# FANS HAD FUN -- and "X" won

"Midnight Train to Vienna" might be an apt title for this picture of danger and intrigue. These four Dalhousians were caught, in the cold grey of dawn, boarding the train known as "X"—shortly before our photographer's mysterious disappearance.

## Where Does Dal Stand With King's-Pinehill?

How outdated is the Dalhousie-King's College agreement of 1953 regarding Kingsmen participating in Dal activities? This was one of the many topics to come under fire during the Dalhousie Students' Council's third meeting of the term, Tuesday night. The Council also heard an official report of the National NFCUS conference, discussed the proposed Med tri-semester system, and picked a committee to choose students for the McGill Committee to choose students for the McGill Conference on World Affairs.

Two new Council members were welcomed to the field: Barbara Hopkins (Education), and Marg Hawkins (Nursing). Then Stu MacKinnon's resignation from the Council and as NFCUS chairman was read and accepted; he received an ovation from the Council for his excellent record of service.

An ancient paper stating in effect that for \$4.00 King's students can attend all Dalhousie sports events, DGDS productions, and skating sessions, met with a mixed reception. Pine Hill-Dalhousie relations, on the same basis, also came under fire. Co-chairmen Wally Turnbull and Al Fleming will head a committee to deal with the matter.

The rink canteen, like the headless horseman, seeks a manager to undertake its lucrative operation. Deadline for applications is set at October 23rd (to the Council office) so that things may be prepared for the coming skating season. Opera-

tion will be upon a salary-plus-percentage basis.

Chosen on the World Affairs committee were Professors MacLean and MacKay, Judy Bennett and Jack Davison. The Council also:

—Chose Peter Outhit to head the Student Council dance committee.

—Picked the dates of the Blood Drive as November 4, 5 and 6.

## "Pharos" Launched

Although the college year is still young, plans are well underway for the 1959 edition of the Dalhousie year book, *Pharos*. Editor Hugh Gorman is hard at work assembling a staff and making arrangements for the colorful publication.

This year, greater emphasis will be laid on the "Campus Life" section of *Pharos*, and students will be given a chance to contribute pictures of interest to the staff for consideration. Boxes will be placed in the Men's Residence and Shirreff Hall, and students who have interesting photos will be provided, said Editor Gorman.

## ARTS & SCIENCE MEET; GET OUT YOUR KILT

The annual Tartan Twirl, which has been so great a success in the past two years, will be held again this year. Other highlights of last week's Arts and Science Meeting, the society's first this season, included discussion of the society's entry in the Connelly Shield Competition, and election of officers, to replace those elected last year who have not returned to Dal.

The meeting, held on October 7 at noon with about 40 people present, was conducted by Sidney Oland, president of the society. A new treasurer, Bill Dickson, was elected. "Goog" Fitzgerald was appointed sports representative, and Roger Doyle was elected to head the committee planning the Twirl. No date has yet been set for the dance, but it should be announced soon.

It was decided to enter a play in competition for the Connelly Shield and it was agreed that Ruth MacKenzie be asked to take charge of the arrangements.

There are still a great number of positions open, including those of Graduate Editor, Undergraduate Editor and "Campus Life" Editor. Experience is not necessary to work on the staff of *Pharos*.

A special purchase offer will be made this year to undergraduates. Undergrads who pay for their *Pharos* by November 27 will receive a 10% discount. Students may register for this offer by bringing their \$4.50 to the *Pharos* office on any Tuesday or Thursday between 12 noon and 12:30 p.m., from now until November 27.

The forthcoming *Pharos* promises to be one of the best yearbook editions published; but it needs your support.

## Future Trips Possible —Dalcom In Black

At 8:41 a.m. last Saturday, the five-car special DAR train rolled slowly out of Halifax's CNR station into the grey, fog-shrouded morning. Dalhousie's first "X" train of the year had departed, bearing some 200 gleeful, relatively care-free students to Antigonish. The point of the trip, other than the witnessing of the Dal-St. F.X. football class that afternoon, was seemingly obscure; but all those interviewed agreed that it definitely had one.

## Arts & Science Lead Increase

Registration at Dalhousie for the 1958-59 term is up considerably from last year. Biggest gains by far were in Arts and Science, the two 'basic' faculties whose popularity is once again on the increase, after the post-war technical training boom.

The totals:

	1957-58	1958-59
Total Registration	1579	1625
Arts & Science	990	1042
Arts, (Engineering, Engineering)		
Physics	180	
1958-59 Special		
Students	68	
Education	37	
Commerce	135	
Arts	333	
Science		
(Pharmacy)	16	
Science	289	
Nursing	52	51
Law	152	131
Medicine	279	272
Dentistry	53	55
Graduate Studies	53	58

The increase was 2.9% over last year, as compared with last year's 2.5% over the previous year.

It was a trip not without incident. At Truro a person or persons unknown uncoupled the caboose, causing unscheduled delay; several persons disembarking briefly here had failed to return after train departure.

On board there was a state of happy relaxation. Hitherto unsung musicians came into their own, holding forth in every coach simultaneously. And the hours, to the spirited inmates — most of them freshmen and freshettes — passed quickly.

In St. F.X., however, celebrating and parades were cut out, the university town being in a state of mourning. Fans flooded the three small restaurants, and the town, in a fashion similar to former trips. At 7:40 p.m. the train began its long (4½ hour) journey home; its arrival in Halifax at 12:15 necessitated an extension of Shirreff Hall and other leaves.

The whole affair was well organized and handled by the Dalhousie Commerce Company, who, it is understood, did not lose money on it. Another such venture is contemplated for the future.

And for the Dalhousians involved, it was a trip to remember.

## MacKINNON, FRASER ON NFCUS EXECUTIVE

The twenty-second Congress of the National Federation of Canadian University Students was held from October 5th to 9th in Ottawa, with delegates from thirty universities and colleges present.

Main work of the congress dealt with commissions on National Affairs, Administration and Finance, and International Affairs. Dalhousie, having a large delegation, was represented on all commissions.

Topics discussed at three NFCUS symposiums were "International Affairs"; "Is Free Higher Education Desirable in Canada?"; and "The Rights and Obligations of a Student". People experienced in these topics, and persons having a great interest in student affairs were the panelists.

The highlight of the congress for the Atlantic Region occurred on Thursday, when two Dalhousie delegates were elected to the National Executive of the Federation. Stu

MacKinnon, Dalhousie NFCUS chairman, was elected vice-president for National Affairs, succeeding Ed Harris, a Dalhousie Law graduate presently studying at Harvard, Murray Fraser, past president of the Dalhousie Student Council, was elected Atlantic Regional President. (Murray is also an associate editor of this newspaper.)

The outgoing NFCUS President, Walter Tarnopolsky, noted that this congress had been an important point in the life of NFCUS. Membership in the Federation now includes all but two small Canadian universities. For the first time, understanding among students across the nation has reached a level where they can work together to attain common goals.

Next year the 23rd Congress of NFCUS will be held at the University of Saskatchewan. Dalhousie has asked that the Congress be held here in 1960.

Canada's oldest college newspaper. Member of Canadian University Press. Opinions expressed editorially are not the official opinion of the Council of Students. Official publication of students of Dalhousie University, Halifax, Nova Scotia.

OTTAWA.—The Twenty-second Congress of the National Federation of Canadian University Students was held here last week. This was my second National Congress and after the smoke had cleared, I concluded that once again NFCUS had proved its value to the Canadian student. News stories elsewhere in the Gazette will bring you complete coverage and it is my intention to comment briefly on some of the highlights.

The campaign for 10,000 entrance scholarships, valued at \$550.00 each, will continue with more vigor in the next twelve months. The campaign reached a high point last spring with the presentation of a detailed brief to the Prime Minister. The brief was well-received but as yet there has been no definite action taken. Several of the thirty-member universities at the Congress felt that the approach should be revamped but following a lengthy debate the Congress unanimously agreed to continue as in the past year. The Congress adopted in principle the idea of a National Student Day, which, if it comes about, would greatly publicize the needs of university students.

For the first time the Canadian Association of Medical Students and Internes was represented by an observer at the Congress. Jules Harris, a fourth-year Med from Toronto, did an excellent job. Closer liaison between the two organizations is expected and some of the common goals sought will receive the co-operation of both groups — an example, increased income tax exemptions.

Speaking of the Meds I must mention how impressed I was with the participation of Medical students in the affairs of NFCUS on other camps. Bob Lee, a third-year Med, is NFCUS Chairman at Toronto and several others managed to take a week off classes to attend the Congress. Meds at Dalhousie could contribute much to NFCUS but so far very few know it exists.

One of the most interesting hours spent by yours truly was a lunch with JAIRUS MUTAMBIKWA of Rhodesia. Jarius is taking his M.A. in Sociology at UBC and this year is vice-president of the Student Council. What makes this amazing is that he has only spent one year at the west coast college. We spent the best part of the hour discussing segregation, the role of the foreign student in a Canadian University, and the reception given foreign students in Canada generally. I was greatly impressed with Jarius. He stands

as an example to foreign students not only at UBC but also at Dalhousie. I might mention that UBC inquired as to the whereabouts of Alade Akesode and were greatly interested in his debating post here.

Two highlights of the Conference were the Symposiums. The first had the explosive title "Is Free Higher Education Desirable in Canada" and featured such distinguished Canadians as Dr. Eugene Forsey and Monsieur J. L. Pepin. "The Rights and Obligations of a Student" were discussed by a student panel, which included Ed Harris, a graduate of Dalhousie Law School.

Speakers included the Prime Minister, Mr. Diefenbaker, who popped in between courses to welcome us in rousing fashion, Federal Minister, J. M. Macdonnell, the Hon. Brooke Claxton, and the Most Rev. H. Legare.

A few odds and ends . . . No one could admit that the Congress was all work. His Excellency, the Rt. Hon. Vincent Massey, C.H. Governor General, tendered a reception at Rideau Hall which was one of the social high points. . . The Students' Union at Carleton University threw a dance and many students took advantage of the date bureau which was set up for the occasion. . . The University of Ottawa gave a Vin d'Honneur. The "Vin" was tres bon . . . Commissions met every evening but one until 11 o'clock, but there were a few hours left for informal get-togethers. . . One morning at 3 a.m. the elevator in the hotel ground to a halt between two floors. The suggested capacity had been doubled and unfortunately the added weight could not be coped with. There sat the elevator with sixteen ardent delegates waiting for the end. At the same time a visitor (we hope) pulled the fire alarm on the fifth floor. Needless to say the commotion was of the greatest sort as aged ladies in aged nightgowns scurried to the street. The elevator finally became dislodged and the occupants escaped. Police and fire officials arrived on the scene and NFCUS delegates suddenly were no

LETTER TO THE EDITOR

Dear Madam:

It has long been a Dalhousie cry that our rivals to the northeast produce athletic teams chock-full of professionals. We claim that we can't compete with a group of students on the football field who are students merely because the field is there.

This is nonsense.

If a certain university will grant a group of young men a college education in exchange for their prowess on the athletic field, it is its own business entirely, and none of ours.

We are entered in the same league and compete against their teams and so it is up to us to lift our sports to their level, and not to beg them to lower theirs to ours. The reason that we can't compete on an athletic basis with that college lies in the lap of all Dal students. If we could get behind our own teams, not merely by yelling our brains out for them Saturday afternoons, but rather by getting out and playing for the lesser teams around the campus, thus getting the experience which will make a good pack of Tigers in years to come. An example of apathy on the part of Dalhousie students is the fact that when Junior Varsity football practises were first announced, not even enough students for a first line showed up for the first few practises. Now, however, we see that there is a good crowd out and some of the JV players will undoubtedly go on to bigger and better things on the Dal football field. This is only a start, but it admittedly is a start.

Dal students, get behind all your teams on the interfaculty and junior varsity levels.

Signed A FOOTBALL FAN.

where to be seen. The incident was closed with a stiff reprimand from the executive next morning. . . Without a doubt one of the most popular University Presidents in Canada is N. A. M. MacKenzie, Dal grad, now at U.B.C. . . Dalhousie were runners-up in the Georgian Trophy competition, awarded for the outstanding NFCUS committee. Western won this year with an excellent showing. Lew Matheson, Dal's Chairman last year is to be congratulated for a fine job on our behalf. . . We had an all night drive to and from the Congress, through the States and via Montreal. Dalhousians in Montreal are many. We saw Carrier Ann Matheson, Andy Burns and Ann Rayworth. . . Council Pres. Dave Matheson was tickled pink by a red feather in Ottawa. . . Dal's freshman and sophomore observers, Pete Green and Gregor Murray, were the youngest at the Congress and contributed substantially to its success. . . Home again and back to the Law Library.

Little Rock Justified?

Explosive reactions to school integration attempts in the southern United States have helped to obscure the fact that there is a motive not malicious in character behind some segregationist thought. It is the desire to maintain a separate identity of race and color, a desire which may be felt with equal intensity by Negro and Caucasian. Whatever the foundation of this desire, be it the racial purity mythes or simply some sort of quack biology, in many people it is not an uncharitable or demeaning desire.

What great numbers fear, that the result of mixture is a physical and intellectual weakening, has of course never been conclusively demonstrated. Defeated on this front, the defender of separatedness retreats immediately to an aesthetic line of defence. If there is no racial purity, there are nevertheless degrees of homogeneity, especially when the imagination is busily doing its work, and the closer one imagines his peculiar strain to be the ideal homogeneous state, the more validity one sees in the aesthetic argument. Valid or not, it is an argument of which all social thinking on the segregation question must take account. There is probably no sector of the inhabited globe where it would fail to be applied.

Our profoundest sentiment about the troubles of the "deep south" should be gratitude that the same problem does not exist even potentially among us in Canada. There are just not enough non-Caucasians in any large Canadian community to make it vitally concerned about whether the law should sanction racial segregation. If there were, we would undoubtedly face the issue in as much confusion as our republican neighbors.

It is not immoral to wish for some sense of separate racial identity, even if that does amount to chasing a will o' the wisp. Only when arrogance and violence are present in establishing and preserving this sense, does a conflict arise with the Christian doctrine of the brotherhood of man. That was the crime of Little Rock. After all, why is it less dreadful to oblige communities to mingle than it is to compel them to remain apart?

Of course it is not altogether realistic to consider the American problem in such an abstract way. The history of the United States being what it is, segregation cannot be taken to imply only separateness. Because Negro society in that country began its existence in slavery, it lived for a couple of centuries in an arid lowland and has only recently begun to climb an uphill route which is very steep indeed. Only where they have been able to smash legal or conventional barriers and see their society coalesce with the Caucasian, as in big-league baseball and other areas of the entertainment world, have American Negroes been able to avoid the imputation of social and material inferiority. "Separate but equal" is a phrase left without meaning. It could not be expected to have any in a society which not only has a history of slavery to live down but also exerts tremendous unifying pressure on its members.

Came the dawn, came the sun, came the Them

## THE STORY BEHIND THE "D"

Participation in Dalhousie extra-curricular activities is recognized by a system of awards in the form of Silver and Gold "D's." Points from any organization may be totalled to secure the number necessary for an award: 75 points for a Silver "D," and 150 for a Gold "D."

The following points are awarded:

<b>COUNCIL OF THE STUDENTS</b>	
President .....	100
Vice-President .....	50
NFCUS Chairman .....	40
Members .....	30
Non-council members of Council committees (per person per committee) .....	10

**Election for  
NFCUS  
CHAIRMAN  
to be held  
OCTOBER 28**

# Around the Campus

The Senior class will hold a dance in the Dalhousie Gym on Friday, October 17, from 9 to 1 a.m. Admission will be 75c stag and \$1.25 per couple.

Ethelda Brown was elected president of DGAC in the election held last Friday.

Sodales Debating Society will sponsor a professors-versus-students debate today. Everyone is welcome to attend this feature debate at 12 noon in Room 21 of the Arts and Administration Building.

All students are urged to attend the Student Forum to be held on Wednesday, October 22 in Room 21 at 1:15 p.m.

The West Indian Society will hold a Freshman Party in the East Common Room on Friday, October 17 at 8:30 p.m.

The Law Ball to commemorate the 75th anniversary of the Law School will be held October 24th in the Nova Scotian Hotel at 9 p.m. under the patronage of the Lieutenant-Governor, Major General, the Hon. E. C. Plow, and the Premier of Nova Scotia, the Hon. Robert L. Stanfield. Members of the Bench and baristers of the province will attend as well as students in the faculty. Music will be supplied by Pete Powers and his orchestra.

There will be an organizational meeting of the Progressive Conservative party on the campus on Friday, October 17, at 1:30 p.m. in Room 222. Officers for the coming year will be elected. All interested students are invited to attend.

The Student Christian Movement is holding a meeting today at 12 noon in the Founders Room in the Arts and Administration Building.

There will be an SCM study group in the West Common Room today from 7:00 to 8:00 p.m.

All photographers of prospective graduating students for the yearbook will be taken before November 30. Arrangements are now being made with the photographers for times of sittings. Biographies will be written from questionnaire sheets provided at the photographers unless anyone wishes a friend to write his. In this latter case it must be submitted to the Pharos office by Sunday, November 30. The Editors reserve the right to shorten the biography to conform with page requirements.

Orders for the 1958-59 edition of the Pharos will be taken at the Pharos office on Tuesday and Thursday from 12 to 12:30 until November 12. Price is \$4.50.

New students note the fact that there are tours of the MacDonald Library given twice every day, Monday to Friday. Those wishing to become acquainted with the library facilities are asked to meet at the circulation desk at 11 a.m. or 2:30 p.m.

The exhibition of 23 paintings in the Fine Arts Room of the Arts and Administration Building has been arranged to illustrate the work of five prominent Maritime Artists. New Brunswick is represented by Jack W. Humphrey and Fred Ross, both of Saint John. Prince Edward Island is represented by Mabel McCulloch Gass of Charlottetown and Nova Scotia by Joseph Purcell of Lunenburg and LeRoy Zwicker of Halifax.

LOST: a 35mm. camera, on Studley Field north bleachers, last Tuesday at 2:00 p.m. after Law-Commerce football game. Reward offered. Contact Dave Hilton 3-1894.

380 SPRING GARDEN ROAD

Hi-I'm Norm Rebin - - - - Quit glaring, I realize that means nothing to you now but just wait ! ! For what? - - - why for this year's CUP COLUMN - - - (didn't you read last week's newspaper) - - - I'm editing it. SO WHAT? So what? Well I just thought that since I'm the new exchange student from Saskatchewan and you don't know me and I don't know you, and maybe - - - Well - - - What I meant to say was - - - QUIT THE PREAMBLE REBIN and LET'S RAMBLE! Aw gosh, then I've got a chance, Thanks kids.

While perusing the columns of a Western College newspaper—the *Sheaf* (located somewhere in the wilderness they call S A S K A T C H E W A N) I noticed that the question of "higher education" for women is still a major and controversial issue on that campus. Figuring that this is a nationwide problem, I attempted to elicit the sentiments of a "sincere but skeptical" male resident of Dal Men's Residence on this matter. This in brief, was the result of my interview.

**Query:** Do you feel that educated women can make a greater contribution to society than an uneducated woman.

**Answer:** Look son, any woman will tell you that there's no such thing as an un-educated female. Besides, since when did women need brains 'to contribute' to society?

**Query:** (Hopefully) Well then, do you feel that women who have received 'greater scholastic experience' make the best wives?

**Answer:** It depends, son, in what 'scholastic realms' these women have been 'experienced'.

Well there it is. It's quite obvious that today's woman is 'on probation' in fields of higher education and time only will tell. For my part all I can say is - - - Gripes - - - what will they think of next? - - - educated women, my eye ! !

While rambling through the Acadian Athanaeum, (don't ask me, I can't pronounce it either - - - I've been told though that if you place your fingers in your mouth, hold your nose and exhale rapidly the pronunciation will come) I noticed that the editorial staff there is voicing great interest in quote "All kinds of literary work of high and intellectual calibre" be it news, poetry, essays, jokes, gossip, or cartoons. I'm glad to report that your problem is solved fellows. The Dalhousie staff has decided to issue you a free subscription of the "Gazette" for the remainder of this year.

I noticed in the Georgian that freshmen reaction to treatment by 'upperclassmen' was quite an issue. All in all, apparently, from there, as practically everywhere throughout Canada (from what we could discern in college newspapers, feel they've been getting a pretty 'fair shake' from their more learned compatriots. In fact, as one freshman I interviewed at Dal commented - - - "Everything taken into consideration, I feel that frosh week has been a rich and rewarding experience. The benevolence, compassion, and extreme tolerance displayed by senior students here has filled me with a kind of 'tender and sentimental' philosophy of life. In fact, I can practically say, now, that I've discovered my greatest longing - - - my one real objective in life" Well, I remarked, that's wonderful, what is it? "To last out a year at Dal so that I could come back next semester and utter to my senior compatriots my most endearing sentiment - - - DROP DEAD ! ! ! - - -"

ED. NOTE - - - And so till the next time we meet, good bye, good luck and

study hard children. - - -

## On To Victory

Joanne Fryers

Merv Shaw

This year Dalhousie Girls' Athletic Club welcomes a new coach, Miss Joanne Fryers, a 1958 graduate of Springfield College. Miss Fryers, or Joanne, as she likes to be called, is a native of Moncton, New Brunswick. She attended Moncton High School for two years where she was active in basketball, badminton, and track and field. After graduating from Horton Academy in Wolfville, she entered Springfield College, Massachusetts, to study Physical Education. During her four years at Springfield, Joanne was a valued member of several athletic teams, playing volleyball and being goalie on the ground hockey team. She was a member of the All-Star Basketball team which won the Western Massachusetts Championship in 1958. While at Springfield Joanne won a sportsmanship medal, and in her Junior year was president of Physical Education Majors. Joanne likes all sports but has a special interest in sailing. During the summers of 1956 and 1957, she was assistant Playground Superintendent for the City of Moncton. Just returned from a summer in Europe, Joanne is full of enthusiasm for her "freshette" year as a coach.

While at McGill he worked with Montreal high school teams, and assisted the Redmen head coach in running clinics for coaches and players. This past summer he spent three weeks with the Toronto Argos under the direction of coaches Hamp Pool and Steve Owens, where he "gained valuable training for the position of coach as well as a great deal of football knowledge."

Senior football in the Maritimes, said Merv, although it is still in its early stages, has progressed very rapidly. Comparing it to Ontario football he would place it in a class just below the Ontario Intercollegiate League, and thinks that some of the teams down here could beat certain teams in that league.

When asked about predictions for winners in the NSFL and the Grey Cup Merv felt that the St. F.X. powerhouse would go all the way in local football circles, and from the way things looked now the Hamilton Tiger-Cats were headed for a second consecutive Grey Cup win. St. F.X., Merv said, have got everything this year and are making good use of it.

Besides being an old football hand Merv has also played varsity basketball, and some hockey in high school. Along with football coaching duties he will be taking over the Dal basketball squad this season.

This is Merv's first trip down to the Maritimes and so far he has acquired many favourable impressions. The country reminds him somewhat of his own home in Ontario, and the people he finds friendly and easy to get along with.

Merv, who was recently married to a young lady from his home town is an avid photographer, and plans to put his hobby to good use while residing in Halifax.

Merv Shaw, Dalhousie's freshman physical education director, is a footballer from way back—at least nine years anyway, and at 25 finds himself football coach of the Maritimes largest university.

Born in Kenora, in Ontario's Lake of the Woods district about 150 miles east of the Manitoba border, Merv like many other football greats started his playing career with "the boys" on the street, or in somebody's back yard.

While at McGill he worked with Montreal high school teams, and assisted the Redmen head coach in running clinics for coaches and players. This past summer he spent three weeks with the Toronto Argos under the direction of coaches Hamp Pool and Steve Owens, where he "gained valuable training for the position of coach as well as a great deal of football knowledge."

Senior football in the Maritimes, said Merv, although it is still in its early stages, has progressed very rapidly. Comparing it to Ontario football he would place it in a class just below the Ontario Intercollegiate League, and thinks that some of the teams down here could beat certain teams in that league.

When asked about predictions for winners in the NSFL and the Grey Cup Merv felt that the St. F.X. powerhouse would go all the way in local football circles, and from the way things looked now the Hamilton Tiger-Cats were headed for a second consecutive Grey Cup win. St. F.X., Merv said, have got everything this year and are making good use of it.

Besides being an old football hand Merv has also played varsity basketball, and some hockey in high school. Along with football coaching duties he will be taking over the Dal basketball squad this season.

This is Merv's first trip down to the Maritimes and so far he has acquired many favourable impressions. The country reminds him somewhat of his own home in Ontario, and the people he finds friendly and easy to get along with.

Merv, who was recently married to a young lady from his home town is an avid photographer, and plans to put his hobby to good use while residing in Halifax.

# MEET THE PROFESSORS

### Arts and Science

#### Dr. Samuel Spratt

Dr. Samuel Ernest Spratt of Tasmania has been appointed to Dalhousie's Department of English.

Dr. Spratt received his Bachelor of Arts and also his Master's Degree from the University of Melbourne, both with First Class Honours in English. He received his Bachelor of Divinity from the Melbourne College of Divinity, and in 1954 obtained his Doctorate from Columbia University.

His thesis for his Master's Degree "Milton's Art of Prosody" was published by Blackwell's of Oxford, and is recognized as authoritative. His doctoral dissertation was on the education of the seventeenth century scientist and scholar, Sir Thomas Browne. It is hoped that it will be published in the near future under the title of "Tom Browne's Schooldays". He is the author of a volume of poems.

While studying for his doctorate at Columbia, Dr. Spratt taught at Barnard College and Brooklyn College. He then was appointed to the department of English at McGill.

In 1954 he was granted a Nuffield Fellowship and went to Oxford where he continued his studies in seventeenth century literature.

#### Dr. A. H. Houston

We are pleased to welcome to the Faculty of Arts and Science Dr. Arthur Hillier Houston as Assistant Professor of Biology in the field of Comparative Physiology. Born in Ottawa, Dr. Houston received his B.Sc. degree from McMaster University in 1954, his M.A. and Ph.D. from the University of British Columbia in 1956 and 1958 respectively, where he served as postgraduate demonstrator.

#### A. W. MacIntosh

Alan Wallace MacIntosh has joined the Faculty of Arts and Science. A native of Halifax, he is a graduate of Queen Elizabeth High and received his Bachelor of Arts in 1949, his Master's degree in 1950, and his Bachelor of Education in 1954, all at Dalhousie. He instructed in History at the University of Toronto. His specialty is Canadian History.

Welcome . . . The Students of Dalhousie University  
Extend a Warm Welcome to Our New Professors, some of whom are Introduced Below.

#### Mrs. Irene Coffin

Mrs. Coffin, a Haligonian, has been newly appointed as lecturer in Romance languages at Dalhousie. She holds a Licencees es Lettres from Sorbonne University, France, specializing in French and Russian. Previous to her appointment, Mrs. Coffin taught at the Halifax Ladies College.

#### Eric B. Davies

Eric B. Davies is welcomed to Dalhousie in his new appointment as lecturer in Mathematics. He holds a B.Sc. in chemical engineering from the University of Leeds. His hometown is Bolton, Lancashire, England, and previous to his new appointment he was lecturer in chemical engineering at Harris College, Preston, England, and Scientific Officer for the United Kingdom. Mr. Davies is also an atomic energy authority.

#### Irvine E. Millie

Irvine Millie, from Saint John, is a graduate of Mount Allison University '44 and Dalhousie University '48, with a Bachelor of Commerce degree. Following this he went to Queen's University where he took a Chartered accountants course of instruction and obtained his C.A.

#### Arthur L. Neal

Mr. Neal, appointed as associate professor, received his BA at Cecilia and his B.Sc. from London. He lives in Halifax and is married, having two children. He is welcomed to the Institute of Public Affairs and has previously presented numerous official publications.

### Medicine

#### DR. W. A. COCHRANE AND DR. KURT ATERMAN

Two appointments to the Department of Paediatrics of Dalhousie Medical School and the Children's Hospital were recently announced by President A. E. Kerr and Stan-

ley Lee, chairman of the Board of Directors of the hospital.

Dr. William A. Cochrane is full-time Associate Professor of Paediatrics and Associate Physician in the hospital. Dr. Kurt Aterman will be Associate Professor of Pathology and Director of the hospital laboratory.

Dr. Cochrane, a graduate of the University of Toronto in 1949, has done post-graduate work in Toronto, Cincinnati, London and Boston. He holds the certificate in Paediatrics of the American Board of Paediatrics and is a Fellow of the Royal College of Physicians and Surgeons of Canada.

Dr. Cochrane is the first full-time professor of Paediatrics at Dalhousie University. This position was established with the aid of a grant from the W. K. Kellogg Foundation.

Keenly interested in the research aspects of his specialty, Dr. Cochrane has done extensive work in the nutritional aspects of mental deficiency in infants and in childhood diabetes. He is also interested in the use of radioactive isotopes in the study of certain diseases of childhood.

Dr. Kurt Aterman has come to Halifax from England and is a graduate in Medicine both from Charles University, Prague, and Queen's University, Belfast, Northern Ireland. He has had extensive post-graduate study in Paediatrics and Pathology. He also spent two years at Harvard Medical School and the University of Chicago.

Dr. Aterman has had extensive experience with some 25 publications since 1950. He is already actively engaged in organizing a complete laboratory service for the Children's Hospital and also in assisting in the teaching and research programs of the Medical School.

#### DR. N. B. COWARD

Dr. Norman Barrie Coward has been appointed professor of Paediatrics at Dalhousie University and

head of the Department of Medicine of the Halifax Children's Hospital, according to a joint announcement made recently by the University President Dr. A. E. Kerr and Stanley Lee, chairman of the Board of Management of the Hospital.

Dr. Coward is a graduate of the 1928 class of the Dalhousie Medical School. After five years of post-graduate training in Paediatrics in Toronto, New York, London and other medical centres in Great Britain, he returned to Halifax in 1933 where he has since practised his specialty and has served on the staff of the hospital and university. He holds the specialist certificate in Paediatrics of the Royal College of Physicians and Surgeons of Canada and is a Fellow of the American Academy of Paediatrics.

#### DR. CARL TUPPER

The appointment of Dr. Carl Tupper as professor of Obstetrics and Gynaecology at Dalhousie University and head of the Department of Gynaecology at the Victoria General Hospital has been announced by the president of the university, Dr. A. E. Kerr, and the chairman of the Board of Commissioners, Manuel I. Zive.

Dr. Tupper has been associate professor at Dalhousie since 1956. He is a Dalhousie graduate with the degrees of B.Sc. in 1939 and M.D., C.M. in 1943. He holds the specialist certificate of the Royal College of Physicians and Surgeons of Canada and is a Fellow of the American College of Obstetricians and Gynaecologists.

He served for three years as a captain in the Royal Canadian Army Medical Corps in Europe, and then returned to post-graduate study in Halifax and various American centers. He joined the staff of Dalhousie University and the Grace Maternity and Victoria General Hospitals in 1950.

Dr. Tupper has gained a reputation both as a specialist in Obstetrics and Gynaecology and as a medical teacher. In addition, for the past five years he has been the key figure in a co-operative research study involving several departments of the University, the Victoria General Hospital and the

Sept. 26

Up betimes. Didst early betake me to old haunts, to see how all had fared since my absence from the City.

Upon entering the great square, what was my horror to perceive that a number of Vendors had established themselves there, hawking their wares, and entreating every passer-by to make his mark. Close by did view the Government Exchange officers very busy carrying out pecuniary extortion upon the population, a sad sight. Quitted this scene to take a stroll in the country, but was stopped upon finding the Pleasance now destroyed. Where once there was naught, now are there mighty ruins. Whats Dunn cannot be undunn, but who could think a small silver spade could work such havoc?

Sept. 29

Did early notice great throngs in the City, who upon the toll of the great bell did disappear with much commotion. Much amused to observe a new fashion; many of the commoner sort were wearing stiff shirts, with a scant cut to the sleeve. In place of hats they wore small circular arrangements, of a vile cut and most bilious color.

Grace Maternity Hospital. He and his research associates have written a number of articles and reports which have attracted the attention of scientists and clinicians throughout Canada, and he has been invited to discuss his work at several important international conferences.

### Law

#### John Edwards

John Lloyd Edwards, a native of Wales, has been appointed to the Sir James Dunn, Bart and Chair in Law.

He received his LL.B. at the University of Wales in 1939. During World War II, he served in the British Army as an officer in the Royal Artillery.

In 1947 he was granted the Harnsworth Scholarship at Inns of Court, Middle Temple, and in 1948 became a member of the Bar. He was awarded the MacMahon Postgraduate Fellowship at Cambridge University where he received his Master's degree in criminal science in 1952. He received his doctorate at the University of London in 1953.

The plot, a fast-moving one evolves around the scenes of the California gold rush of 1853, and portrays all the gaiety, pathos, and explosiveness of just such a typical gold rush town as Rumson was. The name of the town came from the lead character, whose name is Ben Rumson. In the original cast his part was acted by well-known singer-actor James Barton. Others in the original cast included Tony Bavaar, who played the part of a Mexican, Julio, and Olga San Juan, playing the part of Ben's daughter, Jenny Rumson.

Dr. Edwards is the author of "Mens Rea in Statutory Offenses" which was published in 1955. He is now writing "The Law Officers of the Crown". He has the reputation of being one of the leading authorities on criminal law and criminology in the British Commonwealth.

#### Daniel M. Nunn

Daniel Merlin Nunn, B.A., B.Ed., LL.B., LL.M., has been appointed as Assistant Professor of Law at Dalhousie Law School.

Professor Nunn was awarded the Master of Laws degree with distinction by Harvard University in June of this year. He attended Harvard Law School as a post-graduate student in Corporation and Labour Law, having been granted a Ford Foundation Fellowship in 1957.

He was one of the top ranking students at Dalhousie Law School in recent years. He was a winner of the Nova Scotia Barristers' Society Scholarship and the F. L. Milner Prize. He received the degree of Bachelor of Arts from St. Francis Xavier University in 1950 and a Bachelor of Education from the same university in 1951. He is a son of Mr. and Mrs. C. Bruce Nunn of Sydney, Cape Breton.

Bruce Nunn of Sydney, Cape Breton.

Such popular songs as, "I Call the Wind Maria" and "I Talk to the Trees" will be echoing from the gym. The male part of the chorus this year will play a prominent part, singing such songs as, "Open Up That Can of Beans." The stage manager of this year, under the direction of Forbes Langstroth, will be busy shortly creating the bright and elaborate scenes centering around the old mining town. We all look forward to further announcements of the progress of "Paint Your Wagon."

## DGDS Paints Your Wagon

The musical production, "PAINT YOUR WAGON", is coming to the Dal stage! Julia Gosling, President of the Dalhousie Glee and Dramatic Society, has released an announcement interesting to all avid solo singers, dancers, chorus singers, costume and make-up "experts" and, of course, to all prospective spectators.

This lively musical production is to be presented in the Dalhousie Auditorium, February 25, 26, 27 and 28, and is under the direction of Len Chappel and Professor C. L. Lambertson.

The huge success of last year's production has made necessary an extra night's performance. People were disappointed as being turned away last year. Of this year's production the president of DGDS says, "We expect an even better performance than last year's Finian's Rainbow, which incidentally was Dal's most successful production since post-war Shakespeare plays."

"Paint Your Wagon" was written by Frederick Lerner and Allan Loewe, distinguished composers of Broadway hits, "My Fair Lady," "Brigadoon" and "Gigi."

Arts and Science—October 9—Resolved that the franchise should be extended to women in Canada.

Football—On Thursday, November 12, Dalhousie defeated St. F.X. by a score of 27-3. St. Francis won the honor of being the only team to score against Dalhousie this season. In an editorial in the same paper Dalhousie was criticized for playing too well, being too greedy and winning too long.

—Football has been kept up at Dal for well onto 30 years—perhaps more. The body of students was at first very small. Even now it comprises less than 300 males. Of these fully three-fourths never touch a football.

Delta Gamma's At Home—The corridors and Munroe Room were prettily decorated, and the draughting room offered the most enticing line of dainties ever. The lists of dances was a well-arranged one and with "McNally's" dispensing "Turkey in the Straw"—everyone wore a happy smile. Early in the evening a short program was given. The ever popular, Mrs. Kennedy-Campbell sang more Scotch songs as only that lady can, and Miss Helen Creighton delighted the audience with a well rendered violin solo. On the whole the evening's entertainment was one of the most successful in years.

### Interview With Moira Kerr

## Annual WUSC International Seminar-Yugoslavia

Moira Kerr, WUSC Chairman on the Dalhousie campus, returned recently from the Ninth Annual World University Service International Seminar held this year in Kotor, Yugoslavia. She was accompanied by Carolyn (Potter) MacGregor and by Professor Guy MacLean. Many friends were made, much valuable information and knowledge was attained, and the following, on a question and answer basis, is a preview of some of the events Moira encountered. Later in the year written reports and illustrated lectures will be given on the seminar.

**How were you chosen to represent our university?**

Anyone interested applies and the applications are presented to a committee of students and professors for selection. This year we were fortunate in having two of our students selected. The applications were sent to the head office in Toronto where they were affirmed.

#### Who went with you?

A total of 35 Canadian students representing 23 universities, five professors and the General and Assistant Secretaries to WUSC.

**How long was the Seminar and did you stop over anywhere on the way there?**

We left Canada on June 23 by plane and arrived in London the next day. We stayed in London until July 4, and then flew to Belgrade where we again stayed several

problems of co-existence, on the history of Yugoslavia and on the present political situation.

**What were the subjects of the various commissions?**

We had a choice of politics, which Carolyn and I went into, health and welfare, history and culture and economics.

**Was the actual purpose of WUSC discussed?**

The purpose of WUSC — to develop inter-university contacts, co-operation and understanding — was well realized at the seminar.

**What was the main theme of the seminar?**

Yugoslavia—the state and the international order. This subject took the form of lectures, study groups, and commissions on specialized topics of interest. In England different authors had lectured to us on various aspects of Yugoslavian socialism with discussions and study groups. In Kotor lectures were given by Canadians, but the majority were by Yugoslavians on the

problems of co-existence, on the history of Yugoslavia and on the present political situation.

**What were the subjects of the various commissions?**

We had a choice of politics, which Carolyn and I went into, health and welfare, history and culture and economics.

#### Was the actual purpose of WUSC discussed?

The purpose of WUSC — to develop inter-university contacts, co-operation and understanding — was well realized at the seminar.

# DAL SPORTS

## Press Box Views

by Bill Rankin

Dalhousie University male athletes hit an all-time low in their search for glory. Two prime examples cropped up last week in the intercollegiate golf and football competition.

The Maritime Intercollegiate Golf championships were held last weekend in Antigonish, with the host, St. Francis Xavier University the eventual winners. Dalhousie University failed to make an appearance at the meet. This vacant space left by Dalhousie in the golfing wars was not a result of lack of talent—it is a well known fact that Dal boasts several good golfers—rather it was a lack of enthusiasm on the part of the Dal students themselves. Only three golfers were willing to make the jaunt to "X" and four were required to make a complete team. Surely there are four golfers in Dalhousie University who have enough talent to meet intercollegiate standards, which are not exceptionally high.

### FOOTBALL PLAYERS ARE PRIME EXAMPLE

After their triumph over H.M.C.S. Stadacona, it was expected that Dalhousie's Tigers (or "pussycats" as they are known in "X") would give the collegians in Antigonish a good battle in their second encounter in the N.S.F.L. Coaches Merv Shaw and Reg Cluney were sadly disappointed when the majority of the players failed to make an appearance at the practises on Monday, Tuesday and Wednesday. On Thursday and Friday there were enough players to have a scrimmage and, per usual, everybody arrived to make the trip to "X".

It is disappointing to the fans and even more so to the coaches when the players themselves have not the energy to make an appearance at the practices. It is little wonder that the hustling and well-conditioned X-Men slaughtered the Tigers in their two meetings.

### INJURIES — IT'S NO WONDER!

One look at the Bengals roster would show a great deal of dislocated shoulders, twisted knees and various other injuries. The reason is very simple—lack of practise results in poor condition, and poor conditioning is usually the direct or indirect cause of most football injuries.

Therefore, it is neither the fault of the coaches nor the fans that Dalhousie is in the doldrums as far as boys sports is concerned. It is the lack of initiative on the part of the students who are gifted with sports ability.

Only one remedy can cure this fatal disease, and that is more enthusiasm on the part of the players. With a little spirit and drive, the football team might be able to turn the tide and change from the "pussycats" they were at Antigonish to the "Tigers" they CAN be at Dalhousie.

## BENGALS DOWN X, 2-1 IN SOCCER OPENER

by HUGH FRASER

In the opening game of the Nova Scotia Intercollegiate Soccer League at Antigonish, the Dalhousie Tigers came from behind in the second half to nose out St. Francis Xavier University, 2-1. The win put the Tigers in a strong position for their second straight Nova Scotia title, since the Xaverians are their staunchest rivals.

In the first half, neither team had the advantage, as both sides strove to get the all-important first goal. Playing against the wind, the Tigers were unable to come up with a formidable attack, but at the same time the strong defensive work of Anthony, Leach and Kemp kept the "X" forwards from getting organized. Finally, at about the three-quarter mark of the period, the St. F.X. left halfback lifted a long shot from just inside the centre stripe, and, gaining momentum with the wind, it carried to the Dal goal. Lou Anthony tried to knock the ball out, but it glanced off his head and into the net, past the surprised Mel Young, who did not have a chance.

The second half saw the Dal squad control the play from the start. It was only on long kicks that "X" were able to get the ball out of their zone, as the Tigers used the wind and the dying sun to the best of their advantage. As a result, Dal was all around the Xaverian net, but unable to get a good shot that would tie it up until Mullings, playing a strong game at right fullback, lifted a high shot that was caught in the sun. The "X" goalkeeper managed to block the shot, but it rolled in front of him, and then spun into the net making the score 1-1. This goal bolstered the Tigers' attack and they came close on several occasions: Leach, moved up to centre forward from centre half, hit the top bar while Mitchell and Gonzales drove shots that just missed the net. On one attack Dal was awarded a corner kick. Chow, on the left wing made a good kick-out, and Leach was able to head it into the net for what proved to be the winning goal.

With eight minutes left to play "X" came back hard, but time was running out and the Tigers were able to hold on to their lead, giving them an important and satisfying victory.

## Little Tigers Follow Big Tigers — Lose Game

by RICH QUIGLEY

Football on the campus this year, so far, hasn't looked too bright. The big Tigers went down to defeat at "X" 45-7 on the first game of the Thanksgiving weekend. However this was a one point improvement over their opening game defeat, by "X" 45-6.

The "Little Tigers," Dal's Junior Varsity squad, opened their season with an exhibition game against the powerful Queen Elizabeth High School squad. The game opened with Dal receiving the ball and moving it up to their own 40 yard line. At that point they fumbled. QEH recovered and on their first play from scrimmage sent their terror, Rick Black, out for 35 yards on a reverse around the left end. The next play saw the Blue quarter-back, Ches Farwell take over on a sole effort worth 6 points. A backfield recovery nullified the QEH convert attempt. All this happened in the first five minutes of play.

Dal's QB, Hughy Fraser, also a star on the victorious Dal soccer team, recovered his own fumble and ran the ball 25 yards only to find his effort wasted due to a downfield blocking penalty. Dal then proceeded to fumble once more. QEH sent Brown around the left end on a reverse, carrying to the one-yard line. QEH blow their chances for another TD by taking too much time to plan their TD play. Black fumbled on a try from the ten, Dal recovered and sent John Baird off tackle for twelve. The end of the quarter saw Dal on their own 45.

On the opening series of plays Dal failed to make the necessary yards and QEH took over. Black took off around right end with John Adams in pursuit. Adams dragged him down only after a 30-yard chase. QEH, now in scoring position, sent their fullback Dunc Murray off tackle to add another 6 points to their growing score.

Dal's defensive line, which had been holding splendidly throughout the game, crashed through to nullify the convert attempt.

QEH recovered another Dal fumble and sent Black across from the 30-yard mark. Convert blocked again.

Dal marched to the QEH 45 when the half ended.

Dal took over the ball in the third quarter until one of Fraser's passes was intercepted, fumbled and recovered by QEH. The blue team move around the ends to the Dal 35, where Black again carried for six. The convert attempt was wide of the mark.

Dal kicked on a third down, the ball dropped into the arms of QEH's Al Strang who danced his way from the 50 for a TD after five minutes of the fourth quarter. With about seven minutes left Greg Murray came in as the Dal quarter-back. He was unable to mount an offensive and the last scoring play

of the game saw the QEH QB Farwell carry for six and add his own convert point.

Game score—QEH, 37; Dal JV, 0. Score put aside, the JV's played a fair game. QEH was unable to make any yardage through the centre of the line. On at least three plays close to their own goal line, and other times when QEH had but a yard or two to go for a first down, and tried a plunge, they found themselves piled up on the line of scrimmage.

A few other facts worth mentioning are first that the JV's are out for experience rather than laurels. Also, Coach Bryson makes it a point to play every man he puts on the bench.

There were a lot of Dal fumbles in this game but this was due to lack of scrimmaging during practise. The coaches felt that the time would be better spent on conditioning and fundamentals, a policy which paid off as there were no Dal injuries.

## DAL GRIDMEN SUFFER CRUSHING BLOW AT X

by JOEL JACOBSON

"The Antigonish Massacre" would be an appropriate name for Saturday's debacle in Antigonish as the St. Francis Xavier Varsity celebrated their annual homecoming weekend in fine style by smashing the Dalhousie Tigers 45-7. The alumni cheered with every play as the X-Men scored 7 touchdowns and amassed 452 ground yards.

Tom Delaney, the league's leading scorer, again paced the Xaverians with four touchdowns and 211 yards gained. Sommerville, Foshay and Farrell scored the other TD's for X with Sanborn converting three. Don Nicholson cracked over for the lone Tiger major early in the fourth quarter, with Sedgewick converting.

Dalhousie again was plagued with line trouble. St. F.X. repeatedly opened holes large enough to drive a truck through. Time and time again, the well-conditioned X-Men left Tigers strewn over the field, moaning in injury. Dalhousie just could not muster a potent attack and gave their loyal supporters very little about which to cheer.

For the first ten minutes of the game, play remained near the centre stripe but a St. F.X. punt put the ball on the Dal 14. Dal lost the ball on downs, and from the Dal 10 X scored in three plays. Following the kickoff, the "Pussycats" were pushed back to their goal-line. The first quarter ended with the X-men holding a 14-0 advantage.

In the second quarter, Delaney carried three times in a five play 37-yard march and finally scored from the two. Dal lost the ball on downs after the kickoff and the St. F.X. running machine went into high gear. The drive was capped by a 20-yard spurt around end by Delaney. A Tiger fumble four plays later set the stage for the fifth X touchdown. This one was also scored by Delaney as he sped around the end for eight yards. The half-time score was St. F.X. 32; Dal 0.

Late in the third quarter the X-men counted again as Delaney racked up his fourth major of the day on a five-yard dash through the line. Early in the fourth period, however, the city crew finally broke the scoring ice. A Xaverian fumble on the centre stripe was booted to the X eight-yard line where Nicholson pounced on it. In four plays the big halfback plunged to paydirt from the one-yard line. Sedgewick converted. The victors took the Dal kickoff and started another scoring drive. In twelve plays they had arrived at the Dal 13 and Sommerville finished a splendid display of quarterbacking by tossing a 13-yard scoring pass to Farrell in the end zone.

## ELEVEN GIRLS IN NET MEET

At the general meeting of DGAC on Thursday, October 2, eleven girls entered the Dalhousie Ladies' Singles Elimination Tournament. Play began the following Saturday on the Dalhousie courts. Two first-round matches were played off, in which P. McCallum defeated B. Wood, 6-4; 1-6; 6-3; and Eve Smith defeated H. Crowdis, 6-4; 6-0. During the following week, S. Starr defeated P. Baker, 6-2; 6-4, to end first round play.

Second round: P. McCallum defeated E. Smith, 6-1; 7-5; S. Mason defeated J. Ritcey 6-2; 6-2, and P. Dewis defeated M. Hawkins 6-1; 6-1. This leaves one match to be played in the second round. One Semi-final match has been played, in which S. Mason defeated P. McCallum 6-2; 4-6; 6-1.

With regard to the Intercollegiate Tournament to be held Saturday, October 18, few plans have been formulated. Tentative plans for serving refreshments are in the air, but nothing will be decided until Pat McCallum, the DGAC tennis manager, Joanne Fryers, and Bill White get together and draw up plans. One thing certain, however, is that several referees will be needed for the tournament. If you have had any refereeing experience at all, please contact either Pat McCallum, Joanne Fryers, Bill White, as soon as possible. The Dalhousie tennis team wants support! Do turn out. There should be some excellent tennis.

## DAL EDGES HLC IN '58 OPENER

Last Wednesday afternoon, the Dal Tigresses opened their '58' ground hockey season with a 1-0 victory over Halifax Ladies' College. HLC were strong defensively, allowing Dal few breaks. Ethelda Brown scored the lone tally of the game on a driving play, late in the first half.

Coach Joanne Fryers seemed quite hopeful for the team after their first appearance. This first game was played solely for the sake of practise, and the team was comprised of players from both Senior and Intermediate ranks. Dal's first intercollegiate tilt placed them against Acadia on Tuesday at 4:00 p.m. Results of this game in next week's Gazette.

Last year Dal placed second in the final standings as they tied King's 0-0; defeated Mount Allison 1-0; and were defeated by Acadia 2-1, in two encounters with each team. This season expects to see even bigger and better things from the Tigresses, their roster boasting of many of last year's players and several former Edgemoor girls (Edgemoor being famous for ground hockey players).

## SWIMMING

The physical education department announced recently that co-ed swimming will begin at the YMCA pool on Thursday, October 16, at 8:00 p.m., the session lasting for an hour. After this first session regular times will be Tuesday evenings from 7:30 to 8:00 and Thursday evenings from 8:00-9:00.

# NEW BLOOD NEEDED FOR INTERCOLLEGIATE MEET

The intercollegiate track and field meet is the next big attraction on the athletic front here at Dalhousie University. This year it will be held at Acadia on October 21.

In past seasons, Dalhousie track men have not done well on the cinder paths. To many people, who know about track and field, it seems a ridiculous situation that a university this size, with its extensive athletic program, has not been able to do much better.

This year, with your support, we would like to groom the young track enthusiasts to make the "TIGER" known throughout the province, and next year to make it roar to its first intercollegiate title since the inauguration of track and field at Dalhousie 11 years ago.

In previous years, the coaching of track has been in the very capable hands of Sports Director Dewitt Dargie. However, with the innovation of a fall meet, rather than one in the spring, two difficulties arise: with soccer being in full swing in the autumn, Mr. Dargie has little time to assist a track team; and also, the meet is not publicized in time for maximum participation.

However, this year we are fortunate to have as coach of track Lt. Peter Watson. Lt. Watson is a former Acadia and University of Toronto track star, and is now a leading contender in Maritime meets.

Lt. Watson will be available every afternoon at 4:45 at the Wanderers

Grounds. Students should take advantage of this opportunity to receive good coaching and, at the same time increase interest in Dal track and field. Anyone interested is requested to leave his name, address and phone number in care of Michael Noble, at the Gazette Office.

## Ground Hockey Teams Chosen

Dalhousie's new women's physical instructress Joanne Fryers last Thursday selected her field hockey team. The following were chosen:

**VARSITY**—Pam Dewis, Jan Sinclair, Karen Price, Lynne Pascoe, Jean Bremner, Janet Williams, Heather MacIntosh, Taffy Jones, Lorraine Lawrence, Judith Jackson, Margie Sinclair, Bobbie Wood, Ethelda Brown, Liz Cogswell, Linda Rood. **INTERMEDIATE** — Helen Horne, Pat Pottie, Eve Smith, Pam Smith, Peggy Baker, Sharon Blackburn, Pat McCallum, Heather Forsythe, Diane Sperry, Jeanette Trynor, Bonnie Murray, Leith Ann Irving, Hillary Bonnycastle.

### '58 SCHEDULE

**October: —**  
 14—Dal at Acadia.  
 17—Mt. Allison at Dal (Int. and Var.)  
 21—Dal at Kings  
 20—QEH at Dal (Intermeriate)  
 23—Kings at Dal  
 28—Edgehill at Dal (Int. and Var.)

# TIGER SOCCER SQUAD IN 4-4 DEADLOCK

by HUGH FRASER

In an exhibition game under lights at Studley Field, Wednesday, October 8, the Tigers, disorganized in the first half, pulled together in the second period and battled to a 4-4 tie with a team from Dartmouth.

Big man for the Tigers was Lionel Mitchell, a rookie in this league. Playing with experience and a thorough knowledge of the game, Mitchell scored twice. His second goal was a tremendous shot from slightly inside the center yard stripe which caught the upper left corner of the net. Cyril White and "Louie" Anthony, back from last year, also played strongly for Dal. Mel Young, the goalie, must be mentioned also. A former Tiger football star, Young turned in a more than creditable performance in his first appearance in a soccer game.

In the first half Dal were continually being beaten to the ball by a more experienced team. Dartmouth had the greater part of the play with their short effective passes. At the end of thirty minutes of play Dartmouth led 2-1 on goals by Duff and Datwiler. Mitchell scored for the Tigers.

In the second period play was much improved as the Tigers seemed to have regained their footing. Passing improved, and coach Dargie shuffled players in and out, in order to find the right combination for the opening game at St. F. X. Mitchell scored his second goal at the ten minute mark, to tie the score. Both teams then went on the defensive, with Dartmouth occasionally breaking through and giving Young a bit of trouble in the Dal cage.

Dartmouth was awarded a penalty kick as Anthony was charged with an illegal check. The shot went wide. Previously, Duff had scored to give Dartmouth a temporary 3-2 lead.

The Tigers came fighting back and White and Gonzales notched one apiece. The Dartmouth player, Morse, ended the scoring getting the equalizer with one minute left.

On the basis of their second period performance, the Tigers showed they have the will, but they lack the experience. As the season progresses they should gain the latter and then will be a formidable threat to keep last year's Nova Scotia title.

## Owed To A Referee

"I think that I shall never see  
 A satisfactory referee  
 About whose head a halo shines  
 Whose merits rate reporters' lines  
 One who calls them as they are  
 And not as I would wish by far  
 A gent who learns not either way  
 But lets the boys decide the play  
 A guy who stings the coach who yaps  
 From Swash High or old Milsaps  
 Poems are made by fools like me  
 But only God can referee."

## Record Turnout! 75 Attend DGAC Opening Night

D. G. A. C. held its first sport's night Monday, October 5. Under the capable direction of Joanne Fryers, physical directress, and the various sports' managers, a very successful program was carried out.

Volleyball, badminton, archery and ping pong headlined the evening. Two close volleyball matches resulted in a Freshette defeat of the Juniors, by a narrow 34-32 margin, and the Seniors suffering a 24-17 loss at the hands of the Sophomores. The encouraging calibre of play indicated excellent material for the Varsity Volleyball team.

A surprising number of girls tried their hand at archery. New comers were assisted by Joanne Eason and Betty Willett, members of last year's archery team.

Badminton, too, showed increased participation. After the volleyball game, four badminton courts were set up and were kept busy until 10 o'clock. It was decided that in future, only two badminton courts would be used, with the rest of the gym being devoted to trampoline and tumbling classes.

Under the direction of Miss Fryers and her efficient executive, the future DGAC nights promise an enthusiastic and beneficial program for all. The 1958-59 executive is as follows:

President—(see news page)  
 Vice-president—Janet Sinclair  
 Secretary-treasurer—Peggy Baker  
 Varsity basketball manager—Margie Hawkins  
 Intermediate basketball manager—Pat Pottie  
 Field hockey manager—Pat Armstrong  
 Volleyball manager—Lorraine Lawrence  
 Badminton manager—Peggy Baker  
 Swimming manager—Vivian Boniuk  
 Ping Pong manager—Hillary Bonnycastle.

## DALHOUSIE MOURNS DOUGLAS

Professor George Vibert Douglas was above all a man of science, and of humanity. Until his retirement in May 1957, he led Dalhousie University's Geology department, while writing more than 50 papers on geological subjects for the government and various societies. Professor Douglas' outstanding career took him to the Antarctic, South Africa, and other parts of the world. He came to Dalhousie as a Carnegie Professor of Geology in 1931.

Last week Professor Douglas died at his home in Toronto. There is no doubt that Canada has lost one of her foremost geologists; and Dalhousie mourns the passing of a distinguished scholar and a gentleman.

## Sophomores Meet, Elect Officers

Ex-Initiation Committeeman Jim Ring, as president, headed the list of Sophomore Class officers elected at the first Class meeting of the year Thursday, October 9.

The remaining slate of officers included Linda Rood as vice-president, Janet Thompson, secretary-

treasurer; Ed Salisbury, publicity chairman, and Sophomore Class representative Pam Dewis.

Jim Ring's enthusiastic initiation week report preceded a brief but comprehensive report on the financial picture for the year. The class balance is \$256.17, enough, it was considered to carry out the remaining activities for the year. A Sophomore Class party, under co-chairmen Bill Dickson and Bill Somerville is planned for the fall term.

## More Glory For DALHOUSIE!

"During the next 25 years Canada will experience her maturation process as a nation. Her inevitable growth in population and economic power will be the outward signs of this process, while inwardly a new self-assurance will represent her coming of age."

With these words Alex Farrell, the Gazette's Contributing Editor, opened the essay that was to win him a \$500 scholarship award in the national "Career Forecast" essay contest.

Alex is a senior Arts and Science student here at Dalhousie. He is on the regular staff of the Halifax Herald, as well as Contributing Editor of the Gazette. The subject of Alex's essay was his future in Canada as a journalist.

"For a journalist, in particular, the opportunity to share as a Canadian in this development of a national character and a national outlook, and in however humble a fashion to record and analyze its steps, is one to be envied."

The concept of an energetic, dynamic, changing Canada, full of unlimited opportunities for young Canadians was the main theme of the essays.

Continued Mr. Farrell: "Before us lies a crucial stage of national growth. There will be a vigorous interplay of ideas and ambitions and numerous conflicts between different interests and desires, but it is through these very processes that the life of the nation will go forward."

In 1958 King's graduate, Richard Bird, awarded a Woodrow Wilson National Fellowship, is now studying economics at Columbia University.

Bird is interested in teaching on the college level, on completion of his graduate work. He is one of a thousand prospective college teachers, in Canada and the United States, enabled by a Woodrow Wilson National Fellowship to enter a graduate school this fall.

Awarded to outstanding first year students, each fellowship consists of a \$1400 living allowance, increments for dependents, and the full cost of tuition and fees. Nominations for fellowships must be made by faculty members.

Nominations for next year's awards must be made by October 31, 1958. Interested students may obtain details by contacting President A. E. Kerr or writing to the Woodrow Wilson National Fellowship Foundation, Box 642, Princeton, New Jersey.

## LETTER FROM THE EDITOR

Dear Reader:

A few new notes to add to what I said last week. . . Dalhousie Law School will celebrate its 75th anniversary commencing October 31. To commemorate this event the Gazette will publish a special Law Supplement October 29.

The Gazette has the honor this year of holding the Atlantic Region Conference of Canadian University Press at Dal. Bill Rankin, CUP vice-president, will be organizer and hopes the conference will take place the weekend of November 22.

We welcome back to the Gazette Mr. Samuel Peeps who will allow us to publish his diary, a much enjoyed feature last year.

As well as putting out a Law supplement, we will publish a large edition at the end of January to honor the Gazette, which will celebrate its 90th year of publication January 25.

Sincerely,  
JUDY BELL

representative; Joan Hennessey, Junior Representative; Pam Dewis, Sophomore Representative; Sue Oland, Freshette Representative; Janet Allen—Dramatics Manager; Elliott Sutherland, Debating Manager.

## Singing Start For Choral Society

It was rewarding to sit in Room 21 a week ago Tuesday, and listen to approximately 45 guys and gals singing the score of Oklahoma with melody and ease. The newly-formed DGDS Choral Society was a success, and, under the direction of Audrey Farnell, widely known singer, seemed to be having a ball.

The group, organized primarily for the enjoyment of its members, plans to sing a great variety of numbers ranging from semi-classical to pops, in order to satisfy the tastes of all. There are many on the campus who would enjoy this activity: let's have all the bathtub virtuosos out for the next meeting, Tuesday at 7:15 in Room 21.

## Get-Together Proves Point

Dalhousie's active Commerce Company entertained students and professors last Wednesday night in their annual "Get-together." Bob Jardine, Commerce Entertainment Chairman, hosted the affair, which was a successful one for all concerned. Turnout was not large, because of conflicting engagements, but the point of the meeting was well carried: for Commerce students to meet and talk to their professors informally. Lunch was served during the evening. The six professors and 40 students present enjoyed the affair, which means the idea might be considered for other Societies as well.

## Kerr, Heasman To Vancouver

The first WUSC meeting for the year '58-'59 was held on Oct. 6, at noon in the West Common Room. Moira Kerr, chairman, outlined the agenda for the coming year.

A nominating committee, com-clair and Colette Young, was elected prising Norm Rebin, Marge Sinfur for the purpose of nominating candidates for the vacant posts of secretary, vice-chairman and publicity officer.

Methods of appropriating funds included a fashion show to be held in conjunction with Delta Gamma, and also participation in the Treasure Van, which is the concern of St. Mary's University this year.

Moira and Professor Heasman are representing Dal as delegates at the National Conference of WUSC in Vancouver.

## Coeds Organize, Decline Canteen

Last Thursday's Delta Gamma meeting decided, after considerable debate, to forego taking charge of the rink canteen this year; however, the society said it would help out, if a commerce student looked after the business end of the job. The meeting also decided to hold the annual Shirreff Hall Open House this fall, a departure from its usual spring scheduling.

Elected to various posts in the organization were:

Janet Thompson, Social Manager; Barbara Wood, Social Manager; Hilary Bonnycastle, Scrapbook Manager; Peggy Baker, Senior Repre-

# TRAIN FOR TOMORROW

## through COTC

Develop your leadership qualities, acquire new technical skills and benefit financially while continuing your university courses by joining your university contingent of the Canadian Officer Training Corps.

Then, on graduating, you will have not only your chosen profession but also the prestige of the Queen's Commission as an officer — with the many personal advantages it brings.

Summer employment throughout your university career is another big benefit provided by the COTC. It pays you an officer's salary during your summer training courses each year.

There are vacancies now in the COTC contingent at your university providing you can meet Army standards.

Enquire today how you can train for the best of two worlds tomorrow:
