

Souvenir

Beamsville and Clinton Township

SEPTEMBER 28th, 29th, 30th

1908

INTRODUCTORY

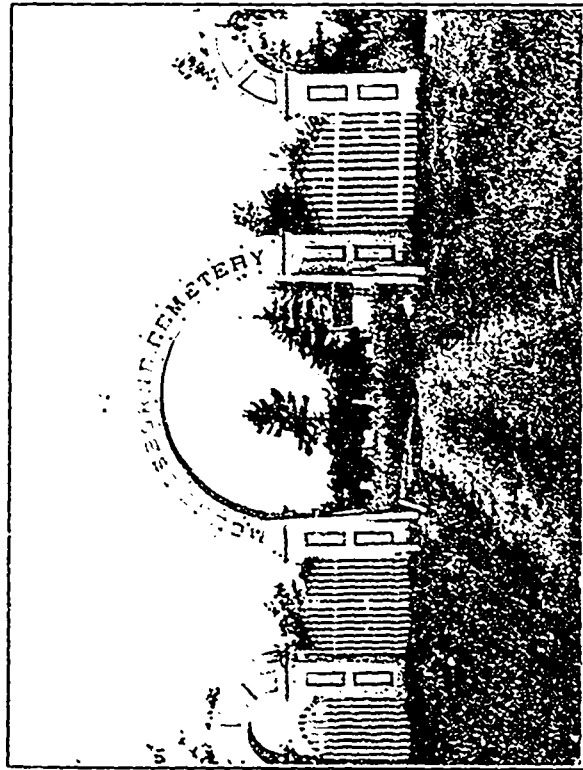

THE LATE JACOB BEAM
ONE OF OUR EARLIEST SETTLERS

UPON the occasion of the Old Boys' and Old Girls' Re-union of Beamsville and Clinton Township, it seemed fitting that some recognition of the happy event, such as this Souvenir number, should be prepared to commemorate the occasion, and to keep green in the memories of those Old Boys and Old Girls who attend from a distance, as well as those at home, the conditions under which the Reunion was held, and to present the portraits of many of those who were active in forwarding the movement, besides many who are and some who have been prominent in municipal, church and business circles. The book is far from complete in this respect, but notwithstanding this the compilers believe that it will meet with popular favor and approval.

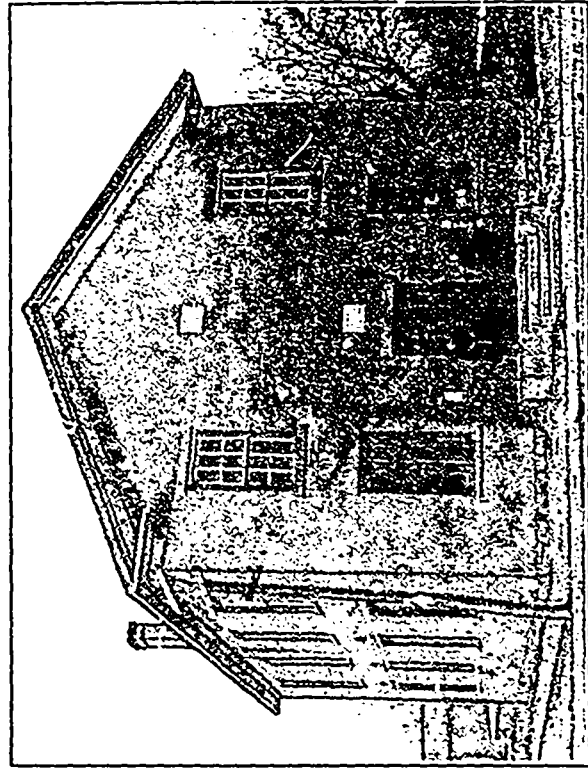

Some there are whose portraits are contained herein, who will have crossed the "great divide" before another similar event takes place in Beamsville and Clinton Township.

In point of settlement this community is one of the oldest in Ontario. It is also one of the most favored spots in the Dominion of Canada, being in the heart of the Niagara fruit belt. What a change has been wrought in this district during the past century, or since the war of 1812? But this booklet is not designed for historical purposes. That is a volume by itself.

This brief introduction will have to suffice as the views and portraits will be of considerably more interest to both the Old Boys and Old Girls who are visiting the scenes of their earlier days and also to the Old Boys and Old Girls who have never forsaken the home of their birth. To all of them, we extend a kindly greeting, and hope that their meeting together again may be mutually happy, and that the memory of it will ever remain as one of the brightest spots in their lives.

MINERAL WATER
Vineland Mineral Springs

NATURE'S REMEDIES ARE ALWAYS BEST

This valuable water was but recently discovered, but has already proven to be of exceptional value in a great variety of ailments wherever it has been given a fair trial.

THE CHEMICAL ANALYSIS

Shows this water to be very rich in mineral properties, equalling some of the most famous waters now in use, while the percentage of Sodium Chloride (common salt) is not nearly so great as in many other waters.

IT IS RECOMMENDED FOR

Obesity, Rheumatism, Gout and Kidney Derangements, Enlarged Glands, Swellings, Inflammation and Skin Diseases. It can be used internally and externally.

THE STRENGTH OF THIS MINERAL WATER is such that it requires diluting from four to six parts pure water to one of the mineral for bathing and ten to twenty times for drinking purposes. It is thus an ECONOMICAL WATER FOR SHIPPING, and you may have the benefit of a mineral water resort in your own home.

CARBONATED FOR TABLE USE

This mineral water is equal to any other mineral water, and is refreshing and healthful.

WRITE FOR SAMPLES

READY FOR FALL BUSINESS.

Business of every description is now resuming a healthful pace. Fine weather and favorable crops in our fruit district assures an active Fall trade.

THIS OPTIMISTIC TALK IS TRUE

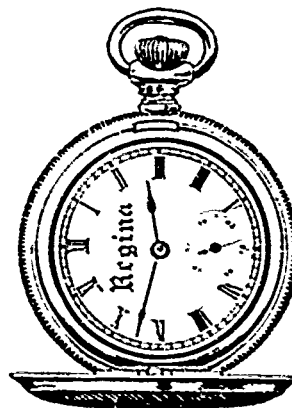

And our preparations for Fall are on the same hopeful scale, no finer line of merchandise has ever been offered by any merchant than our departments contain this coming season, every feature to add to the selling qualities of our Coats, Suits, Millinery, Dress Goods, Silks, Ladies' and Gents' Ready to Wear of every description has been embodied so that by comparison our lines will stand without an equal.

We ask your inspection at your pleasure.
