### Conditions of Issuing Letters-of-Credit.

AUDIT OFFICE, OTTAWA, Feb. 19, 1898.

SIR,—I beg to acknowledge receipt of your application No. 184, for a letter-of-credit for \$100,000, to enable the Public Works Department to continue its expenditure.

Let me call your attention to my letter of July 28, 1897, printed on page Q—215 of my Report for 1896-97.

In that letter I described some of the requirements which the Audit Office expects all vouchers to fulfil.

The current examination of your 1897-98 expenditure shows that many of the pay-lists and accounts, up to December, 1897, are still defective in these particulars, as explained in recent correspondence.

I should like to have some assurance that expenditure under future letters-of-credit will be supported by satisfactory vouchers.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, February 26, 1898.

SIR,—Let me call your attention to a fact which might, perhaps, have been stated more explicitly in my letter of February 19, namely, that, pending receipt of an answer to my letter of July 28, 1897, your letter-of-credit has not been renewed.

I understand that you are still drawing cheques. The balance of former letters-of-credit is the only sum available.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, February 28, 1898.

SIR,—I have passed, this afternoon, your application for a letter-of-credit for \$100,000. Please obtain, for the expenditure since July 1, 1897, the dates of the men's work, as charged on each pay-list. I notice by voucher 26218, that you have a printed form, called "Return of Workmen's Time," already in use for recording this information. The Canals have a convenient form, which serves also as a pay-sheet.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

*Note.*—This letter was written after an oral discussion with one of the officers of the Public Works Department.

DEPT. OF PUBLIC WORKS, OTTAWA, March 4, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, stating that our application for letter-of-credit for \$100,000 has been passed, and asking for the dates of the men's work, as charged on each pay-list since July 1, 1897.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, April 28, 1898.

SIR,—It occurs to me that, in view of the numerous criticisms which I have had to make in recent correspondence concerning your expenditure on harbours and rivers, it might be well for you to have circulars sent to the different engineers and other officers, enumerating some of the defects which are certain to cause discussion if continued.

Of these may be mentioned :

(1.) Dates are necessary for each day's time charged by the workmen. This information might be recorded on a form similar to that used in the Sorel office, copies of which are attached to vouchers 25277 and 26218.

(2.) No accounts should be made out in the writing of any Government officer, except those for payments due to himself. Vouchers for this office should always be originals.

(3.) The final pay-list, closing the expenditure on a work for a time, should be accompanied by a balance sheet of materials, showing the quantities on hand at the beginning of the work, those purchased and used, and those remaining over at the end, with a statement of the disposition made of the latter.

(4.) The customary occupation of the conductor or foreman should be mentioned, by which he is qualified for his position.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, April 30, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 28th instant, referring to difficulties arising in connection with our expenditure on harbours and rivers, and suggesting that circulars be sent to the different engineers and other officers, enumerating some of the defects which are certain to cause discussion if continued.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 30, 1898.

SIR,—I am passing to-day an application, No. 253, from your department, for a letter-of-credit of \$100,000 in favour of the Deputy Minister and accountant, to meet cheques to be drawn.

Let me, however, call attention to my letter of July 28, 1897, shown at page Q—215 of my Report for 1896-97, describing the conditions under which credits are issued.

The dates of employment are not yet given on the pay-lists; and many of the vouchers are still written out by the certifying officers, instead of being originals from the creditors or their agents.

Please have these objections removed. They have been pointed out frequently in recent years, but without avail.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 2, 1898.

SIR,—Let me acknowledge receipt of yours of May 31, saying that the Public Works vouchers will in future be prepared (as much as possible) in the way we ask.

Concerning the dates of employment on the pay-lists, I send herewith the form used by the Department of Railways and Canals for several years, and found satisfactory. A form somewhat similar is used by some of the outside offices of your department, but seldom gets this far.

The regulation about original vouchers is observed carefully by the Railways and Canals Department, and is worked without difficulty.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

AUDIT OFFICE, OTTAWA, June 6, 1898.

SIR,—In further discussion of the necessity for the Audit Office being supplied with original vouchers :

I now forward to you, as an example of a copied voucher, No. 3050, for \$500, in favour of Cunningham Bros., which is in the handwriting of Mr. Saxton Belanger, the assistant to Clerk-of-works Breton.

A bill in this shape would not, I think, be recognized by any one if presented against himself.

Two vouchers should have been obtained from Cunningham Bros. if the department wished to keep one original. Otherwise, the copy made in the department is of more value there, where the accuracy of the copier is known, than to me, who am not expected to know anything about him. Moreover, if he makes mistakes, it is to the department that he is responsible.

I need, in all cases, the statement of the creditor's claim as it is understood by himself : any alterations by the certifying officer should appear as corrections. A re-copying by this officer makes feasible the omission of salient points from the creditor's descriptions.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, June 8, 1898.

MY DEAR MR McDOUGALL,—I have settled once for all that you shall have the originals of our accounts. Of course, I rely that those originals will be sent back to the department as soon as possible, that is to say, a few days after they will have been sent to you, so as not to create any confusion.

Yours truly,

The Auditor General.

J. ISRAEL TARTE.

AUDIT OFFICE, OTTAWA, June 9, 1898.

SIR,—Let me acknowledge receipt of yours of June 8, suggesting that originals of all accounts, when sent to us, should be returned to the department within a few days.

I do not think that I could undertake to return any accounts belonging to one fiscal year until the end of the succeeding session of Parliament.

However, it is unnecessary for you to deal now with many of the letters which I send you. I shall be glad to call at your office to discuss the various points with you, when it will be convenient for you, after the close of the session, to take them up.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 20, 1898.

SIR,—The necessity for original vouchers was discussed in my letters to you of May 30th and June 6th last. The correspondence closed at the time with your satisfactory statement that after the session you would be glad to see me with the view of coming to a definite understanding, so that things may work smoothly.

You have unfortunately been absent from Ottawa much of the time since the session, and have been unable to discuss the question with me. I trust that early next week you may be able to close the matter.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

### Departmental Employees charged to Outside Votes.

AUDIT OFFICE, OTTAWA, March 18, 1898.

SIR,—In your 1897-98 expenditure for "Collection of slide and boom dues," I notice the following payments to Mr. F. X. Gagné, an employee in the Public Works Department at Ottawa, at \$2.50 a day :—

28871 : Services as clerk, Dec. 10 to 31.....	\$40 00
29727 : Services as clerk, Jan. 1 to 31.....	77 50
30579 : Services as clerk, Feb. 1 to 28.....	70 00

Under the Order in Council of February 2, 1895 (shown at page xxxii of my Report for 1896-97) the pay-lists of all departmental employees at Ottawa, other than labourers

and mechanics, and clerks charged to contingencies, should be certified by the Auditor General before payment. Please forward, for such preliminary examination, the future vouchers for Mr. Gagné, and for any other departmental employees (whether clerks or messengers) who may not be already on the usual pay-list.

I do not think that the Order in Council of December 16, 1897, charging Mr. Gagné on the vote for "Collection of slide and boom dues" is sufficient authority for such a charge, in the absence of parliamentary authority. The vote for "Collection of slide and boom dues" makes no mention of clerical services in the department; the only votes available are those which make such mention, namely, those for "Chief engineer's staff" and "Temporary clerical and other services, notwithstanding the Civil Service Act."

Please transfer the three payments already made.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 6, 1898.

SIR,—Let me call your attention to Cheque No. 32887, for \$90, in favour of Aurélien Boyer, for "salary as assistant to J. W. Fraser, Esq., during month of April, 1898, 30 days at \$3."

Although charged to "Rainy River Improvements," the voucher is dated from Ottawa, and Mr. Fraser certifies that "the applicant has been in attendance at his office every day."

Since this account falls under the head of "Departmental Service," it would be better to have it follow the usual course, namely, to obtain authority from the Governor in Council; to put it on the pay-list, which is certified in this office before payment; and to charge it to one of the votes specifically provided for departmental services.

The regulations about Orders in Council and pay-lists will be found on page xx. of my Report for 1896-97.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, June 8, 1898.

MY DEAR MR. McDOUGALL,—Re Cheque No. 32887, for \$90, in favour of Aurélien Boyer. I beg to inform you that Mr. Boyer has been so far exclusively employed on the Rainy River works. True, he has come to Ottawa to prepare reports, to give information, &c. As a point of fact, he has returned to the Rainy River, where he is at the present time.

Yours truly,

The Auditor General.

J. ISRAEL TARTE.

AUDIT OFFICE, OTTAWA, June 9, 1898.

SIR,—Let me acknowledge receipt of yours of June 8, concerning Mr. Aurélien Boyer.

The Treasury Minute of December 2, 1895, in arranging for pay-lists, used only the words "Departmental employees," without describing their duties. The fact of an officer being in the department at Ottawa would, therefore, I think, bring him under this head.

Similarly, the wording of the vote for "Salaries of engineers, draughtsmen and clerks, chief engineer's office," is comprehensive enough to include all those engaged on special works, if they are in the department.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 31, 1898.

SIR,—In further discussion of the vote to which Mr. Aurélien Boyer's salary should have been charged:

When writing the June letters, neither of us had noticed that Mr. Boyer had spent the interval between April 27 and May 11, 1898, on a survey at Bruce Mines, on Lake Huron, his salary being still charged to Rainy River. See Voucher 32201. This, I think, supports my claim that he should be paid from "Chief Engineer's Staff."

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

### Travelling Expenses of Ottawa Officials.

AUDIT OFFICE, OTTAWA, May 14, 1898.

SIR,—Let me call your attention to the *Hansard* of April 29, 1898, pages 4719 and 4720, where the subject of travelling expenses of Public Works officials was discussed by Mr. Davin and the Minister of Public Works.

After Mr. Davin had read out my letter of January 12, 1898, Mr. Tarte approved of my suggestions as to mileage-books and street cars, in the very explicit language, "Certainly so," and "The Auditor General was right."

Please endeavour to have these reforms introduced into the travelling-expense accounts of your department as soon as possible.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 23, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 14th instant, on the subject of the travelling expenses of Public Works officials, and asking that the reforms suggested therein be introduced as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, May 12, 1898.

SIR,—Let me acknowledge receipt of an application from your department for a transfer entry, crediting "Harbours Generally," and debiting "Public Buildings Generally" with \$150, the amount of cheque 24964, in favour of Deputy Minister Gobeil, for travelling expenses.

There is only one place for charging the travel of Civil Government officers, namely, in "Civil Government Contingencies." See the ruling of the Treasury Board in the case of Mr. Vankoughnet, shown at page A-8 of my Report for 1889-90; and my letter to your department of January 12, 1898, shown at page Q-215 of my Report for 1896-97.

Please apply for a transfer to "Civil Government Contingencies" of all travelling expense of your Civil Government officers now charged against outside votes in 1897-98.

The element of a possible over-expenditure does not enter into this discussion as an objection, since the payments have already been made, and must be charged where they belong.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 31, 1898.

SIR,—I notice that most of the travelling expenses of Civil Government officers is still charged to outside votes, instead of to "Civil Government Contingencies."

This subject was discussed fully in my letter to the Secretary, dated May 12, 1898, in which I asked that transfers be made for 1897-98. No answer was received.

Please have all the travel of the permanent staff charged to "Civil Government Contingencies," and transfer to that vote the expenditure of a similar nature made during this fiscal year.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 10, 1898.

SIR,—Let me call your attention to some items for "laundry" in travelling expenses charged to "Kingston harbour," between January and April, 1898.

Mr. L. A. Desrosiers has \$2.50 for this service in January, and \$2.50 in February, in addition to his hotel bill of \$35 a month; while \$38.42 for "Board, &c.," points to \$3.42 more in March.

Mr. V. W. Forneret has "extra hotel expenses" of \$1.50 in January, and \$2 in February, with \$2.80 as "&c." in March, and \$1.70 in April.

Mr. J. D. Roche has \$2 for laundry in January, and \$2.50 in February, with \$2.33 for "&c." in March.

The charges for laundry should, I think, be paid by the individuals themselves, and not by the Government. Please obtain refunds.

Moreover, all services should be described explicitly, and not be covered up as "et ceteras."

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 13, 1899.

SIR,—I have received to-day on account of the travelling expenses of Mr. Coste and others to the Yukon.

Mr. Coste charges a living allowance of \$10 a day for 180 days, for which no authority has been furnished.

Please let me know why this was passed.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

### Removal Expenses paid on Retirement.

AUDIT OFFICE, OTTAWA, October 12, 1898.

SIR,—Let me acknowledge receipt to-day, from your department, of the vouchers for September expenditure under letter-of-credit.

I notice a payment, No. 37,064, of \$124.43 to Mr. W. G. Warner, for removal expenses of self and family from Toronto to Montreal, after his services had been dispensed with.

The Order in Council of August 6th, 1898, recites that Mr. Warner, when appointed assistant engineer at Toronto in July, 1890, was obliged to remove his family and household effects from Sorel; and this is given as a reason for now returning him to the same vicinity.

I do not notice any statement that the payment has been passed by the Treasury Board, as required by the Order in Council of September 8th, 1871, shown at page xxvi. of my Report for 1896-97. Please let me know whether this was done.

This case is, I think, the first of its kind, and will form a very inconvenient precedent.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Nov. 9, 1898.

SIR,—Having reference to your letter of the 12th ultimo, re payment No. 37064, of \$124.43, to Mr. W. G. Warner, for removal expenses of self and family from Toronto to Montreal, and asking whether this payment has been passed by the Treasury Board, I am directed to state that authorization of Council was obtained, but we are not aware whether or not Council considered the matter in Treasury Board, and we have not yet taken upon ourselves to question the authority of the Council in such matters, or to suggest to them the mode of procedure they should adopt in similar cases.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secretary.

AUDIT OFFICE, OTTAWA, January 4, 1899.

SIR,—I have received from Mr. Secretary Roy, a letter dated Nov. 9, in answer to mine addressed to you of October 12, 1898, concerning the removal expenses of W. G. Warner.

Mr. Roy writes: "I am directed to state that authorization of Council was obtained, but we are not aware whether or not Council considered the matter in Treasury Board, and we have not yet taken upon ourselves to question the authority of the Council in such matters, or to suggest to them the mode of procedure they should adopt in similar cases."

Please call Mr. Roy's attention to that section of my letter of October 12, 1898, which referred to the Order in Council of September 8, 1871, shown at page xxvi. of my Report for 1896-97. That order reads: "No removal allowances can be granted except on report of the Treasury Board." It follows, therefore, that a record of the Treasury Minute is an essential part of the authority for the payment.

It is necessary to have Mr. Warner's voucher completed in this manner.

I am, sir, your obedient servant.

The Minister of Public Works.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

### Departmental Telegrams charged to Inappropriate Votes.

AUDIT OFFICE, OTTAWA, March 7, 1898.

SIR,—Let me call your attention to the payments for telegraphing for the Public Works Department at Ottawa, since July 1, 1897, charged to votes other than "Civil Government Contingencies":

#### Canadian Pacific Railway Co.'s Telegraph—

24096 : July : Dredging, generally.....	\$132 32
25167 : August : Harbours and rivers, generally.....	117 74
26073 : September : Repairs to buildings, Manitoba.....	118 46
28106 : November : Harbours, &c., Ontario generally.....	152 99
29551 : December : Repairs to buildings, N.W.T.....	104 66

#### Great North-western Telegraph Co.—

24097 : July : Dredging, generally.....	\$247 86
25168 : August : Harbours and Rivers, generally.....	205 62
26065 : September : Repairs to buildings, British Columbia.....	160 98
28105 : November : Harbours, &c., Ontario generally.....	153 02
29550 : December : Repairs to buildings, British Columbia.....	92 01

We shall need, for the above-mentioned accounts, information similar to that provided by other departments for all but Ministerial telegrams, that is, the names of the senders and receivers, and the cost of each telegram. This information was supplied by you for the October telegrams, which were paid by the Accountant of Contingencies, and charged to Civil Government—being the only month yet charged to that vote in 1897-98. A request for similar information was made in my letter of June 15, 1891 (see Report for 1890-91, page C-332), but it has never yet been furnished.

It is not proper to charge all the telegrams in a month to some one outside vote, arbitrarily chosen, without reference to the different services which the telegrams concern. If not charged entirely to Civil Government Contingencies, (as appears to me to have been intended by subsection C, section 2, cap. 20 of the Revised Statutes of 1886), their division among the outside votes should correspond accurately with the subject-matter of the telegrams.

For instance, the September and December payments of \$160.98 and \$92.01 to the Great North-western Telegraph Co.: Instead of paying these from the vote for "Repairs to British Columbia Buildings," (while the G. N. W. Co. has no offices in British Columbia, as appears from their printed list, and all British Columbia services were probably performed by the C. P. R. Co.)—any telegrams concerning, say, "Toronto Harbour," should have been charged to that vote, and similarly for other works.

Please see that all telegraph accounts since July 1, 1897, are thus distributed, or charged to Civil Government Contingencies.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 10, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 7th instant, having reference to the payments for telegraphing for this department at Ottawa since July 1st, 1897, charged to votes other than "Civil Government Contingencies."

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secretary.

Note.—Dec. 31, 1898: No further answer was made by the Public Works Department. The telegrams are still charged to services with which they have no connection.

### New Roof on West Block.

AUDIT OFFICE, OTTAWA, May 27, 1898.

SIR,—Let me acknowledge receipt, from your department, of application No. 252, for \$5,500, in favour of Paquet & Godbout, being their estimate No. 1, for work and materials up to May 25, 1898, for the construction of a steel roof on the Western Block.

Under section 3 of the contract, the whole roof, costing \$20,000, was to have been completed by April 1, 1898. Under section 21, the contractors are liable for the wages of persons superintending the work after April 1, "unless reason for delay, satisfactory to the architect, and approved by the Minister, shall be given by the contractors."

Please mention whether such satisfactory reason has been given, or whether the contractors are to be charged for the expenses of delay; and if so, how much?

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 30, 1898.

MY DEAR MR. McDOUGALL,—I am in receipt of your letter of May the 27th, *re* application in favour of Paquet & Godbout.

I did not know that the application had been forwarded to you. Please do not issue the certificate till I have inquired personally into the matter.

I know that the roof ought to have been completed by the 1st of April. Unfortunately, Messrs. Paquet & Godbout have sublet their contract to the Hamilton Iron Works, and that firm have not carried out their engagements in the time specified.

Messrs. Paquet & Godbout are not to be blamed; they are the victims of the Hamilton Iron Works. I may say that the department has incurred no expenses and no damages on account of the delay, as we were a little late ourselves in the works of repairs.

I have sent one of my employees, Mr. Baudry, a day or two ago, to Hamilton, in order to see how the matter stands.

Yours truly,

The Auditor General.

J. ISRAEL TARTE, *per G. G.*

AUDIT OFFICE, OTTAWA, July 20, 1898.

SIR,—Let me acknowledge receipt, from your department, of application No. 290, for \$7,630, in favour of Paquet & Godbout, being the amount of their estimate No. 2, for work on the steel roof of the Western Block.

You will remember having asked me, in your letter of May 27th, to make no payment to Messrs. Paquet & Godbout until the question had been settled as to their liability for damages for delay.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, July 22, 1898.

DEAR MR. McDOUGALL,—In reference to the proposed payment to Messrs. Paquet & Godbout, on account of their contract for placing the steel roof on the West Block of the Departmental Buildings here, I beg to inform you that should it happen that, under the contract, the contractors be made responsible for the payment of the salary of the inspector, it would only be for a trifling amount, as there is no special inspector for the roof, the officer in charge of our day work on the building overseeing, also, the placing of the iron roof.

At worst, the proportion of his salary which might be chargeable on account of such work will be about one-third, or about \$30 a month.

In any case, I do not believe that the amount for which the contractors might be made responsible, should there be a decision to that effect by the department, would exceed \$200.

Now, the total contract is \$20,000, and the total payments, including the application made, amount to \$13,130, leaving a balance of \$6,870. There will be enough out of that balance, which does not include the security deposited, to pay any amount that may be chargeable to the contractors on account of the inspector's wages.

Yours very truly,

The Auditor General.

A. GOBEIL, *D. M. of P. W.*

AUDIT OFFICE, OTTAWA, January 5, 1899.

SIR,—In the expenditure by your department on "West Block Reconstruction," in 1897-98, I notice payments to Lewis Bros. & Co., of Montreal, for copper roofing, as follows:—

Bill of June 21, 1898: 25,360 pounds at 14½ cents..... \$3,613 80

Bill of June 27, 1898: 25,804 pounds at 14½ cents..... 3,677 07

Please let me know how competition was invited.

The first bill was certified, "Prices fair and just," by Mr. Samuel Adams, the second by Mr. Chambord Baudry. It does not appear probable that they would be the officers of most knowledge of prices in this line.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

### Sorel Shops: Machinery Insured.

AUDIT OFFICE, OTTAWA, January 6, 1899.

SIR,—Let me call your attention to Cheque 26978, a payment of \$38 to the Alliance Assurance Co., as premium on \$1,900 insurance on machinery and tools at Sorel.

Insurance of Government property was discontinued by the Order in Council of July 5, 1881, shown at page xxxviii. of my Report for 1896-97.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

### Contracts for New Buildings might include Fittings.

AUDIT OFFICE, OTTAWA, June 28, 1898.

SIR,—I am in receipt of applications Nos. 275 and 276, for cheques in favour of Viau & Lachance, contractors for Portage la Prairie public building, for \$1,000 for Customs and Inland Revenue fittings, and \$2,400 for Post Office fittings.

The estimates attached to these applications have no details on them: only the words, "work completed, bulk sum." I would like to have a list of the fittings in each case.

When tenders are asked for a public building by public advertisements, the plans and specifications in the first place might include, I presume, all fittings; and when they do not, why might not new tenders be called for in the same way for the fittings, instead of leaving it to the contractor and chief architect to make a price for the fittings, without getting the benefit of public competition? The method of putting fittings by themselves to public competition was adopted in the case of the Victoria post office, now being paid for.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 6, 1898.

SIR,—Let me acknowledge receipt of your letter of July 4, transmitting the plans of fittings at Portage la Prairie public building.

Please discuss the suggestion made in my letter of June 28, as to the feasibility of calling for tenders for fittings, either as part of the main contract for the building, or as a subsequent transaction.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 7, 1898.

SIR,—As suggested by you orally, the certificate in favour of Viau & Lachance is now released.

I shall be pleased to hear from you at an early day, as promised by you, in discussion of my recent letters on their claim in connection with the calling for tenders by public advertisement.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, July 7, 1898.

SIR,—Referring to your two letters dated June 28th and July 6th, on the subject of applications Nos. 275 and 276, in favour of Messrs. Viau & Lachance, contractors for Portage la Prairie public building, I am directed to state that these letters will be laid before the Honourable the Minister, so that the question of principle raised by you therein may be discussed, and the decision of the Minister will be duly communicated to you. In the meantime, I am to ask you to please pass the certificates mentioned.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, *Asst. Secretary*

### Over-expenditure by P. W. Dept. on "Ottawa Buildings, Repairs."

AUDIT OFFICE, OTTAWA, May 4, 1898.

SIR,—Let me acknowledge receipt of your application No. 229, for \$96,256.78, in favour of the Bank of Montreal, to repay letter-of-credit expenditure during April.

There is an item of \$2,971.41 for "Ottawa Buildings, Repairs," which causes an over-expenditure of \$2,882.93.

Please obtain explanations from the Deputy Minister and Accountant, of their reasons for allowing this to occur.

In the meantime, the repayment of the Bank is delayed.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 6, 1898.

SIR,—In reply to your letter of yesterday, calling attention to an over-expenditure of \$2,882.93, in connection with the appropriation for "Ottawa Public Buildings, Repairs," and asking for explanations, I am directed by the Deputy Minister to inform you as follows :—

About three or four weeks ago the chief architect reported that the staff employed by him in connection with repairs to public buildings here had become too large, and he strongly recommended that the same be decreased by discharging from employment about 50 or 55 of the men then employed. It was found that, unless the appropriations were over-expended, it would be impossible to discharge and pay those men, and it was thought better to incur a temporary over-expenditure than to continue in employment until such time as Parliament would have appropriated the necessary amount to pay them, a large number of men whose services were not required. The matter was therefore brought before the Honourable the Minister, who authorized the Deputy Minister to over-expend, as has been the case.

I am further directed to say that an item is to be provided in the supplementary estimates to be laid before Parliament, in order that the said over-expenditure may be fully covered.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, May 7, 1898.

SIR,—Let me acknowledge receipt of your 109565 of yesterday, concerning the over-expenditure of \$2,882.93 on "Ottawa buildings, repairs."

Under our present system, the only method of legalizing this expenditure is to obtain a temporary transfer from "Unforeseen Expenses."

Please have this done as soon as possible, so that the bank can be repaid.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 9, 1898.

SIR,—In reply to your letter of May 7th, in further reference to the over-expenditure of \$2,882.93 on "Ottawa Public Buildings, Repairs," this department would like to be informed as to the rule under which you insist upon an Order in Council being passed to effect a temporary transfer of that over-expenditure to the appropriation for unforeseen expenses, when you are aware that very shortly after that Order in Council has been issued, the supplementary vote applied for on that appropriation, and of which I advised you in my letter of the 6th instant, shall have been obtained, and a second transfer will have to take place.

In order to expedite, if possible, the repayment to the bank, I beg to inclose you two applications for refunds. One for \$92,292.78, which covers the cheques drawn by us, with the exception of those under discussion, and another for \$2,964, being to cover the cheques representing the over-expenditure.

I trust that, under the circumstances, you will be able to pass the first application, and I beg again to inform you that it will only be a short time before the over-expenditure shall be covered by a vote from Parliament.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

## Auditor General's Report—Part Q

AUDIT OFFICE, OTTAWA, May 10, 1898.

SIR.—Let me acknowledge receipt of your 109615 of May 9, concerning the over-expenditure on "Ottawa Buildings, Repairs."

The Executive regulations on the subject of over-expenditures are contained in the Order in Council of July 7, 1892, shown at page xviii. of my Report for 1896-97, and at a similar place in preceding reports.

That Order in Council makes it "the duty of the accountant of each department to inform the Deputy Minister whenever a cheque which is about to be issued will overdraw an appropriation, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained."

Were the House not in session, the Audit Act allows Governor General's warrants for urgent works. With the House sitting, there is no money available to supplement any vote, except whatever balance may be left of "Unforeseen Expenses"; and this latter vote can be assigned to the different departments only by Order in Council.

This appears to me to be the only possible method of now rectifying the error; and until the necessary steps are taken for following it, I shall be unable (as explained orally to the Accountant) to expedite the recouping of the bank. In the meantime, that institution is not put to any inconvenience.

An additional reason for having as full a discussion as possible before settlement is, that the explicit terms of your letter-of-credit have been ignored. Authority was given to you by the Finance Department and this office jointly, to make expenditure up to the limit of each vote, and to the total of the letter-of-credit. The vote-limit you disregarded. It must be shown that you have a clear understanding of the consequences of a future similar disregard, before your letter-of-credit can be renewed.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, May 10, 1898.

SIR.—With reference to my interview, and with respect to the correspondence I understand you have had with the Public Works Department, I have the honour to state that as the statement of revenue and expenditure each ten days is now placed on the Table of the House of Commons, it is highly desirable that the expenditure of the Public Works Department should be included therein, so that a correct comparison can be made with the previous year, and I am to ask whether, considering this, it could not be managed that the expenditure of the Public Works Department about which there is no doubt, could be now passed, leaving the difference to be adjusted hereafter.

I should be glad to hear from you at your earliest convenience, as the matter should be closed up to-day.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

AUDIT OFFICE, OTTAWA, May 10, 1898.

SIR.—Let me acknowledge receipt of your letter of to-day, concerning the April expenditure of the Public Works Department.

The 10-days' statement can probably be completed by your knowing the amount of their cheques for April, namely, \$96,256.78.

I am discussing with them the irregular situation created by an over-expenditure on "Ottawa Buildings, Repairs," before repaying the bank. I shall supply you with a copy of my letter to them as soon as it is written.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, May 10, 1898.

SIR.—I beg to acknowledge the receipt of yours of to-day, respecting the April expenditure of the Department of Public Works.

With respect to what you say about completing the 10-days' statement by the department knowing the amount of the cheques, \$96,256.78, let me remind you that the statement purports to be the 10-days' receipts and payments of Canada, as per our books, and I cannot, of my own motion, add to it what has not gone through our books.

The statement is placed on the Table of the House regularly, and my desire is that the information given to Parliament shall be correct.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

DEPT. OF FINANCE, OTTAWA, May 12, 1898.

SIR,—I beg to acknowledge the receipt of yours of yesterday's date, inclosing a copy of your communication of May 10 to the Public Works Department, respecting the April expenditure of that department.

Referring to my letter of the 10th instant, in this connection, I may say that, so far as the 10-days' statement to 10th May is concerned, it has been laid on the Table of the House. Your communication now before me contains no answer to the question put to you, whether the bank could not be repaid for the advances made under the credit for appropriations which have not been overdrawn.

I should be glad to have an answer to this question as speedily as possible.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 13, 1898.

SIR,—In reply to your letter of yesterday, regarding the repayment to the Bank of Montreal of the Public Works Department's drawings for April under the letter-of-credit, I beg to say that the apparent indifference with which that department regards its over-drawing an appropriation justifies me, I think, in requiring a reply to my letter, a copy of which was sent to you before the repayment to the bank of any portion of the amount of the application.

Might I suggest that you write to the department. If the action of the department has been such as to be easily justified, there should be no delay in answering my letter.

If the departments assume that, when they issue their own cheques under a letter-of-credit, they are not governed by the same rules as you and I are obliged to observe when direct cheques are drawn, some change must be made in the credit system, or I must be relieved of responsibility.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, May 16, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant, in reply to my letter of the previous day in regard to the drawings of the Public Works Department for April under the letter-of-credit. I have not yet received an answer to my question whether the bank could not be repaid for the advances made under the credit for appropriations which have not been overdrawn. I shall be obliged if you will let me have an answer to this question.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 17, 1898.

SIR,—I have your letter of the 16th instant, asking for a reply to your question whether the bank could not be repaid for advances made, under the Public Works Department's credit, from appropriations which have not been overdrawn.

If you have my letter of the 13th instant, I think you will find a complete answer to your question in the section of the first paragraph from the words, "I beg to say," &c., to the end of the paragraph.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, May 17, 1898.

SIR, I have your letter of this date, in reply to my letter of yesterday, in *re* the expenditures under the Public Works Department credit. In reply, I beg to say that your letter of to-day does not answer the question I asked. What I wish to have is a definite answer, yes or no, to the question whether the bank could not be repaid from advances made under the credit in question from appropriations which have not been overdrawn.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

## Auditor General's Report—Part Q

AUDIT OFFICE, OTTAWA, May 17, 1898.

SIR,—In reply to your letter of this date, I am sorry I cannot make clearer that I decline, until I hear from the Public Works Department, to take part in repaying the bank any portion of the drawings for April. I understand that I must take the responsibility for my own action.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 17, 1898.

SIR,—I should like to have, as soon as possible, an explanation concerning the over-expenditure on Ottawa Buildings, Repairs," which would enable me to pass the application for \$92,292.78, your outlay on other works for April.

Mr. Courtney is very anxious to have this sum entered in the Finance Department's books without further delay, but I do not see my way to certifying it until my letter of May 10 is satisfactorily answered.

The explanation should show whether the accountant performed the duty assigned to him by the Order in Council of July 7, 1892, of notifying the Deputy Minister that the vote was exhausted; it should mention the officer who assumed the responsibility of ordering the over-expenditure; and it should be accompanied by a statement from that officer that the irregularity will not be repeated.

There should also be information as to the progress made towards removing the irregularity.

Under section 31 of the Audit Act, I am to report any over-expenditure to the Treasury Board, and I should like to be able to lay before them all that can be said in explanation of the departmental action.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 23, 1898.

SIR,—The department has received your two letters of the 10th and 17th instant, in reference to the over-expenditure made by this department on the appropriation for "Ottawa Buildings, Repairs," and I beg to draw your attention to the letter which was sent to you on the 6th May, No. 109565, in which are submitted the reasons for said over-expenditure.

I am surprised that, in your letter of the 10th May and your further letter of the 17th, you seem to absolutely ignore the letter in question, of which I beg to inclose a copy.

In that letter, the secretary of the department tells you that the matter of the necessity for the over-expenditure was brought before the Honourable the Minister, who authorized the Deputy Minister to over-expend, as has been the case, and I may add that I submitted the matter to the Honourable the Minister, after the usual report required in such cases had been made to me by the accountant that there were no further funds. I may here again repeat that the small over-expenditure in question appeared, although slightly irregular, still preferable to keeping in the department for a number of weeks a staff of fifty or fifty-five men whose services were no longer required, and the retention of which would have been, at the same time, unnecessary and uselessly expensive.

Could not the Auditor General pass immediately the application for payment to the bank of such cheques in connection with which there has been no over-expenditure, a separate application having been made for that purpose?

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D. M. of P. W.

AUDIT OFFICE, OTTAWA, May 27, 1898.

SIR,—Under section 31 of the Audit Act, I forward to you, for transmission to the Treasury Board, copies of correspondence with the Public Works Department relating to an over-expenditure of \$2,882.93 on "Ottawa Buildings, Repairs."

I am, sir, your obedient servant,

The Minister of Finance.

J. L. McDOUGALL, A.G.

### Services and Travel of Geo. Reid, Wrongly Charged.

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR,—Let me call your attention to the accounts for travelling expenses, in the summer of 1897, rendered by George Reid, whose name is carried through the year on the Rideau Hall pay-list as a carpenter at \$2.50 a day.

His two vouchers for travel, which are charged to "Repairs and Heavy Renewals : Quebec Citadel Building," may be analyzed, as follows :—

May 7 : Cab, fare to Quebec, sleeper.....	\$ 9 25
May 8 : Wagon, station to hotel, Quebec.....	0 50
May 11 : Wagon, citadel to wharf.....	0 50
May 7 to 11 : Board on train and in Quebec, 5 days at \$1.50.....	7 50
May 12 to Oct. 11 : Board at New Richmond with Alfred Gilker, 153 days at \$1.50.....	229 50
Oct. 12 to 14 : Board at Quebec, 3 days at \$1.50.....	4 50
Oct. 12 : Wagon to citadel and hotel.....	0 75
Oct. 14 : Wagon, fare to Ottawa, sleeper.....	9 00
Oct. 15 : Cab at Ottawa to Government House.....	0 75
	\$262 25

Since Mr. Reid was not in Ottawa between May 8 and Oct. 14, inclusive, his wages during that time, or \$400, should not be charged to "Rideau Hall." And since he was not in Quebec between May 12 and Oct. 11, inclusive, his board during that time, or \$229.50, should not be charged to "Repairs and Heavy Renewals : Quebec Citadel Building."

I notice by Cheque 32885, that Mr. Reid obtained in May, 1898, an advance of \$50 for travelling expenses, again charged to "Quebec Citadel Buildings," and that he has given Mr. Hutchison a power of attorney to receipt for his wages in Ottawa. The objections of 1897 apply to similar transactions in 1898.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

### Employee's Wages paid to Clerk of Works.

AUDIT OFFICE, OTTAWA, June 7, 1898.

SIR,—Let me call your attention to Voucher 32920, the pay-list of the Rideau Hall employees from May 1 to 14, 1898.

The wages of Geo. Reid were paid to Clerk-of-Works Hutchison, under a power of attorney from Mr. Reid.

This is not in accordance with the spirit of the Treasury Board Minute of February 1, 1870, shown at page ix. of my Report for 1896-97 : "No officer of the Civil Service shall be permitted to act as attorney for the receipt of public moneys."

The expression "officer of the Civil Service" was, at that time, I believe, synonymous with "Government employee."

Also, it is imprudent, for evident reasons, to have payment made to the certifying officer.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

### Tignish Breakwater, P.E.I.

AUDIT OFFICE, OTTAWA, March 23, 1898.

SIR,—Let me call your attention to the pay-lists for work on Tignish breakwater, P.E.I., between August 13 and Nov. 30, 1897. These pay-lists may be analyzed as follows :—

Conductor Arch. Haywood, Aug.—Nov., 82 days at \$2.....	\$164 00
Foreman Jos. Bearsto, Aug.—Oct., 56 days at \$1.50.....	84 00
Labourers and teamsters, 348 days at \$1.25.....	434 93
Hauling lumber, 22½ days at \$1.75.....	39 36
Horses, 79 days at 75 cents.....	59 23

Omitting the \$59.23 charged for horses whose drivers are in the other items, we have 348 and 22½, or 370½ days as the total time of the labourers and teamsters. Dividing this by the foreman's time, 56 days, the result is 6.62, or less than an average of 7 men.

## Auditor General's Report—Part Q

In addition to a \$1.50 foreman over an average gang of 7 men, there appears to have been, also, a conductor at \$2 a day.

The duties of the conductor and foreman should be described in such full detail as to show that the whole field could not have been occupied as advantageously by one of them alone.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 26, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 23rd instant, calling attention to the pay-lists for work on Tignish breakwater, P.E.I., between August 13th and November 30th, 1897, and making certain remarks respecting the same.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

*Note*.—December 24, 1898: No further answer was made by the Public Works Department.

### St. John Harbour: Hydrographic Survey.

AUDIT OFFICE, OTTAWA, March 17, 1898.

SIR,—Let me offer the following remarks on your expenditure to January 31, 1898, for "St. John Harbour: Hydrographic Survey":—

There is a bill, No. 2811, from Messrs. Cottle & Caldwell for "Services of tugboat 'Winnie,' Nov. 9 to 30, 19 days at \$15, \$285." This was reduced to \$135 for 9 days at \$15, by Engineer Shewen, and certified by him, "Prices fair and just; work performed." The \$135 was paid by Cheque 2811, dated December 20. Messrs. Cottle & Caldwell made another claim for the \$150 deducted, and this was paid to them by Cheque 2866, of January 12, on a voucher certified by Mr. Shewen as "Prices fair and just," with no mention of "work performed." Please let me see the correspondence on this matter. The full certificate required by section 33 of the Audit Act should be obtained. Dates should be given for the 9 and 19 days respectively.

Voucher 2556, from D. P. Kent, reads: "10 days' work at \$4 a day, inspecting construction of tower, \$40; 10 days at \$20 a day, under contract, \$200." Please give a description of the latter service.

Voucher 2422, from the Kootenay and Columbia Mining Co., reads: "Iron tower used for boring Northumberland Strait, \$125." In purchasing second-hand materials, it is usual to complete the voucher by giving their age, their first cost, and their probable future duration.

Voucher 26328, from B. B. Thompson, of Wallace, N.S., includes, in addition to travelling expenses, an item for \$84 for "24 days' work at \$3.50." Please describe the work.

None of the pay-lists give details for the time charged. This information should be supplied.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 23, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, on the subject of the expenditure to January 31, 1898, for "St. John Harbour: Hydrographic Survey."

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

*Note*.—Dec. 24, 1898.—No further answer was made by the Public Works Department.

---

---

 St. John Harbour: Negro Point Breakwater.

AUDIT OFFICE, OTTAWA, March 17, 1898.

SIR,—Let me offer the following remarks on your expenditure to December, 1897, on "St. John Harbour: Negro Point Breakwater":—

The foreman, Mr. John W. Long, charges in Voucher 26868, "18 days' use of scow, at \$1.25," and in Voucher 28018, "21 days' use of scow at \$1.25." The certificate "work performed" is signed by Foreman Long himself, while Engineer Shewen certifies "Prices fair and just." Mr. Shewen can probably certify these vouchers with knowledge, as to the performance of the service; this will be better than relying on the creditor, as has been done.

Dates should be given for the item above mentioned, as well as for the wages charged in the two pay-lists.

I am, sir, your obedient servant.

The Secretary Public Works Dept.

J. L. McDUGALL, A.G.

---

 DEPT. OF PUBLIC WORKS, OTTAWA, March 23, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 17th instant, respecting the expenditure to December, 1897, on "St. John Harbour: Negro Point Breakwater."

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

*Note*.—Dec. 24, 1898.—No further answer was made by the Public Works Department.

---

 St. John River: Wharf at Chipman, Queen's Co.

AUDIT OFFICE, OTTAWA, May 25, 1898.

SIR,—Let me acknowledge receipt to-day, from your department, of application No. 250 for \$300, in favour of T. A. & W. S. Baird, being a contribution of one-half cost of a wharf built by them at Chipman, Queen's County, N.B.

A letter from Mr. H. R. Emmerson is attached, stating his belief that the title of the wharf is with the Government, but that he has not obtained a certificate from the registry office. It would be well, I think, to obtain such a certificate.

The type-written voucher, made on a departmental blank, gives no particulars concerning the wharf. Please obtain its dimensions, the date of its construction, and an original bill from Messrs. T. A. & W. S. Baird, the persons to whom the money is to go. Mr. Shewen might be asked for the details of the calculation by which he values the wharf at not less than \$600.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDUGALL, A.G.

---

 DEPT. OF PUBLIC WORKS, OTTAWA, May 31, 1898.

MY DEAR MR. McDUGALL,—I am in receipt of your letter of May the 25th *re* application No. 250, for \$300, in favour of T. A. & W. S. Baird.

I beg to state that the system by which the Department of Public Works is contributing one-half of certain wharfs built by the Local Government of New Brunswick has been inaugurated under the late Administration. The cost of the work is estimated both by the engineer of the Local Government and by our own engineer in that province, Mr. E. T. P. Shewen. So that the Government has a pretty fair guarantee that things are all right. Still, I have no objection to comply with your request, as to the original bill from Messrs. T. A. & W. S. Baird.

I may add, that I have notified the Minister of Public Works, Mr. Emmerson, that in future my department will not recognize any claim for works which have not been submitted to us before they are undertaken.

Yours truly,

The Auditor General.

J. ISRAEL TARTE.

## Auditor General's Report—Part Q

AUDIT OFFICE, OTTAWA, June 3, 1898.

SIR,—Let me acknowledge receipt of yours, dated May 31, concerning the wharf at Chipman, Queen's County, N.B.

I note with pleasure the facts that an original bill will be procured, and that in future no claims will be recognized for works undertaken without previous arrangement with your department.

My reason for asking for the date of the construction is, that the voucher should show explicitly that the wharf is not an old one.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, June 4, 1898.

MY DEAR MR. McDOUGALL,—I am in receipt of your letter of June the 3rd.

I am not quite sure that the wharf, for which money was applied, is not an old one. I have agreed to pay this time for repairs which, however, I am informed, amount to reconstruction.

But that policy will not be followed in future. I have given due notice to the Prime Minister of New Brunswick, Mr. Emmerson.

Yours truly,

The Auditor General.

J. ISRAEL TARTE, *per G. G.*

*Note.*—December 26, 1898.—This payment has not yet been made.

### Berthier, Dredging Channel : Paid from two Votes.

AUDIT OFFICE, OTTAWA, July 11, 1898.

SIR,—Let me offer the following remarks on the expenditure by your department in 1897-98, for "Berthier en Haut : Dredging Berthier Channel."

Payments to the amount of \$6,976.98 have been charged to the specific vote of \$7,000 for this purpose, as shown below :

Jos. Ed. Robillard, services of dredge "St. Pierre"—	
May 22 to June 30, 1897 : 317 hours at \$7.....	\$2,219 00
July 1 to August 31, 1897 : 530 hours at \$7.....	3,710 00
September, 1897 : 260 hours at \$7 ; paid on account.....	750 00
Timothy Ralston, inspector on dredge "St. Pierre"—	
July 1 to October 6, 1897 : 84 days at \$3.....	252 00
April 27 to 30, 1898 : 4 days at \$3.....	12 00
Jos. Denis, putting up beacons, April 27, 1898.....	1 50
Chas. Marcoux, lumber and cartage.....	3 68
F. W. Cowie, travel to Berthier, April 26-29, 1898.....	28 80
	\$6,976 98

In addition to these payments, I find the sum of \$1,350, charged to "Dredging : Ontario and Quebec," as follows :—

Jos. Ed. Robillard, services of dredge "St. Pierre"—	
September, 1897 : balance for 260 hours at \$7.....	\$1,070 00
October 1—5, 1897 : 40 hours at \$7.....	280 00

It is a fundamental principle of our system of expenditure, that the effect of a specific vote is, not only to provide the named amount of money : it also fixes that amount as a limit which the services is not to exceed, and prevents the department from drawing on any general fund which might otherwise be available.

Please, therefore, show the whole expenditure under the vote for "Dredging Berthier Channel," by applying for a transfer entry of \$1,350 to credit "Dredging : Ontario and Quebec." The facts should be shown in this way, now that the expenditure has been made, and whatever authority is procurable should then be obtained.

Moreover, although the limit of \$5,000 has been exceeded on Mr. Robillard's contract, I do not find any indication of a public call for tenders, as required by the Order in Council of May 23, 1880. If this work was not advertised, please see that no further payments are made on it out of the departmental letter-of-credit.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

MURRAY BAY, July 16, 1898.

DEAR MR. McDOUGALL,—I am reading your letter of July the 11th on my way down to the maritime provinces. I learned only two or three weeks ago that some of that dredging had been paid out of the general dredging appropriation for Ontario and Quebec, and I immediately notified my officers not to recur to that practice again. So I consider that point settled.

As to not having asked for tenders, I may remind you of the fact that I did not give any contract to Mr. Robillard. It was day's work. And I have a perfect right to do any amount of work by day's labour without asking authority from anybody. The Order in Council of the 23rd of May, 1880, clearly states that I cannot give any contract exceeding \$5,000 without being authorized. But I am perfectly free to do by day's labour any work, whatever the amount may be.

However, I stated in the House, during last session of Parliament, that I would do away, as far as feasible, with dredging by the hour, although that system has been practised in the past to a pretty large extent, and although, in view of the fact that we are short of dredges, I will be obliged to resort to the system for small dredging works, where we cannot possibly ask for tenders, as the work consists chiefly in cleaning and scraping harbours.

I hope that, in two or three years, my department will be equipped with dredges, so as to enable us to do our works ourselves, which is cheaper, and vastly better.

In view of these explanations, I think you should withdraw your objections, as far as the Berthier works are concerned. I will be glad to discuss that matter with you, as soon as I am back in Ottawa.

Yours truly,

J. ISRAEL TARTE.

The Auditor General.

AUDIT OFFICE, OTTAWA, July 20, 1898.

SIR,—Let me acknowledge receipt of your letter of July 16, dated from Murray Bay, concerning the expenditure for "Dredging Berthier Channel."

In quoting by memory from the Order in Council of May 23, 1880, without having the text at hand, you have missed the exact wording which, I think, is more in favour of my contention: "On a memorandum \* \* \* \* \* recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract unless, owing to urgency or other cause, it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council."

I am pleased to hear that you stopped the practice of charging balances of special dredging to the general votes as soon as you learned of it. It would, however, be proper to have the over-expenditure shown under "Berthier Channel" in the present instance, rather than have it left under the general vote.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

*Note by Auditor General.*—\$1,350 was subsequently transferred from "Dredging: Ontario and Quebec," to "Dredging Berthier Channel," (page Q-134), showing an over-expenditure on the latter vote.

### Cacouna: Vouchers long Outstanding

AUDIT OFFICE, OTTAWA, October 26, 1898.

SIR,—On trying to prepare that part of my Report which relates to the expenditure on Cacouna wharf, I notice that the following cheques have not yet been accounted for:

Cheque 33061, for \$1,647.71, issued to Paymaster Côté, May 25, 1898, to pay

April accounts; and

Cheque 34419, for \$1,312.27, issued to Paymaster Côté, July 19, 1898, to pay

June wages and accounts.

As the total expenditure for the year was only \$4,979, the missing vouchers represent about 60 per cent of that sum. You will see that it is impossible for me to prepare a satisfactory report, notwithstanding that three months have elapsed since the last cheque was issued to the paymaster.

Were separate cheques issued to the different creditors, as I have so frequently requested, there need be no delay in forwarding one copy of the pay-list and accounts to the Audit Office.

I am, sir, your obedient servant.

The Minister of Public Works.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

### Coteau du Lac: Foreman's Signature Copied.

AUDIT OFFICE, OTTAWA, April 27, 1898.

SIR,—Let me call your attention to the payments covered by Cheque 23989, for expenditure at Coteau du Lac, P.Q., between July 1 and 20, 1897.

There is a bill of \$5 from L. A. Sauvé, for "keeping the time and making out the accounts." The certificates of "work performed; materials received," are signed with the name of Foreman J. B. Juillet, but in L. A. Sauvé's handwriting; the same is true for the foreman's declaration before the magistrate. These certificates are of no use.

Please supply me with the vouchers made out by some one who is not a Government officer, and have them certified by Foreman Juillet in his own writing. I see that he signed the pay-list in a legible hand.

Dates are needed for the days charged by each workman.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

Note.—Dec. 24, 1898.—No answer was made by the Public Works Department.

### Gatineau River: Protection of East Bank.

AUDIT OFFICE, OTTAWA, Feb. 19, 1898.

SIR,—Let me offer the following remarks on your expenditure to November 30, 1897, on "Gatineau River: Protection of East Bank below C. P. R. Bridge":—

Two vouchers from Thos. Desmarais, of Hull, Nos. 2311 and 25171, are for red pine timber, as follows:—

150 pieces, 20 ft. long, 9 in. at small end, at 10c. a lin. ft. . . . . \$300 00

75 pieces, 22 ft. long, 6 x 10 in.: 8,250 ft. B.M., at \$19. . . . . 156 75

75 pieces, 22 ft. long, 6 x 8 in.: 6,600 ft. B.M., at \$19. . . . . 125 40

Also, bill No. 24757, from Thos. Kelly, of Venosta, is for 25 pieces of red pine, 22 ft. long, 9 in. at small end, at 10c. a lin. ft., or \$55.00.

These prices seem high for red pine. Please let me know where and when the timber was cut, and how it was brought to the works. What efforts were made to obtain timber at lower rates? Were the local millers consulted?

These vouchers from Thos. Desmarais, of Hull, and Thos. Kelly, of Venosta, are made out in the same handwriting, which is that of neither, as shown by the endorsed cheques. Please send me the original bills from the creditors themselves.

Many of the other vouchers, and all of those for carting stone, are in the handwriting of Mr. J. C. Taché, the engineer. They also will need to be replaced by the originals.

Mr. Taché appears to reside in Gatineau Point, and to charge ferries, street cars and meals when he comes to Ottawa about local works. Since his salary is carried on the vote for Civil Government, Ottawa is supposed to be his residence, and such charges not a public expense. Please ascertain Mr. Taché's understanding on this subject.

Voucher 25177 from Napoléon Berlinguette is receipted by a cross: Mr. Berlinguette signed Voucher 26147. Bills from Saleme Charette, Onés. Lafontaine, Jos. Lagace and Sévère Marenger, all number 26147, are receipted by crosses, for which there were no witnesses: these receipts are of no value—more particularly when they appear on vouchers which are made out by others than the creditors themselves.

On pay-list 24208, Napoleon Viau's wages are receipted with a cross: he signed pay-list 26147. On Nos. 24758 and 25177, Elle St. Amour's wages are receipted with crosses: he signed Nos. 24208 and 26147. On No. 24758, the wages of Joseph Cyr are not receipted at all. On No. 26147 ten items of wages are receipted by others than the workmen, without the printed form of authority which the Treasury Board has prescribed. Valid receipts for all these will be necessary.

Other defects are: No dates are given for the men's time; no mention is made of the ordinary occupations of the foremen, which qualify them for their posts; and no balance sheet is attached to show the purchase and disposition of materials.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

Note by A. G.—Similar defective receipts were discovered in many other pay-lists, and the same remarks were made to the Public Works Department in each case. Very few of the defective receipts have been replaced by valid ones.

DEPT. OF PUBLIC WORKS, OTTAWA, May 11, 1898.

SIR,—Referring to your letter of the 19th February last, on the subject of the expenditure, to Nov. 30, 1897, on "Gatineau River: Protection of East Bank below C. P. R. Bridge," I am directed to inclose herewith explanations in the matter, furnished by the engineer in charge, Mr. J. C. Taché.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

OTTAWA, le 12 avril, 1898.

MONSIEUR LE SECRETAIRE,—Au sujet des questions de l'auditeur dans sa lettre du 19 février dernier, je dois dire que :

1. Le bois fourni par M. Desmarais et Kelly d'après un arrangement fait avec moi devait avoir pas moins de 8 pouces au petit bout et 14 pouces à la botte, en général tout le bois fourni mesurait au delà de ces dimensions et était de bonne qualité.

L'ingénieur en chef désirait employer de l'épinette rouge ; après des démarches faites par M. Desmarais et moi-même, vu l'impossibilité de nous procurer de l'épinette rouge nous avons été obligés d'employer du pin rouge et MM. Desmarais et Kelly qui s'étaient donné le trouble de chercher le bois en question ont été chargés de nous fournir du pin rouge à des conditions que je crois raisonnables, après information prise.

Quant à la provenance du bois je n'en sais rien, il a été livré sur les travaux, mesuré et reçu par le contremaître et les comptes ont été préparés sur les données du contremaître.

2. La pierre était charroyée au pied à raison de 1½ du pied mesuré sur le terrain par un M. Robitaille sous la surveillance du contremaître. Vu que nous tenions les comptes de chacun des charroyeurs de pierre, les comptes ont été préparés par M. Robitaille, je faisais l'original.

3. Dans mon compte personnel je charge le gouter et le tramway. Je ferai remarquer que si j'avais agi comme ayant ma résidence en ville mes dépenses de tramways auraient été plus fortes, et j'aurais eu droit de charger mes trois repas ce qui aurait augmenté mon compte de beaucoup. Je venais à la ville le plus souvent pour des achats ou pour ordres à donner ou à recevoir.

Dans l'espoir que mes réponses satisferont M. l'auditeur,

Je demeure, monsieur le secrétaire, votre tout dévoué,

M. secrétaire, ministère des travaux publics.

J. C. TACHE.

### River Richelieu : Belœil Channel Guide - Piers

AUDIT OFFICE, OTTAWA, Feb. 19, 1898.

SIR,—Let me call your attention to some items in your 1897-98 expenditure on "River Richelieu : Belœil Channel Guide Piers."

The July pay-list, No. 23797, contains \$70.69 for the foreman, Avila Bernard, as follows :—"Conductor of works, 26 days at \$2 ; man and two horses, 5½ days at \$3.25." It is generally preferable to avoid, where it can be done, the purchase or hiring of any property belonging to the foreman, and particularly if his own certificate is necessary to complete the voucher. You will find a discussion on this subject at page Q—201 of my Report for 1895-96.

In Voucher 27998, Foreman Bernard charges \$3 for two trips to Montreal in November. "to buy the winch and tools." A November voucher for \$38 from Mr. C. Guertin, of Belœil (apparently a hardware merchant) contains an item of \$23 for "1 winch and freight." If the foreman selected the winch and tools in Montreal, he should have completed the purchase there and saved the amount of the profits of the second dealer.

Many of the accounts are in the foreman's handwriting. This is not in accordance with the understanding had some time ago with the chief engineer. Each account should be made out by the person who has earned the money, or by some agent of his, if he cannot write ; but in no case by the Government officer whose business it is to examine and certify it. Please issue instructions in this sense to all the engineers and foremen.

In describing a man as a "conductor" or as a "foreman," it would be well to specify the occupation which he usually follows, and which qualifies him for employment in the capacity of foreman. Please see that this is done for all future pay-lists, as well as in the present instance. This suggestion will be found at page Q—199 of my Report for 1895-96, in a letter dated Sept. 23, 1896, but it does not seem to have gained your attention at that time.

## Auditor General's Report—Part Q

Other defects which should be remedied are : The absence of dates for the men's work, and the omission of a balance sheet, showing the " materials purchased and used," such as is described at page Q—202 of my Report for 1895-96, in a letter dated September 29, 1896.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDougall, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Feb. 26, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 19th instant, making certain remarks respecting our 1897-98 expenditure on " Rivière Richelieu : Belcèl Channel Guide Piers."

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

*Note.*—Dec. 24, 1898.—No further answer was made by the Public Works Department.

### St. Fulgence : Receipt—Signatures written by Paymaster.

AUDIT OFFICE, OTTAWA, March 1, 1898.

SIR,—The paymaster at Chicoutimi, Dr. Edm. Savard, appears to have written at least 14 out of the 24 signatures in the receipt column of pay-list 26359, for work at St. Fulgence Pier in September, 1897.

Please send me a copy of whatever instructions you may have issued to paymasters, concerning the validity of receipts.

The pay-list in question will need to be replaced.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDougall, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 4, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 1st instant, in reference to pay-list 26359, St. Fulgence Pier, September, 1897.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

*Note.*—Dec. 31, 1898.—No further answer was made by the Public Works Department.

### Bowmanville : Timber and Lumber supplied by Foreman.

AUDIT OFFICE, OTTAWA, July 12, 1898.

SIR,—Let me call your attention to the following sums, paid to McClellan & Co., of Bowmanville, for timber and lumber supplied to the Bowmanville Harbour Works :—

Voucher 2519 : Supplies in Sept., 1897.....	\$1,635 88
2634 : Supplies in Oct., 1897.....	524 76
2744 : Supplies in Nov., 1897.....	155 97
32690 : Supplies in April, 1898.....	50 70

\$2,367 31

The Ontario Business Directory gives Messrs. John McClellan and Wm. Cann as the members of this firm.

The foreman of the work was Mr. John McClellan. The vouchers of McClellan & Co., are certified by him, " Materials delivered, measured and received," in his capacity of foreman for the Government ; and the cheques in favour of McClellan & Co. are endorsed in his handwriting, in his capacity of Government creditor.

No reliance whatever can be placed on the certificate of any one when certifying his own materials. Please have a new examination made by an independent and uninterested officer.

Might I suggest to you to instruct all your officers that they are to make no purchases in which they are financially interested.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDougall, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, July 14, 1898.

SIR.—Your letter of the 12th instant to the Honourable the Minister, in reference to the account of Messrs. McClellan & Co., of Bowmanville, and to the certificate given by Mr. John McClellan, has been received.

The officers of this department are under instructions to consider as insufficient the certificate of a foreman to an account for supplies delivered by himself. In this case, as the account was in favour of McClellan & Co., with the signature of Mr. John McClellan, foreman, and as it very often occurs, in certain sections of the country there are a good many people of the same name, although not necessarily the same person, this account was taken as properly certified.

I have again renewed the instructions to the chief officers of the department to send a circular letter to their engineers, architects, &c., in order that in future the certificates be signed as you desire.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D. M. of P. W.*

### Dredge-Contracts over \$5,000, let without Tender

AUDIT OFFICE, OTTAWA, March 31, 1898.

SIR.—I received yesterday at 4.30 p.m. your application, No. 208, for \$20,360, in favour of J. W. Wurtele & Co., for steel plates, &c., for reconstruction of a dredge hull.

There is a general Order in Council of May 23, 1880 (shown at page xx. of my Report of 1896-97, and at a similar place in several preceding reports), which fixes \$5,000 as the limit of contracts which can be let without public tender, unless special authority is obtained from Council.

The Order in Council of Nov. 25, 1897, which gives authority to contract with Wurtele & Co., and with the Cavanagh Co., for \$20,460 each, explains only that "Quotations have been obtained." Nothing is said about the existence of a standing regulation which requires to be abrogated to make the contracts possible.

You will find a similar case discussed at page R-322 (herewith) of my Report of 1896-97.

I do not think that a special exempting Order in Council is complete, unless it mentions explicitly the general regulation whose operation it suspends, and also the fact that it is suspended.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 2, 1898.

SIR.—In further discussion of the contracts of Messrs. J. W. Wurtele & Co., and the Cavanagh Co., of \$20,460 each, for steel and iron for reconstruction of dredge hulls:

Please let me have the names of the other persons who were invited to tender.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC WORKS, OTTAWA, April 21, 1898.

SIR.—Referring to your letter of the 2nd instant, respecting the contracts of Messrs. J. W. Wurtele & Co., and the Cavanagh Co., for steel and iron for the reconstruction of dredge hulls, I am directed to state that the names of the other firms invited to tender are Messrs. Lewis Bros. & Co., and J. W. Pyke & Co.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, April 1, 1898.

SIR.—I received yesterday a copy of the Order in Council of March 14, 1898, giving authority to contract with Messrs. Beatty & Sons, of Welland, for three dredges, costing \$7,500, \$7,600 and \$7,800, respectively.

There is a general Order in Council, of May 23, 1880 (shown at page xx. of my Report for 1896-97, and at a similar place in several preceding reports) which fixes \$5,000 as the limit of contracts which can be let without public tender, unless special authority is obtained from Council.

## Auditor General's Report—Part Q

The Order in Council of March 14, 1898, explains only that "Communications have been opened with Messrs. Beatty & Sons, manufacturers of dredges." Nothing is said about the existence of a standing regulation which requires to be abrogated before an un-advertised contract is possible.

You will find a similar case discussed at page R-322 of my Report of 1896-97.

I do not think that a special exempting Order in Council is complete, unless it mentions explicitly the general regulation whose operation it suspends, and also the fact that it is suspended.

Please let me have the names of any other persons from whom tenders were invited.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, April 7, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 1st instant, referring to the Order in Council of the 14th March last, giving authority to contract with Messrs. Beatty & Sons, of Welland, for three dredges, costing \$7,500, \$7,600 and \$7,800, respectively, and asking to be supplied with the names of any other persons from whom tenders were invited.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

### Edmonton Bridge: Change in Specification.

AUDIT OFFICE, OTTAWA, July 23, 1898.

SIR,—I have received, from your department, an application, No. 296, for \$41,228.38, in favour of La Banque Jacques Cartier, of Montreal, for François Lemoine, being the first and final estimate to June 30, 1898, for "Piers and Abutments of Edmonton Bridge."

By the Order in Council of October 20, 1897, the specification of rock-faced ashlar was changed to concrete, without altering the contract price of \$36,500. Of the two certificates provided by section 33 of the Audit Act, "Prices as per contract" is used for expenditure under advertised tenders; "Prices fair and just," for expenditure where the fullest public competition has not been invited through the newspapers. The change from ashlar to concrete is so great a variation from the advertised terms of the contract that the first certificate is now insufficient—and I should like to have the engineer certify "Prices fair and just."

Since receiving your application, I have had a conversation with Mr. Arthur St. Laurent, the superintending engineer of the work. It seems to me that the information which I obtained from him should be on record; as, besides removing difficulties which have occurred to me, it would, I am sure, have a marked effect in satisfying members of the House of Commons who criticised, during last session, the action of the Government in cancelling the first contract, and in making the second contract without calling for new tenders.

I do not find any clause in the specification about a sample of suitable stone being in Mr. Coste's office, and there accessible to contractors, as was mentioned in the debate. It would be better to adhere to the plan of having specifications made complete in all respects, so that they can be interpreted without the aid of any undescribed adjuncts.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Aug. 12, 1898.

SIR,—As requested by your letter of the 23rd ultimo, I send you, herewith, copy of a report made by Mr. Arthur St. Laurent, who superintended the work of construction of the piers of the bridge at Edmonton, N.W.T.

Yours very truly,

The Auditor General.

A. GOBEIL, *D. M. of P. W.*

DEPT. OF PUBLIC WORKS, OTTAWA, July 26, 1898.

SIR,—As requested, I have the honour to report herein on the relative cost of masonry and concrete, with reference to the Edmonton Bridge masonry contract, which formed the subject of a discussion in the House of Commons during the last session of Parliament.

Plans were first made for piers and abutments to be built of ashlar masonry, on apparently reliable information that stone suitable for bridge piers could be found close to Edmonton.

After the contract had been awarded, it was found, after visiting the reported quarries, that these were only lost beds of sandstone, of such a nature that it could not be suitable for bridge work.

Subsequently, a change was allowed from masonry to concrete, the conviction being that good concrete would be better than any masonry of sandstone which was only available at or near Calgary, and that the cost of the concrete would be about the same as masonry made under ordinary circumstances at Edmonton.

Follows a close estimate of the cost of concrete at Edmonton, and several approximate estimates for masonry :—

#### COST OF CONCRETE AT EDMONTON.

*Cement.*—Total number of barrels of cement used, a little over 2,200 barrels ; average quantity of cement used per cubic yard of concrete, practically one and a half barrel.

1,000 barrels of Portland Belgium cement of the "Jesson" brand, and about 1,200 barrels of the Owen Sound Portland cement of the "Samson" brand were used.

Prices and freight charges for these were as follows :—"Jesson" brand, \$2.30 in Montreal ; freight on same, per hundred, 99 cents, or \$3.71 per barrel, weight averaging 375 per barrel ; plus cartage from station (2½ miles) to bridge site, fares on ferries, storing sheds, rehandling, &c., which I estimated at about 45 cents.

Total cost for one barrel..... \$6 46

"Samson" brand, \$1.94 per barrel ; freight charges paid, according to bills, from Owen Sound to Edmonton, \$1.12 per 100, or \$4.14 per barrel, weight averaging 370 per barrel ; plus cartage, storing sheds, &c., as above, 45 cents per barrel.

Total cost for one barrel..... \$6 53

Average cost of one barrel of cement, practically, \$6.50.

Total cost of cement per cubic yard of concrete, 1½ barrels..... \$ 9 75

*Sand.*—Sand taken, for the largest quantity, about two miles from bridge site ; cost, delivered, \$1 per cubic yard, including stripping off of pit, &c.

Small quantity was taken nine miles from bridge site ; cost per cubic yard, delivered, about \$3, including 50 cents paid per cubic yard to owner, including cost of screening, waste, &c. I estimated the cost of sand in one cubic yard of concrete at 45 cents..... 0 45

*Broken Stone.*—Boulders of all kinds, gathered from one to three miles above site of bridge, cost \$1 per cubic yard, delivered. Cost of breaking same by hand with unskilled men, breaking about one cubic yard per day (stone very hard), labour, \$1.50 per day. Plus waste, washing and screening when necessary, 10 cents. Making total cost of broken stone, per yard (cubic)..... 2 60

*Mixing and Laying Concrete.*—Labour, \$1.50 per day ; concrete laid with extra care for surfaces, wages of two skilled men brought from Montreal, \$3 per day. Cost, including trestling to 1st and 2nd piers, which had to be renewed in spring ; outfit for depositing concrete under water, pumping caissons, tools, wheelbarrows, scows, &c., I estimated at \$2.80 per cubic yard..... 2 80

*Casings or Moulds for Piers and Abutments.*—Lumber, carpentering, iron rods through piers every five feet, sheet iron for moulding round cut-water, &c., blacksmithing, stripping off, &c., I estimated at \$1 per cubic yard..... 1 00

Total cost of concrete, per cubic yard..... \$16 60

Plus, say 5 per cent for contingencies, like freight paid on outfit brought from Montreal, wear and tear on outfit, &c..... 0 83

Grand total..... \$17 43

This is exclusive of contractors' profits and interest on money.

I may state that I have no doubt that concrete, in this case, was much better than any masonry made of Calgary or Edmonton stone. It is a fact that this useful material is finding more and more favour every day, as it is better known among engineers and practicable men for all kinds of important works.

The work done and forming the nature of the contract was as follows :—

Building of three concrete piers and abutments.

Excavation in foundation.

Three ordinary strong caissons for piers.

Rip-rapping.

Filling north approach.

Cutting north approach.

## Auditor General's Report—Part Q

### Filling in foundations.

The prices of materials, as paid by the contractors at Edmonton, were as follows :—

British Columbia red fir timber, 12 in. x 12 in., delivered at station one, \$24 per 1,000 feet B. M.

Pine boards for casing, as charged by Mr. Fraser, \$26 per 1,000 ft. B. M.

Tamarac, \$20 per 1,000 ft. B. M.

Tamarac, from Walter's mills, \$17 per 1,000 feet B. M.

Piles—I cannot state positively as to prices paid—but not less than \$2.50 per stick, average length, 20 feet. About one-quarter of amount bought by contract rejected.

Iron and steel at Ross's stores, 5 to 7½ cents per pound.

I am, Sir, your obedient servant,

The Deputy Minister of Public Works.

ARTHUR ST. LAURENT, *Asst. Eng.*

### Instrument purchased from Government Officer.

AUDIT OFFICE, OTTAWA, Feb. 9, 1898.

SIR,—Let me call your attention to Cheque 26183, of 1897-98, for \$45, being a payment to Mr. D. H. Keeley, the superintendent of Government telegraphs, for "one adjustable resistance box, shipped to Chicoutimi."

Mr. Keeley, over his certificate of "Materials received; prices fair and just," makes this note: "This was an article of personal property shipped in fulfilment of a requisition. The price charged is the lowest obtainable elsewhere."

As a general principle, whenever the calls of the Government service are so urgent as to compel a certifying officer to supply his own property, the bill therefor should be approved by some third person who is disinterested as well as capable.

The demand which I made in a previous instance, for the certificate of a superior officer, would not hold in the present case, as no such superior would be technically qualified.

When buying property which is not new, the age and original price should be recorded on the voucher.

These remarks are always made on purchases from Government officers, and of second-hand materials, and therefore have no special reference to Mr. Keeley.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. I. McDOUGALL, *A.G.*

OTTAWA, February 18, 1898.

DEAR MR. KEELEY,—The rheostat you had stowed away in our office was practically new; in fact, it was only used a few times for testing purposes, and was always found to be correct.

The price of \$45 is, in my estimation, fair and just.

Yours faithfully,

H. BOTT.

### Over-Expenditures in Cases of Urgency.

DEPT. OF PUBLIC WORKS, OTTAWA, March 5, 1898.

SIR,—This department is now in possession of two pay-sheets for work done at Meteghan and Yarmouth, N.S., which exceed the amount placed at our disposal for expenditure, the former by \$41.99 and the second by \$8.42. These over-expenditures, I am informed by the chief engineer, had to be incurred in order to complete works undertaken in the case of Meteghan, and in the case of Yarmouth to execute small repairs which, if not made at the time, would have left the works in an unprotected state, and their noncompletion might have involved a possible later expenditure that would have amounted, perhaps, to hundreds or thousands of dollars.

In the interests of the works themselves, and as a business-like proceeding, those over-expenditures were made.

Although I have, in a formal way, called the attention of the chief engineer to the fact that, as a matter of principle, over-expenditures could not be allowed, I believe, however, that in special cases where the safety of the works is at stake, no cast-iron rule should be adhered to, which rule would have as a result greater additional expenditure.

I have to ask, therefore, if you would not be good enough to consider the advisability of reverting to the system which used to be followed in past years, to the effect that, so long as the total of the appropriations under any one head or for any one province was not exceeded, in urgent cases the special appropriations for individual works within that province could be exceeded if necessary.

You can readily understand that, especially in the case of repairs to existing structures, it is next to impossible to estimate within a few dollars the cost of the works, and with the reductions which are sometimes made in the amounts given by us as the estimated cost, it must frequently happen that the actual cost over-reaches the sum voted.

In the cases to which I refer, the expenditure was imperative, and I intend to issue a cheque for the payment of the pay-sheets in full.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D. M. of P. W.*

AUDIT OFFICE, OTTAWA, March 8, 1898.

SIR,—I have your letter of the 5th instant, with reference to claims for work done at Meteghan and Yarmouth, Nova Scotia. I am rather surprised at your statement that you intend issuing cheques for these claims.

The acting accountant of your department discussed these cases, or similar ones, some time ago with me. I then explained that I could not see my way to departing from the rule which had been laid down by the late Minister of Finance, Mr. Foster, that each sub-head of an appropriation should be treated as a separate vote and, therefore, should not be over-expended. I indicated to Mr. Kingston that there was no way by which the rule could be changed, except by instructions from Mr. Fielding, and I informed him that I should be very glad to explain how the rule was adopted and all other points in connection with the matter, if Mr. Fielding should desire information from me. I have since learned from Mr. Courtney that Mr. Fielding wished to discuss the question with me, when he had time to do so. He has not yet been able to find time to make an appointment with me. In the meantime, I think that no cheques should be drawn for such purposes under your credit.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, *A.G.*

### Letters of Credit Exceeded.

AUDIT OFFICE, OTTAWA, August 3, 1898.

SIR,—I have received your application for a payment of \$3,751.66 in favour of the Bank of Montreal, for cheques drawn by Messrs. McCordock and Ewing, being their supplementary list for June; also, an application for a letter-of-credit for \$3,597.89 in favour of these officers, to meet these cheques.

As there is only a balance of \$580.53 unexpended of the appropriations for these works, neither of your applications can be passed.

I shall be glad to know what you propose doing in reference thereto.

I may call your attention to the irregularity and impropriety of drawing cheques in excess of the letters of credit issued.

I am, sir, your obedient servant.

The Secretary Public Works Department.

JOHN GORMAN, *for A.G.*

*Note.*—Dec. 31, 1898.—The Bank of Montreal has not yet been repaid for the over-expenditure.

AUDIT OFFICE, OTTAWA, August 5, 1898.

SIR,—Messrs. Roy and McDonald drew cheques during June amounting to \$35,233.56, though they had a credit of only \$29,772.66.

I am now in receipt of the following applications to repay the bank for these cheques:

No. 319 chargeable to Sundry appr., B. C., 1897-98.....	\$30,217 14
No. 319a chargeable to Dredging, B. C., 1897-98.....	2,242 55
No. 20 Stikine River Improvements, 1898-99.....	2,773 87

\$35,233 56

You have also applied for a letter-of-credit for \$444.48, in favour of these officers, which increases their credit to \$30,217.14, and so provides for application No. 319.

## Auditor General's Report—Part Q

It is not clear to me what disposition you wish to have made of your application No. 319a, which you state is composed of cheques drawn in excess of appropriation. It cannot be paid without a credit, and no credit can be issued, as the payment of application No. 319 will exhaust the appropriation.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

JOHN GORMAN, for A.G.

*Note.*—Dec. 31, 1898.—The Bank of Montreal has not yet been repaid for the over-expenditure.

### Auditor General's Investigation *re* Coulonge Slide.

AUDIT OFFICE, OTTAWA, Oct. 17, 1898.

SIR,—I inclose herewith a copy of evidence taken by me in an investigation into the payment, "Wm. Bertrand, Elm Plank, \$659.56," at Q—191 of the Auditor General's Report of 1896-97.

I would draw your attention to the contradictory evidence given by Joseph Tremblay, the real beneficiary, and by Mr. Brophy, the superintending engineer of the Ottawa River works.

I have put the contradictory evidence in parallel columns so as to enable you to more readily see the contradictions.

You will notice the points which require to be remarked upon, and to be criticized :

1. The Government paid \$22 a M. to Tremblay for the plank, while it was delivered by Proudfoot on the spot for \$15, the Government paying 46½ per cent on the first cost to a man who never expended a dollar on the work.

2. An account was made out on the 22nd of June by Tremblay, and certified to by him. It was passed not later than the end of July, and the money paid early in August, while not a foot of the material was delivered to the Government until after the first of September.

3. The account and cheque were made out in the name of Wm. Bertrand, who had no interest whatever in the transaction, while the only certificate to the delivery and measurement was made by Joseph Tremblay, who was the sole beneficiary.

With regard to No. 1, it does seem to require explanation that Mr. Brophy, who knows all about the products of the neighbourhoods of the different works under his control, should not have taken care that the owners of saw-mills at Coulonge were communicated with as to their ability to produce the elm, and as to the prices which they would take, before making a bargain with a person who had no mill, and on the basis of getting the logs many miles away, and therefore going to the expense of drawing the plank the long intervening distance to the slide. Observe Tremblay's statement on this point on page 5. This, however, although important, is not so worthy of grave consideration as the other two points. (2) and (3). I am not satisfied with Mr. Brophy's explanation. I do not accuse him of obtaining any public money for himself in the transaction. It is quite unlikely that he did. He, however, seems either to have had the greatest confidence in Tremblay or to have been very careless. Why should he have suggested anything about the substitution of another name? If Tremblay was away from home when payment was to be made, there was no better way of sending what was to bring money than by forwarding a cheque payable to the man who had a right to get the money. Then, when Mr. Brophy knew that Tremblay was at least a beneficiary, why should he have been so careless as not to be quite sure that some one other than the beneficiary had measured and culled the lumber, for which payment was about to be made. Would a man of Mr. Brophy's intelligence have paid out his own money while there was no statement from any one except an interested party?

Assuming that Mr. Brophy's object in doing a grossly irregular thing was to use the appropriation of the expiring year, and assuming the correctness of his statement, although flatly contradicted by Tremblay, that he thought that the material was delivered, why should he not have said to Tremblay, "You are interested in this, and I shall instruct Davis, the slidemaster on the spot, to cull and measure the plank before passing it." There would still have been time to have made the payment before the lapsing of the appropriation.

I do not see that there could have been any motive on Mr. Brophy's part except to save the appropriation. Why did he run the risk of causing the loss to the Government of at least the deficiency in measurement and quality which might have arisen from a merchant measuring his goods behind the back of the purchaser without there being any one to check?

It is worth considering whether, as a warning to others, an action against Tremblay should not be taken by the Government. If Mr. Brophy's evidence is correct, Tremblay obtained money by false representations.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

EVIDENCE re "WM. BERTRAND, ELM PLANK, \$659.56," AT Q-191 OF THE AUDITOR GENERAL'S REPORT OF 1897.

*Extracts from Geo. P. Brophy's Evidence.*

I knew that a considerable quantity of plank would be required for that work, and as I expected to have a balance of the appropriation of 1896-97 unused, I decided on getting a quantity of hard wood plank, (Maple preferred if I could have gotten it at any reasonable price). I then told Tremblay to give me a price for rock or grey elm plank in lengths of 12 and 18 ft., delivered at the head of the Coulonge Slide. My recollection is that at a subsequent date Tremblay asked more than \$22 per M., but I agreed to take about 30 M. ft. at \$22, understanding from him that this plank could not be procured at the Coulonge, but only at Bryson, which would necessitate a haul of 16 to 18 miles with the stuff green, and, therefore, heavy. He also told me that he made inquiry and found that he could get logs in Clarendon or Bristol, and would be compelled to have them drawn to the Bryson Village Mill, and there sawn and the product hauled as above described to Coulonge. I considered from the above statement made by Tremblay that the price was reasonable.

With reference to the substitution of Wm. Bertrand's name for Joseph O. Tremblay, I understood when I spoke of making payment in the event of Tremblay going away as he was looking for other employment, that the person named by Tremblay was his father-in-law or his brother-in-law. I deny most positively that I suggested to him to name any person to take his place in the plank contract.

I no doubt told him that as he was interested in that order, and might be employed before the delivery of the material, it might be well to have some one associated in the contract with him.

My recollection is that although the account was dated in June it was not certified to until the end of July, or, so far as I know even made out until then. I think it was about the 21st of that month that this account was transmitted with others to the Department after having been certified to by me.

*Extracts from Wm. Tremblay's Evidence.*

On or about the 3rd or 4th of June I went down to Ottawa from Bryson, being still out of employment. I went to see Mr. Brophy and I told him, in speaking about the plank, that I thought from my own experience that elm plank would do in the Coulonge Slides. Then he said to me: "You are not doing anything now. Why cannot you get this plank? I do not see from the quotations we have got and the time of year that you could do any better than the quotations we have got. I will give you twenty-two dollars a thousand B.M. for good elm plank delivered at the Coulonge Slide." I said all right, Mr. Brophy, I will take the contract. I came up to Bryson after making the contract which was a verbal one.

Q. Why was Mr. Bertrand brought into this matter?

A. I went down to Ottawa about the 15th of June, and I told Mr. Brophy that I made a contract with John Proudfoot for the plank at Fort Coulonge. He said, that was all right—with whom did you contract? I said, with John Proudfoot. He said, it is all right. I have had some dealings with John Proudfoot before and it is all right. He then said, I have had word from the Dumoine. There is some difficulty there. You will have to go there. He then said, by the bye, about that money, meaning, the money for the plank—I am getting the money out of this year's appropriation—meaning 1896-97, and he said it will have to be paid again the 1st of July and you won't be at home to receive it. He then asked me if I would name any one in whom I would have confidence enough to send it to him. I named Wm. Bertrand. Mr. Brophy said that would be all right. You might as well let the account go through in his name. You are certifying to the other accounts, and then as you cannot certify to your own account you had better give it over to Bertrand.

The account was made out after I returned from Dumoine and other places, about the end of June, at Mr. Brophy's request, as he wanted the money to be drawn from the appropriation of that year.

Q. You certified on the 22nd of June, 1897, under the statement 29,980 ft. board measure of 3-inch elm plank, 12 and 18 ft. long.

## Auditor General's Report—Part Q

At the time I certified the account, which was about the 21st July above mentioned, I believed that without doubt the material was delivered at the slide as agreed to. I got no information from Joseph O. Tremblay to make me think otherwise.

I did not know until I returned from the North-west, which was about the 15th of October, 1897, that Tremblay had any dealings whatever with Proudfoot about the elm plank which I bought from Tremblay. Had I known that the plank could have been procured from Proudfoot I would have given Proudfoot the order at the price which he named, viz., (\$15) fifteen dollars per M. board measure, and as a matter of fact I did give him an order for about 16 M. ft., the balance which was required.

I overlooked the fact that the name of the Slidemaster, Edward Davis, as measurer, was not on the account. The impression left on my mind was that Davis had measured the lumber.

I also am of impression that I told Tremblay at the time I made the bargain with him to have the lumber when delivered culled and measured by Davis.

The agreement between Tremblay and myself was that the plank must be delivered at the slide not later than the end of July, that being limit of time as I understand when this expenditure could be charged to the appropriation of 1896-97.

I never had any doubt but that all the plank had been delivered when I signed the certificate for payment in July, 1897.

The first intimation that this was not the fact came from you in June, 1898, after the investigation on this matter in Bryson. When you informed me that evidence to the contrary was given at the investigation.

*Investigation held by the Auditor General on the 24th of June, 1898, at Bryson, into the item, "Wm. Bertrand, Elm Plank, \$659.56," at Q—191 of the Auditor General's Report of 1896-97.*

EDWARD DAVIS, SWORN :—

I am slidemaster at the Coulonge Slide. I have been in the position four years. My duties are (1) to report to the superintendent the repairs which are required, the extent of the repairs if there is anything unusual. I don't keep any books. I am a permanent employee at thirty dollars a month. I sometimes take the oversight of the repairs, and sometimes I do not. In the summer of 1897 I did look after the repairs. There were only the usual minor repairs, as occasion might arise. There were not more than a dozen of pieces of square timber used. There was no elm plank used in the repairs of the slide in the summer of 1897. What was used was either pine or hemlock. There was no elm plank used in the repair of the slide during the performance of my official duties, until November 23rd. I consult a memorandum kept at the time. I cannot now say how much elm was used then and since.

Q. When was the delivery of the elm begun?—A. I think about the middle of August, 1897. There was no elm plank there until the delivery of this began. I don't think that there was any drawn in July, or before. The whole of the plank that was delivered at the slide for the repair of it in 1897, was cut at Mr. John Proudfoot's mill at Fort Coulonge, or at Mr. P. Gillis's. I cannot recollect how much elm plank was delivered at the slide since the first delivery began in the early part of 1897.

*Cross-examined by Mr. Barry :*

Q. During the whole of this work, you did not notice anything in the way of dealing with Government work, any attempt to defraud by Mr. Tremblay?—A. I did not. It was always conducted as I saw it before.

delivered at Coulonge Slide works at \$22.

"Materials delivered, measured, and received by

"with your signature.

did you not ?

A. Yes, and because Mr. Brophy wanted the account to be paid from the appropriation of 1896-97, and asked me to certify.

Q. Mr. Brophy then knew that the plank had not been delivered at the slide ?

A. Of course he knew, as the contract was that it was to be delivered only on the 1st of September, and from the explanation which I have made above.

Q. When did you get the cheque ?

A. On or about the 1st of August.

Q. When did you cash the cheque ?

A. About the 6th or 7th of August.

Q. Did it never occur to you that the first place to make inquiry about this material was in the close neighbourhood of the Slides ?

A. So I did. I went to the Coulonge Slide and asked for Mr. Gillis on the spot about the middle of June. I found he could not supply me because, as he said, that he hadn't the right elm. On the same day, in the afternoon, I went to Mr. Proudfoot and struck the bargain there as above mentioned.

Q. When you and Mr. Brophy, as public servants, were consulting quotations from Mason & Sons, Baillies, and others, to get material at the lowest prices for the Government on the Coulonge Slides, did it not occur to either of you that something might be done by asking saw-mills on the spot for their quotations ?

A. It did not occur to me nor to Mr. Brophy, but as soon as I got the contract I looked around the neighbourhood of the Coulonge Slides for my material.

Q. You spoke of the use of elm plank?—A. I do not know anything about it.  
 Q. Were you not requested by Mr. D. Scott, of the superintendent's office, to make all the measurement of this elm mentioned in the Auditor General's Report?—A. Yes. I went to Ottawa a few days after I received the request, and saw Mr. Scott, and I told him that I had not bought the plank and did not understand the bargain, and I did not care about measuring the plank, because I considered there were a good many that I thought should be culled, and I did not care to measure them, and I suggested that he should send some person from the superintendent's office.

Q. You are not a culler?—A. No.

Q. There are other things that you understand better than culling?—A. Yes.

Q. You never culled in the shanties?—A. No.

Q. You never served an apprenticeship to culling?—A. No. Mr. Tremblay culled and measured afterwards, and he culled as many as I should have culled myself.

(Signed) E. DAVIS.

JOHN PROUDFOOT, sworn :

I have a saw-mill at Fort Coulonge.

*Questioned by Auditor General :*

Q. I notice in the accounts of 1897-98 that you sold elm plank to the Government, delivered at the slide, for which you were paid by Government cheque. Where was it delivered?—A. At Coulonge Slide.

Q. What was the price?—A. Fifteen dollars a thousand B. M.

Q. So far as I see, this was the first elm plank delivered there by you?—A. No, not the first.

Q. What other 3-in. elm plank did you sell to the Government?—A. I signed an agreement, in either June or July, of 1897, to deliver to Department of Public Works at my mill at Fort Coulonge, 30,000 ft., 3-in. plank, at \$13 a thousand B. M. Mr. Joseph O. Tremblay acted as representative of the Public Works Department in making that agreement. I afterwards—I think about the 15th of August—made an agreement by word of mouth to deliver that elm plank for \$2 a thousand B. M. at the head of the slide. The delivery began about the 1st of September, and was completed on the 20th of September. I am quite positive there was none delivered on the 15th of August, or for some days afterwards. I was paid, according to my books, from Tremblay, in cash, the following sums on the dates mentioned:—August 15th, 1897, \$200; November 23rd, 1897, \$200; February, 1898, \$50, the balance.

Q. You had previous dealings for plank and other wood? A. Yes.

Q. How were you paid before?—A. Usually by cheque.

Q. How long is it since you received payment in cash for such supplies?—A. More than four years at any rate.

Q. Was there any other elm plank there when you began the delivery of this plank?—A. I did not see any there.

Q. Would you have seen it if there was any?—A. I would.

Q. Where could elm plank have been procured, economically, except from you?—A. Perhaps from P. Gillis's mill, situated about one mile above the slide.

Q. As a matter of fact, was there any elm plank delivered at the slide in the summer of 1897, or since, cut at Gillis's mill, or at any other place?—A. Nothing that I am aware of, except a little less than 3,000 ft., cut by Gillis for me, and which formed part of my contract under which I delivered something over 16,000 ft., and for which I was paid by Government cheque of \$243.04, dated the 1st of March, 1898.

*Cross-questioned :*

Q. Had Mr. Gillis, at the time, the right kind of elm for this plank?—Not that I am aware.

Q. You said in the examination in chief that the contract was headed, "Public Works Department"?—A. I believe it was. I am not positive, but I think it was headed, "Plank for the Public Works Department."

Q. Was the agreement dated from Bryson, or from the Department of Public Works, Ottawa?—A. It was dated, I think, from Bryson.

Q. You measured everything that you delivered at the slide?—A. I believe I did.

Q. According to your measurement, how much was delivered under the agreement you say was made in June or July, 1897?—A. Over (30,000 ft.) thirty thousand feet.

Q. Did you not say to Mr. Tremblay that there was 500 or 600 feet more than thirty thousand?—A. I may have said so, but I do not remember exactly. I know that there was more.

(Signed) JOHN PROUDFOOT.

## Auditor General's Report—Part Q

WM. BERTRAND, SWORN :

I am a bar-tender at McVeigh's hotel.

Q. Will you explain how you were connected with this transaction?—A. I was in Ottawa on the 29th of June, 1897, at some sports. Mr. Joseph O. Tremblay asked if I would go to Mr. Brophy's office with him. I did not go. I received a cheque about a month after, which is the one produced, dated the 30th July, 1897, for \$659.56, marked on the top, "Department of Public Works," signed by A. Gobeil, Deputy Minister, and A. G. Kingston, acting accountant, made payable to me, Wm. Bertrand. I signed my name on the back and delivered the cheque to Mr. Joseph O. Tremblay.

Q. Was this all the connection which you had with this matter?—A. Yes.

Q. Did you sell any elm plank to Mr. Joseph O. Tremblay, or to the Public Works Department?—A. No.

Q. Did Mr. Joseph O. Tremblay make any explanation to you about this matter?—A. No.

Q. Were you not curious to know why you were asked to take this part in this transaction?—A. No.

Q. Were you ever asked to endorse a cheque under like circumstances before?—A. No. I sometimes witness notes and other documents to oblige people, and I looked upon this as a similar thing.

Q. From whom was the cheque sent to you?—From the Dept. of Public Works.

Q. What did you do when you received the cheque?—A. I delivered it to Mr. Joseph O. Tremblay.

Q. Why did you deliver it to Mr. Tremblay?—A. He said that a cheque was coming to me.

Q. Did he explain why or for what purpose?—A. He said that it was a cheque for him to buy lumber or plank.

Q. Was the writing, "Pay to the order of T. Tremblay" written in your presence?—A. Yes.

Q. Do you know who T. Tremblay is?—A. Yes, it is that of his son, Tancrede Tremblay.

Q. Do you know the writing in the body of the account of the Public Works Department, attached to the note above described?—A. No.

Q. Did you ever authorize the making out of the account which I have shown to you?—A. I said that I would go to Mr. Brophy's office, and I think I said that he might use my name.

Q. Did you sell any plank, or deal in any?—A. No.

*Cross-examined by Mr. Barry :*

Q. You are not only bar-tender?—A. I collect the receipts for the whole house. I am sometimes alone here in the management for weeks. When Mr. McVeigh is away, I hand the whole of the receipts every evening to Mrs. McVeigh?

Q. How long have you been here acting in this capacity?—A. Going on four years.

Q. Does your employer look upon you as very reliable?—A. Yes.

Q. How long and for whom were you acting in such capacity before you came here?—A. About six years, with Davis and Dempsey, hotel-keepers, Fort Coulonge; five years with Davis and fourteen months at Dempsey's.

Q. You are pretty well known throughout the county as an honest, reliable man?—A. Yes.

Q. When Mr. Tremblay spoke about getting a cheque in your name to be handed over to him from the department, did he not tell you, if not at the time, at other times, when he had opportunity to speak about it, that as he would be away from Bryson, and that he would not know where he would be, at the bush or the Dumoine, that he got that cheque made in your name for that purpose, and to bring it to him where he might be, or words to that effect?—A. I got a letter from Tremblay to say that when the cheque came to deliver it to him.

Q. Where was he when you received the cheque?—A. At Black River.

Q. When did you get the cheque, when did you take it to Mr. Tremblay, and where did you find him?—A. I got the cheque on Thursday night, and went up on Friday night following, the first train going to Black River, where I found him at John J. Poupore's, where he was in connection with the public work.

Q. What did you do with the cheque?—A. I did nothing with it until I handed it to him. It was only after I handed it to him that I endorsed the cheque to his son Tancrede Tremblay, at the request of Joseph O. Tremblay.

Q. How long have you known Mr. Joseph O. Tremblay and his family?—A. About 12 years.

Q. You are very intimate?—A. Yes. And I go there often.

(Signed) WM. BERTRAND.

JOSEPH O. TREMBLAY, SWORN :

I am a grocer in the village of Bryson.

Q. Have you been in the employment of the Dominion Government, and if so, when?  
—A. I have been employed altogether ten or eleven months at different times.

Q. When?—A. I began employment on or about the 15th February, 1897, and remained until the 1st of June following, as inspector and measurer, and as clerk, &c., in the superintending engineer's office. I was then out of employment. On or about the 28th of May, while I was in the Government employment under Mr. Brophy, the superintending engineer, I was requested by him to go to Aylmer to price the different kinds of plank, and was also sent to the Masons' Mill on the Chaudière, to price the different kinds of plank there, and my report to him was that red pine plank by taking a carload would be worth twelve dollars a thousand, board measure; and elm plank would be worth twenty-two dollars a thousand, board measure, and also got rates from the P. P. J. Railway. By loading a car of this timber it would cost ten dollars a car to transport to Fort Coulonge from Aylmer. I did not inquire for the rate to take it from Fort Coulonge to the slide, but in discussion with Mr. Brophy we supposed that it would cost about two dollars a thousand to forward the plank from Fort Coulonge station to the slide. Then Mr. Brophy asked some of his employees to search up quotations that were sent to the office, and in one instance, we found quotations from Mr. Baillie, of Aylmer, for elm plank, delivered at the Chaudière at twenty-two dollars and twenty cents a thousand. We also found quotations from Mason & Sons, at twenty dollars and twenty cents, also delivered at the Chaudière. We also found quotations from James G. Bryson for maple at sixty-six dollars per thousand, surface measure, or twenty-two dollars a thousand, board measure. Also found quotations from Mr. Poupore for oak and maple at seventy-five dollars a thousand, surface measure, delivered at the Black River slides. The matter then dropped. On the last day of May I was discharged.

On or about the 3rd or 4th of June I went down to Ottawa from Bryson, being still out of employment. I went to see Mr. Brophy, and I told him, in speaking about the plank, that I thought from my own experience that elm plank would do in the Coulonge Slides. Then he said to me: "You are not doing anything now. Why cannot you get this plank? I do not see from the quotations we have got and the time of year that you could do any better than the quotations we have got. I will give you twenty-two dollars a thousand B. M. for good elm plank, delivered at the Coulonge Slide." I said: "All right, Mr. Brophy, I will take the contract. I came up to Bryson after making the contract, which was a verbal one. I came up the next day after making the contract. When I reached home I took my horse and rig, went into Clarendon and looked around to the different farmers' bush to see if I could buy the logs and get them to the mill to be sawn, and found there that I could not possibly get them cut and draw them to this mill (Bryson) and transport them from here to Coulonge chute for the money I was getting. Then I went to the Mountain. I heard of a man having elm there, and I had to contract with him for the amount of logs which it required to produce the 30,000 feet of lumber. I then found there, again, that quotations were too high, that I couldn't have the lumber delivered for the price I was getting at the time I was to deliver, namely, the 1st of September. I then came home and the next day I went to Calumet Island and went about four miles from Bryson to a farmer, and found that the quotations there were too high. The next day I went to Clarendon and found the same result—quotations too high. The following day I went to Coulonge and saw Mr. Proudfoot and proposed a bargain to him, and asked what he would take for 30,000 ft. of elm, the elm to be sound, free of shake or rot or spunk. He thought for a while and said to me: "I haven't got all the logs that would be required for the 30,000 ft., but I have some on hand," which he showed me, and then he told me that he thought he could get it for me. I then said to him, "What is the price you set on your timber by the 1,000 feet?" He said, "Twelve dollars a thousand, board measure." I then told him that I would give him \$13 a thousand board measure at his mill, providing it was real good stuff of either white elm or rock elm or gray elm. In a day or two, the bargain was struck at the above rate. Later on, I went to see how he was getting along with the contract. Subsequently I made several trips before the contract was carried out, and later I agreed with him for the drawing at \$2 a thousand for the board measure. It was either on the 15th of August or thereabout, within a day or two, that the agreement for the delivery was made.

Q. Why was Mr. Bertrand brought into this matter?—A. I went down to Ottawa about the 15th of June and I told Mr. Brophy that I made a contract with John Proudfoot for the plank at Fort Coulonge. He said, that was all right—with whom did you contract? I said, with John Proudfoot. He said, it is all right. I have had some dealings with John Proudfoot before, and it is all right. He then said, I have had word from the Dumoine. There is some difficulty there. You will have to go there. He then said, by the bye, about that money, meaning the money for the plank—I am getting the money out of this year's appropriation—meaning 1896-97, and he said it will have to be paid again the 1st of July, and you won't be at home to receive it. He then asked me if

## Auditor General's Report—Part Q

I would name anyone in whom I would have confidence enough to send it to him. I named Wm. Bertrand. Mr. Brophy said that would be all right. You might as well let the account go through in his name. You are certifying to the other accounts and then as you cannot certify to your own account, you had better give it over to Bertrand. The account was made out after I returned from Dumoine and other places about the end of June at Mr. Brophy's request as he wanted the money to be drawn from the appropriation of that year.

Q. You certified on the 22nd of June, 1897, under the statement, 29980 ft. board measure of 3-inch elm plank, 12 and 18 feet long, delivered at Coulonge Slide works, at \$22,

“ Materials delivered, measured, and received by

“ (With your signature),”

did you not?—A. Yes, and and because Mr. Brophy wanted the account to be paid from the appropriation of 1896-97, and asked me to certify.

Q. Mr. Brophy then knew that the plank had not been delivered at the slide?—A. Of course he knew, as the contract was that it was to be delivered on the 1st of September, and from the explanation which I have made above.

Q. When did you get the cheque?—A. On or about the 1st of August.

Q. When did you cash the cheque?—A. About the 6th or 7th of August.

Q. For what purpose did you make the cheque payable to Tancrede Tremblay, your son?—A. I had no other object than that he did my business. There was no person interested in the amount of this cheque or got any part of it but myself, and the part of it which I promised to pay John Proudfoot for the material. I consider that I did not make anything out of the transaction, after deducting wages and expenses.

Q. Did it never occur to you that the first place to make inquiry about this material was in the close neighbourhood of the slides?—A. So I did. I went to the Coulonge Slide and asked Mr. Gillis on the spot, about the middle of June. I found he could not supply me, because, as he said, he hadn't the right elm. On the same day in the afternoon I went to Mr. Proudfoot and struck the bargain there as above mentioned.

Q. When you and Mr. Brophy, as public servants, were consulting quotations from Mason & Sons, Baillie's, and others, to get material at the lowest prices for the Government on the Coulonge Slides, did it not occur to either of you that something might be done by asking saw-mills on the spot for their quotations?—A. It did not occur to me nor to Mr. Brophy, but as soon as I got the contract I looked around the neighbourhood of the Coulonge Slides for my material.

Q. How did you and Mr. Brophy decide on the use of elm plank?—A. We thought it would be all right in a damp place. It makes a good job for the purpose, better than other material.

### *Cross-examined :*

Q. Is it the custom in the department to make such contracts?—A. It is a daily occurrence with slidemasters to come to the office and notify Mr. Brophy of a break and to get the material themselves for which a price may be then fixed or not.

Q. Was there anything out of the way, according to the custom of the department, in the manner in which you got that contract and fulfilled it?—A. I cannot see that there was anything out of the way, when I was out of employment and only got the same price as others were quoting.

Q. Do you know of any other places where such contracts were given?—A. Contracts of pine, to be delivered at the Dumoine, which cost over \$20 per thousand B. M. to the spot on account of transport from Pembroke. There are many others. There is a mill at the Dumoine, and logs in the immediate neighbourhood. The quantity required at the Dumoine was large.

Q. At the time of the year when you got the contract, was it an easy time of the year to get lumber, especially that kind?—A. I should say not.

### *Question by Auditor General :*

Q. Do you know of other cases where a person who was not the real contractor was introduced as being the real one?—A. I do not know.

### *Question by Mr. Barry :*

Q. Have you experience in constructing dams and slides?—A. It is quite in my line. I have had larger wages from lumber firms than from the Government, and I consider that I was not paid enough.

Q. Were you not recommended to the superintending engineer by representative lumbermen as being a competent man for works of that kind?—A. Yes.

Q. Was every work that you performed done to the satisfaction of the superintending engineer of the Government?—A. Yes.

Q. Do you swear that in getting the cheque made payable to Mr. Bertrand that you had any ulterior motive than those you mentioned in your examination in chief?—A. No other motive.

*Question by the Auditor General :*

Q. Are you aware of any other case where a certificate of the delivery by a Government official of a large quantity of valuable material into the custody of the Government was made when in reality no part of the delivery was made?—A. I have none, but I can say this, that Mr. Brophy had so much confidence in Mr. Proudfoot and myself that everything would turn out all right, for he has had many dealings with Mr. Proudfoot and myself.

Q. The whole of the money was paid to you, was it not, before any part of the delivery was made?—A. Yes. The material was all subsequently delivered, to the satisfaction of the Government.

(Signed) JOSEPH O. TREMBLAY.

GEO. P. BROPHY, Superintending Engineer of the Ottawa River Works, sworn :

I have read the evidence given before you at Bryson, by Joseph O. Tremblay.

I know Wm. Tremblay. He was recommended to me for employment in the summer of 1896, by Dr. Gabourey, who had the Dominion Government patronage for the County of Pontiac, as I understood.

I gave him employment as inspector and measurer, temporarily. About the beginning of June, or the end of May, 1897, Tremblay was about completing the work for the Government on which he was then engaged by me, and urged me to further employ him, and suggested that if I had no immediate employment I might give him plank, timber or other lumber to get out for further repairs, on some of the works in the county, and the question of supplying plank and timber for the Coulonge came up among the other things mentioned.

I knew that a considerable quantity of plank would be required for that work, and as I expected to have a balance of the appropriation of 1896-97 unused, I decided on getting a quantity of hardwood plank (maple preferred, if I could have gotten it at any reasonable price). I then told Tremblay to give me a price for rock or gray elm plank, in lengths of 12 and 18 feet, delivered at the head of the Coulonge Slide. My recollection is that at a subsequent date Tremblay asked more than \$22 per M, but I agreed to take about 30 M. ft. at \$22, understanding from him that this plank could not be procured at the Coulonge, but only at Bryson, which would necessitate a haul of 16 to 18 miles with the stuff green, and therefore heavy. He also told me that he made inquiry and found that he could get logs in Clarendon or Bristol, and would be compelled to have them drawn to the Bryson village mill, and there sawn and the product hauled, as above described, to Coulonge. I considered from the above statement made by Tremblay that the price was reasonable.

With reference to the substitution of Wm. Bertrand's name for Joseph O. Tremblay. I understood when I spoke of making payment in the event of Tremblay going away, as he was looking for other employment, that the person named by Tremblay was his father-in-law or his brother-in-law. I deny most positively that I suggested to him to name any person to take his place in the plank contract.

I no doubt told him that as he was interested in that order and might be employed before the delivery of the material it might be well to have some one associated in the contract with him.

My recollection is that although the account was dated in June, it was not certified to until the end of July, or, so far as I know, even made out until then. I think it was about the 21st of that month that this account was transmitted with others to the department, after having been certified to by me.

At the time I certified the account, which was about the 21st July, above mentioned. I believed that without doubt the material was delivered at the slide as agreed to. I got no information from Joseph O. Tremblay to make me think otherwise.

I did not know until I returned from the North-west, which was about the 15th of October, 1897, that Tremblay had any dealings whatever with Proudfoot about the elm plank, which I bought from Tremblay. Had I known that the plank could have been procured from Proudfoot, I would have given Proudfoot the order at the price which he named, viz., (\$15) fifteen dollars per M. board measure, and as a matter of fact I did give him an order for about 16 M. ft., the balance which was required.

I overlooked the fact that the name of the Slidemaster, Edward Davis, as measurer, was not on the account. The impression left on my mind was that Davis had measured the lumber.

I also am of impression that I told Tremblay at the time I made the bargain with him to have the lumber, when delivered, culled and measured by Davis.

The agreement between Tremblay and myself was that the plank must be delivered at the slide not later than the end of July, that being limit of time, as I understand, when this expenditure could be charged to the appropriation of 1896-97.

I never had any doubt but that all the plank had been delivered when I signed the certificate for payment in July, 1897.

## Auditor General's Report—Part Q

---

The first intimation that this was not the fact came from you in June, 1898, after the investigation on this matter in Bryson, when you informed me that evidence to the contrary was given at the investigation.

(Signed) GEO. P. BROPHY.

OTTAWA, 10th October, 1898.

DAVID SCOTT, Accountant in Ottawa River Works, and has been so for 44 years, sworn :

When Mr. Brophy, the superintending engineer, got leave of absence and went to the North-west, about the 12th of August, 1897, I acted for him in his absence.

Joseph Tremblay was carrying on repairs at Black River Slide during that time, and came to the office in September, 1897, and suggested that the elm plank which had been delivered at the head of the Coulonge Slide should be measured. This was a matter of surprise to me, as I understood that the plank had been measured and paid for before that time. I then instructed Edward Davis, the deputy slidemaster, to measure and receive the elm. Mr. Davis did not reply immediately, but within a week was in Ottawa, and asked me to be relieved, as he had not sufficient experience as a culler, and as parties in the neighbourhood were looking closely after him in the discharge of his duties. I then told Davis that I would request Joseph Tremblay to measure and cull the elm, not supposing that he had any interest in the transaction further than as an inspector and foreman.

Shortly after that, Tremblay was in the office mending up the Black River Slide affairs, and I told him to measure and cull the elm, which he agreed to do. Some time afterwards, he measured the elm and sent a return to the office. I understand, through the engineering staff, that a considerable quantity was rejected as not being up to the 1st quality, but I cannot tell how much.

Q. Were you present at any conversation between Mr. Brophy and Tremblay, either when the bargain was being made or when the payment was being made?—A. No.

When Mr. Brophy returned from the North-west, about the middle of October, I informed him that I had instructed Edward Davis to measure the elm plank. Mr. Brophy appeared surprised. He said that he thought it had been measured before that date.

JOSEPH KENT, Clerk, Ottawa River Works, sworn :

The plank was measured and culled by Joseph Tremblay. There were five piles. The measurement, after culling, was, as shown by the additions made by Tremblay, 29,980 feet, the exact amount charged for by him in the account of June 22nd, 1897, but on checking over I found errors, which reduced the quantity by 243 feet. The face measurement, without culling, was 30,778 ft. I understood that he was allowed the 243 feet for blocking taken from the 1,000 odd feet, which was rejected.

Q. Is there anything else which you know about this matter?—A. No.

Q. Were you present at any conversation between Mr. Brophy and Tremblay, either when the bargain was made or the settlement was made?—A. No.

The return of the measurement to which I refer was made either in September or October. I think the latter part of September.

*Re* Slide and Boom Dues—Newcastle District.

AUDIT OFFICE, OTTAWA, April 2, 1898.

SIR,—I received yesterday from your department the returns of slide and boom dues for the month of February. The return for the Newcastle District still continues "Nil."

In my letter of September 14th last, to which I had no reply, I called to your attention that a portion of the dues of 1893 were yet unpaid; that nothing had come to account for the seasons of 1894, 1895, 1896 and 1897; and that there had been expended in the last four years over \$20,000 for maintenance and repairs.

I observe in the estimates lately submitted to Parliament that \$3,400 is entered for the expenditure of 1898-99.

As I have repeatedly called your attention to the state of affairs in connection with these works, and yet nothing has come to account, I have to inform you that I consider it my duty to lay the whole correspondence before the Treasury Board.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, April 7, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication dated the 2nd instant, referring to your previous letters respecting the slide and boom dues—Newcastle district.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, April 6, 1898.

SIR,—I am sending you herewith a copy of the correspondence that has passed between this office and the Public Works Department in reference to the slide and boom dues of the Newcastle district works. The facts may be shortly stated as follows:—

- (1.) Part of the dues of the season of 1893 are yet unpaid.
- (2.) No revenue has come to account from these works for the seasons of 1894, 1895, 1896 or 1897.
- (3.) The expenditure in connection with these works for staff and repairs has been as follows:—

Year.	Staff.	Repairs.
1893-94.....	\$2,116 17	\$5,127 11
1894-95.....	2,023 25	5,170 29
1895-96.....	1,970 00	1,001 90
1896-97.....	1,980 89	841 14
1897-98 to March 1.....	1,184 92	807 53

- (4.) The estimates for 1898-99 provide \$2,400 for staff and \$1,000 for repairs.

I shall be glad to be informed of the action of the Treasury Board in reference thereto.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 25, 1898.

SIR,—I have to inform you that I am holding an application for \$1,800, made by the Department of Railways and Canals in favour of Messrs. Rathbun & Co., pending a settlement of the arrears due to your department for slide and boom dues.

I advised you, September 23, 1897, that I had then withheld a payment due this firm. As the firm had a large contract with the Department of Railways and Canals, at the urgent request of their agent the payment was allowed to go through, the agent promising to have your claim made the subject of an Order in Council forthwith.

This, I understand, has not been done, hence the action which it has become necessary to take.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part Q

---

---

DEPT. OF PUBLIC WORKS, OTTAWA, Oct. 26, 1898.

SIR,—I have the honour, by direction, to acknowledge your letter of the 25th instant, to the effect that you are holding an application for \$1,800, made by the Department of Railways and Canals in favour of Messrs. Rathbun & Co., pending settlement of the arrears due to this department for slide and boom dues, &c., &c.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

---

AUDIT OFFICE, OTTAWA, NOV. 3, 1898.

SIR,—I transmitted you, on April 6th last, a copy of the correspondence with the Public Works Department in reference to the non-payment of slide and boom dues of the Newcastle district works.

I have not since had any communication from you on the subject.

Messrs. Rathbun & Co., of Deseronto, are one of the firms indebted to the Government for these dues. They furnish cement to the Department of Railways and Canals, and I have recently held an application of the department in their favour, pending a settlement of their indebtedness.

I have again to say that I shall be glad to be informed of the action of the Treasury Board in reference thereto.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

---

*Note by A. G.*—Of the sum of \$1,800 retained from the Rathbun Co., \$939.21 has been paid, and the balance of \$860.79 credited to Slides and Booms Revenue.

---

### *Re Earnings of Dredge "New Dominion."*

AUDIT OFFICE, OTTAWA, April 22, 1898.

SIR,—On August 11th, 1897, the Dominion Atlantic Railway made a payment of \$1,000 for the services of the dredge "New Dominion," dredging at the company's wharf at St. John, N.B.

This work was undertaken at the request of the company, they agreeing to pay all the expenses. The actual cost of the work amounted to \$2,121.83, but when the company was asked to pay it, they claimed that they should not be called on to pay the whole cost of the work, inasmuch as it was more in the interests of the public at large than in their own.

The Minister of Public Works, having considered the representations of the company, recommended, and the Privy Council approved, that \$1,000 should be accepted in full payment, as fairly covering the advantages of the work to the company.

I have to inquire (1) was a written agreement made with the company? If so, I would like to have a copy.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, *A.G.*

---

DEPT. OF PUBLIC WORKS, OTTAWA, April 27, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd instant, respecting the payment of \$1,000 made by the Dominion Atlantic Railway for the services of the dredge "New Dominion," 11th August, 1897.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

---

### *Re Advertising Charges.*

AUDIT OFFICE, OTTAWA, Feb. 18, 1898.

SIR,—I am in receipt of an application from your department for an entry warrant transferring the expense of advertising two old boilers for sale from the vote for "Ottawa Buildings, Repairs," to the debit of Casual Revenue, to which account the proceeds of the sale, \$60, were credited. This transfer will be made.

My object in writing about the matter is to call your attention to the large expense, viz., \$31, incurred for advertising the sale of these boilers, which only realized \$60. It was advertised in the following papers :—

<i>Le Temps</i> , Ottawa, 40 lines, 1 insertion.....	\$ 4 00
<i>Free Press</i> , Ottawa, 35 lines, 1 insertion.....	3 50
<i>United Canada</i> , 35 lines, 1 insertion.....	3 50
<i>Journal</i> , Ottawa, 40 lines, 1 insertion.....	4 00
<i>La Patrie</i> , Montreal, 40 lines, 2 insertions.....	6 00
<i>Herald</i> , Montreal, 40 lines, 2 insertions.....	10 00
	\$31 00

In this connection, I would refer you to the correspondence about a somewhat similar case in 1896. See Audit Report, 1895-96, pages Q—216 and Q—217. The conclusion then arrived at was that small lots should be sold by obtaining bids privately from those likely to purchase.

I am, sir, your obedient servant.

The Secretary Public Works Dept.

J. L. McDUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 2, 1898.

SIR.—Having reference to your letter of the 18th ultimo, on the subject of the expenditure of advertising two old boilers for sale, I am directed to state that the expenditure in question was incurred in the hope that a much better price would be obtained. Unfortunately, our expectations were not realized.

I am, sir, your obedient servant.

The Auditor General.

E. F. E. ROY, *Secretary*.

### Re Telegraph Revenue.

AUDIT OFFICE, OTTAWA, Oct. 11, 1898.

SIR.—I have to call your attention to the delay on the part of the following telegraph agents, in forwarding their revenue returns :—

Pelee Island, the last received was for January, with a balance of \$12.38 at credit of further revenue.

Godbout, the last received was for February.

North Shore (W. B.) the last received was for April.

Quarantine, and nine offices on the North Shore (E. B.) have not yet furnished the returns for June.

I am, sir, your obedient servant.

The Secretary Public Works Dept.

J. L. McDUGALL, A.G.

### Re Kingston Graving Dock—Refund to L. Ont. and Bay of Quinté S. Co.

AUDIT OFFICE, OTTAWA, March 8, 1897.

SIR.—I am returning the Order in Council received with your application for a refund of \$50 to the Lake Ontario and Bay of Quinté Steamboat Co. There is no indication on it that it was recommended by the Treasury Board, as required by chap. 29, sec. 78, subsec. 3, R. S.

As soon as the amended copy reaches me, your application will be passed.

I am, sir, your obedient servant.

The Secretary Public Works Dept.

J. L. McDUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 26, 1898.

SIR.—Having reference to your letter of the 8th instant, returning the Order in Council which accompanied our application for refund of \$50 to the Lake Ontario and Bay of Quinté Steamship Co. and stating that there was no indication that the matter had been recommended by Treasury Board, as required by chap. 29, sec. 78, subsec. 3, and

## Auditor General's Report—Part Q

---

that the application could not be passed therefor. I am directed to inclose to you herewith a copy of a letter from the Clerk of the Privy Council, in which it is stated that the Treasury Board, being a sub-committee of Council, is included in the Council, and that what is approved by Council is virtually approved by the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

---

PRIVY COUNCIL, OTTAWA, March 17, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, inclosing a copy of a letter you received from the Auditor General, returning the copy of the Order in Council of the 16th February, ultimo, respecting a refund of \$50 to the Lake Ontario and Bay of Quinté Steamboat Company, because there is no indication that the refund has been recommended by the Treasury Board.

I drew the attention of Council to a case similar to this in September last, with a view to having it formally referred to the Treasury Board, and the answer I received was that the Treasury Board, being a sub-committee of Council, was included in the Council, that what was approved by Council was virtually approved by the Treasury Board, and the matter was accordingly passed by Council.

There were many instances during the administration of the late Government, when Orders in Council were passed under similar circumstances, without being referred to the Treasury Board.

I am, sir, your obedient servant,

The Secretary, Dept. of Public Works.

JOHN J. MCGEE, *C.P.C.*

---

AUDIT OFFICE, OTTAWA, March 31, 1898.

SIR,—I am in receipt of your letter of the 26th instant in reference to your application for a refund to the Lake Ontario & Bay of Quinté Steamboat Co. You inclose a copy of a letter from the Clerk of the Privy Council, intimating that the Order in Council authorizing the refund was passed by Council without having been approved by the Treasury Board.

As the statute declares that no remission shall be made unless recommended by the Treasury Board, I am unable to pass your application.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. MCDUGALL, *A.G.*

---

EXTRACT from a Report of the Committee of the Honourable the Privy Council, approved by His Excellency on the 2nd November, 1897.

*Public Works.*—That authority be granted for the refund of \$50 to the Lake Ontario and Bay of Quinté Steamboat Company, the company having paid in advance at the rate of \$10 a day for the privilege of using the dry dock at Kingston for their steamer "North King" for 15 days after 1st December, 1896, but having waived the right for such use for 5 days of the period, and the Treasury Board having reported accordingly.

The Minister of Public Works.

(Signed) JOHN J. MCGEE, *C.P.C.*

### Re Arrears Due.

DEPT. OF PUBLIC WORKS, OTTAWA, Jan. 19, 1899.

SIR.—Having reference to your letter dated the 5th October last, asking for a statement of arrears due to this department on the 30th June: (1) by collecting officers; (2) by disbursing officers; (3) by all other persons whether Government officers or not, I have the honour, in answer to item 3, to forward to you, herein inclosed, statements of arrears of slide and boom dues, Ottawa, St. Maurice and Newcastle districts, and to say, with regard to items 1 and 2, that there is nothing now outstanding, all balances unsettled on the 30th June having since been accounted for.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secretary.

Cameron W D, labourer, 1 d at \$1.10; Cameron Wm J, labourer, 4½ d at \$1.10.		6 05
Campbell Angus, labourer, 27 7 d at \$1.15; Campbell Angus R, water boy, 23 2 d at 60c.		45 77
Campbell Archey, labourer, 1 d at \$1.15, 3 d at \$1.10; Campbell Dorley, labourer, 5 8 d at \$1.		10 25
Campbell Dan, labourer, 1 d at \$1.10, 4½ d at \$1.05; Campbell Jas, labourer, 11 2 d at \$1.15.		18 70
Campbell Dan J, labourer, 20½ d at \$1.10, 1½ d at \$1.05.		34 13
Campbell Duncan, labourer, 46½ d at \$1.15, 3 d at \$1.10.		56 77
Campbell Hugh, labourer, 8 d at \$1.15, 4 2 d at \$1.10.		13 82
Campbell Jas D, carpenter, 1 d at \$1.50, 3 d at \$1.40.		5 70
Campbell Jno, labourer, 4 d at \$1.15; Campbell Jno A, labourer, 29½ d at \$1.15.		38 52
Campbell Jno H, labourer, 21 2 d at \$1.15; Campbell Michael, labourer, 27 1 d at \$1.10.		54 19
Campbell Jno M: labourer 47 2 d at \$1.15, 5 d at \$1.10, 6½ d at \$1.05; horse and cart, 27 9 d at \$1.50.		108 38
Campbell Jno S, labourer, 11 3 d at \$1.15, 18½ d at \$1.10.		33 06
Campbell Malcolm: labourer, 226½ d at \$1.15; running weeder 8 d at \$1.25.		270 46
Campbell Michael R, labourer, 2 d at \$1.10; Campbell Rod, labourer, 2½ d at \$1.05.		4 82
Campbell Neil, labourer, 1 d at \$1.15, 33½ d at \$1.10.		38 00
Campbell Seaward, labourer, 5 d at \$1.10; Campbell Thos N, labourer, 5 d at \$1.15.		8 95
Campbell Wm J, labourer, 4 d at \$1.10; Cash Jas, labourer, 8 d at \$1.10.		13 20
Carlin M, labourer, 45½ d at \$1.10, 5 d at \$1.05; Cash Jno, labourer 2 d at 75c.		56 53
Cass Alex, labourer, 15½ d at \$1.25, 15 d at \$1.15, 2 d at \$1.10.		39 13
Chisholm A, labourer, 8 d at \$1.10; Cobb Ellis, labourer, 3 d at \$1.15.		12 25
Currie Hugh, labourer, 10½ d at \$1.05; Dalton Jas, running weeder, 13 d at \$1.50.		30 78
Day C W, labourer, 5 d at \$1.10; Day Robert, labourer 17 d at \$1.10.		24 20
Desmond Jos: fireman on dredge, 9 9 d at \$1.25; foreman, 55 7 d at \$1.25.		81 99
Devison Hector, labourer, 4 d at \$1.15; Devison Thos, labourer, 12½ d at \$1.10.		18 07
Dough Wm, labourer, 4 d at \$1.30; Dowling Alex, labourer, 4 d at \$1.10.		9 60
Dowling E B, labourer, 6 d at \$1.10; Dowling James, labourer, 3 d at \$1.10.		9 90
Dowling J H, labourer, 4 d at \$1.10; Dowling James M, labourer, 4 d at \$1.05.		8 60
Dunlap James, labourer, 2 d at \$1.10; Dunn Patrick, labourer, 4 d at \$1.10.		6 60
Durley, Edward, carpenter, 13 d at \$1.50.		19 50
Embree Adolph, carpenter, 2½ d at \$1.50; Embree David, labourer, 4½ d at \$1.15.		9 59
Embree Edward, labourer, 9 d at \$1.10; Embree John, labourer, 7 d at \$1.10.		17 60
Embree Thos, labourer, 7 d at \$1.10; Farrell Angus, labourer, 6½ d at \$1.10.		14 85
Farrell Jno J, labourer, 4 d at \$1.10; Ferguson Alex, labourer, 7 d at \$1.10.		12 10
Ferguson D, labourer, 5 8 d at \$1.10, 3 d at \$1.05; Ferguson N, labourer, 9½ d at \$1.10.		19 98
Ferguson Hugh: labourer, 114½ d at \$1.15, 1 d at \$1.10; horse and plow, 1 d at \$2.15.		134 92
Fraser John, labourer, 11 d at \$1.15; Gillis Archy, labourer, 5 d at \$1.15.		18 40
Gillis Alex: labourer, 62 d at \$1.15, 3 d at \$1.05; carpenter, 5 d at \$1.30.		80 95
Gillis Angus, labourer, 6 d at \$1.15, 6½ d at \$1.10.		13 78
Gillis David, labourer, 4 d at \$1.10; Gillis Laughlan, labourer, 8 d at \$1.15.		13 60
Gillis Hugh, labourer, 8 d at \$1.15, 80½ d at \$1.10.		97 74
Gillis Hugh, labourer, 5 d at \$1.10; Gillis Neil, labourer, 6 3 d at \$1.10.		12 43
Gillis Hugh A, labourer, 6 d at \$1.10, 10½ d at \$1.05.		17 88
Gillis James, labourer, 2 d at \$1.40, 10 1 d at \$1.10.		13 91
Gillis John, labourer, 8 1 d at \$1.10, 4 d at \$1, 8 d at 90c.		13 63
Gillis Neil D, labourer, 8 d at \$1.15, 26 d at \$1.10.		37 80
Gillis Neil L, labourer, 6 d at \$1.15; Gillis Peter, labourer, 3 d at \$1.10, 5 7 d at \$1.05.		16 18
Gillis Ronald, labourer, 4 d at \$1.10; Gordon Chas, labourer, 2½ d at \$1.05, 2 d at \$1.		8 76
Grant Duncan, labourer, 14 d at \$1.10; Grantmyre Alex, labourer, 2½ d at \$1.10.		18 15
Grantmyre Bennet, labourer, 2 d at \$1.15, 7½ at \$1.10.		10 27
Grantmyre Henry, labourer, 2½ d at \$1.15, Grantmyre Wilson, labourer, 16½ at \$1.15.		21 55
Hacket Jno, labourer, 1 d at \$1; Harvey John P, labourer, 3 d at \$1.10.		4 30
Hawlett J, labourer, 12 d at \$1.10; Healen James, carpenter, 4 d at \$1.50.		19 20
Hennessy J, labourer, 6 d at \$1.10; Hill Theo, labourer, 8 d at \$1.10.		15 40
Hillman Wm, running weeder, 13 d at \$1.50; Hudson Hiram, labourer, 1 d at \$1.10.		20 60
Hudson Frank, labourer, 4 d at \$1.20, 6½ d at \$1.10, ½ d at \$1.		12 45
Jamieson Wm, labourer, 19½ d at \$1.10; Johnson James, labourer, 4 d at \$1.10.		26 12
Jefferson Milledge, labourer, 1 d at \$1.15; 3½ d at \$1.10.		5 00
Johnson James, labourer, 5½ d at \$1.10; Johnstone James, labourer, 1 d at \$1.10.		6 87
Johnson John, labourer, 9½ d at \$1.10; Johnstone John, labourer, 1½ d at \$1.		12 20

 Canal Wages : Time-books Needed.

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR,—Let me call your attention to the fact that section 33 of the Audit Act calls for certificates of "Work done" and "Materials supplied," to be made by "The officer under whose charge that part of the public service is."

The pay-lists for wages of canal laborers are certified "Correct" by the Canal Superintendents and Engineers—neither of whom can have personal knowledge (in most cases) that the workmen actually performed the time and duties described.

With reference to the Quebec Canals: The pay-lists for a month, made out by the superintendents and forwarded to Montreal for examination, are accompanied by the foremen's pocket time-books for the same period, showing the work of each laborer, as entered from day to day by the foremen themselves. There are two sets of such books, for odd and even months respectively.

It is these time-books which supply the certificate of personal knowledge required by the Audit Act.

In a recent interview, Messrs. Marceau and Hayter outlined the following plan, which is now submitted for your consideration and approval, namely: That the foremen's time-books be forwarded from Montreal to Ottawa, along with the pay-lists; and that as soon as the pay-lists are examined and finally passed, the time-books be returned from the Audit Office direct to the superintendents, for distribution to the foremen by the end of the month.

If this suggestion is satisfactory, please give instructions that the June pay-lists for Quebec Canals be supported by the foremen's time-books.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

 DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 2, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication of the 22nd ultimo, in which you submit for the approval of the department, a scheme whereby the pay-lists of the Quebec Canals will be accompanied, when being forwarded to this city for audit, by the foremen's time-books. In reply, I would state that it is absolutely necessary that the time-books should be with the foremen when the pay-rolls are being paid, as they have frequently to be referred to in settling disputed time.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, Acting D.M.

---

 AUDIT OFFICE, OTTAWA, July 4, 1898.

SIR,—Let me acknowledge receipt to-day of your letter of July 2, concerning the time-books of the Quebec Canals.

These are kept in two sets, one set for July, September, November, &c., and the other for August, October, December, &c.

At present, the July set is sent in to Montreal with the July pay-lists, and then returned to the superintendents, while the pay-lists come to Ottawa.

Under the proposed arrangements, the time-books and pay-lists would be sent to Ottawa together. The pay-lists, after examination, would be returned (as at present) to the department for transmission to the paymaster, while the time-books would be sent by the Audit Office directly to the superintendents, thus ensuring their receipt some days before the paymaster's arrival on the canal.

With these explanations, I hope that you will recognize the method to be more practicable than it appeared under my first brief description. Its strong point of advantage is, that it avoids an undesirable alternative, namely, the keeping of duplicate time-books by the foremen. It is essential that I should have the signatures of these officers, and I do not at present see a more feasible way of obtaining them.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part R

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 12, 1898.

SIR,—I have the honour to acknowledge the receipt of your further communication of the 4th inst., relative to a scheme whereby the pay-lists of the Quebec Canals will be accompanied by the foremen's time-books. In reply, I would state that the scheme will be given a trial, to see how it works.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, March 23, 1899.

SIR,—Let me call your attention to your letter of July 12, stating that the time-books of the Quebec Canal would be sent to this office, as a trial of the proposed system of closer examination.

This alteration has not yet been made. Please ascertain the cause of the delay.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

### Quebec Canals: Contracts not Fulfilled.

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR,—The vouchers for expenditure on Quebec Canals occasionally carry remarks by Supt. Marceau, such as "Original contractor refuses to supply," in justification of higher rates paid to others.

It does not appear that securities are required from these contractors, and the contracts with them are therefore altogether one-sided.

If we had the customary security deposits, the loss by paying higher prices might be deducted from them.

Please let me know whether this, the usual course, could be adopted for the Quebec Canals expenditure of 1898.

Is there any other part of the service of your department where a similar practice prevails?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, June 28, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication of the 22nd instant, relative to the refusal of parties to supply materials for the Quebec Canals, after tendering for the same. In reply, I would say that, where practicable, this is guarded against by not allowing a person to tender again if he refuses to supply under his tender.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Acting D.M.*

### Canal Toll Office: Clerk Absent.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 13, 1898.

SIR,—Mr. J. A. Ste. Marie, clerk in the collector's office at Montreal, sent to this office in January last a medical certificate stating that he was unable to attend to his duties, since which date he has been absent from his work.

The question arises as to whether I would be justified in paying him for this long period in which he has been absent, even if an Order in Council was obtained authorizing it.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, April 15, 1898.

SIR,—Let me acknowledge receipt of yours of April 13, concerning the absence of Mr. J. A. Ste. Marie, from the office of the collector of canal tolls at Montreal since January.

As this gentleman is a temporary employee, there is no authority to pay him for any time during which he was not in attendance at his office.

It seems probable that a large part of the work for which the temporary clerks in the canal offices are engaged must cease at or soon after the close of navigation, when there are no let-passes to issue, and no statistics to enter. If so, a number of clerks could be then paid off, as the lock-men are.

Please let me know what the difficulties would be, if any, in effecting this apparently feasible economy. It would also be of interest to know approximately the amount which could be saved.

What are the nature and extent of the duties of these temporary clerks in winter ?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Canals: Testing Cement.

AUDIT OFFICE, OTTAWA, May 28, 1898.

SIR,—Let me acknowledge receipt of two applications to pay for cement supplied to the Trent Canal, namely, Owen Sound Co., \$400, and Rathbun Co., \$800.

The certificate made by Mr. A. J. Raddon, the cement-tester and clerk, is, "Received above goods in good order."

I should like to be informed as to the time at which cement is tested. It ought, I think, to be before the progress estimate for it is passed.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR,—I have your application for a payment to Bellhouse, Dillon & Co., of \$4,925.60, the amount of the final estimate for cement delivered on the Soulanges Canal.

Please send the certificate of the proper official as to the quality of the cement, or such other information on the subject as you may think appropriate.

In this connection, I would refer you to the *Hansard* of last session, page 6632, where Mr. Haggart is reported as having said :

"The Hon. the Minister must understand that cement is generally paid for upon the certificate of the engineer in charge of the works. It is his duty to test not only a large consignment but to make a test of every five barrels that he puts into the work."

At page 6637 he also says :

"And why is it that the Finance Department and the Auditor General's Department paid \$20,000 for material for which they had no certificate of the engineer in charge of the work ?"

I was not aware that such careful tests as those mentioned by Mr. Haggart were made at any time by the Department of Railways, although it seems to me proper that such tests should be made as are necessary to show that the cement is of the quality which was agreed to be delivered.

Kindly say what has been done and what you purpose doing generally with reference to such material.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 2, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication of the 22nd ultimo, relative to the quality of the cement furnished by Bellhouse, Dillon & Co., under their final estimate for the Soulanges Canal. In reply, I inclose herewith, for your information, a copy of a report from the superintending engineer of the canal in the matter.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, Acting D.M.

## Auditor General's Report—Part R

COTEAU LANDING, June 29, 1898.

SIR,—I beg to acknowledge receipt of your letter of the 27th instant, inclosing a communication from the Auditor General as to the payment of a sum of \$4,925.60, in favour of Bellhouse, Dillon & Co., said to be "the amount of the final estimate for cement delivered on the Soulages Canal," and asking that the certificate of the "proper official" as to the quality of this cement be sent to him.

In reply, I may state that I know nothing about the sum of \$4,925.60 referred to. The "final estimate" sent to you on the 6th instant was for \$22,930.91, less previous payments.

The contract with Messrs. Bellhouse, Dillon & Co., dated 26th July, 1897 (No. 12741) was to supply and deliver in conformity with the specification forming part of the contract, and annexed to it—and to the entire satisfaction of the Chief Engineer of Government Canals—ten thousand barrels of "Sitting Lion" Portland Cement.

The cement supplied under the above contract was tested at this office in the usual manner and was found to be an excellent article—fully up to the requirements of the specification. A letter certifying to the satisfactory completion of the contract was sent to you on the 13th June, 1898.

With reference to the "careful tests" referred to, I may say that to describe them would require a long technical paper, which could not properly be introduced here. Should the Auditor General, however, wish to inquire further into the matter, he might read the discussion on cement testing, recorded in vol. 60, pp. 237-303 of the Transactions of the Canadian Society of Civil Engineers, where the methods adopted on the Soulages Canal are described in detail.

I am not aware that the certificate of the "Engineer in charge of the works" is necessary to render valid money payments for cement or other materials. On the contrary, the 1st and 8th clauses of the contracts on this canal define very clearly that the word "engineer" means chief engineer, and that he is empowered to cancel, alter, modify or change, as may seem fit to him, any instructions or certificates given by those acting under him; and also that he (the chief engineer) is the sole judge of work and materials, both as to quantity and quality—so that it is evident the certificate of the "Engineer in charge of the work" has no value except what may be given to it by the Chief Engineer for the time being, who is, therefore, really the proper official to authoritatively certify to the quality of the cement referred to by the Auditor General.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

THOMAS MONRO.

AUDIT OFFICE, OTTAWA, July 8, 1898.

SIR,—Let me acknowledge receipt of your letter of July 2, with a copy of Mr. Monro's communication of June 29, 1898.

Please explain to Mr. Monro that a certificate can be made only by an officer who has personal knowledge of the facts certified. The Chief Engineer approves a transaction after it is completed—he cannot certify what he has not seen.

I should like to be informed of the regulations under which cement has been tested for the last few years, and of those under which it is tested now.

Please deal with that part of my previous letter which referred to the statements of Mr. Haggart. I am unable to ignore information which comes from an ex-Minister of Railways and Canals. Whatever the test was in his time, it must have been practicable if made, and it should therefore be recorded that any change has not been in the line of relaxing.

My letter of June 22 does not (as Mr. Monro has thought) necessarily involve a long technical paper on the subject of cement testing. Who tested the cement? How many barrels were examined? Were the tests satisfactory—and if not, how?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 14, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication of the 8th instant, relative to the testing of cement used on the Dominion Canals. In reply, I would say that brands of cement of undoubted quality are not always tested, and that the cement used on the River St. Lawrence Canals is not tested, except in the works. Mr. Grant tests the cement on the Soulages Canal, and Mr. Raddon on the Trent Canal. On the Quebec Canals, the cement is occasionally tested at McGill College, and on the Welland it is not tested except in the works.

I may add that an excellent quality of cement is being used on all the canals this year, except the Thorold Cement on the Soulanges Canal, where it is being used in the hearing of the bridge abutments, thus allowing it to set in the dry, as it is useless in water. No more of this cement will be taken where its use will be required under water.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Sept. 8, 1898.

SIR,—I have the honour to acknowledge the receipt of your communication of the 28th May last, in which you ask to be informed of the time at which cement for the several canals is tested. In reply, I would say that it is not practicable or possible to test all the cement before it is used in the work, as it is difficult to get it supplied quick enough for the rapid progress that is being made with the works on the River St. Lawrence Canals. The department has to largely depend on the "brands."

I may add, however, that the Portland Cement which is being used on the Soulanges Canal works is of excellent quality, but, as I have stated, it is not possible to test it all before it goes into the works.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

### Canal Estimates : Insufficient Details Given.

AUDIT OFFICE, OTTAWA, April 2, 1898.

SIR,—Let me call attention to previous correspondence as to the rendering of progress estimates in a different shape, for the use of this office.

In my letter of October 16, 1896 (shown at page R—276 of my Report for 1895-96) I described a form of detailed estimate to be rendered once a year. For the other eleven months, only the changes would be necessary.

This proposition has been characterized by several engineers as a saving of work, and it would greatly facilitate our examination. The scheme, however, though adopted for a couple of months, has lapsed back into the old one.

It occurs to me that this would be a favourable season of the year for the engineers to make out the annual estimate in full detail. Please issue instructions to have the items of the March progress estimates analyzed into their component parts, as shown in the sample attached to my letter of October 16, 1896.

An April estimate need then contain only the total of the March estimate, and full details of new entries.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 8, 1898.

SIR,—Let me acknowledge receipt of detailed progress estimates for the work of Wm. Davis & Sons, on the Cornwall Canal, most of them made out in the form described by me in previous correspondence.

The April estimate for section 2, however, reverts to the old form. Under the proposed plan, the new item of 130 yards of mucking should be divided among the heads shown in the March estimate; the next five lines do not need to appear in the April estimate; the 40 yards of puddle should be divided as in the March estimate, and so on, while the total of the April estimate is to be brought up, if necessary, by including the total of March in one sum. This will make much less writing.

It is only by giving as full details of the new work in the monthly estimates as of the complete work in the yearly estimate, that full knowledge of the progress made can be had in Ottawa.

The whole of this plan was outlined in my earlier letters.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part R

### Soulanges Canal: New Contract Form.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 12, 1898.

SIR,—With reference to the price allowed Messrs. Ryan & Macdonell for stone filling in rear of pier walls, sections 1 and 2, Soulanges Canal, I would say that after consultation with Mr. Monro, I agreed with the contractors at the time to allow them 40 cents per cubic yard, which we consider a fair and reasonable price, and so instructed the engineer in charge, but, owing to an oversight, I did not confirm it in writing.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Nov. 22, 1898.

SIR,—I notice, in the October estimate of Ryan & Macdonell, an item of \$120 for 300 yards of "Stone-filling in rear of pier walls," being a continuation of a special-agreement item first introduced in the September estimate.

The explanation given for the September amount (which is not yet paid) is, that the agreement was made at the proper time, but not put into writing, by an oversight.

As in a previous case (that of paiting fenders by Manning & Macdonald), I have no authority to pass the item, for want of the written order prescribed by the contract. Please remove it from the application in the meantime.

Since you always send to this office a copy of each contract as soon as it is signed, it would be well, I think, to complete the arrangement by sending, also, any modifications of the contracts, such as the engineer's orders for extras. These might be made out in numbered triplicate, and copies given to the contractor, department and Audit Office simultaneously, all before the work on them is begun.

The applications and estimate are returned herewith.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDougall, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 29, 1898.

SIR,—Referring to your letter of the 22nd instant, in regard of a certain item, \$120, in the October estimate of Messrs. Ryan & Macdonell, Soulanges Canal, for 300 yards of stone filling in rear of pier walls, being a continuation of a special agreement item, to which you take exception, I have the honour to say that the requirements of the contract have been fully complied with as regards the items mentioned in your letter, and I would refer you to the 4th section of Messrs. Ryan & Macdonell's contract, as, possibly leading to a modification of your views in the matter, and to the removal of the objection you state.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, December 19, 1898.

SIR,—In further discussion of Ryan & Macdonell's item for "Stone filling in rear of pier walls," which appears again in their November estimate:

It had been thought that this came under clause 5 of the old contract form, which demands a written order from the engineer, fixing the price, before any work is begun which is outside of the original specification.

In conversation, however, you point out that Ryan & Macdonell's contract is on the new form, in which section 5 has been altered in three respects:

(1) In the sentence, "The contractor shall immediately comply with all written requisitions of the engineer," the word "written" has been omitted.

(2) In the sentence, "The contractors shall not be entitled to payment for extra work unless such extra work shall have been first directed in writing by the engineer, the words "in writing" have been omitted.

(3) The additional proviso "nor unless the price to be paid for any addition or extra work shall have been previously fixed by the engineer in writing" has been cancelled altogether.

This leaves, as the only written document necessary, "the decision of the engineer in writing," to be given at any time before payment, instead of before the work is begun.

You explain orally, that it has been found impossible, in practice, to have the engineer write his instructions while standing out on the work.

In view of the great magnitude of the interests involved, and of the number of subjects which must occupy the resident engineer's memory, it would, I think, have been better for him to make, in writing, the best requisition he could, even if somewhat rough—perhaps to be supplemented by a more careful document prepared by him in his office, as soon as possible thereafter.

I am releasing the Ryan & Macdonell certificates, but I should like to have the substance of your conversation formalized into a letter, and I should also like to discuss at length the giving of oral instead of written orders—a practice which seems to introduce an element of great uncertainty and danger.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDougall, A.G.

Soulanges Canal: Geo. Goodwin.

In the Exchequer Court of Canada

BETWEEN

George Goodwin, Claimant,  
and

Her Majesty the Queen, Respondent.

To the Hon. the Minister of Finance and Receiver General for the Dominion of Canada.

I hereby certify that by a judgment of the Supreme Court of Canada rendered in the above matter on the eighth day of March, 1898, it was ordered and adjudged that the appeal of the above named claimant from the judgment of the Exchequer Court of Canada pronounced on the eleventh day of January, 1897, in the above cause setting aside without costs the judgment of the Exchequer Court of Canada rendered in the said cause on the twentieth day of June, 1896, should be and the same was allowed, that the said judgment of the Exchequer Court of Canada pronounced on the eleventh day of January, 1897, should be and the same was reversed and set aside, and that the said judgment of the Exchequer Court of Canada rendered on the twentieth day of June, 1896, should be and the same was varied so as to read as follows, that is to say:—

"The matter of the claim of the above named claimant herein coming on for trial at the City of Ottawa on the nineteenth day of June, 1896, and this day before this Court in the presence of counsel as well for the claimant as the respondent, upon opening of the matter and upon hearing the evidence adduced and what was alleged by counsel aforesaid.

"This court doth order and adjudge that the claimant is entitled to recover from the respondent the sum of seventy-three thousand two hundred and sixty dollars (\$73,260).

"And this Court doth further order and adjudge that the claimant is entitled to be paid by the respondent his costs of this matter after taxation thereof by the Registrar of this Court."

And that as so varied should be and was restored as of the twentieth day of June, 1896.

And I do also certify that it was further by the said judgment of the Supreme Court of Canada ordered and adjudged that there should be paid by the respondent to the claimant his costs of said appeal incurred in the Supreme Court of Canada, which costs have been taxed and allowed at eight hundred and seventy-five dollars and twenty cents (\$875.20), and also the costs incurred by him in the Exchequer Court of Canada, which have been taxed and allowed at (\$1,431.65) one thousand four hundred and thirty-one dollars and sixty-five cents.

Dated this 20th day of June, A.D. 1898, at Ottawa.

GEO. W. BURBIDGE, J.E.C.

DEPT. OF JUSTICE, OTTAWA, July 4. 1898.

SIR.—I have the honour to inform you that it has been decided not to appeal from the judgment in this case; and I now enclose the certificate of the Exchequer judge certifying that George Goodwin is entitled to recover the sum of seventy-three thousand two hundred and sixty dollars (\$73,260.00) together with eight hundred and seventy-five dollars and twenty cents (\$875.20) costs in the Supreme Court of Canada, and fourteen hundred and thirty-one dollars and sixty-five (\$1,431.65) costs in the Exchequer Court. Would you kindly send me cheque for the above amounts payable to Mr. Goodwin.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

A. POWER, Acting D.M.J.

## Auditor General's Report—Part R

AUDIT OFFICE, OTTAWA, July 9, 1898.

SIR,—I am in receipt of the application of your department to pay Geo. Goodwin \$75,566.85.

I have to decline passing this application until I get an Order in Council authorising the payment, without appeal to the Privy Council—the Order in Council to indicate that the Minister of Justice has given his opinion that the chances of success for the Government on appeal would be so small that they would not justify incurring the costs which would arise from the appeal.

I return the application herewith.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 21, 1899.

SIR,—I wrote your department on the 9th July last as follows.—

"I am in receipt of the application of your department to pay Geo. Goodwin \$75,566.85.

"I have to decline passing this application until I get an Order in Council authorising the payment, without appeal to the Privy Council—the Order in Council to indicate that the Minister of Justice has given his opinion that the chances of success for the Government on appeal would be so small that they would not justify incurring the costs which would arise from the appeal.

"I return the application herewith."

The matter is still unsettled. It will be necessary to decide without delay whether there is to be an appeal or not.

Should you determine that it is not in the interest of Canada to appeal, you will make an application to this office similar to that made last July. I have not changed my mind since I wrote the letter quoted as to what I shall require to free me from the responsibility of passing a payment which, so far as my own opinion goes, ought not to be made. At the same time there is no object in causing a further postponement in disposing of the question, which can be avoided. If you think my request reasonable you may as well have provision made for it. If not, knowing that I shall decline to pass the application, you can be prepared to cause the question to be dealt with by the Treasury Board.

I am, sir, your obedient servant,

The Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Soulanges Canal: Removal of Slides.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 28, 1896.

SIR,—On section No. 8 of the Soulanges Canal (Mr. Charles Raynor, contractor), heavy slides of clay have occurred outside the prism of the canal, and others may take place at any time, and it is necessary to remove them.

I have given instructions for the work to be proceeded with, but the contractor hesitates to do so, unless and until a price is made for it, he contending that it is a work not covered by the contract, but is an extra, and should be treated under clause 5 of the contract, whereas, I, on the other hand, in my interpretation of the contract, consider it is covered by the contract, and that it becomes a question whether under clause 6 of the specification he should be paid the price tendered for "earth excavation," or whether, under clause 15 of the contract he should make good the damage by restoring the work so damaged at his own expense.

As the matter in dispute is one of interpretation of the contract, I shall be glad to have the matter referred to the Justice Department for advice, as to whether my contention or that of the contractor is correct, and if my view of the case is the correct one, under which clause it should be treated.

As the work is at a standstill, it is absolutely necessary that a decision should be reached without delay, in order that the work may be proceeded with.

Copy of Mr. Raynor's letter is attached hereto.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

COLLINGWOOD SCHREIBER, C.E.

COTEAU DU LAC, May 27, 1896.

SIR,—Referring to the interview I had with you to-day as to the matter of the blue clay land-slide which took place on my work—section 8 of the Soulanges Canal—in the end of November or beginning of December last.

The facts with reference to this occurrence are well known to your engineers. After the excavation at the westerly end of the section had been fully completed, sides trimmed, &c., all according to contract, the banks, which were there composed of blue clay, gave way, and the material slid into the excavation for a depth of about 100 feet and for a distance along the canal of fully 500 feet. Where this took place the canal was in a solid cutting of 24 feet deep. Until that material is removed from where it is lodged as the result of the slide, the bridge and other canal work under my contract cannot be proceeded with.

I claim that I am entitled to be paid for the removal of this material as work not provided for in the contract prices, and I have to request that the price be now fixed so as to enable me to proceed at once with its removal. It will, owing to its present condition, the way in which it now lies, and the difficulty of handling it, cost, as a matter of fact, about twice as much as ordinary earth, or as the material from the original excavation there, to take it out.

I write this letter in consequence of the notification from you last autumn that for any work for which a special price is intended to be claimed the price should be fixed before the work is done.

I beg to request that this be now dealt with.

Yours truly,

The Chief Engineer, Railways and Canals.

CHARLES H. RAYNOR.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 29, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of 28th instant, inclosing the contract with Mr. C. H. Raynor for the construction of Section 8 of the Soulanges Canal, and asking to be advised whether the removal of heavy clay slides, which have taken place on his works, is "extra work," as Mr. Raynor contends, or, as the Chief Engineer views it, work either to be paid for as "earth excavation," under clause 6 of the specification, or to be regarded as damage to be made good by the contractor at his own expense, under clause 15 of the contract.

In reply, I beg to say that, upon examination of the several clauses of the contract and of the correspondence between the engineer and the contractor, I am of opinion that the matter is covered by clause 15 of the contract, and that the damage must be borne by the contractor.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, Nov. 22, 1898.

SIR,—Let me acknowledge receipt of your application No. 229, for \$561 in favour of C. H. Raynor for October work on Section 8 of the Soulanges Canal.

The only item of new work in the estimate is "Earth excavation on section, 3,000 yards at 21c." I infer that this is probably "Removal of slides."

Please let me see whatever correspondence has taken place on the question of whether the Government or the contractors should bear the expense of removing the slides on the Soulanges Canal, under the section of the specification which describes the mode of final measurement.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 28, 1898.

SIR,—In reply to your communication of the 22nd instant, I have the honour to state that the slides, to which you refer, are removed in the changing of the slopes, under the terms of Mr. Raynor's contract.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 30, 1898.

SIR,—In supplement to the departmental letter sent to you on the 28th ultimo, in relation to the removal of slides on this section, I now forward you a copy of a letter addressed to Mr. Raynor by the Chief Engineer on the 31st of March last, ordering certain changes in the slopes of the banks, and fixing the prices for the additional work involved. A copy of Mr. Raynor's acceptance of the requisition so made is attached thereto.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 31, 1898.

SIR,—It having become necessary to make certain changes in the slopes of certain parts of the Soulanges Canal, covered by your contract with Her Majesty Queen Victoria, represented by the Hon. the Minister of Railways and Canals, dated the 29th day of December, 1892, I have to inform you that pursuant to clause No. 5 of the said contract I, as Chief Engineer, have made the following changes, viz.: The changing of the slopes at several points, which will be pointed out by the engineer, and I require you to execute and complete the works to be executed and completed under said contract, in accordance with such changes.

I have also to inform you that pursuant to said clause 5 of said contract, I, as Chief Engineer, have fixed the prices to be paid for any additional or extra work resulting from such changes, as follows, viz.: Such additional or extra work shall be paid for at twenty-one (21) cents per cubic yard, being the same price as is fixed by the said contract for the earth excavation.

All of the provisions of the said contract are to apply to the work resulting from the said changes, and the decision of the engineer as to the quantities of additional or extra work resulting therefrom is to be final as provided for in the said contract.

Yours truly,

Chas. H. Raynor, Esq.,  
Contractor, Section 8, Soulanges Canal,  
Syracuse, N.Y.

COLLINGWOOD SCHREIBER, *D.M.*

---

I acknowledge receipt of a duplicate of the foregoing, and I hereby agree to carry out the requisitions therein contained, and to abide by and comply with all its terms.

CHARLES H. RAYNOR, *Contractor.*

---

AUDIT OFFICE, OTTAWA, Jan. 4, 1899.

SIR,—Let me acknowledge receipt to-day of three documents concerning the payment of removal of slides on the Soulanges Canal.

These documents are: A letter from Mr. C. H. Raynor to the Chief Engineer, dated May 27, 1896; a letter from the Chief Engineer to the Secretary, dated May 28, 1896, suggesting that the Justice Department be asked for its opinion; and a letter from the Justice Department, dated May 29, 1896, ruling that the damage must be borne by the contractor.

I gathered from conversation with you that other legal opinions were obtained, which favoured the contractor. Please let me see them, and any additional documents which may have a bearing on the case.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDUGALL, *A.G.*

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 22, 1899.

SIR,—In reply to your communication of the 4th instant, I have the honour to enclose herewith, for your information, a copy of an advisory letter, dated the 20th instant, from the Department of Justice, in regard to the desired payment for the removal of slides on the Soulanges Canal, to which you refer.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *for D.M.*

DEPT. OF JUSTICE, OTTAWA, Jan. 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant (111738), and its enclosures, relating to the contract of Mr. C. H. Raynor for work on Section 8 of the Soulanges Canal.

You state with respect to the work under this contract as follows:—"On the 29th of May, 1896, your department advised as to the payment for removal of slides which had taken place on the Soulanges Canal, ruling that the damage must be borne by the contractor for the works, Mr. C. H. Raynor, his contract being dated the 29th of December, 1892.

"As a result of a full examination of the locality and careful consideration as to the best course to be adopted, made by the engineers of the department, and Mr. Walter Shanly, C.E., it was decided by the Chief Engineer, pursuant to the provisions of clause No. 5 of the said contract, to change the slopes at certain points, and he accordingly, on the 31st of March last, called upon the said contractor to execute the proposed changes, and as required by the terms of the contract clause mentioned, he fixed the price to be paid for any additional work resulting from such changes, namely, 21 cents per cubic yard, the same price as that fixed by the contract for earth excavation. Mr. Raynor duly acknowledged the receipt of this order of the Chief Engineer, and undertook to carry out its requisitions.

"Subsequently an application was made to the Auditor General for a payment to Mr. Raynor of the sum of \$551, being for work done in pursuance of the said order. To this application the Auditor General has demurred. \* \* \* \* \* In carrying out the changes ordered by the Chief Engineer the said slides have been removed."

You ask for an opinion as to whether, in view of the action of the Chief Engineer in the matter, the contractor is or is not entitled to payment.

In reply I beg to state that in my opinion it was under the contract, clauses 5 and 8, competent for the Chief Engineer to direct the contractor to make the changes referred to, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work. I also think that, in the absence of fraud or collusion, his decision in this regard is final and binding on the Government, and that under the circumstances stated in your letter and appearing from the papers, Mr. Raynor is entitled to be paid for the work in question at the price fixed by the Chief Engineer. Papers returned.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, Jan. 30, 1899.

SIR,—In further discussion of the removal of slides on the Soulanges Canal:

I should like to have a full description, in writing, of the nature and extent of the services which it is proposed to pay. Please make especially clear the point, whether the contractors are to be paid for removing, from the bed of the canal, any material which fell from below the new slope lines.

The items in the progress estimates, for repairing slides, should be supported by diagrams and calculations showing how the quantities are arrived at. This information must be part of the local engineer's office records, and can be got in a very short time.

If there was any correspondence on the present subject between the department and the contractors, the perusal of it would probably give me a better understanding of the circumstances.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 1, 1899.

SIR,—In compliance with the request contained in your communication of the 30th ultimo, asking for further explanation upon the subject of the flattening of the slopes of the prism of the Soulanges Canal at various points, in connection with slides which have occurred or may occur, I may state that in forming the slopes at these points on the newly adopted batter, and with a view of securing them against sliding, it is necessary to remove the material in the prism from the toe to the slope down to grade, take out the material from the foot of the slope and replace it with stone, and with a view of greater security, wasting the blue clay which has slid, and replacing it with a solid brown clay to the batter of slope, as flattened. All this work is returned in the progress and final estimates under clause 5 of the contract; to have replaced the blue clay would have been like throwing money away.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

AUDIT OFFICE, OTTAWA, Feb. 3, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 1, with a diagram concerning the slides on the Soulanges Canal.

The wording of Mr. Newcombe's opinion, as to changing the slopes, is: "It was competent for the Chief Engineer to direct the contractor to make the changes referred to, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work."

It appears to me probable that by "slid-in material," Mr. Newcombe here means only the material from between the old and new slope lines. It would seem to be for the contractor to remove the rest of the slid material at his own expense, under Mr. Newcombe's previous ruling. This also appears from Mr. Newcombe's oral opinion at our interview yesterday.

Please have this point made more clear.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Feb. 9, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, having further reference to the question arising under the contract of Mr. C. H. Raynor, with respect to the slides which have occurred upon his section of the Soulanges Canal.

In reply I beg to state that in advising you as I did in my letter of 20th January, I was expressing my opinion as to the proper construction of the contract with Mr. Raynor, and I see no reason to vary the view expressed in that letter that under clauses 5 and 8 of the contract it was competent for you as Chief Engineer to direct the contractor to make the changes referred to in your notice of the 31st March last, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work. As to what work was so involved, and the quantity of work involved, these are questions of fact, and are matters which the contract commits to your judgment, and upon which your decision is final under clause 8. Upon these questions I do not consider that I have been asked to advise, nor that it would be proper for me to do so.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

E. L. NEWCOMBE, D.M.J.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 10, 1899.

SIR,—I have to acknowledge the receipt of your communication of the 3rd instant, concerning the "slides" which have occurred in the Soulanges Canal.

In reply I may state that I believe the monthly progress estimates certified by me in favour of Mr. Charles Raynor, Section No. 8, to be correct, the new method of constructing and forming these slopes involved the cutting away of the toe of the slope, the former a footing of stone, the making up of the new slope with brown clay, and the running to spoil in the St. Lawrence River the slid-in blue clay, all of which is returned in the monthly progress estimates of work done, and properly so, I believe; the excavation is returned at the contract price of 21c. per cubic yard, as agreed upon, and the footing of stone at \$1.75 per cubic yard as also agreed upon. I think I have made the case clear as requested.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Feb. 13, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 10, concerning the slides on the Soulanges Canal.

As I remember our conversation with Mr. Newcombe, he held that the only slid material whose removal you could pay was that which originally lay above the new slope line. Any blue clay which slid from beneath the line which is now the new slope line should, he thought, be removed by the contractors at their own expense.

That you received a different impression may be gathered from your remark that "all blue clay is returned in the progress estimates, and properly so."

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 14, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant in further reference to the removal of land slides on the Soulanges Canal.

In reply, I have to say that the Chief Engineer of the department is of the opinion that the new method of building up the slopes necessitated the running of the blue slid clay to spoil in the River St. Lawrence, and that, as I have stated, it is returned in the progress monthly estimates at 21 cents per cubic yard.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Feb. 16, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 14, stating "that the Chief Engineer is of opinion that the new method of building-up the slopes necessitated the running of the blue clay to spoil in the River St. Lawrence; and that it is returned in the progress monthly estimates at 21 cents per cubic yard."

Of course, the slid material had to be removed from the canal bed—there can be no difference of opinion about that. But by the contract, under Mr. Newcombe's interpretation, we are not obliged to pay for the removal of what slid from below the new slope-line: the contractor had to remove that at his own expense. What I object to, is the fact that you include this material in the progress estimates, to be paid at 21 cents a yard.

Please have the amount of this lower material calculated separately, and make an independent application for its payment. The rest of the estimates can then go through without delay.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 16th instant, in further reference to the removal of land slides on Section No. 8 of the Soulanges Canal.

In reply I have to say that the estimate will be prepared in the form you desire, and that, so soon as it is received from the superintending engineer of the canal, it will be sent to you.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

MONTREAL, March 1st, 1899.

SIR,—I have been thinking over the question that we discussed the other day in connection with certain Soulanges Canal works, and the more I consider the question the more I am convinced that you could certify my client's present claim without creating a precedent or binding you in any way as to the question now at issue about the powers of Mr. Schreiber to decide how the alterations ordered by him are to be paid.

The present estimates submitted for your approval by my clients include no part whatever of the disputed class of work. A small item of these estimates is for excavations, but of a different nature and not contested. These estimates are not the final ones, and my clients have been paid for the removal of blue clay objected to by you. You can then retain on their final estimates what they have been paid for.

I hope you will stretch a point and certify the estimates now submitted by my clients, who appear to be in urgent need of that money.

Yours truly,

The Auditor General.

C. A. GEOFFRION.

AUDIT OFFICE, OTTAWA, March 2, 1899.

SIR,—Enclosed please find copy of a letter received by me to-day from Hon. C. A. Geoffrion, acting as legal agent for Rogers & Taylor.

If possible, please name an amount somewhat in excess of the payments which have been made to Rogers & Taylor for removal of blue clay which came from outside of new slope lines. Mr. Geoffrion's letter will, I think, warrant me in passing the excess

## Auditor General's Report—Part R

---

of held applications over this amount, if any, since he waives any binding effect which such action might have on my consideration of the final estimate.

It would have been possible for me to consider their deposit as sufficient security for this item, only for the fact that the deposits are released by the Finance Department independently of this office.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, March 4, 1899.

SIR,—My present objection to the payments for removal of slides from below the new slope lines is this: Mr. Newcombe says that the contractors are liable for this service, and the Government not liable. It follows that the amounts should not appear in the progress estimates. The Chief Engineer includes them in the estimates. Mr. Newcombe then says that the items may be charged, since the Chief Engineer has a right to introduce them into the estimates, if he wishes.

It is manifest that such a system of interpreting contracts will make all their provisions illusory, as they can be disregarded by the officer who is to carry them out—and this for the largest class of public expenditure, whose size calls for a closer examination instead of none at all.

Any further delay need not be more than the short time necessary for you to get the matter before the Treasury Board, and obtain an immediate decision. No other work in this office shall retard the settlement of a question which affects that desirable object, the early opening of the canals.

It was with the view of paying what is unquestioned, that I asked for a calculation of the money value of the disputed materials. Nothing has yet been heard as to what progress Mr. Monro is making in the calculation. I hope the result will soon reach us.

If any other method of relieving the contractors from inconvenience is suggested I shall be pleased to consider its feasibility. Perhaps their security-deposits might in the meantime be so guarded that they could be released only with the consent of this office; and documents might be signed that the payments of the estimates are made and received without prejudice.

I am, sir, your obedient servant,

The Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

OTTAWA, March 7, 1899.

SIR,—*Re* Section 9, Soulanges Canal, Manning & Macdonald Contract: Referring to our interview with reference to the payment of the estimate for stone, &c., now before you, I beg to say that the payment of this estimate is to be made without prejudice to the rights and positions of the Government and the contractors in connection with questions arising out of the slides which took place on the works and which questions are now under consideration by you. The payment is \$8,150 (odd).

Yours truly,

The Auditor General.

Z. A. LASH, *Solicitor for Manning & Macdonald.*

---

### Correspondence needed with Payments of Claims.

AUDIT OFFICE, OTTAWA, July 4, 1898.

SIR,—You will remember that, in the course of the investigation into the case of A. E. Killam before the Public Accounts Committee, it was shown that the correspondence had not been supplied to the Audit Office.

Please see that future payments of claims for damages to property or person are supported by the full correspondence. This does not refer to the smaller payments for damages to goods in transit.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Indiantown Branch : Payment to Registrar Audette.

AUDIT OFFICE, OTTAWA, Feb. 9, 1899.

SIR,—In the expenditure on Intercolonial Railway capital for 1897-98, under the head "Indiantown Branch," I find a payment of \$160 to Mr. L. A. Audette, Registrar of the Exchequer Court, for "Services as secretary in the matter of the commission to investigate the claim of J. B. Snowball *vs.* The Queen," being \$10 a day for 16 days.

As Mr. Audette is a permanent officer, this payment should not have been made to him.

Please ask Mr. Audette to refund the amount.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 11, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 9th instant, relative to a certain payment to Mr. L. A. Audette, Registrar of the Exchequer Court, of the sum of \$160, being for his services as secretary to the commission to investigate the claim of Hon. J. B. Snowball *vs.* The Queen, in connection with the Indiantown Branch of the Intercolonial Railway.

In reply, I have to say that the said payment was made on a letter from the Department of Justice, a copy of which I enclose for your information.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, D.M.

DEPT. OF JUSTICE, OTTAWA, Nov. 5, 1897.

SIR,—I have the honour to enclose herewith the account of Mr. Nelson R. Butcher, the stenographer employed in the above case, certified for \$367.20; also the account of Mr. L. A. Audette, Registrar of the Exchequer Court, who acted as secretary for the commission, certified for \$160. Kindly send me cheques in payment of these accounts.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

E. L. NEWCOMBE, D.M.J.

### Drummond County Railway Subsidy.

AUDIT OFFICE, OTTAWA, Nov. 14, 1898.

SIR,—Let me acknowledge receipt of your application No. 193 for \$136,000 in favour of the Drummond County Railway Co., being the \$3,200 part of their subsidy for 42½ miles between Moose Park and Chaudière.

The Order in Council of Oct. 26, 1898, modifies the specification attached to the contract of Dec. 13, 1897, by making less stringent regulations as to curves and culverts. Please let me have an approximate estimate of the money value of the relaxation.

I do not find that I have yet been furnished with the usual rough sketch of the route.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

Note, March 18, 1899 : This information has not yet been supplied.—J. L. MCD.

### Crow's Nest Pass Railway : Unfinished Sections.

AUDIT OFFICE, OTTAWA, Jan. 21, 1898.

SIR,—Let me acknowledge receipt this afternoon of your application No. 341 for \$500,000 in favour of "The Crow's Nest Pass Railway," for 50 miles of road built.

The application should be in favour of the Canadian Pacific Railway, to whom the money was voted, and with whom the contract was made.

By the Act 60-61 Vic., Chap. 5, the subsidy is "payable by instalments on the completion of each of the several sections of not less than ten miles." The Chief Engineer's

## Auditor General's Report—Part R

---

---

report describes work yet to be done all along the 50 miles. The sections are therefore not completed, and I am unable to certify payment in the meantime.

To save delay to the company, I am explaining these objections now, although not yet supplied with a copy of the report of Mr. Fellowes, the Superintending Engineer.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

TREASURY BOARD, OTTAWA, JAN. 22, 1898.

SIR,—I have the honour to send you herewith the enclosed papers from the Minister of Railways and Canals in connection with certain payments on account of the Crow's Nest Pass Railway, the St. Stephen and Milltown Railway, the Gulf Shore Railway, and the Montreal and Ottawa Railway, to which objections have been made by you. Would you kindly advise me, for the information of the Treasury Board, as to the grounds of the objections and the reasons therefor and to state under what section and clause of the Audit Act the objections are taken. I shall also be glad to have any remarks you may wish to make in regard to these payments at your earliest convenience.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

---

AUDIT OFFICE, OTTAWA, JAN. 24, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd instant enclosing papers from the Minister of Railways and Canals in connection with applications for subsidies on several lines of railway.

I shall deal in this communication with the subsidy to the Canadian Pacific Railway Company for the Crow's Nest Pass Railway on the point alone which is special to it and which, if the opinion of the present Minister of Justice is the same as that of Sir John Thompson and Sir John Abbott, is fatal to it.

You will probably recollect that up to a certain time after railway subsidies were authorized on the basis which now exists, the subsidies, less the estimated cost of completing the unfinished parts, were paid when the portion remaining to be done was small. About 1890 the Temiscamingue Railway Company applied for a further concession which, when the application reached me, I did not see my way to pass. An appeal from my decision was made to the Treasury Board. On the hearing of the question I was brought before the Board, when it was there contended that the additional concession ought to be granted because Mr. Schreiber and I had passed subsidies, retaining the amount necessary to complete. Sir John Thompson stated that the Board was fortunately not responsible for what Mr. Schreiber and I had done, that it was clearly illegal to pay the subsidies except on the absolute completion of each ten-mile section. Sir John Abbott subsequently gave a similar opinion. Sir John Thompson's interpretation has been followed since.

In the Crow's Nest Pass Act the words which were in the previous Acts appear "payable by instalments on the completion of each of the several sections of the said railways of the length respectively of not less than ten miles, and the remainder on the completion of the whole of the said railway" (Section 1).

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, JAN. 26, 1898.

SIR,—With further reference to the appeals to the Board from the Railway Department on the Crow's Nest Pass Railway, the Gulf Shore Railway, the St. Stephen and Milltown Railway and the Montreal and Ottawa Railway, I would draw your attention to the following letters among the papers which you sent me:—

1st. 10th November from L. K. Jones, Secretary Department of Railways.

2nd. 22nd November from me in reply.

3rd. 29th December from C. Schreiber in answer to mine of 22nd November.

4th. 30th December from me to Mr. Schreiber.

5th. 21st January from me to Mr. Schreiber.

You will observe that in No. 1 the Minister of Railways objected to giving copies of the reports of the Inspecting Engineers for various reasons: that in No. 3 the Deputy Minister said there was no objection to my seeing the document, a certified copy of

which I wished to obtain. Nos. 4 and 5 give reasons why I should get a copy of the Inspecting Engineer's report instead of being confined to such information as might be carried in the mind of the person who might be sent from this office to see the report of the Inspecting Engineer.

I cannot see what matter of principle can be involved in a department giving to another department a certified copy of any document which it is willing to have inspected by that department.

The question of the cost of copying was disposed of in No. 2.

I am unable to understand why the Department of Railways should insist on my sending to that department a chief clerk, the only one who can judge of the value of the information contained in a report on a subject with which he is familiar, when a man at a fifth of his salary could typewrite a copy of the document, the copy serving for the inspection of myself and all the staff of this office and being on file to be produced before the Public Accounts Committee for examination and review there, should the conduct of the Minister of Railways, the Deputy Minister, myself or any one else connected with the transaction be questioned by that body.

The Department of Railways seems to be unable to see, in this relation, that it is not my duty to find reasons for passing the accounts which are presented to me for payment. I have to examine the vouchers which are offered in proof of the accuracy of the claims, to point out what additional vouchers are required and to suspend proceedings until they are furnished.

I have not refused to pass the four applications for railway subsidies other than that for the Crow's Nest Pass Railway on the ground that the subsidies in these three cases might possibly not have been legally earned, but because in each case I have not been supplied with a particular voucher which is necessary. I don't want this voucher unless it is one which I have a right to examine. If I have a right to examine it, my duty requires me to examine it. If it is my duty to examine it, why should it not be sent to me as is every one of the numberless vouchers that reach me from all the departments?

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, Jan. 27, 1898.

SIR,—I have your letter of the 24th instant respecting the subsidy to the Canadian Pacific Railway Company for the Crow's Nest Pass Railway, from which I gather, although it is not explicitly stated, that your reason for not issuing a certificate arises from the fact that the payment would be contrary to law—or in other words, that you take your objection to such payment under subsection "a" of section 32 of the Audit Act. Pray let me know whether my interpretation is correct, and also whether there are any other observations you wish to make in the matter.

I have looked into the case mentioned by you in reference to the Temiscamingue Railway Company. I have recalled the interview you had with the Board at the time, but so far as I can see no official action was taken thereon and no written opinion of the Department of Justice was obtained, the papers in the case being simply returned to Sir John Macdonald.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Secretary.

AUDIT OFFICE, OTTAWA, Jan. 28, 1898.

SIR,—Let me acknowledge receipt of your letter of Jan. 27 concerning the Crow's Nest Pass Railway.

My reason for not issuing the certificate is, as you suppose, that the proposed payment would be contrary to law. Lines 9, 10 and 11 of Sec. 1 of 60-61 Vic., Cap. 5, read: "Payable by instalments on the completion of each of the several sections of the said railway of the length respectively of not less than ten miles."

If any sections of the prescribed length have been completed, I have not been informed of the fact.

In reply to the last part of your letter I have to state that I do not know of a written opinion of the Department of Justice, but the fact that no railway company has since succeeded in getting a subsidy under this wording, unless for each ten-mile section on its completion, shows that the verbal opinion at least must have been frequently given, and to many persons. I remember having had many interviews on the point with Messrs. Beemer and Armstrong, who did not question the law, but wished to have it amended which, however, it never was.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part R

AUDIT OFFICE, OTTAWA, Feb. 1, 1898.

SIR,—In reply to your letter of this date I am sorry to have to say that the additional documents do not alter the question, because, although it now appears that \$14,100, and not \$50,000, is the probable cost of the work to be done, no information is given as to the parts of the road where the expenditure is still to be made.

I understand from the Secretary of the Canadian Pacific Railway Company that for many continuous miles the railway is absolutely completed. If the Inspecting Engineer could describe that part there would be no objection that I see to paying for such uninterrupted length when it is not less than ten miles.

Unless the Board should decide the general question in difference between the Railway Department and myself about the report of the Inspector there would still be that difficulty should what is apparently satisfactory information be otherwise obtained.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, Feb. 1, 1898.

SIR,—I have the honour to send you herewith letter and enclosure, dated the 1st February instant, with reference to the Crow's Nest Pass Railway, and I shall be glad to be informed at your very earliest convenience whether it makes any difference in regard to the objections raised by you in the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Secretary.

*Note.*—This difficulty was settled by the passage of the Act 61 Vic., Chap. 12.—J. L. McD.

### Crow's Nest Pass Railway: Rolling Stock and Trestles.

AUDIT OFFICE, OTTAWA, Feb. 6, 1899.

SIR,—Let me acknowledge receipt of application No. 373 for \$614,000 in favour of the Canadian Pacific Railway Company on account of subsidy for the Crow's Nest Pass Line. The amount is calculated as follows:—

Lethbridge to Kuskanock, 288½ miles at \$11,000.....	\$3,176,250
Paid Feb. 3, 1898 .....	\$453,750
Paid Aug. 8, 1898 .....	967,750
Paid Oct. 4, 1898 .....	740,690
Held for completion of track .....	150,000
Held for tunnel .....	150,000
Deduction not explained .....	100,000
	2,562,190
Difference.....	\$ 614,000

Concerning the rolling stock, the Inspecting Engineer, Mr. G. R. L. Fellowes, gives a list of what is necessary, amounting to \$955,500; "of which," he says, "there is now in use on this railway in traffic between Lethbridge and Kootenay Lake, 288½ miles; about three-quarters of the above rolling stock, say to the value of \$716,625." The deficiency is \$238,875.

In his summary report of Dec. 30, 1898, Mr. Fellowes deals with the rolling stock thus: "The works are sufficiently advanced towards completion to warrant the road being opened for public traffic, and public traffic is actually being conducted thereon, in accordance with the requirements of clause 5 of the contract, which named a date not later than Dec. 31, 1898, at which the road shall be opened for public traffic. As regards the equipment of the road, hereto attached will be found a list of the rolling stock actually upon the road, which I am of the opinion is not sufficient to efficiently conduct the traffic; but I am aware, from statements you placed in my hands, that very heavy purchases of rolling stock have been made by the Canadian Pacific Railway Company during the past two years, which rolling stock is now running upon the trunk or main line, but a quantity of which was provided for use on this line, and is available for that purpose when the traffic requires it. I therefore make no reduction in rolling stock account, as it would appear to me as if a sufficiency had been provided."

In your certificate as Chief Engineer, it is said: "With respect to equipment, Mr. Fellowes reports a certain quantity now upon the road in service, and that the Cana-

dian Pacific Railway Company who own this road have provided an additional quantity which is now upon the main line, amply sufficient for the traffic ; of this fact I am also fully aware."

The Order in Council quotes the Chief Engineer's report as showing " that an amply sufficient provision of rolling stock has been made."

Besides straining Section 33 of the Audit Act, it would make a very troublesome precedent, to make payment on account of any rolling stock which has not yet been delivered on the section. Moreover, as the company are using it on the main line in the meantime, they will have no ground for complaint if the \$238,875 be withheld until the new line is completed, and the full rolling stock transferred thereto. Please amend the application in this sense.

The specification contains the usual provision (No. 17) that all trestle or pile bridges need the written authority of the Minister. Please let me have a copy of such authority.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 18, 1899.

SIR,—After oral explanations from Mr. Drinkwater concerning the rolling stock for the Crow's Nest Pass Railway (a part of which is still on the main line of the C. P. R., though all is purchased), I have concluded that my objection is not tenable under the present wording of the Subsidy-Act and Contract-Form.

The question of " sufficiency for traffic " is left entirely with the department, and the Chief Engineer has assumed the responsibility in this case in a most explicit manner. Since authority has also been given for the trestles, the certificate will be released without further delay.

There appears, however, to be a weakness in the system of paying railway subsidies, in the fact that apparently no regulations can be made to ensure the permanence of the conditions which earn the subsidy. For instance, after enough rolling stock has been placed on the line to satisfy the department, there is nothing to prevent its subsequent removal : and this is especially so in the case of a ramified line, one branch of which is subsidized.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Montfort Colonization Railway.

AUDIT OFFICE, OTTAWA, Jan. 4, 1899.

SIR,—Let me acknowledge receipt of your application, No. 317, for \$64,400 in favour of the Montfort Colonization Railway Company, being a subsidy of \$2,000 a mile on their 32½ miles, in addition to the \$3,200 a mile previously paid for the same distance.

The following is the wording of the previous votes in favour of this railway :—

1892, Cap. 5 : To the Montfort Colonization Railway Company for 21 miles of their railway, from Lachute, St. Jerome, or a point at or near St. Sauveur, on the line of the Montreal and Western Railway, to Montfort and westward, a subsidy not exceeding \$3,200 per mile, nor exceeding in the whole \$67,200 ;

1893, Cap. 2 : To the Montfort Colonization Railway Company for 21 miles of their three-foot gauge railway, from Lachute, St. Jerome, or a point at or near St. Sauveur, on the line of the Montreal and Western Railway, to Montfort and westward, in lieu of the subsidy granted by 55-56 Vic., Cap. 5, a subsidy not exceeding \$3,200 per mile, nor exceeding in the whole \$67,200 ;

1894, Cap. 3 : To the Montfort Colonization Railway Company for 12 miles of their railway, from the end of the 21 miles already subsidized, westward to a point on the Rouge River, in the County of Argenteuil, a subsidy not exceeding \$3,200, nor exceeding in the whole \$38,400.

Of these 33 miles, 32½ were built on a gauge of three feet ; while all structures west of the 21st mile were built for the standard gauge, as mentioned in Mr. Johnson's report. \$108,040 was paid, and \$2,560 lapsed.

The wording of the subsidy vote of 1897, now under consideration is : " The Governor in Council may grant.....to the railway companies and towards the construction of the railways hereinafter mentioned :—To the Montfort Colonization Railway Company for 33 miles of their railway from Montfort Junction to

## Auditor General's Report—Part R

Arundel, in the province of Quebec, a subsidy not exceeding \$2,000 per mile, nor exceeding in the whole \$66,000."

The Order in Council of Dec. 26, 1898, ordering payment of the \$2,000 a mile, reads : "The gauge of the said section has been changed from 3 feet to 4 feet 8½ inches, the structures have been strengthened, and the road made in every way suitable for wide-gauge rolling stock and traffic (these being the objects of the said subsidy)."

There was no debate on the vote of \$66,000, and Parliament does not appear to have been sufficiently informed that no new mileage was in contemplation, but that the whole subsidy was to be expended in improving a section on which the customary \$3,200 a mile had already been paid. Except to a person familiar with the local geography, there is no indication that this vote differed from all the others in such an important particular.

Mr. Johnson reports : "A large amount of trestle allowed on previous contracts has been replaced by solid embankments." There should be renewed authority for the rest of the trestle, in view of the change in the traffic.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

TREASURY BOARD, OTTAWA, Jan. 10, 1899.

SIR,—I have the honour to enclose herewith T. B. file No. 24,317, being a reference to the Board from the Department of Railways and Canals containing correspondence with you in regard to the payment of the sum of \$64,400 to the Montfort Colonization Railway Company, being the subsidy granted by the Subsidy Vote of 1897 to that company for 32.20 miles of their railway, viz., \$2,000 a mile, payment having been authorized by an Order in Council of 26th December, 1898.

I have to request that you will be good enough to let me know, for the information of the Board, whether you have objections to the payment in question, and if so what such objections are and the grounds therefor, and also the section and clause of the Audit Act under which they are taken.

I shall also be glad to have any remarks you may wish to offer regarding the case.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

---

AUDIT OFFICE, OTTAWA, Jan. 10, 1899.

SIR,—I have your letter of to-day with reference to an application for a payment to the Montfort Colonization Railway Company.

The information which you desire to obtain from me is provided for under the 32nd section of the Audit Act, but it is provided that this should be required only after I have declined to pass an application.

I have not reported under (a) that there is no parliamentary authority, nor have I refused under (c) to certify that a cheque of the Minister of Finance and Receiver General may issue.

I return the papers in the meantime so that all the papers may be together.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 13, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 4th instant, relative to an application from this department for the sum of \$64,400, in favour of the Montfort Colonization Railway Company, being an additional subsidy authorized to be paid that company by the Order in Council of the 26th ultimo, for the section of their railway from its junction with the Canadian Pacific Railway at Montfort to the River Rouge, near Arundel.

In reply, I am, by direction, to ask that you will be pleased to say when a cheque for the amount mentioned may be expected by the department.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, Jan. 16, 1899.

SIR,—In reply to your letter 53817 *re* the subsidy to the Montfort Colonization Railway Company, I expected a reply to my letter of the 4th instant, particularly to the last part of it dealing with renewed authority for the trestle which remains in the railway, before determining whether I would consider myself justified in passing the application.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDougall, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 25, 1899.

SIR,—In reply to your letters of the 16th and 4th instant, relative to the Montfort Colonization Railway Company's subsidy, in which you express the opinion that there should be "renewed authority" for a certain balance of the trestle work allowed under the company's previous contracts which remains after a large amount of such work has been replaced by solid embankments, I have to state that I am advised that, once authority is given by the Minister for the employment of certain trestle bridging, that authority stands good, and it is, therefore, not considered necessary that it should be repeated.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Jan. 26, 1899.

SIR,—Let me acknowledge receipt of your letter of Jan. 25, holding that the Montfort Colonization Railway's trestle work does not need renewed authority.

The wording of the specification is: "Trestle or pile bridges will not be allowed, except upon the written authority of the Minister of Railways and Canals."

The trestle work now under consideration was built as part of a narrow gauge railway. It may be assumed that, when it was accepted as safe, the lightness of a narrow gauge train was taken into account.

With the gauge widened, the trains will be heavier, and the traffic probably greater. A trestle which would be safe for a light train might not be safe for a heavier one; and the point upon which I would now like a certificate is, whether the Montfort trestle work can be accepted for the future heavy traffic, as it was for the light traffic of the past.

It is only because such important circumstances have been altered that I think the renewed authority is necessary. You will observe that I am not asking for the authority of any one outside of your department. I desire to have the evidence given in the usual way, that the Minister of Railways has looked into the matter and is satisfied that the structures are sufficient.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDougall, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 27, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th instant, in further reference to the remaining trestle work on the subsidized Montfort Colonization Railway.

In reply, and in accordance with your specific request, I have to state that in the work of transforming this railway from a narrow gauge to the standard gauge of the Dominion all proper necessary measures were taken to make those portions of the line which remain constructed of trestle bridging of ample strength to meet the requirements of the heavier traffic resulting from the adoption of the broader gauge, and I certify, as you desire, that the structures in question are of ample strength for that purpose.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

---

---

### *Re Cash paid at Head Office.*

AUDIT OFFICE, OTTAWA, March 10, 1898.

SIR,—Referring to the statements of the sale of scrap iron, old rails and other use-  
less material, inclosed in your letter of December 13th last, I have to remark that these  
statements are not certified as to quantities.

I am returning three of these statements for further information. In the account of  
I. & E. R. Burpee 56,170 pounds light scrap at \$5.15 per ton is extended \$142.06 instead  
of \$144.63 ; and 43,784 pounds at same price is extended \$58.01 instead of \$112.74.

In the account of the Portland Rolling Mills Company, 110,200 wrot scrap at \$12.05  
per ton, is extended \$688.06 instead of \$663.96.

In the account of Franchi Bros., \$100 has been deducted without any explanation.

In cashier's statement No. 6529 of November 1st last, \$4,847.04 is entered as from  
other sources without the usual memo.

No statement has been furnished of the details of the sales made during the present  
fiscal year. Could you not arrange to have these details of sales accompany the cashier's  
returns on which they appear ? In the meantime I have to ask for those in arrears.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, A.G.

---

### *Re Parlor and Sleeping Car Service.*

AUDIT OFFICE, OTTAWA, May 16, 1898.

SIR,—A monthly return is furnished showing the total revenue by cars, and another  
return is furnished showing the amounts collected by conductors. It would make the  
matter complete if a return were furnished showing the receipts by ticket agents.

At a few of the stations there are some differences between the returns received from  
Moncton and the agents' returns furnished to this office. I inclose you a memo. of same.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, A.G.

---

### *Re Overcharge Vouchers paid by Agents.*

AUDIT OFFICE, December 14, 1898.

SIR,—I have to ask for vouchers covering disbursements made from their collec-  
tions by certain agents in the months of March, April, May and June last amounting  
to \$29,695.44.

As this is the first time that I find such a charge against the revenue, it is desirable  
to know how these disbursements were treated before March last, and the reason why  
they are now charged against revenue.

Collecting officers are debarred from making disbursements out of their collections  
by section 27, Chap. 29 R.S. The gross revenue should be deposited or remitted and  
any refunds or disbursements made from the head office.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, A.G.

---

MONCTON, N.B., Dec. 27, 1898.

SIR,—In answer to your letter dated December 14th with reference to overcharge  
vouchers paid by agents.

I inclose you herewith a letter from Mr. Williams, our treasurer, dated December  
20th, giving his explanation of the matter.

We will, of course, be glad to carry out any arrangement that you think is for the  
best in regard to such payments.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Man.*

TEASURER'S OFFICE, MONCTON, N.B., December 20, 1898.

SIR,—I return herewith the Auditor General's letter of the 14th instant (your D 41352) with respect to overcharge vouchers paid by station agents.

Prior to the 1st March last, all vouchers for overcharges were certified by the general freight agent and sent out by him to the station agents for payment, and the latter took credit for the amounts thus paid out of their revenue on their balance sheets monthly, attaching the vouchers as authority for payment. When the traffic manager arranged that the checking of these vouchers should be done by the freight claims agent, and the payment should be more promptly made than had previously been the case, it was also arranged that they should be again checked in the Traffic Auditor's office since they were a charge against "Revenue," and registered there, and then sent down to me to give the requisite authority to the station-master to pay the same out of his cash. This insured a more complete check on the payment of these vouchers, and also assisted us in keeping a closer check upon the receipts of the station, as instead of the agents holding these over until the end of the month, they transmitted them at once to the cashier, and the latter surrendered them daily to the traffic auditor to be checked against the register and filed away. It will thus be seen that there is nothing new in paying these claims through the stations, but that the change made in accounting for same was in the interests of a closer and more efficient check upon the revenue of the stations.

Yours truly,

The General Manager, Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.*

### *Re Windsor Branch Railway.*

AUDIT OFFICE, OTTAWA, Dec. 19, 1898.

SIR,—The net revenue of the Windsor Branch Railway as it will be shown in the accounts of 1897-98, is \$37,226.64, made up as follows:—

One-third gross earnings as per returns furnished by the Dominion Atlantic Railway.....	\$48,892 21
Less—Freight deducted by D. A. Ry.....	\$ 336 69
Less—Deposits for June credited in error to 1898-99.....	3,878 20
Less—Transfer to and from open accounts and stores.....	7,450 68
	11,665 57
	\$37,226 64

It is unfortunate that the June receipts were not credited to the year to which they belonged. The result is that only eleven months' receipts are credited to 1897-98, and to make the accounts the way they ought to be, thirteen months' receipts will be credited to 1898-99. The deposits in question were entered on the ordinary return, dated July 30th, instead of being entered on a special return.

The amount deducted from the proceeds paid over by the D. A. Ry. and credited to open accounts and stores was \$7,450.68. In 1896-97 the proceeds paid over by the D. A. Ry. was \$54,822.13, and the amount credited to open accounts and stores was \$13,470.76. Please explain the nature of these deductions; why were they made, and how they come to differ so much?

I would call your attention to the large falling off in receipts for freight, from \$34,426.71 in 1896-97 to \$26,220.25 in 1897-98, though there is an increase in the passenger traffic from \$17,739.91 to \$19,862.67.

I have to inquire as to the nature of the audit to which these revenue returns are submitted at Moncton. They do not bear evidence of any examination. They should be certified by the examining officer and by the traffic auditor.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, *A.G.*

OFFICE OF THE GENERAL MANAGER, MONCTON, Jan. 7, 1899.

SIR,—I received and acknowledged your letter dated December 19th, and now send you a letter from Mr. Williams, Chief Accountant and Treasurer, dated December, 23th, giving the information asked for, and also inclosing two statements of the receipts of the Windsor Branch. One for the 12 months ended the 30th June, 1897, and the other for the twelve months ended the 30th June, 1898.

I think that you will find that these papers give you all the desired information.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Man.*

## Auditor General's Report—Part R

TREASURER'S OFFICE, MONCTON, N.B., December 28, 1898.

SIR,—I return herewith the Auditor General's letter of the 19th instant with respect to the Windsor Branch Railway returns for fiscal year 1897-98.

In order to place the matter more clearly, I inclose the statement of receipts for the year made up in a different shape, and giving more details than in the monthly returns. The first column shows that gross earnings, as per returns furnished by the Dominion Atlantic Railway, \$48,892.21; from which is deducted by the Dominion Atlantic Railway the Intercolonial Railway bookings carried on their trains between Halifax and Windsor Junction; the freight charges on the Windsor Branch Railway track material carried on their trains; and the Windsor Branch proportion of rebates on shipments of apples for Europe. The balance shows the amount owing by the Dominion Atlantic Railway, and agrees with the cheques remitted here monthly. From the amount of the gross earnings (less the proportion of the overcharges), there is due the Intercolonial Railway one-third earnings on Dominion Atlantic Railway traffic between Halifax and Windsor Junction, leaving net earnings to the Windsor Branch Railway amounting to \$37,226.64. A similar statement is also prepared for the previous fiscal year.

The large falling off in freight receipts in September, October and November of 1898 as compared with the same months of 1897, is entirely due to the almost total failure of the apple crop in the Annapolis Valley, as the fruit crop in a good year forms the bulk of the traffic of those months.

The returns from the Dominion Atlantic Railway of the earnings of the Windsor Branch, are audited in my own office by Mr. Bourgeois, and the set of returns sent to the Auditor General are duplicates, and thus do not bear his check marks. Hereafter a certificate shall be attached to the set for the Auditor General certifying by whom they have been examined and countersigned by myself.

Yours truly,

The General Manager, Govt. Rys.

T. WILLIAMS, *Chf. Acct. & Treas.*

P.S.—The cheque from the Dominion Atlantic Railway for June tolls was not received prior to closing cash statement for June, and so was included in July deposits. It does not affect the accounts for year 1897-98, except that the amount received from Dominion Atlantic Railway covers eleven months only.

T. W.

### Re Windsor Branch.

AUDIT OFFICE, OTTAWA, Jan. 5, 1899.

SIR,—

I do not find that anything has come to account for parlor cars during the year ended June 30 last, and have to ask for an explanation.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, *A.G.*

TREASURER'S OFFICE, MONCTON, Jan. 25, 1899.

SIR,—Your D 41925 (being the Auditor General's letter of 5th inst.) is returned herewith.

The earnings from Dominion Atlantic railway parlor cars are accounted for under "conductors"—the names of the cars being Mayflower and Haligonian. They only run during the summer.

Yours truly,

The General Manager, Govt. Rys.

T. WILLIAMS.

### Re Unanswered Letters

AUDIT OFFICE, OTTAWA, Feb. 3, 1899.

SIR,—I do not seem to have received any replies to the following letters, viz.:

Re Cash paid to head office, March 10, 1898.

Re Agents direct returns, March 19, 1898.

(This letter was acknowledged.)

Re Parlour and sleeping car service, May 16, 1898.

I shall be glad to have your replies to these letters at your earliest convenience.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, *A.G.*

*Re Arrears Due—Canals.*

AUDIT OFFICE, OTTAWA, April 25, 1898.

SIR,—According to the statement furnished by your department and published on page R-358 of the Audit Report of 1896-97, the arrears due on account of canals on June 30th last, amounted to \$91,628.24.

I have to ask for a copy of any instructions lately issued to the superintendents of the several canals in reference to the collection of these arrears, and I shall be glad to know if any other action, and if so, of what nature, has been taken by your department to that end.

No doubt some of these arrears are worthless, but there must be many of them that could be collected if pressed.

I would suggest that the proper officer at each canal should be called on to classify the arrears due into good, doubtful and bad, giving explanations when they have not been already given. The department will then be in a position to take the necessary action to collect any that are collectable.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 29, 1898.

SIR,—In compliance with the request contained in your communication of the 25th instant, in the above matter, I have the honour to inclose herewith a copy of a circular letter addressed to the superintending engineers of the Dominion canals, on the 27th, relative to arrears of rent due the department on account of the said canals.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary.**(Circular.)*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 27, 1898.

DEAR SIR,—Please call upon all persons having arrears due this department in connection with the canals under your charge, either as hydraulic rents or damages to settle said arrears without any further delay, and report to me the result.

Please also forward a statement of such arrears, divided into the following classes :— Good, doubtful and bad, giving explanations in each case.

Yours truly,

COLLINGWOOD SCHREIBER, *Chief Engineer.**Re Arrears due: Welland Canal.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 4, 1898.

SIR,—In reply to your communication of the 17th ultimo, relative to the arrears of rent due by parties under leases held by them on the several canals, I have the honour to inclose herewith, for your information, a copy of a statement furnished by the superintending engineer of the Welland Canal, showing the arrears of rental on the said canal up to the 31st of March last; also copies of letters from the superintending engineer of the Trent Canal, and from the superintendent of the Sault Ste. Marie Canal, stating that there are no arrears of rentals on their respective canals.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary.*

AUDIT OFFICE, OTTAWA, July 6, 1898.

SIR,—I have received your letter of the 4th instant inclosing a statement from the superintending engineer of the Welland Canal showing the arrears due.

He suggests that six leases which he specifies, that were acquired for speculation purposes, should be cancelled and legal steps taken to secure payment.

## Auditor General's Report—Part R

He also adds that the non-payment of rent at Dunnville is used at other points on the canal as a reason for being in arrears, and the evil grows.

I may call your attention to my letter of July 15th, 1896 in reference to these arrears. Seemingly no definite and decisive action has since been taken. The Dunnville tenants were not then paying their rents and apparently they are not doing so now.

I shall be glad to know what action you propose taking in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### *Re* Canals—Claims for Damages.

AUDIT OFFICE, OTTAWA, Jan. 18, 1899.

SIR,—The claim against the Ogdensburg Transit Co. of \$5,457.31 for damage to the Welland Canal was commuted for \$4,200; and the claim against the owners of the Rideau Belle of \$1,007.24 for damage to the Rideau Canal was commuted for \$400. Please let me know the reasons and authority for the reductions, the claims in both cases being presumably based on actual disbursements.

What was the reason of and authority for the refund of \$194 made September 1, 1897 to the Kingston and Montreal Forwarding Co. for refund of tolls paid on grain through Cornwall Canal?

An item of \$107.85 collected from Henderson Bros. for costs of Exchequer Court was credited to "Hydraulic Rents," instead of to "Casual Revenue."

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 24, 1899.

SIR,—In reply to your communication of the 18th instant, in the above matter, I have the honour to inform you as follows:—

(1) Claim damage to the Welland Canal by the steamer "Haskall" was reduced to \$4,200 under the authority of an Order in Council of the 19th of July, 1897.

(2) Claim for damage to the Rideau Canal by the Steamer "Rideau Belle" was reduced to \$400 under the authority of an Order in Council of the 14th of January last.

(3) Canal tolls amounting to \$194 were refunded to the Kingston and Montreal Forwarding Company in accordance with section 7 of the Consolidated Tariff of Tolls of 1895, tolls having been paid twice by the company, once on the Welland Canal, and, afterwards, at Cornwall, Cornwall Canal.

(4) The sum of \$1,132.07, the counter claim of the Crown allowed by judgment of the Exchequer Court in connection with the case, Henderson Brothers *vs.* The Queen, was credited to hydraulic rents, as it was for arrears of rental, interest and costs in connection therewith. This sum included \$107.85 for costs, the item to which you refer.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary.*

### *Re* Canal Tolls: Counterfoils Short.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 21, 1899.

SIR,—With further reference to your communication of the 16th ultimo, relative to the counterfoils of certain receipts issued by collectors of canal tolls which, you state, have not been received by you, I have the honour to inclose herewith, for your information, the triplicate of the Receipt No. 22016, referred to in your letter of the above date, given by the collector of canal tolls at Valleyfield for the sum of \$500, being for one year's rent up to the 30th of June, 1897, as per lease No. 8366, in favour of Mr. Alex. Buntin, and have to say that the collector states that this triplicate was spoiled in writing a receipt for the amount mentioned, and that his clerk, instead of correcting the same, made a new receipt on the next No. 22017, and marked the first one "spoiled."

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

---

AUDIT OFFICE, OTTAWA, Feb. 22, 1899.

SIR,—I have received your letter of the 21st, inclosing a triplicate counterfoil of receipt No. 22016, which you state was spoiled by the clerk at Valleyfield and a new receipt issued on the next No.

In such cases the whole receipt and not the counterfoil merely should be sent in by the collector with the return. It would be well to notify collectors to this effect.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

*Re* Arrears due by Bras d'Or S.S. Co.

AUDIT OFFICE, OTTAWA, Feb. 24, 1899.

SIR,—The Deputy Minister of Railways and Canals wrote on October 25th, 1897, that the claim of his department against the Bras d'Or Steam Navigation Company for St. Peter's Canal tolls had been placed in the hands of your department for collection.

I have to inquire what action has been taken by your department in reference thereto, and in what condition the matter now stands.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 12, 1898.

SIR,—Cheques No. 53, issued on April 5th, 1898, against your letter-of-credit for the "London Library" is for the amount of \$24, for subscriptions to *L'Evenement* and *Le Courrier du Canada*, for the years 1897 and 1898, supplied to Hon. H. Fabre, Canadian Agent at Paris.

There is a Miscellaneous Appropriation of \$3,500 for salaries and contingencies of the office of the Paris Agency, and I am of opinion that the above charge should have been paid by Mr. Fabre out of his allowance of \$1,000 for contingencies. Kindly ask for a refund of this amount from Mr. Fabre.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE SECRETARY OF STATE, OTTAWA, Sept. 15, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, respecting Cheque No. 53, for \$24, issued on the 5th April last, against the "London Library" letter-of-credit, in payment of subscriptions to *L'Evenement* and *Le Courrier du Canada*, supplied to the Honourable Hector Fabre, Canadian Agent in Paris, which amount you desire that Mr. Fabre should be asked to refund.

Without discussing the propriety of this payment, with respect to which I merely followed the custom which I found had prevailed for a number of years in regard to these two subscriptions and which I do not desire to defend, may I suggest that as the accounts are now closed the matter should be allowed to remain in statu quo with the understanding that in future these subscriptions shall not be a charge upon the "London Library" credit.

Should this meet your approval, I will notify Mr. Fabre and the publishers of the newspapers in question in the sense required.

I am, sir, your obedient servant,

The Auditor General.

P. PELLETIER, Acting U.S.S.

### Re Expenses of Examination.

AUDIT OFFICE, OTTAWA, October 14, 1898.

SIR,—I have the honour to draw your attention to my letter of the 19th February, 1897, directed to Mr. J. F. Waters (your predecessor in office), in which I referred to Part R., page 4, of my report of 1893-94. You will there observe that Mr. John Thornburn's accounts of the Toronto and Montreal examinations were overpaid \$2.00.

O. Fortin's account of the Winnipeg examinations, dated 25th November, 1895, was rendered at \$35.62, but a cheque issued for \$36.62, an excess of \$1.00.

E. Lortie's account of the Quebec examinations, dated 12th March, 1896, contained an item for rent of chairs and tables from Mr. Guerard at \$5.00, and Mr. Lortie was paid therefor. On the 17th August, 1897, Mr. Guerard himself rendered an account for rent of chairs and tables furnished in May, 1896, and declared that he had never been paid for the same. Mr. Lortie signed the declaration, and Mr. Guerard has been paid the same \$5.00 as Mr. Lortie.

I now request you to have these three amounts returned to Government account, as soon as possible.

I am, sir, your obedient servant,

The Secretary, Board of C. S. Examiners.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 20, 1898.

SIR,—The Civil Service and Excise Examinations last four days. Why are the most of the sub-examiners paid for five days, and several for six days?

The Excise Examinations held in August at Montreal, Hamilton, Windsor and Winnipeg cost \$145.55, and the fees collected amounted to \$44. Is there any reason why these examinations could not be held at the same time as the Civil Service Examinations?

## Auditor General's Report—Part S

---

---

The rents of the halls used for examinations at Montreal and Toronto were paid through the Public Works Department and charged to Rents and Repairs. In other places where it was necessary to use public halls, the rent was paid by the sub-examiners and charged to your appropriation. This practice is objectionable. All rents should be charged to the same vote.

The charge of \$28 for the rent of a hall at Kingston seems large, compared with \$15 paid at London, and \$10 at Halifax.

The vouchers for the advertising at Vancouver have not been furnished. The vouchers for advertising that are furnished are not certified by the Queen's Printer.

I am, sir, your obedient servant,

The Secretary, Board of C. S. Examiners.

J. L. McDougall, A.G.

---

BOARD OF C. S. EXAMINERS, OTTAWA, Oct. 25, 1898.

SIR,—In reply to your letter of the 20th instant, in the above matter, I beg to state as follows:—

The Civil Service Entrance Examinations last four days and the Excise Examination five days. In the former case sub-examiners are paid for five days, in the latter for six days. This allowance includes remuneration for the day preceding the examination, which the sub-examiners justly claim is largely taken up with matters connected with the discharge of their duties in that regard. At the Entrance Examinations it sometimes happens that at one or two of the "Centres" there are no candidates for "Options," and in this case an allowance of four days only is granted.

2. The Excise Examinations are held in the month of August, in order to meet the convenience of the Department of Inland Revenue, it being practically impossible, the Board is informed, to spare the officers of this branch of the service from their duties at any other season of the year. You will see this matter referred to at length in the reports of the Board for 1890 and 1891.

I note your objection to the practice of charging the rent of halls for examinations to two separate appropriations, and shall endeavour to meet your suggestion that these items should be paid out of the same fund.

I also note your observation with regard to the charge for the rent of a hall at Kingston, and hope to be able to effect an economy in this respect at the coming examinations.

The vouchers for the advertising at Vancouver in connection with the last Entrance Examinations are herewith inclosed. I shall in future have these accounts certified by the Queen's Printer, as you desire.

I am, sir, your obedient servant,

The Auditor General.

WM. FORAN, *Secretary to the Board.*

### *Re Fees on Commissions.*

AUDIT OFFICE, OTTAWA, April 25, 1898.

SIR,—In my letter of January 10th last, acknowledging the receipt of a ruling of the Department of Justice on the interpretation to be put to the Act and the Order in Council relating to Commissions to Public Officers, I asked for a list of the officers or classes of officers who are obliged to take out commissions, and for a list of those whom you consider as in arrears under this ruling.

I have had no reply to this letter, and I shall be glad to hear from you at your earliest convenience.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 16, 1898.

SIR,—I am without any reply to my letter of April 25th, calling attention to a former letter of January 10th, in reference to fees on commissions, which had not been answered.

According to the ruling of the Department of Justice, certain public officers must take out commissions, and others may do so.

In my letter of January 10th, I asked for a list of the officers or classes of officers who are obliged to take out commissions, and for a list of those whom you consider in arrears under the ruling of the department.

It must be evident to you that this information is necessary to enable me to properly audit this revenue. If it is not furnished I shall be obliged to submit the matter to the Treasury Board.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 24, 1898.

SIR,—I am sending you herewith a copy of the correspondence with the Under Secretary of State in reference to arrears due to his department for fees on commissions.

As the correspondence will show, I have several times asked for a statement of the arrears due, under the ruling of the Department of Justice, but so far, without any reply.

The examination of the returns of fees that are paid indicates that there are arrears due.

I have to request that you will submit the matter to the Treasury Board at an early date, and acquaint me with its decision.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

### Steamboat Service on Bras d'Or Lakes—Balance due Government by Contractors.

AUDIT OFFICE, OTTAWA, Oct. 9, 1897.

SIR,—With reference to your application of the 7th instant, in favour of the Bras d'Or Steam Navigation Co., I beg to point out that, according to the certificates sent me in support of the service performed from the opening of navigation to June 30, 1897, the semi-daily service between Baddeck and Grand Narrows was not commenced until June 15, 1897, instead of May 15, the date given in the contract. I should like to have an explanation of the delay in commencing the semi-daily service before I certify to the payment now asked for.

I may say also with further reference to your application that I am writing the Department of Railways and Canals to ascertain if the company has paid up its arrears of canal dues.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, Oct. 15, 1897.

SIR,—Referring to yours of the 9th instant having reference to my application of the 7th for a cheque in favour of the Bras d'Or Steam Navigation Co. for services performed during the quarter ended September 30th. in which you point out that, according to the certificates sent you in support of the service performed from the opening of navigation to June 30, 1897, the semi-daily service between Baddeck and Grand Narrows was not commenced until June 15, 1897, instead of May 15, the date given in the contract, and asking for an explanation.

In reply, I beg to say that the contract was not drawn up until a considerable portion of the quarter's service had been performed, and performed on a quasi-understanding with the department, the difficulty in drawing up the contract having been caused by a difference of opinion of the Members of Parliament interested in different sections of the route touched by the steamers; and if you will recollect, the payment of subsidy

for that quarter was not made until a special Order in Council was passed authorizing this payment, *vide* Order in Council of the 16th of August last, which, in itself, pointed out the difficulties and authorized the payment. When the contract was eventually drawn, the wording of the first section of it was as per previous contract, which, I suppose, has caused you to infer that payment had been made for an incomplete service, whereas such difference was accounted for and payment made under the terms of the Order in Council.

With further reference to your letter in which you state that you are writing to the Department of Railways and Canals to ascertain if the company had paid up its arrears of canal dues. In answer to this, I beg to state that the president of the company writes me that he is awaiting the return of the Finance Minister to have the matter brought up and finally disposed of; that he does not understand why a claim should be brought up against the company now, which has been left in abeyance for the last ten years, and was by all supposed to have been abandoned.

I trust you will authorize the issue of the cheque without delay, leaving the question of canal tolls for adjustment between the Department of Railways and Canals and the parties interested, when the Government, through the Finance Minister, is ready to take it up.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, Oct. 20, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 15th instant, with further reference to the claim of the Bras d'Or Steam Navigation Co. for \$1,674, being subsidy due for quarter ended September 30, 1897, and to inform you that the Department of Railways and Canals has written me that the balance due by the company in respect of canal tolls is \$1,994.80.

As the Treasury Board, by its Minute of March 19, 1897, directed payment of the subsidy then due the company, on the ground that the amount of the canal tolls demanded by the department was disputed, I have written again to ascertain what has been done, in the meantime, to clear up the differences between the department and the company, with the view of collecting the amount thus found to be properly due.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, Oct. 20, 1897.

SIR,—I am in receipt of yours of even date, with reference to the claim of the "Bras d'Or Steam Navigation Co." and note that you state that you have written again to ascertain what has been done to clear up differences between the department and the company, with the view of collecting the amount "properly due" for canal tolls. Of course, you understand that the company distinctly contends that it is not properly due, in point of fact that there is no valid claim against the company, and with reference to the amount that was so unceremoniously impounded last season, I was personally rapped over the knuckles for allowing it to be done without bringing it to the notice of the Government, and my only explanation was, that I knew nothing whatever about it, that it was done without notice, the only notice this department received was a letter from your department in which you stated that you had transferred it to the credit of the Department of Railways and Canals. It was thought that this unprecedented action was very singular, no notice having been given to the parties of the intention to retain the money. They were simply unceremoniously told that it had been done.

I hope the matter will be put in such shape that there will be no further dispute in connection with it, and that payments due them for services performed will be regularly paid.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Oct. 25, 1897.

SIR,—I have the honour to acknowledge the receipt of your communication of the 20th instant, relative to a certain amount due this department by the Bras d'Or Steam Navigation Co., in respect of St. Peter's Canal tolls. In reply, I have to inform you that every effort has been made by the department to collect the arrears of tolls from the said company, they having been repeatedly called upon to pay them, but without avail, and that the matter has now been placed in the hands of the Department of Justice for collection.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D. M. R. & C.

## Auditor General's Report—Part T

---

### Steamship Service by Head Line between Dublin or Belfast and St. John, N.B.

AUDIT OFFICE, OTTAWA, May 28, 1898.

SIR,—I beg to acknowledge the receipt of your application of the 25th instant for a cheque of \$5,250, in favour of Messrs. McLean, Kennedy & Co., agents of the Ulster Steamship Co., for the steamship service performed by the steamers of the Head Line between St. John, N.B., and Belfast and Dublin, Ireland, during the winter season of 1897-98. In connection with this service, I desire to call your attention to the requirements of the contract respecting the notice that should be given to the public of the dates of the various sailings, the rate of speed to be maintained on the several voyages, and the conditions governing the freight charges which may be collected by the company. No proof or certificate has been sent me that the contract has been fulfilled in these respects, and I should like, before passing the application, to have your explanation on these points.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDUGALL, A.G.

---

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 28, 1898.

SIR,—I have yours of even date in *re* application for a cheque in favour of the agents of the Ulster Steamship Co., for services performed by the steamers of the Head Line during the winter season of 1897-98. I notice you call attention to the requirements of the contract respecting the notice that should be given to the public of the dates of various sailings, in reply to which I beg to state that the various sailings were duly advertised within the strict reading of the contract, and further, that the statements forwarded to you indicate the rate of speed which must have been maintained on the several voyages in order to be able to accomplish them within the number of days specified. It is true, that on some of the voyages an average rate of speed was not maintained by reason of heavy and continuous storms, which delayed the vessels considerably; and with reference to the freight charges, I beg to point out that section 7 of the contract provides that the Governor in Council may, if deemed expedient, fix, from time to time, the maximum rate for passengers or freights, but inasmuch as no such rates were fixed, the clause in reality goes for naught. I might also point you to the provisions of section 8, which provides for submission to the Minister in order to enable him to judge whether the contract is being fully and faithfully carried out, certificates, documents, information and evidence as therein specified, and further to the provisions of section II. of the contract, which states that it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any breach of contract and his determination shall be absolute, final and conclusive. In this connection, the Minister has expressed to you through me his satisfaction with the carrying out of the terms of the contract under the conditions which have existed during its continuance. I cannot, therefore, see that any further evidence is necessary in order to warrant the issue of cheque as requested.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

---

AUDIT OFFICE, OTTAWA, June 3, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, with further reference to the steamship service of the Head Line during the past winter between St. John, N.B., and Ireland. The only statements forwarded to me in connection with this service are the certificates of clearance, &c., signed by the Collector of Customs at St. John, and I cannot find that the rate of speed maintained during the various voyages is indicated thereon. The dates given show the number of days occupied in each voyage, but that information is not sufficient to indicate the average rate of speed.

It seems to me I should not be expected, in auditing expenditure of this nature, to find out the facts essential to a proper knowledge of the item under consideration from information which only indicates these facts, or from statements from which inferences may be drawn. The account presented should be certified explicitly that the service has been performed in all respects as stipulated in the contract and the necessary documents in support of this certificate attached to the account.

In connection with the freight rates, the point which I desire principally to bring to your notice, is that clause in the contract which provides that the charges on east-bound

trips sailing from St. John, on through bills of lading, shall in no case be greater than the average rate between the same place and Dublin or Belfast via any United States route or port, and vice versa. Please let me know if the contract was fulfilled in this respect.

The fact that the contract provides that the Minister shall be the sole and final judge as to whether there has been any breach of its requirements, and that his decision shall be final and conclusive, while binding on the contractor does not, in my opinion, relieve the department of the duty of sending to this office for audit all the documents or other information upon which his decision affecting the expenditure involved by the contract, is based. If the department were relieved, the Audit Act would not be in force.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, June 8, 1898.

SIR,—I beg to acknowledge receipt of yours of the 3rd instant, further in *re* the steamship service of the Head Line during the past winter between St. John, N.B., and ports in Ireland.

I am just as anxious to furnish you with all necessary information with reference to the services under subsidy, as you are to receive it; but in this case, you are asking for what cannot be procured, nor do I see that it is in any way essential in determining whether the service has been performed between the ports in question. The only possible mode of arriving at an estimate of the rate of speed is from the dates of sailing and arrival, and even that would not correctly give it in all cases, as the rate of speed on a portion of the voyage is frequently double what it is on another portion of the voyage, depending altogether on the weather. I notice your remarks with reference to auditing expenditure of this nature. In reply, I beg to state that I do not see that you are called upon, under the terms of the Audit Act or of the contract, to require the information you are now asking for.

You are not, under the terms of the contract, made the sole judge as to whether the service has been performed satisfactorily or not. It is the Minister of Trade and Commerce who is constituted the sole judge, and if he is satisfied that under all circumstances the service has been satisfactorily performed, it appears to me that that is all you can possibly require; and he has, through me, expressed to you his satisfaction and desire that the eight trips run should be paid for under the terms of the contract.

You state that the account presented should be certified explicitly that the service has been performed in all respects as stipulated in the contract, and that the necessary documents in support of this certificate should be attached to the account. In reply to this, I must state that no official can give such a certificate, nor can any one unless he was on board ship during the course of the voyage.

With reference to freight rates, the case is the same. The rates of freight are constantly varying, not only from day to day, but from hour to hour, and what they may be to and from the various United States ports at a given day or hour, it is impossible to state. The inference is that on through bills of lading, unless the line quoted as low rates as competing lines, they could not get the business, and as no complaints have been made of overcharges, it is reasonable to suppose that they have complied, in so far as possible, with the provisions of the contract in that respect. As the parties are pressing for payment, I trust that you will consider the explanations given sufficient to warrant you in issuing the cheque.

I am, sir, your obedient servant.

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, June 15, 1898.

SIR,—With reference to that portion of your letter of the 8th instant respecting the steamship service between St. John, N.B., and Dublin or Belfast, Ireland, in which you say that you are just as anxious to furnish information as I am to receive it, permit me to acknowledge your readiness on all occasions to furnish the information which appears to you necessary in connection with the expenditure in the public service for which you are responsible. If, in the present instance, it was only necessary to send me, in support of your application, the decision of the Minister that the service had been performed to his satisfaction, then there would be no necessity for a voucher of any kind, as the certificate would be all sufficient of itself. But you have not acted on this principle; for you forward in support of your application a certified statement of the various sailings, showing that a certain number had been made between the ports specified in the Supply Bill, and I think you were clearly right in such action. Now, if it is necessary

## Auditor General's Report—Part T

to send the proofs of the sailings, is it not equally necessary to send, for the purposes of audit, the proofs that the other requirements of the contracts were fulfilled. The contract is just as binding in regard to the date of sailing, the rate of speed to be maintained, and the conditions governing the freight rates that may be charged, as it is in regard to the number of trips that should be made and the subsidy that may be allowed for each round trip.

I know that under paragraph 11 it is agreed that the Minister shall at all times be the sole and final judge as to whether there has been any breach in the performance of the service and his determination shall be absolute, final and conclusive; but as pointed out in a previous letter, it would be nullifying the provisions of the Audit Act if such agreement in a contract deprived the Audit Office of the right to ask for all documents and information bearing upon public expenditure. I take the provision to be intended to convey that the contractor is to have no recourse against the decision of the Minister.

I judge from paragraph 10 of the contract that you have in your possession the necessary documents in this case, because it is therein provided that "no amount or instalment of subsidy shall be payable at any time unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due as hereinbefore stipulated, the service hereinbefore agreed to be performed, and the provisions and stipulations as to freight and freight rates, time of sailings and speed maintained have been in all respects faithfully observed and carried out according to the true intent and meaning of these presents, &c., &c."

I shall be glad, therefore, if you will send me all the papers and documents in connection with this service which have been sent the department to enable the Minister to come to a decision on the matter.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, JUNE 16, 1898.

SIR,—I have yours of yesterday's date further with reference to application for a cheque in payment of subsidy for steamship service between St. John, N.B., and Dublin and Belfast, Ireland. I note your remarks with reference to the evidence which you claim should be submitted in connection with this service and while again expressing my readiness to furnish anything that is reasonable or that can be furnished in reason in connection with the matter, I must state that I dissent from your views as to what you have a right to require.

By reference to the vote, you will notice that it is "for a steam service between St. John, Dublin and Belfast during the winter of 1897 and 1898." This in no way specifies what the service shall consist of as regards the vessels' run, the time of running, the rate of speed, the number of trips, freight rates, &c., the inference being that it is left entirely to the discretion of the Minister who has control of the vote, and I cannot see, under the circumstances, how you can claim to be enlightened upon more than two questions, first, as to whether there is authority for the expenditure, and, secondly, as to whether the service, as expressed in the vote, has been rendered, both of which have been duly certified to you, and if the Minister is satisfied with the service, I think that is all that can be required.

I must submit that there is a difference between an audit and mere hair-splitting, irrelevant or technical objections which can have no other result than that of delaying payment of moneys justly due, but which in no way affects the question as to whether the amount is properly payable or not.

I do not admit that it was necessary in this case to send you proofs of the individual sailings or anything further than to show that the service provided for in Supply Bill had been performed in a manner satisfactory to the Minister, but, as you are aware, I have always been anxious and still am, to furnish you with anything and everything that may seem necessary in order to show that the purpose of Parliament has been carried out.

It is true I have copies of the ship's manifests inwards and outwards in connection with the various voyages, but they show you no more than what has already been certified to you by the Collector of Customs, and I do not think that the department should dispossess itself of such documents. They, however, and all other documents in connection with the expenditure account are always accessible to you whenever you wish to see them.

Neither of us has time to enter into arguments on the general subject; if, therefore, you object to the payment for this service, kindly so state it in explicit terms and the matter will be referred to the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, June 23, 1898.

SIR,—I have your letter of the 16th instant, in reply to mine of the 15th, in connection with your application for the payment of the subsidy for the steamship service between St. John, N.B., and Dublin and Belfast, Ireland. It appears to me that you should send me all the papers on which your department passed the application for the subsidy, because by having them here, the examiner in this office and I can go over them quietly as we may be able to spare time from other occupations. You and I can always accommodate one another with them as the interests of the respective departments may require.

I do not see that you are right in the contention that I have no authority or duty in examining further back than the restrictions conveyed in the words of the vote. I am now maintaining against two other departments that the Governor in Council cannot give away any of the advantages which he may have secured for the people, even if by accident or good fortune. He might have been justified in making a less favourable contract, but once having obtained the right to greater advantages, the advantages become absolutely those of the people of Canada. The Minister may, perhaps, settle a doubtful point by compromise, but it does not seem possible that Parliament intended that any of its appropriations should be spent without the application of all the safeguards against irregular expenditure for which Parliament has made provision.

Although we are both fully employed, there would be no object in our leaving the question half discussed if it has to go to the Treasury Board, as before the decision of the Board it would be necessary to show the matter in all its lights. I was sorry to have been engaged when you called to see me, for sometimes a word or two clears up what drags long in correspondence.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 11, 1898.

SIR,—I have your letter of the 8th instant about the applications for subsidies which have not yet been passed by this office. My time has been fully occupied since I saw you, each day bringing new work from the different departments in connection with special items in the estimates, or business which had been left over on account of calls on the time of the Government involved in the session. I thought that you were to answer my letter, which was written before our last interview, but which had not reached you then. I am involved in the difficulty that you have not given evidence of the carrying out of contracts which were possibly in their wording more strict than you expected them to be in their practical application. This is a difficulty notwithstanding my knowledge that the Minister and yourself are desirous of preventing the country from losing anything that is due to it.

Cannot there be some amendment to the contract form which will secure to the Government all that it is advisable to obtain and will remove all that it is not expected to get?

Is it your view that the contracts are legitimately open with reference to rates of speed and charges for freight only to the interpretation that these points are to be investigated when complaints are made?

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, July 12, 1898.

SIR,—I have yours of yesterday's date, which purports to be a reply to mine of the 8th. But I cannot see that it is in any way an answer to that letter. With reference to your letter written before our last interview on the subject, to which you refer, I can only state on its receipt I did not see anything in it that required a reply. I had given all the information deemed necessary. Your query as to whether there could not be some amendment to the contract form which will secure to the Government all that it is advisable to obtain and remove all that it is not expected to get, with reference to this, I can only state that such question has no reference to past transactions. What we are now desirous of ascertaining is, whether you intend or do not intend to issue cheques on requisitions made.

You ask whether it is my view that contracts are legitimately open with reference to rates of speed and charges for freight only to the interpretation that these points are to be investigated when complaints are made? In reply, I beg to state that I do not

## Auditor General's Report—Part T

propose to give my views upon that question, inasmuch as the contracts distinctly aver that the Minister of Trade and Commerce shall himself be the sole and final judge in such matters.

If I do not receive intimation that cheques are to issue, I shall at once prepare a submission to Treasury Board, as directed by the Minister, when last here. I can only add that I am to-day in receipt of a further telegram complaining of the delay. To my mind, it is not business that parties who have entered into contracts with the Government, and who have performed the same to the satisfaction of the Minister, and have arranged with him for settlement, should be kept out of their money for months simply on the grounds of technicalities, which do not, under the circumstances, apply.

I am, Sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

---

DEPT. OF TRADE AND COMMERCE, OTTAWA, July 19, 1898.

SIR,—Referring to conversation this afternoon *re* subsidies payable to the Canada and Newfoundland Steamship Co., and to the Head Line, I would state that it has been the understanding in the department that the provisions in the contracts, not only with these two concerns, but similar provisions inserted in other contracts having reference to the rates of freight, time of sailing, speed, &c., were to be considered rather as precautionary than mandatory, to give the Minister power to deal with in case complaints were made. In these two cases, as no complaints were made, there appeared to be no reason for demanding evidence of compliance or for any investigation into those terms of the contract.

As, however, you raise the question as to whether it is expedient to insert such terms in future contracts, I can only state that the matter will be brought to the attention of the Minister that he may take such action in connection therewith as he may deem expedient.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

---

### Steamship Service between Halifax and Liverpool, Eng., via St. John's, Newfoundland.

AUDIT OFFICE, OTTAWA, June 8, 1898.

SIR.—With reference to your application of the 4th instant for a cheque of \$8,571.42 in favour of the Canada and Newfoundland Steamship Co., being the portion of the subsidy allowed by the department for the steamship service between Halifax, Nova Scotia and Liverpool, England, via St. John's, Newfoundland, from July 9 to December 28, 1897, I beg to call your attention to my letters of a recent date, asking for certain information and certificates in connection with a similar service by the Head Line between St. John, N.B., and Ireland. The contract in the present instance contains similar provisions regarding the freight rates that may be charged, and the notice that should be given of the fixed days of sailing; but there is no certificate or other evidence sent me that these provisions have been fulfilled.

You will notice that the contract calls for sailings from each terminal port on fixed days, approved by the Minister, at intervals of not less than seventeen days, and that the sailings of the "Ulunda," on August 20, the "Benedick" on September 10, and the "Barcelona," on November 11 and December 24, were not in accordance with this provision. In your letter of explanation you state that the "Benedick" was in collision in October and was, in consequence, laid up for repairs; but in addition to the delay in her case, the information sent me shows that her homeward voyage was not extended beyond Newfoundland, so that the round trip was not completed. There is no explanation given of the irregular sailings in the case of the "Barcelona." In regard to these fixed dates of sailing, as provided for in the first paragraph of the contract, will you let me have the advertisements which appeared in the newspapers, so that I may be able to compare the actual dates of sailings with the dates approved by the Minister.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, June 9, 1898.

SIR,—Referring to yours of yesterday's date, in reply to mine of the 4th instant, applying for a cheque in favour of the Canada and Newfoundland Steamship Co., I am afraid that I shall not be able to furnish you with exactly the information you ask for, say with reference to the advertising of the sailing dates, as we do not keep on file the lower province papers, and the only one I can find, except a very recent date, is in April last, in which, as well as in that of the 6th instant, you will find the advertisement, but of course it does not include the time covered by the claim, yet it goes to show that the company complies with the requirements, and properly advertises sailings.

With reference to the ending of one of the "Benedick's" trips at St. John's, it was in consequence of the accident she met, which obliged her to return, and she was eventually withdrawn from the line; yet, aside from that, you will find there are sufficient complete trips to cover. Although counting out two voyages arriving at Halifax during July, strictly speaking both of them might be included, for the reason that they were simply continuations of the trips commenced the previous year, which were not settled for, although subsidy was voted for that season's service, but owing to your objections the claim had to be carried over, and a special vote taken.

The irregular sailings of the "Barcelona," I take it, were largely in consequence of the accidents to the other two steamers, which necessitated delay, although partly due to unfavourable weather, as reported; for instance, I think there were four or five times during last winter when the steamers were not able to get into the harbour of St. John's on account of ice—in fact, I noticed by newspaper reports that only a few days since the harbour was unapproachable for the same reason, a thing that has not happened for years. Any further information that I can give you on the subject I shall be pleased to furnish if it is accessible.

It is quite true that the sailings were irregular, but, as the Minister is constituted sole judge, and he was satisfied to allow them, considering all the circumstances, I hope you will see your way clear to authorizing the issue of a cheque as early as possible, the parties being anxious to close the matter up, one reason therefor being that they have sold out the line to take effect from the 1st July next, and are anxious to be able to settle up with old stockholders, some of whom do not come into the new company.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

### Port Mulgrave, Arichat, &c ; Port Mulgrave and Port Hood, &c.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 13, 1898.

SIR,—In handing you herewith application for the issue of a cheque in favour of Messrs. Hugh Cann & Son, for services between Port Mulgrave, Arichat and Canso, between Port Mulgrave and Guysborough, and between Port Mulgrave and Port Hood, and Port Hood and Margaree, I have to offer the following explanation:—

The total number of miles which should have been run under the terms of the vote was, as per statement herewith, 16,671. The number of miles actually run within the terms of the vote was 15,041. The mileage actually run considerably exceeds this, but a portion of it was not within the terms of the vote, that is to say, the vote requires a service between Port Mulgrave and Port Hood semi-weekly, from the 1st of April to the 30th November, and weekly between Port Hood and Margaree during the same period, while the service, as run, did not commence until the 4th of May, yet it was continued during the month of December, and again the service between Port Mulgrave, Port Hood and Margaree, not having been satisfactory, one trip per week was taken from them, to date from the 20th of August, so that they are only entitled to payment from the 4th of May until the 20th of August for two trips per week, and from that date until the 30th of November, one trip per week; and as regards the service between Port Hood and Margaree they are only entitled to ten trips run prior to the 20th of August. According to the mileage run for which they are entitled to receive payment, there would be due them, \$7,204.63, but there remains of the vote, after paying for the service run by the "St. Olaf," from the 20th of August, but \$7,150, which amount is all that it is proposed be given them, it not being considered advisable to ask for a supplementary vote for the \$54, which possibly might be considered their due, by reason of the unsatisfactory service run by them between Port Hood and Margaree during the time they pretended to run it.

You will notice by the certificates attached to the claim that notwithstanding they were notified that the one trip per week would be taken from them from the 20th of August, they continued to run the two trips per week from Mulgrave to Port Hood. Of course, only one can be considered.

Vide Order in Council of October 20th, 1897.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

## Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, May 17, 1898.

SIR,—I beg to acknowledge the receipt of your application of the 13th instant for a cheque of \$7,150, in favour of Hugh Cann & Son, being for that portion of the subsidy for the steamship service between Port Mulgrave, Arichat, &c., claimed in their behalf for the year ended March 31st, 1898.

In your accompanying letter it is stated that the service between Port Mulgrave, Port Hood and Margaree was not commenced until May 4, though the Supply Bill called for a service from April 1, 1897; but no explanation of the delay is given. It should be shown, it seems to me, that there was good cause for postponing the service.

Was the service, as performed by the "Westport" and the "St. Olaf" accepted as satisfactory in the localities most interested, or were there any complaints of which the department is aware?

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 18, 1898.

SIR,—Replying to yours of yesterday's date in *re* the application for a cheque in favour of Messrs. Hugh Cann & Son, I beg to state that the service between Port Mulgrave, Port Hood and Margaree was not commenced until May for the reason that the ice did not permit of vessels passing through until that date. The service, as performed by the "Westport" was not satisfactory; that of the "St. Olaf" was, both to the department and, as I am informed by the member for that county, to the parties in the locality interested.

The only complaint received at the department came through the member. The "Westport," it was stated, was not a suitable boat for the service, and was unequal to make the full two round trips per week.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, May 21, 1898.

SIR,—I think you have misunderstood that portion of my letter of the 17th instant relative to the satisfactory performance of the steamship service between Port Mulgrave, Port Hood and Margaree. What I desire to ascertain is, was the service semi-weekly, as performed jointly by the steamers "Westport" and "St. Olaf" satisfactory to the department, or were there any complaints from those locally interested from the date of such joint service—August 20, 1897?

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 25, 1898.

SIR,—I have yours of the 21st instant, further with reference to the steamship service between Port Mulgrave, Port Hood and Margaree, in which you state that you desire to ascertain whether the service semi-weekly by the steamers "Westport" and "St. Olaf" was satisfactory to the department, or were there any complaints from those locally interested from the date of such joint service. In reply, I beg to state that as already explained to you, the service by the steamer "Westport" was not satisfactory, for which reason the "St. Olaf" was put on the route, and that from that date, Aug. 20th, no complaints were received at the department, it being understood that the joint service was satisfactory in so far as those locally interested were concerned, although scarcely satisfactory to the department; at the same time, the Minister consented to the payment of the subsidy unexpended to Messrs. Hugh Cann & Son, as per my requisition of date the 13th instant.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D. M. T. & C.

### Re Preventive Service—Special Fund.

DEPT. OF CUSTOMS, OTTAWA, Jan. 27, 1898.

SIR,—Referring to your letter of 29th November last, on the subject of expenses of Mr. Chief Preventive Office Jones, and in which you take exception to the charging of the expenses to special seizure fund instead of to the vote for preventive service.

I have the honour to call your attention to the following extract from Order in Council of 5th June, 1892: "Five per cent of the gross proceeds of all customs seizures, and of all fines or penalties imposed in connection with any Customs seizure or for violation of any Customs law, may be deposited to the credit of the Receiver General as a special fund from which may be paid under authority of the Minister of Customs, any expenses legitimately incurred and regularly vouched for in connection with the Customs Preventive Service," and to advise you that inasmuch as the expenses incurred by Mr. Jones were solely in connection with the Customs Preventive Service, I am of the opinion that the expenses were properly chargeable against the fund in question.

With respect to the charge of \$24 for a leather packing case, purchased on 7th April, 1897, I would advise you that there were special reasons for supplying this case to Mr. Jones. His duties are widespread, and he has to carry with him constantly a large mass of official papers for use and reference in his work, which requires him to be continually moving about.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, May 4, 1898.

SIR.—The Customs regulations in force for some years past, provide that 5 per cent of the gross proceeds of all seizures and fines may be deposited as a special fund from which may be paid, under authority of the Minister, any expenses in connection with the preventive service.

This deduction has been made since the regulation was authorized, but it has been left at the credit of the Customs seizures instead of being carried to a special fund.

If the regulation remain as it is, the account must be opened, the deductions credited and the expenditure charged. One result of the opening of this account will be that any unexpended balance of one year may be considered available in the succeeding year. This would be contrary to the Act governing all other appropriations, which provides that all unexpended balances lapse at the close of the year.

Another result of the opening of such an account would be that the expenditure by the same officers for preventive service will then be distributed to three separate accounts.

It might be worthy of consideration, if it would not be advisable to so amend this regulation as to obviate the necessity of opening a special account, and still retain the deduction available for any special expenditure during the year in which the deduction is made.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

*Re Customs Refunds.—Canada Sugar Refining Co.*

AUDIT OFFICE, OTTAWA, March 10, 1898.

SIR.—On April 3rd, 1897, an entry was passed by the Canada Sugar Refining Co., Limited, at the Port of Montreal, covering 20,000 bags of raw sugar over No. 16 D. S., weighing 4,447,581 pounds at 14-100 cents per pound, amounting to \$50,702.42.

On April 8th following, a claim was filed by the importers for a refund of \$29,644.28 on the ground that the sugar graded under No. 16 D. S., and the weight was only 4,211,628 pounds.

The collector explains that the entry was made at the higher rate because no lower rate would be accepted without verification and the importers wished the entry made at once in anticipation of an increase in the duty. Though the claim was certified to by the appraiser as to the grade, your accountant asked that samples should be forwarded to the department, but the demand was not persisted in, in view of the collector's letter.

No evidence is furnished as to the corrected weight, which is 235,953 less than the weight in the original entry, a reduction of nearly 12 pounds per bag.

I have to ask for further particulars on this point. Would it not be advisable in all cases where the weight is changed that the certificate of the Customs officer in charge should be furnished?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, April 15, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th March last, on subject of claim of the Canada Sugar Refining Co., Limited, for refund of duty overpaid on 20,000 bags of raw sugar over No. 16 D. S., entered at the port of Montreal on the 3rd April, 1897, in which you state that no evidence is furnished as to the corrected weight, which is 235,953 pounds less than the weight in the original entry.

I beg to advise you that the entry passed on the 3rd April, 1897, was only a provisional entry, subject to a perfect entry when the sugar had been weighed by Customs officers, and the actual quantity ascertained.

I send you herewith copy of the letter of the tide surveyor at Montreal to the collector under date 16th March last, from which it appears that the sugar in question was weighed on five Customs scales, between the 2nd and 6th April, 1897. I also inclose you a letter from the chief weigher, as to the correctness of the weight.

This sugar was a damaged cargo, which would account for the apparent excessive difference between the weight entered and that upon which duty is paid.

It is, of course, advisable in all cases where the weight is changed that the certificate of the Customs officer should be furnished, but, as in this case, the sugar was, as stated, only provisionally entered, and refund was made on a perfect entry, the department was satisfied as to the correctness of the weight.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, Nov. 2, 1898.

SIR.—A deposit receipt of the Bank of Montreal, Ottawa, in your name and for \$34,398.16 recently came to hand. I understand this receipt covers a payment made by the Canada Sugar Co., some time ago, and interest since accrued.

I have to ask for the following information in connection with this transaction:—

- (1.) The date of the original entry.
- (2.) The amount of duty payable.
- (3.) The date of the interim payment by the company.
- (4.) The amount of costs incurred.
- (5.) What action is being taken to collect the costs and balance, if any, of the interest?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

DEPT. OF CUSTOMS, OTTAWA, Nov. 7, 1898.

SIR,—Referring to your letter of the 2nd instant respecting a deposit of \$34,398.16 recently made in connection with a suit against the above company for Customs duties on imported sugars, I beg to report as follows :

(1.) The original entry for the sugar in question was made "for warehouse" under protest, at Montreal, on 2nd May, 1895, for 6,587,439 pounds raw sugar at  $\frac{1}{2}$  cent per pound duty.

(2.) The amount of duty claimed was \$32,987.19.

(3.) Proceedings were taken in the Exchequer Court to test the liability of this importation to duty, and judgment was rendered declaring the sugar free of duty.

This decision was reversed on appeal to the Supreme Court of Canada, and on a further appeal to the British Privy Council, a decision was rendered in favour of the Crown for \$32,987.19 and costs. The text of this decision is not yet received, and the full particulars of costs are not yet ascertained. The whole matter has been and is still in charge of the Justice Department. The amount of costs and any other matter not yet adjusted in connection with the suit will be reported in due course, when determined.

(4.) Pending the appeal to the Privy Council, the Canada Sugar Refining Co. deposited \$33,530.06 for Customs duty and interest as security in case decision should finally be given in favour of the Crown. The above sum was deposited in the Bank of Montreal on 16th December, 1897, bearing 3 per cent interest. On 27th October, 1898, the proceeds of this deposit (\$34,398.16) were transferred to the credit of the Receiver General on account of "Customs, Port of Montreal."

The collector at Montreal was instructed accordingly to pass a pro forma entry for the amount.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

### *Re* Collector's Security.

DEPT. OF CUSTOMS, OTTAWA, May 3, 1898.

SIR,—Referring to your letters of 31st May and 1st September last, on the subject of security given by Collectors of Customs :

I have the honour to inclose you herewith a statement showing the security held from each collector and sub-collector in the Customs service, specifying the amount and whether personal or by a Guarantee Company.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, May 14, 1898.

SIR,—I have received your letter of the 3rd instant, inclosing a statement showing the security held from each collector and sub-collector.

The list covers the names of 348 officers, and of those only 20 give the security of a Guarantee Company. Of these, 12 are in Ontario, 3 in Quebec, 1 in Nova Scotia, 2 in Manitoba, and 2 in North-west Territories.

Please let me know what the present regulations are. Have new appointees the option of giving personal security? Have any steps been taken with the view of having old appointees substitute a Guarantee Company for personal security?

I would also like to know what system is followed in determining the amount of security each collector shall give. The amount does not appear to be based on the revenue of the port, for instance: St. John and Halifax each give \$24,000; Ottawa, Montreal and Fort Cudahy each give \$20,000; Quebec, St. Stephen, Nanaimo, Brantford and Hamilton each give \$16,000; Winnipeg, Kingston, Sault Ste. Marie and Shippegan each give \$10,000; and Toronto only \$4,000.

In the case of those who do not give a Guarantee Company as security one half of the amount is the personal security of the collector. Please explain the conditions attached to this portion of the security. Is a bond taken from a collector, regardless of whether he is worth the amount or not?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

DEPT. OF CUSTOMS, OTTAWA, May 21, 1898.

SIR,—Referring to your letter of the 14th instant, in the above matter, I beg to state that new appointees in the Customs service are now required to furnish the security of a Guarantee Company, without the option of personal securities.

Arrangements have not yet been completed for substituting the security of a Guarantee Company for personal security in the case of old employees of the Customs service, but the question and a general system of dealing with such securities, are under consideration.

There appears to be an error in the amount of the bond of the collector at Toronto—the figures should be \$40,000 not \$4,000.

I do not know of any fixed rule adopted to govern the amount of security to be given by collectors in all cases, the amount being determined as deemed necessary by the department from time to time, when the security is called for.

In the case of collectors who have not given the security of a Guarantee Company, it has been the rule to include the officer's name in the bond, for half the total sum stated therein, regardless of what he might be worth, relying chiefly on the other parties to the bond for security.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

### *Re Collectors Bank Accounts.*

AUDIT OFFICE, OTTAWA, May 7, 1898.

SIR,—The bank accounts and cheques issued by Collectors of Customs are now received at this office.

The form of the statement provides that particulars of the deposits should be entered. In most cases this is not done. Particulars are needed to facilitate the audit, and I have to ask that short details of both deposits and cheques may be given as follows :

<i>Deposits.</i>	<i>Cheques.</i>
Dept. Cheque No.	For Salary.
Duty No.	For Refund.
Duty entry No.	For Duty.
Seizure No.	For Seizures.

Some collectors use both the ordinary bank cheque and the official cheque. They should be instructed to use official cheques only.

Cheques are signed by the collectors alone. Should the same regulation not apply to these cheques as to departmental cheques, viz., that they should be signed by both the collector and the accountant ?

Some collectors enter their revenue through this account, and issue a cheque for a deposit in favour of the Receiver General. Would it not be better that all revenue should be deposited directly to credit of the Receiver General ?

I have to ask that details be furnished of the balances at the credit of each collector on June 30th next.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 17, 1898.

SIR,—The bank account of the collector at Montreal is only given in detail for the month of October last. A summary is furnished for the other months made up as follows :—

Bank balance on (1st day of month).....
Deposits during the month.....
Cheques presented during the month.....
Bank balance on (last day of month).....

The statement of each month in detail is needed, and I have to ask that it may be furnished as soon as possible.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part T

DEPT. OF CUSTOMS, OTTAWA, June 22, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th ultimo in the above matter.

(1.) Instructions have been sent to Collectors of Customs to furnish short details of deposits and cheques in their bank statement, as far as possible. I fear it will not be practicable to give duty entry numbers in the deposit column, in all cases, and that the general term of "Custom Duties will, sometimes, have to suffice under this head.

(2.) Collectors are being reminded to use official cheques only. Occasionally, the supply of these runs out, and ordinary bank cheques have then to be used temporarily.

(3.) Cheques are signed by the collector alone. At a few large ports there is an officer performing the duties of cashier, but at many ports the collector is the only inside officer. The cheques issued by collectors, except at the large ports, are not numerous. It has not been deemed necessary in the past to have such cheques signed by any one but the collector, and it is considered that a regulation requiring cheques to be signed by two officers at customs ports could not be generally enforced without adding to the staff.

(4.) As Collectors of Customs, besides receiving moneys for several revenue accounts, also receive moneys deposited temporarily as security for the exportation of bicycles, tourists' outfits, &c., which deposits are returned direct to the parties, I am of opinion that there is less liability to error and confusion of accounts if all moneys are first deposited as received to the credit of the collector, and cheques then issued daily thereafter for deposits in favour of the Receiver General, for each class of revenue.

(5.) Instructions have been issued that details be furnished of the balances at the credit of each collector at the end of the fiscal year (30th June).

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, June 29, 1898.

SIR,—In reply to that portion of your letter of the 22nd instant in reference to the practice of cheques being signed by the collectors only, I have to say that I agree with your opinion that where there is no second officer at a port, it would not be desirable to go to the expense of another clerk in order to have the cheques signed by two officers.

At ports where the collector is not the only officer, this objection does not apply, and I trust you will decide to instruct the collectors accordingly. The account in the bank should be in the name of the collector and the accountant, and the cheques signed by both. Where there is no accountant, another officer may be chosen.

This practice, in years of experience by the departments, has been attended by most satisfactory results.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

### *Re Refunds of Revenue.*

AUDIT OFFICE, OTTAWA, June 29, 1898.

SIR,—The vouchers for refunds of revenue do not bear the signature of the collector of the port.

Presumably, all these applications pass through his hands. Though it is advisable and necessary that they should be examined and certified as to certain points by the proper officers of the port, nevertheless the collector as the official directly responsible to the department should also, I think, be required to sign a certificate that the necessary examinations have been made, and that the application, in his judgment, should be passed.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, July 16, 1898.

SIR,—Referring to your letter of the 29th ultimo, respecting the signature of collectors of Customs upon all applications for refund of Customs duties, I beg to state that the forms heretofore in use by the department have not provided for a collector's certificate in all cases, as the certificate of an appraiser, where there was one, was deemed sufficient.

New forms will, however, be prepared at once, and your suggestion as to the written approval of the collector appearing on all such claims will be acted upon with as little delay as possible, so that there may not be any question regarding the matter.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

### *Re Customs Refund. The Wabash Railroad Company.*

AUDIT OFFICE, OTTAWA, July 7, 1898.

SIR,—You refunded the Wabash Railway Company the sum of \$2,212 (Voucher 4089, April 5, 1898), being a refund of the duty on a reduction of the value of ten engines imported by the company for its Canadian division.

The certificate of the Dominion appraiser which, by the way, is dated March 14th, 1897, states that it is based on the statements of appraisal and documents in possession of the company's representative. This appraisal and those documents should be furnished. The engines were first valued at \$31,600, and subsequently at \$25,000, a reduction of 20 per cent.

I have to ask that the evidence on which the length of service of these engines was based may be furnished.

Why were they not inspected and valued by the appraiser himself instead of accepting the valuation of the company?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

### *Re Expenses Seizures, Port North Sydney.*

AUDIT OFFICE, OTTAWA, July 11, 1898.

SIR,—On Dec. 16th last Officers McDonald and Phoran seized the schooner "John Millard" and 10 caddies of tobacco, 13 kegs of rum and five cases liquors. On the collector's return (K-6) for March quarter, this seizure is reported undisposed of, as no instructions had been received from the department.

Two accounts have been paid in connection with this seizure:

Voucher 3965, March 29, 1898, \$154.45. J. McIntyre, 53½ nights watching schooner at \$1.50, \$80.25; M. Shean, 53 days watching schooner, at \$1.40, \$74.20; and Voucher 3977, March 30, 1898, \$438.75. This voucher is merely a memo. headed as follows:—"List of names of men employed watching crew of schooner "John Millard" in North Sydney jail," and opposite each name the number of days and the number of nights, extended at \$1.25, and the signatures of each acknowledging payment. It was originally made up at \$2. It is not signed by any one, not even dated.

I assume you must have had some satisfactory evidence of the necessity of watching this crew in jail, and employing so many men to do it, before you paid the account. I have to ask for all the papers you have in reference thereto, and any further explanations you may desire to give.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

### *Re Refund of duty on goods supplied Army and Navy.*

AUDIT OFFICE, OTTAWA, Feb. 17, 1899.

SIR,—Refunds to the amount of \$21,517.18 were made and charged to Customs Revenue in 1897-98, being duty paid on wines, liquors, tobaccos, groceries and other merchandise furnished to the army and navy.

These refunds were made on goods furnished the Imperial garrisons at Halifax and Victoria, H. M. warships, American and French warships, and two cable ships.

I have to inquire on what statutory authority these refunds are made.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part T

---

### *Re Defalcation at Gananoque.*

DEPT. OF CUSTOMS, OTTAWA, Feb. 11, 1898.

SIR,—Mr. Assistant Inspector Shaw reports a defalcation of \$3,178.70 in the accounts of Mr. John Ormiston, late Collector of Customs at the port of Gananoque, Ontario, as per statement inclosed herewith.

Mr. Ormiston has been dismissed from the Customs service, and steps are being taken by the inspector for the recovery of the sum above mentioned.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

---

### *Re Defalcation at Hagarville.*

AUDIT OFFICE, OTTAWA, May 20, 1898.

SIR,—On March 28th last, \$1,000 was deposited by the Deputy Minister of Justice on account of the suit vs. C. E. O'Hagan. A pencil memo. across the face of the receipt indicates that this was on account of a defalcation at Hagarville, an outport of Hamilton.

I have to ask for full particulars in connection with this defalcation, and the suit which seems to have arisen out of it.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

---

DEPT. OF CUSTOMS, OTTAWA, May 28, 1898.

SIR,—In reply to your letter of the 20th instant, I send you herewith a statement of the above defalcation as on file.

The case appears to have been originally referred to the Department of Justice in 1894, but nothing has been collected thereon until recently, when \$1,000 were paid in on account of the security bond given by John Heard Scott and Erastus Hagar.

The balance of \$1,492.04 still outstanding is not likely to be recovered.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

---

### *Re Defalcation at Strathroy.*

DEPT. OF CUSTOMS, OTTAWA, Dec. 20, 1898.

SIR,—Mr. Assistant Inspector Clappison has reported a defalcation of \$1,749.77 in the accounts of Mr. James F. Taylor, late sub-collector of Customs at Strathroy, Ont., who has been dismissed from the service, as per statement inclosed herewith.

The sum of \$485.33 has been paid by Mr. William Campbell, one of the said sub-collector's sureties, such payment being in full of the department's claim against Mr. Campbell as surety.

The matter is being referred to the Department of Justice in order that steps may be taken for the recovery of the balance of \$1,264.44 under bonds, on account of the said default.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

---

AUDIT OFFICE, OTTAWA, Dec. 22, 1898.

SIR,—I have received your letter of the 20th instant, reporting a defalcation of \$1,749.77 in the accounts of Mr. James F. Taylor, late sub-collector at Strathroy.

The statement inclosed shows that the defalcations commenced in 1890, and continued till December, 1897, in all, 32 separate transactions.

In reply to my letter of August 14, 1896, asking for an explanation of the circumstances under which it was possible for collectors, then reported in default to continue so long misappropriating Customs revenue, without its being discovered, you wrote September 12th, in effect, that it was owing to a vacancy in the office of inspector from

March, 1892, till December, 1893, and also that the territory was too large for one inspector to cover.

Do you intend to convey that there is no other means of detecting misappropriation of funds by a collector except by an inspection of his books?

Please let me know what inspections were made of this office since April, 1890.

Is it customary for the department to take criminal proceedings against defaulting officers, as provided for by R. S. chap. 29, sec. 69, and was it done in this case?

Are the ports and sub-ports now regularly inspected? How long does it take to make a complete inspection of the ports of the Dominion?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDougall, A.G.

DEPT. OF CUSTOMS, OTTAWA, Jan. 16, 1899.

SIR,—Referring to your letter of the 22nd ultimo, in the above matter, I beg to state that no report of inspection of the Customs outport at Strathroy appears to have been received at this department since 1890, except Assistant Inspector Clappison's report of his investigation, made in December, 1897, and January, 1898.

In respect of the misappropriation of funds by a collector, in cases where the entries are suppressed, detection is generally the result of information from sources outside of the Custom-house altogether; and in all such cases an inspection of the Customs records at the port is, of course, necessary to establish the misappropriation. In other cases, however, where entries are not suppressed, any shortage should be detected when the accounts are audited in the department.

The sub-collector at Strathroy claims, as an extenuating circumstance, that he has paid a large amount of money into the superannuation fund, which should be allowed in reduction of his shortage; but such claim has not been entertained.

The facts of the case have been reported to the Department of Justice, as usual, in cases of default.

Now that the general use of guarantee bonds is required as security for Customs officers, it is understood that the Assurance Companies, for their own protection, will furnish information under the criminal law against defaulting Customs officers.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDUGALD, *Commissioner*.

### *Re* Bounty on Pig Iron.

AUDIT OFFICE, OTTAWA, Dec. 30, 1898.

SIR,—The Canada Iron Furnace Co., of Radnor Forge, Que., was paid on August 27th, 1897, \$1,430.08 for the bounty on pig iron manufactured in May previous.

The bounty on the quantity manufactured in June was paid on June 30th, and on March 3, 1898, an additional amount of \$81.74 was paid, made up of the quantity manufactured after June 28th, and entitled to \$3 per ton.

Please explain the delay in paying the bounty accrued in May.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDougall, A.G.

DEPT. OF CUSTOMS, OTTAWA, Jan. 9, 1899.

SIR,—Referring to your letter of the 30th ultimo, respecting the bounty on pig iron made by the Canada Iron Furnace Co. during May, 1897, I beg to state that the delay in paying this bounty occurred in consequence of the company not presenting a proper claim in time for payment prior to 27th August, 1897.

The Act in respect to payment of bounties on iron and steel was amended in 1897, coming into effect on 29th June. The manufacturers, however, under an erroneous impression that the Act applied to pig iron made since 23rd April, 1897 (the date of the Resolutions), prepared their bounty claims accordingly at the time, but subsequently withdrew and amended same.

The Bounty Act was again amended in the session of 1898, so as to apply to pig iron, puddled bars and steel ingots made in Canada since 23rd April, 1897. Regulations of 1897 inclosed (Memo. 934 B.)

I am, sir, your obedient servant,

The Auditor General.

JOHN McDUGALD, *Commissioner*.

## Auditor General's Report—Part T

### *Re* Bounty on Steel Billets.

AUDIT OFFICE, OTTAWA, March 11, 1898.

SIR,—In my letter of June 16 last, reference was made to the contention of the Nova Scotia Steel Co. that the excess of the "other ingredients" over the allowance of 50 per cent in the accounts of April and May, 1896, arose from a limited number of casts during these months. I then raised the point that possibly the other ingredients in some of the casts included in productions of months, the bounty on which had been paid, were in excess of the allowance, and suggested that the company should be asked for a detailed statement from the inception of the business to date.

I observe that in the settlement made with the company in July last, \$439.09 was deducted for overpayments on the bounty for April and May, 1896, and \$1,410.84 on the bounty for the eight months to March 1, 1896.

Nothing seems to have been deducted on the bounty on the production of steel previous to July, 1895, which amounted to \$36,630.11, and I have to ask for an explanation.

The detailed statements and certificates of your officer covering the examination which he did make have not been furnished. I should like to see them.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan 4, 1899.

SIR,—I have had no reply to my letter of March 11th last in reference to the settlement made with the Nova Scotia Steel Co. for bounty due them.

In that settlement the Government was credited with \$1,849.93 for overpayments on production subsequent to July, 1895, amounting to \$24,688.41.

I asked for an explanation why nothing was deducted from payments previous to July, 1895, amounting to \$36,630.11. I also asked for the returns of the Customs officer who, you state, examined the accounts subsequent to July, 1895.

I have to again call your attention to this matter, and request an early reply.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Jan. 13, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, in the above matter.

Your letter of 11th March, 1898, was laid aside pending receipt of further information from the Nova Scotia Steel Co. with reference to the bounty for steel billets manufactured prior to 1st July, 1895, but I am informed that a change has been made in the mode of keeping the furnace records since that time, that the company has undergone an amalgamation and that the old furnace records have not been preserved.

I send you herewith a copy of the certificate of the Customs officer, which was filed with the papers submitted to Council, and also a copy of the instructions sent to the officer on 15th April, 1897, for making a detailed examination. The original certificate is not now on file in this department.

The officer has not furnished a detailed statement, further than the certificate, as to the result of his examination of the manufacturers' records.

The Customs officer did not examine the manufacturers' records of steel billets produced prior to 1st July, 1895, on receiving his instructions to make a special examination in 1897, as the question then under discussion was the claims for steel billets manufactured since 1st July, 1895.

The Bounty regulations (under the Act of 1894) approved by Order in Council on 22nd June, 1895 (as per copy inclosed) do not provide for Customs supervision prior to 1st July, 1895, but require the claims to be substantiated to the satisfaction of the Controller of Customs.

I understand the bounty claims on steel billets manufactured prior to 1st July, 1895, have been substantiated, under the requirements of the regulations, to the satisfaction of the Controller of Customs.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, Jan. 4, 1899.

SIR.—It was provided by paragraph 6 of an Order in Council dated June 22, 1895, that the manufacture of steel billets should be under Customs supervision and the cost of such supervision should be paid by the manufacturers.

I have to inquire if the expenses incurred in this regard were recouped to the Government.

I do not observe any such provision in the Order in Council of July 19, 1897, based on the amended Act. Has the department exercised any supervision since the Act was amended?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Jan. 12, 1899.

SIR.—Referring to your letter of the 4th instant in the above matter, I beg to state that the Customs supervision in regard to the manufacture of steel billets, under the Order in Council of 22nd June, 1895, was attended to by Customs officers, in addition to their usual duties, without extra expense to the department. No charge was therefore made to the manufacturers for such supervision.

Under the Act of 1897 and the regulations thereunder, the bounty on steel ingots is payable on presentation of accounts in due form, substantiated before a Collector of Customs or Justice of the Peace, without other supervision, unless further evidence seems requisite to the Minister of Customs.

The claims presented for bounty on steel ingots having been substantiated in due form to the satisfaction of the Minister, further Customs supervision did not appear to be required and was not exercised.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

### *Re Casual Revenue.*

AUDIT OFFICE, OTTAWA, May 12, 1898.

SIR.—I have to ask for the particulars and vouchers in connection with the following deposits to the credit of Casual Revenue:

Port of Winnipeg, Revenue Return No. 180.....	\$275 00
Port of St. Thomas, Revenue Return No. 197.....	3 30

It would be well if vouchers were regularly forwarded, whenever any deposits are made to credit of this account.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Oct. 18, 1893.

SIR.—In reply to your letter of the 12th May last asking for particulars in connection with two deposits to the credit of Casual Revenue, viz., from the port of St. Thomas, Ont., \$3.30, March 1st, 1898; and from the port of Winnipeg \$275, February 8th, 1898, I have the honour to submit the following explanations:—

The amount, \$3.30, carried to the credit of Casual Revenue, port St. Thomas, was an error, as the same was duty collected on wrecked material and was transferred to the credit of Customs Revenue at the close of the fiscal year, 1897-98.

In regard to the payment of \$275 at the port of Winnipeg, I would state that this is an amount received from Mr. W. J. Whitley, in connection with a sale to him by the Government of certain lands formerly held by the Bradley estate.

Mr. F. T. Bradley, who was formerly Collector of Customs at the port of Emerson, Man., defaulted in the year 1884, being short in his accounts to the extent of \$8,863.20.

The department obtained possession of certain lands held by him, and in the month of February, 1897, the same were sold to a Mr. W. J. Whitley, who agreed to pay the sum of \$219.79 on the 16th April, 1897, and a similar amount annually for eight years thereafter, and on the 11th February, 1897, I instructed the collector at Winnipeg that these payments, with interest, were to be made as stipulated, and the amount deposited to the credit of the Receiver General on account of Casual Revenue.

## Auditor General's Report—Part T

So far two payments have been made, one of \$226.01, which was credited to contingencies, port of Winnipeg, in the fiscal year 1895-96, and the payment of \$275, above referred to.

It would have been better had the first payment been credited to Casual Revenue, but as some expenditure had been incurred through the port of Winnipeg on this account, during the year 1896-97, the first payment was applied as a refund of contingencies.

The amount of the defalcation was not shown as a debit balance in Public Accounts for the year in which it occurred, nor for any subsequent year, and so it was deemed advisable to credit the payments to Casual Revenue.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

### *Re* Customs, Quebec—Revenue Returns.

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR,—The collector at Sherbrooke has not sent any return to this office since December last, and the collector at Stanstead, none since January.

The collections at the outports of Montreal do not come to account as promptly as they should. Whether the delay is with the sub-collectors or at Montreal is not evident. The sub-collectors make weekly returns and frequently the amount covered by two, three and sometimes four of these returns, is deposited at the same time by the collector at Montreal. In every case there seems an unnecessary length of time before the collections of the sub-collectors come to account. I inclose you statements showing the transactions of the current year in detail. How are these remittances usually made, in cash, money orders or cheques?

The following amounts, collected for petroleum inspection are not shown on the returns of the collector at Montreal:—St. Régis, \$2.76; Trout River, \$1.45; and Dundee, \$1.40. According to the returns of the sub-collector at St. Jérôme, the collections for the week ended January 1, (Return No. 27) were \$150.20, and the collections for the following week were \$102.33. On January 19th, the collector at Montreal accounts for \$232.53 on his returns, a shortage of \$20.

On Return No. 28 of collector at Montreal, collections of sub-collectors amounting to \$145.67 are entered, but I do not find where this amount was deposited to credit of Receiver General.

Return No. 28, dated January 8, 1898, of the sub-collector at Joliette includes \$20 for a bonding warehouse fee that I do not find accounted for on the return of the Collector at Montreal.

Return No. 1 of this sub-port, dated July 3, calls for \$153.85, and Return No. 2, dated July 10, for \$64.74. On July 16, the return of the collector at Montreal accounts for \$73.94.

Return No. 1, dated July 5, of sub-port at St. Jérôme calls for \$49.54, which does not appear on the returns of the collector at Montreal.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

### *Re* Steamboat Inspection.

DEPT. OF CUSTOMS, OTTAWA, Jan. 4, 1898.

SIR,—Referring to your letter of 6th October last on the subject of steamboat inspection fees collected at the port of Peterborough on the vessels "Majestic," "Eclipse" and "Sunbeam" during the months of May and June, 1897, and for which no return was received from the Collector of Customs at Peterborough.

I have the honour to advise you that the collector's attention was called to this matter by letter of 11th October last, and the fees in question were deposited to the credit of the Receiver General on the 13th of the same month.

The collector explains that he was waiting to receive all the fees for the year and make a complete return at once, but he has been advised that all revenues must be at once deposited to the credit of the Receiver General upon receipt.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, Sept. 13, 1898.

SIR,—The collector at port of Peterboro', in his November return for steamboat inspection, reports the steamer "Sunbeam" as having paid three years' tonnage dues, \$26.88. Will you kindly let me know the years this amount covers, the tonnage of the vessel, and why inspection fees for the same period were not also collected?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

### Re Bank Receipts.

AUDIT OFFICE, OTTAWA, Oct. 10, 1898.

SIR,—Among some bank receipts that came to hand on the 8th instant, being refunds of expenditure of 1897-98, there was one for \$61.99 deposited by S. W. McMichael in the Bank of Montreal, Toronto, on May 18th last. I assume that this receipt only reached your department lately, but I have to suggest that your officers should be notified to promptly forward all bank deposit receipts. When receipts do not come to account, the work of adjusting the bank accounts is increased and unnecessary correspondence entailed; and, in this instance, the closing of last year's accounts delayed.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Oct. 15, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 10th instant in connection with bank receipt forwarded to you on the 8th instant, and being a refund of expenditure of 1897-98, \$61.99, deposited by Mr. S. W. McMichael, Chief Inspector of Customs, in the Bank of Montreal on the 18th May last.

These deposit receipts were received in the department on the 19th May, 1898, but owing to an oversight of a clerk in the Accountant's Branch, the triplicate receipt and draft were filed away with the duplicate, on the voucher, which was subsequently sent to your office.

This accounts for the delay in this instance, and the error is not likely to recur.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

### Re Unanswered Letters.

AUDIT OFFICE, OTTAWA, March 20, 1899.

SIR,—I do not seem to have received any reply to the following letters :—

*Re Preventive Service, dated May 4th, 1898.*

*Re Customs, Quebec—Revenue Returns, dated June 22nd, 1898.*

*Re Expenses of Seizures, North Sydney, dated July 11th, 1898.*

*Re Customs Refund, Wabash Railway Co., dated July 7th, 1898.*

*Re Steamboat Inspection, dated September 13th, 1898.*

*Re Refund on goods for army and navy, dated February 7th, 1899.*

These letters will appear in the Audit Report now being prepared, and your replies will also be inserted, if received in time.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

NOTE BY A.G.—Replies were received to the following letters mentioned above, but too late for publication :—

*Re Customs, Quebec—Revenue Returns.*

*Re Expenses of Seizures—North Sydney.*

*Re Customs Refund—Wabash Railway.*

*Re Steamboat Inspection.*

**Provisions of Printing and Stationery Act Disregarded.**

AUDIT OFFICE, OTTAWA, Oct. 3, 1898.

SIR.—In account No. 875, paid by cheque No. 57979, in favour of the collector at Vancouver, there is a sub-voucher for \$13.50 paid to R. F. Coates for "office fittings." Please have this account completed by a statement of the fittings and the price of each.

Sub-voucher No. 2, of the same account, is for a payment of \$6.10 to Smith and McRae for stationery. In connection with this item, I beg to direct your attention to my letter of January 2nd, 1898, printed at page T-92 of the Audit Report for 1894-95. I shall be glad to know what action was taken on my suggestion that the Queen's Printer should be communicated with regarding the supplying of stationery to your distant offices. I beg also to request that the illegal practice, followed by your department, be discontinued.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, March 13, 1899.

SIR.—Referring to my letter of October 3, 1898, the voucher in support of the payment of \$13.50 to R. F. Coates for office fittings has been sent to this office, but I have received no reply to that part of the same letter which referred to the purchase of stationery otherwise than through the Department of Printing and Stationery.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, Dec. 9, 1897.

SIR.—Voucher 55457, General Excise Contingencies, is for a payment of \$14 to R. L. Crain, Ottawa, for overprinting 70,000 green stamps. I beg to ask, if the stamps in question were furnished by the Bank Note Co., whether their contract did not include this overprinting. If it did not come under their contract, the extra work should have been done through the Department of Printing and Stationery. The account is returned for the Queen's Printer's certificate as to the price.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 12, 1897.

SIR.—I have the honour to acknowledge receipt of your communication of 9th instant respecting the overprinting of 70,000 green tobacco stamps.

This is one of those cases which occasionally come before the department when it is necessary to decide whether the exigencies of business men are to be entirely put aside in order to carry out minor regulations. In the present instance, the change of duties upon tobacco necessitated the putting up of tobaccos in packages of different weight to those heretofore customary. Messrs. Houde & Co., of Quebec, informed the department that they had made contracts to deliver within a specified time a very large number of one-seventh pound packages and represented that it would be a great loss to them if a delay in procuring such stamps voided their contract. I decided to meet their requirement by overprinting a number of one-eighth pound stamps of the same category, and found Mr. Crain willing to undertake the delivery within thirty-six hours after the order being given. Inasmuch as on a previous occasion an order for overprinting sent to the Government Printing and Stationery Department had taken more than a month to complete, I decided that the interests of these parties were sufficiently important to justify the ignoring of certain rules, which, while undoubtedly obligatory, as a general thing, could not be complied with in the present case without entailing serious loss upon private individuals.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

## Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, Dec. 13, 1897.

SIR,—I beg to ask your attention to the inclosed copy of correspondence with the Department of Inland Revenue regarding some printing which was not ordered through your department. I shall be glad to hear from you with reference to Mr. Miall's strictures on your department. Would it not have been possible to do this work promptly in the Printing Bureau if the necessity for haste had been explained?

I am, sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, Dec. 16, 1897.

SIR,—I have received your letter of the 13th, inclosing copy of correspondence with the Commissioner of Inland Revenue in the matter of some tobacco stamps which required to have a change printed over the face of the stamp on the lithographed surface. This printing, it appears from the correspondence, was sent out to be done by an outside printer, for the reason, as stated, that some overprinting had taken a month to do at the Bureau.

There were, it appears, 70,000 stamps. There would be about 20 on a sheet, so that the number of impressions probably did not exceed four or five thousand—not a very heavy job, even if there were only 10 on a sheet.

The custom of the service, when any special emergency arises, is for the deputy to write me a memo. to that effect. I have, up to the present time, always been able to meet any emergency; for, in such cases, I take the work out of its order of rotation, even when the Bureau is congested, or I extend the hours, as the occasion may demand.

It is not stated that any application was made to the Bureau in this instance. Beyond all manner of doubt, no communication was made to me. I never heard of the matter, nor did I even hear of the previous case which is stated to have occurred.

It occurs to me that this is just such a case as would fall under the unwritten rule of the service above cited. If it were ascertained that any special work could not be done at the Bureau, the law would appear to enjoin that the Queen's Printer should be called upon to get it done.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, Q. P. & C. S.

AUDIT OFFICE, OTTAWA, Dec. 18, 1897.

SIR,—I referred the correspondence regarding overprinting of tobacco stamps to the Queen's Printer, and now inclose a copy of his reply. You will observe the statement that he has always been able to meet any emergency when he has received notice that work was urgently required. Even if it were not possible to do the work in the Printing Bureau, the Queen's Printer would have had it done outside, and you would have avoided violating the express provisions of the law.

It is evident that the greatest confusion would result were each department to assume the right to disregard the regulations established by law whenever such a course appeared to suit the convenience of the department, or of private individuals having dealings with the department. If this is to be done, the Acts of Parliament governing the public service might as well be done away with, and each department left to conduct its business without any restrictions.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 20, 1897.

SIR,—I am in receipt of your communication of the 18th instant in reply to my remarks as to the overprinting of stamps.

I have no doubt your contention is right. The proper course in the ordinary way would have been to have sent them to the Bank Note Co., but their contract had already been annulled.

I did not, for the moment, consider that the Queen's Printer had any control in respect of stamps which had been governed by a separate contract.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, Commissioner.

---

---

**Accounts for Travel not supported by Details and Vouchers.**

AUDIT OFFICE, OTTAWA, Dec. 14, 1897.

SIR,—Let me draw your attention to the account of J. W. Costello, inspector of weights and measures, Calgary, in the Winnipeg division, for the month of August, and paid under cheque 55723. Mr. Costello has entered an item for board, 30 days at \$2 per day. From the 2nd to the 18th of August, Mr. Costello was travelling outside of Calgary, and for the remainder of the month remained in Edmonton, returning to Calgary on the 31st. No bills or vouchers are furnished to cover this charge for board.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 4, 1898.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 14th ultimo, drawing attention to the account of Mr. J. W. Costello, assistant inspector of weights and measures, Calgary, N.W.T., for the month of August, and relative to an item for board, 30 days at \$2 per day; no bills nor vouchers furnished to cover this charge.

In reply, I beg to inclose copy of a letter from Mr. Inspector of Weights and Measures, T. S. Gosnell, and vouchers covering board for Mr. Costello, from the 18th August to the 31st of the same month, during which time he was in Edmonton on duty, which are all obtainable.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary*.

---

WEIGHTS AND MEASURES SERVICE, CALGARY, December 29, 1897.

SIR,—I herewith inclose receipt in triplicate covering board for Mr. Assistant Inspector Costello, for period from the 18th August to 31st August, during which time Mr. Costello was in Edmonton on duty. During the first part of the month he was travelling between Calgary and Edmonton, and it would be impossible for him to procure vouchers for that time.

I trust the vouchers inclosed will be satisfactory to the department.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

T. S. GOSNELL, *Insp. W. & M.*

---

AUDIT OFFICE, OTTAWA, April 12, 1898.

SIR,—I have your letter of January 4th, No. 76259, inclosing a copy of one from Mr. Inspector Gosnell, in which he states that it would be impossible for J. W. Costello to procure vouchers for living expenses while travelling from place to place. In this connection I would repeat what I have frequently pointed out to you, that the items of expenditure should be given for each day, instead of a lump sum at a fixed rate per day being entered in the account.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, May 23, 1898.

SIR,—I have not been supplied with the information asked for in my letters of March 21, 1896, and Dec. 2, 1897, regarding the allowance of \$12.50 a month to J. G. Standish, for travelling expenses from Belleville to H. Corby's distillery at Thurlow.

Please furnish for the ten months already elapsed of the current fiscal year, a statement of the dates of the trips, and have this information given on each monthly account in the future. I would again ask for an estimate of what the expense per trip would be at the ordinary rates.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, May 27, 1898.

SIR,—Mr. Inspector Burke's account for travelling expenses, paid by cheque No. 57118, is supported by vouchers for board at hotels, but these vouchers do not show the number of days for which payment was made. Please direct Mr. Burke's attention to this omission.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 20, 1898.

SIR,—The accounts for electric light expenditure at Toronto for the eight months to February 28th last, have been received. Let me direct your attention to the statements of Mr. Inspector Johnstone's outlay for travel. The moving expenses are properly detailed, but the hotel and personal expenses are entered as a single item in each account. Please ask Mr. Johnstone to furnish the details of this expenditure, and in future to render his accounts in proper form.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 28, 1898.

SIR,—I beg to ask your attention to the following remarks on Mr. Inspector Barrett's accounts for the first seven months of the current fiscal year.

Travelling expenses.—The total claim for "personal expenses" for each trip is entered in the account. These expenses should be given in detail, and particularized. Amounts paid at hotels should be supported by receipts. The want of such details and vouchers has been frequently pointed out in connection with the accounts of Mr. Barrett and other officers of your department.

Telegrams.—The telegraph company's accounts are required in support of \$16.90, claimed to have been expended for telegrams.

Petty Expenditure.—Amounts of \$4.85 and \$7.65 are entered as "sundry petty expenditures." Please instruct Mr. Barrett to furnish a statement of the items making up these sums.

Directory, \$2.50.—This should have been procured through the Government Stationery Office.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Board charged at Officer's Headquarters.

AUDIT OFFICE, OTTAWA, Dec. 14, 1897

SIR,—The account rendered by J. B. Petit, Assistant Inspector of Weights and Measures at Chicoutimi, and paid by cheque No. 55,355, contains an item of \$14 paid D. Tessier for board at Chicoutimi. Mr. Petit was asked by the department to explain this charge for board at the place where he resides and, presumably not having furnished a satisfactory explanation, the amount was disallowed, a note to the following effect to Mr. Guay, the inspector at Quebec, being appended to the account by Mr. Campeau, Chief Accountant:—"I have to inform you that the Commissioner cannot pass the item for board of Mr. Petit, or of any officer when on a tour of inspection in the place where he resides."

In view of the above ruling of the Commissioner, I have to ask why, in subsequent accounts, paid by cheques Nos. 55380 and 55714, similar items were passed. The amounts of the items in question are \$11.50 and \$4.50, respectively.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 31, 1898.

SIR,—I have the honour, by direction, to draw your attention to your communication of December 14th ultimo, relative to an account rendered by Mr. J. B. Petit, Assistant Inspector of Weights and Measures at Chicoutimi, P.Q., relative to board at that place, and in reference thereto to inclose, by direction of the Commissioner, a copy of Mr. Petit's

explanation in connection therewith, which appears to him to be entirely satisfactory. I also beg to return herewith the account to which you refer in your letter above mentioned.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

(Translation furnished by Inland Revenue Department.)

*Memo. for F. R. E. Campeau, Esq.*—Messrs. Doyon, Bourassa and Guay have so often repeated to me, that the department was exacting the strictest economy during my inspection tours that, owing to the great extent of territory to go over, and the small number of commercial houses in certain localities, I thought better, in view of economy, to make an inspection in one place and to come back to Chicoutimi at night, in order to be nearer to the place that I would visit the next day, and so on. It is very easy to explain the reason for following such a plan, when you know the position of the different parishes surrounding Chicoutimi, and the different directions of the roads leading to these, and also when you have to make the inspection of the butter and cheese factories established in almost all the small townships of the different parishes.

This, is, Sir, the reason accounting for the account of my boarding at Chicoutimi, and, as an example, I will give you the following one:—Instead of sleeping at St. Dominique on the 3rd July, 1897, and to pass in front of my house the next day for the inspection of the parish of St. Paul, I thought right to go down to Chicoutimi the same evening, where I was to arrive at 8 p.m., thus being nine miles nearer the place that I had to visit the next day. I act the same way for Laterriere, where I have to make half a circle to go by another township than the one I had crossed in the morning. I was only one mile from my residence the same evening, and I think that you will find that it was quite natural for me to prefer to go home and sleep than to go to a farmer's, in a cheese or butter factory, where the least comfort is not known. It would have been better for me, perhaps, to date my account from St. Dominique to Laterriere, but when it comes to swear an affidavit, it is repugnant to the conscience to date a paper from a certain locality, when, in fact, I have taken my meals and slept in another, and, in my case, at Chicoutimi. As a matter of economy I do not see what the department will gain by obliging me to do my office work, reports, accounts, &c., at the far end of the Lake of St. John, with a carter hired at \$1.75 per day, and who would have waited for me to bring me back to Chicoutimi. Instead of that, in the interest of the department, of which I am one of the most humble employees, I thought it was better to make haste to return to my place and to make an account for four days of boarding, getting rid, at the same time, of a carter at \$1.75 per day, in order to finish my work, which would take five or six days to get through with the comfort *ad hoc* found among the settlers of the Lake St. John.

You will notice that by this system I have, for July, and generally during the time of my whole inspection around the places of Chicoutimi, no account for Sundays, no board, no carters' expenses, showing that it is an economy proceeding from the mode that I have followed so far, and according to the instructions received from my superiors when I have to make my inspections with the least possible economy.

I hope those few informations will prove satisfactory to you and will show you that the days accounted for boarding dated and charged at Chicoutimi are for the days where I was working at other places and this account, totally justifiable, should be paid. You may rest assured that there is no error on your part for the payment of the account of Mr. Tessier for July, \$11.50, and \$4.50 for August. The name of Mr. Tessier is, perhaps, something in this little difficulty, but as this gentleman died suddenly on the 24th October last, I will state that it is the last account forwarded in his name.

May these explanations, and many others that I could give on demand, be satisfactory to you and to Mr. the Auditor General.

I inclose to this a copy of the account in question with some few remarks, and also my itinerary of July, 1897.

Believe me, sir, your obedient servant,

J. B. PETIT.

AUDIT OFFICE, OTTAWA, June 18, 1898.

STR.—Your letter of January 31st last (No. 76562) inclosed a copy of a memorandum from J. B. Petit, Assistant Inspector of Weights and Measures, in explanation of his charges for board at Chicoutimi, his place of residence. There are two points in his explanation: (1) that, when Chicoutimi was on his line of travel between two places he stopped there and charged his board; (2) that instead of remaining in the Lake St. John district to do his office work, he returned home and charged four days' board.

## Auditor General's Report—Part T

With regard to these points I beg to say : (1) that the fact of its suiting his own or the public convenience for an official to spend part of his time at home does not justify him in charging his board for such time, even if he may be travelling on a "tour of inspection"; (2) that an official's headquarters appear to be the proper place for doing his office work and that, instead of his being entitled to any special credit for hastening home when his inspection was completed, he would be blameable had he done otherwise. Accordingly, he had no just claim to have his board paid while engaged in doing office work at Chicoutimi. I beg, therefore, to request that a refund be obtained of the amounts of \$11.50 and \$4.50 referred to in my letter of Dec. 14th last.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

### Payment to Informer in excess of Amount Authorized by Regulations.

AUDIT OFFICE, OTTAWA, June 15, 1898.

SIR,—Cheque No. 56517 is drawn in favour of W. C. Stratton for \$25. The payment is described on the cheque as "Preventive Service, informer one-half penalty imposed but not collected in seizure 326."

The regulation of Sept. 15, 1892, authorizes payment to the informer of one-fourth of the penalties imposed, when the parties convicted are unable to pay and are committed to jail for non-payment.

Please let me have your explanation of the payment noted above.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, July 9, 1898.

SIR,—Let me draw your attention to the following payments from the vote for "Preventive Service," 1897-98 :

Cheque 57210 : H. Lawlor, informer, one-half penalty in seizure No. 928, R. 76758.....	\$0 75
Cheque 57217 : H. Lawlor, informer, one-half penalty in seizure No. 929 .....	0 65

In my letter of the 15th ultimo, I asked for an explanation of a similar payment to W. C. Stratton. Please let me know under what circumstances this proportion of the penalties imposed but not collected was paid.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

### Different prices allowed for Analysis

AUDIT OFFICE, OTTAWA, Dec. 16, 1897.

SIR,—I notice that, in the vouchers for public analysts' fees for the first quarter of 1897-98, the charges for the analysis of samples of milk vary, the following amounts being paid per sample :— \$5.00, \$3.50, \$3.33 $\frac{1}{3}$ . Kindly let me know the reason for paying the different prices.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 20, 1897.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 16th instant, asking the reason for paying different prices for analyses of samples of milk, and, in reply, to inclose copy of the Order in Council establishing fees for milk analysis under paragraph (e).

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1897.

SIR,—I have your letter of the 20th instant, inclosing a copy of the Order in Council setting forth the regulations governing the analysis of food samples, and note the remuneration is stated in paragraph (e), (1) for the analysis of milk, \$5, (2) for the analysis of milk, when six samples are submitted at one time, \$20. Accounts have lately been submitted by W. F. Best, St. John, and F. T. Harrison, London, for the analysis of 20 samples of milk each, and paid by cheques 55857 and 55779 respectively, at \$70, the remuneration evidently being calculated as follows :—

For 3 lots of 6 samples, at \$20.....	\$60 00
For 2 single samples at \$5.....	10 00

In view of the fact that a rate has been fixed for lots submitted at one time, it seems fair to assume that when a larger number of samples than 6 is submitted, the rate should not exceed that fixed for 6. It would appear more reasonable to expect a decrease rather than an increase in price when a larger number are analysed at one time. Please let me have your explanation.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Jan. 3, 1898.

SIR,—In connection with my letter of the 22nd ultimo, with regard to charges for analysis of samples of milk by public analysts, I beg to bring to your notice an account for \$86.67, rendered by E. B. Kenrick, analyst at Winnipeg, and paid by cheque No. 55970, for the analysis and report on 26 samples of milk. The remuneration in this case is evidently as follows :—

For 4 lots of 6 samples at \$20.....	\$80 00
For broken lot (2-6) at \$20.....	6 67

The method of calculating the remuneration for similar work by W. F. Best and F. T. Harrison is set out in my letter of December 22nd. In their case, the charge was \$70, for 20 samples, as follows :—

For 3 lots of 6 samples at \$20.....	\$60 00
For 2 single samples at \$5.....	10 00

I have to submit that, in my opinion, the fair method of calculating the charge is found in Mr. Kenrick's account, and that, in any case, two prices should not be paid.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 4, 1898.

SIR,—I beg to acknowledge receipt of yours of yesterday and, in reply thereto, to say that the charges made by the analysts mentioned are in accord with the terms of the Order in Council on that behalf.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, April 12, 1898.

SIR,—In connection with the rates charged by some of the analysts for analysing milk samples, I beg to ask your attention to my letter of January 3rd, and your reply of January 4th last, in which you say that "the charges made by the analysts mentioned are in accord with the Order in Council on that behalf.

As I do not understand how the Order in Council can have the interpretation which you put upon it, I have to ask that you will give me the reasons for your conclusion.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, June 17, 1898.

SIR,—I beg to remind you that I have had no reply to my letter of April 12th regarding the fees paid for analysing milk samples. Kindly let me hear from you on this subject at your early convenience.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

## Auditor General's Report—Part T

### Medical and Nursing Attendance on Sick Officer.

AUDIT OFFICE, OTTAWA, Dec. 6, 1897.

SIR,—In the account rendered by W. C. Stratton, for the excise division of Toronto, and paid by cheque 54934, there is a voucher for payment of \$10 to Dr. Stone, of Parry Sound, for professional services in attending Exciseman M. Shanacy. As it is usual to have the authority of Council for a payment of this nature, please let me know if such was obtained in this case. I should like also to be informed of the circumstances under which the payment for medical attendance was considered proper.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 11, 1898.

SIR,—Referring to the payment to Dr. Stone of \$10, I note by yours of the 6th inst., you have the voucher therefor.

The amount was passed after consultation with the Hon. the Minister, and is deemed by the department to be a proper one.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, April 12, 1898.

SIR,—Referring to your letter of December 11th last regarding the payment of \$10 to Dr. Stone, for medical attendance on Exciseman M. Shanacy, I have again to ask for a statement of the circumstances under which a payment of this unusual character was considered a proper charge on the public funds. This information was asked for in my letter of December 6th, but was not given in your reply.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, April 27, 1898.

SIR,—I have the honour, by direction of the Commissioner of Inland Revenue, to acknowledge receipt of your communication of the 12th instant, relative to the payment of the sum of \$10 to Dr. Stone, for medical attendance on Mr. M. Shanacy, and, in reply, to inclose copy of the commissioner's memorandum which was submitted to the Hon. the Minister, who approved of the same.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary*.

*Memo. for Minister*.—Mr. Shanacy was accompanying Mr. Collector Stratton on an illicit still hunt, and was taken suddenly ill. A doctor was called in, and Mrs. Shanacy sent for.

He was taken seriously ill for some days and, being so taken while engaged on official business, which caused his exposure to these inclemency of the weather, the doctor's bill was passed by me as a proper expenditure.

E. MIALL, *Commissioner*.

Dept. of Inland Revenue, Ottawa, December 11, 1897.

AUDIT OFFICE, OTTAWA, Nov. 23, 1898.

SIR,—In the account of contingent expenses of Toronto division for June, 1897, there appears an item of \$24.30, of which \$10 is Dr. Stone's bill for attendance on W. Shanacy, an excise officer at Parry Sound, and \$14.30 is for railway fares and living expenses of Mrs. Shanacy, from Barrie to Parry Sound and return. A memo. on the account intimates that it was authorized by reference No. 73549.

As it is unusual for a department to pay, with public funds, the doctor's bill and nurse's expenses of an invalid employee, there must, no doubt, have been special reasons why it was done in this case, and I have to ask you to acquaint me with them.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 1, 1898.

SIR,—I beg to acknowledge the receipt of your further letter of the 23rd ultimo, relative to an item of \$24.30, payment for medical and nursing attendance.

In reply thereto, I beg to call your attention to my communication of the 27th April last, wherein I gave you the information asked for. Mr. Deputy Collector Shanacy was, through exposure, while hunting for an illicit still, taken seriously ill, a doctor called in, and his wife sent for. As his illness was the result of the faithful discharge of his duties in inclement weather, this department approved of the payment of the doctor's account and the expenses incurred by his wife while attending him.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

---

AUDIT OFFICE, OTTAWA, Feb. 16, 1899.

SIR,—I find no authority from the Governor in Council to make this expenditure. Perhaps you can point it out. On the face of the matter, outlay should be made by the official who had the misfortune to be ill. The illness, so far as any explanations which have reached this office go, was not necessarily the direct result of the official's public duty.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

Awaiting an explanation,

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDougall, A.G.

*Re Refunds of Excise Revenue.*

AUDIT OFFICE, OTTAWA, May 21, 1898.

SIR,—Payments amounting to the neighbourhood of \$6,000 are made each year as refunds of the duty on malt used in the manufacture of beer supplied Her Majesty's army and navy.

I have repeatedly called your attention to the insufficiency of the vouchers furnished in support of these and other refunds. The only thing that reaches this office is the receipt of the payees. I have again to ask that all the vouchers in connection with every payment may be forwarded.

I have to inquire under what statutory authority these refunds are made.

I am, sir, your obedient servant.

The Commissioner of Inland Revenue.

J. L. McDougall, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, March 1, 1899.

SIR,—Replying further to your communication of the 2nd ultimo, I beg to state that the 178th section of the Inland Revenue Act provides for the drawback of malt duty on beer exported.

Goods supplied to Her Majesty's navy have, from the creation of the department, been deemed to have been exported.

Instructions were given to the accountant, on receipt of your communication of the 21st May, 1898, to furnish your office with all the papers establishing claims for refunds, and he informs me that he has done so since the 1st July last.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, Commissioner.

# Auditor General's Report—Part T

## Re Refunds of Revenue.

AUDIT OFFICE, OTTAWA, June 15, 1898.

SIR,—Five per cent of the duty paid on malt ex-warehoused for consumption, is refunded to malsters, brewers, and distillers, and amounts to close on \$50,000 each year. These refunds are charged against Excise Revenue.

The statutory authority quoted is Chap. 29, R. S., section 78. Subsection 3 of this section reads as follows:—"No remission shall be made in any case unless such case has been considered and the remission, whether total or partial, conditional or unconditional, has been recommended by the Treasury Board and sanctioned and ordered by the Governor in Council." Have the provisions of this section been complied with in each case?

The Order in Council of February 7th, 1891, paragraph 3, reads as follows:—"At the close of every fiscal year the department may refund to every person under license as malster, brewer or distiller, a sum equal to 5 per cent of the duty paid on malt entered by him ex-warehoused for consumption during the fiscal year." Under what statutory authority was this Order in Council issued?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, March 2, 1899.

SIR,—In further reply to your inquiries of June 15th, 1898, as to refunds of malt revenue, I have the honour to state that the Order in Council of 7th February, 1891, under authority of which the department has since acted, was not in substance a new one. It was a modification in method only of a prior Order in Council passed the 18th December, 1868, by which the department had theretofore been governed.

What the powers of the Governor in Council were at that date I do not deem it necessary to inquire.

However, were it an original order, I am of opinion that ample authority is vouchsafed by the 78th section of the Audit Act.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, Commissioner.

## Re Excise Seizures.

AUDIT OFFICE, OTTAWA, Nov. 26, 1898.

SIR,—In the account paid G. N. Brabant and Alp. Cinq-Mars, by cheque No. 56236, in re F. Labelle seizure, No. 59, Terrebonne, October, 1897, there appear the following charges:—

In re F. Labelle—

Sept. 3.—Service of summons.....	\$0 30
Sept. 3.—Mileage, 24 miles at 20 cents.....	4 80
Sept. 3.—Service of summonses.....	1 80
Sept. 3.—Mileage, 24 miles at 20 cents.....	4 80
Oct. 5.—Service of subpoenas.....	0 60
Oct. 5.—Mileage, 22 miles at 20 cents.....	4 40

I have to inquire who served these summonses and subpoenas, where he resided and where the witnesses resided. Why are sub-vouchers not furnished?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Re Excise Seizures—Double payment to Constable.

AUDIT OFFICE, OTTAWA, Nov. 29, 1898.

SIR,—I have to ask for further information as to the following refunds credited to Excise Seizures, made June 29th, and entered on your revenue return, No. 303:—E. Floody, \$20; and W. C. Stratton, \$58.88.

I would also draw your attention to two accounts paid Archibald McDonald, constable of Sundridge, one for the arrest and conveyance of J. C. Anger from South River to Parry Sound, and the other for arrest and conveyance of Robert Smith from the town-

ship of Joly to South River, thence to Parry Sound. Though the dates given are the same in each, viz., June 22 and 23, a charge was made in each of \$1.50 for the arrest and \$1.50 for court attendance, and \$10.66 for mileage in the one case, and \$12.35 for mileage in the other. It looks as if this constable was paid double mileage for the same trip.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Feb. 23, 1899.

SIR.—I have the honour, by direction, to inclose herewith, copy of departmental file No. 78791, which will give you all the information available in connection with the inquiries made by you in your communication of the 29th November, 1898.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary*.

AUDIT OFFICE, OTTAWA, Feb. 24, 1899.

SIR.—I have received your letter of the 23rd in reply to mine of November 29th last, calling attention, with other things, to the case of a constable in the Toronto district who was paid double mileage for the same trip.

You inclose a copy of a departmental file, which you state will give all the information available on the matter. There is nothing either in your letter or in the papers on the file to explain or justify the payment, nor any information as to the decision of the department, nor what action, if any, has been taken in reference thereto.

One of the papers on the file is a copy of a memo. of the collector at Toronto, admitting the facts as stated in my letter, and seemingly expecting a decision by the department, of which he asked to be informed.

I wish that you would send the information which I asked.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### *Re* Excise Seizures—Expenditure for Cab-Hire.

AUDIT OFFICE, OTTAWA, Nov. 23, 1898.

SIR.—A. J. Langlois, of Quebec, was paid \$51.25 by cheque 55,596 in August, 1897, for an account composed, principally of cab-hire in and around Quebec *re* Stoneham Still Seizure.

I have to inquire why the usual declaration that the account is just and true, and that the expenditure was made wholly for the public service is not attached, and why the account does not bear evidence that it has been examined and passed by the district inspector, and has been approved by your accountant, as is the general practice.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Nov. 30, 1898.

SIR.—The expenditure, principally for cab-hire, made by Mr. Langlois, to which you refer in your communication of the 23rd instant, was not made by an officer of this department, but was incurred under the instructions given by the Hon. the Solicitor General (section 33, therefore, does not apply).

The Deputy Minister of Justice states in relation thereto: "I have made the necessary inquiries to satisfy me of its correctness, and am of opinion that the account is reasonable and should be paid by your department."

In view of the fact that the district inspector had no cognizance of the matter, and the accountant less, the undersigned authorized the payment without their usual examination and approval, accepting the statement of the Deputy Minister of Justice as sufficient.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

# Auditor General's Report—Part T

## Re Other Receipts—Warehouse Licenses.

AUDIT OFFICE, OTTAWA, Dec. 22, 1898.

SIR,—The revenue from warehouse licenses in Ontario was \$395 less in 1897-98 than in the year previous—\$1,785 instead of \$2,180. There was a reduction at Cornwall from \$160 to \$40, at Windsor from \$120 to 20, and several other reductions of \$40 and \$20. On the other hand, the revenue at Owen Sound was increased from \$80 to \$180.

There is also a reduction at Halifax from \$400 to \$340.

Please let me know (1) are these licenses issued from the department, or by the collectors, (2) what are the regulations governing their issue, (3) what check or audit of this revenue is made in your department, (4) how do you account for the differences referred to above.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Dec. 28, 1898.

SIR,—Replying to yours of the 22nd instant, I beg to say that :

1. The facts as stated in the departmental report are correct.
2. The number of warehouse licenses issued is determined by the exigencies of trade.
3. No removal in bond from one division to another can be made, unless the warehouse to which it is to be removed is on our printed list.
4. Such list comprises only warehouses duly licensed and paid for.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 30, 1898.

SIR,—I am in receipt of your letter of the 28th instant, in reply to mine of the 22nd, in reference to the falling off in the receipts from warehouse licenses.

I do not find that the information asked for in my letter has been furnished, and to make this clear, I am now giving, in parallel columns, the points on which I asked for information and your replies :

### MY QUESTIONS.

- (1.) Are these licenses issued from the department, or by the collectors ?
- (2.) What are the regulations governing their issue ?
- (3.) What check or audit of this revenue is made in your department ?
- (4.) How do you account for the differences referred to above ?

### YOUR REPLIES.

- (1.) The facts as stated in the departmental report are correct.
- (2.) The number of warehouse licenses issued is determined by the exigencies of trade.
- (3.) No removal in bond from one division to another can be made unless the warehouse to which it is to be removed is on our printed list.
- (4.) Such list comprises only warehouses duly licensed and paid for.

I shall be glad if you will give more direct information on the points raised.

I have also to ask for a list of the licensees during 1896-97 and 1897-98 at Cornwall and Windsor.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 20, 1899.

SIR,—I beg to acknowledge the receipt of your further communication of the 30th ultimo, relative to the falling off in receipts from warehouse licenses in the divisions of Cornwall and Windsor, and stating that the information originally asked for in your letter of the 22nd ultimo, was not furnished in sufficient detail.

I shall endeavour to answer your queries as put :

1. The licenses are issued by the collectors.
2. The regulations ( a copy of which I inclose for your information) require that application therefor shall be in writing on the form prescribed by the department, and shall fully describe the premises and locality. A plan thereof is also required. The premises are then surveyed by the collector, and, if suitable and the proper protection

afforded the revenue, the application is forwarded to the inspector of the district for approval. When approved, and the proper bond executed and fee paid, the license is issued. The application papers, bond, and fee, are forwarded to the department, where the license is recorded.

3. An entry paper is forwarded the department with each license fee. All removals to and from warehouse are represented by entries forwarded to the department, and none can be made unless such license has been issued and fee therefor received at the department.

4. Warehouse licenses being taken out only by merchants who purchase exciseable goods in bond, there is, in consequence, no reason why those should be the same number each year. In the division of Cornwall, to which you refer, the following licenses were taken out in 1896-97, viz., J. E. Snetsinger & Co., Cameron & McDonald, J. E. Plamoden, John Duffy and John W. Brennan, each paying therefor the sum of \$20. In June, 1897, during the same fiscal year, you will observe, Messrs. Snetsinger & Co., Cameron & McDonald, and John Duffy took out their licenses for 1897-98, paying the fee therefor of \$20 each, which aggregate the sum of \$60, while received during the fiscal year 1896-97, applied to licenses covering the year 1897-98. In 1897-98, the same parties took out licenses at \$20 each, but as three had paid for this fiscal year in June, 1897, the sums so collected, \$60, were accounted for in the previous year, increasing the apparent receipts of the year by this sum at the expense of the year following.

In the division of Windsor, the following persons took out licenses in 1896-97, viz., M. Guindon, J. B. Kitchen, J. S. Hamilton, Taylor & Williamson, Fred W. Robert, and Patrick Beneteau, at \$20 each, or a total revenue from this source of \$120. In the following year the only person who took out a license was Fred A. Robert, who paid the annual fee of \$20. As the licenses terminate on the 30th day of June in each year, the others simply did not renew them, for reasons of their own, and which this department has no means of accounting for, as the taking out of such licenses is a voluntary act on the part of the licensee.

I am, sir, your obedient servant,

The Auditor General.

W. J. GERALD, *Asst. Com.*

### *Re Other Receipts.*

AUDIT OFFICE, OTTAWA, Dec. 21, 1898.

SIR,—On page 7 of your report for 1897-98, the "other receipts" from Kingston are entered as \$508.20. The returns of the collector amount to \$510.20. On the same page the "other receipts" from St. John, N.B., are entered as \$394.12, while the returns of the collector only amount to \$369.12. Please let me have an explanation of these differences.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 17, 1899.

SIR,—I beg to acknowledge the receipt of your communication of the 21st ultimo, calling the attention of the department to an apparent difference in the revenue under the head of "other receipts," as shown by the departmental report for 1897-98, and the returns as made by the collectors at Kingston, Ont., and St. John, N.B.

In the Kingston division you state that the report shows, under this head, \$508.20, while the collectors' returns show \$510.20; and in that of St. John, N.B., \$394.20 and \$369.12, respectively.

The accompanying statements, prepared by the accountant from the collectors' monthly returns, show that the amounts under this head in the departmental report agree therewith.

Will you please have these statements checked with your books in order that the error, if any, may be discovered.

I am, sir, your obedient servant,

The Auditor General.

W. J. GERALD, *Asst. Com.*

AUDIT OFFICE, OTTAWA, Jan. 18, 1899.

SIR,—I have received your letter of the 17th instant in reference to the "other receipts" at Kingston and St. John, and inclosing a memo. of the amounts collected monthly at these places.

## Auditor General's Report—Part T

The difference of \$2 at Kingston occurs in August and March, and is composed of the following :—

Soda solutions .....	\$0 50
Fee on 5 pounds raw leaf tobacco.....	1 50
	\$2 00

In your memo., \$25 is entered for March, which I do not find on the return.  
I am sending herewith the collectors' returns in question.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Jan. 19, 1899.

SIR,—I beg to acknowledge the receipt of your communication of yesterday's date, giving details of difference under head of "other receipts," between collectors' monthly returns as forwarded you and as stated in annual report of the department.

Upon examining the collectors' returns on file at the department, and comparing them with the copies sent over by you, I find that the item of 50 cents for soda solution (which is not an excise collection) had not been transferred to lower left-hand statement, "receipts not excise" in copy sent you, as it should have been. This item is included in the \$242.62, "sale of apparatus and analyst supplies, &c., &c.," as shown on page 145 of our report. The item of \$1.50, "fee on five pounds tobacco samples," should have been added to, and form part of, the revenue from raw leaf tobacco. I have amended the Kingston statements of March and August you sent over, in accordance with the facts.

The item of \$25 in March statement of collector at St. John was for a malt vinegar brewer's license, which I find was originally entered as a bonded manufacturer's license, and no doubt so recorded on copy sent you. You forwarded me the April instead of the March return, which, if you send me, I will have corrected. These items appear to have been properly dealt with in the preparation of the departmental report, and the copies forwarded should have been amended before being transmitted to you. I return you copies herewith.

I am, sir, your obedient servant,

The Auditor General.

W. J. GERALD, *Asst. Com.*

### R<sup>e</sup> Arrears written off.

AUDIT OFFICE, OTTAWA, April 23, 1898.

SIR,—On the return of hydraulic and other rents for the month of January last, there is a memorandum to the effect that the amount standing against David Diamond, B.C., \$250, and the amount standing against John Wilson, B.C., \$427.91, had been written off by authority of a Minute of the Treasury Board, dated December 10, 1897. I have to ask for a copy of the Minute referred to.

In the meantime, I may say that I am not aware of any statutory authority empowering the Treasury Board to write off arrears due to the Government.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, April 27, 1898.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 23rd inst., relative to the amounts outstanding against David Diamond, B.C., and John Wilson, B.C., for the lease of property in New Westminster, B.C., and, in reply, to inclose for your information, copies of Orders in Council, dated the 29th January, 1898, and the 16th December, 1897, which Orders were passed by recommendation of the Minister of Public Works, under whose department such leases are controlled, and in reference thereto, to inform you that it was by authority of these Orders that this department acted.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

AUDIT OFFICE, OTTAWA, May 4, 1898.

SIR,—In reply to my letter of April 23rd, I have received a letter from your secretary, dated April 27th, inclosing copies of the Orders in Council of January 26th, 1896, and December 16th, 1897, which, it is stated, are the authority on which your department acted in writing off the amounts due by John Wilson and David Diamond, for the lease of some public property in New Westminster, B.C.

I beg to point out that these Orders in Council, while authorizing the cancellation of the lease to John Wilson and the Order in Council granting a lease to David Diamond, do not direct that the amounts due by these lessees shall be written off.

On further consideration, you will no doubt see the propriety of restoring these items on your statement of amounts due to your department.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 2, 1899.

SIR,—In the statement of arrears due to your department, furnished for publication, you omitted the following items, which appeared last year, viz.:—

David Diamond, New Westminster, B.C., \$250; and John Wilson, of the same place, \$427.91.

When these amounts were first left off your monthly statements in April last, I asked you for an explanation. In reply, you sent copies of two Orders in Council. I wrote you May 4th, that these Orders authorized the cancellation of the leases in question, but did not direct that the amounts due should be written off. To this letter I have received no reply.

I may add that parliamentary authority is required to write off any amount due to the Government.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 2, 1899.

SIR,—Please explain why the arrears due last year, for the Bonner's property, Quebec, amounting to \$25,048.33, have been omitted from the statement you have rendered this year.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Feb. 6, 1899.

SIR,—I have no doubt that your view of the matter referred to in your communication of the 2nd February, instant, is strictly correct. Parliamentary authority is doubtless necessary to write off any account legally accrued.

Our accountant has undoubtedly been led into error. It should have been merely removed from actual assets to a suspense account, awaiting parliamentary authority to write it off.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

### *Re* Unanswered Letters.

AUDIT OFFICE, OTTAWA, Feb. 2, 1899.

SIR,—I have to remind you that I have not had any reply to the following letters:—

*Re* Electric light, dated March 18, 1898.

*Re* Excise seizures, dated November 26, 1898.

I shall be glad to have replies to these letters as soon as possible.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.
