMEMBER—We Are Depending on YOU to Assist Us in Maintaining an Adequate Service.

Every garment made by the Regent Tailors is positively guaranteed and perfect satisfaction is assured.

GRAND OPENING OFFER!

The Regent Tailors of Toronto Announce the Opening of a Store in London at 189 Dundas Street

The Regent Tailors of Toronto, one of the largest ordered tailoring establishments in Canada, have leased the fine store at the above address and OPEN FOR BUSINESS PERMANENTLY SATURDAY MORNING AT 9 O'CLOCK, NOV. 23. To Introduce the New Store to the Men of London and Acquaint Them With Regent Tailors' Extraordinary Values and Methods of Doing Business.

Overcoatings and Suitings Worth Up To \$45 Will Be Sold For ONE WEEK at the Standard Price of Only

MADE TO MEASURE IN ANY STYLE DESIRED.

Such wonderful values have never before been offered the men of this city, and those who would benefit from it and save themselves money on winter clothes should not miss the unusual opportunity now presented.

The materials we have selected for these special opening days are exceptionally fine quality and include suitings in Worsteds, Tweeds, Cheviots, Serges, Homespun and various novelty weaves, all the very newest designs and colorings—and light and heavy Overcoatings and Ulsterings in endless variety. Such Suits and Overcoats as we are prepared to give you during this opening week would cost you from \$30 to \$45 in ordinary tailoring shops.

Every garment made by the Regent Tailors is positively guaranteed, and perfect satisfaction is assured.

REGENT TAILORS BUSINESS IS GROWING RAPIDLY AND IS KNOWN FROM COAST TO COAST

The opening of a store in London is evidence of the growing demand for Regent Tailors Clothes as expressed all over the country. And the reason for this growth is plain. We believe that our clothes are the best any man can get in Canada for the money. This would be merely a boast were it not for the fact that the nature of our organization is different from all others, and makes it possible for us to turn out good clothes to measure at fully 25 per cent less than charged elsewhere for similar quality. The head of every department—the designing, the buying, the making, the selling, the management—is a stockholder in the company, whose one aim is to build up the business on the lines of conscientious service and straightforward dealing.

GEO. M. REID NAMED PRESIDENT OF NEW COMMERCE CHAMBER

Other Officers Chosen—Headquarters To Be Picked Soon.

George M. Reid was unanimously elected president of London's new Chamber of Commerce at a meeting of the fourteen recently appointed directors held at noon yesterday in the Tecumseh House. Gordon Philip, who has given invaluable service to the city in the capacity of industrial commissioner for some years, will be managing secretary of the organization, which has as its aim "to promote the economic, civic and social welfare of the people of London, Ontario, and vicinity."

John Bridge was made first vice-president, and J. K. McDermid, second vice-president. The treasurer was appointed from the membership outside the board of directors, Morley Aylisworth being named for this office. The board will hold regular weekly meetings each Friday at noon.

Select Headquarters. The question of headquarters for the organization was given consideration. A committee of the board, with Mr. Bridge as convener, was appointed to act in the selection of a suitable place. Several good propositions are under consideration, and it is understood an announcement will be made on Saturday on this matter.

An enjoyable "get-together" gathering of the membership of the Chamber of Commerce is anticipated for this evening. Lucius Wilson of New York has wired that it is impossible for him to get here to speak on the subject. "The Modern Chamber of Commerce," but highly recommended, will be the guest of honor of the evening. C. W. Harnsall, manager of the Port Huron Chamber of Commerce, is a Practical Man.

Mr. Harnsall is a practical man of years of experience, and has met with great success in Port Huron where, under his management, the growth of the Chamber of Commerce has been steady and rapid year by year, until it is now a genuine citizen's institution. The Port Huron Chamber of Commerce, moreover, is now located in fine quarters of its own and is the organization which has undertaken all the patriotic campaigns there during the war.

BAN ON WINDOW

LIGHTING REMOVED, SAYS RETAIL ASSN.

Restrictions on window lighting have been lifted by the Hydro-Electric Commission, effective Monday next, according to J. C. Beesmer, of the London Retail Dealers' Association, who stated to The Advertiser last night that through the efforts of the Retail Dealers' Association of Ontario the ban had been lifted. No announcement has been made by the local hydro commission as yet.

Officials of this association had approached Sir Adam Beck, he stated, and as a result all retail stores in Ontario will be free to switch on their lights Monday.

The ban was placed on window lighting last winter, but for the last two or three weeks lighting has been permitted on Saturday nights only.

LAD FRACTURES

LEG WHILE PLAYING

While playing around the yard yesterday, John Beal, a 7-year-old pupil of Lord Roberts School, fell and broke his leg near the hip. He was taken to the home of his father, Arthur Beal, at 338 Central avenue, and Dr. J. Whart attended to his injuries. It was reported in a local paper that his spine was fractured, but this was found not to be the case. Dr. E. Williams was called by the principal of Lord Roberts School as soon as the accident happened. It is anticipated that there will be no serious developments from the injury.

Over 300

FAVORED WINTER COATS

Have Been Reduced
For Quick Clearance

\$19.75, \$25
\$35, \$42.50

They are made of Broadcloths, Velour, Silvertone, Pompon, Salt's Guaranteed Seal Plushes, Whiteheads, Beavers and Novelties. Selection, quality and styles constitute an opportunity extraordinary.

THE GERMAN NAVY'S FINISH.
WITH the surrender to an Allied squadron of the finest units of Germany's grand fleet, and her submarines, Germany passes from the seas as a first-class naval power. If the coming league of nations decides to police the seas, that business will be attended to by some sort of a joint fleet. We may be assured that until she has proven herself repentant and regenerated, Germany will not be permitted to take part in this policing. Neither will she be permitted to build up a navy with power for the infernal mischief to which her fleets have been devoted for four years. The Hun U-boats have scored their last atrocity, and the surface craft will never again sneak under cover of a fog to a baby-killing.

Germany retires from the sea without a decent act to her credit. The whole record of the Tenth navy during the war is one of barbarism and the grossest brutality. One of the thrilling things of the world's great naval wars has been the fine chivalry that has generally prevailed between the combatants. Not a vestige of this is to be found in the enemy's record. They have fought on the water, as on the land, with the deliberate, systematic slaughterings one associates with an abattoir. International regulations and rules of warfare, drawn up with the object of protecting the non-combatants and the helpless, have been flouted. The most inhumane and infamous conduct has marked and marred every branch of the German naval service. The British and American navies, the two most directly concerned in the whipping of the Hun, have records unsullied by the indecent or the dishonorable. Their sea might has been used to liberate those in bondage and advance civilization. On the other hand, Germany gathered one of the most effective fleets of modern times, with the definite object of enslaving a world, and has scarred its record with the blackest of crimes. When the brave and fair fighter succumbs to superior forces or fighting ability, his surrender holds our respect. Nothing of this will be accorded the German navy, as the world contemplates its downfall. It fought foul, and can have nothing but civilization's contempt.

AMONG THE "ORIGINALS."
IN A RECENT editorial in these columns, the Advertiser made reference to the original units which went to France with the first division early in 1915. The name of that splendid detachment, No. 16, C. A. S. C., in command of Lieut.-Col. W. G. Coles, was inadvertently omitted. Made up of 75 London men, many of whom are even today in France, the army service corps from this city worthily maintained the traditions of the Forest City, as was the case with the 1st Battalion and the 6th Field Battery.

CANADA AND THE PEACE CONFERENCE.
BEFORE Canada caught her breath after the news of final victory was absorbed, the peace "delegates" had been led to the gangplank of an England-bound liner, and started for the conference, which cannot possibly be held for many weeks to come. Even when the conference is in progress there is great doubt that the "delegates" except, possibly, the premier, may sit at the table to discuss settlement, and there is a considerable possibility, as pointed out by Hon. W. S. Fielding, in his Journal of Commerce, that Sir Robert Borden may not be an active participant. One delegation for one nation will be the principle in the Montreal editor's view, and as Canada has no status as a separate nation, but at best is a nation within a nation, she must find representation through the spokesmen for the whole Empire.

But there is a chance that the case of Canada, which is largely that of the whole Empire, this country having no question of German colonies to consider, as has Australia, will be quite well looked after, even if they have to be delegated to Lloyd George or some other British statesman. The latter would show at least as much interest in the hopes and desires of the Canadian people regarding the settlement as Sir Robert Borden and his colleagues have shown. For in these days of strictly autocratic government at Ottawa, it has come to be the rule to ignore the people or their representatives, and to govern the country by means of orders-in-council. One session of Parliament has been held at which the private member was clearly shown that he was not worthy of consideration, only one Conservative or Unionist caucus was called, and when peace became a prospect the people were given no opportunity to indicate their opinions.

A democratic government would have called together a representative number of members from each side of the House, and their views would have been registered in some degree the feelings of the whole people. But today the birds have flown, the voice of the people has never been heard, and the case of Canada rests entirely in the hands of a few ministers, not one of whom has shown the capacity to deal with so great a question from the narrow viewpoint that focuses itself in the well-being of the famous cabinet council.

The people of Canada have been wondering what Borden will say when he is consulted as to the terms of peace. They have only now had an opportunity to think of the matter, but they have gradually been aroused to a determination that the claims of Canada for an indemnity for her losses in the war should be paid by the German people from the great resources they pos-

sess, and which they have conserved since the war by their systematic robbery of the French and Belgians. Canadians are realizing that the disarming of the German soldiers and the delivery of the fleet to the Allied nations means not only the removal of the greatest menace to the world peace, but the removal of the greatest burden of taxation imposed for years upon the German people. The heaviest tithes paid by the Germans have been for the upkeep of the German naval and military machines; since war began Germany has been systematically conserving her own enormous resources by means of the pillage of the lands her armies overran. She has billions upon billions of dollars in natural bounties with which to pay the costs of the war, and the German people must be prepared to settle the bill. Her stores of iron, coal, and potash are tremendous, as shown in the case prepared for Canadian indemnity by W. T. R. Preston, prominent Liberal, and a close student of foreign trade and economics.

The Canadian people have not had an opportunity to register their convictions, but the belief grows that for every dollar expended by this country in the war the German nation should return one dollar. We would be prepared to take payment slowly. A reasonable installment each year would serve to liquidate many of our debts, and enable this country to bear more lightly the heavy burden it must surely carry, unless an indemnity is secured.

But how is the case to be brought home to the peace delegates? Only by the force of public opinion upon the party which holds power. Let every man who believes in an indemnity for Canada communicate with the member for his riding, and force the ebbing of a strong demand for consideration of this phase of peace. At the present time the only intention is to reimburse individuals who have lost property on ships sunk by submarine or some other process of actual warfare. If the individual should be reimbursed, should not the nation? The Allied nations of Europe will collect an indemnity in some form or another. While Australia and other colonies are demanding consideration, Canada should not lag behind.

THE BORDENESQUE BLUNDERERS.
THE CANADIAN Government is adopting a practice which is certain to cause almost universal condemnation through the appointment to positions of importance in connection with demobilization in England and Canada officers who have not had experience in France. No matter what the good intentions of these officers, and considering the fact that many, and perhaps most, of them can be cleared of the charge of having willingly held down a "cushy" or "bomproof" job while the war was on, it is none the less a fact that there are hundreds of officers who have the special talent for handling the demobilization problems directly as a result of their experience with the men at the front, and that these active service officers are being ignored and overlooked.

Ottawa may or may not be making these "Never-Got-There" appointments, because some of the appointees have a strong pull with one or other of the numerous commissions which have sprung up with the fecundity of weeds from the parent plant, the militia department. But the country looks on with a good deal of discomfort and disgust, and continues to wonder how long, oh, Lord, how long will the blunderers continue to do the very wrong thing, when all that is fair and just and sensible points the pathway to do the right thing.

EDITORIAL NOTES.
The surrender of those subs probably drew sob from Milner.

For Beatty and his men Thursday evening was the end of a perfect day.

Every day there comes a new mail from Berlin. The sympathy drive is on.

"Harrowing Times for Kings and Queens."
—Headline. It's a hilarious time for some of the jacks.

Montreal reports much intoxication these days. Doing their Christmas mopping early, as it were.

It would be well to remember that Germany gave in because she was conquered, not because she was converted.

Von Tirpitz escapes from Germany by removing his whiskers. Wait until the Bolshevik learn of that desecration.

Lord Reading says the Germans will still require much watching. That is why the Allies have set a watch on the Rhine.

Hoover says the Germans are not as hungry as they pretend to be. That is good news for Northern France and Belgium, where there is no pretence about it.

FROM A FUTURE NOVEL.
[Life.]

Their eyes met.
With a great sob she sank into his arms.
"Cursakoff yours!" he cried.
He kissed her again and again.
"Ahaski!" she sneered.
"At last!" he exclaimed.
"Gawdski!" he exclaimed.
"All my life I have been a vitch a dampfool!"

MILITARY EXERCISE.
[Baltimore American.]

"My daughter is taking fencing lessons and you should see how she can fence."
"That's nothing. You ought to see how mine can throw a fit."

NO MAIL SERVICE, ANYHOW.
[Indianapolis Star.]

Willie Hohenzollern (after Berlin fell)—"But, mein friend, I want to write a letter to papa."
Yankee Guard—"Nottin' doin', Helme. We don't have a stationery around here."

ONE ON THE RABBIT.
[Washington Star.]

"You seem to have lost your faith in a rabbit's foot."
"Well," replied Mr. Ernest Pinkley, "I don't think it over. An' de more I thought, de more I couldn't figger dat de rabbit wot furnished de foot had been lucky for his ownse'f."

FIGHTING WORD IN PITTSBURG.
[Indianapolis News.]

"What shall we name the baby?" asked Nick Patsigsky of Pittsburgh, when his relatives and friends gathered to attend the christening.
Daniel Lorek, a cousin of the proud father, said "Wilhelm," and the christening ended in a free-for-all fight.

Answer This!

When you have indigestion you never take a lung medicine. Why, then, when you have a cough, a cold or bronchitis (lung troubles) do you swallow things down into your stomach? It is a mistake, and the Peps treatment for colds, bronchitis and asthma, etc., corrects this mistake. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not alling.

On the face of it, is not this treatment of coughs and colds more rational than the old-fashioned way? Peps are recommended by doctors, by nurses, by people in authority everywhere, who once having tried this new treatment will never go back to the old form. We could send you books of testimonials, if you would like to read them, but one trial of Peps will give you more personal satisfaction than lots of reading about what others say. 50c. box, at druggists and stores. Remember the name—just four letters—

Peps Auto Stop SAFETY RAZOR

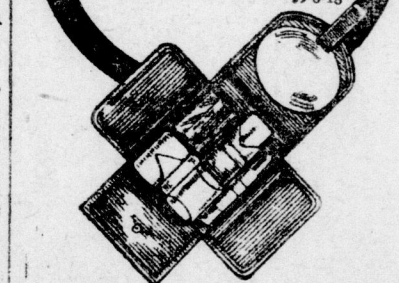

Of Supreme Necessity

Every soldier's kit must contain certain things if he is to present that smart appearance which is so necessary in our Army. Of these probably the most important is his razor—it must "stand up" under all conditions—it must be ready at all times so that he can get a clean, velvety, comfortable shave in the shortest time. This is only possible with the AutoStop Safety Razor because it is the only one that sharpens its own blades automatically.

Include an AutoStop in your next Overseas package.

Christmas Suggestions

This Christmas Give Furniture

Get One For Hubby

These big massive Fire-side Chairs make ideal gifts for the men; made right in our own workrooms by expert upholsterers, built for solid comfort.

YOUR DUTY THIS CHRISTMAS WILL BE TWOFOLD

FIRST—You must begin now to prepare your home to welcome the boys back. There is nothing that will give them a more cheerful welcome than a well-furnished, good, comfortable home. Let us assist you in preparing yours. We have one of the largest stocks of Dining-room, Living-room, Bedroom Furniture and Rugs in the city.
SECOND—It is a patriotic duty to give useful gifts. What is more useful than Furniture? Not only useful, but lasting. Then let your gift be something for the home this Christmas. If in doubt as to what to give, or if you are of the impression that you cannot afford to buy a piece of Furniture, just drop in here and see what you can buy for the money you have to spend.
CONSIDER THESE GIFT HINTS—A big, comfortable Fireside Rocker for mother or dad; a Hoosier Kitchen Cabinet, an Electric Vacuum Sweeper or an Electric Reading Lamp for wife; a Dressing Table or a piece of Hand-painted Nippon China for sister; Toys for the children—Rocking-horses, Blackboards, Child's Morris Chairs, etc.
A small deposit will hold any article for Christmas delivery.
SHOP EARLY—We accept victory bonds the same as cash.

NEWS OF THE SPORTING WORLD

PATRIOTIC BOXING BOUTS NETTED BIG SUM FOR CHARITIES

Jim Coffroth Leaves for Home In California Pleased With Campaign.

NEW YORK, Nov. 21.—James W. Coffroth, California boxing promoter, who came to this city to direct the national boxing campaign for the united war work campaign, left this afternoon for home. Coffroth will stop off at Washington, and after a day of two will continue on his journey.

Mr. Coffroth declared that he was greatly pleased over the outcome of the boxing program which he directed for the campaign. While he hesitated to give any definite estimate of the amount of money received through this branch of sport, the promoter declared that an outlook for success had been reached.

Bouts were held in practically all of the large cities of the country, and there are others where boxing carnivals are still to be promoted for the fund. These after, Coffroth states, would make their efforts direct to the sports committee of the united war work campaign. Scores of boxers volunteered their services, some of them even cancelling engagements from which they would have earned several hundred dollars for their work in order to appear in shows for the war workers.

The New Up-to-date Cuticura Method

CANADIAN RACE STARS OWNED BY J. K. L. ROSS RETIRED FOR SEASON

Billy Kelly, War Pennant, War Marvel and Others Go To Maryland.

Commander J. K. L. Ross of Montreal will campaign a dozen or more horses at Bowie track during the get-away meeting of the eastern season, which is on at the Southern Maryland Agricultural Association track, but the stars of his stable, the strongest racing establishment by long odds on the continent, he will ship from Pimlico to his place in Howard County, Maryland, this week to lay up for the winter. The horses that will go into retirement immediately are the brilliant four-year-old Cudgel, the two-year-olds, Billy Kelly, War Pennant, War Marvel, Milkmaid and Sir Barton, and the three-year-old Foreground.

The three-year-old Boniface is one of the horses Commander Ross will race at Bowie track, along with the two-year-old Dottie Vandiver, Monomoy, Canoe, Corn Exchange, and three or four others. Boniface is the best of these prospective Bowie runners. He is a son of Transval, which Commander Ross bought at Saratoga, and he is just coming to hand after three or four weeks of inaction. He ranks with the best of the overnight handicappers in training just now, and the heavily-cushioned course at Pimlico George's Park should suit him admirably.

There was a rumor at Pimlico that Cudgel had been going lame. This is said to have no basis in fact, but it is claimed that Cudgel is retiring for the season in good shape.

WITH THE BOWLERS

SPRAMOTOR LEAGUE.			
Tool Makers	Won.	Lost.	Pct.
Tool Makers	7	2	.778
Operators	3	3	.500
Office	3	6	.333
Inspectors	2	7	.222

The Operators won two out of three games from the Tool Makers in the Spramotor Bowling League at the Nationals alley Thursday evening. The Operators had little trouble in winning the first contest of the evening, but the second game was won by one lonely pin, the Tool Makers having 753 points and the Operators 754. The last game went to the Tool Makers.

Watts was the high man, having 547 points to his credit when the games ended. Begg was next in line with 497. The Has-Bena and the Nationals will play a postponed game tonight in the City Bowling League.

THISTLE CLUB WILL HOLD ANNUAL MEETING TONIGHT

The annual meeting of the Thistle Club, Limited, will be held at the club rooms on Monday. The board of directors will be named and the officers of the Thistle Curling Club and the Thistle Bowling Club will be elected. All members are requested to attend.

The report for the past year will be presented by the secretary, and a number of important business matters will be brought to the attention of the members.

TORONTO CANADIAN LEAGUE FRANCHISE IS UP FOR SALE

Toronto Beavers of Canadian League To Be Sold by J. J. McCaffery.

TORONTO, Nov. 21.—Since there is talk of reorganizing the Canadian League and resuming operations next season, does anybody want to buy a perfectly good Canadian League franchise which is free of all encumbrance and guaranteed to be in much better condition than some others, financially and otherwise, that have been in moth balls since "Wilhelm Hohensallin" set out to Germanize the world?

It may be had cheap and welcome. Apply to J. J. McCaffery, who planted and carefully tended said franchise in Toronto when there was danger, or thought to be danger, of a federal league invasion. The franchise was operated at the lamented Motordrome on Greenwood avenue, and at the Island Stadium when the Leafs had their backs turned. It cost a lot of money to make a show of front to the federal bogey, but the Toronto club is willing to forget all that for a reasonably attractive amount of ready cash. Furthermore, the Toronto club agrees to permit its new league territory to be invaded for other consideration provided the Canadian League of 1919 shows that it means business.

EIGHT AMERICAN BOXERS WILL FIGHT IN ENGLAND

NEW YORK, Nov. 20.—Eight members of the United States army and navy boxing team, who will engage in contests in London December 11 and 12 with English and French boxers, have sailed for the British capital, where they will meet other members of the team of eighteen, who are in the service overseas.

Included in the party were "Pat" Moore of Memphis, Tenn., bantamweight; Ritchie Mitchell, and "Billy" Whalen of Milwaukee, and "Cal" Delaney of Cleveland, lightweights; Otis Bryant of St. Louis, welterweight; "Denny" O'Keefe of Chicago, middleweight; Andre Anderson and Jack Heinen of Chicago, heavyweights.

BRAVES TAKE GAME FROM THE BROWNS IN C. A. C. LEAGUE

THE STANDING.			
	Won.	Lost.	Pct.
Leafs	4	1	.800
Browns	2	2	.500
Maroons	2	2	.500
Braves	1	4	.200

The Braves captured a game from the Browns in the Catholic Athletic Club Basketball League Thursday evening by the score of 32 to 14. Mohan and L. Callaghan were the stars for the winners, both lads playing a good game. Feeney was responsible for ten points of the fourteen scored by the Browns. In the first half of the game the Braves rolled in 22 points. The Browns were closely checked, and were only allowed three baskets.

The Browns and Leafs will play Monday evening. This promises to be a fast game, as Mascari's Leafs are leading the league, having won four games and lost one. The Browns are second in the league, and should put up a hard fight against the league leaders.

The teams and scores:

Braves: Fisher, Jr., 4; Cook, Jr., 2; Feeney, Jr., 10; Mohan, Jr., 12; Killingsworth, Jr., 6; Callaghan, Jr., 13; Henry, Jr., 0; O'Hara, Jr., 1; McKough, Jr., 0; L. Callaghan, Jr., 2.

Browns: 14. Half-time score: Braves, 22; Browns, 6.

Summary—Final score: Braves, 32; Browns, 14. Half-time score: Braves, 22; Browns, 6.

Referee—McCartney.
Scorer—N. Coughlin.
Timekeeper—Mike Sansone.

SCOUTS DEFEATED BY HUNTERS IN HARRIER BASKETBALL LEAGUE

THE STANDING.			
	Won.	Lost.	Pct.
Hunters	3	0	1.000
Trappers	2	1	.667
Anglers	2	1	.667
Scouts	0	3	.000

The Trappers defeated the Anglers by the score of 18 to 6 in the Harrier Basketball League at the Y. M. C. A. Thursday evening. Ginsberg played a good game for the winners, scoring three field baskets.

In the first half of the game the Trappers kept the Anglers closely checked, and Scott's crew failed to score a single basket. The winners rolled up ten points in the first period, and eight points in the second half of the game.

The second game of the evening ended with a victory for the Hunters. Both teams showed up well in this contest. Taylor scored eleven points and Henderson six. Stephens and Roberts showed up well for the Scouts.

The teams lined up as follows:

First Game—			
Anglers	Hughes—2	L. F. Squarebridge—2	
Trappers	M. Clinger—0	R. F. Ginsberg—6	
Scouts	Scott—0	Centre—0	Markie—4
Lightfoot—2	L. D. R. Clinger—0		
McGeough—2	R. D. Roberts—2		
Browns	0	Sub. Roberts—4	
Total Score—Trappers 18, Anglers 6.			
Second Game—			
Hunters	Taylor—11	L. F. Stevens—9	
Scouts	Arscott—4	R. F. Roberts—2	
Henderson—6	Centre—0	Camp—0	
Smith—0	L. D. Weir—3		
Ferguson—0	R. D. George—4		
Parkinson—0	Sub. George—4		
Lee—0	Sub. George—4		
Total Score—Hunters 21, Scouts 13.			

PRESTON WILL ENTER TWO TEAMS IN O. H. A. THIS COMING WINTER

Frank Church Is Re-elected President—W. Halberstadt Will Manage Juniors.

PRESTON, Nov. 21.—The hockey meeting held here last night at the Central Hotel, was largely attended and went to show that the town sports are still interested in hockey. Preston will not have a senior team this year, but instead will enter intermediate and junior teams in the O. H. A. The prospects look bright for a strong junior team, while a number of the old senior players are in town, and they stated at the meeting that they are ready to go out any time for practice. President Frank Church was re-elected. A. Schlegel was elected secretary-treasurer. Messrs. Schlegel and Buck Bowman will have charge of the intermediates, while Wm. Halberstadt will manage the juniors. A committee was appointed to interview the arena management to arrange for practices.

TURNER GETS DECISION OVER NEGRO HEAVYWEIGHT

BOSTON, Nov. 21.—Clay Turner, the Indian heavyweight, was awarded the referee's decision over Norfolk, the Panama negro heavyweight, here tonight at the end of twelve fast rounds. Turner's long left caused his rugged opponent much annoyance, and the Indian rolled up many points before Norfolk's superior strength and endurance began to turn the tables his way. Norfolk was fast overcoming Turner's early lead when he became careless, and Turner crossed a right to the jaw that sent him to the mat. This happened in the last round. Norfolk was a trifle dazed when he got on his feet, and Turner rained blows upon him, but could not score another knockdown.

GRAFTON & CO., Ltd.

MANUFACTURERS OF HIGH-GRADE CLOTHING

Greater Variety and Larger Stock of OVERCOATS At Grafton's Than in Any Three Stores Combined

Until you actually see and inspect GRAFTON'S stock with your own eyes you cannot conceive of such a wonderful assortment of Overcoats and Suits as we are now showing.

It's the GRAFTON way of merchandising that makes this great variety possible. You must bear in mind, also, that all our Overcoatings, Worsteds, Tweeds, Serges and Linings were bought before the heavy advance in prices, and sold direct to you at manufacturers' prices of two and three years ago, so if you want your dollars to count to the utmost—if you want to wear the Finest Clothes Made in Canada for Canadians,

GRAFTON'S IS THE PLACE

Cold Weather Overcoats

Convertible collars, some with heavy tweed linings.

\$12.98 to \$25.00

WOUNDS PROVE FATAL

PT. GORDON EARL GOLBY died of wounds on November 6. This word was received by his parents, Mr. and Mrs. John Golby, 30 Charlotte street, Pte. Golby left on with an Army Medical Corps as a later joined a Field Ambulance Section. He had been on active service in France for two years. His death was due to the effects of gas and wounds. Prior to enlisting he was employed at the postoffice as clerk for three years. He was twenty years of age and is survived by his parents, three sisters, and one brother, all at home. He was the eldest of the family.

POLICE COURT GETS \$60 OF REAL MONEY AS RESULT OF RAID

Girls and Man Caught in Disorderly House.

Mrs. Ethel Prashau was fined \$25 and costs in police court today for keeping a disorderly house at 354½ Richmond street. Miss Belle Riddell was fined \$10 for being an inmate, as was Mrs. Babe O'Nard. Tommy Merat paid \$15 for the privilege of being among those present when the raid was made in the wee small hours of this morning by Sergeant MacDonald and Constables Wm. McDonald, Roy Monteth and Ernest Black. Two returned soldiers who were also caught were allowed to go.

"We wasn't doing no harm," said Mrs. Prashau. "We are all of the theatrical profession, and sitting up late at night means nothing in particular to us."

"I am afraid you are bad actresses," commented Deputy Magistrate H. H. Bartlett as he handed out his decision.

RIFLED TILL WHEN PROPRIETRESS OUT

Weanest Man Again Appears in City.

The weanest man in town had again made his appearance this time in the guise of a soldier. His little "skit" games was put over on Mrs. Bruce who keeps a small store on the corner of Hill and Waterloo streets. Early this afternoon he got the proprietress out of her store for a minute to get a box to put some things in, and then rifled the till of \$7. Although he managed to make his escape, the police have a good description of the man, and his arrest is expected to follow.

DEATHS AND FUNERALS

BURIED AT MOUNT PLEASANT.

The funeral of Charles Louis Mountjoy, husband of Amelia Pearl Mountjoy, youngest son of Mrs. Amelia Mountjoy, formerly of South London, but now of Hamilton, who died in Windsor, November 14, was held privately Thursday afternoon at 1:30 o'clock. Interment was made in Mount Pleasant Cemetery. Rev. H. H. Bingham conducted the services.

The pallbearers were: Archibald, James and William Mountjoy, brothers of the deceased; Fred E. Parsons, Herbert Parsons and Stephen Merritt.

DIED IN SASKATCHEWAN.

William Watson of 23 Beatrice avenue received a telegram yesterday stating that his wife had died in Tugue, Saskatchewan, from peritonitis.

The body will be shipped to this city for interment. She is survived by her husband and one little daughter, Irene.

FUNERAL OF T. C. DOBBIN.

The funeral of Rev. T. C. Dobbin, son of the late James Dobbin, who died in the Toronto General Hospital on Wednesday in his 69th year, was held this afternoon from the residence of his sister, Mrs. George Wood, 321 Central avenue, Interment was made in Mount Pleasant Cemetery. Rev. David Rogers conducting the services at the house and grave.

FUNERAL OF MRS. HOSKIN.

Mrs. Hoskin, widow of Philip Hoskin, who died in Toronto at the family residence, 253 Gerrard street, on November 19, was buried this afternoon in Mount Pleasant Cemetery. Rev. Canon C. R. Gunne conducted the services. Mrs. Hoskin was resident of this city until several years ago, when, with her family, she moved to Toronto.

DEATH OF MRS. TREGENZA.

The death of Mrs. Tregenza, wife of Roy Tregenza, occurred yesterday morning. Mrs. Tregenza was apparently in good health, and it came as a shock to her relatives when they found her dead in bed. Mrs. Tregenza is survived by her husband, two daughters, Lella Reid and Elizabeth Reid, and one son, Gordon James Reid, one sister, Mrs. James Marr of Dorchester, and two brothers, A. St. Clair of Aylmer and Marshal St. Clair of Dorchester.

The funeral will be held at 1:30 o'clock on Saturday from the family residence, 420 Horton street, to Bannan Cemetery, near Dorchester.

DEATH OF MRS. PEACOCKE.

The death of Isabelle Peacocke, in her 75th year, occurred at the residence of Dr. F. H. Mitchell of Kilworth, on November 20. Mrs. Peacocke was formerly of Delaware village. The body was forwarded to Delaware for interment.

FUNERAL OF MISS VON BROCK.

The funeral of Miss Hildegard Von Brockhoff, deceased, who died in New York, was held this morning at 10:30 o'clock from the residence of Mrs. John Beattie, South London, to Woodland Cemetery. Rev. Dean Davis conducted the services. Miss Von Brockhoff was deceased in St. James Anglican Church, South London, prior to going to New York, where she was engaged in philanthropic work.

FUNERAL OF A. A. WARD.

The funeral of Aubrey Allister Ward, who died in Victoria Hospital on Wednesday from pneumonia, was held this afternoon from the residence of his parents, Mr. and Mrs. Lewis Ward, 7 Oxford street. The funeral was of a private nature. Interment was made in Mount Pleasant Cemetery. He is survived by his parents and wife, Mary Ward.

DEATH OF MRS. POWELL.

The death of Mrs. Elizabeth Powell occurred at her home, 1000 Home on Thursday in her 75th year. Mrs. Powell was formerly of Atten. The funeral arrangements have not yet been made.

CLEARINGS INCREASE.

The bank clearing for last week were \$3,421,204, and for the corresponding week last year were \$2,098,595, which shows an increase of \$1,322,609 over last year.

COAL CAUGHT FIRE.

Coal caught fire in the Technical School early this afternoon. It did not take the firemen long to put it out. There was no damage.

MASQUERADE DANCE.

The jolly masquerade dance given by Messrs. Dayton & McCormick at their Palace Academy Wednesday night was one of the most pleasant affairs held in London this season. Over 400 guests were in attendance, nearly 300 being in costume. A splendid program was rendered by the orchestra.

SCHOOL EARLY THIS AFTERNOON.

School early this afternoon. It did not take the firemen long to put it out. There was no damage.

SELECTED EGGS, CHOICE CREAMERY AND DAIRY BUTTER, POULTRY.

IT WILL PAY PARTICULAR GROCERS AND BUTCHERS TO ORDER FROM
C. A. MANN & CO., 78 King St. Phone 1577
Canada Food Board License No. 7-078.

Our Standard of Quality For Flour and Feed Is Unsurpassed

We spare neither time nor trouble in the preparation of our poultry feeds for laying or fattening. All are prepared from formulae long tested by leading poultrymen in Canada and United States. You take no chances in buying our feeds. We see to it that proper ingredients are mixed in proper proportions to give the best results. If you keep your hens healthy and comfortable and feed properly they must lay. We strongly advise feeding Scratch Food in a litter of straw or chaff. Fowl should have free access to shell, grit and pure water. We are getting very pleasing reports from those using our Hog and Cattle Feeds. We have some good Potatoes on hand. Call and see them. A full line of stock and poultry conditioners always in stock.

Canada's New Game

Canadians in the immediate future are to be given a fascinating new game to play, the most interesting and universal variation of the "thrift" game, which even with four years of war has yet been introduced. The new game is for everybody, rich, poor, old and young, men, women and children. It is played with money, and, like the Victory Loan, everyone who enters this game is going to serve Canada's best interests and meet Canada's need. Like the Victory Loan, this new game richly blesses the one who invests in it by causing the money to be contributed to earn still more money.

The new game, however, differs from the Victory Loan in one important respect: Everybody with a spark of patriotism wanted to have a part in that Victory Loan. Everybody with business instinct recognized it as a valuable investment.

Every province in Canada would not have exceeded its objective unless people gave practically to the limit of their ability to purchase at least one fifty-dollar bond.

At that, ever so many were barred from the Victory Loan, because they didn't have \$50 in eight within the time of completing payment. The individual will be very short of funds indeed who can't have a share in

WAR SAVINGS AND THRIFT STAMP INVESTMENT

Immediately, a war savings and thrift stamp campaign is to be launched throughout the Dominion to show the people of Canada the advantages of seeing their money grow in this way and also the patriotic obligation to help finance the country's reconstruction before coming to a period.

Concerning the first part of the proposition, seeing money grow through investing in war savings certificates or thrift stamps, during a short visit to London a few days ago, Sir Herbert Ames stated that after December 2, it will be possible to buy in any of the banks for the sum of four dollars a war savings certificate which at the end of five years can be cashed for \$5. This means that instead of being frittered away, or bearing interest in a bank at three or three and a-half per cent, four dollars paid out for a war savings certificate will yield five per cent interest.

Lots of people who couldn't dream of buying Victory Bonds will be able to save at least enough to buy one war savings certificate a month.

A second advantage about these war savings certificates is that they are always convertible at par. That is, they can always be cashed for the amount paid, plus the interest. An inducement not to cash them till they have matured lies in the fact that the longer they are left, the higher the rate of interest. The first two years, the rate is to be equivalent to three per cent.

"Supposing I should lose my war savings certificate, or have it burnt or stolen, then where would I be?" asks the thrifty soul who is wise enough to take everything into consideration before putting in money.

One of the great advantages about the war savings certificate proposition is that it is ABSOLUTELY SAFE. When you get one or more stamps, you go to the postoffice and get your certificate registered. If you lose it or it becomes destroyed after that, you simply go back and claim your money. No one else can get the cash to the value of the certificate but yourself.

WHAT ABOUT THRIFT STAMPS?

These are going to be still more interesting as a game than the war certificates. If you walk instead of riding on the street car three times downtown and four times home, then you can take the quarter saved and buy a thrift stamp and paste it on a card divided up into sixteen squares. When you deny yourself a bitter sweet sundae on two and a-half occasions, then you can have another thrift stamp. When you have twenty-five cents in change coming back to you after your purchases are made, it is very probable the clerk will say in the near future, "Would you care to have a thrift stamp?" The same thing is likely to happen when you are buying a railway ticket or theatre or concert ticket. And neither the stores, the railroad companies nor the theatrical or concert agencies are making a cent out of it. All the benefits accruing go to yourself and the country.

When your sixteen squares are all filled up with the stamps you have bought by little economies which haven't pinched in the least, then you can exchange this card which represents four dollars for a war savings certificate, which at the end of five years will be worth five dollars.

Doesn't this sound like an interesting game?

THEY LOVE IT IN THE STATES.

They like it so well over in the United States that it is said while there were only 57,000 stamps sold in the first month after it was introduced over there, more than 49,000,000 people, old and young, and with all kinds of incomes, were carrying war savings certificates and thrift stamp books before the end of the first year.

It is purely to encourage people to save that the Government is launching this plan.

Now that the war is over, as everybody knows, a tremendous amount of reconstruction work requires to be done. Canada must more than ever depend upon herself and her own resources. In other words, Canada must pay for her own reconstruction work, because borrowing capital is not available in England or the United States.

Instead of saying to England: "Please, mother, lend me the money," Canadians will require to raise the wherewithal themselves. The Government won't need another \$500,000,000 such as has been raised for the Victory Loan, but it will probably require \$100,000,000 for reconstructions, and this it is looking for from big moneyed interests, but from the citizens as a whole, children in the schools, men and women in factories, laborers, lawyers, doctors, merchants, capitalists of industry, everybody altogether, joining in the game of war savings certificates.

"Thrift saving economy to help the state is as good doctrine after the war as during the war," sagely remarks one of Canada's most prominent citizens.

Ontario is to be divided into three sections for the war savings and thrift stamp campaign, including twelve counties, for which George M. Reid, who was head of the London District Victory Loan campaign committee, has been appointed chairman. Four names have been associated with him as the nucleus of a strong campaign committee, made up of representatives from each of the twelve counties. The names of these are J. J. Foote, Mrs. A. T. Edwards, Mayor C. R. Somerville and E. S. Little.

A "Little Mother's" League

A well-known London woman sends in an "idea" for the Consumers' League page this week, which she thinks might well be worked out, not only in this city, but in every community in Western Ontario. The idea is to give little girls a thorough course of training in the care of infants and children. Further, she announces she would be glad to offer a five-dollar gold piece as a prize to the little girl in the first-class held who achieved the highest degree of proficiency in the course.

When Child Welfare work was inaugurated in London about a year ago, the idea in mind of the promoters of the exhibit and subsequent association was to organize in time training classes along these lines, or to endeavor to interest the educational authorities to the extent of having some time given to mothercraft classes for girls in the schools under the direction perhaps of the school nurses. The correspondent, who revives the idea this week, says, "I was in Winnipeg some years ago when a number of little Winnipeg girls enrolled in what was known as 'The Little Mothers' League' at the conclusion of a course in the care of children. Membership diplomas were officially presented, each diploma bearing the seal of the city, the signatures of the heads of the health department, and the nurse under whom instruction was received. The great value was pointed out of such a training as the girls had received to the race as a whole."

A clipping from a Winnipeg paper was enclosed which had the "little mothers" yell:

"Who are, who are, who are we?
Little mothers, don't you see?
Do we like it? Well, I guess,
We'll save the babies, yes, yes, yes."

POULTRY-RAISING AT '60 BELOW.

Apocryph "Keeping Canada's food pledge" discussed in our Consumers' League page last week, and releasing as much as possible of essential foods for British and hungry European nations, in the fall of 1918, when women were first beginning to give their serious attention to the subject of winning the war in their own kitchens and waging war on the Kaiser in their own war gardens, several articles appeared in our newly inaugurated department on one way of aiding greater production by poultry raising. Miss Lillian Nicholson, who is writing a series of articles for this page at the present time, told how poultry might be raised in a city backyard, where it is a profit, and without being offensive, through exercise of every possible sanitary precaution. Miss Nicholson, it will be remembered, was brought to London to address one of the first meetings of the Women's Gardening Association by the organizer and first president, Miss Carling. It was Miss Carling who also introduced Miss Nicholson to our Consumers' League, and thanks are due to Miss Carling again for effecting an introduction between our department and another woman poultry raiser who has achieved exceptional success, Miss C. E. Plummer of Elstow, Sask.

Miss Plummer says: "It might be interesting to read about chicken raising in a district, where in the coldest months of the year the thermometer registers 58 to 60 below zero."

The way in which she insures the safety and comfort of her chicks in cold weather will be told in a later edition of our Consumers' League. In the meantime, she tells of the provision for feed she has been making for her brood: "Of course," she writes, "you know all about the difficulty of getting hen feed when not on a farm. This year I have been procuring my feed by cleaning at the 'setings' of the straw stacks in the fields after the threshing outfit has drawn off the farms. Sometimes it has taken me a day to finish one farm. I have also put in several days stacking for some of the neighboring farmers for hen feed."

"I am sure poultry-raising is a business, in which, with patience and perseverance combined, success is sure to come. I once heard that fowls needed to be raised on four G's, Grains, Grits, Greens and Gumption, but I think there is still another G, energy."

It is very clear that any young woman who will glean in the fields and stook grain for days to get feed for her chicks has gumption and energy and Grit, as well, if the pun can be pardoned.

Next week in this page we will learn from Miss Plummer how it was that she was able to tell a neighbor one bitterly cold day that her hens were "laying, not dying."

The Story the Newspapers Tell!

Now that the Germans and Austrians have laid down their arms and cried for mercy, it is up to this country to supply the necessities of life to those starving countries. This means that millions of extra pounds of food must be fed this winter than of a year ago. THINK WHAT THIS MEANS! Tons and tons of foodstuffs must be shipped overseas at once. WHAT WILL THIS MEAN TO US? Will there be a SHORT-AGE OF FOOD IN THIS COUNTRY? It is a wise person who prepares now for what may come in the near future. We are selling tons of groceries tomorrow at bargain prices. Take advantage of this opportunity and stock up.

FEDERAL AID FOR
TECHNICAL EDUC.

Dominion Association Will Urge Ottawa to Assist.

OTTAWA, Nov. 21.—The Dominion Educational Association will appoint a delegation to wait upon the Government, probably tomorrow, to ask for federal aid in forwarding the technical and vocational school movement. This was decided at the session of the conference today. They will ask of the Government and Parliament of Canada immediate co-operative steps of a nationally comprehensive character in respect to technical and vocational education. Rev. Dr. Buchanan suggested that the delegation ask for a grant of \$20,000,000, asserting that anything less would be only "a drop in the bucket." Professor Goodman of Queen's deprecated the low salaries paid to teachers, blaming this fact for the low standard of education in some educational districts.

Mr. Car Owner!

WHAT ABOUT YOUR
BATTERY
STORAGE

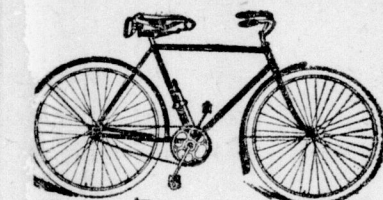

THIS WINTER?

Take the advice of an expert and save unnecessary repair bills or a ruined battery.

We have facilities to take care of your storage battery for the winter by three distinct factory approved processes. Drop in and see our battery man for free advice.

Every storage battery owner should have a copy of the book "The Black Mystery Box Explained." It costs you nothing and is worth dollars to you.

RECORD OF CANADIAN TROOPS
STANDS OUT PROMINENTLY IN
LIST OF IMMORTAL BATTLES

OTTAWA, Nov. 21.—The following statement, showing what has been accomplished, from a military point of view, by the Dominion since the beginning of the war, was issued today by the militia department.

When Canada entered the war on the 4th of August, 1914, she had a permanent force of only 3,000 men and an active militia of 60,000. When hostilities ceased on the 11th of November, 1918, Canada had sent overseas 418,380 soldiers.

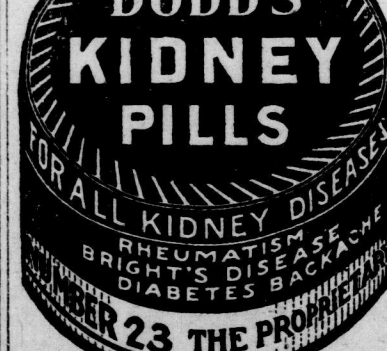

At first Canada supplied a division. This was increased until by 1915 she had in France an army corps of four divisions; a cavalry brigade, and numerous other services, such as line of communication troops, railway troops, and forestry corps.

156,250 in at Finish. On September 30, 1918, the Canadian troops in France numbered 156,250. The cavalry brigade included a strong draft furnished by the Royal Northwest Mounted Police.

The Canadians engaged in the United Kingdom and France, in constructing and operating railway lines, and in cutting down forests and milling timber, number about 50,000.

Of the royal air forces, some 14,600 or 15,000 were raised and trained in Canada; in addition many joined the R.A.F. after going overseas in the Canadian Expeditionary Force.

Over 211,000 Casualties. On October 31, 1918, the casualties numbered over 211,000. There have been over 50,000 deaths, 152,000 have been wounded, and when hostilities ceased 2,300 were prisoners of war.

The roll of Canada is:

1915—Second battle of Ypres (April and May).
1915—St. Eloi (3rd to 10th April); Sanctuary Wood (2nd and 3rd June); Hooge, (6th, 6th, 13th and 14th June); battle of Somme (September, October and November).
1917—Battle of Vimy Ridge (9th to 13th April); battle of Arras (April and May); capture of Monchy-le-Frank (26th, 27th, 28th August); breaking of the Hindenburg line (29th and 30th September); capture of Cambrai (20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th October); capture of Valenciennes (25th October-2nd November); advance and capture of Mons (21st-11th November).

Continued From Page One

DECKS CLEARED

Germany's downfall. They showed no elation and seemed to feel a sort of contemptuous pity for the fallen giant of the sea who had refused to fight. Their imagination dwelt on the foe's shame. The German ships were sighted by the allied columns, 9:20 o'clock docked following their British pilot, the light cruiser Cardiff, which, with destroyers and other small craft, had ranged ahead of the allied fleet. The enemy studiously complied with Admiral Beatty's orders, and it was well for their own sakes that they did. Every vessel steaming out to meet them flew battle ensigns and was ready for instant action with the enemy's forces if their mission proved to be other than peaceful. The British fleet, which extended over a line fourteen miles long in the Fifth of North, began to weigh anchor at 1 o'clock this morning. The Scotch mist, which for days had obscured the harbor, was swept away by a stiff breeze, and the moon shone brilliantly out of a clear sky. The ships quickly took their stations in the long double line they held throughout the day. British battle cruisers led the way, followed by dreadnoughts. Admiral Beatty's flagship, the Queen Elizabeth, led the squadron in the northern column. The American warships fell into line behind Admiral

Tip Top Tailors

SUITS and OVERCOATS MADE-TO-MEASURE

You'll Save By Ordering

Tip Top ONE PRICE Made-to-Measure Clothes

THE MAN who is about to pay \$30 or \$35 for his new suit or overcoat can put the difference in the bank by coming direct to Tip Top Tailors. For Tip Top Tailors' clothes are the equal in appearance, style, workmanship and material to the clothes you'll be asked much more for elsewhere. Our one wholesale tailoring price, \$19, gives you a saving that should appeal to every man.

SEEING IS BELIEVING—Come to Tip Top Tailors—see the materials. Spend five minutes of your time, look them over carefully, see how finely we tailor and finish our clothes. Note the trimmings and linings we use, and our tailors will take your measure and give you perfect fit and style.

Suit or Overcoat

Returned Men

Will now find their civilian clothing requirements immediate. They can get the best VALUE AND SAVE MONEY BY COMING DIRECT TO TIP TOP TAILORS.

Extensive Assortment of Winter Overcoating

An almost unlimited selection, comprising new ideas of patterns and materials. Men who appreciate good value, and the men who know how to economize on their clothes, are ordering their Overcoats at Tip Top Tailors—the greatest value in Canada.

A Very Distinguished Merchant Prince Once Said:

"Give the people what they want, when they want it, at the price they want to pay, and you'll get their trade." Very true indeed. When we created the "plan" of selling clothes to measure, at one price direct from our own wholesale tailoring plant, with all unnecessary intervening profits eliminated, we gave the people just what they wanted, and they have responded most generously. This business today enjoys the largest one-price clothes business in Canada.

We Guarantee

Every garment to give you perfect satisfaction in every detail or your money cheerfully refunded. A guarantee that has no "ifs" or "ands"—you must obtain absolute satisfaction.

PROHIBITION BIG
PROBLEM AFTER WAR,

DECLARES CHAPMAN
WINDSOR, Nov. 21.—In an interesting address made before members of the Windsor Board of Commerce this afternoon, Rev. Capt. Arthur Carlisle, who served overseas as chaplain of the 15th Battalion, dwelt with much seriousness upon some of the problems with which the legislators of the Dominion will be called upon to deal following the return to civil life of tens of thousands of Canadians.

The speaker was sure none would deny these men the consideration they are entitled to by reason of the great sacrifices they have made as a result of which Canada now enjoys liberty and peace. He cited prohibition as one of the most important questions which will have to be decided by the Government, and urged that those upon whom the responsibility will fall, lose no time in becoming thoroughly familiar with the situation with which they will be called upon to deal.

WILL TRY TO INDUCE STREET RAILWAY TO OPERATE LAMBETH LINE

In connection with the London and Lake Erie line to Lambeth, City Clerk S. Baker was instructed by the board of control this morning to communicate with Charles Currie, president of the line, with a view to arranging an interview with him when next in London regarding the proposition to have the company operate the line between London and Lambeth. This was decided as a result of a request from the residents of Lambeth that the board of control assist them to secure traffic connections between the two points. Mayor C. R. Somerville thought that the Lambethites should present some concrete scheme for keeping the line open. Controller E. S. Little suggested that an auto bus line would serve the purpose. Controller C. H. Merryfield intimated that Manager C. B. King of the London Street Railway Company had said that he wanted nothing to do with operating the line. "The London Street Railway Company is a most agreeable one," remarked Controller J. M. Moore.

I wish I could tell you what entire contentment there is in owning a New Edison.

We put on a piano selection by the celebrated Andre Benoist. It is Godard's "Second Mazurka." What we hear—those mighty chords, those runs of stirring crescendo, those soothing modulated passages—ah! what we hear is not a mere resemblance, not an imitation of piano tone. It is as much Benoist and his marvelous playing as though the great French virtuoso was sitting there at our own piano. Only this is Music. There is nothing more in music to wish for. There is nothing more to be obtained.

Hear the New Edison yourself. Its "Re-creation" of an instrument or the human voice is really marvelous. Has permanent diamond point, no need to change. Plays all makes of records. Easy terms if you wish.

Wm. McPhillips
238 Dundas Street

The NEW EDISON

"The Phonograph with a Soul"

FACTORY LEGISLATION
SUBJECT OF ADDRESS
AT CITIZENSHIP MEETING

An illustrated lecture that was both interesting and instructive was given by Chief Factory Inspector James T. Burks at the citizenship meeting which was held at the Normal school last evening. "Factory Legislation" was the topic. "Factory legislation dates back 50 years," he said. "It is applicable to all factories of six hands and over. I feel satisfied that from the reports of an inspection that a great deal has been accomplished. Mr. Burks emphasized the fact that the number of accidents must be kept down. 'Nearly 5,000 accidents were reported to us in the year,' said the inspector. 'Mr. Burks was of the opinion that 65 per cent of the accidents could be prevented. In regard to child labor he said: 'In the last two years there have been more prosecutions for this offence than ever before. It is not a good thing for the state.'"

Employees and employers should get closer together, said the speaker. "The brain horsepower is more important than the electric horsepower of the factory."

There is one thing that we must see to and that is the conservation of our employees," he concluded. The lantern slides illustrating his lecture showed various types of safety devices which are, or should be, used in the factory. A fact which he gave which showed the great work being done by the workman's compensation board and which showed the need of having these devices in the factory was that in a year it paid out \$5,000,000 to injured workmen.

Geo. Beattie, in leading in the discussion of the subject, said: "There have been more accidents since the war than in 50 years before." He attributed this to the fact that there was so much unskilled labor employed since the experienced men had gone to the front. "It's a great thing to have unity between the workman and the employer," were his concluding remarks. "It is the small things that count," remarked Frank White of the trades and labor council.

W. H. H. Phillips, the first aid officer at the Grand Trunk car works, told of the first aid work of the accident authorities at the hospital that by bandaging one man's hand properly he had saved it. One factory, he said, did not have a first aid officer. "Real first aid means," he said, "a whole lot of men make it up as a notion, but soon drop it." There was a delay, he stated, in informing the first aid men of an accident in the factory. One man in the car works had to have the bandage on a small cut tied up six times in the forenoon, whereas if he had gone to the first aid officer he would have had it bandaged properly and thus valuable time would have been saved.

WAS TROUBLED WITH BOILS FOR SIX MONTHS

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.

Very few people escape from having them at some time.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton street east, Hamilton, Ont., writes: "I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. B. to all who are troubled as I was."

Burdock Blood Bitters has been on the market for the past 40 years, and manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness

right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 226 North Main Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

London's Largest Homefurnishers

The Ontario Furniture Co., Ltd.

time would have been saved. Wm. H. Hayden, first aid officer at the Grand Trunk car works, told of the first aid work of the accident authorities at the hospital that by bandaging one man's hand properly he had saved it. One factory, he said, did not have a first aid officer. "Real first aid means," he said, "a whole lot of men make it up as a notion, but soon drop it." There was a delay, he stated, in informing the first aid men of an accident in the factory. One man in the car works had to have the bandage on a small cut tied up six times in the forenoon, whereas if he had gone to the first aid officer he would have had it bandaged properly and thus valuable time would have been saved.

MILITARY NOTES

One-half hour will be devoted each day to special instruction in saluting by all units in training in London, state camp orders today.

Lieut. Col. H. L. Milligan, D. S. O., will preside over a court of inquiry to investigate and report on the last illness of the late Pte. Herbert Smith. The inquiry will be held Monday next at Wolseley Barracks at 2:30 o'clock.

Major George King will preside at a court of inquiry called to look into the breaking into the pack stores at the barracks recently.

The attention of all officers and other ranks is called to the necessity of carrying on with duties until 4 o'clock Saturday afternoon. Saturday afternoons are not considered as holidays for orderly room staffs.

Major J. R. Millard, M. C., will preside at a court of inquiry to ascertain and fix the responsibility for the breaking into the A. M. C. storeroom on the evening of November 6.

Madam DENT'S GLOVES please men as well as women. An extra pair of DENT'S is always welcome and the compliment of receiving the best make of gloves is sure to be appreciated.

LETT AND DOUGALL ARE FOUND GUILTY OF EXPRESS ROBBERY

Other Members of Trio Will Be Tried for "Receiving."

TORONTO, Nov. 21.—John Lett and James Gordon B. Dougall were found guilty by a jury in the assizes this afternoon of the theft of \$20,000 from the Canadian Express Company. Dougall, who was strongly recommended to the mercy of the court, was remanded for sentence till tomorrow morning. John Lett has yet to undergo trial on charges of robbing the Union Bank and stealing an automobile.

STEAMER CAMPANIA, ONCE QUEEN OF SEAS, SINKS IN THE FORTH

Breaks From Moorings and Bumps Battleship.

LONDON, Nov. 21.—The steamer Campania, once queen of the seas, has sunk in the Forth of Scotland, during a gale. All on board the vessel were saved.

The Campania broke from her moorings during a gale and collided with a battleship. She sank before she could be beached. The date of the sinking of the vessel has not been made public.

Another Batch Of 19 U-Boats Is Surrendered

HARWICH, England, Nov. 21.—By the Associated Press.—Another flotilla of German U-boats surrendered today to a British squadron. There were 19 submarines in all. The 20th, which should have come today, broke down on the way.

Ex-Kaiser Is Not Extraditable, Says French Authority

PARIS, Nov. 21.—Premier Clemenceau has asked Charles Lyon-Caen, dean of the faculty of law at the University of Paris, to give an opinion on the question whether the extradition of William Hohenzollern, the former German emperor, can be demanded.

U. S. CONGRESS ADJOURNS.
WASHINGTON, Nov. 21.—The present session of congress adjourned sine die at 5 o'clock this afternoon. After passage by the House of the adjournment resolution the Senate approved it by a record vote of 41 to 18.

Opposition to a league of nations was urged late today by Senator Reed of Missouri, Democrat, who, in a speech in the Senate, declared any arrangement that would cause the United States to be embroiled in European troubles was "the most monstrous doctrine ever proposed in this republic."

THE SECRET OF SAVING

lies in spending to the best advantage—getting the most for your money. That is what you do when you buy Zam-Buk, and that is why Zam-Buk is the choice of the good housekeeper and careful buyer.

When you buy Zam-Buk you get 100% medicine—not 5% medicine and the balance "fill up," as in ordinary ointments. This explains why Zam-Buk goes so much farther than ordinary ointments and why the results are so much better. Zam-Buk is soothing, healing and antiseptic. It ends pain, destroys all germs in a sore or wound—thus preventing any danger of blood-poisoning—and grows new skin. A Zam-Buk cure is permanent because it purifies and heals not only the surface skin, but also the underlying tissues, so that there is no possibility of the disease breaking out again.

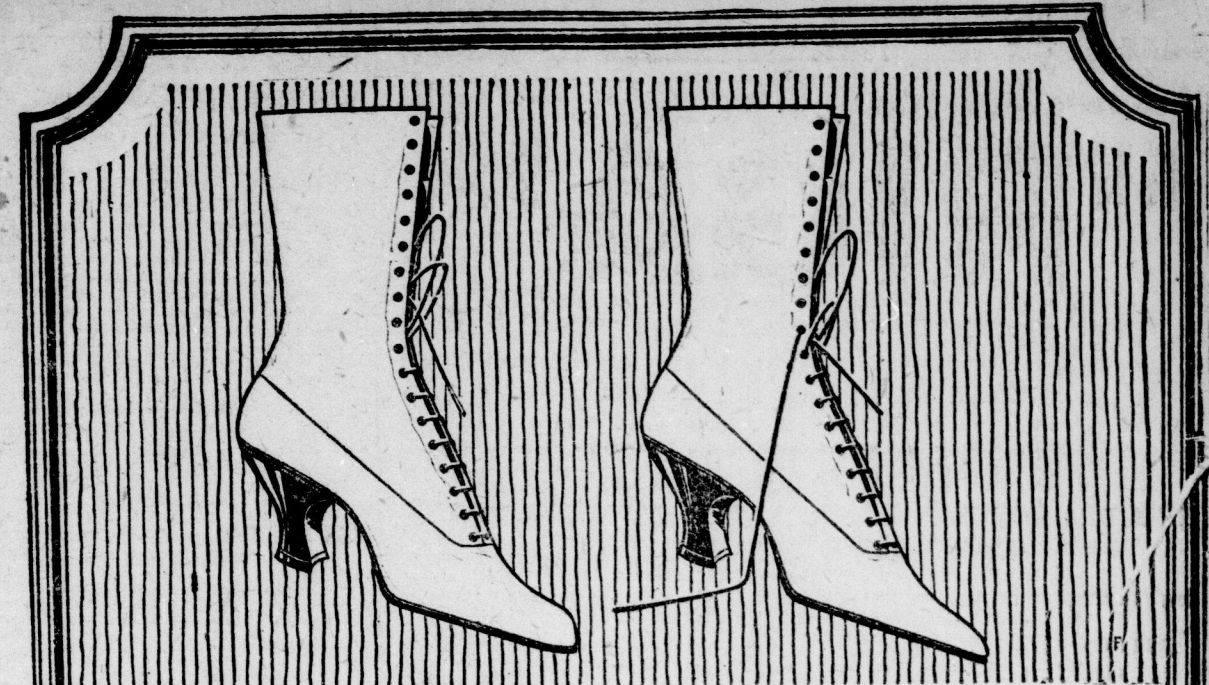

Zam-Buk is composed exclusively of vegetable oils and herbal extracts, with absolutely no animal fat or poisonous mineral drugs, which only irritate the parts they are intended to heal. It can, therefore, be used on the most sensitive skin and is the best balm for baby. It is also best for eczema, ringworm, boils, pimples, ulcers, abscesses, blood poisoning and piles. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Zam-Buk

The New Better and Safer Way to Wash Your Hair

Dandruff is the primary cause of falling hair. This disagreeable condition of the scalp and hair glands is almost certain to cause temporary, or permanent baldness.

Loss of hair may also be ascribed to the use of improper shampoos containing irritating substances, animal oils and alcohol, any of which may produce gradual decay of the hair. Don't use a stale liquid preparation that contains too much alkali (a harmful irritant). The surest, safest and easiest way is to make your own liquid. Buy a carton of Veneor at any drug store. Dissolve one of the small packets into half glass of fresh water and you will have an abundance of non-irritating liquid that will relieve itching of the scalp, falling hair and dandruff also improve the natural color of the hair. Veneor being in concentrated form never spoils and will keep forever.

Correct model for the woman who chooses the short vamp shoe, with narrow or medium toe. All leathers, 8 inch or 9 inch height. Louis or Cuban heels. \$6 to \$12.

Avoid Price Extremes in Buying Shoes

THE measure of economy in buying shoes is the service you get per dollar of expenditure. It is waste to buy shoes which were made to sell at a very low price, and it is equally unwise to pay extremely high prices. Beyond a certain point it is not possible to increase the practical value of a shoe, and when you pay more than a fair average price you are probably paying for "frills."

So we say to you: "Keep in the middle of the road. Don't pay less than \$6 for a pair of shoes today, and expect to get good value. On the other hand, don't think it is necessary to pay more than \$10—or \$12 at the outside."

You probably can judge values for yourself if you will buy for service rather than appearance merely, and if you will be guided by the dealer's knowledge and experience. A quicker and easier way, however, is to look for the manufacturer's trade-mark on the shoes you buy. It is the best guarantee of good value, for the manufacturer's business reputation is behind it.

A.H.M. War-Time Selections offer Special Service Value for Men, Women and Children. Ask your dealer for them.

THE BOLSHEVIKI!

Must We Fight Another War to Save the World From Its Menace?

A shudder runs through the Western nations as they watch the millions of Central Europe plunge from autocracy toward anarchy, and publicists begin to ask if we must fight again—against the new foe.

"Must we save the world from anarchy?" is on every lip, and the fact that such questions as these are being asked everywhere is proof enough that "the war does not end when the enemy surrenders" according to The New Republic. On the other hand, we find the Hartford Courant convinced that the scientific socialism of Germany can never develop the disorder that was bound to accompany the Bolshevism inherited from the old Russian nihilism. And the Boston Globe reminds us that "whereas Russia was predominately illiterate, in Germany illiteracy is less than one per cent."

The leading article in THE LITERARY DIGEST this week deals with the greatest menace that threatens the conclusion of world peace—the Bolsheviki. Other news-features in this particularly interesting number of "The Digest" are:

HOW "THE DIGEST" WILL SERVE YOU IN THE FUTURE

Just as THE LITERARY DIGEST has provided during the long years of war that have just ended the most authoritative and dependable of news articles from week to week, so now, in the wonderful period of reconstruction that lies before us, it will furnish the vital news upon all the great questions of the day in a similarly interesting and comprehensive way. It will cover fully the movements of our troops in Europe, the return of our armies to their native land, the arrangements for disbanding the various

units and restoring their members to civil life, the great readjustments that will become necessary in the worlds of finance, commerce, and industry, the rehabilitation of the wounded and crippled, the means by which they may be made self-supporting, etc. All these and many more allied topics in the social, political, and economic fields, will be treated without bias and with the simple aim of presenting the facts for your consideration and judgment. Study them each week in The Digest.

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

These marks on Rubber Footwear distinguish a Dominion Rubber System Product

WEAR RUBBERS THIS WINTER and Save Your Shoes.

REPEATED soakings take all "life" out of leather shoes. Leather, that has been worn unprotected through rain and snow, soon becomes stiff and hard. The shoes wear quickly—often crack—soon get out of shape.

Rubbers prevent all this. They keep the boots dry—prevent you from slipping on icy sidewalks—and guard you against catching colds.

Wear rubbers this winter—see that the children do so—and save your shoes and protect your health.

There's a style and shape for every shoe—for men, women and children—in these six brands of rubbers, sold by leading shoe stores:—

"Jacques Cartier" "Merchants" "Maple Leaf"
"Granby" "Dominion" "Daisy"

Ask for these brands—they are the best to buy.

WATER SUPPLY FOR SOME OUT-OF-CITY HOUSES IS GRANTED

Commissioner Rearranges Expenses, Relieving Water Department.

Two near residents of the city, who, in fact, live just beyond the northern boundary of the city, and who had applied for water connection some time ago, were granted their request by the public utilities commission at the meeting yesterday afternoon.

Commissioner J. Vining was absent at the time the question was voted on, but appeared later and registered an objection to the action of the board. He also asked that Manager E. V. Buchanan prepare for the next meeting of the commission a list of all non-residents of the city who have been supplied with water since the first of this year.

A readjustment in the charges of the cost of operating in the electrical and the waterworks departments was also made, whereby the waterworks will pay 30 per cent and the electrical department 70 per cent of the salaries of the officials of the commission who do any work for these two departments. This means a decrease in the operating expenses of the water department of about \$4,000. Under the present arrangement 40 per cent for the waterworks and 60 per cent for the electrical department is the basis of the division of salaries charges.

Revision Laid Over. Commissioner Vining's motion, which calls for the revision of the method whereby the cost of the water is determined in order that it may be put, as he says, on a proper basis according to the cost of the water, was discussed at some length, but finally laid over. It was decided to ask Mayor C. E. Somerville, who recognized by the other members of the commission as an accountant of note, to be present at the next meeting, in order that he may give his advice on the subject.

Commissioner Vining intimated that there should be a depreciation fund set aside and also that interest should be charged on the capital investment other than what is covered by debenture issues. Commissioner Mitchell was inclined to agree with him. Chairman P. Pocock and Commissioner T. McFarland were of the expressed opinion that this would be unfair to the present consumers.

Unfair to Consumers. This would make the present consumers pay interest on the money that was invested in the plant out of the funds produced by former consumers. Commissioner Vining contended that as the consumers today have not provided this fund they should pay interest on it. Chairman Pocock thought that this would be manifestly unfair, as the users now are providing funds for the benefit of the future consumers. It was finally agreed to lay the question over.

It was also decided to take charge of the sale of hydro in Broughdale for the end of any year by either party giving three months' previous notice. Under the terms of the agreement the commission does all the business, and after paying all estimated costs will have a surplus from all of approximately \$100. There was some discussion as to whether a new name for the Foster wells, Seven Springs, Wharfedale Wells, Park View Springs, Wharfedale Wells, London Springs, but this weighty matter was also laid over for further consideration. Commissioner McFarland announced that he is negotiating for a couple of buffaloes for Springfield Zoo.

JOY! OH! JOY!

Washington, Nov. 22.—New styles in men's straw hats, based on conservation restrictions of the war industries board, will be permissible next season. The board today announced an order rescinding the restrictions, which would have limited styles in such hats for 1919 to a few standard shapes.

SPANISH INFLUENZA NO NEW DISEASE IS OPINION OF WRITER

Says Even Name Known in Sixteenth Century.

DANGER OF RECURRENCE

Beginning of Winter Time Is When Every Care Should Be Taken.

Two interesting articles on influenza, appearing in the British Medical Journal of November 2 were pointed out to The Advertiser this morning. One on the "Etiology of Influenza" makes the following statement which should be taken as a warning by the people of this city. "The history of influenza affords many instances of a recrudescence at the beginning of winter." It further goes on to say that "with each recurring pandemic the notion that it is a new disease revives. . . . This is only because we have forgotten how severe a disease influenza may be. Peacock, writing of the epidemic of 1847, said that cases complicated by what he called acute capillary bronchitis were always very severe in character, and in debilitated persons proved fatal in a large proportion of cases. The very name 'Spanish disease,' is not new, for the term was

used as far back as the sixteenth century."

Don't Hold Water. The suggestion that the war and the privations caused by it are in some way responsible for the severity of the pandemic will not hold water. The disease has been little, if at all, more severe in Germany and in Austria than in this country, where the restriction of food has been much less, or in South Africa where it has been appreciable. Such infection as the war has had is to be seen in the armies, and is to be traced to the congregation of large numbers of men in huts and billets, and in crowded trains, and in fresh evidence, if that were needed, that the infection is disseminated by personal contact under conditions in which good ventilation is difficult or impossible. The bacillus influenza isolated by Pfeiffer in 1892 has been accepted as the true virus.

The unanimous opinion of the members of the war office conference, that inoculation with a suitable vaccine might be expected to be of value in the control of the incidence and severity of the epidemic will have been read with interest. Deaths are in nearly all instances due to respiratory complications, and the vaccine contains a large proportion of virus which is well adapted for the treatment of subacute cases, although its value in severe cases of secondary bronchopneumonia is not established.

Another interesting article appearing in this journal, entitled "Preventive Advice on the Prevention of Influenza," says, in part, "The disease is transmitted chiefly through the upper respiratory passages; the chief infection is minute attention to the disinfection of the mouth and nose. In the epidemic centre mouth-washes should be used twice a day, the simplest and best method being to wash the mouth and gargle the throat with a glass of warm water to which a little of a solution of chlorinated soda has been added. For the toilet of the nose an ointment of eucalypti or eucalypti in vaseline is recommended. The face and mouth should be washed after each meal, and after exposure to cold air. The value of the closure of schools is doubtful, except for a few days to allow thorough cleansing and disinfection. Will

Selling Out Stock

All winter goods, including Overcoats, Suits, Pants, Raincoats, Sweater Coats, Overall, Underwear, Fine Shirts, Work Shirts, Hats, Caps, Gloves and Mittens

Must Be Sold

Hundreds of people for miles around London are being rewarded for their thrift spirit. This great merchandizing event is putting money in their pockets. It's the talk of the whole City of London and several counties. This S. O. S. will continue until all winter goods are sold.

Don't Hold Water. The suggestion that the war and the privations caused by it are in some way responsible for the severity of the pandemic will not hold water. The disease has been little, if at all, more severe in Germany and in Austria than in this country, where the restriction of food has been much less, or in South Africa where it has been appreciable. Such infection as the war has had is to be seen in the armies, and is to be traced to the congregation of large numbers of men in huts and billets, and in crowded trains, and in fresh evidence, if that were needed, that the infection is disseminated by personal contact under conditions in which good ventilation is difficult or impossible. The bacillus influenza isolated by Pfeiffer in 1892 has been accepted as the true virus.

The unanimous opinion of the members of the war office conference, that inoculation with a suitable vaccine might be expected to be of value in the control of the incidence and severity of the epidemic will have been read with interest. Deaths are in nearly all instances due to respiratory complications, and the vaccine contains a large proportion of virus which is well adapted for the treatment of subacute cases, although its value in severe cases of secondary bronchopneumonia is not established.

Another interesting article appearing in this journal, entitled "Preventive Advice on the Prevention of Influenza," says, in part, "The disease is transmitted chiefly through the upper respiratory passages; the chief infection is minute attention to the disinfection of the mouth and nose. In the epidemic centre mouth-washes should be used twice a day, the simplest and best method being to wash the mouth and gargle the throat with a glass of warm water to which a little of a solution of chlorinated soda has been added. For the toilet of the nose an ointment of eucalypti or eucalypti in vaseline is recommended. The face and mouth should be washed after each meal, and after exposure to cold air. The value of the closure of schools is doubtful, except for a few days to allow thorough cleansing and disinfection. Will

English Rheumatism Capsules are guaranteed to cure all forms of Rheumatism. 60c a box at Taylor's 6 Cut-Rate Drug Stores

Issued by the Canada Food Board.

We can eat the scores of other foods we have besides wheat. It's a small matter to change our diet to help Victory.

THE HEAD OF LONDON

A BIG HIT IN OVERALLS

A large quantity of Overall have been thrown on the market by leading Canadian manufacturers. We have been fortunate in securing as our share over 600 dozen in all sizes.

From \$1 95 Up

WALKER'S OVERALLS. \$2.19, 35 dozen sample Fur-Lined Winter Caps from \$1.00 to \$2.25. Some of these caps are worth nearly double.

You save all kinds of money by buying Overall at The Heart of London.

OVERCOATS.

You will save money by buying your Overcoat here. The stock is being cleared at a great sacrifice. Selling prices: \$14.95, \$16.95, \$18.95, \$23.95.

FUR FELT HATS.

Hundreds of these fine English quality Hats, worth \$2.50, for \$1.25. Other Hats at \$2.50, \$3.00 and \$3.50.

The Mops clean, dust and polish all at the same time. Price \$1.50 each

The polish is for cleaning and polishing hardwood floors, furniture, pianos, automobiles and carriages, and best for renewing any mop. Price 25c up

SOMETHING NEW, JUST ARRIVED, CALLED THE Taplex Handy Warmer

The Taplex Handy Warmer is a "Pocket Stove." Tiny in size, but a giant when it comes to radiating heat and giving comfort. It is only as large as your hand and slips into your pocket very easily and conveniently. Prices 50c, 75c and \$1.00 each

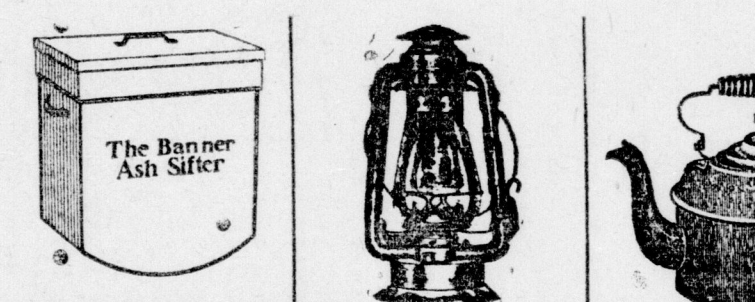

Don't Sweep With a Broom

Disease Is Spread By Dust

Health authorities say that one precaution against the "flu" is fresh air, "free from dust." More cases among women, and why an eminent physician and surgeon of Minnesota of wide fame, said, "More women patients, three to one, are sent to hospitals than men. This comes in a large degree from the fact that women live indoors and breathe a dust-laden, second-hand atmosphere, which depletes their vitality." It is very simple to get over this difficulty.

Buy an Electric or Hand-Power Vacuum Cleaner

We are sole agents in this city for the HOOVER and NORTHERN ELECTRIC CLEANERS. Call and see them. It is a pleasure to show them to you.

THE BANNER ASH SIFTERS

Will at least save a ton of coal this winter for you. Price \$4.50

INDUSTRIAL MEETINGS AT NOONDAY TO BEGIN AS SOON AS POSSIBLE

Community Chorus To Play Part in These Gatherings At Factories.

Representatives from various industrial concerns throughout the city who met at the Y. M. C. A. last evening, decided noonday industrial meetings should commence as soon as possible.

A. D. Jordan will conduct a community chorus for a week at each of these industrial concerns. A book of suitable songs will be printed for use at these meetings. Talks on vocational training, hygiene and thrift will be delivered.

Once each month a prominent minister will give a Gospel talk. Other attractive parts of the program are the concerts and the physical work. Last year five industrial plants were visited each week, but this year, in an endeavor to conduct the work on a good system, only three places are visited during a week. However, as soon as the movement gains in strength, the work will be extended to include other firms.

Two meetings at McChary's and one at the Grand Trunk car works are held each week. At these three meetings alone about 2,000 workers are reached.

COMMUNITY CHORUS DRAWS GOOD AUDIENCE IN SPITE OF WEATHER

The first community chorus since the Spanish influenza epidemic was held last evening in the Y. M. C. A. auditorium under the direction of A. D. Jordan. Despite the fact that some people still are afraid to venture in public gatherings and the weather was inclement, a fair-sized crowd gathered. All the old-time melodies, intermixed with the new and popular songs, were sung and enjoyed by young and old alike. A new song sheet, sheet No. 2, was introduced last night with several new songs on it. Each one was tried out in turn, until the audience was familiar with the swing of the tunes. All those who love to sing for the pure joy of singing, regardless of their ability to read music, and love old and new songs, will find pleasure in London's community chorus. A nice feature of the chorus is that Mr. Jordan has interesting little stories to tell about each song, and also by whom it was written and in what year, thus

making the songs more interesting. Mrs. Ed. Ward sang some charming songs, and responded to the chorus. The next community chorus will be held on Thursday, November 28.

IF KIDNEYS AND BLADDER BOTHER

Take Salts To Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to see relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very painful; again, there is difficulty in voiding it.

Bladder weakness, most folks admit, it because they can't control urination. While it is extremely annoying, and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist, and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the uric acid in the urine, so it is no longer a source of irritation to the bladder or urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is especially for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
